[Chapter 1131: Mysterious Sword Grass](#)

Shoo!

The speed of this red-robed swordsman is faster, and the comprehension of sword intent is even more terrifying. When the sword light flashes, even a mountain can be easily cut into ashes.

As before, Qin Chen did not rush to win, but displayed many kendo secret techniques.

However, this time the strength of the red-robed swordsman was obviously stronger than the previous black-robed swordsman, which made Qin Chen feel extremely difficult.

"This sword can still be used like this?"

"Awesome, it turns out that flying star swordsmanship still has such a mysterious change."

"The sword intent can be used in this way."

During the battle, Qin Chen continued to gain.

However, I really can't beat it.

This red-robed swordsman was exactly the same as Qin Chen in terms of cultivation, defense, and even true essence, but in terms of sword intent, he was much stronger than Qin Chen.

When the same two sword intents collided, Qin Chen could obviously feel a huge pressure from it.

"My sword intent should have reached the extreme, but this red-robed swordsman is still above me in terms of sword intent, where is it powerful?"

Qin Chen frowned.

The first black-robed swordsman has exactly the same level of sword intent as his own, and it is also the limit of sword intent, but this second red-robed swordsman is also the limit of sword intent, but in terms of power, it is more powerful than Qin Chen and the previous black-robed swordsman. They must be stronger, making Qin Chen puzzled.

And this improved sword intent immediately caused Qin Chen to be at a disadvantage, a little overwhelmed.

Under the same true essence, no matter what sword skill Qin Chen displayed, it would be easily resolved by the opponent.

If Qin Chen really wanted to defeat this opponent, he still had several choices.

Whether it is Qinglian Demon Fire and other external forces, or spatial artistic conception and many true treasures, it is enough to give Qin Chen the upper hand and defeat his opponent.

However, in this way, it is tantamount to cheating. Qin Chen believes that the Demon Sword Inheritance has created such a supreme kendo, and it is by no means simply letting them defeat the enemy.

"There must be some mystery."

Qin Chen stared at the red-robed swordsman in front of him, his eyes for a moment.

call out!

A sword light struck suddenly and almost penetrated Qin Chen's head. The terrifying sword intent made Qin Chen feel suffocated in an instant, as if he had fallen into endless destruction, immortal, and could not turn over.

"Endless...destroy?"

"Endless, destruction!"

Qin Chen murmured, but his eyes suddenly lit up.

"I understand."

"In the opponent's sword intent, there are actually two different attribute sword intents, one is endless and the other is destruction."

"Could it be that the evolutionary direction of sword intent after reaching its extreme is the fusion of sword intent?"

Qin Chen slapped his thigh, "Yes, it means fusion of sword intent."

There was ecstasy on his face.

After Yu Jianshu reached the state of the third heavy sword, his cultivation of sword intent had reached the extreme, and he could even condense the sword intent into the entity.

In his previous life, Qin Chen had only come to this point, and he could not find the direction for the next breakthrough of sword intent.

But now, it was like a divine enlightenment, he instantly understood.

The sword intent reached the extreme, it was just a single sword intent. With Qin Chen's talent, the sword intent he mastered was tens of thousands.

Like killing!

Like endless!

Like destruction!

But these are all single sword intents!

However, Qin Chen had never imagined what changes would happen if these individual sword intents were combined.

But now the swordsman in the red robe made Qin Chen instantly realize that different sword intents can also be merged. Once merged, the power will be doubled.

"Is that so? Endlessness and destruction!"

call out!

A sword was cut out, the void trembled, and an increasingly terrifying sword intent emerged from the mysterious rust sword and collided with the long sword swayed by the red-robed swordsman.

With a ding sound, Qin Chen took a few steps back, but his face was full of ecstasy.

Although he didn't handle the fusion of endless sword intent with destruction sword intent before, it was just a simple fusion, but Qin Chen clearly felt that it was easier to fight against the red-robed swordsman.

"Right, that is it."

"Again!"

Ding!

"Almost!"

Ding Ding Ding...

Qin Chen used his sword madly. Every time he took the sword, he felt and adjusted. At the same time, the red-robed swordsman oppressed him less and less.

Finally, half an hour passed.

boom!

Qin Chen cut out with a sword, and suddenly burst out an astonishing aura, a terrifying sword aura that rushed in all directions.

Suddenly, the red-robed swordsman was strangled to pieces and turned into a sword-inspired breath again.

"Success!"

Qin Chen absorbed this sword intent aura, and the sword intent in his body became more solid. At the same time, the true essence in the meridians was also about to move, there was an impulse to break through the late seventh stage.

Qin Chen had a feeling that as long as he practiced in retreat, he would definitely be able to break through to the late seventh stage within half a month.

This is definitely a windfall.

"If I absorb another one, it will be more natural for me to enter the late seventh stage!"

"Moreover, this sword intent aura can improve my body in an all-round way, not only the cultivation base, sword intent, but even the strength, defense, and immortal body."

After the original Indestructible Eucharist broke through the sixth layer, Qin Chen's physical body fell into a bottleneck, and there was no motivation to continue to improve, but now after the sword intent enters the body, the physical body has slowly improved. Obviously, the sword intent is right. His physical body also helped a lot.

If he could cultivate the Immortal Eucharist to the sixth peak, or even the seventh, he would have the confidence to escape even if he met the Martial Emperor in the middle or even late eighth stage.

After Qin Chen absorbed this sword intent, he moved on.

Before he went far, he suddenly saw a grass on the avenue.

Although it looks like a plain here, it is actually a bridge formed by the supreme kendo. The road surface is formed by the atmosphere of kendo. How can grass grow on it?

Qin Chen couldn't help being surprised, and speeded up and walked over.

This is really a grass, one foot high, with only a few leaves, straight up to the sky, like a sword that pierces the sky, the leaves are as transparent as glass, exuding a horrible sword intent.

It seems that this is not a blade of grass, but a sword, a sword that reaches the sky.

"Is it a sword grass? No, it's so different from the sword grass, and the essence of the sword grass is still an elixir, but this grass is not like an elixir, but like a crystallization of sword intent."

"Pick it up and take a look."

Qin Chen reached forward with his hand and reached out to pick it, but as soon as his hand touched the sword grass, with a snap, the entire sword grass suddenly turned into countless fragments and shot in all directions, instantly. Gone. One of the fragments fell on the mysterious rust sword in Qin Chen's hand. With a buzzing sound, it disappeared suddenly, as if absorbed by the mysterious rust sword. At the same time, a lot of rust on the mysterious rust sword disappeared, revealing the inside. Bright sword body.

[Chapter 1132: Ancient Imperial Soldiers](#)

What exactly is going on?

It was the third time that Qin Chen saw something that could wipe out the rust on the mysterious rust sword.

The first time, when countless black sky thunders bombarded the ruined palace in the secret realm of the heavenly devil, Qin Chen resisted with the mysterious rust sword. As a result, the last most terrifying sky thunder directly smashed the rust from the mysterious rust sword. The rust on the outermost layer is directly rubbed off.

The second time was also in the Secret Realm of the Heavenly Demon, the mysterious rust sword could absorb the spirit of the wrong soul, causing the rust on it to fade.

This is the third time, this mysterious sword grass can also wipe away the rust on the mysterious rust sword.

"It's a pity that the sword grass was directly shattered, and most of the sword grasses flew away. Less than one tenth was absorbed by the mysterious rust sword."

Qin Chen regretted that if the entire swordweed had been absorbed by the mysterious rust sword just now, he didn't know if he could wipe out a part of the rust on the mysterious rust sword.

"I hope there is a mysterious sword grass behind it."

Sighing, Qin Chen continued to move forward.

After a short period of time, the invisible sword intent condensed into a purple-clothed masked woman who attacked him brazenly.

This time, the sword intent power of the purple-clothed masked woman was stronger, and Qin Chen was almost seriously injured with a single sword.

"Above this supreme kendo, can you actually condense into a woman?"

At first, Qin Chen thought that the human figures condensed from the supreme kendo were actually Qin Chen's own simulations, but now Qin Chen suspects that these people are likely to be some ancient kendo experts.

But this time, the opponent is stronger in the comprehension of sword intent, fusing more sword intent.

"Unfortunately, I still can't stop me."

Qin Chen drank coldly, booming, this time he felt faster, and after only a hundred moves, he defeated the purple-clothed woman.

But in the same way, Qin Chen himself suffered a little injury.

However, after the sword intent transformed by the purple-clothed woman was integrated into Qin Chen's body, not only did her injury heal, Qin Chen's cultivation level also completely reached the limit of the mid-level seventh-tier peak.

"Where is the next simulation?"

Qin Chen felt that if he were to practice cross-legged now, he would definitely be able to break through the late seventh stage within three days.

Of course, faster speed is to defeat another simulation body, so that after he absorbs the opponent's sword intent, he can directly break through without any retreat.

This made Qin Chen couldn't wait to meet the next simulation body.

However, after walking for half an hour, he did not encounter the next simulation entity, but encountered the second sword grass.

This time, Qin Chen had experience, and instead of touching it with his hands, he used the mysterious rust sword to carefully touch the mysterious sword grass.

Sure enough, the entire sword grass shattered with a snap, but turned into a liquid and merged into the mysterious rust sword.

Hum!

On the mysterious rust sword, at least one-fifth of the rust traces in the area were directly gone, and a glorious sword body appeared. With a bang, an unprecedented horror aura passed from the mysterious rust sword.

Hum!

Qin Chen's mind was dizzy instantly, Qiang Qiang, the mysterious rust sword in his hand trembles violently, almost uncontrollable.

"what happened?"

Qin Chen was horrified, and at the same time, an icy breath flowed from the mysterious rust sword, and instantly entered his mind, trying to erode his soul.

"Get out of here!"

Qin Chen shouted angrily, shocked, and hurriedly urged the power of the soul, trying to block that power from the soul.

However, the cold force continued to spread, trying to break through Qin Chen's defense.

"Da da da!"

What shocked Qin Chen even more was that at this moment, there was a sound of footsteps from behind him, and at the same time a feeling of heart palpitations emerged, as if some peerless enemy was approaching.

Qin Chen turned his head, and immediately saw that a figure appeared from a distance, seemingly slow, but it was already very close within a few steps, dressed in white, wearing a hat and veil, fluttering like a fairy, exuding all over his body. Scary sword intent.

"No, there is a simulation body at this time?"

Qin Chen was speechless, and his heart was shocked. At this moment, his soul power needs to fully defend against this cold and cold power. Where can the effort be used to resist the simulation body?

"The simulation body must be destroyed first. As long as the simulation body is destroyed and the sword intent is integrated into my body, I can naturally break through the late stage of the seventh stage. At that time, the cold power in this mysterious rust sword can also be easily resisted. ."

Before the sudden death, Qin Chen made a decision in his mind.

Huh!

His figure shook, his whole body was like lightning, and a sword pierced the white figure, trying to preemptively.

When the white figure saw Qin Chen killing him, a cyan long sword appeared in his hand, with an ancient symbol imprinted on it, exuding supreme power.

The cyan long sword is as transparent as colored glaze, and a simple rune is faintly radiant, with a terrifying aura of cutting the world.

Ding!

The cyan ancient sword collided with the mysterious rust sword, and the horror burst out suddenly, and the two sides were evenly matched.

"Damn, this time the simulation is so powerful, can you still use magic weapons?"

Qin Chen was shocked. This simulation body became more powerful every time. Now he actually uses magic weapons. Is he trying to let himself go through this supreme sword?

During the shock, after the white figure backed a few steps, his aura became even stronger, the cyan ancient sword shone brightly, and the sword struck again in the flash.

A strong warning rose in Qin Chen's heart. He only felt that if he was slashed by this sword, he would be severely injured. Even the Immortal Eucharist might not be able to withstand it. If he slashed his head, the corpse would definitely be separated. Fate.

This is a Wuhuang level offense.

He didn't dare to be careless, and there was a flash under his feet, and his body shape was sick, like lightning.

At the same time, he wondered why the sword intent of this simulation body was different from the sword intent he had mastered.

Just thinking about it, the cold power in his mind took advantage of Qin Chen's relaxation moment, and immediately activated, shocked that he even put aside his distracting thoughts, fully resisted the erosion of the cold force, and at the same time, his figure regressed wildly.

But he retreated fast, and the white-clothed figure was not slow in pursuing it. The cyan ancient sword swung, cutting out a horrible sword aura, and the space was cut to pieces, and he wailed, as if about to collapse.

This sword... is extraordinary.

It is definitely a ninth-order imperial soldier, and a terrifying existence in the ancient imperial soldier.

"The ancient imperial soldiers, it seems that this supreme swordsman is simulated, and it is really an ancient swordsman. Before, it only simulated the body. This time, even the weapons are simulated."

Qin Chen confirmed his guess even more, and at the same time felt terrible for the strength of this supreme kendo.

Even the ancient emperor soldiers can simulate it, and it is so real, it will definitely make people outside crazy. I was shocked in my heart, but Qin Chen's actions did not stop, thinking about how to quickly defeat this simulation body.

[Chapter 1133: Wu Yuji Family](#)

Qin Chen thought, the figure in white clothes was also shocked.

This person is no one, it is Ji Ruyue who also set foot on the supreme kendo!

Her aunt is also the highest authority in the North Tianyu Law Enforcement Hall, and the Law Enforcement Hall commands Ji Hongchen.

Ji Ruyue, born from the Ji family of the Wuyu hermit family, is one of the most powerful of the Wuyu hermit family, possessing extraordinary status and strength.

The Misty Palace is in charge of the world, so naturally it is necessary to cooperate with these hidden families. This is also the reason why Ji Hongchen will be in charge of the Law Enforcement Hall of the Northern Horizons.

And Ji Ruyue, who has lived in the Ji family since she was a child, has the bloodline of the Heavenly Sword, and is the daughter of the Patriarch of the Ji family, she has been spoiled since childhood and enjoyed resources that ordinary people have never had.

This is only in his early twenties, he is already the Martial King of the late seventh stage, with extraordinary strength.

But she was not spoiled, but devoted herself to studying kendo, practicing hard kendo attainments, and at the same time had a very close relationship with her aunt Ji Hongchen.

After Ji Hongchen came to the North Sky Territory, he rarely returned to the Martial Region. Ji Ruyue happened to come to visit Ji Hongchen these days, but learned that Ji Hongchen was in retreat. Under boredom, she heard about the inheritance of the Demon Sword. I just came to Demon Sword City, wanting to see what the Demon Sword Inheritance is.

With Ji Ruyue's identity and status, he has heard and seen countless secret realms since he was a child, and they are all the top secret realms in the martial domain. In fact, the demon sword inheritance of the imperial power of the Demon Sword Sect in this barren land North Heaven is actually I don't care much.

But after coming in, seeing the Dao of Hundred Swords, Ji Ruyue was immediately shocked, and at the same time she realized that this demon sword inheritance is very likely to be extraordinary.

Especially after making every effort to set foot on the supreme kendo, Ji Ruyue encountered three simulations along the way, from which not only her sword intent was improved and sentimentally improved.

At the same time, her cultivation base faintly breaks through from the late stage of the seventh stage to the peak of the late stage of the seventh stage, making her not excited.

Like Qin Chen, after Ji Ruyue saw Qin Chen, although she wondered why Qin Chen was different from the previous simulation, she did not wear a veil.

But Ji Ruyue also thought that this was because the figure simulated by Supreme Sword Dao became more and more real.

Therefore, she did not have any doubts in her heart, and directly fought with Qin Chen.

Qin Chen also didn't expect that the white-clothed figure with a veil of the other party was actually a genius of swordsmanship who entered the supreme swordsmanship like him.

Under normal circumstances, Qin Chen would not be unrecognizable, but at this moment, the mysterious rust sword continuously released the power of coldness to attack Qin Chen's soul, leaving Qin Chen not having enough energy at all, but distinguishing whether the opposite is a simulation. Still a warrior.

Just thinking about how to defeat the opponent as soon as possible, absorb the sword intent, and break through the late seventh stage.

When Qin Chen tried his best to think.

I saw Ji Ruyue's figure constantly, swinging the ancient green sword, and constantly exploding with fierce sword aura.

The sword intent that Ji Ruyue displayed was obviously different from Qin Chen's. With a misty mood, Qin Chen kept on parrying each other.

Qin Chen kept dodge and occasionally counterattacked with a sword, but the strength of the opponent and his were actually quite close, and only true close combat was powerful.

Moreover, this time the Supreme Sword Dao significantly improved the simulation body's strength, and Qin Chen clearly felt that the white-clothed figure's cultivation base had clearly reached the late stage of the seventh stage, a bit stronger than his mid-stage peak of the seventh stage.

And the other party's true essence is completely different from his own, but it is extremely powerful.

"It seems that this time Supreme Sword Dao did not simulate a warrior like me, but changed the cultivation base and others. As a result, it will become more difficult to deal with and full of more variables."

"So how can I beat the opponent?"

Qin Chen was anxious in his heart. If it were normal, he could use the mysterious rust sword to resist.

But now the mysterious rust sword is constantly corroding his soul, it is very difficult to control it, it seems that only other real treasures can be displayed.

In order to win, Qin Chen couldn't control the examination of this supreme kendo. When he lifted his hand, a large black seal appeared in his hand. The large seal rose in the wind, and instantly turned into a small hill, facing the white figure. Smashed past.

When Ji Ruyue saw the big seal Qin Chen smashed, her heart was shocked. At the same time, she was extremely puzzled. Isn't this simulated body simulated by Supreme Swordsman used to assess the cultivation of Swordsmanship? How come even the real treasure is displayed?

Although he was shocked in his heart, he couldn't stop the movement in his hand, hurriedly ran his true essence, and slashed out the cyan ancient sword in his hand.

when!

With the sound of Jintiejiaoge, the **** seal Qin Chen displayed was slashed out, and fell on the Supreme Sword.

It's not that the power of the black big seal has become smaller, but the true treasure must rely on the power of the soul to actuate. Now Qin Chen's soul power is mostly used to resist the invasion of the cold force, resulting in the power of the black big seal. There is less than half of the original.

A sword smashed the black big seal, Ji Ruyue's white clothes fluttered, and the demeanor was moving. He quickly squeezed resolutely in his hand. Suddenly, the sword intent was like a tide, and the sword was like a wave.

Don't think it's just sword energy, but that was played by the ancient emperor soldiers, and every one of them was terrifying.

Puff, puff, puff, these sword auras are too dense. If Qin Chen is normal, he can naturally dodge, but now, part of his energy is restricted by the cold force, and he can't completely dodge it. Suddenly his hands, feet, and lower abdomen are all After being hit, gurgling blood flowed out.

He couldn't help being astonished. This was the result of his initiative to operate the Immortal Eucharist, which greatly improved his defense, otherwise, these sword auras would cut him to pieces.

The ancient imperial soldiers are the ancient imperial soldiers, even if they are not fully activated, the release of just a little breath is extremely terrifying.

After Ji Ruyue cut him, the intent to kill was even more serious.

Brush, cut over with a sword, like a mountain of swords that prop up heaven and earth, to destroy everything.

She also wants to end the fight as soon as possible.

Qin Chen was frightened and crackled. Suddenly, endless thunder light appeared on his body, his figure shook, and the void seemed to be distorted, and his whole body disappeared suddenly.

puff!

The cyan ancient sword slashed down, bursting with dazzling light, and saw runes rising one by one, and countless sword auras shot, but Qin Chen's figure had disappeared under the sword aura.

Thunder blood!

At the critical moment, Qin Chen spurred Thunder's bloodline, doubled his speed in an instant, and even used the profound meaning of space to escape this ultimate move.

"what?"

Ji Ruyue was shocked, her eyes staring, she almost looked stupid.

The condensed analog of Supreme Kendo is too abnormal this time, right? Not only can it display the true treasure, but it can also display the bloodline and profound meaning, and that bloodline, exuding a palpable breath, is not weaker than her Heavenly Sword bloodline.

What's even more exaggerated is that the opponent seems to have mastered the profound meaning of space, and in an instant, avoided her attack. Under the veil, Ji Ruyue's small pink mouth opened, and her chest bound with white silk rose and fell.

[Chapter 1134: Moonlight god](#)

Is this too abnormal?

Ji Ruyue was stunned. Although she didn't know what level of bloodline Qin Chen showed, the bloodline that made her Heavenly Sword bloodline felt a trace of fear, it was definitely the top bloodline of the same level as the Heavenly Sword bloodline.

Not to mention the profound meaning of space.

Space Profound meaning is a kind of profundity that is superior to other martial arts artistic realms, and can often be controlled by the eighth-order martial emperor, but this guy, who is clearly only the mid-level peak of the seventh step, can actually display the profundity of space.

Is this still a human?

If such a simulation body is a real warrior, even if it is placed in the martial domain, it will cause an uproar, and it is one of the top talents.

"There is such a terrifying genius in this world?"

Although he knew that what he was in front of was just a "simulation body", Ji Ruyue also vaguely guessed that this simulation body condensed into the supreme kendo, in fact, in the ancient times, there were some warriors prototypes, is it that the warriors of the ancient era are so terrible Nothing?

She was shocked here, and Qin Chen on the other side was also a little startled.

Because after he dodged the attack of the white figure, the white figure seemed to be stunned, and actually stupidly stood still, as if extremely shocked.

I rely on, the simulation body condensed by Supreme Kendo this time will be shocked? This is too realistic, right?

Thinking like this in his heart, the movements in Qin Chen's hands kept moving. Since the other party was stunned, it couldn't be better. It was the best time for him to take action.

"kill!"

With a loud whistle in his heart, he took the initiative to take the initiative, pierced with a sword, and screamed, the infinite sword spirit burst out, and he used the human sword.

At the same time, in the sword aura, countless thunder light surged, and the power of amazing blood lingered. "Hmph, do you think you have blood? Let you see, my Heavenly Sword bloodline." Ji Ruyue also woke up at this time, Om, above her head, a huge heavenly sword suddenly appeared. , A few feet high, exuding an unprecedented horror, between the tremors,

The world seems to be broken.

call out!

She cut out with a single sword, and the void in front was instantly divided into two halves, forming a huge gully.

This is... Heavenly Sword bloodline?

Qin Chen was stunned, only feeling a strong sword intent enveloped, his chest was stuffy, and he almost closed his breath.

Damn, is this God going to kill yourself?

This is the supreme kendo, it actually simulated a top master with the blood of the Heavenly Sword.

Qin Chen didn't know the bloodline of the Heavenly Sword, it was the bloodline most suitable for cultivating swordsmanship. The owner was a born swordsman, and it was one of the top bloodlines between heaven and earth.

That's all, Qin Chen prides himself that his thunder bloodline is definitely not weaker than the opponent.

But here is the supreme kendo.

This is the supreme land of kendo, and the heaven and the earth are filled with infinite sword intent. If you use the blood of the heavenly sword here, the power will definitely be doubled.

This is the advantage of time and location.

Qin Chen revolved the indestructible sacred body, and the breath of an ancient giant beast appeared in his body.

puff! puff! puff! puff!

Fortunately, Qin Chen possessed the two ultimate moves of Imperial Sword Technique and Immortal Eucharist, so that even if Ji Ruyue displayed the Heavenly Sword bloodline, the two of them finally reached a level of regular combat strength.

Of course, Qin Chen was still at a disadvantage due to the invasion of the mysterious rust sword's cold and cold power. As long as one didn't pay attention, he might be hit hard.

What's more, Ji Ruyue is one level stronger than his cultivation base. If it weren't for Qin Chen's two lives and rich combat experience, he would have died long ago.

"No, if this goes on, I will definitely lose. I don't believe it anymore. I will not be able to kill a simulant."

"Qinglian Demon Fire!"

Qin Chen became fierce, shaking his figure, and summoned the Qinglian Demon Fire.

boom!

A group of blue flames bloomed between the sky and the earth, exuding an aura of destruction. With the improvement of Qin Chen's strength, the promotion of Qinglian Demon Fire was also extremely rapid, which was enough to pose a threat to the Martial Emperor.

The cyan flame swept across, and instantly rolled towards Ji Ruyue.

Qin Chen didn't use the Qinglian Demon Fire before, because he didn't want to use this method to defeat the Simulator, but now he can't manage that much, he needs to end the battle as soon as possible.

"I rely on..."

Ji Ruyue is a good girl, almost swearing at this moment.

Is this still an analog? Is this still an assessment? Even the blood spirit fire has been displayed, what else has this simulation body not displayed?

No, ordinary blood spirit fire does not have such terrible power at all. This is earth fire, no... is it still sky fire?

If you take off the veil, you can see that Ji Ruyue's mouth has opened into an egg shape, and her eyes are about to fall to the ground.

"Moonlight Divine Body!"

Hum!

In the crisis, Ji Ruyue gave a low voice, ignoring the shock, and her body instantly lit up with divine light, and countless bright and colorful rays of light shot all around, setting her off like a goddess, holy and majestic.

"Huh? Why did I seem to hear this analog speak just now?"

Qin Chen said something suspiciously, but he thought that he had resisted the invasion of the cold force with all his strength, so he had made a mistake in his mind, so he ignored it and directly urged the Qinglian Demon Fire to sweep down.

Moreover, Qinglian Demon Fire had already been activated, and he couldn't take it back.

boom!

The terrifying blue flame instantly engulfed Ji Ruyue, and the astonishing heat continued to burn Ji Ruyue's true essence.

Chi Chi Chi Chi!

Under the scorching of the demon fire of Qinglian, Ji Ruyue's true essence was continuously consumed.

What kind of flame is this? Is it true that the legendary sky fire failed?

With divine light blooming on her body, Ji Ruyue was instantly soaked with sweat, her eyebrows frowned.

This flame is too terrifying, it is not what a normal blood spirit fire can reach at all, even if it is really a blood spirit fire, it is at least a blood spirit fire of the eighth-order imperial level.

But that simulation body is just a Martial King who is at the peak of the seventh-tier mid-stage, how could it absorb the blood spirit fire of the Emperor?

Ji Ruyue couldn't understand, she could only run the Moonlight Divine Body madly, and at the same time raised the cyan ancient sword in her hand again, slashed out frantically with a sword, scorned, countless sword auras, trying to split the cyan flame into a channel.

"Hey, this simulation body still has the power to resist, it seems that this power is not enough, Qinglian demon fire, burst!"

Boom boom boom!

Qin Chen urged the Qinglian Demon Fire, and within a short time, an astonishing explosion sounded from the Qinglian Demon Fire, and the void on the Supreme Sword Dao was trembling and rumbling. Ji Ruyue finally couldn't resist such a terrifying explosion. The hat on her head was instantly shattered by the air wave, and the veil burned into nothingness. The white clothes on her body were also burned out of countless holes, and a touch of white thighs were exposed and her neck was exposed. It also exploded a hole, exposing the powdery white jade neck

neck.

"Ah!" Ji Ruyue screamed under the shock, and blood surged in his body.

[Chapter 1135: Put on clothes](#)

No, why do I seem to hear this analog again?

Qin Chen shook his head, wondering, could it be that he heard it wrong again?

It seemed that it would be impossible to solve the battle quickly, and there were all auditory hallucinations. If we continue, I don't know what will happen.

At this time, the flame dissipated, and Qin Chen had already seen Ji Ruyue's appearance.

hiss!

Big beauty, absolute beauty.

In the past and this life, Qin Chen has seen less than 10,000 peerless beauties, and there are also 8,000. This is the first time he has seen such a beautiful woman.

Qiong's nose and red lips, the skin is like condensed fat, and the two watery eyes seem to be able to speak, full of agility.

In terms of appearance, this person is not weaker than You Qianxue.

Moreover, You Qianxue is like an iceberg, but this woman is ethereal, like an orchid in the empty valley, giving people a peaceful and fresh feeling.

Qin Chen's gaze fell on Ji Ruyue, and under the white robe, the spring was coming, and the white jade-like skin was exposed, causing Qin Chen's nosebleeds to be sprayed out.

This supreme kendo can just imitate the shape of a person casually, and even imitate such a big beauty.

How does this make him fight?

If an ordinary martial artist saw such a beauty, I am afraid that he would have been fascinated long ago, and he would not be able to say anything. Where is the courage to fight.

Fortunately, Qin Chen's willpower was so firm. After only a little stunned, he recovered and rushed back again.

Now is not the time to look at beautiful women. Beautiful women are beautiful, but where is life important?

Opposite Ji Ruyue was also vomiting blood with anger, where did this guy's eyeballs go?

Although she knew that the other side was just an unconscious simulation body, but her body was seen by the other side. As a woman, Ji Ruyue was still very awkward.

"kill!"

She was almost mad. Ever since she was young, no one has ever made her feel so embarrassed. She even looked at her with this kind of eyes. Although it was just a "simulation body", it was also a simulation body of the opposite **** and couldn't bear it.

Hum!

The glow of sunlight bloomed on her body, the Ji family's secret technique was in operation, and a sword-shaped phantom appeared on her forehead, exuding the aura of suppression of eternity.

Shoo!

Numerous sword qi exploded from her body, and the cyan ancient sword in her hand seemed to be revived, glowing with a dazzling light, and slaying towards Qin Chen frantically.

The two of them moved in real fire, and both of them were jealous, and they fought close together instantly.

Puff puff puff!

In an instant, blood spattered from Qin Chen's body, and his robes were cut out of countless strands of flutter, revealing his strong muscles.

And Qin Chen's swordsmanship also fell on Ji Ruxue's body, dinged and slammed Ji Ruyue's robe out of the gap in the road.

One of the two has the Immortal Eucharist, and the other has the Moonlight Divine Body of the Ji family. Their defenses are the top of the top. Therefore, although these sword auras have brought them a little injury, they are only above the flesh, but they are constantly clothed. The skin was cut off, and more and more exposed skin.

At the end of the day, the two of them seemed to be in a battle of tearing clothes, like old ladies, rascals, and beggars fighting on the street.

Fortunately, there are only two of them in this supreme kendo. If others see it, they will all be dumbfounded.

Is this really a clash of top talents?

How to fight like a crazy woman?

Is this really good?

But there is no way. Qin Chen and Ji Ruyue are indeed strong, not afraid of each other's bombardment, but the clothes are not good. In the situation where the two great arrogances will attack desperately at all costs, can they be faster?

Ji Ruyue is a little better, as a girl, the Wuyu Hidden Family, the clothes on her body are woven with top-quality materials, and some special materials, such as void feathers, ice silk, etc. Able to resist.

Qin Chen's clothes were just ordinary martial arts robes, and the materials used were a bit strong at best. How could they be able to withstand such a frantic chop? They were in tatters in an instant, like a beggar.

Ji Ruyue couldn't stand it anymore. She was a eldest daughter of Huanghua from a hidden family who fought against a warrior like this, and she spread it out. How could she meet people? Even if the other party is just a simulation body, it won't work.

After gritting his teeth, Ji Ruyue looked solemn, with runes lit up all over his body, and a translucent moon appeared on his chest.

This is the power of her moonlight body!

After she urged her luck at all costs, her hair was flying all over the sky, the power of the source was exhausted, but she finally offered a killer move.

What is the Moonlight Body?

It is a rare body against the heavens in the world. It absorbs the essence of moonlight every day, purifies the essence of the moonlight in the body, and condenses a world-defying body.

However, the real body must not be able to exert its true power until the Nine Heavens Emperor Wu, and Ji Ruyue's current realm is insufficient, and if he wants to be stimulated, he must pay a great price.

But now, the battle between the two has reached the most critical moment, and Ji Ruyue naturally won't have any hesitation.

puff!

She spit out a mouthful of blood, her aura soared in an instant.

"go with!"

Ji Ruyue screamed, and instantly launched his strongest blow, blasting towards Qin Chen.

Qin Chen's eyeballs suddenly became round. This was not scared, but scared.

by!

This "simulation body" can actually speak? I have no voices.

And how does this void moon look so familiar?

"You...you are not a simulation of this supreme kendo?"

With a look of astonishment, Qin Chen spoke subconsciously.

Bang!

In the next moment, Ji Ruyue's terrifying attack instantly fell on Qin Chen, and the gorgeous brilliance immediately covered Qin Chen, flashed for at least one breath, and then dimmed.

puff!

Qin Chen flew out, revealing a white body with blood stains.

Because of the Immortal Eucharist, even Ji Ruyue's strongest move failed to kill him, but he just shattered all of his clothes and robes. He was bare, without a blade of grass, and his body was also bombarded.

Fortunately, there are still blood stains on his body, and because of these blood stains, Qin Chen has not gone away.

On the opposite side, Ji Ruyue's mind was like a bolt from the blue sky, she was stunned, dumbfounded.

Qin Chen actually spoke.

"You...you are not a simulation of this supreme kendo?"

She stupidly opened her mouth and said exactly the same thing as Qin Chen.

The two of them were so big and staring, they were all dumbfounded.

The two of them are actually not simulations, and they are all real warriors.

"I... misunderstanding, it must be a misunderstanding."

Qin Chen reacted instantly and said hurriedly.

Damn, after doing it for a long time, he actually fought another warrior who stepped on the supreme kendo for a long time?

Is this the **** hell? But Ji Ruyue's reaction was even more exaggerated. She screamed and hurriedly covered her body completely. A matte face instantly became gloomy and pale. She screamed: "You...you put my clothes on. !"

[Chapter 1136: Misunderstood](#)

She didn't know what to do, and she didn't know where to put her two small white hands.

You can't cover your eyes if you block your body and walk up, but you can cover your eyes, but you can't block the light, and your tears are about to fall.

Qin Chen also showed embarrassment on his face and hurriedly took a set of clothes and put them on again.

It was embarrassing now.

Seeing Qin Chen wearing clothes, Ji Ruyue also hurriedly took out a set of clothes and put them on her body, and then stared at Qin Chen fiercely with a pair of eyes, and said angrily: "Deng disciple."

She was holding the cyan ancient sword, and her murderous intent burst out, with that light, she wanted to kill Qin Chen on the spot.

"Girl, this is a complete misunderstanding."

Qin Chen gave a wry smile, completely wondering how to explain it.

Although he was in a hurry to shoot, the other party didn't explain it, and with a veil, you said that you are a big girl, and she is not ugly, and there is nothing mysterious about it.

The previous simulations all wore a veil. You said that you also wear a veil. Can you not let him misunderstand it? Of course, it's more important because Qin Chen's soul power has been used to resist the cold force, which led to failing to distinguish that he was a living person in front of him. But then again, if he was not restrained by the cold force. Power, can this girl survive the battle, pay two

Say it.

"Girl, all this is a misunderstanding, I apologize to your Excellency here."

However, she is a girl after all, and she did it first, so I will apologize first.

Ji Ruyue's face was green and said: "Is a misunderstanding enough? You, a disciple, tarnished my innocence, and I must kill you this time."

Damn, this is still exciting!

Qin Chen's eyes were cold and frowned, "I don't understand what the girl said. How did Qin defile your innocence?"

"You still said no!"

Ji Ruyue was so embarrassed and angry that she looked at her face and body, and deliberately took off her clothes. This kind of hooligan is simply angry.

Qin Chen's expression turned upset, he admitted that he was a little bit Meng Lang before, so he started directly.

But the other party was not the same, and he didn't give him a chance to explain at all. Can you blame him?

If a slap does not sound, both parties can be said to be responsible.

What's more, the other party didn't do anything about it, at most it showed some thighs and necks, and it didn't matter. The clothes on his body were all shattered by this guy, and it was not aggrieved.

Who will pay for his own reputation?

"Girl, Qin can only say sorry for what happened before. Qin misunderstood the girl as a simulation in this kendo, and the girl didn't say a word, so she just did it, so our misunderstanding became deeper and deeper. Here, Qin apologizes to the girl."

He took out a bottle of pill in his hand and threw it to Ji Ruyue. Qin Chen said, "This is a bottle of Seven-Rank Healing Pill. The girl can heal the injury. As for the others, Qin can only say sorry."

Forget it, the adults don't remember the villain's past, and Qin Chen doesn't want to continue arguing with the other party, and convince others with virtue.

"Who rares your pill!"

Snapped!

Ji Ruyue directly threw the medicine bottle on the ground.

Damn, shame on your face, you can behave when you are beautiful, can you be unreasonable?

Uh!

It seems really OK!

Qin Chen was speechless, and his voice became cold: "The girl insists on saying that Qin harmed you, but Qin can't say anything. The girl loves what it is. If you want to fight, Qin will accompany you!"

Qin Chen was too lazy to talk nonsense with the other party, sat cross-legged, and began to resist the cold force in his body.

After such a delay, the cold power in the mysterious rust sword was almost invading the depths of the soul sea, and even resisted with all its strength.

boom!

A terrifying cold breath filled Qin Chen's face suddenly with pain.

"Damn it!"

Ji Ruyue was so angry that he vomited blood, is this guy apologizing like that, without any sincerity.

Since childhood, when has she suffered such a loss?

However, the cold breath released from Qin Chen's body made her also very jealous, and her body was faintly filled with chills, as if she had encountered an enemy.

With such an injury on this guy, he can still be evenly matched with her?

Ji Ruyue was shocked, what kind of monster is the other party?

When is there such a genius in Beitianyu, even more terrifying than those top geniuses in Wuyu?

Her eyes flickered, holding a blue ancient sword, and her killing intent blooming. She wished to hack Qin Chen to death on the spot. However, thinking that she had tried her best before, she could not slay the opponent. When the time comes, she will fight together, and she doesn't know who Life and death.

With his eyes flickering, he could only put away the cyan ancient sword.

"Hmph, let this kid go first. After the demon sword inheritance is out, my aunt will send someone to kill him. Well, before killing, gouge his eyes out."

Ji Ruyue thought angrily, her body trembling.

She has never met a guy who can make herself jump like this?

For fear of staying longer and unable to control herself, Ji Ruyue's figure shook, and soon disappeared at the end of Supreme Sword Art.

"Huh! Finally gone!"

Qin Chen breathed a sigh of relief. He didn't want to continue fighting with Ji Ruyue. Since it was a misunderstanding, it was enough to explain clearly. Why fight and kill.

But thinking of the murderous look in Ji Ruyue's eyes before leaving, Qin Chen shook his head, but thinking about it, the other party would not let it go. This hatred was really inexplicable.

Without thinking too much, Qin Chen focused all his attention on the cold breath in his mind and wrestled with it.

At the same time, inexplicably, summed up the battle just now.

It has to be said that Ji Ruyue is the most talented one he has reached so far, and he is much stronger than the devil, so that he can fight well.

Especially when the power of coldness restrained him nearly half of his combat power, it was not necessarily easy for him to kill the opponent.

"It seems that I still need to improve!" Qin Chen was rather disappointed.

If there is a martial arts expert here at this moment, Qin Chen's thoughts will surely make him vomit blood on the spot.

That is Ji Ruyue, the arrogant arrogant of the top few hidden families in the martial arts!

Moreover, people are older than you, and have a higher cultivation base than you. You can still draw with the opponent when your combat effectiveness is half-bound. What an unbelievable record.

It's not enough.

Brother, are you going to guard against the sky?

But Qin Chen obviously didn't think so, just immersed in the confrontation.

Three days later.

Qin Chen's cold air dissipated and slowly stood up.

It took him three days to completely wipe out this cold force.

However, the three days of work has also made his soul power stronger, at least improved.

However, Qin Chen never wanted to have this kind of experience anymore. In the future, when killing the rust spots on the mysterious rust sword, he must be careful and careful. This mysterious rust sword is really too weird.

"Go, I don't know what happened to You Qianxue, and that fellow, walking in front of him, can't fall behind too much, he has to pass through this supreme kendo as soon as possible." Qin Chen's figure shook, and the end of the kendo disappeared instantly.

[Chapter 1137: Breakthrough failure](#)

After Qin Chen continued walking on the Supreme Sword Dao for a long time, a sword intent simulation body appeared again in front of him, condensed into a warrior wearing a silver robe.

Hum!

The opponent's body exudes a palpable sword intent, as if the entire world is about to be split under this sword intent.

Shouldn't it be another martial artist this time?

"Hey, report your name."

Qin Chen screamed for fear of misunderstanding again.

The silver-robed warrior said nothing, and slashed directly at Qin Chen's head with a sword.

It should not be anymore!

Qin Chen was also scared by Ji Ruyue before, and if he made another misunderstanding, it would be troublesome.

At the same time, he breathed a sigh of relief in his heart. It seemed that this supreme swordsmanship did not cause the Jianyi figure to no longer manifest because Ji Ruyue had already walked.

Huh!

Holding the mysterious rust sword, Qin Chen fought wildly with the silver figure.

Now that there is no crisis, Qin Chen didn't think about defeating the opponent in the first place.

The sword-inspired figure condensed on the supreme kendo, each time the strength will be improved compared to the previous one, only need to carefully summarize the fighters and analyze the strength of the opponent to make progress.

Boom boom boom!

The two fought frantically together. With the experience of previous battles, Qin Chen was even more handy. While fighting, he observed the sword intent of the other party.

This time the opponent's sword intent is based on the fusion of the attribute sword intent, and it seems to have changed again. The sword intent is extremely terrifying, as if it has merged with the entire void. When a sword is cut out, it seems that the face is not only It is only a sword, but a piece of heaven and earth.

What exactly is this?

Qin Chen knew that sword intent was cultivated to the extreme, and indeed possessed unpredictable power, such as killing sword intent. After condensing to the extreme, a sword cut would not only release the aura of killing, but also have a kind of life and death that cannot be controlled by humans. feel.

But this time it was different. The opponent cut out with a sword, and the world seemed to be turned into a sharp sword. He wanted to kill himself and restrain himself.

At first, Qin Chen thought that this was also a kind of sword intent, even the result of a certain attribute of sword intent fusion to the extreme. After carefully distinguishing it, he realized that it was not the case.

This seemed to be a brand-new use of sword intent, and Qin Chen had never felt it before.

Is this the deeper use of sword intent after it has been condensed to its extreme?

Qin Chen was extremely excited.

In his previous life, he was stuck at the extreme of his attribute sword intent, but he had no direction on the next path, and he was framed by Shangguan Xier before he found a higher path.

And this time in this supreme swordsmanship, he first knew the fusion sword intent.

But fusion of sword intent can only be regarded as a deeper application of sword intent.

But the mood he felt now made him extremely excited, as if he had spied a new path after the ultimate sword intent.

Qin Chen stared at the opponent fiercely, and constantly felt, trying to imprint this feeling in his mind and control it.

But no matter how he perceives, he is still a layer behind, as if something clearly is right in front of his eyes, but like a layer of gauze, in the clouds and mist, it can't be touched.

No time wasted.

After fighting for a full hour, Qin Chen still failed to grasp this feeling, nor could he comprehend what the sword intent is at another level after the attribute sword intent.

He understands that this is not because of his lack of understanding, but that this silver-robed figure himself has not reached this level. If he continues to understand, he will not gain more.

boom!

The imperial swordsmanship urged to the extreme, Qin Chen shot with all his strength, the sky full of sword energy surged, and the silver robe figure suddenly annihilated.

An astonishing sword-inspired aura melted into Qin Chen's body.

Hum!

Qin Chen felt as if he had gained some improvement in his body, but the original cultivation base was only one line away from the late stage of the seventh stage. After the promotion, he was still stuck at the peak of the second stage of the seventh stage.

Didn't break through?

Qin Chen was stunned. He thought that after absorbing the sword intent of this simulation body, he would directly break through to the late seventh stage, but he didn't expect it to be so short.

However, there was not much loss on his face, instead he was immersed in the sense of sword intent before.

After the attribute sword intent, how does the sword intent develop?

This is a huge problem that puzzles Qin Chen.

Cultivation requires only continuous cultivation, and naturally there will be breakthroughs, but the realm, if there is not enough insight, it will even be stuck for a lifetime and cannot be improved.

And Qin Chen felt that once he understood the true use of sword intent, his strength would definitely improve by leaps and bounds.

"Maybe the next simulation will allow me to comprehend the next artistic conception of kendo."

Qin Chen moved forward quickly, looking for the next simulation body.

He has a feeling that as long as there is the next simulation body, the opponent can definitely evolve the next realm of kendo after the ultimate sword intent.

And he also has a clear understanding that the one hundred and one swordsmanship is actually a kind of gift, but the premise is that you can take it down.

Different kendos should have different strengths and weaknesses of sword intent, and there should be no sword grass in other kendos. At least in the news he inquired before, no one had obtained any sword grass in this inheritance for more than a thousand years.

It is a pity that Qin Chen was disappointed that after walking for another day, he did not encounter the next simulation body. Instead, it was an extremely spacious avenue, which became narrower and narrower. In the end, only a few feet wide was left. .

It should be almost over.

Sure enough, after an hour, Kendo finally came to an end.

Qin Chen could see a sharp golden sword tip, standing on the other side of the cliff, exuding a domineering attitude.

With this sword approach, his cultivation has reached the ultimate level in the middle of the seventh stage, and he can break through at any time, but this is only secondary. The most important thing is that his sword intent has also been terribly improved, compared to the original. , At least doubled.

In other words, for the same sword, with the cultivation base unchanged and the true essence running unchanged, just urging the sword intent can double the power of the sword technique. What is this concept?

Some geniuses can leapfrog and fight, in many cases, it is precisely because of these minor details.

Qin Chen leaped down from the Supreme Sword Dao, and then looked back, the Supreme Sword Dao was gone.

In other words, he cannot go back the same way, he can only go forward courageously.

The woman in white was faster than him before.

A sense of urgency rose in Qin Chen's heart. Among all the geniuses who have entered the inheritance of the demon sword, the woman in white clothes can make him feel a little threatened, and the techniques that this woman has performed before seem to be familiar, as if before. Seen somewhere before.

Although Qin Chen was urgent, he did not leave immediately, but was ready to wait for You Qianxue here. Here, one hundred and one kendos converge, and as long as they can pass kendo, they will regroup here, but not everyone is qualified to come here, and the weak will be eliminated in the first place.

[Chapter 1138: Jianshan Passage](#)

However, after Qin Chen saw that the hundredth silver kendo around him had disappeared, he couldn't help but smile.

It seemed that You Qianxue didn't need him to wait at all, but was no longer on the sword.

Think about it, too, he spent almost three days on the Supreme Sword to resist the cold power of the mysterious Rust Sword.

Even the later woman in white had already rushed ahead of him, and You Qianxue passed the kendo earlier than himself, which was normal.

However, why didn't Qianxue wait for herself here?

Then Qin Chen became confused again.

Just as he first thought of waiting for You Qianxue when he passed the kendo, if You Qianxue passed the kendo, he would definitely not leave easily, but would stay here and wait for him.

But now, You Qianxue was not seen here at all.

Could it be that she failed the kendo examination?

This is not impossible. If your guess is correct, this kendo assessment, the further the kendo, the more difficult it is. You Qianxue is the spiritual seed and the ancient strongman's breath that he relies on, and it activates the hundred kendo, according to the truth. Strength, she can't reach the level of a hundred kendo.

In this way, it is not impossible for her to fail in Kendo.

If so, it is really self-defeating.

Qin Chen smiled bitterly.

Although I don't know what else will be assessed next, but I just stop at the first level of Kendo, which is a huge loss anyway.

Of course, this is only Qin Chen's guess, and it is also possible that something happened to You Qianxue, and it is not impossible to leave here first.

Since You Qianxue either left or failed to pass the kendo, Qin Chen didn't stay much, and swept forward directly.

Now there are not a few kendos on the cliff at all. It is estimated that most of the people have passed the kendo. He is almost one of the slowest batch. If you don't hurry, what if there is any treasure in front of him?

Under the fast flying, the front was unblocked. About half an hour later, Qin Chen finally saw a long sword reaching the sky in front of him, exuding an aura that frightened nine heavens and ten earth.

However, this is not a real sword, but a mountain. The sword-like mountain rises straight up into the sky. Even if it is an infinite distance, it can still feel the sword energy sweeping through it, which makes people feel heartbroken and heartbreaking.

The mountain seemed to be right in front of him, but it took Qin Chen a full day to reach the foot of the mountain.

A straight road appeared in front of Qin Chen, and the whole Jianshan towered into the clouds without seeing its top.

Qin Chen started climbing, but not long after he walked, there were countless forks at the end of the road.

"Just take one."

Qin Chen frowned. There was no difference at all between so many side roads, and he didn't know which one was correct, so please feel free.

He chose a random road and walked forward. Unexpectedly, this road was very winding. After walking back and forth for two hours, he realized that it was a dead end. There was a cliff in front of him. At the bottom, it was dark.

Don't ask, if you fall, you will definitely lose the qualification for inheritance.

This is the wrong way.

Qin Chen returned according to the original path. This time, he speeded up, one hour before he came to the initial position, and then chose a new path, and went around again. This would be fine. Two hours later, the front appeared unexpectedly. Made three forks.

"If this road is wrong, then no matter which one you choose, you will only go further and further on the wrong road."

"If you act blindly, you may not get out for the rest of your life."

"This should have a certain pattern, or a formation."

Qin Chen frowned and did not rush forward. He was just about to observe carefully and try to crack the road here, but suddenly he saw a strange pattern on the ground of one of the roads, which was very simple.

"This is... Ling Tianzong's mark?"

Qin Chen was stunned. You Qianxue came from Ling Tianzong from the land of five countries. Only she knew the mark of Ling Tianzong. Could it be that You Qianxue left him?

Shaking his figure, Qin Chen hurried forward along the passage, and soon there was a fork in the road ahead, but again, he continued to leave a mark on one of them.

Qin Chen kept coming forward like this, not knowing how many fork roads he had passed, a figure suddenly appeared in front of him, who else could it be if You Qianxue?

"Qin Chen!" You Qianxue suddenly called out in surprise, and rushed directly on Qin Chen, his body undulating.

A young girl's unique fragrance poured into Qin Chen's nose, warming his heart slightly, but his expression also looked extremely embarrassed.

Rebirth, it was the first time he had such close contact with a woman.

"Qin Chen, did you see the mark I left?" You Qianxue also seemed to feel that her posture was inappropriate, and she even loosened her face and said with a red face, like two ripe apples, which makes people bear I couldn't help but want to take two bites, his long eyelashes blinked and blinked, very clever.

"Qianxue, why did you run here?" Qin Chen sighed in relief, wondering.

He thought You Qianxue had not passed the kendo examination, but he had just come forward. You Qianxue said: "I passed the kendo examination before, and I am about to wait for you at the exit, but there are many disciples of the Demon Sword Sect gathered there, one of whom is the seed disciple of the Demon Sword Sect, Han Li. This person saw it. I took a few disciples and wanted to come up to me, although I am not afraid of him, but

This person actually broke through to the late seventh stage in the Kendo assessment. My cultivation level is low, for fear of losing, and I saw that Du Qingcheng of Luo Dynasty next to him was also about to pass the kendo test. In desperation, I had no choice but to advance first. "Then Han Li and Du Qingcheng really wanted to attack me. They followed me as soon as they came out. The two of them had terrible cultivation. After chasing me for a long time, they almost stopped me several times. Fortunately, here is a fork in the road. More often, I threw them away after deliberately turning around a few times, but I was afraid you could not find me

, So I left a mark on purpose. "

Han Li, Du Qingcheng!

Qin Chen's eyes burst out with a terrifying sharp light, and the person who dared to move him was impatient?

It seemed that when Han Li was in the Demon Sword Square, although Yan Jiu stopped him back, he probably didn't want to let him go, and wanted to attack him in the inheritance of the Demon Sword.

That being the case, the two of them had better pray not to meet him.

"Don't worry, no one can hurt you with me." Qin Chen said coldly.

You Qianxue looked at Qin Chen blankly, her heart warm.

The two chatted for a while, and Qin Chen realized that You Qianxue had not found the law of this path, but luck was good, and he went round and round, and did not encounter a dead end, otherwise he would have been caught up by the two Han Li.

However, she has been around here for two days, but it seems that there is no progress. She always stays in this area and cannot go out.

"You should be trapped in this formation."

"Formation?" Qin Chen nodded, and after walking around for so long, he also saw that this should be a formation. He already had some ideas in his heart, but it was not clear yet.

[Chapter 1139: Yuanjia Road is narrow](#)

"Let's go back first, and then find a pattern."

Qin Chen took You Qianxue back down again. If he encountered a formation, it would be useless to try more times, he would only be taken into the ditch.

If you want to break through, you must first crack it, or master this formation.

Back at the foot of the mountain, Qin Chen began to think and observe.

He had walked a lot to find You Qianxue, and his memory was so amazing, all the roads he had walked were recorded in his mind one by one, leaving an impression.

However, this path was very strange, and for a while, Qin Chen still failed to find a pattern.

"This mountain road shouldn't be set up for no reason. Since it is the inheritance of the demon sword, it must be related to swordsmanship. It is impossible to deliberately create a maze to embarrass us?" You Qianxue also pondered on the side.

"It's related to kendo?"

Qin Chen's eyes lit up. Indeed, since it was the inheritance of the Demon Sword, he would definitely not assess anything that had nothing to do with Sword Dao.

Three days later, Qin Chen suddenly had some enlightenment and a preliminary plan.

The two continued to climb the mountain, choosing a road and going all the way, two hours later, two fork roads appeared in front of them, they chose the one on the left, and two hours later, three fork roads appeared in front.

They chose the middle road, and after another day, four fork roads appeared ahead.

In this way, the number of fork roads became more and more, and later there were as many as hundreds of thousands.

Qin Chen and You Qianxue were not surprised but rejoiced. This was in line with their inference and found a correct way.

A few days later, a figure appeared in front of him.

It is Ji Ruyue.

When Qin Chen saw Ji Ruyue, Ji Ruyue also saw the two.

Qin Chen's footsteps stopped suddenly, a wry smile appeared on his face.

To be honest, the last thing Qin Chen wanted to see was Ji Ruyue.

But now Ji Ruyue, wearing a white dress and a veil on her face, is no longer dressed as a feminine man, but a woman.

Seeing Qin Chen stopped, You Qianxue glanced at the two suspiciously. The female instinct made her feel that something was wrong.

No, it's weird, something must have happened between Qin Chen and this woman.

You Qianxue surely said.

"Haha, what a coincidence." Qin Chen arched his hands towards Ji Ruyue and smiled awkwardly.

"Hmph, the ghost will not disperse." Ji Ruyue snorted coldly, then looked at You Qianxue, her face suddenly showed shock.

Unexpectedly, there is such a beautiful woman in this small northern sky region, who is not weaker than herself.

"Girl, don't be deceived by this disciple." Ji Ruyue kindly reminded.

In her opinion, how can a beauty like You Qianxue fall in love with Qin Chen, it must be this guy who deceived each other.

lecher?

You Qianxue glanced at Qin Chen strangely, the woman's gossip heart suddenly got up.

"Qian Xue, misunderstanding, there was just a small misunderstanding between me and this girl." Qin Chen said silently.

"misunderstanding?"

You Qianxue is suspicious, what misunderstanding can make other girls look at him with such murderous eyes?

She came to Ji Ruyue and said, "Girl, what happened to this friend of mine just now? It made you so angry? Please tell the girl to the next, so that you can be guarded in the future."

"He..." Ji Ruyue still has a good impression of You Qianxue, but just said a word, but she couldn't say it.

What does this make her say? Could it be that the other party spied on her, still an exhibitionist?

"Anyway, you just have to remember that this disciple is not a good person." Ji Ruyue said coldly, and then walked forward first and disappeared at the end of the passage.

"Qin Chen, what happened to you?" You Qianxue said with a smile when she returned to Qin Chen's side.

"What can be..." Qin Chen was speechless, and talked about what had happened before.

what? This woman has also activated supreme kendo?

You Qianxue was taken aback. She was the one who had activated one hundred swordsmanships, so she knew how difficult it was to activate Supreme Swordsmanship. I thought that Qin Chen alone could do it, but she didn't expect this girl to do it too?

"This woman has an extraordinary origin, and she has ancient imperial soldiers on her body. She should be someone from a top big power. She has received the best resources since she was a child. You don't have to care too much."

Qin Chen thought You Qianxue had been hit, and said with relief.

How did he know that what You Qianxue thought at this moment was not that others were better than her, but since this person was so powerful, then he must have an extraordinary background. If Qin Chen could take it down, it would definitely bring great benefits to Qin Chen.

Well, although the two of them are not doing very well, who said that they were enemies at first, and they will not be able to be together in the future?

She said silently in her heart.

Fortunately, Qin Chen didn't know You Qianxue's thoughts, otherwise his speechless jaw would be shocked.

The two continued to move forward and soon came to the end of the passage.

I saw Ji Ruyue standing in front of many side roads, frowning and calculating.

Seeing Qin Chen coming, she walked aside in disgust.

Every time before turning off the road, she has to calculate for a period of time to find the correct path.

Qin Chen didn't need to calculate, he chose one without hesitation and walked in.

Seeing this scene, Ji Ruyue's face suddenly showed shock. Doesn't this guy need to make a calculation?

"Girl, this path is correct, so let's go together." You Qianxue shouted at this moment.

Ji Ruyue first stopped, and then quickly calculated that the road Qin Chen had walked was really the correct path. In shock, he subconsciously rushed up quickly.

"Girl, I'm under You Qianxue, I don't know what the girl is called." You Qianxue has always been cold, but this time I saw Ji Ruyue with a very kind attitude.

"Ji Ruyue!"

Ji Ruyue is also extremely arrogant and rarely talks with ordinary people, but in front of You Qianxue, she feels inexplicably kind.

Maybe there is sympathy between beauties and men.

"Girl You, at the fork in the road, don't you need to make a calculation?" After walking for a while, Ji Ruyue couldn't help saying.

"Huh?" You Qianxue was stunned for a moment, didn't she calculate it long ago?

Seeing You Qianxue's expression, Ji Ruyue suddenly came over and exclaimed: "Would you guys walk all the way, don't think about it, you already know how to leave, right?"

"Isn't it?" You Qianxue was a little stunned, "This is a formation, as long as it is calculated, isn't it all right?"

"Miss You are still a master of formation?" Ji Ruyue was shocked again.

"I am not, but Chen Xiaohe is." You Qianxue said proudly.

Only with Qin Chen, there seems to be nothing that can hold him back.

"he?"

Ji Ruyue glanced at Qin Chen, with a hint of disbelief in her eyes.

The three of them walked like this, and saw a group of people suddenly appeared in front of them. The headed person was slender and naturally had a terrifying power. Yang Ling, the popular ancestor and the world's arrogant.

[Chapter 1140: Three tricks for you](#)

In the crowd, besides Yang Ling, Demon Sword Sect's Shui Yueqing was also here, surrounded by a group of Demon Sword Sect disciples.

In addition, there are some disciples of the top forces near Demon Sword City, also surrounded.

No way, this area is respected by the Demon Sword Sect, the imperial power. Other king-level powers naturally want to favor the seed disciples of the Demon Sword Sect, just like they hope to favor Han Li. Once Shui Yueqing can become the Demon Sword Sect Suzerain, then their status in their respective forces will also greatly increase.

Seeing Qin Chen and the three of them chasing after him, Shui Yueqing and Yang Ling had a look of surprise in their eyes.

How did these guys catch up? Can you go so fast?

They have some information in the inheritance of this demon sword, so they can go so fast, how can these guys keep up with them? After being surprised, the eyes of the two of them flashed a contemptuous color. They held a high degree of self-reliance and naturally did not take everyone to their hearts. Of course, this was also their assessment in front, and they did not find that You Qianxue had activated a hundred. Kendo, and Qin Chen and Ji Ruyue even activated the golden sword

Dao, that is supreme kendo.

If they knew it, it wouldn't be their current attitude.

However, seeing You Qianxue's beauty and Ji Ruyue's temperament, Rao Shui Yueqing and Yang Ling both had their eyes bright, and then glanced at Qin Chen more.

The beauty of this kid is simply enviable, and there are two women with different styles and beautiful fairy tales to accompany them, which is really incomprehensible and unacceptable.

Aren't two flowers stuck in a pile of cow dung?

You Qianxue is okay, they have seen it in the square, but where did the white-clothed woman come from?

Although Ji Ruyue wears a veil on her face, her temperament that is not like a mortal person is even better than Chen Sisi, the saint of the Celestial Gate, and she is not as good as it is. When will the boy get soaked again Such a big beauty?

The attendants around Shui Yueqing and Yang Ling saw the flash of surprise in their eyes, and immediately realized that this was the best opportunity to flatter the two adults.

One of them stepped up immediately and came to the front of Qin Chen and the three of them, blocking the way of the three of them.

However, he didn't move roughly, but arched his hands very politely, saying: "In the next Wan Xinliang, I have seen two fairies!"

Two fairies? What about Qin Chen?

Naturally it was ignored.

Wan Xinliang did this deliberately, he just wanted to put Qin Chen aside.

Are you not convinced and want to fight? That's just right, he could take the opportunity to give Qin Chen a severe lesson and make him make a mess.

At that time, as long as Shui Yueqing and Master Yang Ling come forward and scold him severely, they can both dress up well and make the two beauties look at each other with admiration, and the image will suddenly rise.

In addition, Qin Chen was vulnerable, and Master Yang Ling and Master Shui Yueqing had extraordinary identities. As long as the two beautiful women had a little vision, they naturally knew how to choose.

And if the two adults embraced beautifully, they would naturally have a good impression of him, knowing that he can do things.

It's actually good enough to be a dog leg.

Qin Chen waved his hand and said, "A good dog doesn't get in the way, go away!"

"Hehe, kid, I really don't want to talk to you?" Wan Xinliang was delighted, said disdainfully, his face full of arrogance.

Why, I just look down on you!

In the distance, Yang Ling and Shui Yueqing's pace suddenly slowed down. When they stopped like this, the others beside them naturally stopped too. How could they have passed the two adults?

With the wisdom of Shui Yueqing and Yang Ling, they of course guessed what Wan Xinliang was going to do. The two couldn't help but laugh, and did not stop.

When they thought about it, they were not tempted by the two daughters of You Qianxue, but some admired their beauty and style. Good birds choose trees to live in. They also think that Qin Chen is not worthy of the two daughters, so if you can let You Qianxue They saw Qin Chen's "true face", and he felt that he was helping the two women.

Of course, they would never behave deliberately. At any rate, they are at the level of the Pope, too deliberate and low-level, they disdain.

Wouldn't it be better to let the two women fall into their arms?

Qin Chen smiled and said, "Scum, some flattering can't be shot, because you don't know how powerful the enemy you are provoking, and how serious the consequences will be."

"You mean, you are very powerful, did I wrong you in provocation?" Wan Xinliang laughed, disdainful.

He wanted Qin Chen to do it.

Qin Chen nodded: "You are so wrong!"

"A tiny little kid, I can run you over with a finger!" Wan Xinliang sneered.

Although he could not see how strong Qin Chen's cultivation base was, he only thought that Qin Chen had cultivated a very powerful concealment technique, and he did not think that Qin Chen's cultivation base was so high.

After all, how strong can a 20-year-old boy, no matter how talented he is? It's worthwhile to step into the early stage of the seventh stage.

And he?

He was a genius at the peak of the early stage of the seventh stage. After walking through the kendo, he gained a lot and stepped into the middle stage of the seventh stage in one fell swoop.

Isn't it easy to deal with such a hairy boy?

Therefore, even if Qin Chen is genius and really wants to start, he can only cry for mercy in front of him.

"What an arrogant kid, Qin Chen, let me teach him." You Qianxue's eyes were cold, and she knew that she had caused the trouble, and her body was chilly.

Qin Chen stopped You Qianxue and said, "Let me come."

How can you let a woman do something at this time?

"You? Not the enemy of my three moves!" Wan Xinliang stepped up his stimulation.

Qin Chen didn't feel angry at all, because this kind of person is not worth his anger at all. He smiled lightly and said, "Oh? Really, then I will let you three tricks!"

"Hahaha, just you?" Wan Xinliang laughed, tears almost falling, "Boy, you are too crazy, let me see how you make me three moves!"

boom!

He raised his right hand and blasted out with a punch. Runes floated above his fist, and a punch could break the sky.

The terrifying boxing strength blasted Qin Chen instantly, and with a bang, Qin Chen was blown out.

"This is your proud capital? Didn't you eat breakfast? There is no softness at all!"

Qin Chen stood still, patted his chest, as if brushing off the dust, without any injuries.

what?

Wan Xinliang's face was ugly. Under a punch, this kid was unscathed?

"Huh, it's interesting!"

Shui Yueqing and Yang Ling also showed a hint of surprise. No wonder this kid dared to challenge Han Li when he was in the square.

But what if there are two things? They still don't care.

"Come again!"

Wan Xinliang shouted angrily. This time, his body exploded, and the true essence in his body was mobilized to the extreme, and a punch struck again.

Boom! The monstrous fist power turned into a tyrannosaurus, biting towards Qin Chen.
