[Chapter 1141: Can't stay](#)

boom!

This blow was even more powerful, blasting Qin Chen's body, rolling up amazing ripples, and the terrifying true essence seemed to explode, rumbling.

This time it was even more unbearable. Qin Chen didn't even move, and said with a smile, "Are you tickling it?"

Wan Xinliang's complexion suddenly became ashen. After two moves, the opponent was unscathed, which was completely different from what he expected.

Little kid, the defense is so strong?

Even Shui Yueqing and Yang Ling showed a dignified look. They could suppress Wan Xinliang with one hand. If they stood so that Wan Xinliang attacked, they could also stop him, but Qin Chen's face did not even change color. .

This kind of combat power has to be said to be too amazing, especially Qin Chen is still so young, even when they were back then, they were not as terrifying as Qin Chen.

This is a top genius, if it weren't for the defense armor on his body, then Qin Chen's martial arts talent was by no means weaker than them.

This son, can't stay!

Originally, the two of them were still watching the farce, but now, there is a trace of murder in their hearts.

For geniuses whose talents are not weaker than them, they can be stifled, and naturally they should be stifled early.

"Wan Xinliang, are you playing? Are you a master of boxing?" Shui Leqing drank coldly.

There was no light on Wan Xinliang's face, and it was too shameful to fail to defeat the opponent with two moves.

Moreover, the other party actually dare to taunt him?

Go to hell!

He yelled and buzzed, a brown long sword appeared in his hand instantly, the long sword trembling, buzzing, every sword flashed out, and in an instant, hundreds of sword beams fell against Qin Chen and blocked it. All the escape routes for Qin Chen.

Although he did not show mercy just now, as Shui Yueqing said, he is a swordsman, otherwise he would not come to this demon sword to pass on. His strongest is still swordsmanship.

Now the Feiliu sword is used, and the combat power has skyrocketed, enough to kill the opponent with one sword.

Hum!

The terrifying sword intent filled Qin Chen frantically.

A fierce light flashed in Qin Chen's eyes, and the other party was killing him!

But he still stood proudly, the invisible sword intent on his body burst out in an instant, sneered and sneered, and constantly consumed the opponent's sword aura.

Letting the other party three moves does not mean not resisting.

Moreover, the reason why Qin Chen did this was not because he had nothing to do, but because he wanted to verify his own ideas and gains from Supreme Sword Art.

The emptiness of sword intent bloomed on his body. Although he had never taken a shot, layers of sword intent were like the surging waves, quickly dissipating the sword energy that Wan Xinliang had cut.

Before the hundred sword qi fell on Qin Chen, it had disappeared and was invisible.

Qin Chen's eyes brightened, and as expected, after passing the Supreme Sword Dao, the sword intent in his body became stronger and stronger, and it was already enough to eliminate the full sword energy attack of a seventh-order mid-stage martial king.

what?

how can that be?

Seeing that Qin Chen was unscathed, Wan Xinliang was shocked, and his soul was almost gone. The other party didn't make any move at all, and his attack was wiped out by the sword intent alone. What strength is this?

"Three tricks have been passed, should I make a move?"

He was shocked, Qin Chen wouldn't keep his hands, and smiled coldly.

Just now Wan Xinliang clearly had a dead hand, and you were ruthless to me, so I don't want to let me be merciful. You were the one who provoked me first.

Sword Intent Transformation!

boom!

Whoops whoops!

Qin Chen's whole body was glowing, and then horrible sword lights shot out from his body, spraying out toward the fan-shaped area in front, and the terrifying sword intent was spreading across the nine heavens and ten places.

"No, go back!"

Shui Yueqing was shocked. Such a blow could catch up with his all-out effort. If Wan Xinliang was hit by such an attack, it would definitely be pierced in an instant.

But he shouted loudly and in time, but the point is, where does Wan Xinliang have time and space to dodge?

Puff puff puff puff!

Sword Qi of Ling Ling was in the air, and the world was enveloped by endless sword intent, rippling amazing ripples.

This is an explosion of attribute sword intent. With Qin Chen's current cultivation base, he can kill the ordinary seventh-order late-stage martial king with a single blow, let alone hundreds of thousands of them?

Wan Xinliang's strength is comparable to an ordinary seventh-order late-stage martial arts king. When he is caught in a sword aura, he will inevitably hang up. What will happen to him when he is caught in hundreds of sword auras at once?

Extinct!

In front of Qin Chen, Wan Xinliang had disappeared, and his body and spirit had disappeared under this blow.

The dignified mid-ranking seventh-tier martial king, the world-famous genius among the top king-level forces near Demon Sword City, was so wiped out.

It was a teenager who was ten years younger than him who killed him!

Who can believe this?

Wan Xinliang is not ordinary, he is a genius in swordsmanship. The law of martial arts determines that he is enough to leapfrog to kill the enemy. Only when he is opposite Yang Ling, Shui Yueqing and other emperor-level forces, he will encounter defeat.

But now...

The expressions in Shui Yueqing and Yang Ling's eyes suddenly became fierce, with a layer of haze.

Just now, Qin Chen's initial performance made them feel that although Qin Chen is very strong, he can only say that his defense is good. Maybe he has some defensive treasure on his body, so he shouldn't be completely concerned about it.

But now Qin Chen actually killed Wan Xinliang in an instant with the sword intent he inspired, what kind of strength was this? In the comprehension of Jianyi, it was even comparable to them, which completely shattered their confidence.

What made them even more furious was that Qin Chen was only 20 years old now, and they were already in their early thirties.

They don't think they can do this when they are twenty.

Can't do it by himself, but Qin Chen can. Doesn't this mean anything?

Doesn't it mean that, as the top godsons of the emperor-level forces, they are actually worse than a stinky boy who doesn't know where they come from?

What made them even more depressed was that they actually looked down on Qin Chen before, didn't they look down on themselves even more when they looked down on Qin Chen?

"Boy, you are so brave to kill Wan Xinliang, you are looking for death!" Behind Shui Yueqing, a follower recovered from the shock and immediately pointed to Qin Chen and yelled at him.

He is not only the seventh-tier mid-term martial king, but also has reached the seventh-tier mid-term peak.

In all fairness, his mastery of kendo hasn't reached the level of sword intent that Qin Chen exploded before, but he boasted that if he really wanted to fight, he might not be able to block the terrifying blow.

Therefore, he has enough confidence to scold Qin Chen, because here is not him, but dozens of powerhouses, among them are Shui Yueqing and Yang Ling, the two great arrogances of the world.

Although the opponent is strong, but they are such a group of people, can't deal with a small teenager?

Even if they are not opponents, Shui Yueqing and Yang Ling will definitely stand out for them. "Wan Xinliang is nothing more than discussing with you, but you are dead, too vicious!" He continued.

[Chapter 1142: Kill for life](#)

"Oh?" Qin Chen laughed. At first, Wan Xinliang just wanted to humiliate him, but the third shot was already intent to kill. Why is this still a discussion?

When he is an idiot?

"You kill all, so what if you talk so much nonsense?" Qin Chen sneered. Since the other party is going to be aggressive, then he has no reason to persuade him.

The only one who was afraid was the seed disciple of Shui Yueqing's Demon Sword Sect.

"Kill...pay your life!" The warrior said sensibly.

"Yes, pay for life!" The other warriors also roared.

Shui Yueqing and Yang Ling did not speak, but their eyes were sharp and murderous.

At the same time, a touch of arrogance and self-confidence emerged in the eyes.

Even if they saw Qin Chen's terrifying strength, they still didn't care at all.

In fact, if he saw Qin Chen's strength in the Demon Sword Square, he might be a little afraid.

But after passing the Silver Sword Dao, the two of them all entered the middle stage of the seventh stage from the peak of the seventh stage, and their combat power increased several times, even if they knew that Qin Chen was so powerful, they didn't take it seriously.

What they care about is Qin Chen's age, ten years younger than them, yet he has the strength not weaker than before they entered the Demon Sword Square!

Doesn't it mean that the two of them are inferior to such a wild boy who doesn't know where he comes from?

If Qin Chen was in his early thirties like them, wouldn't he be able to easily suppress them?

This made the two murderous intent. As a world-famous arrogant among the imperial powers, they have their own arrogance. They can't leapfrog to kill their opponents. They are actually suppressed by others, and they are still ten years behind. This is unbearable.

Are they just ordinary heavenly arrogances, but the other side is the emperor among the heavenly arrogances?

This child must die.

"No one can kill my people from Shui Yueqing, and I can leave safely!" Shui Yueqing, who had never said anything, spoke up. He was aloof and his eyes were full, as if the king was looking at his courtiers and said coldly: "You can judge yourself. At least one whole body can be left."

Qin Chen laughed, "But if you kill enough barking, what's the big deal?"

"Brother Shui, but what nonsense this kid, this boy killed the people of Brother Shui, let Yang take revenge for those of Brother Shui!" Yang Ling snorted coldly, and he appeared in front of Qin Chen as soon as he moved. Five fingers grabbed Qin Chen's throat. He is a martial artist in the late stage of the seventh stage, and the world-famous arrogant of the imperial powers, a top-level genius who can kill people as easily as drinking water. A martial king who is at the peak of the late stage of the seventh stage will be instantly caught by this attack.

Throat, fate.

"Qin Chen be careful!" You Qianxue exclaimed. She could feel Yang Ling's strength. This was a heavenly arrogant, more than ten times stronger than Wan Xinliang before.

"Qianxue, don't worry, this guy can't hurt me!" Qin Chen gave a faint smile and blasted out with a backhand punch.

boom!

The fists of the two collided, and immediately, the mighty true essence exploded.

Qin Chen took seven steps back, then stood firm and smiled: "The emperor ranks the world's arrogant power, but that's it!"

Yang Ling also stepped back five steps, and he had the upper hand in this blow, but his face was not pretty at all, because the result he expected was completely different.

During the fight, he had already peeked out Qin Chen's strength, but at the peak of the seventh-tier mid-term.

And he?

King Wu in the late seventh stage.

In the situation where the cultivation base has the advantage, it can't take the opponent.

In the mere middle stage of the seventh tier, the peak martial king, the combat power is so strong?

And even dare to taunt him!

"Boy, looking for death!"

boom!

Yang Ling was furious, and a rune appeared on his body in an instant. The light above his eyebrows was shining, and the aura of the whole person soared in an instant!

kill!

He blasted out with a punch, like a star falling, and the edge of his fist caused an astonishing explosion.

"Haha, fight!" Qin Chen smiled lightly and greeted him instantly.

boom! boom! boom!

The power of the true essence surged wildly, forming an astonishing continuous explosion, and the terrifying true essence kept shining and disappearing, and it was extremely bright.

Qin Chen and Yang Ling were shaken a hundred meters away again at the same time, but in the next instant, they came back and launched a fierce confrontation.

The heaven and the earth seemed to be torn apart, and there were astonishing ripples. The entire road was surrounded by terrifying true essence. Every time the two powerhouses met, they would burst out with dazzling light, illuminating the heaven and the earth.

Everyone was dazzled and fascinated, did such a battle really break out between the two martial kings?

I'm afraid... the Emperor Wu is just like that, right?

Many followers of Yang Ling and Shui Yueqing each had numb scalp and opened their mouths, but they couldn't utter a word.

At this moment, they had also seen through Qin Chen's cultivation.

It was too shocking, that kid was just the peak of the seventh-tier mid-term, and he was inextricably able to fight Master Yang Ling.

The middle stage of the seventh stage is equal to the latter stage of the seventh stage, and it is still a great arrogant like Yang Ling, are they all dreaming?

You must know that Lord Yang Ling himself is a top genius who can leapfrog the ranks, but that kid, how can He De, and he is so much younger than Lord Yang Ling, isn't that kid a genius of the emperor-level forces?

Perverved, too perverted.

The two strong men fought, and the silhouettes flickered, making the group of people on the field dumbfounded, dumbfounded, and almost turned into a log.

Even Shui Yueqing's eyes were shocking, and his heart surged.

Only Ji Ruyue frowned and asked in doubt: What's the matter with this kid? How does it seem that the strength has become weaker? She is the one who knows Qin Chen's strength best. If she urged the weird demon fire and attribute sword intent to the extreme, she would have already taken down Yang Ling, and when she was in the Supreme Sword Dao, the opponent seemed to be still fighting against herself. Wounded, how does it look now that his strength is even in the supreme kendo

It's not as good when you go up?

Where Ji Ruyue knew, Qin Chen couldn't help it.

Before, he could work **** the Supreme Sword, because he thought that Ji Ruyue was a simulated body on the Supreme Sword, and he didn't need any reservations at all.

But not here.

The people in the Enforcement Hall of the Misty Palace are still staring outside, searching everywhere for the murderer who wounded the leader of the Enforcement Hall, Chilian Fairy. The strongest strength he can reveal is currently not up to the point where it can pose a threat to the Martial Emperor in the early stage of the eighth stage.

Only by waiting for some adventures along the way, thinking of ways to pretend to improve, otherwise, once the people in the Hall of Law Enforcement suspect and investigate, it will be troublesome.

After all, he was near Tianlongzhai, and he also met with the members of the Hall of Law Enforcement, which easily aroused suspicion.

Compared with the threat of the Hall of Law Enforcement, the Demon Sword Sect was not worth mentioning.

Puff puff!

The two sides fought wildly, and in an instant, a trace of blood spattered, and Qin Chen's sword intent cut a wound on Yang Ling's body, splashing blood.

Everyone was completely shocked, Master Yang Ling was actually injured, and this mighty world-famous arrogant would also be injured! On the contrary, it was Qin Chen, a pervert with a strong physique. After being hit by Yang Ling a few punches, he was alive and well, as if he was not injured.

[Chapter 1143: Go together](#)

Yang Ling was extremely frightened.

The opponent's attack was not good, but the defense was too strong. His fist power fell on Qin Chen, and he could not cause much damage to him. What kind of abnormality was this?

"Huh, I'm coming!"

Shui Yueqing's eyes flashed, and finally couldn't hold back. Well, the sword light in his hand flashed, and a sharp long sword had appeared in his hand.

The long sword trembles, bursting out an unprecedented surging sword light. Between the heaven and the earth, a sword aura connects the heaven and the earth, forming an endless sword intent coercion, and suddenly comes to Qin Chen.

He saw that Yang Ling couldn't kill Qin Chen in a short time, it seemed that there was still danger, and in shock, he shot directly.

The sword light flickered, as if it could cut the world apart, the sharp sword light was approaching Qin Chen.

Even if the two of them joined forces, they would take Qin Chen down.

"It's too despicable!" You Qianxue was furious, her pretty face was cold, and she suddenly shot when she saw it. Hey, the sword light surged, and she instantly stopped in front of Shui Yueqing.

"Go away!" Shui Yueqing drank coldly, his eyes were cold, the sword lights in his hand flashed apart in an instant, and it turned into dozens of hundreds, densely packed, and slashed towards You Qianxue, with a powerful aura.

In his opinion, even though You Qianxue is beautiful, her strength may not be that high. This sword is enough to let her know the gap and force her back.

"Ice and snow are in the sky!" You Qianxue's body was full of chills, her long skirt flying around, like a fairy, countless cold ice swords shot out, colliding with the overwhelming sword light displayed by Shui Yueqing.

Puff puff puff!

The sword light is intertwined, like a blazing fire, it is extremely dazzling, two horrible sword intents in the void continue to collide, both of them vanish in the void.

"What? That woman actually blocked Master Shui Yueqing's attack?"

"Another pervert?"

"This woman's cultivation is only at the peak of the seventh-tier mid-stage, and she can actually block Master Shui Yueqing, my god, is it my dizziness?"

"Where did these two guys come from?"

"God, I'm going crazy!"

The crowd was shocked, their colors changed one after another, everyone was stunned, one by one was going crazy.

Qin Chen was able to block Master Yang Ling with his cultivation base at the middle stage of the seventh stage. They were already extremely shocked. Who knew that You Qianxue beside Qin Chen was also abnormal, and with the same cultivation base, he blocked the water that had broken through to the late stage seven. Yueqing.

"You... are looking for death!" Shui Yueqing was furious. He didn't put You Qianxue in his eyes at all, but at this moment, his face changed under the anger.

Blocked by a woman whose cultivation level was lower than her own, and spread it out, how could he, the seed disciple of the Demon Sword Sect, meet people?

"Demon Swordsmanship-Cut!" He held the sword in both hands, and his momentum instantly changed, as if there was some wild beast awakening in his body, the long sword in his hand burst out with a dazzling glow and swept towards You Qianxue.

"Not good!" You Qianxue's face changed slightly. After all, Shui Yueqing is the top genius of the imperial power. If she is at the same level, she can still rival the opponent, but now, Shui Yueqing's cultivation is one level higher than her. Immediately fell into danger.

boom!

The sword light surged, and the terrifying murderous intent enveloped You Qianxue, making her feel the threat of death.

"Absolutely zero!"

The blood of the cold ice bloomed, and You Qianxue's eyes were cold, and her killing intent was boiling. She must not let Shui Yueqing hurt Qin Chen and cut it out with a violent sword.

Click!

The icy cold air permeated, the void was frozen, and for a moment it seemed to be frozen into a large mirror. In the ice, a sword energy surged out and collided with the sword light cut by Shui Yueqing.

With a bang, the sword qi burst, and You Qianxue flew back tens of meters in an instant, the blood in his body surged, his throat was sweet, and the corners of his mouth overflowed with blood.

But she still blocked Shui Yueqing in the end, and Shui Yueqing was not doing well. There was a layer of white frost on her body, and her face was frozen and blue.

"This You Qianxue is so strong."

Ji Ruyue looked at You Qianxue in surprise, what was her vision? A genius like Shui Yueqing is shining in the North Tianyu, but in her eyes, he is just a clown.

On the contrary, You Qianxue, with the cultivation base of the middle of the seventh stage, actually blocked Shui Yueqing's attack. Although he was at a disadvantage, its potential was extraordinary. After all, You Qianxue's age is at least seven or eight years younger than Shui Yueqing. More importantly, Ji Ruyue himself is the top swordsman genius in the martial arts. The swordsmanship and secrets he cultivated are all top-notch, and his vision is natural. It's extraordinary. It is natural to see that the swordsmanship practiced by You Qianxue is actually very common.

Tong is only an earth-level and even profound-level exercises.

In the Tianwu Continent, the exercises are divided into four levels: heaven, earth, black and yellow, and each level is divided into upper, middle and lower levels.

The swordsmanship Ji Ruyue cultivated was a sky-level swordsmanship. Although it was extremely common in the sky-level, it was far above the northern sky.

And Shui Yueqing, at any rate, was also a disciple of the Demon Sword Sect of the imperial power.

However, You Qianxue's swordsmanship is only medium or even inferior, but it already has this power. If he cultivates stronger swordsmanship, what point will he reach? Unimaginable.

At least with the cultivation base of the seventh-stage mid-stage peak, it can definitely kill a seventh-stage late-stage arrogant like Shui Yueqing.

"This You Qianxue's talent is comparable to that of the genius in the Martial Domain, but it is a pity that he was born in this northern heaven and it is difficult to achieve success. If he can get more resources for training, he will definitely fly into the sky.

"By the way, I remember that my aunt came to this northern heaven, and it seems that there is still a shortage of manpower. If she is recommended to my aunt and joined the law enforcement hall, it will not only help this You Qianxue, but also give my aunt a right-hand man."

Ji Ruyue's eyes lit up.

boom!

Qin Chen and Yang Ling fought hundreds of moves, and then blasted Yang Ling with a punch, and instantly came to You Qianxue, saying: "Qianxue, are you okay?"

You Qianxue shook his head: "I'm fine, it's just a small injury, it's not in the way." After Yang Ling was blown out, he didn't make any further moves, because he knew Qin Chen better than others, and the man's physique was so strong. It was only a minor injury after being hit by him several times. But what about him? Although the blow was not as much as Qin Chen, the defense was not as good as the opponent, but it was hurt.

Not light.

If he fights again, he may lose or even die!

For today's plan, he can only be killed by joining forces with Shui Yueqing.

He and Shui Yueqing looked at each other, murderous intent surged in the eyes of both sides, then nodded, and coldly shouted to everyone behind him: "This person killed my people in Demon Sword City, and join forces to kill them!"

The other warriors on the scene looked at each other, let them go together? The strength that Qin Chen and You Qianxue showed before had already shocked them, and they might go up to death.

But when Shui Yueqing spoke, they naturally didn't dare to disobey. They looked at each other, and murderous intent suddenly surged in their eyes.

kill! Accompanied by an angry shout, dozens of warriors were killed at the same time, shaking the sky.

[Chapter 1144: Ji Ruyue's invitation](#)

Whoosh whoosh!

A large group of people rushed directly to Ji Ruyue.

why?

Do you still have to ask, Qin Chen and You Qianxue are so strong, wouldn't they go up to death? Even Master Shui Yueqing and Master Yang Ling couldn't take the two of them for a while, what can they do when they go up?

Although they want to succumb to Yueqing, they can't risk their lives, right?

"court death!"

Ji Ruyue was indifferent, and the cyan ancient sword appeared in her hand, and the tyrannical aura crisscrossed nine days and ten places, cutting out with a sword towards the front.

Her heart was still in anger because of what happened to Qin Chen before, and she didn't get any relief at all. Now seeing these guys dare to do something to herself, she suddenly became angry.

Huh!

A sword aura that was ten feet long came out vertically and horizontally, and the void trembled, as if it was about to burst. The dozen or so warriors who flew by the front screamed, and were instantly cut off by the waist and turned into blood mist.

More than a dozen people died with one sword.

"Who wants to come up to die?" Ji Ruyue said coldly, looking at the dozens of warriors left in front of him.

The remaining dozens of people were all startled, their stature stopped abruptly, and looked at Ji Ruyue in horror, shaking involuntarily.

Gosh!

I thought that this white-clothed woman was the weakest and wanted to go up and take advantage. Who knew that the strength of the other party was so terrifying. With a single sword, she killed more than a dozen geniuses in an instant.

This is more than a dozen geniuses.

And every one of them was at least the peak of the early stage of the seventh stage, and even the middle stage of the seventh stage, the king of martial arts, put it to the outside world, who is not a Tianjiao figure, but in front of this white-clothed woman, like a weak chicken, he was killed with a sword.

Is this a dream?

A group of people desperately rubbed their eyes, furious.

"How could this woman be so strong?"

"Killing so many Wu Kings with one sword, even Master Shui Yueqing may not be able to do it?"

"Where did these three guys come from?"

"I'm going crazy!"

The followers who survived all hugged their heads and exclaimed, totally unbelievable.

The complexions of Shui Yueqing and Yang Ling also became extremely ugly, their eyes shocked and unbelievable.

The terrifying sword intent emanating from Ji Ruyue's body made them all tremble, as if they had encountered a natural enemy.

"How many, do you want to continue fighting?" Qin Chen said with a smile.

"Boy, let's save your life, you will definitely get it back in the future!" Shui Yueqing hesitated, gritted his teeth and said sternly.

I thought that there were only two masters, Qin Chen and You Qianxue, who joined forces and had a chance to kill each other, but I didn't expect that the white-clothed woman was not weaker than them.

In this way, although the opponent has only three people, in their group, there are only two peak combat strengths.

Fighting again, not only can't kill the opponent, on the contrary, he will suffer heavy losses on his side and can only stop.

"Ha!" Qin Chen sneered, "I kill you like a dog in a battle of the same rank!"

Shui Yueqing's momentum became weak. This is an extremely eye-catching fact. Qin Chen's growth space is far greater than that of him, but after a blink of an eye, he is murderous. Such a terrifying opponent really needs to be killed early, otherwise there may be no chance in the future. Up.

Not only Qin Chen, but also the other two, must be killed as soon as possible.

"let's go!"

With a cold snort, Shui Yueqing and Yang Ling looked at each other, leading a group of people to the front of the passage and quickly disappeared to the end.

At the fork in the road ahead, a group of people stood still.

"Brother Shui, let's just forget it?" Yang Ling said coldly. He is the arrogant of the Popular Sect. When did he receive such insults. "Forget it? It's not that easy, but those few people are extraordinary, even if we can kill each other, we will have to lose a lot, not worth the loss." Shui Yueqing squinted his eyes and said coldly: "This time we come in, yes In order to compete for the inheritance of the demon sword and obtain the identity of the son, if it is in this few

Too much energy was wasted personally, and the gain was not worth the loss. "

"What should I do then?" Yang Ling asked in confusion.

"It's very simple, unite with Han Li and them to drive away tigers and wolves!" Shui Yueqing laughed, but her smile was extremely cold.

"Unify Han Li? Will they agree?" Yang Ling knew that in the Demon Sword Sect, Han Li and Shui Yueqing were the two most intractable.

"Have you forgotten what happened in the Demon Sword Square? Then Han Li had already had grudges with this kid. I wish he would die. Hey, maybe we can still use this opportunity to pit Han Li once." Yueqing's eyes lit up instantly.

If Qin Chen and Han Li both lose out, it would be even better. At that time, he would just take advantage of the fisherman's profit.

Thinking of this, Shui Yueqing suddenly chuckled.

If Shui Yueqing knew that Qin Chen had actually hidden his strength in order not to attract the attention of the Hall of Law Enforcement, I don't know what his inner thoughts would be.

"Thank you for your move before." Qin Chen walked in front of Ji Ruyue and arched his hands.

Ji Ruyue glanced at Qin Chen: "It's up to you if I kill my person."

Qin Chen touched his nose.

Yes, the hot face is put on the cold ass!

Ji Ruyue came to You Qianxue and said, "Your excellency is very talented, but it is a pity that I was born in this northern heaven and was buried. If I join a higher power, I am afraid that the future will be very different. I hit it off with the girl, but I can recommend a girl. place."

You Qianxue shook her head: "Thank you Miss Ji for your kindness, I haven't joined other forces to clean up yet."

"Isn't the Hall of Law Enforcement willing?" Ji Ruyue believed in herself.

"Girl, are you from the Hall of Law Enforcement?" You Qianxue's eyes condensed, and suddenly, a strange light flashed in her eyes.

Qin Chen also frowned.

Ji Ruyue shook her head: "I am not from the Hall of Law Enforcement, but I can recommend the girl to the Hall of Law Enforcement."

You Qianxue originally had a good impression of Ji Ruyue, but her heart was cold at the moment. She knew that Qin Chen and the Hall of Law Enforcement had a great hatred, how could she join the Hall of Law Enforcement?

"Sorry." You Qianxue said coldly, her tone becoming cold.

Ji Ruyue was taken aback for a moment. She didn't expect You Qianxue to refuse, but she was not the kind of person with a hot face and cold buttocks. Since You Qianxue refused, she did not continue.

The three people quickly came to a fork in the road.

At this moment, Shui Yueqing and his group gathered at the fork in the road, seeming to be calculating something.

The Demon Sword Sect has entered the Demon Sword inheritance many times. Naturally, he is very skilled in the calculation of the passage here, but it cannot be seen through at a glance. It must be carefully deduced.

Seeing Qin Chen and his entourage, the faces of the warriors behind Shui Yueqing suddenly changed, and they moved back quietly, apparently afraid of being killed by Ji Ruyue.

Shui Yueqing and Yang Ling snorted coldly, and their faces were also very ugly.

At this moment, another group of people came towards the fork in the road, headed by a beautiful and charming beauty.

It is Xu Yan, the seed disciple of the Demon Sword Sect. Beside her are the saint Chen Sisi of the Celestial Gate, and a group of flower protectors, like stars holding the moon.

[Chapter 1145: Fire extinguishing](#)

"what!"

Ji Ruyue's gaze was stunned, Xu Yan and the others actually walked over from another fork. Isn't there just one correct path for this fork?

She guessed it was right. In fact, at the back, among the countless forks, at least a few of them could lead to the top of the mountain, so they would encounter so few talents along the way.

Thousands of people were all scattered into these countless roads.

Of course, it was also because Qin Chen's deduction was so fast that he had already rushed to the forefront. After all, Shui Yueqing and Xu Yan were both seed disciples of the Demon Sword Sect, and they must have the fastest way to find the right path.

When they saw Xu Yan, the cold eyes of Shui Yueqing and Yang Ling suddenly returned, they didn't want to lose their stance in front of this old opponent.

At this time, Xu Yan also saw Shui Yueqing, just smiled faintly.

Although she is a woman, it does not mean that she can't stand out and get the identity of the son.

Just when she saw Qin Chen's three people, Xu Yan couldn't help but shrink her beautiful eyes slightly, looking a little surprised.

She is the seed disciple of the Demon Sword Sect, and has the method to calculate the correct road, so she can get here so quickly, only a little distance from the top of the mountain.

But Qin Chen and the three people actually came here, what does this mean?

The speed at which the opponent cracks this formation is much faster than himself.

She was horrified in her heart. Others didn't know it. Of course she knew how much time, energy, and manpower it took for the sect to figure out the correct path for this divergence.

But now a young man can do it?

"Xu Xianzi, it's him!" Behind Xu Yan, a green shirt warrior suddenly pointed at Qin Chen.

What do you mean to me?

Qin Chen glared at the man, his eyes were a bit fierce, there was no way, he had just done a fight, he didn't have a good impression of the people of Demon Sword Sect.

"I heard that you activated the Golden Sword Dao?" Xu Yan asked Qin Chen.

"What?" Shui Yueqing cried out in exclamation.

how can that be?

Golden kendo is also called the supreme kendo. From the inheritance of the demon sword to the present, it has not been activated and set foot. This is called an impossible opportunity. Only the supreme kendo between heaven and earth can do it. Comprehension to the extreme.

But how can the seventh-order Martial King reach the extreme in the sense of sword intent, so in their imagination, it is impossible for anyone to activate the golden sword.

But now, Xu Yan actually said that this kid had activated the golden kendo, was she kidding?

Shui Yueqing realized his gaffe, and hurriedly closed his mouth again.

He looked at Qin Chen, and the jealousy in his eyes became more obvious.

Although she had never appeared before, Shui Yueqing didn't think Xu Yan was wrong.

Qin Chen's talent was unbelievably high, and the seventh-tier mid-level pinnacle was able to fight against Yang Ling, which far exceeded the emperor rank power Tianjiao level, and it seemed that it was not impossible to activate Supreme Sword Dao.

Why does this honor not belong to me?

Shui Yueqing squeezed his fists hard, suppressing the urge to shoot.

If you have inspired the supreme kendo, you don't need to be assessed at all, you can directly become the Zongmen Zongzi, surpassing Xu Yan and Han Li.

Qin Chen glanced at Xu Yan. He hadn't dealt with this female seed disciple yet. He nodded and said, "Yes."

There were too many people who saw this scene. He didn't need to conceal it deliberately, and he couldn't conceal it.

Hearing his confession, there was an uproar from the Shui Yueqing side. Many martial artists looked at Qin Chen in amazement, and their hearts trembled. No wonder this person was able to defeat Lord Yang Ling before and turned out to be a peerless genius who activated the Supreme Sword Dao.

"Xu Xianzi, as well as that woman, had activated a hundred kendos before." Another person pointed to You Qianxue.

At this time, a person behind Xu Yan glanced at Ji Ruyue suspiciously, and said in doubt: "Xu Xianzi, this woman seems to be very familiar, and she is very similar to another person who activated Supreme Kendo later, but then activated Supreme Kendo. The swordsman seems to be a feminine man, how..."

what?

The masked woman also activated the golden kendo?

Shui Yueqing and the others were almost numb from the shock, and the boss with his mouth open couldn't close together.

No wonder these three guys are so perverted. Two of them have activated Supreme Swordsmanship and one has activated one hundred Swordsmanship. How is this possible?

Shui Yueqing, the strongest of them, had only activated 92 swordsmanships. The gap was so big that one was in the sky and the other was on the ground.

For a time, everyone was jealous.

Chen Sisi also looked at Qin Chen with her soft eyes, her eyes wavering on Mid-Autumn Festival.

Xu Yan laughed and said: "My master once said that if the Supreme Sword in the Demon Sword Inheritance is activated, you can get extra rewards from the inheritance on it. I don't know what the few of them have gained? It's curiosity."

Qin Chen couldn't help but his eyes constricted. Does the other party mean sword grass? This Demon Sword Sect does have two sons. Xu Yan's master must be an eighth-order martial emperor, but he is absolutely impossible to enter the supreme swordsmanship. It is not ordinary to guess that there will be extra gains in the supreme swordsmanship by relying on calculations.

He was noncommittal, just smiled faintly, this has involved secrets, and he has no need to answer the other party.

"I would like to invite a few people to reluctantly give up their love. If there is something to be gained, Xu Mou is willing to pay a big price to buy." Xu Yan said.

Qin Chen shook his head, "What's the catch? The girl thinks too much, and Qin has never seen it."

The sword grass almost killed him, and he saw only two plants. Later Ji Ruyue walked in front, and even if he had it, he was taken away by Ji Ruyue. He did not have it.

"Brother Qin, this is not interesting enough for you. Xu remembers that you and my Demon Sword Sect Han Li seem to have a grudge. If your Excellency can sell me your harvest, Xu can help you mediate a little. , Presumably Han Li won't not sell my face." Xu Yan smiled lightly.

She was so confident that Qin Chen offended Han Li in Demon Sword City. No matter what his background, she was frightened. With this condition, I am not afraid that the other party will not agree.

Qin Chen sneered at the other person, Xu Yan felt too good about herself.

Need him to mediate?

"Sorry, I really don't understand the girl's meaning, I'm leaving." Qin Chen didn't bother to talk nonsense with the other party, arched his hands, turned and walked towards the side road in front of him.

"Stop, Xianzi Xu is talking to you, what attitude do you have." A warrior suddenly shouted and stopped Qin Chen.

"Brother Qin, you are not interesting enough." Xu Yan's face sank and her eyes became cold.

Tianjiao became angry, and the natural situation changed.

"What are you? Qin Chen said no, then there must be no!" You Qianxue said, and the cold air filled her. Although her cultivation level was not high, the aura on her body was terrifyingly shocking. "Everyone is extinguishing the fire." At this moment, Chen Sisi laughed, with a natural coquettish attitude, and instantly dispelled the atmosphere of silence on the court. She was smiling like a peach blossom, moving heartstrings, and smiled: "Several people Let's make a price, what exactly is necessary to sell us things?"

[Chapter 1146: Turn a blind eye](#)

"It's the girl who makes it comfortable to talk." You Qianxue laughed and stared at Chen Sisi: "Although I don't know what you are asking for Qin Chen, but if the girl promises me a condition, even if it's less dusty. Yes, I also let him hand over the things."

She is smiling, harmless to humans and animals.

"Oh? I don't know what this girl wants me to promise you? As long as this saint can do it, I won't refuse." Chen Sisi also smiled, and the natural obsession made everyone around him look straight. .

"The girl must have this thing." You Qianxue said.

"Please make it clear." Chen Sisi was surprised, what exactly it was that the other party actually said that he must have it.

"It's the girl herself!"

"Me? What do you mean?" Chen Sisi was stunned.

You Qianxue smiled and said: "The girl doesn't understand this? Of course, it is the girl who promised her to give herself to Xiao Chen. By then, the girls will be people with Xiao Chen. What is there in Xiao Chen? Will you not give it to the girl?"

"puff!"

There was a roar of laughter from the audience.

After doing it for a long time, it was for the saint of the Celestial Gate to trade herself to that kid, oh, this is a big heart.

The identity of the saint of the Celestial Gate is very resounding in the northern sky, this guy really dare to think.

If Qin Chen proposed it by himself, there would be ridicule on the court. The key is that You Qianxue proposed it. Everyone didn't know what to say?

Didn't You Qianxue have a relationship with Qin Chen? Is there really nothing between the two?

The flattery on Chen Sisi's face disappeared instantly, and a layer of frost spread on Qiao's face. She coldly said to You Qianxue: "You dare to play with me?"

I thought the other party would taunt him a bit, but You Qianxue said with a serious face, "I'm serious."

She has a sincere tone, and there is no joking on her face, as if she is really making a serious proposal.

This made Chen Sisi even more embarrassed and angry. What identity is she, and how can Qin Chen be worthy of her?

Chen Sisi wanted to say something, but Xu Yan interrupted him instantly, disdainfully said: "Chen Sisi, don't talk so much nonsense with them, these guys really think that by activating the Supreme Sword, they will be invincible in the world!"

The realm is flawed. If she is not so confident before entering the Demon Sword Inheritance, but after passing through the kendo before, their cultivation has broken through the late stage of the seventh stage, plus their ability to leapfrog challenges, even Qin Chen steps on the supreme kendo, what can he do?

Not to mention that the other party is so much younger than them, even if they are genius, where can they be stronger?

"Xu Yan, don't despise this person." Shui Yueqing said with a solemn expression. He turned his gaze and said, "Why don't we join hands and divide their treasures equally?"

Yang Ling also said: "Yes, the four of us joined forces, the four great arrogances, I don't believe that we can't deal with the three of them."

Xu Yan was taken aback, and then blurted out: "Have you played against them?"

Chen Sisi was also shocked.

If this is not the case, how can there be joint suggestions and such words?

Wait, Shui Yueqing definitely didn't take them down... God, the biggest of these three guys is only in his early twenties, right? Shui Yueqing, their two great arrogances, plus so many warriors, didn't even take the three of them?

I look down on them, I really look down on them, how can people who can set foot on the supreme kendo be measured by common sense?

Although Shui Yueqing did not want to admit it, he wanted to kill Qin Chen, and he heard Xu Yan say that he was also moved by the treasures of Qin Chen, thinking that the reason why Qin Chen is so strong must be in harmony with the supreme swordsmanship. The treasure I got from the shop is not unrelated, but he nodded after hesitating slightly.

Although Xu Yan and Chen Sisi had already had such speculations, it can be seen that Shui Yueqing had personally confessed, and they couldn't help but feel shocked.

Is there such a person?

Xu Yan immediately showed a strong killing intent, and being so genius would make them sleepless.

"Okay, join forces to kill the three of them!" She was very decisive and made a decision immediately.

Shui Yueqing and Yang Ling nodded. The two of them could not kill the Qin Chen and the three of them, but if Xu Yan and Chen Sisi were added together, it was highly possible that they could take Qin Chen and the three of them out. Harvest, anyway, in Demon Sword City, who would dare to trouble them.

The three major arrogances all showed strong killing intent. Although Chen Sisi was not as strong in killing intent as the three, he looked at the three Qin Chen in shock, with beautiful eyes flickering.

The number of times they have joined forces with people is pitiful, let alone deal with a few warriors who are at least ten years younger than themselves. If it were passed out, no one would believe it.

call out!

At this moment, two figures suddenly swept over from a distance, surprisingly fast, and behind them, two people followed, equally fast.

Behind the two people behind, there is a large group of warriors.

"Huh?" The two in front suddenly stopped and said to Qin Chen: "Why, are you in trouble?"

He is Ye Wuming.

But Ye Wudao followed him.

As soon as Qin Chen wanted to speak, he saw the two people behind Ye Wuming also stopped. These two people... were Han Li and Du Qingcheng.

Now that the inherited Geshitianjiao is almost all there.

"Why didn't you run away?" Du Qingcheng said coldly, speaking to Ye Wuming.

Ye Wuming glanced at him indifferently, and said scornfully, "I don't want to bother with you. I really think I'm afraid of you?"

"Hey, what a big tone!" Han Li's eyes were cold and arrogant, then he looked at Qin Chen: "Smelly boy, are you here?" Both Shui Yueqing and Xu Yan were a little inexplicable. The enmity Han Li and Du Qingcheng are chasing after Ye Wuming of Qingyun Jianzong, but the few of them who had no grievances with Qin Chen have to join forces to take Qin Chen, but Qin Chen and Ye Wuming are still related. It's extraordinary, just think about it

, It seems pretty weird.

Qin Chen sneered: "Am I related to you here? The dog is nosy with the mouse."

Then he said to Ye Wuming, "Why did you two meet them?"

Ye Wuming smiled faintly: "It's not pleasing to the eyes. They think they are the best, in my opinion, they are just two clowns. By the way, I heard that you activated the Supreme Sword Dao? Amazing!"

"Fuck." Qin Chen smiled. Ye Wuming looked serious and said: "It is impossible to be a fluke if you can activate Supreme Sword Dao. My master once said that the Demon Sword inheritance of the Demon Sword Sect is the first sword cultivation inheritance in the Northern Heavens, otherwise my teacher Zun will not let me go down the mountain. I really want to fight with you once to see how strong you are."

"

In his eyes, Qin Chen is the only one who can be regarded as an opponent. As for Han Li and other seed disciples of the Demon Sword Sect, they are just like that, and they are not worth considering. Seeing Ye Wuming and Qin Chen talking on their own, Xu Yan and the others' complexions suddenly sank, dare to ignore them?

[Chapter 1147: Join forces to fight the enemy](#)

"Smelly boy, you're going to die!" Han Li was even more furious, looking at Qin Chen coldly, this boy had entered the Demon Sword inheritance, and even dared to talk to them like this.

The cold killing intent was released instantly on him, like a raging sea.

"Hehe, really arrogant, kind of interesting."

Du Qingcheng also sneered. He was a genius of the Tianluo Dynasty. He grew up so big that he had never seen anyone daring to be so crazy in front of him.

"Since we are in the same hatred, why not join hands and take down this kid?" Xu Yan sneered.

Sure enough, the most poisonous is feminine.

"Haha, I don't make this proposal, but why did you end up with this kid?" Han Li looked at Xu Yan and Shui Yueqing suspiciously.

Everyone is vying for the place of Zongzi. The relationship between them can be said to be enemies and not friends. He and Qin Chen already have enemies, in order to vent their anger on Xu Wang and deal with Qin Chen, but it is normal, but water. When did Yueqing and Qin Chen also have enemies?

"Hehe, it's just that this kid is not pleasing to the eye. In the Demon Sword Plaza, he dare to taunt my Demon Sword Sect. As the future son of the Demon Sword Sect, I can't bear it naturally."

Shui Yueqing's eyes were cold, and then he smiled again: "However, since you want to kill this son more, then let this son be for you, and Yang Ling and I will deal with Ye Wuming."

"Okay." Han Li's eyes were sharp, although he wondered that Shui Yueqing had reached an agreement with him this time, but he didn't think too much.

"A bunch of scums, Brother Qin, why don't you join forces as well as me?" Ye Wuming sneered, not to mention that Han Li and others are the arrogances of the emperor's forces, but in his opinion, they are only slightly qualified.

There were only ninety-two kendos that were activated before. How can it be compared with him?

Dare to provoke him, a big deal.

"I want to hit you." Ji Ruyue snorted and walked out of the crowd. She didn't want to get involved in it. What's more, what the other party had to deal with was Qin Chen, a person who made her extremely annoying. Qin Chen came out, laughing.

But she wanted to leave, how could Xu Yan agree?

"Your Excellency, you can go if you want, and hand over the gains from the Supreme Sword Doctrine."

Cang!

The sharp sword was unsheathed, Xu Yan pointed at Ji Ruyuehan with the tip of the sword and said.

Ji Ruyue raised her brows and raised her anger from her heart, and said, "You want to gain from the supreme kendo. If you have the ability to activate the supreme kendo by yourself, staring at me, isn't it ridiculous?"

"No matter what you say, if you don't hand it over, you don't want to leave safely." Xu Yan said with a cold face.

Ji Ruyue smiled in anger and said, "I didn't want to be like you scumbags, but do you have to find your own way?"

She was furious, and her eyes showed strong killing intent.

"It's really not ordinary!" Chen Sisi sneered, comparing them to scum, thinking he was very strong?

"What's the matter with so much nonsense? Just do it!" Shui Yueqing said impatiently. In his opinion, there will be no results after talking here for a long time. It is better to do it directly.

"Brother Yang, do it!"

Shui Yueqing gave a cold shout to Yang Ling, shook his figure, and instantly made a bold move towards Ye Wuming.

Both of them chose Ye Wuming as their target, both of them were extremely cruel and lethal.

Boom!

The terrifying true essence is boiling, and the rich murderous intent erupts instantly, sweeping away, and the world seems to burst.

"Idiot!" Ye Wuming sneered, Qiang, the long sword on his body was unsheathed, and the moment the sword was unsheathed, countless sword qi skyrocketed, facing Shui Yueqing and Yang Ling.

boom! boom! boom!

The war broke out immediately, Ye Wuming was really cruel, and he took the initiative to attack with one enemy and two. While the swordsmanship was in motion, his combat power was overwhelming, and he did not lose the wind in a short period of time.

Naturally, Shui Yueqing and Yang Ling were shocked, just as shocked by Qin Chen's strength before, the two of them had no idea that Ye Wuming would be able to block the attack of the two of them with one person.

However, after just a few tricks, they knew it.

Ye Wuming is indeed strong, but not yet strong enough to be one-to-two. This guy will be so vigorous, but his understanding of swordsmanship has reached above them. The power of swordsmanship is so powerful that it is discolored. Shots can burst out even stronger power from his hands.

However, this kind of advantage is not enough to wipe out the advantages of the two of them. As long as the two of them continue to work together, they will definitely be able to win Ye Wuming, and even if they can't, they can defeat him.

It's just that the other party is indeed powerful. They want to take Ye Wuming down, but it is not a matter of a short while, so the scene is very intense, and the result will never appear in a short time.

"Big Brother!"

On the side, Ye Wudao also wanted to go up and help, but his cultivation was only in the middle of the seventh stage, and he was too far away from Shui Yueqing and the others. Not only could he go up and help the eldest brother, but the eldest brother might be distracted in order to protect him. , So I can only be extremely anxious on the sidelines.

"kill!"

On the other side, Han Li and Du Qingcheng also moved.

boom!

The two acted together, killing Qin Chen at the same time, with a wild and domineering attitude.

"Less dust, let's go together."

Cang!

The long sword in You Qianxue's hand was unsheathed, and Qin Chen stepped forward to meet the enemy.

"It's ridiculous, get out of here!" Han Li sneered, slashing his sword towards You Qianxue, the horrible sword spirit surged and he wanted to retreat.

You Qianxue's complexion did not change, and as the chill bloomed, she instantly stopped Han Li's sword aura.

what?

Han Li was shocked. This woman's cultivation was obviously higher than his first level, and could actually stop his attack?

On the other side, Qin Chen also fought with Du Qingcheng.

Boom boom boom!

Du Qingcheng and Han Li teamed up to deal with Qin Chen and You Qianxue, but they didn't have the obvious advantage.

How did they know that this was because Qin Chen had deliberately reduced his strength, otherwise, once their true strength was revealed, it would still be a question whether Han Li and Du Qingcheng could insist on ten moves in his hands.

On the other side, Xu Yan and Chen Sisi faced Ji Ruyue.

Ji Ruyue was furious. She came here just to participate in the inheritance of the Demon Sword, but she didn't want to have anything to do with them. Who knows, these people from the Northern Sky Region frequently provoke her. Do you really think she is bullying?

Hum!

The cyan ancient sword bloomed with mysterious runes, and there was a breath of ancient times awakened in the air. Under Ji Ruyue's sword, Xu Yan only felt an unstoppable sword aura attacked, and suddenly snorted and flew out. Spouting a mouthful of blood.

what?

The many warriors who were about to rush up were all stunned, and their scalp numb.

Are they hell? What is the origin of this white-clothed woman, who actually killed Xu Yan, the seed disciple of the Demon Sword Sect? Is this dreaming? Not only were they shocked, Han Li and the others were also shocked. If it weren't for Chen Sisi from the Celestial Gate, Xu Yan would even be in danger.

[Chapter 1148: Kendo stele](#)

Oh my God, will anyone believe this?

Moreover, not only Ji Ruyue, but the strength of Qin Chen and others also stunned everyone, and a group of people were already stunned.

The top three seed disciples of the Demon Sword Sect, plus other emperor-level forces of Heavenly Pride, joined forces to deal with these four people, but they couldn't win. What are you kidding?

"Who still wants to come up?" Ji Ruyue held the cyan ancient sword, exuding a dazzling chill.

Seal the sword, the ancient emperor soldier!

Emperor soldiers, even if they are not unblocked or activated, their sharpness and sharpness alone are enough to make a martial artist of the Emperor Martial level drink a pot, not to mention a martial artist of the Emperor rank like Xu Yan.

Although their group of Tianjiao can perform leapfrog battles, their cultivation base in the late stage of the seventh stage is even stronger than the average half-step martial emperor, and comparable to the weakest martial emperor.

But after all, it's just to say that Emperor Wu is the Emperor Wu. If he doesn't reach the Emperor rank, he doesn't know how terrible it is.

If there is no weapon like Qin Chen with the mysterious Rust Sword, ordinary warriors can't resist it.

Is Qin Chen's Immortal Eucharist strong enough? But if he was cut by the ban sword, he would still be injured, so there would be no need to mention Xu Yan and other Tianjiao.

With one sword coming out, the faces of the great arrogances changed drastically, and they all retreated.

What kind of soldier is this? How terrible is he?

"No, this is not a king soldier, at least it is also an imperial soldier, a military weapon!" Chen Sisi said in a deep voice.

She came from the Celestial Gate and was well-informed. Her master possessed an imperial soldier. The supreme breath made her awe and longing.

Although they are the world's arrogant talents from the major emperor-level forces, they have at most only the top-level king soldiers, the imperial soldiers, but some of the treasures that the martial emperor may not have at the beginning of the eighth level. No matter how strong their sect is, how can they be Give them to younger generations.

"What?" Du Qingcheng and others were shocked.

Imperial soldier!

This is the exclusive treasure of the Emperor Wu, and even the Emperor Wu cannot have one, but only the powerful Emperor is worthy of possession. This is a symbol of status and strength.

But in the hands of a little Wu Wang, there is also an imperial soldier?

How can this make people believe?

If you let them know at this moment, the sealing sword in Ji Ruyue's hand is not only the imperial soldier, but the ninth-order emperor soldier, I am afraid everyone will faint in shock.

How do they, the descendants of the imperial powers of the Northern Horizons, compare with the top hidden family in the Martial Domain?

The faces of Shui Yueqing and the others were gloomy and changeable, and they didn't know what to do for a while. In their eyes, they showed greed. If this imperial soldier fell into their hands, how good would it be? Their strength can definitely be doubled.

Hum!

At this moment, a breath of astonishing sword intent suddenly came from the top of Jianfeng Mountain, which instantly attracted everyone's attention.

On the top of the mountain, the horrible sword intent was continuously released, as if something had been activated.

"The kendo stele on the top of the mountain has been activated. How could it be possible that anyone has reached the top of the mountain before us?" Shui Yueqing said in fright.

"Leng Xingfeng, it must be Leng Xingfeng."

"We are fighting here. It's good for this kid to activate the kendo stele. Damn, if this goes on, isn't he going to have the upper hand?"

"No, the identity of Zongzi must be mine."

The big seed disciples of the Demon Sword Sect no longer have the confidence to fight. It would be okay if they could win Qin Chen in a short time, but after fighting, they obviously felt that they wanted to win Qin Chen and the others. Continuing to fight will only let Leng Xingfeng take advantage.

"let's go!"

Glancing coldly at Qin Chen and the others, Shui Yueqing and the others flew up in an instant, calculated the correct passage, instantly submerged in it, and quickly swept toward the top of the mountain.

The scene that was still lively before suddenly became deserted.

Qin Chen didn't pursue them. First, Qin Chen didn't want to expose his strength in front of so many people. Second, he came here not to kill people, but inheritance is more important.

"Thank you for the girl's help. The girl's strength is outstanding, and Ye admires it."

Ye Wuming stepped forward and arched his hands towards Ji Ruyue.

There was also a look of shock in his eyes. The Azure Cloud Sword Sect was one of the top sects in the Northern Heaven Region, so his vision was even higher than that of Shui Yueqing and others.

But because of standing tall and looking far away, I felt Ji Ruyue's terrifying more and more.

The opponent not only possessed a treasure soldier against the sky, but more importantly, the faint aura exuding from his body made him stand up all over his body, causing him to feel chills all over his body.

This is a kind of prediction that can threaten his life, that is to say, this white-clothed woman is very likely to have the strength to kill him.

Ji Ruyue ignored Ye Wuming at all, just looked at Qin Chen and said, "Boy, how do I think you have hidden your strength?" Qin Chen smiled bitterly: "Where is the girl, Qin has such a low cultivation base, how dare you hide your strength? It's just that the forbidden secret technique was used on the supreme kendo before, so it improved. Now after the secret technique, the body is already weak, so Han Li and Ben Shao have an enemy, just now a girl shot, then

What a good opportunity, how could this young man hide his strength? "

Ji Ruyue was taken aback, taboo secret technique?

Could it be that after Qin Chen fought with himself on the Supreme Sword Dao before, the chill that filled his body was not because of his original injury, but because of the use of forbidden secret techniques?

Thinking about it this way, Ji Ruyue suddenly felt that it was extremely possible.

She is a disciple of the Ji family. She comes from the martial arts domain. She has received the best training since she was a child, so she can have such a strong strength. How can the kid be compared with herself?

Thinking of this, Ji Ruyue suddenly felt that Qin Chen didn't seem to be that hateful anymore.

"Which way are we going?" Ji Ruyue said coldly. Now that Shui Yueqing and the others have gone up, they must also go as fast as possible. In terms of cracking the road, it is estimated that no one is faster than Qin Chen.

"They go that one, then we will go this one."

Without thinking about it, Qin Chen chose a path directly.

by!

Ye Wuming and Ye Wudao were both shocked, what's the situation? Has Qin Chen found the right way? Impossible, you can tell at a glance, what kind of calculation ability is this?

"Follow up!" Ye Wuming said immediately, even if it was a wrong path, they could immediately retreat, and at most, they would take the same path as Shui Yueqing and they would not lose much time.

They unfolded their body skills and quickly followed.

After a while, a new fork in the road appeared.

With Ye Wuming's ability, he can count clearly with a glance, how many forks there are in total here, and this number happens to be one more fork than before.

In other words, this is the right way!

Right? This is a coincidence, and did they rely on Meng along the way?

[Chapter 1149: Extreme killing sword](#)

It is impossible to think about it, it must be that Qin Chen has his own method of judgment, and it is absolutely correct, otherwise the woman in white would not have asked Qin Chen that before.

But even if he wanted to understand all this, Ye Wuming was still shocked.

The calculation speed is faster than those of the Demon Sword Sect who know the method!

It's too scary, what kind of monster is this?

However, even though he was shocked, Ye Wuming had already made up his mind to follow Qin Chen and the others.

After walking through several fork roads in a row, the passage in front of him was shortened quickly.

From dozens to nearly ten.

A few more.

After half a day, the front suddenly opened up. There were no countless fork roads. Only a broad road was left. At the end was a clearing. Above that clearing, there was a black stone monument. Behind the black stone monument, there was a majestic nine-story building. High tower.

Although this is just a clearing, there are no gorgeous buildings, but it is huge and astonishing, and it exudes an aura that shocks the world. When everyone walks up, they can't help but bow their heads, feeling unprecedentedly small.

The horrible sword intent aura was transmitted from the black stone tablet in the center of the clearing.

A young swordsman in a green robe was standing in front of the stone tablet, looking up at the stone tablet, with a somewhat focused expression.

However, when the five Qin Chen appeared, the man immediately turned around, who was not Leng Xingfeng?

He was alone, with no followers, and came to the top of the mountain the first time.

"I didn't expect it to be the first of you to come here." Leng Xingfeng said very emotionally, "My senior brothers, who hold deduction methods empty, but don't know the pursuit of speed or the ultimate in kendo, but they are there to help. It's really sad that the faction is not even better than you now."

He shook his head, as if with emotion, as if regret.

Qin Chen smiled faintly and ignored it.

People don't offend me, and he doesn't bother to offend people.

He walked over, then looked at the stele.

"Extreme Path Killing Sword!"

Immediately, four big characters on the stone tablet rushed out and turned into four rays of light. No, the four sword qi slashed towards Qin Chen.

boom!

Qin Chen held up the mysterious rust sword to resist, and suddenly his whole body flew out with the sword aura, flying upside down for more than ten steps before stopping.

From here, the characters on the stele suddenly became blurred, and only a few words were written on it, but the writing was not visible.

"Extreme Path Killing Sword?" Qin Chen stood still, frowning in thought, and then laughed, "It means, if you can't stand close, you are not qualified to practice this sword technique?"

Ji Ruyue, Ye Wuming, You Qianxue, and Ye Wudao also showed their eagerness to try.

The four people also walked towards the stone monument.

Hum!

Jian Guang came again, the terrifying killing intent was pervasive, and instantly fell into the minds of the five people.

This time Qin Chen was prepared. Boom, invisible mental power permeated his body. The sword aura before was terrifying, not only in power, but also in the killing intent, the extreme killing intent. If you are not careful, you can kill yourself.

With Qin Chen's lessons learned, Ji Ruyue and the others were also prepared, their cultivation base urged to the extreme, resisting the few sword lights in front of them.

Boom boom boom!

A splendid sword light passed, and the first round of the stone tablet attack passed.

Everyone was prepared, but his face was still pale, and he took a few steps back. Even Qin Chen couldn't maintain a perfect standing posture.

This sword light is very sharp.

But the same shock, everyone's performance is different, like Qin Chen and Ji Ruyue, they have regained their standing only with a sway of their bodies, while You Qianxue and Ye Wuming took a step back, as for Ye Wudao, they went back five times. Step, the blood in his body surged, his face flushed.

Leng Xingfeng originally just watched indifferently from the side, but at this time, there was a look of horror in his eyes.

This kendo stele is the second item of the demon sword inheritance. Every time the inheritance is opened, the sword tactics that emerge on it are different.

He came early and analyzed it long ago. This sword tactic should be the strongest one in the history of the Demon Sword inheritance over a thousand years, far surpassing the previous sword tactics.

Therefore, the first test of Jian Qi was not something that ordinary Wu Wang could resist.

Even if he had been prepared just now, he took a full two steps back under that sword aura to stabilize his figure, but Qin Chen and the white-clothed woman in front of him did not retreat one step, but Ye Wuming and that Bingshan The beauty only took a step back, how is this possible?

He claims to be the most obsessed with swords in the Demon Sword Sect, and his cultivation is also the strongest. He is an arrogant person, unlike Han Li and others who like to form cliques, but he is really obsessed with swordsmanship. In terms of attainments, he thinks he is even better than Han Li and others.

Even he has to take two steps back. These people actually only take one step back. How did they do it?

Stormy waves suddenly appeared in my heart.

"Hmph, no matter how many steps they take back, I, Leng Xingfeng, will definitely be the one with the strongest kendo talent. First understand the ultimate killing sword, and then enter the Jianyi Tower."

Leng Xingfeng sat cross-legged, his heart cold.

Qin Chen ignored Leng Xingfeng, just staring at the stele in front of him.

After blocking the four sword lights, the four characters of Jidao Killing Sword became more and more brilliant, and at the same time, a few lines of boys caught Qin Chen's eyes.

The small print seemed to be a set of formulas, and when Qin Chen silently thought of it, a terrifying mood of killing suddenly poured into his mind.

In a moment, Qin Chen's mind seemed to be practicing this set of swordsmanship. With a few swords, it gave people an aura that could split the world and destroy hell.

Not only Qin Chen, but Ji Ruyue also had such a set of swordsmanship in their minds.

"This is definitely a heavenly swordsmanship."

Ji Ruyue was shocked.

And this sword technique is still above the sky-level sword technique collected by their Ji family.

A worthwhile trip, a worthwhile trip!

Ji Ruyue's excited body was trembling.

For a swordsman, a powerful sword art is more tempting than any treasure.

Not only Ji Ruyue was excited, but Ye Wuming, You Qianxue and others were also extremely excited.

Although they could not see the level of this sword technique, they also knew that the power of this sword technique far surpassed the sword technique they had studied before. Once they master it, even if the cultivation level remains unchanged, they will definitely be able to do so. Combat power has increased by geometric multiples.

"Could it be that the previous Demon Sword Sect's technique was obtained from this stone tablet?" Qin Chen wondered.

Previously, the Demon Sword Sect took out an incomplete sword tactic, which made him very excited. He thought that this kendo stele would show that sword tactic, but he did not expect it to become this ultimate killing sword. Between the two, There is no connection. However, despite this, Qin Chen didn't lose the slightest heart, because he could feel that this ultimate killing sword was definitely a terrifying sword art that was not weaker than Yu Jianshu.

[Chapter 1150: Seven Kill Sword](#)

Concentrated, Qin Chen stared at the sword tactics and sword moves that appeared in his mind.

Only then discovered that what he was practicing in his mind at this moment was only a part of this extreme killing sword, it was not perfect, as if it was just a starter, and it was incomplete.

"Could it be that the sword tactics that emerge in our minds are not complete sword tactics?"

Qin Chen was startled, frowning in thought.

This is not impossible.

How powerful a Heaven-level sword art is, if it suddenly appeared in their minds, with their cultivation base, I am afraid they would not be able to accept it.

"It seems that it should be after mastering the previous moves of this extreme killing sword before it is possible to see the following sword tactics and formulas."

Qin Chen suddenly.

At the same time, my heart is more excited, just the starting style, it is so terrible, how strong will this next sword art?

But how should we practice?

The cultivation of sword tactics does not depend on formulas alone, it requires hard work like a thousand temperaments.

Otherwise, even if it is repeated in my mind, it is just in vain.

"This stele can be used."

Focusing on the stone tablet again, Qin Chen took a step forward.

Shoo, the sword light struck again.

Qin Chen let out a cold voice and stretched out his right hand to fight with the killing sword intent.

He had already comprehended the sword intent of killing, and cultivating this ultimate sword would naturally be familiar with the road. It was much easier than the average swordsman who did not understand the intent of killing sword.

Bang bang bang bang bang bang!

The terrifying sword auras collided together. During the fierce confrontation, Qin Chen's figure shook and couldn't help backing, but after only two steps back, he stood still, and then counterattacked strongly, step by step, firmly forward.

"What is this guy doing?"

Qin Chen's actions caused Leng Xingfeng's doubts.

Everyone else is memorizing the formulas and swordsmanship in their minds, performing deductions and training, but this kid continues to fight with the kendo stele. Is it because he wants to get the second half of the ultimate sword?

Haha, this is too much thinking.

As the seed disciple of the Demon Sword Sect, Leng Xingfeng naturally knows more about the kendo stele than Qin Chen. As long as he holds the attack of the kendo stele, there will be sword tactics.

However, the sword tactics that appear will only be a part of the total sword tactics, and if you want to obtain all of the sword tactics, it is useless to rely on crazy shots. You must understand the previous sword tactics and the next level of sword tactics will appear.

And if you still can't comprehend it, not only will you not be able to see the following formulas and swords, but even the ones that were previously presented in your mind will gradually be forgotten.

Therefore, although there are many swordsmen who can walk in front of the kendo stele every time, there are many swordsmen who feel the sword art, but the warriors who can truly master the sword art on the kendo stele are extremely rare and very few.

Qin Chen didn't care about Leng Xingfeng's thoughts at all, he kept performing swordsmanship, moving forward again and again.

During the fierce confrontation, he became more and more familiar with the aura on the kendo stele. Later, he was able to completely resist the power of the ultimate sword killing, at least the power of this initial trick. This sword technique was founded on the basis of the killing sword intent. It was very powerful and surprised Qin Chen, because he had mastered the killing sword intent in his previous life, but he has not been able to find a suitable sword technique, and now he has obtained this powerful sword. Swordsmanship, in the future, the killing sword will be mastered to a more micro-level step.

Then coupled with the Jidao Killing Sword, it is enough to fully release the power of Killing Sword Intent.

What made Qin Chen more excited was that with his constant confrontation with the kendo stele, he had a deeper understanding of the killing sword intent he had originally understood.

This made him even more excited, and his mind suddenly rose to Mingwu. The characters on this kendo stele are not for people to directly comprehend, but turned into attacks and confrontation with others, allowing people to understand the ultimate sword in the confrontation. .

If you just stupidly perceive the sword art in your mind, without performing the exercise, you can only wander around the outer area of the kendo stele in the end, then the only thing you can figure out is the word "Extreme Way Killing Sword".

interesting!

In other words, as long as you resist the initial attack, you should be able to show the next sword art.

Qin Chen had a guess, and suddenly took a step forward.

Sure enough, under the four characters of Jidao Killing Sword, a line of characters appeared again. This time, it was seven characters.

"Kill! Kill! Kill! Kill! Kill! Kill! Kill!"

The seven killing characters instantly turned into seven killing swords and attacked, each one filled with evil spirits, as if it contained endless tyranny and killing intent.

Qin Chen took the attack and didn't use other power, but only used the technique of kendo.

Puff puff puff!

During the confrontation, the sword aura rose to the sky, as if it could tear through nine days, forming a mighty sword aura.

Qin Chen was forced to retreat again, the seven killing characters disappeared suddenly, and at the same time the sharp sword intent also disappeared.

The seven killing characters in the second row are more than twice as powerful as the four characters of Jidao Killing Sword. Even if you understand the killing sword intent, it is difficult to resist in haste.

"Haha, come again!"

Qin Chen was excited. Obviously, his guess was correct. Boom, his sword intent filled his whole body, and his combat power was greatly improved.

Hum!

The kendo stele trembled, as if irritated, and burst out with endless killing intent.

Qin Chen confronted, and under the sword intent, he was like the same peerless swordsman, staring at the sky for nine days, while the sword light flashed, everything in the world was about to collapse, and his power was extraordinary.

He is strong and Jidao Killing Sword is not weak, and he fought fiercely.

Between Qin Chen and the kendo stele, like two peerless swordsmen, they were madly comparing swords.

boom! boom! boom!

This is an alternative confrontation. For a while, it is impossible to see who is strong and who is weak. Only a terrible light soars into the sky. With constant tremors, the sword intent field formed by the sword light continues to form and explode, and its destructive power is amazing.

Such a scene made everyone around him shocked, and each of them looked shocked, and there was a look of shock in their eyes.

They are all geniuses of swordsmanship, and no one accepts anyone, but they have to admit that even they are dazzled and shocked by the power of swordsmanship that Qin Chen is displaying at this moment.

In the beginning, Qin Chen was not an opponent of the kendo stele at all, and every time he shot, he would be cut back.

But gradually, he was able to fight under these seven kill characters. The seven "kill" characters were vivid and lifelike. Each kill character represented a kind of artistic conception. Qin Chen was immersed in it, and his sword skills also improved.

Qin Chen knew that his guess was correct. He immediately looked at You Qianxue and Ye Wuming, who were still there to comprehend the sword tactics in his mind, and said, "Don't just look at the sword tactics, take action, and fight this kendo stele. Step into the area closer to the Kendo stele."

After speaking, Qin Chen hesitated, looked at Ji Ruyue again, and also said his own understanding.

After all, Ji Ruyue also helped herself before, so she should be considered a reward for her. And Qin Chen knew that once You Qianxue and Ye Wuming also confronted the kendo stele, with Ji Ruyue's cleverness, wouldn't he be able to tell the clue?
