

Valkyrie 1151

[Chapter 1151: Dead Word Sword Jue](#)

Thinking of this, Qin Chen even said to Leng Xingfeng: "To fight against the kendo stele is the correct way to cultivate the ultimate sword."

Anyway, I can't hide it from others, so it's better to say it directly.

Fight against the Kendo stele?

You Qianxue and the others were taken aback for a moment.

What does this mean?

With the trust in Qin Chen, You Qianxue immediately took out his sword without hesitation, and confronted the kendo stele.

After seeing You Qianxue's move, the others hesitated for a while, and they also took out their swords to fight against the kendo stele. They all wanted to know what kind of medicine Qin Chen was selling in the gourd.

boom! boom! boom!

Suddenly, there was a violent roar and explosion everywhere on the top of the sword peak.

At the beginning, Ji Ruyue and the others didn't feel much, but as they deepened their understanding of swordsmanship, they were all shocked.

what happened? Why is it that the more confrontation, although the heavier the killing intent, the deeper the understanding of swordsmanship.

It was at least several times faster than they were thinking hard there.

It seemed that this kind of cultivation was the cultivation of the real swordsmanship, and their previous cultivation was just like having a family there, which was completely ineffective.

Ji Ruyue, Leng Xingfeng, Ye Wuming and others all looked at Qin Chen, with disbelief and unwillingness in their eyes.

They were shocked by Qin Chen's horror at first, but immediately followed by a strong unwillingness, unwillingness, but with a kind of admiration.

As kendo geniuses, all of them are arrogant, no one will accept anyone, and no one will think they are weaker than anyone.

In their hearts, they are the real swordsman geniuses.

Even if Ye Wuming knew that Qin Chen had activated Supreme Swordsmanship before, he didn't think that Qin Chen's talent for Swordsmanship was stronger than himself. Peerless swordsmen on the mainland were not born with amazing talents.

Because, on this continent, there are too many geniuses who have been silent, fallen, and even disappeared in the process of growing up. They have amazing talents, but in the process of growing up, there are too many variables.

High talents may not be able to go to the end. There are also some swordsmen who seem to be unknown on the surface. They are not so talented in kendo. They are not so dazzling in the process of growing up. They have been fascinated by everyone, hidden under the light of the world's arrogance. The will, but step by step to the end, became

The top swordsman in the mainland.

There are too many such things.

Therefore, they don't think that talent is everything. Everyone thinks that they are unique and the strongest.

But now, Qin Chen's horror still shocked them.

They were all the first time they saw this kendo stele, the first time they saw this ultimate killing sword, but the other party could find the correct cultivation method in the first time.

But they are still going further and further on the wrong road.

If it weren't for Qin Chen's exit, they still didn't know how long they would cultivate there, and they would get nothing.

While this shocked them, they also had deep admiration for Qin Chen.

Even Ji Ruyue's gaze looking at Qin Chen softened.

No matter how Qin Chen treated her before, how she could not understand each other, but Qin Chen's ability to openly announce this correct cultivation method was enough to move her.

Such an open mind is definitely not something ordinary people can do. This person has a big mind and grandeur.

At this moment, she also believed that Qin Chen's rudeness to herself in the Supreme Sword Dao was an accident.

How can a genius with such a mind be such a wretched person?

Of course, understanding belongs to understanding, but the impression of Qin Chen in her heart cannot be transformed in such a short time. "Your suggestion, Leng will remember it in his heart." Leng Xingfeng's gaze flickered, he suddenly arched his hand at Qin Chen, and then continued: "Leng has clear grievances and will not lose his merits. He also told you one. The secret, the tall tower behind the kendo stele, named Jianyi Tower, is rumored to reach the seventh floor

A person can master the true sword intent and break through the ultimate realm of sword intent. However, so far, the most powerful genius in the history of our Demon Sword Sect has only broken into the fifth floor. "

"It is said that only the deeper the understanding of the sword tactics on this kendo stele, the higher can be achieved. Therefore, in our Demon Sword Sect, the sword tactics on this kendo stele are often regarded as the key to unlock the sword intent tower. ."

Leng Xingfeng said blankly, coldly.

Jianyi Tower?

Entering the seventh floor, can you master the true sword intent? Isn't the sword intent we have now the real sword intent?

There is also the ultimate realm of sword intent, does it mean the brand new realm behind sword intent?

Qin Chen's eyes flashed, thoughtfully.

"Thank you for your explanation." Qin Chen arched his hands to Leng Xingfeng.

"Hmph, you don't need to thank me, I just return you to tell me how to truly understand the way to kill the sword." Leng Xingfeng said coolly, and then confronted the Kendo stele again.

Qin Chen smiled, this Leng Xingfeng really has a character, but he didn't care either, but continued to fight the kendo stele.

Almost an hour later, Qin Chen had already achieved a record of being able to remain unmoved under the seven kills sword intent.

At this time, Ji Ruyue and the others had just entered the second level and saw the point where the Seven Killing Swords were.

"Now, it's time to get one step closer."

With his eyes condensed, Qin Chen moved forward again.

This time, only one word appeared on the third line of the Kendo Stele!

dead!

boom!

As soon as the word of death appeared, an unprecedented sword intent rose to the sky, turning into a nihilistic giant sword, and instantly came to Qin Chen.

Fast, too fast!

With this sword cut out, Qin Chen's eyes became black, as if he fell into Jiuyou Purgatory in an instant, feeling like he died on the spot.

Fortunately, Qin Chen's soul was powerful, and at the first moment, he reacted, and the mysterious rust sword swept up and turned into a bright sword light to stop him.

"puff!"

A mouthful of blood spurted out, and Qin Chen flew out hundreds of meters, and fell heavily on Jianfeng Square.

what?

This sudden scene stunned everyone.

"Little dust, are you okay?" You Qianxue said nervously.

"I'm fine!"

Qin Chen stood up, wiped the blood from the corners of his mouth, and the horror on his face was full of ecstasy.

Strong!

too strong.

When the sword was cut just now, it was stronger than him, and he had the illusion that he would die on the spot. He had a feeling that as long as he understood this sword, when the sword was cut, it was not just the enemy's flesh that would be destroyed. , It is the soul of the enemy.

This is a terrible swordsmanship with a dual attack of soul and body.

"Haha, come!"

With a long whistle, Qin Chen continued to move forward, fighting strongly with the sword intent of the third line of death.

Boom boom boom! Qin Chen was blasted off one after another, but every time, he quickly got up and continued to make a move. Everyone who watched was dumbfounded and shocked.

[Chapter 1152: what have you done](#)

Every time Qin Chen made a move, he returned in embarrassment, but no one knew that he was excited inside.

Slashed out with a single sword, the soul died, and the swordsmanship could actually cause damage to the soul, something that he could not even imagine in his previous life.

At the beginning, Qin Chen only thought that this swordsmanship was a heavenly swordsmanship.

But now, he was sure that the swordsmanship displayed on this kendo stele was not only a heavenly sword art, but also the top sword art of a heavenly rank.

At least in his previous life, he has seen thousands of swordsmanships. No one can compare with this swordsmanship. Even the royal swordsmanship obtained in Gunan before is compared with the swordsmanship on this swordsman stele. I dare not say more than.

With his repeated shots, Qin Chen had a deeper and deeper understanding of the third dead word swordsmanship.

But to understand is to understand, it is extremely difficult to control, as if it is impossible to achieve.

"I don't believe it. In this world, there is a sword technique that Qin Chen can't learn."

Qin Chen was completely immersed in it, but two hours later, Qin Chen suddenly stopped and looked back.

someone is coming.....

On the passage in front of Jianfeng Square, a large group of people swarmed in. The leaders were Han Li and Shui Yueqing.

They finally completed the calculation and found the right path. Unfortunately, it was just those few forks that made them several hours later than Qin Chen, and the gap was too big.

When seeing Qin Chen, the six Shui Yueqing people all stared.

what happened? That kid is faster than them?

"Boy, how did you come here, it's impossible."

With an angry shout, Han Li pointed to Qin Chen, with killing intent in his eyes, unable to control himself.

"Can you control it?" Qin Chen gave Han Li a blank look. Does he need to explain to him? Or is it that they are only allowed to go in the front, and they are not allowed to go in the front?

It's ridiculous.

"You..." Han Li was so angry that he almost vomited blood, wishing to hack Qin Chen on the spot, but thinking of Qin Chen's strength, he didn't dare to make a move.

All of a sudden, Han Li and Shui Yueqing almost vomited blood, their bodies trembled, and they were almost crazy.

The only thing better was Chen Sisi, but he also looked at Qin Chen in shock, her beautiful eyes twinkling, and she didn't know what she was thinking.

She knew very well that it was Shui Yueqing, Han Li, and Xu Yan who had previously calculated that they could reach the top of Jianfeng in such a short time.

But Qin Chen is actually faster than Han Li and the others, which is even more incredible than the fantasy.

After Han Li and the others were furious, they also discovered that the Kendo stele had been opened, and they hurriedly walked over, ignoring Qin Chen and fighting Jidao Killing Sword.

Other warriors also stepped forward, and for a while, the kendo stele was overcrowded.

Fortunately, the open space in front of the kendo stele was large enough, even if it was crowded with thousands of people, it was not crowded at all.

And after seeing Qin Chen and the others fighting and fighting against the stele, Shui Yueqing and others also took action one after another.

With Shui Yueqing's talents, even if they didn't comprehend the killing sword intent, they could sum up the fight with Jidao Killing Sword, master one or two, and then master swordsmanship.

Many of the remaining warriors are not so lucky. Many of them can't even grasp the killing sword intent. Isn't it a joke to let them learn to kill the sword after a few fights like this?

Unless their aptitude reaches the level of defying the sky, it is impossible to learn to kill the sword out of thin air.

But they are not reconciled, a peerless swordsmanship is right in front of them, how can they miss it?

Then toss it.

Qin Chen retracted his attention and continued to fight.

Regardless of the terrible power of the dead word sword intent, it is also the highest teacher. Every sword shows the essence of the sword art, over and over again, without the trouble.

And every sword, there is no trace of error or change, so that cultivators can more intuitively and clearly realize the terrible of this sword.

However, this sword is also too strong, even if it is just a comprehension, for a genius like Qin Chen, it cannot be done overnight.

Soon, a long time passed.

Then, the day passed.

Two days passed.

By the third day, Ye Wudao had also made a lot of progress, stepping into the second stage of the Seven Kill Sword.

But Ji Ruyue, You Qianxue, Ye Wuming, and Leng Xingfeng all stepped into the third level of cultivation.

Among them, Ji Ruyue had entered the third stage two days ago, only one day later than Qin Chen.

And You Qianxue, Ye Wuming, and Leng Xingfeng were the third members who had only entered the day before, two full days later than Qin Chen.

In addition, the world's arrogances such as Shui Yueqing, Han Li, Xu Yan, Du Qingcheng, Yang Ling, and Chen Sisi are all just wandering in the second stage.

As for the other warriors, let alone, almost most of them are just staying in the first stage. Among them, there are almost ordinary people who have not even understood the killing sword intent until now, let alone mastering the sword.

At this moment, Qin Chen was able to maintain stability in front of the dead word swordsmanship.

Just one step further, he can break through the third level.

Bang!

After another short period of time, Qin Chen's body shook suddenly, and finally broke through the third dead word swordsmanship, and came directly to the kendo stele.

With a solemn expression, his defenses were raised to the extreme in an instant, and he wanted to resist the fourth attack for the first time.

The experience of the previous few times really made him miserable.

However, no characters in the fourth row light up.

what happened?

Qin Chen was surprised. He had clearly reached the front of the kendo stele, how could there be no response?

boom!

Suddenly, an inexplicable breath passed from the kendo stele, and a complete set of sword arts suddenly appeared in Qin Chen's mind.

It is the Jidao Killing Sword before!

The sword art that appeared this time was extremely complete, without any trace of incompleteness.

Although Qin Chen came to the front of the kendo stele, he was only able to fight against the aura on the stele. He could only be regarded as a rough aura for controlling the ultimate sword. .

After all, a top-level Heavenly Sword Art, no matter how talented Qin Chen is, it is impossible to comprehend it in just a few days.

And with the complete sword art in his mind, he can perceive carefully after the demon sword inheritance is over, and continue to practice.

"It looks like it should be over after passing the triple, and then you can get a complete sword art."

Qin Chen suddenly, at this moment, with a bang, the original characters on the kendo stele fell silent for an instant, as if someone had completed the inheritance, it could also disappear.

The killing intent that had originally enveloped the top of the mountain was completely dissipated, and the kendo stele became an ordinary stele again.

All sword light and sword intent disappeared. "You...what did you do?" A warrior shouted at Qin Chen, with an angry expression, just like Qin Chen killed his parents.

[Chapter 1153: Slap down](#)

what did I do?

Qin Chen touched his nose, and the other party obviously counted the disappearance of the sword tactics on the kendo stele on his own head. Although this is only a fact, it is also a consideration of the kendo stele. As long as someone learns the sword tactics, the sword tactic disappears on its own.

Otherwise, the sword art is always on it, everyone can learn it, and what to do with the so-called assessment.

What's his problem?

Don't say that he doesn't know, even if he does, he won't stop, wait until these people learn the ultimate killing sword before taking the last step. If others will never learn, will he stay forever?

What a joke.

"It's not that I look down on you, you **** can't learn this sword technique at all, and learn it for nothing." Qin Chen said seriously.

It's really not that Qin Chen is discriminating against them, but that these people have not even grasped the killing sword intent until now. Even if they are given another ten and a half months, they may not be able to learn the first time. It is just a waste of time.

"you....."

The warrior was furious. Not only did this kid destroy the kendo stele and prevent them from practicing peerless swordsmanship, he even scolded them for rubbish! Suddenly he handed over to Shui Yueqing and the others: "Masters, this kid is too arrogant. This is the inheritance of the demon sword of the Demon Sword Sect. But this child, when he is the master, when the people and gods are angry, he actually used the sword technique on the kendo stone tablet. Destroy, in this way, wouldn't even the adults not be able to learn the sword technique

Up? Whether it is tolerable or unbearable, I invite you all to seek justice for so many of us. "

"Yes, seek justice."

"This son came early, maybe the sword art he got is very complete, it is better to take him down and let him hand over the sword art."

"Yes, take him down and hand over the sword art."

Everyone roared.

What a joke, they haven't practiced for long, this kid actually extinguished the sword tactics on the kendo stele. Without catching Qin Chen, how could they be willing to ask about the contents of the sword tactics?

The faces of Shui Yueqing and others were green, and they looked at Qin Chen with cold eyes.

They only entered the second level, and even before the second level was fully mastered, the sword art had disappeared. If they were not angry in their hearts, it would be impossible.

However, if they were to deal with Qin Chen now, it would be impossible.

They knew Ji Ruyue's horror. If there was a conflict again, not only might they not be able to take down Qin Chen, they might even be injured by the other party.

Just now they only fought in front of a small group of people, and even if they didn't win, it was nothing.

But now, there are thousands of geniuses from the Northern Horizons in the square. If their big seed disciples fail to take Qin Chen together and return with a feather, the reputation of their seed disciples will probably be ruined.

What made Shui Yueqing and the others even more depressed was that they thought that Leng Xing Summit had a conflict with Qin Chen, but after they arrived, they found that instead of conflict, they seemed to be quite harmonious.

In this way, if they lose and Leng Xingfeng doesn't make a move, then it will reach Zongmen's ears, I am afraid there will be some bad impressions.

So one by one, their faces were pale, but no one spoke. The warrior thought that Shui Yueqing and others were self-proclaimed and did not want to bully others and leave a bad reputation, so he took a passionate step forward and said proudly: "Boy, see if you have not, the adults are also very dissatisfied with you, but You adults are not the kind of bullying people, you still

Hurry up and bow down and hand over the sword tactics you get. Maybe a few adults are kind and spare your life. "

Qin Chen sneered, and said, "Come up if you are not convinced, don't be there."

"Do you really think you have something great? Looking for death!" Xu Gang jumped out. Although he seems reckless, he is not stupid. Qin Chen is definitely not weak in coming to the kendo stele so early, but he is not a soft persimmon. It can't be beaten, but it's not a problem to block a hundred moves.

Therefore, he decided in an instant to come up and make a few moves, to find the face and leave, and the rest, naturally there will be Shui Yueqing adults and the others.

At this point in his mind, a long sword appeared in his hand instantly, and his right hand was placed on the hilt, and the sword was about to be drawn.

At this moment, Qin Chen moved, and he was as fast as lightning, and instantly came to Xu Gang's body and slapped him over.

"Presumptuous!" Xu Gang was shocked and roared. His right hand was about to draw the sword like lightning, but the sword was only half drawn. Suddenly, a huge force struck, and the half of the sword that had just been drawn out was instantly pushed back.

With a bang at the same time, his face was severely slapped, and the whole person was slapped to the ground like a dead dog.

He was completely stunned, roaring in his heart, impossible, how could it be?

Even if Qin Chenqiang, how could he slap himself to the ground with a slap?

He roared and jumped up violently, his sword in his hand was like an electric light, and he was about to lift it up, show off what he had learned on a flat body, and find face.

But he only jumped halfway, slap, another huge force struck, and most of the sword he drew out was pushed back again, and at the same time he was slapped severely on his right cheek.

This slap was even harder than before, blood mixed with teeth flying out, and his whole body fell heavily to the ground tens of meters away, and he couldn't stand up in a daze.

by!

In this scene, everyone on the field was chilling. Although Xu Gang was not a world-famous arrogant, he was also the strongest genius of a top king-level force in the Northern Heavens. Especially on the road to kendo, he successfully broke through to the seventh-tier mid-level martial king. Can be described as a first-class master.

But in front of Qin Chen, he did not lose the enemy of one!

Is this kid so strong?

"Who else is going up?"

Qin Chen looked at the other people on the court coldly, "Thank you!"

"you wanna die!"

The other person roared and rushed up. He and Xu Gang had a good relationship, and he came from a direct king-level force under a certain imperial-level force, and was only one step away from the so-called Heavenly Jiao.

Before the road of kendo, he successfully broke through the middle of the seventh-order peak. Now seeing Qin Chen so arrogant and angry, he is also overjoyed.

He knew that this was an opportunity, an opportunity to prove himself in front of everyone. It was not weaker than the Geshi Tianjiao. If he could spread his reputation in the northern sky, he might return to the imperial power he was in, and he could be accepted and become its core disciple.

Therefore, as soon as he came up, he showed his full strength and blasted out with a palm, with a scorching fire dragon bursting out, roaring at Qin Chen.

"You are the one looking for death!"

Qin Chen's eyes were cold. He didn't expect that someone would dare to come up. It seemed that he was too kind before and grabbed the opponent's door with his big hand.

"presumptuous!"

The man roared, and the flame dragon was even more powerful than his fist. A mocking smile appeared at the corner of Qin Chen's mouth. The Immortal Eucharist spurred him, and he banged directly on the head of the flame dragon, with a bang, and the sky burst into flames. The entire Zhenyuan dragon screamed and broke apart. Qin Chen pressed the palm of his hand, as if entering an uninhabited state, grabbed the opponent's face and directly picked it up.

[Chapter 1154: Ye Wuming's doubts](#)

how is this possible!

In this scene, everyone's eyes were rounded. Huajin Gou was the peak martial king in the middle of the seventh stage. Although he could not compare with the world's arrogance like Shui Yueqing, he was also the first level master below Shui Yueqing.

But he was like a chicken in front of Qin Chen.

How could this kid be so strong?

Could it be that a world-famous arrogant is not made?

Of course, this was Qin Chen deliberately establishing his prestige, he didn't want someone to come up after he beat Hua Jin Hook.

"Woo... let me go!" Joaquin Gou struggled violently and roared again and again, but it was completely futile. His face was full of anger and shame. Dignified Tianjiao is not an enemy of One He, and he swore before losing him. of.

Shameful.

"If you don't have a few catties or a few taels, just stay obediently, come out to find death, it's your fault!" Qin Chen said Senran, exuding cold killing intent.

"Boy, you let me go, otherwise a few adults won't let you go, nor will my Huoyunbao let you go." Hua Jin Gou was still roaring, confident, because he knew that Qin Chen didn't dare Kill yourself.

In front of so many people, killing him, is this not seeking death by himself?

"Qin Chen, let go!" Shui Yueqing also shouted coldly. He would not attack Qin Chen, which does not mean that he would sit and watch Qin Chen murder in front of him.

Qin Chen glanced at him and said lightly, "Am I familiar with you?"

"Don't force me!" Shui Yueqing also coldened her face.

"Crack!"

Qin Chen exerted a little force, Hua Jin Hook's neck was suddenly twisted, his limbs twitched, and then he slumped down.

What about Tianjiao, there is only one life.

"You..." Shui Yueqing was furious, booming, his clothes bulged, and an unprecedented killing intent broke out.

Qin Chen sneered, and said: "What am I? Do I owe you? Don't point fingers at me. I don't need to listen to your orders for what I want. Although you are a disciple of the Demon Sword Sect, it doesn't mean you are here. Be able to do whatever you want."

hiss!

The crowd sucked in air, mad, too mad, this guy is not afraid of death at all.

Moreover, he squeezed the Joaquin Hook to death. This is Huoyunbao's genius. Isn't he afraid that the people of Huoyunbao will trouble him? Or is there a bigger backing behind him?

Everyone shook their bodies, and they all woke up.

That's right, how can the general forces cultivate such a terrifying genius? This son is definitely the top genius of a certain force, so he is so confident and fearless. It is very likely that the opponent's power is still above the Demon Sword Sect.

Otherwise, why Shui Yueqing and the others, the demon sword sect's arrogant heavenly arrogant, were so insulted that they hadn't done anything to that kid?

This is totally unreasonable.

"Is there anyone else coming up?" Qin Chen sneered and looked at everyone.

Quiet.

Everyone looked at each other. How could anyone dare to come up at this time? Huoyun Fort's Huajin hook said to kill or kill. Even the seed disciples of the Demon Sword Sect could not stop the opponent. If they came up, wouldn't they be looking for death?

One by one backed away.

Ji Ruyue sneered. These guys are really bullying and fearing hardships. No wonder this North Cosmos has been unable to develop. It's only strange that these things can develop.

"Everyone, go ahead, Leng is one step ahead."

Leng Xingfeng's figure shook, and he swept directly to the Jianyi Tower ahead.

Hum!

The whole sword intent tower was filled with black sword intent aura, and the door directly opened a dark passage.

"By the way, Jianyi Tower."

"The third level assessment of the Demon Sword Inheritance is also the final level assessment."

"It is rumored that if you reach the seventh floor of the Jianyi Tower, you will be able to see the true mystery of the sword, and you will enter a new realm. Then, you will become the emperor among the swordsmen.

"Haha, breaking into the seventh floor of the Jianyi Tower? It's not easy. It is said that the strongest one to enter the Jianyi Tower before, but breaking into the fifth and seventh floors, is too difficult."

"Regardless of whether it is difficult or not, go in quickly, otherwise, like this second level, if you haven't realized anything, Jianyi Tower is closed directly, then it's over."

Whoosh whoosh!

Immediately, a famous warrior flew by, and instantly submerged in the Jianyi Tower.

"go!"

Shui Yueqing and the others looked at each other, with the color of eagles in their eyes, and with a low cry, they swept into Jianyi Tower.

"Let's go in too."

Qin Chen sneered, leading You Qianxue and the others, and then entered the Jianyi Tower.

Hum!

After the group entered Jianyi Pagoda, they saw the whole picture of Jianyi Pagoda.

I thought that what I entered was only a pagoda, and the space would not be much. I even worried that thousands of people would enter it and it would be too much.

But after entering, I realized that it was not what I had imagined.

The Jianyi Pagoda in front of him was completely in a gray mist, and his mental power couldn't sweep it.

At the same time, the entire space is so huge that it can't be seen at a glance, like a vast continent.

"Space artifact, or, similar to some kind of space teleportation array."

Qin Chen was shocked. Such a large space could not be accommodated by the pagoda at all. In other words, either the pagoda itself was a spatial artifact with a huge space inside.

Or, this entrance is a space teleportation array, after they entered the entrance, they teleported to a whole new place. After Qin Chen and the others entered the Sword Intent Pagoda, Qin Chen immediately understood the meaning of the Sword Intent Pagoda. Here, the surrounding space became a bit sluggish, and it also stirred with a trace of sword intent. If a swordsman came in for trial If you can't resist the turbulence of the sword intent in this slowness, you may be

This stirring sword will kill.

Immediately Qin Chen felt the direction in which the sword intent flowed. It was so clear that it was almost equivalent to guiding the martial artist how to activate his sword intent. Sure enough, it was a place to perceive sword intent. Although the strength of sword intent here was only at a very low level, it didn't even form the attribute sword intent, it should be only small. But if the swordsman can slowly comprehend the operation of this sword intent, he will be able to understand the essence of the sword intent and the mention of it.

It will be beneficial to rise.

Of course, this is also an assessment, if you can't persist, you will definitely be eliminated.

Qin Chen was sure that the sword intent behind the second and third levels should be stronger, he couldn't wait to see how powerful the so-called another realm of the seventh level was.

But he didn't rush into the second floor, but sat down cross-legged in the space on the first floor.

"Brother Qin, this is only the first floor of the Jianyi Tower. The sword intent here is very weak. Why are you..." After entering the first floor of the Jianyi Tower, almost everyone went directly to the second

floor of the world. Layers of passages, because even a person with weak cultivation level would not be stumped by the sword intent of this first layer, but Qin Chen actually sat down on this first layer cross-legged, and Ye Wuming suddenly looked confused. .

[Chapter 1155: the third floor](#)

"I just think that every level of sword intent is worth knowing. You can follow your own ideas and don't care about me." "Pretend to be a ghost." Ji Ruyue said. She followed Qin Chen just to lead Qin Chen. That's it. Now that I entered the Jianyi Pagoda, I naturally didn't want to stay with Qin Chen. He looked at You Qianxue and said: "My proposal just now, you can consider it. If you are willing to join the law enforcement hall, I

I can help you say goodbye. "

The figure flickered, and he disappeared into the Jianyi Tower in an instant, obviously looking for the second layer of passage.

"Brother Qin, let's go first."

He arched his hand to Qin Chen. Although Ye Wuming was puzzled, he didn't say anything. He shook his body and disappeared in the Jianyi Tower.

Only You Qianxue, who trusted Qin Chen very much, knew that Qin Chen would not aimlessly, also sat cross-legged in this sword intent tower, and began to perceive the first level of sword intent.

At the entrance, a famous warrior rushed in, seeing Qin Chen and You Qianxue directly practicing on this first level, each of them felt baffled.

"What the **** is going on with this kid?"

"Cultivating in this first level, can't even this first level of sword intent be resisted?"

"Impossible, just now this one defeated Huajin Hook with just one move, how could it not be able to stop the sword intent on the first floor of the Sword Intent Tower?"

"This is not necessarily true. Didn't you see how that kid beat Joaquin Gob just now?"

"How was it defeated?"

"It's completely using body skills and palm skills, but not using sword skills. Maybe this child has very average sword skills, so even this first level of sword intent can't resist."

"impossible?"

All the warriors who saw Qin Chen and You Qianxue were confused and couldn't help talking.

The behavior of the two is really weird. In the history of the demon sword inheritance, no one can even resist the sword intent of the first level of the sword intent tower.

Moreover, the time for the assessment of the Demon Sword inheritance is limited. Almost everyone will try their best to reach the level of sword intent where they can withstand the limit as soon as possible.

In this way, they can understand more and gain more here. They have never heard of it. , In this first level, I feel the existence of Jianyi.

But not everyone thinks that way. There are also some warriors who have a slower path to activating kendo. They have seen Qin Chen and You Qianxue activate the supreme kendo and a hundred kendo respectively.

In addition, Qin Chen was the only master who walked to the kendo stele.

Suddenly wondered whether Qin Chen and You Qianxue had any deep meaning in doing this.

How could a master who can activate the supreme kendo not even be able to resist the first level of sword intent?

Could there be some mystery inside.

Thinking of this, they also stopped one after another, sitting cross-legged not far from Qin Chen, following Qin Chen's example, feeling the first level of sword intent.

There were not many of these people at the beginning, but there were ten or ten in one area. In the end, there were hundreds of people, like Qin Chen, sitting cross-legged in this first level of sword intent, feeling the first level of sword intent.

It formed a spectacular scene.

And when Qin Chen and the others entered the Jianyi Tower.

Outside of the Demon Sword inheritance, on the high tower in front of the Demon Sword Square.

Hum!

The entire tower suddenly emitted a misty sword light, which was reflected in the eyes of everyone on the court.

"Oh? The Sword Tower has been activated? It seems that many players have entered the third level of the Demon Sword Inheritance assessment." Sect Master Yan Nineteen of the Demon Sword Sect laughed suddenly.

"Almost half a month, the third level of assessment has finally opened. It seems that the quality of this year's contestants is very high!"

"Yes, I remember the third level assessment last time, it was activated in less than ten days. As a result, there were not many Tianjiao who appeared at all."

"This time you don't have to worry about it. Han Li and the others are one of the top princes in my Demon Sword Sect for hundreds of years. There is no doubt about activating the Silver Swordsmanship, but which step they can reach in the end can only be done by them. I know."

"Hehe, we don't know the Tao of Hundred Swords, but this Sword Intent Tower can clearly show up. The Sword Intent Tower in the Demon Sword Inheritance will appear in the towers of the Demon Sword Square. I hope this A Tianjiao who can break into the fifth floor appears once."

Many elders of the Demon Sword Sect talked a lot, smiling at the corners of their mouths, and at the same time they all looked at the tower ahead.

Not only them, but many other warriors outside the square, at this moment, all looked at the tall tower ahead, with excitement in their eyes.

They couldn't see the specific scene of the Demon Sword Inheritance, but they could still see the situation of the Jianyi Tower assessment.

Because the scene in the Jianyi Tower will be clearly presented on the high tower in front of you.

"Look, the tower in front of you is lit up."

Suddenly someone exclaimed, and saw the black tower exuding sword aura suddenly lit up, and at the same time, light spots began to appear inside the tower.

"Are these light spots the warriors who entered the Jianyi Tower? It is said that each light spot represents a warrior."

At the beginning, many light spots were concentrated on the first layer, but it didn't take long for the light spots to light up in the second layer, and the number of light spots increased.

"Hehe, someone has entered the second floor so soon."

An elder of the Demon Sword Sect laughed, "In this way, I am afraid that someone will enter the third floor of the Sword Intent Tower soon!" "Yeah." The other Demon Sword Sect elder stroked. Stroking his beard, he also smiled and said: "According to past experience, everyone can enter the second floor within half an hour, but when the third floor is reached, the number of people will be reduced by more than half, and those who enter the fourth floor will Reduce by more than half, as for the fifth floor

Yes, only those top talents can do it. Generally speaking, those who can enter the fourth level are not weak kendo geniuses. "

The voices of several people talking were very loud, and many warriors on the field were clearly audible, and they all looked up.

Sure enough, the number of people in the first layer decreased rapidly, and they all concentrated on the second layer, so everyone's eyes focused on the third layer.

It's just that no one can get to the third floor yet.

Everyone is not in a hurry. They have been waiting for more than half a month. Do you care about this time?

Moreover, based on past experience, it would take at least two hours for someone to break into the third floor. It is still early.

Hum!

Everyone was discussing, suddenly, the third floor of the tall tower in front of them lit up, and then a light spot appeared on the third floor.

"what!"

"Someone has entered the third floor so soon?"

Everyone was taken aback and sucked in air-conditioning.

Someone was even more stunned after watching the time.

In less than half an hour, someone has already entered the third floor?

Yan Nineteen was also taken aback, and suddenly stood up. Who was it that entered the third floor within half an hour?

His eyes flickered, showing excitement, could it be one of the four major seed disciples of his Demon Sword Sect?

Xu Yan? Han Li? Shui Yueqing or Leng Xingfeng? For a time, Yan Nineteen's heart was full of blood and excitement.

[Chapter 1156: Dazzled](#)

In the Sword Intent Pagoda, gray mist is clouded with sword intent everywhere, and if you want to enter the next floor, you must follow the flow of sword intent to follow the entrance to the next floor. There is no other way.

In this process, swordsmen must flexibly master the flow of sword intent, so the whole process is extremely difficult.

According to past experience, it generally takes two hours before someone can enter the third floor of Jianyi Tower.

And the one that took the shortest time was the Spirit Sword Emperor of the year, but it also took about an hour and a half.

But now, less than half an hour, someone broke into the third stage. Are they dazzled?

who is it? Who the **** is it?

At this moment, everyone on the field was shocked. From the other populations, everyone knew how difficult it was to break into the third level in half an hour. Could it be that this time the Demon Sword inheritance is opened, there will be one that is far superior to the spirit of the year. The rise of kendo genius above the sword king?

For a while, everyone was guessing who the master who broke into the third layer was.

In the crowd, the red-clad woman in the Hall of Law Enforcement was smiling, disapproving.

Because she already knew the answer in her heart.

Still need to ask?

Except for Miss Ji Ruyue from the Martial Domain, who else can enter the third floor of the Jianyi Tower within half an hour of the other masters of the Northern Heaven Domain?

joke!

Ms. Ji Ruyue is said to be the same as the leader, from an extremely heaven-defying force in the supreme martial domain. Such a genius can't do it, how can other people do it?

She smiled faintly, but the red-clad woman didn't have any thoughts of explaining, she just smiled and looked at the people who were talking in front of her with a kind of arrogance.

"Hey, what's the matter, half an hour has passed, there are so many light spots on the first floor of this Jianyi Tower?"

Suddenly an exclamation sounded, interrupting everyone's discussion.

There are still many light spots on the first floor of Jianyi Tower?

Dizzy, right?

Rumor has it that the sword intent on the first floor of the Jianyi Tower is very simple, but in the realm of Xiaocheng.

Generally, the swordsman who can break into the Demon Sword Inheritance is not below this level in the understanding of the sword intent. Otherwise, even the Demon Sword Inheritance cannot enter, how could there be many people staying in the first level?

Subconsciously, everyone sneered. This person was probably frightened and dizzy when someone broke into the third floor for half an hour.

At the same time, he also looked up casually.

Hey, what's going on, there really seems to be a lot of light spots on the first floor.

Everyone was taken aback.

Roughly counting, there are at least hundreds of people.

No, there are so many people who can't even get through the first floor of Jianyi Tower?

Many people desperately rubbed their eyes. That's right, in the first floor of Jianyi Tower, there are indeed hundreds of light spots still staying there. This shows that at least hundreds of people are still staying on the first floor at this time.

"It should be an accident that caused many people to enter the second floor before they had time."

"Yes, it must be like this."

"Hehe, look at it, it won't be long before these light spots will enter the second floor. After all, it's only half an hour past now, not too long."

Everyone shook their heads and found a reason.

Although according to past practice, within half an hour, all warriors will enter the second floor, but this time there were some accidents that caused a group of people to enter the second floor in time, and it was not impossible.

Maybe, these people will all enter the second level in the next moment.

With this thought, everyone looked at the hundreds of light spots on the first floor, as if these light spots were even more exciting than the one on the third floor.

One quarter of an hour.

Two quarters of an hour.

Another half hour passed in the blink of an eye, but the hundreds of light spots were still on the first layer, motionless, as if they were still.

"This hour has passed, and there are still hundreds of light spots on the first floor."

"My God, what happened?"

"The quality of this demon sword inheritance swordsman is so bad?"

"These people won't even fail the first level of assessment, right?"

It's been an hour, and there are hundreds of light spots on the first floor, everyone is dumbfounded.

Yan Nineteen and many of the elders of the Demon Sword Sect were also dumbfounded.

It makes no sense.

According to records, as long as they can enter the Demon Sword Inheritance, there is no one who can't complete the first level assessment of the Sword Intent Pagoda. Usually within half an hour, they will enter the second level. Slowly, within an hour.

So far, in the history of more than one thousand years, no one has ever been able to enter the second level for more than an hour.

But now...

Damn it!

Hum!

At this moment, the third floor of Jianyi Tower lit up again.

"Someone has entered the third floor again."

"One hour!"

"Hi, this achievement is still higher than the Spirit Sword Emperor back then!"

Everyone was surprised.

Is the quality of this year so good? Only an hour has passed, and two of them have already entered the third floor!

However, after everyone saw the hundreds of light spots on the first floor, they were speechless again, and one by one was going crazy, not knowing what to say.

To say that the quality of this swordsman is high, it is indeed very high. In just an hour, two people have already entered the third floor, unprecedented.

However, there are hundreds of people who have been staying on the first floor, making everyone scratch their scalp, and they don't understand.

What the **** is going on here?

Did these hundreds of people die on the first floor? Even if they die on the first floor, the spot of light should have disappeared, but now the spot of light is still there, indicating that people are still on the first floor. Is it true that so many people can't even get through the first floor? impossible!

If it weren't for the fact that there was no way to enter the Jianyi Tower to find out what happened, everyone on the field would like to rush in directly and ask what happened.

But now, they can only be in the square, depressed, guessing wildly.

And the sword intent at the moment.

Hundreds of warriors sat cross-legged near Qin Chen, forming a spectacular scene.

Like Qin Chen, they were cultivating in this first-tier sword intent tower, trying to understand why Qin Chen stayed here.

It's just that an hour passed, and they didn't feel anything special at all.

Finally, someone couldn't help it.

The Jianyi Pagoda is the same as the kendo stele. You can perceive the sword intent of the next level by breaking into the next level. If they stay here, if they can't learn anything, they will obviously have less experience than those who entered the second level earlier. Baptism of sword intent for a period of time.

This is undoubtedly a huge loss for them.

The Demon Sword inheritance can be met, and they can't waste too much time here.

Immediately, someone stood up, no longer did what Qin Chen did, and went straight to the depths of the first floor, looking for the entrance to the next floor.

With the first person, there will be a second.

Gradually, third, fourth! With a stick of incense, almost all the hundreds of martial artists who had stayed on this first floor after learning from Qin Chen couldn't help it. They stood up and stopped staying.

[Chapter 1157: Great reward](#)

Their movement also affected the hearts of many warriors outside the Demon Sword Square.

"Moved, moved, finally moved."

"Look at it quickly, is there less light spot on the first layer?"

"Hey, the light spots on the first layer are really less."

"I'll just say, how can these people not even get past the first floor of Jianyi Tower."

"Although it was slower, but somehow it also entered the second floor."

"Scared me."

Everyone patted their chests one after another, as if a big rock had fallen on their hearts.

And accompanied by the reduction of the first layer of light spots.

Buzzing...

In the third floor of Jianyi Tower, new light spots were lit up one after another.

The third.

the fourth.

the fifth.....

Almost within a short stick of incense, the number of light spots on the third floor of the Jianyi Tower increased from two to six.

hiss!

There was a series of inhaling air-conditioning sounds in the audience. In less than an hour and a half, eight people actually broke into the third floor. What is this concept?

Could it be said that among the inherited disciples of this class, there are six swordsmanship cultivation bases, which is stronger than that of the Spirit Sword Emperor back then?

And what was even more shocking was still to come. After an hour and a half, there were three more light spots and entered the third level, which was almost the same as the results of the Spirit Sword Emperor.

Nine, a full nine geniuses, broke into the third floor in about the same time as the Spirit Sword Emperor back then, and six of them were above the Spirit Sword Emperor. This...

It's against the sky!

However, there were only nine places. In the next hour, the number of people in the third layer did not change.

It's not surprising that Yan Nineteen and the others, this third level is inherently difficult. Basically, the third level can be entered within three hours, and it is already very impressive. Rumor has it that it has the power to attack the eighth-order Martial Emperor potential.

There are nine in this year, which has greatly exceeded everyone's expectations.

What makes everyone depressed is that two hours have passed, and there are still two light spots on the first floor, just like taking root.

Hey, I don't know which force it is a warrior. I haven't been able to enter the second level in two hours. It's really hopeless.

The first floor of Jianyi Tower.

After cultivating for two hours, Qin Chen, who had been practicing with his eyes closed, finally opened his eyes at this moment.

"Awesome, really amazing."

There was excitement in Qin Chen's eyes.

Although the sword intent in this first layer was not strong, it was very delicate and perfect, which gave Qin Chen a great touch.

In just two hours, he spied a new realm of sword intent, and let him understand that his sword intent had so many defects and omissions.

"Little dust, this is the real sword intent."

At this time, You Qianxue also opened her eyes, her expression agitated, and her face flushed.

In fact, at first, like the swordsmen who left earlier, she did not feel much, but with the prolonged time in this first level, gradually, You Qianxue also realized the sword intent here. It was a little different from his own understanding of sword intent.

It seems that the sword intent here is the real sword intent, perfect, and the sword intent that I once comprehend is just broken.

"It's a pity, those people were still too impatient before. If they stayed for more than half an hour, they might be able to realize the difference in sword intent here. Unfortunately, they left within an hour and a half."

You Qianxue sighed.

Qin Chen shook his head lightly, and said: "In fact, there is nothing to be a pity. Everyone has their own chances and can't force it. Although they are different from the perception here, maybe only a moment, but this moment represents life. Two roads."

Hearing this, You Qianxue was thoughtful and touched.

In fact, because she completely trusted Qin Chen, she stayed with her until now, otherwise, I'm afraid she would leave early like those swordsmen.

And this difference in thought is a world of difference.

"Let's go, let's go to the second floor."

With a flicker, Qin Chen led the way. At this moment, he can say that he has a complete understanding of the first level of sword intent, and all kinds of flows are clear to his chest.

After only a moment, he found the entrance to the second floor and stepped in.

Hum!

As soon as he entered the second layer, Qin Chen immediately felt a strong sword intent, which was several times stronger than the sword intent of the first layer.

Dacheng-level sword intent.

This second level of sword intent has clearly reached the Dacheng level, no wonder it is so much stronger than the first level.

but.

With Qin Chen's sword intent cultivation base, this second level of Dacheng Sword Intent was completely without difficulty and harm to him.

"Go, find a place to continue practicing."

Without looking for the entrance to the third floor for the first time, Qin Chen and You Qianxue immediately found an empty place, and continued to understand on this second floor.

"Hey, the two light spots on the first layer have disappeared."

"For more than two hours, these two light spots finally disappeared."

"I thought they could not pass the first level of assessment."

"Damn, I really want to know, which two guys actually stayed on the first floor for such a long time, it's really unreasonable for such a person to enter the Demon Sword inheritance."

The moment Qin Chen and You Qianxue entered the second floor, they were discovered by many warriors in the square.

No way, who made the two of them stay so long? Compared to the nine swordsmen on the third floor, the two light spots on the first floor were obviously more exotic.

Qin Chen naturally didn't know that he had caused such a sensation in the outside world, but even if he knew it, I'm afraid he wouldn't care.

An hour.

Two hours.

Three hours.

Because the sword intent of the second layer was stronger, it took Qin Chen and You Qianxue longer this time, and it took five hours to fully understand the sword intent of the second layer.

At this moment, in the third floor of the Jianyi Tower, there were already forty or fifty people from the original nine.

"Go, let's go to the third floor."

Qin Chen and You Qianxue stepped into the third floor again.

As soon as he entered the third level, Qin Chen immediately felt a stronger sword intent. This sword intent, like a sharp blade cutting his body, gave him a strong sense of oppression.

"Consummate sword intent!"

Qin Chen's gaze condensed, this third layer of sword intent oppression, turned out to be a complete sword intent, no wonder he heard people say before entering that most people can only stay on this third layer.

The sword intent of the Consummation level is no longer what ordinary swordsmen can bear.

"go."

As before, after Qin Chen and You Qianxue entered the third floor, they did not find the entrance to the fourth floor in time. Instead, they found a hidden place in the gray mist and realized the perfection sword of the third floor. meaning.

"Hey, isn't this Qin Chen?"

When Qin Chen and You Qianxue sank into a hidden place on the third floor, in the gray mist, a swordsman suddenly opened his eyes.

His eyes flashed and he stood up immediately.

"Hey, the adults should still be on this third level. If you tell the adults about the whereabouts of this kid, you might be rewarded if you are happy!" A grin was drawn at the corner of his mouth, and the swordsman's eyes rolled, and the corners of his mouth showed gloom. The meaning disappeared instantly.

[Chapter 1158: Don't come unharmed](#)

Not long after, the swordsman came to a place with extremely strong sword intent. Here, seven or eight warriors gathered together to resist the strong sword intent from the surroundings.

"Wu Jun, what are you doing here?"

Seeing this swordsman coming, one of the men in black opened his eyes and said coldly.

The swordsman even bowed and said, "I'm here to see Master Shui Yueqing, I have something to report."

"Looking for Master Yueqing Shui?" The black-clothed man's eyes sank, "My lord is trying to enter the fourth floor. Do you know how serious it will be if you come to disturb him now?"

"Of course I know, but I do have important things when I come this time." The swordsman narrowed his eyes and said.

The man in black gave him a deep look, "You come with me."

Under his leadership, the swordsman was immediately taken among the seven or eight warriors. Shui Yueqing and Yang Lingzheng were here cross-legged. Around his body, the strong sword intent formed a strong barrier to resist the perfect sword intent from the outside world. erosion.

"Are you looking for me?" Shui Yueqing opened his eyes, with sharp sword intent, and shot out from it.

Just a few hours after entering the Jianyi Tower, the sword intent of Shui Yueqing's body has obviously improved, giving people a more aggressive and domineering feeling.

"Master Shui Yueqing, I saw Qin Chen just now." Wu Jun said.

Qin Chen?

Shui Yueqing's eyes were cold, and a trace of cold killing intent bloomed from his eyes.

"Where is that kid?" Suddenly a cold voice sounded. It was Yang Ling. He opened his eyes and closed them, his spirits skyrocketing like lightning.

"On this third level, this person has only entered the third level before, and he just passed by the place of cultivation underneath, knowing that Shui Yueqing and Yang Ling will definitely be interested in this person, so I came to report."

"You did a good job." Shui Yueqing narrowed his eyes and said, "Who is there around Qin Chen?"

"There is only one cold woman who has been with him." Wu Jun said.

"Oh?"

Shui Yueqing and Yang Ling looked at each other, their eyes lit up instantly, and then frowned, "Are you sure? Ye Wuming and the veiled woman are not there?"

"I'm sure next."

"Okay, very good, very good." Shui Yueqing showed excitement, and his whole body suddenly stood up, and a cold killing intent suddenly burst out of his body.

This killing intent was true, and instantly pierced every warrior around, causing everyone to retreat.

Wu Jun's face suddenly appeared shocked, so fiercely murderous, the seed disciple of the Demon Sword Sect was truly extraordinary.

It's just that he also wondered, why before Qin Chen killed Huajin Gou in front of the kendo stele, Shui Yueqing and others could not hold back their hands!

He was not Shui Yueqing's subordinate, so he didn't know that Shui Yueqing and Qin Chen and his party had actually played against each other a long time ago.

"Your name is Wu Jun? Are you from Di Yuanzong?"

"Yes, the disciple is the inner disciple of the Di Yuanzong."

Wu Jun bowed and saluted. Di Yuanzong is also a power in the Northern Heavens, but not as powerful as Demon Sword Sect. He is only an inner disciple in Di Yuanzong, not the top core disciple, so he is in front of Shui Yueqing. , The posture is very low.

"You came here to tell me the news, what do you want?" Shui Yueqing looked over.

"I dare not, I only admire Master Shui Yueqing, and hope that Master Shui Yueqing can become the son of the Demon Sword Sect in the future. If you say this, there will be light on Xia's face."

"OK!"

Shui Yueqing laughed and said: "You are fine, rest assured, as long as you are true, after Shui Mou kills that Qin Chen, he will not treat you badly, and you will be my friend of Shui Yueqing in the future."

"Thank you Lord Shui Yueqing." Wu Jun was overjoyed. This is what he wanted.

"Okay, you lead the way, remember, don't say anything, don't disturb others, that kid didn't act with Ye Wuming and the others. It's a godsend opportunity, and you must not let this opportunity pass."

Shui Yueqing and Yang Ling looked at each other, and their eyes were full of hideous colors.

If Ji Ruyue hadn't been there before, they could have killed Qin Chen the first time they met him, but it was a pity that they were destroyed by Ji Ruyue. Now that Ji Ruyue is not there, how could they let such a good opportunity pass?

What's more, Qin Chen was the only swordsman who was close to the kendo stele before. This person must have the ultimate killing sword on the kendo stele before. As long as he holds Qin Chen, he is afraid that he will not get the secret skill of the ultimate sword killing?

As for You Qianxue...

Shui Yueqing and Yang Ling looked at each other, the corners of their mouths were drawn with a wicked smile.

Whoosh whoosh!

Under the leadership of Wu Jun, Shui Yueqing's group flew towards Qin Chen's location and disappeared into the gray mist.

A moment after Shui Yueqing and his entourage left, a swordsman pretended to pass by unintentionally. After seeing the empty place, he was taken aback.

His eyes flashed and he flew quickly in one direction. After a while, he came to a basin on the third layer.

There were also seven or eight people gathered here, but it was a group of Han Li and Du Qingcheng.

"You mean Shui Yueqing's party suddenly disappeared?" Han Li squinted his eyes and said in a deep voice. "Yes, the subordinates monitored Shui Yueqing and the others in accordance with the orders of the adults. However, because of the obstruction of the gray fog, the mental power could not be detected, so they could only spy on feelings. They heard some movement from the other party before, so they pretended Passing by, I realized that they were gone." The swordsman

Link Road.

"A group of people suddenly disappeared, what the **** is Shui Yueqing doing? Is it possible to completely resist this third level of sword intent and prepare to step into the fourth level?" Han Li squinted his eyes, revealing a look of doubt.

Immediately shook his head, "Impossible, without four or five hours, it is impossible for Shui Yueqing to completely resist the terrifying sword intent of the third layer."

"Brother Han, don't care what you do, then Shui Yueqing is wasting time. Let's hurry up and step into the fourth level as soon as possible. When that happens, as long as we get the position of the son, how can we look at Shui Yueqing again?" Du Qingcheng Said lightly.

"Brother Du's words are extremely true." Han Li smiled and stopped thinking about it, but the doubts in his heart remained for a long time.

On the other side, under the leadership of Wu Jun, Shui Yueqing and others soon came to a remote and empty area.

"My lord, then Qin Chen should be right in front." Wu Jun pointed to the front.

"Well, that kid actually found such a remote place. It is really God's help. Kill him here and take away the secret of kendo. It can't disturb other people at all. When I master the secret of kendo on the stone tablet, Han Li How can they compete with me with Leng Xingfeng?" Shui Yueqing said excitedly.

A group of nine people swiftly moved forward, and as expected, they found Qin Chen and You Qianxue's traces in the mountain col in front.

"Hahaha, kid, don't be unharmed!" With a big laugh, Shui Yueqing and Yang Ling, with Wu Jun and others, instantly fell around Qin Chen, surrounded He You Qianxue, his faces revealed. Grim smile.

[Chapter 1159: Bloody Halberd](#)

Qin Chen and You Qianxue were comprehending the sword intent of the third layer, and saw seven or eight figures swept over them, instantly surrounding them.

"Shui Yueqing? Yang Ling?"

Qin Chen's gaze condensed, why was discovered by these guys, but there was no panic on his face, and he said lightly: "How many people are not going to find a way to enter the fourth floor, why are they strolling here?" "Papa!" A few monotonous applause came, Shui Yueqing sneered at the corner of his mouth, and applauded: "Your Excellency is really arrogant. I don't know how to salute when you see this seat, and you two widows and men found such a hidden place. Cultivation, tut, can't you be doing something like that

Right? Hey, the two really deserved their reputations. They actually like to do such things in broad daylight. Shui Mou admires them, and really admires them..."

"Close your stinky mouth." You Qianxue said angrily.

Qin Chen's eyes instantly became cold. He glanced at Shui Yueqing and a group of people, and sneered, "It smells so smelly, you didn't brush your teeth when you went out, or you ate big dung for dinner last night. It smells intolerable. It's so smelly.

"You're looking for death, when you see Master Shui Yueqing and Master Yang Ling, you won't kneel down for me." Wu Jun was surprised that Qin Chen was still so arrogant at this time. How could he miss such a good flattering opportunity? Angry.

"Kneel? I won't, do you teach me?" Qin Chen said with a grin.

"You... kid, aren't you afraid of death?" Wu Jun trembling with anger, pointed to Qin Chen and shouted.

If it wasn't for Qin Chen to kill Huajin Gou casually before, and if other warriors dared to speak to him like this, he would have rushed to kill the opponent, but in front of Qin Chen he would not dare to be presumptuous, not to mention his side There are also two adults, Shui Yueqing and Yang Ling, who are going to get ahead, and it is not his turn.

"Death? Just rely on a few of you? I'm really not afraid." Qin Chen smiled and glanced at Wu Jun lightly: "They can find here because of you, right?"

Although the spiritual power cannot be released too far in the Jianyi Pagoda, Qin Chen also noticed the opponent when he passed by Wu Jun before, but what Qin Chen did not expect was that this single cultivator would actually bring Shui Yueqing and the others. come.

Sometimes, the heart of defense is really indispensable.

"You..." For some reason, being stared at by Qin Chen's gaze, Wu Jun's heart tightened, as if he was stared at by a beast that came out of the predicament, and he suddenly felt terrified. "Okay, don't talk about it." At this time, Shui Yueqing waved his hand, squinted at Qin Chen, and said coldly: "Boy, you are very courageous, but Shui is a talented person and doesn't want to kill anyone. You surrender the sword art you got on the kendo stele, and promise to submit to this seat, this seat can

To consider leaving you a way out, otherwise..."

Shui Yueqing smiled coldly: "Ye Wuming and the veiled woman are not here. I am afraid that the consequences will be very miserable for you two alone, especially for this beautiful girl by your side. I am afraid that my subordinates will not be able to control it. ."

"Hey!"

"Hey!"

"Hehehe!"

The other warriors around Shui Yueqing suddenly laughed grinningly, the laughter was full of licentious taste, and the hot gaze looked up and down at You Qianxue, naked and did not hide it at all.

You Qianxue Qiao's face was cold, and a cold chill filled her body.

Qin Chen's eyes instantly became cold.

Originally, he didn't want to deal with Shui Yueqing and the others. After all, this is the Demon Sword Sect. Killing Shui Yueqing, once the Demon Sword inheritance is out, it will be very troublesome.

But now the other party dared to molest You Qianxue, how could Qin Chen bear it? Does the other party think that without Ye Wuming and Ji Ruyue by his side, he can wantonly insult him? If so, Shui Yueqing is thinking too much.

Before Ji Ruyue, Qin Chen did not dare to expose too much, so the strength did not seem to be very conspicuous, and it was barely at the same level as the Geshi Tianjiao, but now that Ji Ruyue is absent,

Qin Chen can act unscrupulously, Shui Yueqing and the others are probably fighting. Wrong wishful thinking.

Cang!

The black rust sword was pulled out in an instant, and Qin Chen said coldly, "Don't talk nonsense, hurry up if you want to do it, just get out of it if you don't do it!"

"Hmph, thinking that you have some strength, you will be lawless. It is true that the ignorant is fearless. Since you want to do it, then this seat will fulfill you, but I am sure that your end will be extremely miserable."

After Shui Yueqing finished speaking, a long sword appeared in his hand and said coldly: "Enclose the two of them, don't let one go."

Yang Ling also took a step forward, and a black halberd appeared in his hand. As soon as the black halberd appeared, a strong **** scent of murderous intent was immediately diffused.

"Brother Shui, talk nonsense with him, just take it directly." Yang Ling said with a sneer, and the halberd in his hand exuded a breathtaking aura, and the rich **** aura covered everything.

This is his real assassin. This halberd was obtained from a certain ruin. It contained violent demonic energy. The previous fight with Qin Chen had not been displayed. Now, they have decided to encircle Qin Chen. Here, you must go all out and not give the other side a chance to escape.

Qin Chen squinted at the war halberd in Yang Ling's hand. On this war halberd, he felt a strong killing intent. It was obvious that this thing was definitely some kind of treasure.

Yang Ling who sacrificed the war halberd was too lazy to talk nonsense with Qin Chen, the war halberd in his hand had already smashed directly at Qin Chen with the sound of tearing the air.

The **** murderous aura almost solidified the entire space, and it seemed to make people feel that as long as they approached the **** murderous aura, the next moment they would be torn apart by the **** murderous aura.

You Qianxue subconsciously fought a cold war, and her face suddenly became serious.

She and Qin Chen have also joined forces to deal with Shui Yueqing and Yang Ling before. The two sides are evenly matched, but You Qianxue can guess that Qin Chen definitely hid his strength when fighting against Yang Ling.

Now even if they fight again, even if the opponent has a few more people, there will be no problem. The opponent wants to win them, it is almost impossible.

But now Yang Ling waved the war halberd, You Qianxue's face suddenly changed, and she felt that she had read something wrong.

This Yang Ling had definitely hidden her strength before, because the other party hadn't used the halberd before, and now the halberd was waved, and the target was not herself. She also felt a kind of fear of being torn apart, so she was in the halberd. Can Xiao Chen under the attack be able to withstand it?

Although You Qianxue had full confidence in Qin Chen, she couldn't help feeling nervous at this time.

Just as You Qianxue guessed, as soon as Yang Ling's halberd was waved, Qin Chen felt an extremely upset and uncomfortable feeling in his heart. This halberd is definitely some kind of strange treasure. Although the murderous aura is very strong, the power is also huge. It has more than doubled Yang Ling's strength in an instant. No wonder the other party is so confident to kill himself.

[Chapter 1160: Qin Chen broke out](#)

And Qin Chen felt that although the opponent's halberd was full of blood, most of them were shrouded around him, rather than aimed at him.

Obviously Yang Ling didn't want to kill himself so soon, it should be to get the sword art on the kendo stele, right? Qin Chen sneered. Yang Ling was really confident, thinking that he would be able to take care of himself if he displayed the secret treasure?

"cut!"

The mysterious rust sword lifted up, and the black sword aura burst out in an instant, turning into a sword-light sky curtain, and violently collided with the **** murderous aura displayed by Yang Ling.

boom!

Under the horrible sword intent, the horrible blood energy that seemed to be locked in Qin Chen immediately shook up, and Qin Chen snorted, and the whole person stepped back more than ten steps, his face turned pale, as if Generally injured.

However, under his sword, Yang Ling's attack also came to an end and stopped.

what?

It was actually blocked.

Seeing that Qin Chen had actually blocked his attack with a sword, Yang Ling suddenly felt astonished, his strength more than doubled, and he could not take that kid down?

But immediately afterwards, a sneer appeared on his face. Although Qin Chen blocked his war halberd, it seemed that he had suffered a lot of minor injuries. He could block the first blow. Could it be that he could block the first blow? Able to survive the second blow, or the third blow?

"Boy, there are two times. No wonder you are so confident, do you think that my strength is just the same as before? Hahaha, I think you are going to be disappointed." Yang Ling laughed, without any pause in his hand, and slashed at Qin Chen again. .

"go!"

Qin Chen's face was ugly, he didn't dare to resist Yang Ling's halberd, and with You Qianxue, he was about to flee deep into the gray mist.

"Stop them." Shui Yueqing on the side smiled coldly, wanting to escape under him, thinking too much, right?

"kill!"

In fact, without using Yueqing's instructions at all, Wu Jun had already rushed up with the remaining six warriors, and they had weapons in their hands at the same time, and the sword was full of anger and surged toward Qin Chen and You Qianxue like a violent storm. Come.

Who can break into the third floor of Jianyi Pagoda in such a short period of time, which one is Yi and his generation?

Even the weakest one has the cultivation base of the seventh mid-stage peak. Together, this group of people suddenly changed the color of the world, and the terrifying sword aura was like a large net, which surrounded Qin Chen and You Qianxue, and there was no escape at all. room.

Puff puff!

The fierce sword aura slashed on Qin Chen's body. Except for most of them being resisted by Qin Chen, there were still two slashes on Qin Chen's chest, causing him to snorted and his aura became weaker.

"But so."

Shui Yueqing and Yang Ling laughed loudly. Before they joined forces, they were blocked by Qin Chen and You Qianxue. Among them, Yang Ling was almost severely injured by Qin Chen. He had already suffocated in his heart. Now he sees Qin Chen in his own. How can you be so embarrassed under the attack?

"Kid don't resist, hand over the sword tactics obediently, maybe there is still a chance, otherwise, you will die!" Yang Ling smiled wildly, as if a cat is playing a mouse, and his tone is abusive.

"Don't think about it." Qin Chen shouted angrily, and said to You Qianxue: "Let's kill it."

boom!

A terrifying sword intent erupted from his body, and his breath soared, and he was about to rush towards the outside of the encirclement.

"Oh? Desperate?"

Yang Ling laughed, and the **** murderous intent turned by the halberd enveloped Qin Chen like a vast ocean.

Bang-bang-bang, in the **** murderous aura, Qin Chen shot frantically, the terrifying sword aura was like a shark, rushing from left to right in the **** murderous aura.

"So strong!" Yang Ling's face changed slightly, and he saw the **** murderous aura constantly surging, as if it would be shattered at any time, and his heart was suddenly slightly shocked.

I have to say that the strength of this son is indeed terrifying, and he can resist for so long under the attack of his mysterious halberd. Such strength has definitely reached the level of a world-famous arrogant.

However, being able to kill such a genius today made Yang Ling especially happy.

"kill!"

In the **** murderous aura, You Qianxue was full of coldness, and also burst out an unprecedented terrible attack. Hey, the countless cold ice sword aura almost wanted to freeze the void, and Qin Chen joined hands to tear the **** murderous aura and roll, just see it. To be broken.

"Brother Shui, make a move soon, I can't hold on anymore." Yang Ling's face changed slightly, and he hurriedly drank.

Once Qin Chen and You Qianxue rushed out of his **** murderous aura, the other party immersed in the third layer of the gray misty Jianyi Tower and hid them, how could they find it again?

Therefore, he roared, while standing forward, above the halberd, the blood-colored murderous aura became more and more violent, and countless halberd shadows fought with Qin Chen like an angry dragon.

"Don't worry, everyone obeyed the order and quickly besieged the two of them."

Shui Yueqing gave a low cry, and took the lead in flying forward, Qiang, the misty sword intent skyrocketed from his hand, and turned into a long sword to the sky, above the long sword, there was a flickering demon shadow, slashing violently, below the sword shadow, The sound of ghost crying and howling directly hit the eardrum, like howling a ghost.

Whoosh whoosh...

The other seven people, including Wu Jun, also quickly stepped forward, close to Qin Chen and You Qianxue, obviously not giving them the slightest chance to be **** and murderous.

"Are you here?"

Seeing this group of people approaching, Qin Chen, who was frightened and frightened in the **** murderous aura, suddenly shot a sharp light in his eyes, and a sneer was outlined at the corner of his mouth.

"cut!"

He raised his sword with one sword, and, on the black rust sword in his hand, his energy exploded, and a terrifying aura suddenly rose to the sky, as if a sleeping wild animal suddenly awakened.

With a bang, the sword aura was vertical and horizontal, and immediately broke through the **** murderous aura that Yang Ling had displayed. The terrifying sword intent Lingxiao nine days, shocked nine days and ten places.

"what?"

Yang Ling was shocked. Before that kid was still unsustainable under his **** murderous intent, why all of a sudden? How can it be possible that the strength has become so much stronger?

He was shocked immediately, waiting for his halberd to change his move again, the mysterious Rust Sword had already brought a few sharp sword lights.

"Extreme Path Killing Sword!"

It was Qin Chen who had just grasped a trace of the ultimate killing sword before. As soon as this sword was released, the sword intent in the third-level sword intent tower was immediately attracted and blasted. The terrifying sword aura was like a huge ocean, and it immediately flooded Yang Ling. .

not good!

Yang Ling was shocked, his figure retreated violently in an instant, he felt that as long as he was caught in this sword aura, he would not die and would be seriously injured.

"Can you go away? Mental storm!"

Hum!

In Qin Chen's eyebrows, he suddenly opened an eye pupil, and a terrifying mental storm plunged into Yang Ling's mind like a sharp sword.

After finally seizing this opportunity, how could Qin Chen let Yang Ling escape? In the Jianyi Tower, although there is a gray mist that shields his spiritual power, how powerful is Qin Chen's spiritual power? He had already stepped into the rank of Emperor Wu, and even the remaining trace of mental power made Yang Ling's mind instantly dizzy.
