

Valkyrie 1171

[Chapter 1171: Ji Wuxue](#)

Ji Ruyue was taken aback, but she was stunned. She looked at Qin Chen suspiciously and said, "Do you know the resentment?"

Really resentful!

Qin Chen was speechless.

When the martial artist falls, there will be a spirit of death resentment born. This kind of resentment atmosphere is very vain, but it is real, and Qin Chen naturally understands it.

Recalling that I killed Shui Yueqing and Yang Ling before, they were full of resentment before they died. If they left the resentment, it is not impossible.

However, the qi of death resentment is vain, even the general seventh-order bloodline masters can't see it, only the eighth-order imperial bloodline masters can observe it to a certain extent, so Qin Chen didn't care at first.

But how did Ji Ruyue see this?

The other party said Shui Yueqing and Yang Ling in one mouth, or she guessed after she knew that Shui Yueqing and Yang Ling were dead and sensed the resentment in her body.

Or, as she said, she can not only see the resentment, but can even sense the attributes of the resentment, isn't the opponent still an eighth-order imperial bloodline master?

wrong.

Qin Chen shook his head, even if he was an eighth-order imperial bloodline master, it was impossible to see the characteristics of the resentment in his body at a simple glance, right?

So although he was shocked in his heart, he didn't show it. Instead, he asked without admitting or denying: "The spirit of grievance is so special that most people can't see it. How did you see it?"

Ji Ruyue seemed to know that Qin Chen would ask like this, she smiled faintly, and said: "How I can see it, you don't have to worry about it. Anyway, you only need to know that I can see the resentment in you."

Qin Chen didn't know how Ji Ruyue had seen it, and how reconciled it was. He took a close look at Ji Ruyue, and suddenly saw a faint gold flashing in Ji Ruyue's eyes.

this is.....

Qin Chen was startled slightly, as if he had seen something incredible.

He didn't think much about Ji Ruyue's name, but he felt a little familiar before, but now seeing the golden light in Ji Ruyue's eyes, he suddenly said, "Your name is Ji Ruyue, and your surname is Ji?"

Ji Ruyue glanced at Qin Chen suspiciously, but said: "Yes, my name is Ji Ruyue."

"Who is Ji Wuxue?"

"Why Ji Wuxue?" Ji Ruyue was taken aback for a moment, but she was shocked and said, "How do you know my grandfather's name?"

Damn, it really is!

Qin Chen said in his heart that although he had no good brothers in his previous life except Feng Shaoyu, he still had some friends, and Ji Family Ji Wuxue was one of them.

The Ji family is a hidden family of Wuyu, but with Qin Chen's status in those days, he doesn't care too much about the Ji family, and Ji Wuxue can become his friend because the two of them have very opposite tempers.

It's just that Qin Chen was obsessed with bloodline and alchemy, and he was obsessed with practicing hard in seclusion, so apart from Feng Shaoyu and Shangguan Xier, he didn't have much contact with other friends.

But when it comes to friends, Ji Wuxue is definitely one of them.

Grandma Di, this is really...

Qin Chen looked at Ji Ruyue speechlessly, and he actually met the granddaughter of a good friend of the year.

No wonder this Ji Ruyue can see the resentment in her body. At that time, her friend Ji Wuxue had a secret method called the Eye of the Taixu. It must be cultivated by the blood of the Ji family. It is the supreme secret method of the Ji family and can see through some falsehoods. And illusion.

Cultivate to the extreme, and even see through a person's soul.

This can also be explained.

Although it was stunned in his heart, Qin Chen touched his nose, still speechless, what is all this, he actually met the granddaughter of his former friend, Ji Wuxue, what genes, actually gave birth to such a beautiful granddaughter, I didn't see it back then.

"Say, how did you know my grandfather's name?" Ji Wuxue's temperament suddenly changed, with a terrible aura permeating his body, staring at Qin Chen coldly. "What's wrong with this? Ji Wuxue was the supreme martial arrogant Tianjiao of the martial arts. He used to be the Emperor Wu, beheading the nine-day martial emperor, and shocking the world. Anyone in the martial arts should have heard of it." Qin Chen said lightly: "The younger generation admires Senior Ji Wuxue very much, and naturally knows about him.

trace. "

But in her heart, if Ji Wuxue knew that he said that, would he be too excited to sit still?

"By the way, I wonder how Senior Ji Wuxue is now?"

With Ji Wuxue's talent, it couldn't be easier to step into the Emperor Wutian of the Nine Heavens, and Emperor Wu of the Nine Heavens has a very long life span. Three hundred years is not a big deal to them. They did not think that both Guan Xier and Feng Shaoyu lived well. of.

Unexpectedly, when Qin Chen asked, Ji Ruyue's face suddenly showed sorrow, "My grandfather is dead."

"what?"

Qin Chen lost his voice, "Impossible!"

Jiutian Wudi has a very long lifespan. If it weren't for being beheaded, it would not be a problem to live for three to five hundred years. Moreover, Ji Wuxue had amazing talents, and it was not impossible to hit the peak of Wudi. In addition, how could Ji family be strong, how could he fall?

He was truly shocked, so seeing Ji Ruyue's eyes softened her eyes. However, her eyes soon became cold again, and said: "You don't need to know how he fell. Now you should consider yourself. I can see the resentment in you and bring me here. The Hongying can also be seen naturally. Hongying is my aunt's subordinate and possesses extremely

The mirror can also show the resentment in you, and you will not be able to escape at that time. "

Qin Chen was still in the shock of Ji Wuxue's fall. He still couldn't imagine how Ji Wuxue fell.

After all, he is the supreme arrogant of the Ji family, who dares to kill him in the martial arts?

But now, it's not the time to think about this. He breathed out, restored to Ching Ming, and said: "Then can you help me get rid of the resentment?"

Ji Ruyue shook her head and said: "I can't help you get rid of the resentment, but I can ask Hongying to help you conceal this fact. Hongying is my aunt's subordinate and will naturally listen to me."

"Your aunt?"

"That's right, my aunt is the commander of the Beitianyu Law Enforcement Hall. As long as I speak, Hong Ying will listen to me."

Qin Chen was speechless. It turned out that Ji Hongchen, the old lady who threatened him in Tianlongzhai before, was also a member of the Ji family. The junior of his friend, this is really...

Qin Chen shook his head secretly, it would be useless if only Hong Ying concealed it.

Because of this, although he would not be targeted by the people of the Demon Sword Sect, he would definitely be targeted by Hong Ying from the Hall of Law Enforcement. Once he doubted himself, he would be even more troublesome. Now Qin Chen even has the urge to change his face, especially after knowing Ji Wuxue.

[Chapter 1172: I will teach you](#)

The Tianwu Continent, when it is said to be big, is extremely vast, and when it is said to be small, it is also extremely small.

In the previous life, he was also called Qin Chen. Once he was involved in the Palace of Law Enforcement and then passed into the Misty Palace, if Shangguan Xi'er heard about it, once he became suspicious, he couldn't fight him at all.

Therefore, I must not get involved with the Hall of Law Enforcement. Seeing Qin Chen's silence, Ji Ruyue thought he was still hesitating, and suddenly said: "How about it, I'm a good deal. With your talent, I want to be a disciple of a big power, you don't need to be so low-key, but you are on the way. But never tell which force he comes from, obviously there is

What's the secret? It might even be a disciple of the hostile force of the Demon Sword Sect. "Once you killed the disciple of the Demon Sword Sect, you will not escape death on the territory of the Demon Sword Sect, and if you make a deal with me, I can protect you from death. And my request is very simple. I just want to know, how did you comprehend the realm of sword, you also know who I am, in fact, I am rooted

I didn't care about the battles between your Northern Horizons forces, I just wanted to improve myself."

"So... you tell me how to cultivate the sword realm. I will keep you safe. It is fair and reasonable."

It turned out to be to comprehend the realm of the sword.

Qin Chen breathed a sigh of relief, this was not a problem at all to him, and the other party was Ji Wuxue's granddaughter, and it was considered to be quite related to him.

Qin Chen thought for a while, and said, "Okay, but I need you to make a heavenly oath."

"You don't believe me?" Ji Ruyue was speechless, she was a dignified disciple of the Ji family, would he be blamed?

"Hehe, insurance matters."

"Well, as long as you teach me the cultivation method of the Sword Realm, I will help you conceal the fact that Shui Yueqing was killed. If it is violated, Tianzhudi will be destroyed, okay?" Ji Ruyue raised one hand and said angrily.

"It's not enough. You have to hide everything about me for me, everything you see, except you, you must never tell anyone else."

"God is mysterious."

Ji Ruyue is speechless, this kid is too careful, is she afraid that she won't be able to inform her by other methods? Who do you think you are?

Qin Chen had no choice. He had to be careful. Otherwise, although Ji Ruyue would not tell her about her killing Shui Yueqing, if she told her aunt about other information about herself, Ji Hongchen's intelligence might be the case. Wouldn't it be more troublesome when the doubt came to yourself?

Ji Ruyue couldn't help but renewed his oath, and Qin Chen nodded.

"Okay, wait a moment, and wait until I get rid of the resentment." "You want to get rid of the resentment?" Ji Ruyue was taken aback and shook her head directly: "This is absolutely impossible. Yes, as far as I know, if you want to get rid of the resentment, you must be an eighth-level imperial bloodline master. There is no eighth-level imperial bloodline master in this northern heaven. And, could it be you

Don't believe I can protect you? I said, as long as I speak, Hongying will never expose you. "

"Then you don't have to worry about it."

Qin Chen's voice fell, turning his soul power to the extreme, but the soul power that was working to the extreme did not extend out, but carefully surrounded his body, checking it over and over again.

After dozens of times, Qin Chen really felt a faint resentment aura in his body, but this aura was extremely hidden, even Qin Chen's current soul cultivation level could only sweep a slight feeling.

This should be the resentment that Shui Yueqing left behind.

Then Qin Chen sacrificed the Qinglian Demon Fire without hesitation. Under the scorching heat of the Qinglian Demon Fire, the cold breath seemed to fade, but the speed was not fast.

Qin Chen sighed, his cultivation base was weaker, how could it be so troublesome if it was an eighth-order martial emperor? It can be destroyed with a single sweep.

Then he showed the blood of thunder, and countless thunder lights filled his body like a snake.

The thunder bloodline combined with the Qinglian Demon Fire, really increased its power, the cold breath was melted like the white snow of the sun, and after a dozen breaths, it disappeared without a trace.

Without the trouble of deadly resentment, Qin Chen felt a lot more relaxed all over his body. There was a faint uncomfortable feeling before, but now it disappeared all at once.

Qin Chen breathed a sigh of relief. As long as there was no resentment in his body, Ji Ruyue wouldn't say anything, so even if the person in the law enforcement hall took out a polar mirror to sweep him, he couldn't see the clue, so naturally he didn't. Will suspect him.

At the same time, Qin Chen was also a little afraid. When he dealt with Fairy Chilian and others in Tianlongzhai, he only injured them seriously but failed to kill them. Otherwise, when he first entered Demon Sword City, he might have been exposed. Up.

It is because he has been huddling in the land of a hundred dynasties all these years, and he is not vigilant enough. When he reaches a higher level, he must be more careful and careful, because the methods of those strong people are really attitude, and if one is not careful, it may be exposed.

Putting away the bloodline of Qinglian Demon Fire and Thunder, Qin Chen was about to speak, but Ji Ruyue looked at Qin Chen in shock, and said in a daze: "You really cleaned up the deadly resentment from your body?"

The air of grievance, that is something that can only be cleared by the eighth-order imperial bloodline master. Apart from that, let alone clear it, it is very difficult for others to find out.

But now, a kid at the peak of the middle stage of the seventh step actually used the power of blood spirit fire and blood to directly eliminate the anger of death. How did the other party do it?

Only then did Ji Ruyue understand why Qin Chen had asked herself to swear that way before. As long as she didn't say it, no one could tell that he had killed Shui Yueqing and Yang Ling, even Hongying.

This is obviously much smarter than simply protecting the other party.

"Don't you want to know the cultivation method of the sword realm, I will teach you."

Qin Chen naturally wouldn't explain anything.

In fact, the reason why he was able to eliminate the resentment was because he was a peak Emperor-level bloodline master in his previous life. Otherwise, it would not be that simple for someone else, even with his Qinglian Demon Fire and Thunder bloodline. Then clear away the resentment.

Under Qin Chen's explanation, Ji Ruyue quickly understood the cultivation method of the Sword Realm, and at this moment, she was even more shocked.

It was because she discovered that the realm of the sword actually used the knowledge of the profound meaning of space, no wonder she had struggled to find a direction before, but this Qin Chen was only a seventh-order martial king, and even her cultivation base was not as high as her. How did you comprehend it?

The longer she stayed with Qin Chen, Ji Ruyue felt that she had suffered more blows. Compared with Qin Chen, she, the arrogant of the Ji family, could not be too weak.

Before, she had been facing the North Sky Territory with great contempt and arrogance, but now, her mentality has completely calmed down.

The so-called people outside, there are heaven outside the sky, a true genius, really has to respect the heaven and the earth, so that she can truly set foot on the peak, this time she was taught.

Inexplicably, Ji Ruyue had a trace of admiration and admiration for Qin Chen. This thought was born, which even she felt was incredible.

[Chapter 1173: The Lost You Qianxue](#)

"Impossible, I would worship this stinky boy. I must have made a mistake." Ji Ruyue snorted, feeling uncomfortable.

After that, she began to perceive the realm of swords according to what Qin Chen said.

It has to be said that Ji Ruyue's talent is really high. After only an hour, she will be like Qin Chen, beginning to form her own sword domain.

Although her comprehension of the profound meaning of space is completely inferior to Qin Chen, she, who has the blood of the Heavenly Sword, has an instinctive understanding of the realm of swordsmanship more than ten times easier than other swordsmen.

With the Heavenly Sword bloodline as the core, Ji Ruyue quickly grasped a trace of this sixth layer of the sword domain, and even like Qin Chen, he could hold on for several breaths.

However, neither of them was satisfied, and continued to improve their sword realm.

I saw the formation of a new sword world around the two people, but they shattered after only a dozen breaths, and then formed again without being discouraged, once again shattered by the powerful sword intent of the sixth layer.

But the time to last for more than ten breaths is already extremely impressive. If the two join hands, they can even form sword circles separately to resist the pressure from the surrounding domains, and then find the entrance to the seventh floor.

But neither Qin Chen nor Ji Ruyue did this. Because they all know that in this way they can find the entrance to the seventh level, but they can't comprehend anything at all. Moreover, on this sixth level, they have the ability to perceive the realm of swords, improve themselves, and reach the seventh level. On the seventh floor, maybe they didn't even have time to display the Sword Realm

Yes, it was crushed into pieces by a stronger sword intent.

Qin Chen and Ji Ruyue both came layer by layer. Of course, they understood that the Jianyi Pagoda had seven layers. Each layer was a watershed. The seventh layer was definitely not the same as the sixth. The sixth layer is countless times more powerful. When they entered the sixth floor, they had already fully understood the fusion sword intent of the fifth floor. Even so, they were injured and vomited blood as soon as they entered the sixth floor. If they did not fully understand the sixth floor, they would enter directly. The seventh floor, maybe it will be crushed directly, on the spot

Body falls. Time passed through Qin Chen and Ji Ruyue's continuous practice. The sword boundary of the two was shattered again and again. As time passed, the sword boundary of the two could hold on for longer and longer, until the end. , The two people's sword domain can already compete with the sword domain here

It took dozens of breathing times.

But the two still didn't make the first move to the seventh floor, because Qin Chen had a feeling that although his sword's domain was not weak, it was not perfect.

The seventh floor may be countless times more terrifying than the sixth floor. If they are not sure, they would rather not enter the seventh floor.

Cultivation is very important to improve your realm, but your own life is even more important.

Therefore, the two of them are still constantly forming the domain of the sword, antagonizing the sixth level of sword intent.

In addition, the two of them imitated the sixth level of the sword domain a little bit, increasing the time between their own sword domain and the sixth level of sword intent.

After another whole day, Qin Chen felt that the domain of his sword was able to freely resist the sword intent of the sixth layer, even when he persisted for hundreds of breaths and would not break, Qin Chen opened his eyes.

But at this time, the realm of the sword released by Ji Ruyue was almost the same as Qin Chen.

"Damn, the Heavenly Sword bloodline is really awesome, it's like cheating."

Qin Chen was a little speechless. Ji Ruyue was not as good as him on his understanding of the sword domain, but the opponent had the blood of the Heavenly Sword. The same sword domain, after the blood of the Heavenly Sword, was more powerful than the sword of an ordinary swordsman. The domain boundary is at least several times stronger.

This also led to Ji Ruyue's perception of the sword realm, although not as good as Qin Chen, but the power of her sword realm was no weaker than Qin Chen's.

But Qin Chen didn't have much envy, but walked directly to the depths of the sixth floor. Seeing that Qin Chen moved, Ji Ruyue followed Qin Chen to the depths of the sixth floor.

When Qin Chen and Ji Ruyue went to the depths of the sixth floor, looking for the entrance to the seventh floor.

Hum!

A figure appeared at the entrance of the sixth floor, it was Ye Wuming.

After he came in, he spouted a mouthful of blood, his face paled suddenly, and he even urged his cultivation to the extreme, only then was it difficult to gain a firm foothold in this sixth layer of space.

Then he felt the sword realm in the sixth layer in amazement, and his eyes were incredibly and excited.

Is this another realm after fusion of sword intent?

Hum!

Just when Ye Wuming was about to comprehend the sword intent of the sixth floor, another figure appeared at the entrance of the sixth floor, it was You Qianxue.

She was the same as Ye Wuming. After coming in, she snorted directly, blood overflowed from the corner of her mouth, but she reacted instantly.

She didn't feel the sword intent on the sixth floor for the first time, but looked at the space on the sixth floor. When she saw Ye Wuming alone in front of her, her eyes suddenly revealed a sense of loss.

"It seems that Shao Chen has mastered the sword intent of this sixth level and set off toward the seventh level."

You Qianxue lowered her head in disappointment, and then her gaze became firm: "No matter if Young Chen has already reached the seventh floor, I must catch up with him."

With firm eyes, You Qianxue quickly sat cross-legged, and began to realize the sword intent in this sixth layer.

When Ye Wuming and You Qianxue realized the boundary of the sixth layer of swords.

There was already an uproar in the Demon Sword Square.

Four, four spots of light appeared on the sixth floor of Jianyi Tower.

They originally thought that two light spots appeared on the sixth floor of the Jianyi Tower, which was already extremely sky-defying, but two days later, two light spots appeared on the sixth floor of the Jianyi Tower.

"The seed disciple of the Demon Sword Sect must be the seed disciple of the Demon Sword Sect!"

"Yes, there are four seed disciples in this year of Demon Sword Sect. Now there are four swordsmen in the sixth floor. Who else can there be if they aren't the four?"

"Sect Master Yan, congratulations, congratulations!"

The crowd was in an uproar, one by one congratulated Yan Nineteen and the many Demon Sword Sect elders.

If there are only two light spots, then everyone is still guessing who these two people are, but now, there are four light spots, so do you need to ask? Besides the four major seed disciples of the Demon Sword Sect, will there be anyone else?

It's impossible!

Yan Nineteen also laughed and said: "You are too polite. Now the Demon Sword inheritance is not over. It is still unclear who broke into the sixth floor. Let's wait for the end of the Demon Sword inheritance."

"Sect Master Yan is joking, besides the four major seed disciples of the Demon Sword Sect, who else has this ability."

"Yes, congratulations in advance to Sect Master Yan for gaining four geniuses of swordsmanship. It is gratifying." Everyone is sure that these four must be the four major disciples of the Demon Sword Sect. Now, when will they wait? All kinds of flattery and flattery sounded endlessly.

[Chapter 1174: The weird seventh floor](#)

now.

Qin Chen and Ji Ruyue had found the entrance to the seventh floor.

The two looked at each other, expecting in their eyes, what's in the seventh floor of the Jianyi Tower?

They couldn't imagine that after the realm of swords, there was a higher realm. With their current cultivation base, they couldn't even imagine it.

The two of them walked to the seventh floor together with a feeling of eagerness.

Originally, Ji Ruyue looked very uncomfortable with Qin Chen, and it was impossible for him to enter the seventh level with him, but in the face of the future of kendo, she couldn't control that much.

Just when the two were about to enter the seventh floor, Qin Chen suddenly felt a palpitation in his heart, as if he would encounter something bad after stepping into the seventh floor. He hesitated when he stepped out. .

"What's the matter?" Ji Ruyue glanced at Qin Chen suspiciously.

"I have a feeling that there seems to be something bad in this seventh floor."

"Bad things, do you think too much?" Ji Ruyue glanced at him and sneered: "In this sword intent tower, the supreme realm of sword intent is the supreme sacred place for swordsmen. Once I don't know when to wait, what bad things can be inside?"

"I don't know either." Qin Chen's expression was very serious: "But I feel very sure about myself. This seventh floor is definitely different from the first six." "If this is the case, then you should not go in. , I finally came to the sixth floor of the Jianyi Tower. I definitely want to see what is on the seventh floor. Even a glance can save me years or even decades of time in kendo practice. Even changed my life, so, No matter how dangerous it is, I will never give up. "Ji Ruyue said firmly, her eyes gleaming with determination.

When Qin Chen saw this, his heart moved slightly.

I have to say that in addition to being beautiful, Ji Ruyue also has an extraordinary personality.

In general, a Tianjiao like her, where there is still need to take risks, and what treasures are not available in the Ji family, combined with her talents, in the future, there is at least a 50% chance of becoming the Emperor of the Nine Heavens.

But she is not satisfied with this, this is a spirit of pursuing the supremacy of martial arts, and it is this spirit that enables her to reach her current cultivation level and realm.

On the contrary, Ji Ruyue's words aroused Qin Chen's eagerness to win.

It's just a bit of danger. If he stops because of this slight palpitation, let alone that he can't see the scene in the seventh layer, it will have a certain impact on his Dao Heart.

Thinking of this, Qin Chen laughed immediately and continued to move forward.

"Why are you coming up again?" Ji Ruyue said when Qin Chen came up.

Qin Chen glanced at her. Is this woman sick? She always targets him, disdainfully said: "Can you control it?"

"You..." Ji Ruyue was about to jump with anger.

When he was about to reach the seventh floor, Qin Chen stopped, and then urged the Immortal Body to the extreme, and his skin instantly glowed like golden jade.

Although he definitely entered the seventh floor, his preparation must be the master, because the previous heart palpitations gave Qin Chen a feeling that this seventh floor would definitely be more dangerous than the sixth floor, and no matter how much preparation he made, he was prepared.

"So afraid of death, coward." Ji Ruyue sneered, but when she said so, her body also burst into a soft light.

It is the Moonlight Divine Body!

After the two were ready, they all entered the seventh floor.

Qin Chen originally thought that the seventh layer should be a world more terrifying than the sword intent of the sixth layer. That kind of sword intent could even threaten his life, so it gave him a feeling of palpitations.

But after he got here, he realized that he had made a big mistake. There was no trace of sword intent in this seventh layer, and there was no threat at all.

"This is the seventh floor?" Qin Chen asked in a daze, looking at the gray surroundings in surprise.

"Is this the danger you said?" Ji Ruyue also glanced at Qin Chen speechlessly. This guy was shocked because of his instincts. When he came in, she was cautious, for fear of encountering any danger.

The two of them just said a word, and looked not far ahead in amazement, their faces were extremely shocked. A hundred meters in front of them, there was a person standing with their backs facing them.

Someone actually entered this seventh floor before them? how is this possible?

The two were shocked, their speed can be said to be extremely fast, and this time, only the two of them entered the supreme kendo. According to theory, it is impossible for anyone to master the first six swords faster than them. meaning.

But now there is clearly a person standing in front of them, letting them not be surprised.

"Who is your Excellency? Actually stepped into the seventh floor before us?" Ji Ruyue frowned and asked loudly.

But she was extremely unconvinced in her heart. Qin Chen stepped into the seventh floor with her. She was already extremely upset in her heart, but now there are people who have stepped into the seventh floor faster than them. How can she accept it?

But the man was motionless, as if he hadn't heard.

"This person doesn't seem to be one of the many swordsmen who entered the Demon Sword Inheritance with us." Qin Chen suddenly said something, his eyes revealed a solemn look.

The person in front of him was wearing martial robes, but because his back was facing the two of them, and the spiritual power in the Jianyi Tower could not be released at all, Qin Chen couldn't see this person's appearance either.

But Qin Chen's memory is extremely strong. Whether in the Demon Sword Square or the Kendo Stele, he has no impression of this person, which makes him feel that this person is definitely not one of the warriors who came with them this time. .

"Could it be the swordsman who came in when the Demon Sword Inheritance was opened before?"

Ji Ruyue also discovered this, and was shocked immediately.

When was the last time the Demon Sword Legacy opened? Although she is not very clear, but it is at least decades, even hundreds of years ago. After so many years, has this person been staying in this demon sword inheritance? How did he survive?

"Senior." Ji Ruyue stepped forward, wanting to say hello to the other party, but when they got closer, Qin Chen and You Qianxue's faces instantly showed shock.

This was a warrior with a withered face. He had no aura at all. He stood there and did not move. Obviously, he had been dead for a long time, but his expression was very strange.

"died?"

Qin Chen and Ji Ruyue took a deep breath, their hearts frizzy.

How could anyone die here?

The Demon Sword Inheritance is just an inheritance. Once it is over, everyone will be teleported out. Except in the Way of the Hundred Swords, falling into the abyss may fall, and killing each other may kill each other, other times, it is impossible to die. Even if you encounter danger in this sword intent tower, you can't resist the horrible sword intent here, you can completely retreat to the next level.

[Chapter 1175: Perilous](#)

What's more, in this seventh layer, there is nothing, not even a trace of sword intent, even if someone walks up, how can he die here?

"Look at his expression, this person is too weird to die." Qin Chen said suddenly.

Ji Ruyue nodded, "Yes, there is no trace of fighting around, and there is no sword intent here that can hurt him. His expression seems to have a pleasant surprise to see good things, but his eyes are full. It's horrified, it's a bit contradictory, and..."

Ji Ruyue glanced at Qin Chen, and there was some horror in her eyes. "And he doesn't have any scars, and he doesn't even have storage rings and weapons, right?" Qin Chen said in a deep voice, "The one who can walk to the seventh floor is definitely the most heaven-defying existence among the swordsmen, at least. Who can kill a person who masters the realm of swords without knowing it?

Before this person has reacted? "

Ji Ruyue and Qin Chen glanced at each other, feeling a little uneasy in their hearts. To kill such a pinnacle swordsman before he can react, at least if the opponent is a master of the eighth peak or even the nine-day martial emperor level, and even a nine-day martial emperor, it is not difficult to kill a swordsman at the peak of the martial king in the blink of an eye. But I don't want to look like a peak swordsman

It is almost impossible to kill it before it has time to change.

Moreover, this demon sword inheritance only allows warriors before the age of thirty-six to enter. It is already a genius to reach the peak of the seventh step before the age of thirty-six. No matter how strong it is, it is the limit to be able to reach the eighth step. As for the nine-day martial emperor, this it's simply a fantasy.

And if there is such a genius, according to the truth, I am afraid that it has spread far away, but in the history of the Demon Sword Sect, the strongest one is the spirit that has entered the fifth level for hundreds of years. Sword Emperor, there has never been such a figure.

Qin Chen looked at the gray space around him, his uneasiness in his heart became stronger and stronger. Here, he felt an unprecedented sense of crisis. He felt that the seventh level could not come over with his current cultivation level.

"It's too weird here, I think we should go back." Qin Chen said in a deep voice.

Ji Ruyue also nodded, she also felt a little nervous.

Shouldn't this seventh level be another realm after the realm of swords? How could it be such a weird place?

The two turned around and prepared to return from the same way, but when they turned around, the expressions on their faces were instantly full of shock.

Because the passage that was behind them before, it was gone at this moment.

"Where is the passage from the sixth floor?" Ji Ruyue said in horror immediately.

Just when Ji Ruyue's voice just fell, Qin Chen suddenly felt an extremely powerful murderous attack. He was shocked, and without even thinking about it, he sacrificed the Demon Cauldron.

As soon as Qin Chen sacrificed the Zhen Devil Ding, shadows of the Ding Ding formed around Qin Chen and Ji Ruyue.

"Qin Chen, what are you doing?"

Ji Ruyue was taken aback, but before she could finish her words, a terrifying sword intent suddenly appeared in the calm seventh-layer space.

Before that sword intent was shrouded in her body, Ji Ruyue felt an unprecedented fear in her heart. That kind of terrifying sword intent killing intent was simply not something she could resist, the late Martial King of the seventh stage.

Klang Klang Klang Klang!

The next moment a deafening roar sounded, and the whole world seemed to be shaking. Ji Ruyue only felt a shock all over her body, the blood in her body surged, and the light on her body kept trembling.

Qin Chen, who was maintaining the Suppression Demon Cauldron, was even more unbearable. He snorted directly and spouted a mouthful of blood.

The horrible sword intent was blocked by the Sword Demon Cauldron, and the entire Sword Demon Cauldron roared violently, and the dark shadow of Qin Chen and Ji Ruyue shook violently. At the same time, strands of killing intent came through the Cauldron. Come.

Qin Chen felt tearing and pain immediately, and the blood on his body spewed out like a blood arrow, and dozens of dense sword marks appeared on his body instantly.

Sword Realm!

Qin Chen hurriedly used his sword domain out, combined with Ding Ying, and then barely resisted it, but his face had become extremely pale, and he took out a few pills and swallowed it in the first place. Stopped the gushing blood.

But his robe was already in tatters, and the inner armor was completely broken, and his whole person was as embarrassed as a beggar.

And Ji Ruyue on the side was equally shocked, looking at the sword intent killing intent that instantly filled the entire seventh layer in amazement, what kind of sword intent was this? It was simply a hurricane killing intent.

And the two of them, like ants under the storm, both wanted to be destroyed.

Qin Chen was shocked, secretly rejoicing, if he hadn't been prepared at the beginning, he had urged the Immortal Eucharist to the extreme, and displayed the Demon Cauldron for the first time. The previous one was enough to tear him into an instant. The fragments turned into blood mist, and there was no bones left.

This is definitely the most thrilling moment since his rebirth.

And now, under the double protection of the Sword Realm and the Sword Demon Cauldron, Qin Chen finally resisted the terrifying and murderous invasion outside with difficulty, but there was no surprise on his face.

Because the realm of the sword he displayed is rapidly disintegrating under the cover of the murderous intent of the outside world, obviously it may collapse at any time.

Qin Chen's heart was immediately shocked. This is the realm of swords that can hold at least hundreds of breaths on the sixth floor. Here, he can't even hold dozens of breaths. How long is this? Less than ten breaths would be unstoppable.

Once the boundary of the sword is broken, the Demon Cauldron alone cannot stop the terrifying sword intent of the outside world.

"What are you doing in a daze? I can't hold on to the realm of swords soon."

Seeing Ji Ruyue who was still in shock on the side, as if stupid, Qin Chen suddenly cursed.

What is the time, is still in a daze.

Ji Ruyue's face was bloodless, and she was awakened instantly by Qin Chen's anger. She was so angry that Qin Chen dared to scold her, but her hands kept moving.

But at the moment when the domain of her sword spread out, with a bang, Qin Chen's domain of sword smashed to pieces, he snorted, and immediately spouted another mouthful of blood.

But there was a fluke in his heart. Fortunately, Ji Ruyue used the sword of the realm in time, and one more time later, the two of them were absolutely dangerous.

And now, he was too lucky to have the first time to heal his injuries, because he knew that Ji Ruyue would never last long. Sure enough, I was watching it all by the side before, when Ji Ruyue's own sword

domain was filled out, she suddenly snorted, and her face turned pale and even shaky while her body was shaking.

[Chapter 1176: I'm still an array mage](#)

It's terrible, how could there be such a terrible sword intent in this world?

Ji Ruyue originally thought that the domain of her sword was strong enough to withstand all attacks, and even able to compete with the master of the eighth-order martial emperor was not weak at all.

But at this moment, she was shocked. Before this violent storm of sword intent, the realm of the sword, which she had thought to be extremely strong, was like a fragile bubble, shaking crazily and faltering, with the illusion of being torn apart at any time.

Just letting out a few breaths, she was almost unable to hold on.

She looked at Qin Chen in amazement, and at this moment she realized how much pressure Qin Chen had endured before, and actually protected the two of them under such a terrifying sword intent.

"Thank you, for saving me just now!" Ji Ruyue said to Qin Chen with lingering fears. Although she had always looked at Qin Chen unpleasantly, she did not deny that Qin Chen saved her before.

If it weren't for Qin Chen, she would definitely die under this murderous sword intent.

"Don't say thank you now, we must join hands to fight this horrible sword intent, otherwise we will all die here."

Qin Chen said with an ugly expression that the seventh floor of the Sword Intent Tower was not a place to comprehend the sword intent, but a place to kill.

Qin Chen would definitely not say that it was him. Any genius of swordsmanship who came over would undoubtedly die under such a terrifying killing intent. Even if Ji Ruyue hadn't succeeded him in the domain of the sword, when his domain of sword was broken before He is also dead.

Now he and Ji Ruyue are completely tied to the same boat, and no one can do without them.

"Then what should we do now?"

Ji Ruyue said in a panic, her face was pale, and it was obvious that she would not last long under this murderous intent.

"I don't know what to do, all I know is that there is no way back now. We must stay here until the end of the demon sword inheritance, and then be teleported out together."

"What if we can't be teleported out?"

Qin Chen and Ji Ruyue suddenly thought of the corpse they had seen on the seventh floor before. Could it be that the man was trapped here because he could not find the exit after entering the seventh floor?

There was an inexplicable chill on the two of them. If other examiners were sent out at the end of the evaluation, and they were left in this skyless space, what would be the consequences? This is definitely the end of life better than death.

It's just that they don't have time to think about these now, and the most important thing is to survive first.

"You hold on for a while."

Qin Chen said something to Ji Ruyue, then took out the formation flag without hesitation and began to arrange the formation.

Ji Ruyue immediately stared at Qin Chen in amazement, "Are you still a formation mage?"

Qin Chen nodded and said, "Yes, I am indeed a formation mage."

"what?"

Ji Ruyue was shocked by Qin Chen's words again. She looked at Qin Chen in amazement. If it were not for the terrifying strength Qin Chen had shown before, she even thought that Qin Chen was not normal at all.

If an old man with gray beard tells herself that besides being a warrior, she is also a formation mage, she won't have any surprises at all, but Qin Chen is only a teenager in his twenties.

The formation of the formation requires the accumulation of time before it can be formed slowly, and to become a powerful formation master, it takes more than just time, but also requires heaven-defying formation skills and a lot of time. And a lot of materials and opportunities.

How old is Qin Chen, even if he becomes a genius of the seventh-order martial king level, he can use up all his time. He also said that he was an array mage at this time, how could she believe it?

But Ji Ruyue's intuition told her that Qin Chen was absolutely unusual, and he would not lie.

"Even if you are an array mage, what is the use of arranging the array now? This sword attack is so terrible, even a seventh-level king array can't resist it at all?"

"Just watch it."

How Qin Chen didn't know that even the seventh-level king formation could not resist even the slightest bit of the seventh-level killing intent, but at this time, he could not have any concealment.

Buzzing...

With the falling of the formation flags, a mighty array aura haunted the two of them. Ji Ruyue immediately realized that Qin Chen's arrangement was definitely not as simple as the seventh-level formation, and the power was definitely more. Above the seven-level formation.

Did he want to set up an eighth-level imperial formation?

Ji Ruyue was taken aback by the thoughts in her mind. She just wanted to speak, but her face suddenly changed. The sword realm she released finally couldn't hold on after more than ten breaths, and appeared with a snap. Numerous cracks were removed, and then they shattered.

not good!

Ji Ruyue was shocked in her heart, and as soon as she showed her shock, she saw a terrifying sword realm suddenly spread, and instantly replaced her shattered sword realm.

It was Qin Chen. At this moment Qin Chen's expression became more and more solemn, and he said solemnly: "You immediately rest, if my sword domain cannot hold on, you must add it in the first time, only in this way can we survive, and these formation flags, I will mark the landing point of the formation flag, than in accordance with the range of the mark,

While resting, throw the flag up. "

While talking, Qin Chen took out a formation flag and handed it to Ji Ruyue.

Knowing that Ji Ruyue was promoted, she couldn't think about it too much, and even took a break while throwing out flags.

She knew that she still had time to rest, and Qin Chen definitely worked harder than her, because Qin Chen not only needed to arrange the formation to release the sword domain, but also needed to urge the black cauldron above without any gap.

In this way, Qin Chen and Ji Ruyue continued to replace the boundary of the sword, and at the same time set up the next array of flags.

With the resistance to this terrifying sword intent, Qin Chen and Ji Ruyue's sword domains persisted for longer and longer. After a stick of incense, the two of them could hold at least dozens of sword domains every time they used the sword. Breathe.

But there was no surprise in the two people's hearts, because the long-term use of the sword domain has made the two of them extremely exhausted, and if they continue to persist, sooner or later they will be strangled because they can't hold on.

"I don't have enough array flags here. If you have the materials for refining array flags, give them to me."

After half an hour, Qin Chen's previously refined formation flags were immediately consumed.

Ji Ruyue didn't ask any more, she directly took out the materials from her storage ring, and piled it up in front of Qin Chen.

Millennium Zizhu!

Black Spirit Staff!

Starry sky sand!

Silver Horn Vibration!

Seeing the large amount of high-level materials in front of him, many of which were even above the eighth level, Qin Chen was surprised.

Damn, the hidden family is worthy of the hidden family, there are so many good things in them. Originally, Qin Chen was still a little nervous about the arrangement of the eighth-level formation, but at this moment, his self-confidence greatly increased. With so many advanced materials, his hope of

deploying the eighth-level formation was at least 40% of the original. It has increased by 30% to more than 70%.

[Chapter 1177: Just a monster](#)

In Ji Ruyue's speechless gaze, Qin Chen quickly began to refine the formation flag. After a large amount of materials were smelted, he constructed blocks of formation base materials.

And he opened his bow from left to right, and the formations of runes quickly covered many formation flags and bases.

Although Ji Ruyue is not a formation mage, it does not hinder her vision. Qin Chen's movements are like clouds and flowing water, giving her a strong sense of beauty. She has seen other formation mages arrange formations, but she has never seen anyone like Qin Chen. So perfect.

This is not like refining the flag, but like making a perfect artwork.

Half an hour later, when Qin Chen and Ji Ruyue were exhausted to the extreme, they were about to be unable to hold on.

Qin Chen's last formation flag has also been arranged.

Hum!

A terrifying aura permeated, and countless arrays of light instantly rose up, forming an array of light of only one square meter around Qin Chen and Ji Ruyue.

"Boom, boom, boom..."

A burst of rumbling sound came in, and ripples suddenly appeared on the light, as if it was about to break at any time, but after all, it was resisted. No matter how the outside sword intent attacked, the light always flickered, never Shattered.

"Finally succeeded."

Qin Chen breathed a sigh of relief, and fell to the ground. At this moment, his entire robe was soaked, and his whole body was weakened and weakened.

Ji Ruyue also took a long breath, looking nervously at the shaky burst of light, with an incredible expression in her eyes.

"Eighth level formation, what are you setting up is 8th level formation?" Ji Ruyue exclaimed in surprise.

She is not an array mage, but she still has the basic vision. This sword intent attack is so terrifying, even if the Martial Emperor in the early stage of the eighth stage enters here, she will be quickly strangled into nothingness, but this array really resists This seventh layer of sword intent attack.

Regardless of how long it can resist, just being able to resist it is not what a seven-level formation can do.

Qin Chen nodded, and said, "I set up an eighth-level heaven and earth guardian element array. This array has a small defense range, but its defense is extremely strong. It should be able to persist for a while."

"It's really an eighth-level formation!" Ji Ruyue looked at Qin Chen's eyes with even more complicated expressions. This Qin Chen was a little too genius, and under this circumstance, he arranged an eighth-level defense formation.

The eighth-level formation, that is the eighth-level imperial-level formation mage. Although such formation mage is not particularly top-notch in the martial domain, it is the northern heaven, and there are several in the entire northern heaven. Eighth-level array mage?

Not to mention such a young eighth-level array mage.

Monster, this guy is simply a monster.

Ji Ruyue originally thought that she was genius enough, but compared with Qin Chen, she was like rubbish.

Qin Chen was not excited on his face, and sighed: "I don't know how long this formation can resist, but it should be fine for at least an hour. We have to find a way to leave here as soon as possible, otherwise we will continue to stay. It's getting more and more dangerous."

"What the **** is going on here?" Ji Ruyue saw that the array light was trembling under the attack of the sword intent, but there was no sign of damage, and she was a little relieved, and then asked.

Qin Chen was silent for a while and said: "I am not very clear, but this is definitely not a place where people can feel the sword intent, and no swordsman can feel the sword intent here."

Ji Ruyue's face was also ugly, she could feel that this place really didn't look like a place where people could feel the sword intent.

On the contrary, it is like a trap, specializing in killing some top swordsmen. The more talented swordsman, the easier it is to come to this seventh floor. Once you enter this seventh floor, you will inevitably die here.

And once he died here, no one would take the news out at all.

This forms an infinite loop. Every time the demon sword inheritance is opened, only swordsmen with average kendo talent can go out alive and get certain benefits, but the real swordsmen who are against the sky to the extreme will fall here instead.

In this way, the secret here will never be spread out.

Why is this happening?

Qin Chen and Ji Ruyue glanced at each other, seeming to understand the thoughts in each other's hearts, and at the same time they made a jealous shot. According to their thoughts, this demon sword inheritance was simply formed to kill kendo geniuses.

"Who made the inheritance of the demon sword?" Ji Ruyue said in shock.

Qin Chen shook his head. This demon sword inheritance appeared very strange. As for who made it, how did he know?

The more they thought about it, the more they became afraid, and even cold sweat broke out. Which **** is this? It's so insidious to make this kind of **** demon sword inheritance.

"Don't worry about so much, let's figure out how to escape from here." Qin Chen sighed.

The two rested for a while, and then they began to find a way out, but there was no way to find it. "Are we all going to die here this time?" Ji Ruyue sighed slightly, with a look of despair on her face. She glanced at Qin Chen with a wry smile and said: "When you are on the sixth floor, you should really trust your intuition. If we don't enter the seventh floor, we won't encounter this kind of danger, right?"

At first, if it weren't for me, you wouldn't have come to this seventh floor. "

In Ji Ruyue's view, it was she who had caused Qin Chen at all, otherwise Qin Chen wouldn't have to die.

Qin Chen smiled bitterly: "Don't say that some of these are gone, if it weren't for you, I would also come in."

Ji Ruyue glanced at Qin Chen and smiled bitterly: "I didn't expect that it was you who died with me in the end, but I really want to thank you, at least I am not alone in dying."

Ji Ruyue's eyebrows are like far away, with a trace of melancholy, a trace of melancholy, and there is endless melancholy in her eyes.

Qin Chen was silent, not knowing what to say, so he could only ask: "Now you can tell me how Senior Ji Wuxue died?"

"I'm going to die anyway, it's okay to tell you." Ji Ruyue said bitterly: "My great grandfather, it is said that for his missing friend, he went to Death Canyon to search for the traces of his missing friend. As a result, there was no news and he fell. Death Canyon."

Death Canyon?

Qin Chen's mind bounced, isn't that the place where he fell in his previous life?

Ji Ruyue's so-called missing friend from her grandfather, wouldn't it be him? But he fell into Death Canyon, except for Shangguan Xier and Feng Shaoyu who killed him, no one else knows, how did Ji Wuxue know?

Immediately lost her voice: "What is the name of your great grandfather's friend?" "I don't know." Ji Ruyue shook her head, "I was not born when the grandfather disappeared, and this piece of history is my Ji family I only occasionally heard about the secrets of my aunt from my aunt, but I know that grandfather's missing friend was the top genius in the martial arts that year, and he was in the martial arts, and he was superb!"

[Chapter 1178: Late Seventh Stage](#)

That must refer to myself.

Qin Chen affirmed.

Except for the self in the previous life, who is worthy of these words?

Unexpectedly, Ji Wuxue went to Death Canyon to find herself, but how did he know that he died in Death Canyon, was it Shangguan Xier?

Thinking of this, Qin Chen broke into a cold sweat instantly.

In his previous life, he was secretly framed by Shangguan Xier and Feng Shaoyu, so what about Ji Wuxue? Was it also framed by Shangguan Xier and Feng Shaoyu?

This is not impossible. The above Guan Xi'er and Feng Shaoyu are so vicious, what can't they do?

Thinking of this, Qin Chen instantly showed a strong killing intent.

These two **** are too mean.

"What's wrong with you?" Ji Ruyue looked at Qin Chen in surprise.

"It's nothing." Qin Chen woke up in an instant, his eyes shone, and he said solemnly: "No, we can't die here, we must get out."

He still has a deep hatred to report, how can he easily die here?

Thinking of this, Qin Chen immediately sat cross-legged and calmed down to feel the terrifying sword intent outside the formation. He didn't believe that he would find no way out.

At least, the realm of his sword could only hold on to a dozen breaths at the beginning, and later, he was able to do dozens of breaths.

If he continues to perceive, he may not be able to completely resist the sword attack here.

Thinking of this, Qin Chen didn't care about it anymore, the Nine Star God Emperor Jue was running, and the whole person's spirit seemed to be trapped in the sky, completely integrated into the violent sword intent of the outside world.

When Ji Ruyue saw Qin Chen directly started his cultivation, a trace of determination suddenly appeared on his face, and he also began to realize.

Time passed bit by bit.

But Qin Chen kept his sword realm under the violent sword intent for a while, and was still a short distance away from fully comprehending the violent sword intent.

Qin Chen was a little disappointed in his heart. He didn't know when this demon sword inheritance would end. The extra time was insignificant in the long time.

But he did not become discouraged, but continued to realize.

Dao Dao Zhen Yuan ran wildly in his body, almost reaching the extreme.

I don't know how long it took, Qin Chen's qi sea suddenly shook, as if some shackles were broken in his body, a terrifying aura suddenly appeared on his body, a terrible aura of true vitality, from his body Diffused out.

"I actually broke through the late seventh stage."

Qin Chen was stunned.

In fact, when he was in the supreme kendo, he almost broke through the late stage of the seventh stage, but was always so short. He didn't expect that at this moment when he felt the sword intent, he would break through naturally.

As soon as his cultivation base broke through, the true vitality aura on Qin Chen's body skyrocketed instantly, at least several times stronger than before. At the same time, his mental power also increased rapidly, and he suddenly reached the level of the initial stage of the eighth stage.

Ji Ruyue opened her eyes and looked over in astonishment: "Did you break through?"

Qin Chen nodded, but there was not much joy between his brows.

Although his cultivation base breakthrough has improved his strength a bit, he still cannot withstand the powerful sword intent storm from the outside world.

It can only be said that a few breaths can tear him into a shattered sword intent storm, and now it takes at least a dozen breaths to tear him apart, but if this sword intent storm cannot be completely resisted, he will still fall here. , Just the length of time.

Thinking of this, Qin Chen did not stop, and immediately continued to realize that only a breakthrough in the realm of sword intent could give him more hope of surviving in this storm of sword intent.

What's more, after the breakthrough, his mental power is stronger, his perception is more keen, and he may be able to perceive nothing.

The spiritual power was immersed, and Qin Chen fell into sentiment once again.

Only this time when he was enlightened, his mind came up with the imperial swordsmanship and the ultimate killing sword, as well as the incomplete formula that the Demon Sword Sect took out before entering the demon sword inheritance, and the swordsmanship mastered by many previous lives.

When all these sword arts echoed in Qin Chen's mind.

"wrong!"

Qin Chen opened his eyes suddenly and said in a speechless voice.

"What's wrong?"

Ji Ruyue, who was feeling enlightened next to him, was taken aback by Qin Chen and looked at it suspiciously.

"No, it's not right, weird, weird."

Qin Chen murmured, ignoring Ji Ruyue, but closed his eyes again.

In his mind, various sword arts flowed by like a floating light, and at the same time the golden parasitic seeds in his mind also lit up, and his perception was stronger than ever.

At this moment, Qin Chen really felt something wrong.

Previously, the Sword Realm on the sixth floor of the Jianyi Tower was through the fusion of space profundity and sword intent, allowing the sword intent to branch into every space, causing a full-scale lethal attack.

To increase the strength of the sword realm, you need to constantly improve the rules of the space profound meaning and increase the strength of the sword intent. The sword realm formed in this way can indeed become stronger and stronger and more powerful.

There seems to be nothing wrong with this, because the sword boundary of this sixth level was formed in this way, and the sword boundary before Qin Chen and Ji Ruyue was also formed in this way.

But when Qin Chen felt it carefully again, he felt something completely different.

The sword domain on the sixth floor of the Jianyi Tower only advocates the power of space and the power of sword intent. Among them, the power of space is not in the realm of kendo at all. As for the increase of the power of sword intent, is there any difference from the previously promoted attribute sword intent?

No!

Is the improvement of the realm of sword intent only the power of constantly piling up sword intent?

No, this is definitely not right.

It's like breaking through the eighth-order martial emperor and being able to control the enchantment. Compared with the seventh-order martial emperor, this is an understanding of the profound meaning of space, an understanding of rules, an improvement in quality, and not simply true essence. Promote.

The sword intent should be the same.

The promotion of the realm of sword is not through the power of true essence and sword intent. The realm of sword formed by the power of real essence and sword intent is the realm of pseudo sword. The real realm of sword is a kind of artistic conception. This kind of situation, a kind of situation that you can do whatever you want after mastering kendo to the extreme.

The realm of the sword should be born with the heart, it is a kind of crushing on the realm.

As for the power of Space Profound meaning and Sword Intent, they only increase the power and means of attack. They are a method of confronting the enemy, not a realm improvement.

After understanding this truth, Qin Chen suddenly became sober, he stood up suddenly, the surrounding sword intent storm was squeezed away by him in an instant, his true essence turned out, the sword intent diffused out, and the seventh layer of sword intent storm was suddenly Squeezed out, as if the streams were divided.

"I understand, haha, I understand!" Qin Chen was pleasantly surprised. He didn't expect it to be so simple. At this time, he woke up. The realm of swords he understands now is the real realm of swords. The realm of the sword is basically the realm of the fake sword.

[Chapter 1179: Promise Sword Emperor](#)

Not only him, but also the realm of the sword displayed by Ji Ruyue is also the realm of the fake sword.

So the power will be as weak as him.

When Qin Chen released the new sword domain, Ji Ruyue also stood up suddenly, looked at Qin Chen in disbelief, and said in amazement: "Qin Chen, your sword domain..."

At this moment, Qin Chen stood in her heart like a high mountain in her eyes. At the same time, the sword domain that Qin Chen released gave her a sense of extreme oppression, as if it had undergone a qualitative change.

She has a feeling that if her sword domain is displayed, it will definitely be shattered by Qin Chen's sword domain in an instant, and there will be no room for resistance.

"This kind of sword domain, why, obviously there is not much improvement in the strength of the sword intent and the strength of the true essence, but why does it feel..."

Ji Ruyue, who has the bloodline of the Heavenly Sword, is far more sensitive to swordsmanship than ordinary people. She can't feel that Qin Chen's sword has become much stronger, and there is an indescribable change, that feeling is very clear. It seemed to be right in front of you.

But it was so vague, she couldn't see clearly, which made her very uncomfortable and weird.

"It's momentum!"

Qin Chen said something suddenly.

"Position?"

"Yes, it's Shi, it's a kind of kendo perception, and everyone has a different perception of kendo, so they will form a different stance, instead of forming a uniform sword domain like before. "

"Different perceptions of kendo have different potentials?"

Qin Chen's words resembled a thunderstorm, resounding loudly in Ji Ruyue's mind, as if they were enlightening.

It seems that there is a seed taking root and germinating.

"boom!"

There was an unprecedented kendo coercion on her body, and it was against Qin Chen's kendo coercion. Although it was weaker than Qin Chen's, it was at least several times stronger than the previous Sword Realm.

"The realm of swords, this is the real realm of swords!"

Ji Ruyue's shocked eyes widened, and her pupils were filled with surprise and excitement.

It turned out that the sword domain on the sixth floor of the Jianyi Tower was simply misleading them, and what allowed them to grasp was the fake sword domain.

But now the realm of swords taught by Qin Chen is the real realm of swords and the future development of real kendo.

Ji Ruyue possesses the bloodline of the Heavenly Sword and is extremely sensitive to this aspect. She clearly understands that the realm of the sword she is currently using is the realm of the sword that is truly waiting.

So hanging!

Suddenly, Ji Ruyue was in a cold sweat, and her heart lingered. If Qin Chen hadn't comprehended the real sword realm, and they would still practice according to the sword realm on the sixth floor of the Jianyi Tower, they would only be taken on a wrong path, even if they escaped from the Jianyi Tower. Will only go further and further on the forked road, lose the true direction, and never become a true Positive swordsman.

This Demon Sword Inheritance is a place where swordsmen can practice sword intent. It is a place that misleads top swordsmen. If it weren't for Qin Chen, she would not have understood the real sword realm.

Why did the other party do this?

And this seventh floor clearly wanted to kill the swordsman, why on earth?

Could it be that the person who arranged this demon sword inheritance didn't understand what the real sword domain was?

As soon as this thought came out, Qin Chen and Ji Ruyue immediately shook their heads. How could this be? It is impossible for a master who can arrange such a terrifying Sword Intent Tower without even mastering the real sword realm.

"Ji Ruyue, you take back the domain of the sword first, and when my domain of sword can't hold on, you can use it again. Let's go to the seventh floor to see if there is an exit inside." Qin Chen said in a deep voice. Said.

"it is good!"

Ji Ruyue immediately took back her sword domain.

Qin Chen sacrificed the Demon Surgery Cauldron afterwards. He dared not to be careless, he urged the Demon Surgery Cauldron to protect the two men's heads, and then put away the heaven and earth to protect the Yuan formation.

Crackling!

Losing the defense of the formation method, the horrible sword intent storm immediately blasted directly on the boundary of the sword released by Qin Chen. What surprised Qin Chen was that he didn't guess wrong, and the real boundary of the sword could indeed block it. The attack of this sword intent storm.

Although it could not be completely resisted, Qin Chen felt that the realm of his sword could at least resist hundreds of breaths, or even hundreds of breaths.

And once the domain of his sword can't resist, Ji Ruyue's domain of sword can immediately make up, and under the seamless connection, they have enough energy to find an exit.

The two moved forward cautiously, and when Qin Chen was almost unable to hold on, Ji Ruyue used the sword boundary to replace Qin Chen's sword boundary.

Although Ji Ruyue's sword domain is not as powerful as Qin Chen's, it can at least withstand this sword intent storm for more than one or two hundred breaths.

In this way, after the two of them walked in for more than half an hour, they felt that the sword intent storm around them was getting weaker and weaker.

The sword storm here actually started to weaken?

The two of them were overjoyed. They had a feeling that at this moment they were not far from the center of the seventh floor of the Jianyi Tower.

Just as pleasantly surprised, I saw a dry bone unexpectedly appeared in front, and in front of the dry bone, there was also a dark green long sword inserted.

I don't know how long this withered bone has been dead. The head hangs down, as if he has experienced the baptism of endless years, but his body still exudes an inexplicable power and loneliness, even that kind of aura, still in Qin Chen Above.

Qin Chen and Ji Ruyue were not shocked by the dead figure at the entrance of the seventh floor at first, but they were already surprised in their hearts.

The corpse at the entrance was instantly wiped out under the bombardment of the sword intent storm, but this withered bone, I don't know how long it has been here, and it has not been wiped out. It can be seen that the owner of this withered bone is definitely better than the owner of the previous corpse. Too much stronger.

Qin Chen and Ji Ruyue sighed in their hearts, this person might be a swordsman who entered the test of the Demon Sword inheritance just like them. This person is obviously an extremely amazing swordsman who can break into the center of this seventh floor. It is a pity, this kind of swordsman. The extremely powerful swordsman was not able to leave the Sword Intent Tower. At this moment, Qin Chen and Ji Ruyue felt a sense of pity for the same fate. They felt that they were very similar to this person. In terms of cultivation base, this person must be stronger than them. The reason why they can come here is because of him. He and Ji Ruyue are two people, relying on each other's swords

The reason for mutual support.

Otherwise, they wouldn't be able to get here at all.

"Hey...you see there are words on the ground." Ji Ruyue said suddenly.

Qin Chen also saw that there was indeed a line on the ground in front of Dry Bones: "The Promise Sword Emperor Chu Xiaoyun, strayed into a foreign sword tower, a foreign conspiracy, no one who comes later..."

Don't want, don't want anything? There were only these few words on the ground, and it was obvious that the other party had fallen before they could finish writing.

[Chapter 1180: Demon Sword Awakens](#)

"The Promise Sword Emperor!"

"This person turned out to be the Promise Sword Emperor?"

"The most defying swordsman in the Martial Domain two thousand years ago?"

Qin Chen and Ji Ruyue were shocked.

The Promise Sword Emperor, they have all heard of this name. This person was a genius of the Heaven-defying Swordsmanship who appeared in the Martial Domain more than 2,000 years ago. When he was thirty years old, he broke through the Eighth-Order Martial Emperor. It caused a sensation in the entire military domain.

Of course, he was even more talented in kendo. He was the most heaven-defying swordsman in the martial arts at that time.

Caused a shocking sensation.

In fact, although the Martial Emperor in the early stage of the Eighth Stage with a half-step Martial Emperor's realm is terrible, it is not particularly top-notch. At least in the Martial Domain, some such geniuses will emerge in every age and fight beyond the ranks.

However, it would be terrible to kill the Martial Emperor in the early stage of the eighth stage with a half-step Wuhuang cultivation sword. This means that this person is completely above the ordinary Wuhuang in attack, which is a qualitative gap.

At that time, he was hailed as the first man of martial arts kendo genius.

Everyone is sure that this person will definitely break through the realm of Emperor Wu and become one of the protagonists of the mainland at that time.

But who knows, it was such a heaven-defying swordsman, after breaking through the Emperor Wu, he began to travel to various parts of the mainland to experience, and there was no news ever since.

At that time, various speculations arose on the mainland.

Some people suspect that he was hunted down by his enemies.

There are also people who suspect that he fell while practicing in a certain secret realm.

More people felt that this person must be killed in the infancy because certain Wudi strong men did not want to see such a genius rise.

But now Qin Chen and Ji Ruyue understood that the Promise Sword Emperor had actually fallen into this demon sword inheritance.

In other words, this demon sword inheritance appeared to be opened more than a thousand years ago, but in fact, more than two thousand years ago, someone had entered it.

It is conceivable that when the Promise Sword Emperor entered the Demon Sword Inheritance, he must be before the age of thirty-six. But at that time, he was at least the Martial Emperor at the beginning of the eighth stage, and with his talent, if he was thirty-five or three The inheritance of the Demon Sword entered at the age of sixteen is even higher.

But such a genius fell here unexpectedly.

Where is this demon sword inheritance?

Qin Chen and Ji Ruyue took a breath of air. It was absolutely a fluke that the two of them survived. They both entered the seventh floor at the same time and supported each other to survive.

Otherwise, even the Wuji Sword Emperor died here. Although the two of them are strong, they are not Martial Sovereign after all. At present, there will never be a Wuji Sword Emperor more terrifying.

"Alien sword tower, what is alien sword tower? Is this sword tower left by another race?"

Then Ji Ruyue set her gaze on the next few lines and murmured.

Qin Chen's eyes condensed. Does the Promise Sword Emperor refer to the alien race?

His mental power instantly permeated the Demon Cauldron, and asked the Skeleton Rudder Lord.

After hearing Qin Chen's question, the Skull Rudder Master just shook his head. There were too many powerful aliens in the past, and he was not the top one among them, so he didn't know a lot of secret information.

As for the demon sword inheritance and the sword tower, he had never heard of it.

If the Skeleton Rudder Master knew about the sword tower news, Qin Chen might take the risk to release him, but since he didn't know it, Qin Chen would naturally not release the Skull Rudder Master in front of Ji Ruyue.

At this moment, Qin Chen and Ji Ruyue are even more concerned about the word "Don't want" that the Wuji Sword Emperor said, which is clearly admonishing future generations, but what he said "Don't want", what is "Don't want"?

"Qin Chen, have you noticed that the storage ring of the Promise Sword Emperor is gone, and there are no scars on his body." Ji Ruyue said suddenly.

Qin Chen nodded. How could he not see these? Like the person he saw at the entrance before, the storage ring on the Wuji Sword Emperor was not there, and there was no trace of wounds on his body. He didn't want to be cut by the sword storm. Killing in general.

The only one with more people than before was the dark green long sword in front of the Promise Sword Emperor.

Although this sword has only gone through more than two thousand years, it can give people the feeling that it is extremely old and vicissitudes of life. It seems to come from the ancient, ancient, and ancient times. After years of tempering, even today, it still exudes a faint heart palpitations. breath.

This sword is extraordinary!

"This sword should be the weapon of the Wuji Sword Emperor. It is so extraordinary. No wonder it can be retained. However, I have never heard of the Wuji Sword Emperor possessing such a magic weapon. It is not inferior to my Sealing Sword. ."

Ji Ruyue was puzzled, and subconsciously touched the dark green magic soldier.

Qin Chen's gaze was falling on the face of the Wuji Sword Emperor, and he saw his head slightly tilted up. Although two thousand years have passed, the expression on his face is no longer visible, but he can still feel the anger in his heart. His gaze, staring ahead, the place where they converge is the dark green ancient sword.

His expression and actions were not like looking at his weapon at all, but more like looking at a demon. His body movements were full of fear and anger.

Could it be that.....

Qin Chen was startled, turning his head to see Ji Ruyue was touching the dark green ancient sword, and hurriedly exclaimed, "No!"

Ji Ruyue was taken aback, her fingers stopped a few inches away from the dark green ancient sword, and she looked at Qin Chen suspiciously.

"This sword, this sword is weird!" Qin Chen said hurriedly.

"Is this sword weird?"

Ji Ruyue was shocked in her heart and hurriedly backed away, but at the moment when she backed away, buzzing, a dark green ancient sword suddenly burst with an evil light, Yo, like a ghost crying and howling, the world shook wildly, and the whole ancient sword Going up, the squally wind blew up, and the demon light mastered.

boom!

The seventh floor of the entire Jianyi Pagoda trembled suddenly, as if rolling up the stormy waves, a dark green demon sword light instantly diffused, and quickly wrapped around Qin Chen and Ji Ruyue, turning into a huge mouth of blood. Want to swallow the two.

what?

Qin Chen and Ji Ruyue were shocked, this sword, like a demon, like life, was actually going to swallow them two.

Fast, too fast, the dark green demonic air was so fast that they had no time to react at all.

Even the boundary of the swords of the two of them was instantly shattered, and the sixth layer of the overwhelming sword intent seemed to condense together, forming a black sword intent black hole, swallowing everything.

Don't...

The Mo Yao mentioned by the Promise Sword Emperor actually meant that he should not touch this dark green demon sword.

This sword was actually the core of this Jianyi Tower, shocked, the Jianyi Tower trembled, and the sky broke and the earth broke.

"Jie Jie Jie!"

The dark green demon aura permeated, and there was a loud howl echoing in it, the demons and evils were weird, like ghosts crying and howling, as if they had life, making them inevitable.

Are you going to die here?

call out!

Seeing that the dark green demon energy was about to swallow the two, the cyan ancient sword sealing sword on Ji Ruyue's waist suddenly unsheathed, a sword shining through the world, bursting with dazzling radiance. The sword light roared like a dragon, like a phoenix. The cyan ancient sword sealed the sword as if it had recovered. Knowing that the owner was in danger, he took the initiative to greet the enemy.
