

Valkyrie 1221

[Chapter 1221: Don't take it to heart](#)

"Master Zhao...you are...me..."

The pharmacist surnamed Jiang stammered, his eyes were bulging out, and his face was horrified. How could he be a small sixth-rank pharmacist, in terms of status, comparable to a seventh-rank pharmacist like Zhao Ruhui.

As long as Zhao Ruhui said a word, he could not eat it and walk around.

Just as the master Zhao Ruhui, why would you block the slap for a waiter?

He was dizzy and couldn't figure out why.

When Zhao Ruhui saw that Xiao Yin was fine, he turned his head and looked at the pharmacist surnamed Jiang with cold eyes, and said coldly: "Jiang Ruotai, you are so brave, you dare to do something to Xiao Yin, you don't know she is me. Are you sons and daughters?"

This waiter is your goddaughter?

Jiang Ruotai was even more shocked. He had never heard of such a thing.

"Master Zhao, misunderstanding, all this is a misunderstanding." But he was also unable to refute, he just said in a chatter.

What else can I do? Zhao Ruhui ranks above him, even if Xiao Yin is his mother, he can't refute it!

It's just that as soon as he left his words, he felt that the eyes of the people around him were extremely abnormal when they looked at him. When he looked up, he found that the many alchemists in this hall were looking at him with bad eyesight.

"Damn, you misunderstand when you say you misunderstand?"

"If it wasn't for Master Zhao to come forward, my sister might have been injured by you, Jiang Ruotai, you are very kind."

"Dare to be arrogant to my sister, I can hardly understand you."

"Don't you know that Xiao Yin is my mother? Dare to move my mother, you go to die!"

"Xiao Yin, don't be afraid, I'll call the shots for you."

A series of angry voices sounded, how could the other alchemists let the flattery be shot by Zhao Ruhui, and rushed at Jiang Ruotai one by one, roaring.

"What's going on?" Jiang Ruotai was completely confused, and soon felt severe pain from all over his body, countless fists and feet fell on him, and he fainted without understanding what was going on. In the past, these pharmacists didn't give up until they kicked him with a bruised nose and a swollen face.

All came to Xiao Yin to ask for credit.

The other alchemists who came in with Jiang Ruotai all stared, dizzy and petrified.

"It's like this, what a decent way."

Suddenly a voice sounded, suppressing the voices of the crowd, and saw Shengzi Jinzhou walked out from behind the crowd and came to the front of the hall.

As soon as the holy son of Jinzhou appeared, the audience immediately calmed down. This is one of the three holy sons of Dandao City. It represents the highest peak of Dandao City. In the future, he can enter the Dan Pavilion and become a pavilion owner. , The position is much higher than that of Master Zhao Ruhui.

"Holy Son of Jinzhou!"

Everyone saluted. Shengzi Jinzhou waved his hand and smiled faintly: "You don't need to be polite, everyone is best, Master Zhao, just now I saw that the pill furnace could not be controlled and was about to explode, so I wanted to comfort you, so I hurried out to find rescuers. In the end, there was no fryer. Seeing everyone safe and sound, I felt very

It's comfort, just fine. "

Damn, you just wanted to go out to find a rescuer. It's obviously greedy for life and fear of death, okay?

Everyone was distressed. Although they all disagreed with the greed and fear of death by the son of Jinzhou, they still did not dare to neglect in front of him.

Zhao Ruhui arched his hands and said: "The son is serious. Before the son was able to help, Zhao is already grateful. This time the teaching is like this, Zhao is also very guilty."

"Eh, wherever, where is Master Zhao, every pharmacist has refining accidents, Master Zhao doesn't have to blame himself too much." Jin Zhou Shengzi smiled faintly, his eyes suddenly fell on the flying snow that Qin Chen was playing with. On Dan, a cold light suddenly shot out from his eyes, and he said in shock: "Fei Xue Dan?"

He looked at Zhao Ruhui, his eyes were full of shock and horror, and he said in shock: "Master Zhao actually succeeded in refining Feixue Dan at the critical moment of the fryer. No wonder that the fryer stopped earlier. It turned out that Master Zhao successfully refined it. We have made Feixue Dan. Wei admires this level of cultivation."

"Holy son laughed, how can Zhao turn the tide in that situation and successfully refine Feixue Dan!" Zhao Ruhui looked at Qin Chen respectfully and said with admiration, "Master Qin took care of everything and solved the hidden dangers. .

"Is this kid who succeeded in refining?" Wei Jinzhou stared at Qin Chen carefully.

I saw that the opponent was only twenty or so, and it looked very ordinary, and it didn't seem like a person who could solve the hidden danger.

"Oh? You solved it? Why didn't this saint son have seen you in the Dan Pavilion before?" Jinzhou saint son looked down at Qin Chen in a commanding manner, his tone of voice was high above.

No way, who made him the holy son, the most promising young man in Dandao City, heard that the fryer danger that he couldn't even solve was solved by a young boy like Qin Chen. How could he be happy?

"It is Ben Shao. It hasn't been long since Ben Shao came to Pill Road City. It is normal for Shengzi not to know Ben Shao, just like Ben Shao doesn't know Shengzi." Qin Chen said lightly.

His tone was flat, and he didn't seem to take Jinzhou Shengzi into his heart.

"How did you talk to the Son?"

"Bold!"

"I dare to call myself this young man in front of the Saint Son, and is there any respect for etiquette?"

Suddenly a pharmacist couldn't see it, Sen coldly shouted, one by one with murderous aura.

Jinzhou Shengzi's eyes fell cold: "Young man, you are crazy!"

"Holy Son is too acclaimed, a little worse than Saint Son." Qin Chen said flatly.

Who does this holy son think he is? Anyone has to rely on his breath to live? Qin Chen had never seen a genius in his previous life. Although this Jinzhou Saint Child broke through the Medicine King 40 years ago, Qin Chen has seen a genius who is more powerful than him and grabs a handful of them. How can he take a small Medicine King? Take it to heart.

However, Qin Chen's attitude completely angered Saint Jin Zhou. He sneered and said, "You really solved the fryer danger just now? Why is Wei a little unbelievable?"

Those alchemists who had listened to Qin Chen's explanation saw that the atmosphere between the two became more tense, and their expressions suddenly changed slightly. They were full of admiration for Qin Chen, and naturally they did not want Qin Chen to conflict with the son of Jinzhou.

Immediately one after another explained for Qin Chen.

Is this guy really solved it? The Son of Jinzhou looked at Qin Chen in shock, his expression shocked.

He had also intervened in the refining before, and he naturally knew how difficult it was to solve the fryer. Such a young man actually solved the previous fryer and refined the Feixue Dan. How is this possible? His eyes flashed, he suddenly laughed, the previous gloom was swept away, he walked down the steps between a few steps, grinned, two rows of teeth are white and neat, and said: "I didn't expect your excellency to be such a young talent. Before, Wei was a little rude, and asked Brother Qin not to take it to heart. When Wei saw that Qin was so young, he was a little skeptical before, but it was also for the comfort of Pill Daocheng. Presumably Brother Qin would not take it to heart."

[Chapter 1222: Be my subordinate](#)

Everyone looked at Shengzi Jinzhou in surprise, Master Shengzi had changed so much, he was still murderous before, and he didn't expect to feel like a spring breeze in the blink of an eye.

Qin Chen just huh, he doesn't care about it, does he need someone to remind him?

This Jinzhou Saint Child had no good intentions at first, and now he assumed the appearance of an old friend. Qin Chen was not interested in this kind of person who changed his face just like changing clothes.

Not to mention the fact that the other party ran away directly before, and now that he saw that there was no danger, and he ran back hypocritically, Qin Chen didn't bother to pay attention to such a hypocritical person.

"Since Brother Qin just came to Pill Dao City, he must be unfamiliar with Pill Dao City, but is he interested in coming to do things for me?" Seeing that Qin Chen didn't have any expression on his face, Jin Zhou Shengzi stopped going around and went straight to the topic. Although he is the saint son of Alchemy City, he is only one of the three saint sons of Alchemy City. The competition between the three saint sons is still extremely fierce, especially in the near future, there will be a Dandao competition. Decide the strongest son of Dandao City and get a precious quota. Naturally, the son of Jinzhou is in the fourth

Recruit troops and buy horses.

This is also the reason why he came to make friends after he heard that Master Zhao Ruhui broke through the King of Medicine and was teaching here. The purpose was to win over Zhao Ruhui.

Although there are a lot of medicine kings in Pill Road City, it will be a great help for him to be a holy son if he can win over another medicine king.

Now that he heard about Qin Chen's deeds, he immediately became concerned, and wanted to draw Qin Chen into his command and strengthen himself.

Qin Chen smiled in his heart.

It turns out that the other party has such thoughts? Want to take refuge in him? Don't take a pee and follow your own virtues, and see if you are worthy.

Qin Chen shook his head, and said simply, "Not interested."

The son of Jinzhou touched the gray of his nose, and his face was slightly ugly. A son like him, with a high position, was really hard to hear others say no to him, especially in front of so many pharmacists.

Fortunately, his cultivation skills were good, and he immediately pressed down such dissatisfaction. He smiled slightly, and said, "Maybe you don't know my identity. In Xia Wei Jinzhou, one of the three saints of Alchemy City, he studied under the deputy head of the Northern Heavenly Pill Pavilion. Pill King Pill is a rare genius of Dan Dao in the city of Dan Dao in a hundred years. Sooner or later I will live in Dan Dao City.

Exist, you follow me, when the time comes, you will be rich and prosperous. "

Shengzi Jinzhou said proudly, revealing an aloof vibe. He also has the proud qualifications. He broke through the Medicine King in his thirties. It is the best record of the Northern Heaven Domain Pill Pavilion in the past century. Although there are two other people who can compare with him in this year, they are both saints. But in his eyes, he is the unique son of Dan Dao City. The other two will eventually

It will be just his foil.

"Still not interested." Qin Chen said.

Jinzhou Shengzi's face sank slightly and became embarrassed, then he took a deep breath and regained his composure, which he still had in the city palace.

"Don't listen to my offer?" He forced a smile.

"No." Qin Chen shook his head. Shengzi Jinzhou touched the nail three times, and his dissatisfaction was overwhelming. He said coldly: "Qin Chen, you don't want to be overwhelmed! Although you solved the previous fryer, it was just a moment of luck. Otherwise, no matter what. A genius, how can you solve the fryer that even this holy child can't solve?"

, And also refined Feixue Dan, if you overestimate yourself, you will make a big mistake. "

Qin Chen sighed, why did he run into an idiot again?

Who did he provoke?

Does not agree to your solicitation is defiant and overwhelming? Damn, is he smug? Forget your sister!

How come there are people who talk about themselves like this?

Qin Chen's face also cooled, and said, "Go and waste my time." "Qin Chen!" Jinzhou Shengzi raised the volume and sneered: "I know, people like you come to Dan. Daocheng, it must be to gain a future. Now you are still waiting for the price and want to find a better branch! But I might as well tell you, although the other two great sons are also present

Not weak, but I will step on my feet in the end. If you follow them and you will be defeated by the time, I am afraid you will not be in the mood now! "

"You have to look at your identity if you want to sell it!"

Mentally retarded, which ear do you hear and which eye sees that I am going to mess with other saints? Do not take you so self-righteous.

Still waiting for the price, do you have a price? I'm afraid it's not an idiot.

Qin Chen shook his head, really worrying about the IQ of Saint Jinzhou, so he still has to compete for the position of the future pavilion master of the Dan Pavilion?

Moreover, he is magnificent Qin Chen, and he still needs to mess with other people? If he wants to become famous here, he will directly become a saint child, and he needs to follow others?

Hey, it's a good idea to be a saint in this Northern Heavenly Domain Dan Pavilion.

Qin Chen's eyes suddenly brightened. Didn't he want to become famous in the Northern Heaven Region and then enter the Martial Region? As a casual cultivator, it is inevitable that there will be some constraints. It would be much more convenient to enter the Martial Domain Pill Pavilion directly as the Elder Dao City Saint Child, the future heir.

In this way, not only can he get a lot of training resources, he doesn't have to worry about training problems, and secondly, he doesn't have to worry about not having an identity that can stand up to people after entering the Martial Domain, and he can also develop the Chendi Pavilion by the way.

Yes, just do it. Turn around and ask how the holy child of Dandao City can become.

I'm afraid that the Saint Child of Jinzhou couldn't think of it, because of his temporary arrogance, he actually recruited a competitor for himself.

Thinking of this, Qin Chen suddenly smiled, and he finally had a goal.

Oh, yes, since his goal is also to become the ruler of Alchemy City, so speaking of it, the three saints like Jinzhou Shengzi are actually his competitors?

If his competitors are all of this kind, he is really speechless.

As a pill emperor in his previous life, Qin Chen was too confident in alchemy, and Yu Zilulu really didn't take him seriously.

Qin Chen smiled. Since this is a competitor, he might as well play and beat him.

"Do you have any suggestions?" he asked.

The son of Jinzhou suddenly showed a proud look, look and look, he just revealed some of his hole cards slightly, and the kid was embarrassed.

Tend to the flames!

This is his perverted logic: if you don't listen to me, you will be overwhelmed. If you want to listen, you will be in the limelight. Anyway, the left and right are all over him, and he has the final say. "Give you two choices, one is the bottom strategy, follow the other two saints, don't think about super life in this life! The second is the best strategy, join my subordinates, take you to the pinnacle of life!" Jinzhou Shengzi proudly said.

[Chapter 1223: Teach you a lesson](#)

Qin Chen almost burst out laughing, why don't you tell me to pretend to take me to fly?

He shook his head and said, "I choose the third one."

What the third one? There is no third one!

Jinzhou Shengzi's face became cold, and said: "Oh, do you want to add conditions? Well, you can talk about it."

Qin Chen smiled and said: "I am the boss, you saint sons and saints will all come under my command and become Qin Chen's followers. In this way, everyone will be friendly and there will be no trouble. There is no need to compete to compete!"

As soon as these words came out, everyone on the court changed their faces.

"Master Qin, speak carefully!" Zhao Ruhui reminded him with a serious expression.

My deed, Master Qin is too courageous, he dare to directly say that he wants to be the boss of Alchemy City, and let the other three saint sons and saints surrender him, does he know what he is talking about? Among the three saints and daughters of Dandao City, which one does not have a great background, there are terrifying forces in this Dandao City, and behind them, there is a figure at the level of the deputy head of the Dan Pavilion. He is a superior power, if he is dissatisfied with Qin Chen's remarks, he will get angry, even if

No matter how strong Qin Chen is, it will be difficult for him to move in this Pill City.

To despise the saint son and daughter of Dandao City is tantamount to despising Dandao City.

That's why Zhao Ruhui was so nervous. He really admired Qin Chen and naturally didn't want to see Qin Chen being targeted by Pill City. Other pharmacists only think that this is just a joke of Qin Chen, but only Qin Chen is full of confidence, a backward sage son of the Northern Heaven Domain Dan Pavilion, he is the honorary elder of Qin Chen Tangtang Wuyu Dan Pavilion headquarters, and a former ninth-rank one. The emperor-level pharmacist does not even have the ability to be a saint here

?

It's a joke when it spreads out.

As long as he is willing, he will definitely become the king of the Northern Heaven Region Pill Road City. By then, no matter it is the Saint Child of Jinzhou or something, he will naturally worship him as the Lord. Isn't that normal?

"Hahahaha!" Jinzhou Shengzi finally laughed, but the laughter was very cold. In a short time, the entire hall seemed to have arrived in the twelfth lunar winter, and a icy cold air permeated.

He was really irritated, one by one, the little boys, whose hairs did not grow up, actually said that they wanted to be the saint son of Alchemy City and asked them all to bow down.

It's too presumptuous.

What if he really has some talent in the alchemy? This is Dandao City. "Boy, you are too presumptuous, do you know what you are talking about now? Ben Shengzi gives you the last chance, immediately kneel down, beg for mercy, admit your mistakes, and enter the command of Ben Shengzi, Ben Shengzi can consider forgiving you, otherwise, Just because of what you just said, this saint son can cure you of a big disrespect

crime. "Jinzhou Shengzi said arrogantly, his voice rumbling.

"Holy Son, the words are serious. According to the old man, all this is a misunderstanding. I also ask Master Son to calm down." Zhao Ruhui's expression changed, and he hurried forward to persuade him.

"Master Zhao, please let go. Today this son humiliates this son so much. It is not only Wei Mou, but also the reputation of my alchemy pavilion. Master Zhao, as the alchemist of my alchemy pavilion, don't you know? Do you protect my Dange's reputation?"

Zhao Ruhui's face changed as soon as he said this. This is the words of Zhu Xin. As the alchemist of the pill pavilion, how could he say bad things about the pill pavilion. If he fails to speak, once he is impeached, he will definitely be embarrassed. To the point.

He took a deep breath and said, "Holy son, the old man doesn't mean that, but the old man just feels that what Master Qin said before was just a momentary slip of the tongue, and there is no malice."

"Whether there is any malice, it depends on how this holy child reads." Jinzhou holy child looked at Qin Chen proudly, narrowed his eyes and said coldly: "Boy, how about it, have you considered it clearly?"

Qin Chen didn't bother to look at Saint Jinzhou, only faintly spit out two words, "Fool!"

Can you be stupid? Kneeling down and admitting mistakes, who is this guy, what qualifications do you have to kneel down and admit your mistakes?

"you wanna die!"

The son of Jinzhou was completely furious and rumbling. He lifted his palm out and grabbed Qin Chen directly. The corners of his mouth were drawn with a cold sneer. The palms stretched out, and the glow flickered. Above the palms, five rainbow lights bloomed with power. Strong mess.

I have to say that this Saint Child of Jinzhou can be the Saint Child of Alchemy City. He is still somewhat capable, less than forty, but he has a cultivation base, but he has reached half a step of the Emperor of Martial Arts. Suffocation.

He has made up his mind to teach Qin Chen a lesson that will never be remembered. It is only a small young genius. Is it true that he can't cure him?

In the sneer of Jin Zhou Shengzi, seeing that his palm was about to fall on Qin Chen, suddenly a figure flashed by, but it was Zhao Ruhui who stood in front of Qin Chen for an instant, and with a bang, stopped the palm for Qin Chen.

Pedal.

Zhao Ruhui stepped back three steps with a look on his face before he stabilized his figure and lost his voice: "Holy Son, show mercy."

"Zhao Ruhui, are you going to stop me?" Jin Zhou Shengzi stared at Zhao Ruhui coldly, his tone was like ten thousand years of ice, cold to the bone, and at the same time he took a step forward proudly.

"Shengzi, give Zhao some face." Zhao Ruhui took a deep breath and said solemnly.

"Face?" Jinzhou Shengzi laughed loudly, and then his eyes fell instantly: "Zhao Ruhui, do you have face?" He sneered, with a haughty tone, as if the king looked down on the courtier, and said coldly: "Before this You are a little bit thin, because you are also a famous medicine king, but now, you dare to disobey the meaning of this holy child? In Alchemy City, you are a newly promoted medicine king, and you are already seven and eighty.

What's the face? Get out of the way immediately, otherwise, Ben Shengzi will teach you together. "

"you....."

Zhao Ruhui was suddenly trembling with anger, and his face was pale, but he couldn't say a word.

What Jinzhou Shengzi said is not unreasonable. The Medicine King is extremely precious among other forces in the Northern Heaven Region. Even among the imperial forces, it can be admired by people, but in Alchemy City, it is nothing at all. .

The number of Medicine Kings in Alchemy City is not as large as a feather, but it is not uncommon, and the ones that are truly powerful are those that can refine the middle and late stages of the seventh-rank pill, or like the Golden State Saint Child. Many years old, he is the king of medicine.

Like him, who has worked so hard for so many years, and finally entered the seventh rank of the Medicine King, in fact, he really doesn't have much right to speak, at most he is an ordinary elder who can serve as a pill pavilion in the future.

In front of the son of Jinzhou, he really didn't have the arrogant confidence.

"Zhao Ruhui, if you don't let go, this saint son will teach you a lesson, get out!" Jinzhou saint son coldly slapped Qin Chen with a palm.

boom! Shaking his palm, Zhao Ruhui was shaken back directly, and there were also two Martial Emperors of the early stage of the eighth stage, who had previously helped stop the fryer and had the ability to stop the Jinzhou Saint Child. But at this time, the few people didn't dare to step forward to stop them, and could only watch the other side move towards Qin Chen.

[Chapter 1224: Wuhuang master](#)

No way, although they are the eighth-order Martial Emperor, but here is Alchemy City, there are really few Martial Emperors who dare to stop the three saints.

"Boy, even if you kneel down and beg me now, this sage child will teach you a lesson." Jinzhou sage yelled coldly, with a grinning smile drawn from the corner of his mouth.

Everyone sighed, embracing the injustice for Qin Chen, but there was no way, who had let him speak out and offended Saint Jinzhou.

Dare to say that he wants to become the boss of the three saints, and let the three saints all bow down to him, this person is so loud.

Some alchemists who followed the Saint Child of Jinzhou sneered secretly, wanting to see Qin Chen's embarrassed appearance.

But Qin Chen had a lazy appearance. At the moment when Jin Zhou Shengzi's palm fell, his figure suddenly flashed, and Jin Zhou Shengzi's attack flashed out, hiding behind the old man.

"Damn, what did you do after running away?" The old man's face turned green. Isn't this dragging himself into the water? Nor is it such a cause for trouble.

"Huh?" Jinzhou Shengzi was slightly surprised that Qin Chen was able to dodge his own attack, but he kept talking, coldly shouting: "Old man, get out."

This old man was extremely strange, he had never seen him before, Jin Zhou Shengzi thought that the other party was just an ordinary passerby, and his tone was naturally disdainful, not to mention that the other party seemed to be familiar with Qin Chen.

"Old man, Ben Shao, give you a chance to stop him." Qin Chen said lightly.

"It's your fault, you can't let me wipe your ass." The old man was depressed and asked him to stop Shengzi Jinzhou. Isn't this kidding him?

He came to Alchemy City to solve the hidden dangers on his body, but if he offends the Holy Child of Alchemy City, which alchemist is willing to do it for him?

"Have you forgotten your bet just now? You lost earlier, so naturally you have to let me send it. Now I don't want to do even this little thing. I doubt your credibility very much." Qin Chen said lightly.

He can naturally teach the son of Jinzhou in minutes, but he wants to test the old man more.

If the other party didn't even dare to move a saint child, then even if the other party was willing to follow him, he wouldn't bother to care about it. Naturally, Qin Chen would not pay attention to such a credible guy.

"Damn, is this a trivial matter?"

The old man was going crazy, his teeth were itching with hatred, and he let himself do such a thing as soon as he came up, but he really lost the bet before, which made the old man's heart full of entanglements.

One side was just a stranger, and he would still obey the other's orders in the future, while on the other side, it was the holy son of Dandao City. How to choose and change to someone else, naturally couldn't be easier.

But for some reason, the old man had a feeling in his heart that if he didn't agree to Qin Chen's request at the moment, he would most likely regret for the rest of his life.

"It's a big deal, Lao Tzu is going to give it up. If I offend Saint Jinzhou, I just leave Dandao City. I don't believe what Dandao City can do with myself. I can only go to other places to find a solution in the future."

Thinking of this, the old man didn't hesitate anymore, and instantly blocked the attack of Saint Jin Zhou.

I saw that the blow of the horrible power of the Saint Child of Jinzhou was in front of the old man, it was as fragile and vulnerable as it was, instantly shattered and turned into nothingness.

Master Wu Huang!

Everyone was amazed. They didn't expect this old man in tattered clothes to be a martial emperor expert. If he weren't a martial emperor master, it would be impossible to stop the attack of the Jinzhou Saint Child.

"You, want to fight against this son?" Jin Zhou Shengzi looked at the old man coldly, his tone was even more angry, and his face turned blue.

What's going on today, anyone dare to target themselves and not teach them some lessons, do they really think that this holy son is a vegetarian?

"You two, take him down for me, I want to see if we have Wei, who would dare to be wild in my Dan Pavilion!" Jin Zhou Shengzi coldly shouted at the two eighth-tier early Wu Huangs on the side.

The two Martial Emperors hesitated, their faces were bitter, but they still started.

There is no way, who makes Wei Jinzhou noble? Don't look at them as martial emperor masters, but if a holy son wants to engage them, there is a way to make them deflated everywhere in Dandao City.

boom! boom!

The two shot immediately and stopped the old man. They didn't want to interfere too much, just wanted to stop the old man.

Looking at Qin Chen, the old man didn't say anything at all, and he smiled bitterly in his heart. Forget it, it's already in the water anyway, there is only one way to go to the dark.

Boom, he shook his hands, and there was no movement, but the two martial emperors flew out because of how they came, kicking back ten steps, and then barely stabilizing his figure, the blood in his body was surging, almost spit a mouthful of blood.

All of them looked at the humble old man in amazement.

What a terrible cultivation base, this person's strength is far above them, at least he is also a martial emperor of the eighth mid-level.

"Senior." The two were shocked.

It is not right to offend the Saint Child of Alchemy City, but it is not something they can afford to offend a Martial Emperor in the middle of the eighth rank. Jinzhou Shengzi also saw the terrible old man at this time, and his face suddenly twitched. Obviously, he did not expect that there is such a master beside Qin Chen. His eyes were cold, and he said: "Your Excellency is determined to fight me. , I advise you to think carefully, if you block me, you block Dan Dao City.

You have to consider the consequences. "

The corner of the old man's mouth twitched, and he didn't want to do it, but now that he has done it, his heart has fallen, and he lazily said: "The son is serious."

Qin Chen couldn't help but laugh, and said: "You are really a thick-skinned, a holy son. People who don't know think you are the pavilion master of the Northern Heavenly Domain Pill Pavilion, the medicine king in the early seventh stage of the district. Saying that going against you is to offend the entire Dandao City? I really don't believe it."

"Old man, take him down." Qin Chen said suddenly coldly.

"Master Qin." Zhao Ruhui and others' faces changed.

"Hahaha, kid, what do you want to do? Still wanting to resist?" Jin Zhou Shengzi sneered, showing disdain.

"Master..." The old man was speechless. Just stop the opponent, and still have to hold him, my ancestor, hey, the opponent is the holy son of Alchemy City. What if he controls the opponent? Can you teach him a lesson? If you see it, you can accept it.

Seeing the old man's expression, Jinzhou Shengzi couldn't help feeling proud and mocking: "I see it, even if you have expert protection, but I dare not even move your dog, what can you do?"

"The other party has called you a dog, and you still don't stop him? Anyway, the bill will be on my head, and you can't blame you. You dare not?" Qin Chen also mocked and looked at the old man.

The old man is dizzy, elder brother, I am all for you, even you mock me.

But he was also very angry. At any rate, he is also the peak Martial Emperor in the middle of the eighth stage. He is also a well-known master in the Northern Heaven Region, a holy son, dare to insult him so lightly?

[Chapter 1225: Take a test](#)

"If you die, you die."

He snorted coldly, booming, and the terrifying power of the realm was permeated, and instantly enveloped and imprisoned Jinzhou Saint Child.

"Old man, what do you want to do?" Jin Zhou Shengzi sneered, he did not believe that the other party dared to move himself.

Zhao Ruhui and others also changed their faces.

"What?" Qin Chen sneered: "Of course it is to teach you a lesson, shouldn't you only be allowed to do it, and we are not allowed to fight back?"

"Just rely on you?" Jinzhou Shengzi sneered: "I am the Dandao City Shengzi, I have the ability, you can try to move me."

Snapped!

Before he finished speaking, the son of Jinzhou was lifted up by Qin Chen's neck. Naturally, he couldn't speak anymore, his feet were kicking in a hurry and his face turned green.

"Everyone has heard it. He asked me to try it." Qin Chen shrugged and seemed quite innocent. "He is a pharmacist, but Ben Shao is also a pharmacist. He dared to attack Ben Shao before. Don't take Dange's rules to heart, do you think you should fight?"

"Of course it should be!" He didn't wait for others to answer at all. He just slapped him up.

This palm was very hard, and Jinzhou Shengzi opened his mouth directly, spit out a mouthful of blood, and a few broken teeth, half of his cheek swelled up at a speed visible to the naked eye.

Hiss, everyone sucked in air-conditioning, terrified.

The so-called dog hitting depends on the owner. People are the saint son of Dandao City. Master is the deputy pavilion master of Dandao City Dange. Can you teach the top characters of Dandao City? But the problem is that Qin Chen is still very reasonable.

If Qin Chen was really a pharmacist, Jin Zhou Shengzi directly acted on him, which indeed violated the rules of the Pill Pavilion.

In the Pill Pavilion, no matter what conflict there is, you can't directly do it, the Saint Child of Jinzhou has indeed passed it before.

There are no rules, why Chengfangyuan?

"Do you dare to beat me?" Jin Zhou Shengzi was completely stunned. Since childhood, it was the first time he saw anyone dared to beat him like this.

"It's you."

Papa papa, Qin Chen just whipped up, and his heart was refreshed. Then he threw Jin Zhou Shengzi aside.

At this moment, Jinzhou Shengzi's face was swollen like a steamed bun, and the whole person was in a dizzy state. Although the injuries on his body were not serious, his face was completely lost.

"Well, when are you going to imprison people?" Qin Chen said lightly to the old man slowly.

"what?"

The old man on the side was completely stunned. Until Qin Chen stopped his hand before, he had forgotten to stop the imprisonment of the Jinzhou Saint Child, and then he suddenly reacted and withdrew to the domain barrier.

He thought that Qin Chen just wanted to scare the holy son of Jinzhou, who knew he really dared to do it.

It's over, now this kid was pitted to death.

The old man was completely desperate. It is absolutely two different concepts to prevent Shengzi Jinzhou from doing something and teaching Shengzi Jinzhou. If it was the first one, Dandao City might not behave to him, but now Shengzi Jinzhou is here. He was beaten under his control, would Dan Daocheng spare him?

Because the son of Jinzhou is not wrong in what he said earlier, although the son of Jinzhou is not the pavilion master of Dandao City, he, as the son, also represents the face of Dandao City. It can be done by anyone alone. Lesson learned?

This is tantamount to hitting the face of Dan Dao City.

"It's been miserable by this kid now." The old man was going crazy, this kid was a disaster.

"Why, do you dare to be arrogant?" Qin Chen sneered at Saint Jinzhou.

He dared to make such a move, naturally, he had already considered it, and he was not completely arrogant.

First of all, with his medicine refining ability, it is not difficult to assess a medicine king. Although the Saint Child of Jinzhou is a holy child, he is indeed a violation of the rules of the medicine king at will.

Secondly, as long as he succeeds in the assessment of the Medicine King, he can become the youngest Medicine King in Alchemy City. He does not believe that Alchemy City cannot see the value in him.

Although one of the three saints was one of the three saints, on the other, he was a young and terrifying genius alchemist, and he was in charge. Qin Chen didn't believe that the pill city would directly target him.

If this can't let the people of Pill Road City let him go, then Qin Chen would have no interest in staying here. He would not want such a corrupting force to be given to him as a holy son.

"Boy, there is a kind of you don't go, you wait, you wait for me."

The son of Jinzhou was stunned for a long time before finally waking up. After a scream, he rushed out of the hall in an instant, apparently moving to rescue soldiers.

"Master Qin, you are too reckless, how can you do something to the son?" As soon as the son of Jinzhou left, Zhao Ruhui and others were shocked and sighed.

Even the vast majority of pharmacists have followed Qin Chen's tens of meters, clearly wanting to distinguish their relationship with Qin Chen.

With their movement, more people suddenly moved away from Qin Chen, and only a few pharmacists who admired Qin Chen were still around, looking helpless.

"Boy, what are you doing in a daze, go quickly." The old man dragged Qin Chen even more anxiously, and was about to rush out of the Dan Pavilion.

Damn, when is this, still wandering around here, really waiting for Saint Jinzhou to bring rescue soldiers, can they still run away?

Qin Chen faintly waved his hand and said, "What are you worried about, what are you afraid of, you are so brave, why are you not as courageous as me? No wonder you can't break through your cultivation."

puff!

The old man was so angry that he almost vomited a mouthful of old blood. Brother, how dare you be, you are clearly looking for death.

Qin Chen came to Zhao Ruhui, and said, "Master Zhao, I have a question to ask." Zhao Ruhui smiled bitterly and waved his hand: "Master Qin, if you ask me now, I don't know what to do, oh, let me How do you say hello? You should leave Alchemy City with this friend to hide. Let's look at your alchemy attainments. You should also be a person of identity. You immediately start a relationship.

See if you can get along with the high-level Dange. I will find a way to intercede for you and find a few friends, but there is only so much I can do. Alas, you are still too reckless. what. "

Zhao Ruhui looked bitter, and Qin Chen actually moved Saint Jinzhou, this matter was not something he could settle.

"Haha." Qin Chen smiled faintly: "Master Zhao, you have misunderstood. I will settle this matter myself. I just want to ask how to become the Saint Child of Alchemy City."

puff!

Everyone looked at him with weird faces. Does this guy really want to be the saint son of Dandao City? I thought he was talking casually. Zhao Ruhui saw that Qin Chen didn't seem to be joking, and smiled bitterly: "How to become the saint son of Alchemy City, it's not clear below. The three saint sons and daughters, including the three saint sons of Jinzhou, are all three vice-chairmen of the Dange. His disciple, and at a young age, is a genius of Medicine King, so he can be canonized as a holy son. Actually Originally, there was still a fourth son in Dandao City, but not long ago, it was secretly calculated. "

"Although I don't know how to become a holy son, the lowest standard for becoming a holy son is to become the king of medicine of seven products. This is the most basic standard."

"Seven-pin medicine king?" Qin Chen smiled slightly. Then let's take a random assessment first.

[Chapter 1226: Stop coming](#)

"In that case, Xiao Yin, you take me to the appraisal room of the alchemist, I will test a Seventh-Rank Medicine King to play." Qin Chen said to Xiao Yin casually.

I am dizzy!

Everyone was stunned, all stunned.

Qin Chen really wants to test the Medicine King? And actually said that you have a fun in the exam, what is it for you to be the king of medicine? Chinese cabbage in the vegetable market? If you say you have to take one test, do you know how difficult it is to become the King of Medicine?

Let alone mastering countless alchemy knowledge, being familiar with all kinds of elixir pills, and more importantly, reaching an extremely profound level in the control of spiritual power and real fire, which can never be achieved overnight.

You know, how many alchemists have reached the seventh-order martial king in Beitianyu Dandao City? As few as thousands, how many can really become the king of medicine? I'm afraid there is no one in ten.

It's not that a pharmacist who breaks through to the seventh-rank martial king and possesses the seventh-rank mental power will definitely become a seventh-rank medicine king. The effort required in this process can definitely be achieved.

Otherwise, the number of Seven-Rank Medicine Kings on Tianwu Continent would not be so small.

But now, Qin Chen actually said that he would test a medicine king casually, making everyone stunned, and he was speechless.

"Why, do you think I can't pass the exam? It's only the Seven-Rank Medicine King. If I can't even pass the Seven-Rank Medicine King, why did I just give you a lecture?"

Qin Chen smiled faintly. Only he himself knew what level his alchemy attainments were. If it wasn't that his cultivation was not enough, let alone the Seventh-Rank Medicine King, he was sure to check it out.

Hearing what Qin Chen said, Zhao Ruhui and others were taken aback.

If other teenagers dared to go to the sea in this way, they really didn't believe it, but Qin Chen said that, don't know why, they couldn't help but doubt in their hearts.

It is true that the alchemy attainments that Qin Chen showed before are too defying, and even Zhao Ruhui admires it, such a genius, after an examination of the Medicine King, it may really pass.

"hiss!"

Thinking of everyone here suddenly sucked in air-conditioning, they realized the horror in this soberly and looked at Qin Chen in amazement.

The other party is only a young man in his twenties. If he really passes the assessment of Seven-Rank Medicine King, what will be the consequences?

It is definitely an unprecedented sensation!

Among other things, the youngest medicine king in the history of Beitianyu Dange was the Wuxin Medicine King who was 800 years ago. He broke through at the age of thirty-two. Later he left the Beitianyu and was said to have become Wuyu Dange. A foreign affairs elder at the headquarters is the pride of Beitianyu Dandao City for thousands of years.

If Qin Chen really succeeded in the assessment of the Medicine King, it would be appropriate to break the record of Wuxin Medicine King. By that time, would the high-level officials of Pill Road City deal with such a heaven-defying pill genius at will? It is impossible to think about it.

The reason why the Saints of Jinzhou and the others are awesome is because they broke through the Medicine King in their thirties and became the youngest Tianjiao in Alchemy City. If Qin Chen was even more powerful than them, they would definitely be high in Alchemy City Hold it up high.

Maybe you can really become the Son of God.

Thinking of this, Zhao Ruhui said in a deep voice: "Master Qin, you want to test the Medicine King, provided that you are already a sixth-rank alchemist, and you don't know that Master Qin is currently..."

Qin Chen naturally knew what Zhao Ruhui wanted to say, and before he could finish speaking, he had already taken out the sixth-rank alchemist badge.

This badge was originally applied to him after Zhuo Qingfeng served as the deputy head of the Dan Pavilion headquarters in Chaotian City.

Because the Land of Hundred Dynasties can only apply for a Rank 6 badge at most, Qin Chen was promoted to Rank 6 Alchemist. This badge has been useless to Qin Chen, but he didn't expect it to be used now. "Since Master Qin is already a sixth-rank pharmacist, it might be possible, Xiao Yin, you will

immediately take Master Qin to the medicine king certification. If Master Qin can really pass the medicine king certification and become a medicine king, then Jin If Zhou Shengzi wanted to target Master Qin, he was too stretched, not so easy.

. "Zhao Ruhui patted his thigh excitedly.

"But what if the test fails?" the old man suddenly said aside.

"If you fail the assessment, then..." Zhao Ruhui stopped speaking immediately.

If Qin Chen couldn't pass the Medicine King's assessment, and was blocked by the people of Jinzhou Shengzi in the Dan Pavilion, it would be really dangerous, and it would be too late to move the rescuers.

Qin Chen glanced at the old man with a smile, and said with a smile, "What can I do if I fail the assessment? Of course, it's up to you to kill him."

Made!

The old man's face suddenly darkened, and who was he provoking him, how could he spread such a catastrophe.

"Haha." Qin Chen laughed, patted the old man's shoulder and said: "Take advantage of this opportunity to warm up first, don't have time to react when you start, it won't be good if you flash your old waist."

The old man's face was full of black lines, and he only felt that there were thousands of horses running wild in his heart.

However, what can he do is to follow Qin Chen, and when the time comes, he will leave the opponent alone and run away.

Soon, a group of people quickly walked towards the examination room.

The assessment room was actually next door to the lecture hall. Zhuo Qingfeng had only entered before, and Qin Chen was naturally familiar with the road.

Looking at the door of the assessment room, Qin Chen smiled slightly. He hadn't expected him to be in a hurry to test Medicine King or something, but he would still come here, but since he is here, he just passed the assessment and it is not a big deal.

"Stop coming."

As soon as Qin Chen arrived at the door of the examination room, he was stopped by the guard at the door.

The guard frowned and looked at Qin Chen. Qin Chen had just been here before, and he still had the impression that he was accompanied to assess the Medicine King, but now that the previous person's assessment of the Medicine King has not ended, what is this person doing again?

Qin Chen smiled slightly and said, "I want to test the Medicine King."

puff!

The guard suddenly sprayed out, the expression on his face was indescribable.

You want to test the medicine king? Ok? Just kidding, you are only about twenty, even if it's awesome, it's the sixth-rank pharmacist to be evaluated. Even Master Shengzi only became the king of medicine when he was over thirty. Don't you think you are Is it better than the three sons?

"Why, can't it?" Qin Chen frowned.

The guard was taken aback for a moment. According to Dan Pavilion's rules, this was indeed possible.

Of course, the premise is that the other party is already a sixth-grade alchemist.

As if he knew his thoughts, Qin Chen had already revealed the sixth-rank alchemist badge without waiting for the other party to speak.

"Damn." The guard was dumbfounded, he was really a sixth-rank alchemist.

Then, he saw Zhao Ruhui and others hurriedly approaching, and he quickly respectfully saluted: "Master Zhao Ruhui, masters."

"Yeah." Zhao Ruhui nodded, "Master Qin is going to come and test the Seventh-Rank Medicine King, you can arrange it." The guard looked at Qin Chen's face suddenly changed. Who is this guy? Even Master Zhao Ruhui is honored as a master. Is it really a big man?

[Chapter 1227: Old man with great compassion](#)

His face immediately showed respect, and hurriedly said: "Then please wait a moment, let me tell you."

He took out a transmission stone, and soon sent a message.

After a while, only a middle-aged man wearing a stewardship robe came out of the passage. After seeing Qin Chen, he frowned and said, "You want to authenticate the King of Medicine?"

"Not bad." Qin Chen nodded.

"What mess, so young, I came to examine the Seventh-Rank Medicine King, thinking that my Dan Pavilion is a nonsense." The middle-aged manager scolded and frowned. No matter how you look at it, Qin Chen doesn't seem to be able to pass the examination. King's person, what did this guard do?

"Fuck, this person is recommended by Master Zhao Ruhui." The guard reminded from the side.

"Master Zhao, Zhao Ruhui!" The middle-aged steward discovered Zhao Ruhui and quickly saluted him respectfully.

Zhao Ruhui waved his hand and motioned to the other party not to be restrained, and said, "Master Qin does have unique insights in refining medicine, and he has also met the assessment conditions, and I hope that Manager You can let him go."

The steward's face suddenly appeared shocked. Although Zhao Ruhui had just broken through the Seventh-Rank Medicine King, he was also a Medicine King. Naturally, he would not speak casually. Does this person really have the ability to assess the Seventh-Rank Medicine King?

Hiss, he took a deep breath, and the arrogance on his face was immediately wiped away, his expression even more dare not to neglect, and he asked: "Are you a sixth-grade pharmacist now?"

"Of course." Qin Chen smiled and nodded, and took out the pharmacist badge. The doubts in the middle-aged manager's heart completely dissipated, and nothing else, just took out the sixth-rank alchemist badge, even without Zhao Ruhui's recommendation, according to the rules, he could not refuse the other party, and even said: "Since your Excellency is already sixth I'm a pharmacist, so please follow me in, but the test

One person is being evaluated in the nuclear room, please wait a moment. "

The assessment of the Medicine King is by no means an easy task. The process is extremely strict. At least three elders with real power in the headquarters of the North Tianyu Dange must be certified, and they must pass the assessment to be considered successful.

Therefore, the assessment of any medicine king is not an easy task. Fortunately, someone happened to be assessing the medicine king before, and there are already several real-power elders in the assessment room, and there is no need for additional notice.

Otherwise, he specially notified several elders with real power to come to serve as examiners. If Qin Chen fails the examination completely, he will definitely be scolded.

Although Qin Chen took out the sixth-rank alchemist badge, You Guanshi actually didn't think that Qin Chen could pass the test, but because of the rules, he couldn't refuse it.

Immediately, Guan Shi will take Qin Chen into the assessment area.

"Wait!"

A loud voice sounded, and a group of people suddenly came from outside the assessment area.

One of them was arrogant, walking from a distance, his eyes fell coldly on Qin Chen's body, bursting with a cold light, and it was Saint Jinzhou.

At this moment, beside him, he was also following a few powerful men with extraordinary momentum, and everyone exuded a strong and terrifying aura, like dazzling stars, which made people feel bursts of dazzling.

Eighth-order Wuhuang.

And the strongest one inside, the aura is deep and deep, like a deep sea, his cultivation level has obviously reached the middle stage of the eighth stage, and even stronger.

Wei Jinzhou is worthy of being the holy son of Beitianyu Dange. In a short while, he even mobilized several Wuhuang strong men. Such influence is simply abnormal.

Uproar!

Seeing the son of Jinzhou coming, the many powerhouses and alchemists who had surrounded him backed one after another, obviously for fear that the son of Jinzhou would misunderstand whether there was anything to do with Qin Chen.

"I have seen Saint Son of Jinzhou, I have seen Lu Xiuyuan worship!"

You Guanshi didn't know what had happened before. Seeing Jin Zhou Shengzi rushing towards him, he was shocked and hurriedly saluted.

Shengzi Jinzhou didn't look at You, but just stared at Qin Chen with a grim face, and said coldly: "Boy, I didn't expect you to be courageous. After hitting Ben Shengzi, you dare to stay here and didn't run away. "

Qin Chen smiled faintly: "I just taught a beast, why should I run?"

"Presumptuous!" Jin Zhou Shengzi tilted his nose, "Wei Jinzhou can be considered arrogant, but compared to you, I found myself too humble, Lu Xiuyuan, kill him for me!"

The last sentence was addressed to the mid-term martial emperor behind him. His surname was Lu and his name was Xiuyuan, and he was a martial artist in Dan Pavilion.

There are many powerful alchemists in the alchemist of Alchemy City. Naturally, there is no shortage of martial emperor-level enshrinement. Moreover, the holy son of Jinzhou is also a disciple of Alchemy City Vice President Kang Youming, and this Lu Xiuyuan is a follower of Kang Youming. By.

The eighth-tier mid-level martial emperor master would actually become a follower of the master of the Jinzhou Saint Child, which shows how strong the position and appeal of the vice-chairman of the Beitianyu Dange is in the Dange.

"I heard that you just hurt the Saint Son, and you actually acted on the Saint Son in the Pill Pavilion. You are so bold!"

"Dead!" The tall and thin Lu Xiuyuan sneered, and sneered at Qin Chen.

"Stop it!" Zhao Ruhui was shocked. He wanted Qin Chen to enter the assessment room and he would be fine. He didn't expect that the holy son of Jinzhou would come so quickly, and after bringing in a helper, without saying anything, he would actually let Dan Pavilion's martial arts Worship the killer to Qin Chen's pain.

His complexion changed suddenly. Anyway, Qin Chen and Jin Zhou Shengzi had a relationship with him. He immediately jumped and blocked Qin Chen and Lu Xiuyuan.

But in front of the mid-term Emperor Wu, what use is this?

Lu Xiuyuan just shook his arm slightly, Zhao Ruhui was rushed to the side by a counter-shock force, and lost the ability to shoot, and Lu Xiuyuan's attack was hardly affected, and he continued to hit Qin Chen.

The True Yuan boiling room clearly wanted to kill Qin Chen here instantly, and he didn't give him a chance to refute and argue.

"Old man." Qin Chen didn't look surprised, just looked at the old man aside.

The old man was about to vomit blood in depression, but he gritted his teeth, rushed up and stopped in front of Qin Chen.

Bang!

Lu Xiuyuan's palm power seemed to blast on a steel wall, and he was instantly blocked, and he couldn't make any progress.

"Where is the guy, dare to run wild in the Dan Pavilion." Lu Xiuyuan's face suddenly turned pale, as if it was an extremely embarrassing thing to be stopped by someone. Boom, a terrifying phantom rose up in his body instantly. Upon coming, the true essence that stunned the void suddenly swept over, as if it turned into a wave, to both the old man and Qin Chen

Swallowed.

"broken!"

The old man drank coldly, his turbid eyes suddenly exploded with brilliant glow, his hands were palm-shaped, and he slammed out with a bang. The mighty ocean-like torrent of true essence was instantly split in half, all from the middle. separate.

"Da Compassionate Hand, are you...the Great Compassion Old Man?" Lu Xiuyuan showed a look of surprise, his eyes became solemn, and he recognized the identity of the old man.

[Chapter 1228: Elders](#)

"What? This old man is an old man with great compassion?"

"Northern Tianyu's famous casual repair?"

"It is rumored that the old man of Great Compassion was just a mortal. Later, he accidentally got an adventure, and his cultivation base advanced by leaps and bounds. He broke through the realm of Emperor Wu 30 years ago, uprooted the blood cloud fort that had offended him, and killed the three powerful martial emperors of the blood cloud fort. , The famous North Tianyu, he turned out to be?"

"No wonder this son is so emboldened."

The crowd shook and exclaimed, obviously shocked by the identity of the old man.

This is a ruthless person, just a casual cultivator, but he has cultivated to the peak of the middle of the eighth stage. He is famous in the Northern Horizons, and he is alone in destroying the prestigious Emperor-level Blood Cloud Fort in the Northern Horizons. It is the Northern Horizons. Leading figure in casual repair.

Such a master is indeed daunting.

The old man's face was like a bitter gourd, he was not at all proud of being recognized, but rather cried and looked at Qin Chen with bitterness.

Okay, now my identity has been recognized. The Northern Sky Territory can't stay in the mix anymore. If you want to run away later, let alone Dan Dao City can't stay, even the Northern Sky Territory can't stay. Alas, Pity him, an old man who has to leave his hometown at this age. What kind of evil has been done!

"Elder Dabei, you are a casual cultivator, but you are in my Dan Pavilion, are you not afraid of death?" Lu Xiuyuan said sharply.

The name of the person, the shadow of the tree, can't do it, he naturally doesn't want to do it with someone like Old Man Da Bei.

The old man said bitterly, "I can't do anything about it. If you live forever, you can't say nothing. You guys, it was actually a misunderstanding just now. Just a few people will do well. Just let us go as a fart. "

Everyone fainted, and this old man of great compassion could really say anything. It was the first time for a master casual cultivator to compare himself to a fart.

"Hmph, you get out of it right away. If the Lord Son is happy, he may consider giving you a way of life, or even let you follow it. If you continue to protect this kid, you will not blame the old man for his ruthlessness."

"Oh." The old man Dabei sighed: "Why can't you speak well? How bad is it to fight and kill."

"What nonsense with him, Lu Zongfeng, you take action to restrain him, you guys will kill the kid, if you have anything, I will take care of it." Jin Zhou Shengzi said impatiently, facing the other people next to him. Emperor Wu drank coldly.

"Ming stubborn, old compassionate old man, you are looking for death!" Lu Xiuyuan sneered coldly, and moved again in an instant.

boom!

The terrifying true essence burst out all over his body, and his momentum seemed to skyrocket several times in an instant. Om, a terrifying domain barrier instantly swept over him, restricting the old man with great compassion.

He knew that it was almost impossible to kill the old man of Great Compassion, so the purpose was only to prevent him from making a move, and the moment Lu Xiuyuan made his move, the other three martial emperors beside Jinzhou Shengzi moved instantly.

Whoosh whoosh!

The three streamers rushed towards Qin Chen at the same time.

"Little dust." Nangong Li's face suddenly changed, exclaiming, but there was nothing he could do.

"Oh." The old man Da Bei sighed, banged, and broke free of Lu Xiuyuan's shackles abruptly, and slammed at the three Emperor Wu.

"Your opponent is me." Lu Xiuyuan sneered, his eyes radiating chills and booming, his aura was even stronger, the monstrous aura stunned for nine days, and prevented the old man Dabei from taking action.

The two sides collided instantly, and a terrifying murderous intent erupted, and two of the three martial emperors were shaken out by the old man of great compassion, but one of them came to Qin Chen in an instant, and Jie Jie gave a clap in the strange laughter. Fell down.

boom!

Qin Chen was immediately knocked into the air, smashing through several walls all the way, and then stopped, and was enveloped by countless dust and rubble.

"Hahaha, if you offend this son, you will die!" Jinzhou Shengzi laughed wildly.

Being hit by a Martial Emperor, he didn't think Qin Chen would survive.

The old man Da Bei also sighed. This is Pill Pavilion, and he can't kill him, so he tried his best before, but he still couldn't stop the opponent.

"So weak, didn't you eat before you came out in the morning?" Suddenly a ridicule sounded, making Jin Zhou Shengzi's laughter abruptly stopped.

Qin Chen slowly walked out of the smoke and dust, without any injuries.

"Not dead?" Everyone was stunned.

This is amazing, the dignified eighth-order Wuhuang expert made a shot, but he could not kill a junior in the realm of Wuwang with one blow.

The Emperor Wu, who had shot before, was even flushed. He was just about to take action again. Suddenly, there was an astonishing wave of elixir in the assessment room at the rear. It is the fluctuation formed by the seventh grade Wang Dan.

"Huh?" Jinzhou Shengzi showed a surprised look on his face. There were still people in the assessment room assessing Medicine King. Looking at this fluctuation, it was obvious that the refining was about to succeed.

However, Shengzi Jinzhou obviously wouldn't take this to heart, and snorted coldly to the Emperor Wu beside him: "What did you guys do? You can't kill a kid? Don't do it again?"

"Master Shengzi wait a minute, someone inside is assessing the Medicine King, please don't disturb the other party." You Guanshi's forehead was covered with cold sweat, and then he seized the opportunity and hurried up to say. My dear, there is still someone in the assessment room assessing the Medicine King, and that person's identity seems a bit unusual. After learning the badge information of this person, several Dange real power elders came directly. If the assessment is disturbed, Jin Although Zhou Shengzi is fine, but he has to be in charge

Head off.

"Don't worry, especially, I will end the battle soon." Jin Zhou Shengzi would not take a manager to his heart, waved his hand, and said again.

Boom boom boom!

The breath of Lu Xiuyuan's body broke out again, and the aura of horror was like a vast ocean, sweeping crazily.

"Om!"

At this moment, the aura of the pill in the depths of the examination room became more intense, and a breath of Wangpin pill was condensed in an instant.

At the moment when the pill is condensed.

"Who dared to make trouble in my Dan Pavilion?" A cold snort sounded, and a few horrible auras passed from the depths of the assessment room, full of endless anger. It was the few Dan Pavilion elders who were in the assessment.

Lu Xiuyuan and the others had already been aware of their actions before, but they were just at the critical moment of the assessment, so they could not be distracted. Now that the assessment is over, they suddenly coldly shouted, and the powerful mental power swept over.

The terrifying aura made everyone's complexion greatly changed, and their breathing was suffocated.

"Master Shengzi?" Lu Xiuyuan turned around and looked at Shengzi Jinzhou with questioning eyes.

"Continue!" Said Jinzhou Shengzi coldly, and said loudly: "Several elders, I am Wei Jinzhou. Today, some people are in my Dan pavilion and want to mutilate this son. In desperation, this son can only defend himself. , To destroy the murderer, if you disturb a few elders, please forgive the elders."

"Is it Wei Jinzhou?"

"Affectionate of Deputy Pavilion Master Kang!"

"Someone dared to take action against Deputy Pavilion Master Kang's love in Dan Pavilion. It's so bold." The killing intent of several elders was reduced a lot, and there were conversations between each other, but the intention of stopping them was clearly weakened. A lot.

[Chapter 1229: Jiao Changlao](#)

Wei Jinzhou, the beloved apprentice of the deputy chief of Dange Kang Youming, whose teacher is one of the three deputy chiefs of Beitianyu Dange.

Dan Dao City was originally the power established by Dan Pavilion. The so-called three deputy pavilions are actually the three deputy city owners of Dan Dao City. Each of them possesses unpredictable power and is one of the three pillars of Dan Pavilion. .

Especially nowadays, the pavilion master of the Dan Pavilion is in retreat and rarely intervenes in the operation of Dan Pavilion and Dan Dao City. Everything is delegated to the three deputy pavilions, which has also led to the increasing status of the three deputy pavilions. It's terrible, and the power is terrifying.

This is also the reason why Wei Jinzhou was able to mobilize the worship of Emperor Wu in the mid-Pill Pavilion at will. It is really because of his master's background that is a little scary.

Not to mention that Wei Jinzhou is still one of the three saints of Pill Pavilion. It is possible to take charge of the existence of Pill Dao City in the future. Who dares to stop such a person at will?

Suddenly, the previous several elders with real power seemed to be a collective change, and they immediately decided not to intervene.

However, one of the elders snorted coldly and said: "Wei Jinzhou, you can teach others, but don't make the Dange misty. Dange is not your personal place." Hearing that voice, Wei Jinzhou sneered. "I

remember what Elder Jiao said, but it's not the turn of Elder Jiao to take care of what Wei did. Of course, Elder Jiao has been in a bad mood recently, and Wei can still understand it. After all, Elder Jiao's line of Wen Chengsheng Zi was actually beheaded outside Dan Dao City

, Alas, misfortunes do not come singly. Although Ben Shengzi and Brother Wencheng didn't deal with it very much, he died young and Ben Shengzi was also very sad. "

He was sad, but there was a smile at the corner of his mouth. The irony was overwhelming, and he didn't hide it at all.

"you....."

boom!

A terrible aura swept over, and the elder Jiao suddenly flew into a rage, Ling Li's killing intent accompanied by a terrifying chill, instantly enveloped Wei Jinzhou.

Many alchemists around have frowned.

Although there are currently only three saints in the Dange, there are actually four saints in the original North Tianyu Dange headquarters. Three of these four are the beloved of the three deputy pavilions, and One person was collected by a special elder in Dan Pavilion.

Decades ago, the elder was actually the deputy chief of the Dan Pavilion, but because his disciple was implicated, he was directly reprimanded as an elder. Although he was only an elder, his status was only better than that of the three deputy chiefs. A trace of the main weakness.

However, over the years, the elder was severely suppressed and struggled in the Dan Pavilion, so he worked hard to cultivate a saint son who wanted to compete with the three deputy chiefs.

And this saint son, among the four greatest saint sons, is the most popular and talented, and he has the most hope to become the mantle of Pill City.

But who knows, not long ago, the saint child cultivated by this elder unexpectedly fell outside the city of Alchemy, causing a sensation in the city of Alchemy.

A holy son unexpectedly fell, and all kinds of rumors and talks were heard for a while, and they all believed that the other party fell accidentally, but more people's guesses were murdered.

This incident caused a huge impact in Dandao City, but it was also surprisingly suppressed by the three deputy pavilions, and became a mystery. The elder who cultivated the son of Wencheng was also desperate. Precarious.

Elder Jiao was a disciple of that elder. Hearing such cold words from Saint Jinzhou, he was naturally furious, and the killing intent on his body was instantly condensed, sharp and cold. "Elder Jiao is going to do something against Wei?" Wei Jinzhou laughed, and was not afraid under the terrible pressure: "This is Dan Pavilion. Although Elder Jiao is an elder, Wei is also a son of Dan Pavilion. Elder Jiao did it innocently, aren't you afraid to give yourself a line of trouble? Hehehe, Wei

A certain advice to Elder Jiao, don't seek your own dead end! "

He sneered, his tone was disdainful, and he didn't put a Dange real power elder in his eyes.

"You are presumptuous."

Elder Jiao was furious, and the chill on his body was even worse. Obviously, he couldn't hold back his anger, but before he took action, the other elders who had spoken earlier started to speak out.

"Elder Jiao calmed down."

"Holy Son of Jinzhou is young and vigorous, so why bother with him."

"You have also heard that Saint Son was mutilated by others. Under his anger, his speech was normal. It is better to fight fire."

Under the persuasion of these elders, Elder Jiao naturally couldn't do any more, but he gave a cold snort, seeming to be extremely angry.

"Brother, are those the so-called three saints? You are really proud, but don't worry, brother, this time I came back to see Master, and I also brought a master, specially brought him to see Master, if it's Master It is bound to be very exciting to see him."

And a voice that made Nangong Li quite familiar also rang, seeming to be communicating with Elder Jiao.

"This voice?" Nangongli was taken aback.

"What are you guys doing in a daze? I won't take them all." Wei Jinzhou was too lazy to pay attention to Elder Jiao, and soon turned his attention back to Qin Chen, and said with a sneer.

Lu Xiuyuan saw that the elders in real power didn't stop talking, he suddenly had a count, and after a grin, he rushed forward again.

Boom boom boom!

The two sides fought again, and this time, Lu Xiuyuan and the others were even more unscrupulous, with a clear goal, to restrict the old man of Great Compassion and kill Qin Chen.

Seeing the pale old man with great compassion, Jin Zhou Shengzi's heart became more cheerful.

"It's over, it's over." The old man of Great Compassion sighed, his eyes rolled around, and he was already wondering how to run. Drag himself into the water. Zhao Ruhui's cultivation is low, unable to participate in the battle, but it does not prevent him from speaking. Seeing that several elders in real power did not intend to come forward, he suddenly said in a loud voice: "Several elders, junior Zhao Ruhui, the person who was hunted down was also a master alchemist. , Is also here for the assessment of the king of medicine, the key is this master

He was only about twenty years old, he was the pill of heaven, and he was also the first action of the holy son of Jinzhou. Master Qin was forced to fight back and invited several elders to learn from him. "

"what!"

"A Alchemy Master who is only about twenty years old? Come to test the Medicine King?"

"What are you kidding?"

"Zhao Ruhui, he should be the pharmacist who just broke through the Medicine King not long ago, doesn't he know what will happen to deceiving the elders?"

"Should you not speak indiscriminately? Then Zhao Ruhui is also the king of medicine, how can he not know the rules of Pill Pavilion, if what he said is true, a medicine king of about twenty years old, hiss..."

Several elders were moved and sucked in air-conditioning. For the sake of deputy pavilion master Kang, Jinzhou Shengzi would be fierce, but if he was going to kill a young medicine king, and he was still the first to shoot, then the meaning would be completely different.

[Chapter 1230: Quarrel](#)

Why was Dange established? It is not to protect the interests of the alchemist and form a huge alliance so that any warrior dare not take it lightly!

And because of this, the pharmacist now has the detached status.

But chasing down an alchemist in the alchemy pavilion, and he is still a young medicine king, how ridiculous is this?

If Deputy Pavilion Master Kang took the shot himself, naturally no one would dare to persuade him, but now it's just Jinzhou Shengzi Hu's pretending to hunt down the young alchemist here, and even the other party may be the King of Medicine. This immediately attracted Here comes the fluctuations.

Because the North Horizon Dan Pavilion's master's carelessness caused the forces in the North Horizon Dan Pavilion to be intricate and extremely chaotic, the elders who came to the assessment today are not actually from the same power.

There are a lot of fights between each other, otherwise they would not pretend to dissuade Elder Jiao.

Let's not mention that Jinzhou Shengzi has violated the rules of the Pill Pavilion by chasing and killing the Alchemist in the Pill Pavilion. More importantly, if what Zhao Ruhui said is true, they can draw this genius Pill Alchemist into their own line. , Will definitely add a lot of color to one's veins.

Of course, the premise is that what Zhao Ruhui said is true.

However, even if it's not true, they can't sit back and watch the matter of Saint Jinzhou's chasing and killing an alchemist in the Dan Pavilion. Once this matter is introduced to the Wuyu Dan Pavilion, it will inevitably create a huge reputation for the Northern Heaven Region Dan Pavilion. Affected and even severely punished by Dange headquarters.

After all, a saint child can openly chase and kill another alchemist in the alchemy pavilion, so how can all alchemists in the alchemy pavilion feel safe?

If you can chase and kill others today, will you be able to chase and kill me tomorrow?

At this point, the few real-power elders who had been silent suddenly once again stirred up a terrible aura and pressure, apparently preparing to stop the hands of the Jinzhou Saint Child.

But before they could speak, they heard an exclamation suddenly sounded, bang, and a figure suddenly rushed out from the examination room. After seeing the two sides of the battle, the figure suddenly looked shocked and exclaimed: "Little dust, it really is you."

The figure is Zhuo Qingfeng. He was the one who conducted the Yaowang assessment inside. He also heard the fight outside, but because he didn't know who the opponents were, he didn't take it to heart. But he just heard Zhao Ruhui say that Dan is only about 20 years old. Dao genius, and after his surname Qin, something bad suddenly appeared in my heart, anxious

Busy rushed out.

Sure enough, he discovered that the person who was chasing by the Saint Jinzhou Son turned out to be Shao Chen.

"Junior Brother, who is he?" After Zhuo Qingfeng exclaimed, a heroic figure fell beside him. It was a middle-aged man with a ruddy face. This man was full of blood. He looked at Zhuo Qingfeng and asked in confusion: "Do you know that boy? "

But it was Elder Jiao!

"Brother, do it quickly, this person is the Alchemy Master whom I said before and I want to introduce to Master-Shao Chen!" Zhuo Qingfeng said anxiously.

"what?"

The ruddy man Jiao Elder's expression changed. He looked at the water-like Qin Chen under the attack of Emperor Wu, and his heart was extremely shocked. Is this too young?

I was shocked in my heart, but my hands kept moving, and my body shook suddenly and penetrated into both sides.

Suddenly, there was a terrible vibe, and Lu Xiuyuan was stunned, and this elder Jiang was also a mid-term martial emperor.

"Bold!" Wei Jinzhou was furious, with a chill in his eyes: "Jiao Jialiang, you dare to stop the person that this saint son is going to kill, don't you be afraid that I will report to the master and kick you out of the Dan Pavilion?"

Qin Chen strode out, and after a fight, he looked embarrassed, but he was not injured at all, but his face was full of anger.

He has seen a lot of dandy children, alchemy geniuses, but arrogant to this level, Wei Jinzhou should be the only one. This is because he is a holy son, and the master is the deputy chief of the alchemy pavilion. Dan Ge's rules are in the eyes, it can be said to be crazy to a certain extent.

Zhuo Qingfeng also charged up at this moment: "Little dust, are you okay?"

"It's just an ant, do you think I will have something to do?" Qin Chen smiled, patted Zhuo Qingfeng on the shoulder and said, "You passed the assessment of Medicine King? Congratulations!"

Zhuo Qingfeng breathed a sigh of relief. After seeing Qin Chen's body unharmed, he completely relieved himself and said speechlessly: "Little dust, don't make fun of me. It's not your guidance."

At this moment, several other elders with real power also appeared here, and they were all stunned when they saw this scene.

Previously, Zhuo Qingfeng was in the examination and refined a seventh-rank meditation pill. Although they hadn't announced the result, Zhuo Qingfeng was actually a veritable medicine king, but he hadn't gone through the process yet.

But now such a Medicine King is praised by the young man like a junior, and Zhuo Qingfeng is not embarrassed at all, who is this young man?

Jiao Jialiang ignored this, but said coldly to Wei Jinzhou: "Wei Jinzhou, Dan Pavilion is not your presumptuous place, go away!"

"Jiao Jialiang, you are so courageous, you dare to speak to Deputy Pavilion Master Kang's lover, the saint son of Dandao City, do you still have the slightest etiquette?" A cold voice sounded, and at the same time a glance The old man of the eagle bird appeared beside Wei Jinzhou. "Hope elder, you are just right. Just now, this son acted on the disciple. Elder Jiao even bullied others. This son has reason to suspect that the other party was deliberately arranged to deal with this son. Here is the sub-attack and beheaded, and I also ask the elders to take a severe punishment." Wei Jinzhou

I was overjoyed when I saw someone coming.

The visitor was the right arm of his master Kang Kang, and now one of the top elders in the Dan Pavilion.

This person is the true boss of the Northern Heavenly Pill Pavilion, the medicine king in the middle of the seventh stage, and the martial emperor master at the peak of the middle stage.

Everyone's brows jumped wildly, all of them were guilty, and even the few real power elders who wanted to come out to win over Qin Chen were silent.

They all can see that Qin Chen and the elder Jiao seem to have a connection. Now it is not just a battle between the son of Jinzhou and Qin Chen, but has become the elder Jiao's line and the deputy pavilion master Kang. They couldn't rush to intervene in the battle of the same line before they knew the clues.

"Hehe, Saint Dange, the only thing he can do is not small." Qin Chen sneered.

"Shen Zi Jinzhou? Don't put gold on your face. The dust will kill you. A finger is enough. Why is it necessary to attack?" Zhuo Qingfeng also sneered. "Where's the guy, is there a place for you to speak?" Elder Wang's face sank, booming, and a terrifying aura filled Xiang Zhuo Qingfeng instantly.
