

Valkyrie 1241

[Chapter 1241: Less than 50%](#)

"let's go."

Qin Chen and the others were too lazy to stay. A group of people also left the square. Before leaving, Qin Chen glanced at Wei Jinzhou with disdain, and the contempt in his eyes made him almost vomit blood.

"Damn, don't kill this son, this saint son swears not to be a man." Wei Jinzhou gritted his teeth and roared with a hideous face.

"Jin Zhou, settle down." Wang Yongsheng's face was pale, "It's not the time to consider revenge. I didn't expect that Xuan Yi's servant could find such a helper. Go, and immediately follow me to see Pavilion Master Kang. We will have to make long-term discussions."

Wang Yongsheng knew very well that now that the matter had reached the pavilion master, it was not a matter of casually killing the other party. How to deal with Qin Chen requires careful planning, and must not be arrogant.

As soon as Wang Yongsheng and others left, many spectators on the field lost their interest and left one after another amidst the noise.

Above the Dan Pavilion, a man and a woman, two young and middle-aged people in their thirties are standing on the platform outside the Dan Pavilion, staring at the square not far away.

The two dressed in plain and simple clothes, but the aura that exudes from them gives people an extraordinary feeling.

"Interesting, it's really interesting. I didn't expect Wei Jinzhou to plant such a big somersault this time." The man said with a smile, his face elegant, like a scholar.

"Wei Jinzhou has always been arrogant, and it is reasonable to plant such a somersault." The woman sneered, her voice far away.

"With Wei Jinzhou's temperament, things probably won't end this way, that kid actually wants to be the saint son of our Dan Pavilion, hehe, what a big tone, do you really think the saint son is so good?" The man sneered, his eyes revealed Disdain.

"Don't be careless, that kid has two brushes. Can you guarantee that you can refine the Qinghong Pill just now?" The woman had a solemn face.

The man's face also sank, but soon he chuckled again: "Let Wei Jinzhou play with him first. It's best if the two of you make a lose-lose situation. You and I can take advantage of you."

"I'm not going to be with you." The woman sneered, "You Huaqing, this time the name of the Holy Child of Alchemy City will only be mine Xi Aoling in the end. I advise you to give up early, otherwise, I am afraid of you. It's ugly to lose."

"Really? Then I am looking forward to it."

The man sneered and didn't care about it, his eyes showed endless fighting spirit.

After Qin Chen returned to the Dan Pavilion, Zhuo Qingfeng immediately introduced Jiao Jialiang to Qin Chen.

"Thank you Elder Jiao for helping me earlier." Qin Chen arched his hands.

"Where, where, Master Qin is going to break the evil old man." Elder Jiao hurried forward. Although he is the real power elder of the Pill Pavilion, he dare not let a genius medicine king like Qin Chen salute. System, almost frightened him.

"Don't stand up, everyone, sit, sit and talk." Elder Jiao took everyone to his living room. As the elder of Dange Shiquan, it is normal for him to have a living room in Dange.

Elder Jiao dared to finish speaking, the old man of Great Compassion rushed out with a swish, ran to a chair, wiped it desperately with his sleeve, and said flatly to Qin Chen: "Come, come, Master Qin, you sit down."

He wiped the chair fiercely, as if there was something dirty on it. Elder Jiao had a black face when he saw it, and he said to his heart that he knew how dirty the chair in the living room was?

After Qin Chen sat down, Elder Jiao immediately ordered his entourage to make tea again. The old man in Great Compassion swished again and took the tea from the other party. While bringing it carefully to Qin Chen, he opened the tea lid and blew the tea vigorously. I'm afraid that the tea will be hot to Qin Chen.

Zhuo Qingfeng was speechless, wondering: "Little dust, who is this?"

The old man grinned, his mouth full of yellow teeth, and he said with a grin: "Everyone, I am sad, I am Master Qin's new entourage, please take care of me in the future."

"Are you an old man of Great Compassion?" Elder Jiao was shocked. The old man of Great Compassion was a well-known casual practitioner in the North Tianyu. Although he was both the Emperor of Martial Arts, the strength of the opponent must definitely be higher than that of the elder of his Dan Pavilion.

I just heard that this guy has always been alone, when did he become this boy's entourage?

Zhuo Qingfeng was also fainted from the side, but soon recovered.

Shao Chen is too awesome. After only coming to Dan Dao City for a while, he has already accepted an entourage, and he is a master no matter how you look at it. Shao Chen is Shao Chen, cow!

The old man smiled and continued to blow the tea vigorously, and then cautiously brought it to Qin Chen, and said, "Master Qin, come, drink tea, be careful to burn it."

Qin Chen's face is full of black lines, he is still afraid of hot tea?

"Quickly find a place to sit down, shameful."

The old man of Great Compassion smiled and put the tea on the coffee table beside Qin Chen. Qin Chen stared, "Take it away. You have been blowing it for a long time, and the saliva has been blown in for a long time. How can I drink it? Use it to quench your thirst."

Someone immediately poured a new cup of tea for Qin Chen, and everyone drank the tea.

Qin Chen took a sip and said carefully, "The big green robe of Jiuyou Mountain, ten years old, high-quality tea, it should be picked before the rain in March."

The old man was taken aback for a moment, then took a few sips, smacked his lips, and said suspiciously, "Really? Can this be tasted too?"

"Haha!" Qin Chen smiled nonchalantly, and stared at once: "Do you dare to doubt what I said, do you look like a follower?"

The old man's face changed suddenly, showing an expression of admiration: "Master Qin, you can tell the year and the date of picking this tea. You are a master of tea ceremony, my idol!"

With an intoxicated expression.

Everyone fainted, this old man was simply too shameless.

Qin Chen was also speechless, thinking it was a mistake to accept such a guy, this guy is simply a weird thing.

Everyone chatted a few more words, and then entered the subject.

"Elder Jiao, Young Chen applied to become a saint son, how confident do you think?" Zhuo Qingfeng asked.

Jiao Jialiang frowned: "I'm a little sure, it's hard to say at the moment, but I guess it should not exceed 50%."

"So low?" Zhuo Qingfeng was shocked.

Qin Chen frowned.

With the talent he showed, there is only a 50% chance that he wants to become a holy son? Is this Dandao City the Tiger Den of Longtan?

Jiao Jialiang smiled bitterly and said: "Holy son, it is not so easy to be a master. Promoting to Medicine King is just the most basic requirement to become a holy son. In fact, the so-called holy son is talent on the surface, but secretly it is a few branches of Dan Pavilion. Do your best to compete with each other."

Jiao Jialiang sighed quietly: "Our Dandao City looks very peaceful on the surface, but undercurrents are actually surging. The danger in this is beyond imagination." The expression of Elder Jiao suddenly became very serious.

[Chapter 1242: Internal selection](#)

"Oh?" Qin Chen smiled slightly: "Elder Jiao, I would like to hear the details." "Let's say so." Elder Jiao knew the relationship between Qin Chen and Zhuo Qingfeng, and he had a good relationship with each other, and explained: "At present, we are in North Tianyu. Pill Pavilion is actually divided into five powers, the first of which is naturally Lord Pavilion Lord, but Lord Pavilion Lord has never been involved in matters of the world, so he rarely participates in matters of Dan Pavilion."

The remaining four forces are the three deputy pavilion masters and Master Xuanyi Medicine King. "

"Although the pavilion master does not ask about world affairs, he must be approved by the patron master for such a major event as the saint son. In other words, the first problem for Master Qin to become a saint son is the consent of the pavilion master. . "

Qin Chen nodded. The Saint Child is related to the future of Alchemy City. Naturally, it cannot be easily registered. It must be approved by the pavilion master, which is not an accident.

And since Qin Chen proposed that he was quite a holy son, he would naturally find a way to get the other party to agree. This is the reason why he directly refined the Azure Rainbow Pill before, otherwise, the certified Medicine King would only need to successfully refine the King Grade Pill. Why should he bother so much.

"This is just one of them. In addition, if you want to become a Saint Child, you also need to be selected by a certain line of power in the Dan Pavilion." Elder Jiao said again.

Qin Chen frowned and looked puzzled: "It must be selected by Dan Pavilion?"

"Yes." Elder Jiao nodded, "The so-called Saint Son is actually the future heir of the Dan Pavilion, and it is impossible to be the heir of the Dan Pavilion without the support of a certain force within the Dan Pavilion."

"The Dan Pavilion used to have four saints. In fact, they were selected by the three deputy pavilions and Master Xuan Yi Yao Wang. On the surface, they were elected by many elders of the Dan Pavilion. In fact, they were supported by the four major forces of the Dan Pavilion. The spokesperson."

"And if you want to become a holy son, you must get the recommendation of one of them. The three deputy pavilion masters are impossible, because they have already elected a holy son. Only my master Xuan Yi Yao Wang elected Saint son, fell unexpectedly, and there are recommended places."

Zhuo Qingfeng suddenly said in surprise: "Isn't this right? The son he selected by Master has unexpectedly fallen, just in time for Master to recommend Shao Chen."

Elder Jiao smiled bitterly: "Junior Brother Zhuo, I am afraid you don't know yet. Because of this, you want Master to recommend Master Qin. On the contrary, it is even more impossible than the first requirement."

"Why is this?" Zhuo Qingfeng was dumbfounded, unable to understand.

Qin Chen also looked puzzled. Elder Jiao explained: "Master Qin, you should also know that Shizun Xuan Yi Yao Wang was actually one of the deputy chiefs of the Dan Pavilion in his early years, but he offended people because of Zhuo Qingfeng. Master Shizun himself was impeached in order to protect Zhuo Qingfeng. , Retired from the deputy chief of the pavilion, and then became a member of the Dan Pavilion.

The name Taishang elder, said to be the Taishang elder, actually does not have much real power. "Qin Chen nodded. He also served as the honorary elder of the Dan Pavilion in his previous life. Naturally, he knew that the Supreme Elder of the Dan Pavilion was similar to the Supreme Elders of some sects. In

fact, it was just an honorary post, and generally enshrined some Dan Pavilion. Yao Wang who made important contributions. But in fact, he did not participate in Dan Ge's

Any business, in terms of power, is not even as good as a real power elder.

Elder Jiao continued: "The master is not concerned about the positions of deputy pavilion master and Taishang elder. His dream is to be able to study the art of refining medicine and break through the realm of medicine king in the future, become a medicine king, and enter the vastness. Wuyu's martial arts learn more profound medicine refining techniques." "Unfortunately, the tree wants to be quiet but the wind keeps on." Elder Jiao sighed and smiled bitterly: "In the Pill Pavilion, there is fierce competition and intrigue between each other, Lord Master. It is the decentralization of the martial arts domain, and he wants to become the emperor of medicine, so he basically ignores the pill pavilion, even if he cannot become the emperor of medicine in the future,

In a few more years, when the time limit is reached, I am afraid that he will return to the Martial Domain. Then the next pavilion master of the Dandao City will naturally be the most fierce competition among the major branches of the Dan pavilion. "Master, he did not intend to get involved in this kind of competition, but because he was the deputy head of the pavilion in his early years, although he became the supreme elder and did not manage the actual affairs of the Dan Pavilion, many of his subordinates also held positions of power in the Dan Pavilion. Of friends and disciples, naturally met with the suspicion and

Suppress. "

"In fact, at that time, Master was relegated to the Supreme Elder, and it was also the so-called three deputy pavilion masters. The purpose was to clear the obstacle of Master. After all, Master was the most prestigious among the four major deputy pavilions. One, it is even rumored to be expected to inherit the position of the current pavilion master." "Where do they know that the master does not actually have the intention to fight for the position of the pavilion master, but the three deputy pavilion masters such as Kang Youming naturally do not think so, even if it is the master. After being reprimanded as the Supreme Elder, he still unscrupulously suppressed him, and even tried to completely remove the forces under Master's command.

Dan Ge crowded out. "

"Although the master doesn't mind the position, he can't just watch me being suppressed by the three deputy cabinet masters, so I can only participate in the competition, and even cultivated Shengzi Lu Wencheng and the other three saints. Compete together."

"But who knows that Saint Lu Wencheng was accidentally accidentally happened during a recent trip. Junior Brother Lu is Master's favorite disciple and the only closed disciple accepted by Master Zhuo after you. What do you think of Master's mood?"

Zhuo Qingfeng was silent, the most beloved disciple suffered a tragic accident, which was a huge blow to anyone.

"How did Junior Brother Lu have an accident?" Zhuo Qingfeng immediately frowned again.

The dignified pill city saint child would unexpectedly suffer an accident when he went out to practice. This spread out was unbelievable.

How can there be no expert protection around a genius like this?

Elder Jiao said with solemn eyes: "In fact, Master, he suspects that Junior Brother Lu did not fall accidentally, but was assassinated by others."

what?

Everyone was shocked, Lu Wencheng was assassinated, and couldn't help but said: "How is this possible? Who is so bold and daring to assassinate the Holy Son of Dandao City? Is there evidence?"

"It is precisely because there is no evidence that Master did not openly expose it." Elder Jiao shook his head, "So I want Master to agree to recommend Master Qin, I am afraid he may not agree, because he does not want to let other people take risks, and... .."

Having said this, Elder Jiao glanced at Zhuo Qingfeng with a weird expression. He looked at Zhuo Qingfeng inexplicably and did not know what to do. Elder Jiao said: "In fact, the death of Saint Lu Wencheng seems to have something to do with your Zhuo family."

Zhuo Qingfeng was shocked: "The death of Saint Lu Wencheng has something to do with my Zhuo family, Brother Jiao, what is going on?" Elder Jiao sighed: "The reason why Saint Lu Wencheng went out to practice is actually because of you. The elder Zhuo Tiantong of the Zhuo family informed the Saint Son of a piece of news. The Saint Son had left the Alchemy City. If it weren't for your Zhuo family's news, the Saint Son would not leave. Do you understand what I mean?"

[Chapter 1243: Forber](#)

Is there such a thing?

Zhuo Qingfeng was completely shocked. In this way, the death of Lu Wencheng's son was really inseparable from his Zhuo family.

Although it was not the death of Lu Wencheng Shengzi caused by his Zhuo family, the causality in it still exists. "Brother, you took me to see Master. Although there are some misunderstandings here, I believe that as long as Master sees Chen Shao, he will definitely agree to his request. With Chen Shao's talent, he will win the status of Saint Son by then. , Surely easy, in this way, there will be a lot of benefits for Master himself.

Zhuo Qingfeng said. "Why don't you understand, Junior Brother Zhuo?" "Elder Jiao smiled bitterly, "I believe Master Qin's talent, but if you think about it, Master Lu Wencheng, Master's most beloved disciple, just died, and because of the news of your Zhuo family, you let the teacher again. Respectfully recommend Master Qin as the son, you let the teacher

What do you think? "

Zhuo Qingfeng looked stunned: "What do you think?"

"Master Qin, is there a problem with your friend's head? I don't understand this?" The old man couldn't help but said, "What else can I think? It must be suspected that the death of Saint Lu Wencheng and you Zhuo Family has something to do."

"This is absolutely impossible." Zhuo Qingfeng shook his head abruptly.

Although the death of Shengzi Lu Wencheng was due to a piece of news from his Zhuo family, it does not mean that his Zhuo family deliberately framed Senior Brother Lu Wencheng. These two concepts are basically two concepts. "Hey, whether it's possible, it's up to you. People Xuanyi Medicine King is angry, and he doesn't care if you Zhuo Family framed Lu Wencheng Shengzi or not. Just your actions will naturally make him jealous. "The old man cocked Erlang's legs and said, "Maybe he will doubt it then.

The death of Lu Wencheng is also related to Master Qin. "

"What's the connection?" Zhuo Qingfeng wondered.

"Of course, Master Qin deliberately framed Lu Wencheng in order to become a holy son, and got a recommendation, otherwise there would be any connection." The old man said hehe.

"Shut up, and drink your tea." Qin Chen glared at the old man, and the old man in Great Compassion stopped talking. He poured tea on the side, but he was muttering: "I'm telling the truth. "

And Elder Jiao didn't say anything, obviously tacitly acquiescing in the meaning of the old man of great compassion.

"I understand." Qin Chen smiled slightly: "I want to be a Saint Child. There are two problems. The first requires the consent of the pavilion owner, and the second requires the recommendation of Xuan Yi Yao Wang? Isn't it?" Elder Jiao saw Qin Chen His complexion remained unchanged, and his heart also admired Qin Chen's tolerance, saying: "In addition, there is a third problem, that is, the three deputy pavilions will not sit back and watch such things happen. Even if the master agrees to recommend them, they There will definitely be barriers. As for what barriers, there is no

It's easy to say, but the status of the three deputy cabinet chiefs is not difficult to set up any obstacles. "

"Okay, then count as three problems. If so, then we will solve them one by one. First, let us solve the recommendation of the second Sylphy Medicine King. Please also ask Elder Jiao to say hello to me like Sylphy Medicine King, and make an appointment for a time. How about the last time we both met?" Qin Chen said with a smile.

"This..." Elder Jiao was stunned, and he understood so clearly that Master Qin even dared to see Master. Isn't he afraid that Master would doubt him? As if he understood Elder Jiao's thoughts, Qin Chen smiled slightly: "I know what Elder Jiao is worried about, but since Elder Jiao dared to speak to Ben Shao so frankly, he obviously doesn't believe that this Young Master is the kind of saint son. The person who deliberately framed Lu Wencheng Shengzi, if so, what else does Elder Jiao have

Are you worried? "

This.....

I have to say that Qin Chen's temperament is too unusual. In his words, he gives people a strong confidence, and Elder Jiao can't help being infected, as if he will become a holy son.

"In that case, all right."

In the end, Elder Jiao hesitated, and still agreed to Qin Chen's request.

The two sides talked for a while before they left.

"Little dust, why don't we go to see the master now? Have another appointment?" Out of the altar, Zhuo Qingfeng stepped forward and asked.

After finally returning to Pill Pavilion, he couldn't wait to see Master.

"No hurry, haven't you heard what Elder Jiao said? Your Zhuo family and the death of Saint Lu Wencheng seem to have some connection. We first came to Dandao City. We will find your family before we talk. By the way, we will also find out, Lu Wencheng How much does the death of Saint Son have to do with your Zhuo Family?" Qin Chen squinted.

The things inside are very strange. The dignified son will not die for no reason. There must be many problems in it.

After leaving the Dan Pavilion, Qin Chen and Zhuo Qingfeng went straight to the Zhuo family mansion, and the two of them also learned the new address of the Zhuo family from the mouth of the elder Jiao.

Zhuo's new mansion is located in the northwest of the outer city of Dandao City. It is an extremely remote place in the entire Dandao City. It is basically a place where ordinary families live. Seeing that his family moved the new mansion here, Zhuo Qingfeng was very happy. Slightly sour.

How have the relatives in the family lived in the past few decades when I was away?

In front of a more ordinary mansion.

咚咚咚.

Qin Chen and the others came to the door and knocked on the door after seeing the number plate clearly.

"Squeak!"

The door opened, and an old man dressed in shabby clothes opened the door and looked up and down Zhuo Qingfeng and the others. After seeing the robes and aura of several people, he hurriedly lowered his head, showing a cautious look, and said: "Who are you looking for? "

"Fu Bo!" Zhuo Qingfeng said excitedly when he saw the old man.

"you are....."

The old man suddenly raised his head, his dizzy old eyes staring at Zhuo Qingfeng, and his wrinkled face suddenly showed a surprise: "Master Qingfeng, you are Master Qingfeng."

He was very excited, his weak body was trembling, and his hands held Zhuo Qingfeng's arms excitedly.

"It's me, Fu Bo is me."

"Master Qingfeng, why are you back? Back then, you weren't..." Fubo said tremblingly, with excitement on his face, tears in his old eyes instantly.

"I'm back, Uncle Fu, I'm back, where's my father? Uncle them?" Zhuo Qingfeng said excitedly.

He was only about 20 years old the year he left, and now he is back in his 60s or 70s. He has not seen his relatives for decades. Who can understand that feeling?

As for Fu Bo, who was the steward of Zhuo Mansion back then, he did not expect that he would still be here decades later, just faintly old.

Fortunately, everyone in Tianwu Continent is practicing martial arts. As long as a normal martial artist is above Wuzong, it is relatively easy to live a hundred years old, while a martial king like Zhuo Qingfeng is no problem at two hundred years old. He is a young man in his sixties or seventies. . "Your father and them all went to the Dan City store. Recently, there has been a lot of things in the store." Fubo said excitedly, his hands still shaking at this time: "Come, come, master, come in and sit down."

[Chapter 1244: Zhuoshi Danlou](#)

The old man welcomed a group of people into the mansion.

The whole mansion is very simple, without any luxury, but at least it is clean and the area is good.

For ordinary people, having such a mansion in Dandao City is already the hope of their lives.

But for the Zhuo family, a small family in Alchemy City, and even for cultivating genius alchemists like Zhuo Qingfeng, such a family background can be said to have fallen very badly. All of this is because Zhuo Qingfeng inadvertently offended Misty Palace and the others back then. The other party is not even a big man, but when Misty Palace comes down, the entire Dandao City is like a great enemy, Zhuo Qingfeng's master Dan. The deputy chief of the pavilion, Xuan Yi Yao Wang, was directly demoted, and Zhuo Qingfeng

It is also the most remote place of the hundred dynasties in the northern sky.

As for the Zhuo family, it was from a small family that broke down into what it is today. It has to be said that the cold world has made Zhuo Qingfeng's nose sore and his eyes flushed.

"Father, which store are they in Dan City? I'm going to find them now!" Zhuo Qingfeng took a deep breath.

Seeing the situation at home, he couldn't wait to see his parents and relatives.

"Master Qingfeng, where else can it be? Our Zhuo family currently has only one store left in Dan City, the one uploaded by the ancestor. You used to go to it when you were young." Fu Bo smiled.

"I know the one uploaded by Ancestor." Zhuo Qingfeng nodded and said to Qin Chen: "Little Chen, you stay here for a while. I'll go to the store first, and I'll be back soon."

"Don't be so troublesome, let's go together."

Qin Chen also wanted to know how the Zhuo family's business was now. According to the truth, the Zhuo family still had a shop in Dan City, so it shouldn't be too bad.

Everyone moved forward and soon came to Dan City.

Dan City is a large market established in the city by Dan Dao City. Here, there are countless casual practitioners and pharmacists conducting transactions.

In Alchemy City, not all alchemists are qualified to join the alchemy pavilion. Although many alchemists are able to verify their strength in the alchemy pavilion, they cannot serve in the alchemy pavilion because of the limitations of their strength and talent. Medicine and elixir, constantly hone your elixir skills.

Such people occupy the mainstream of Pill City, and even in Pill City, 90% of alchemists are casual cultivators.

In addition, due to the large number of alchemists in Alchemy City, countless casual cultivators gathered in Alchemy City. In order to obtain the resources of Alchemy City, some of these casual cultivators even stationed here all year round.

The old man of Great Compassion is one of many casual cultivators, and this force also occupies the mainstream of Dandao City.

After Zhuo Qingfeng brought Qin Chen and the others to Dan City, he walked all the way towards Dan City. Like other commercial centers in the city, the more shops inside, the more prosperous naturally.

This made Qin Chen even more surprised. If the Zhuo family could have a store in Dan City, how could it be so miserable? This is a bit unbelievable.

He is sure that even if he doesn't do business, just rent out the shops here, he will probably get a large amount of rent every year, right? How could the old house be mortgaged?

"Less dust, that's it here."

After walking for another half an hour in Dan City, Zhuo Qingfeng finally stopped at the door of a shop.

I saw that the shop area is not small, it has three floors, at least a thousand square meters, and it is in the golden area of Dan City, where people come and go, and it is extremely prosperous.

Above the shop, a plaque was hung with four words: "Zhuo Shi Danlou"!

It's quite atmospheric.

It's just weird that the other Danlou nearby are full of people and extremely prosperous, but at the entrance of Zhuoshi Danlou, there are no people, and it looks extremely deserted.

This made Qin Chen and the others frowned.

At the moment, in the Danlou, several elderly people who looked rather old were sitting in the shop, beside them, there were some middle-aged men looking at the shop anxiously.

"Since the last incident, our Danlou business has become more and more difficult to do." An old man sighed and said, looking closely, Meiyu and Zhuo Qingfeng are very similar.

"Yes, if you want to operate a Danlou in Dandao City, you must have a good source of goods. Now our relationship with Dange has plummeted, and there is no good source of goods at all, but there is no good source of external things, even if there is. , Was also monopolized by those big families."

"What a few big families, they are not the dogs raised by the powerful elders in the Dan Pavilion." An old man said angrily.

"Second brother, let's just say a few words, isn't our Zhuo family still miserable now? If those people hear about it, our Zhuo family would be even more dangerous." "Patriarch, in my opinion, or we should look for it. Master Sylphy Medicine King, at any rate, Master Sylphy Medicine King..." an old man about sixty years old said, but he didn't speak, but was interrupted instantly by the old man: "Tiantong, don't talk about it, what happened last time? It's not our Zhuo family, how could Lu Wencheng Shengzi

Wasn't it too much for our Zhuo family to harm Sylphy Medicine King? How do you let others think of our Zhuo Family? "Patriarch, how can this be our Zhuo family's fault?" Zhuo Tiantong said dissatisfied: "I missed the news at the time, but who knew that Saint Lu Wencheng actually passed. As for his murder, it was just an accident. What does it have to do with my Zhuo family, let alone these years, Xuan Yi Yao Wang is the Qingfeng brother

The master of Zhuo did not help our Zhuo family much. He is the Supreme Elder of the Pill Pavilion. As long as he speaks, will our Zhuo family still lack high-quality pill? I think Sylphy Medicine King is not a good person either. "Tiantong, shut up." "The old man's complexion changed suddenly, "You dare to say these things, and in order to keep the breeze, do you know how much risk he took? To draw a clear line with our Zhuo family is also to avoid getting into trouble, and at first he secretly gave a lot of help

What? It's my Zhuo family who is not up to date. I don't want to hear such words from you in the future.
"

The old man said angrily.

"Are several guest officials wanting to buy pills, please?" At this moment, a buddy saw Qin Chen and his party walking into the Danlou and immediately came up to greet them.

The old man and others who were sitting inside also hurriedly stood up, looking a little worried.

If the words just passed out, it would be a lot of trouble for their Zhuo Family.

"Several people, please come in quickly. I don't know what you want to buy. Although our Zhuoshi Danlou is small, we guarantee that the products are genuine at a reasonable price." Zhuo Muxian said enthusiastically.

Zhuo Qingfeng walked over and looked at Zhuo Muxian in front of him. His breathing was a little short. Zhuo Muxian also looked at Zhuo Qingfeng with a little doubt. Gradually his expression changed and he was a little excited: "You, you are..." This caused the other members of the Zhuo family to walk up.

[Chapter 1245: Zhuo's crisis](#)

"Father, it's me, Qingfeng!" Zhuo Qingfeng immediately choked.

After decades of absence, his once stalwart father has become extremely old and his beard and hair are gray.

"Qingfeng, is it really you?" Zhuo Muxian looked at Zhuo Qingfeng carefully, his expression a little excited.

"Are you Qingfeng?" Other members of the Zhuo Family also stepped forward excitedly.

"Really breeze."

"Brother Qingfeng Xian is back."

Everyone said excitedly, their faces all showing incredible colors.

Many middle-aged disciples of the younger generation are also surprised to see. Although they have not seen Zhuo Qingfeng, they have also heard of Zhuo Qingfeng's deeds and heard that they are the most talented alchemist in the Zhuo family for hundreds of years. It is a pity that the offended person was exiled from Dandao City.

I just heard that he couldn't return to Dandao City in his entire life, so why did he suddenly come back now?

Zhuo Muxian also returned to his senses immediately, and said nervously: "Qingfeng, why are you back? If other people who are interested learn the news, I'm afraid..."

Zhuo Muxian knew very well why his son left the Dandao City back then. Now the Zhuo family's status has become very embarrassing. Once others know that Zhuo Qingfeng hastily returned to the Dandao City, once the Dan Pavilion is furious, his Zhuo family It will inevitably suffer a catastrophe.

After all, the mistakes made by Zhuo Qingfeng back then caused his master Xuan Yi Yao Wang to suffer a serious crime.

"Father, I'm coming back this time. Actually..." Zhuo Qingfeng knew what his father was worried about. He was about to explain. With a bang, there was a roar outside the door of the Danlou, and the door was kicked open.

A group of people in Dan Pavilion were shocked, and a group of people turned their heads and looked over with dissatisfaction.

"Yeah, there are quite a lot of people in this shop today. It just so happened. I found it one by one." A group of people walked in outside the gate. The leader was a middle-aged man with cold eyes, and a group of people looked behind. Big guy who is not so easy to provoke.

Seeing this group of people, Zhuo Muxian's family couldn't help but their expressions changed.

"Huang Huan, what are you doing here?" A middle-aged man from the Zhuo family stepped forward with a trace of anger on his face.

"Shut up." Zhuo Muxian gave a low voice to the middle-aged man, then came to the other person nervously, and whispered: "Huang Guanshi, what wind is blowing you."

"What kind of wind? What kind of wind does Patriarch Zhuo think it will be?" said Huang Guanshi without a smile.

"Guan Shi Huang is joking, how do we know." Zhuo Muxian laughed with him.

"Haha, Patriarch Zhuo is really memorable, why, don't you take my Huang's words to heart?" Huang Guanshi looked at him coldly.

Zhuo Mu talked idly: "How is it possible."

The faces of the other Zhuo family members on the court were very ugly, but no one dared to speak. "Since Patriarch Zhuo pretends not to know, then I'll make it clear. The steward came this time to tell Pavilion Master Zhuo that you still have three days to consider the Zhuo Family!" He sneered at Zhuo Muxian: "Patriarch Zhuo should know my temper, if three days later, I still don't agree to my Huang's request, Zhuo

What will happen to the family, I won't bother me, right? "

"Guan Shi Huang, you leave here first, I have something to do with my Zhuo family today." Zhuo Muxian said hurriedly.

Zhuo Tiantong next to him took a step forward and pointed at Guanshi Huang angrily: "Huang Huan, don't go too far. My Zhuo family is also one of the aristocratic families in Dan Dao City anyway, and it's also related to Dan Pavilion, you..."

"Shit!" Huang Huan, the cold man, gave Zhuo Tiantong a cold look: "I didn't pay attention to my Huang family during the heyday of your Zhuo family. Don't mention your Zhuo family is now. As for the Dange relationship, hahaha, it's nothing more than Sylphy The relationship between the King of Medicine, right? Your Zhuo family hurt the King of Sylphyll so badly.

The Saint Lu Wencheng under Wang's subordinate was killed. The King Xuan Yi Yao, who lost the Saint Son, couldn't hang on in the pill pavilion sooner or later. What right does your Zhuo family have to be arrogant in front of me? "

"Three days..." The cold middle-aged Huang Huan stretched out three fingers to Zhuo Muxian, showing a cold smile: "Your Zhuo family should be thankful that there is still such an industry. Three days later, give me the Zhuo Family Danlou. Home, my Huang family can consider forgetting the past, otherwise, your Zhuo family will just wait to destroy the door!"

Huang Huan said proudly, with a sneer on his face, without paying attention to the Zhuo family.

The Zhuo family and others were all trembling with anger.

Zhuo Tiantong roared: "At the beginning, the news was told by your Huang family. Who knew it was a trap that killed Saint Lu Wencheng, but it was actually your Huang family." "Really? You should go to Xuan Yi with this. Say it, Medicine King." Huang Huan laughed smugly: "Do you think Sylphy Medicine King will believe you? What's more, even if it's the news from my Huang family, my Huang family and Lu Wenchengsheng Zi doesn't know him at all, but the other person is attracted by your Zhuo family

Blame for coming, and blame your Zhuo family. "Everyone of the Zhuo Family, listen up." "The cold middle-aged Huang Huan looked at everyone and smiled: "If you transfer this Zhuo Family Pill Building to our Huang Family in three days, your Zhuo Family can still survive!" Otherwise...I will send everyone of your Zhuo family to hell, and now the fate of your Zhuo family is in control

In your own hands, hahaha..."

Qin Chen stood by and watched this scene calmly. The old man with great compassion looked at Qin Chen: "Master Qin?"

"Don't worry, see what you are playing." Qin Chen said calmly, and the old man Da Bei nodded.

"Father, what is going on here?" Zhuo Qingfeng couldn't help but asked with cold eyes on the side.

"Nothing!" Zhuo Muxian shook his head, obviously not wanting Zhuo Qingfeng's identity to be exposed.

However, Zhuo Qingfeng's face grew more and more ashen. He could feel the panic in the hearts of the family, and Zhuo Qingfeng also heard from the other party's conversation that it seemed that the other party and Lu Wencheng's death were also related.

"What the **** is going on?" Zhuo Qingfeng took a step forward and looked at Huang Huan coldly. Does the other party dare to threaten his family like this and seek death.

Huang Huan looked over in surprise, and looked at Zhuo Qingfeng, "Oh? Who are you?"

"Qingfeng, come back." Zhuo Muxian's expression suddenly changed.

"Father, Dan Dao City is a place where there is a king's law. I want to see, who would dare to take my Zhuo family's property like this!" Zhuo Qingfeng snorted coldly.

"You are crazy, Patriarch Zhuo, when did you have such a son? Why don't I know? Where did it come from? Since it is a wild species, Patriarch Zhuo, you have to take care of the other's mouth, don't Misfortune comes from the mouth." The cold middle-aged smiled grimly.

"you wanna die!"

Zhuo Qingfeng was completely out of anger, and slapped the opponent directly.

"boom!"

Who knows that the middle-aged man's strength is also extraordinary, he instantly blocked Zhuo Qingfeng's attack, the palms of the two intertwined, and a terrible roar broke out instantly.

Pedal.

Zhuo Qingfeng took two steps backwards, qi and blood surged in his body, and the middle-aged man was not feeling well, his face was pale and his body was empty.

"Okay, Patriarch Zhuo, your members of the Zhuo family dare to do something to me. It seems that you don't give a lesson. Your Zhuo family still don't understand your situation. You smashed this Zhuo family danlou for me." Huang Huan roared in anger, waved angrily, and many warriors behind him suddenly rushed forward aggressively.

[Chapter 1246: Isn't this great](#)

"Swish swish!"

A group of burly men behind Huang Huan, the middle-aged man, all rushed forward with a grinning smile, and without hesitation, they began to beat and smash in Zhuo's Dan Tower.

Klang Klang!

Hearing all kinds of broken sounds, many counters in Zhuo's Dan Tower were smashed to pieces one after another, and many Dan Towers were scattered all over the ground.

"Stop it all!"

Everyone in the Zhuo family's eye sockets are all red, and each of them looks like crazy. These pills are the only ones left in their Zhuo family. If these pills are destroyed, then their Zhuo family's pill is real. They couldn't open anymore, one by one stepped forward to stop them like crazy.

"Hit, give me a hard hit, so you dare to stop it. Today, Huang Huan will see who dares to run wild in front of me." Huang Huan sneered on the side: "Fight together, Ma De, Toast and not eat fine wine!"

When several big guys heard this, they immediately shifted their targets and rushed towards Zhuo Muxian and the others with a grinning grin.

"You are too lawless." Zhuo Muxian roared and boomed, his body exploded with terrible aura, and a big man who was the leader stopped with a palm, who was a half-step martial emperor.

"Hahaha, Patriarch Zhuo, don't show your cultivation base." The big man sneered, booming, his aura was even worse, and the two on the side also exploded terrifying auras at the same time. They were all half-step Wuhuang cultivation bases. Not weaker than Zhuo Muxian.

The three people's breath shook wildly, and Zhuo Muxian flew out in an instant, his face was pale, and his resistance was lost. As for the other Zhuo family martial artists, let alone, under the suppression of this group of strong men, one by one had nothing. The power of resistance.

Huang Huan grinned and said: "Patriarch Zhuo, back then, your Zhuo family was still a bit famous in Alchemy City. It was only because of the relationship with King Sylphy Medicine King. Now that you have lost the protection of King Sylphy Medicine, your family Zhuo dare to jump in front of me. , Do not weigh their own weight."

Half-step Wuhuang in a place like the Land of the Hundred Dynasties is enough to sweep the land of the Hundred Dynasties and is the top powerhouse in the Land of the Hundred Dynasties, but in Alchemy City, he can only be regarded as a fairly good warrior, even Not even a master.

"Give it to me, there is nothing left. Anyway, after this Zhuo's Danlou returns to our Huang family, our Huang family will have to repair it." Huang Huan grinned.

Klang Klang!

Several burly men grinned and smashed crazy again.

"You beasts." Zhuo Mu was shaking with anger and spit out a mouthful of blood.

It wasn't that he was injured just now, but he was so angry that Zhuo Family's hard work was so damaged, and he suddenly became angry.

"Father?" Zhuo Qingfeng lost his voice in shock.

"Hahaha." Huang Huan laughed: "Don't shout, even if you break your throat, no one will come to rescue you."

"Slap!" "Slap!"

applause.

Everyone in the Danlou turned their heads and looked around, and Huang Huan and some of his men also looked puzzled. They saw Qin Chen clapping his hands and smiling at them.

"Oh, I deliberately waited for a long time, thinking that I would hear some inside information, or waiting for some awesome people, but I didn't expect to endure it for a long time, but it was these few things, disappointed, disappointed!"

The reason why Qin Chen didn't make the first move was because he wanted to know what happened to the death of Shengzi Lu Wencheng and what it had to do with the Zhuo Family and the Huang Family. He didn't expect to hear it for a long time, and he didn't hear why.

"What are you? Boy, do you know who I am? I don't like it very much. Someone pretends to be forceful in front of me." Huang Huan was condescending, looking down at Qin Chen, his eyes as cold as a poisonous snake.

Damn, he pretends to be a good one, and smashes the shop is also refreshing. Unexpectedly, there is someone who is better than him, and his heart is suddenly full of discomfort. Because Qin Chen's aura under normal circumstances, no one else can see how strong his cultivation is. In addition, Qin Chen's age is too young, so Huang Huan will naturally not take Qin Chen seriously. The Zhuo family is the biggest The backstage of Sylphy Medicine King is Sylphy Medicine King, and now Sylphy Medicine King itself is hard to protect.

What master, backstage?

"This kid is clapping his palms in front of me, second child, you go break his hands, pretend to be forceful in front of my Huang Huan, and don't ask me about Huang Huan's temper." Huang Huan snapped at a burly man beside me. .

"Yes!"

The burly man gave a grinning grin.

"stop."

Zhuo Mu yelled again and again, looking at Huang Huan, with a sad and angry expression, "My Zhuo family promised you to go ahead, don't hurt people anymore."

"Patriarch!"

"Big Brother!"

The Zhuo family all looked over and said in grief.

Zhuo Muxian sighed, his expression sad. Does he want to promise Huang Huan? No, he doesn't want to, but what if he doesn't agree? With the status of the Huang family, their current Zhuo family can't resist

it at all. What's more, the kid who came back with Qingfeng is obviously Qingfeng's friend. How can he let Qingfeng's friends be because of their Zhuo family's affairs?

Love hurt? Now Zhuo Muxian's most worried thing is that after Huang Huan knows Zhuo Qingfeng's identity, he sends the news of Qingfeng back to the Dan Pavilion. Then Qing Feng, the sinner, dares to violate Dan Pavilion's order and return to Dan Dao City. He found that he would be punished severely, how could he bear to see his son

Are you being abused like this?

Forget it, forget it, let the glory of the Zhuo family be nothing but nothing, Zhuo Muxian, the ancestors of the Zhuo family, I am sorry for the Zhuo family, if there is a chance to see all the ancestors in the underworld, I will give it to Zhuo Muxian. Please, everyone.

"Haha, isn't that great?" Huang Huan raised his eyebrows immediately and laughed: "Second, come back, my lord has a lot, please forgive..."

"Unexpectedly, there would still be this kind of trickery in Daocheng City."

There was a sneer.

Everyone in the room in Danlou turned their heads and looked at it. It was Qin Chen who was talking. Huang Huan's expression immediately became ugly, and his eyes instantly became savage and insidious: "Really looking for death!"

"Youth, don't intervene." Zhuo Muxian looked at Qin Chen anxiously. "His name is Huang Huan. He is the steward of the Huang Family in Dandao City, and he has a lot of power in Dandao City, and several elders in Dan Pavilion. There are also inextricable relationships..."

"Patriarch Zhuo, you are Qingfeng's father, should I call your uncle?"

Qin Chen smiled, and Zhuo Mu was taken aback.

"Don't worry, Zhuo Qingfeng is back today, and the Zhuo family's previous sufferings don't need to be eaten anymore. As for the Huang family, this young master will teach Zhuo Qingfeng a lesson first. Look at this Dandao City, there is no King Law. It's still not Dange's world."

After saying this, Qin Chen looked at Huang Huan with cold eyes: "You are limited to the Huang family within one hour, come to Zhuo's Danlou to apologize, otherwise, I will smash all the stores of your Huang family into a mess! "

"Hahaha, where the madman came from, I really don't know what to say!" Huang Huan's smiling nose almost came out. He was crazy enough, and he didn't expect to meet someone more crazy than him, afraid it was not an idiot.

[Chapter 1247: Whistleblowing](#)

After laughing, his eyes instantly turned gloomy, "You guys, give me his hands and discard them, no, both hands and feet are discarded, and then all the teeth in his mouth are broken, arrogant in front of me Huang Huan, I want him to be incapable of speaking in his life and become a cripple."

"Okay, Huang Guanshi, leave this to us!" A group of burly men grinned.

"Let me come first." One of the burly men took a step forward and looked at Qin Chen with disdain. He stretched out his right hand and moved towards Qin Chen. Om, Zhen Yuan turned into a **** hand, Qin Chen caught it.

Qin Chen sneered, lazy, but just flicked.

boom! The strong wind swept through, and a sharp sword aura rose into the sky. The **** hand was instantly shattered, and the sharp sword aura continued to explode, and instantly enveloped the burly man, puff puff, strong wind like a knife, naked eyes It can be seen that the burly man was instantly wiped out into nothingness by countless sword qi, bang

It broke apart with a burst and dissipated into blood mist.

When the strong wind passed, the burly man completely disappeared.

The audience was silent.

Although that burly man was not the top three half-step martial emperor, but he was also a master of the peak martial emperor level in the late stage of the seventh stage, and was actually broken by this young man.

This... monster, it must be a monster!

Zhuo Muxian and the others also looked stupid. Who is the boy who came back with Qingfeng, is this too abnormal?

Huang Huan's eyes were frightened, and an indescribable chill suddenly rose from the bottom of my heart, and roared: "You...you dare to kill people in Dan City, and you dare to kill my Huang family, you're done, you Do you know? And your Zhuo family, you are all going to die, none of you can live."

He said in anger, and then shouted at the other burly men: "What are you guys doing in a daze, take him down for me."

"Yes!"

Although the remaining burly men were a little frightened in their hearts, they didn't dare not to talk after the manager had spoken. They gritted their teeth and rushed towards Qin Chen.

Qin Chen picked up a chair casually, sat down, and then dissatisfied with the big compassionate old man on the side: "Old man, you are quite leisurely, are you watching the theater next to you? Do you have some bodyguard awareness?"

The old man's face was covered with black lines, and he slapped it out.

Several half-step martial artists may be masters in the eyes of others, but in his eyes, there is no desire to shoot at all.

Snap!

It was like swatting flies. The burly big Hans were immediately imprisoned in the boundary barrier he released. They couldn't move their bodies, and then they were shot to the ground instantly. There was a sound of fine bones cracking. How many bones were broken, lying on the ground vomiting blood, convulsing.

With a slap, four or five masters of the Huang family were seriously injured in an instant, and there was no more fighting power.

Zhuo Muxian and the others were completely dumbfounded. Who are these people brought back by Qingfeng, is this too strong? A few half-step martial emperors fell to the ground with a slap. Even the martial emperor in the early stage of the eighth stage couldn't do it, right?

And Huang Huan, who was still clamoring, was dumbfounded, his legs trembled, and he was astonished for an instant.

How could the Zhuo family have such a powerful person?

go!

A thought came to mind, Huang Huan turned around and ran away. He had to go back to the family to rescue the soldiers, otherwise he would be shot down instantly by himself.

"come back."

The old man of Great Compassion smiled, raised his hand and brought Huang Huan back, snapped, and fell to the ground.

"Master Qin, what do you think of my performance?" The old man Da Bei excitedly asked Qin Chen for credit.

Qin Chen glanced at the few big men and Huang Huan who were twitching on the ground, and said speechlessly: "How did you do it? How can I find someone to report to Huang's house like you?"

This.....

The smile on the old man's face freezes, shit, you didn't say that you need someone to report it.

"Who of you wants to go back to the Huang's house?" Qin Chen asked the convulsive man on the ground.

This group of people are all seriously injured, but their consciousness is still sober, trembling one by one, joking, if you nod your head at this time, isn't it looking for death?

"I can't find anyone who can report the letter. Did anyone volunteer?" Qin Chen was speechless.

"I!"

"I go!"

At this time, everyone yelled, and even Huang Huan was also talking, with a vicious look in his eyes, as long as I go back, you will look good.

"Forget it, stay as a hostage." Qin Chen ignored Huang Huan and said to the others: "Forget it, I'll pick one."

He lifted his hand, and suddenly a heavily injured burly man was sucked over, and a pill fell into his mouth. The burly man only felt a warm current flowing to his limbs, and the body that had been seriously injured had recovered a lot.

This is definitely a seventh-rank Wang Dan.

The big man was shocked, and then he fed him a pill of Wang Dan. Who is this kid?

"You go to the Huang family immediately and tell the head of the Huang family that your members of the Huang family smashed and smashed the Zhuo's Dan Tower indiscriminately, causing the Zhuo's Dan Tower to suffer heavy losses. Let him immediately pay for it with heavy money. As for the amount of compensation, Let's take a Wangpin pill with dozens or hundreds of pills, have you heard?"

Dozens or hundreds of Wangpin pills!

The Great Han was frightened immediately, even if the Huang family is related to Dan Pavilion, he can't just take it out casually.

"Did you hear me?"

"Yes, yes, the villain heard it."

But at this time, how dare he refute, just nodding his head again and again, anyway, this is what the Huang family wants to compensate, and it has nothing to do with him.

"Also, the pill that I took you just now is worth ten Wangpin pill. Can you still afford it?" Qin Chen said again.

"Ten Wangpin pills?" The big man was shocked. Even if he sold him, he couldn't afford it. He cried and said, "My lord, this..."

"Forget it, you don't need to pay it back, but it was you who was going to abolish my hands just now, right? Charge some interest first."

Qin Chen pointed out, slap, the man's arms exploded and turned into a rain of blood, "You don't need both hands to ventilate the letter. Let's go and tell Patriarch Huang, give him an hour, one When the hour doesn't come, the young master will go to Huang's house as a guest."

"Ah!" the man screamed, tears streaming out from the pain.

"No matter how ghostly you scream, your legs will be scrapped." Qin Chen's voice sank.

The man quickly stopped the scream and ran away.

Qin Chen once again set his gaze on the other members of the Huang Family, and when his gaze swept over, everyone was trembling, feeling that their heart was about to burst.

This is a murderous demon!

And if he dares to kill casually in Dan City, is he going to die?

When Qin Chen looked away, everyone breathed a long sigh of relief again.

Finally, Qin Chen looked at Huang Huan.

At this moment, Huang Huan's arrogance had long since disappeared. He just looked at Qin Chen in anger and resentment, and looked at the sad old man beside Qin Chen in horror.

The old man of Great Compassion could seriously wound his half-step Martial Emperor with a single palm. How could he be a Martial Emperor master, but in Alchemy City, how could Martial Emperor? Once the Huang family got the news from him, this group of people would wait to die. He Huang Huan must break them into pieces.

[Chapter 1248: Completely finished](#)

"Hehe, it seems you are still not convinced?"

Qin Chen chuckled.

Huang Huan's original eyes were full of resentment and anger, but he disappeared completely, only raising his whole body with cold hair erected, and his body felt cold.

He didn't say a word and wanted to protect his dignity, but his trembling body completely betrayed him.

"Elderly Great Compassion, throw all of them outside the Dan Building and lie down. People in this Dan City have to take a good look at what happened to the trouble in Zhuo's Dan Building." Qin Chen snorted coldly.

"That's right."

The old man of Great Compassion smiled, raised Huang Huan and others one after another, and threw them out.

Zhuo Muxian and the others had been stunned for a long time. When they saw this scene, their expressions suddenly changed and they hurriedly wanted to stop them, but before they had time to speak, Huang Huan and the others were already lying at the entrance of the Danlou and publicly appeared. .

"It's over, it's over."

Zhuo Muxian and the others were pale, their eyes filled with despair.

Once Huang Huan and the others were thrown out, they immediately attracted the attention of many visitors around.

"Huh, what's going on?"

"How do you throw a few people out of Zhuo's Dan Tower?"

"Damn, what's the matter with these guys? They're bloody, isn't it dead?"

"It's not a dead person, you see, the body is still moving."

The surrounding guests gathered around, and they were surprised.

It was the first time they saw such a strange scene in Dan City.

"Could these guys make trouble in Zhuo's Dan Tower and were bombed out?"

"No, I have also heard of this Zhuoshi Danlou. It is said that it was opened by a family in Pill Road City. It is a pity that this family has long since fallen, and the pills in it are all substandard, basically nothing. Business, who is going to make trouble here?"

"Yes, even if it is a disturbance, you should inform the Dan City guards. How dare the people in Zhuo's Dan Tower do it by themselves."

All kinds of discussions were endless, Huang Huan and others only felt that their old faces were flushed, and they bowed their heads in anger.

But the more they were like this, the more curious they were, and boldly came up directly and raised Huang Huan's face. At this sight, everyone was shocked.

Damn, isn't this Huang Huan from the Huang family in charge?

"Huang Huan is in charge, why are you doing this?"

"Who hurt you?"

"The Huang Family is a famous family in Alchemy City. Who dares to be so cruel to their stewardship?"

The crowd was stunned.

A warrior who knew Huang Huan suddenly wanted to come forward to help him.

"Huh, let me get away. This person was beaten in Zhuo's Danlou. Whoever dared to help him was against the old man. Everyone was only allowed to wait and see, and was not allowed to do anything. If you dare to be presumptuous, just lie down like Huang Huan. Here."

A cold snort sounded, but it was an old man with great compassion, and at the same time, the horrible aura was like a large mountain suppressing it, and suddenly the surrounding people backed away much horribly.

These people's hearts are hairy, one by one is shocked.

Huang Huan was really beaten up by someone in charge of affairs. Who is the other party, Zhuo family? But when did the Zhuo family have such a master?

They were surprised in their hearts, but no one dared to come forward. The other party didn't even give face to Huang Huan's manager of the Huang family, and directly beat them to death. If they dared to come forward, they would definitely lie here like Huang Huan.

So they all watched from a distance and talked a lot.

"you guys....."

In the Danlou, Zhuo Muxian looked at Qin Chen and the others, and wanted to say something, but he could only sigh and said anxiously: "You can't stay here anymore, go, let's go quickly."

"Patriarch Zhuo don't have to worry." Qin Chen said lightly: "Since this young master has taken action, he will naturally give you the Zhuo family to deal with it."

"You are really..."

Zhuo Muxian was speechless, his expression anxious, like an ant on a hot pot.

"Do you know what you did? This is the manager of the Huang family, and you dare to do it in Dan City, and even kill the Huang family's guards. Now it's completely over. If you don't run, even if the Huang family doesn't look for you Trouble, Dan City's security guards will also come."

Dan City is the place where Dan Dao City conducts pill trading. The law and order are naturally very strict. If you do things here at will, then who will come here to buy pill, so seeing that Qin Chen killed the Huang family, Zhuo family Waiting people are completely desperate in their hearts.

"Dan's guard?"

Qin Chen sneered, "Just now the Huang family fought here, smashing things in the Danlou, and didn't see the Dan City guards coming, why are the Huang Family being bullied? The Dan City guards are coming. ?"

The Zhuo family suddenly looked at Qin Chen speechlessly. The young man was strong, but his IQ seemed to be a bit problematic.

Is the Huang family hitting and smashing like you killing? What is the background of the Huang family? They dare to do things here, so naturally they are not afraid of Dan City's guards. Even if something goes wrong, as long as the Huang Family Patriarch informs the Dan Pavilion elders, they can still suppress it, but what about you? Do you know the elders of Dan Ge?

"You guys should run quickly. It's too late to run now, and it's too late in the next meeting." Zhuo Muxian didn't bother to explain, and said anxiously to Qin Chen and Zhuo Qingfeng: "Qingfeng, hurry up with this friend of yours. go away."

Zhuo Qingfeng snorted coldly: "Father, Chen Shao is right. Why can the Huang family be wild here? We can't kill people? If Dan City's guards come over, it's just fine. I also have to ask them carefully. How to maintain public order in Dan City."

He has now been promoted to become the King of Medicine. Chen Shao is also a King of Medicine. He was even appointed by Huang Funan as the elder of internal affairs. Dan City's guards dared to take them when they were crazy.

Zhuo Muxian patted his forehead, and it was over. Now even his son is stupid.

"Patriarch Zhuo, don't be anxious. Everyone finds a place to sit down and tells me, what is the reason for the death of Saint Lu Wencheng?" Qin Chen smiled, he wanted to know more, or The death of Lu Wencheng Shengzi.

The Zhuo family group were all speechless, it was time, and they were still considering this.

But when they saw that Qin Chen had no intention of leaving, they could only sigh helplessly in the end.

Forget it, anyway, the misfortune has been caused. With the power of the Huang family, even if Zhuo Qingfeng and the others are allowed to run first, where can they go? The probability of being caught is still very high.

What we can do for the present plan is to strive for reasons. After all, Huang Huan and the others will come first to smash them. I hope that Dan City's guards can agree with them, and it can only be so.

Thinking of this, a group of people also let go. The Zhuo Family has been miserable all these years. What could be worse than it is now. "The death of Shengzi Lu Wencheng is indeed related to my Zhuo family, but we suspect that it may be a conspiracy of the Huang family." Zhuo Muxian said coldly and told the story of the matter.

[Chapter 1249: foolish and naive](#)

It turned out that when Zhuo Qingfeng offended the people of Misty Palace, he was directly exiled to the land of a hundred dynasties, and after the King Xuan Yi Yao was involved, the status of Zhuo family in Dan Dao City plummeted.

And Zhuo Qingfeng's affairs not only caused him to be punished, but also caused the Beitianyu Dange to lose face in the entire Beitianyu. Many aristocratic families in Dandao City were naturally very dissatisfied with their Zhuo family.

In order to avoid suspicion, the Sylphy Medicine King couldn't help the Zhuo family on the bright side. As a result, the Zhuo family, who had lost the protection of the Sylphy Medicine King and was targeted by many forces in the North Tianyu, naturally kept falling.

In the beginning, the Zhuo family was able to obtain some medicines in the Pill Pavilion for sale, but gradually the Zhuo family's business was hit by various quarters, and later, it reached the point of difficulty.

In addition, many aristocratic families saw the decline of the Zhuo family and wanted to swallow the Zhuo family's property, so they set many traps. Even if the Zhuo family was careful, after being pitted several times, they suffered heavy damage.

In this regard, the Huang Family's attitude towards the Zhuo Family is quite good, and from time to time, they often give the Zhuo Family some help, which naturally makes the Zhuo Family grateful.

In addition, on the surface, Xuanyi Medicine King no longer helped Zhuo Family, but secretly, he still gave Zhuo Family a lot of help, making Zhuo Family's decline, but at least it can continue to mix in Dandao City.

The only thing that worries the Zhuo family is that the Sylphy Medicine King has been hit hard over the years, and when he was refining the medicine, his body was not as good as the day.

"What, Master, is he going to die?" Hearing this, Zhuo Qingfeng was taken aback and lost his voice.

Zhuo Muxian shook his head, sighed, and said: "It's not that it's really impossible, but because of going crazy, coupled with cultivating Lu Wencheng, it took too much energy and effort, resulting in the approaching life span, which may only be ten years at most. About the life span."

"Master!"

Zhuo Qingfeng choked. He knew that the reason why Master was like this was entirely because of him. When he was expelled, Master was in full bloom. It is not a problem to live for at least a hundred years. How could it be fifty? Years have passed, and the life span is approaching.

"Our Zhuo family also knows the seriousness of sins, so we have been inquiring about ways to extend the life of Sylphy Medicine King." Zhuo Muxian continued.

The Zhuo family was just a small family, and even the Sylphy Medicine King couldn't solve the problem, how could they solve the Zhuo family, so these years, they have not gained much.

But who knows that not long ago, they accidentally got the news of blood ganoderma from Huang's mouth.

"Blood Ganoderma?" Qin Chen was surprised and raised his brow.

"Yes, it is blood ganoderma. I heard that this is a kind of elixir that can enhance the vitality of the warrior's body and increase the lifespan. Even if it is taken by a dying person, it can live and live for at least one or two decades." Zhuo Mu Xiandao.

Qin Chen nodded.

The Blood Spirit Pond is an eighth-tier elixir. It has the effects of nourishing qi and blood and prolonging longevity. It is an extremely rare and rare elixir, and it is also the main medicine of many eight-level emperor pills.

If there is snow ganoderma, it can indeed extend the life of a warrior who is about to live, even if it is taken directly without refining, it can extend the life of at least ten years. "But the Huang family informed us that this snow ganoderma is about to be auctioned in a city black market outside Dandao City. Although there are not many people who have learned the news, the price will not be too high, but with the current size of our Zhuo family, I can't compete with others at all, but now that we have learned the news, our Zhuo family

Naturally, he would not stand by and even mortgage his mansion. "We originally wanted to inform the King of Sylphy Medicine directly, but the Huang family said that the black market has been in the dark and is in competition with the Dan Pavilion. Once the Dan Pavilion elder learns about it, it will definitely be encircled and suppressed by the Dan Pavilion. The news is very well-informed, and if anything goes wrong, the black market will be cancelled.

The auction has even disappeared since then, so the news must not reach Elder Dan Pavilion, let alone tell the King Xuan Yi Yao. "When Qin Chen heard this, Qin Chen suddenly sneered, "So you believe it?" I believe that the Huang family was so kind, and when he heard the news about blood ganoderma, instead of auctioning it off, he told you Zhuo family and let your Zhuo family take advantage? If I've heard it right, Patriarch Zhuo seems to have said that Huang's family can

Dan Dao City became an aristocratic family, and there is also an elder Dan Pavilion level master behind it? Doesn't the elder want blood ganoderma? "

Hearing this, everyone in the Zhuo family was bitter and extremely embarrassed, obviously not knowing how to answer Qin Chen's words. Zhuo Muxian also smiled bitterly, and said: "Looking back now, the Huang family's news is indeed not very reliable, but we did not think so much at the time. Because of

the urgent time, we were afraid that the real stone was not enough and the news could not be leaked. I can tell Lu Wencheng Shengzi, because Xuanyi Medicine King cannot

Openly helped our Zhuo family, so over the years, it was Saint Lu Wencheng who secretly assisted our Zhuo family and gave us a lot of pills for the Zhuo family to sell, so we still have a secret connection with Saint Lu Wencheng. "Qin Chen nodded and said: "I understand, after Saint Lu Wencheng knows, he will naturally say that he wants to go with you, plus the news can't leak to Dan Pavilion, or the time is urgent, such as the black market auction ahead of schedule. Convened or something that caused Lu Wen to become a son and even disappeared too late

When the information passed back, he could only set off in a hurry. "

"Then, after Saint Lu Wencheng left Alchemy City, he had an accident, and there was no blood ganoderma at the black market auction. When you returned to Alchemy City, Huang's attitude suddenly changed, right? ?"

Everyone in the Zhuo family looked at Qin Chen in surprise, and from their expressions, Qin Chen could see that his guess was correct.

"Do you believe in such a simple scam?" Qin Chen was speechless.

Zhuo Muxian said bitterly: "At that time, we didn't think about it too much. Who knew that Shengzi Lu Wencheng would be surprised..."

Zhuo Tiantong also said: "We were also worried that there were not enough real stones on our bodies. At the same time, in order to prevent the auctioned blood ganoderma from being fake, we had to have a master alchemist to verify it, so..."

"Haha!" Qin Chen shook his head. The Zhuo family was really stupid and naive, and they didn't know how they survived in Pill City until now.

Among other things, the attitude of the Huang family alone is tricky.

Why after their Zhuo family lost power, other forces wanted to get down and get a piece of the pie, but the Huang family, who had been with them for no reason, suddenly became friendly?

Haven't they heard of the truth that there is nothing to be courteous, and whoever commits **** is stealing? This is clearly a conspiracy of the Huang family, and in order to weave this conspiracy, the Huang family even spent many years. It was not until the death of Lu Wencheng that the Zhuo family lost the value of use, and the Huang family revealed its true colors.

[Chapter 1250: Jia Tongling](#)

Qin Chen's tone immediately made the Zhuo family extremely ashamed, but they also knew that they had no reason and could only say nothing.

Zhuo Qingfeng also sighed: "Father, you guys... alas!"

Obviously, Zhuo Muxian and the others were used by the Huang family. Although they said that their intentions were good, they used it. If they say that Lu Wencheng was actually killed by them, it can't be said wrong. Say something like that.

The holy son who has worked so hard to cultivate is unexpectedly surprised. How can the master not feel sad?

When Qin Chen and the others exchanged, the news that Huang Huan was suppressed outside Zhuo's Dan Tower was also quickly spread through a group of people, and it was passed to the Dan City guards in the first place.

Almost a moment later, the Dan city guards rushed to the scene first.

"Get out, get out of me."

There is a lot of excitement to see. The door of Zhuo's Dan Building has long been surrounded by many tourists. The Dan City Guards finally squeezed into the front of the crowd.

The leading guard commander was a martial emperor in the early stage of the eighth stage. He was shocked when he saw the scene in front of him, and then a flame of rage appeared in his eyes.

"Who was going wild in Dan City and turned the sky away?"

He roared and boomed, and a terrible breath erupted from his body, and his killing intent was boiling.

This is Dan City, one of the safest places in Dan Dao City, but there are people who dare to be wild here. This is obviously not giving him the face of the leader, so how can he not be angry?

"Commander Jia, you are really good, hurry, save me." Huang Huan wailed when he saw the visitor, just as if he had met his parents.

"Do you know me?" Commander Jia frowned.

Huang Huan hurriedly said, "I'm Huang Huan, the manager of the Huang family. I saw Commander Jia last time in my Huang's Dan Pavilion."

"What, you are... Huang Family Manager?" Commander Jia took a closer look and became even more angry. It was really Huang Family Manager.

The Huang family is definitely one of the top aristocratic families in Dandao City. In fact, the aristocratic families that can be related to Dange are not weak, and none of them can provoke Dan City guards.

"Okay, it's the opposite. Come here, quickly help Huang Guanshi and them." Jia Tong led a shock, and hurried forward to help Huang Guanshi and the others.

Although he is one of the guard leaders of Dan City, he can't move as he wants to be in the face of forces like the Huang Family. If he can build a good relationship, it will be a great benefit to him.

However, before he could help Huang Guanshi and the others up, a cold snort sounded.

"Stop, who made you support this person?"

At the entrance of Zhuo's Danlou, Qin Chen and others walked out.

I thought it was a member of the Huang family, but who knew it was the Dan City guards who came here, and Qin Chen's face suddenly showed disappointment.

This is the matter of the Zhuo family and the Huang family. What foot did the Dan City Guards intervene? Isn't it all right?

Commander Jia heard that someone dared to stop them, he became even more angry.

Damn, he is the leader of Dan City's escort. Does he still have to listen to the opinions of others?

While ordering his men to continue to rescue the people of the Huang family, he looked at Zhuo Muxian and said coldly: "Patriarch Zhuo, what's the matter? How can Huang Guanshi be injured in front of your Zhuo's Dan Tower? Is your Zhuo family related?"

He didn't know Qin Chen, but he knew Zhuo Muxian, and his face suddenly became unhappy.

Obviously he didn't believe that Huang Huan and others would be injured by the Zhuo Family, but even if they weren't, Huang Huan and others were lying in front of the Zhuo Family's Dan Tower, and they certainly couldn't get rid of Zhuo Family.

"Commander Jia, it's like this..."

Zhuo Muxian's heart jumped, and he hurried forward, preparing to explain Huang Huan and the others, but before he could say something, Qin Chen suddenly gave a cold snort.

"I told you to stop, didn't you hear? Old man, told them to stop." Qin Chen said with a gloomy face.

"That's right."

The old man of Great Compassion gave a grinning, bang, and his body flickered, and he appeared in the crowd instantly. The Dan City guards were shocked, but before they had time to react, they only heard bangs, and one by one was shocked. Go out and fall to the ground.

"Fuck."

Huang Huan and others, who had just been helped up, fell to the ground again, and wailed again in pain.

At this scene, the onlookers who were watching were stunned.

Damn, this guy even dared to beat Dan City Guards, who?

Zhuo Muxian was also dumbfounded. As for the Zhuo family behind him, their faces turned pale with fright, and they were about to pee their pants.

Everyone wanted to die.

Originally, in their plan, once the Dan City guards came, they would talk to the other party and explain that it was Huang Huan and others who had hit his Dan Tower and they were forced to defend. But accidentally started a little harder.

But who knows, Qin Chen beat the guards when he came up without saying anything. Then, how would they explain?

Suddenly looked at Qin Chen desperately, this guy didn't come here specifically to destroy their Zhuo family, right?

They worried that the old man in Da Bei felt the shocked expressions around him, but his heart was extremely cheerful.

Although he was a casual cultivator at the peak of the middle stage of the eighth stage, and in terms of strength, he was also numbered in the Northern Heaven Territory, but in fact he has always been like a tortoise grandson after entering Dandao City.

No way, this is Pill Road City, where Pill Pavilion is located, no matter how strong he is, he dare not challenge Pill Pavilion.

Don't think he is much stronger than the guards of these Pill Pavilions, but before encountering Qin Chen, if you encounter this group of people, you will definitely have to sullen under your breath for fear of causing conflicts.

But now after following Qin Chen, everything has changed.

Before he even beat the Saint Child of Pill City, and beat a few Pill City's guards, it was like playing, he didn't care at all.

"you wanna die!"

Commander Jia was angry and boomed, with terrible killing intent erupted from his body, and rushed towards the old man of great compassion like lightning.

He dared to go wild in Tadan City. Today, he didn't teach the other party a lesson. He really thought he was a vegetarian.

I saw the infinite true essence erupt from him, turning into a vast ocean of true essence, like a stormy sea, to suppress and kill the old man of great compassion.

boom!

The terrible Zhenyuan Wang Yang instantly wrapped the old man of great compassion. "Haha, in my true essence domain, murderous intent is everywhere. Anyone who enters it will suffer endless attacks. No matter how strong they are, they will be suppressed. In the end, they will turn into a pile of blood. "The commander Jia said coldly, as long as his real yuan domain is opened, it means

So he has won half.

The old man of Great Compassion stood in the ocean of True Essence, glanced around, and said: "This is the True Essence Realm that you said no matter how strong you are?"

Commander Jia was originally determined, but at this time, the smile on his face suddenly changed, revealing an incredible color: "Why haven't you fallen?" This is unreasonable!
