

Valkyrie 1251

[Chapter 1251: Medicine King Token](#)

The old man Da Bei sneered and said: "Just this point of True Yuan attack, it's almost the same to tick me!"

"You..." Commander Jia looked shocked and shouted angrily. His breath rose again, "Don't be too arrogant."

"Forget it, I won't play with you. I thought that the leader of Dan City is so awesome, but now it seems that it's nothing more than that." The old man of Great Compassion looked disappointed, raised his hand, and directly took a picture: "You lie down too. ."

The torrent of horrible true essence that enveloped him was shattered, and the palm of the old man in Great Compassion continued to slap down. Commander Jia looked frightened and wanted to resist, but could do nothing. With a bang, he was directly knocked to the ground and moved. No.

Then the old man of Great Compassion put his hands behind his back, his face full of majesty, and said lightly: "Listen to the old man's persuasion, no one should come in, otherwise, the old man will not give any face, but no matter what his identity, Dan The same goes for the city guards. Those who don't believe in evil, just come up and try!"

what!

All the martial artists onlookers were shocked, and they were all shocked.

What is the origin of this old man, who is so crazy?

"You... how dare you do something to me!" Commander Jia was furious, his face was ashamed, and he vomited blood.

The other warriors were also stunned.

That's right, this old man is indeed extraordinary in strength, and even Commander Jia fell to the ground. It seems that he is most likely the Martial Emperor at the peak of the eighth stage.

But the key point is that the Huang family is one of the top families in Dandao City, and has an inextricable relationship with Dange. Moreover, Commander Jia is the guard of Dan City, directly under the jurisdiction of Dandao City, saying that it is Dandao. The city is under the jurisdiction, in fact, the people of Dange.

Where does your courage come from?

As long as Dange learns the news, and becomes angry, you, a small Martial Emperor at the early stage of the eighth stage, are guaranteed to be wiped out instantly.

Not to mention anything else, just the Huang Family learns the news, can you stop the Emperor Wu? The Huang family is not without masters.

As for the Zhuo family and others, they were completely desperate. This guy was too arrogant. Not only did he hit the Dan City guards, he also let out such words.

Can this Dange bear?

All of them looked ashen and completely gave up the rescue. Forget it, it's already like this, so what else?

"Remember, if anyone dared to support the Huang Family, he would not be as lucky as before." Qin Chen snorted, and a large black mark suddenly appeared in his hand. After being urged, it instantly pressed against Huang Huan's body.

This is his real treasure.

With the improvement of Qin Chen's strength, more and more restrictions have been lifted on this real treasure of the Great Seal. With this suppression of the Great Seal, even if the Eighth-Order Martial Emperor came, he could never easily rescue Huang Huan.

"You asked someone to save you just now. This is your punishment just now! Remember, don't be careful, let your Huang family come up with the compensation money, I will let you go back, otherwise, just stay here forever." Qin Chen sneered.

Is this a punishment?

Everyone looked at the big seal that Qin Chen threw out, and didn't take it seriously, because this big seal was too inconspicuous. Although it was a full person, Huang Huan was a seventh-order martial king. How could he be so imprinted? Hold it down?

When pressed on the body, it is definitely not painful or itchy, and at most it hurts the face.

"what!"

But unexpectedly, Huang Huan let out a scream, and it was still heartbreaking.

The burly men lying on the ground with Huang Huan immediately "understood" and whispered, "Guanshi Huang must be yelling deliberately. The more painful he is, the evil star obviously won't use other punishments. Up."

"Yes, if it doesn't hurt or itchy, when the evil star is angry, he will kill someone directly."

"Guan Huang is still smart."

But after a while, everyone found that something was wrong. Huang Huan didn't seem to be acting. His whole body was in cold sweat, and the wound he had healed broke apart again, and the blood drenched his body.

This... To say that the acting is too much.

Hiss, does he really have to suffer great pain?

Huang Huan was indeed not acting. Although Qin Chen's big seal looked ordinary, it was an authentic treasure, and at least it was beyond the existence of the seventh-grade real treasure, at least the eighth-grade.

At the beginning, in the secret realm of the heavenly devil, Qin Chen suffered a terrible tribulation, and he was forced to take out all the true treasures on his body to resist, including the seven-rank true treasure golden bowl and this black big seal.

And the golden bowl was directly blasted to pieces under the bombardment of the sky thunder, but the black big seal was unscathed, which shows that the big seal is powerful.

Now that Qin Chen's strength is advancing by leaps and bounds, and the power released by Dayin is getting stronger and stronger, he raises his hand and goes out, even if it is half a step, Wu Huang can directly smash into fleshy mud and press on the seriously injured Huang Huan. died.

"As for this kid, bring him in." Qin Chen glanced at Commander Jia who had been suppressed on the ground in a panic, and after a low drink, he walked into the Danlou again.

The old man of Great Compassion smiled, picked up Commander Jia, walked into the Danlou, and threw Commander Jia at Qin Chen's feet.

"What do you want to do? I tell you, I am the guard leader of Dan City. If you dare to touch my hair, Dan Pavilion will never spare you. You have to think carefully."

Commander Jia roared angrily, with a relaxed and fearless appearance.

He does have the proud capital. As the leader of the Dan City, he can be regarded as a member of the Dan Pavilion. If he really is going to suffer, Dan Ge will definitely come forward.

"Really? You think the two of us moved you, Dan Ge will punish us because of your little guard leader?"

Qin Chen smiled contemptuously, raised his hand, and with a snap, a token had fallen in front of Commander Jia.

"what?"

Commander Jia looked startled and showed disdain, but when he saw the pattern of the token, he was shocked.

This...this...this...is the Medicine King token?

"You... are you the king of medicine?"

Swallowing fiercely, Commander Jia looked at Qin Chen in amazement.

How could this be? How could this young man be the King of Medicine?

Zhuo Muxian and the others also looked at Qin Chen in shock. This young man who looked only in his twenties turned out to be the King of Medicine.

No wonder Zhuo Qingfeng treats him so respectfully and so confidently.

Just before they fell in shock, Zhuo Qingfeng also slapped a token and threw it in front of Commander Jia.

"If you suspect it is fake, you can look at this token. As the leader of Dan City, you won't even be unable to recognize the Medicine King token." Zhuo Qingfeng said lightly.

Another medicine king token.

Commander Jia was dizzy and almost passed out.

My goodness, it's no wonder this Zhuo family is so arrogant, there are two big medicine kings sitting here.

Although he was very suspicious of Qin Chen's age, Commander Jia absolutely did not believe that someone would dare to fake the King of Medicine in Dandao City.

Once discovered, there will be no place for him in the entire continent and will be wanted by Dan Pavilion.

Moreover, as the leader of Dan City, Commander Jia is very familiar with the Medicine King token, and these two tokens do not look like fakes.

It's over, it seems I was beaten for nothing today. Commander Jia suddenly looked desperate, and his heart was full of fear.

[Chapter 1252: The evil leader Jia](#)

The two kings of medicine.

Although there are many Medicine Kings in Dandao City, they will never exceed three digits.

Among them, more than half are some loose repair medicine kings, not belonging to the Dan Pavilion system, so all the medicine kings in the entire Northern Heaven Region Pill Pavilion are added together, I am afraid there are only dozens.

It is these dozens of medicine kings that constitute the huge medicine king system of the Northern Heaven Region Pill Pavilion.

It can be said that any medicine king is extremely important to the Beitianyu Dan Pavilion. Therefore, once the assessment is successful, he can serve as the foreign affairs elder of the Dan Pavilion.

In other words, as long as the King of Medicine, his position in the Pill Pavilion is extremely against the sky.

Don't look at the Huang family and other aristocratic families, they are awesome, just because they have Elder Dan Pavilion sheltering them, and they are nothing if they lose Elder Dan Pavilion.

For example, this Zhuo family, backed by the Sylphy Medicine King, was a top family in Alchemy City that was not weaker than the current Huang Family. However, once it lost the protection of the Sylphy Medicine King, even if it was the protection on the surface, it immediately fell. Come down, it's nothing.

It is not the family, but the elder Dan Pavilion behind the family.

But now, there are two great medicine kings in this Zhuoshi Danlou, and he even dared to threaten each other before.

The cold sweat on Jia's forehead shed in an instant, and his heart was filled with fear and anxiety.

"Two seniors, subordinates... subordinates have eyes but don't know Xuanshan, and I hope that the two adults will have a lot of them, and they will have a life."

Commander Jia was trembling, almost crying.

Can you not cry?

I thought I had a chance to indulge in the Huang Family, so I was so strong. Who knew that the infatuation would not be successful, and even offended the two medicine kings. This is simply the rhythm of seeking death.

Although he can serve as the leader of Dan City, he has a backer behind him, and he also knows elder-level figures, but how can the elders of other families directly offend the other two medicine kings for this little thing?

What's more, Qin Chen looks too young. If his Medicine King token is real, what will be his position in the Pill Pavilion?

Commander Jia was about to pass out just thinking about it.

"Two seniors, I...this..."

He hesitated and spoke incoherently. He didn't know what to say. He just felt restless, like sitting on pins and needles.

"Okay, let Jia take the lead."

Qin Chen lifted his hand, an invisible force supported him, and immediately lifted him up, and said lightly: "Commander Jia also maintains public order in Dan City, and those who don't know are not guilty!"

What Qin Chen wanted to deal with was the Huang Family. As for the leader of Jia, he was just doing his duty loyally, and he was too lazy to teach.

Then he shouted in, and directly identified his identity, otherwise the old man of great compassion would have been suppressed at the door long ago, so why waste this time.

"Thank you to the two seniors. The subordinates were reckless before and didn't understand the situation. If you offend, please forgive the two seniors."

Commander Jia wiped cold sweat on his forehead and said tremblingly.

He hates the Huang Family now and makes himself so embarrassed. At this moment, he just wants to turn around and leave here to stay away from these rights and wrongs. As for the grievances between the Huang Family and the Zhuo Family, let them resolve it by themselves.

Qin Chen didn't embarrass the leader of Jia, and after a few words, he let him out.

Commander Jia hurriedly said: "The subordinates will immediately lead them out of here."

"There is no need to leave in a hurry. As the leader of the Dan City, you should have maintained the Dan Pavilion public order. In this way, you and your people will stay near the Dan Tower first, and you will not be too late to leave until the matter is over."

Commander Jia was about to cry immediately, and Qin Chen wouldn't let him leave. This meant that he wanted him to intervene in the grievances of the Huang Family and Zhuo Family, but he couldn't refuse, so he could only cry and nod in agreement.

"Look, Commander Jia has come out."

"Hey, Commander Jia is completely fine."

"Let me just say it, the other party brought the leader Jia in, definitely interceded. As the leader of Dan City, how can this Zhuo family dare to insult him?"

When the crowd outside saw the leader Jia coming out, they all said, as if they had guessed it.

"Master Commander, this Zhuo's Dan Tower is too arrogant. If you don't give the other party a bit of color, where can I put the face of the Dan City Guards?"

As soon as a group of guards were rescued, one of them cursed, full of murderous intent and anger.

Can you not be angry? When did his dignified Dan City guard and the always and rampant Lord suffer such a loss?

"Yes, Master Commander, immediately call the news back to Dan Pavilion and notify Dan Pavilion master to come. I don't believe this little Zhuo family, and I dare to challenge Dan Pavilion."

"Destroy this Zhuo family, so that these people know the fate of daring to act on our Dan City guards."

A group of Danshi guards were all angry.

"Shut up all of you." Commander Jia turned his face pale with anger. Do these guys have no eyesight? I didn't even see my legs trembling tremblingly, trying out these bad ideas.

"Follow me."

Amidst the stunned comments of the onlookers, Commander Jia led a group of guards and ran to the back of Zhuo's Dan Tower, a corner where no one passed by.

"Master, what's wrong with you?"

Those who can be mixed in the Dan City Guards, although reckless, are not idiots. Seeing Commander Jia's demeanor, they all noticed something wrong.

Commander Jia snorted coldly, his face was ugly and said: "What's the matter, you know what's wrong, we were hurt by the Huang family this time."

"Isn't it?"

Everyone was shocked.

It's not as if Jia's commanding expression is joking. Is there any background against the sky in this declining Zhuo family?

But even if they have a background, they are dignified Dan City guards who came to Zhuo's Dan Tower to maintain law and order, but they were beaten by the Zhuo family. The commander looks like a dead father and mother, is the other party really so awesome?

"Don't talk nonsense, let me inquire about the news."

Commander Jia took out a jade slip for transmission, quickly entered a message, and passed it out.

He is also a shrewd person. Although he was extremely apprehensive in the Danlou before, he also carefully noted the names of Qin Chen and Zhuo Qingfeng, and now he is consulting his backer about the identity of the two.

After all, Qin Chen Medicine King's identity was too weird, so weird that he still couldn't believe it.

His subordinates also knew that their leader was searching for information, but they were all extremely quiet and watched eagerly.

Not long after, the communication jade led by Jia suddenly lighted up.

The news came back.

Commander Jia felt it penetrated, and in an instant, his face turned pale, and Yu Jian in his hand fell to the ground with a snap, and the whole person was like an evil, falling straight down, lying on the ground and convulsing.

"What's the matter with Master Chief?"

"Quickly, hit the crowd."

"Whoever has the pill, take it out quickly." A group of people was in a hurry, and finally got the commander Jia to wake up, but they looked desperate.

[Chapter 1253: Ate blood gentian](#)

"This Huang family has killed us." This was the first sentence that Commander Jia woke up.

The news in the jade slip not only clearly confirmed the identities of Qin Chen and Zhuo Qingfeng, the other party was afraid that Commander Jia would offend the two, but also sternly pointed out what had happened in Dan Pavilion. He also warned Commander Jia that once they see them, they must be respectful and not reckless. This matter has to do with the conflict between the deputy chief of Kang Youming and the king of Xuan Yi Yao, and the news has even reached the master of the master. In your ears, they must not be mixed up with the dispute between the two parties.

Go in the bucket.

Time to judge the situation!

This makes Commander Jia not shocked!

It can be seen from the tone of the elder behind him that even the elder behind him has to be cautious when facing two people. Is he a small Danshi leader a fart?

In a word, respect Qin Chen and the others, otherwise, the elders behind him would not be able to protect him.

"Commander, what is going on?"

A group of subordinates led by Jia did not understand the situation and immediately asked anxiously. Naturally, Chief Jia did not dare to be careless and said that Qin Chen and Zhuo Qingfeng were identities.

hiss!

Suddenly, there was a series of air-conditioning sounds in the alley. The guards who were still arrogant all turned pale, and their faces looked like a layer of powder. A few of them made their legs soft and scared. Sit on the ground.

What did they just do?

Even arrogant in front of a person who even dared to teach the Holy Child of Alchemy City. Isn't this the rhythm of the old birthday star hanging himself-seeking death?

"It's over, my lord, what should we do now?"

"Yeah, how can it be done now?"

The many guards who had been arrogant before, at this moment were like quail frightened, panicked, completely without thought. "Everyone is calm." Commander Jia took a deep breath and said in a deep voice: "Since we have offended, we don't have to think about other things. Since the other party can let us go, obviously he didn't take what we just did to heart. What we have to do now is to follow the other party's arrangements and explain the two masters

The task is completed well. "

"Yes, complete the task assigned by the two masters."

A group of people vowed.

When the group of guards was in a panic, the big man who went to the Huang's house to inform the news finally passed the news to the Huang's house.

After learning that Huang Huan was taught and suppressed in Zhuo's Danlou, the entire Huang family suddenly became furious.

"It's turned upside down, is this Zhuo family turned upside down?"

"I don't know where to indulge in a master, so I dare to do something to our Huang family!"

"It seems that the Zhuo family doesn't cry without seeing the coffin."

"Patriarch, would the Zhuo family dare to be so arrogant because of the help of Xuan Yi Yao Wang?"

"Impossible, the Zhuo family has done so many wrong things, how can King Xuan Yi Yao continue to tolerate it? If he is willing to take action, Zhuo Family will not be like this, not to mention that the Zhuo family also killed the King Xuan Yi Yao beloved disciple Lu Wencheng."

There was a discussion among the senior officials of the Huang family, furious, almost without hesitation, they sent a group of strong men to angrily kill Zhuo's Danlou.

The Huang family sent a large battle this time with a large number of people, but there were four people at the core, three old men, and one middle-aged.

The three old men were all the elders of the Huang family, and each was a master in the early Wuhuang period. The middle-aged man was the younger brother of the Huang family's Patriarch, one of the heads of the Huang Family, and his cultivation was also as high as the early eighth stage.

The four great martial emperors, this is almost 80% of Huang Jiaming's power, it can be seen how much attention is paid to Zhuo Family.

They will take this opportunity to completely take down the Zhuo Clan's Dan Lou, and even throw the Zhuo family into hell, and they will never live forever.

Anyway, the Zhuo family's mission had been completed, and it was useless to stay.

Of course, they still didn't go all out, because the Huang Family Patriarch broke through the initial peak of the eighth stage not long ago, and he did not come, indicating that the Huang Family believed that the four martial emperors were strong enough to suppress the Zhuo Family.

When the many masters of the Huang family came to the front of Zhuo's Dan Tower, they immediately attracted the discussion from countless people around, and each one was even more excited than the parties involved.

No way, it's not too big to watch the excitement. This is the conflict between the two great families in Dandao City, which has been rare in decades.

"Bold fanatic, get out!" an elder of the Huang family shouted loudly, and he was ranked third in the order of the elders of the Huang family.

Huang Youlong, the head of the Huang family, saw Huang Huan and others who were suppressed, and couldn't help being furious, because Huang Huan was in his line and was very flexible in doing things. Although his cultivation level was not high, he could be said to be him. His right-hand man, the most important steward of the Huang family.

Otherwise, they won't be sent to seize the Zhuo family's property. The Huang family can say that more than half of the property is managed by Huang Huan.

But it was such a master who was actually suppressed in front of Zhuo's Dan Tower, which was clearly beating the Huang family in the face.

When it spread out, the entire Huang family would lose face.

"Hands, elders, save me." Seeing the arrival of Huang Youlong's group, Huang Huan shouted hoarsely, tears and nasal mucus running.

Looking forward to the stars and the moon, I finally hope that my loved ones will come.

"Quickly, go and save Huang Guanshi." Huang Youlong ordered to a Huang family martial artist, with murderous eyes.

Whoosh!

The warrior hurriedly came to Huang Huan, put his hand on the black big seal, wanted to remove the big seal, and then rescued Huang Huan.

Huang Huan had already been tossed and weak, and was dying. Now he was so excited that he even got up and shouted, "Quickly, save me soon. Also, I must break the Zhuo family's body to pieces. "

Actually let him suffer such cruel torture, and in front of the masses of Dan City, he must take revenge, not revenge, he swears not to be a man!

Qin Chen and his party have already come out, holding their arms in both hands, so they leaned on the door frame and didn't stop them, but said indifferently: "Why, I just want to save people? What about compensation?"

Huang Youlong looked at Qin Chen with disdain, and said, "Did you eat blood gentian? Dare to ask our Huang family for compensation. I hope you will have the courage to be so courageous in the future."

"Really, it seems that your Huang family has no sincerity at all." Qin Chen said leisurely.

"what!"

On the other side, the Huang family warrior who was going to move the black big seal exclaimed. He originally wanted to remove the big seal from Huang Huan at random, but he found that the big seal looked like a mountain was like a big mountain, immovable, no matter how hard he tried, he couldn't lift it up. He was naturally shocked. How could this be possible? Not to mention that this big seal is only the size of one person. With his half-step Martial Emperor's cultivation base, even a boulder the size of a stone can be lifted up. Why is this seemingly unremarkable? The seal is so heavy.

[Chapter 1254: Chicken dog](#)

Huang Youlong and several other powerful Huang family members noticed his strangeness and couldn't help turning their heads to look over.

Huang Youlong frowned and said, "Huang Xu, what are you doing?" He was very dissatisfied. At this moment, the morale is like a rainbow. You are actually there, ah, not constipation, it's embarrassing!

"Hands, this stone is too heavy, I...I can't move it!" Huang Xu said with a flushed face, making him ashamed.

"What? A stone can't be moved, shameless, I'll come."

The three elders are anxious, this black big seal looks like a real treasure, but no matter how strong the real treasure is, it needs to be urged by someone. Now it's ordinary and ordinary, no matter how heavy it is, where can it go?

What's more, what awesome real treasures can there be in Beitianyu, Dingtian is the seventh real treasure, Huang Xu is also a half-step martial arts powerhouse, and he can't even hold a seventh real treasure? It's not that your brain is flooded and you are talking nonsense.

He jumped out, came to the black big seal, sneered, his palm protruded directly into the real yuan big hand, and then grabbed the black big seal.

I have to say that the three elders, as the martial emperor, are more than several times stronger than Huang Xuyi. I saw that the real Yuan master was overwhelming and agitated, and an unprecedented terrifying aura broke out. The rumble caught the whole Around the big seal, and then lift it up.

"Get up!"

He drank coldly, his expression relaxed.

But the result shocked him, seeing that the black big seal was captured by Zhen Yuan's big hand, and it didn't move at all, let alone being lifted, and he didn't even move.

"how can that be?"

He was suddenly shocked, his face flushed like pig liver, blood surging in his body, blue veins on his forehead violently, and he was able to eat milk. He shouted again: "Get me up!"

But the result was the same. The third elder suffocated his old face and flushed, and even a loud fart came out, but the big seal remained motionless.

At this time, the expressions of the Huang Family Powerhouses were shocked, knowing that this was not because the three elders had water in their heads, but because there was a problem with this big seal.

Huang Huan stopped screaming, he stared blankly, his eyes were not focused, as if silly.

"I'm coming!" Huang Youlong said, his face gloomy.

He is one of the heads of the Huang Family, stronger than the three elders, second only to the Patriarch, and the strongest on the field.

"Hand in hand, you come." The three elders said one after another.

Huang Youlong didn't go to lift the big seal directly, but took a deep breath and started to run the exercises.

He wants to fly this stone directly.

At this time, Huang Huan was immediately frightened, his original Yan Yan expression suddenly became terrified, and he lost his voice: "Master Palmer, I'm still below, I'm still below!"

Under the bombardment of a punch, he would definitely be injured, if not, he would be bombarded into scum.

Huang Youlong turned a blind eye. Now it is not the problem of Huang Huanyi's life and death, but the face of the Huang family.

If the great masters of the Huang family can't even do a big seal, ten fig leaves can't stop his Huang family's shame.

"Drive me!"

He slammed his fist, and there was brilliant light on his fist.

The other three elders were secretly frightened. They were both in the early stage of the eighth stage, but Huang Youlong was stronger than them, and he was not even a little bit stronger than them, which was undoubtedly evident in this hit.

These are the two most outstanding talents of their Huang Family in the future, and they will definitely be like his elder brother in the future, with the talent to hit the peak of the early stage of the eighth stage.

boom!

Fist strength surged, and the entire Great Seal suddenly shook, and there was an urge to go with the wind.

"Moved."

"The Great Seal has moved."

"Master in charge, work harder!"

Everyone in the Huang family was excited, just as if they had done something big. Seeing that the big seal was about to be blown off, suddenly, a bright light appeared on the big seal, and dense runes appeared, exuding a palpable breath.

Hum!

The swaying big seal instantly calmed down, as if the law did not invade, no matter how hard Huang Youlong used his strength, he still remained motionless, even Huang Huan who was pressing underneath was safe and sound.

This... the four martial emperors of the Huang Family are all shocked.

"Try it together?" The Third Elder said, his voice trembling a little.

This is too scary, Huang Youlong's actions are all without effect.

When did the Zhuo family have such a treasure? Even if it is a real treasure of the 7th grade, it is easy to fly away if there is a yellow palm incident. It is not a real treasure of the 8th grade, right?

A group of people trembled in their hearts.

"it is good!"

They looked at each other, and if they couldn't even remove a large seal today, what revenge would they still talk about? Running quickly is the business.

They joined forces, and under the orders of the three elders, the four of them shot at the same time, and the terrifying light blasted on the big seal, stirring up dazzling light.

boom!

The Great Seal, which was originally shining brightly, was once again a sensation. This time, the Great Seal finally failed to continue. With a bang, he was directly blown up and flew out more than ten meters away. The steps at the door were smashed to pieces.

The torrent of True Essence passed, and the Great Seal was blown away, and Huang Huan underneath naturally lost the protection of the Great Seal. Under the attack of the four great martial emperors, it exploded directly, disappearing in ashes and turned into blood.

Qin Chen shook his head, he had already exhausted all his strength, but no matter how strong the four martial emperors were, no matter how strong he was, it was impossible for him to be able to stomp the four with Da Yin Zhenbao alone, which was beyond his ability.

However, after this test, Qin Chen also understood the power of the Great Seal True Treasure. The ordinary eighth-order martial emperor could not fly as far as possible. Once he displayed it, it would be enough to smash the evil spirits of an early martial emperor. Can't find North.

He smiled and applauded, and said, "Awesome, too amazing. The Huang family's big masters are really extraordinary. Not only did they blast away this young man's true treasure, but he even killed his own people. It's really amazing."

"Unfortunately, several of them broke the steps of our Zhuo Family Pill Building. It seems that we have to add a few more Seventh Grade Wang Dan to the previous compensation." Qin Chen said with a smile on his face.

The people around heard vomiting blood.

Damn, just a few steps, is it so valuable?

"Boy, you are looking for death."

Everyone in the Huang family couldn't help but rushed towards Qin Chen.

"Old man, it's your turn. Since Huang Huan is dead, just leave these people to pay off the debt." Qin Chen's expression became cold and said to the old man with great compassion.

The old man Dabei sighed, knowing that he could only do the job, and after shaking his figure, he came to Qin Chen, waved his big hand, and immediately caught and photographed the four powerful martial emperors of the Huang family.

"court death!"

"presumptuous!"

Huang Youlong and the others were furious, because they didn't pay attention to them at all. Under the anger, they were just about to teach Qin Chen and the others a lesson, but suddenly their expressions

changed drastically. Under the palm of the old man of Great Compassion, the attacks performed by the four of them shattered, like a chicken and shingle, instantly torn apart.

[Chapter 1255: The lion has a big mouth](#)

how is this possible?

The bodies of the four shook violently. They were all martial emperor powerhouses in the early stage of the eighth stage, how could they be defeated in one blow, and it was only when the four of them joined forces!

But the scene in front of them didn't allow them to be shocked, the true essence in the body soared, and at the same time, a terrifying domain barrier instantly spread from the four of them.

In the early stage of the eighth stage, the Emperor Martial Arts was actually only in the groping stage for the display of the domain barrier, but the domain barrier formed by the four people working together seemed to have isolated the surrounding void, as if it really formed. A separate space.

"Small bugs!"

The old man of Great Compassion was disdainful, and the boundary barrier within his body was displayed instantly.

Click! Click!

The domain barrier displayed by the four Huang Youlongs suddenly cracked like glass, shattered and turned into nothingness.

The four Huang Youlong were completely stunned, their faces turned pale, and the other party didn't do anything at all. They just arbitrarily used the boundary enchantment and crushed the four people's joint attack instantly, letting them know what is invincible.

"run!"

In shock, the four of them turned around at the same time, wanting to escape!

Because they are both Emperor Wu, it's no better to know what the previous scenes represent. The other party can easily tear apart their domain barriers, which means that the strength of the other party is completely above them, and the understanding of the profound meaning of space is completely above them. several.

In such a situation, let alone the four of them teaming up, it would be useless even if there were a few more Early Martial Emperors. The domain barrier is the most terrifying attack method of the Wuhuang strong. It represents every Wuhuang's mastery of the rules of space. Once the domain barrier of a certain Wuhuang is not as good as another, it will fall into another. The fighting rhythm, even if the Wu Huang Zhenyuan here is stronger and stronger, often

Also lose.

Not to mention that the cultivation base of the old man in Da Bei is obviously far above them.

run! run! run! run!

The four of them turned around and ran, obviously using all their milk-feeding energy.

The old man of Great Compassion chuckled, he still wanted to run because he was enveloped by his boundary barrier? It's almost the same to replace the four Martial Emperors in the middle of the eighth stage, just these four people, aren't they able to capture every minute?

In his domain enchantment, the Wuhuang in the early stage of the eighth stage was suppressed too much.

He chuckled, five fingers, and suddenly there were waves of true essence shot out, covering a radius of 100 meters, turning into a pillar of heaven.

The four kings all stopped, and they didn't dare to take a step beyond the thunder pond.

They have a feeling that if they forcefully pass through the "Tianzhu", they will be hit head-on, and the result... is definitely their part of being bombarded and killed.

It's terrible, such a strong man is terrible, definitely not the Martial Emperor of the early stage of the eighth stage, at least it is also the middle stage of the eighth stage, so they have no temper at all.

Although Emperor Wu was arrogant, he was far faster than ordinary people to accept the reality. Soon, they turned around and walked towards Zhuo's Danlou.

"Your Excellency, what do you want?" Huang Youlong said angrily. Qin Chen smiled and said, "Don't you hear what the people I sent say? Okay, I'll say it again, you people from the Huang Clan had previously beaten and smashed in my Zhuo Clan Tower. We are compassionate. I don't want to make things big, I just want your Huang family to make reasonable compensation, who knows you

We come up and do it, but it doesn't matter, as long as your Huang family pays the compensation in place, you can go, but if you don't take it out, you can only be detained here. "

All four of Huang Youlong showed anger. They are the martial emperor and the Huang family is also one of the top families in Dandao City. If they were detained here like Huang Huan before, wouldn't they be laughed to death?

"Your Excellency, even if someone from the Huang Family accidentally broke your Zhuo Family Dan Tower's things, there is no need to be so aggressive, right?" Huang Youlong said, this is Dan Dao City, this kid dare to be so messy? Qin Chen smiled: "If we were not strong enough, would you still say something like this? I'm afraid our Zhuo Clan Tower was smashed clean by your Huang Family. Don't talk nonsense. Give you two choices, either pay compensation or lie here and wait for someone to redeem you

."

"You..." Huang Youlong was anxious, but the situation was better than others, so he had to gritted his teeth and said: "Okay, I will pay for how much you want."

For today's plan, money is a foreign thing, only find a way to get out, and then go back and use the background to teach this Zhuo family well.

"Hehe, not much, 100 pills of Wangpin, but you just smashed the steps of Zhuoshi Danlou, plus ten pills of Wangpin, a total of 110 pills." Qin Chen looked at Huang Youlong, and smiled. Tao.

Huang Youlong only felt black in front of him and almost fainted. One is anxious, the other is anger, one hundred and ten Wangpin pills, is this kid joking? What do you think Wangpin's medicine is? Chinese cabbage in the vegetable market? One hundred and ten pills. As the top family in Dandao City, the Huang Family, the total number of Wangpin Pills in all stores is dozens of pills.

That's all, this is simply making their Huang family bankrupt.

In addition, if only a few steps were broken just now, ten Wangpin Pills were required. Are the steps of the Zhuoshi Danlou all piled up with seventh-order elixir?

"Your Excellency, this price is too high, we can't get it out, you are blackmail." Huang Youlong trembled with anger.

Qin Chen's face sank: "How do you guys talk? We kindly don't care about what you did, and only asked you to compensate. How did you say that? It seems that you have no sincerity, old man, do it."

"Okay!"

The old man Da Bei grinned and slapped it with a palm.

"Wait!" Huang Youlong roared and said angrily: "One hundred and ten Wangpin pills are too much. It is impossible for our Huang family to pay it. Can it be more accommodating?" Qin Chen touched his chin and said: "This way Ah, it's okay. There are a lot of this young master, and I also give you a chance. A Wangpin pill is worth five million middle-grade real stones. You can count it yourself. Anyway, you can reach this number. Of course, the Wangpin pill must be at least five. Ten capsules, less than fifty capsules, no talk

."

"puff!"

Huang Youlong spouted blood directly, which was annoying. Sixty Wangpin Pills correspond to 300 million middle-grade real stones. Their Huang Family has been operating in Pill Road City for so long. They can't get it out after a squeeze. They even have them, but fifty Wangpin Pills are too exaggerated. It's the rhythm of emptying out all the Wangpin pills in their Huang's store

.

In this way, how will their Huang family do business in Dan City in the future?

"Impossible!" "He shouted directly!

It's not that he didn't agree, but even if he agreed, the Patriarch would not agree.

"What do you want?" Huang Youlong said angrily.

Qin Chen was surprised, and said, "Are you stupid, I just said it very clearly, don't you understand human words?"

He shook his head and said: "Forget it, you don't seem to be the masters, so let me stay here." He waved his hand at the old man, and the old man immediately stunned the people. Blocked, snapped, and all fell to the ground. In addition, other warriors brought by Huang Youlong were also knocked to the ground, lying with the many burly men in the beginning, extremely desolate.

[Chapter 1256: Liu Family Patriarch](#)

Hum!

Then, Qin Chen urged the black big seal, and the big seal instantly rose in the wind, turning into a hill the size of a hill, arranging the people of the Huang family in a row, pressing under the big seal, only showing their heads, extremely funny .

"Ah!" Many experts in the Huang family began to scream. The true essence in the body was imprisoned, and was suppressed by a small mountain. The internal organs were almost crushed, and they were in pain.

Qin Chen shook his head and returned to the house. Huang Youlong didn't care about the lives of several people. He didn't hurt the killer. He just wanted the Huang family to provide enough compensation, so he detained the other party and put a long line. Catch big fish.

At this moment, the countless spectators outside the Danlou looked at the Huang family imprisoned at the door, and their hearts were cold and dumbfounded.

Domineering, extremely domineering!

Putting the many heads and elders of the Huang family on the main road of Dan City to show the public is simply the first time that Dan City has been talking and giving pointers.

The four of Huang Youlong were so embarrassed that they wanted to find a place to sew and drill down. He trembled and said, "When did the Zhuo family come to such a master?"

The four of them can be captured so easily, at least it is also the Wuhuang in the middle of the eighth stage. Such a cultivation base is useless even if the Patriarch comes over. Huang Dongsheng, the Patriarch of the Huang Family, is only at the peak of the early stage of the eighth stage. Come, it is estimated that it is also the life of being ravaged.

"You didn't notify the Patriarch just now, did you?"

Huang Youlong asked nervously.

Once the Patriarch came over and was captured, the Huang family was really finished. Now, only the Patriarch finds the backing of the Dan Pavilion through the relationship, and then sends the Dan Pavilion masters to come, can the Zhuo family be wiped out.

The three elders naturally understood the meaning of Huang Youlong's questioning. Two of them shook their heads, but the three elders said with a mournful face: "I was in a crisis just now and sent a message to the Patriarch and asked him to come to rescue."

what!

Huang Youlong and the three were completely dumbfounded, their eyes were desperate, they could only pray secretly, the Patriarch should not rush up stupidly, it is best to find a helper before coming to rescue.

On the other side, the Huang family.

Huang Dongsheng, the head of the Huang family, didn't take Zhuo's Danlou's affairs at all. In his opinion, Huang Youlong's four martial emperors were enough to slaughter Zhuo family hundreds of times.

But I don't know why, after Huang Youlong's four left, his eyelids kept jumping, and his right eye remained.

As the saying goes, if the left eye jumps for money and the right eye jumps for disaster, what will happen to them?

No, no, the Huang Family Patriarch shook his head again and again, instead of decades ago, the Zhuo Family still had the qualifications to break their wrists with the Huang Family, but now, the Huang Family can crush Zhuo Family to death with just one finger.

Just when the head of the Huang family was a little uneasy, the message Yujian on his body lit up.

"what?"

After seeing the content in the jade slip of the transmission, the Huang Family Patriarch was stunned. This turned out to be the third elder's distress message.

The message was only a few words: "Patriarch, urgent, Zhuo family has a master, come here!"

The head of the Huang family hurriedly responded in shock, but no matter how they responded, there was still no movement on the other side, just as they disappeared.

Patriarch Huang's heart sank suddenly, and he didn't expect to worry that it would work.

However, as far as he knew, the Zhuo family had no masters at all. How could there be someone who made the Third Elders feel tricky, and even sent a distress signal?

He paced back and forth, restless in his heart.

Obviously, he was considering whether to go to the rescue as soon as possible, or to go to Dange to find a rescuer before going to the rescue.

After all, even though he was the Martial Sovereign at the peak of the eighth stage, but an opponent that Huang Youlong couldn't solve by the four of them, he alone would not necessarily be effective.

"Report to Patriarch, Patriarch Liu, please see." A subordinate suddenly came to report.

"Liu Xinhou?" The Huang Family Patriarch was taken aback for a moment, and then suddenly burst into laughter, "It's just right. The Liu Family wants to cooperate with my Huang Family. I might as well pull him up and go to Dan City together."

"Invite him in, no, I will go personally!" Huang Patriarch got up and went out to greet him personally.

After a while, I saw him invite two people back into the hall.

The two newcomers, one is a gentle middle-aged man who looks very bookish, and the other is an old man with gray beard, and his breath is not much worse than that of the middle-aged man.

"Brother Huang, how did you think about the old man's last proposal?" said the gentle middle-aged man, who is Liu Xinhou, the head of the Liu family.

The Liu family is also a well-known family in Alchemy City, and Liu Xinhou is also a martial emperor at the peak of the eighth stage. In terms of strength, he must be above Huang Dongsheng. It is said that he has begun to explore the realm of the eighth stage. It's just that the Liu family's backstage in Dandao City is not as strong as the Huang family. The Huang family's background is the elder of the Dan Pavilion. The elder is even the elder of the three deputy pavilion chiefs, and the Liu family's background is also The elders of Dange are just two idle foreign affairs elders, and they cannot be compared with the Huang family.

.

Therefore, although the overall strength of the Liu Family is still higher than that of the Huang Family, they really want to cooperate with the Huang Family and ask the Huang Family to introduce themselves to the higher levels of the Dan Pavilion and increase their family's power in Dan Dao City.

At the level of the Liu family, if you want to improve, it is not enough to have one or two more martial arts masters, or to win over one or two foreign affairs elders, but you must enter the vision of the core level of the Dan Pavilion, such as the three mates. At this level of the pavilion.

Only by gaining the protection of these forces, can one's family power go further in the vast Dandao City.

The Patriarch Huang pretended to ponder, and after a while, he said, "Don't hide from Brother Liu, Huang is worried about one thing and doesn't want other things for the time being."

"I don't know why Brother Huang is upset?" Liu Xinhou asked, sneer in his heart, 80% of the Huang family wanted to ask him for any benefit. The head of the Huang family thought for a while, and told about the Zhuo family's affairs. Of course, he didn't say how he cheated the Zhuo family. He only said that the Zhuo family was very sinister. He promised them that instead of doing the Huang family's things, he would not follow them. Where did you invite masters, and even dared to be wild with their Huang Clan, it is absolutely heinous

.

"What, there's such a thing? This Zhuo family can't make a difference?" The old man next to Liu Xinhou suddenly said angrily.

He is the big elder of the Liu family, and his cultivation is also as high as the eighth stage of the initial peak, and he is not weaker than Patriarch Liu Xinhou. From this point, it can be seen that the strength of the Liu family is indeed stronger than that of the Huang family.

Liu Xinhou's eyes flashed and said, "Zoo Family, is it the Zhuo Family who followed Xuan Yi Yao Wang back then?"

The Liu Family wanted to go further, and naturally understood the entire Dandao City's top families clearly. The Zhuo Family was also a famous family in Dandao City. "Yes, it is this Zhuo family." Huang Dongsheng sneered: "I don't know where to invite a master, so I dare to be wild."

[Chapter 1257: Scalp tingling](#)

"But isn't the Zhuo family already declining?" Liu Xinhou frowned, "Where can I invite a master? Is it a master of Xuan Yi Yao Wang?"

Liu Xin is suspicious of health, for fear of being a trap.

The Huang family dared to challenge the Zhuo family because there was a big backing behind the Huang family. If their Liu family rashly offends a character like Xuan Yi Yao Wang, even if the opponent has lost power in the Dan Pavilion, they will not be able to offend it.

"Hehe, how could it be possible that the Zhuo family killed the son of Lu Wencheng under King Xuan Yi Yao, the whole Pill Dao City had already been raging, where would the King Xuan Yi Yao protect the Na Zhuo family?" Huang Family Patriarch sneered. Knowing that Liu Xinhou was suspicious, he wanted to catch him and said: "Please come back, Patriarch Liu, this Zhuo family is so arrogant, I will go to Dan Pavilion and report to the elders so that the elders can send Dan Pavilion masters to wipe out this Zhuo family and punish them. Dan city villains who do evil,

Alas, the only thing I worry about is that this little matter will bother Elder Dange, for fear that Elder Dange thinks that my Huang family is unfavorable, and even this little matter can't be solved. "

"Why is Patriarch Huang so troublesome? If you don't go to my Liu family and Patriarch Huang, the old man will have to see. This Zhuo family looks like this. Where is the courage to clamor with Patriarch Huang, and it won't work." Elder Liu Family angrily said.

"Is this wrong?" Patriarch Huang looked at Liu Xinhou, pretending to be a gesture.

"What's wrong." Liu Xinhou also stood up, "Come on, Brother Huang and I will walk for a while and show the Zhuo family a little bit of color."

He begged the Huang family for something, knowing that if he didn't leave this trip today, he wanted to ask the Huang family to help.

"Good!" Huang Patriarch waited for him.

"go!"

The Huang Family Patriarch did not bring anyone else with him this time, just heading towards Dan City with Liu Xinhou and Liu Family Elder.

With the three eighth stage peak Wuhuang coming forward, can it not solve the inexplicable appearance of a master in the Zhuo family?

The three of them rushed into the wind, and after just a stick of incense, they came to Dan City.

About to reach the entrance of Zhuo's Dan Building, the three of them saw the crowds of people outside Zhuo's Dan Building from a distance, and they had long been surrounded by water.

Damn, what's the situation!

Liu Xin's thick scalp was numb, half of Dan City's people gathered here, right? And everyone was talking about it, seeming to be watching some excitement.

"go!"

The three looked at each other and rushed into the crowd.

I go!

After seeing the scene at the entrance of Zhuo's Dan Building, Liu Xinhou and the others were stunned, because in front of Zhuo's Dan Building, dozens of people from Huang's family lined up in a row, pressed by a huge black stamp, all brushed together. Only a row of heads were exposed, and there was a moan in his mouth.

The point is, the head of the Huang Family Huang Youlong and the three Wuhuang elders who were in the middle of a row of heads were actually screamed by such a big seal?

This is a master of Wu Huang, let alone a large seal that is only a few meters high, where can it be reproduced? In front of the Wuhuang powerhouse, even a real mountain can be shattered with a palm, right?

Liu Xinhou's first reaction was that these people were making fun, but the question was, the Huang family was also the top family in Dandao City anyway, and the dignified Huang elders would pretend to be pitiful and funny regardless of their face?

Patriarch Huang also came to the front, his face changed greatly.

He thought about countless possibilities, but he had never imagined such a picture.

This, this, this... What kind of masters are hiding in the Zhuo Family Pill Building that can actually force Huang Youlong and others to such a point?

"Brother Huang, are you sure this master was really invited by the Zhuo family?" Liu Xinhou's expression changed slightly. He is not stupid at all, otherwise he would not be the head of the family.

Earlier, Huang Dongsheng only said that their elder Huang had brought a group of people, but there was no news, but he didn't say that there were four early Wuhuang emperors!

Being able to fiddle with the four martial emperors so casually, the opponent's strength is definitely not to be underestimated. It is not something ordinary people can do. Such a master, the declining Zhuo family, please move? He had heard that the downfall of the Zhuo family had even mortgaged the ancestral home.

The Huang Family Patriarch also looked ugly, and said, "Brother Liu, there may be a major enemy in the Zhuo Family Pill Building. Don't be careless!"

Your uncle!

The Patriarch of the Liu Family complained in his heart that this was not his business at all, but he was helpless because the Liu Family wanted to cooperate with the Huang Family, so naturally he couldn't help but help.

Moreover, it is all here, and then back down, not only the Huang family is dissatisfied, it is estimated that everyone present will laugh to death.

"Come, I'll remove this big seal."

Liu Xinhou snorted coldly, booming, his big hand reached out, and the chaotic aura permeated immediately. The huge black palm suddenly grabbed the black big seal, rumbling, and the big seal trembling, burst into the bright glow of the sun, but he was still a little bit by Liu Xinhou. Lifted.

"So heavy!"

Liu Xinhou's face changed slightly, and at the same time he was relieved. Although he was surprised at the heaviness of the Great Seal, he was able to lift the Great Seal, indicating that the cultivation level of the person controlling the Great Seal should not be as deep as he.

"This is... the Liu Family Patriarch."

"And the head of the Huang family."

"Why did the Liu family collude with the Huang family?"

"I do not know!"

"I heard that the Patriarch of the Liu Family is a master at the peak of the early stage of the eighth stage. Now, there is fun to watch."

"Hehe, hehe!"

When the crowd saw the arrival of Liu Xinhou, Huang Dongsheng, and others, they were immediately excited, especially when they saw Liu Xinhou directly lifting Da Yin.

The Liu Family and Huang Family are strong, but they are only the martial emperors at the peak of the eighth stage, but the audience knows clearly that the Zhuo family's master has at least reached the middle of the eighth stage.

There is bound to be a big battle.

"Come on, everyone stand in the front row."

"Don't be crowded, who wants to come to the front row to see, one million middle-grade real stones are for sale."

A group of viewers even sold the front row positions.

No way, watching the excitement is not too big a problem.

Now that the Patriarch of the Liu family dared to touch the young man's big seal, the other party should almost come out.

really.

"Who would dare to touch Ben Shao's Great Seal."

A cold snort sounded, and a group of people walked out of the Zhuo Family Pill Building, it was Qin Chen and others.

"Little dust, the visitor is Huang Dongsheng, the head of the Huang family!"

Seeing Huang Dongsheng, Zhuo Muxian suddenly said in Qin Chen's ear, under the influence of Zhuo Qingfeng, he also called Qin Chen Xiao Chen, that is called Yi Yao.

"Oh? The Lord has finally come here?" Qin Chen laughed, finally waiting for the head of the Huang family.

The Patriarch of the Liu family had already captured the big seal and rescued Huang Youlong and others.

"Patriarch, go quickly." Huang Youlong said anxiously as soon as he was rescued.

The other three elders were dying, but they kept winking. This scene caused Huang Dongsheng's heart to sink, and he suddenly felt bad.

[Chapter 1258: Price increase again](#)

However, he is also the head of the Huang family anyhow, how could he leave like this? If this is the case, how will his Huang Family mix in Dandao City in the future?

"Zhuo Muxian, you are so courageous, you dare to attack my Huang family, do you want to die?" He said coldly, his eyes cold.

Zhuo Muxian is the head of the Zhuo family. Decades ago, the two were considered equal. But now, in Huang Dongsheng's eyes, the Zhuo family can't even count as a fart.

While drinking coldly, he scanned the Zhuo family, trying to find the mysterious master.

"Patriarch Huang, what nonsense with him, this Zhuo family dared to do something in Dan City, bold enough, it is better to take it directly and hand it over to Dan Pavilion." The elder of the Liu family sneered: "Let Liu take these people for Patriarch Huang. "

The elder of the Liu family gave a grinning laugh and threw himself up.

He blasted out with a punch, and the sky burst and the earth burst, and a terrifying fist shadow instantly swept across Qin Chen and the others, like a meteorite falling.

Liu Xinhou's eyes flashed, and he was about to say something, but it was too late. He could only watch the fist of the elder of the Liu family come in front of Qin Chen and the others, and he was about to blow Qin Chen and the others into the air.

Suddenly, a figure walked out from behind Qin Chen. It was the old man of Great Compassion. He sneered and blasted out the same punch.

Boom!

When the two fists collided, the elder of the Liu family felt that an irresistible force was being passed, and the whole person flew out with a bang, spouting a mouthful of blood.

what?

Both Liu Xinhou and Huang Dongsheng were shocked.

The elder Liu Family is a master at the peak level in the early stage of the eighth stage. In terms of strength, he is not equal to them, and he was bombed out with one move. How could this be possible? Especially the old man of Great Compassion who lifted the weight lightly made Liu Xin's heart tremble. He was a master at the middle of the eighth-order realm. How could he not see that the punch of the old man of Great Compassion, fist and power merged at one point, and integrated with the world. It is clearly a realm that can only be reached by the Emperor Wu in the middle

The opponent is a middle-ranked martial emperor!

At this time, Liu Xinhou's expression changed drastically, and he hurriedly scolded the great elder: "Go!"

Elder Liu Family didn't know what was good or bad, his face was blue, his heart was burning with anger, and he was blown away with a punch. It must be that he was too careless before and didn't exert all his strength.

What's more, they have three early peak Wuhuang here, what else do they need to worry about? Can't the three of them join forces to win each other? He also wanted to fight, saying: "Master Patriarch..."

"Shut up and follow me!" Liu Xinhou yelled angrily, turned and left at the same time.

"Patriarch Liu!" Huang Dongsheng exclaimed in anger.

"Patriarch Huang, this is a matter for your Huang family. Forgive me for not being able to help you. I also hope that Patriarch Huang can forgive me." Liu Xinhou hurriedly said.

"You..." Huang Dongsheng's face was pale, this Liu Xinhou is too unreliable.

However, he was also the emperor at the peak of the eighth stage. Although the so-called bystander was not as clear as Liu Xinhou, he also knew that the old man of great compassion was definitely not something he could resist.

What's more, the expressions of the four Huang Youlong confirmed this.

"go!"

His eyes flickered, he suddenly turned around and ran away, and even threw the four Huang Youlong in place.

As long as he escapes first, and then goes back to move rescue soldiers, he can still be rescued.

"Hehe, come as you want, leave as you want, is it that easy?"

A faint sneer sounded, as if the devil was speaking in his ears, and then buzzing, a terrifying spatial force swept over, and instantly enveloped the three of them in this space.

Realm enchantment?

The three of them were shocked and hurriedly urged the boundary barriers in their bodies, but it was useless. Their boundary barriers were in front of the opponent's boundary barriers and couldn't be used at all. Just as they diffused, they made a cracking sound. , Obviously not at the same level at all.

The three of them were so scared that their souls were dissipated. The other side's barrier was too strong, more than twice as strong as them? In the mid-term Martial Emperor, the opponent is definitely the mid-term Martial Emperor.

"broken!"

The three of them roared, ignoring the others, and hurriedly displayed various treasures, blasting on the barrier of the domain boundary like a raging wave, wanting to rush out of this place.

What kind of scene is this three initial peak Wuhuang shots with all their strength? Changing to a general mid-term martial emperor, I am afraid it may not be able to stop it, but it is a pity that they encountered an old man with great compassion.

The Old Man of Great Compassion is the peak Martial Sovereign in the middle of the eighth stage.

Hum!

The black giant hand stretched out, and the terrifying true essence squeezed towards the three of them, and the true essence shields on the three of them broke open, and their whole body was in pain.

The three of Huang Dongsheng were shocked, they were too strong, and the strength of each other was even higher than they imagined.

"Senior, the younger Liu Family Patriarch, accidentally came, and asked Senior to raise your hand." Liu Xinhou, Liu Family Patriarch said hurriedly.

"Since it's here, just stay." The old man of Great Compassion smiled, I don't know what Liu Family Patriarch!

He is now in favor of Qin Chen, fearing that there is no place to do meritorious service. How can he let such a good opportunity pass?

"Damn..."

Huang Dongsheng did not beg for mercy, because he knew that he would beg for mercy and the other party would not let him go. His eyes flashed, and he immediately looked at Zhuo Muxian with a hideous look on his face.

As long as Zhuo Muxian is taken down, maybe he can be taken hostage, then he can get away with it.

"Patriarch Liu, talk nonsense with him, take Patriarch Zhuo, I will have a glimmer of hope."

He snorted coldly, and suddenly rushed towards Zhuo Muxian, and then probing his hand, grabbing Zhuo Muxian's neck.

"In front of the old man, I actually want to make this trick." The old man Da Bei sneered and punched him.

Bang!

Patriarch Huang wanted to hide, but immediately found that his body was completely imprisoned, and it was difficult to lift a finger. Therefore, the punch hit him firmly and blasted him up.

"Huang Dongsheng, you framed my Zhuo Family, and today you sent someone to my Zhuo Family's Dan Tower to be wild. Are you really a bully of my Zhuo Family?"

Knowing that both Zhuo Qingfeng and Qin Chen are Medicine Kings, Zhuo Muxian's timid heart is completely let go. Thinking of the Huang Family deceiving him and framing their Zhuo Family these years, he suddenly got angry and rushed up, bang. There was a bang.

Huang Dongsheng screamed. Although he was the imperial Emperor Wu, the power in his body was unknowingly sealed at this moment, and he could only attack with his physique, but he was not specializing in physique, and Zhuo Muxian had half a step. Emperor Wu's cultivation base was beaten wildly by a group of blood, suddenly blood flying.

Bang bang bang, Zhuo Muxian vented his anger completely, and bombarded Huang Dongsheng constantly, making Huang Dongsheng scream and anger at the same time. He was beaten into a dog by a half-step martial emperor. , A great shame.

But now, the only thing he thought of was how to resolve this crisis.

If the mysterious strong man wants to kill him, he doesn't need to be so troublesome, right?

Therefore, since he has suffered from flesh and blood, there must be no risk of his life.

After playing almost half of the incense, Zhuo Muxian finally stopped, and he was almost out of breath.

The two masters of the Liu family have also been suppressed on the ground.

"Zhuo Muxian, what do you want to do?" Huang Dongsheng said coldly, lying on the ground.

"Huang Dongsheng, in a word, your Huang family will be wild at my Zhuo's house, and you can hand over one hundred and ten Wangpin pills, and you can let you go, otherwise, you will be suppressed at the entrance of my Danlou." Cold road.

"Wrong, just now when the Huang Family took the initiative, they damaged some of the floor tiles of the Danlou. Now it is 120 pills of Wangpin." Qin Chen said with a smile.

[Chapter 1259: This is what you said](#)

"One and two million pills of Wangpin, don't think about it..." Huang Dongsheng was anxious, did the Zhuo family want to rob? He took out all the medicines of the Huang family, not enough for 120 pills of Wangpin medicine. This is to make his Huang family go bankrupt.

"Snapped!"

Qin Chen stepped forward, his eyes cold instantly, and he threw out a slap in the face, flew out Huang Dongsheng heavily and fell to the ground.

"Smelly boy, do you dare to hit me?" Huang Dongsheng said in disbelief.

A young guy who is still nasty dare to beat him? He was so angry that he was about to explode.

"How about hitting you? Give you two options, one is to pay out compensation for the losses of the Zhuo family, and the second is to be suppressed by us here. You can choose yourself." Qin Chen said coldly.

"Boy, don't you want to be arrogant, do you know the background of my Huang Family? If you move us, you don't want to leave Alchemy City alive." The third elder roared, his eyes red.

The other elders and Huang Youlong and others also looked at Qin Chen murderously, with a glance of resentment and anger.

Who are they, the Huang Clan of Dandao City, is so embarrassed at this moment, is there any reason?

"Are you threatening Ben Xiao?" Qin Chen looked over coldly, and for some reason, being stared at by Qin Chen, everyone felt cold all over and felt stripped.

"Huh, is it a threat? You know it in your heart, kid, I think you are young, give you a piece of advice, don't get into trouble, let us go quickly, otherwise, you will be at your own risk." The third elder said proudly.

Qin Chen laughed anxiously. Are these guys' heads filled with mud? It's this time, where is the confidence?

"So, are you not going to pay compensation?" Qin Chen said with a smile.

"That's right, kid, kill us if there is something, or let us go." The third elder was not afraid.

Although he was sent under the fence, he was very confident that Qin Chen didn't dare to touch them at all. Didn't he see that Qin Chen hadn't killed a single person so far? This is Dan City. No matter how crazy this kid is, how dare he kill people in Dan City? His Huang family is not vegetarian either.

As for handing over one hundred and twenty pills of Wangpin, it was impossible. Once they were taken out, their Huang family would be injured, and they would never recover.

"Haha." Qin Chen smiled, with a bright smile.

But the next moment, his gaze suddenly became cold.

"This is what you said." He said coldly, and suddenly a bright sword light burst from his hand. "What?" The elder looked stunned. He didn't understand the meaning of what Qin Chen said. He saw a dazzling sword light flashing across his throat. His eyes widened, and he just wanted to stimulate the truth in his body. Yuan blocks, but forgets that he has been completely banned by the old man of Great Compassion.

I could only watch the dazzling sword light across his neck.

puff!

Blood flew horizontally, a big head shot up into the sky, and then fell to the ground with a thump.

Quiet!

Deathly silence!

The entire Danshi Square was sluggish, and everyone stared at the deadly third elder of the Huang Family, with unprecedented fear in their eyes.

This boy, actually dare to kill?

Some people who came early, although they had seen Qin Chen killed the guard of the Huang family before, they were just a small guard and it was harmless at all.

But now, Qin Chen actually killed the third elder of the Huang family, which...unbelievable.

This is one of the three elders of the Huang Family, the Emperor Wu at the beginning of the eighth stage, and now he has died here, his dilapidated body lying on the ground, blood flowing.

"Three Elders!"

The rest of Huang Dongsheng looked at Qin Chen in anger one by one, his eyes full of uncontrollable anger and killing intent, and... fear.

Yes, fear!

The root of their pride is that they don't believe that Qin Chen and the others will kill. Even if they are captured, they are just a shame. But if they hand over 120 pills of Wangpin, the Huang family will lose dozens of them. Savings over the years.

But now, they panic.

"Ben Shao said that I will give you two choices. The first one is to hand over the compensation, and the second one is suppressed here. If you still don't want to hand over, then you will kill them all. It is useless to stay anyway." Qin Chen said with a smile.

But this smile fell in the eyes of Huang Dongsheng and others, but it was like a devil, full of chill.

This guy is not a person at all, but a devil.

"You...you dare!" Huang Dongsheng trembled.

Kill the dignified Huang Family Patriarch and elders in Dan City. Does this guy want to guard against the sky? Not to mention that they have no background, even if they do, who would dare to do such a thing?

Qin Chen smiled lightly: "Look, I dare not!"

Huang Dongsheng's expression changed in an instant. I don't know why he has a feeling that although the young man in front of him is not big, he is definitely a man who says what he says.

There were only four martial emperors in the entire Huang family, and one had died now. If two more died, even if he was saved, the Huang family would be destroyed.

However, let him take out so many Wangpin pills at once, he really couldn't afford it. Qin Chen, no matter what the Huang family's thoughts were, waved his hand to the old man of Great Compassion, and said, "Old man, you can suppress a few of them here until they are willing to pay compensation. Well, since they are all shameless and do Lao Lai, then fulfill them and strip them all naked

Now, hanging here, let everyone see the fate of Lao Lai. "

"Well!" The old man Da Bei smiled and stepped forward.

"Hold on." Huang Dongsheng yelled hurriedly.

Stripped clothes hanging here, it is more uncomfortable than killing him.

"Why, are you willing to give it?" Qin Chen chuckled.

Huang Dongsheng is extremely frustrated. As a family head, he has a great background. Usually, who is not polite to him, and even praises the sky. However, when he encounters someone like Qin Chen who does not play cards according to common sense, he All of his various methods all of a sudden lost their effect.

He gritted his teeth and said: "I will!"

"Where is the pill?" Qin Chen stretched out his hand.

"I don't have so many pills on my body." Huang Dongsheng said humiliatingly.

"Want to take credit? I'm sorry, the shopkeeper doesn't take credit." Qin Chen patted Huang Dongsheng on the shoulder with a smile on his face. For the gold master, he naturally has a good temper.

"You said that you can pay with real stones." Huang Youlong suddenly called out.

"I've said so, but at least fifty pills of Wangpin pills are indispensable." Qin Chen said, "As long as you take out fifty pills of Wangpin pills, plus 350 million middle-grade real stones, I will be careless. When you paid in full." The Huang family's great martial emperors had to rummaged all over, first took out all the real stones in the storage ring, almost enough 300 million real stones, which of course is not enough, the remaining real stones Had to use elixir instead.

[Chapter 1260: We give](#)

Of course, Qin Chen wouldn't mind this. He was also a pharmacist anyway, and the elixir was a ready-made pill for him.

But the key Wangpin pill was far from enough. When a few people put it together, there were only less than 20 pills, which was far from fifty pills.

"We only have these pills." Huang Dongsheng gritted his teeth.

He already took out all the valuable things in the storage ring, but it was only enough.

Qin Chen said with a smile: "A few of them don't have them, aren't they in the shops? I've heard that the Huang family has several stores in this Dan City. It is impossible to even connect some Wangpin pill. Not for sale, right?"

In aristocratic stores like the Huang's family, there must be Wangpin pill for sale, otherwise, it would not be possible to make it so big in Dandao City.

puff!

Huang Dongsheng and several people are going to be dizzy. This is not giving them a chance to survive.

As soon as his eyes rolled, Huang Dongsheng said, "Of course we have them in the Huang's store, but the old man has to pick it up in person."

"No!" Qin Chen shook his head and pointed to a burly man in the Huang family: "Let him get it."

How he didn't know Huang Dongsheng's careful thinking, as long as he let the other party go away, the ghost would go to get the medicine pill, and the information would definitely be sent to the backstage of the pill pavilion.

"Impossible." Huang Dongsheng shook his head, "Wang Pin pill can only be drawn at the elder level. He is a guard and doesn't recognize it at all."

"Elder!" Qin Chen touched his chin, "That's fine, just go."

Qin Chen pointed a finger at a Wuhuang elder in the Huang family. The elder was happy, and before he went two steps out, he said lightly: "Give you time for a stick of incense, within a stick of incense, take the medicine. To redeem people, if there is more than one stick of incense, all the people of the Huang Family who are left behind, Ben Shao will be killed, not one will be left."

The elder suddenly felt cold and hurriedly said: "It's too late for a stick of incense."

"You can figure it out by yourself, just take a pill. How long can it take? And your Huang's shop is in this city. It is enough time to give you a stick of incense, or do you have other plans? "

The elder stopped speaking immediately and had no choice but to leave.

"As for the two of you, hand over 20 Wangpin Pills and you can go." Qin Chen said to Liu Xinhou again.

"what?"

The faces of Liu Xinhou and the elders of the Liu family suddenly turned ugly.

Twenty pills of Wangpin pills, although much less than those of the Huang family, their Liu family just broke in unintentionally, and they were wronged!

"If you don't think too much, you don't need to pay, but the consequences, haha." Qin Chen sneered looking at the dead elder Huang.

"Give it, we give it!"

Liu Xinhou sighed. No one can blame anyone for this incident today, but they can only blame them for having to take this muddy water.

The head of the Liu family took out the storage ring for a long time, and only took out ten Wangpin pills, and wanted to use real stones and elixir for the rest.

Qin Chen naturally didn't care, he was too lazy to care too much about this Liu family.

The head of the Liu family was overjoyed. After paying the compensation, he turned and left. Qin Chen didn't stop him. They didn't breathe a sigh of relief until they rushed out of the Dan City crowd. The other party really didn't do anything.

They were really frightened by Qin Chen's harsh methods and killed Huang's elders directly in Dan City. Does this person still have Wang Fa?

"Patriarch, should we just forget it?" The elder of the Liu family gritted his teeth and said fiercely.

"Then what do you want to do?" Liu Xin glanced at each other bitterly. If it weren't for the great elder to start rashly, they might run away as soon as possible, and the other party might not have looked into it.

"This son is not like an idiot. If you dare to do something like this, you must be dependent on it, and the Huang family is even worse than us, and it is even more impossible to swallow this breath. The big patron behind the Huang family is Jin Shengjie's deputy pavilion master, we can only if you can't help it, you can only recognize it."

Liu Xinhou sighed. Don't even look at the Liu family as a family of Alchemy City, but there are too many strong people in Alchemy City. If you make a mistake today, it is likely to end in an impossible situation, and he cannot tolerate his carelessness.

With the threat of Qin Chen, the second elder of the Huang family was not reckless. After a stick of incense, he finally rushed back and brought enough Wangpin medicine.

Qin Chen waved his hand, "I am a person who is always easy to talk. Now that you have paid the compensation, let's go, but next time, don't let Ben Shao catch him, otherwise, it won't be so easy."

Speak politely?

Huang Dongsheng and the others were about to faint, but sent Huang Huan to warn the Zhuo family. As a result, a Wuhuang elder died and compensated the Huang family for decades of savings. Are you so black?

"Are you grateful to me?" Qin Chen smiled and said, but his eyes were extremely dangerous.

"Grateful! Very grateful!" The four of Huang Dongsheng nodded quickly. The hero didn't suffer from the immediate loss. Of course, he couldn't irritate Qin Chen at all, but there were all resentments in his heart.

"Go." Qin Chen let the Huang family and his party leave largely.

The Huang family and others hurriedly left Zhuo's Danlou.

"Patriarch, what shall we do now?" Huang Youlong gritted his teeth as soon as he left Dan City. He was in pain and murderous.

Shame, an unprecedented shame.

"You wait here, I'll go to the Dan Pavilion immediately, today, if I don't kill this son, I, Huang Dongsheng, swear not to be a human being." Huang Dongsheng roared, his expression ferocious, like a devil.

"Master Qin, since you have done it, why don't you kill all these people and put them back, it is a disaster." Seeing Huang Dongsheng and others leave, the old man Da Bei asked from the side.

Qin Chen glanced at him: "I know how to fight and kill all day long, don't you understand how to convince people with virtue?"

Convince people with virtue?

The old man Dabei almost spit out yesterday's dinner. This guy convinces people with virtue? I have never seen him so dark.

"Little dust, what shall we do next?" Zhuo Muxian asked carefully from the side.

The people who killed the Huang family, blackmailed the Huang family, it was cool, but Zhuo's family inevitably felt a little nervous.

Although Qin Chen and Zhuo Qingfeng are both Medicine Kings, behind the Huang Family is the Deputy Pavilion Master Jin Shengjie of the Alchemy Pavilion. One of the three giants in the entire Alchemy City except for the Pavilion Master is no small thing.

Not only Zhuo Mu was nervous, but there were many people outside the Danlou who never left, pointing to Qin Chen and others.

Obviously they also know the background of the Huang family. If the Huang family is really such a bully, they won't be the one hegemon in this Dandao City. Qin Chen smiled and said, "Patriarch Zhuo, don't worry, now that Young Master Ben has done it, there will naturally be a solution. But then, don't stay in this Dan Tower. The Zhuo Family Dan Tower will be closed. Avoid the limelight for a while, the members of the Huang family will definitely come back for revenge, and wait for the limelight to pass.

Now, make a decision. "Qin Chen said and waved to Commander Jia who was hiding in the distance.
