[Chapter 1261: Qinghong Alchemist](#)

Commander Jia saw this scene, his forehead suddenly oozes cold sweat. Just now Qin Chen killed Huang's elders. He also saw the scene. The fierce and decisive methods made him tremble at it, and only asked Qin Chen to give himself. Forget it, I don't want to get involved in the fight of this god.

But Qin Chen waved his hand, and he couldn't remain indifferent. He ran over nervously, and said tremblingly, "Master, what do you want?"

"This Zhuoshi Danlou will be taken care of by you. If someone breaks it up, the young master can ask you."

"This..." Commander Jia's face suddenly became bitter. How could he take care of it? If the angry Huang family comes with Dange's people, he dare to stop?

"Forget it." Qin Chen patted him on the shoulder, and said with a smile: "I guess you can't take care of it. Whatever, if someone comes here to make trouble, you just need to record who it is, and you don't care about the others."

Commander Jia was relieved and repeatedly said yes.

"As for us." Qin Chen looked at Zhuo Qingfeng and said with a smile: "Go, go to Xuan Yi Yao Wang!"

Knowing the situation of the Zhuo family, Qin Chen should also go to see the King Xuan Yi Yao.

Zhuo Qingfeng's heart shuddered, knowing that Shao Chen had to do business.

The group immediately walked out of Dan City.

The crowds who watched the outside of Zhuo's Danlou also dispersed, but there were still many people following Qin Chen and others. Obviously they knew that the Huang family would never let it go, maybe there will be another big battle soon. Happened, naturally I don't want to miss it.

Qin Chen didn't bother to pay attention to the onlookers who followed him, and just walked away.

"Qin Chen?"

The group had just left the city of Pill, only to see a pill boy approaching, he looked only seventeen or eighteen years old, and his cultivation level was only six levels, but he looked proud.

I saw him wearing a Dantong robe, and there was a blue Feihong engraved on his chest, which was extremely eye-catching.

Seeing him coming, everyone showed awe-inspiring expressions, and even those Martial Emperors and Alchemists were no exception, one after another gave way.

They are not in awe of this Dantong, but the person he represents.

Alchemy Master Qinghong!

Alchemist Qinghong is one of the most powerful alchemists in Alchemy City, the most famous alchemist in Alchemy City, and one of the three deputy chiefs of Alchemy Pavilion.

The three deputy chiefs of Alchemy City are Kang Youming, Jin Shengjie, and Qinghong Alchemy. Among them, Qinghong Alchemy is the most popular.

It's not that he is the strongest, but the other two deputy pavilion masters, who live in simplicity and rarely show up in public, only this Qinghong alchemist does not shy away from showing up. He often walks among the masses, even when he is in a good mood. He received some visitors, so many people knew him.

The cyan Feihong engraved on Dantong's chest is one of his symbols. Dantong who can wear this kind of Dantong robe is often the closest personal Dantong around Alchemy Qinghong.

"I am." Qin Chen smiled slightly.

Dan Tong was a little lazy, and said, "My adults would like to invite you."

"Your lord?" Qin Chen asked, he didn't recognize this Dantong.

That Dantong showed a touch of arrogance, and said: "You don't even know my adult, you can still be a pharmacist. I don't know why my adult wants me to come to you, and you have been looking for me for a long time!"

Qin Chen laughed, his eyes cold.

Whether I can be a pharmacist or not, is your nonsense to decide? What are you?

He put his hands behind his back and said, "Hehe, I really don't know who your grown-up is, and what are you, worthy of talking to me like this?"

In terms of martial arts strength, he is comparable to Wu Huang, and in terms of the level of a pharmacist, he is even more difficult to find an opponent.

But this Dantong? The martial arts cultivation is a mere martial master, and as a pill boy, no matter how great, the cultivation of the fourth and fifth grade alchemist is actually arrogant, and I don't know who gave him the courage?

roll!

Na Dantong couldn't help but tremble with anger, and pointed to Qin Chen and said, "You are so bold, you dare to insult me!"

"Can't you be scolded? You are not a thing in the first place, you are still showing off in front of me!" Qin Chen didn't care, "Let me ask you, what qualifications do you have to sit on an equal footing with me?"

"I...I..." Dan Tong was speechless. He was able to be so arrogant. Naturally, everything was due to Alchemy Master Qinghong, himself, not to mention it was worthless, at least there was nothing to squeeze.

Mainly because he is usually arrogant. As the personal pill boy of Alchemy Qinghong, who is not polite to him wherever he goes? When the Wuhuang strongmen saw him, they would kindly call Alchemy He, and the elders of Alchemy Pavilion also smiled and nodded when they saw him.

Earlier, he got an order from his own adult to find a young man named Qin Chen. After searching for a long time, he found out that he was in Dan City, and his heart was inevitably angry. This was a bad attitude. Unexpectedly, the other party was even more arrogant than him.

It's lawless.

Because of the frequent appearances of Alchemy Master Qinghong, many Wuhuang masters and alchemists respect him. As the personal elixir of Master Qinghong, there are countless people who want to ask him. Anyone who meets Alchemy Master Qinghong, He needs to be familiar with, and then he has developed such a temper.

But now, a little boy, dare to point to his nose and curse?

How can he accept it?

Especially Qin Chen looked not much bigger than him.

"Qin Chen, you are too much!" Dan Tong shouted sharply, "offend me, you will be unable to move in Dandao City."

"Hehe, is it? Then I'll go and show you."

Qin Chen didn't bother to pay attention to the other party, and walked away. He didn't know where the stupidity came from. Without a word, he just pretended to be garlic in front of him.

Seeing this scene, everyone shook their heads, all speechless.

Is this kid too crazy?

Not to mention that the elder who killed the Huang family before, now he actually offended Alchemist Qinghong's Dantong.

Although the Huang family is strong, it is only an aristocratic family in Alchemy City. Offending is also offending. If you have some background in Alchemy, you can at least argue.

But now standing in front of you is Dan Tong, the deputy chief of the Dan Pavilion, you are still so crazy, is this going against the sky?

This Dantong's surname is the personal Dantong of Master Qinghong. Even the elders of the common medicine king in the Dange will give face when they see the other party. As a confidant of the deputy chief of Dange, this He Dantong possesses great authority, and almost no one dares to offend him.

But Qin Chen? Insulting directly, everyone had to write a blessing in their hearts.

"You stop for me." He Dantong roared immediately when Qin Chen went straight away.

"What do you want to do? Say something quickly, let go of a fart, inexplicable." Qin Chen turned his head and said coldly.

He Dantong was anxious and said angrily: "Do you know, who is my adult?"

"Who is it?" Qin Chen was really curious, who cultivated such a powerful pill boy, yelling at himself as a medicine king as pill boy? Qin Chen didn't know, he really wronged He Dantong, because He Dantong didn't know his deeds and identity at all, otherwise, no matter how arrogant he was, he wouldn't be so arrogant.

[Chapter 1262: You scold me to try](#)

Then He Dantong, who always manages medicine refining in Master Qinghong's pharmacy, is so busy that there are few opportunities to come out, and he has not walked in the pill pavilion for many days.

Therefore, he did not know what had just happened in the Pill Pavilion. Naturally, he did not know the conflict between Qin Chen and Jinzhou Shengzi, nor did he know that Qin Chen had passed the Medicine King examination and was the news of a young pill genius.

He just suddenly received an order from Master Qinghong to find a medicine alchemist named Qin Chen and invited him over, so he inquired all the way and came to the city of Pill.

Regarding Qin Chen, he only knew that the other party was a talented pharmacist with a good talent. Any pharmacist in the alchemy pavilion mentioned this person with a secretive look. As for how awesome Qin Chen was, he didn't quite understand.

If he were to know that Qin Chen was a few years older than him, he would already be a Seven-Rank Medicine King, and he would not dare to be so arrogant if he was directly certified as the elder Huangfu Nan to be named the elder of internal affairs.

Therefore, he looked arrogant, and said arrogantly: "Keep your ears ready, my lord is Dange Qinghong Alchemy Master. I should have heard that your kid has a good talent. I want to give you some advice and give you some advice. Future, if you are acquainted, hurry up and thank you, and come with me."

In his imagination, the reason why Alchemy Master Qinghong wanted to find this Qin Chen was because he heard that Qin Chen had a good talent, so he wanted to mention something, and received it under his command.

He has done such things several times, and he is no stranger.

Therefore, after saying this, his nostrils were up and his eyes were looking at the sky. After Qin Chen was shocked, he knelt and apologized.

But who knows that after waiting for a long time, there was no movement at all, and when he looked down, he found that Qin Chen looked at him like an idiot.

"You, don't you want to thank you?" He Dantong said sharply with a look of disbelief.

In the past, after hearing that it was the invitation of Alchemy Master Qinghong, a pharmacist knelt down and thanked him without excitement, but this kid didn't move.

This... won't it be exciting to become stupid?

Think about it, too, a young pharmacist can be summoned by the deputy chief of the alchemy pavilion, and when shocked, he can understand it before he can react.

Therefore, he still looked proud and waited for Qin Chen to react.

Unexpectedly, he waited for a long time, but saw Qin Chen frowning and said with a look of doubt: "Who is Alchemy Master Qinghong? Never heard of it!"

puff!

He Dantong spewed out old blood on the spot.

As the alchemist of the pill pavilion, there is no one who has ever heard of the pill master Qinghong, how could it be possible?

"You... bold!" He suddenly furious.

In his opinion, how could Qin Chen never heard of Alchemy Qinghong, he said that he simply did not put Alchemy Qinghong in his eyes and deliberately found fault.

The anger surged instantly.

Okay, this is a nasty thing, not only dared to insult himself, but also dared to insult Alchemy Qinghong.

"Boy, do you want to die?" He Dantong shouted sharply, his eyes red, and his hair stood up like his dead parents.

"Little dust, Alchemy Master Qinghong is one of the three deputy masters of the Pill Pavilion, the master of Saint Xi Aoling." Zhuo Muxian reminded from the side.

"Oh!" Qin Chen knew.

It turned out to be the three deputy chiefs of the Pill Pavilion. No wonder this pill boy is so powerful. That's right. Following the deputy master of the Pill Pavilion, even if the alchemist in the Pill Pavilion sees it, I am afraid that this person should be respectful. , After a long time, can you not be arrogant?

However, as Alchemy Master Qinghong, as the deputy chief of the Pill Pavilion, what did he ask himself to do in the past? Is it to admire yourself, or to suppress yourself?

Qin Chen didn't want to know, and didn't bother to know, at least this He Dantong's attitude made him not want to have any intersection with this Qinghong alchemist. What kind of humility would be the alchemist who can cultivate such an arrogant alchemist. man of? Not necessarily!

What's more, what about the Qinghong Alchemy Master even if he is the deputy pavilion master? Just send someone to let yourself go to see him, and even kneel down to thank you, sorry, he is not that cheap yet. So he snorted and said, "You are just a dog. What is your name? Don't forget, everything about you is given by others. As for yourself, it's just a rubbish. Others fear you, not you. People are just afraid of Alchemy Qinghong behind you, they are also crazy here

Proud, ridiculous! "

"You...you..." He Dantong hissed, trembling all over, he had never been so contemptuous before, he must bow his head in front of him.

Qin Chen smiled and said, "I don't have the same knowledge as scum, so I leaned aside, don't stand in the way."

Seeing Qin Chen about to leave, He Dantong hurriedly jumped out, stretched out his hand and said, "You are not allowed to go!"

"Why, do you want to do it with me?" Qin Chen smiled. "I'm afraid you won't succeed!" He Dantong was pretentious at first, and besides, he didn't know much about Qin Chen's situation. In his opinion, he is the pill boy of Alchemy Master Qinghong, representing the face of Alchemy Master Qinghong. Even if the cultivation base is not as good as the opponent, if he wants to make a move, can the opponent really dare to fight back?

?

Therefore, even though Qin Chen is crowded with people, he is not worried at all.

But when many onlookers heard this, their faces suddenly showed a strange look.

This sounded familiar. By the way, the elders of the Huang family seemed to have said this before, but now they have long since become a pile of debris.

"Master He, no!" Someone flattered and quickly told Qin Chen's previous deeds.

My mother!

He Dantong suddenly twitched the corners of his mouth. This guy was so daring. He had just killed someone in this Dan city just now, and he was also the Wuhuang elder of the Huang family of the Dandao city family? Isn't this kid a lunatic?

Suddenly, my heart felt cold, and I only felt cold air rushing over my head.

Although he was the pill boy of Alchemy Master Qinghong, he didn't care about the elders of any family, but he did not have the courage to openly kill a Wuhuang elder in this pill city.

Therefore, his momentum suddenly weakened, but because he was used to being arrogant and domineering, he immediately raised his chest and said, "I will not do anything with a barbarian like you. If you humiliate me, you are humiliating Alchemy Qinghong and the whole Dan Dao City! Who will agree to let you mess around here!"

Qin Chen couldn't help but laugh, and said: "You are really thick-skinned, the little pill boy, at most only a fifth-rank alchemist, a mere sixth-order martial artist, actually said that to insult you is to insult the entire Pill City? Do you follow the power of Alchemy Master Qinghong?"

"Hmph, you know it!" He Dantong was a little proud. This is not the first time he has faked his power. Even many emperors have to bow their heads in front of him.

Qin Chen nodded, and said, "If you have the ability, you scold me for a try?"

"What about scolding you? You bitch, I scold you a hundred times..."

"Snapped!"

He Dantong hadn't finished saying a word, he was lifted up by Qin Chen's neck. Naturally, he couldn't speak anymore, his feet were kicking in a hurry and his face turned green.

"Everyone has heard it. He scolded me." Qin Chen shrugged, seemingly innocent, "I'm a dignified Seven-Rank Medicine King, this little pill boy actually dare to scold me, where to put the rules of Pill City Where are the elders and children?" When the voice fell, he sneered and slapped up.

[Chapter 1263: Turned out to be the King of Medicine](#)

This palm was very hard, He Dantong opened his mouth directly, spit out a mouthful of blood, and a few broken teeth, half of his cheek swelled at a speed visible to the naked eye.

Hiss, everyone is shocked.

The so-called dog-fighting depends on the owner. The owner is Alchemy Qinghong, one of the top figures in Alchemy City, and one of the three deputy pavilion masters. Can you teach it?

But what shocked everyone even more was the sentence Qin Chen said just now.

"What? This son turned out to be the King of Seven Drugs?"

"How is it possible? The youngest three alchemy saints in my alchemy city are all in their thirties who have broken through the realm of the medicine king. This son is only about 20, and he is actually a seventh-grade medicine king? joke?"

"Aren't you talking nonsense on purpose?"

"But who would dare to pretend to be the King of Medicine in Pill Pavilion? This is no better than hitting He Dantong. The matter is a big deal. No matter how great the background is, he can't be saved."

Everyone was shocked, they were speechless, one by one in disbelief, and their eyes burst out.

The twenty-year-old Medicine King was really too exaggerated, and everyone couldn't believe it was true.

"Okay, okay, okay, kid, how dare you pretend to be the Seven-Rank Medicine King, do you know if you are dead? You are dead."

He Dantong was slapped in such a slap, and he only felt that his head was full of gold stars, and he was muddled. He heard what Qin Chen said, but he became more excited and his voice was sharp.

How dare this kid pretend to be the King of Medicine?

This is a big crime to be executed!

The ranks of pharmacists are distinct, and at each level, there is a huge difference in treatment. This also leads to the strict control of the ranks of the alchemists in the Dange.

For example, in the previous conflict between Pill Pavilion Qin Chen and Jinzhou Shengzi, if Qin Chen was just an ordinary pharmacist, it would be an unforgivable sin.

But once he passed the assessment of the King of Medicine, it was a conflict between pharmacists at the same level, and he could fight **** reason. Even the identity of the son of Wei Jinzhou would only bring him a little convenience and would not change things. ending.

It can be seen that the same thing, different identities, will be different in the treatment results of the Dange, and the level of control of the alchemist is naturally extremely strict.

The Yaozun is the Yaozun, and the Yaowang is the Yaowang. Any pharmacist must not arbitrarily conceal or tamper with his identity, otherwise, once found, he will be severely punished, expelled from the altar, or executed on the spot.

"Haha, pretending to be the King of Medicine? Do you need to do this? Open your dog's eyes and see clearly, what is this?"

Qin Chen was too lazy to talk nonsense, and directly took out the Medicine King token and showed it in front of He Dantong.

"This...this...this..." He Dantong's eyes were round, and his body trembled like chaff, making the whole person stupid.

Medicine King token?

And based on his insights, it is natural to see that this Medicine King token was definitely put by Lord Alchemy City Pill, not fake.

"Are you really a Medicine King?" He murmured, feeling cold all over, his mind dizzy, and his thinking stopped.

No, this boy is really a medicine king?

Everyone was stunned when they saw it.

"Hey, I seem to have heard my friend mention that today there is indeed a talented alchemist in Pill Pavilion who has authenticated the identity of the King of Medicine."

"I have also heard about it. It is said that the Dange certified elder personally certified it. There was a huge disturbance in the square outside the Dange. Unfortunately, I was not there and could not see it."

"I've also heard about it, and I heard that the young man beat the Jinzhou Shengzi wildly in the Dan Pavilion, but it turned out that it was the Jinzhou Shengzi who acted first, and Yao Wang was acquitted that day."

"Could it be this guy in front of you?"

Everyone was shocked and talked.

Qin Chen's certification of the Medicine King in the Pill Pavilion caused a lot of trouble in the entire Pill Road City. Naturally, there are countless warriors who have heard of it.

Of course, the people who actually witnessed on the spot were numerous and mighty, but most of them were alchemists, and compared with the huge population of Dandao City, they were actually less than one percent, or even one thousandth.

This also led to the fact that almost no one at the scene saw the certification with their own eyes, but many people heard about it.

Now Qin Chen exploded himself as the Medicine King, and took out the Medicine King token, which immediately caused the group to respond that Qin Chen was the genius Medicine King.

scare!

Everyone was shocked and looked at Qin Chen in shock.

This boy turned out to be the King of Medicine that day? But this is too young, right?

In fact, many people have heard of Qin Chen's deeds, but the reason why everyone didn't think of Qin Chen about the newly promoted Medicine King before was because Qin Chen was too young.

In their opinion, although it is said that the newly promoted Medicine King is very young and even more talented than the three saints, it still has to be around thirty.

But now...

puff!

Yao Wang, who is about twenty years old, is this going to heaven?

"You, are you really the King of Medicine?" He Dantong was already frightened, his face turned pale, as if he had applied a layer of powder, without a trace of blood.

"Otherwise, what do you think?" Qin Chen sneered, "You little pill boy, dare to insult me, the king of medicine, do you know the rules of pill pavilion? Have you put seniors in your eyes? I will give you some today. Lesson, let you know, the fate of offending the ancestors."

Happiness!

When the words fell, Qin Chen just pumped wildly, flying only the blood drawn by He Dantong, his face was swollen like a steamed bun, red and purple, and purple and black.

It wasn't until the heart of hitting was happy that he threw He Dantong aside.

When everyone saw this, they were dumbfounded and dumbfounded.

But the problem is that Qin Chen is still very reasonable.

If you are a little Dantong dare to insult the Seven-Rank Medicine King, what is the hierarchy?

There are no rules, why Chengfangyuan?

Even if this lawsuit hits Alchemy Master Qinghong, there is nothing wrong with it.

"let's go."

After smoking He Dantong, Qin Chen took Zhuo Qingfeng and his party, turned and left.

Everyone looked at Qin Chen's back, and at He Dantong who was still groaning on the ground, a sense of admiration rose from the bottom of their hearts.

This kid is really awesome.

Even if he is the King of Medicine, He Dantong is also the princess of the deputy pavilion master at any rate, and it depends on the owner to hit the dog. This slap is justified, but the enemy can be considered as taking over.

A deputy pavilion master, even if he can't deal with you a medicine king at will, he can still easily stumble you.

Combined with Qin Chen's actions towards the Huang family, everyone would understand why he was so confident.

It's a pity that I'm still too young. I heard that the big backer behind the Huang family is the deputy chief of Jin Shengjie. Before this guy beat the son of Jinzhou under the deputy chief of Kang Youming. He Dantong beat him.

I drop obediently, he is equivalent to offending all the three major deputy pavilions of Pill Pavilion!

Even if you are the King of Medicine, there is no need to be so arrogant, right? Everyone looked at Qin Chen with a big suit on their faces.

[Chapter 1264: Self taught](#)

"Little dust, you have beaten Alchemy Master Qinghong's Dantong like that, a bit reckless, right?" Zhuo Qingfeng couldn't help but said on the way.

He Dantong was a little arrogant, but being like this was definitely not a good thing for Qin Chen who wanted to develop in Pill City.

"Haha, don't worry, Ben Shao has his own opinions!" Qin Chen smiled lightly, but didn't care.

He dared to make such a move, naturally he had his own considerations, and he was not completely arrogant.

First of all, Alchemy Qinghong came to invite him at this time, but it was a bit weird, it was nothing more than two possibilities.

The first is to be very optimistic about him, only then will someone invite him over, in order to make a good relationship. So, as long as this master is a normal person, he won't listen to He Dantong's side words.

After all, it was indeed He Dantong who was arrogant in the front, and his own counterattack was behind.

Second, even if Alchemy Qinghong is fooled, there is no loss to himself, because Alchemy Qinghong is only a pavilion master, and there is already a saint under his command. It is absolutely impossible to ban his saint. , Let yourself be the Son of God.

But Qin Chen's goal is to become the saint son of Pill Road City. Although Alchemist Qinghong is the deputy pavilion master, he can't help him at all. If he is provoked by He Dantong, he will offend him. Offended, harmless.

What Qin Chen cares most is the view of the Pill Pavilion Master. Only he can decide his own destiny.

But in the eyes of Pavilion Master Pill, one side is a young and terrifying genius alchemist, and the other is just a pill boy. Who do you think the pavilion master will favor? What's more, he is still on the side of reason.

Of course, when Alchemy Master Qinghong invited him, there is a second possibility, that is, he couldn't understand what he did in the alchemy and called him to teach him and suppress him in the past.

Not to mention, it's better to hit He Dantong, others are ready to teach you, don't you really thank you if you don't fight back?

Therefore, Qin Chen didn't bother about what happened just now.

The group first went to the Dan Pavilion to meet Zhuo Qingfeng's senior brother Jiao Jialiang, and then led by Jiao Jialiang to the residence of Xuan Yi Yao Wang.

The residence of King Xuan Yi Yao Wang is located near the Dan Pavilion. It is the most luxurious area in Dan Dao City. Although the location is good, the decoration is very simple, and it is not so magnificent, but it has a sense of returning to the original.

Upon hearing the news of Zhuo Qingfeng's arrival, Xuan Yi Yao Wang quickly received Qin Chen and others.

The servant led the group into the mansion, and an elderly man was already waiting in the reception room.

This person has gray beard and looks tired, giving people a feeling of ending.

"Master."

Seeing the old man, Zhuo Qingfeng knelt down and burst into tears. Compared with fifty years ago, the master was too old.

He especially remembered that the master was still the most promising deputy pavilion master of Dandao City, and he was even expected to inherit the position of pavilion chief. However, fifty years later, King Xuan Yi Yao became a lonely old man, which made people embarrassed. .

"Qingfeng, you finally came back."

When Xuan Yi Yao Wang saw Zhuo Qingfeng, his body trembled in tears, and his body trembled: "I heard about you from your senior brother Jiao before, and I couldn't believe it. I didn't expect you to actually come back."

The old man whispered Zhuo Qingfeng with his hands, showing that he still loved Zhuo Qingfeng extremely. The two parties first talked about their own affairs, and then Xuan Yi Yao Wang excitedly said to Zhuo Qingfeng: "I heard that you have broken through the Yao Wang realm. Okay, my Xuan Yi disciples are not mediocre. I didn't expect you to be like that. I can break through the King of Medicine in the environment, I really didn't expect to be a teacher, okay

!"

Xuan Yi Yao Wang couldn't help sighing.

When Zhuo Qingfeng was sent to the land of a hundred dynasties, although he had told the other party that as long as Zhuo Qingfeng could break through the Medicine King, he would be able to return to Alchemy City, but it was just a thought. He did not expect Zhuo Qingfeng to return. . "Master, I want to introduce to you." Zhuo Qingfeng hurriedly introduced Qin Chen to Xuan Yi Yao Wang: "This is Xiao Chen. It is really because of the help of Xiao Chen that my innate mental strength is weak and I feel the shortcomings. Only after cure can the disciple enter the realm of the Seven-Rank Medicine King.

, In fact, it is all due to less dust. "

"Qin Chen, I have seen Xuanyi Medicine King!" Qin Chen said with a smile.

"What? He cured your congenital mental weakness?" Xuan Yi Yao Wang was taken aback.

Congenital mental weakness is an extremely serious defect. Sylphy Medicine King didn't notice it back then, but that these diseases were congenital, and even he was unable to treat them.

This was also the reason why he felt that it was difficult for Zhuo Qingfeng to break through to become the Seventh Stage Medicine King, but he did not expect that he was cured.

He looked at Qin Chen and felt even more shocked. He was too young. Although he heard Jiao Jialiang talked about Qin Chen, he was still a little surprised when he saw Qin Chen in person.

"Your Excellency, are you from the land of a hundred dynasties?"

Xuan Yi Yao Wang's gaze condensed, and a sharp glow burst out of his originally muddy eyes, like a sharp blade flying across the sky, giving people a feeling of not daring to look at them.

Qin Chen darkly, this Xuanyi Medicine King is worthy of being one of the four deputy pavilions back then, even if his life span is short, he still has a strong momentum.

He nodded and said: "The junior is exactly."

"I heard that you want to become the saint son of Alchemy City?" Xuan Yi Yao Wang Ning said.

Qin Chen smiled and said, "Yes, the junior came this time because he wanted seniors to recommend the junior to become the Saint Child of Alchemy City."

Zhuo Qingfeng hurriedly said: "Master, Chen Shao is very terrifying in alchemy. Brother Jiao has seen this in Alchemy before. As long as Master recommends Chen Shao as a holy son, it will surely suppress the other three. The person recommended by the deputy pavilion master will rectify your name for you."

"Don't talk first." Xuan Yi Yao Wang said to Zhuo Qingfeng, then stared at Qin Chen, and said in a deep voice: "Your excellency is super talented. You are the Seventh Product Medicine King at a young age. What you want to learn is also vast. Where do you learn from?"

"The younger generation is self-study." Qin Chen said.

"It's ridiculous, how can one be self-taught without a master?" Xuan Yi Yao Wang sneered.

Over the years, Sylphy Medicine King has experienced too much, and now a genius alchemist suddenly appeared, and it was not long before the death of his subordinate Lu Wencheng Shengzi, so he did not doubt in his heart.

It was Jialiang Jialiang once said that Qin Chen's appearance was too coincidental, and the death of the son of Wencheng was very likely to be a conspiracy that made Xuanyi Medicine King have to beware.

What's more, how could a talented pharmacist suddenly appear? The path of alchemy is vast and boundless, without a strong master's teaching, every step of improvement requires a lot of experience and guidance, and it is impossible to appear rashly like a warrior. I didn't see people like Saint Lu Wencheng, who received a lot of guidance in Alchemy City and broke through at the seventh rank of Martial King in his thirties. Qin Chen, a man of hundreds of dynasties, actually broke through the seventh rank at the age of twenty. How can he believe it.

[Chapter 1265: It's up to people](#)

"Master, Chen Shao and his disciples have gone through many dangers along the way. There is absolutely no problem. Please Master Zhuo Qingfeng hastily said.

"Qingfeng, you have been delegated since you were a child, so you don't know much about it. It's easy to be deceived. This is not as simple as you think." Xuan Yi Yao Wang said coldly.

His guess is not just a coincidence.

Alchemy City is the core place of alchemists in the Northern Heavens. Generally, like alchemists from the land of a hundred dynasties, no matter how talented they are, they have a mentality of pilgrimage when they come to Alchemy City.

Seeing a person like myself, although not trembling, but also respectful and pious.

But since Qin Chen came in, he was neither humble nor overbearing, especially when he looked at him with a trace of scrutiny and exploration, so that King Xuan Yi Yao knew instantly that the origin of Qin Chen was definitely not simple.

A pharmacist in a land of hundreds of dynasties, no matter how genius, would never have such a state of mind and attitude. This has nothing to do with talent, but the environment.

Although he didn't dare to say that Qin Chen must have any malice towards him, but his origin must be weird. After encountering so many, he was already discouraged, and he was too lazy to care about too much.

His only hope is to make his disciple Zhuo Qingfeng wake up, at least not to be used by people with ulterior motives.

That's it.

Qin Chen smiled slightly and said, "Senior is concerned, but junior can understand it, but the junior came here this time without any malicious intent. There is a letter from junior here, and I invite senior to take a look."

When he lifted his hand, a letter flew out and landed on the table in front of Xuan Yi Yao Wang.

"Believe?" Xuan Yi Yao Wang was taken aback.

Zhuo Qingfeng was also a little stunned. Who on earth wrote Shao Chen's letter?

Xuan Yi Yao Wang opened the envelope and took a closer look, suddenly staring blankly.

"You... are you from Medicine Emperor Valley?"

A sharp light burst into his eyes, and his body trembled.

Medicine Emperor Valley?

Qin Chen was puzzled, but smiled and said, "The disciple is only related to Yaohuanggu. The purpose of this letter is to prove the innocence of the younger generation. As for the younger generation's desire to be the saint son, it is also for other reasons."

His letter was written by the owner of the Medicine King Garden.

After knowing that Qin Chen was coming to Pill Dao City, the Master of Medicine King Garden personally wrote such a letter to Qin Chen, telling Qin Chen that he and Bei Tianyu Pill Dao City still have some origins. If you encounter trouble, You can take out this letter, at least it can give him some convenience.

Qin Chen knew that the Master of Medicine King and Xuanyi Medicine King knew each other, and they were from the Martial Domain, and were also a certain alchemy power, but did not refuse. Now they took it out, and it really worked.

What Qin Chen didn't expect was that the Master of the Medicine King was originally a disciple of the force called Yaohuanggu in Wuyu.

The reason why she is so secretive is that there should be some reason, which is probably related to the Misty Palace.

So he said: "The identity of the junior, please keep the seniors confidential, so as not to cause unnecessary trouble."

Xuan Yi Yao Wang smiled bitterly, "Since you are related to Yao Huang Gu, it seems that I think too much, but you should not have too much hope about the Saint Son."

"Why?" Qin Chen wondered.

Xuan Yi Yao Wang said in a deep voice: "The matter of the saint son is very important, and the competition is fierce. It is absolutely impossible for Kang Youming to re-elect a saint son. The risk is so great that you may not know it."

He told the story of Lu Wencheng Shengzi, and even the death of Lu Wencheng Shengzi was very likely to be framed by others, and it was not blocked.

These people deliberately assassinated the saint son selected by Sylphy Medicine King, how could they make Sylphy Medicine King elect another saint son?

Qin Chen smiled faintly, and said, "It's up to people to do things, and it's up to things to happen. Seniors only need to choose juniors. As for other things, it's up to the juniors themselves."

"Aren't you afraid?" Xuan Yi Yao Wang looked over in surprise.

Qin Chen smiled and said, "They should be the ones to be afraid of. Besides, the seniors were so miserably harmed by these people, don't you want to justify yourself? Even if the seniors are indifferent to fame and fortune, and have lofty temperaments, but the death of Lu Wencheng, the senior Don't want to avenge him?"

Qin Chen shot a sharp light in his eyes, saying: "The younger generation has also been in contact with the Huang family and Zhuo family before. The younger generation is sure that Lu Wencheng is the son of the Huang family. He is absolutely inseparable from the Huang family. It is very possible to kill Lu Wen became the son of the Huang family."

"Could the senior be able to watch his disciple and die so tragically under the conspiracy of others, but can't get revenge?"

Xuan Yi Yao Wang's face changed.

After the death of Shengzi Lu Wencheng, he has been immersed in sorrow, and even lost his fighting spirit. The grief of the white-haired person sending off the black-haired person makes him difficult to extricate himself.

But now, Qin Chen's words are like an initiation, making him deaf. "Okay." He laughed, the whole figure seemed to be reborn, with an unprecedented momentum blooming, Hong said: "Since your Excellency wants to take a dip in the muddy water, the old man definitely has no reason to refuse. I don't have many years to live, so I'll spend time with you

Make trouble. "

Xuan Yi Yao Wang seemed to be a different person, and his twilight energy was swept away.

"Jiao Jialiang, prepare a letter of advice, I Xuan Yi wants to re-establish the saint son." He said loudly, full of fighting spirit.

"Yes, Master." Jiao Jialiang was overjoyed, respectfully and authentically.

Soon, Xuan Yi Yao Wang, who had been silent for several months, came to the Pill Pavilion for the first time, and wrote to the Pill Pavilion to re-establish the Saint Child.

As soon as this news came out, the entire Dandao City became a sensation.

Cause an uproar.

"How can Qin Chen and He De be elected as a saint son by Xuan Yi Yao Wang?"

"Is this old thing Xuan Yi confused? Just as soon as the son of Lu Wencheng died, he wanted to recommend the second son. What did he regard as the son?"

"The four great saints were set up by the pavilion master himself a few years ago, how can they be arbitrarily added?"

"Naughty!"

"Sylphy Medicine King might be dissatisfied in his heart and made a stupid decision deliberately, right?"

The crowd shook and talked.

In particular, the elders of the three deputy cabinet chiefs expressed their opposition and continued to speak out.

Before, Qin Chen had openly stated that he wanted to be a saint son in the square outside the pill pavilion, but everyone did not express his position. That was because the saint son could not be easily served, but needed to be elected instead of having the strength. can.

But now, the official recommendation of Sylphy Medicine King immediately caused huge fluctuations in the Dan Pavilion, and it was also bounced back by all major forces.

However, Sylphy Medicine King was there after all. His proposal was naturally unable to be suppressed, and was immediately delivered to the pavilion master.

The next day, the pavilion master issued an announcement to solicit opinions on the Xuan Yi Yao Wang line of preparing to re-establish the son. In an instant, various opinions flew into the hands of the pavilion master like snowflakes, and more than half of them expressed protest.

[Chapter 1266: Please](#)

Some of them said that Qin Chen's origins were unknown. Once he arrived in the Pill Pavilion, he was arrogant and even dared to take action against the King of Jinzhou. Dare to fight against the son, it can be seen that he regards the rules as nothing.

Such a character, arrogant and domineering, knows no respect, how can he serve as a saint?

It was also said that after Qin Chen's assessment of the Medicine King, he did evil in the Pill City, and even fought, using his identity as the Medicine King, to insult the Huang family of the Pill City family.

The Huang family was diligent and conscientious in Dandao City. It was one of the most famous families in Dandao City. However, he suffered abuse from the other side. Even the elders of Emperor Wu were beheaded by the other party. Such an arrogant and domineering person, if he becomes a holy son, it is true. It is the disaster of Dan Daocheng.

Some people spread the news that Qin Chen not only killed Huang's elders in the city of Pill, but also openly assaulted the personal pill boy of Alchemy Master Qinghong, bullying others, using the respect of the king of medicine to attack the little pill boy, showing his strength and heart. sinister.

What qualifications does such a person have to serve as a holy son?

Suddenly, various rumors spread out, and they all spread to the place of the Dan Pavilion pavilion, and they were clamoring.

Everyone was shocked, and only then discovered that although Qin Chen had just arrived in the Dan Pavilion, he had done so many important things and directly offended all the three deputy pavilions of the Dan Pavilion.

Strong, too strong.

Qin Chen claims to be second in terms of his ability to cause trouble, and I am afraid that no one would dare to rank first.

Suddenly, the people of Dandao City became more and more curious about Qin Chen. It was true that this person had offended the three deputy pavilion masters in a short period of time. How could anyone compare with this ability to cause trouble?

Of course, in addition to scolding Qin Chen and slandering Qin Chen, there are also alchemists who have spoken up, saying that it is fair and moral to enact Qin Chen as a holy son.

After all, Dan Dao City has always had four great sage sons, fighting together, the purpose is to compete in various veins, select the top talents to take charge of the future Dan Pavilion.

But now, the son of Lu Wencheng has fallen, and only the three sons are left. This is one of them.

Second, although Qin Chen was not a genius cultivated in Pill Road City, he has a record. He is indeed a pharmacist in the Northern Heaven Region and has records in all levels of the Pill Pavilion. Pharmacist.

Third, Qin Chen was only twenty years old, he was already the Seven-Rank Medicine King, and his humble background showed that his alchemy talents were exceptionally outstanding.

The purpose of the elixir city enrolling the saint children is to select the most heaven-defying alchemist, carry forward the northern heaven, and make the elixir city more prosperous, and Qin Chen's talent is even in the current three saint children Above, if he can't serve as a holy son, who is qualified to serve?

As for what I did before, although it was a bit rash, it was justified and not unreasonable.

Therefore, Xuan Yi Yao Wang recommended Qin Chen because he was concerned about the future of Pill City, and the world could learn from it.

Undoubtedly, the pharmacist who said this must be the pharmacist in the line of Xuan Yi Yao Wang.

The two sides fought with each other, not giving way to each other, making Dan Pavilion so lively.

Of course, the crowds onlookers screamed and screamed. Dandao City has not been so lively for many years. Qin Chen's appearance was like pouring a basin of carp into a dead water, and it instantly stirred. .

"Son!"

At the mansion of the Saint Child of Jinzhou, Wei Jinzhou stood proudly there, with a proud look. Below him, a group of loyal subordinates.

"How are you doing what the Saint Son ordered?" Wei Jinzhou said lightly.

"Shengzi, don't worry, we have sent a lot of people to spread the arrogant, domineering and ruthless rumors of Qin Chen everywhere in Alchemy City, to ensure that these news will be transmitted to the alchemy through many channels."

A manager with a sharp-mouthed monkey gill said with a smile.

"That's good, I want to see, I have offended the three deputy pavilion masters. How can this kid become a saint by only relying on a Sylphy Medicine King!" Wei Jinzhou sneered, and a smirk was drawn from the corner of his mouth.

As long as there are voices of opposition everywhere in the Pill Pavilion, even if the Lord Pavilion is optimistic about Qin Chen, I am afraid I dare not make a decision rashly, right?

Although Wei Jinzhou had not seen the pavilion master several times, he knew clearly the temper of the Dan pavilion master.

What's more, Qin Chen actually killed the elders of the Huang family and the pill boy who beat the Alchemy Master Qinghong. Compared with the losses he suffered, the deputy pavilion Master Jin Shengjie and Alchemy Master Qinghong might have more resentment towards that kid. ?

In particular, Alchemy Master Qinghong has a reputation for being a good old man in Pill City. If he gets angry, Qin Chen can still have good fruit?

All the bulls, snakes, ghosts and gods are muddling the water in secret, so they can fish in the muddy water.

Qin Chen, who was in the whirlpool, was very casual. He didn't have a place to live anyway, and as the Medicine King, he could still be allocated a residence in the Pill Pavilion, so he immediately lived in the Pill Pavilion.

This made the many pharmacists in the alchemy hall look different.

How dare you come here?

But Qin Chen was also casual. He turned left and wandered around the Dan Pavilion these past two days, as if he didn't care about it at all, but was just inquiring about various news in the Dan Pavilion.

The stewards, deacons, and pharmacists who were questioned by him, although they were dissatisfied, faced such a medicine king as Qin Chen, they did not dare not answer, so they could only explain patiently and respectfully.

The opponent is someone who even the Son of God dared to beat. What if he angers the opponent and beats himself?

Since then, Qin Chen has become a beautiful landscape in this pill pavilion. No matter where he goes, there are people watching, but if you get closer, everyone is like avoiding snakes and scorpions, so lively.

What makes people puzzled is that three days have passed in the blink of an eye, but there has been no news from the pavilion master, as if there was no such thing.

What does it mean to either reject Xuan Yi Yao Wang's application, or agree, and not do it?

"If you want to come, Lord Pavilion should be in retreat, and there is no time to deal with this kind of thing."

"Hey, if you disturb the retreat of Lord Pavilion Lord, this kid will probably be out of luck."

"Hey, since this son wants to be a holy son, why not keep a low profile? The most uncomfortable with the Lord is the bully. He does this. After the Lord comes out of retreat, it is difficult to have good impression."

"Who can be blamed for seeking a dead end? Wait and see, if the Lord Pavilion Lord does not teach this kid, I really don't believe it."

There was a lot of discussion, and they were extremely disinterested in Qin Chen.

They are not to blame, it is true that Qin Chen has done too much in the Pill Pavilion. He beat the Saint Son, murdered in Pill City, and even taught the Deputy Pavilion Master Pill Tong. Which one is not a big deal?

The Lord Pavilion has always liked quietness, but it is strange to like such people.

Among the people's discussion, this day, finally got news from the pavilion master.

"Qin Chen!"

A loud voice sounded, but the authentication elder Huang Funan came up.

"My Lord, please!" He said lightly, with a lack of joy and anger, making people unable to see his attitude.

[Chapter 1267: Argue with reason](#)

Finally see the real chapter.

Everyone's heart shuddered, and they all shook wildly.

Huangfu Nan was the elder next to Lord Pavilion Master. His presence naturally represented Lord Pavilion's intentions, but he didn't know what the Pavilion Master was towards Qin Chen? Is it admiration or dislike?

Seeing Qin Chen being led to the inside of the alchemy pavilion, many alchemists suddenly came, and even some old guys who often did not show up appeared one after another.

There is no way, this matter is very important, and they cannot be allowed to be cautious, and even have a bearing on Dan Pavilion's future.

If Xuan Yi Yao Wang's request is deprived, then Xuan Yi's line will be completely destroyed, and there is no possibility of turning over.

But if Qin Chen's application to become the Saint Child was approved by the Lord Pavilion, it would also be an earthquake for Alchemy City.

The twenty-year-old Medicine King made everyone have to think about what kind of waves this son would make in the Dan Pavilion.

Under Huangfu Nan's leadership, Qin Chen walked all the way to the interior of the Dan Pavilion.

"You, make trouble everywhere, I really don't know what to say about you..."

Huangfu Nan still admired Qin Chen, but now he hates iron for not making steel. There is no way, it is because he has received too much bad news these days.

Can't you let him save snacks?

"Junior is also helpless." Qin Chen smiled bitterly, could he be to blame? Others have to come up to find something, don't they make him swallow?

"Elder Huangfu, I don't know the attitude of the Lord Pavilion towards the younger generation..." Qin Chen asked carefully, trying to snoop out some news.

"Don't ask me." Elder Huangfu shook his head: "I can't guess the attitude of the Lord Pavilion Lord, but he doesn't like arrogant people, you, you..."

Elder Huangfu was just speechless.

The pavilion master's retreat room and refining room were located on the top floor of the Dan Pavilion. After a while, Qin Chen had been taken to the door.

"My lord, the subordinates have brought people in!" Elder Huangfu stood at the door and said respectfully, his head drooping.

"come in."

An indifferent voice rang from the door, as if with endless majesty.

Huangfu Nan opened the door and led Qin Chen into it.

Inside the house, the most striking thing is a huge pill furnace, the whole body is dark, the fire below is burning, and it is actually underground, as if it will never go out.

Qin Chen glanced twice more before looking at an old man in the room who was drinking tea. His head was full of gray beards, but his spirit, especially his two eyes, was awkward and full of anger. Wei's sense of oppression.

"Boy, you are not brave!"

The icy voice sounded with a hint of coldness, but the old man put down the tea in his hand, his eyes cold.

Naturally, this old man was Master Xuan Sheng, the master of the Dan Pavilion. He looked at Qin Chen, his eyes were full of innocence, and he didn't need to do anything specially. A single thought could suppress the eternal heavens, and he was indescribably strong.

Martial Emperor in the late eighth stage!

Qin Chen's eyes condensed, the opponent's strength has definitely reached the late eighth stage, unfathomable.

Such a master is of course strong enough.

Qin Chen's thoughts flashed, but his face was calm, but a faint smile appeared: "Senior, I don't quite understand."

"I heard that you want to be a holy son?" Pavilion Master Xuan Sheng said, his face tightened, and there was emptiness behind him and transformed into various forms, but they were full of power.

This old man is definitely the top powerhouse in the late eighth stage.

Qin Chen said in his heart, this is definitely a giant-level existence, suppressing the heavens with one hand, even if it is not a small person in the Martial Domain.

But he was neither humble nor overbearing, with a smile on his face, and said, "Going back to seniors, juniors do have this idea!"

"Huh, let's not talk about how you are, how can you be the saint son of my Dandao City, you just came to my Dandao City within a few days, and you shook my Dandao City's rumors. Son, even murder in Dan City, and madly beat up Dan Tong under Qing Hong's command. You are so bold!"

The old man shouted angrily, "Have you taken the rules of my Dandao City into consideration?"

Boom!

The old man was angry, suddenly like a bolt from the blue, a terrifying coercion swept down, suppressing Qin Chen like a mountain, making it difficult for him to breathe.

The Martial Emperor in the late eighth stage is too strong, even if Qin Chen's current strength is comparable to the peak Martial Emperor in the early eighth stage, but in front of the late Martial Emperor, he has no power to resist.

This is a qualitative gap.

Under the terrifying coercion, Qin Chen's face turned pale, but he raised his head and said proudly: "The junior is wronged."

"Oh, what you did, the old man has solid evidence here, so you still say it was wronged?" Pavilion Master Xuan Sheng couldn't help but smile.

Qin Chen was calm and composed, if Pavilion Master Xuan Sheng really wanted to punish himself, why should he talk nonsense with him? For the Martial Emperor of the late eighth stage, no matter how enchanting Qin Chen is, he can kill him with a wave of his hand. Why waste time?

Kill it, a matter of thought.

But now that the other party has so many words, obviously it has its own purpose, and it is by no means really murderous.

What's more, Qin Chen had seen too many strong men in his previous life, and he did not have the awe and fear of others seeing Pavilion Master Xuan Sheng for the first time.

He said: "The junior is indeed wronged, and it is the junior who actually suffers!"

"Haha, you are becoming more and more presumptuous!" Pavilion Master Xuan Sheng sneered.

Qin Chen was neither overbearing nor overbearing, and continued: "First talk about the assault on the son of Jinzhou. Elder Huangfu Nan also knew about this matter. It was the son of Jinzhou who first

attacked the younger generation. The younger generation had no choice but to fight back. He was bitten by the son of Jinzhou. May I ask the younger generation. How not to be wronged?" Pavilion Master Xuan Sheng sneered: "Even if the Saint Child of Jinzhou did the first thing, he is the Saint Child of Alchemy City. At that time, you were no more than an ordinary alchemist. He insulted you, so you can fight back and beat him. Are you hurt? You defend yourself, naturally no one says anything, but you openly humiliate Saint Jinzhou, how can you put my Dange in your eyes?"

? "The younger generation can't agree on this matter." "Qin Chen said proudly: "Everyone is a pharmacist. The so-called heard of Taoism has a priority, but his profession is not high or low. Although he is a holy son, he represents the face of my North Tianyu Dange, but he is not benevolent, unrighteous, unfaithful and unfilial. Crisis, only care for oneself, ignore others, younger generations give up their lives,

Many people were saved, but because of his own selfish desires, Saint Son of Jinzhou would kill the younger generation, which really violated the original intention of Saint Son of Dan Ge. "

"The younger generation did this by teaching him to be a man in accordance with the rules of the Dange. If he can't even do well, where is the qualification to be a saint? I believe that the Lord Pavilion has his own lesson!"

"It's a good lesson." Pavilion Master Xuan Sheng sneered: "You are a horrible argument. I won't mention this matter for the time being. Then I will ask you how to explain the other two things?"

He stared at Qin Chen coldly, his intent to kill in his eyes was undiminished.

"The other two things can be explained better." Qin Chenhong said: "First, let me talk about He Dantong. The pharmacist has a distinct order. A small Dantong dare to say five or six to the King of Seven Drugs. , Are there any rules?" "But at the time, let alone other low-level pharmacists who dared not scold me, even those high-level pharmacists were silent and seemed to be used to it. The juniors think...not right!"

[Chapter 1268: Kowtow apologize](#)

"Oh, this is the reason you beat Dan Tong?" Pavilion Master Xuan Sheng said lightly, with an unpredictable expression on his face.

Qin Chen smiled and said, "Exactly."

"You are really brave, I don't know if there is a saying, do you have to look at the owner when you hit a dog?" Pavilion Master Xuan Sheng said Senran, with a terrible killing intent on his face, and he instantly transformed into a demon **** in hell.

He gave a cold snort, obviously not loud, but Qin Chen's heart slammed, as if the world had collapsed.

This is how powerful the Emperor Wu is in the later period, and every move can affect people's hearts.

If it was Emperor Wutian of Nine Heavens, Qin Chen could be wiped out with a snap of his fingers.

In the later stages, the gap in strength at each level will increase. Even if it is only a gap in the ordinary level, it can fall on strength, but it is a difference between heaven and earth, like a chasm.

"Then He Dantong is low-powered, but he is the pill boy of Alchemy Qinghong. Walking outside represents the face of Alchemy Qinghong. How can he judge according to common sense of cultivation."

"You humiliate the other party so much. It seems that it is He Dantong who humiliates, but it is Alchemy Qinghong who actually humiliates. Although you are the King of Medicine, Alchemy Qinghong is the deputy chief of the alchemy. What else can I say for the following crimes?"

Pavilion Master Xuan Sheng sneered, his voice contained endless murderous intent. "The juniors don't think so." Qin Chen raised his head and said in a loud voice: "The reason why the Dan Pavilion has been able to stand in the Tianwu Continent for many years is about fairness, justice, and justice. In the Dan Pavilion, everyone is equal and only uses Dan Dao technology. Regarding identity, not the background, this is the foundation of Dange's foothold.

The principle of things! "Then even if He Dantong has a great background, his true identity is nothing more than a Dantong, how can he insult the Medicine King just because he is the Dantong of Qinghong Alchemy Master's deputy pavilion master?" If things go on like this, where are the Dange rules? If Lord Pavilion Master insists on saying that, could it be that the Lord Pavilion's Yidantong, even

Can you insult Dange real power elders and deputy pavilions? Isn't it laughable? "

Qin Chen didn't flinch.

This is not his arrogance, but Dan Ge has always had such a tradition. For example, Zhuo Qingfeng once, and Zhao Ruhui before, illustrate this point very well. Qin Chen, who had just arrived in Alchemy City, had not passed the Medicine King assessment at all, but because he helped Zhao Ruhui refine the Feixue Pill and solved the crisis, many pharmacists on the field at that time seriously followed his teaching.

He, call him a master.

This is the spirit of Dan Ge.

Dan Ge emphasizes that the master is the teacher, not the seniority. "As for the master of the pavilion, it is even more nonsense to say that Qin below has committed a crime." Qin Chen argued for reasons: "If Na Dantong obeyed Alchemy Qinghong's order to insult the younger generation, Alchemy Qinghong is a Dan. The deputy pavilion master of the pavilion, who has never even seen the juniors, insults the juniors and violates the spirit of alchemy. But if it was him

It goes without saying that this person is a small pill boy, but he is a pretender, using the background of Alchemy Qinghong to scold and insult the younger generation. It is clear that he is the following offender and recruits black for Alchemy Qinghong. "

Qin Chen talked freely, without any fear.

puff!

On the side, Elder Huangfunan had a strange expression, almost unable to hold back.

Pavilion Master Xuan Sheng's face was blue, and he glanced at him coldly, and the elder Huangfu suddenly looked serious and did not dare to overstep.

However, what Qin Chen said is extremely reasonable. He is also a pharmacist who delegates to the North Tianyu from the Martial Domain. He naturally knows that the purpose of the Pill Pavilion is indeed fair, fair, and righteous. The expert is the teacher, regardless of high or low.

But it is impossible for him to confess to the defeat.

Immediately snorted and said: "This is just your side words, clever tongue, even if what you said makes sense, how do you explain the killing of the elder Huang in Dan City today?" The mainstream of Xuan Sheng Pavilion showed a strong expression. Killing intent, coldly said: "Pan City is the place where my Dan Dao City is traded. Killing is strictly forbidden. Relying on your identity as the King of Medicine, you want to kill the elders who have contributed to my Dan Dao City. The complaint came to this pavilion master, how would you explain it? Don't tell me right

The party provoked you first, even if the other party was at fault, but you openly murdered people in Dan City, and even extorted people. Is it true that Dan Dao City is outside the law? "

"My Lord Pavilion, you have misunderstood the younger generation!" Qin Chen said immediately.

"Oh?" Pavilion Master Xuan Sheng sneered: "Tell me, why did the Pavilion Master misunderstand you?"

"The younger generation did kill the elders of the Huang family. First, because the Huang family insulted their disciples in Dan City, and even more insulted the Zhuo family who had contributed to the Dan City. The second is the most important point. Huang Family is suspected of murdering Wencheng Shengzi on Dandaocheng Road." Qin Chen said solemnly.

"What? The Huang family murdered Lu Wencheng Shengzi? Do you have evidence?" Pavilion Master Xuan Sheng's eyes were cold, and his body suddenly exploded, causing Qin Chen's blood to surge, and he couldn't help but snorted. Qin Chen was about to tell the original information he had obtained, and then said: "Lu Wencheng Shengzi left Alchemy City because of the news from the Huang family, and then encountered an accident. After investigation by the junior, this matter was basically a conspiracy. And the purpose of the other party is to lead the way and become the son alone

Go out of the city to kill him. "

"Lu Wencheng Shengzi is one of the four great saint sons of Alchemy City, shouldering the future prosperity of Alchemy City, some people are afraid of the threat of the other party, and even committed such things as murdering the life of the saint son. May I ask the pavilion master, should I kill or not?"

Master Xuan Sheng's eyes flickered, and he said coldly: "This is just your one-sided word."

Qin Chen said: "Although it is a one-sided word, it is true. As the master of the pavilion, if you send someone to investigate in secret, it should not be difficult to investigate the truth. Even if you can't know the whole truth, you can still investigate some clues. ."

Pavilion Master Xuan Sheng glanced at Elder Huangfu Nan, Huangfu Nan nodded immediately, both of them looked extremely serious.

If what Qin Chen said is true, this is indeed a terrifying case. The Huang Family dared to conspire to frame the Holy Child of Pill Dao City, let alone an elder, even if the whole clan was slaughtered.

"Although you have said so much, it is still difficult to conceal the things you did in Dandao City. Your

Excellency, when you first came to Dandao City, dare to do such things. If you really make you a holy son, you still don't know how to do it. What's the matter?" Pavilion Master Xuan Sheng burst out, like thunder shaking, resounding loudly in Qin Chen's ears

, The shock made him tottering. "But this pavilion master is not an unreasonable person. If you think of you as an individual, I will give you a chance and give you a chance." Pavilion Master Xuan Sheng slowed down slightly, and said: "You immediately go to the holy son of Jinzhou , Alchemy Master Qinghong's Dantong and Huang Jia kowtow to apologize, this pavilion master can spare your life, as for

Others, after you finish apologizing, the master will make the final conclusion. "

Pavilion Master Xuan Sheng looked down at Qin Chen high, his eyes cold, like looking down on an ant.

In the final analysis, he still thinks that Qin Chen is wrong and commits the following crimes.

Huangfu Nan also said with a look: "Qin Chen, Lord Pavilion has given you a chance, don't you thank you?" Qin Chen's expression did not change at all, and said coldly, "My Lord Pavilion, I am sorry that the younger generation is hard to live. You can't be humiliated, and the younger generation has done nothing wrong. Why do you have to apologize?"

[Chapter 1269: Won't agree](#)

"Haha, this pavilion master has lived for so many years. This is the first time I have seen such a kid who doesn't know what is good or bad. He clearly has a fault, but refuses to admit it. Since you are so bold and defiant, then go to death with this dignity!" Pavilion Master Xuan Sheng shot, pressed it with a palm, and turned it into a real yuan

Giant hands, complex rules of true yuan flow on it.

Moreover, an infinite space force restrained Qin Chen. This was the domain of the pinnacle martial emperor, unmatched.

For King Wu, not to mention taking such a palm, it would give rise to endless fear from the bottom of his heart just by looking at it, and even the heart of resistance would not be born.

Moreover, this palm pushed very slowly, rumbling forward in the void, which was a torture to the attacked, as if to make him taste the endless fear before killing him.

Qin Chen stood with his hands in his hands, his figure as straight as a sword.

If this palm is pressed, even if his strength is superb, the immortal body is as high as six layers, he will not escape death.

The Martial Emperor of the late eighth stage had already cultivated the power of the Martial Emperor to the extreme, and had reached a peak in his understanding of the rules of space. No matter how strong a Martial King genius was, no matter how strong he was, he would be unable to resist.

Of course, if Qin Chen wanted to evade, it was not impossible, but he remained motionless, as if he regarded death as home.

He was betting, he was looking at others, he believed that Pavilion Master Xuan Sheng would not kill him, but if he lost the bet, the price would be his life.

In fact, Qin Chen didn't need to gamble at all, but his purpose of doing this was to recognize the person of Pavilion Master Xuan Sheng.

Therefore, there was no movement on the surface, but within his body, the Nine Star Divine Emperor Art had already been mobilized to the extreme, and the Immortal Eucharist was operating for it, and his whole body defense reached its peak state.

"Kneel down and beg for mercy, you still have a chance to survive!" Pavilion Master Xuan Sheng said, his voice rumbled like thunder, and the ears of people were about to burst. It pointed directly at the heart, with supreme pressure.

"I'm not wrong, why don't you need mercy? Dan Pavilion is a place of justice, how can it turn black and white?" Qin Chenhong said, still standing tall, not evasive.

Boom, the whole Dan Pavilion trembled a few times when he took it with a palm.

The terrifying power swept past, Qin Chen's figure emerged, but there was no injury at all.

It's not that Qin Chen's strength is against the sky. Even the attacks of the powerful in the later period of the Emperor Wu are unscathed, but when the attack falls, he just avoids him, otherwise, even if he is immortal now, his bones are broken. He was severely injured and vomiting blood.

"Hahaha." Pavilion Master Xuan Sheng laughed, the horrified murderous aura that radiated away, and looked at Qin Chen coldly, saying: "You don't hide, do you really think I won't kill you?"

Although Qin Chen had a cold sweat on his back, there was no change on his face. He knew that he was betting right, or rather, he saw it right.

This is also related to his next plan.

What's more, if he is dying, he is not without the ability to change the situation. Under the display of space, although he can hardly escape the attack, he still has the ability to rush to save his life.

With a smile on his face, he said: "The younger generation dare not, but the younger generation is sure, the pavilion master of the dignified North Tianyu Dan Pavilion, he won't be the kind of short-sighted, black-and-white person!"

"Boy, you are really brave!" Pavilion Master Xuan Sheng said.

On the contrary, Qin Chen became humble, and said, "Thank the pavilion master for not killing!"

There was a look of appreciation on the face of Pavilion Master Xuan Sheng. A person who only knows how to behave has no future, but Qin Chen can bend and stretch, the place that should be tough is extremely firm, and the courtesy when he should be respectful made him quite emotional.

No matter what he has done here, he is indeed a talent.

"Are you really afraid of death?" Pavilion Master Xuan Sheng said again.

"afraid!"

Qin Chen said frankly, who is not afraid of death in this world?

"Oh? Then why don't you hide?" Pavilion Master Xuan Sheng seemed to smile.

Qin Chen smiled faintly, and said: "The juniors have seven or eight points of certainty. The Lord Pavilion's previous actions were just to mention the juniors, not really intent on killing."

"But it is not 100%, and what if you are wrong?" Pavilion Master Xuan Sheng asked again.

Qin Chen still kept a smile: "Seven to eight points, it's worth a bet by the younger generation, not to mention, the younger generation believes in the senior's behavior."

Naturally, he would not say that from the perspective of his previous life, he was actually sure that Pavilion Master Xuan Sheng had no definite killing intent. If this was not obvious, then he had lived for two lives in vain, so he dared to gamble like this.

What's more, this pavilion master Xuan Sheng is still the pavilion master of the Northern Heaven Domain Pill. Facing his Dan Dao genius, he does not ask about his identity or origin, and just because of some lies, he will kill him directly.

If this pavilion master Xuan Sheng is really such a person, how could he be placed in the Northern Heaven Domain Pill Pavilion by Your Excellency Wu Yu Dan to serve as the pavilion master?

Pavilion Master Xuan Sheng just regarded Qin Chen as a junior, and it took only a day to lose sight of it.

Of course, Qin Chen would not say these things.

"Good boy, you have the courage." Pavilion Master Xuan Sheng moved his eyebrows and beards. Even he was moved by such a character. He laughed, "Come, sit here."

Huangfu Nan was speechless. He had previously squeezed a cold sweat for Qin Chen, for fear that Qin Chen angered the Lord Pavilion Master, and even he did not see that the Pavilion Master was bluffing. He had to say that this kid was too courageous. .

Qin Chen walked over, and sat down, putting his hands on his knees, looking very respectful.

Pavilion Master Xuan Sheng couldn't help being more satisfied. His eyes were full of appreciation, but he still shook his head and said, "I already know the purpose of your coming, but unfortunately, the old man will not agree to your request, so I will not agree. Your son applies!"

Teng!

Huangfu Nan almost stood up in shock, why? Qin Chen obviously passed the test of the pavilion master, and the pavilion master also treated him kindly, but why did he not pass the application of Xuan Yi Yao Wang?

Qin Chen also frowned. Originally, he thought there would be no problem with this matter, but he didn't expect that Pavilion Master Xuan Sheng would still reject him, and asked, "Can seniors tell me the reason?"

"It's also because of what you did before, no matter how many reasons you have, you just came to Dan Pavilion, but you did something that violated Dan Pavilion rules, and even angered the three deputy pavilions of Dan Pavilion. You How can I agree?" Pavilion Master Xuan Sheng shook his head.

Although he admired Qin Chen, he was just appreciating. His service in the Northern Heavenly Domain Pill Pavilion was a kind of decentralization, or it could be said to be a kind of derogation, so for him, it was him who returned to the Martial Domain with all his heart. the goal of.

This is also the reason why he didn't ask about Dange affairs at all, and was completely immersed in his own research. In his opinion, the various conflicts in Dandao City were something outside of his body.

But if he agrees to Xuan Yi Yao Wang's application, it will immediately attract a backlash from the three deputy pavilions. Although the three dare not disobey him, it will cause him a lot of trouble. For the pavilion master Xuan Sheng who wants to be leisurely, he naturally doesn't bother to care about these things.

[Chapter 1270: I can help you](#)

"Could it be the only reason?" Qin Chen smiled and looked at Pavilion Master Xuan Sheng, without even being sad at all because of the opponent's rejection.

"Otherwise, what do you think?" Pavilion Master Xuan Sheng said with a smile.

Qin Chen laughed too, "Pavilion Master Xuan Sheng said quite right, but what if I say I can help you?"

"you can help me?"

Pavilion Master Xuan Sheng was stunned, and Huang Funan was also stunned. He looked at Qin Chen in horror. Isn't this kid mad? He even said such words.

He is a little medicine king, what can he help the pavilion master?

Qin Chen smiled and said: "The younger generation heard that Lord Pavilion is from the Martial Region. Although I don't know why Lord Pavilion came to the Pill Pavilion of the Northern Heaven Region, the Northern Heaven Region is the weakest of the four regions of the Tianwu Continent. For the Lord Pavilion Master, it should be considered a derogation, right?"

"Qin Chen, do you know what you are talking about?" Huang Funan suddenly shouted, his face pale.

This kid is crazy, dare to say this, do you really think that Lord Pavilion dare not kill him?

Pavilion Master Xuan Sheng's face also sank, hum, a faint murderous intent filled his body.

Although this killing intent was much more concealed than the killing intent that Pavilion Master Xuan Sheng had deliberately revealed before, it made the entire living room seem to be plunged into ice and snow in an instant, and instantly chilled.

Although what Qin Chen said were all facts, as the head of the Northern Heaven Domain Pill Pavilion, no one had ever dared to say in front of him that he was degrading, and Qin Chen was the first one.

"Boy, if you don't give me a reasonable explanation, you should know the end." Pavilion Master Xuan Sheng said coldly. The warm atmosphere in the living room had been wiped out long ago, and what was

left was Ling Li's murderous intent. The smile on Qin Chen's face did not diminish: "For people who have been demoted like Lord Pavilion Master, who want to return to the Wuyu Dan Pavilion, there are generally only two ways. The first one is to make a breakthrough in cultivation. Dao attainments, stepping into the realm of the Eighth Stage Medicine Emperor, will naturally be able to return to the Wuyu Dange and be reappointed,

Or perhaps the cultivation base of Lord Pavilion Master can enter the realm of Emperor Wutian in the Nine Heavens, or it may be transferred back by the Martial Domain. "It's just that, how difficult is Emperor Wudi Jiutian?" Emperor Wu's breakthrough to Emperor Wu Tian is a qualitative transformation. Emperor Wu is strong, and the mainland is the highest. This level has stuck tens of millions of strong people across the continent. It is no easy task to break through. The younger generation is sure of the cultivation base, even if there is

The strange encounter can't be achieved without fifty years. "

"If there is no adventure, it will be difficult to break through in a lifetime, and it is normal." "As for the Eighth-Rank Medicine Emperor, the same is true. It's even harder for the emperor of Pinyao. The eight-level pill can induce the heavens and the earth, and even the birth of the tribulation, which represents the same qualitative transformation in the cultivation of the alchemy.

. "If the Lord of the Pavilion is in the Wuyu Dan Pavilion, he can be mentored by various masters, and he can read the classics and immerse himself in the Dan Dao. Perhaps ten or decades later, he may not have the opportunity to enter the realm of the Medicine Emperor. Tianyu, not to mention the scarcity of elixir, even a medicine emperor has never appeared.

People's talents, if you want to enter the realm of Yaohuang by yourself, it is difficult! "

"Nonsense!" Pavilion Master Xuan Sheng sneered, and said coldly: "The Pavilion Master thought you had a good talent. Who would have thought that being so arrogant, the old man really doubts whether his previous views on you are wrong!"

Qin Chen actually said that he wanted to enter the Medicine Emperor realm on his own, how could Pavilion Master Xuan Sheng not be angry? The other party is almost denying his hard work over the years.

Huangfu Nan's face had long lost his blood, Qin Chen was really a lunatic, isn't he really afraid of death? If the Lord of the Pavilion is furious and kills him directly here, no one dares to say anything. Qin Chen still said calmly: "If the Lord Pavilion does not admit it, the juniors can't help it, but if the juniors don't guess wrong, does the Lord Pavilion feel that he has already reached the eighth level of spiritual power, and his fire control technique? He is also becoming more adept, and his control over the fusion of elixir is constantly improving,

But in any case, can't refine the eighth-grade emperor pill? Not to mention refining the eighth grade emperor pill, even at the critical moment, it is almost impossible to form the pill. Every time at the last moment, it will fall short, can't find a solution, and feel powerless? "

"How do you... know?"

Pavilion Master Xuan Sheng was shocked. He is really like what Qin Chen said, although in recent years, he has been constantly developing eight-rank emperor pills, and he has even thoroughly studied the process of alchemy, how to do each step, even the timing of putting in the elixir, How much, and the size of the fire at that time, the opportunity for the fusion of the elixir in the pill furnace

Wait, every detail has been achieved to the extreme, but when the pill was finally condensed, it was still unable to succeed.

This made him unable to understand. "This is normal. Between the seventh-ranked king pill and the eighth-ranked emperor pill, it is not a simple fire control and fusion, but an understanding of the alchemy. The birth of the eighth-ranked emperor pill will cause heavenly jealousy and even cause heavenly calamity. , Why? This is because the eight-rank emperor pill incorporates the alchemist's perception of heaven, in the eyes of heaven

, Is a heretical behavior, this process, in the five failures of the heavens and humans, which is called the pill, if this problem cannot be solved, it will naturally not be able to condense the eight-level emperor pill. No matter how strong the mental power, no matter how high the ability to control fire is, it will not help. "

Qin Chen talked freely.

This is also the reason why many other king-level refining pharmacists cannot make breakthroughs. From the seventh-level medicine king to the eighth-level medicine king, it is not a simple cultivation base breakthrough, real fire improvement, and spiritual transformation, but the understanding of the alchemy.

What the pharmacists need to do is not only to refine the pill and condense the potency, but also to instill their own perception of the pill, and to prevent the five decay of the pill, which is caused by the jealousy of heaven and earth when the pill is formed.

If you can't solve this problem, no matter how strong your mental power is, you will still be a medicine king and will not be able to refine the imperial pill.

"Five decay of heaven and man!" Pavilion Master Xuan Sheng looked at Qin Chen solemnly, with amazement in his eyes.

Given his position in the Wuyu Dange, although he has never been a powerful person, he has also heard of this term. Naturally, he knows that what Qin Chen said is not nonsense.

"You mean, can you solve the problem of the five decays of the pill and man?" Pavilion Master Xuan Sheng sneered.

Speaking out and doing it are completely two issues. Qin Chen is no more than a medicine king, and his cultivation base is not even as good as himself. If he can solve this problem, he absolutely does not believe it.

"Hehe, the younger generation can't solve it for the Lord Pavilion Master yet." Qin Chen smiled and said: "However, the younger generation has a second way." He smiled and said: "Senior wants to return to the Martial Arts Pill Pavilion and get a promotion. In addition to self-improvement, there is a second way

to excavate genius worthy of training for the Wuyu Dange. This is also the purpose of Wuyu's delegating some masters to the four areas, and it is also to choose the Wuyu Dange.

Select talents. "

"Unfortunately, the junior is such a talent. As long as the senior agrees to be the saint son, he will naturally have the opportunity to take the place of Beitianyu to participate in the Dan Pavilion competition. At that time, the junior will stand out in the competition. Will the senior be promoted naturally soon? Qin Chen smiled confidently.
