[Chapter 1271: Give you an explanation](#)

In place of Beitianyu Dange to win the Wuyu Dandao Grand Competition, this guy has a big tone.

Pavilion Master Xuan Sheng sneered and looked at Qin Chen. Where did this confidence come from? How dare to say such a thing?

He admitted that Qin Chen had broken through the Seventh-Rank Medicine King at such an age. He was definitely a genius against the sky in the Northern Heaven Region. Not only in the Northern Heaven Region, but also in the Martial Region who could break through the Medicine King at the age of twenty. See more.

But what does this mean?

In the Northern Heaven Territory, the Alchemy Dao power is weak, and it is almost the weakest region in the Tianwu Continent. Also, as the Medicine King, anyone can refine the seventh-rank Wang Dan, but the geniuses of the other three regions are in other aspects of strength. They must surpass the alchemists in the northern sky region.

Not to mention those genius alchemists in Wuyu.

In fact, the top alchemy genius of Wuyu Dange will not participate in the alchemy competition at all. The so-called alchemy competition is actually more of a way for Wuyu to select geniuses in the following four domains, so it is mainly All of the selections were born in the four domains.

But even so, in the recent millennium history of the Northern Horizons, no Dandao genius from the Northern Horizons has ever won a victory and used this to enter the Wuyu Dan Pavilion.

So how weak is the Northern Skyland? This is also the reason why pavilion master Xuan Sheng wanted to break through the medicine emperor realm after coming to the Northern Heaven Domain Pill Pavilion, instead of cultivating pill geniuses, because in his opinion, he wanted to select a talent from the Northern Heaven Domain. The Dan Dao genius that Wu Yu is attracted to is much more difficult than breaking through the Medicine Emperor himself.

.

But now, Qin Chen actually said that he could win the Alchemy Competition. Where did he get his confidence?

"Do you think you can win if you can win?" Pavilion Master Xuan Sheng sneered suddenly.

Qin Chen smiled, "How can Pavilion Master Xuan Sheng know if he doesn't try? Anyway, there is no loss to the Lord Pavilion, right?"

He smiled, not worried that Pavilion Master Xuan Sheng would object.

In fact, it is not impossible for Pavilion Master Xuan Sheng to break through Medicine Emperor Qin Chen, but he did not choose to use this method because it was too shocking.

After all, he is only twenty years old, and he is the Seventh-Rank Medicine King. If he can point a Seventh-Rank Peak Medicine King to enter the 8-Rank Medicine King state, once he enters the Martial Domain, he will inevitably attract attention and expose himself. .

But if he only showed his amazing talents, others would think that he was outrageous, they would only think that he was a monster, and would not consider too much. "Hahaha, interesting." Pavilion Master Xuan Sheng laughed suddenly, and the original killing was wiped out. He looked at Qin Chen with interest and said: "Since you are so confident, the old man will give you a chance. Exit, the old man will come right away, then, the old man will give you in front of all the elders in Dange

A statement! "

"Thank you, Pavilion Master."

Qin Chen stood up, bowed his hands respectfully, turned around and left the living room without too much entanglement.

He didn't even ask Pavilion Master Xuan Sheng what it was.

"Huangfu Nan, have you notified me about the things I told you before?" When Qin Chen left, Pavilion Master Xuan Sheng turned to look at Huangfu South Road.

"Returning to the pavilion master, the subordinates have already notified them. At present, the three deputy pavilion masters, Xuan Yi Yao Wang, and the three holy sons, as well as many powerful elders in the Dan Pavilion, are already waiting in the hall." Huangfu Nan respectfully said.

"Very good." Pavilion Master Xuan Sheng nodded slightly: "Since this kid is so crazy, dare to say that he can definitely win the Wuyu Dandao Competition, the old man wants to see what he can do."

"My Lord Pavilion, you are preparing..." Huang Funan asked in confusion. "Didn't the kid say that he will definitely win? The old man gave him a chance and let him compete with the three saints of my Dandao City. If he can win, the position of the saint can naturally be considered, but if he loses No longer, he can't blame the old man." Pavilion Master Xuan Sheng said with a smile: "In fact, at the beginning , The old man had already made this idea. "

Huangfu Nan suddenly looked dazed, and said in amazement: "But Lord Pavilion, why did you..."

"Hahaha." Pavilion Master Xuan Sheng laughed: "It's just a test of this kid, but after this test, the old man has already figured out his details."

"Oh?"

Seeing Huangfu Nan's suspicious look, Pavilion Master Xuan Sheng smiled and said, "What do you think of this son?"

"Neither humble nor overbearing, rational and well-founded, and amazing talent. If I can become the saint son of my Dandao City, it will definitely benefit the future of my Dandao City." Huangfu South said.

He really admires Qin Chen, otherwise he wouldn't say good things for Qin Chen over and over again.

"Do you really think so?" Pavilion Master Xuan Sheng looked over strangely.

Huangfu Nan was uncomfortable being seen, and embarrassed: "My Lord, is there anything wrong with it?"

"Of course it's wrong, tell me, have you seen such a genius in my North Heaven Domain Dan Pavilion before?" Pavilion Master Xuan Sheng sneered.

"This...no!"

Huangfu Nan thought for a long time. This was the first thing the twenty-year-old Yao Wang had in the history of Beitianyu Dan Pavilion. This is why he admires Qin Chen so much. Once the 20-year-old Medicine King has been trained in the Dan Pavilion system, it will be absolutely no problem to become the Medicine King in the late seventh stage in the future. If he can enter the Wuyu Dan Pavilion, maybe There is still a chance to break through the Eighth Stage Medicine King, which will surely lead Dandao City to the new

The brilliance. "That's it?" Pavilion Master Xuan Sheng looked far-sighted: "I checked this son's information. His previous certification as a pharmacist was in a king-level force called the Land of Hundred Dynasties. Going forward, it is even more humble. , There is even no clear record. But such a genius is not too much in the Wuyu Dan Pavilion

Bad, in my Dandao City, it is second to none. It is rare to see in a thousand years. Do you think it can be cultivated by a small king-level force? "

"This....."

Huangfu Nan was taken aback. Indeed, a genius that could not even be cultivated in Dandao City could be cultivated by a king-level force in the Northern Horizons? "If the old man didn't guess wrong, this son should come from a great force that transcends the Northern Horizons, not from a certain alchemy family in the Martial Region, or a genius from a certain Dange branch in the Martial Region. Behind it, definitely There is a medicine emperor who is strong, otherwise, at a young age, how can he tell the avenues of alchemy, heaven and man, five failures

Rationale? I'm afraid even you don't know much about these theories, right? "

This is really true. If it weren't for Qin Chen to say it, Huang Funan didn't know much about the five decays of mankind.

But Huangfu Nan is a disciple from Wuyu Dange, even he doesn't know much, how did Qin Chen understand?

"But if this son is from the Martial Region, why did you come to my Northern Heaven Region Pill Pavilion, and even serve as the Saint Child of my Dandao City? Isn't this the end of the matter?"

But immediately, Huang Funan was puzzled and couldn't understand. "Have you heard of Guyu Realm?" Pavilion Master Xuan Sheng said lightly.

[Chapter 1272: Mutual use](#)

"I have heard that Guyu Realm is a space secret in the Martial Realm. It can accelerate the Wuwang strong to perceive the rules of space, making it easier to enter the Wuhuang realm, and it is also a huge help to the Wuhuang strong. The maddening and powerful secret realm of King Wu and Emperor Wu."

Huangfu Nan also came from Wuyu Dange, how could he have never heard of Guyu Realm.

However, he has never entered the ancient Yu world, so he doesn't know much.

"That's not it. If the old man guessed correctly, the goal of this son must be the Guyu Realm!" Xuan Sheng Pavilion master said with confidence.

"This...why?" Huang Funan was shocked. Xuan Sheng Pavilion's main said: "The ancient Yu world is very special. There are various spatial rules scattered in it, which can make the martial artist's perception of space reach an unprecedented level. Under normal circumstances, because of special methods, such as taking pills and breaking into secrets. And a fighter who breaks through is more fundamental than a fighter who breaks through on his own

Martial artists are actually worse, but they will accumulate thicker ones. If they can digest all these accumulations, they can often surpass those who break through by themselves, but if they can't digest them, they are not even as good as those who break through by themselves. "

"After all, their breakthrough comes from external forces, and it is inevitable that they will be lacking, or in other words, not mellow enough and not smooth enough."

"But the ancient Yu world is different."

"The profound meaning of space in the ancient Yu realm is vast and vast, and it is rumored that it can bring people into a whole new world. The Wu Wang who has made a breakthrough in the ancient Yu realm is more unique and more blessed than the normal breakthrough of the eighth-order Wu Huang. There are advantages."

"Because, the realm of Emperor Wu is to perceive the profound meaning of space. Those who enter the ancient Yu realm, who are knowledgeable and able to perceive the core of the profound meaning of space, naturally understand more than those who explore the profound meaning of space by themselves. , More sense of direction."

"In addition, not only the pinnacle martial king, but even the powerful martial emperors are also very coveted by the ancient Yu world. This has also led to the ancient Yu world's quota in the Tianwu continent. There are many monks and less porridge. A piece of the pie." "But how is it possible? The major forces in the Martial Domain alone broke their heads for this quota, but the Martial Domain will devolve some quotas into the four domains for the so-called fairness. As a result, some people will curve to save the country and occupy the four domains. I said this, you should understand?

"

Huangfu Nan's eyes stared: "My Lord, do you mean that Qin Chen came for the Guyu Realm?"

"Otherwise, what do you think?" Pavilion Master Xuan Sheng sneered, "My Dan Pavilion, it is It is one of the top powers in charge of the world, and naturally has a place to enter the ancient Yu realm. As long as he becomes the holy son of my North Tianyu Dan Pavilion, and shows his edge in the Wuyu Dan Dao competition, it is against the other three realms. Dan Daotian

He will naturally stand out and be qualified to enter the ancient Yu world. Do you think he can give up such a temptation? "

Huangfu Nan was speechless, and after doing it for a long time, Qin Chen had this purpose.

Although he somewhat doubted whether Lord Pavilion Master's words were true, and felt that Qin Chen was not a person like this, he had to say that Lord Pavilion Master's speculation was quite reasonable.

"The Lord Pavilion Lord, do you still agree to his request?" Huangfu Nan was puzzled. "Why didn't you agree?" Pavilion Master Xuan Sheng laughed: "He is using me, and Wuzeng and I are not using him. You heard what he said, as long as he can win the Wuyu Dandao Competition. , The old man will naturally be exposed, when you and I are transferred back to the Martial Domain is also very simple, and he is also organic

Will get the quota of Guyu Realm. Isn't that killing two birds with one stone? A win-win situation for everyone? As for whether he is the alchemist of the Northern Sky Territory, will he become the ruler of Alchemy City after becoming the Saint Child, is it related to us? "

Huangfu Nan was silent.

Pavilion Master Xuan Sheng sighed: "You and I are just visitors from the Northern Horizons. Even for the future of the Northern Horizons, a talented alchemist with a big background can become the power of Pill City. It's better for the ordinary pharmacists in the northern Tianyu to be in power, right?"

"Those guys in the Northern Heaven Region only know intrigue all day long. How can they have the idea of paying for this Northern Heaven Region Pill Pavilion? Everyone only knows to fight each other for their own desires. It is ridiculous."

Pavilion Master Xuan Sheng sneered.

Although he seldom manages the affairs of the Northern Heaven Domain Pill Pavilion, he does not understand the intrigues of the outside world?

In order to a little bit of so-called power, the three deputy chiefs of the Dan Pavilion intrigue and defame each other, even at the expense of the son of Lu Wencheng, and use the opportunity to exclude the King of Sylphy. What can these people do? In particular, Xuan Yi Yao Wang, in the eyes of the master of Xuan Sheng Pavilion, this person is the most hopeful to get out of the northern heaven, but unfortunately, under the successive blows, it has led to confusion. Zi was also undermined, otherwise, Pavilion Master Xuan Sheng really wants to cultivate Xuan Yi medicine

king.

It's a pity that everything is too late now, even he can do nothing about Xuan Yi Yao Wang.

If Dan Dao City is handed over to the so-called deputy pavilion masters, it will truly be called the destruction of Dan Dao City and the North Heaven Territory.

"Let's go, presumably those guys are already waiting anxiously. If that kid wants to become a holy son, he has to show some skills. Otherwise, why should the old man help him?" Pavilion Master Xuan Sheng straightened his sleeves. Step out.

In the Dan Pavilion hall, there was already a loud voice at this moment.

All the alchemists who came to receive the news had already enclosed the hall full of them.

All kinds of powerful elders, internal affairs elders, and foreign affairs elders have almost become a rare gathering of Dange in a century. As long as there is time, no one dares to be absent.

Nonsense, Lord Pavilion summoned, can they not come?

In the whole hall, it is obvious that the crowd has divided into five waves.

Among them, the three deputy pavilions each led a group of people behind them, occupying almost 70% of the entire Dan pavilion's power. They were extremely strong and huge, showing a tendency to resist courtesy.

In addition, a group of people followed the King Xuan Yi Yao, occupying about 20% of the altar pavilion, or even less than the strength, compared with the strength behind the three deputy pavilion masters, it seemed a bit weak.

In addition, there are some people, but they are scattered. These people are elders who do not participate in each other's struggle, or medicine kings who are devoted to studying alchemy techniques. They are just like certified elders, they are all obedient. Yu Dange, not a specific person.

Of course, such a force is the smallest and the most undesirable.

"Hehe, Xuan Yi, I haven't seen you for so many days, so I look good."

Seeing Sylphy Medicine King, Kang Youming's deputy pavilion suddenly laughed, his eyes flashing coldly, and he stepped forward in greeting.

"Xuan Yi, the sorrows change smoothly."

The deputy pavilion master Jin Shengjie also walked up with a smile, eyes long and narrow, like a poisonous snake. They all have smiles on their faces, seemingly warm and gentle, but in the depths of their eyes, they are full of cold light, and the corners of their mouths are outlined with pride and disdain.

[Chapter 1273: Must be an illusion](#)

Hearing the conversation here, everyone looked over and their eyes jumped.

Everyone knows that the three deputy pavilion masters and Sylphy Medicine King did not deal with each other. The reason why Sylphy Medicine King was expelled from the position of deputy pavilion master back then had an important relationship with Jin Shengjie and their aggressiveness.

The Shengzi Lu Wencheng under Sylphy Medicine King has just fallen, and it has already become the big news of Dange. Everyone knows that Sylphy Medicine King is still in sadness, but Jin Shengjie and Kang Youming mentioned this at this time. The topic of this is clearly provocative.

Sure enough, upon hearing the words of the two of them, King Xuan Yi Yao looked at them coldly, and said lightly: "Thanks to the two, the old man is not dead. I wonder if the two deputy pavilions are disappointed?"

"Xuan Yi, you think too much, I'll wait up, just care about you!"

"Yeah, I know you just died of the Saint Son, and you can't bear it in your heart. I also want to persuade you to be sorrowful and change, don't hurt yourself, Xuan Yi, you are too small to save the belly of a gentleman, right?"

The faces of the two changed, but they still said with a smile.

"Really? Then do I have to say sorry?" Xuan Yi Yao Wang sneered. Anyone with a discerning eye knows what the other side is thinking. Is it so hypocritical?

"I heard that you recommended another genius to be a saint son, and you stabbed it to the Lord Pavilion Master. Why do you want me to say that you are like this?" Deputy Pavilion Master Kang Youming smiled lightly.

Deputy Pavilion Master Jin also sneered: "Have you forgotten Lu Wencheng Shengzi? Why bother to drag others into the water? How bad is it to harm others?"

Xuan Yi Yao Wang suddenly shot a killing intent in his pupils, and said, "Isn't it your turn to take care of the old man's affairs?" He had long suspected that the death of Saint Lu Wencheng was a crime, and now he listens to Qin Chen telling the way. The death of Shengzi Wencheng has something to do with the Huang Family of Pill Road City, and the backstage of the Huang Family is the deputy pavilion master. Obviously if what Qin Chen said is true, then the death of Shengzi Lu Wencheng is naturally related to this golden The deputy cabinet master can't get off

Interaction, naturally murderous inside.

"This old thing, I don't know a good-hearted person." Deputy Pavilion Master Jin hit a wall, suddenly snorted, turned and left.

Seeing that the conflict here stopped, the atmosphere on the field eased slightly, and everyone focused on the matter of the Lord Pavilion ordering them to come.

There was basically no impervious news in the Pill Pavilion. Soon everyone knew that the pavilion owner had summoned Qin Chen, and they all sneered suddenly.

"Then Qin Chen was arrogant and domineering in my alchemy pavilion. He wounded Saint Son of Jinzhou as soon as he came over. Later, he murdered in Dan City and beat He Dantong of Alchemy Master Qinghong. Such a domineering person, It's strange that the Lord Pavilion can apply through his holy son."

"More than these three things, I heard that when Qin Chen first teleported from the wild country to my Dandao City, he had a conflict with the management staff while teleporting to the main hall and beat the people in the teleporting hall wildly. After a while, it was the horse soldier who came forward before he came down."

"Is there anything else? This person is too arrogant?"

"This matter, the Ma Bing manager has already submitted it, if such a madman becomes the saint son of our Dan Pavilion, then it will be worth it?"

The crowd talked and sneered. In addition to the many elders and deputy chiefs of the Dan Pavilion, there are also some ordinary staff and alchemists on the field. Many of them have no factions, but serve

the Dan Pavilion. They heard some evil deeds about Qin Chen. I just felt that this person was too arrogant and domineering, and was called in by Lord Pavilion, thinking

It must be bad luck.

In the crowd, He Dantong followed a gray-bearded old man with a hideous expression.

What a Qin Chen, who is now provoking the anger of the public. Seeing what he does, is it amazing to think that he is a famous medicine king?

"He Rui, this person really does not give the old man face at all as you said?" Next to He Dantong is Alchemy Master Qinghong, who is also the third deputy chief of the alchemy pavilion.

"Sir, what the disciple said is true, that Qin Chen was arrogant and tight at the beginning, the disciple has already revealed his identity, but he still ignores it, obviously he won't give you face to you!" He Dantong leaned forward. , The look in his eyes is a bit venomous, telling lies.

Alchemy Master Qinghong snorted coldly, "This son, it is indeed arrogant, you should withdraw first, and guard the door. If the Lord Pavilion comes out, you will salute immediately."

He also investigated what happened, and it was indeed his Dantong who looked down at people at first and spoke too much.

However, even if his Dantong speaks too much, that Qin Chen is no more than a new medicine king, so he dares to do something with his Dantong, which is clearly not giving himself face.

Now this matter has been completely passed on in Alchemy City, and Alchemy Master Qinghong has lost his face, and naturally he has no favor with Qin Chen.

"Yes." He Dantong stepped back quickly, but there was a slight grin on the corner of his mouth.

Qin Chen, Qin Chen, fight with me, you are still a little tender, now it's up to you how you stand up.

Hehe, he smiled in his heart, and then his smile grew bigger and bigger, and he almost couldn't help but make a sound.

Just when everyone was waiting, with a creak, the door of the hall suddenly opened, and a figure came out from the door.

It was Qin Chen who came out first.

"what!"

He Dantong was guarding the door, and when he heard the sound of the door opening, he was suddenly full of spirits, thinking that it was the Lord Pavilion Lord coming out and hurriedly to salute, but after seeing Qin Chen, he was stunned.

"You, how could you come out alive? Didn't you get killed by Lord Pavilion? How could it be?"

He Dantong looked like a ghost, staring at Qin Chen and his eyes almost popped out.

what happened?

Why did Qin Chen walk out so well?

He has done so many bad things, and each of them is enough to make the Lord Pavilion Master Lei Ting angry. Before he thought about it, Qin Chen was summoned by the Lord Pavilion, and he must have been dismantled and frustrated.

But are there hallucinations now?

It must be an illusion!

Qin Chen saw He Dantong standing at the door and opened his mouth to explain why he was not beaten to death. He suddenly looked down and said, "Have you not been beaten enough by me before?"

"Impossible!" He Dantong jumped three feet high, as if he had been stepped on his tail, but he quickly calmed down and said coldly: "Boy, you are really lucky, and you didn't get caught by the pavilion owner. Your lord killed me, but, sooner or later, I will settle the bill with you!"

He didn't understand what happened, but he still had to say something cruel.

Snapped!

Qin Chen slapped it directly, and sneered: "After you settle the bill with me, what do you do? Ben Shao will slap you again now, you can keep it for a good deal!"

He Dantong was slapped and flew out, fell heavily to the ground, and suddenly screamed. Everyone in the hall saw this scene, they were already silly, which directly caused an uproar.

[Chapter 1274: Give him a chance](#)

After Qin Chen was received by the pavilion master, he was not killed by the pavilion master, and walked out as if nothing had happened.

This originally shocked everyone, but who would have thought that after Qin Chen came out, his first move was to beat He Dantong again, causing everyone to stand up, and everyone was going crazy.

This kid is too lawless.

Many people have heard of Qin Chen's madness, but at this moment, they understand how mad Qin Chen is. In the presence of so many elders and the three three deputy pavilion masters, they directly beat the Dantong of a deputy pavilion master. How confident can this be done?

The three saints of Wei Jinzhou, Xi Aoling, and You Huaqing also have goose bumps all over their bodies. Although they are already saints, they can think in another way. Even if they are now, they will not dare to do such mad things. .

"Boy, you dare to beat the old man's Dantong and look for death."

Suddenly, an angry roar sounded, it was Alchemy Master Qinghong.

He stood aside and watched Qin Chen start his hand. He wanted to stop but it was too late. At this moment, he was furious, and with a bang, the huge black palm directly grabbed Qin Chen.

The eighth-stage mid-stage peak Martial Emperor, this Qinghong Alchemy Master, was actually the mid-stage peak Martial Emperor, with black palms like a mountain peak, directly squeezing Qin Chen into it. However, before his palm came to Qin Chen, the Xuanyi Medicine King beside him also moved, screaming, the same palm shot, two huge palms erupted in the hall with a shocking roar, shocking everyone on the court. Some of the Yaowang elders who were cultivated by King Wu were surging with blood in their bodies, almost vomiting

Bleeding.

"Xuanyi Medicine King, what do you mean?" Alchemy Master Qinghong said angrily.

"What do you mean? This son is the saint son recommended by the old man. How can you allow you to kill at will." Xuan Yi Yao Wang sneered.

"You... this person beat the old man Dantong in the Dan Pavilion, and he should be put to death." Alchemy Master Qinghong shouted angrily.

"You can try it."

Xuan Yi Yao Wang sneered.

Although he retired from the position of deputy pavilion master, and was mad, he did not have a long lifespan, but his cultivation was still there, so he was naturally not afraid of Alchemy Master Qinghong.

"Xuan Yi Yao Wang, you... don't make trouble for yourself, today, the old man will kill you."

Alchemy Master Qinghong spoke angrily, booming, his body was even more aura, and he slew towards Qin Chen.

"enough!"

Xuan Yi Yao Wang just wanted to stop, but only heard a cold drink suddenly sounded, and then a heart-pounding breath suddenly spread from the back of the hall. Bang, the attack performed by Alchemist Qinghong burst out and disappeared into nothingness. As if it had never happened before.

Then, a domineering figure walked out from the back of the hall.

It was Pavilion Master Xuan Sheng, behind him, was the certified elder Huangfu Nan.

"My Lord Pavilion!"

"Subordinates pay homage to Lord Pavilion Lord."

Suddenly all kinds of loud shouts were heard, the atmosphere of silence on the court was instantly wiped out, and everyone hurriedly bowed to salute.

"Lord Pavilion Master, this son had previously taken action against Dantong subordinates. It was really lawless. He also asked Lord Pavilion Master to be fair for his subordinates." After Alchemy Qinghong saluted, he hurriedly shouted.

"Pavilion Master, the younger Alchemy Master Qinghong subordinates Dantong. Previously, this kid beat the disciple and asked Master Pavilion to be fair to the younger!" He Dantong also hurriedly climbed to the feet of Pavilion Master Xuansheng, Howling with tears, pretending to be as miserable as possible.

Jin Shengjie, Kang Youming and others stood aside with a smile, watching the excitement.

"Well, the old man has seen the previous things. You are a little pill boy, but you dare to yell and threaten the king of medicine in my pill pavilion. Is this what you call asking the old man to be fair?" Xuan Pavilion Master Sheng sneered, looked at He Dantong, then looked at Alchemy Master Qinghong.

boom!

He Dantong's mind suddenly went blank, what's going on, the script is wrong, how could Lord Pavilion speak for that Qin Chen? He is the pill boy of Alchemy Master Qinghong!

"Qinghong, tell me, what kind of justice do you want me to do for you?" Pavilion Master Xuan Sheng said coldly.

Being stared at by Pavilion Master Xuan Sheng, Alchemy Qinghong instantly burst into cold sweat on his back. Whoever he is, he can naturally hear the dissatisfaction in the tone of Master Pavilion Master.

"Pavilion Master..." He Dantong still didn't know what was good or bad, and wanted to argue.

"To shut up."

Alchemy Master Qinghong shouted angrily, "Drag him to me!"

He said in his mouth, he had already made a strong move, instantly caught He Dantong and threw it out of the hall, and then respectfully said: "Pavilion Master, the subordinates are not strictly disciplined. Please forgive me."

He lowered his head, his forehead was covered with cold sweat.

Pavilion Master Xuan Sheng is a supreme existence in Dan Dao City. Don't even think that he is also a deputy pavilion master, but with a word from Pavilion Master Xuan Sheng, he can immediately slap him as the deputy pavilion master. Winking.

"Huh!" Pavilion Master Xuan Sheng snorted, but didn't say anything, just coldly said: "Today the old man left the customs, not for other reasons, but received an application from Xuan Yi, and wants to recommend this person as a holy son. Hearing about some things about this person, I did act arrogantly, but it was not unruly, so I should

Give him a chance, what do you think? "

what?

As soon as Pavilion Master Xuan Sheng said this, almost everyone's complexion changed drastically. This kid has done so many anger and grievances, and Pavilion Master Xuan Sheng actually said to give him a chance?

This, this... is incredible.

There are many smart people, and immediately came to the conclusion that Pavilion Master Xuan Sheng admired it very much, so he spared his "disrespect" behavior.

Suddenly, the king of Sylphy Medicine was overjoyed, but the face of the three deputy pavilions changed drastically.

As for the other neutral elders, their eyes flickered, and they looked at Qin Chen one by one, wondering if it was time to curry favor with each other.

This is a new star of the Alchemy Dao, and the future prospects are indescribably bright. Although it is the line of Sylphy Medicine King, if it can be tied to its own chariot, it will glorify countless lives.

"My Lord Pavilion, never do it."

"My lord, although this son is not unruly, it is indeed against the purpose of my Dange to do such shocking things as soon as he comes to Dandao City."

"Shengzi of Alchemy City, each one needs to go through strict assessments and many screenings before it can finally be determined that if one is added rashly now, it is a bit unruly, right?"

"Please think twice, Lord Pavilion."

Kang Youming and Jin Shengjie didn't care that they would offend Pavilion Master Xuan Sheng at this time, and they hurriedly spoke up. "The pavilion master is not saying that he directly agreed to this son's request, but is going to give him a chance to test, let him and our Dandao City's current three saints have a Dandao test, if you win, Then you can obtain the qualifications of the Saint Child. If you fail, you will discuss his crime of rebellion." Pavilion Master Xuan Sheng said coldly.

[Chapter 1275: He De He Neng](#)

As soon as Pavilion Master Xuan Sheng said this, everyone was stunned.

Let Qin Chen compete with the three saints, if he wins, he will get the position of saints, but if he fails, discuss Qin Chen's crime of disobedience?

How does this feel shameless?

Who are on the court? Almost half of them were the elders of the Pill Pavilion and the King of Medicine, all of whom were wise men, and instantly understood the intentions of Pavilion Master Xuan Sheng.

Is this going to test Qin Chen's alchemy?

If Qin Chen can defeat the three saints, it obviously means that Qin Chen's cultivation on the path of alchemy will surpass the three saints. Facing such geniuses, the Lord Pavilion will naturally not accuse them. Some previous arrogant and domineering ones can tolerate.

But if it can't compare with the three saints, then I am sorry.

Without the strength, but still so arrogant, ha ha, sorry, not only did your Saint Son application fail, but you have to be held accountable.

This is clearly a coup that kills two birds with one stone.

However, Kang Youming and others still had ugly faces and anxious hearts, which did not help much.

"My Lord Pavilion, is this still wrong?"

"How can this son, He De, compete with the three saints on the same stage?"

"Yes, the three saints of Wei Jinzhou, Xi Aoling, and You Huaqing are the ones who finally set the position of saints after a lot of competition in my Dange. Once this son comes up, he must compete with them. Injustice." "If it is another genius disciple, his subordinates will certainly not have any opinions, but this Qin Chen, not only arrogant and domineering, but also lawless, dare to take action anywhere, completely ignoring my Dange rules, such a person, if it is because he has some talents, not only will he not be held accountable, but he will be

Shengzi competed, and his subordinates thought it was an insult to my Dandao City Shengzi. "

Kang Youming, Jin Shengjie and other deputy pavilion masters, as well as many of their powerful elders, such as Wang Yongsheng and others, all jumped out one by one in a short time, one after another, filled with righteous indignation.

The heart is extremely nervous.

Nonsense, can you not be nervous?

Although they were very dissatisfied and disdainful of Qin Chen, they also knew that Qin Chen definitely had real strength.

At the beginning, Qin Chen forcibly suppressed the flying snow pill that was about to explode in the lecture hall of Master Zhao Ruhui, and successfully completed the refining; and the news that the perfect Qinghong Pill was refined during the Medicine King's assessment, has long been passed on. Into the ears of each of them.

Even Kang Youming and others have a clear understanding of what happened, even if every detail has not been overlooked.

He came to a conclusion that Qin Chen's talent in pill way was extremely terrifying, and his strength should be close to a medicine king who was at the peak of the early seventh stage.

What is this concept?

Among the nearly one hundred elders in the Dan Pavilion, I am afraid they can all be ranked before the fifty. Otherwise, Huangfu Nan would not directly grant Qin Chen the post of internal affairs elder right after the Qin Chen Medicine King assessment.

Although Kang Youming and others are extremely confident in the Wei Jinzhou and others they have cultivated, they cannot guarantee that the three saints will definitely beat Qin Chen. In their opinion, the victory or defeat between the two sides should be five Around five open.

This is what they dare not risk.

What if Qin Chen really won the three saints?

Although the three saints had superb strength through their systematic guidance, they were not all-rounders. In some places, there were weak points. What if Qin Chen won?

For example, if the pavilion owner gave a question about refining the Qinghong Pill, although the three saints could also refine the Qinghong Pill, there was definitely a gap compared to Qin Chen's No-failure Qinghong Pill.

It was hard to get rid of Lu Wencheng Shengzi who was originally under Xuan Yi Yao Wang. If Qin Chen came again, wouldn't it be a waste of effort?

Never let Qin Chen get this opportunity.

Suddenly, many elders under the three deputy pavilion chiefs all admonished, saying that the move was inappropriate, even if it was to anger the pavilion chief, they would not hesitate.

Although Wei Jinzhou, Xi Aoling, and You Huaqing did not speak, they were actually very dissatisfied with Qin Chen.

Lord Pavilion actually ordered them to compete with Qin Chen? Doesn't this mean that in the eyes of Lord Pavilion Lord, Qin Chen can compete with them? Why?

They worked so hard to become the king of medicine and were pushed to the position of the saint son. Any soil buns that popped up from the countryside, just because they passed the exam of medicine king, they must compete with them on the same stage. Where is their hard work before?

Listening to the noisy discussions on the court, Pavilion Master Xuan Sheng's face suddenly sank: "Why, don't you even listen to what the old man said?"

His eyes narrowed, and there was murderous intent on his body.

"The Lord Pavilion Lord calmed down. We didn't mean that, but felt that it was unfair for Qin Chen to directly compete with the three saints."

"Holy Son of Jinzhou, who did not make a certain contribution to the Dange, diligent and hardworking, if it is because of the recommendation of Xuan Yi Yao Wang, they rashly let them compete with an alchemist who does not know where they came from. I think it is a blasphemy against the identity of the Son."

"Subordinates seconded, and I ask the Lord Pavilion to think twice."

Everyone hurriedly said nervously, but no one regressed. This is a matter of life-long interests, so naturally they cannot easily give in.

"You are so courageous." Pavilion Master Xuan Sheng suddenly became angry.

boom!

The power of the terrifying pinnacle Martial Emperor permeated out, and the whole hall instantly seemed to have fallen into an ice cellar, cold and biting, with endless chills extending across the body.

He didn't expect that, for the sake of a little saint son, Kang Youming would dare to defy him. Does he really think that there are so many people, so he won't punish them?

Seeing that Pavilion Master Xuan Sheng was about to go wild, Qin Chen suddenly laughed: "Pavilion Master calms down, can you let the disciple say a few words?"

Ok?

Everyone's eyes slammed at Qin Chen, what did this guy want to say at this moment?

"Bold, how can you speak here!"

"Little pharmacist, I'm waiting to discuss important matters, can't you let me in?"

"Xuan Yi Yao Wang, take care of your subordinates."

"Don't give me back."

Kang Youming and the others shouted angrily. Qin Chen wanted to speak, just to argue for himself, how could they make Qin Chen do what he wanted?

"Say!" Pavilion Master Xuan Sheng glanced at the people indifferently, said indifferently, his eyes narrowed, and the corner of his mouth was drawn with a cold arc.

Huangfu Nan on the side raised his eyebrows and his body trembled. As the personal elder of Pavilion Master Xuan Sheng, he couldn't understand Pavilion Master Xuan Sheng. Every time Master Pavilion Master showed this expression, it meant that he was true. Angry.

It seems that these guys have forgotten the temper of Lord Pavilion Lord without showing up for many days. Seeing that Lord Pavilion said so, even though Kang Youming and others were dissatisfied, they could only shut up, and then looked at Qin Chen coldly.

[Chapter 1276: Challenge the Deputy Cabinet Master](#)

"Thank you, Lord Pavilion Master." Qin Chen bowed his hand to Pavilion Master Xuan Sheng, turning a blind eye to everyone's murderous gaze. He just smiled and said to Kang Youming and others: "Actually, several deputy pavilion masters and all the powerful elders. I didn't agree with the Lord's suggestion, the disciple understood very well, disciple

I also feel that what a few people said is quite true, and it makes sense! "

What the **** is this kid doing?

Everyone was stunned. They all thought that Qin Chen's reason for interjecting must be to defend himself a few words. They didn't expect to say that he could understand the behavior of the chief deputy pavilion masters when he came up. Isn't this just shooting himself in the foot?

What does he want to do?

But Qin Chen continued to say with a smile: "The disciples are superb, and their talent on the alchemy is shocking and unparalleled in the world. If you compete with the three saints, you will definitely win. In this way, it is indeed unfair to the few saints. ."

Everyone was stunned, this kid was so confident, how many saints did he win?

Moreover, how can anyone boast about themselves so much, why are they superb, shocking, and unparalleled in the world, is this too narcissistic?

"Boy, you are crazy!"

"Do you think we're going to eat it?"

"Little boy, his tone is so arrogant, I don't know how high the sky is."

"If there is a kind, compare it to the previous one."

Wei Jinzhou, Xi Aoling, and You Huaqing were all furious and shouted.

Damn, just say that you can definitely win them. Isn't this slap them in the face? Really arrogant! If the three of them can become the saint sons of Alchemy City, which one is not the arrogant generation, how can they bear it?

"shut up!"

Kang Youming and the other three deputy pavilion masters changed their expressions and hurriedly scolded them, and then said: "Qin Chen, do you want to use the radical method? To stimulate Wei Jinzhou and the others to challenge you, don't you feel despicable?"

Wei Jinzhou and the others suddenly realized that Qin Chen was violently challenging them, and immediately became angry and cunning in his heart.

"The three deputy pavilion masters have misunderstood." Qin Chen smiled slightly, his expression unchanged: "The disciple said so, naturally it is not a radical general, the disciple really has no idea of competing with the three saints!"

"Then what are you talking about?"

A few people sneered, without this idea, funny? Thought they would believe it?

"What the disciple said is just explaining a fact, because the disciple knows that even if the disciple defeats a few holy sons, relying on this alone, they want to leapfrog and become the holy son of Dandao City, which violates the rules of Dandao City. As soon as he opened his mouth, it was quite unfair to the saints."

"So the disciple wants to speak to the Lord Pavilion Lord and cancel the competition between the disciple and the three saints."

Pavilion Master Xuan Sheng frowned, what exactly did Qin Chen want to do? Xuan Yi Yao Wang and others are also at a loss.

Among all the people, Zhuo Qingfeng was very calm, because he knew that Qin Chen would never aimlessly, so he must have his intentions.

"Qin Chen, what do you want to say?" Pavilion Master Xuan Sheng frowned, and said coldly. Qin Chen saluted the master of the Xuan Sheng Pavilion, saying: "Pavilion master, the disciple wants to become a holy son, Ruoguang just defeats a few holy sons, it can only represent that the disciple has the strength

of the holy son, but he cannot become a special disciple. The conditions of the Son, if you want to become a Son, naturally you have to have a far superior to the Son

Only in this way can everyone be convinced. "

"So the disciple courageously proposed to the lord of the pavilion that the challenge of the disciple and the three saints should be cancelled, and the disciple and the three deputy pavilion heads should conduct a Dandao competition."

Speaking of this, the smile on Qin Chen's face instantly converged, and a sharp light suddenly shot out in his eyes, saying: "Didn't the three deputy pavilion masters say that the disciples are not qualified to be saints? So the disciple proposed to join the three deputy pavilion masters. In the competition, I wonder if the three deputy chiefs dare?"

Qin Chen looked proudly, looking down at the three deputy pavilion masters, his eyes didn't seem to look at the three respected Pill Pavilion deputy pavilions at all, but as if he was looking at three ants.

"what?"

"I heard that right? Qin Chen said that he was going to compete with three deputy pavilions?"

"Where did he get his courage?"

"Is this guy crazy?"

As soon as this statement came out, the audience was in an uproar, everyone was stunned, and each one opened his mouth wide, like a ghost.

"What are you talking about? Do you want to compete with us?"

Kang Youming was also stunned, and even repeated a sentence in disbelief.

"Yes, I don't know if the three deputy pavilions have the courage to compete with the disciples." Qin Chen smiled lightly.

"Hahaha."

"Let us compare him, who does he think he is?"

"Lord Pavilion Lord, you have also seen that, this kid is a lunatic at all. How can a madman become the saint son of our Pill City? Please take back the Lord Pavilion and die."

The faces of Kang Youming and others were not shocked, but funny.

"Qin Chen, you need to give the old man an explanation." Pavilion Master Xuan Sheng snorted, also a little sullen.

"The disciple is serious." Qin Chenhong said: "As long as the disciple can defeat the three deputy pavilion masters on top of the alchemy path, no one can refute the disciple becoming a holy son, right?"

This is really true. The most fierce opponents of Qin Chen right now are Kang Youming and the three. If Qin Chen can really defeat the three on the alchemy, what can the three have to say?

But, can Qin Chen really defeat the three deputy pavilions?

All people have only four words in their hearts: how is it possible?

Don't look at the three people of Kang Youming's despicable personality, but they can become the deputy chief of the Dan Pavilion, and their accomplishments on the Dan Dao are obvious to all.

The three of them not only cultivated up to the mid-stage peak of the eighth stage, but also each of them was the medicine king at the mid-stage seventh stage. They were even one step away from the late stage of the seventh stage. They were the entire alchemy city, second only to Several alchemy masters of Pavilion Master Xuan Sheng.

And Qin Chen?

Although he passed the Medicine King examination before and refined the seventh-grade Qinghong Pill, he was only twenty years old after all. If he can defeat the three saints on the alchemy path, everyone still believes a little, but if he can Defeating the three deputy pavilion masters and killing them is impossible to believe.

"Don't the several deputy pavilions dare?" Qin Chen said again when the three Kang Youming didn't speak.

"It's not a question of whether you dare or dare, what status are you, what status am I waiting for, why should I compare with you?" Kang Youming sneered. "Okay, there is no need to argue. The old man thinks this is a good idea. Kang Youming, since the three of you don't agree with Qin Chen competing with the three saints, it's up to you to compete with each other. This is the case. Ten After days, in this pill pavilion, there will be a big comparison." Pavilion Master Xuan Sheng coldly

Tao.

"Pavilion Master." Kang Youming and the others changed their faces. They knew that the Pavilion Master should be really angry, otherwise it would be impossible to be so tough.

"What else do you have to say?" Pavilion Master Xuan Sheng's expression was a little unkind. Kang Youming took a deep breath, and said, "Let me wait to compete with this son. However, after all, this son is humble. The subordinates think it is better to let this son enter the alchemy room first. The seventh level, it's not too late to compete with me."

[Chapter 1277: Too reckless](#)

There was a whisper in the hall.

The alchemy room is a place in the Beitianyu alchemy pavilion that is specially used to verify the alchemist's alchemy skills.

This was built thousands of years ago by an elixir power in the Wuyu Dange headquarters. Not only the North Tianyu Dan pavilion, but also the Dan pavilions of the other three regions, it can very accurately confirm the alchemist's Dandao attainments.

Once the pharmacist enters the alchemy room, the divine sense will enter a virtual world, and then will conduct a series of alchemy assessments to verify the alchemist's alchemy attainments.

There are 14 levels at the highest level in the alchemy room. At present, in the entire alchemy city, apart from the eighth level of the master Xuansheng, there are only five people who can make it to the seventh level. They are Huangfu Nan. , Sylphy Medicine King, Kang Youming, Jin Shengjie and Qinghong Alchemist.

In addition, the strongest of the other elders only reached the sixth level. The only difference is the length of time spent in the sixth level.

Therefore, after everyone heard Kang Youming's request that Qin Chen first enter the seventh level in the alchemy room, everyone took a breath.

This is not an easy goal.

"Okay, I agree." Before Pavilion Master Xuan Sheng could speak, Qin Chen had already agreed.

He sneered at the corner of his mouth. After ten days, he was going to let Kang Youming and the others face scandals and defeated.

If they all lose to themselves at that time, don't know how they will feel?

"If that's the case, it's settled. After ten days, Qin Chen will conduct the assessment of the alchemy room first. After passing the assessment, he will compete with Kang Youming. If he wins, he will become a holy son. If he fails, Make another decision." Pavilion Master Xuan Sheng waved his hand and gave the order directly.

"This....."

Kang Youming's expression was stagnant. His original intention was to ask Qin Chen to conduct the assessment of the alchemy room now. The assessment is conducted in the alchemy room. If there is preparation and no preparation, the results are absolutely different. Who knows that Lord Pavilion directly It was set in five days.

"Why? Kang Youming, do you have an opinion?" Pavilion Master Xuan Sheng looked over coldly, and the icy meaning filled his eyes.

"No, my disciple didn't." Kang Youming said, and then quietly wiped the cold sweat from his forehead. He felt that if he dared to say something, the Lord Pavilion Lord would definitely kill him on the spot.

"If that's the case, everyone is gone." Pavilion Master Xuan Sheng waved his hand and gave the order.

"Humph."

Kang Youming and the others gave Qin Chen a cold snort, and immediately dispersed.

A group of people soon came outside the Dan Pavilion.

"Wang Yongsheng." Kang Youming shouted in a low voice.

"My Lord Pavilion." Wang Yongsheng hurriedly walked over and bowed his head in Kang Youming's ear.

In private, he has always called Pavilion Master Kang Youming, and Kang Youming also enjoys such a name.

"I didn't expect that Qin Chen would actually ask to compete with the old man. It is really arrogant. Who does he think he is? A stinky kid who dares to challenge the old man?" Kang Youming snorted coldly.

Although he dismissed Qin Chen's challenge, the dignified deputy pavilion owner of the Dange actually took the initiative to be challenged by a young man who was only 20 years old and passed it out. Where did he put his face?

Fortunately, it was not only him who was challenged, but also Jin Shengjie and Alchemist Qinghong, who finally felt a little psychological comfort. "Now, go and do one thing for me right away, which is to understand Qin Chen's origins and past events clearly. Remember, you must investigate me carefully and use all your strength to make him an enemy. Who has offended someone, what have you done, who is the master, life experience,

Give me 15-10 investigations. I'd like to see, a little brat, where is the courage to go against the old man."
"

A cold light burst into Kang Youming's eyes.

Not only him, on the other hand, Jin Shengjie and Alchemy Qinghong also quickly arranged people to investigate Qin Chen's past.

Although they sneered at Qin Chen's challenge, the few people were a little suspicious, because everyone knew that Qin Chen's attainments in the pill way could not be compared to them, but Qin Chen still made such a request. Inside, there must be fraud.

But now, they still don't know anything about Qin Chen's past, so they immediately sent people to investigate, and they must know themselves and the enemy, and survive all battles.

"Qin Shaoxia, you are really, too reckless..."

When Kang Youming and others left, in the hall, Xuan Yi Yao Wang looked at Qin Chen speechlessly, with an expression of hatred for iron and steel.

This...what should he say?

Finally, Qin Chen struggled for a chance to become a saint son, but this guy was better off and directly challenged the three deputy pavilions. Who did he think he was?

Not only Sylphy Medicine King, but Jiao Jialiang behind him and other elders who depend on Sylphy Medicine King also looked at Qin Chen helplessly.

This guy is too arrogant.

What do you think of yourself? Is the nine-pin pill emperor yet?

Why did Master Yao believe this kid and put hope on him?

"Master, don't worry about it. Since Shao Chen said that, he naturally has his certainty." Zhuo Qingfeng walked over with a smile, without much worry on his face.

Following Qin Chen over the years, he has long been accustomed to Qin Chen's style of doing things. In many cases, it seems impossible, but he can create miracles and turn defeat into victory. This time, I am afraid it will be the same.

With Zhuo Qingfeng's understanding of Qin Chen, let alone challenging the three deputy pavilion masters, even if Qin Chen proposed to challenge the pavilion master Xuan Sheng, he would not have any doubts.

"Qingfeng, you don't even know Kang Youming's methods..."

Xuan Yi Yao Wang was helpless. Although he couldn't understand Kang Youming and the others, he knew their accomplishments on the alchemy. This was definitely not something a new Yao Wang could challenge.

Not to mention the new drug king, even the old drug king, without decades of hard work, can't even think about breaking the wrist with Kang Youming.

The three of them can stand out among the many medicine kings and become the master of the Northern Heaven Domain Pill Pavilion.

"Master, now the matter is over, what else can be done?"

Zhuo Qingfeng was not easy to explain, he could only comfort Xuan Yi Yao Wang so much.

"Okay!" Xuanyi Medicine King sighed. He also knew that the tree was done, and it was useless to say anything. He just shook his head and said: "Qin Shaoxia, since you have agreed, the Lord Pavilion has already decided, I will not let's talk more, don't know if you need anything?"

"Senior Xuan Yi, the juniors really have something to ask for. I don't know what the Dan Dao Chamber will generally test?" The Dan Dao Chamber is a martial arts Dan Pavilion, specially prepared for the four domains, mainly to improve the Tianwu mainland four domains. Qin Chen had never seen the foundation of his alchemy in his previous life, so he wanted to know about it.

[Chapter 1278: Elementary Library](#)

Xuan Yi Yao Wang was even more speechless. Qin Chen didn't even know what the pill room was, so he accepted it directly. Is this guy really reliable?

At this moment, Xuan Yi Yao Wang even doubted whether his decision was right or wrong. But at this point, he couldn't say any more frustrating words, and patiently explained: "In the alchemy room, the assessment is mainly about basic knowledge, such as the identification of elixir, etc., and the difficulty generally ranges from shallow to deep, a total of 14 Guan, at the sixth pass, it's basically the knowledge point of the medicine king level

, And Kang Youming said that the seventh level is even more difficult. Generally, the medicine king in the middle stage of the seventh stage may not be able to break through. The ones who can break in are often some medicine kings at the peak of the middle stage of the seventh stage. A master with unique insights on the road. "

"As for the ninth level, it is the knowledge point of the medicine emperor level, and the knowledge points assessed in it are all very solid. It is said that it is an assessment, but it is also instructive."

"So that's it." Qin Chen nodded.

It turned out that this alchemy room was a place for teaching and testing, mainly the place where Wuyu Dange was used to solidify the basic skills of the four domain alchemists.

"I heard people say that this alchemy room was built by Wuyu Dange Great Power thousands of years ago, and the alchemy techniques thousands of years ago should be quite different from the current alchemy techniques. Right? Will the assessment questions in this alchemy room change?" Qin Chen asked again.

This is also his biggest concern.

Based on his previous life's cultivation base, just to assess knowledge points, not to mention the seventh level, even the fourteenth level is fine for him. The only worry is that he has fallen for three hundred years and does not know these three hundred. Has there been any major change in the knowledge points of the refining world a year ago?

"There will definitely be changes." Xuan Yi Yao Wang said: "The assessment questions in the alchemy room will be updated every ten years and keep pace with the times. Otherwise, let the current pharmacists assess ancient medicine refining skills. Nine out of ten will fail the test."

Sure enough, what I was worried about was not unreasonable.

Qin Chen smiled bitterly. It seemed that he would be working hard for the next ten days. Before in the five kingdoms and the land of a hundred dynasties, Qin Chen also made up for the new knowledge points of the current pill realm, but even in the land of the hundred dynasties, it is too remote, many things will not be updated once in a hundred years, and this The assessment in the Dan Dao Room will change in ten years. If you

Theory, and cause the assessment to fail, that is called injustice.

Therefore, we must make up for knowledge.

And the quickest way is to go to the Cangshu Pavilion of the Dan Pavilion, look through the new works of the Dan Dao published over the past three hundred years, and learn about the changes in the pill world over the years.

"Senior Xuan Yi, this junior has something to ask for."

"Say!" Xuan Yi Yao Wang looked over.

"Where is the library of our Dan Pavilion? I want to take a look."

"Oh? You said you want to look at the books in the high-level library?" Xuan Yi Yao Wang nodded slightly, it seems that Qin Chen is not aimless, but purposeful.

Jiao Jialiang and the others couldn't help but nod their heads, inexplicably restoring some confidence.

Thinking of this, everyone was just about to show Qin Chen the way, but listened to Qin Chen said: "Uh, can you tell me where the elementary library is? The juniors first read the books in the elementary library, and then read the middle and advanced library. of!"

Sylphy Medicine King: "..."

Jialiang Jiao: "..."

Zhao Ruhui: "..."

Everyone's hearts are broken at this moment.

They have all been Qin Chen, since they have accepted the assessment of the alchemy room, they should already know all kinds of knowledge, the only thing that is not sure is the advanced knowledge of the sixth level assessment, so he wants to go to the higher library to make up for the knowledge.

But who would have thought that what Qin Chen asked was the elementary library.

Without even grasping the most basic knowledge, they agreed to the assessment of the alchemy room without hesitation, and they all doubted whether Qin Chen's head was squeezed by the door.

However, even if they felt helpless now, there was nothing to do.

Speaking of the location, Qin Chen didn't waste time, and went straight to the elementary library, while Zhuo Qingfeng was accompanied by him.

After the two left, Jiao Jialiang looked at Xuan Yi Yao Wang: "Master, Qin Shaoxia... is he too reckless?"

"It's reckless, but have you noticed that he is very confident!" Sylphy Medicine Wang was incredulous: "I really don't know where his confidence comes from!"

"Could it be that I don't know the terrible alchemy room and the three deputy pavilion masters?" When talking about the three deputy pavilion masters, Jiao Jialiang shuddered: "Although I am only one step away from the middle seventh stage alchemist, let I competed with the three major deputy pavilions, and I have no courage to kill me!"

The deputy pavilion master of the pill pavilion was terrible, and Qin Chen challenged three of them. Even if he could pass the pill room and face the top pharmacists of the three pill pavilions, he would feel incredible.

This is like a child who has to compete with an adult. No matter how talented he is, but his level is not enough, it is basically impossible to succeed.

"Qin Shaoxia is also a Medicine King anyway, even if he has not communicated with Kang Youming and the others, it is impossible to not know the power of the deputy pavilion master of Dandao City!" Xuan Yi Yao King shook his head, "This person is really a mystery!" "Yes. At only twenty years old, he is already the Seven-Rank Medicine King, and after being received by Lord Pavilion Lord, Lord Pavilion Lord actually didn't embarrass him. Before, it seemed that he was still helping him. He didn't understand at all. The most important thing is, When he was appraising the Medicine King, he actually refined the perfect Qinghong Pill

."

Thinking of Qin Chen's Medicine King assessment, Jiao Jialiang couldn't help being surprised.

At that time, Qin Chen's performance was so amazing that he, the real power elder of the Dan Pavilion, was a little admired.

"In fact, it is very simple to know where his confidence comes from. Isn't he going to the library to read? You can send someone to follow. As long as you keep following, there will always be some clues and see what!" Xuan Yi Yao Wang said .

Qin Chen is so confident, he must know a lot about refining medicine, as long as he sends someone to follow him, he can always find some clues.

"Yes!" Jiao Jialiang nodded, "Master, you are waiting here, I will go and see, alas, Qin Shaoxia agreed to Kang Youming's condition, I always feel a little worried."

After speaking, he hurried away.

In fact, not only Jiao Jialiang, but Kang Youming and other three deputy pavilions are also quite suspicious of Qin Chen. They secretly sent people to follow Qin Chen, and even pavilion Xuan Sheng returned to his refining room. A confidant went to investigate Qin Chen's deeds.

Although it is speculated that Qin Chen is a genius disciple of a certain Alchemy Family in the Martial Domain, it is too naive for a young boy to dare to challenge the three deputy pavilions of his Northern Heavenly Alchemy City! Therefore, Pavilion Master Xuan Sheng was also confused and didn't know what medicine Qin Chen's gourd sold, so naturally he sent someone to stare at Qin Chen secretly.

[Chapter 1279: The whole city is boiling](#)

Not long after, the confidant he sent out came back.

It's just that after coming back, his confidant's face was strange.

"What's the matter? Where did the kid and the Xuan Yi Yao Wang group go?"

Pavilion Master Xuan Sheng and Huang Fu Nan looked curious.

"Back to the pavilion master, then Qin Chen and Xuanyi Medicine King were separated, and went to our Dange library to watch the books." The confidant said, but the weird meaning on his face was even worse.

"Oh?" Pavilion Master Xuan Sheng raised his brows: "Go to the library?"

He laughed, "I should have heard about the contents of the alchemy room assessment, so I went to the higher library to watch the uncommon pill prescription and many uncommon elixir. I want to hold the Buddha's feet temporarily, but there is no alchemy room in the martial arts. This kind of assessment."

"No." The confidant said in disbelief: "Then Qin Chen didn't go to the advanced library, but the elementary library."

"Elementary library?"

Pavilion Master Xuan Sheng and Huang Fu Nan were stunned.

The elementary library contains some of the most basic alchemy theories, and there is basically no profound place. Qin Chen, a medicine king, needs to prepare for the alchemy room assessment. No matter what, he should go to the advanced library. Go to the elementary library. What does the library do? "I understand." Suddenly, the master of Xuan Sheng Pavilion suddenly appeared, with a clear look, and said with a smile: "Although there are some basic things in the elementary library, there are also some relatively rare knowledge, he Maybe I want to consolidate and prevent myself from performing the alchemy assessment at that time,

There was an accident and a simple knowledge point was mistaken. "

When he said this, Huangfu Nan nodded suddenly, and even admired the compliment: "The Lord Pavilion Lord is wise."

The expression on the confidant's face next to him became even more weird, and he hesitated: "My Lord, when I went, what Qin Chen looked through didn't seem to be some uncommon knowledge, but some other books."

"Other books? What books?" Pavilion Master Xuan Sheng was a little puzzled.

Didn't you guess right? Then what did Qin Chen go to the elementary library to see? "My subordinates have seen several books, including "Basic Alchemy Techniques", "Mainland Conventional Elixir Collection", "Basic Prescriptions", "Thousands of Basic Elixir in Low-Level Refining", "Forty-eight Fire Controlling Methods" "Basic Techniques" and "How to Conduct a Preliminary Heat Trip" and so on, the subordinates have seen many

Everyone was peeping at Qin Chen secretly, so they didn't dare to get close, but the subordinates definitely read these books correctly! "The confidant thought for a while, said.

"Basic alchemy technique? Basic prescriptions?"

"The basic techniques of 48th Middle School for fire control, how to conduct preliminary heat trips? He is the king of medicine?"

puff!

Almost a mouthful of old blood spurted out, Pavilion Master Xuan Sheng and Huang Funan looked at each other, both of them were dumbfounded. This is the simplest theoretical book that a pharmacy apprentice needs to learn, okay... It's like walking and eating. As long as you are a pharmacy apprentice, you must master it. Even in the alchemy room, the assessment will only be performed at the first level. , The second level appears, this guy has to compete with the deputy pavilion master, Dan Dao

The room must pass seven levels to be considered successful. Are you reading this kind of book now?

Is there a mistake?

It's like a warrior who is going to have a life and death duel with Jiutian Wudi, only then remembers to buy weapons and learn basic exercises...

real or fake?

"Are you sure he is reading these books?"

Can't help it, Pavilion Master Xuan Sheng asked suspiciously.

"It is indeed reading these books. The subordinates have been peeping over there for a long time. He is indeed watching carefully, turning page by page. By the way, the subordinates have also seen him take the "Basic Pills for Nearly 100 Years". , Seems to be memorizing the contents..." That confidant almost cried.

He also felt that what he saw was outrageous.

This confidant himself was only a low-level pharmacist, but he did not bother to read the books that Qin Chen read, and was so familiar with him. He was actually memorizing these things seriously, and he thought he was dazzled.

"This... the kid doesn't know that someone is peeping, so he pretends on purpose?"

Pavilion Master Xuan Sheng and Huang Funan looked at each other, only thinking of such a possibility.

Soon, the two were extremely convinced of their speculation.

"Well, it must be pretending on purpose. After a while, this person will reveal his true colors."

Both are convinced.

"Continue to inquire!" Pavilion Master Xuan Sheng ordered.

Not only them, but the people like Xuan Yi Yao Wang, Kang Youming, Jin Shengjie, Qing Hong Alchemy and others who received the information were also confused and confused, and they did not understand what plane Qin Chen was doing.

Soon, they also guessed that Qin Chen should be deliberately deceiving them.

Therefore, they did not give up and continued to send people to monitor.

one day.

Two days.

Three days.

Blink, days passed.

The news that Qin Chen will conduct an assessment of the alchemy room in ten days and a duel with the three deputy pavilions also swept through the entire alchemy city like a gust of wind.

One stone stirred up a thousand layers of waves, and immediately caused an uproar.

The entire Dandao City seemed to be boiling.

A newly promoted medicine king, in order to compete for the position of the saint son, challenge the three deputy pavilion masters, just passing it out is shocking and enthusiastic.

Especially after the open and secret struggles that took place in the Dan Pavilion hall were passed on, it aroused the excitement and enthusiasm of countless people in the entire Dan Dao City.

Unprecedented, unprecedented.

This is a rare event in Dandao City in a thousand years.

For a time, in the next few days, everyone in Dandao City met and talked about the grand event ten days later.

And Qin Chen naturally ignored the ups and downs of the outside world. He stayed in the library of the Dan Pavilion and kept absorbing the knowledge of these three hundred years.

He did this not only for the assessment in ten days, but also to systematically understand what happened in the medicine industry in the past three hundred years.

I have to say that even though there hasn't been any major revolution in the alchemy world over the past three hundred years, there has been progress and changes in many theoretical knowledge.

Many of the contents of the Dan Pavilion in the Land of Hundred Dynasties were incomplete and were not updated quickly. Qin Chen couldn't see these contents at all. However, in this Dan Pavilion of the Northern Heaven Domain, it would be updated basically every ten years. Qin Chen had a clearer understanding of the current Alchemy Realm.

Even in the process of refining medicine, he has many new ideas and new lessons.

He forgot to sleep there.

But I suffered from those who watched him. I was peeping at Qin Chen and reading some basic books all day, and all of them were going crazy.

At first, Pavilion Master Xuansheng and Kang Youming thought that Qin Chen was playing mystery, but when they learned that Qin Chen had entered the middle and high-level library, all they watched were some basic books, and they were completely speechless. .

Dare to love Qin Chen is not blinding them at all, but is really reading these books.

After all, more than half of the ten days have passed, so there is no need to pretend to be so long?

In such a mood, ten years have passed in the blink of an eye.

It was finally the big day when Qin Chen, Kang Youming and others had a big match. The whole city is boiling!

[Chapter 1280: Enter the Dan Dao Room](#)

The assessment of the big competition was placed on the huge square outside the Dan Pavilion. Early in the morning, the place was already crowded with a large number of people.

Even some of the emperor-level forces that received news from the Northern Sky Region have sent masters to gather.

Alchemy City is the center of the Northern Heaven Region's pill trading. There are hundreds of millions of elixirs circulated from here every year. The grand event such as the establishment of the Saint Child in

the Alchemy City is a great deal to every emperor-level force that survives in the Northern Horizon. In terms of it, it's a big deal.

It's about their future interests.

This also caused the Alchemy City to be overcrowded with strong people everywhere.

Even the top emperor-level forces such as the Tianluo Dynasty have masters coming to observe this grand event.

Qin Chen swept his gaze and saw many Wuhuang experts, but Qin Chen basically didn't know him, but when his gaze was about to withdraw, he was taken aback.

He really saw an acquaintance.

This acquaintance is not someone else, it is the Sect Master of the Demon Sword Sect, Yan Nineteen. In addition, beside Yan Nineteen, there are several powerful powerful men, two of whom have the most terrifying aura.

Both of them were old men with gray and brown beards. One of them was like a sky-breaking sword, rushing into the sky, and the other was like a huge mountain, not moving like a bell.

In front of the two, even Sect Master Yan Nineteen of the Demon Sword Sect was very respectful, like a follower.

"What are they doing here?" Qin Chen frowned.

You know that the Demon Sword Sect is really a thousand miles away from here, and if you want to come over in just ten days, even if the Emperor Wu is riding on the teleportation array, you have to drive with all your strength without rest.

The other party rushed over so hard, didn't he just want to watch his own competition?

Qin Chen sneered, but didn't take it to heart. Although he killed the Xufeng Martial Emperor of the Demon Sword Sect, this was the Pill Dao City, and he was also the Medicine King of the Pill Pavilion. He didn't believe in the Demon Sword Sect and dared to stay here. What moth came out of Dandao City.

Withdrawing his gaze, Qin Chen turned and left.

Below, when Yan Nineteen and the others saw Qin Chen, they were all bosses with their mouths open, especially Yan Nineteen, their eyes widened and they looked incredible.

Although they got the news that there was a big storm in Dandao City, and the name of the new saint who was about to be compared with the deputy pavilion master was named Qin Chen, they did not dare to connect the two Qin Chen together.

A genius of swordsmanship from a remote place has transformed into a medicine king who is vying for the position of the holy son of Alchemy City. Who can believe it?

Especially Yan Nineteen, he had also talked a lot with Qin Chen. Seeing this familiar face of Qin Chen at the moment, he suddenly felt like in a dream, but he felt it was too unreal and too illusory.

Although he is the sovereign of the Emperor-level power Demon Sword Sect, the Demon Sword Sect is not weak among the many emperor-level powers in the Northern Heaven Territory, but in front of the Saint Child of Alchemy City, he is still far away.

A saint child of Alchemy City is enough to make the entire Northern Heavenly Territory Emperor-level power holders flatter, but he, the Emperor-level power sovereign, may not have this ability.

"Yan Nineteen, this person is that Qin Chen?" The Demon Sword Sect ancestor Fengyun Sword Emperor stood aside at this moment and said indifferently.

"Back to the ancestor, this is the person." Yan XIX hurriedly saluted.

"Hmph, the Xufeng Sword Emperor who killed my Demon Sword Sect, dare to challenge the three deputy pavilion masters of Pill Dao City, this is really courageous."

Feng Yun Sword Emperor snorted coldly, but his expression never fluctuated at all, and he couldn't see the fluctuations in his heart.

As time passed, the three deputy pavilions of Dandao City finally came out, all appeared together, sitting on the high platform, all looking indifferent.

In addition, many medicine king elders of the Dan Pavilion appeared one after another, sitting cross-legged around.

Many of these medicine king elders are all eighth-level martial emperors, and each of them exudes amazing aura, and they cannot be underestimated because they are alchemists.

"It's almost time. Today, it is the day when my Dan Pavilion sets up a new saint son for a big comparison. I hope you can abide by the rules of my Dan Dao City and witness this grand event." Pavilion Master Xuan Sheng appeared last on the high platform. After sitting in the middle of the high platform, he said loudly.

"Now, please Qin Chen on stage."

In the loud shout of Pavilion Master Xuan Sheng, Qin Chen rushed to the high platform with a cool posture and calm complexion.

"He is Qin Chen?"

"too young."

"I heard that this person is only twenty years old this year, he is already the King of Seven Drugs, and he is indeed a genius."

"Such a young Medicine King, this is the first time in the history of Dandao City, right?"

"It's a pity, I heard that this person wants to become the Saint Son, and he must challenge the three deputy chiefs of the Dan Pavilion. After winning, he can hope to become the Saint Son. I am afraid that he will lose."

"Does this still need to be said? Who is the deputy chief of the Dan Pavilion? How could he be defeated by this young man, this boy is still too anxious, otherwise his talent will become a great weapon in the future."

As soon as Qin Chen took the stage, he evoked whispers from the audience.

"Qin Chen, do you have anything to say?" Pavilion Master Xuan Sheng looked at Qin Chen.

"The disciple has nothing to say."

"In that case, enter the pill room!" Pavilion Master Xuan Sheng said directly without talking nonsense. The alchemy room is located in the most eye-catching place in the alchemy hall. Basically every alchemist in the alchemist has undergone the assessment of the alchemy room, and there is a huge stone monument outside the alchemy hall, when someone After the assessment is over, his score will appear on the stone tablet, and the total score can be

Those who squeeze into the top ten in history will stay on the stele forever.

There are only ten people.

Imagine how many people have participated in such assessments for thousands of years, generation after generation, and the more people behind, the more difficult it is to leave a name on the stele, because this is equivalent to one by one with the alchemy masters of the past. Trick.

Currently, Pavilion Master Xuan Sheng is ranked eighth on the stone tablet, and he has reached the eighth level.

To be able to enter the top ten, the lowest must be the eighth level, and Pavilion Master Xuan Sheng is the medicine king at the pinnacle of the seventh stage, and he came from the master of the martial arts pill. Pharmacist.

But even so, he only ranked eighth.

After all, in the Alchemy City for nearly a thousand years, there have not been any Heaven-defying Alchemists, but in the history of thousands of years, some Alchemy masters have emerged.

"Can Qin Chen make it to the seventh level?"

Everyone looked at Qin Chen, full of expectation, because Qin Chen could only compete with the three deputy pavilions only after reaching the seventh level, but it was not an easy task to reach the seventh level.

"It is said that under normal circumstances, only the medicine king in the middle stage of the seventh stage can reach the seventh level!"

"Middle Stage Seven, is it so difficult?"

"Then Qin Chen is also said to be a Medicine King, and even refined the perfect Qinghong Pill during the assessment, but there should be a certain distance from the middle stage of the seventh rank? Is this possible?"

"Who knows?"

Qin Chen didn't pay attention to everyone's discussion, strode towards the alchemy room, and then walked in under the eyes of everyone, and then the door of the alchemy room was closed. The assessment has begun.
