[Chapter 1291: Refining the same](#)

"The test is not over yet, is it too early to make a decision like this?" Qin Chen smiled lightly, without the slightest panic on his face.

Alchemy Master Qinghong snorted coldly, and there was less than half an hour left. Even if Qin Chen started refining now, it was too late. It took him more than half an hour to successfully refine the Runmai Pill. , Is this Qin Chen faster than him?

"Since your Excellency said so, then we'll just wait. I really want to see what your Excellency is capable of, and it can turn the sky upside down." Alchemy Qinghong sneered.

Others also shook their heads.

It's just a good word. No one thinks in his heart that it is impossible for Qin Chen to defeat Alchemy Master Qinghong. There is still such a short time left to let Pavilion Master Xuansheng come to refine it. Can you succeed?

At this moment, everyone sighed.

I have to say that today's competition still gave them a great shock. It's a pity that Qin Chen's opponent was Alchemy Qinghong. Even if he is evil, he will not be more than 20 years old. How can he be in the alchemy? Comparing with Alchemy Qinghong who has been forever for a lifetime?

While everyone sighed, on the refining stage, Qin Chen, who had not done anything, finally moved.
call!

A thick flame suddenly emerged, it was the Qinglian demon fire he had controlled before, and the thick flame instantly enveloped the pill furnace in front of him.

This flame, violently rotating, surging rapidly around the pill furnace, above the pitch-black pill furnace, the streamer flickered suddenly, and it was obviously heated quickly.

Qin Chen hasn't given up yet?

Everyone was amazed, many people even stood up in surprise, looking at Qin Chen incomprehensibly.

Does it make sense for him to do this?

Now there is only one-third of an hour left before the end of the competition. In such a short time, it would be difficult to refine a furnace of Seven-Rank King Pill, isn't it?

The three Kang Youming also sneered, "Dying struggling!" To Qin Chen's seemingly unwilling behavior, his heart was more cheerful than ever.

On the high platform, Qin Chen ignored him. While heating the tripod, his right hand moved suddenly, well, like a phantom, he clicked on an elixir on the refining platform.

Puff puff!

Wherever the Phantom went, the whole elixir broke apart as if cut by a sharp blade, the cuts were neat and clean.

"what?"

"I'm going, what did I see?"

"This is... the phantom plunderer."

"This kid can do this trick?"

The audience was in an uproar, everyone was dumbfounded, one by one dumbfounded.

The magical medicine hand is a powerful medicine skill that was previously revealed by Master Qinghong. I didn't expect Qin Chen to do it? Damn it?

What surprised people even more was that Qin Chen's shot was faster, his movements were sharper, his right hand flashed, and the elixir was broken, neat and tidy, with a pleasing feeling. Compared with the previous shots of Alchemy Master Qinghong, it clearly added a charm.

Everyone felt that their scalp was numb, and goose bumps appeared all over their bodies.

This trick alone made everyone clearly feel the terrible Qin Chen, this is a master who is not weaker than Alchemy Qinghong.

And the Alchemy Master Qinghong on the side was even more somber, and gloomy was about to drip.

As soon as Qin Chen came up, he used the same technique as before, which was obviously a provocation. How could he not be angry? It's just that he didn't understand, when did Qin Chen control this technique of dividing medicine, this skill, which was acquired by Master Qinghong more than 20 years ago. After more than 20 years of hard training, he finally achieved success. Who I thought that Qin Chen seemed to be stronger than him when he showed it. Could it be that the other party started from his mother's womb?

Did you practice?

Facing everyone's discussion, Qin Chen was expressionless, completely immersed in the refining of the Runmai Pill.

In the blink of an eye, he finished sorting out all the elixir in front of him, and the speed was nearly twice as fast as that of Alchemist Qinghong's before, which once again caused an uproar and noise.

After processing all the elixir, the hot cauldron in front of him was over, Qin Chen opened the bow with both hands and quickly put a large amount of elixir into the pill furnace.

He danced with both hands and bowed left and right, like dragons and phoenix dancing, gorgeous and dazzling.

Long Feifeng Dancing Hands!

puff!

Everyone slapped their tongues again, their eyes bursting.

Damn, isn't this dragon-flying-phoenix-dancing hand just the medicine placement technique previously used by Alchemy Qinghong?

Is this Qin Chen accidentally or deliberately? Although everyone refines the Pills of Runmai, the habits and methods of alchemy will be different for each alchemist, and it is basically difficult to see the same technique appearing among different alchemists.

But now Qin Chen actually made two shots exactly the same as Alchemy Qinghong, how could everyone not be speechless?

What everyone doesn't know is that what makes them more speechless is actually still behind.

Double true element control method!

Vortex countercurrent technique!

Jiu Xuan Hot Ding Method!

...

One by one, the superb alchemy skills were continuously displayed from Qin Chen's hand, quickly processing a large number of elixir in front of him, and the whole process was exactly the same as the previous refining of Alchemy Master Qinghong, completely indistinguishable. .

Oh, there are differences. The only difference is the flames of the two. Alchemy Master Qinghong displayed the Qingyang fire, while Qin Chen displayed the blue lotus flame. In addition, the refining process of the two was completely Exactly the same, there is no difference.

What shocked everyone even more was that Qin Chen's refining was clearly faster.

Whether it is dispensing medicine, heating a pot, placing medicine, refining medicine, removing residues, etc., Qin Chen is faster than Alchemy Master Qinghong, and his posture is more graceful and dazzling.

If Master Qinghong's refining is like a skilled worker who is skilled in operation, then Qin Chen's refining is like a master of art, splashing ink at his fingertips and swaying freely.

Cang Dang!

Cang!

The sound of all kinds of things falling is endless. After Qinghong Alchemy Master was refining, everyone was immersed in the previous shock. Many alchemists were still learning in secret, and now all the shocked alchemy furnaces fell to the ground. , With his mouth open, just as stupid.

How could anyone in this world be able to refine the pill to show such perfection?

Miracle, this is simply a miracle!

Everyone was shocked. As for the more powerful alchemists on the field, they stood up in surprise, staring at Qin Chen's refining on the high platform one by one, just as sluggish.

They even couldn't help but, even Xuan Yi Yao Wang, Kang Youming's deputy pavilion master, Jin Shengjie's deputy pavilion master, even Huangfu Nan elder and Xuan Sheng pavilion master were shocked, their eyes widened and their bodies trembled.

how can that be?

But Alchemy Master Qinghong flushed, and incomparable anger emerged in his heart, slapped his face, Qin Chen slapped his face naked.

He used the same technique for refining, and he was more proficient and more beautiful than himself. Where did he put the old face of the deputy chief of Dan Pavilion?

[Chapter 1292: Playing with fire](#)

But immediately, the face of Alchemy Master Qinghong showed a sneer and mockery.

Qin Chen was playing with fire and set himself on fire. The reason why he used these methods to refine is entirely because of Qingyang Fire, but what about Qin Chen? Although his Qinglian flame is also very powerful, it is not a Qingyang fire after all. Different flames are refined by the same method and process, and even faster than him.

Is it possible that the refining is successful within one hour?

No matter how gorgeous the skills are, they all serve the pill itself. If Qin Chen can't refine the Runmai Pill, what is the use of just showing off his skills?

In the end, there is only one failure.

Other pharmacists obviously thought of this, and expressed great doubts about whether Qin Chen could refine the Runmai Pill, but this did not affect their shock to Qin Chen.

I only watched Master Qinghong's refining once, and perfectly copied the skills previously shown by Master Qinghong. What is this concept? How can there be such a terrible genius in the world?

In the shocking and enthusiastic eyes of everyone, Qin Chen accelerated the refining, and saw a steady stream of various techniques that were extremely splendid, and each process was about twice as fast as the refining of Alchemy Qinghong. The point is that there is no sign of a fryer, which is simply a miracle.

Time passed by every minute.

Seeing that the prescribed hour was approaching, Qin Chen finally completed the last step of refining.

"Get up!"

He gave a low cry, and a divine glow suddenly burst into his eyes. With a bang, the lid of the pill furnace exploded, and the rich medicinal fragrance filled the sky, and twelve bright brilliance shot up into the sky instantly.

"Successful."

"Qin Chen actually succeeded in refining."

"Twelve pill light, hiss, this is the perfect twelve pill."

"My God, is the pill **** descending?"

The crowd was stunned, everyone was stunned, some alchemists even knelt down with a thump, expressions of excitement, tears in their eyes.

The so-called perfect pill, refers to the limit of the number of pills that can be made from one part of the material. It is an extremely rare phenomenon in the pill pavilion, and the number is generally twelve.

In other words, for any pill, if one part of the material is given, the maximum number of pill that can be refined is twelve. This is a limit, which means that the elixir in one part of the material has been fully utilized to the extreme. The quantity that can be reached.

Like the previous Qinghong alchemy master, he successfully refined ten pills, which is already extremely exaggerated. It represents that the use rate of elixir is as high as 80%, and there is almost no waste.

But Qin Chen's pill furnace flew out twelve pills, which meant that Qin Chen's utilization rate of the elixir had almost reached 100%.

Of course, this does not mean that Qin Chen will definitely win.

In the alchemy test, the number of the pill is often secondary, and the real evaluation is the grade of the pill.

Although twelve pills of pill light flew out of Qin Chen's pill furnace, it did not mean that these twelve pill pills had really taken shape, and there was a certain possibility that there would be a useless pill, that is, a failed pill.

And even if all the twelve pill pills really become pill, it depends on the grade. Even if more than half of the twelve pill pills are first-class pill, compared with the ten first-class pill of Master Qinghong Medicine, Qin Chen's result also had only one lost word.

All, at this moment, everyone's eyes were fixed on Qin Chen, trying to distinguish the grade of the medicine in his hand.

Under Qin Chen's traction, the twelve pill lights instantly fell into his hands. In an instant, the twelve pills appeared in front of everyone, and each pill glowed brightly.

In addition, there are pill patterns all over it, and the pill patterns are full, which is more perfect and clearer than the ten high-quality pill that Master Qinghong previously refined.

"what?"

Alchemist Qinghong's face changed drastically. He was the peak pharmacist in the middle of the seventh stage. He was naturally very good at identifying the grade of pill. From a distance, the pill that Qin Chen refined was clearly better than he refined. The medicinal pill is even higher.

how can that be?

He looked pale, stepped back a few steps, and almost fell to the ground.

Whoosh!

He shook his body and came to Qin Chen in an instant.

"Qinghong, what do you want to do?" Xuan Yi Yao Wang shook his body, suddenly appeared in front of Qin Chen, and intercepted him.

boom!

The palms of the two collided, and their bodies shook together.

"Qinghong, this is the scene of the competition. Please also respect yourself." Pavilion Master Xuan Sheng recovered from the shock, and suddenly snorted, looking displeased, the terrifying pressure instantly enveloped the venue.

"My Lord Pavilion, is... your subordinate is reckless." Alchemy Master Qinghong turned red and white, and hurriedly bowed in salute, while staring at Qin Chen's Runmai Pill, his body seemed to be emptied. Slightly shaking like strength.

That's right, special class, it's a special class pill.

At such a close distance, it is absolutely impossible for Master Qinghong to read it wrong. The Runmai Pills in Qin Chen's hand are all round and full, with clear pill patterns, emitting a faint fragrance, restrained but not scattered, and are clearly a special Runmai Pill.

However, he was a twenty-year-old boy, and he only spent half of his time, how could he refine a special-grade Runmai Pill?

He can't figure it out!

He is not the only one who can't understand. No one can understand why Qin Chen can refine the middle seventh stage Runmai Pill in such a short period of time. Half of Qinghong Alchemy.

How did he do it?

These questions linger in everyone's mind, making everyone think about it. At this time, Pavilion Master Xuan Sheng has also gathered Qin Chen and Alchemist Qinghong's Runmaidan together, and he stared carefully. The Runmai Pill refined by Qin Chen couldn't hide the essence in his eyes, and his heart was moved. In the end, he raised the pill in his hands high and said: "In this round of competition, both sides successfully refined the Runmai Pill within an hour, but Qin Chen refined the Runmai Pill. The rank is high, and it is twelve perfect pill, while the Runmai Pill of Master Qinghong is of high rank.

And it was ten pills, Qin Chen won this round of competition! "

The voice of Xuansheng Pavilion Master Rumble reverberated between the heavens and the earth, and immediately caused a deafening roar from the audience.

Won.

Qin Chen actually won.

One is the deputy chief of the Northern Heavenly Pill Pavilion, the King of Medicine at the peak of the seventh stage, and the other is a 20-year-old boy who has just been promoted to the King of Medicine. Everyone has thought about countless possibilities, but no one can think of it, Qin Chen would win.

For a while, the whole square was full of discussions, as if it was fried.

Shocked!

Excited!

On the square, Kang Youming and Jin Shengjie looked sullen and gloomy. If Qin Chen won, how could this be possible?

[Chapter 1293: Respect you](#)

The two couldn't believe their eyes.

Especially Kang Youming, he deeply knows how terrifying the strength of Alchemy Qinghong is. In terms of his alchemy attainments, Alchemy Qinghong must be above him. If he was replaced by him before, I am afraid he can only practice at best. Produces the finest Runmai Pill, but in the Cheng Pill, it is even not as good as the Qinghong Pill.

But Qin Chen actually defeated Alchemy Qinghong, that is to say, if he replaced him on stage, he would lose no doubt, so what is the need for this third round?

On fire control, Qin Chen defeated Jin Shengjie, who had the strongest control over flames. On alchemy, he completely suppressed the strongest Alchemy Master Qinghong of the three. Although the competition between Kang Youming and Qin Chen had not yet begun, But Kang Youming knew that he had already lost.

There can be no hope of winning.

But the other party is only twenty years old, how could such an enchanting alchemy suddenly appear?

Even Kang Youming was desperate, let alone Xi Aoling and other three saints. She looked at Qin Chen with burning eyes, the corners of her mouth were bitter. It's ridiculous that I wanted to teach the other party a lesson, but now I know what is called a frog at the bottom of the well. Qin Chen is at least ten years older than himself, but he can refine even the middle seventh-rank pill, but he is still at the seventh-rank. Struggling hard in the early days, what qualifications do I have,

Prevent the opponent from becoming the saint son of Dandao City.

Is it by seniority?

In Tianwu Continent, the strong is respected, the same is true in the alchemy realm, and the expert is the teacher. This is a universal truth.

"Qinghong, do you have any objections to this pavilion master's judgment?" Pavilion master Xuan Sheng admired Qin Chen, then looked at Alchemy Qinghong and asked lightly. "Subordinates have no objection." Alchemy Qinghong smiled bitterly and shook his head, but stared at Qin Chen firmly, unwilling to say: "I just don't understand, why should I lose to you? On flames, my Qingyang fire is Ranked ninety-three on the Earth Fire Ranking. In terms of spiritual power, I have also reached the middle stage of the eighth stage.

There are opponents, I am superb in terms of skills, but why would I lose to you? "

He stared at Qin Chen, his eyes unwilling and crazy.

The battle with Qin Chen completely shattered his self-confidence.

"Do you really want to know?" Qin Chen said lightly, looking at Alchemy Qinghong with a strange expression.

"As long as the old man you can say is convinced, from now on, the old man will respect your Excellency, and if it is an oath, the heaven will die." Alchemy Qinghong gritted his teeth and said harshly.

"Deputy Pavilion Master Qinghong!" Kang Youming frowned and shouted.

"Master?" Xi Aoling also exclaimed.

Alchemy Master Qinghong waved his hand and said coldly: "My alchemy master, I have a lot of words, I want to see, what can be said here? If I can't be convinced, the previous vow will naturally not be fulfilled. "

Qin Chen smiled faintly and said: "Old man, don't take it for granted. You don't take me as your respect. This young man doesn't care and doesn't look down on me, but for the sake of your humility and desire, I just want to give advice. Please click."

With his hands behind his back, he walked slowly to the refining table. "The method you used to divide the medicine is called the magical pill hand. This is a method that can quickly divide the elixir. According to legend, it was created by a nine-tier pill emperor named Rao Geng in ancient times. The analysis and the application of the true essence perfectly decompose the elixir and make it better integrated

Into refining. "However, the Phantom Snatcher actually has a big shortcoming, that is, any elixir is composed of various parts, although the Phantom Snatcher can perfectly decompose the elixir, making every part of the decomposed spirit The medicinal properties are very balanced and can be better refined and integrated, but

Different parts of the elixir have different medicinal functions. "

"And after you randomly divide the medicine, the effect of the elixir will be dispersed, causing flaws in the refining process." Qin Chen smiled and looked at it: "This point, shouldn't Master Qinghong pay attention to it before? "

"This....."

Hearing Qin Chen's words, Alchemy Master Qinghong frowned, his face turned red and white.

After he got the Phantom Snatcher, he just practiced hard, and he really didn't pay attention to it.

However, if the magical pill hand is really flawed, why could Qin Chen use the same technique before refining a special-grade pill?

"Old man remember, you also used the phantom plundering medicine hand just now? How come I have flaws, and they won't be there for you?" He retorted casually. "It seems that you still don't admit it." Qin Chen shook his head, "So, let me give you a simple example. There is a green vein fruit in the main material of Runmai Pill. This fruit can warm the meridians and enhance the expansion and extension of

the meridians. Sex plays an extremely important role in Runmaidan. And you were decomposing just now,

However, it directly decomposes the Qingmaiguao into six equal parts, which can be added at different stages. On the one hand, the medicinal effects of Qingmaiguao can be better brought into play, and on the other hand, it will also make Qingmaiguao more refined. "But, you may have forgotten that the medicinal effects in a green vein fruit are actually not balanced. For example, the skin of the green vein fruit is harder and the refining time will be longer. The flesh of the green vein fruit is very soft, it can be refined instantly after entering the pill furnace, but its inner core part is moistening veins

Danzhong increases the function of meridian ductility. "

"So, for the same use of the Magical Snatcher, you divide the green vein fruit into six equal parts, but I have perfectly cut the peel, pulp, and core to make them in their respective stages. , Can be better utilized. Didn't you find this just now?"

As soon as Qin Chen said this, the audience was silent.

"Hey, it's true that when Qin Chen was using the Magical Splitting Medicine Hand just now, when he split the green vein fruit, he did remove the peel, pulp and core separately."

"It seems to be true, and I am also somewhat impressed."

"Qin Chen used the Phantom Snatcher too fast before, and finished the medicine in a moment. I didn't care too much. Looking back now, it seems that it is really the case."

After a while, the crowd suddenly became noisy. In the previous refining, Qin Chen shot too fast, plus there are dozens of main and auxiliary materials for refining Runmai Dan. Under the instant decomposition, everyone did not pay too much attention to the decomposition of each elixir. Is it different from Qinghong's decomposition? At that time, they were all attracted by Qin Chen's methods.

In retrospect, I couldn't help but suddenly.

Alchemy Master Qinghong's face was hard to look at all at once.

He really didn't notice this. "However, this simple point doesn't seem to explain anything, right?" Alchemy Master Qinghong said in a deep voice, "Although I have never divided the Qingmaiguao into the medicine perfectly like you, but when refining , But you have also been very careful, I am afraid that it will not be the deciding factor for you to refine the special pill."

[Chapter 1294: Nonsense](#)

Qin Chen smiled slightly and said: "This simple point, of course, cannot be used as a decisive factor for me to refine the special pill. However, I have seen your refining just now. The whole process is full of errors and omissions. It is not even as good as an apprentice, capable of refining. It's luck to make the best Runmaidan, if you really refine it

It's a weird thing with the special grade Runmaidan. "

"Rough nonsense." Alchemy Qinghong suddenly furious.

As the deputy chief of the Pill Pavilion, he is also regarded as a well-known figure in Pill Road City.

How not to be annoyed?

"Is it nonsense, you just have to listen."

Qin Chen didn't talk nonsense, and came to the pill furnace of Master Qinghong, "Then I will start with the most basic!"

"As long as you are a pharmacist, you know that if you want to refine a good pill, you must have a strong control over the pill furnace and the real fire. Different pill furnaces, even standard pill furnaces, will be different. As for Not to mention the real fire."

"But Master Qinghong just now started refining after offering the real fire. How much do you know about this pill furnace?" "You don't need to refute me. The specifications of these pill furnaces are all the same. They are all the standard pill that is standing in the pill pavilion. Furnace. I can tell you clearly that for the same medicinal material, the same real fire, and the same pill furnace, the pill that is refined will be different, because of this slight difference.

Sometimes, even because of this slight difference, it may even lead to failure in alchemy. "

The palm lightly touched the pill furnace, and Qin Chen continued: "If you don't believe me, this young man will tell you now." "This pill furnace is the standard king-pin pill furnace prepared by the pill pavilion for this competition. All standard king-pin pill furnaces are the same. The pill pavilions of the Tianwu Continent are all the same, generally three feet six inches high and two feet one inch wide. They are made by smelting star sand crystals with black profound iron, usually made by a seventh-order king-level refiner.

, Can be used to refine the general Wang Pin pill, the mid-Wang Pin pill can barely be refined, as for the late Wang Pin pill, it is often not enough. "

"Of course, it is more than enough for refining Runmai Pill. But you should know that Runmai Pill is also a mid-stage 7-Rank pill. The requirements for the pill furnace are very high, and the pill furnace is required to be evenly heated. There is excessive heat loss." "But this pill furnace has many problems. There may have been collisions during the previous use. This part has a distinct fine line. Such fine lines are shared on the entire pill furnace. Seven places. Refining ordinary pill is natural, but refining the Runmai Pill in the middle stage of the seventh stage will cause the pill furnace

The seventh-order elixir is unevenly heated, and the refining power of the medicine is uneven, and when the pill is finally formed, the power of the medicine is dissipated and there is regret. "In addition, this furnace tripod may not be carefully refined evenly during the refining by the refiner, resulting in the furnace wall on this side being one millimetre thicker than the furnace wall on the other side, even if it is black. The materials of iron and Xingsha crystal are very heat-transferring, which will also cause the temperature on this side to be three cycles later than the temperature on the other side.

If the absorption reaches the standard, there will be a 4% error in the refining speed of the elixir. "

"Among the many elixir for refining Runmaidan, the seven elixir of Xinmeng Ye and Qingmai Pill are very sensitive to temperature. A 4% error will directly lose more than 13% of their efficacy. , And lead to different efficacy..."

"real or fake?"

"A pill furnace has so many sayings?"

"This is too exaggerated, right?"

"It's just a pill furnace, and it's still a standard pill furnace. Does it need to be so complicated?"

Seeing Qin Chen talking freely in the square, many pharmacists below opened their mouths and were going crazy.

Although they know that the pill furnace is different, the pill that they refine will be different, but they are all pill furnaces of different grades, and even different origins. They never dreamed that there would be so many pill furnaces in a unified standard. The argument.

And... this is the standard pill furnace that Dan Pavilion specially used for this competition. How can ordinary people know so much detail, especially the difference between the walls of the pill furnace is one centimetre. Is it necessary to be so fine? One millimeter is only two hairs thick, which is almost equivalent to the furnace wall which is nearly two inches long.

Ignore it.

Qin Chen could easily see this gap. Isn't this too bad for the sky?

"After talking about the pill furnace, let's talk about real fire!" Ignoring everyone's surprise, Qin Chen continued: "The real fire owned by Master Qinghong is Qingyang fire. Qingyang fire ranks ninety-three on the fire list. Its characteristics The temperature is extremely high, quite bursting, and it can heat the furnace faster, melt the medicinal materials, and make the medicinal properties of it fully play. It can be said to be quite awesome.

, Otherwise Alchemy Qinghong would not be so confident. "But...because Qingyang Fire is very powerful, you should pay more attention to it. Everyone should know that any flame has attributes. Qingyang Fire belongs to Geng Fire, but Ke Runmai Pill is a very gentle pill that is used to nourish the meridians and heal injuries and health. Many of the medicinal materials are naturally warm and moist.

Yes, when refining, it needs to be cooked with rapid fire and then refined with slow fire, so that the effect of the medicine can be maximized. "

"In addition to this pill furnace, the refining is uneven, there are gaps everywhere, and the furnace wall is also flawed. It is even more necessary for the alchemist to pay attention to the changes in the medicinal materials in the pill furnace, instead of relying on the flames. That's it."

"These are the most basic things that a pharmacist needs to understand before refining alchemy. It is not a shortcoming, but I want to ask Alchemy Master Qinghong, have you paid attention to these before refining it?"

Qin Chen looked at Alchemy Qinghong with a smile.

Alchemy Master Qinghong only felt that his scalp was numb, and he almost fainted.

Attention, pay attention to your sister!

I practice a pill at will, these things are so complicated and complicated, how do I know? What's more, as a pharmacist, the most important thing is the mental power to control the reaction in the pill furnace. If the heat is small, just increase it a little, and if it is big, it can be reduced a little. Who is so idle? Before, you have to observe the size of the pill furnace and compare the conflict between your own real fire and medicinal materials.

what.

I was depressed, and Alchemy Master Qinghong knew that he could not answer.

Before alchemy, check the alchemy furnace and analyze the medicinal materials and real fire. This is the most basic thing. It is clearly written on the basic qualities of the alchemist. It is obviously a big mistake to start alchemy as soon as he makes a move.

But basically, these are the things that some low-level pharmacists need to pay attention to. High-level pharmacists don't pay attention to these things at all. They are more about improving their techniques. How can they consider so much?

But despite saying that, Alchemy Master Qinghong couldn't refute, he was just extremely depressed. "Looking at Master Qinghong's appearance, it seems that he doesn't agree with Ben Shao's statement." Qin Chen smiled: "But it's okay, let's talk about the alchemy technique that Master Qinghong is proud of."

[Chapter 1295: This is called alchemy](#)

Qin Chen came to the shelf containing medicinal materials: "Run Mai Pill requires 17 main materials and 41 auxiliary materials. It can be regarded as a blind pill with a lot of materials, so Master Qinghong used it. The skills of the dragon, flying and phoenix dancers come to put the medicinal materials."

"The Dragon, Fei and Phoenix Dancer is one of the more powerful methods of medicine placement. It can coordinate the placement of the elixir to a large extent and make it a perfect fusion. This is true, but the fault lies in it. The dragon, flying and phoenix dancing hands have become a omnipotent technique." "For example, when he was refining the Runmai Dan, he put Mu Ya Cao into the alchemy furnace for the third time, because Mu Ya Cao was heat-resistant, the third was put in to increase the cultivation It's no problem to take the time to fully release the effect of the medicine. However, because of the inertia of the hand, it will cause Mu Yacao.

When entering the pill furnace, he fell straight into it, which is a problem. "The early refining of Mu Ya Cao takes about seven breaths. Therefore, during the seventh breath, Master Qinghong added Angelica Liquid that complements Mu Ya Cao, but in fact, the temperature of the core of the pill furnace is higher than that. Because of the lower wall of the furnace, after Mu Yacao fell straight into the furnace, at least nine

The breath will be completely refined. The correct way is to put Mu Ya Cao against the furnace wall, but Qinghong Alchemy Master is confident in the dragon, flying and phoenix dancing, causing the Mu Ya Cao to be refined to delay two breaths, because these two breaths let The efficacy of the medicine was wasted by 9%, failure! "The double true element manipulation method is to use the divergence of true elements to allow the medicinal materials in the pill furnace to open the bow from left to right, be manipulated together, be fused together, and speed up the fusion, but in fact, it is not necessary for all

elixir, such as Yin The characteristic of bamboo shoots is that it must be gradually integrated into the medicinal materials before it can be used.

The complete medicinal effect, but Master Qinghong did not notice this at all. He used the double true element control method to speed up the refining of the yamsungrass, making the fusion of the medicinal materials imperfect and failed! "

"The same is true of the vortex countercurrent technique. The timing in the process of condensing pills is not right. It is one-fifth of the time of the incense and it fails!"

"Not to mention the Jiu Xuan Hot Ding Method, the timing of the hot Ding needs to be in perfect harmony with the actual addition of the elixir... or failure!"

".....failure!"

".....failure!"

Qin Chen said faster and faster, like a machine gun, every sentence is justified and rooted, every failure is like a sledgehammer hitting the face of Alchemy Qinghong, making his face paler and more body. It was an involuntary shaking.

Pill refining is not a game. The same medicinal material, the age is different, the effect is different, the same pill furnace, the grade is different, the time of refining medicine is also different, there are too many things involved, even if it is a detail , Is enough to describe for a long time.

Just a Runmai Pill, it can be said that if Qin Chen talked from beginning to end, he would not be able to finish it for three days and three nights.

Because of this, it is so difficult to become a pharmacist, because he is different from the martial artist's practice, he only pays attention to talent, but requires a lot of details, and is indispensable.

"This... incredible."

"I only watched the refining of Alchemy Qinghong once, and I can see that there are so many mistakes in Alchemy Qinghong. I was completely stunned by the operation of Alchemy Qinghong. Refined."

"Me too. What is even more exaggerated is that Qin Chen not only remembered the order in which Alchemy Master Qinghong put in many elixir, he even remembered whether Mu Yacao was put in straight or diagonally. How did you do it?" "What's this? The most terrifying thing is that after he was refined by Master Qinghong, he fully used Master Qinghong's refining methods to refining, but only cost Qinghong. In half of the time of the alchemist, and completely corrected many mistakes, he refined the special grade Runmai Pill. What level is this?"

? "

"Such a person cannot become a saint son, who can become a saint son?"

"It is ridiculous that several deputy pavilion masters still want to stop them, but the pavilion master and Xuan Yi Yao Wang are smart."

Listening to Qin Chen's talk, everyone was shocked, everyone was stunned and talked.

Nima!

What is alchemy?

This is called alchemy!

Other pharmacists are not called pharmacists at all, but are wasting medicinal materials and insulting the profession of pharmacists! No wonder the pharmacist's code clearly states that before refining, the alchemist must first check the pill furnace and analyze the characteristics of the elixir. Many high-level pharmacists think that these are only for guiding the low-level pharmacists, but they suddenly wake up. It turns out that high-level pharmacists need to observe more when refining pills

Check these.

Because a mistake in the high-level elixir can cause a huge impact on the refining of the elixir.

"It's no wonder that Qin Chen didn't move at all at first. I thought he was stunned by the operation of Alchemy Master Qinghong. Now it seems that he is definitely observing the details of the furnace and medicinal materials."

"Does that still need to be said, otherwise how could the other party be able to refine a special-grade Runmai Pill so easily?"

"While sharpening the knife and not cutting wood by mistake, he is clever, really clever."

Everyone was amazed, and many pharmacists trembled with excitement.

It is foreseeable that if they make use of the method Qin Chen instructed to refine the pill, then the pill they refined will definitely be upgraded to a higher level, explaining that it is no longer a dream to refining the first-class and special-grade pill.

Everyone was surprised, but the Alchemist Qinghong on one side was pale and his heart was ashen.

I thought that I was on the path of alchemy and had already ascended to the top, the entire Northern Heavenly Domain Pill Pavilion, under one person, above ten thousand people, except for Pavilion Master Xuan Sheng, was fearless.

But now, he realized that he was still far behind, not to mention comparing with those alchemists in the Martial Domain, even compared with Qin Chen in front of him, he was like an ant.

I'm just shit, no, even **** is not as good as shit. I'm still triumphant here, fighting for power and profit, ridiculous, sad, and sigh.

puff!

The heart became more and more depressed, and Alchemy Master Qinghong spewed out a mouthful of blood, and the whole person instantly wilted.

"Master!"

"Pill Master Qinghong!"

An exclamation came from the crowd, and Xi Aoling instantly rushed to the stage, holding on to Alchemy Master Qinghong, and glaring at Qin Chen angrily.

"I'm fine!" Alchemy Qinghong smiled bitterly and shook his head. He pushed aside Xi Aoling, staring at Qin Chen with a gray face, and sighed: "You have won, you are promoted to the position of Saint Son, I will no longer block it, from now on From now on, I will respect you, and the old man will never haunt you wherever you appear!"

He was lost in despair, as if he was several decades old in an instant.

"what?"

"Pill Master Qinghong actually wants to respect Qin Chen?"

"He is the deputy pavilion master of Dandao City!"

The crowd was in an uproar, one by one involuntarily shivered, their faces shocked. The dignified deputy chief of the pavilion actually made such a promise, which shows how great the shock was in his heart.

[Chapter 1296: Wait a minute!](#)

But soon, everyone was stunned again.

Anyone who was hit by Alchemy Qinghong would make the same decision, right?

The deputy pavilion master of the dignified Dange not only lost to a young man, he was also pointed out countless shortcomings, and the other party was indeed eloquent. Who could bear such a blow?

Alchemy is not a trifling matter. The state of mind, technique, self-confidence... is indispensable. If self-confidence is lost, what is a pharmacist?

While everyone looked sadly at Alchemy Qinghong, they looked at Qin Chen at the same time, their hearts twitching non-stop.

The opponent is simply a master of alchemy, who will die, whoever will end.

"Okay, okay, unique point of view, vicious eyes, worthy of a Tianjiao figure!" With a loud roar, Pavilion Master Xuan Sheng actually called out directly.

Such insights and theories were unheard of even when he was in the Wuyu Dan Pavilion. A young man who could study the Dan Dao so deeply made Xuan Cheng himself embarrassed.

If such a genius himself does not support him as a holy son, who can be?

"Kang Youming, what do you want to test with Qin Chen?" Pavilion Master Xuan Sheng laughed and looked at Kang Youming.

At this point, how can Kang Youming test Qin Chen? Qin Chen was like a wild horse running off the rein, except for the identity of the Saint Son, no one could cure it.

Kang Youming's face was pale, and he knew that it would be meaningless to continue the assessment.

Even Alchemy Master Qinghong was defeated, how could he compare with Qin Chen when he went up? Score medicine? Than knowledge?

Regardless of being laughable and generous!

"Subordinates, no questions to take!" He lowered his head, his voice was low, as if he had already admitted his fate, but if anyone could see his eyes at this moment, he could see two bursts of sharp light burst out of it. "Since there is no test, that means you have given up? Very well, it seems that you are still aware of the current affairs. Everyone, since Qin Chen has broken through the alchemy room and passed the assessment of the three deputy pavilions, then this pavilion The Lord announced now that my Dandao City will add a new Son from now on, then

Yes....."

Pavilion Master Xuan Sheng shouted loudly, and his voice instantly spread throughout the square, just when he was about to announce the identity of the son of Qin Chen.

suddenly.....

"Wait!"

At this moment, a cold shout sounded, directly interrupting the announcement of Pavilion Master Xuan Sheng, and at the same time a terrifying aura swept out, it was a group of Demon Sword Sect.

"Demon Sword Sect, Fengyun Sword Emperor!"

"Fengxingzong, Gangfeng Wuhuang!"

A group of people who knew them suddenly whispered.

Pavilion Master Xuan Sheng's expression also immediately sank. On such a solemn occasion, a group of troublemakers unexpectedly ran out? Moreover, there are still a few Martial Emperor masters in the Northern Horizons, where do they have the courage? "Fengyun Sword Emperor, Gang Fengwu Emperor, you are so bold, you are the ancestors of the Northern Heavenly Emperor-level forces, and are also the saint sons of my alchemy city. Using the way of master and guest, today is my alchemy. On the day when the new Saint Son of the city is crowned, how can you allow you to mess around and get out of here!" Huangfu Nan stood up directly

Scolded.

The Demon Sword Sect and the Fengxing Sect were both one of the top powers in the Northern Horizons, and even ranked middle among the many emperor-level powers in the Northern Horizons.

But what is Dandao City? The headquarters of the Beitianyu Dange, let alone the Demon Sword Sect and the Fengxingzong, even the top emperor-level forces such as the Daluo Dynasty would not dare to go wild here. These two people are too courageous!

Although Fengyun Sword Emperor and Gangfeng Martial Emperor were both the peak martial emperors in the middle of the eighth stage, they were equal in strength to Huangfu Nan, but as the elder of the Dan Pavilion, he did not put them in his eyes at all.

The Sword Emperor of Wind and Cloud didn't even look at Huangfu Nan. He just stared at Qin Chen, killing intent turned into substance, and said, "Qin Chen, do you know who I am?"

"Where did the dog come from? I don't know it!" Qin Chen saw Yan XIX next to Fengyun Sword Emperor, and vaguely guessed the purpose of the other party's coming, but he was not afraid of it and sneered.

"Hmph, you killed my Demon Sword Sect genius in the Demon Sword Inheritance, and even attacked and killed my Demon Sword Sect Wuhuang elder. You still dare to be hard-headed, aren't you afraid of death?" Fengyun Sword Emperor shouted.

"Bold!"

Huangfu Nan was even more angry, the other party dared to ignore him, wouldn't he be afraid of offending Pill Pavilion? There was dissatisfaction on his face. This is the site of his Dan Pavilion. How can others be allowed to go wild?

"Come here, drive these delusions out of Dandao City for me. If there is resistance, kill them." Huangfu Nan ordered.

"Yes!"

boom! boom! boom!

In the alchemy pavilion, there is a terrible aura blooming. As the headquarters of the alchemy altar, how can there be few Wuhuang emperors in the alchemy city? Suddenly a few breaths that were not weaker than the Sword Emperor of Wind and Clouds rose up, and they were all Martial Emperors at the peak of the middle stage of the eighth stage.

These figures rushed out of the Pill Pavilion, and they were about to attack the Sword Emperor Fengyun and his party.

"slow!"

At this moment, someone drank again.

Damn, what's going on today, should anyone scream?

Turning his head and looking around, he saw Kang Youming walking out in the middle of the square, his eyes cold, like a blade, his body exuding a powerful aura.

"Kang Youming!" Pavilion Master Xuan Sheng frowned, his eyes cold.

He had been skeptical before, just by relying on the two forces of Demon Sword Sect and Wind Xing Sect, he dared to run wild in his Dandao City? If no one is behind it, it's impossible.

Now it seems that there is something tricky, Kang Youming is very likely to be the backer behind the other party.

He did not speak immediately, but looked at Kang Youming coldly. "Pavilion Master!" Kang Youming arched his hand towards the Master Xuansheng Pavilion, and then respectfully said: "Qin Chen's previous accomplishments on the alchemy Dao, his subordinates admire very much, and think that the

other party has the qualifications to become a holy son. However, I am Dao. The saint son of the city must be of innocent origin and integrity.

Ming, but the cruel people occupy it, otherwise, my Dandao City will inevitably be in danger. Therefore, it is not too late to make a decision after listening to the words of the Sword Emperor. "

When everyone saw this, they all took a breath.

People who can mix in Dandao City are naturally not idiots. The appearance of the Sword Emperor and the others was very problematic. Now the deputy pavilion master Kang Youming ran out again. Does this Kang Youming want to force the pavilion master Gong Xuansheng to fail?

Where does his courage come from?

The master Xuan Sheng's eyes suddenly became gloomy, and he coldly said, "What if I say no? What are these guys? My Dan Pavilion has set up a holy child, do you have to listen to them?"

Anyone can see that Pavilion Master Xuan Sheng is already very angry.

"My Lord, can you listen to your subordinates' words."

At this moment, the deputy pavilion master Jin Shengjie also walked out, calmly looking at the main pavilion Xuan Sheng.

"what?"

At this moment, the audience was shocked, and everyone was shocked.

Kang Youming and Jin Shengjie, the two deputy pavilion masters, actually smashed the pavilion master Xuan Sheng on the spot. Are these two guys going against the sky, are they ready to rebel? A Kang Youming hadn't noticed anything, but Kang Youming and Jin Shengjie made a sound together, but everyone trembled and smelled an extraordinary breath.

[Chapter 1297: Cabinet master](#)

"Jin Shengjie, what do you have to say?"

Pavilion Master Xuan Sheng showed an unpleasant look. If he hadn't noticed that Kang Youming and Jin Shengjie had hooked up long ago, then he would be the Pill Pavilion Master for nothing.

"My Lord Pavilion, my subordinates have also heard some bad news. They don't want us to be caught in a storm in the North Heaven Domain Dan Pavilion. That's why we said this. Please forgive me."

Jin Shengjie said loudly, his voice was like thunder, rolling.

"Is there anything important, do I have to say it at this time?" Pavilion Master Xuan Sheng said sensibly. If Jin Shengjie can't give himself a sufficient reason, no matter who he is, he must be severely punished.

Jin Shengjie's mouth aroused a touch of indifference, and said: "Because this matter is of great importance, it must be carefully investigated, otherwise, once this Qin Chen becomes the saint child of my Dange, he may be given to me by then. Bringing a catastrophe."

What a big tone!

Everyone sucked in air-conditioning, what exactly did Jin Shengjie say? He actually dared to open Haikou, saying that it would be a catastrophe for the Beitianyu Dan Pavilion.

The Beitianyu Dange is a branch of the Lord Wuyu Dan, and the Wuyu Dange is the top power in the Tianwu Continent. Could it be that its saint son offended the Demon Sword Sect and the Fengxing Sect and suffered annihilation? Disaster, isn't this a joke?

"Oh?" Pavilion Master Xuan Sheng was already too lazy to talk nonsense, he looked at Jin Shengjie and Kang Youming, if they could not make a reasonable argument, he would not sell the right side. "The pavilion master is still waiting, and his subordinates will definitely give an explanation to the adults." Jin Shengjie arched his hands, then looked at Qin Chen, his eyes shot sharply, and said: "Qin Chen, your alchemy attainments, the old man admires, but The old man heard that you used to kill the seed brother of the Demon Sword Sect in the Demon Sword Inheritance.

Zi and the core disciple of the popular school, can this matter? "

Everyone looked over. It seemed that this matter was related to the conflict between Qin Chen and the two imperial-level forces, but even if Qin Chen really killed the seed disciples of the two imperial-level forces, there was no need to make such a vow, right?

Compared with Beitianyu Dange, what are the Demon Sword Sect and the Wind Xingzong? No fart!

Things shouldn't be that simple, everyone didn't speak, just looked at Qin Chen. "If you want to add to the crime, there is nothing wrong with it. This young man has indeed participated in the Demon Sword inheritance of the Demon Sword Sect, but the disciples of the Demon Sword Sect and the Wind Xing Sect were not killed by me, but the internal disciples of the Demon Sword Sect are fighting for power and profit. As far as the killing was known, the murderer was Han Li, another seed disciple of the Demon Sword Sect.

Sect Master Yan Nineteen defies the law, Sect Master Yan Nineteen, what has come to light is no need to buckle on my head, right? "Qin Chen looked at Yan XIX lightly.

"I..." Yan Nineteen looked stagnant and did not speak, because what Qin Chen said was a fact. There were too many people he saw at the time, and he could not refute it. He just said: "There were too many doubts at the time. It may be due to the negligence of this school."

"What an oversight." Qin Chen sneered: "When the matter was settled, I actually took it out and said, your Excellency didn't take the North Heaven Domain Pill Pavilion in your eyes?"

"Bold!" Pavilion Master Xuan Sheng also shouted angrily. "Your disciples of the Demon Sword Sect killed each other and dared to buckle on my Dan Pavilion. It seems that the Demon Sword Sect and the Feng Xing Sect are too courageous, even the face of my Dan Dao City. No more."

boom!

Pavilion Master Xuan Sheng suddenly exploded with a terrifying killing intent, and the palpitation was like a vast ocean, instantly permeating, causing Yan XIX and others to turn pale.

The pavilion master was angry, and the situation changed.

"Pavilion Master Xuan Sheng, don't get angry. If it's such a trivial matter, I will not make trouble in front of the Lord Pavilion. Except for the seed disciples of my Demon Sword Sect, the elder Xufeng of my Demon Sword Sect is also affected by this Qin Chen. Killed!" Fengyun Sword Emperor said immediately.

"what?"

"Demon Sword Sect Elder Xufeng was actually killed by this Qin Chen?"

"Elder Xufeng, do I remember that he is a powerful emperor, right? And he is also a sword emperor, did Qin Chen actually kill the opponent?"

"how is this possible?"

Everyone was shocked and looked at Qin Chen one after another. There were many martial emperor experts on the field, and they could clearly feel that Qin Chen was a seventh-order martial king.

Is it possible to kill an eighth-order sword king with the cultivation base of the seventh-order martial king?

The first thing that appeared in everyone's mind was doubt, but what if it was true?

hiss!

Inhale air-conditioning one by one. Qin Chen is only twenty this year. Needless to say, his accomplishments on the path of alchemy, the previous consecutive defeats of Jin Shengjie and Qinghong Alchemist, the two deputy pavilion masters, have already performed very clearly. As the eighth-order martial emperor Xufeng Sword Emperor, this is simply a combination of pill and martial arts, a masterful wizard

!

The entire North Sky Territory is a rare wizard in thousands of years.

"Let me ask, do you have any evidence, old man?" Qin Chen sneered.

Naturally, he would not admit that he killed the Sword Emperor Xufeng, if he was suspected by the law enforcement hall, he would be in trouble.

Yes, does the Sword Emperor of Wind and Cloud have any evidence? Everyone looked over.

Fengyun Sword Emperor's face was gloomy, and he coldly snorted: "I naturally have the evidence, but for you, as long as you hand over your storage ring and open it in full view, you can naturally find the evidence. Do you dare?!"

There are still some treasures in Sword Emperor Xufeng. Fengyun Sword Emperor believes that as long as Qin Chen really killed Sword Emperor Xufeng, then the things on Sword Emperor Xufeng must have fallen into Qin Chen's storage ring. Qin Chen handed over the storage ring, and the truth naturally became clear.

So he immediately saluted the Master Xuan Sheng, saying: "Master Xuan Sheng, I want to know if Qin Chen is a murderer. Just check his storage ring and ask Master Xuan to take action."

Fengyun Sword Emperor's eyes burst into Li Mang.

"My Lord, please give your order." Kang Youming and Jin Shengjie also saluted at the same time.

For a while, all the eyes on the field were focused on Pavilion Master Xuan Sheng, and everyone wanted to know how he would deal with it.

"Why?" Pavilion Master Xuan Sheng suddenly sneered as everyone watched.

what?

The Sword Emperor Fengyun was taken aback, as if he hadn't heard the words of Pavilion Master Xuan Sheng clearly, but as the Martial Emperor of the mid-tier eighth stage, he couldn't even hear his words, just couldn't believe it.

"My Lord Pavilion." Kang Youming and Jin Shengjie's expressions changed, and they hurriedly wanted to speak again.

"Shut up, believe it or not, let me say one more sentence, this pavilion master will abolish you now?" Pavilion Master Xuan Sheng's face suddenly sank, and an extremely fierce aura diffused from him, immediately shocked. Two people.

Then, Pavilion Master Xuansheng looked at Fengyun Sword Emperor again, and said coldly: "Listen clearly, this Pavilion Master said-why?" His eyes were cold and murderous, and he said every word: "No matter you Was the Sword Emperor's Xufeng Sword Emperor Qin Chen killed, even if it was, so what? My saint son of Pill City, killed you an elder of the Demon Sword Sect, are you very unconvinced? Zu, where is the courage to come from?"

Dan Dao City is wild? "Limit you to ten breaths, and get out of Alchemy City immediately, otherwise, the pavilion master will kill you in full view. See who dares to question the old man, get out! "

[Chapter 1298: The battleship arrives](#)

roll!

As soon as this scrolling came out, like a thunderstorm, everyone in the audience turned pale and it was almost hard to breathe.

Domineering, so domineering.

The words of Pavilion Master Xuan Sheng are simple and the meaning is very clear. He doesn't care if Qin Chen is a murderer or not, even if he is a murderer? The saint son of Dandao City killed you an elder of the Demon Sword Sect, is it too much? Come here to harp and ask, talk nonsense, and kill you.

How domineering is this?

You must know that the opposite is the Demon Sword Sect ancestor Fengyun Sword Emperor, the Martial Emperor at the peak of the mid-tier eighth stage, and one of the giants of the Northern Heaven Region.

Although the Sword Emperor of Wind and Cloud is not the top giant in the Northern Horizons, he is also the ancestor of an imperial-level power at any rate. He has a lot of fame in the Northern Horizons, and the major powers will respect him wherever he goes.

But now? In the eyes of Pavilion Master Xuan Sheng, it was nothing, and he directly ordered to get out of Pill Road City, otherwise he would kill him.

How arrogant is this?

But after the surprise, everyone who reacted felt that it made sense. No matter how strong the Demon Sword Sect is, it is no more than an ordinary emperor-level force in the Northern Horizons, but Pavilion Master Xuansheng is the city lord of the Northern Heavenly Pill Road City, and the Pavilion Master of the Northern Heavenly Pill Pavilion Headquarters is also in the late eighth stage. The Wuhuang powerhouse, the medicine king at the pinnacle of the seventh rank, as the Fengyun Sword Emperor, really did not challenge the opponent

Strength.

Is it too much for the saint son of his Dandao City to kill a martial emperor of the imperial power?

In a word, Fengyun Sword Emperor lost all his face.

He turned pale and trembling. He looked at the murderous Pavilion Master Xuan Sheng, but he didn't dare to speak, but looked at Kang Youming and Jin Shengjie in shame.

Kang Youming and Jin Shengjie also turned pale. Most of Pavilion Master Xuan Sheng's murderous aura fell on the two of them. The two stared blankly at the cold-eyed old man on the high platform. This is still the one who doesn't matter and never shows up. The Lord of Dandao City Pavilion?

They have no doubt that as long as they dare to speak again, they will usher in the thundering murderous intent of Pavilion Master Xuan Sheng.

But how could it be possible to let the two of them yield so much? Now that they have decided to abolish Qin Chen, without enough back-ups, how dare the two jump out like this?

At this moment, the two raised their heads at the same time, looking towards the sky, as if waiting for something!

At the moment when the two raised their heads.

Rumbling, only hearing a loud noise, a huge cloud of fire suddenly appeared on the horizon, surging with boundless firelight, and it was rushing from a distance.

But, is this really a cloud of fire? Why is there a loud noise like the shaking of the earth?

Everyone on the court was shocked by the dominance of Pavilion Master Xuan Sheng. They were so startled that they all raised their heads in amazement, only to feel that an endless depressive aura swept through them madly.

"Huh!" Pavilion Master Xuan Sheng raised his head and looked at the sky, with a solemn expression on his face, and suddenly shouted coldly: "Who is it, come to my Dandao City to be wild."

what? Is this Huoshaoyun a certain powerhouse?

Everyone looked up, the monstrous fire cloud was extremely fast, and it had come to the vicinity of Alchemy City in the blink of an eye, even if the Alchemy City was still protected by formations. Everyone felt the terrible heat wave, and they only felt hot and painful.

boom!

The astonishing fire cloud directly broke into the sky above Dandao City, even ignoring the protective formation above Dandao City. After pavilion Xuansheng's eyes flashed, he did not activate the formation for the first time, but coldly stared into the sky. Fire cloud.

Hum!

The boundless fire cloud faded, and only saw a huge battleship appear, quickly eased from the state of rush, and finally hovered over Dandao City.

This battleship was crimson all over, and not very large. On the battleship's body, there was a sign of crossed swords.

Hall of Law Enforcement!

Everyone's complexion changed, one by one suddenly stood up, and there was a light of unprecedented shock in their eyes.

As long as they belong to the Emperor-level forces in the Northern Heavenly Region, there is no one who does not recognize this mark. This is a terrorist organization that can stop children from crying. It is a terrifying force with unpredictable authority that can patrol the mainland instead of the military domain.

The complexion of King Xuan Yi Yao changed even more. Back then, he was like the sun, but he was later demoted because Zhuo Qingfeng offended the people in the Hall of Law Enforcement. But today, what did the people in Hall of Law come for?

The shadow that had been hidden for decades, once it broke out, it actually made him unsteady and shivered.

"Law Enforcement Hall!" Pavilion Master Xuan Sheng couldn't help but snorted, showing strong dissatisfaction, and his expression became solemn.

As the pavilion master of the Northern Heavenly Pill Pavilion, the spokesperson of the top mainland power Pill Pavilion in the Northern Heavenly Region, no matter which force from the Northern Heavenly Region comes, he is not afraid of it, but the only thing that can shock him is right. This is the law enforcement palace. He knew exactly who was behind the Hall of Law Enforcement. It was the Misty Palace in the Martial Domain, which covered the sky with one hand. In front of the Misty Palace, Dan Pavilion, the former overlord power, was extremely jealous. No matter where in the mainland, people can be afraid

Terrible organization.

But today, the people from the Hall of Law Enforcement came to his Dandao City with such a big fanfare, what is the so-called?

You know, the Dandao City and the Law Enforcement Hall, the well water does not violate the river water. Although the Law Enforcement Hall is strong, the Dan Pavilion is not terrifying, except that the Law Enforcement Hall came to him in order to stand in the northern heaven more than 50 years ago. Except once, the rest of the time, never haunted.

But now... the Hall of Law Enforcement is here with great fanfare!

It happened very coincidentally. Just when Qin Chen was about to become a holy son, the Demon Sword Sect and General Feng Yun, as well as Kang Youming and others were attacking, the Hall of Law Enforcement ran out. There must be something strange in this.

Could it be that the three colluded together?

Pavilion Master Xuan Sheng couldn't help but glanced at Kang Youming and Jin Shengjie. Their faces were calm, as if no fluctuations could be seen, but Pavilion Master Xuan Sheng could only see from the depths of their eyes. Excited and excited.

If the arrival of the Hall of Law Enforcement has nothing to do with the two, the death of Pavilion Master Xuan Sheng would not believe it.

"Collaborating with foreign enemies, eating inside and out, these two people are so courageous." Pavilion Master Xuan Sheng was furious in his heart, but was even more worried about the purpose of the law enforcement hall.

"Hahaha, I haven't missed a good day, right?" With a long roar, I saw a sturdy man stepping down from the sky, one step was a few miles away, and he landed on the square within ten steps.

Behind him, a group of arrogant warriors also laughed and flew down, standing directly in the center of the square, with extraordinary domineering attitude, no one else.

"Blood Guwu Emperor!" Pavilion Master Xuan Sheng's eyes condensed, revealing a strong jealousy.

Like him, this blood solitary martial emperor was a martial emperor of the late eighth stage, and belonged to one of the top magnates among the Northern Heavenly Domain Martial Emperor.

Once, he was the ancestor of an imperial force in the Northern Horizons, but because he offended a top imperial force in the Northern Horizons, he was hunted down all the way, and even the sect was destroyed. Bloody. In the end, when he was desperate, the Hall of Law Enforcement settled in the Northern Horizons. He gave up his life and devoted himself to the Hall of Law Enforcement. He eventually became a running dog under the Palace of Law Enforcement. , No one can cure it, it's really a hegemony in the Northern Horizons!

[Chapter 1299: audacious in the extreme](#)

Seeing the emperor Xueguwu appeared, countless powerful people felt chills for a while, even those with top imperial power such as Tianluo Dynasty.

In front of the Hall of Law Enforcement, no power dared to have any disrespect.

"Pavilion Master Xuansheng, Master Kang Youming, Master Jin Shengjie, and Master Qinghong Alchemy, don't come here without problems!" The Emperor Xueguwu looked at the four of Pavilion Master Xuansheng, and he yelled. In the end, the eyes fell on Xuan Yi Yao Wang and Zhuo Qingfeng, but their eyes fell instantly.

"These two masters are very familiar. Have you seen this seat before?!" He said with a smile, but there was a hint of coldness in his smile.

Both Xuanyi Medicine King and Zhuo Qingfeng felt cold in their hearts. Of course they knew the blood solitary Emperor Wu. It was because of his arrival that year, Zhuo Qingfeng was directly expelled from the Beitianyu Dan Pavilion, and Xuanyi Medicine King was even deprived of the Dan Pavilion. The identity of the deputy chief.

How can they not know each other after having dealt with each other?

When he said so, he was obviously teasing them.

The comer is not good!

"Have you forgotten the Emperor Xueguwu? These two are the King Xuanyi Medicine and King Zhuoyao in my alchemy pavilion. It was this King Zhuoyao who offended your subordinates, and caused your anger, my lord." Xuan Shengge Before the Lord spoke, Deputy Pavilion Master Kang Youming already said with a smile. "Oh? I remembered that when one of my subordinates arrested the main criminal in Dandao City, it was this kid who slandered the reputation of my Law Enforcement Hall, saying that Xuemou's subordinates were lawless, right? I remember that this son was expelled by Dan Pavilion. After going out, his master was also deprived of the position of deputy chief of the Dan Pavilion, why today

Are these two standing here so swaggering? Is this hitting my law enforcement hall in the face?" Xue Gu Wu Huang said coldly, his voice instantly chilled.

The hearts of everyone in the Pill Pavilion jumped. Was this blood solitary emperor Wu Wu coming for Xuan Yi Yao Wang and Zhuo Qingfeng? But what happened back then has ended, and it has only been a few days since Zhuo Qingfeng returned to Pill City, who passed the news to this blood solitary emperor? "Xueguwu Emperor, back then, my Pill Pavilion had already taken the position of Xuanyi Medicine King's deputy pavilion master in accordance with the instructions of your Law Enforcement Hall. His disciple Zhuo Qingfeng was also expelled from Pill Dao City. Now, Zhuo Qingfeng is back because He was promoted to the King of Medicine, according to the rules of the Pill Pavilion, he can naturally return. As for Xuan Yi

Medicine King, now it's only the elder of my Dange, not the deputy head of the pavilion. Your Excellency rushed over. If you just count these adult old accounts, it would be a big fuss. "

Pavilion Master Xuan Sheng waved his hand coldly, and said coldly, "Anyone, please leave. Today is the day when my Dandao City is promoted to the new Saint Child. If you come to congratulate, I will welcome you. If you come to make trouble, just Don't blame me Xuan Sheng for not giving face."

"Bold!"

"presumptuous!"

"Dare to talk to us adults like this and find death?"

Several warriors behind the Emperor Xueguwu suddenly shouted angrily, each arrogant and domineering, angrily, with the urge to smash the Dandao City.

After they joined the Hall of Law Enforcement, although they were only a lackey in the Hall of Law Enforcement, they were also members of the Hall of Law Enforcement. When did they suffer such humiliation?

Pavilion Master Xuan Sheng looked at a few people with disdain, and smiled coldly, "If you want to go wild in my Dandao City, you can try it. Although the Law Enforcement Hall has power over the sky, my Dan Pavilion is not a vegetarian. You wait for no reason. My Dan Dao City is playing awe-inspiring, even if this lawsuit hits the Martial Domain, the old man is not afraid!"

If it were the core team members of the Hall of Law Enforcement, Pavilion Master Xuan Sheng might still look up a bit, but now, after watching it for a long time, it was only Emperor Xue Guwu acting on his own, and immediately showed disdain.

Regardless of Emperor Xue Guwu, they are arrogant and domineering in other places, but in the final analysis, they are just a dog in the Law Enforcement Hall. At any rate, Pavilion Master Xuan Sheng is also a person from Wuyu Dan Pavilion. How can he be scared by Emperor Xue Guwu? To.

"You... presumptuous!"

The few people behind the Emperor Xueguwu were furious, banging, and suddenly there was a terrible murderous intent on his body, and the horrible killing intent swept over like an ocean, apparently about to fight.

"Hey!" The Emperor Xueguwu waved his hand and prevented a few people from taking action. "We are from the Hall of Law Enforcement. How can we not tell the truth? Don't lose the face of the Hall of Law Enforcement."

The Emperor Xueguwu sneered, and then he said: "Pavilion Master Xuansheng, I am not here to confuse myself when I come. This trip, I am waiting to investigate a major case related to my law enforcement hall. Please also Xuan Sheng. The pavilion master will cooperate, otherwise, don't blame me for not showing affection."

The big case in the Hall of Law Enforcement?

Everyone was stunned, and looked at each other. In this Dandao City, is there any major case in the Hall of Law Enforcement?

Pavilion Master Xuan Sheng couldn't help but frown, and said, "What big case?"

"Pavilion Master Xuan Sheng just watch it." The Emperor Xue Gu Wu said lightly, then turned his head to look at Qin Chen, and said coldly: "You are the bold Qin Chen?"

"The younger generation is Qin Chen. As for whether it is bold or not, it depends on who is right." Qin Chen said neither overbearing nor overbearing.

hiss!

Everyone sucked in air-conditioning. This guy also said that boldness depends on people. You all talked back in front of the Martial Emperor in the late eighth stage and Master Xuegu in the Law Enforcement Hall. Isn't that boldness?

"Haha!" The Emperor Xue Gu Wu laughed instead, and then laughed wildly. Suddenly, his laughter stopped abruptly, staring at Qin Chen sensibly, and shouted: "Bold lunatic, do you know what crime you committed? , Are still running wild in front of the old man, you, don't kneel down for me!"

The Emperor Xue Gu Wu looked at Qin Chen with violent expressions, black hair flying in the wind, his roots containing terrifying true essence, crackling and powerful.

boom!

The coercion that belonged to the late Emperor Wu came, and if the dragon was born, everyone changed color and had difficulty breathing, but this terrifying coercion, like a mountain, suppressed Qin Chen.

Pavilion Master Xuan Sheng did not expect that Emperor Xue Guwu would actually take action in public. Although the power was madly rolled out for the first time, trying to protect Qin Chen, he was still a bit slow, and the strength of Emperor Xue Guwu was almost the same. How could he have time under the other party's intention?

He was shocked, if Qin Chen knelt down in public, how would he bestow the position of Saint Son in the future? How could the saint son of the grand alchemy city kneel easily?

No matter how Tianjiao is, he will definitely lose the face of Pill City and Qin Chen himself. As for the real situation, outsiders will not care at all, only the results.

This is too sinister.

Kang Youming!

Pavilion Master Xuan Sheng roared in his heart, if such a thing happened, he made up his mind that he would never let Kang Youming and the others get better. He was sure that the Emperor Xueguwu must have come from Kang Youming and Jin Shengjie in collusion. This is a last resort. First, he agreed to Qin Chen's test, but if the test fails, he can use Xuanyi Medicine King and Zhuo Qingfeng to summon those who came to the Law Enforcement Palace. People, to block Qin Chen's path to becoming a holy son, all this is for their own benefit.

[Chapter 1300: What to do with you](#)

Pavilion Master Xuan Sheng was furious.

Although he was just an outsider, he was only temporarily transferred to the North Heaven Domain Dan Pavilion, even if he couldn't break through in the future, he would be transferred to another place sooner or later.

To Beitianyu, he was just a passer-by after all.

But no matter what he did, he would never hand the North Heaven Domain Pill Pavilion to someone like Kang Youming. With such a master, how could his disciple's temperament be better? In the future, if

Wei Jinzhou were to be in charge of Pill Road City, then the entire Pill Road City would inevitably be smacked of smoke.

boom!

An unspeakable terrifying aura rose up, and even the powerhouses of the eighth-order martial emperor level were trembling, their feet were soft, and even faintly unstoppable.

The strength of the Emperor Xuegu Wu is too strong, the Emperor Wu of the late eighth stage, turning his hands and covering the rain, with the flick of his fingers, the world collapsed, this is an unmatched realm.

How can Qin Chen stop?

Xuan Yi Yao Wang, Zhuo Qingfeng and others were shocked. They stood so far away, and they were not the main target of the attack. They were already frightened, how could Qin Chen be able to hold it?

However, Kang Youming, Wei Jinzhou and others all sneered, wishing Qin Chen ashamed to lose face to grandma's house.

As for the Fengyun Sword Emperor and others, they were overjoyed, and then Dading, this scene was indeed arranged by Kang Youming, they were just a supporting role, and the blood solitary emperor was the real protagonist.

Originally, each of them was a little nervous and uneasy when they were asked to fight against the master of the Pavilion Xuansheng. But now, seeing the blood emperor Wuwu appearing, this panic, this panic, has long been thrown out of the clouds. If it can be flattered Hall of Law Enforcement, even if it offends Dan Ge, what about

What's more, once Qin Chen became the saint son of Pill Road City, the death of Xufeng Sword Emperor would be dead in vain. They would be polite and respectful when they met Qin Chen in the future.

Naturally, there is no need to mention revenge, but how can hatred be easily forgotten?

Therefore, after hearing the plan that could solve Qin Chen from the deputy chief of Kang Youming, they agreed without hesitation, just to ask for justice for the Xufeng Sword Emperor.

They would never consider that if they hadn't taken the initiative to send Sword Emperor Xufeng to chase Qin Chen, how would Sword Emperor Xufeng fall?

With a roar, Pavilion Master Xuan Sheng finally came to Qin Chen, but it was too late, and he could only watch Qin Chen be enveloped by the terrifying coercion.

what!

At the next moment, everyone was shocked, and saw Qin Chen standing proudly, kneeling without any soft feet.

Hum!

On his body, there was endless sword light shining, like a sharp sword rising into the sky, rather than bending.

how can that be?

The mere king of Wu, even if you are the world's arrogant, the pinnacle king, you are so much worse than the realm, and the imposing impossibility of the Emperor Wu Wu can be crushed.

This kid is still not human?

Of course Qin Chen is a human being, but he has experienced too many strong breaths in his previous life, even the breath of Nine Heavens Emperor Wu, he has seen too many, and in this life, the Nine Stars Divine Emperor Art he cultivated is rare in the entire continent. Unbelievable.

Generally strong people use coercion to deter others, and there are often several types. One is soul deterrence, but Qin Chen's soul power is not weaker than Xueguwu Emperor. In this case, the soul power of Xueguwu Emperor is first Lost the effect.

Secondly, it is the terrible true essence and realm.

Although Qin Chen's true essence was weak, after all, he had cultivated the Nine Star God Emperor Art, which was comparable to the Martial Emperor at the early stage of the eighth stage. Although it was not comparable to the Blood Gu Martial Emperor, it did not mean that he could not resist it.

In addition, Qin Chen has mastered the realm of the sword, and has an unprecedented understanding of the profound meaning of space. What's more, he also has a golden spiritual seed in his body. This is the seed that the alien demons can plant for the top genius, representing The supreme importance of the alien demon race.

Combining these, the Emperor Xue Guwu wanted Qin Chen to kneel down with his aura, how could it be possible?

Unless it was Emperor Wu of the Nine Heavens, it would be extremely difficult for the Emperor Wu to appear in the realm of Emperor Wu who wanted Qin Chen to kneel down under pressure.

Of course, this is because Emperor Xueguwu only used the relationship of momentum. If the true essence and rules were released, it would be a different matter. With Qin Chen's current cultivation base, he could not stop an eighth-stage late martial artist. The emperor's shot.

"what?"

Emperor Xueguwu was also shocked. His eyes condensed and his eyes were furious. Under his anger, Qin Chen, such a small King Wu, did not kneel down, bang, and suddenly a more terrifying aura swept out towards Qin. The dust was crushed down frantically.

This time, Emperor Xue Gu Wu used a trace of true essence and the power of rules, and the void seemed to be distorted and torn apart.

"Emperor Xue Gu Wu, you are too much!" Pavilion Master Xuan Sheng finally arrived, raising his hands, and the momentum released by Emperor Xue Gu Wu suddenly dispersed, furious.

The Emperor Xue Gu Wu directly acted on the Saint Son he had identified in Pill Road City. This had already broken the bottom line of Pavilion Master Xuan Sheng and completely despised Pill Pavilion. He could no longer sit and watch.

"You... have a strange treasure on your body?" The Emperor Xue Gu Wu stared at Qin Chen, his eyes bursting with naked light, as if he was about to tear Qin Chen apart.

Qin Chen could actually block his aura and coercion? To say that Qin Chen relied on himself, he didn't believe it 10,000 people, there must be something that blocked his coercion, it is definitely a treasure, and may even be of the Nine Heavens Martial Emperor level.

"What's the matter with you?" Qin Chen said coldly, his eyes were cold, this person, as the late-stage martial emperor of the eighth stage, actually acted on him directly, shamelessly, he naturally didn't bother to be polite to each other.

The people of the Hall of Law Enforcement are indeed lawless.

"Qin Chen, you are polite to the adults in the Hall of Law Enforcement. The Hall of Law Enforcement is in charge of the punishments under the world. How did you become the holy son of Alchemy City?" Kang Youming suddenly spoke and coldly scolded.

You old dog, blind?

I didn't see that it was Emperor Xueguwu who acted in spite of his face, and now he actually said he was rude. Would it be polite to ask him to obediently capture him and let others slaughter him? Qin Chen was furious and sneered: "Vice Pavilion Master Kang Youming, oh, I was wrong. It seems that I should call you Lord Law Enforcement Hall. As the Deputy Pavilion Master of Dandao City, you do not protect the safety of Dan Pavilion disciples. Wearing a pair of trousers with the people from the Hall of Law Enforcement, hehe, eating to the point of you

It's really thick. "

hiss.

Hearing this, the rest of the people were also stunned, and one was stunned.

Qin Chen is really a cow.

At this point, he even dared to tease Kang Youming without any fear on his face. Where did he come from?

Even if you become the holy son of Alchemy City, you are only a holy son, one of the heirs of Alchemy City, not to mention that you have not yet been promoted, so you dare to point at the nose of the deputy chief of Alchemy Pavilion. Crazy enough.

Kang Youming was suddenly half-dead with anger, and under all eyes, he was actually insulted by a stinking child. How could he not be angry? "Qin Chen, you are looking for death!" He shouted sharply, his voice slightly changed.
