

Valkyrie 1311

[Chapter 1311: Subordinate](#)

"I beg my lord for mercy, I beg my lord for mercy, the subordinates know that they are wrong, and the adults are also asked to give their subordinates a chance to reform."

Emperor Xueguwu hurriedly knelt on the ground again, banging, kowtowing desperately, only for a moment, his forehead was stained with blood and blurred.

Everyone was very embarrassed and frightened.

As a late-stage martial emperor of the eighth stage, the blood solitary martial emperor in the entire Northern Cosmos can be regarded as a giant-like powerhouse. In terms of strength, even if it is weaker than Deputy Commander Gong, it does not even have the ability to fight back. .

But now, the dignified Martial Emperor-level giant in the late eighth stage is actually like a scholar who has no power to bind a chicken, completely condensing the true essence, and even dare not resist. How sad is this?

The people who had originally seen the Emperor Xueguwu join the Hall of Enforcement, majestic and enviable, at this moment only felt that the cold was all over the body and the heart was desolate.

Such a law enforcement palace? Even if you join, how proud is it?

The Emperor Xueguwu naturally didn't know the many thoughts that flashed in everyone's minds at this moment, but he kept smashing his head. The skin on his forehead had already been broken, and even the bones of Bai Sensen were exposed, but he was still knocking.

The Emperor Wu of the late eighth stage, let alone this bluestone slab, even if the black iron smashed it up, the skin would not break, the blood lone Wuhuang completely converged his true essence, and he did not dare to resist at all.

Deputy Commander Gong was silent, until the Blood Guwu Emperor was knocked to blood and blood was flowing on the ground, he snorted and said, "Get up!"

"Yes!"

The Emperor Xueguwu stood up tremblingly, only to feel a kind of surprise for the rest of his life.

Deputy Commander Gong said coldly: "You have to know that you are just a dog in my law enforcement hall. The dog has no thoughts and can only execute the command of the master. If the commander sees you again in the future, if you dare to act without authorization, you can kill it. do you understand?"

"Yes, the subordinate understands."

Emperor Xueguwu was not angry at being called a dog, but respectfully said.

Deputy Commander Gong nodded in satisfaction. Although this blood solitary emperor was lowly, he was still a Martial emperor of the late eighth stage at any rate, and it was useful, so naturally he was reluctant to just kill it.

"This commander now orders you a task, you can complete it immediately, it is considered a guilt and meritorious service, you have made up for it!" Deputy Commander Gong said lightly.

"Please also command the commander." Xue Guwu Huang hurriedly knelt down again.

"You immediately set out with your subordinates, and completely wiped out the two sects of the Demon Sword Sect and the Wind Xing Sect, and then announced to the Northern Sky Territory. This leader wants to see, from now on, which force will dare to use my law enforcement hall "The Deputy Commander Gong said with cold eyes.

hiss!

There were bursts of air-conditioning in the audience.

Just because of this incident, the Demon Sword Sect and the Wind Xing Sect, both of which are famous in the Northern Heavens, have been inherited for more than a thousand years. At least they have inherited the medium-level imperial powers. This... Right?

Everyone on the court sucked in air-conditioning, and everyone trembled.

Hall of Law Enforcement, too cruel!

"Subordinates listen to orders."

Emperor Xueguwu raised his head, his eyes were blood-red, his eyes were ferocious, he sternly shouted at the group of subordinates behind him: "Follow me!"

Whoosh whoosh!

This group of people immediately flew on the scarlet battleship in the sky, blasted, the fire cloud burned, and the battleship started instantly, rushed towards the direction of the Demon Sword Sect and the Wind Xingzong, and instantly disappeared at the end of the sky.

Seeing the battleship disappeared, everyone on the court was shocked.

They all knew that the two emperor-level forces in the Northern Heaven Territory would completely disappear when the Emperor Xue Gu Wu left.

How many generations of effort does it take for an imperial power to grow up and gain a foothold in the Northern Horizons? Such as the land of hundreds of dynasties, thousands of years of hard work have failed to become a royal-level power.

And the Demon Sword Sect and the Wind Xingzong, finally became the imperial-level forces, and among the imperial-level forces, they also stepped into the middle, and they were quite prestigious in the northern sky.

It can be said that if there are no accidents, these two forces will survive for thousands or thousands of years under the restrictions of the mainland rules.

If luck is good in the future, the Martial Emperor of the late eighth stage is born, and he can even jump into the ranks of the top forces in the Northern Horizons and become one of the giants in the Northern Horizons.

But now, just because of a wrong decision, these two forces have been completely wiped out, showing the impermanence of the world and the blessings and blessings of the world.

And all this, the source is only because of one person...

Qin Chen!

Everyone looked at Qin Chen and sighed, because of such a genius, the two major forces in the Northern Heavens were destroyed, and the two major deputy pavilions of Pill Road City and more than 20 medicine kings fell. In the beginning, who would have expected this the result of?

I don't know that the Sword Emperor Fengyun and the others are under Jiuquan, knowing that because of their reckless behavior, they not only caused themselves to fall, but also caused the destruction of their sect. Will they regret it from the bottom of their hearts? Pavilion Master Xuan Sheng glanced at everyone on the court and saw everyone's expressions bleak. He immediately arched his hands and said, "Everyone, I am sorry for letting you see such a joke today in Dandao City. However, Kang Youming and Jin Shengjie has already come down, and from now on, Qin Chen will become the new

Son of God, no one has any objections, right? "

Everyone smiled bitterly. At this time, who would dare to disagree? Even Kang Youming and Jin Shengjie's deputy pavilion master died in this matter. Whoever dares to disagree must die.

"Congratulations to Qin Chen, becoming the Saint Child of My Pill City."

Many medicine kings in the Pill Pavilion congratulated each other, while Wei Jinzhou, Xi Aoling, and You Huaqing next to him had ugly faces and no blood. Although they were both saints, after today's battle, Qin Chen was so powerful that no one could compare. It is not an exaggeration to be the first son of Dange.

Now that Zhuyu is in front, with Qin Chen, the three of them will definitely be overshadowed by the public.

But Qin Chen's alchemy attainments also made them unable to promote any challenge.

"Deputy Commander Gong, my Dandao City suffered a major change in Mongolia, so I will allow the old man to not entertain you." Pavilion Master Xuan Sheng bowed his hand to Deputy Commander Gong.

Everyone also understands that this time Pill Pavilion has died so many Medicine Kings, and he wants Pavilion Master Xuan Sheng to entertain everyone in the Law Enforcement Hall, it is impossible to think about it.

"Pavilion Master Xuan Sheng, please, but this time I came to Pill City, this commander came specifically for something. I heard that Pavilion Master Xuan Sheng once refined a furnace of body purification pill. Is there any pill left?" Deputy Commander Gong said: "This commander wants to ask for a few pill."

"Pure body pill?" Pavilion Master Xuan Sheng was stunned. This pill is a Wang Dan at the pinnacle of the seventh rank. It is specially used to cleanse the body and remove all kinds of dirt and impurities from the body. It is extremely rare and extremely difficult to refine. , The entire Northern Heaven Territory, I am afraid that Pavilion Master Xuan Sheng can refine it.

"There are five more, so I'll give you all of them." Xuan Shengge took out a jade bottle from his body, and didn't ask for payment.

Deputy Commander Gong smiled slightly and put away the body purification pills. Obviously he had no plan to pay him. He glanced at Qin Chen and said: "Gong has something to ask for, and wants to borrow your Dange's holy son Qin Chen for a while. Can it?"

Ok?

Pavilion Master Xuan Sheng's disapproving expression instantly stern, looked at Deputy Commander Gong coldly, and said coldly: "Deputy Commander Gong, your request, is it too much?" The people from the Hall of Law Enforcement looked to Qin Chen again. What's the matter? I thought that Deputy Commander Gong couldn't let go, and wanted to kill Qin Chen!

[Chapter 1312: Mizan](#)

Deputy Commander Gong said lightly: "Pavilion Master Xuan Sheng, please don't worry, Gong Mou is looking for Qin Chen just to learn something from him, and there is no malice."

Pavilion Master Xuan Sheng glanced at Qin Chen, and said, "Qin Chen has to say to himself about this, the old man can't be the master."

Qin Chen smiled and said, "The younger generation is naturally respectful, it is better to follow fate."

He didn't know what Deputy Commander Gong was looking for, but even if it was for You Qianxue, he couldn't refute Gong Feng's face.

"If that's the case, then come with me!" Gong Feng said lightly, and then took the lead back on the battleship.

"Qin Chen, go up, I will wait for you to be crowned Saint Son in the Dan Pavilion." Pavilion Master Xuan Sheng specially said before Gong Feng left, clearly as a reminder.

"Yes, the pavilion master." Qin Chen smiled, followed immediately and swept into the battleship overhead.

The interior of the entire battleship is extremely magnificent, decorated with magnificence and majestic, tall and majestic.

"This should be a Shenbing-class battleship refined by the Ancient Artifact Sect. The Hall of Law Enforcement is really rich."

Qin Chen looked at the inside of the battleship and was surprised.

This kind of warship, few refining sects can build in modern times, basically, they are all warships made by some ancient weapon sects, unearthed from the relics.

Depending on the level, the attack and defense of this type of warship are also different. The warships previously controlled by the Emperor Xueguwu are weaker, called the Imperial Soldier-class, which can withstand dozens of attacks from the Emperor Wuhuang in the late eighth stage without being damaged. Can release a terrorist attack that caused the fall of Emperor Wu.

As for the battleship controlled by Deputy Commander Gong that Qin Chen is now boarding, it is even more terrifying. It is a Shenbing class higher than the Imperial Soldier class. This type of warship, unless the Emperor Wu of the Nine Heavens speaks, no matter how many Emperor Wu. Together, they may not be able to break through the defense.

Instead, the Shenbing-class warship launched an attack. Once it hits, the Martial Emperor of the late eighth stage will be severely injured, and once the fire is concentrated, it is possible to sweep a piece of the eighth Martial Emperor.

It's extremely scary.

And because of its terrible offensive power, defense, and rarity, the price of each Shenbing-class warship is extremely expensive, even in the Martial Domain, it is priceless, at least as high as hundreds of millions of real stones, and they are top-grade real stones. . It can be said that the entire Northern Heaven Territory, that is, the Law Enforcement Hall, can carry one or two Shenbing-class battleships from the Martial Territory. As for other forces, Dandao City may barely be able to purchase it, as for the local ones like the Northern Heaven Territory. Power, even if it is a superior imperial power such as the Tianluo Dynasty, ruined

, It may not be possible to buy such a ship.

In the hall, You Qianxue and Qin Chen stood together, while Ji Ruyue stood by.

"Boy, it didn't take long until I didn't expect to see you. You actually became the holy son of the Northern Heavenly Pill Pavilion. You can really toss." Ji Ruyue looked up and down Qin Chen as if he had met him for the first time.

The holy son of the Northern Heavenly Pill Pavilion, although his status is noble in Alchemy City, in Ji Ruyue's eyes, it is nothing at all. She has seen too many Alchemy geniuses, and has not seen Qin Chen and Jin Shengjie before. People's competition thought that Qin Chen was just good at refining medicine.

But what surprised her was that Qin Chen was not only so amazing in his kendo talent, but he was actually a famous alchemist.

You must know that if you want to become a pharmacist, you will never consume less energy than cultivation, or even more.

"No way, who made me born humble and from the countryside? It is not easy to get some resources and climb up." Qin Chen said with a smile, "Unlike you, born with a golden key, what do you want? Resources are all resources. We country folks can only rely on our own efforts."

"Huh, is this girl also relying on her own efforts?" Ji Ruyue suddenly became unhappy. What did Qin Chen's words mean? Could it be that she was cheating on the old?

"Okay, less dust, don't make Sister Ruyue angry." You Qianxue smiled.

"Hey, when did you call this guy's sister? Qianxue, stay away from this guy in the future, don't be broken by her, it brings out the young lady's temper." Qin Chen vowed.

"Boy, do you want to die?" Ji Ruyue was so angry.

Damn, this guy's mouth is too poisonous.

Qiang, drew out the long sword, angrily said: "Believe it or not, dare to say this girl, this girl directly hit you."

"If you have the ability, then you will hack me. I remind you, there are so many people watching here, you dignified Miss Ji Jia, who dances swords and swords like a shrew, let others see how bad the impact is." Qin Chen No fear at all.

Ji Ruyue jumped her feet with anger, couldn't hold back anymore, and struck him with a sword: "I'm going to kill you."

How dare to say that she is a shrew, how can she bear it.

Qin Chen sighed and avoided it.

"Don't hide if you have the ability!" Ji Ruyue said angrily.

Qin Chen chuckled, telling him not to hide, making any jokes, waiting to be hacked?

The two are chasing me in this battleship hall, and the members of the Hall of Law Enforcement watching are stunned.

Miss Ji Ruyue has always been an extremely lady in the Hall of Law Enforcement, how did she become so cruel when she met Qin Chen?

You Qianxue smiled bitterly at the two chasing people, with a speechless expression on her face.

"Master Commander, please." Xu Yan walked over and said coldly.

Qin Chen stopped then, and under the leadership of Xu Yan, walked into the battleship.

"Sister Ruyue, you said Deputy Commander Gong called Shao Chen over, will there be anything wrong?" You Qianxue said worriedly.

"This guy, it's good to be hacked by Sister Gong." Ji Ruyue said with anger.

But seeing You Qianxue's worried expression, she calmed down immediately and comforted: "Don't worry, nothing will happen. You are also a disciple appointed by your aunt. You are going to Misty Palace soon. Sister Gong will not take him. How is it."

Under Xu Yan's leadership, Qin Chen came to the largest room of the battleship and brought Qin Chen in without an announcement. Obviously, he had already said it before.

In the room, Deputy Commander Gong sat on a chair and looked at Qin Chen indifferently.

"I have seen Deputy Commander Gong." Qin Chen arched his hands.

Deputy Commander Gong did not speak, but just looked at Qin Chen, the atmosphere in the room was a little frozen.

"Qin Chen, he is the Sage Son of Pill Pavilion at a young age, and he is indeed a genius since ancient times." After a long while, Deputy Commander Gong said lightly.

"The predecessor is absurdly praised." Qin Chen said, but he was puzzled. I don't know what the deputy commander Gong called himself. He also needs to abandon outsiders and summon him alone. "Qin Chen, a person from the five northwestern countries in the land of a hundred dynasties, a disciple of the Qin family in the great Qi country, well, there is a grandfather in the family, his father is unknown, he was the illegitimate son of his mother Qin Yuechi, and his young talent is average, not outstanding, and he is not even able to awaken his blood. , After an accident, awakened the blood, from now on Soaring into the sky, sweeping across the five countries, I don't know if what I said is right or wrong. "Deputy Commander Gong smiled, just smiling, somewhat cold.

[Chapter 1313: Leaving You Qianxue](#)

Qin Chen was startled, and couldn't help being furious, but there was no expression in his expression, and he said nervously, "I wonder if Deputy Commander Gong has the purpose of investigating the juniors?"

This Law Enforcement Palace is indeed a good method, and without knowing it, it has inquired all of its own situation clearly.

"Purpose?" Deputy Commander Gong said lightly: "It's just a pariah from the land of five countries. What do you think this commander can have when investigating you?"

"You..." Qin Chen's face suddenly showed anger, but immediately suppressed his anger, and said in a low voice: "Does it go too far for Commander Gong to say that?" "Hahaha." Commander Gong laughed, just There was a faint disdain in her smile. She said lightly: "Excessive? From the data point of view, you and You Qianxue knew each other in the Land of Five Kingdoms, and you can be called a childhood sweetheart. Now that You Qianxue has joined my law enforcement hall. , Beside her

People, I naturally need to investigate clearly. "

Her voice gradually became colder, and said: "This commander calls you over this time. There is only one purpose. From today on, you must interrupt any ties with You Qianxue and no longer have the slightest contact with her. Did you hear that? ?"

A hint of cold light bloomed from her eyes, with a hint of chill.

"Why?" The smile on Qin Chen's face disappeared and turned into iron, and he whispered.

"I'm afraid you don't know yet. You Qianxue has been personally selected by the leader as a personal disciple, and will soon be recommended to the Misty Palace. If no accident, she enters the Misty Palace and at least can become a core disciple. You... don't deserve her, just rely on this, do you understand?"

Qin Chen finally understood that Gong Feng originally wanted to persuade him to leave You Qianxue.

Think about it, too, the Misty Palace strictly forbids the relationship between men and women, how can the Palace of Law Enforcement allow herself to stay with You Qianxue.

He suddenly said coldly: "Our business seems to be out of your turn to take care of it. Besides, I am the Saint Child of Alchemy City. How can I not be with You Qianxue?"

"Sage son of Alchemy City?" Deputy Commander Gong sneered: "It's just the son of the Northern Heavenly Pill Pavilion. The Northern Heavenly Pill Pavilion is the weakest among the four continents. In the eyes of Wu Yu genius, it's just ants. I really don't know where your confidence comes from."

"Not to mention that you are only the son of the Northern Heavenly Pill Pavilion. With the achievements of You Qianxue in the future, even the genius of Wu Yu Pill Pavilion may not be able to match her. If you are really good for her, you should stay away from her. point."

"Okay, I can say it all. From now on, I don't want to see you and You Qianxue have any connection, otherwise, I won't blame the law enforcement hall for being polite, Xu Yan, see off!"

Deputy Commander Gong said coldly.

"Let's go."

Xu Yan came to Qin Chen and did not give Qin Chen a chance to speak.

Qin Chen knew that if he continued speaking, there would be no results, and he turned around coldly and said, "I will go by myself."

Back in the hall, You Qianxue hurriedly greeted him: "Little dust, what did the leader say?"

"Qin Chen, you can leave now." Xu Yan's expression changed, obviously not wanting You Qianxue to contact Qin Chen, and she reached out to pull Qin Chen away.

"You move me to try." Qin Chen's eyes were cold, and an inexplicable breath suddenly escaped from his body. Xu Yan was shocked, and under the shock of this breath, she didn't even dare to do it.

But when she came back to her senses, she was suddenly very angry and said: "Qin Chen, do you want to be an enemy of my law enforcement hall?"

"Master Xu Yan, what is going on?" You Qianxue said nervously.

"It's nothing, but this law enforcement hall doesn't want us to be together." Qin Chen smiled.

"You..." Xu Yan was anxious, her face was cold, and the leader called Qin Chen alone, just because You Qianxue didn't want You Qianxue to know such news, who knew that Qin Chen had said it directly.

"Why?" You Qianxue's face turned white, and she understood instantly, her eyes became firm in an instant, and said: "If the Hall of Law Enforcement does not let me be with Shao Chen, then I will not join the Hall of Law Enforcement."

"You Qianxue, do you know what you are talking about?" Xu Yanhan said.

"Of course I know." You Qianxue sighed and looked resolutely: "If it weren't for the little dust, I'm afraid I would no longer be in this world, let alone this step, no matter who it is, I would never want to separate me and dust. less."

"Bold." Xu Yan yelled sharply. She didn't expect You Qianxue to just join the Hall of Law Enforcement, so she dared to violate the order of the Hall of Law Enforcement like this: "You have joined my Hall of Law Enforcement. stay."

Xu Yan shouted angrily, "Come here, take You Qianxue down to me."

"Stop it." Ji Ruyue suddenly snorted: "I want to see, who dares to take Qian Xue down? Qian Xue is my aunt's personal disciple, who dares to try to move her!"

Ji Ruyue's face was pale, she didn't expect the leader Gong to call Qin Chen over because of this, her face was extremely ugly and her heart was angry.

Although the Misty Palace has a ban on contact between men and women, it is actually not completely impossible. Xu Yan and the others do it too much. You Qianxue is the law enforcement hall she introduced to. If Qin Chen and You Qianxue are separated, she How can it be accepted?

What's more, although she has a low attitude towards Qin Chen, in fact, Qin Chen has saved her life. It is the only genius she admires from Wuyu to the present. She also has an unprecedented feeling in her heart. Otherwise, she is cold and proud. The personality of Qin Chen will not be at odds with each other.

"Miss Ji, you are still young, and there are some things you don't understand, so let go, I must bring her in this You Qianxue today..." Xu Yan shouted coldly.

Snapped!

Before she could finish her words, Ji Ruyue had already slapped Xu Yan back more than ten steps, and she was completely confused.

The other members of the Law Enforcement Hall on the side also stared wide-eyed. In this horrified scene, their mouths opened wide, and they were all frightened. "Xu Yan, I call you Sister Xu because of your conscientious work in law enforcement, showing respect. Don't be shameless. You Qianxue is my aunt's direct disciple and my sister. In the future, she will I was recommended to Misty Palace, even if Misty Palace doesn't want her, I can bring her into

My Ji family is with me. If you dare to be rude to her, don't blame me for being rude to you, remember?"

Ji Ruyue said coldly, like a nine-day fairy, her eyes were cold, without the slightest smell of fireworks.

Ji Ruyue was really angry. Gong Feng and Xu Yan didn't listen to her much when they were in Alchemy City today. Now, they have to dismantle You Qianxue and Qin Chen without even putting her in their eyes. presumptuous. In the Hall of Law Enforcement, they have always been gentle, do these people dare to treat themselves like this?

[Chapter 1314: Full of depression](#)

After saying this, she even said directly: "Deputy Commander Gong, I know you can perceive this, although I don't know if this matter today was ordered by my aunt or by you privately, I will tell you that. Don't interfere with You Qianxue's affairs, otherwise, even if you are the closest to my aunt

I can make you go around without eating, you can try if you don't believe me. "

"Qin Chen, You Qianxue, go, I will take you down, back to Pill City."

After Ji Ruyue said this, she immediately took Qin Chen and You Qianxue out of the battleship and swept towards Alchemy City. The entire hall was surrounded by many members of the Hall of Law Enforcement, but no one dared to stop them and could only watch them leave. .

As soon as Ji Ruyue left, a figure appeared in the hall, it was Gong Feng.

"Commander Gong, if you give an order, I will definitely bring back that Qin Chen and You Qianxue." Xu Yan gritted her teeth and said, her face pale. Gong Feng glanced at her coldly, and said sensibly: "Get back, what do you want to do? Kill that Qin Chen? No matter what Qin Chen said, he is also the holy son of Alchemy City, Xuan Sheng treated him. It seems to be extremely important, such a character cannot be killed arbitrarily at present, otherwise it will cause Dan Ge to protest.

That would be troublesome. "

"But can it be the case?" Xu Yan was unwilling to say. "Then what do you want to do? Miss Ji is right. You Qianxue is now a direct disciple of the commander of the adult. What you did just now has indeed passed. Besides, even if you can teach You Qianxue, what can you do? What? Annoyed Ji Ruyue, don't talk about you, even if I'm in front of the commander

If you can't find the place back, you don't know how to lead the adult to Ji Ruyue's favor, don't find it boring. "

Gong Feng's eyes were cold: "I didn't think about it well, and I went to talk to Qin Chen privately. I didn't expect that Qin Chen would say it directly. I really have the courage."

"But if you let the leader know that You Qianxue still has a man outside, I'm afraid..." Xu Yan gritted her teeth. "What can you do? It's not that Qin Chen's case cannot be investigated. Do you think she doesn't know? The leader is just too lazy to pay attention to it, because she knows very well that after You Qianxue joins the Misty Palace, her vision will change. It's completely different, even if she is very attached to that Qin Chen now

so what? As long as she went to the Misty Palace and had seen many geniuses in Wuyu, she would discover how ridiculous Qin Chen she had been obsessed with. "

Gong Feng smiled coldly, turned to leave, and said sensibly: "Xu Yan, what you have to do now is to persuade You Qianxue to come back. If she really wants to leave my law enforcement hall in anger, you and I will wait. Withstand the anger of the master."

"Yes!"

Xu Yan gritted her teeth, her face full of depression.

In Alchemy City, Ji Ruyue smiled bitterly: "Qin Chen, I'm sorry, I didn't expect Deputy Commander Gong Feng to call you for this."

She was also extremely sorry.

Qin Chen smiled and said, "Don't worry, I won't take this little matter to heart. Believe it or not, it won't be long before Deputy Commander Gong will send someone to invite Qian Xue back."

Of course Ji Ruyue didn't believe it anymore. The frame of the Hall of Law Enforcement was not so big, and it was almost impossible for them to surrender.

You Qianxue even shook her head and said, "If they insist on separating me from you, I won't go back." Qin Chen was silent for a moment and said, "Qianxue, in fact, it all depends on you. If you want to fight in the law enforcement hall Misty Palace, I naturally support you. You have been to the Palace of Law Enforcement. You should have your own senses, but if you don't want to go, it doesn't matter. Follow me to the Martial Domain, it may not be better than going to Misty Palace.

difference. "

Qin Chen still had this confidence, but it needed more energy.

"Qianxue, let's go back with me, rest assured, with me, in the Hall of Law Enforcement, no one will dare to insult you." Ji Ruyue believes in herself, she also has such confidence.

Hearing this, You Qianxue looked at Qin Chen tenderly, and said, "Since Shao Chen has said so, I still want to go to this Hall of Law Enforcement. In addition to the commander who is really good to me, I also want to give Shao Chen to you. Some help."

This time she returned to Pill Dao City, let her clearly understand how many crises Qin Chen encountered during his rise all the way, and said that this time, if it hadn't been for their arrival, Dan Dao would be under the false power of the Emperor Xue Gu Wu. The people in the city may not have that easy solution.

Being able to help Qin Chen is the happiest thing in You Qianxue's life.

Therefore, You Qianxue also made up his mind.

Sure enough, as Qin Chen said, after a while, he saw Xu Yan coming.

This time, her face was full of smiles, she was not embarrassed by Ji Ruyue's lesson, but sincerely said: "Miss Ji, thank you for your lesson just now. I was indeed reckless about what happened just now. The lady doesn't remember the villain, the leader Gong has already punished me once." "And Qin Shengzi, the reason why Gong Tong said that to you before the leader was for the sake of Qianxue. You know, the lady is very important to Qianxue. Not only do you want to introduce Miss Qianxue into the Misty Palace, but you also want Miss Qianxue to be baptized by the Heavenly Sacred Pool of Misty Palace. This time we originally

He was planning to go directly to the Martial Domain. The reason why Commander Gong would pass by Dandao City to ask for the body purification pill from Pavilion Master Xuansheng was also the Commander Commander instructed Commander Gong to request it specifically for Miss Qianxue. I was also deeply in love and hated before. Cut, so I was anxious. "

"Besides, Commander Gong didn't mean to prevent the two from contacting each other. He just hopes that when Miss Qianxue is practicing, Qin Shengzi will not disturb Miss Qianxue too much. Of course, if Qin Shengzi will come to the Martial Domain, she will naturally be able to find Miss Qianxue. "

Xu Yan apologized again and again, and then said to Qianxue: "Miss Qianxue, I was a bit reckless just now. I offended the girl. Please forgive me."

Both Ji Ruyue and You Qianxue were a little stunned. They did not expect that as Qin Chen said, Commander Gong sent someone to apologize.

This is the personal guard of Commander Gong. It can be said that it has an eye above the top. It can be said to be a prestigious existence in the North Tianyu Law Enforcement Hall. Now it is so polite, and it looks like a person who beats or scolds. Exaggerated, right?

Qin Chen smiled faintly: "Since Senior Xu Yan knew that she was wrong, the younger generation naturally has no reason to cling to, and can barely accept your apology."

Xu Yan's eyelids jumped, her teeth tickling with anger, she apologized so much, and she even said so.

But she also knew her mission, and she just listened with a smile without refuting it.

In the end, You Qianxue followed.

And seeing Xu Yan's attitude also allowed Qin Chen to understand You Qianxue's position in the Hall of Law Enforcement. At least, she would not be bullied, and with Ji Ruyue, Qin Chen was also very relieved. Half a day later, the battleship of the Hall of Law Enforcement was activated and left the Dandao City in an instant. This storm finally subsided.

[Chapter 1315: Holy Child Celebration](#)

After the people in the Hall of Law Enforcement left, the depressed atmosphere in Dandao City completely dissipated, and everyone was greatly relieved.

Qin Chen and the other three saints of Pill Road City were also called into the Pill Pavilion by the master of Xuan Sheng Pavilion. "The four of you are ready to prepare. It will be the day of the Four Regions Competition. One month later, we will lead you to set off." Pavilion Master Xuan Sheng glanced at everyone: "This time the Four Regions Competition is located in the East Continent. At the nearest Zhongzhou City, there will be a strong from Wuyu Dange, you four

Let everyone go together, Qin Chen, you come to be the team leader, whoever gets the highest ranking in this four-domain competition, I will propose to Dange to become the heir of Dandao City, so I want to be the heir, You have to work hard. "

Qin Chen nodded.

One month is enough time for him to do some things.

Wei Jinzhou and You Huaqing also breathed a sigh of relief. They had been worried that they would be liquidated after the competition ended. They did not expect not only to be safe, but also to continue to participate in the four-domain competition and have the opportunity to compete for heirs.

A month? Coupled with the distance, I am afraid it will take at least two or three months.

In these three months, they had to cheer hard, and they must improve their alchemy attainments, and at that time the four domains of the Dan Pavilion would return with boundless beauty.

Now, keep a low profile. Master Kang Youming and Jin Shengjie are dead, and their backstage is completely broken. Even if they are stepped on their faces, I am afraid they can only endure it, and they must not let people catch a chance that can happen. Lost the qualification to compete.

They all knew that they had done too much evil before, and now that the master has fallen, there are a lot of people in Alchemy City who want to trample them down, especially Qin Chen, I am afraid that they will be taught a lesson.

The two of them thought too much, neither Pavilion Master Xuan Sheng nor Qin Chen took them to heart.

Among the original three saint sons and saints, Xi Aoling was in a slightly better situation. At least her master Qinghong Alchemy had a normal attitude towards Qin Chen at first, but at least she didn't mix with Kang Youming and Jin Shengjie to collude. Guwuhuang's affairs.

"Tonight there will be a celebration of the promotion of the new saint son, Qin Chen stays, and the three of you will retreat first." Xuan Sheng Pavilion said.

After the three of Wei Jinzhou left, Pavilion Master Xuan Sheng looked at Qin Chen, "No matter what your purpose is to join my Dandao City, I only hope that you, don't go against your heart and do things that endanger my northern heaven. The Dange business, otherwise, I would never let you go."

Pavilion Master Xuan Sheng said something condensedly, waved his hand, and closed his eyes, like a tired old man.

Letting the three of Wei Jinzhou go to participate in the Four Regions Tournament together is just a passing pass. With Qin Chen's attainments, as long as he can perform normally, even if he can't win the Four Regions Tournament, he will become the heir of the Northern Tianyu Dandao City. It's already a certainty.

Although Xuan Sheng was not a member of Dan Dao City, he did not want to see Dan Dao City being messed up by people in the future after operating here for so many years.

"Pavilion Master, you can rest assured." Qin Chen bowed respectfully.

If in the past, he and Pavilion Master Xuan Sheng only used each other, then after this time the crisis in the Hall of Law Enforcement, Pavilion Master Xuan Sheng deserves his respect and is a respectable person.

In the evening, the celebration begins.

Qin Chen is naturally the focal point.

The families and aristocratic families of Alchemy City, as well as the various forces and sects of the Northern Heaven Territory, all took turns to express their congratulations to Qin Chen and sent heavy gifts.

In today's comparison, everyone can see how powerful Qin Chen is. At a young age, he is no weaker than Alchemy Master Qinghong and the deputy alchemy pavilion master. The future is bound to be infinitely bright.

What's more, Qin Chen is still the holy son of Pill Dao City. If nothing happens, he will be in charge of Pill Dao City in the future. It can be said that everyone is even trying to congratulate each other in a gesture of fawning on the future Pill Dao City pavilion master.

Not to mention the appearance of You Qianxue, and let everyone see that Qin Chen also has a lot of relationship in the Hall of Law Enforcement, and it is extremely enthusiastic, and various gifts are endless.

Qin Chen dealt with them one by one, unceremoniously, and would not refuse anyone, and the more the better.

This made Wei Jinzhou and the others who had glanced occasionally become jealous. They secretly felt ruthless in their hearts. They must practice hard so that everyone knows who is the real Elder City Saint Child.

Of course, in addition to Qin Chen, there is another person who also shined brightly this time and became the object of everyone's curiosity.

It was Xuan Yi Yao Wang who had regained his position as deputy pavilion master.

Similarly, the Zhuo family has risen again from a declining family. It is said that many families ran to the Zhuo family this afternoon and apologized for their behavior over the years.

For example, the Huang family was so scared that they almost rolled to the Zhuo family and gave a generous gift, but the expression on their face was naturally extremely embarrassing.

To send congratulations to the enemies, they have to smile, which really makes them awkward.

The Zhuo family naturally accepted all gifts from other families, and they all accepted the apology. Only the Huang family, together with the gifts, were thrown out by them.

Forgive the Huang family?

What a joke.

Not to mention how miserable the Huang family has harmed the Zhuo family in recent years. Just because the other party framed the Xuan Yi line of the saint son, money can't be settled. The Huang family has been so miserable, how can they easily forgive? This family is destined to be destroyed.

"Little dust, congratulations."

At the dinner, Xuan Yi Yao Wang waited until the end before bringing the Zhuo family to Qin Chen, congratulating him. In the eyes of others, Qin Chen is the saint son of his Xuan Yi line, but Xuan Yi Medicine King knows very well that Qin Chen and him are not very involved, it is only because of Zhuo Qingfeng's recommendation that he even helped Qin Chen. Yes, it's just an opportunity to propose Saint Son, but Qin Chen, let him Xuan Yi Yao

Wang, returned to everyone's sight.

"Xuan Yi Yao Wang is polite." Qin Chen said with a smile.

Sylphy Medicine King sighed and said, "Little Chen, when he agreed with you to compete with the Sage Son of Alchemy City, the old man did not expect that there will be this moment. Xiao Chen really opened Xuan Yi's vision." Said Sylphy Medicine King. With a wave of his hand, Jiao Jialiang and others walked up one after another. After rejoicing one after another, King Xuan Yi Yao sighed and said, "Little dust, if you are polite, the old man will not say it. You know, the old man has too much overdraft these years. , Is about to enter the soil, but my disciples, with

After following me for many years, I have always been conscientious, diligent and conscientious. In the Dan Pavilion, I still have some prestige. It is for Zhuo Qingfeng's sake to look down on the dust. After the old man is away, he can take care of my disciples. "Master." "Jiao Jialiang suddenly whispered, showing sadness.

[Chapter 1316: Departure to Dongzhou Region](#)

They all knew that Xuanyi Medicine King was entrusting them to Qin Chen, after all, after that time, Master's life span was not many years to live.

Qin Chen didn't expect Xuan Yi Medicine King to say this, and suddenly smiled and said, "Senior Xuan Yi, I'm afraid Qin can't promise you about this matter."

Xuan Yi Yao Wang's face changed suddenly, and he said in amazement, "Little dust, why are you?"

Do you look down on his disciples?

His disciples all occupy high positions in the Pill Pavilion. Even if Qin Chen becomes the heir of the Pill Pavilion, he should use it more? Otherwise, just rely on him, how to manage the Dan Pavilion?

Jiao Jialiang and others also changed their colors, wondering what Qin Chen meant? Are you expressing dissatisfaction with them? But they seem to have done nothing wrong, right?

"Shao Chen, if I am waiting for something offensive, please tell Shao Chen and I will definitely correct it."

Jiao Jialiang and Qin Chen are still familiar, and hurried forward. Qin Chen smiled and said: "You are misunderstanding. I don't mean that I don't accept you, but I can't agree that Senior Xuan Yi will take care of you after he leaves. After all, Senior Xuan Yi just became Dan again. Vice-Guardian, how can you pick up casually? I hope I'm not here

At the time, Senior Xuan Yi and Zhuo Qingfeng were able to manage the Dandao City for me. "

Xuan Yi Yao Wang breathed a sigh of relief and said with a wry smile: "There is little dust, don't make a joke, the old man hasn't been alive for a few years, but you can rest assured that in these few years, as long as the old man is still a year, he will definitely be less dusty. You have no complaints when you play."

"I'm not joking, Senior Sylphy, you are just going crazy, causing damage to your body's functions and unable to regenerate your vitality. It's not that your lifespan has really come to an end, and it's not a terminal illness. Why be so pessimistic." Qin Chen laughed.

Xuan Yi Yao Wang smiled bitterly. He also knew that his problem was not really incurable, but at least in this northern heaven, no one could heal it, even if it was Pavilion Master Xuan Sheng.

And he can live in a few years. At a higher level, it doesn't matter. Naturally, he doesn't want to toss anymore. He just wants to go through the last few years with peace of mind and contribute more to his disciples.

"Senior Xuan Yi, the reason why Qin said so is that there is naturally a way to treat seniors. Before Qin sets off, seniors can come to Qin, and Qin will cure your sickness." Qin Chen laughed. .

"what?"

"Do you have a solution?"

"Little dust, can you cure the stubborn illness on Master?"

Everyone was stunned, all stunned.

If someone else said this, they would only treat the other person as nonsense, but it was Qin Chen who said this, and they couldn't help but look forward to it.

"Master, Shao Chen said that he can be cured, and he can definitely be cured. Just wait for Shao Chen to be summoned." Zhuo Qingfeng was also overjoyed and immediately laughed.

He knew that Qin Chen dared to say that, and he was sure of it.

"Shao Chen can really cure the old man's condition. From now on, the old man will look at Shao Chen's head, and he will never hesitate to die." The king of Xuan Yi medicine was serious, his eyes excited, and he bowed deeply.

What Qin Chen wanted was these words, and smiled and helped Xuan Yi Yao Wang up.

The scene here was seen by other guests, with shocked eyes raised and stunned.

The celebration was held all night, and Qin Chen received the gift softly.

After this was over, Qin Chen immediately began his plan the next day.

One month later, he and Pavilion Master Xuan Sheng will go to the Eastern Continent Region. Next, he will most likely go directly to the Martial Region. Zhao Lingshan and the others are still in the land of a hundred dynasties, and he still has a lot to do.

In the next few days, Qin Chen had been discussing the next thing with Zhuo Qingfeng and Nangong Li.

Originally, Nangongli came to the Northern Horizons and wanted to go to the Southern China Region to find his master back then, but now Qin Chen is short of manpower, and his development in the Northern Horizons has a bright future, so he stayed for the time being. .

And the first thing they had to do was to bring Zhao Lingshan and the others to Dandao City.

The land of the Hundred Dynasties is still too remote and too few resources to support their development. Staying there will only delay everyone's future.

This matter was handed over to Nangong Li. When the time comes, Xuan Yi Medicine King will send the master of Pill Pavilion and his disciples to do it with Nangong Li.

Secondly, it is necessary to quickly expand Chendi Pavilion in Dandao City.

This matter was taken care of by Zhuo Qingfeng, and his Zhuo family was considered a family of Dandao City, and this little thing was well done.

Finally, Qin Chen asked Zhuo Qingfeng to find news about his parents.

At that time, his mother Qin Yuechi left Daqi country alone, saying that she was looking for her father, but there was no trace.

In Qin Chen's view, his mother's cultivation base was not high, and she should not have gone too far.

But who knows, there is no news of a mother in the entire Five Kingdoms. Later, during the Dawei Dynasty, Qin Chen also searched for his mother, but still found nothing. In the land of a hundred dynasties, he secretly investigated whether there was still no mother. Audio.

This made Qin Chen extremely puzzled and a little anxious. My mother was just a woman from the Qin family of the Five Kingdoms. Where could the father who met in the Land of the Five Kingdoms go? And his father was at most a certain master in the Five Nations, or a certain master in the Dawei Dynasty, but who knows, there is no clue, so Qin Chen couldn't help it.

Suspicious.

And this time after becoming the Saint Child of Pill Road City, he can call on the power of Pill Road City, and Qin Chen will naturally not give up. He is ready to search for his mother in the entire northern heaven, hoping to find a little news from his mother.

After finishing all these tasks, Qin Chen had time to rest and began to look for the elixir to treat Xuan Yi Yao Wang.

Xuan Yi Yao Wang was still a little skeptical, but after only one day, he obviously felt that his complexion had improved a lot and his blood was filled a lot.

Three days later, the whole person seemed to be completely reborn. He was thirty years younger and he was full of vigor and stunned many Pill Pavilion's Medicine Kings.

After Pavilion Master Xuan Sheng got the news, he ran out in shock and asked this and that.

At the same time, the news of the destruction of the Demon Sword Sect and the Wind Xing Sect also spread throughout the Northern Heaven Region.

The Emperor Xueguwu came to the two sects and opened the killing precepts, and the blood flow was horrible.

In the land of the two major sects, blood stained the mountain gate, and almost no one survived, which also made the reputation of the law enforcement hall spread even more frightening.

After the fall of the two great sects, it also sparked a scramble for some imperial-level forces nearby, leading to a great battle among several imperial-level forces.

Qin Chen naturally ignored all this. A month's time passed in an instant, and when the time came, under the leadership of Pavilion Master Xuan Sheng, Dan Daocheng formed a team of contestants and immediately set off for the Eastern Continent.

[Chapter 1317: Might as well try](#)

Dongzhou region, one of the four regions of Tianwu mainland.

The Tianwu Continent is divided into four regions, namely, the North Heaven Region, the East Continent Region, the South China Region and the Western Wilderness Region. Among them, the North Heaven Region is the most remote and weak region. There are few strong ones and the top The powerhouse is just an eighth-stage late martial emperor like Pavilion Master Xuan Sheng.

The Western Wilderness Region is stronger than the Northern Heaven Region, but not many, while the South China Region and the East Continent Region are truly powerful regions.

Among them, the East Continent Region is especially respected. In the East Continent Region, there are even strong men of the Nine Heavens Wudi who can be called abnormal.

At the same time, the geniuses and treasures in the Eastern Continent are far ahead of the Northern Horizons, not to mention, the Eastern Continents are all ahead of the various Secret Realms alone.

This also leads to the fact that if the warriors of the other three domains want to improve their cultivation, they will choose to go to the Eastern Continent to practice if they are unable to enter the Eastern Continent. Once they get a breakthrough in the Eastern Continent, they may directly start from the East. Continent took the cross-domain channel and went directly to Wuyu.

This also led to the gathering of many geniuses and strong men from the other three regions in the East Continent Region, and their strength was terrifying.

And the Zhongzhou City where Qin Chen and his team visited was the closest neutral city in the East Continent Region. Because it was close to the Wu Region and was also the core city of the East Continent Region, it gathered the strong and all major forces in it. Strong mess.

This time to Zhongzhou City, Pavilion Master Xuan Sheng made full preparations, and the lineup was very luxurious.

In addition to Pavilion Master Xuan Sheng, Huangfu Nan elder special led a team of elders in Dandao City.

The Beitianyu Dange went to Zhongzhou City this time. In addition to leading Qin Chen and others to participate in the Four Regions Competition of Dange, Huangfu Nan and other Dandao City elders went to Zhongzhou City for another purpose, which was to buy high-level elixir. .

The resources of Beitianyu are very scarce. It is rare to go to Zhongzhou City. The journey is far away. The necessary purchases may be indispensable, which can greatly enhance the development potential of Dandao City. When the competition is over, there will be Dandao City elders leading these elders. The team returned to the Northern Horizons and brought the resources back to Dandao City.

Apart from this group of people, Qin Chen and his entourage were the geniuses of the Northern Heaven Domain Alchemy.

These geniuses are not only Qin Chen and other four great saints, but also other medicine geniuses of the Great Pill Pavilion under the Northern Heaven Region. The Pill Pavilion Four Regions Competition is extremely rare. Although these pill geniuses are not as powerful as Qin Chen's four, they may not get any rankings in the Pill Pavilion, but as long as they have participated in such a conference, they will be able to broaden their horizons. The improvement in Taoism is even more than ten years or even decades of penance

For more, Pavilion Master Xuan Sheng will naturally not forget them. In addition, the Tianwu Continent is extremely vast. The so-called Four Territory Great Comparison is not only the Dan Pavilion genius of the Four Regions, but also the Dan Dao genius of other regions. Election, except for the top winners who can enter the Martial Domain and gain access to Guyu

Outside of the qualifications of the world, if the remaining alchemy geniuses performed well, they might also be favored by the strong in the martial arts alchemy pavilion.

Although these people may not be able to enter the ancient Yu world, once they are favored by the Wuyu Dange strong, they can also be brought into the Wuyu Dange and receive higher-level training. .

This time Qin Chen and the others went to the East Continent Region, instead of flying by themselves, but took a battleship brought back from the Martial Region by Master Xuan Sheng.

This battleship was very ordinary, not even as good as the battleship that Emperor Xue Guwu was riding on, but it took most of Pavilion Master Xuan Sheng's savings to buy it.

In the Tianwu Continent, when a fighter travels, the lowest level is to fly by himself, which consumes energy and time, and is very hard.

A little bit better is to take a bird, and on top of the bird, you can practice.

And the top level is to ride a battleship.

On the battleship, not only can you practice, but even alchemy and refining are all necessary. It is a must-have treasure for some of the top powers in the martial arts.

And the warships owned by some of the top powerhouses are very luxurious. They have various facilities, and they can even travel through the void. The speed is faster than the nine days of Emperor Wudi.

The battleship owned by Pavilion Master Xuan Sheng is close to that of the Martial Emperor at the early stage of the eighth stage. Although it is much slower than Pavilion Master Xuan Sheng himself, it can save at least half of the world compared to other alchemy geniuses. .

This time, when he went to the Eastern Continent, Qin Chen brought only one old man, Da Bei, and the rest Zhuo Qingfeng and others would stay in Dandao City to manage power for Qin Chen and develop Chendi Pavilion.

The process of rushing was very boring. Qin Chen retreats in the battleship to practice every day. As for the others, they are very curious about the world outside the Northern Horizons, standing on the battleship from time to time and watching from afar.

The Eastern Continent Region is extremely far away from the Northern Heaven Region. Even if it is a teleportation array and battleship, it will take about three months to arrive.

The group hurried hard, but they were all in peace. About two months later, they finally entered the territory of the East Continent.

Hum!

A strong qi of heaven and earth poured into everyone.

To the East Continent.

Everyone immediately felt a different place. Compared with the Northern Heaven Territory, the heaven and the earth here are more powerful, but because of this, there are more elixir and blood beasts in the Eastern Continent Territory than the Northern Heaven Territory. high.

No wonder the martial arts level of the East Continent is higher, and people's innate conditions are better.

Many geniuses in Alchemy City were excited to absorb the strong Heaven and Earth True Qi around them, and they were able to be stronger than before even under the same conditions when they cultivated under such Heaven and Earth True Qi.

"call out!"

Master Xuan Sheng's body flashed, and suddenly appeared on the battleship.

"Entering the Eastern Continent, everyone cheered me up, honestly, don't rush into conflict with the people here." He said solemnly.

"My Lord Pavilion, we are the team of the Dan Pavilion, and you are the top martial emperor!" Everyone is surprised, even the Dan Pavilion team must be honest in the Eastern Continent?

Pavilion Master Xuan Sheng looked indifferently, and said, "If you want to die, you might as well try."

"East Continent, there are many strong people, and there are also many desperadoes. Because here is more powerful than Northern Heaven, so here is secretly. There are also more fights. When others are preparing to deal with you, they don't care about your identity, let alone our warriors in the North Tianyu in the hearts of the Dongzhou people.

There is a great sense of superiority in itself. "

"Furthermore, there are more blood beasts in the Eastern Continents. Many blood beasts have powerful strengths and even formed forces to fight against the humans in the Eastern Continents. If they accidentally break into their territory, it would be very bad!"

Elder Huangfunan also appeared in the battleship and explained to the side that he also came from the Wuyu Dange and was equally knowledgeable. Qin Chen nodded, not only in the East Continent Region, but also in the Martial Region.

[Chapter 1318: Immortal sea](#)

Because of the sparse nature of the heavens and the earth, the blood beasts grow very slowly, it is very difficult to become stronger, and the mind is also muddled, so the blood beasts basically did not form a powerful force, but were in a state of being hunted by humans. .

However, in places like Wuyu and Dongzhou Region, the true energy of the heavens and the earth is more abundant, which directly leads to a substantial increase in the strength of the blood beasts. Beast force.

It's terrible.

Qin Chen, who came to the Eastern Continent Region, unexpectedly found a feeling of being in the Martial Region in his previous life. He had not been in the Martial Region for three hundred years, and he did not know how much the Martial Region had changed.

In that place, there are people he knows, things he knows, everything he knows.

Qin Chen couldn't help but feel surging. It was nothing more than not thinking about it. It made him extremely excited when he thought of it.

Many old friends don't know if they're still alive, how are they doing? Under the rule of Misty Palace, what happened to Wuyu?

He can't wait to know.

"set off!"

Master Xuan Sheng urged the warship to continue to set off.

Although everyone is already in the Eastern Continent, it takes at least one month to reach the Zhongzhou City. In the Eastern Continent, the identity of the master of the North Tianyu Dan Pavilion of Pavilion Xuansheng is not so good. This kind of trouble will be encountered a little, and it needs to be more low-key.

Everyone trekking through the mountains and rivers, passing through the cities and various major forces, and encountered some troubles, but under the guidance of the Lord Xuan Sheng, they all passed without risk. Another half month passed in the blink of an eye, Qin Chen and the others entered a dark ocean.

Immortal sea!

This is a very famous place in the East Continent, because it covers a very large area and traverses multiple areas, so it has not been sacked by a certain top power. It is extremely chaotic and very dangerous.

Even the warriors of the Eastern Continent must be cautious and extremely vigilant when crossing the Immortal Sea.

However, because the Immortal Sea is too large and too narrow, you can pass directly in three days, and it takes at least a month to bypass it, so many people choose to pass directly.

"Everyone, be careful." Pavilion Master Xuan Sheng reminded that even he was very nervous after entering the Immortal Sea. This can be said to be one of the two or three most risky places along the way.

Beneath the Immortal Sea, it was pitch black, and the sea water was very special, it was hard to penetrate even the spiritual power, but the sky was dotted with countless stars.

This beautiful scenery made Xi Aoling and other girls quite excited.

boom!

Suddenly, a giant hand appeared out of thin air and patted the battleship.

A big hand, I don't know where it came from, but it is showing infinite power, fierce and mighty.

"not good!"

Pavilion Master Xuan Sheng was shocked, and immediately took back the battleship. No matter what they were doing, a group of people were exposed to the undead sea and sky, exposed to the giant hand.

"Who, dare to intercept my Dan Pavilion's battleship!" Master Xuan Sheng exclaimed, raising his hand to the sky.

He is a late-stage martial emperor of the eighth stage, and his hands are all terrifying martial arts, with an endless light of rules entwined in his palm, and he pats that big hand.

boom!

The two big hands hit together, and suddenly cracks appeared one after another. The power of the true essence trembled and spread to the sea, causing a tsunami that was at least a hundred feet high, pushing it in all directions.

"Huh, there is a master."

A soft voice came from a distance: "I also said it was from Dan Pavilion."

"Could it be the team of which alchemy force that went to Zhongzhou City to participate in the Dan Pavilion Grand Competition?"

"Jie Jie Jie, great, this is a big fish!"

"Quack, you have a battleship, or a genius in the Dan Pavilion. As long as you destroy it, wouldn't it be a big deal? When we leave the immortal sea, we will be happy everywhere."

"Kill them."

Jie Jie laughed strangely in the distance. It turned out to be a group of martial emperors, the leaders, wearing black robes, and exuding a tyrannical atmosphere.

"Don't be rampant, I'm waiting for the team of the North Heaven Domain Dan Pavilion, let me leave, everyone is in peace, otherwise, once my Dan Pavilion learns the news, the Immortal Sea will also shake the sky." Pavilion Master Xuan Sheng Scolded.

But I was upset in my heart. When I came to the Immortal Sea, I was still riding a battleship. It was really careless. The desperadoes in the Immortal Sea could do anything for the treasure.

But immediately, he shook his head again, even if he didn't take a battleship, these guys would rob him as long as he saw people, and he still couldn't escape the catastrophe.

"Qua Ga, it turned out to be from the Northern Heaven Domain Dan Pavilion. It seems that this is really a big fish."

The leading powerhouse's eyes are bright. Many of the teams in the Alchemy Conference are small teams, but as one of the four domains, the Northern Heaven Region is a large team. Will there be fewer treasures in it?

"Brothers, come on!"

Whoosh whoosh!

A large group of masters rushed up one after another.

"Looking for death!" Pavilion Master Xuan Sheng shouted angrily, waving his palm to greet him without fear.

boom!

The monstrous wave rose to the sky again, the two of them were close in strength, and the true essence palms shot by both sides broke together again, no one can crush anyone, but at this moment, I saw another big hand appearing from behind. Come here.

"It's also the Emperor Wu of the late eighth stage!" Pavilion Master Xuan Sheng showed a shocked expression.

This robber team actually had two eighth-stage late martial emperors, which exceeded his expectations.

As for the other alchemy elders, they were even more stunned.

The Emperor Wu of the late eighth stage was a robber in the Eastern Continent? How terrible is this East Continent?

If these masters are placed in the Northern Horizons and can properly establish a top-notch emperor-level power, how can they come to the rankless profession of bandits?

In the shock of everyone, the two masters surrounded Pavilion Master Xuan Sheng and wanted to kill him immediately.

This is inevitable. Since it is known that Qin Chen and the others are the team of the Pill Pavilion, they must annihilate their entire army. Otherwise, after the other party escapes, the news will be passed back to the higher level of Pill Pavilion.

And among this group of people, Xuan Sheng Pavilion's major cultivation level is the highest, as long as he beheaded the first time, the rest of the people will have no fear, and none of them can escape.

"Pavilion Master."

"Pavilion Master, be careful!"

Many Dange elders all exclaimed when they saw this, but they were unable to rescue them at all and intervened.

In the contest between Wuhuang in the late eighth stage, ordinary Wuhuang couldn't intervene at all.

Seeing that the two were about to hit Pavilion Master Xuan Sheng, suddenly, a black shadow suddenly appeared behind one of the pirates, silently, a palm quietly printed on the back of the other party.

"who?"

The pirate was shocked and turned around in a hurry, but it was too late. With a pop, the other party slammed his back with a palm, blasted him directly out, spouting blood with his mouth open.

"Pavilion Master, are you okay?" The black shadow smiled slightly.

[Chapter 1319: Ink poison](#)

"Ink poison old man?"

Seeing the shadow, many Dan Pavilion elders were overjoyed.

The person who made the shot was Mo Po Wu Huang, one of the two great elders of the Northern Heaven Domain Dan Pavilion.

In the Beitianyu Dan Pavilion, in addition to the master of Xuan Sheng Pavilion, there are two top old elders in the Dan Pavilion, who are also the Martial Emperor of the late eighth stage. This ink poison elder is one of them, and the cultivation base is not in Xuan Sheng Pavilion. Under the Lord, the strength is terrible.

"Ink poison, thanks to your presence." Pavilion Master Xuan Sheng blocked the other with a palm, and said coldly.

During this trip to Zhongzhou City, Lord Xuan Sheng, in case of accidents, let the ink poison elder of the two old elders secretly follow, and the other old elder, who is sitting in Dandao City, did not expect it to work.

"The pavilion master is polite. It is Mo Po's duty to protect the Dan Pavilion." Mo Po Wu Huang said with a smile.

In the late eighth stage, he joined the Dan Pavilion and became the elder of the Dan Pavilion in the North Tianyu. Every day, he could enjoy the treatment and pill that ordinary Wu Huang couldn't enjoy, just to protect the Dan Pavilion.

"Another eighth-stage late martial emperor, with an idea!" The robber who appeared out of the sky was shocked.

In this team that was inadvertently encountered, there were actually two great martial arts masters, which shocked them and looked ugly.

There are many masters in their team, but there are only two Martial Emperors in the late eighth stage. It is not easy to win this team.

"What are you afraid of, but only two late martial emperors. How powerful can this group of pharmacists be?"

"Kill them, we don't need to worry about resources for at least decades."

"Anyway, the people who moved the Dan Pavilion will die sooner or later. It's better to fight."

"kill!"

The Emperor Wu who was injured by a palm slapped angrily, and rushed up first.

"Kill!" The other bandits also fought fiercely again. Many of the top martial emperors rushed to the pavilion master Xuan Sheng and the ink poison martial emperor, and the remaining bandits were fierce and vicious towards the remaining elders. Killed with the disciples, among them, a middle-ranked Wuhuang of the eighth stage stared at the group of Qin Chen and punched

Outrageously blasted over.

Boom!

A terrible killing intent rushed from the sky and the earth, the stars swayed, the waves shook the sky, and the sky formed a black ocean with fist and power, and the people of Qin Chen were to be bombarded inside.

Under this fist, Xi Aoling and the others' complexions changed drastically. They were all geniuses among the geniuses. The cultivation base of the late seventh-order Martial King could occasionally confront the ordinary eighth-stage early Martial Emperor with two tricks, and each was proud.

But facing the Martial Emperor in the middle of the eighth stage, there was absolutely no way, let alone resisting, just as the opponent's domain barrier swept over, Xi Aoling and others felt that it was difficult to breathe, and they couldn't breathe.

Are you going to die here?

"Less dust!"

A loud shout suddenly sounded, and the old man Da Bei suddenly appeared in front of Qin Chen's group of people, raising his hand and patted it out.

"boom!"

The attack of the Wuhuang bandits in that mid-term was instantly fragmented and torn apart.

what?

This person was shocked, before he had time to react, the old man of Great Compassion shook his body and appeared in front of him.

"Dare to do something against Chen Shao and die!" The old man Da Bei was angrily, and Qin Chen had made it clear that this time he went to Zhongzhou City and once found suitable materials, he would help

him eliminate hidden dangers in his body. This is what he has been thinking about all these years. , If Qin Chen is killed here, the hope he finally raised will be complete

Shattered.

"Great compassion!"

The black palms appeared in the sky, containing a cold killing intent, which made people look at it, and they felt hopeless, as if their emotions were mobilized in an instant, falling into endless sorrow and despair.

The old man of great compassion is full of strength when he makes a move.

With a snorted sound, the mid-term Wuhuang robbers looked blurred, and were instantly exploded into debris and disappeared into smoke.

"Wow!"

The old man Da Bei shook his body and appeared beside Qin Chen, nervously saying, "Little Chen, are you okay?"

He looked at Qin Chen up and down, fearing that he might be injured.

"I'm fine." Qin Chen shook his head and said lightly: "You go help Pavilion Master Xuan Sheng and the others, don't hurt too much here."

"Okay!" The old man of Great Compassion replied, and his figure suddenly disappeared. The next moment, a few screams sounded, and several robbers from the initial peak of the besieged Emperor Wuhuang were torn apart and turned into blood mist.

"court death!"

The actions of the Dabei old man immediately attracted the attention of the other robbers, and three of the mid-term Wuhuang suddenly became fierce and surrounded him and besieged the Dabei old man.

"Good come, Rat, die!"

The old man of Great Compassion did not startle and turned into anger, laughed, and took the initiative to fight.

With a palm shot, the joint attack of the three martial emperors was instantly shattered. At the same time, they all could not withstand this power and all backed up, spurting blood in their mouths, and all of them were seriously injured.

The old man of Great Compassion entered the flock like a tiger, and shot again and again, exploding the three mid-tier Wuhuang emperors.

"Huh? Where is another master?"

The robbers were suddenly shocked, and hurriedly separated two Wuhuangs who were the peak of the eighth mid-stage.

Boom boom boom!

During the battle between the two sides, the sea below rolled up a hundred meters high, and the old man of Great Compassion fought alone against the two mid-term peak martial emperors, but did not lose the wind. This made the two robbers furious.

How did they know that the old man of Great Compassion, as a prestigious casual cultivator in the Northern Horizons, had broken through to the mid-stage peak of the eighth stage when his foundation was damaged and his cultivation base was restricted. in order to.

In terms of realm, combat power, and combat experience, the old man of Great Compassion is no weaker than these robbers who lick blood all the year round.

Damn it!

Two of the robbers in the late Wuhuang bosses were shocked when they saw this. Damn, why is this opponent so terrible? A martial emperor who was at the peak of the mid-tier eighth stage was so terrifying. When did a group of pharmacists study martial arts?

"Crazy fight, don't hide it, fight it."

The leader of the later stage Wu Huang shouted, his body lit up with a black halo, his entire popularity surged, and he rushed over, but he waited for a long time, but did not see the rescue at all, suddenly turned his head in anger and said: "Fight, you doing what?"

At this sight, he was suddenly shocked, and saw that another late Wu Huang was covered in purple and black, his body was swaying, and the stench of blood spurted out of his mouth, which was obviously dying.

"Big brother... the other party... the palm... poisonous!" He made a hoarse throat, the skin on his body began to fester slowly, and the breath of life suddenly weakened.

"You... actually used poison!" The robber leader looked at the Mo Po Wu Huang who appeared later in shock.

Mo Po Wu Huang smiled coldly, and said: "The old man's name is Mo Po, what can I use without poison?"

He sneered, and joined forces with Xuan Sheng, constantly besieging this person. The boss saw no hope of winning, and he took a palm for abruptly. He smashed a **** way from the attack of Pavilion Master Xuan Sheng and Mo poison old man and escaped.

"Master!"

The remaining robbers were completely dumbfounded, and the master ran away?

"Kill!" Pavilion Master Xuan Sheng and Mo Po Wu Huang yelled, losing the two great late Martial Emperors. These robbers no longer have the power to resist, and they continue to fall under their attacks. The remaining robbers fled. , Only survived less than a quarter.

[Chapter 1320: Blood Emperor](#)

"I'm going to kill this group of bandits!" With a palm, the last bandit was beheaded, and Mo Po Wu Huang was about to chase down the big master and others who had fled before.

"Ink poison, no need, come back."

Pavilion Master Xuan Sheng yelled, "This is the Immortal Sea. Let's proceed carefully. The hurry is important."

He looked at Qin Chen and the others, sighed, came to everyone, and said, "Are you all okay?"

Many elders in Dan Pavilion suffered some injuries, but fortunately, none of them fell.

"Before, thanks to the old man of Great Compassion, I was all safe and sound." Huangfu Nan and the others had lingering fears. If it weren't for the old man of Great Compassion, they would be really dangerous just now.

"Elder Dabei, thank you very much this time." Pavilion Master Xuan Sheng breathed a sigh of relief and came to the old Dabei to thank you.

"Pavilion Master is polite, this old man's trip is to protect Shao Chen, if you want to thank the Lord, thank Shao Chen." The old man Da Bei said with a smile.

Everyone looked at Qin Chen in amazement. Many people were full of jealousy. The old man of Great Compassion is also a well-known expert in casual cultivating in the North Tianyu. He would be willing to follow Qin Chen and be a servant. Compared to people, maddening people.

Although they are all alchemy geniuses, they can already be able to follow a martial emperor in the early stage of the eighth stage. This is still the treatment of Xi Aoling, the saint child of alchemy city, and the others are better than Qin Chen. It's too much difference.

"Let's go."

After sorting out the battlefield casually, Pavilion Master Xuan Sheng released the battleship, and everyone set off again.

This time, the Master Xuan Sheng personally urged the speed of the battleship to the maximum, and disappeared into the sky instantly.

Above the sea thousands of miles away from their previous fight.

Hum!

The true essence was scattered, and only a man appeared silently, vomiting blood at the corner of his mouth, and his face was blue.

It was the master who ran away before.

Whoosh whoosh!

There were also five or six embarrassed and **** bandits who escaped. They were quick to see the chance and escaped in the first place, otherwise, they would not escape.

"Damn it, the people of Pill Pavilion actually practiced Poison Art, and this time they were cheated to death."

Da Master's face was pale, his true essence was fluctuating, and he was also poisoned, causing his breath to lose his breath. Fortunately, he escaped. Although he was injured, he can recover after a period of recuperation. Unfortunately, Many of his men only survived so few.

Their team is completely destroyed.

"Master, what shall we do now?"

"Why are the people of the Northern Heavenly Pill Pavilion so strong? There are actually two great eighth-stage late martial emperors sitting in town, and there is also one person, although not the late martial emperor, but the strength is close to the late martial emperor, this is too abnormal Up."

"Damn, the Northern Sky Territory is just a wild land, where are so many masters."

The surviving robbers cursed, and their hearts trembled. "What can we do? We are planted this time, but if the Emperor Xie Guangwu just admit defeat, how can it be so cheap? The team from the Northern Heaven Domain Dan Pavilion? It is definitely a fat sheep, we can't swallow it, we can take the news. It was passed on to the other forces in the Undead Sea, and everyone joined forces to swallow it." The master Xie Guangwu

Huang shouted ferociously.

"The master is wise."

"We must avenge the second master."

"Joined with other forces and destroyed them."

The bandits roared along.

boom!

Suddenly, waves broke out in the sea, and a huge flood dragon appeared, biting at them with its mouth open.

The waves rolled up to a height of thousands of feet in an instant, and the few surviving bandits were swallowed by the dragon before they could react. Only Xieguang Wuhuang reacted in time and escaped.

"Blood Jiao Emperor, you and I have never had any enemies, why kill my people of Xie Guang." Xie Guang Wu Huang roared, and actually yelled at the blood Jiao.

"Hmph, you ran wild on my territory, so you dare to ask me why, go to death with your men."

boom!

The dragon raised its head and gave a cold drink, and then there was blood in his eyes, roaring at the sky, roaring, violent winds in the sky, countless waves rushing into the sky, this is an eighth-order imperial blood dragon, roaring Let the stars fall.

The scarlet dragon bite towards the Xieguang Wuhuang, and the **** battle broke out again over the undead sea. After a long time, only a scream was heard, and the badly wounded Xieguang Wuhuang turned into a rain of blood and shattered.

The blood scorpion opened his mouth and inhaled, a large amount of blood mist was instantly swallowed into his abdomen, and the blood on his body became more evil.

"Yes, after absorbing the blood of Emperor Xieguang Wuhuang, my cultivation base will surely be improved again."

The blood scorpion yelled loudly and plunged into the Dead Sea. In a moment, it was calm again.

As if nothing happened.

On the other side, the speed of the battleship reached its limit under the urging of the Master Xuan Sheng.

Next, the wind and waves were calm, as if bad luck had come to an end. Two days later, Qin Chen and his party went out of the Immortal Sea safely.

After leaving the oppressive Immortal Sea, everyone breathed a sigh of relief. Although the East Continent was chaotic, it was not like the Immortal Sea everywhere. The next journey would pass through a lot of huge forces, and there would be little danger.

Half a month later, Qin Chen and his entourage arrived in Zhongzhou City.

This is Zhongzhou City?

Everyone stood on the battleship, looking at the towering big city in the distance, all stunned.

Dandao City is already among the top cities in the Northern Horizons, but this Zhongzhou City is many times more domineering than the Northern Horizons. Regardless of the area, it is several times larger than Dandao City. more than.

Moreover, as one of the core cities of the East Continent, the city wall of Zhongzhou City is as high as a thousand feet, towering straight into the sky, engraved with countless super arrays around it, exuding a palpable atmosphere.

This is the core city of the East Continent, and it is not under the jurisdiction of any power in the East Continent. It is a super power in itself. There are countless sects and powers stationed here. Because of the neutrality and the attributes of the trade city, it is especially Prosperity.

In the shocking eyes of everyone, a group of people entered the city.

The formalities for entering the city are very convenient. The master of Xuan Sheng Pavilion showed a token of representative identity without any hindrance. The news that Dan Pavilion will hold the Four Domain Dan Road Competition in Zhongzhou City has long been passed on in Zhongzhou City. , This kind of event is also a very important first-class event in Zhongzhou City.

Therefore, during this time, the area in the center of Zhongzhou City has long been requisitioned by Dan Pavilion.

As soon as he entered Zhongzhou City, Dange had special personnel to entertain him.

"Which domain are you players?" The visitor is a middle-aged steward, wearing a pharmacist robe, he is also a famous medicine king, and his attitude is very polite.

"I'm from the Northern Horizons, old man Xuan Sheng, the master of the Northern Horizon Dan Pavilion." Xuan Sheng said.

"Northern Heaven?"

The middle-aged manager's original polite attitude suddenly became cold, and he squinted at Qin Chen and his party and said, "This is your contestant in this class?"

His tone was plain, but anyone could hear the contempt in his tone. Everyone's expressions suddenly turned ugly. They were in the Northern Heaven Territory. Which one is not the proud child of heaven? When was it seen with such a look?
