[Chapter 1321: Talent test](#)

However, this is Zhongzhou City, and everyone still bears it.

Even Pavilion Master Xuan Sheng had an ugly face, but he didn't argue with anything.

In the Four Domains Competition, there are not only Pill Pavilion masters and top alchemists in each domain, but also high-level personnel from Wuyu Pill Pavilion. He is majestic in the Northern Horizons and is the Pill Pavilion Master, but here, he is just Wu Your Excellency Yudan put a common medicine king, and it was unremarkable.

Here, if you can keep a low profile, just keep a low profile, otherwise it's easy to cause unnecessary trouble.

The middle-aged steward didn't say much, but his attitude became very cold. He brought Qin Chen and the others to the depths of Zhongzhou City, as if Qin Chen and the others owed him money.

This is also normal. In the Tianwu Continent, the overall strength of the Northern Horizons is already the weakest. In this continent where the weak eats the strong and the strong respects, your weakness is the original sin, which is more than anything. "This time the Dandao Competition, all the contestants in Tianwu Continent live in Fengyun Danyuan. Fengyun Danyuan was originally the site of my Zhongzhou City Dan Pavilion, which contains many facilities and elixir gardens of Zhongzhou City Dan Pavilion. , There are rare elixir planted inside, after you go in, don't walk around

Move, so as not to damage the elixir garden, if you lose the rare elixir, everyone will be sad. "The middle-aged manager said coldly.

by!

Everyone is angry.

What does it mean? Think of them as thieves? "Don't worry. Although we are from the Northern Horizons, we are also people with good looks. The worst is also the core elder of the Yiyu Dange headquarters. Normally, if you want to use a king-level elixir, you only need to apply. Compared with some high-level forces The common medicine king in China has a much higher status and will not cause damage

The matter of the human spirit medicine garden. "Elder Huangfunan couldn't help but said coldly.

The face of the middle-aged manager suddenly turned ugly. Is this mocking his low status?

Indeed, even though he was a member of Zhongzhou City Pill Pavilion, he was well-informed, and he was also the King of Medicine.

But because Zhongzhou City is very powerful, he is just a steward in Zhongzhou City Dange, otherwise he will not be sent out to guide guests. Compared with Huangfu Nan, they are in the northern Tianyu, which is far from the sky. The core elders are hard pressed.

A group of hillbillies.

The middle-aged manager was ashamed, but he was speechless.

The expression of constipation made all the people in the North Tianyu very happy, secretly applauding.

Zhongzhou City is very vast. Under the leadership of the middle-aged steward, everyone took a special-class aircraft. After a long time, they arrived at Fengyun Danyuan.

Fengyun Danyuan, the first park in Zhongzhou City.

Covering an area of 3,600 hectares, its scale is not inferior to a small city. The venue of the Dandao Grand Competition is here.

At the periphery of Fengyun Pill Garden, a group of martial emperors were standing there, each with extraordinary aura, exuding a terrifying aura that made people palpitation. When everyone saw this, they were secretly awe-inspiring. Compared to the Northern Heavenly Martial Emperor, the Eastern Continent Martial Emperor's aura was indeed much more terrifying. Perhaps it was because of the higher concentration of True Qi in the Eastern Continent Heaven and Earth, which led to the true energy in the Wu Emperor. It is generally higher than the concentration of the true essence of the Wuhuang Emperor of the North Tianyu, and the momentum is naturally more

Extraordinary. "This is Fengyun Pill Garden." The middle-aged steward brought everyone to the door with a hint of mockery on his face: "The Four Domain Pill Dao Competition will be held in ten days. It is not early or late for you to come. , I live in this Fengyun Pill Garden these days, but there is something to remember, don't mess with it in Zhongzhou City

Things, here is no better than Beitianyu, the masters, if it gets into trouble, no one will protect you. "

The middle-aged manager said coldly, and at the same time, he brought Qin Chen and his party to the registration office in front of the gate.

"Guan Guan, where is this team?" At the registration office, some people had already laughed, some of them laughed teasingly.

They also heard Guan Shi Pang's words, and knew that the other party had obviously received a certain small force team, and they were showing off here.

This Pang Guan is really true, isn't it just being sent to the gate of the city to receive him, so he needs such a bitter and deep hatred, and is so arrogant towards some small forces players?

Pavilion Master Xuan Sheng didn't bother to talk nonsense with Pang Guan, so he went up first and said, "I'm from the Northern Horizons."

Oh?

It turned out to be the team from the Northern Sky Territory.

Everyone laughed again. No wonder Pang Guan is so arrogant. Although the Northern Heaven Region is one of the four continents, its strength has always been extremely weak. Although the Four Regions Pill Dao Competition has not been conducted many times, it has been conducted several times. In the previous Dandao competitions, there were almost no players who could make it to the end.

It was even worse than some players from the small Alchemy powers that did not belong to the four domains. No wonder they were so coldly treated by Pang Guanshi.

In fact, everyone knows that this is actually a vicious circle. First of all, the Northern Heaven Region is very remote and poor in resources, making it difficult to give birth to powerful alchemists.

And because there is no strong alchemist born, the quality of geniuses is also very poor, naturally, very few people can win the alchemy grand comparison, and thus are brought into the martial arts study.

And because they can't enter the Martial Region, the alchemists in the Northern Heaven Region will naturally not be able to learn more cutting-edge alchemy techniques and knowledge, nor can they give birth to top alchemists, and without top alchemists, they cannot be trained. Top talents.

As a result, it became a vicious circle, causing the Northern Heaven Region to become weaker and weaker and other regions to become stronger.

It is said that in order to change this situation, the Wuyu Dange has specially released some Wuyu alchemists to serve as high-level officials in the North Tianyu Dange. I don't know if it has any effect.

Thinking of this in my heart, this group of people was much more enthusiastic than Pang, and they came up to arrange accommodation and placement.

"Pavilion Master Xuan Sheng, take a look. This time, there are 31 players from the Northern Heaven Region, right?" The leader was an old man who smiled after registering.

"Yes." Pavilion Master Xuan Sheng nodded.

"Well, please, please take Pavilion Master Xuan Sheng to take them to test the spirit medicine crystal column." The old man said with a smile.

test?

Everyone was a little stunned, as soon as they came up to test? Doesn't the competition start after ten days? "That's right." The old man nodded and explained with a smile, "This time there are many high-level officials in the Wuyu Dange. In order to save time and improve the quality of the competition, all the players brought by each domain before entering the Fengyun Danyuan. A simple elixir talent test is required, only those who pass the test

, Can participate in the big competition ten days later, if you fail, you can only be a spectator. "

The old man said, pointing to the entrance.

On the entrance side, there was indeed a pillar for testing the talent of elixir. The pillars were all elites, like they were made of some kind of special crystal. Some were similar to the spiritual power crystal pillars that Zhao Lingshan tested back then, but in fact they were completely different.

This kind of pillar, testing is the comprehensive talent of alchemists. "Huh, there are so many players in the North Tianyu. I don't know how many people can pass this talent test. There will be few? If so, then it would be funny." Guanshi Pang embraced his hands and laughed mockingly. Waiting, waiting to watch the show, smiling very brightly.

[Chapter 1322: Let me try](#)

To participate in the Alchemy Grand Competition, you need to be qualified. This qualification is not based on fame or level, but on talent.

The purpose of the alchemy competition held at the alchemy headquarters is to select geniuses with alchemy talent from the lower domains. If it is to assess the strength, it is difficult to distinguish the true strength in a short time with conventional methods, and it is easy to perform the elixir talent assessment. too much.

This crystal stone pillar will finally give a comprehensive evaluation based on each tester's age, strength, mental strength, mental talent, etc.

Although the overall evaluation is high, it does not necessarily mean that the strength is necessarily strong, but at least it means that the growth is good. Once they stand out in the Dan Dao Competition and are brought into the Martial Domain, with the strength of the Dan Pavilion, the weakness of cultivation does not matter. They have ways to improve. The strength of the winner.

What they value most is talent, which is future growth.

"To what extent must I be eligible to participate in the Dan Dao Competition?"

A pharmacist asked.

The old man smiled slightly and said: "The crystal column always has one hundred layers. As long as it reaches more than seventy-six, including seventy-six, you are eligible to participate in the competition."

Seventy six?

Everyone looked at each other, obviously they didn't know the difficulty of reaching 76.

A total of one hundred floors, seventy-six, neither high nor low, belong to the upper middle, shouldn't it be too difficult?

Everyone thought this in their hearts, and at the gate, many people gathered at this moment. They were all geniuses who came out of Fengyun Pill Garden. Most of them looked quite young, but the aura that came out of each body was extraordinary.

"Which force's team is this?"

"The number of people is not large, and the spirits are average, not like a large force team."

"I heard it at the door earlier, it was the team of the North Heaven Domain Dan Pavilion."

"Northern Tianyu Dan Pavilion? It turned out to be that kind of place, haha, I heard that Northern Tianyu is the most barren region of the four continents. In the past, few geniuses were born, just a group of country barbarians."

"It's gone, it's nothing good."

"I bet that among the players brought by the Northern Heavenly Domain Pill Pavilion this time, absolutely not many can pass the elixir talent assessment."

"Haha, I dare say that the usual urination of Beitianyu should not even reach half of it!"

"Nonsense, the pass rate of the South China Region was only less than 70% before. The North Tianyu wants to reach 50%? Dreaming?"

"The index of seventy-six is not simple, just how many garbage places like Beitianyu can reach this index?"

The crowd talked a lot, whispering to each other, all of them were some geniuses from other forces participating in the Dan Dao Grand Competition, one by one with mockery.

Tianwu Continent, chasing the strong, heard that Qin Chen and the others were from the Northern Heavens, so there was no need to look at them to test them, and they had contempt and disdain from the heart.

Xi Aoling and the others clenched their fists and looked angry.

These guys are so underestimated.

"Senior, I don't know how difficult is the index of seventy-six?" Qin Chen asked the old man indifferently, without changing his face.

The old man smiled faintly, and said: "The talent assessment of the spiritual medicine is the overall strength of the pharmacist, with an index of 76. How to say it, basically, those who can become the king of medicine before the age of forty can generally pass the assessment. It depends on the comprehensive strength of all aspects."

hiss!

Hearing that, many contestants in the North Tianyu took a breath of air, what a joke, they actually have to break through the drug king before the age of forty to pass. This is still the most basic assessment for participating in the competition. Is it that exaggerated?

You know, the people present are all geniuses in the Northern Heavens, and they are all Medicine Kings, but there are not too many who really break through the Medicine King before the age of forty.

For example, Xi Aoling, You Huaqing, and Wei Jinzhou were able to become the saint children of Dandao City because they became the king of medicine before the age of thirty-five, and they have the qualifications to become saint children. Others can become medicine before the age of 40. Wang's, among so many people on the court, at most half and half.

The point is that this is only to be able to participate in the passing line of the Grand Competition. Are the geniuses in these other fields so terrible?

Everyone talked a lot.

Guan Shi, who was guarding the side, immediately sneered: "This is the Great Alchemy Competition of the Four Regions of the Mainland, and the highest hall of alchemy geniuses in the Lower Four Regions. It is not something that ordinary people can enter. If it fails to meet the passing line, it is embarrassing to enter. ."

"Let me try!"

The pharmacist who asked the question before stepped forward, the true essence was operating to the limit, and at the same time the mental power was urged to the extreme, and a palm was reflected on the crystal pillar.

Hum!

The crystal column was hit, and the spar on it quickly lit up, one row, two rows, three rows, four rows, and soon, it reached the sixth row, one, two, three...

At the ninth floor, the spar can no longer light up.

Sixty-nine floor!

Almost!

The pharmacist gritted his teeth, roared, his forehead burst into blue veins, and the true essence in his body was energized to the extreme. Because of the extreme mental power, he even heard bursts of dizziness in his mind.

Hum!

The crystal pillars lit up again for two levels, but when they reached the seventy-first level, they couldn't move anymore, and finally dimmed completely.

"Seventh floor, failure!" The old man shook his head.

what? This is impossible, I actually failed?

The pharmacist looked pale, and stepped back a few steps, almost unable to believe his eyes.

"Master Yuhui didn't pass?"

"Although he only became the King of Medicine at the age of 43, his foundation has always been extremely solid, and his cultivation has reached the peak of the seventh-stage late stage. Would he fail?"

"It's too difficult."

The thirty players in Bei Tianyu were all stunned.

Although Yuhui is not the strongest among them, he is definitely not the weak one. He can't pass it? How many others can pass?

"Haha!"

Outside the court, there was a roar of laughter.

"I just said, there are not many places like Beitianyu that can pass, right?"

"Hurry home and practice more."

"I can't even qualify for the competition, but I dare to come here to participate in the competition. Where does the confidence come from?"

"Killing me."

"Don't laugh, everyone, maybe they are in the North Sky Territory, they are indeed 'geniuses'?"

"Haha, hahaha!"

Everyone laughed unscrupulously.

Yuhui's complexion was even whiter, and he only felt that he had nowhere to vent his sullen breath. He snorted, spouted a mouthful of blood, and his mental power instantly became disordered, and there was a sign of confusion. "Give me meditation." A cold drink came. It was Pavilion Master Xuan Sheng. He pressed his palm on Yu Hui and his mental power rushed out, making Yu Hui's mental power instantly calm, and said coldly: "It's just a test. Even if it doesn't pass, what's the big deal? You, as the alchemist in the Northern Sky Region, won't

Can't even stand this setback? "

"Thank you, Lord Pavilion, for your suggestion." Yuhui also recovered from the confusion at this moment, feeling lingering, and hurriedly gratefully said. Naturally, everyone ridiculed and laughed.

[Chapter 1323: Eighty four floors](#)

"Who is next?" The old man looked over again.

Everyone looked at each other, no one came forward.

"It's only a test, even if it loses, what can it mean?" Pavilion Master Xuan Sheng said lightly.

"Okay, I'll try it."

Another pharmacist came out and pressed the crystal pillar with his palm.

Hum.

The crystal column lit up, and finally stopped at the seventy-third floor, unable to advance.

The man returned with a sullen expression.

"Another one that failed."

"It's worthy of being the alchemist of Beitianyu, he is genuine."

"Hahaha."

There was another burst of laughter.

Next, two more people came forward, sixty-eight and seventy-four, but none of them passed the test.

There were four people in a row, and none of them passed the assessment, and it was difficult for even Pavilion Master Xuan Sheng to look.

"I come."

Xi Aoling gave a cold cry and stepped forward.

"Hey, it's a girl."

"The beauty is not bad."

"Looking at your age, it seems that you are less than 40, right? I also came to participate in the competition?"

Xi Aoling is tall, fair-skinned, with long flowing hair and a sense of femininity.

She came to the crystal column and pressed it with a palm.

Hum!

The crystal column glows rapidly.

The first row, the second row, the third row...the sixth row, the seventh row...

In the blink of an eye, I reached the seventh row, and then the first, second, and third layers passed through the sixth layer without hindrance, and it was still rising.

Damn, this chick is strong enough.

The crowd was speechless, and the crystal column was still rising and booming, directly breaking through the eighth row until the third floor of the eighth row, before it stopped completely.

Eighty-three floors!

hiss!

The crowd gasped.

The eighty-third level, even among other domain forces, is at the top, but there are people in the northern sky domain who can reach this level?

"This time there are so many geniuses in the South China Region, and there are only eight people on the eighty-third floor. Who is this little girl?" someone trembled.

"Xi Aoling, the eighty-third floor, pass." The old man glanced at Xi Aoling in surprise, and smiled slightly.

These results, even in the Dandao Grand Competition, may not be able to win the final victory, but they are considered top geniuses.

"Who is next?"

With Xi Aoling in front, the rest of the geniuses in Beitianyu were shocked.

"I come."

A pharmacist in his early forties came out.

"It's Master Gu Chenfeng."

"He was the King of Medicine who broke through three years ago, at the age of 41."

"I don't know if Master Gu Chenfeng can pass."

Everyone looked tense, and they looked at it intently, but saw Gu Chenfeng's face solemn, took a deep breath, and pressed a palm on it.

Hum!

The crystal pillars light up instantly, one row, two rows, three rows...soon to the seventh row.

One, two, three, and when it reached the fourth, the speed slowed down, and finally, it stayed on the fifth.

Seventy-five floor?

Suddenly there was an exclamation, but this is just a step away? It would be too wrong to be eliminated at this level. Gu Chenfeng also knows that opportunities are rare. He gritted his teeth and bit blood in his mouth. He finally reached Zhongzhou City. If he could not participate in the Dandao Competition, let alone his own uncomfortable heart, he would also be ashamed of Bei Tianyu. People sneered, now that success or failure depends on this, he doesn't believe he can't make seventy-six

The results.

Roar!

He roared, the robe on his body had no wind, and the power in his body was urged to the extreme.

Hum!

The crystal that had stopped lit up again. Although it faded quickly, it did lit up.

Gu Chenfeng couldn't maintain his strength, let go and pushed away, panting, looking at the old man expectantly.

The old man glanced at him, as if he couldn't bear it, and said, "Pass!"

"Roar!"

Gu Chenfeng raised his arms up to the sky, the excitement in his heart could not be expressed in words. Perhaps he was just a companion in the competition, not even the green leaves, but being able to participate in the Dandao competition is an honor in itself. This is everyone Indelible.

"This kid is lucky."

"It was passed by his shit."

With Gu Chenfeng as an example, people who participated in the test stepped forward. The threshold of seventy-six is too high. Many people tried their best and even performed supernormally and couldn't pass it. However, some people had good luck and passed the assessment, but at most they were seventy-six, seventy-seven, and seventy-eight. Not to mention reaching an 83rd grade like Xi Aoling, even

No one has reached eighty.

Soon, twenty-eight players passed the assessment, and only 13 people passed. Among them, the highest was Xi Aoling. Qin Chen remained in the team, and You Huaqing and Wei Jinzhou had not yet conducted the assessment.

"Hehe, there are 31 players in total. Now 28 of them have been assessed, and only 13 have passed. As expected, there are not even half of them."

"North Sky Territory, too weak."

"Shameful."

"It's just that the girl's grades were not bad. Even if other people participated in the competition, they were still abused."

"Although the test here is talent, and the competition is true strength, the results will still fluctuate greatly, but pharmacists who do not reach the 80th floor generally don't think about any outstanding performance in the competition. ."

More and more people surrounded them, and they all shook their heads when they heard about Beitianyu's achievements.

The scores of seventy-six, seventy-seven, and seventy-eight have just passed the competition assessment. Even if they enter the competition, how good can they perform?

Everyone has already been sentenced to death for Bei Tianyu's results this time.

"I come."

Among the remaining three, You Huaqing and Wei Jinzhou looked at each other. Finally, Wei Jinzhou stepped forward first.

"boom!"

The light on the crystal column flashed randomly, from the first row to the eighth row, and it took only a moment. Then, the first, second, and third layers were lit up, and they were about to go out. Wei Jinzhou roared. Om, the fourth floor also lit up.

"The eighty-fourth floor!"

"It turns out to be higher than the woman just now."

Everyone's mocking expressions solidified, and they talked and were amazed.

You know, the 80th floor is a boundary, and the 80th floor can be illuminated, which means that it has the strength to attack the seventh-stage late-stage medicine king, and the eighty-fourth floor even represents the threshold that the opponent may touch the eighth-stage medicine king in the future. .

Although just touching it, it doesn't mean that you can enter the eighth rank. The difficulty is still as high as the sky, but it has already caused everyone to shock.

Wei Jinzhou smiled slightly, stepped back, and gave You Huaqing a provocative look.

During this period of penance, he has made a breakthrough, but he has not revealed it.

Then, it was You Huaqing.

boom!

The same crystal pillars lit up quickly, and in a moment, they reached the eighth row, and then the first, second, third, and fourth layers, just like Wei Jinzhou, when they reached the eighty-fourth floor, it was exhausted and stopped. Come down.

Another eighty-fourth floor? Two successive eighty-fourth floors made everyone's eyes fall all over the place. Is this still the weak Northern Heaven Territory?

[Chapter 1324: Qin Chen's achievements](#)

"Yes, not bad." Even the old man who registered the score nodded, admiring him, and smiling.

"Okay, in the preliminary assessment of the talent of the elixir, a total of 16 people in the North Tianyu passed and can enter the Alchemy Grand Competition. Those who were eliminated before, I am afraid they can only be spectators." , Said with a smile.

"Wait, there is still one person in our North Tianyu who hasn't been assessed."

Seeing the old man put away the registration book unexpectedly, Gu Chenfeng and the others suddenly called out.

"There are still people who haven't been tested?" The old man was taken aback, glanced at everyone, and said: "No, I have all been tested? I'll count, hey, thirty, really one less, you Beitianyu last What about a player? Didn't you come with you?"

The old man glanced at the crowd and said with some wonder.

He counted, and there were only thirty people on the field like players.

Everyone was speechless and said to the old man: "Senior, there is another examiner, isn't it right in front of you?"

Right in front of my eyes?

The old man was taken aback, saw Qin Chen, and he was dumbfounded: "Aren't you talking about this boy?"

"Senior, don't I look like it?" Qin Chen smiled bitterly.

How inconspicuous I am, I will be forgotten under the eyes of others.

"This....."

The old man was stunned. It wasn't that Qin Chen didn't look like him, but that he was too young. How do you think it was about twenty?

The so-called Alchemy Competition, although it is a genius competition, everyone is not very old, but it takes too much time to become a powerful alchemist. Even if you are young, you basically have to have three Those over ten years old, the older ones, and even those close to fifty.

But Qin Chen, he was only about twenty years old, the old man always thought that Qin Chen was following the show, and he didn't think about the contestants at all.

"Hahaha, I just laughed at me, this guy is also a contestant?"

"What's a joke, the head of the Dan Pavilion in the Northern Horizons is flooded? How could such a young fellow come to participate in the Dan Dao Competition?"

"Even if you want him to be insightful, you have to talk about some rules? Who can come to participate in the competition, who is younger than 30? Oh, yes, there is a genius in the South China region, only 28 years old, even playing After achieving good grades on the eighty-first floor, they are at least close to thirty."

"It seems that this Northern Heavenly Domain Pill Pavilion should be crazy, knowing that I have no chance to win, I just messed up..."

"Laughing at us."

In Fengyun Pill Garden, after the players of other forces were shocked, bursts of laughter suddenly burst out.

Pavilion Master Xuan Sheng didn't have any smile on his face, and said to the old man: "His name is Qin Chen. He is the leader of my Northern Heaven Domain Dan Pavilion this time, and I will also participate in the Dan Dao Competition."

It's okay for Pavilion Master Xuan Sheng not to speak. With this, the audience laughed more and more, and everyone was almost laughing.

Did you make a mistake? What did they hear? This kid is still the leader of the competition?

How short of people is the Beitianyu Dange, giving the team leader to such a kid?

Is this young man the illegitimate son of the Lord of the Northern Heaven Domain Dan Pavilion?

Well, it's very possible, otherwise how could you give the position of team leader to such a young man in his twenties?

Everyone is almost unable to complain.

Qin Chen was so young that he was recommended to participate in the Alchemy Competition. It was already very exaggerated, but what was even more exaggerated was that he was actually the leader.

Isn't this funny!

What is the concept of a team leader? Basically, it is the most promising existence of all the contestants of a force, and the strength is also the strongest. Although other forces also have young alchemists to compete, they are basically in the top 20. The reason why these people are selected to participate is because they have a certain background and a certain potential in their respective forces, so they come to participate in the competition. Not necessarily winning, but it may also be waived

The judged Wuyu Dange seniors liked it.

But even so, those people are just a chance to blog, and I have never heard that they will be designated as the team leader.

Pavilion Master Xuan Sheng glanced at the laughing crowd lightly, expressionless, but there was a slight sneer at the corner of his mouth.

These guys just laugh, and when they look back, they will be surprised sooner or later.

Pavilion Master Xuan Sheng looked at Qin Chen, a trace of confidence flashed in his eyes, and said lightly: "Qin Chen, you go to the test, remember, don't shame us in the North Tianyu Dan Pavilion."

Qin Chen touched his nose and nodded with a bitter smile.

Originally, he just wanted to pass the assessment. Anyway, it was just a basic test, not a formal assessment, and he was too lazy to get the limelight.

But since Pavilion Master Xuan Sheng had already said that, he was embarrassed to be too casual. Anyhow, Pavilion Master Xuan Sheng even turned his face with Law Enforcement Palace for him. He still remembered this love.

"Ok."

He said casually, and then when he reached the crystal pillar, he pressed it up with a palm of his hand, his movements were extremely random and light and breezy.

Everyone couldn't help but want to laugh, what did this kid think of the elixir talent test? So casual, do you really consider yourself a peerless genius?

Just about to start taunting, everyone's eyes were almost bursting in the next moment.

boom!

I saw Qin Chen's hand just pressing on the crystal pillar, and the entire crystal pillar suddenly burst out with a bright glow, and the bright rays of light soared rapidly, like a rocket climbing.

The first row, third row, fifth row, eighth row...

In the blink of an eye, it rushed to the eighth row, and it was still rising.

Eighty-five!

In the blink of an eye, it surpassed You Huaqing and Wei Jinzhou, who had the highest scores before, and reached the 85th floor, and it was still rising rapidly.

Eighty six!

eighty seven!

eighty eight!

Eighty-nine!

ninety!

It has been lit up to the ninetieth floor, with a buzzing sound, the crystal pillars burst out with colorful glow, as if there was a dragon's roar resounding through the sky, and the colorful glow rose up into the clouds, exposing to the entire Zhongzhou city. .

My grass, the movement is so big.

Qin Chen was taken aback. He didn't expect that the crystal column would erupt with such an astonishing movement when it reached the ninetieth floor. The rays of light lingered on him, setting him off like a god.

Seeing that the crystal column continued to rise, Qin Chen quickly withdrew his hand back.

Hum!

The crystal column dimmed suddenly, but the previous soaring momentum still lingered in everyone's minds, and could not disperse for a long time.

"Ahem, did I pass the assessment?" Qin Chen asked the old man awkwardly. He wanted to fight for the master of Pavilion Xuan Sheng, but he didn't want to be so exaggerated.

"Ninety floor...passed, passed..." Even the registered old man was stunned, the pen in his hand was a little trembling, and it took a long time to recover and write down the results. As for Pang Guanshi, standing there, unable to say a word, he was already frightened.

[Chapter 1325: just kidding](#)

Until Qin Chen and his entourage entered Fengyun Pill Garden and moved in, the movement caused by Qin Chen during the test remained for a long time.

"Have you heard that this time, among the players in the Bei Tianyu participating in the Alchemy Grand Competition, someone actually activated the ninety-layer elixir talent crystal column."

"I have seen the movement just now. It was activated by the players of the Northern Sky Territory? Isn't the Northern Sky Territory always weak?"

"How do I know this? I'm not there yet. I heard that the person who activates is still the leader of the Northern Skyland.

"Could it be that Bei Tianyu is going to stand over again this time?"

Everyone knows all kinds of talks constantly in the Fengyun Pill Garden.

This kind of news was also spread to the talented players of other top alchemy forces.

South China area residence.

"Senior Brother Yan Chidao, have you heard? A genius has emerged from the North Tianyu. In the test of the elixir talent assessment, he activated the ninety-two crystal pillars, second only to your ninety-two."

A young man hurriedly ran into a room in the deepest part of the mansion and roared.

In front of him, sitting cross-legged was a young man wearing a red robe with red hair. The young man was in his thirties. Just sitting here cross-legged gave people a strong oppression.

This person is the top alchemy genius in the South China Region, Yan Equator.

"Oh? There will be geniuses in the northern sky?" Yan Equator opened his eyes and buzzed. There seemed to be endless flames in his eyes. The temperature of the entire mansion rose to Baidu in an instant, extremely hot.

In his pupils, flames flickered and formed continuously, and the whole person was like an emperor in fire.

"What's that guy's name? What kind of cultivation?" Yan Chidao asked lightly, his eyes ejaculating.

"The young man is called Qin Chen. I don't know what cultivation base is, but he should be King Wu."

"Youth?" Yan Equator raised his head.

"Yes, I heard that he is only about twenty years old, very young."

Yan Chidao's face suddenly sank, and he looked at the young man indifferently, and said coldly, "I'm only twenty years old, so you ran to disturb my retreat?"

boom!

The young man only felt that a terrifying breath fell on him, his entire body erected, as if he were in a fiery hell, facing the threat of death at any time, and could not help but lose his voice: "Brother Yan, I..."

He didn't even know what he did wrong. "The crystal column tests the talent of the spirit medicine, not the strength of the spirit medicine. The young man is only about 20, even if he activates the 90th level of the crystal column? At his age, no matter how strong he is, he just broke through the seventh rank. The King of Medicine is nothing but the Pill and Dao Contest, but the real strength of refining medicine is competing against one another.

Ten-year-old, no matter how talented, do you think it will threaten me? "

This.....

The young man was dumbfounded. Indeed, what the crystal column is testing is the talent of the examiner. With Qin Chen's age, as long as he can break through to the seventh-tier medicine king at this stage, it is at least the result of the 80s. Although amazing, but it is impossible to threaten Senior Brother Yan.

"Remember, what you need to stare at is the Dan Dao genius of the Eastern Continent. As for places like the Western Wilderness and the Northern Horizon, will there be geniuses who threaten Yan? Continue to stare."

Yan Equator finished speaking, closed his eyes, and the hot climate around him instantly cooled down.

"Yes." The young man was frightened and hurriedly bowed and left.

Not only the South China Region, but other forces that arrived first, they were shocked when they heard that there was a genius capable of activating the 90th floor in the North Heaven Territory, but after learning that the activator was only a young man in his twenties, they were shocked. Have lost interest.

In the Great Alchemy Competition, it was alchemy attainments, not talent. At Qin Chen's age, no matter how talented he was, it would not pose the slightest threat to them.

Naturally, there is no need to take it to heart.

Naturally, Qin Chen was not talking about the accident world. After finishing his residence, he informed the old man of Da Bei that he was going to visit Zhongzhou City.

The two left Fengyun Pill Garden and came to Zhongzhou City.

Zhongzhou City is very large and there are many strong people. Qin Chen and Da Bei old man walk in Zhongzhou City, with a dazzling array of shops on both sides. Along the way, many strong people walk on the streets, magnificent.

Some of them have a breath that is close to the old man of Great Compassion, and there are still a few breaths that even surpass the old man of Great Compassion, which is amazing.

"Hey, I don't know how big the sky is when I'm not in the Eastern Continent Region. When I came here, I realized that there are too many powerhouses in this world. No matter how unreliable the Northern Heaven Region is, it's nothing more than ordinary here." The old man Dabei sighed. Some melancholy, some sad.

Although he is not a giant in the Northern Horizons, he is also among the top powerhouses, but in this Eastern Continent, he is much more ordinary. In this Zhongzhou City alone, there are probably not a few Wu Huangs in the late eighth stage. Among them, it is extremely inconspicuous.

Even the bandits in the Immortal Sea before, two of them were Martial Emperors of the late eighth stage, which made him bitter, emotional, and somewhat disappointed.

"Old man, why do you want to be scornful of your own sake? The tall buildings rise from the ground, and you can become the mid-tier eighth mid-tier martial emperor and one of the top powerhouses in the northern heaven with the power of casual cultivation. You are already pretty good." Qin Chen smiled.

He was not shocked by the toughness of Zhongzhou City. This is just Zhongzhou City. If the old man of Great Compassion went to Wuyu, what would he be like? Among the martial arts, Emperor Wu has quite a few.

As a martial artist, why bother about these things, you know, strong players have their own strong middle players, if you are entangled in these, your mood will be confused, but it will be dangerous.

Just move forward step by step, and there will always be a day when you will reach the ultimate martial arts.

"Little dust, what you said is light, but with my talent, I am now at the mid-level peak of the eighth stage. If there is no progress in these years, after a few years, the vitality is exhausted, even if there is an opportunity, I am afraid it will be difficult." The old man of great compassion smiled bitterly.

"What anxiously, this time I come out, I will solve your problems." Qin Chen glanced at the old man Da Bei.

"What?" The old man of Great Compassion was taken aback, his face flushed, and said excitedly: "Little dust, what are you saying is true?"

Before setting off, Qin Chen promised him that once he arrived in Zhongzhou City, he would purchase materials for him to treat his injuries. He thought that Qin Chen was just talking casually, but he never thought that Qin Chen would fulfill his promise once he arrived in Zhongzhou City. How not to make him excited.

The eyeballs stared at Qin Chen immediately, his body trembling with excitement.

"Can I lie to you?" Qin Chen gave the old man of great compassion a white look: "If you don't believe it, then it's better to forget it, let's go back now, and Ben Shao doesn't bother to continue shopping here." "No, no, Chen Little, I'm just making a joke, can't you just make a joke? The old man of great compassion suddenly screamed and drew the strange look of passers-by. Is this old man a lunatic? Yelling on the main road.

[Chapter 1326: Wan Bao Lou](#)

However, the old man Da Bei ignored the eyes of the people around him and hurriedly said: "Little dust, as long as you can heal the injury of the old man, let alone follow you for a year, even if you let the old man follow you for another ten or twenty years, you can How? The old man will watch for you from now on."

"It's almost the same." Qin Chen smiled.

Although the strength of the old man Dabei is good, the cultivation base of the mid-term peak is still a bit weak. Now that he has come to Zhongzhou City, it is time to solve the hidden danger for him.

"Little dust, where are we going now? Is this the Dan Pavilion in Zhongzhou City?" The old man Da Bei looked over with hope and was very active.

He remembered that Qin Chen once said that the reason why he treated him without being in Dandao City was because the materials needed to heal his injuries were too special, and it was difficult to find them in the North Tianyu, so they had to come to Zhongzhou City to find them. , So I took it for granted that Qin Chen was going to the Dan Pavilion in Zhongzhou City.

After all, Dange is obviously the most convenient to find materials.

"We are not going to Pill Pavilion." Who knew Qin Chen shook his head.

"If you don't go to Dan Pavilion, where to go?"

"Wanbaolou." Qin Chen said lightly.

"Wanbaolou, what is that place?"

The old man Dabei was stunned. It was the first time he heard of this place, and he was in Zhongzhou City where Qin Chen came together. Everyone has been together. What he has never heard of, Qin Chen must have never heard of it. .

"Why do you ask so much?" Qin Chen glanced at the old man with great compassion dissatisfied, "Anyway, it is a place where you can buy materials to treat your injuries."

"Okay." The old man Da Bei touched his nose, not at all dissatisfied with being scolded by Qin Chen, but smiled shyly: "Little Chen, then you lead the way, let's go to Wanbaolou."

"Just lead the way, because I don't know where Wanbao Tower is." Who knows Qin Chen shook his head and said, "You don't know where Wanbao Tower is in Zhongzhou City where I came with you, so how can I know? "

puff!

The old man of Great Compassion vomited blood directly, and Shao Chen didn't know? Then he said so swearingly about Wanbaolou, is it fun to play with himself?

Qin Chen seemed to know the old man Dabei's thoughts, and said lightly: "Don't worry, I'm not fooling you. You can find someone on your way to ask, this Zhongzhou City, there should be Wanbao Building, hurry up and ask for the address, let's go quickly."

Although the old man Da Bei had doubts in his heart, Qin Chen said so, he could only be a dead horse doctor, and directly stopped a passing King Wu.

"Old man, what do you want to do?"

This warrior was wearing a leather jacket, with two thick arms exposed outside, and two dragons standing on it. After being stopped by the old man of great compassion, his face suddenly showed a trace of anger, and he shouted.

"This Xiongtai, the old man wants to ask for directions." The old man Da Bei said with a grin.

"Ask for directions? Going aside, I'm not free." The burly man snorted coldly and slapped him towards the old man.

It was just that after pushing his palm onto the old man Da Bei, he felt like he was pushing up a huge mountain, and the old man Da Bei did not move.

Ok?

He glared at him, snorted, and tried hard again, the old man of Great Compassion remained motionless, but looked at him with a smile.

The cold sweat on the big man's forehead came out in an instant. He is the Martial King of the late seventh stage. Under a palm, a small hill will be pushed down. Who is this old man? Wouldn't it be the Emperor Wu strong?

The original arrogant expression immediately disappeared, and he said nervously: "Senior, the younger has no idea about Taishan. I don't know what the older one wants to ask the younger? Just ask, all the younger ones can say nothing."

While talking, he wiped the cold sweat from his forehead, his face pale.

The old man Da Bei said with a smile: "I just want to ask, do you know where the Wanbao Tower is?"

"Wanbaolou?" The cold sweat on the big man's forehead became denser, and said: "Senior, juniors don't know."

"What, don't you know?" The old man Da Bei's face suddenly became very ugly. He originally thought that Qin Chen said it casually. Now Dahan's words have further verified his thoughts.

Damn, is it fun for Shao Chen to play him like this?

"Senior forgive me, I really don't know the younger one." The big man knelt down with a thump, and was suppressed by the grandeur of the old man, he was speechless, and he almost cried in a hurry.

Qin Chen came over silently and said: "Old man, you find someone to ask for the way, and find someone who is reliable. This guy is just a foreign warrior who just came to Zhongzhou City for a short time. It's strange if you can ask for the way. ."

The burly man looked at Qin Chen gratefully, and nodded again and again: "Yes, it hasn't been three days since I came to Zhongzhou City. I came to watch the Dan Pavilion Four Domains Competition ten days after Zhongzhou City. I really don't know Wanbao. Where is the building!"

"Let's go." The old man Da Bei waved his hand speechlessly. The big man turned and left like a pardon, and disappeared in the blink of an eye.

"Forget it, let me ask." Qin Chen blanked his eyes and said, "I can't even ask the way. Why do I want you?"

The old man with great compassion rolled his eyes and asked himself the way. Obviously, there is no such place as Wanbaolou.

He was embarrassed, but he didn't dare to speak directly. He just watched Qin Chen come to the shop beside him and hummed in his heart: "See if you can ask."

But I saw Qin Chen chatting with the shopkeeper first, and then asked: "The shopkeeper, do you know how to get to Wanbaolou?"

"Wanbaolou." The shopkeeper respected, "Young man, this is the first time you have come to Zhongzhou City. Are you ready to go to Wanbaolou to buy treasures? Wanbaolou is in the center of our Zhongzhou City. Go forward eight more. This block, I saw the most magnificent tall building over there, Wanbao Tower."

"Thank you for the shopkeeper."

Qin Chen smiled and arched his hands.

The old man of Great Compassion on the side was already dumbfounded, and muttered, "Is there really a place like Wanbaolou?"

"Otherwise, what do you think?" Qin Chen gave the old man of great compassion a white look.

Wanbaolou, that is the top auction organization in the mainland, and it also has a big name in Wuyu. Their branches are open throughout the Tianwu continent. Although Qin Chen has not seen Wanbaolou's branch in Beitianyu, it is Because Beitianyu is too remote, and supplies are too scarce.

But the core cities of the East Continent, such as Zhongzhou City, would be somewhat unlikely without Wanbao Lou.

So although Qin Chen came to Zhongzhou City for the first time, he also knew that Wanbao Lou might have a branch in Zhongzhou City.

When the two asked for the way, all the way in, eight blocks seemed not far away, but in fact they arrived at Wanbaolou after walking for a long time.

I saw an extremely magnificent building towering in the middle of this core block. The entire high-rise building, with more than ten stories, is magnificent and majestic, and it overwhelms many shops around it. At the door of the store, people come and go, pedestrians are like weaving, and each has an extraordinary momentum, whether it is rich or expensive.

[Chapter 1327: Big business](#)

"This is Wanbaolou?"

The eyes of the old man of Great Compassion were all rounded. Would it be small to open such a magnificent store in the core block of Zhongzhou City?

What made Dabei old man even more unbelievable was that Qin Chen had clearly come to Zhongzhou City for the first time. How did he know that there is a Wanbaolou here?

"Two VIPs, please, do you need anything?"

A slender beauty stepped forward to greet her, with a number plate hung on her bare waist, and wrote "Thirty Seven". She smiled and looked at the two people, and finally fell on the old man with great compassion.

Inside, there are no fewer than a hundred beautiful women in specific **** uniforms, most of whom are greeting guests, and a few are standing neatly at the counter, waiting for the next group of guests.

"Ahem, we are here to buy materials." Seeing the beautiful woman staring at him, the old man Dabei coughed and said without saying a word. "The two came to the right place." The beautiful attendant smiled and gave an unprecedented charm: "We have all kinds of treasures in Wanbaolou, whether it is exercises, secrets, elixir, elixirs, or Bloodline potions, various runes, weapons, armor, everything, even if you need

There is nothing wrong with buying an eighth-rank emperor-level pill or an eighth-rank imperial soldier. I don't know what they need? "

hiss!

The old man Da Bei took a breath.

Can the eighth-tier imperial soldiers and the eighth-tier emperor pills be available? What is this Wanbaolou?

"Don't hurry." At this moment, Qin Chen smiled suddenly and said: "Excuse me, call out the highest person in charge of your Wanbao Building."

"The most, the highest person in charge?" Qin Chen's words couldn't help but stun the beauty No. 37, even the old man Dabei was also stunned, Chen Shao was too exaggerated, and she was about to meet the highest person in charge. Just looking at the location of this Wanbaolou in Zhongzhou City and the various treasures sold inside, you know that Wanbaolou is absolutely

It is an extremely defying force. Who can see the person in charge of this force?

And she is the highest person in charge...The beauty on the 37th is also a little dizzy. When Qin Chen and Da Bei old man came in, she instinctively felt the extraordinary aura of Da Bei old man, so the focus of the inquiry fell on Da Bei. As for the old man, as for Qin Chen, because she was too young, she was ignored, but now,

She couldn't help but start looking at Qin Chen again.

Zhongzhou City is one of the top cities in the East Continent. The Wanbao Building specifications here are also the top of the next four regions. Normally, the daily business is very busy, and it accepts various businesses in the entire East Continent.

But as soon as I came in, I went directly to the master of the Supreme Deputy Pavilion. I rarely encountered it once in a few months, and most of them were sent by the superiors of Wuyu to inspect the business. She couldn't help but re-evaluate Qin Chen's identity. Could it be that that man is extraordinary? The old man, is the servant of this young man? With a change in her mind, the beauty on the 37th is still calm. After all, Zhongzhou City is a neutral place in the East Continent. There is a mixture of fish and dragons. She has also seen all kinds of guests. She immediately converged her charming look and suddenly became dignified and generous. When he got up, a smile appeared on his face, "This son, I don't know how to find my house.

What's the matter with the original poster? Is there an appointment? "

"Make an appointment? Do I still need to make an appointment to come to Wanbao Building? Hurry up and invite your host out. I'm going to talk to him about a big business. I'm neglecting it. Your host will blame it. Can you afford it." Qin Chen I watched a few times in Wanbao Building and said casually.

"Big business?" Beauty No. 37 was taken aback, and said: "This matter can't be done under the hood, so I have to notify the manager."

"How can it be so troublesome." Qin Chen frowned, and said: "You tell you the host, just say that this young man is a black-branded guest of your Wanbao Lou. You see if he can't come out to see me, call a manager to see me do it. What? The steward of your Wanbao Lou can't be the master again!"

"This..." Beauty No. 37 suddenly hesitated. She was just a maid, and she did not have the right to go directly to the host. What's more, Qin Chen didn't make an appointment. In case the other party was her and disturbed the host, then She definitely can't eat and walk around, and it's all light to get fired.

Wanbaolou did a good job. Even though she was just a maid, she seemed to have no status, but in fact, no one in Zhongzhou City would dare to treat these maids like them. With the background of Wanbaolou, even if the Emperor Wu was here, she would be safe. Points.

And the income of Wanbaolou is also extremely high.

But, what kind of black brand VIP, she has never heard of it? She has been working in Wanbaolou for some years. She only knows that the VIPs of Wanbaolou are divided into one-star to five-star VIPs. Among them, one-star is the lowest and five-star is the highest. This is just a normal standard, and most people don't know that it is above five-star. There are silver card VIPs and gold card VIPs, such characters,

Only the top ancestors of the Eastern Continent can obtain it.

As for the black label VIP, she had heard of it for the first time.

"Why are you still hesitating? I'm going to do a business with your landlord with a high-grade real stone worth hundreds of millions of dollars, and I won't notify your landlord." Qin Chen frowned when he saw that the other party hadn't moved for a long time.

Hundreds of millions of top grade real stones?

Beauty No. 37 was startled, a trace of panic flashed across her face, but it was more of overjoyed expression, and hurriedly said: "My son, please, I will call the original poster." She sent Qin Chen to the building. Take it up, the other maids are full of envy, and they are extremely jealous. They are responsible for welcoming the guests. There is a sales commission. Those who can get to the VIP room on the second floor are definitely big customers. There are millions of high-quality real stone orders.

Pieces can definitely make a fortune.

After the two were taken to an exquisite reception room, Beauty No. 37 hurriedly bowed back and went to inform the host.

The old man of Great Compassion looked at it with a leisurely look, admiring Qin Chen's decoration in the reception room, and was nervous to death, "Little dust, what did you just say? The business of hundreds of millions of high-grade real stones? Are you playing real or fake? What else is there? VIP card? What the **** is this?"

The old man Da Bei felt guilty, and his legs were a little weak. He hadn't done a business with hundreds of millions of real stones, but it was only a middle-grade real stone.

The high-grade real stones are only available in some fertile places in the mainland. There are not many high-grade real stones in the entire northern sky region. There are 100 million high-grade real stones. Even if you search the entire northern sky region, you don't know if there is any. Isn't this a lie?

After coming in, the old man of Great Compassion had long seen the power of Wanbaolou, and was making trouble here, even if Young Chen is the Saint Child of the Northern Heavenly Pill Pavilion, he can't be saved, right? "Calm, of course it's true, depending on your nervousness, if it wasn't for your hidden danger, I would come here?" Qin Chen gave him a white look.

[Chapter 1328: Can't be the master](#)

Although Qin Chen said so, the old man in Da Bei still felt a little guilty and fidgeted.

The East Continent is different from the North Horizon. He has no background at all. Even Pavilion Master Xuan Sheng has reminded everyone not to cause trouble here, otherwise he will not be able to protect everyone.

Now Qin Chen came to this Wanbaolou as soon as he came up, isn't Shao Chen really joking? When the old man of Great Compassion was very nervous, the beauty No. 37 had hurriedly arrived outside the host's office, but she was stopped by the host's attendant before she could get in. The other party looked at her coldly and said. : "What are you doing here? I disturbed the host

What's wrong with the rest? "

"This lord, the subordinates have an urgent matter to see the original poster!" Beauty No. 37 panted and immediately bowed in salute.

"Urgent thing, what can you do urgently?" The attendant looked disdainful. The other party was just a maid of Wanbaolou. If there is any urgent matter that disturbs the host, who will bear it.

"It's a young man with an old man. The young man said that he is a VIP guest of our Wanbao Lou, and he wants to talk to the owner about a business involving hundreds of millions of high-grade real stones."

"Black card VIP?" The attendant sneered. "I have been with this host for so many years, and I have never heard of any black card VIP. Are you deceived?"

"Huh?" Beauty No. 37 looked dull.

She has never heard of any black card VIPs, thinking that she is ignorant and ignorant. She didn't expect that even the host of the host had never heard of it. Is the other party really lying to herself?

But Qin Chen's confident and proud eyes before did not seem to be nonsense at all.

"Is it a liar? Let Guanshi Hu take a look." The attendant sneered, and after giving orders, soon, a middle-aged man in a steward's robe came over.

"Master Fan, what's your order?"

The incoming person is the steward of Wanbaolou. In terms of his position, he is much more noble than the attendant surnamed Fan, but the attendant Fan is the attendant of the host, and his status is somewhat different, so he dare not neglect.

"This person said that someone wants to see the host, and that it is our Wanbao Lou's black card VIP. He wants to talk to the host about the business of hundreds of millions of high-grade real stones, you go and see." Fan surnamed the attendant coldly said, "Who is it? , Such a big breath."

"Oh?" The middle-aged manager turned his head to look at the beauty No. 37: "Xiao Qian, what did the other party say? Why didn't you tell me first?"

"Hu Guanshi, the other party asked to see the hostess by name, and the subordinates were also in a hurry..." the girl hurriedly explained.

"Huh, worry? Even if you are in a hurry, you should pass me first. You come here rashly. If you disturb the host, who will bear the responsibility? What's more, if the other party said to see the host, did they make an appointment?"

"No." Xiaoqian said in a panic, panic, Hu Guanshi's temper has always been extremely harsh, and it's over.

Sure enough, Guanshi Hu's face suddenly sank: "I didn't make an appointment to waste any time with them, how can you see the host? You come to see the host without authorization, so bold."

Xiaoqian panicked and knelt down, "Hu Guanshi, Xiaoqian is reckless, please forgive Xiaoqian for this time."

"You take me to meet those two guys first, I'd like to see who, with such a big tone, named to see the hostess." Guan Shi snorted coldly, his eyes flashing.

Of course, although he was unhappy in his heart, he was not very reckless. Wanbao Lou opened the door to greet guests. What he paid attention to was a kindness to make money. Before he figured out the whole story, how could he offend others indiscriminately?

With a squeak, he opened the door of the reception room. Guan Shi walked in and laughed and said, "When you come, you will be welcomed by the guests, and the guests will be welcomed by the far away!"

Xiao Qian followed behind him.

Seeing someone coming, the old man of Great Compassion stood up and looked nervously at Guanshi Hu. This is the host of Wanbaolou?

He took a closer look at the other party's clothes, how did it feel so unlike? "Two distinguished guests came to my Wanbaolou. I don't know what kind of business they are going to talk about. Can I talk to Hu? My Wanbaolou has a business all over the Tianwu Continent, not to mention a 100 million business, a billion business, it's also affordable." Hu Guanshi laughed, and sat down in front of Qin Chen, very cool.

Sprinkle freely.

He looked at Qin Chen, and through Xiaoqian's narration, he also knew that Qin Chen was the main person between the two, and the old man Dabei was the auxiliary, so he secretly looked at Qin Chen.

Well, the dress is simple and concise. Although it is not an ordinary stall, it is not a rare material. It does not appear to come from a famous family, but is like an ordinary warrior. It was an old man with great compassion. He took a high look, but the eyebrows flashed constantly. He seemed a little unconfident. He didn't want to resemble the strong people of the top family. It seemed a bit like those who often came to Wanbaolou to buy things. Sanxiu, because the bag is shy and lacks confidence

, The eyes are consistently not confident enough.

This caused Hu Guanshi's brows to suddenly frowned. Is this such a person to talk about the business of hundreds of millions of top-grade real stones? Are you kidding me, let alone hundreds of millions of high-grade real stones, the other party might not even get one million high-grade real stones, right?

However, he did not show it, just looked at Qin Chen with a smile, waiting for Qin Chen to answer. Qin Chen took a sip of water slowly, glanced at Guanshi Hu, then looked at Xiaoqian, and said lightly: "Young Master Ben remembers that I told you before that I want your hostess to come to discuss business in person? Why? I look down on Ben. Less, or don't you pay attention to the VIPs of Wanbaolou? This person is

Who? It's not like the owner of your Wanbaolou, right? "

His face sank, his eyes a little cold. "Hehe, this little brother said so loudly, this seat is indeed not the owner of Wanbaolou, but it is also the steward of Wanbaolou. The two came to my Wanbaolou without reporting their origins and without an appointment. I want to see the owner by name. What do you think of my Lord Wanbao Lou? Is it possible for you to meet?

See you? "Hu Guanshi snorted coldly.

Originally, he didn't want to go mad so early. He didn't expect Qin Chen to show no face so much. He didn't bother to wear a mask anymore, showing his true face directly, and said with disdain.

"It seems that Wanbaolou does not have this sincerity, nothing more. Since your Wanbaolou is not sincere, then Ben Shao doesn't bother to continue talking with you. The business that Shao Ben wants to talk about, you can't be the master, leave." Qin Chen stood up, Turn around and want to leave.

"Stop." Hu Guanshi snorted coldly, stood up, and scorned the corners of his mouth: "Is Wanbaolou the two who want to come and leave as soon as they want? Don't tell me the calendar, don't want to walk out of my Wanbao building half a step "He pointed at Qin Chen with his fingers, his expression proud.

[Chapter 1329: Wanbaolou Enshrine](#)

The old man Da Bei softened his legs and almost fell to the ground. When it was over, it really happened.

"Why, is Wanbaolou doing business like this?" Qin Chen said coldly, his expression unchanged.

"Hahaha." Hu Guanshi laughed loudly: "If it is a normal guest, my Wanbaolou will naturally make money and be easy to negotiate, but like two people, if you want to come to my Wanbaolou and be kidnapped, it's no wonder that you are not polite and you have a black card. , My Wanbao Lou has never had any black card VIPs, come here!"

With a stern shout and a clatter, a group of guards rushed in from outside the door. Each of these guards was an eighth-order martial emperor. Among them, the leader was even more vigorous. Not inferior to the old man in great compassion.

"Guanshi Hu, what's your order?" After the group of guards came in, they immediately surrounded Qin Chen and Da Bei old man, and then respectfully said to Guanshi Hu.

Guan Shi sneered, and said, "These two guys, whose origins are unknown, came to my Wanbao Lou to be abducted and taken them down. Investigate the origins to see what conspiracy is."

"Yes."

Many guards shouted and rushed up when they pulled away.

"Hold on." The old man Da Bei rushed up, "Everyone, there must be a misunderstanding, there must be a misunderstanding." Seeing the nervous look of the old man Da Bei, Guan Shi became more confident in his heart. Those who really come to do business, how can they? I'm afraid of their investigation. It must be a kid who doesn't know where he came from. I don't know where the sky is. He came to his

Wanbao Lou to catch the autumn breeze. Fortunately, he didn't disturb the host, otherwise the problem would be severe.

It's heavy.

"Misunderstanding, what can you misunderstand." He smiled proudly and looked at Qin Chen and Old Man Dabei proudly, his eyes were as if he was looking at two ants, and he coldly snorted: "What are you still doing? I took them down."

"Yes."

A group of guards suddenly rushed up, and the leader sneered even more. He waved his big hand, and the huge palm was like a black cloud, pressing down quickly towards Qin Chen cover.

The old man of Great Compassion was almost crying. He had known that he would not come to this Wanbao Building, but the matter was over, he naturally couldn't watch Qin Chen being captured, gritted his teeth, his figure shook, and instantly stood in front of Qin Chen. Palm out.

boom!

The huge handprints collided with each other, bursting out with an earth-shattering roar, and the two black handprints burst apart in an instant and turned into nothingness.

"Misunderstanding, there is a real misunderstanding in this." Da Bei old man shouted.

"Huh? It's no wonder that I dared to come to my Wanbaolou to be wild. It turned out to be two times. However, it is ridiculous that a small middle-ranked martial emperor dared to come over presumptuously."

The guard leader gave a low cry and killed again. He raised his palm, and banged, and suddenly there was a terrifying shadow rushing out, with a sharp edge like the world and the earth, a black blade swept from the shadow. Out, as if to cut the day and earth away, a terrifying murderous intent broke out.

"Damn, I have misunderstood everything I said, so I didn't listen to them all?" The old man in Da Bei was also annoyed, his eyes were cold and buzzing, there was endless light blooming on his body, and his right hand shot suddenly.

Great compassion!

In the void, a dark palm print appeared, as if rushing out of the ancient chaos, with the power to destroy everything, colliding with the black blade.

Rumble!

The violent tremor in the reception room flashed bright bursts of light everywhere, blocking the power of the two people's shots, and there was not much leakage. Except for a violent tremor in the reception room, the entire Wanbao building was safe and sound. The old man of Great Compassion felt cold in his heart, and his entire body was erected. It was terrible. It was just a small reception room with such a terrible formation defense. Then how strong was the defense of the entire Wanbao Building? The array layout in a small building is probably compared to the defensive array of Dandao City in the Northern Heaven Region

Law is only strong but not weak.

"Less dust, let's go."

The old man Da Bei smashed the attack of the guard leader with a palm of his hand, his figure flickered, and he instantly grabbed Qin Chen and was about to rush out of Wanbao Building.

Unexpectedly, Qin Chen didn't even move at all. He didn't have the idea of escaping at all. Instead, he said coldly: "Old man, what anxious, the little steward of Wanbao Building in Xiayu District dare to do something with Ben Shao It's better to see how Wan Bao Lou dealt with this person."

Dabei old man is about to vomit blood, damn, when is this, Young Chen is still pretending here, others have seen through, why don't you run and wait for death?

"There is little dust, it will be too late if we don't leave." The old man in Da Bei was about to get angry in a hurry.

"Hmph, do you think it's too late to escape now? In my Wanbao Tower, I'm in the wild, the heavenly king Lao Tzu is here, and everyone has to die."

A cold snort sounded, and a terrifying killing intent suddenly came, with a bang, and the terrifying spatial atmosphere enveloped the entire living room, wrapping Qin Chen and Da Bei old man inside.

"Martial Emperor of the late eighth stage, it's over, it's over now."

The old man Da Bei felt a chill, and the cold air rushed directly over his head. This aura was much stronger than him, and the surrounding space seemed to freeze, becoming extremely stagnant. It was clearly a master of the Martial Emperor in the late eighth stage.

"Thank you Li Zhufeng for your action." Guanshi Hu and many guards hurriedly saluted them respectfully.

The person who made the move was an enshrinement in Wanbaolou.

"No need to be polite."

The old voice sounded again, coldly, "Take them down."

The other party didn't show up, just the breath came, and they confined the void of Qin Chen and the old man Da Bei, with a strong cultivation level, approaching the peak of the late eighth stage.

"Stop, I am the Saint Child of the Northern Heaven Region Pill Pavilion, any of you dare to move me." Qin Chen shouted coldly.

Saint Child of Beitianyu Dange?

Guan Shi was stunned for a moment, looked at Qin Chen carefully, and suddenly sneered, "Just you, who are also the Sage Son of Pill Pavilion? Still want to lie to this seat?"

He sneered and said: "Don't say you are not, even if you are, what can you do? The sacred son of Beitianyu Dange, who is also in my Wanbaolou, tells you, don't say you are just the sage of Beitianyu Dange. Son, even the saint son of Wuyu Dange, it's hard to escape sanctions in my Wanbaolou." "Really?"

It's a big tone. I really want to see if the owner of Wanbaolou is like that. "Qin Chen scolded, his eyes suddenly cold, hum, in the center of his brow, a void eye pupil opened, it is the eye of breaking the ban, he raised his head and looked at the top of his head.

In the middle, a vanity force suddenly rushed out and shot at a room above Wanbao Building.

"Huh? What is this?"

Then Li Gongfeng gave a startled suspicion, the invisible true essence gathered, trying to block Qin Chen's spiritual power, but what shocked him was that his true essence could not stop this invisible force, and this force was born abruptly. He penetrated his blockade and went straight to the depths of Wanbao Lou.

"No, it's the host's room."

Li Zhufeng was taken aback, but it was too late. The mental shock released by Qin Chen had already shot into the room.

Hum! There was a tremor in the room where the owner of Wanbaolou was, and the runes and lights of the debut appeared. The owner of Wanbaolou who was in retreat was already shocked.

[Chapter 1330: Met the original poster](#)

"Boy, you are looking for death!"

Li Zhufeng was furious, and the host was in retreat. The reason why he came forward was to keep the host from being disturbed, but who knew, the host was still alarmed.

Boom!

Under the anger, the terrifying space aura permeated down, pressing towards Qin Chen and Da Bei old man.

"What's the matter? So noisy."

Suddenly, a low-pitched voice rang into the ears of everyone on the court, and immediately followed by a terrifying pressure.

"The hostess calmed down his anger. It was two boys who didn't know the height of the sky. They came to my Wanbao Lou to be wild and accidentally offended the host. Please don't worry, the host will take these two people down immediately and deal with them strictly!" Hu Guanshi hastily Bend and said, looking terrified.

"Two boys who came to my Wanbao Building to make trouble? Who, so bold, would dare to use force on my Marlboro? Did you find out?" The low voice hummed coldly, and suddenly, the world seemed to be silent, everyone's heart All jumping wildly.

"Back to the original poster, Li Gongfeng is capturing two people, and he should be able to capture them immediately." Hu Guanshi said in fear at Void.

"Oh? It provokes Lao Li to take action. I want to see, who is it?"

Hum!

An invisible spirit swept over, sweeping through the wilds and Liuhe, and instantly fell on Qin Chen and Da Bei old man.

The old man of Great Compassion had goose bumps all over his body, as if he was being stared at by a pair of invisible eyes, and there was no secret behind him.

"You are the owner of Wanbaolou. It's such a big shelf. Wanbaolou respects customers. That's how you treat customers?" Qin Chen didn't change his face, sneered, raised his head, and looked directly at the endless void, with a cold expression, neither overbearing nor overbearing. .

"Bold!"

"How dare you talk to the hostess like this."

"Are you looking for death?"

Guanshi Hu and the others scolded them angrily, their expressions suddenly changed, and they looked at Qin Chen with murderous aura.

"Hahaha, customer? If it is really a customer, my Wanbaolou will naturally be more respectful, but your Excellency...Huh!"

The low and deep voice sounded coldly, but just halfway through it, it stopped abruptly, and then I remembered a sound of surprise, the invincible divine mind that swept the wasteland and Liuhe, constantly sweeping around Qin Chen, but it was impossible to spy out Qin Chen's minute.

Qin Chen seemed to have an invisible barrier blocking his gaze, so that he could only see some superficial things, such as the cultivation base. As for the deeper things, it was hazy, as if in the mist. Hard to find clues.

"How is it possible that a Martial King at the top of the seventh rank can actually block the spirit of this seat?" The original poster of Wanbao was surprised. His cultivation level, even the middle-ranking martial emperor of the eighth rank, such as the old man of Great Compassion, could hardly stop prying. , But Qin Chen was blocked by a Martial King, so he was not surprised.

"What a real and fake customer. In that case, this Shao Tang Tang Wan Bao Lou's black card VIP will actually be considered a fake customer. For this matter, this Shao will definitely inform Wan Bao Lou Wu Yu headquarters. Lou, this is the attitude towards the so-called black card VIPs." Qin Chen sneered.

"Presumptuous, what black card and white card, my Wanbao Lou does not have the black card VIP level."

"I still dare to talk nonsense and let go of the idiots, my lord, I don't think there is any need to waste time. These lunatics, just beheaded directly, in order to behave like you."

Guan Shi and others suddenly shouted sharply.

But as soon as his words fell, before he had time to react, he heard a frightened voice sounded, with a frightened look, "What, you are my Wanbaolou black card VIP?"

boom!

The drawing room vibrated, the wind was suddenly rolling, and a figure flashed past. There was already an old man in the drawing room of Wanbao Building.

This person, in his early fifties, is wearing the Long Lanshi robe unique to the man in power in Wanbaolou, and his eyes twinkling like electricity, as if all things are born and die, and he throws out a palpitating gesture. The power of terror.

At this moment, he stared at Qin Chen, his eyes showed endless horror, and he was obviously shocked by what Qin Chen said.

"My Lord."

"I have seen the original poster."

With a bang, Guan Shi and many of the guards knelt on the ground in an instant, each showing respectful faces, and at the same time a figure flashed in the reception room, another old man in a navy blue robe appeared, with gray beard, and said respectfully: "Original."

It is the Wanbaolou that secretly shot before to enshrine Li Xuanchao.

The host Wanbao nodded slightly, but ignored everyone, just stared at Qin Chen.

After a while, his expression instantly returned to its original state, and the horror in his eyes was also completely restrained, becoming extremely deep and distant, so deep that it was too deep to look at. He stared at Qin Chen and said solemnly: "How did you know that my Wanbao Lou has a black card VIP?"

When this statement fell, everyone on the court was shocked, everyone was stunned. What does the hostess say? Does their Wanbao Lou really have black card VIPs?

The old man of Great Compassion also glanced at Qin Chen in surprise, damn, he still has a black card VIP?

Qin Chen said indifferently: "This young man is a VIP guest of Wanbaolou's black card, how can I not know?"

"You?" The original poster of Wanbao looked at Qin Chen intently, and saw that although the other party was young, but with extraordinary bearing, in front of him, not only did he not have the slightest timidity or fear, but instead his eyes were proud.

For a moment, the original poster of Wanbao had an illusion, as if standing in front of him was not a young man, but a strong man who had reached the top, looking at him and staring at him. "As far as I know, it is extremely difficult to become my Wanbaolou black card VIP. Even in the Martial Domain, it is extremely rare. As for the entire Lower Four Domains, there is not a single black card VIP. You say you are my Wanbao. The black card VIP of the building, do you have the token given by my Wanbaolou?"
Wanbaolou

The main voice said sinkingly.

As the host of Wanbaolou in Zhongzhou City, Dongzhou Region, Kong Sitong originally came from Wuyu Wanbaolou, and he knew that above the gold card VIP, Wanbaolou actually has the black card VIP level.

but!

Anyone who can become a black card VIP is a distinguished person on the mainland, even in the Martial Domain, they are extremely rare and unique.

Rumor has it that if you want to become a black card VIP in Wanbaolou, the lowest threshold is Jiutian Wudi, which is only the lowest threshold. It is extremely difficult to really want to get a black card, even if it is Jiutian Wudi, each of them is a giant in the martial arts.

Of course, there are some people whose cultivation level may not have reached the Nine Heavens Emperor Wudi, but they have also become the black card VIPs of Wanbaolou. Such characters are even rarer, and they are all in the martial arts.

Therefore, in Wanbaolou in Zhongzhou City, even if it is even Li Xuanchao's enshrined person, he has never heard of the existence of black cards, because black card VIPs do not exist in the lower four domains. They have not heard of them, but Very normal.

But now, in a small Zhongzhou city, some people say that he is a VIP with a black card. How can the Wanbao host not be surprised? His first thought was doubt.
