[Chapter 1371: Scold each other](#)

Ouyang Zhengqi was thinking now, if there was a chance, would he secretly recruit Leng Wushuang over, although it seemed shameless to do so, but it was also for Dan Pavilion's future.

"Master Ouyang, don't hit my Wanbaolou genius' attention." Kang Sitong suddenly snorted when he saw Ouyang Zhengqi's twinkling eyes. He was also considered a good person. How could he not see Ouyang Zhengqi's mind? What do you think? "Hehe, who robbed you of Wanbaolou's genius? This little brother seems to have not joined your Wanbaolou. Since he hasn't joined yet, he is naturally not a Wanbaolou genius." Ouyang Zhengqi said with a smile, then watched. Xiang Leng Wushuang tempted him: "This little brother, do you want to join me?"

Yu Dan Pavilion, you also know that my Dan Pavilion is the top power in the mainland. If you join my Dan Pavilion, you will not only get a lot of resources, but the supply of drugs like pill is in short supply. Should we consider it? "

Kang Sitong's face suddenly turned black, "Master Ouyang, is there you who dig a wall like this?" He hurriedly turned his head to look at Leng Wushuang, and said: "Young man, don't listen to him. Dange resources are good, but Dan There are more medicines. And my Wanbaolou, the power in the martial arts is not weaker than Dange, and my Wanbaolou manages the world's treasures, not just medicines, weapons, exercises, and secrets.

I have everything you want in Wanbaolou. "You have everything you want. You are just a host in the Zhongzhou City branch of Wanbao Tower. At best, it is equivalent to a small pavilion in the Lower Four Regions Dan Pavilion of my Wu Yu. But the old man is the one of Wu Yu Dan Pavilion. People, if you go back with me, just let you join my martial arts genius camp,

Not to mention. My martial arts genius camp collects all martial arts geniuses from the martial arts domain. Think about it, what is it like to train and compete with the geniuses of the martial arts? "Ouyang Zhengqi, I didn't take you to attack people like this." "Kang Sitong vomited blood and nervously said: "Don't listen to him nonsense. He is just one of the core duties of Wuyu Dange. It is not a high-level person. You follow me back to Wanbaolou, and I can go back this time. Advance to the next level and serve as the headquarters of Wanbaolou

At that time, I will recommend you to the Five Elements Secret Realm controlled by Wanbaolou. How many geniuses in the Martial Realm can't ask for this secret realm? If you don't believe me, ask Chen Shao, he knows best. "

"What is the secret realm of the Five Elements, what's so great, is there no secret realm in my Dan Pavilion?"

"Hmph, I went to your alchemy pavilion, even if I was trained, I would become a servant of alchemist alchemist. At best, it is worship. There is no prestige in my Wanbaolou."

"Fuck your mother shit, although my pill pavilion looks at pharmacists, but the importance of top geniuses is not lower than that of pharmacists, okay?"

"Really? Does my Wanbaolou take it seriously? The warrior develops in my Wanbaolou, and there is even a chance to become the owner of Wanbaolou in the future. Can you be the owner of the Dange headquarters? Can you become the owner of your Dange headquarters?"

"You are a mess!"

In the hall, Kong Sitong and Ouyang Zhengqi were fighting for a Leng Wushuang, and then they scolded the street directly. They did not give in to each other. The spit stars flew everywhere, making Leng Wushuang and others dumbfounded.

It's just a genius, do you need the two big men to curse in public here without image? What Leng Wushuang and the others didn't know was that if Kang Sitong and the others could bring back a top genius with a talent index of 57, not only would they be praised in their respective forces. And once such geniuses are cultivated, they will naturally recite their affection. They can be regarded as guides, and they will be

The status of self-power has become higher.

Fifty-seven, this is not thirty-seven, nor is it forty-seven. In the future, not only will it be able to impact Emperor Wu, but even a higher realm among Emperor Wu. When Kang Sitong himself measured it, his talent value was only forty. Only three.

In Wuyu, a genius with a talent value of more than fifty is enough to make a family change their status overnight and become one of the aristocratic families.

Although Wuyu is as strong as a cloud, any figure at the level of Emperor Wu is enough to be considered a master and dominate one side.

"Well, it's boring for us to fight like this, it's better to let him choose."

Kang Sitong and Ouyang Zhengqi quarrel for a long time, knowing that there will be no results if the quarrel continues, so they have to look at Leng Wushuang.

Leng Wushuang was a little dazed. Being stared at by the two big men like this, he suddenly felt a deep pressure and couldn't help turning his head to look at Qin Chen.

When Leng Wushuang's test hadn't come out yet, Qin Chen's heart had been hanging there. As soon as the test result came out, Qin Chen calmed down and seemed calm.

Think about it, Leng Wushuang's natural talent is not weak, coupled with the transformation of the spiritual seed, the score of fifty-seven is also reasonable, and even with the growth of the spiritual seed, his numerical value is very likely to return again. Ascension, I was undoubtedly too nervous before.

He smiled and said: "Leng Wushuang, you decide for yourself, which force you want to join, everything depends on you, you have to follow your heart."

Qin Chen paused deliberately when he said "this heart".

Leng Wushuang understood and said, "I am willing to join Wanbaolou."

"Hahaha." Kong Sitong laughed suddenly, as if he had won a victory with pride.

"Qin Chen, you are also the pharmacist of my alchemist, how can you turn your elbow outside." Ouyang Zhengqi was so angry that his face turned green, dissatisfied.

He could see that this group of people still listened to Qin Chen's words very much. As long as Qin Chen let Leng Wushuang join his altar, Leng Wushuang would definitely agree, how could he let Kang Sitong win.

Qin Chen smiled lightly: "Master Ouyang, don't worry, each of Qin's friends is not weak in talent. After testing one by one, are you afraid that you will not find a genius? What's more, although I am their friend, You must also follow their opinions, how can you decide for them without authorization."

Ouyang Zhengqi snorted, the matter was over, and he had nothing to say. As for what Qin Chen said, he was afraid that he could not find a genius, so he didn't care.

He thought that a genius with a talent value of 57 was so easy to find? Even in the Martial Domain, it is difficult to find one out of 10,000. This is a genius who can hit the Martial Emperor level. I am afraid that Leng Wushuang is already the one with the highest talent value in this group.

"Who else wants to come to my Wanbao Lou? Come up for the test, don't worry, no matter what the value is, I will let you enter the Wanbao Lou." Kong Sitong laughed, feeling very happy, and even praised Haikou.

Being able to bring back a genius with a talent value of 57, even if the other person's talent value is low, he can find a way to bring people into Wanbao Lou, which still has the face.

"I'll come first." Di Tian looked at Wang Qiming and said, his voice a little nervous. "Okay." Kang Sitong smiled, and with a wave of his right hand, the crystalline talent flew towards Di Tianyi, floating in front of Di Tianyi.

[Chapter 1372: Shocked](#)

Di Tianyi stared nervously at the talent crystallization in front of him, and reached up with his hands, feeling extremely worried.

I don't know what his talent value is, will it be bad? Leng Wushuang has fifty-seven, no matter how he drops, he has to have forty, right? But what if not?

Just when he was anxious, the crystallization of talent once again bloomed with a dazzling light, a bit brighter than when Leng Wushuang was tested just now.

Everyone was dumbfounded and stared blankly.

"How could this happen, it's actually a talent value of more than fifty, my God, the talent value is fifty-nine!" Kang Sitong opened his mouth and his chin was about to fall. It was incredible. How could this be possible? It's against common sense!

In addition, Qin Chen is already three super geniuses, even some of the top giants in the martial arts, it is impossible to have so many geniuses among the younger generations!

After testing two people, both of them are over fifty, and the second one is as high as fifty-nine. Where is the **** evildoer? Isn't it said that the northern sky is the most barren place on the mainland? Often

there is no such thing as a martial emperor for thousands of years, so how come you want to test two of them at random, both with talents above fifty?

Kong Sitong glanced at Qin Chen in shock. The pedigree and talent of this group of boys were simply stronger than some of the top giants in the Martial Domain.

Li Xuanchao was also dumbfounded, and the corners of his mouth twitched. Each of Qin Chen's friends' talent values were simply too high, and he couldn't help feeling embarrassed. When he tested that year, the talent value was only 41.

With a talent value of fifty-nine, it is almost possible to become a super genius in the mid-term Wudi!

In the mid-term Emperor Wu, what is that concept? There are not many nine-day emperors in the martial arts, but most of them are only the early emperors, and the middle-term emperors, any of them are outstanding in the martial arts, and can even build an empire.

He seemed to feel that a super power was quietly rising.

Although this process may have to go through many years, but for Wuhuang, Wudi level masters, and even the history of Wuyu, more than a hundred years is not that long. "Congratulations, Shao Chen, congratulations to this little brother!" Kang Sitong's tone was full of flattery and flattering, joking, once a few decades later, a martial master really appeared among the two, and his position in Wanbao Building would inevitably be far Far more than him, when he sees each other, he will bow his head and surrender respectfully

!

Di Tianyi breathed a sigh of relief. Although there was no expression on his face, his heart was extremely excited, and he quietly glanced at Leng Wushuang on the side.

Leng Wushuang's gaze happened to collide with Di Tianyi's gaze, both of which rose up with a strong will to fight, and then he smiled and sympathized.

The two were rivals when they were in Xuanzhou of the Dawei Dynasty. I am afraid they will continue to compete in the future. However, as geniuses, they are not afraid of competition. Only when they have opponents can they make progress together, right?

Then, the two looked at Wang Qiming again. They remembered very clearly that Wang Qiming was from the Five Kingdoms just like Qin Chen, and he was the only genius among the five who could fight You Qianxue.

Now, You Qianxue is not here because of the favor of the Hall of Law Enforcement, so how high is Wang Qiming's talent? Will it be stronger or weaker than yourself?

It is rare to have a clear numerical display of talent, and they all look forward to it.

"Host Kang, continue to test the next one." Qin Chen said to Kang Sitong.

"Good." Kang Sitong squeezed the palm of his hand and sweated, and with a move of his right hand, the talent crystal flew towards Wang Qiming. Wang Qiming urged his blood, and his hands reached up. The talent crystal suddenly burst into dazzling light, which was even stronger than Di Tianyi. a lot of.

"what?"

Everyone was shocked.

Could it be that this younger genius is actually more talented than the previous two?

"Kang Sitong, what is the talent value of this child?" Ouyang Zhengqi almost couldn't wait to ask.

But Kang Sitong was just as stupid at this time, unable to say a word.

"Host Kang?" Qin Chen also looked over and asked in a low voice.

"Innate talent value, seven...seventy-one..." Kong Sitong said sluggishly, feeling that his heart was almost unable to withstand the pressure. He was a martial emperor of the eighth rank peak, but at this time, there was a feeling that his heart would burst, Shaking all over.

seventy one!

The court was silent for an instant, as if it had suddenly crashed, there was no sound at all. After a while, a heavy gasp sounded, and the eyes of Ouyang Zhengqi and others were red and bloodshot.

In the test of talent crystallization, the value of seventy is a hurdle. Once it reaches seventy, it means that the opponent has the possibility of reaching the mid-term peak Martial Emperor, and has the opportunity to attack the Martial Emperor in the late stage of the ninth stage. At the late stage of the ninth stage, Emperor Wu, the entire continent is the most heaven-defying existence. In the martial arts, everyone is a giant, stomping, the entire martial arts will tremble a few times, and this seemingly insignificant boy actually has an impact. The hope of Emperor Wu in the later period? Once the news goes back to Dan Pavilion and Wan Bao Lou, these two trends

The force must vibrate.

"Master Kang, is this value high?" Wang Qiming stopped the test and asked a little nervously. The performance of Kang Sitong and others made him a little uneasy.

"high?"

Kong Sitong is almost crying, how can this be said to be high, is this a pervert?

Even if the genius of this kind of value is in Wanbaolou, it will not be possible to find one in a hundred years, but he encountered him here today. As long as he brings it back to Wanbaolou headquarters, what is the reward for one of his core managers? Indispensable, this is simply a parent.

"Little brother, don't call me Master Kang. I can't afford it. In this way, you can call me Kang Sitong in the future." Kang Sitong said in fear. This is not a pretense, but a true inner thought. Bringing such a genius back to Wanbaolou will definitely receive the most core training. Even if he fails to become the late Emperor Wu, the probability of breaking through to Emperor Wu is as high as 80%. Above, and most likely only takes a few decades

, Can he not fawn.

Hearing Wang Qiming's achievements, Zi Xun and others were very happy for him. Leng Wushuang and Di Tian were a little bit disappointed at first, but after a while, they were all surprised.

Think about it, when they were in the ancient southern capital, Wang Qiming and Qin Chen came from the five countries together. In terms of cultivation, strength, and cultivation, Wang Qiming was far behind them, and it can be said that they lag far behind them.

But only a few years later, today's Wang Qiming has surpassed them in strength. It can be seen that his talent itself is above the two of them, and it is reasonable to reach such a high value. Suddenly, Ouyang Zhengqi and others could not accept it. Everyone, including Li Xuanchao, looked at the three Wang Qiming in shock. Kang Sitong tested three of them, all of whom had scores above 50. One of them, Even more than seventy, where did Qin Chen find these people?

[Chapter 1373: Is it broken](#)

The concentration of this genius is too high, even among the top forces in the Martial Domain, it is impossible to have such an achievement, right?

The achievements of the three Wang Qiming have surpassed Kong Sitong's cognition, which is completely unreasonable.

"My lord, is it because the crystallization of talent is broken?" At this moment, Li Xuanchao's voice sounded timidly in Kang Sitong's ear.

"This..." Kong Sitong was taken aback.

Is it true that the talent crystal is broken? How else would you test such results?

"Lord Kang, what's the matter?" Qin Chen frowned when he saw Kang Sitong startled.

"This..." Kang Sitong's forehead suddenly burst into cold sweat, wiped it, and said: "I'm thinking, is there a problem with this talent crystallization!"

"There is a problem, what can be the problem?" Qin Chen has a wide range of knowledge and has seen talent crystallization many times in his previous life. How can he not see if there is a problem? Hearing Kang Sitong said this, he was a little surprised.

But in the blink of an eye, Qin Chen reacted, and it seemed that Wang Qiming and the others' results were too bad, so that Kang Sitong and the others couldn't believe the result.

"Since the host Kang thinks there is a problem, it's okay to test it." Qin Chen laughed.

"Yes, everyone, wait a minute." Kang Sitong shivered, urging the crystal of talent, and suspended in front of Li Xuanchao, "Old Li, you can verify it."

"Yes." Li Xuanchao immediately reached up with his hands.

Whether the talent crystal is broken or not, this is definitely a big matter. If there is a problem with the talent crystal, they will not pay attention to it and directly bring people back to Wanbao Lou to report it. That is the crime of deception and will inevitably be severely punished.

They cannot afford such a responsibility.

Under Li Xuanchao's urging, the brilliance of talent crystal suddenly brightened, but it was much weaker than Wang Qiming and others.

"It looks like it's not broken?" Li Xuanchao was a little surprised, and looked at Kang Sitong and said, "What is my talent value?"

Kang Sitong shivered a little and murmured, "Forty-one!"

This.....

It's not bad!

Li Xuanchao was stunned for a moment. When he tested that year, his talent value was 41. So, is this talent crystallization good?

hiss!

The air-conditioning sound suddenly rang.

What's this? Did they really pick up treasures, and one pick or three?

Kong Sitong felt dizzy and almost couldn't believe it.

"Host Kang, is the talent crystallization okay?" Qin Chen said.

"No problem, no problem at all." Kang Sitong nodded repeatedly, like a chicken pecking rice.

"That's good." Qin Chen smiled slightly: "I wonder if these three people are qualified to enter the Five Elements Secret Realm in your Wanbaolou?"

Kang Sitong was about to cry, "You are joking, Shao Chen, the three of them are not qualified to enter, then who is qualified!"

He even wanted to say that with Wang Qiming's talent, it would be okay to get a quota from within Wanbaolou.

But when the words were over, he held back. If Wang Qiming himself is a genius of Wanbaolou, it is certainly no problem to get the Guyu Realm quota, but now the Guyu Realm will be opened soon, and the quota has already been fixed. Those who can occupy a position are all in the Wanbao Building. There are various relationships, and Wang Qiming is just an outsider, thinking

It is impossible to squeeze out one person and get the quota of Guyu Realm.

What a pity, what a pity.

Kang Sitong couldn't help being extremely lost. The higher Wang Qiming's future achievements, the more stable his position in Wanbaolou would naturally be. Unfortunately, the Guyu Realm is different, and Wang Qiming would never get a spot.

In fact, Qin Chen also understood this, so he didn't mention it at all.

Regardless of the power of martial arts, geniuses can be cultivated, but sometimes it is also about relationships. There is not a strong enough relationship. Don't think about being able to enter a place like Guyu Realm. If you insist, you will only end up. To Muxiuyu Linfeng will destroy it.

"Just the three of you want to join Wanbaolou? Is there anyone else who wants to join?" After testing the three of Wang Qiming, Kang Sitong was still a little unwilling. He looked over and asked.

Ouyang Zhengqi's face suddenly darkened. This Kang Sitong took three of them, but it didn't count. He wanted to continue to pull people, and said angrily: "Kang Sitong, that's enough, you don't want to be too aggressive."

When the three of Wang Qiming were dragged away by Kang Sitong, he was already jealous enough, and Kang Sitong actually wanted to pull people from him.

Zhao Lingshan, Zi Xun and others all looked at Qin Chen.

Qin Chen said, "If any of you want to go to Wanbaolou, you can also test it."

What he was worried about was the spiritual seeds in the bodies of Wang Qiming's trio. As for the others, everything seemed voluntary.

"Me!" Qin Ying came up after hearing the words, her eyes blinking, and said: "I want to go to Wanbao Lou."

In the land of hundreds of dynasties, she has always managed Chendi Pavilion for her father and grandfather. Compared to Dan Pavilion, she also wants to go to Wanbao Lou, which has many businesses in the mainland.

"Okay, okay!" Kang Sitong was overjoyed immediately, and before anyone else could speak, the crystallization of his talent had already flown towards Qin Ying.

Looking at Qin Ying, Kong Sitong swallowed silently, don't tell me, this girl is also a genius...

After a while, the talent crystallization began to light up, but it was much dimmer than when the three of Wang Qiming tested just now.

"The value of talent is forty-five!" Kang Sitong looked at it, but he was slightly relieved. He didn't understand what kind of mood he was now.

"Qin Chen, I'm sorry, I'm holding back everyone!" Qin Ying said sadly when her eyes turned red after knowing the test result.

Hearing Qin Ying's words, there were tens of millions of pegasus whizzing in Kang Sitong's heart. He shouted hysterically, my grandma, the talent value of 45 is a hindrance, so our talent value is only forty-three. Yes, can't you die? With a talent value of forty-five, they are already qualified to attack the realm of Emperor Wu, even if they may not be able to cultivate to Emperor Wu, but working hard, there is still great hope for becoming a half-step Wu Emperor, and they are from the northern sky domain, and they must have never accepted it. What good training, many can be changed in Wanbaolou

With the opportunity to change his talent, he might become Emperor Wu in the future.

Even if he can't become, Half-Step Wudi is not a weak person in the martial arts!

What else does she want?

Li Xuanchao also smiled bitterly. Kong Sitong's talent value of 43 is all in this mood, then his talent value is only 41, how can he live?

Can you give me a way out?

"Host Kang, can I join Wanbao Lou?" Qin Ying said nervously. Compared with Wang Qiming and the others, her talent value was too low.

"Puff!" Kang Sitong was about to vomit blood, "Yes, of course I can, let alone join my Wanbaolou. With your talent, it is not a problem to enter the five-element secret realm of my Wanbaolou."

[Chapter 1374: Qin Chen's guess](#)

"That's good." Qin Ying breathed a sigh of relief. She was really afraid that Wanbaolou didn't want herself. She was actually not interested in practice. She was more interested in doing business. Wanbaolou had enough space for her to display her talents.

"Okay, is there any more..." Kang Sitong quickly looked over again.

"Old ghost Kang, you get out of my way, **** it, if you dare to pull someone from me, I'll hit you." Ouyang Zhengqi was completely angry, booming, and a terrifying killing intent filled his eyes. Crimson, this is really going to kill.

"Hey, okay, okay, I won't pull it." Looking at the remaining five people, Kong Sitong quickly retreated. Ouyang Zhengqi's old thing is really for fun. You can see that he really wants to Move it, he really might be a killer.

Anyway, the harvest is not small, it is better to accept it as soon as you see it.

Ouyang Zhengqi snorted, then looked at the remaining people and said, "You guys, are you all planning to join my Dan Pavilion?"

Lin Tian, Zhang Ying, Zi Xun, Zhao Lingshan, and Yu Wenfeng all nodded and looked nervous.

"Okay." Ouyang Zhengqi breathed a sigh of relief. He took out the heavens and myriad worlds, and instantly stood up for sacrifice. Suddenly, a misty halo swept over and enveloped the five people of Zi Xun. "This is the treasure of my Dange. It can test everyone's talents, and it is more refined than any talent crystal in Wanbaolou. Since Marlboro uses the method of talent crystals to test, then my Dange also uses a value of one to one hundred. To show that as long as it exceeds ten, I can take everyone into Dan

Ge's training camp. "Ouyang Zhengqi looked at Lin Tian and the others nervously. While full of expectation, his heart was also very nervous, because from the perspective of breath, the few people Kong Sitong tested before were clearly stronger than those tested by himself, especially It was Wang Qiming, the sword intent on his body shocked even him.

No wonder there is a terrifying number of seventy-one.

I hope that among the five people on my side, there will be one or two geniuses.

Thinking of this in his heart, the heavens and myriad worlds suddenly revolved, and various rays of light enveloped the five people, constantly scanning.

As Ouyang Zhengqi said, the heavens and worlds are the treasures of the Pill Pavilion, and the results of the test will inevitably be more refined and more accurate than those of talent.

After a while, several people showed their own achievements.

"Zi Xun: Fifty-three!"

"Zhao Lingshan: Fifty-six!"

"Lin Tian: Sixty-nine!"

"Zhang Ying: Sixty-eight!"

"Yuwenfeng: Fifty-one!"

hiss!

"All are above fifty, no one is below fifty?!"

Ouyang Zhengqi stared, his nervous heart almost burst. I thought that among the remaining five people, the talents should be lower than the four people tested by Kang Sitong. I didn't expect the numbers to be so high?

This is the result of the test of the heavens and the world, and it is absolutely impossible to make a mistake.

The key is that among these five people, although no one surpasses Wang Qiming's seventy-one, two are close to seventy. These are just teenagers from the Northern Heavens. After the training of their Dan Pavilion, they will have great talents in the future. It may be more than seventy.

On the court, everyone was a little speechless.

Of the nine people, one is above seventy, seven are above fifty, and the lowest is forty-five!

Everyone, look at me, I look at you, but I don't know how to evaluate it.

None of them can describe this perverted group in words, are these really from the Northern Sky Territory? The geniuses from the top powers in the mainland may not have such amazing results, right? !

"Qin Chen, why everyone around you is so perverted, this is... too strange!" Ouyang Zhengqi said in shock.

He and Kang Sitong both looked at Qin Chen suspiciously, with a hint of doubt in their hearts.

The talents of these people are too high, let alone in the northern horizon, even if they are tested by the geniuses cultivated in the Pill Pavilion and Wanbao Building, they cannot have such high results, and it is impossible for everyone to have such high results. terrible.

This is not in line with common sense.

Qin Chen was shocked. Ouyang Zhengqi and Kang Sitong were obviously suspicious of Wang Qiming and the others. This was not a good thing.

Not to mention them, even Qin Chen himself felt strange. Under normal circumstances, even if the talents of Wang Qiming and others are high, they are generally thirty-four. The highest one can exceed fifty, which can be regarded as heavenly, but now, almost the lowest one exceeds fifty. The highest is more than seventy, even if Qin Chen believes in Wang Qiming and the others again,

There are also some doubts.

"There is definitely a reason that raised their talent value." Qin Chen frowned.

Wang Qiming, Di Tianyi, and Leng Wushuang have obtained the spiritual seeds of the alien demon race. I can explain that Zi Xun and the others have experienced the baptism of the blood spirit pool, and they can barely come back. Lin Tian and Zhang Ying have very blood. It was terrible, and he could understand the Heaven-level Cultivation Technique he gave him.

But Qin Ying, who has never experienced anything, actually has forty-five, which is a bit weird.

After all, Sister Qin Ying was not a particularly great genius in the Great Qi country. Even if she had promoted her many times, she couldn't change to this level.

"Could it be..."

Suddenly, Qin Chen seemed to have thought of something, and his eyes lit up suddenly.

"It's the Secret Realm of Heaven Demon."

Qin Chen immediately recalled that when he killed the corpse of the demon master in the heavenly demon secret realm, he released the aura of countless ancient powerhouses. Before dissipating, these strong auras all entered the many human races in the heavenly demon secret realm. Inside the warrior.

"Yes, it was the breath of these ancient martial emperors that changed Qin Ying's talents and physique." Qin Chen knew it instantly.

The powerhouses who can retain their breath in the wars of ancient alien races to the present are all the most defying Wudi powerhouses in the mainland at that time. They will be transformed by the breath of these powerhouses, even if it is only a trace, there will be amazing transformations. In this way, The talent of Qin Ying and others can also be explained.

Even Qin Ying and their talents could go further.

Moreover, not only Qin Ying and the others, but the talents of many warriors who entered the Heavenly Demon Secret Realm at that time should have been greatly improved. If they are brought to the test now, even the weakest one should not be less than thirty.

Knowing this, Qin Chen also suddenly realized, no matter what, it is a good thing that Qin Ying and others have high talents.

Of course, the doubts of Master Ouyang Zhengqi must be dispelled first. So Qin Chen smiled and said: "Actually, this is nothing strange. Although these friends of mine are from the Northern Horizons, they

all have had adventures. Many of them have experienced the baptism of spirit essence liquid. , Has also been inherited from the ancients, and even entered some ancient mysteries, the body

It has been transformed, so it can have such a talent value. ""what? Have you been baptized with spirit fluid? "Ouyang Zhengqi and Kang Sitong stared.

[Chapter 1375: Reaching the ancient Yujie](#)

Spirit Marrow Liquid is an extremely rare medicinal liquid in the Martial Domain. It can transform the physical body of the warrior and make the warrior reborn. It is indeed a holy product for enhancing talent.

Any martial artist, as long as he has experienced the baptism of spiritual essence fluid, will often increase his talent by ten to twenty numerical values according to his own talent, which is recognized in the martial arts domain.

Ouyang Zhengqi immediately communicated with the heavens and myriad worlds, and sure enough, the heavens and myriad worlds responded and felt the traces of the baptism of the spiritual marrow liquid on the few people who tested.

"No wonder..." Ouyang Zhengqi suddenly came across. He always thought that the Northern Heavens was extremely remote, and there might not be any sacred treasures for cultivation, so that he would be extremely shocked by Zixun's achievements, but if he had experienced the baptism of spirit essence liquid, he had received ancient inheritance and so on, plus Yi Qin Chen's talent, the one who can follow him is bound to be the top in the Northern Heavens

A group of geniuses.

In this way, it is not completely impossible for these people to have such a value.

At least in the martial arts domain, even among the top forces, few people can receive the baptism of the spirit essence liquid.

"Little dust, what is that spiritual essence liquid?" Ouyang Zhengqi was surprised, but Wang Qiming and others were a little confused, spiritual essence liquid, what was that?

"It's the blood spirit pool!" Qin Chen said, and Wang Qiming and the others nodded.

"By the way, I hope neither of you will leak the secrets of what happened here today!" Qin Chen looked around everyone, and finally fell on Ouyang Zhengqi and Kang Sitong.

Kang Sitong was puzzled, why didn't Qin Chen announce the matter? Once it is announced, Bei Tianyu will immediately receive great attention and obtain a large amount of resources, and Qin Chen's presence in the Martial Region will also make other forces somewhat jealous.

After thinking about it, Qin Chen might have some trade-offs and considerations of his own? Or maybe there are some enemies?

"Don't worry about the dust, we still want to keep it secret!" Kang Sitong said quickly.

Ouyang Zhengqi also smiled and nodded.

They rely on Qin Chen to get such geniuses, and they will definitely rely on each other in the future, how can they offend Qin Chen?

What's more, if Wanbaolou and Dange have so many geniuses, they will inevitably carry out closed training and block news completely. Everyone still understands the truth that money is not exposed. Otherwise, what if other forces learn about it and come to dig the wall?

Qin Chen nodded, Bei Tianyu still needs to develop, and must not be targeted by some people in Wuyu, he still needs to keep a low profile. At the same time, Qin Chen saw that Wang Qiming and their talents were so high, and he also had some thoughts in his heart, did he find a group of top geniuses who had entered the secret realm of heavenly devil from the land of a hundred dynasties, and secretly joined the top forces in the martial domain? In this way, the entire Martial Domain will have its own eyes in the future

line.

The more Qin Chen thought about it, the more he thought this idea was good.

Of course, the most urgent task is to seal the mouths of Ouyang Zhengqi and Kang Sitong, but Qin Chen is still very confident. The two should see the situation clearly. Now everyone is in the same boat. For them, they stand with Qin Chen. The future in a boat will be limitless.

"Well, everyone is ready. Tomorrow, we will leave Zhongzhou City with Master Ouyang and head to Wuyu." Qin Chen said with a smile: "I won't send a few people away."

"Okay, then we'll see you tomorrow." Kang Sitong and Ouyang Zhengqi looked at each other and left with others.

Only Qin Chen was left on the court. "Next, I will follow Master Ouyang Zhengqi to the Guyu Realm. You should be sent to the training camps of Wuyu Dange and Wanbaolou. In the Wuyu Region, the forces are intricate, and in it, what you have to do is Improve your cultivation as soon as possible. Although your talents are not weak, geniuses are only

He is a genius, in a place where the weak and the strong eat the strong like Wuyu, only by becoming the strong can you truly control the right to speak, understand?" Qin Chen warned.

"We understand." Wang Qiming and the others nodded, even if Qin Chen didn't say it, they would do it.

In order for them to be better cultivated, Qin Chen didn't know how much he paid behind his back, and they all remembered it silently. "Pavilion Master Zhuo, you will be the one who will communicate with each other in the future. Although you can't directly spread the news to Wuyu after we go to Wuyu, it's okay to pass through Wanbaolou. One more thing, After returning to the northern sky, you immediately go to the land of a hundred dynasties to gather some secrets that have entered the sky

Environment, and a loyal genius who works in my Chendi Pavilion..."

Next, Qin Chen warned everyone a lot and proceeded to the next round of arrangements.

"Little dust, what about me?" The old man Da Bei said nervously. He didn't know how Qin Chen would arrange himself.

"You..." Qin Chen pondered, "You also go to Wuyu with me. In the future, the communication between Wang Qiming and Zixun and Beitianyu will be handed over to you. You should get acquainted with Wuyu as soon as possible. Environment, wait for me to come out of the ancient Yu world, and then make a decision."

"Yes!" The old man Da Bei said excitedly.

For him, going to Wuyu is undoubtedly a better choice than staying in Beitianyu.

Qin Chen actually thinks the same way. Don't think that the old man Da Bei has broken through the late eighth stage and is close to the peak of the eighth late stage, but if he stays in the northern sky, this will be the case in this life. It is almost impossible to break through the nine days of Wudi. .

But if he goes to Wuyu, with his talent and tenacity, there is still great hope that he can become a Wudi strong.

On this day, everyone discussed for a long time, and Qin Chen also confessed a lot of things, and it was not until the early morning that everyone left separately.

In the early morning of the next morning, Master Ouyang Zhengqi gathered everyone together, and after only a little rest, Qin Chen and his party set off in a mighty manner.

This time, led by Ouyang Zhengqi and aboard a large warship, Kong Sitong also followed because he wanted to return to the Martial Domain.

Everyone rushed for nearly a month before finally arriving at the cross-domain formation of the East Continent and the Martial Region.

With Ouyang Zhengqi leading the team, the team has not been blocked, otherwise, if it is an ordinary person, even if it is a strong Martial Emperor, it will never be easy to enter the Martial Domain.

After the cross-domain formation, everyone finally came to the Wu domain, and immediately felt a strong to the extreme heaven and earth true energy, madly poured into the body.

The real energy of Wuyu's heaven and earth is too rich, compared with the next four fields, at least ten times richer, it is not like being in the same world.

No wonder there are so many martial arts masters, just the true energy of this world can explain everything.

After arriving in Wuyu, people from both Dan Pavilion and Wanbao Tower came to respond, because Guyu Realm was about to open, everyone could only part ways, and Qin Chen and the three went to Guyu Realm under the leadership of a dedicated person.

Because Guyu Realm did not know when it would open, Qin Chen and the others had to arrive before it would open.

Ancient Yujie, located in the depths of Wuyu.

This time, under the leadership of Dange's special personnel, Qin Chen and the three people spent a full three months before they finally rushed outside the Guyu boundary.

Looking at the familiar Gu Yu Realm in the distance, Qin Chen felt endless emotion. In the vicissitudes of life, after three hundred years, he finally came to the Guyu Realm again, and he is probably about to become the only warrior who can enter the Guyu Realm twice in the history of the Martial Arts?

[Chapter 1376: Watchdog](#)

"Who comes, stop!"

There was a loud shout from the front, and Qin Chen and his team were stopped. These were two warriors wearing armors, all of them murderous, all of them were Martial Emperors of the late eighth stage.

"I'm from the Dan Pavilion, and these three are the players chosen by my Dan Pavilion to enter the Guyu Realm."

"People of Dan Pavilion? Didn't Dan Pavilion's genius come as early as half a month ago?" One of them coldly shouted, and suddenly a terrifying murderous intent spread, like a mountain that suppressed Qin Chen and others. Body.

So strong! Ye Mo and Yan Jidao suddenly darkened and their faces turned pale. They had also seen many Martial Emperors of the late eighth stage in the East Continent and South China Regions, but the feeling they gave them was many times more terrifying. , As if, in front of these two people, the late Martial Emperor of the four domains under them can kill them by turning their hands

general.

As the peak martial emperor, there is such a big gap in cultivation base?

Is this Wuyu?

Ye Mo and Yan Equator suffered a huge shock in their hearts.

"These three people are the geniuses selected by my Dan Pavilion from the lower four domains. They only arrived today." The Dan Pavilion master who escorted Qin Chen three people shouted loudly and took out the token.

The two powerhouses glanced at the token, then turned to look at the three Qin Chen, and said coldly: "These three are the geniuses of the Lower Four Realms? I don't know how capable they can enter the Guyu Realm. It's ridiculous."

The words fell, boomed, and a terrifying coercion suddenly spread, and the two people's eyes were like two sharp blades, slashing violently, and directly fell on Qin Chen and the three with a sharp aura of destruction.

Pedal!

Ye Mo and Yan Chidao's complexion changed slightly, sweat oozes from their foreheads, and a mouthful of blood spurted out.

Only Qin Chen remained unmoved, indifferent under this sharp breath.

"Ok?"

The two of them showed different colors, and the displeasure in their eyes was even worse. Boom, the sharp meaning was even worse, and they suddenly turned into a terrifying killing intent, wanting to blast into Qin Chen's mind like a vast ocean.

"Stop!" The Dange master who led the team shouted angrily, and then stopped in front of the three Qin Chen, looking furious, and yelled, "You two are so brave, dare to move my Dange people!"

The two of them laughed and hurriedly reduced their breath. Then one of them smiled and said: "Misunderstanding, I am just a little curious about the geniuses of the four domains, so I can't control it for a while. I want to test it. If it is offensive, Please also forgive me."

Another said: "Since I am a disciple of Dan Pavilion, I will let it go naturally, please."

The two of them stepped aside and stepped away.

"Humph." The leader of the Dange snorted coldly, looked at the three Qin Chen and frowned, "Are you all right?"

"We're all right." Ye Mo and Yan Chidao naturally didn't dare to cause trouble when they first came to Wuyu, they hurriedly wiped the blood from the corners of their mouths and shook their heads.

Qin Chen sneered, "I'm fine, but these two great powers, as martial arts powerhouses, actually used this kind of indiscriminate means, so it's no wonder that the honor of Emperor Wu could not enter Gu Yu. Jie, I'm here to watch the door. I'm afraid I will only have such a promising future in this life."

As soon as these words came out, the court was silent for an instant, and both Ye Mo and Yan Chidao looked at Qin Chen in amazement. Qin Chen was too bold to say that the guard guarding the Guyu Realm.

Even the Dange master who led the team's expression changed, and he looked at Qin Chen in surprise.

"Boy, what are you talking about? Looking for death!"

One of the guards suddenly became furious, banging, his right hand reached out, and he was about to grab and shoot at Qin Chen. The terrifying killing intent was like a sword mountain and sword forest, instantly enveloping the world.

"stop!"

The Dan Pavilion master who led the team roared and came to Qin Chen instantly, with a boom, the two palms against each other, and the situation changed suddenly, and the violent energy rushed into the sky, shaking the sky.

"Presumptuous, are you going to be an enemy of my Dange?" The Dange master who led the team was angry, and the other party dared not put his Dange in his eyes.

"Enemy with your Dange? It is your Dange disciple who insulted this seat. This tower is the highest martial emperor, how can you allow the untouchables of the four realms to insult." The guard shouted harshly, and wanted to make another shot, but was caught Another guard on the side stopped and shouted, "Stop!"

"Big brother?" The guard looked at his elder brother puzzledly, his eyes angry.

"A few, it's my second brother's recklessness. Since a few are from the Pill Pavilion, please go in, so as not to cause criticism here." The leading guard arched his hands, looked at Qin Chen coldly, and walked away. the way.

And the movement here also alarmed many forces inside, and there were faint whispers.

The Dange master who led the team changed a few times, snorted coldly, but did not continue to be entangled, and said to the Qin Chen trio: "Let's go."

A few people flew by and entered the waiting area of many forces in front of the entrance of Guyu Realm. "Brother, why are you stopping me?" The guard who was stopped said dissatisfiedly, with resentment in his eyes: "Guyu Realm places are scarce. These top forces control a large number of places, and they handed out the places to themselves. The disciples in the forces are no more, they actually let the untouchables of the lower four domains

It is outrageous to enter. The mere untouchables, what qualifications to enter the Guyu Realm, are just a bunch of wastes wasting places. "The leading guard glanced at him dissatisfied, and snorted coldly: "Then what's the use of you killing him?" Even if you kill him, it's not our turn to go in and take care of so many nostalgic things. Fortunately, you didn't kill the opponent just now. Otherwise, you're in a disaster. If you kill the Dange, how can Dange forgive me?

You, do you want to die? "

"I'm just not angry," the guard said stubbornly.

"This is our life, and it cannot be changed." The leading guard sighed, "Reassure patrol, something happened, let someone break in, and it's us who is unlucky."

After Qin Chen entered the internal area, the leading Pill Pavilion master stopped his figure and looked at Qin Chen coldly, "What did you do just now?"

There was killing intent on his body. The horrified Ye Mo and Yan Jidao couldn't help but back up two steps, but they couldn't help being dissatisfied with Qin Chen in their hearts. Everyone was gone before, so why bother to make trouble? Now it's alright. If you are angry, who will bear it? Can't help but feel a little nervous. Qin Chen didn't change his face, and said with a smile: "My lord, I didn't do anything. It was just that these people were not pleasing to the eye. Did the disciple make a mistake? The two of them are just watchdogs and dare to treat us Dange. So arrogant, don't give them some color, think our Dange is good for bullying

Hee hee, you won't be angry anymore, sir? I am also doing it for Dan Ge! "

"Huh, are you from Dan Pavilion? Remember, you are from the Lower Four Realms, but you have places in the Guyu Realm. Many people here are very dissatisfied with you and hostile to you, so try not to cause trouble. At that time, my Dange will be fine, but you will suffer."

The leading Pill Pavilion master hummed, but the coldness on his body disappeared instantly. Qin Chen smiled and said, "Yes!"

[Chapter 1377: Communication hall](#)

The leading Dange master shook his head, but looked at Qin Chen high in his heart.

Being able to remain immobile under the coercion of the two Guyu Realm guards, and not afraid of power, this Qin Chen is indeed the number one in the Lower Four Regions Pill Dao Competition. Compared with the other two, it has too much backbone. No wonder Master Ouyang Zhengqi would let himself take care of this person a lot.

This son is indeed extraordinary, not an ordinary person.

As a Dange master, he was previously blocked by Guyu Realm's guards to make things difficult. Do you think he is not angry? It's just that he is a master of Pill Pavilion, so naturally it is not good for him to show up at will, so as not to be said to be bullying the small. Now that Qin Chen has come forward to teach him, it is too late for him to be happy.

As Qin Chen said, only two watchdogs, dare to be so arrogant to his Dange, do you really think that his Dange is good for bullying?

As for scolding Qin Chen, it was also for Qin Chen's future safety.

But he could also see that Qin Chen didn't take his words to heart at all. He just shook his head helplessly. Such geniuses are always awkward. I hope that nothing happens in Guyu Realm. Guyu Realm is not their imagination. So beautiful.

A group of people swept across the sky.

What you see is a vast mountain range, and in this mountain range, there are many luxurious palaces, magnificent.

"This is the outskirts of Guyu Realm. The real Guyu Realm is deep in the mountains. You can only enter it the day it opens. These palaces are the palaces of the major forces in the Martial Domain. You follow me."

The Dange master who took the lead shook his body and led a few people into the palace below.

The entire palace occupies a huge area and is located on the mountainside, magnificent and breathtaking.

"Old Gu, you are here, these three are the winners of the next Four Region Dan Pavilion Competition?"

Someone flew out from below and laughed suddenly when he saw the person coming.

"Fortunately, the mission is finally here. Unlike you, sitting here is very comfortable." The Dange master who led the team laughed.

"Comfortable shit, when we come here, we will pass the time, and we won't have our share when entering the ancient Yu world." An old man in the lead hummed.

"Haha, Old Chen, don't be dissatisfied. You and I are both the peak martial emperors in the later stage. What if you enter the ancient Yu world? Apart from mastering a few more spatial patterns, you still can't become the nine-day martial emperor. This opportunity is naturally reserved for young people." "Chee, Old Xu, you think I don't know the truth, want you to say it? I'm just grumbling, come, old Gu, finally

wait until you come. Let's go for a drink, stay here for a few months, the birds with light mouths are out, and I don't know when the Guyu Realm will be opened."

The old man called Lao Chen mumbled.

"Haha, you drink first, I'll come right away, I have to settle the three of them first." The Dange master who led the team laughed.

Old Chen glanced at Qin Chen dissatisfiedly and said, "If there is anything to settle down, you have sent people over. How can you ask you to do this little thing? I'll find someone to help you settle down, let's talk about it. Three big men, can't find their way?"

"That's not good." The Dange master who came along with Qin Chen and the others laughed: "Ge Li has ordered that the three of them must be settled down personally, and I will find Saint Ouyang."

"Hey, what are you doing with Saint Ouyang?" Old Chen was a little surprised.

"It was ordered by Master Ouyang Zhengqi. The three of them are from the Lower Four Realms and are unfamiliar with their lives. Master Ouyang Zhengqi wants Saintess Ouyang to take a few people and be familiar with the environment." "The old man Ouyang Zhengqi ordered. That's weird!" Old Chen and Old Xu seemed to have heard something unbelievable. They looked closely at Qin Chen and said strangely: "Saint Ouyang is the saint of my Wuyu Dan Pavilion. , The top alchemy genius of my Wuyu Dange, let her come

Take care of these guys, isn't this asking the emperor to take care of the beggars? Ouyang Zhengqi, the old man took the wrong medicine? "

"Don't worry about that. I'll find you for a drink later. I'll go back to life first." The Dange master who led the team arched his hands and led Qin Chen into the palace.

Entering inside, suddenly enlightened, the palace has carved and jade columns, beautiful and magnificent, giving people a sense of grandeur.

Moreover, the faint medicinal fragrance lingers, like the refining room of the alchemy pavilion, and the medicinal medicinal fragrances are all of very high grade. The fragrance is fragrant and makes the pores relax. The true essence is about to move. The worst, I am afraid it is also seven. Wang Dan in the late taste. "This is the palace of our Dan Pavilion outside the Guyu boundary. Remember, these days, you can only act in the palace, don't leave the palace. The rest of the palaces outside are the palaces of many top powers in the mainland, in case you rush into it. Entering someone else's palace, even if I'm killed, I won't have a pill.

Law will help you. "

As they walked, the Dange master who led the team introduced the rules here for the three of them. Ye Mo, Yan Chidao and others all nodded secretly, bearing in mind.

When they first came to Wuyu, they were very concerned about nature such as rules, but Qin Chen didn't care about it. He looked around and looked around, and the two people watching became more upset.

The leader of the Dange master first went to the palace to hand over, received the identity certificate for Qin Chen and the three, and arranged a residence.

The rooms of Ye Mo and Yan Equator are arranged on the periphery of the palace. The rooms are extremely luxurious, and there is a separate refining room filled with various refining equipment and equipment, compared to their in the East Continent and South China. The refining room is more complete and high-end.

Suddenly I couldn't help being secretly shocked, but it was a refining room in the palace, all decorated so luxuriously, how domineering the refining rooms in the Dange headquarters would be?

At the same time they were dreaming, they were a little excited.

But the next moment, they couldn't get excited anymore, and their faces all became very ugly.

Because Qin Chen's room was actually located inside the palace, and it was about twice the size of theirs, and it was even more luxurious.

Everyone came from the lower four domains, so why should Qin Chen's treatment be twice as good as them?

Unhappy!

After arranging a place to live, Old Gu, a master Pill Pavilion, came to a courtyard opposite Qin Chen's room.

The environment here is better. It is located in the core area of the palace. It is obvious that the people who live in it are more extraordinary. When I look around and find that the person is not there, I lead everyone to go ahead.

After a while, several people walked into a large hall.

There was a loud noise, and there were many young pharmacists gathered in the hall in twos and threes. The aura in everyone was extremely strong, giving people a strong sense of oppression. "This is the communication hall. The people in it are all the genius alchemists selected by the Pill Pavilion this time in the Martial Domain. You will also enter the Guyu Realm. You can usually communicate and build a good relationship with each other." The team's Dan Ge master explained.

[Chapter 1378: Saint Ouyang](#)

Ye Mo and Yan Jidao glanced around, and then took a breath of air. Looking around, there were at least dozens of people in the hall. Everyone was extremely terrifying, and they were younger than them. They found them. I found it, but I couldn't find one who was weaker than them in momentum

Genius.

Is this the genius of Wu Yu? It's also terrible!

The two of them are extremely dazzling in their respective East Continent and South China Regions, standing like a flock of chickens, but they can be placed here, but it seems like a sheep into a flock, instantly becoming extremely ordinary.

Especially in the lobby, there are teams of twos and threes. The people surrounded by each team are brilliant, giving them a strong sense of oppression and frustration.

Here, those talents are the arrogant talents, and they are just ordinary audiences.

"Huh, who did Gu Lao bring?"

"Are these three guys also geniuses who want to enter the Guyu Realm?"

"Didn't you hear that the geniuses of the major Dange branches are all gathered? Where are the three people coming?"

"I really want to hear that this time the Guyu Realm's quotas, the total part of the Dan Pavilion has three to the lower four domains outside the Martial Domain. These three guys should be the three who won the lower four domain Dan Dao competition. People!"

"It turns out to be from the Lower Four Domains. No wonder it looks rustic. Huh, the headquarters doesn't know what to think. It actually gave the places to the Lower Four Domains. If it weren't for these three places, I might be the second. Brother also has the opportunity to enter the ancient Yu world."

"I don't know how the headquarters considers it. Is it necessary for the untouchables of the Lower Four Regions to enter the Guyu Realm? It's a waste of places."

Whispers came from the crowd, and after guessing the identities of the three Qin Chen, many people's faces became difficult to look at, and the corners of their mouths were drawn with disdain and sneers, and they all mocked.

In the eyes of Wuyu geniuses, the Lower Four Regions are like slums. The people who come from there are not untouchables.

"Don't pay too much attention to their opinions, remember, in the Martial Domain, only strength can make people respect." Gu Laosheng was afraid that Qin Chen and the others would have an idea.

"Yes!" Ye Mo and Yan Jidao clenched their fists and took a deep breath. Their ugly expressions improved slightly, but Qin Chen didn't say a word.

Could it be that Qin Chen couldn't accept it?

Old Gu was a little worried, turned his head and glanced at Qin Chen, suddenly a little speechless, only to see that Qin Chen was not angry at all, not only his expression was as usual, but he even looked around with leisure and elegance, enjoying himself.

This Qin Chen is really a strange thing, he doesn't seem to be a person from the Lower Four Regions to the Martial Region at all.

"Please follow me." Old Gu walked ahead, towards the center of the crowd, and then stood still in front of a group of geniuses.

This group of geniuses looked over one after another, and everyone looked very arrogant, like a king, wondering why Gu Lao would bring Qin Chen three people here.

"Is Saint Ouyang there?" Old Gu said.

"Are you looking for me?" Hong Ying flashed, only to see a woman leaping out, dressed in a red pharmacist robe, her proud and hot figure was outlined. Her face is also amazingly beautiful, enough to contend with Zhao Lingshan and others, and the whole person naturally reveals a superior aura, such as

The queen in the same world is in charge of everything.

This is a thorny rose, hot, strong and proud.

This is the Saint Ouyang of Dan Pavilion, named Ouyang Nana, who is also the niece of Ouyang Zhengqi.

The Ouyang family is an extremely large alchemy family in the martial arts, and it has a great influence in the alchemy. A grand elder of the Ouyang family is now an elder in the alchemy headquarters, and Ouyang Nana is also the Ouyang family for thousands of years. The most outstanding Tianjiao, one of the saints of Dange headquarters.

Only 23 years old this year, it can be described as stunning.

This is also the reason why Ouyang Zhengqi, even though he is only a core manager, can serve as the examiner of the Lower Four Regions Pill Dao Grand Competition and carry the heavens and the world.

"Master Ouyang Zhengqi asked me to tell Saint Ouyang something." Gu Lao said: "His Royal Highness, come with me!"

"Old Gu, just say it here." Ouyang Nana smiled.

"This..." Old Gu hesitated.

"Why, is it privacy?"

"Privacy is not privacy, it's just..."

"Since it's not privacy, let's talk about it here." Ouyang Nana waved her hand. "That's good." Old Gu nodded, pointed to Qin Chen, and said: "This is Qin Chen, the champion of the Four Regions Alchemy Tournament this time, Master Ouyang Zhengqi said, Qin Chen came to Wuyu for the first time. I'm not familiar with Wu Yu, so I want Saint Ouyang you to take him and be familiar with the environment here.

There are also many references for breaking through the ancient Yu world. "

Quiet.

silence!

Unprecedented silence!

Everyone in the hall stopped talking, stopped moving, and looked over in a daze.

Immediately afterwards, a deafening uproar sounded instantly, almost breaking through the hall.

What did they hear? Master Ouyang Zhengqi actually asked Saintess Ouyang to take care of a pariah from the Four Realms? Damn, are you crazy? Ouyang Nana is young and beautiful, with amazing talent and strong background. It is the dream object of many geniuses in Dange. In the whole hall, I do not know how many people want to pursue Ouyang Nana, but Master Ouyang asked Ouyang Nana to take care of one. The untouchables of the four realms, just think about it,

It makes people feel angry.

One is the saint of the Dange headquarters, and the other is the untouchables of the lower four domains. How could Master Ouyang Zhengqi make such a suggestion?

"It's impossible!" Ouyang Nana's face suddenly became cold, her brow furrowed, she stared at Qin Chen coldly, her eyes showing murderous intent.

Qin Chen was a little speechless, and he was also stunned. He didn't expect Ouyang Zhengqi to make such a request. Feeling the eyes of the princes around him trying to kill, Qin Chen had a headache.

He is not afraid of these Wuyu Dange geniuses, but the decision Ouyang Zhengqi made privately simply pushed him into the fire pit.

Ouyang Zhengqi, Ouyang Zhengqi, are you trying to kill Ben Shao?

"This is a letter that Master Ouyang Zhengqi asked me to bring to Saint Ouyang." Old Gu took out a letter and said calmly, "Is it true? Saint Ouyang can read it for herself."

Ouyang Nana took the letter, opened it and took a look, her face suddenly became extremely ugly. It was indeed the second uncle's letter. In the letter, the second uncle did not hide his appreciation for Qin Chen, and asked Ouyang Nana to communicate with Qin Chen. Communicate and learn more.

This... is simply the tone of recommendation for blind dates.

Ouyang Nana was so angry that her face turned green, and her whole body exuded an icy chill. "You asked me to say this on the spot." Old Gu felt a little irritated before he said, "Holy Maiden Ouyang, I have arranged Qin Chen's room opposite to your Highness. The words have been brought, Ouyang Sheng The female can communicate with Qin Chen more in the future, I will first familiarize him with other things in the palace

Place, goodbye. "After Gu Lao finished speaking, he led Qin Chen and the three people around and left.

[Chapter 1379: Self-esteem of the weak](#)

"How could Master Ouyang Zhengqi make such a request?"

"What kind of fascinating soup did this kid named Qin Chen put on Master Ouyang Zhengqi?"

"How can Ouyang Nana take care of a pariah from the lower four domains?"

"unacceptable."

"Nana, as long as you have a word, I will teach that kid for you, a pariah from the four realms, who wants toads to eat swan meat, and does not pee to see his own virtues."

As soon as Gu Lao left, the many arrogances on the court were all murderous.

"Shut up all to me."

With a scream, the hall fell silent for an instant.

Ouyang Nana closed the letter with a ferocious face, turned and left angrily.

"Old Gu, you are hurting me." On the other side, Qin Chen gave a wry smile.

"Boy, how did I harm you? To say that it hurt you, it was Master Ouyang Zhengqi who was hurting you. He personally told me several times before I left." Old Gu said lightly.

Qin Chen was speechless, "Fine, nothing, that's it."

Although it was a little troublesome, Qin Chen didn't take it to heart. As long as he didn't provoke the other party, it was enough. On the contrary, Ouyang Zhengqi had thought that this person was very upright.

"You don't have to worry too much. In the palace, you are at most squeezed out. As for what you do, those guys can't do it. There are many Dange masters here, and no one will mess around. Old Gu glanced at Qin Chen and said with a smile.

On the side, Ye Mo and Yan Equator became more jealous.

"Let me introduce you to other places in the palace."

Old Gu walked in front, and Qin Chen followed behind.

Along the way, Gu Lao introduced to Qin Chen and the three people, where is the place where the geniuses can walk, where is the place where Dan Pavilion entered the palace of the ancient martial emperors this time, which must not be disturbed.

The ancient Yu realm not only allows the Martial King of the seventh-tier peak to break through the realm of the Martial King, but also greatly helps the Martial King master to master the profound meaning of space. Therefore, genius is only one part of it. The major forces will also have many early, middle and even late martial arts. The emperor entered.

Therefore, this palace was also built very large, with endless universe inside.

"Ok?"

Qin Chen had a sudden stop, and he felt a sense of awe-inspiring enveloping him, like a peerless magic weapon, trying to pierce him for life.

"Gu Qifeng has seen Saint Ouyang." Old Gu bends down and salutes a place, his eyes are turned on Qin Chen's body, revealing a look of surprise, as if shocking that Qin Chen can also discover the strangeness.

.

By coincidence?

If it weren't a coincidence, then this son's sense of consciousness was too sharp. In contrast, Ye Mo and Yan Chidao looked at the place where he bowed blankly, obviously not knowing what happened.

The red shadow flashed, and Ouyang Nana flashed out from behind the pillar. Her face was pale and she nodded to Old Gu. Although Old Gu was only a housekeeper in the palace, he had a very good relationship with her second uncle. She also had some friendship with their Ouyang family, so she also gave the other side a bit of face. Otherwise, as a saint, how could she care if one is not a medicine

The pinnacle of the division.

Then she looked at Qin Chen again, her eyes coldly said: "I don't know how you confuse my second uncle, I won't take care of you, die this heart, and, immediately change the room, don't live opposite me. "

Very domineering, no matter what Qin Chen thinks, he just means, "Go away!"

Qin Chen smiled and said, "Okay, please help me clean up and apply for a new room."

Does he really want to live opposite Ouyang Nana? I think too much, but the rooms are arranged in a unified way. If Ouyang Nana can help him apply for a room again, he will be so happy.

Ouyang Nana glanced hard, "Clean up for you? Who are you, you dare to let me clean up for you, give you one day, after tonight you live opposite me, you can stop blaming me for being impolite!"

After speaking, she turned around and left directly.

Qin Chen touched his nose, this woman was really domineering.

Regardless of him, soldiers will come to block, water will come to cover.

Old Gu smiled. It seemed that he was really kind of doing something wrong. He approached Qin Chen and asked, "Qin Chen, do you want me to help you with Master Ouyang Zhengqi? But it will take two days to send the information. It takes a long time to come back."

Qin Chen shook his head: "No, just do what I should do. Can she still eat me?" "Boy, I can warn you not to be careless. Saint Ouyang is not only talented in alchemy, but also terrible in martial arts. Twenty At the age of three, he is already a half-step martial emperor and can refine a half-step imperial pill. He once killed an eighth-stage early martial emperor with a single move. Although you are also a brilliant genius, you

I really want to start... I'm afraid I will suffer. "Gu Lao said carefully: "And the occasional discussions in the palace, the above will not care. "

His words are very tactful, but the meaning is very clear, Qin Chen will be beaten!

"Isn't there still Gu Lao here?" Qin Chen said with a smile: "You have caused the trouble, Gu Lao, you can't let me as a newcomer suffer, right?"

Old Gu was speechless, he didn't expect Qin Chen to answer that way, this guy is simply rascal.

However, after stunned, Gu Lao's mouth showed a smile again.

This kid is interesting, he doesn't have the arrogance of other geniuses. If you change to another genius, you must be so stiff that you have to rely on your own efforts to resolve it, but if you really make such a choice, you will only ask for trouble.

Of course, Gu Lao would definitely not sit idly by, he would only take action when Qin Chen's life was in danger, but now that Qin Chen said so, he would naturally not be able to take action so late.

Obviously he is a Tianjiao, but there is no such thing as a face-saving problem. It is no wonder that Master Ouyang Zhengqi appreciates it. Young people sometimes recognize it, which is nothing.

On the contrary, it was Ye Mo and Yan Chidao who looked at Qin Chen contemptuously, which made Old Gu a little disappointed.

These two guys are the kind of people with strong self-esteem and arrogance, but they don't want to think, do the strong need self-esteem? Only the weak will care about their self-esteem.

"You kid, since you said so, Gu will naturally not stand by, and I also promised Master Ouyang Zhengqi to protect your safety." Old Gu pointed to Qin Chen and laughed.

After shopping for a while, Qin Chen returned to his room.

I don't know if You Qianxue and the others have arrived, but even if they do, they should be in the Misty Palace or the Palace of Law Enforcement Palace. Before the opening of the Guyu Realm, everyone has no chance to see it.

"Master Skull Rudder, how are you recovering now?" Qin Chen asked the Skeleton Rudder owner in the Demon Cauldron.

"At present, it is restored to the mid-term peak of your human beings, and it is not far from the later period." Skull Rudder said. "So slow?" Qin Chen shook his head, "It's too wasteful."

[Chapter 1380: Pick me up](#)

The Skeleton Rudder almost vomited blood and said: "Is it slow to recover from the early stage of the eighth stage to the mid-stage peak in one year?"

It is very angry, how fast does it want to make itself?

After all, it has been asleep for too long, and recovery is naturally slow in the early stage, and it must be familiar with the power of the demon lord's corpse.

"Then you continue to recover, don't think about being lazy." Qin Chen said.

After running for a long time, Qin Chen was also a little tired, and rested for a night with peace of mind.

Early the next morning.

"Qin Chen!" Saintess Ouyang's cold snort came from outside.

coming.

Qin Chen walked out, and saw Ouyang Nana uninvited, standing in the courtyard, and beside her there was a young man with a humble smile on his face, but he was proud of his gestures. The attitude is Bi Xian, showing that his humility is actually in disguise.

"You didn't move away!" Ouyang Nana said coldly, looking extremely dissatisfied.

"You haven't found a new room for me, how do I move?" Qin Chen smiled, not angry at all.

"Life and death!" Ouyang Nana glared at her beautiful eyes, the pressure of terror was like a tsunami.

"Saint Ouyang, let me come!" The young man stretched out his hand and looked at Qin Chen, showing strong contempt and disgust.

This young man is named Ling Yi. He is also a genius at the Dan Pavilion headquarters. The elders in the family are in the Dan Pavilion. He has outstanding talents. Now he is also a half-step Martial Emperor's cultivation base. He entered the ancient Yu realm to break through the Martial Emperor, but his combat power is far superior. In his own realm, he once killed the Emperor Wu in the early stage of the eighth stage.

It is the world's arrogant.

This also made him full of confidence and dared to pursue Ouyang Nana, the sweet girl of the day.

He was in retreat yesterday, and when he learned that Ouyang Zhengqi had asked Ouyang Nana to take care of a pariah from the lower four realms, he was naturally angry.

What is care? They also ventured into the ancient Yu world together, clearly wanting to match Qin Chen and Ouyang Nana.

Why?

He has been pursuing Ouyang Nana for so many years, no one at all in the Dan Pavilion knows, if Qin Chen stepped in, would he still have the face to see people in the future?

Moreover, Ouyang Nana is extremely talented and has a deep background. Once she breaks through the Emperor Wu, she is likely to serve as a senior member of the Dange. In the future, she is more likely to inherit the position of Ouyang Patriarch and become the first female Patriarch of the Ouyang Family.

Their Ling family is much younger than Ouyang's family, and they want to marry the Ouyang family, which is one of the reasons why he must never give up.

A pariah who ran out of the lower four domains, dare to steal women from him?

Are you impatient to live?

Of course, he just thought about it this way. He really didn't dare to kill Qin Chen. After all, the opponent was the champion of the Four Realm Pill Dao Competition. The candidate of the Guyu Realm set by the Dange Headquarters was really going to be killed. His opponent, his family cannot protect him.

But Qin Chen can't be killed. Following Ouyang Nana's will, it's okay to teach the other party a lesson. He doesn't believe in a small Lower Four Regions untouchable who has no roots and no peace in the Dan Pavilion. Who else can be because of this? Trivial matters to him.

Ouyang Nana dismissed Qin Chen, and when Ling Yi said that, she nodded her head. It was only the pinnacle martial king in the late stage, and she came from the lower four domains. Any one of her or Ling Yi can make two moves. solved.

"You could have been impunity," Ling Yi said, and he strode forward, "But if you have to take your own humiliation, you can't blame anyone."

He didn't wait for Qin Chen to answer at all, so he grabbed his hands towards Qin Chen.

"Ling Yi, be merciful." A black figure flashed past and stood in front of Qin Chen. With a bang, Ling Yi slammed his body with a palm, vigorously, but the other party was safe and sound.

It was Old Gu, who came here early in the morning for fear that Qin Chen would be in trouble.

Although Ling Yi is a half-step martial emperor master who once killed the martial emperor in the early stage of the eighth stage, Gu Lao is the peak martial emperor of the late eighth stage. Facing Ling Yi's palm, he stays still, nothing at all. .

Ling Yi frowned and said, "Old Gu, why do you want to stop me?"

He has family reliance behind him, and there are elders at the Emperor Martial level. He shouldn't have been so polite to a Martial Emperor who was the peak of his later period, but after all, the opponent is a master guard of the Dan Pavilion. After so many years in the Dan Pavilion, there are still many. People with connections should not be offended, but try not to offend them.

Old Gu laughed: "Qin Chen is the genius of my Pill Pavilion, and it was also brought by Gu. Naturally, Gu has the responsibility to protect him. Moreover, if you come up to Lingyi, you will take action and bully a genius from the lower four domains. Got it."

Ling Yi was speechless, and the other party moved out to suppress him. How could he refute?

"Now this is my personal affair with him!" Ouyang Nana didn't stop, "Old Gu, please don't interfere."

"Ouyang Nana, the arrangement of the room was done by Gu following Master Ouyang Zhengqi. If you are dissatisfied, you can talk to Master Ouyang Zhengqi." Old Gu said.

Of course Ouyang Nana couldn't find Ouyang Zhengqi. It was originally her second uncle's order. If she went to tell her, she would definitely be scolded.

But in the current situation, she can't get past Gu Lao to attack Qin Chen, so she just looked at Qin Chen and said, "Men do things, dare to do things, don't you feel embarrassed if you make people stand out?"

Qin Chen smiled faintly, and said: "You are half-step Martial Emperor, and I am only Martial Emperor, how can I fight you?"

"As long as you can pick me up, I will let you stay here for the time being." Ouyang Nana said proudly. Of course, this was not to give Qin Chen a chance, but she deliberately inflicted a heavy blow on Qin Chen with this blow, causing Qin Dust defeated.

Afterwards, even if Ouyang Zhengqi blamed her, he would admit it. Anyway, because of her popularity, she would not be severely punished. "One move!" Qin Chen shook his head quickly, "The gap between King Wu and Half-Step Martial Emperor is too big, not to mention that you are a genius of Wuyu Dange, but I come from the Lower Four Realms, don't say you are Half-Step Martial King. Even if I'm a seventh-order martial king like me, I will be seriously injured by you. No, no, beatings.

I don't do it. "

Ye Mo and Yan Equator also watched the excitement early, and almost vomited blood when they heard this in the distance.

This is too spineless, right? I didn't dare to take a single move, and even said that I was so unbearable. What happened to the next four domains? Who said that the genius of Wuyu would be better than the next four fields?

The two clenched their fists, their faces were blue. As men, they didn't dare to connect with others. They were really ashamed to go with them. They almost lost the face of the four domains.

But Qin Chen was the champion of the Alchemy and Dao Competition. While making the two of them ashamed, he was also extremely speechless.

Ling Yi sneered and nodded. This kid is quite knowledgeable, knowing that the untouchables of the lower four domains can't be compared with the genius of their martial arts, but they don't move away. Do you really want the toad to eat swan meat! "Even if you lose, I won't kill you!" Ouyang Nana said deliberately, the purpose is to motivate Qin Chen to agree, "Otherwise, are you still a man?"
