

Valkyrie 1381

[Chapter 1381: Royal Elixir](#)

"Haha, I don't even dare to take a trick of Saint Ouyang, is this a man?"

"Saint Ouyang has already said that she will not kill him at all, and she hesitates so much. It seems that she is also a fool."

"I heard that this son is still the champion of the Four Territories Dan Dao Competition. The so-called champion of the Dan Dao Competition, is that kind of stuff?"

"The untouchables are worthy of being untouchables. It's better to go back to the lower four domains early. They dare to have a relationship with Saint Ouyang, and they don't pee to see their own virtues, rubbish!"

There were a lot of onlookers gathered around, and they all sneered and said, with a look of disdain and contempt, showing pride and pride from their bones.

Saint Ouyang is the goddess in the minds of many Dange geniuses. Ouyang Zhengqi managed to make Saintess Ouyang contact the untouchables from the lower four realms, which immediately touched everyone's sensitive nerves.

Qin Chen's face suddenly changed, and he was very angry.

He was immediately enraged and said: "Who said I am not a man?"

"Then come and pick me up!" Ouyang Nana said proudly.

"Okay!" Qin Chen couldn't hold back anymore and agreed.

Ling Yi suddenly showed disdain. He was really an idiot. He was provoked in two or three times and became confused. This kind of person is not worthy of his attention, and he can kill him if he does anything.

Old Gu was surprised. Judging from Qin Chen's performance these days, he was clearly a calm and calm person. How could he be provoked so easily?

Something is wrong.

"But!" Qin Chen prolonged his voice and said angrily: "I'm not stupid, why should I compare with you if I have nothing to do? Unless you can promise, if I can take your trick, you will give me some emperors. medicine!"

"How many imperial medicines? This kid really opened his mouth, thinking who he is, the next trick is worth a few imperial medicines." Everyone around sneered.

"Good!" Ouyang Nana agreed without hesitation.

It would be so happy, naturally because she had already acted murderously and wanted to seriously injure Qin Chen, so no matter how harsh the other party's requirements were?

Qin Chen was not so easy to pass, and stretched out his hand: "Then bet this. If you take out the bet, I'm afraid you will go wrong!"

"I will rely on your account?" Ouyang Nana is anxious. She is the saint of the Dange headquarters and the most talented disciple of the Ouyang family. She keeps her promises, there is no reason to say nothing.

"Anyway, if you don't take out the imperial medicine, I won't compare with you. Who knows if you will fall back on the bill." Qin Chen was determined.

"Okay!" Ouyang Nana finally nodded, spreading her right hand, and there were already three more imperial medicines in her palm.

"Three hundred, four hundred, four hundred and fifty years." Qin Chen glanced over, shaking his head repeatedly, and said, "Are you fooling a beggar? This kind of medicine-aged emperor can't even talk about getting started. !"

The age of the eighth-order imperial medicine is basically at least three hundred years old, but the imperial medicine between 300 and 500 years old can only be regarded as an introduction, and the value is relatively low. Generally, only the imperial medicine over 500 years old. Will have extraordinary value.

Ouyang Nana couldn't help being surprised. Qin Chen's eyes were really poisonous. She just glanced at it. He could see through the ages of the three emperor medicines. This level of elixir skills was extraordinary.

She glanced at Qin Chen more, and a vigilance rose in her heart. Isn't this kid pretending to be a pig and eating a tiger?

But after thinking about it again, she shook her head in her heart. In any case, King Wu would never be the opponent of the half-step Wuhuang in the later stage, even if she took the next move.

What's more, she is still the daughter of Tianjiao, and her combat power has soared to the height of the middle-ranking martial emperor of the eighth stage, even if Qin Chen goes against the sky, it is absolutely useless for her to kill.

She waved her hand again, and three new imperial medicines appeared in her hand.

Qin Chen smiled: "Now that the sincerity is finally there, okay, I will take you. He first asked for the imperial medicine from Ouyang Nana. If the other party did not give it, he did not start to bet, let Ouyang Nana could only give in. But Ouyang Nana didn't care, anyway, there were only three imperial medicines. There were some in her family, but after Qin Chen took her move, he would understand the gap with himself.

Will leave dingy, even if there is a second uncle's order, I dare not bother her.

Of course, with this trick, she also has to teach Qin Chen a lesson that will never be remembered. How can anyone who dares to blackmail her end well?

"Is it all right?" Ouyang Nana said impatiently.

She had never been so accommodating to a person. If it hadn't been because Qin Chen had gained the status of entering the ancient Yu realm, she would have killed the opponent directly if she encountered such annoying guy in the outside world, how could she talk nonsense for so long.

"Yes, of course." Qin Chen laughed.

"Qin Chen." Old Gu said. He knew Ouyang Nana very well. He was definitely not a bet with Qin Chen, but he would not hesitate to teach Qin Chen a lesson and make Qin Chen unforgettable. Otherwise, that It's not Ouyang Nana.

Therefore, he has to dissuade, and if necessary, he will use force to take people away.

Qin Chen is the person Ouyang Zhengqi cares for him, and there is no room for loss. If he was severely injured before entering the Guyu Realm, he could not explain to Ouyang Zhengqi.

"It's okay." Qin Chen blinked at Old Gu.

Old Gu was surprised. In his impression, Qin Chen was definitely not the kind of person who was so greedy that he would risk his future, not to mention that this was no longer a risk, but a death.

Why did Qin Chen agree to a battle? Does he have any special means to fight Ouyang Nana?

After such a hesitation, he took a step back and did not stop.

"Are you ready?" Ouyang Nana drank coldly.

"Okay, okay, wait for me to put the imperial medicine." Qin Chen carefully put the three imperial medicines into the storage ring, which caused a roar of laughter from Ling Yi and a group of people. The hillbilly is the hillbilly, Just a few imperial medicines, just like his own life.

Ye Mo and Yan Chidao were ashamed and wanted to find a place to drill down. They were cheap enough. Why did they have to run over to watch the excitement? Qin Chen was embarrassed. Would they get any benefit? Wouldn't it be more despised by others?

The two of them became increasingly angry with Qin Chen.

"I'll take the shot when I'm ready."

Ouyang Nana snorted and banged, her jade hand opened, her five fingers were like mountains, and she shrouded Qin Chen. The five fingers exploded and shot out an astonishing true essence, quickly enveloping Qin Chen, like a mountain attack, unstoppable.

Om, Qin Chen's figure shook, and at the moment the five fingers were brought together, a force of space spread through, and the void seemed to sway for a moment, and Qin Chen's figure also became blurred, as if he had disappeared.

This!

Ouyang Nana couldn't help being taken aback. This move really went beyond her expectations. As a martial king, Qin Chen actually mastered the profound meaning of space and could also use it in her body skills. This should be some kind of secret skill!

[Chapter 1382: Still a man](#)

Boom, the five fingers closed, and Qin Chen's body was shattered, and was instantly annihilated and turned into nothingness under the terrifying true essence.

But beside Zhen Yuan, the aura of space diffused by, and an afterimage appeared, turning into Qin Chen's real body, unscathed.

At the moment of crisis, Qin Chen took advantage of the spatial secrets to escape Ouyang Nana's blow, and naturally did not suffer even the slightest harm.

Ling Yi and others were dumbfounded, what? Qin Chen actually took Ouyang Nana's move, and there was no injury at all?

Damn, this kid is too cunning!

Qin Chen smiled and said, "Thank you for your patronage. It's easy to leave."

you!

Ouyang Nana was taken aback for a moment, and then furious.

Naturally, she knew that it was Qin Chen's trick. This kid really pretended to be a pig and eat a tiger. He clearly mastered the profound meaning of space and possessed a powerful life-saving ability, but he deliberately pushed things back and deliberately urged her to take out the imperial medicine to bet.

Too insidious, too cunning, is this still a man?

Old Gu was wiping his beard and smiling. It turns out that Qin Chen has mastered such a space secret technique, so it's no wonder that he dared to make such a bet, haha, Ouyang Nana is like a stumble.

Ouyang Nana glared at Qin Chen for a while, and said, "Take me one more trick!"

"Isn't it just one move?" Qin Chen said in surprise: "You don't want to go back, do you? So many people here are watching, you are the saint of Pill Pavilion, you can't say nothing, do you?"

Ouyang Nana is indeed domineering, but also arrogant, hearing Qin Chen say this, her face flushed.

In her capacity, she shouldn't have made a shot against King Wu, now that one shot doesn't count, but she wants to do it again, which is too shameful.

However, if she didn't beat Qin Chen down, the previous bet would have been lost. Not only would she have to endure Qin Chen living opposite her, but she would also endure other people's rumors. How could she accept it?

"Dare to pick me up again?" She could only continue to be so aggressive.

Qin Chen stretched out his hand, and then hooked his fingers: "It will take a thousand years to take five more imperial medicines. I can think about it."

The imperial medicine with a medicine age of more than a thousand years is what Qin Chen lacks most now, and he will definitely need it when he enters the ancient Yu world.

"Why don't you grab it?" Ouyang Nana said angrily. Five imperial medicines over a thousand years old are not a small number for her. There is money in the family, but she is still young after all.

"Since you can't take it out, then forget it, and accept the bet as soon as you see it. I still understand this truth." Qin Chen said with a smile.

"You..." Ouyang Nana was mad, and retreating at this time was a loss of success. She took a deep breath and said angrily: "I don't have five plants. I only have three. I can give it to you."

She is only a half-step medicine emperor, unable to refine the real imperial grade pill, besides, she is about to enter the ancient Yu world, who will run around with a lot of imperial grade elixir.

"Only three plants?" Qin Chen touched his chin, "It seems to be a little bit missing, I think it's better to accept it when you see it, forget it."

"I..." Ouyang Nana was about to vomit blood.

"Ouyang Nana, I'll give it for you. There are still two thousand-year-old elixir elixir? I have it here!" Ling Yi snorted and walked up.

"If you give it, you will have to add another 100 million high-grade real stones." Qin Chen said.

"Boy, do you want to die?" Ling Yi was furious, 100 million high-grade real stones, this kid is really crazy, how is this possible?

As long as Qin Chen receives Ouyang Nana's trick, he can get five imperial elixir and 100 million high-grade real stones. Who does he think he is? And you can't kill people here, Ouyang Nana will at most hurt him seriously, and it is not worthwhile to lose so much with serious injuries. "Don't worry, I won't take it for nothing. In this way, if I can take Ouyang Nana's move, then I will accept these things. If I can't take it, not only will I take these five emperor-level elixir and 100 million high-grade The real stone will be returned to you, and I will also return the previous three imperial elixir, plus one hundred

How about Yizhong real stone?" Qin Chen raised his head, his nostrils turned to heaven.

"Ten billion middle-grade real stones, can you get them out!" Ling Yi sneered.

Qin Chen didn't talk nonsense, and took out the real card from him, "I am also the champion of this alchemy competition. I won't be able to get the 10 billion middle-grade real stone? What's more, these two are my friends, even if they are I can't get it out, you can ask them for it."

Qin Chen pointed at Ye Mo and Yan Equator.

Ye Mo and Yan Jidao hurriedly waved their hands. Damn, what are you doing to bother them? Can you have a face, everyone is not familiar with it?

This time, it was Ouyang Nana and Ling Yi's turn to hesitate. The bet was too big for them, and it was not a small amount for them, especially Qin Chen's previous move made them a little wary, not daring to casually promise.

"What? Don't dare." Qin Chen smiled slightly: "If you don't dare, just get out. What else is Wuyu Tianjiao, Dange genius, do you have the courage? Do you dare to call the people of our four domains

untouchables? Why don't you just go back and wash and sleep? If you want to pick up girls, how can you do without a little capital!"

Qin Chen looked at Ling Yi contemptuously, dismissing it.

"Damn!" Ling Yi was instantly irritated, and he couldn't afford to be embarrassed by Qin Chen, a pariah in the lower four realms, pointed at his nose.

"Isn't it 100 million high-grade real stones? I did." Ling Yi took out a real card from his body, and then took out two imperial elixir, and threw it in front of Qin Chen.

"My eldest lady, how about you?" Qin Chen said to Ouyang Nana.

Ouyang Nana's face changed for a while, and after thinking about it, she was just careless before. In fact, if she was not careless, she would never be fooled by Qin Chen. How could the saint of the Dange headquarters be so weak?

Okay, come again!

She took out three more immortal medicines, all of which were over a thousand years old, and only a heir to a family like her, the saint of the Dange headquarters, had such wealth.

Qin Chen took it happily, smiling, and said, "Okay, enough, come on."

Ouyang Nana took a deep breath, and the aura on her body instantly became different. Om, above her head, a phantom phoenix appeared, exuding an aura of chaos that shocked the ages.

"It's the ancient Phoenix bloodline of the Ouyang Family."

"Moreover, this move, hiss, is the secret technique of the town clan fairy phoenix lore technique of the Ouyang family!"

"If this move continues, the Martial Emperor in the early stage of the eighth stage will be killed, can that kid bear it?!"

"It seems that Ouyang Nana is really angry when she moved."

"This kid is really looking for death, I don't know how high the sky is, he dares to provoke Saint Ouyang!"

"Hahaha, this one will definitely lose."

The crowd was shocked, looking at the ancient Phoenix phantom above Ouyang Nana's head, shocked. This time, just in case, Ouyang Nana directly activated the supreme secret technique of the family as soon as she came up, and, together with the blood pulse, suddenly a predominant aura surged, and she seemed to have become a predecessor from ancient times. The giant beast can shatter the sky with a single move.

[Chapter 1383: Pit twice](#)

After being shaded by Qin Chen for a while, this time she put away all contempt and regarded Qin Chen as a true opponent.

"boom!"

She slammed a punch, and the void vibrated immediately and continuously spread to the surrounding area. It instantly enveloped this area, forming a prison of lore, and its power was increasing crazily. An ancient phoenix rushed out. Soar for nine days.

call!

Ye Mo and Yan Equator, who were far behind Qin Chen, were oppressed by this terrifying aura. They only felt it was difficult to breathe. There was an illusion that their bodies would burst. They hurriedly backed away, showing shock.

Terrible, this is also terrible, is this Wu Yu Tianjiao? It's too much ahead of them. If you don't make a move, you will immediately feel that the gap between the two sides is like the firefly and Haoyue, which are simply incomparable. Old Gu's nerves are also tense, and it's over. It's not easy for him to intervene in the betting between juniors, but what if Qin Chen is accidentally killed? At this moment, he can only bring up his spirits, and must save the opponent in a critical moment, staring at Qin Chen, and preparing to use Qin Chen's profound meaning to escape.

When it's too late, shoot in time.

Space Profound meaning, this is the Profound meaning that the Emperor Wu can cultivate, but there are also some secret techniques that can ingeniously operate the Profound meaning of Space and integrate it into the moves, which is a must.

However, this kind of space is very one-sided, and it is only used by some pinnacle martial kings to pretend to be forceful, and to fool other martial kings.

And once a heavenly arrogant like Ouyang Nana breaks through to the half-step Martial Emperor and begins to try to blend in and feel the profound meaning of the space, naturally he doesn't care about it.

Of course, this is only the equivalent of Ouyang Nana and other emperor headquarters holy sons. Although surprised, it can still be calm. If you change to another martial arts genius, you will be shocked. By no means ordinary people can. Made by practice. Therefore, although in Old Gu's mind, the spatial secrets Qin Chen previously displayed should be forcibly attached, not Qin Chen's own perception, but since it is a spatial secret skill, it will not be simple, even if it can't escape Ouyang Nana's attack. Enough time for him to react and take the rescue

.

But what made Old Gu frightened was that Qin Chen didn't use the space secrets this time, but instead took the blow with his hands across his chest. By the time he reacted, it was too late.

"not good!"

Boss Gu was shocked, but it was too late to rescue him, so he could only watch Qin Chen being hit by the terrifying ancient phoenix shadow instantly.

"Boom!"

With a monstrous roar, Qin Chen was hit by the ancient phoenix shadow and flew away like a cannonball.

However, in the next moment, Ouyang Nana, Gu Lao, Ling Yi, and everyone around him showed shock at the same time.

Because Qin Chen was beaten into the air, but his body was intact, only a mouthful of blood spurted out of his mouth, his face turned pale!

How is this possible?

After receiving such a terrible blow, Qin Chen should have been crushed. Even if he was not crushed, he would be seriously injured and unconscious. How could he just vomit a mouthful of blood and be almost unharmed?

No, it can't be said that he was unscathed. I saw Qin Chen coughing up two mouthfuls of blood, his face turned pale, and his breath was empty, but this kind of injury was completely painless and itchy, and he could recover after three or five days of rest. How far away.

With a bang, Qin Chen slammed into a stone pillar. The stone pillar showed a complicated formation pattern and remained motionless, but Qin Chen's figure stopped instantly, and then fell again, but his body had not yet fallen to the ground. , He has already stood still.

He took another blow, and it was Ouyang Nana's merciless blow, but it didn't hurt.

How did he do it?

Everyone rubbed their eyes desperately, and couldn't believe everything in front of them.

Not to mention Qin Chen, even if they were to take the blow from Ouyang Nana, they might not be able to be so safe and sound. They must be seriously injured, but Qin Chen has nothing to do, hell. .

"Saint Ouyang, it seems that you are not lucky, you have to continue to live opposite me." Qin Chen grinned, wiped the blood from the corners of his mouth, his body exuded a golden jade luster, and there was an inexplicable temperament. At the critical moment, he fully mobilized the Ninth-Rank Holy Physique, raising his defense power to a terrifying level in a short period of time. Nearly a year ago, he was able to fight against the Demon Sword Sect's Asahi Wind Sword Emperor. Cut it to death, and Sword Emperor Xufeng is the Sword Emperor, with the most terrifying attack power, and he is not afraid , Now that one year has passed, how can he fear the attack of Ouyang Nana, the half-step Martial Emperor?

Although Ouyang Nana is a martial arrogant, and in terms of strength, she is still above the Xufeng Sword Emperor, but the half-step Martial Emperor is the half-step Martial Emperor. If Ouyang Nana breaks through the realm of the Martial Emperor, Qin Chen may have to be afraid, but Now... I can only say haha.

In fact, even the mouthful of blood Qin Chen vomited was deliberately forced out by him, but he didn't want to be too pushy, so as not to cause unnecessary trouble, otherwise, his injury would be even lighter.

Ouyang Nana couldn't say a word, a group of people still opened their mouths, still in deep shock.

Although Qin Chen also took Ouyang Nana's move last time, it was a clever move and did not confront Ouyang Nana head-on.

But this time it was completely different. Qin Chen made a head-on, and it was Ouyang Nana's full blow.

Niu, Niubi to the extreme!

This trick left Ouyang Nana completely speechless, no thorns to pick. However, she became even more angry.

You obviously have such strength, why don't you use it the first time?

This guy clearly wants to pit his own medicine!

She reacted abruptly. This seemingly silly guy was a personality at all, deliberately attracted herself into the trap and cheated her twice.

Have you been fooled by others?

Absolutely not!

One is that no one dares, and the other is that with her genius and wisdom, who can pit her?

However, such a person appeared now, not only pitted him, but also twice.

Ouyang Nana was furious, but she also had to admire Qin Chen's strength. This guy was really bold, and indeed possessed the means to defend against the sky, even she had to write a word of convincing.

"Good! Good! Good!" She even said three good words, even if she was so angry that she wanted to kill, she couldn't be embarrassed to shoot Qin Chen again.

If she wants to shoot three consecutive shots against a Martial King Realm, her pride is not allowed.

Moreover, she also understood that if she wanted to seriously hurt Qin Chen, she could never do it with one move, at least ten moves, or even more than ten moves. But she is a saint of the Martial Arts Pill Pavilion Headquarters, facing a lower four domain alchemist, and a martial artist who is one level lower than her, she has to make more than ten moves. Even if she wins, she loses her face. Up.

[Chapter 1384: Constellation trouble](#)

Therefore, she was very decisive, glared at Qin Chen fiercely, and said angrily: "Boy, I can't control where you want to live, but don't let me see you again, as you want me to take care of you, go dream! "

She turned around and left, at least it would be impossible to deal with Qin Chen again in a short time.

Ling Yi was staring at Qin Chen, his body was trembling, one was angry, and the other was distressed.

One hundred million high-grade real stones and two thousand-year-old imperial medicines, even if his family has a deep roots, are not small numbers, and he will probably eat dirt in the next few days.

"Why, Brother Ling Yi, looking at your shivering look, do you want to bet with Qin? If you can get the emperor's medicine, Qin can continue to accompany you." Qin Chen smiled and said harmlessly. .

"Bet on you big head ghost." Ling Yi roared angrily. Even Ouyang Nana couldn't solve Qin Chen with a single move, he was worse than Ouyang Nana, how could it be possible.

After roaring with anger, Ling Yi hurriedly followed Ouyang Nana away, with countless grievances and tricks floating in his heart.

He already regards Qin Chen as a great enemy that must be eliminated. This performance is too bad. If he breaks through to the Martial Emperor Realm, wouldn't he have no opponents?

Naturally, the others couldn't stay any longer, their faces were utterly lost. They gritted their teeth and looked at Qin Chen a few times before leaving without anger, leaving only a few people, Qin Chen standing here, standing here.

"You kid, it's a good method. It makes me worry for nothing!" Old Gu laughed, and gave Qin Chen a thumbs up.

He finally understood why Master Ouyang Zhengqi allowed himself to take care of Qin Chen. Here, the talent of alchemy is amazing, and the talent of martial arts is also extremely terrible. The two previous moves alone are enough to contend with nearly half of Wuyu Dange's Tianjiao.

The most important thing is that Qin Chen is too cunning, and bold, even Ouyang Nana dare to pit, if these characters grow up, the future is boundless.

Of course, the premise is that in the process of growing up, people must not be killed.

Qin Chen smiled slightly: "Old Gu has praised him, the juniors are just thick-skinned."

Old Gu just laughed, Qin Chen is brave and strategic, not as simple as defending against the sky.

"But you have to be careful. The Ling family behind Ling Yi is also a Dange tyrant. It's not that easy to provoke. In the palace, he dare not do anything to you, but you have to be careful when you get to Guyu Realm. Now, be careful in words and deeds, and don't offend anyone at will." Old Gu warned with a serious expression.

"Can geniuses in Guyu Realm still fight at will?" Ye Mo and Yan Chidao were taken aback. "It's not possible to fight at will, but in the ancient Yu world, it is very complicated. In addition to your group of arrogances, there are top martial emperors from all major forces. Moreover, the ancient Yu world is vast and endless, let alone the dangers inherent in it. , If you act alone and get hit by someone, you will often be in a different place

."

Old Gu sighed: "Therefore, in Guyu Realm, you must be very careful, because even if you kill someone, others don't know who killed the person. It is extremely cruel."

"In fact, in each session of the Guyu Realm experience, the number of warriors who have fallen is extremely large, and even at the most one time, more than half of the warriors have fallen. It can be described as a magic land."

"hiss!"

Ye Mo and Yan Equator inhaled cold air, their faces turned pale. They were just a place of experience because of the Guyu Realm. The so-called danger is at best the danger of the Guyu Realm itself, but they did not expect that it would be so dangerous.

Think about it, too. Those who enter it are the top talents of the major forces in the martial arts. Whenever there is a chance, who doesn't want to weaken the strength of other top forces? Should these arrogances be allowed to grow up?

The weak and the strong, this is the most basic rule of Wuyu.

"Of course, you don't have to worry too much. As long as you go in, you can stay with other Dange geniuses at ease and don't act rashly. The probability of survival is often still high."

Gu Lao really regarded Qin Chen and the others as his juniors, so he was patiently reminded.

Ye Mo and Yan Equator nodded again and again, and made up their minds. After entering the ancient Yu realm, they would practice with peace of mind and never act privately.

Qin Chen smiled slightly and said nothing.

Old Gu sighed, geniuses are always arrogant. If he could listen to the elders, and practice calmly, it would be weird. He couldn't control too much, he only hoped that Qin Chen would be safe and sound.

Next, the three Qin Chen stayed in the palace.

The opening of Guyu Realm was within half a year. As for the exact time, no one knew, everyone was waiting with peace of mind.

Qin Chen didn't bother to inquire. He practiced in closed doors every day. His understanding of Guyu Realm far surpasses that of anyone in the Pill Pavilion. breakthrough.

"Every time the Guyu Realm opens, it will last three years. I don't know what happened to Lingshan and the others, but with their talents, there will be no difference in Pill Pavilion and Wanbao Lou."

The Guyu Realm has been open for three years, and Qin Chen will naturally worry about them. "There is also the North Tianyu. I have arranged for Zhuo Qingfeng to search for the Tianjiao who had entered the secret realm of the heavenly devil. These people should have a talent index of at least 30. At that time, the black slaves will enter the Wuyu through the Wanbaolou channel, and then cooperate The old man of great compassion meets, there are old man of great compassion and black slaves, and then there is Kang

With the help of the host, Si Tong, I was relieved. "

The old man of Great Compassion was involved in casual meditation, but he was able to make a name for himself in the northern sky, and his talent and survivability were absolutely top-notch.

Not to mention the black slaves. The whole family was destroyed by the enemy. He was still chased all the way when he was only a teenager, but he was able to survive the enemy chasing and killing, and his strength improved by leaps and bounds, even turning his head back to revenge, and his ability to survive was even more terrifying. amazing.

In contrast, although Zhao Lingshan and the others entered Wanbaolou and Pill Pavilion, Qin Chen was more worried about them instead of the old man and black slave.

When Qin Chen worried about Zhao Lingshan and others, it was true that Kang Sitong was in trouble in Wanbao Building.

It is very simple to recommend the four Wang Qiming to Wanbao Lou. With the talent value of the four Wang Qiming, there is no need for assessment at all. It is easy, but when Kang Sitong recommended Wang Qiming to enter the Five Elements Secret Realm, he encountered obstacles.

The elder in charge of the secret realm of the Five Elements blocked Kang Sitong's application on the grounds that the four Wang Qiming came from the Lower Four Realms, who were humble and had never contributed to Wanbaolou. How could they seize the remaining talented disciples of Wanbaolou.

This made Kong Si Tong extremely angry.

What is humble status and not making contributions is nothing more than disgusting Wang Qiming. They have no background and no background, so they want their own disciples to enter the five elements secret realm. The so-called genius disciples in their mouths, what kind of genius is that, each of them has a talent value of only thirty or forty, can it be compared with Wang Qiming's value of six or seventy?

[Chapter 1385: Emperor Xuanbing Wu](#)

But no matter how angry Kang Sitong felt, it would not help.

Although Wanbaolou is enlightened, it is also a place where seniority is ranked. In addition, Ta Kang Sitong is in Wanbaolou, the backstage is not very hard, and it is really difficult to cram four people into the secret realm of the Five Elements at once.

Even Wang Qiming and their talents are indeed very high. However, the elder in charge of the Mystery of the Five Elements has said that considering Kong Sitong's introduction of the four talents, he can give Kong Sitong a chance, that is, let Wang Qiming and the four become his subordinates and do things for him. One Five Elements Secret Realm, you can consider letting the four of Wang Qiming enter

.

Kong Sitong exploded on the spot.

What does it mean that Wang Qiming and the others can enter the next session? Who knows when the next session will be, genius, race against time, that is no small amount of time can be wasted.

And actually wanted to let the four of Wang Qiming join his forces.

I bother!

If he doesn't urinate and follow his own virtues, what qualifications do he have to be Wang Qiming's master?

"Damn, rest assured, the four of you. I have many strong people in Wanbaolou. I don't believe that with your talents, I can't enter the secret realm of the Five Elements. This time, I have to get the four of you in."

Kang Sitong was angry, and immediately used his personal connections to inquire about the news of the upper floors of Wanbao Building, with the purpose of finding the master for the four of Wang Qiming.

With the talents of Wang Qiming's four, it would be perfectly fine to worship a master of Emperor Wu. Wanbaolou was in charge of the world's business, and there were too many powerful people, and there were many powerful people.

But in Wuyu, Emperor Wu is easy to find, but there are not many geniuses who can inherit the mantle. He doesn't believe that Wang Qiming's talents can't find a backing.

Sure enough, after several searches, Kong Sitong finally found the target for the four through various methods.

In the north of Wuyu, there is a high mountain. This mountain is covered with snow and ice all year round. It is an extremely cold place. People under Wuhuang's cultivation level cannot climb the mountain.

In a valley close to the highest point of this mountain, a magnificent ice palace made entirely of ice stands in the snow.

Here, the wind and snow roared and the temperature was extremely low. The average warrior shivered as soon as he arrived here. However, the temperature outside was warm compared to the inside of this ice palace.

At this time, five figures appeared far away in the ice world and slowly approached the ice palace.

Under the leadership of Kang Sitong, the four of Wang Qiming climbed this snow-capped mountain. If Kang Sitong had not propped up a protective shield for Wang Qiming and the others, they would have been frozen into ice sculptures by the terrifying cold.

You know, even a master of the Emperor Wu level will be frozen in the cold when they come here, not to mention that Wang Qiming and Leng Wushuang are such low-level Wu kings.

Several people looked at everything around them, and along the way these days, they had gained a lot of knowledge and had a lot of understanding of Wuyu.

Seeing the Ice Palace hidden in the ice and snow from a distance, several people suddenly felt a little excitement in their hearts, and at the same time they felt a little awe. They didn't know what kind of person the Emperor Wu who lived here was.

I heard from the host of Kang Sitong that the other party is a consecrated man of Wanbaolou, and he rarely participates in Wanbaolou's affairs. He has been in retreat here. Only when Wanbaolou is in danger will he be invited out of the mountain.

Its high status is very terrifying. In a word, the elders of Wanbaolou headquarters must be cautious, and the opponent is also a well-known strong in the martial arts domain.

"Who came from?"

Suddenly, a deep and solemn voice sounded in the ice and snow, and that voice resounded in the entire valley like the voice of a god.

Wang Qiming and the others suddenly felt a powerful breath rushing towards their faces, as if the other party could kill them on the spot with just a thought.

Feeling the majesty exuded by the other party, Kang Sitong hurriedly looked respectful, and immediately knelt down to the ice palace in the snow, with a very respectful tone: "Respected Lord Xuanbing Wu, his subordinate is named Kang Sitong, Wanbao The core manager of the building."

Seeing Kang Sitong doing this, the four Wang Qiming also hurriedly knelt down.

I heard that it was from Wanbaolou. Emperor Xuanbingwu's awe-inspiring aura receded a little, and his voice was much softened, but he was still as cold as a knife, and said coldly, "Are the people in Wanbaolou now so unruly? The core manager dare to disturb the emperor's rest? Aren't you afraid of death!"

call!

Ling Li's severe cold swept over, and Kang Sitong's body was immediately covered with a layer of frost, and Wu Huang, the dignified peak, shivered in the severe cold, and his whole body was stiff.

He knelt down in a hurry, and said: "The subordinates dare not, the subordinates came on this trip to send a big gift to Lord Xuanbing Wu."

"Big gift?"

Emperor Xuanbing Wu's voice was ironic. He was a giant of the Martial Domain, the Supreme Envoy of Wanbaolou, and a small core manager, what kind of gift could he offer?

"Quickly retreat, the emperor will not blame the past, otherwise, he will never be merciless." Rumble's voice was majestic.

"I also ask Master Xuanbing Wu to listen to the next word." Kang Sitong gritted his teeth and finally ran here, how could he willingly give up.

"Hahaha!" The rumbling laughter echoed between the sky and the earth, and the whole snow-capped mountain rumbling, like an avalanche.

"You are so courageous, but because you still have some courage, I will give you a chance to speak, but..." Binghan's voice was as sharp as a sword, and said coldly: "If it were you I can't satisfy the emperor with his great gift, so I'm not going to blame the emperor for being merciless." Kang Sitong only felt that the endless cold was enveloping him, and even his soul wanted to freeze. The poster of Wanbaolou, found a few peerless geniuses in the lower four domains. He wanted to let a few people in the Five Elements Secret Realm, but was hindered by the governing elders. His subordinates heard about Xuanbingwu

The emperor has been searching for disciples, so he dared to bring a few people to see the emperor Xuanbing Wu, presumably the emperor Xuanbing Wu will be satisfied. "King Sitong knelt down and said respectfully.

In front of Emperor Xuanbing Wu, he did not dare to conceal the slightest. "Hahaha, I will be satisfied? What a big tone, are these few people around you? These four are less than 30, and they are already the mid-term peak, and even the late martial arts are not weak, but such geniuses are in my martial arts In

the domain, you can see it everywhere, right?" Emperor Xuanbing Wu's voice came from a vague voice, carrying

A trace of disdain and indifference.

"Master Xuanbing Wu, although their cultivation bases are average, it is because they cannot be cultivated in the lower four domains. In fact, except for one person with a talent value of more than 40, the rest are peerless with talent values exceeding 50. Genius!" Kang Sitong explained hurriedly.

"A peerless genius with a talent value of more than fifty?" Emperor Xuanbing Wu seemed a little unbelievable. After a while, I saw four crystals of talent flying towards Wang Qiming in the ice and snow all over the sky, falling in front of them, all bursting with dazzling light.

[Chapter 1386: Four Great Emperors](#)

This talent crystal is clearly more advanced than the one that Kang Sitong had previously brought out in Zhongzhou City. I saw a lot of sunlight blooming on it, and on the four crystals, dazzling numbers appeared.

Qin Ying: Fifty!

Leng Wushuang: Sixty-one!

Emperor Tianyi: Sixty-three!

Wang Qiming: Seventy-two!

All four of them exceeded fifty!

Rao was Emperor Xuanbing Wu, and he couldn't help being shocked. It was so terrible that all four of them were above fifty, and three of them exceeded sixty, and one even exceeded seventy, as high as seventy-two.

You know, his talent value was only sixty-two.

In general, geniuses with a talent value of more than fifty have already been collected by the major forces, especially in the Wanbao Building. As long as any genius appears, it will be taken over by the elders in the Wanbao Building.

And many of the geniuses come from the major forces in the military domain, and the relationships behind them are complicated.

The reason why Emperor Xuanbing Wu was only willing to serve as the supreme worshipper of Wanbaolou, and not as the elder in real power, was because he liked Xianyunyehe, independent of the Wanbaolou system, but in this way, he wanted to recruit more than fifty talents. Of course, the disciples are extremely difficult.

Moreover, Emperor Xuan Bingwu's apprenticeship was not only based on talent, but also on personality and cross-eyedness, so until now, he has never found a satisfactory apprentice.

Now that Kang Sitong brought four people at once, how could he not be shocked?

Although the four of Wang Qiming did not even reach the realm of Emperor Wu, and their foundation was a little weak, and they even took a lot of crooked paths in their cultivation, for Emperor Xuanbing Wu, helping them to correct their cultivation and martial arts couldn't be easier.

Their cultivation base is not high, and their auras are mixed, and they are not pure. On the contrary, they have confirmed the identity of the martial artists of the lower four domains, which means that they have not been branded by other forces.

"Well, you four, each show your own martial arts and moves, let me see how, Kong Sitong, you did a good job of this matter, no matter what the outcome is, this emperor will not blame it for this matter. You." Emperor Xuanbing Wu said with some appreciation in his tone.

Kang Sitong showed joy on his face and said, "You few, haven't you practiced in front of Lord Xuanbing Wu yet."

At the same time, he was shocked. He remembered that when he was in Zhongzhou City, Qin Ying's talent value was forty-five, while Leng Wushuang was fifty-seven, Ditianyi was fifty-nine, and Wang Qiming was seventy-one.

But now, the numbers of several people have actually improved a lot, and even Qin Ying has exceeded fifty. What is going on?

Did you make a mistake in the test at the beginning, or did their talents improve after entering the Martial Domain?

This is not impossible.

Rumor has it that in the four realms of the Tianwu Continent, the true energy of the heavens and the earth is thin, so there are many impurities in the martial artist's body, which are often unbearable, and their talents cannot be thoroughly stimulated.

Therefore, after some martial artists of the Lower Four Regions entered the Martial Region, their talents would naturally be improved because of the baptism of the purest Heaven and Earth True Qi. This has happened before.

"Yes."

The four Qin Ying also began to show their blood.

boom! boom! boom! boom!

In an instant, the four essences rose into the sky. Among them, Wang Qiming was the most. The terrifying sword-inspired aura rushed straight into the sky, forming a black heavenly sword, as if containing the supreme avenue.

Leng Wushuang and Di Tian came in second place, but Leng Wushuang was surrounded by countless snowflakes, and dressed in white, he looked rich and handsome, and he was exceptionally elegant and dusty.

Qin Ying is a bit worse, but she is also arrogant and introverted.

"Haha, good, good."

Amidst the laughter, a middle-aged man in white appeared above everyone's head. This person floated above the ice palace, like a god, blooming with brilliance, countless snowflakes lingering around him, as if he was holding the world. The gods are average.

As soon as he raised his hand, a transparent crystal floated in front of everyone, saying: "Er waits to use his own perception to urge this crystal."

"Yes!"

The four Wang Qiming urged them. When Wang Qiming, Di Tianyi, and Qin Ying urged them, the crystals only shimmered, not very gorgeous, but when Leng Wushuang urged them, the white awns bloomed instantly. , Covering everything, piercing eyes.

"The breath of this child is so consistent with the crystal of the ice god?" Emperor Xuan Bing Wu said with excitement, his eyes gleaming like a starry river, with divine light, and said excitedly: "What is your name."

"Disciple Leng Wushuang." Leng Wushuang hurriedly saluted.

"Very well, from today, you will be my disciple of Emperor Xuanbing Wu." Emperor Xuanbing Wu said overjoyed.

Kong Sitong was taken aback for a moment and hurriedly said, "What about the other three?"

Emperor Xuanbing Wu glanced around and said with a smile: "Although the three of them have amazing talents, they have no relationship with the emperor. However, the emperor has a few old friends who have not yet accepted disciples, so I can recommend them."

"Old friend?"

Everyone was stunned.

"Wait a minute!"

Emperor Xuanbing Wu laughed and raised his hand to send out a few messages.

Only a few hours later.

Boom!

Above the sky, there was a sudden roar, an aura that made Kang Sitong and the others almost suffocating, suppressed.

"Hahaha, Xuan Bing, your **** secretly sent a message saying that there is a good thing, what a good thing is, I have to wait for me to come in such a hurry."

The sound was deafening, as if the world were about to collapse, and immediately, with a bang, in the shocked eyes of Kang Sitong and others, the sky was directly torn apart by a huge gap. In the dark gap, the spatial turbulence flashed out wantonly. Dissipate the aura of destruction.

And from the crack in that space, three figures walked out, raising their hands and exuding a world-destroying aura. The turbulent flow of the space flickered around the three people, and they couldn't hurt them any bit.

"Tear the void, hiss, this is definitely a strong man above the level of Emperor Wu in the mid-term."

Kang Sitong was shocked and inhaled air-conditioning, only to feel a violent shock in his heart.

"Hahaha, Brother Crazy Dao, Brother Tyrant, and Sister Hongluan, what do you think of the three young people below?" Emperor Xuanbing Wu appeared in the world, smiling.

"what!"

The three people in the sky looked down, their eyes were like knives. Kang Sitong only felt that there was a galaxy collapse in front of them, and the thoughts in their minds could not flash. The other person could kill them like a look.

Especially the Emperor Wu who was leading the sword with his sword on his shoulders, with a look in his eyes, everything between heaven and earth disappeared instantly, leaving him alone.

"The Emperor Martial Sword, turned out to be Emperor Martial Sword..."

"There are also Tyrant Wu Emperor and Hong Luan Wu Emperor!"

"These three people are all top martial emperors who are not weaker than Emperor Xuanbing Wu. No, in terms of fame, Emperor Martial Blade is even higher than the other three."

Kong Sitong lowered his head, not daring to look up.

"These little dolls, eh!" At first, Emperor Mad Sabre just swept randomly, but when his eyes fell on Wang Qiming, he was shocked and his expression suddenly became shocked.

[Chapter 1387: Sword body](#)

call!

The Emperor Martial Blade reached out with one hand, and suddenly a terrifying sword intent aura formed between the heaven and the earth, and the sword intent enveloped Wang Qiming inside.

Hum!

Suddenly, Wang Qiming's body was filled with a grey knife-inspired aura, and the knife-inspired aura permeated. In his body, it seemed that there was a **** soldier gestating, and his body became emptied, as if it contained a peerless sword.

"This is... the sword **** body, it turned out to be the sword **** body!"

The Emperor Martial Blade was shocked and couldn't help laughing: "Haha, hahaha, I didn't expect that there really is a sword **** in this world. It's incredible, it's incredible, Xuan Bing, you found me a good disciple today. what."

Emperor Martial Sword trembling, his figure shook, and he came to Wang Qiming. The more he watched, the more satisfied he became, and the more excited he became, he said excitedly: "Boy, would you like to worship me as a teacher?"

The host of Kang Sitong was immediately extremely excited, and Emperor Wudi Crazy Sword took the initiative to accept Wang Qiming as his disciple. This...a great thing.

Crazy Blade Martial Emperor, one of the top martial emperors of the Martial Domain, is not only the worship of Wanbaolou, but also has a huge influence among other forces in the Martial Domain. Being able to be accepted by him is definitely something a swordsman dreams of.

Kang Sitong was excited to wait for Wang Qiming to agree directly.

Seeing that Wang Qiming was neither humble nor overbearing, he respectfully bowed, and then said: "The disciple is willing, but the disciple once received a great favor from a senior, and he is considered a disciple. Master, please forgive me."

"Oh?" Crazy Blade Wudi looked cold, and said, "Who is it?"

Kang Sitong suddenly stood up with his cold hair, Wang Qiming, Wang Qiming, what are you talking about in front of Emperor Martial Sword? In the martial arts, it is normal for a warrior to worship multiple masters according to different cultivation levels, but it is not necessary. Have to say it.

If it's another martial emperor, maybe it's okay, but the mad sword martial emperor has always been arrogant and conceited, and he least wants to teach the warriors who have worshipped other swordsmen. In the eyes of the mad sword martial emperor, only his sword is orthodox in the world, You say that, don't you have to trouble yourself?

Wang Qiming respectfully said: "This person claims to be the Supreme Sword Emperor. Although the disciple has never seen him before, but has been taught by him, he can be regarded as his disciple's teacher. The disciple dare not forget the teacher's teaching every day."

Back then, in the Secret Realm of the Heavenly Demon, the remnant soul of the Supreme Sword Emperor entered Wang Qiming's body, transformed it into a sword **** body, and taught him the supreme swordsmanship. Wang Qiming can break through to the late Martial King in just one or two years, and his cultivation can directly catch up with the adventure. Qin Chen.

Therefore, in his heart, Wang Qiming believes that the Supreme Sword Emperor is his first master, who will never be forgotten.

"What, Supreme Sabre Emperor? You mean Supreme Sabre Emperor?" Crazy Sabre Emperor Wu's face changed drastically, and the whole snow-capped mountain trembled instantly, like an avalanche.

"Brother Crazy Blade, if you go on like this, you will have to tear down this emperor's Snow God Palace." When Emperor Xuanbing Wu raised his hand, he blocked the aura naturally escaping from Emperor Crazy Blade, and said with a wry smile.

"Who is this supreme sword emperor?" The Tyrant Wudi on the side looked puzzled, and it was the first time he saw such an expression on the face of the crazy sword emperor.

Mad Sabre Martial Emperor did not explain, but stared at Wang Qiming and said: "The Supreme Sabre Emperor is an ancient sword master, how can you get his teaching?"

"The disciple was in a secret realm and had some inheritance, so I dare not forget it."

"You actually got the inheritance of the Supreme Sword Emperor. No wonder the aura on your body seems to be mixed, but in fact, it directly points to the essence of the sword." The Mad Sword Emperor suddenly realized, and at the same time was extremely excited.

He is not a swordsman, unable to understand the horror of the Supreme Sabre Emperor. This person is the person with the strongest swordsmanship in the ancient times on the Tianwu Continent. He even almost managed to break through the void and enter the legendary heaven. The core Taoism is what the Supreme Sword Emperor left behind.

This person has made an indelible contribution to the Dao of Tianwu Continent.

It is a pity that the news about the Supreme Sword Emperor, the Mad Sword Emperor Wu also found some in some ancient documents in the forbidden area, as for the others, they have been lost in the long river of history.

Unexpectedly, today I saw a young man who was inherited from the Supreme Sword Emperor. How could he not be excited?

In the eyes of Emperor Mad Sabre, the Supreme Sabre Emperor is an ancient powerhouse. Even if it is passed down by inheritance, it is probably just some vague information. After all, the ancient times are preserved to the present, and almost no inheritance can be passed down perfectly.

What Mad Sabre Wudi is more concerned about is the fact that Wang Qiming has been inherited by the Supreme Sabre Emperor. This shows that Wang Qiming's talent for swordsmanship is recognized by even the ancient Supreme Sabre Emperor. If he is such a genius, if he does not accept him as a disciple, he will regret his life. .

On the other side, Emperor Ba Jue Wu also took a fancy to Di Tianyi.

Di Tianyi was also inherited by the ancient powerhouse in the mysterious realm of the heavenly devil, and the overlord meaning revealed on his body made the Tyrant Wu Emperor love it.

As for Emperor Hongluan Wu, he fell in love with Qin Ying.

Although Qin Ying's breath was the weakest, it was in the eyes of Emperor Hongluan Wu.

"Hahaha, don't just stand here and talk. It's better to follow the emperor into the palace and sit." Emperor Xuanbing Wu smiled and invited, then looked at Kong Sitong: "Your Excellency, come in and sit."

"Subordinates obey." Kang Sitong was overjoyed and hurriedly bowed.

Then, he looked at Wang Qiming and said: "Go, I'll wait to go in."

As he said, he removed the Zhenyuan protection that was covering the four of them, and the sky full of snow fell suddenly.

When the four Wang Qiming saw the protection of Zhenyuan withdrawn, they were already ready to face the severe cold. Unexpectedly, even though the flying snow fell on their faces and bodies, they couldn't feel the cold at all. On the contrary, like the spring breeze, they couldn't help showing a look of surprise.

But seeing Emperor Xuanbing Wu smile, walking ahead, all the wind and snow in front of him actually gave up a path, and then I realized that the ice and snow on this ice mountain should be under the control of Emperor Xuanbing, so they will not feel the cold.

Leng Wushuang's heart is filled with awe and excitement by this power of controlling the world. With this master, he will surely get him to advance by leaps and bounds on the road of martial arts.

In the Snow God Palace, Emperor Xuanbing Wu also learned of the purpose of Kang Sitong's visit.

"Kang Sitong, you go back first. After half a month, this emperor will let Leng Wushuang and the others return to Wanbaolou and enter the Five Elements Secret Realm. This emperor wants to see, this emperor's disciple, who dares to stop them."

"Hmph, if the guard elder of Wanbaolou dares to prevent my Crazy Sabre disciple from entering the Five Elements Secret Realm, see if this emperor does not cut off his dog legs." Crazy Blade Wudi snorted coldly. Emperor Hongluan Wu also said: "You go back first. I will wait for these four people to accept disciples. I will personally inform the Wanbao Lou high-level staff. You don't need to inform me. As for the Five Elements Secret Realm, it will be opened after half a month. The cultivation base of these four people is still a bit rough. We will carefully teach them in the past half month, so that after entering the Five Elements Secret Realm, they will get even greater promotion."

[Chapter 1388: This son is crazy](#)

With the guarantee from Emperor Xuanbing Wu and the others, Kang Sitong rejoiced in his heart, and then retired respectfully, and at the same time passed the information to Qin Chen as soon as possible.

Although Emperor Xuanbing Wu received Leng Wushuang and the others, Kang Sitong actually benefited. There were four Emperor Xuanbing Wu as backers. In the future, in Wanbaolou, I am afraid that he will be the elder of the headquarters, and he should be kind to him.

It is different from Wang Qiming and the others having trouble in Wanbaolou.

Under the operation of Master Ouyang Zhengqi, he successfully recommended Zhao Lingshan and others to Dange's genius training camp, and directly received the top training.

In the Pill Pavilion, Qin Chen, who had received the news, breathed a sigh of relief.

Zixun and the others settled well, then he was relieved, and at the same time he fell into retreat.

The time was hurried, and three months passed.

During this period, no one was making trouble for Qin Chen, even Ling Yi was silent, thinking that he had put the murderous intent into the Guyu Realm.

Qin Chen was not afraid. If Ling Yi and the others were acquainted, it would be okay, but if they dared to do something to themselves in the ancient Yu realm, they would be the unfortunate one.

On this day, an astonishing roar suddenly sounded in the palace, which reached everyone's ears.

"All the disciples immediately gathered after hearing the order, and then set off to Guyu Realm."

Qin Chen, who was in retreat, suddenly opened his eyes, and a smile was drawn at the corner of his mouth: "After waiting for so long, Guyu Realm is finally about to open."

Whoosh whoosh!

In the palace hall, a famous warrior flew out and gathered in the palace hall.

This time apart from many Pill Pavilion Tianjiao, there were even many middle-aged powerhouses, these people, each with extraordinary aura, were all Wuhuang cultivation bases.

In addition to allowing King Wu to break through to Emperor Wu, Guyu Realm can also allow many Emperors to quickly improve their cultivation bases and enter the realm of the peak of the late Emperors with the shortest speed.

In fact, Tianjiao is only a part of the candidates in the ancient Yu world, accounting for only one-third of all the quotas, and more of them are actually Wuhuang strong.

I saw that after many geniuses came out, they stood with some of the Wuhuang experts in the Pill Pavilion. Obviously, they were very familiar with each other. The only exception was Qin Chen and the three people. They were very embarrassed to leave the Tianjiao group.

Ye Mo and Yan Jidao looked at each other and had to bite the bullet and approach Qin Chen.

Although the two of Qin Chen's character and behavior are very uncomfortable, in this foreign land, I have to say that Qin Chen's strength and talent inexplicably attract the two, and he is the leader.

"Go, get on the battleship. Although Guyujie is not far from here, just in case, everyone will go by battleship."

Old Gu appeared beside the three of them and reminded them.

A group of people boarded the battleship one after another.

The battleship is very large, but because of the large number of people, the location is just enough.

The Qin Chen trio randomly found a seat and sat down. Before the chair was warmed up, a Tianjiao came over and said coldly: "You three, sit back."

With a proud look, he looked down at the three Qin Chen and immediately attracted the attention of many Wuhuang experts.

"These three boys are the three geniuses selected from the lower four domains?"

"Hehe, the people in the lower four domains don't sit obediently until the end. They dare to sit in the middle, aren't they asking for trouble? I don't know how to act low-key."

"Hey, I've heard that Ouyang Zhengqi also asked Saint Maiden Ouyang Nana to take care of one of the three, a kid named Qin Chen. This is the rhythm of preparing to introduce someone."

"Can Saint Ouyang Nana agree? Ouyang Zhengqi is not always confused, right?"

"Haha, Ouyang Nana would naturally not agree. It is said that there was a conflict. Who knew that instead of driving the kid away, a lot of imperial medicine was cheated away."

"Is there anything else?"

Everyone laughed, watching the excitement, with scrutiny in their eyes.

The Emperor Wu who can enter the ancient Yu realm will naturally not be an ordinary Emperor Wu. He was also the arrogant man of the Dan Pavilion back then, and now he is the core backbone of the Dan Pavilion, and his mentality is naturally high.

Especially for Qin Chen and other geniuses from the Lower Four Realms, they naturally disdain, but Dan Pavilion's decision is not easy for them to refute. Now they can see a good show, but they also talk about it.

Feeling the gazes around, Ye Mo and Yan Equator were immediately ashamed, they couldn't wait to find a place to drill down, and looked at Qin Chen at a loss.

Qin Chen leaned on the back of the chair, closed his eyes to rest his mind, and wandered freely. Ye Mo and Yan Equator had planned to go back, but now they didn't know what to do.

"Why, let you go to the back, didn't you hear it?" The arrogant snort that day, his eyes suddenly became cold.

He had been in retreat until he had just left the customs, so naturally he didn't know what Qin Chen was competing with Ouyang Nana, his posture was very high.

"Where did the dog come from? It's barking here, isn't this Dange's battleship? Isn't anyone keeping the door, all mad dogs in?"

Qin Chen glanced at the other side obliquely and said lightly.

There was momentary silence on the court.

What did they hear? The genius who scolded Dange is a dog, is this too crazy?

Many Wuhuang emperors were also stunned, stunned, mad, too mad, really young and fearless.

"What are you talking about?" That arrogant face instantly sank, and murderous intent escaped from his body, his eyes fixed on Qin Chen's trio.

Ye Mo and Yan Chidao on the side turned green. This was a disaster. The two of them were panicking to death. They both said: It's so miserable, how come I'm going with that Qin Chen? Isn't this asking for trouble?

Qin Chen didn't even look at the man, and said speechlessly, "This dog is not only crazy, but also deaf. I can't hear it so loudly!"

"you wanna die!"

That day arrogance suddenly furious, bang, palms stretched out, a light of spirit bloomed, and came towards Qin Chen.

"stop."

A cold drink rang out, but an imposing middle-aged man walked out.

This person seems to be only in his early forties, but the aura on his body is so strong that he has reached the late stage of the eighth stage and he is not angry.

Moreover, his aura is very strong, even though he is only the Martial Emperor of the late eighth stage, but the oppression given to people is even higher than that of Gu Lao, who is the peak of the late eighth stage.

"What is noisy? This is the Dange battleship, how decent it is." The man sneered, not angry and pretentious, even the Wuhuang strong in the battleship was a bit solemn.

"Master Situ Wu, I just want these three untouchables from the lower four domains to sit behind, and he took the place where I was waiting." Pride stopped taking action that day, and said nervously.

It can be seen that Emperor Situ Wu held a very high position in the Dan Pavilion, and there was silence in the battleship.

"Occupy your position? Has your name been written on this position?" Qin Chen sneered.

"I....."

That day pride did not know how to refute.

"Well, the battleship will be turned on immediately, and go back to your seat, otherwise don't blame my Situ for being so kind." Situ Wuhuang snorted.

"You wait for me." That day, Qin Chen glared at him with arrogance, and he sat in the last position sadly.

"Stupid." Qin Chen sneered, attracting weird glances from everyone. This is crazy!

[Chapter 1389: Something will happen sooner or later](#)

A small storm disappeared, and the warship set off quickly. Along the way, many people looked at Qin Chen frequently.

I have to say that Qin Chen's previous actions were crazy, even mad to the limit, with inexplicable domineering.

But everyone looked at Qin Chen with a hint of pity.

This son, perhaps still being complacent about his awe-inspiring performance just now, but unfortunately he still doesn't know what he is about to face.

The Dan Pavilion is a large organization and a large force, in which the power is distributed and there are many hills.

And since there are many hills, there are naturally conflicts, and various intrigues between each other.

The person Qin Chen scolded before was named Liang Guanghao. Although the Liang family was not a big family in the Dan Pavilion, it had some foundations. Qin Chen scolded him so much in front of so many people. How could the Liang family give up?

By the time he enters the ancient Yu world, he will only be unlucky.

However, naturally no one would remind Qin Chen about this matter. The three Qin Chen from the Lower Four Regions were not regarded by the masters of the Pill Pavilion in the Martial Region at all. In their opinion, Qin Chen and the three were just walking. The three guys who got lucky, it doesn't matter.

"Haha, this Qin Chen is really crazy, is there not enough people who are afraid of offending? I don't know whether to live or die." Not far away, Ling Yi glanced at Qin Chen and sneered.

"Ling Shao, take a look, that Qin Chen can enter the Guyu Realm alive, but may not be able to come out alive." Next to Ling Yi, a young man smiled, with red lips and white teeth, a handsome face, a smile, but a little Gloomy.

Upon hearing this, Ouyang Nana frowned and glanced at Qin Chen, not knowing what to think.

Behind the seat, Liang Guanghao kept staring at Qin Chen, his eyes resentful, and he made no secret of his resentment and killing intent.

Being stared at by the gazes with many meanings around them, and the faintly whispering, Ye Mo and Yan Equator sitting beside Qin Chen couldn't help feeling a little fidgety, like sitting on pins and needles.

The misfortune was caused by Qin Chen, but these weird gazes engulfed all three of them, and the two screamed innocent in their hearts, feeling that they were wronged.

Why did Qin Chen provoke them? Who provoked whom?

Turning his head and looking at Qin Chen, he suddenly became even more martial artist. The two of them were extremely anxious and fidgeting, but Qin Chen looked like a okay person, closing his eyes and resting. This is really...

People want to scold their mother.

"Qin Chen, can you keep a low profile in the future? This is Wuyu, and if you do this, something will happen sooner or later." After a long while, Ye Mo couldn't help it, the voice transmission said.

"Yeah, if you did this, it hurt both of us miserably. It's okay if you want to die, but please don't drag us!" Yan Equator said, his temper is obviously more irritable than Ye Mo, and his speech is naturally more unpleasant. Is direct.

Qin Chen opened his eyes when he heard the words, looked at the two of them weirdly, without speaking, just staring like that.

"What are you looking at, did you hear what we said?" Ye Mo and Yan Chidao were so furry and goose bumps were all over Qin Chen's gaze, and said angrily.

Qin Chen said indifferently: "If you feel tired by me, just sit behind you, I didn't say you want to sit next to me, right?"

"you....."

Yan Equator is anxious.

Is this a question of whether to sit back or not? Even if they don't sit with Qin Chen, Qin Chen keeps pulling hatred here, as they are also from the lower four domains, they will also be angry.

"What's your attitude, the three of us are all from the lower four domains, we will all be prosperous, and we will lose everything. Even if we sit behind, do you think we will not be angered to us? We need your guarantee that we will not cause trouble in the future." Yan Equator angered.

"Haha." Qin Chen chuckled and shook his head slightly.

"What are you laughing at!"

Seeing that Qin Chen didn't care about it, Yan Chidao suddenly became even more angry.

Qin Chen glanced at both Ye Mo and Yan Chidao, sighed, and shook his head: "I laughed at both of you. I can stand out from the Lower Four Domains Pill Dao Competition. I was originally considered a great person. , How beautiful, how proud, pretentious, high above."

"But after I came to this Martial Domain, I didn't do anything. I was already scared like a quail, trembling, and didn't even dare to breathe. The so-called genius, are these two people like this?" Qin Chen snorted, "You keep talking. Speaking of Wuyu, what about Wuyu? In comparison with Dan Dao, Qiu Tian, Yu Sihui, Kui Xinyu, are they also from Wuyu? They were still cut off by the two and left ashamed. The two were proud at the time. Very, how come here you become a tortoise

? "

"You..." Yan Chidao's face flushed, but he didn't know how to refute, but said angrily: "This is different."

"Oh, why is it different?"

Yan Chidao's face flushed, and said, "Qiu Tian and the others can't obtain the qualifications of the ancient Yu realm before they come to the four realms. And these people here are all outstanding in the Wuyu Dange. Any one is better than Qiu Tian is much better than them, can they compare?"

"Well, at this point, everyone here is better than Qiu Tian and others, but so what?"

Qin Chen's eyes became cold, and he said solemnly: "Martial artist, he is going against the sky, how can he be timid before fighting?"

"I took a look. The vast majority of geniuses here are indeed better than the two. However, these people were born in the martial arts since they were young and enjoy the top treatment. All kinds of resources are several times and countless. Ten times with us, but the result?"

"Both of them have seen it too. The vast majority of the so-called Dange geniuses are nothing but the Martial Kings at the peak of the late stage 7, how much better than the two?"

"And the two can rise up in such a poor place in the Lower Four Regions. With scarce resources and lack of everything, they have reached a position that is almost equal to them? What kind of talent is this? Perseverance and hard work?"

"But how about the two?"

Qin Chen sneered, "It's just that the martial arts genius is a genius, so I don't even dare to fight with it. They only promise and tremble, so what is the purpose of the two coming to this martial arts?"

"If two people really feel that they are inferior to them, then I can give them two suggestions. One, go back to the next four domains, don't be embarrassed here, and two, quickly climb over like a dog and hug tightly. A thigh lingers in this Martial Domain Pill Pavilion."

"But if this is the case, the future of the two will only be the same. In this life, they will only become a dog at the feet of others, and even for generations, they will not be able to escape the fate of being a dog. Hehe, maybe the owner is happy. Wouldn't it be nice to be rewarded with a piece of bone?"

"But if you two don't want to be dogs, then stand up your spine." Qin Chen's eyes burst out with an inexplicable sharp light, which pierced Ye Mo and Yan Qidao not even daring to look at them. An unprecedented shock.

[Chapter 1390: Chongbingge](#)

Qin Chen said coldly: "We are from the Lower Four Realms. Although we are distinguished by our identities, people are not distinguished by them. Take out your arrogance, courage, determination and domineering in the Lower Four Realms, and let this martial arts Dange see it. Look, you guys are geniuses, not untouchables, let alone rubbish."

"People, only if they can value themselves, others can value you!"

"I can say it all. You two consider it for yourself. If you want to leave, get out and don't disturb Ben Shao's practice here."

"Being a man and a dog, you choose yourself."

After speaking, Qin Chen directly closed his eyes and ignored the two.

Quiet!

silence!

Ye Mo and Yan Equator's throat moved, but they couldn't say a word. They just glanced at each other, shocked in their eyes.

Gradually, a ray of flame slowly rose from the eyes of the two of them. The flame grew bigger and bigger, and in the end, it turned into a huge flame and burned.

Being a man and a dog?

The words that are hard to listen to, and the blatant warnings, speak out the reality, the entanglement between the two of them, and the confusion after they arrived in the Martial Domain.

Here, no one respects, no one can afford to look at them, no matter who it is, look at them with contempt, with disdain, and arrogance.

It seems that people from two worlds, although standing under the same sky, are very close to each other, they are as far apart as one world.

That kind of contempt, that kind of disdain, they have seen enough, and have had enough.

Who are they?

The No. 1 Dandao genius in the East Continent!

The first alchemy genius in South China!

Is it easy to fight between two big domains?

How much pain has been experienced, how much sweat has been shed, and how much effort has been made, who can know? Who can understand!

I thought that when you came to Wuyu, you would be respected, but what was the result?

Why are these guys looking at them with such scornful eyes, full of disgust, full of disgust, can it be that they were born in the Martial Domain since they were young?

No, they are not convinced!

If people can stand high, who wants to bend over to be a dog?

They originally thought that if they didn't cause trouble, they were obedient and low-key, they would gain respect and recognition.

But they were wrong. The three months of living in the palace made them understand, even if their posture is low, low in the dust, in the eyes of others, they are just rubbish, just two pariahs who have gone for good luck.

"Ah!"

Ye Mo and Yan Equator gave a wry smile, their eyes sparkling.

Qin Chen's words were like a heavy hammer, ruthlessly breaking their fantasy.

Face and respect are never obtained by the mercy of others, but by one's own hard work and hard work.

At this moment, there seemed to be two flames burning in their hearts, which could not be extinguished, like a single spark, igniting wildly.

"Qin Chen...no...less dust!"

Ye Mo and Yan Chidao looked over, and their eyes burst into the light of the two who came to the Martial Domain for the first time.

"thank you!"

They whispered softly, as if they were whispering, but also as if they made the strongest oath to themselves.

For a long time, Ye Mo and Yan Jidao were not convinced by Qin Chen, and even Yan Qidao had a faint hostility towards Qin Chen. Even if Qin Chen won the first place in the alchemy competition, their hearts were towards Qin Chen. , Still a little dissatisfied, after arriving in Wuyu, even became dissatisfied.

why?

Isn't it because Qin Chen is from the Northern Sky Territory?

In their eyes, the Northern Heaven Territory was an impenetrable countryside and a wild land in front of the South China Territory and the Eastern Continent Territory.

How similar is their mentality to the geniuses of Wu Yu at this moment?

But now Qin Chen's words completely woke them up.

What identity and origin are all false.

Who said that the strong cannot rise from the grass and the dragon cannot rise to the sky for nine days?

They are not satisfied!

The two looked at each other, their eyes burning, full of fighting spirit.

Then, he turned around at the same time, stopped talking, just closed his eyes, and started practicing.

On the side, the corner of Qin Chen's closed mouth was slightly curved.

Both Ye Mo and Yan Equator had talents, but their mentality was not adjusted.

Perhaps in the eyes of Ye Mo and Yan Chidao, Qin Chen is their rival, but in Qin Chen's eyes, the two are more like two juniors.

There is only this he can do. If the two of them can't wake up, then he can't help it. As for how far the two can go in the future, they can only see themselves.

Qin Chen continued to practice with the movement of true essence in his body.

It is one thing to be able to improve a little strength.

The Guyu Realm was very close, and the speed of the ship was astonishing. Only a day later, it came to the outside of the Guyu Realm. This is a wilderness, deep in the wilderness, with layers of mist, and inside is the Guyu Realm.

No one knows how this mist was formed. Some people say that this mist was caused by the broken and dissipated ancient formation outside the ancient Yu boundary.

It is also said that this is a mist of space formed when the secret realm of the ancient Yu world connects with the space of the Martial Domain.

Others believe that the Guyu Realm is too powerful, and this fog is used to buffer the space collision between the Guyu Realm and the Martial Realm and prevent the space turbulence of the Martial Realm.

There are many explanations, but there is no authoritative statement.

But the only thing that is certain is that once the ancient Yu world is opened, a passage will be opened in the mist in front of everyone. In addition to entering from this passage, any warrior who enters from other parts of the mist will lose his mind and be raged. Space turbulence beheaded.

The strong Wudi is no exception.

There were once Wudi strong men who tried to find another way out from the mist. For thousands of years, everyone has known that at least a dozen Wudi strong men have tried this way, but none of these people have survived.

Therefore, everyone must enter through the entrance to return safely. After arriving at the place, the battleship slowly descended. I saw that more than one battleship was parked here, but at least dozens of them. Each battleship was hung with a different flag and painted in a different color. The weird thing is that with the exception of a few different warships, most of the remaining warships

They are almost exactly the same.

Ye Mo and Yan Chidao were puzzled, and after asking Old Gu, they realized that these warships weren't built by various forces themselves, but bought from people.

Chongbingge!

This is a top force in the military domain, but unlike ordinary forces that use war as a means of expansion, it does business and sells all kinds of weapons, from treasures and real treasures to large warships. Can be built.

Compared with Wanbaolou, which does everything in business, the Heavy Arms Pavilion only deals in weapons. Therefore, there are rumors that its backstage is a joint force such as the Hall of Arms and the Association of Masters.

However, the Qidian and the Formation Mage Association denied it, saying that although they had a relationship with the Heavy Armed Pavilion, it was only a cooperative relationship.

This is an unknown terrorist force, and unlike Wanbaolou, it doesn't like to show up very much, but its accumulated wealth is enough to make the top forces of the martial arts jealous. But there is absolutely no force that dares to covet it. This is the force that has mastered the large-scale war machine, without full assurance. Who dares to insult them?
