[Chapter 1391: Tianjiao's Confidence](#)

"Wuyinmen, Qingdi Mountain, Ancient Fangjiao, Long Family, Changhe Xiao Family, Death Demon Sect, Heavenly Ghost Sect, Teng Family..." Qin Chen glanced over and stopped on every battleship.

He had heard of many forces in it in his previous life, but what shocked him was that there were still many forces in it that he had never seen before.

In three hundred years, the changes in Wu Yu were so great that he couldn't believe it.

It is necessary to know that a normal force that has passed on for thousands of years is considered short. Some top forces in the martial arts will often pass on for thousands of years, even tens of thousands of years.

But now, he is actually unfamiliar with many forces. How terrible is this?

"In the past three hundred years, what has happened in Wuyu?"

Qin Chen was shocked, but he did not dare to ask, he did not even dare to show the strange color.

His current status is just a genius from the lower four domains. If he performs too much, he will surely arouse everyone's suspicion.

At this time, Elder Gu and the others were also admonishing that in the Guyu realm, never offend people. The best way is to stay in the place where the Dange geniuses practiced together for three years.

There, there will be Wuhuang powerhouses, and there are generally no accidents.

Everyone in Dan Pavilion disembarked from the ship, which naturally attracted the attention of everyone on the court.

No matter what, Dan Pavilion is after all one of the top forces in the mainland, with a prominent reputation.

In a short while, countless people have gathered on the wasteland in front of Guyu Realm.

Among them, two-thirds of Wuhuang are strong, everyone is unfathomable, and they are the mainstays and core figures of the major forces.

In addition to these powerhouses, there are many young people and young men and women who are the representatives of the most powerful forces entering this place. They are all elites!

It can be seen that everyone's aura is extraordinary. When placed in the next four domains, they are all against the sky. The weakest one is equal to Ye Mo and Yan Equator.

Some of them have brilliant radiance and extraordinary physique.

There was a young man who was dark and mature a bit early, with bronze-colored muscles and shiny, like a humanoid beast.

There is also a young man, young and handsome, dressed in white, wherever he goes, the true energy of the heavens and the earth will move with him, which is the body of all laws.

There is also a woman, like a fairy in Yaochi, who does not eat the fireworks in the world, wins snow in white, elegant and ethereal.

These people are obviously the seed disciples, saint sons, saint women, or heirs of the family, no matter where they go, they are held in the moon by the stars and shine brightly.

Ye Mo and Yan Equator's auras are extraordinary, but in front of them, they are like fireflies and Haoyue, which can not be compared, showing shocking colors.

If it were before, the two might be ashamed of themselves, but after experiencing Qin Chen's guidance, although they were shocked in their hearts, their eyes became calmer, as if flames were burning.

The peerless genius cultivated by the power of the Wuyu clan is now better than them. That is also common sense, but who knows the way forward?

Wuyu is a place that creates miracles. If you are not a child of a great education, you will definitely become the emperor of Wu. On the contrary, there are countless ordinary casual cultivators, becoming extraordinary, and establishing sects.

"This is the Tianjiao of Wuyu, do you feel the gap? Also, how strong is the genius of the next four realms? When it comes to Wuyu, I am afraid that I am not even qualified to carry shoes."

Someone approached and said with a smile, in a slow tone.

"Have you seen the few people at the core? They are all the top talents of various religions. Some of them have long been able to enter the realm of Emperor Wu, but they have been suppressing their cultivation base, just to be able to be in this ancient Yu world. , Accumulate more."

This person is Liang Guanghao's friend, and he seems to speak casually, but in fact he vents his breath, high above him.

Ye Mo and Yan Jidao glanced at this person, without words, just turned and left.

"An ant is an ant. Even the most powerful ant can only look up in the face of the dragon." The man said again, his tone of disdain, and the corner of his mouth sketched a scornful smile.

"We are not worthy to carry shoes, but you seem to be complacent about being able to carry shoes for the other party. The dignified Dange genius is so self-deprecating, how ridiculous." Yan Chidao stopped and turned his head.

The sound was not loud, but it was clearly heard by everyone in Dan Pavilion.

"You... don't know good or bad." The man was angry, haunting murderous, purplish-faced, embarrassed, and said angrily: "You stop me."

Ye Mo and Yan Equator ignored them, and went straight to the other side, so angry that the other side almost jumped.

I thought that Ye Mo and Yan Equator were good bullies, so they deliberately ridiculed them and used them to insinuate Qin Chen. Unexpectedly, in front of these two people, they were actually flattened.

"Damn it, even you two dare to be so presumptuous? The untouchables of the lower four realms don't know how old they are. If they don't teach you a lesson, they don't know who they are."

The man was angry and slapped it.

Yan Equator's eyes were cold, and he turned and palmed his back.

boom!

A fire broke out, Yan Equator kicked back ten steps, but the man was not well, he took five or six steps back, his face pale.

"As a Dange genius, but sneak attack, is this your arrogance?" Yan Chidao coldly shouted.

"what!"

The other Dan Pavilion geniuses who had read jokes around were all surprised and suspicious.

I remember these two boys, who have been very low-key for three months, and they are only a promise, why are they so aggressive all of a sudden? Have you taken medicine?

"You..." The man was angry, blood surged, and under his palm, he couldn't take down the untouchables of the lower four realms. He only felt that his face was bleeding, and he was abnormally embarrassed. The true essence in his body gathered and shot again. .

"I come!"

Ye Mo stepped forward and shot for Yan Equator.

"boom!"

The fists collided, and only this time, Ye Mo only retreated four or five steps, but he actually retreated five or six steps, more than Ye Mo retreated.

A vigorous true essence surged in his body, qi and blood surged.

"Your strength is nothing more than that." Ye Mo said coldly.

"impossible!"

The man was so ashamed that his face became dry, and he wanted to find a place to sew and drill down, "Ah", he roared and wanted to make another shot.

"enough."

There was a loud shout, and it was Situ Zhen yelling, "This is the Guyu Realm. You wait here to do it, what kind of decent way you are. If you dare to go wild, this emperor will directly deprive you of your Guyu Realm qualification."

Situ is really angry, these guys are really uneasy, don't you have any clues about where is this place? Do you dare to do it here, do you want Dan Pavilion to become a joke of the major forces in the Martial Domain?

That day, I was frightened and sweated suddenly, not daring to argue, turned and left.

Ye Mo and Yan Jidao looked at each other, and they only felt that they had never felt refreshed before, and their minds instantly became extremely ethereal and transparent, as if some shackles had been broken in their bodies, they were extremely refreshed.

"What Shao Chen said is true. The so-called Dange genius is actually nothing more than that."

Ye Mo and Yan Chidao both smiled.

If the two of them once were like old men with their waists hunched, then at this moment, the two of them are like young people who have straightened their spine, overflowing with unprecedented confidence.

This is... Tianjiao's self-confidence!

[Chapter 1392: Phantom](#)

Many Dange powerhouses flickered, and they felt that Ye Mo and Yan Equator seemed to be a little different.

"Brother Liang..."

On the other side, he returned to Liang Guanghao that day, looking ashamed.

"Hmph, I can't even deal with the next four domains." Liang Guanghao snorted, making that day even more embarrassed: "It seems that I still have to figure out a solution by myself."

Liang Guanghao came to Dan Pavilion Yiwu Emperor and whispered: "Fifth Uncle, after arriving in the Guyu Realm, kill these guys!"

"No, kill the genius of Pill Pavilion, do you want to die? If it is discovered, my good family can't bear the responsibility, don't mess around." The Emperor Wu solemnly warned with a serious expression.

Although Liang's family has some power in Dan Pavilion, it is only a small and medium power. His trip has finally gotten a place to enter the Guyu Realm. How could he be wasted on such a meaningless fight.

"Uncle Wu, are you just looking at your nephew being humiliated like this?" Liang Guanghao said unwillingly.

"Unless the Ling family and other masters are invited to take action, you will not be afraid of Dan Pavilion's punishment, otherwise it will be very troublesome, don't cause trouble to the family." Liang Family Wu Huang warned.

"Yes, I will go to Ling Yi. Brother Ling even wants Qin Chen to die. As long as Xu Yi benefits, the other party will definitely agree!" Liang Guanghao's eyes brightened.

The Ling family is an extremely powerful family in the Wuyu Dange. Although it is not as good as the Ouyang family, it is much stronger than their Liang family and has a huge right to speak.

Furthermore, he later heard of the conflict between Ling Yi and Qin Chen, and thought that Ling Yi wanted to kill Qin Chen even more than him.

"Well, I'm going to find Brother Ling now." Liang Guanghao said coldly.

He firmly believes that as long as Ling Yi is willing to make a move, Qin Chen and the others will definitely be finished, and there is no good end.

Because, the Ling family had three martial emperors entering the ancient Yu realm this time, and one of them had even reached the mid-term peak, which was extremely extraordinary.

As long as the Ling family is willing to take action, kill Qin Chen, but in a blink of an eye.

"You can go to Ling Yi, but you must not do anything, don't leave any handle." Liangjia Wuhuang warned, a little wary, he heard about Ouyang Zhengqi asking Ouyang Nana to take care of Qin Chen, for this little thing, it's really unwise to put yourself in.

"Uncle Wu, don't worry." Liang Guanghao's eyes flashed with cold light, and he quietly found Ling Yi.

He was a little horrified at first. Ling Yi was the proud son of heaven. His status and status were above him. He didn't dare to be presumptuous. He was a little bit low-pitched.

"It's a trivial matter. That kid is arrogant here. Unless he doesn't leave once in three years, Young Master Ben will definitely prevent him from coming out alive. As for the two people around him, it's just a matter of solving it." Ling Yi smiled coldly: "But don't forget the benefits you promised earlier."

"Don't worry, Young Master Ling, I won't forget it naturally." Liang Guanghao said excitedly, his eyes cold.

The two of them were talking here, glancing at Qin Chen from time to time, and naturally, Ouyang Nana could see clearly.

"Boy, although I don't know why my second uncle valued you very much, but I won't obey the second uncle's order. When I arrive in Guyu Realm, don't think I can take care of you." Ouyang Nana came to Qin Chen and said.

Qin Chen was a little stunned, this guy suddenly came to tell himself what this is doing?

Before the doubts settled, I heard a voice ringing in my ears, "Boy, be careful when you are in the Guyu Realm. It is best to stay with the big team of Dan Pavilion and don't walk around, otherwise something goes wrong. Don't blame me for not reminding you. ."

It was Ouyang Nana who was secretly transmitting.

Qin Chen was surprised, Ouyang Nana unexpectedly reminded herself, did the sun come out from the west?

He didn't know that although Ouyang Nana could not understand him, she just didn't want to follow Ouyang Zhengqi's orders and take care of him. She just wanted Qin Chen to stay away from herself, but she didn't want Qin Chen to fall into the ancient Yu world. in.

"Hehe, don't worry, you are so long and have such a big temper. Who wants you to take care of me, think I like self-abuse?" Qin Chen said, while glancing at Ling Yi and Liang Guanghao in the distance, thoughtfully, Secretly transmitted: "Why, come here to remind me that you are not in love with me anymore?"

"You die for me." Ouyang Nana staggered, almost vomiting blood with anger, it turned out that the dog couldn't vomit ivory.

Rumble!

At this time, a huge roar suddenly came from the sky, it was a battleship.

During the previous conversation between the two sides, there was constant power coming, but most of the battleships were unremarkable, but this battleship was extremely large. In terms of size, it was at least twice as large as a normal battleship.

"Imperial Class battleship!"

"Top power!"

The face of the people below changed color, this is definitely the arrival of a top power.

There are many types of warships: Imperial Soldier, Shen Soldier, and Emperor Soldier.

Among them, most of the battleships of the forces are only the Shenbing level, which can block any attack at the Nine Heavens Wudi level. After all, battleships are only used for travel.

But the battleship in front of him was of the Emperor Soldier-class, representing this class of battleships. Even Jiutian Wudi's attacks could be blocked, and even the attacks on the battleship could hurt the Jiutian Wudi strong.

This class of warships, the heavy weapons pavilion generally will not be sold to ordinary imperial-level forces, and only those forces with the top martial arts are eligible to buy them, or they have the financial resources to buy them.

"I don't know which one it is?" Everyone looked up.

"This is... the Magic Sect?"

The battleship landed and hovered in mid-air, and the void murderous intent around the battleship disappeared, revealing signs, and everyone's faces showed weird expressions, a little jealous, and a little longing.

"Unexpectedly, it was actually the Magic Demon Sect, and that's right, how could the Demon Demon Sect not participate in such important events in the ancient Yu Realm!" Gu Lao muttered, his face a little ugly.

Qin Chen was surprised and said, "Is this force very strong?"

In the previous life, there was no such sect at all.

"Very strong, and very tough."

Old Gu shook his head: "The Magical Demon Sect only accepts female disciples, and the disciples trained are good at fascination. Their aim is to solve problems that can be solved by fascination without fighting."

"However, their fascination is really strong, people will be recruited unknowingly." He sighed: "Although it is called the Magic Demon Sect, it should be more appropriate to change to the Witch Gate. The martial arts have suffered from them. There are not one or two forces."

The other Pill Pavilion disciples nearby also all talked about it. Obviously, this Phantom Demon Sect was very angry in Wushu.

"It's actually the Phantom Demon Sect. Let's stay away from each other. It is said that the last Guyu Realm was opened. The Young Master of the Long Family had obtained more than ten crystals of space. As a result, all the fellow Phantom Demon Sect disciples were charmed. The Patriarch of the Delong Family almost jumped." "Hehe, when the Young Master of the Long Family was later reported to have been sentenced to confinement, he still kept saying that he was willing, so that the Patriarch of the Long Family should not trouble the Magic Sect."

[Chapter 1393: Old acquaintance](#)

"It's not just the Long Family. A godson of the ancient Fangjiao was also tempted to walk away a lot of the crystals of space. The head of the ancient Fangjiao jumped into thunder when he learned about it, and even directly killed the Magic Demon Sect. Know how it turns out."

"How can it be? Although the Phantom Demon Sect is lowly, its strength should not be underestimated, especially the Phantom Demon Sect's master, who is said to be able to rise to one of the top forces in the martial arts in just over two hundred years. How simple? I am afraid that the ancient leader of the religion will only be deflated."

"Shhh, you don't want to say Illusory Demon Sect that way? The disciples of Illusive Demon Sect are all witches. Don't have anything to do with them, that's right."

"Oh, but I have to say, the female disciples of the Illusory Demon Sect are all beautiful characters. It's a pity, well, why do you want to learn that charm, do a thousand people ride, and thousands of people curse?"

A group of people cursed, but their faces showed intoxication, as if they were still reminiscing about the beauty of the female disciple of the magic demon sect, all of them stared at the battleship overhead.

"Is it such an exaggeration?"

The three Qin Chen were speechless.

Old Gu looked terrified and said, "Qin Chen, Ye Mo, Yan Equator, you three must not be careless, the charm of the magic demon sect has long since broken away from the original instinctive desire, but has risen to a temperament. It makes you feel compassionate and willing to give everything to protect the other person."

"You know, there are countless Tianjiaos in the Martial Domain who have been attracted by the women of the Magic Demon Sect. There are even some powerful emperors who are attracted and willing to guard the gate of the Magic Demon Sect."

Qin Chen was stunned, and he was able to seduce the Wudi strong. It seemed that it was really extraordinary. The Wudi strong, who knew his heart, was not an extremely determined person, and he was definitely not easily tempted. It can be seen that this fantasy magic sect does have some ways. "But you are too nervous." Seeing Ye Mo and Yan Chidao's serious expressions, Gu Lao smiled suddenly: "The disciples of the Magical Demon Sect are not ordinary people, and they are often the saints, sons, and sons of the major forces. Young master, there are even a lot of people who can be proud of being favored by the female magic sect, you

Three, huh..."

Old Gu's meaning is not clear enough, how could Qin Chen's three martial artists from the Lower Four Realms be attracted by the disciples of the Magic Demon Sect?

"It is rumored that no witch appeared in this session of Illusory Demon Sect. Alas, I am afraid I have lost a lot of taste." Gu Lao sighed again. Seeing Ye Mo's doubts on their faces, Old Gu suddenly explained: "The magic sect is different from other forces. The heir of their sect is called a witch, and there is only one who can become the witch of the magic sect. That must be a fairy. Like a character, far above the other female disciples, the whole world

I don't know how many young young masters want to become Taoists with him. "

"I think back then, Gu and I also had a relationship with a female disciple of the Phantom Demon Sect, and even went together for a while, alas, it's really memorable."

Old Gu showed a look of yearning. He once spent a short time with a female disciple of the Magical Demon Sect. This has become the best memory in his life, and he thinks about the past from time to time.

"I'm coming."

At this moment, the crowd murmured, and saw a group of women in black dresses falling down among the warships. These women, each wearing a veil, looked forward to being soft, and the stars surrounded one like a moon. Woman in white.

The woman in white wears Ling Luo, has a graceful figure, also wears a white veil, only reveals a pair of smart eyes, full of fairy spirit.

"Witch, Illusory Demon Sect has actually found the Witch in this session." Gu Lao took a breath, and his eyes were attracted.

"Ok... so beautiful!"

When everyone looked at the girl, they were attracted to her inexplicably. Many people murmured, with enthusiasm in their eyes, as if they would die for her as long as the other party gave an order.

"drink!"

Suddenly, a sharp drink rang out in everyone's ears, like a thunderous sensation, but it was Situ Zhen who uttered a sharp drink that awakened everyone.

The crowd returned to their senses and sucked in air-conditioning. It was too terrible, and they were confused without knowing it, unable to extricate themselves. If they communicate with each other personally, they may lose their minds.

"What a terrible charm!"

"It's a monster."

Ling Yi and the others were amazed. At that moment, they were all attracted and wanted to die for the woman. Even if they were sober at this moment, they looked at each other frequently, their eyes were fiery, and they couldn't control their instincts.

"This is not a charm, but a natural temperament."

Only Qin Chen was not confused, but frowned in thought. The witch of the Illusory Demon Sect gave him a very familiar feeling for some reason.

Especially the bare feet, the small and exquisite beautiful feet are like two smooth jewels, the ten toenails are all pink, and they are dyed with attractive Koutan, which makes people unable to shift their eyes.

"Huh, the demon girl, she is charming and miserable, she has no shame!"

The ancient Fangjiao, a strong snorted, was very dissatisfied, is the leader of the ancient Fangjiao.

When the Guyu World was opened last time, he taught that his godson was seduced by the disciples of the Magic Demon Sect and became a joke of the Martial Domain, and he was naturally hostile to the Magic Demon Sect. "Hey, Master Fang Gang joked, I'm a weak woman in the Magical Demon Sect, how can I harm others? This trip to the ancient Yu world, the master of the suzerain handed over the leader of the team to the slave family, and the slave family was terrified. For fear of not being able to complete the task of Lord Sovereign, if Lord Fang Gang can, please also

Protect the slave family, don't let the gangster bully the slave family. "

A strong man from the Illusory Demon Sect said shyly, scratching his head, he was not ashamed at all, but he showed his graceful body and exuded a mature atmosphere of temptation.

The ancient Fangjiao strong man named Fang Gang swallowed his saliva and his eyes were attracted. After a long time, he moved away with difficulty and said angrily: "I don't know how to be ashamed!"

But the voice was much weaker, and he didn't dare to look at the woman, obviously because he was afraid that he couldn't control it.

Illusory Demon Sect, each of them is a fairy, and if you are not careful, they will be caught in their way, and you will not even know how to die by then.

Although the other powerful people wanted to laugh, they didn't dare to care about it. Don't look at the woman who was extremely shy, the horror of the Illusory Demon Sect, no one knew it, if they really thought they were just a group of weak women, they might not be far from death.

A group of Phantom Demon Sect came to stand in front of Guyu Realm, and a circle suddenly appeared in the middle. Everyone looked at them frequently, but they were like avoiding snakes and scorpions, so strange.

Especially the women in white clothes in the crowd attracted the attention of most people. They only felt like water lilies, ethereal and refined, and icy.

"Strange, really familiar." Qin Chen stared at each other carefully, racking his brains, thinking about when he had seen him.

The white-clothed woman seemed to feel something, turning her head, her soft eyes met Qin Chen's eyes.

"Chen...Sisi!" Qin Chen said in shock as if a flash of light flashed in his mind.

[Chapter 1394: God flower and common grass](#)

Why is Chen Sisi here?

Qin Chen couldn't help being stunned. Isn't she the saint of the Heavenly Girl Gate of the Northern Heaven Region? I remember that everyone also entered the Demon Sword Inheritance together. At that time, the achievements in the Demon Sword Inheritance were second only to him, Ji Ruyue and You Qianxue.

Although Chen Sisi possesses a natural charming body, Qin Chen could not have imagined that Chen Sisi would appear here.

"You are... Qin Chen!"

On the other side, Chen Sisi also opened her small mouth, obviously a little awkward, and her cute expression added a bit of charm and shyness.

Damn, these two guys actually know each other?

Everyone on the court was also dumbfounded, one by one, especially Ling Yi and the others, who looked at Qin Chen jealously, almost breathing fire in his eyes.

Qin Chen actually knew the witch of the Illusory Demon Sect. Didn't he come from the Lower Four Realms? How can you know each other, is this too lucky?

"Why are you here?" Chen Sisi's voice was clever, and she walked towards Qin Chen. Along the way, everyone walked away, very jealous.

"Why can't I be here anymore?" Qin Chen touched his nose: "I am the winner of the Dange Dandao Competition. It is normal to enter the Guyu Realm, but you, how could..."

Qin Chen still didn't understand how Chen Sisi became the witch of the Magic Demon Sect.

"Are you still a pharmacist?" Chen Sisi looked at Qin Chen in shock. In the demon sword inheritance, Qin Chen activated the supreme kendo, which has left her an unforgettable impression.

She even wanted to surpass Qin Chen at the time, but she didn't expect that Qin Chen was still a famous pharmacist.

"Why, is it surprising?" Qin Chen laughed, and at the same time, his heart became more solemn.

He could feel that Chen Sisi's aura became more terrifying compared to when he was passed on to the Demon Sword, as if he had received some kind of baptism, and a mysterious aura naturally appeared on his body, even he couldn't hold it.

"The natural fascination in her body should have been activated by some kind of secret technique." Qin Chen frowned, and it seemed that this magical magic sect was really good, and actually had the technique to activate the natural fascination.

"Unexpected, of course, unexpected. I didn't think that Young Master Qin was actually a Dange genius. I really admire Sisi. I knew that Young Master Qin was so powerful. Sisi should have communicated with Young Master Qin more." Chen Sisi chuckled lightly and exhaled like blue. .

At this moment, she was in front of Qin Chen. The distance between the two parties was only ten inches. Her skin was shining and glowing. Above the white veil, Shui Lingling's big eyes were very charming. Chen's body was instantly hot and dry, and there seemed to be a fire burning in his body.

Everyone's eyes straightened. Damn, this Qin Chen is too lucky, where's the **** luck.

"Good cabbage has been swept away by pigs."

"How can this son, He De, make the Witch of the Demon Sect look high?"

"can not watch anymore."

A group of people scolded in their hearts, and they were all extremely jealous. If the eyes could kill people, Qin Chen would have been slashed by the geniuses on the court. "This girl, in Xia Lingyi, Dan Pavilion Tianjiao, and Ling's concubine, the Qin Chen in front of you is just a pariah from the lower four domains, but luckily a little bit better, she won the victory of Lord Dan's four-domain alchemy competition. To be here, in fact, the talent of this child in my Dan Pavilion is not enough

, Girl don't be fooled by this person. "

Ling Yi stepped forward, his eyes shone, and said proudly, telling Qin Chen's origin in front of Chen Sisi.

In his opinion, Qin Chen must have met Chen Sisi when he deceived the other party. Once Qin Chen's identity of the untouchables of the four regions under Qin Chen was revealed, the other party would definitely spurn it.

"What, this son was collected by Dan Pavilion from the lower four domains?"

"It's no wonder that although I have never met all the geniuses of Dan Pavilion, I have also heard of them. But I have no impression of him. It turns out that they are untouchables from the lower four realms."

Hearing that Qin Chen was from the Lower Four Regions, there was a lot of discussion on the court.

But when Chen Sisi looked at Ling Yi, he smiled and said, "So, this son, you are more noble than that son Qin?" "That is." Ling Yi said proudly, with a look of excitement: "I Ling The family belongs to the Dange family, and there are some poor names in the martial arts. The girl can ask. I have many strong Ling family members. Ling will definitely inherit the position of Ling family Patriarch in the future. Even this Dange may be taken by me in the future. Ling's control, you

Isn't Ling Jiaqiang strong? If the girl is willing, this time the ancient Yu world is over, Ling Mou is willing to take the girl to visit my Ling family, so that the girl can see the power of my Ling family..."

Ling Yi triumphantly told him his origins. His eyes were excited, and his eyes brightened as he talked about them. He couldn't wait to say how awesome the eighteenth generations of his ancestors were.

"This... isn't so good!" Chen Sisi said embarrassedly: "I saw that the son was surrounded by many women before. I am afraid that it is the son's sweetheart. Sisi will not dare to overstep."

"Hey, what a sweetheart, they are just people who adore Ling, ordinary people, rural flowers, it is not enough to talk about how to compare with girls!" Ling Yi disdainfully said.

"This... isn't it? Sisi looks at this girl, she is as beautiful as a fairy, and with extraordinary momentum, like a fairy!" Chen Sisi looked at Ouyang Nana, her temperament more charming and seductive. Ling Yi's eyes were a little blurred, only Chen Sisi was left in his heart, he hehe smiled and said, "She? How can this woman compare to the girl? Ling Mou pursued her and also fancy this person's Ouyang family background, as for herself, Although a little beautiful, but compared with a girl, it is like a flower and a grass, not enough

To mention. "

"Ling Yi, shut up."

Suddenly a sharp shout sounded, piercing Ling Yi's ears like thunder, but it was the Wuhuang expert of the Ling family, his face was blue at the moment, and his face was gloomy and about to drip blood.

"The demon girl, do you want to die if you harm my Ling family?"

boom!

A terrifying murderous intent broke out on him, and Chen Sisi was caught and photographed.

"Hey, Ling Buzong, you are considered an old predecessor, but you are not ashamed to start with a weak woman in the Magic Demon Sect."

A giggle sounded, and the leader of the Magic Demon Sect shook his figure and came to Chen Sisi. With a wave of his hand, the breath released by the strong Ling family was instantly shattered.

"Illusory Demon Sect witch, really despicable, use this charming technique to harm my Ling family, aren't you afraid of God's condemnation?" Ling Buzong shouted, extremely angry.

Ling Yi said those things earlier, and the problem arose.

"Master Buzong, you laughed. Everyone saw it just now. It's clear that the disciple of your Ling family came up on the initiative. How can I blame my disciple of the Magic Demon Sect." The enchanting woman said with a smile.

"you....."

Ling Buzong was completely speechless. Ling Yi also woke up at this time. Thinking of what he had said before, he suddenly let out a cold sweat. Turning his head, he saw Ouyang Nana and others looking over with angry eyes, and a chill rose from the soles of their feet.

[Chapter 1395: Emperor Xuanyuan](#)

"Nana, I... I just... What I said was definitely not my true word, you have to believe me, I was confused by that demon."

He explained in a hurry.

"roll!"

Ouyang Nana yelled. Ling Yi has been pursuing her. Although she doesn't really like Ling Yi, the other party has been obedient to her for several years. She is more or less moved, but now, her heart Some are just angry.

"Nana, you heard about me!" Ling Yi's face was scared, and she wanted to step forward. Hey, a figure stopped him, but a strong man in Ouyang's family said coldly: "Nephew Ling Yixian, please Self-respect."

Ling Buzong hurriedly said: "Brother Ouyang Xu, Ling Yi was charmed by the Demon Sect's demon girl, and only then came to speak outrageously. He also asked Brother Ouyang Xu to Mingjian." At this moment, Ling Buzong can't wait to split Ling Yi's heart alive. The Ling family has been making good friends with the Ouyang family over the years, just to marry the Ouyang family. With the help of the autumn breeze of the Ouyang family, who knows that when Ling Yi sees the demon girl of the Illusory Demon Sect, not only does she not know what to do, but is tempted by the other party. Say this

Wait for the rebellious words to come.

How does Ouyang's family think of his Ling's family?

"Brother Bu Zongxian is serious, but since Nana doesn't want to talk to Ling Yi, please take care of her nephew Ling Yixian." Ouyang Xu mouthed a virtuous brother, but his tone was extremely cold.

"Master Ouyang Xu..." Ling Yi's face turned pale and wanted to explain, but was interrupted by Ling Buzong instantly and pulled aside. At this time, it was useless to give any explanation, and I would wait to talk about everything.

"Chuck, Young Master Qin, this person seems to have a lot of hostility towards you just now, Sisi helped you teach a lesson, is Young Master still satisfied?" Chen Sisi smiled at Qin Chen, his eyes bent into two crescents.

Qin Chen is speechless, is this teaching me a lesson? He glanced at him with a murderous look, wishing to slash him with a thousand swords, this made it clear that he was hating himself.

However, since he had offended the Ling family a long time ago, Qin Chen didn't mind offending more.

"Satisfied, satisfied, quite satisfied." Qin Chen laughed and said: "I'm very curious, why the girl appeared here."

"If you can meet Young Master Qin in the Ancient Yu Realm, Sisi will tell Young Master again." Chen Sisi blinked at Qin Chen, and the hearts of the other Tianjiao around him were broken.

"Sisi, go, go back." The enchanting middle-aged woman glanced at Qin Chen, pulled up Chen Sisi, and returned to the Illusory Demon Sect.

Qin Chen touched his nose, shit, and pretended to be mysterious.

Feeling the countless murderous gazes around him, Qin Chen couldn't help but smile again. This hatred was widened.

"Sisi, who is this person? What do you have to do with it?" Back to where the Magic Sect was, the enchanting middle-aged woman looked at Chen Sisi seriously.

"Aunt Hui, this person's name is Qin Chen, and he is a friend of Sisi in Beitianyu." Chen Sisi hurriedly said.

"Friends from Beitianyu?" The enchanting middle-aged woman frowned and said: "You have nothing else to do, right?"

"Aunt, what do you think? This person has a girlfriend, and her girlfriend is not weaker than Sisi when she was in the Northern Sky, and joined the law enforcement hall." Chen Sisi said.

"Law Enforcement Hall?" The enchanting middle-aged woman's eyes fell suddenly, looking at Chen Sisi, and said: "Friends are fine, but I have to warn you, don't forget your identity, otherwise let the lord know, you should know the consequences!"

"Thanks aunt for reminding me, Sisi understands." Chen Sisi lowered his head and said.

The appearance of the Phantom Demon Sect caused a lot of ripples in the originally peaceful place, and Qin Chen also attracted the attention of countless people. But more, it was hostility, especially the many geniuses of Dan Pavilion.

Even Situ Zhen came to Qin Chen and said in a deep voice, "Are you Qin Chen? The champion of the Four Territories Alchemy Competition?"

Astonishing oppression came, this was an extremely terrifying powerhouse.

"The disciple is exactly." Qin Chen said. "Give you a piece of advice, your number is hard-won. You can stand out from the Dange Competition. You must be unique. However, Dange has given you this opportunity. Please cherish it by yourself. Zong's demon girl is farther away, don't miss yourself." Situ said coldly: "This one

It is my personal suggestion. "

"Master Xie Situ." Qin Chen arched his hands.

He could feel that although Situ Zhen's tone was harsh, his purpose was good intentions.

"I hope you can listen to it." Situ Zhen said and returned to the team.

Next, there are still many teams coming, and there are more and more teams in the open space, no more than thousands of people.

With the passage of time, more and more powerful men appeared.

boom!

A terrifying battleship appeared, completely dark, exuding a depressing atmosphere.

As soon as this battleship came out, the original noisy clearing was silent for an instant, showing the terrifying power that came, and everyone was afraid of it.

Seeing the logo on the battleship, Qin Chen's eyes suddenly chilled, and the murderous intent on his body broke out uncontrollably.

It's the Xuanyuan Empire!

The Empire built by Feng Shaoyu!

"Qin Chen, what are you doing." Gu Lao stood beside Qin Chen and suddenly yelled: "This is the Xuanyuan Empire team. Do you want to die? If you don't restrain your breath, if you anger the opponent, My Dange can't protect you either."

Qin Chen's heart was stunned, and he looked around, only to see the major forces, everyone's expressions were serious.

Peep the leopard in the tube!

Three hundred years have passed, how strong is the Xuanyuan Empire? When the strong appeared, the many forces in the martial arts were silent?

In full view, a group of people walked out of the battleship.

The leader is a young man, dressed in white, wrapped in thunder!

A mere half-step martial emperor, can he surround the Thunder?

Qin Chen's eyes tightened immediately, this is a divine body, a natural thunder body!

It is one of the top physiques in the world, not under the natural body.

"Emperor Feng Lei!"

I don't know who called out suddenly, his voice trembling.

The warrior should be fearless, but now his voice is trembling, how shocking is this?

"Feng Lei? Feng Lei? Hiss!" After being reminded like this, the others also showed a look of horror after pondering a few times.

Feng Yulei, one of the emperors of the Xuan Yi Empire, the Great Emperor Xuanyuan... the son of Feng Shaoyu!

Feng Shaoyu, the emperor of the Xuanyi Empire, the top powerhouse in the martial arts, had three thousand beauties in his harem and countless children, and Feng Yulei was one of Feng Shaoyu's many sons.

This is not surprising. The Xuanyuan Empire is now the first empire of the Martial Domain. Its powers are like clouds, suppressing many regions of the Martial Domain. It is one of the top ten forces in the Martial Domain today, and it ranks in the forefront.

As the son of Emperor Xuanyuan Feng Shaoyu, you wouldn't be embarrassed to say it if you are not a divine body.

It's just that I never expected that this Guyu Realm could attract an emperor of Emperor Xuanyuan. This can only be said that the time is too coincidental! After all, in the past hundred years, Emperor Xuanyuan rarely had a new child born. It was luck to be able to be in the half-step Martial Emperor Realm at this time.

[Chapter 1396: Be the concubine of the emperor](#)

As soon as wind, rain and thunder appeared, the court suddenly became silent, and everyone held their breath, very serious.

In the past three hundred years, the Martial Domain has not been peaceful, many forces have fallen, and the rise of countless forces, and the Xuanyuan Empire is definitely one of the most terrifying forces among these many forces.

During these three hundred years, the Xuanyuan Empire has fought all over the world, and raging wars have ignited everywhere in the Martial Domain, destroying many empires in the original Martial Domain, and becoming the top first empire in the entire Martial Domain. How domineering?

The emperor's travel is naturally daunting.

"Haha!" Emperor Fenglei came to the square with a smile at the corner of his mouth, but his smile was extremely arrogant. This is a kind of arrogance imprinted in his bones, treating all things in the world as ants, all dung.

"what!"

Suddenly, when he saw Chen Sisi, his eyes lit up.

Both of them are divine bodies, a natural fascination body and a natural thunder body. Between the divine bodies, there is self-sensation and mutual attraction.

This woman is extraordinary!

"Unexpectedly, I would see such a woman here." Emperor Feng Lei smiled slightly and walked towards Chen Sisi in full view, along the way, as long as there is a genius, he can't help but give way.

"The emperor Feng Yulei, the emperor of the Xuanyuan Empire, don't know the name of the girl?" He smiled lightly, showing the most unrestrained smile, his eyes arrogant and conceited, like a king descending.

His eyes were very naked, and it was hard to hide his stunning color. In his opinion, beautiful women are worthy of heroes, and Chen Sisi is the only one who can match them.

He has the qualifications to be arrogant, because he is the emperor of the Xuanyuan Empire.

Chen Sisi's eyes were cold, but he didn't say anything.

"Why? I don't want to tell?" Emperor Fenglei smiled. He stuck out his right hand and grabbed the veil on Chen Sisi's face, wanting to see the true face, very unscrupulous.

There was a burst of exclamation from the audience.

Everyone coveted the witch of the Phantom Demon Sect, but she was still the first to be so naked like Emperor Feng Lei.

Chen Sisi's face changed, "Om", she raised her hand, there was sword energy in front of her, and she stepped forward to block it. "Is the girl testing the emperor?" The emperor Fenglei smiled unabated, his five fingers flexed, crackling, and suddenly there was thunder and lightning, shattering the sword energy, the five fingers were soaring, and he continued to catch and shoot, and laughed Said: "If the emperor can get a glimpse of the girl's true face, ask the girl to commit herself to the emperor.

Be the concubine of the emperor! "

He said so arrogantly, it seemed that it was normal for the witch of the Magic Demon Sect to be a concubine.

"Emperor Fenglei, you are too much, my witch of the Illusory Demon Sect, is there any reason to be a concubine?"

There was an enchanting voice. It was the master of Magic Demon Sect. He giggled, and the magic shadow flickered, he had come to Chen Sisi, and with a light wave of his cuff, the sky was wiped out.

"presumptuous!"

There was a burst of shouts, a boom, and a terrible coercion. In the ranks of the Xuan Yi Empire, an old man appeared with a cold look. Without saying anything, he took a palm.

Boom!

His body first glowed golden, then turned blue-gold, and then changed again, colorful brilliance flowing, flowing out from all cells, and the spirit power was concentrated and dispersed, dazzling, like a **** king descending into the world.

"It's the golden body of colored glaze, the guardian of the Xuanyuan Empire, the golden body of Wu Huang Ge Pengpo!"

Someone in the crowd exclaimed.

Ge Pengpo, nicknamed the Emperor of the Golden Body, although he is not a powerful emperor, he has a great reputation among the emperor. Even, he once fought against a powerful emperor in the 19th day and was hit by a palm, he was only seriously injured and never fallen. , Became a legend in the martial arts.

"It turns out that Brother Ge is here, giggle." The enchanting woman giggled, her expression became extremely serious, her figure suddenly transformed into countless phantoms, pupupupu, and phantom shadows were bombarded by Ge Pengpo. Shattered layer by layer, thirteen phantoms were smashed in a row, and then stopped.

Hum!

But after countless phantoms were disillusioned, the scattered black mist quickly condensed, and turned into that enchanting woman again, giggling, unscathed.

"Phantom Martial Emperor Yan Qiaoxuan?" The golden body Martial Emperor sneered, "Your Excellency's phantom magic is indeed powerful, take me again!"

He waved his hand and wanted to shoot again.

"Stop it!" Emperor Feng Lei suddenly sighed, causing the Golden Body Martial Emperor to stop.

Everyone had scalp numb, and they deserved to be Emperor Fenglei. Other teams generally respected the strong leader and obeyed orders, but the Xuanyuan Empire team, the Golden Body Martial Emperor, however, obeyed Emperor Fenglei's orders. This gap... It's really big!

However, who made him the son of Emperor Fenglei, the son of Emperor Xuanyuan Feng Shaoyu!

Emperor Fenglei was not annoyed at all when he was blocked. Instead, he looked at the Phantom Martial Emperor with a smile, and said: "Your witch of the Phantom Demon Sect doesn't want to be a concubine, do you still want to be honest?"

"Being right?" Phantom Wuhuang Emperor Yan Qiaoxuan chuckled: "If the son of Emperor Fenglei can become Emperor Fenglei in the future, it is not impossible, now...chuck!"

hiss!

Everyone sucked in air-conditioning, all of them dumbfounded.

The Great Emperor Fenglei, the demon girl of the Illusory Demon Sect really dare to say that the meaning of the Illusory Demon Sect is too obvious. Emperor Fenglei is now only one of many emperors, and is not worthy of their Witches of Illusory Demon Sect, unless Emperor Fenglei can become Xuanyuan The heir of the empire, the emperor of the empire, will only consider it.

"Hahaha." Emperor Fenglei laughed, "Interesting!"

A demon sect demon girl actually wants to be the wife of the emperor, where does the courage come from?

His eyes were cold, and he said, "What if I want it now?"

"The dignified emperor actually looks like a hungry ghost in sex, isn't there no woman in the Xuanyuan Empire?"

At this time, a suspicious voice sounded faintly, but it spread out clearly.

"Who?"

Emperor Fenglei was furious, turned his head abruptly, and looked to the side.

"It's him?"

The others turned their heads to look around, and they were stunned when they saw the speaker.

It turned out to be Qin Chen.

This kid, are you tired of life!

On the Dan Pavilion's side, everyone's expressions changed, and Old Gu said in anger: "Qin Chen, what are you talking nonsense? Still not apologizing to Emperor Fenglei?"

Then he hurriedly folded his hand and said: "Prince Fenglei, this son has just come to Wuyu, and I don't know the rules. Please forgive me." "Am I wrong?" Qin Chen looked puzzled. "This person will come up. Just like a ghost, she has to stare at other girls. They don't want to, and they are still scornful. Are they really the emperor? The dignified emperor shouldn't be the emperor who is high above the sky, swallowing everything, how is it possible?"

Like a hooligan, isn't it a fake? "

"hiss!"

He couldn't help showing his shocked face, "Pretending to be an emperor, this is a big crime, maybe there are other attempts, you must ask clearly."

Emperor Feng Lei's face was green.

"Insult the emperor, you're looking for death!" The Golden Martial Emperor was furious, and his killing intent burst out. He hit Qin Chen with a punch, trying to cut him here.

[Chapter 1397: Ancient Yujie opened](#)

"You are fighting here, won't you destroy the entrance of Guyu Realm? I think when you were fighting just now, these mists were constantly shaking." Qin Chen shouted.

"What?" The Golden Martial Emperor's hands stopped subconsciously, but immediately, he came back.

"Stop it." Gu Lao yelled coldly and resisted.

With a boom, a roar, Gu Lao stepped back more than ten steps in a row, and then stabilized his figure, his blood surged and his face turned pale.

"Dare to make a move and look for death."

The Golden Body Wuhuang became even more angry and killed him again.

"Ge Pengpo, you are so majestic. This is Dan Pavilion. It's not enough to talk about you being wild."

There was a cold shout, it was Situ Zhen who made a move, Boom, he made a move, there were stars flashing in his palm, stopping the attack of the Golden Martial Emperor.

Boom, the heavenly essence soars into the sky, and the void outside the ancient Yu boundary suddenly vibrates, even the mist is constantly surging.

"stop."

"Stop it!"

The expressions of the strong men of other forces suddenly changed, and they screamed one by one, and could no longer remain calm.

According to the detection, the ancient Yu realm is about to open, so the true essence fluctuates, if, as the young man said, the opening of the ancient Yu realm is accidentally destroyed, how good is this?

The opening of the Guyu Realm concerns everyone on the court, even if it is fearful of the Xuanyuan Empire, it is impossible to let it go wild.

Seeing that the Golden Martial Emperor aroused the anger of the public, his expression changed slightly. Although the Xuanyuan Empire was strong, it was not yet strong enough to dominate the world. It was unwise to provoke many enemies innocently. He stared at Situ Zhen coldly and said: "Situ Zhen, this is how your Dange disciplines the disciples?"

"Qin Chen, don't apologize yet!" Situ really looked at Qin Chen coldly. "This...Is it possible that this person is really the emperor of the Xuanyuan Empire, not a fake? But just now..." Qin Chen was surprised and hurriedly apologized: "The emperor, I forgive the villain for disrespect, the villain did not expect the emperor Master Zi is actually such a person, really...cough cough, the villain comes from the lower four domains, thinking that martial arts

The princes of the domain are all aloof, the Fengshen is handsome, I didn't expect to be similar to ours, misunderstanding, it is a misunderstanding. "

"Lord Emperor, go on, go on!"

Qin Chen handed over and let Emperor Fenglei continue.

"puff!"

Everyone couldn't help but laughed.

This kid is so funny, he is a fool.

Emperor Fenglei's face was pale, his killing intent was constantly filling, staring at Qin Chen, the killing intent in his eyes was not concealed.

"Want to kill me? That's right if you want to kill me." Qin Chen's face was panic, but he sneered in his heart, hoping that the other party would not let himself down. In Guyu Realm, it would be best to trouble him.

Feng Shaoyu's son, killing him should be fun, right?

After this trouble, no matter how big the heart of Emperor Fenglei was, it was impossible to continue staying at the place of Illusory Demon Sect, and with a cold snort, he returned to the place of Xuanyuan Empire with the golden martial emperor.

"Qin Chen, do you know what you were doing just now?" Situ looked at Qin Chen coldly.

"The disciple knows that the disciple is only unintentional, and I ask Master Situzhen to forgive me." Qin Chen respectfully said.

This time, he was really respectful. The reason why he dared to hate Emperor Finglei was because he knew that outside the ancient Yu realm, Dan Pavilion would never cause trouble to his subordinate disciples.

It can be said that he dared to provoke the Emperor Lei Feng Feng, and he was also taking advantage of Situ Zhen. Otherwise, in the previous situation, unless the Skeleton Rudder Master took action, it would be difficult to stop the Golden Martial Emperor.

Of course, even if Situ really didn't make a move, he would be fine. Qin Chen, who had entered the ancient Yu world once, knew nothing more.

"If you are really unintentional, that would be great." Situ really snorted and returned to his position.

Is Qin Chen accidentally? Would he not tell? However, what Qin Chen did before made him admire very much. Under the situation just now, no one dared to speak, but Qin Chen dared to ridicule openly. Who else had such courage?

Many Tianjiao on the court looked at Qin Chen's expressions a little changed, not to mention, just the courage, they are not as good.

"I don't know how to live or die." Ling Yi and others are more jealous of Qin Chen.

"Chen Sisi, my aunt just missed it, this one is really good!"

Phantom Demon Sect, Phantom Martial Emperor Yan Qiaoxuan also nodded secretly.

Chen Sisi smiled faintly. Qin Chen was the one who dared to kill the core disciple of the Demon Sword Sect at the beginning, can he be ordinary.

Next, other forces also came one after another, but Misty Palace and Law Enforcement Palace have never appeared.

what happened? Will it be too late?

Qin Chen was secretly anxious, and he also wanted to know if You Qianxue had come over.

"No, Guyu Realm is about to open."

Suddenly, the mist surging ahead, Qin Chen looked over, his face changed.

boom!

Just listening to a huge tremor, the mist on the wilderness moved, and a passage appeared.

The ancient Yu world is opened.

The moment the passage opened, I saw a strong spatial atmosphere escaping from it, and the strong spatial atmosphere seemed to condense into substance.

Everyone had a surprise look on their faces, but they weren't messed up at all, and there was no scramble for entry.

"Everyone, come in!"

Suddenly, a cold voice rang out from the void, vague, as if it was far away in the sky, and as if it was close in front of you.

Is the Wudi strong!

Qin Chen smiled slightly.

Sure enough, as he expected, there are still many Nine Heavens Wudi lurking in the void outside the ancient Yu boundary.

The secret realm of the ancient Yu realm is an extremely important secret realm in the martial realm. The major forces have dispatched their top geniuses and core forces. Once it is destroyed, it will be a huge loss to any force.

Therefore, all major forces will secretly send Emperor Wu to follow to protect safety, which is why Qin Chen dared to offend Emperor Fenglei.

On the surface, the order outside the ancient Yu boundary is maintained by the top core martial emperors of the major forces such as Situ Zhen and the Golden Body Martial Emperor. In fact, it is maintained by the nine-day martial emperors who hide in the void.

There are records of any number of places that enter the Guyu Realm. In the history of the Guyu Realm, there has never been a disciple who fell before entering the Guyu Realm. This is the unspoken rule implicitly defaulted by the major forces.

The Golden Body Martial Emperor had previously acted on Qin Chen. Even if Situ really did not stop him, the Emperor Wudi hidden in the Xuanyuan Empire could not let the Golden Body Emperor Martial Emperor kill Qin Chen. Once this happened, the Xuanyuan Empire would become the target of public criticism. No matter how strong it is, it will be conquered and punished.

No power dares to bear such a responsibility.

Even Situ Zhen and others might not understand this matter, but Qin Chen, who had entered the Ancient Yu Realm in a previous life, understood clearly.

Whoosh whoosh...

After the misty voice sounded, the forces one after another swept towards Guyu Realm. Under the prying eyes of many Emperor Wu, no one dared to be sloppy. As many people as the major forces have, they can only enter as many people. If they are found to be cheating, they will be severely punished.

[Chapter 1398: See the Black King again](#)

"Om!"

Suddenly, a black shadow flashed past, and it even preempted everyone and rushed to the ancient Yu realm, and it did not belong to any power.

It was actually going to break through.

"Bold!"

The anger sounded, booming, and the void, a palm emerged, and grabbed the black shadow. The speed was unparalleled, and the void was instantly imprisoned.

This is a certain Wudi strong man who has taken action.

Many people sneered, dare to go wild in the Guyu Realm, don't you know that there are strong people in charge? In history, many people tried to break into the Guyu Realm, but as a result, there was never a second one except death.

Under the palm of his hand, the void solidified, and everyone saw the true face of the dark shadow. It was a fat black cat, completely dark, like a calf!

Is it a blood beast? Or a pet?

Everyone was shocked. After the black fat cat was imprisoned in the void, Emperor Wu snapped it off with his palm, and crushed the void with a pop. What shocked everyone was that the black fat cat disappeared as soon as the palm of the hand was grasped. The next moment, he appeared directly in the ancient Yujie channel with a swish,

Disappeared and entered the ancient Yu world.

Everyone was stunned.

Was this black fat cat escaped?

What was even more shocked in the crowd was Qin Chen, shit, **** cat, when did it come to the Martial Domain?

This black cat was the one that Qin Chen was brought out from the mysterious realm of the Heavenly Demon at the time, but after it was brought out, the big fat cat disappeared on its own, and I don't know where it went. I never thought that it appeared here and was at large. After passing the barrier of Emperor Wu guarding the ancient Yu world, he entered the ancient Yu world.

This... is against the sky!

"hateful!"

Rumbling anger sounded, with anger, Emperor Wu was furious, the void was fluctuating, and everyone below felt choked and had difficulty breathing.

In front of so many people, even if a black cat was let go, Emperor Wu felt very angry and extremely angry.

"Hmph, don't think that you will be fine when you enter Guyu Realm. Three years later, the exit of Guyu Realm will open. This emperor has to see how you can escape from the palm of this emperor."

The voice containing the killing intent sounded, and the Emperor Wu shouted angrily, saying: "You wait in there, but if anyone dares to play tricks anymore, it doesn't matter if you kill!"

He is angry.

Not only him, but the other Wudi guards in the void were also angry, and the aura faintly dissipated, no longer completely hidden, but concentrated, and if there is an accident, Thunder will definitely take action.

Everyone didn't dare to lie, and entered the ancient Yu world.

Seeing that one of the many teams entered the Guyu Realm, Qin Chen's heart became even more nervous.

"Old Gu, I heard that there is a top force in the Martial Domain called the Hall of Law Enforcement. Why didn't I see the people in the Hall of Law Enforcement?"

Seeing the team that was about to turn to Pill Pavilion, Qin Chen finally couldn't help asking.

"The Hall of Law Enforcement?" Old Gu laughed, "Why, don't you want to join the Hall of Law Enforcement in the future?"

The Hall of Law Enforcement is an open force, and disciples from all major forces can join.

"Hehe, I'm just a little curious." "Don't worry, how can the Hall of Law Enforcement not come? They have the most places among the major forces in the Martial Domain, but the Hall of Law Enforcement, as the penalty force in charge of the Martial Domain, they and the Misty Palace Usually they will come last, and sometimes they will arrive after other forces have entered.

"Gu Lao said.

"It is so."

Qin Chen was taken aback and immediately relieved, but couldn't help but wonder in his heart.

The Hall of Law Enforcement and the Misty Palace arrived last, even after everyone had entered, this... it was a bit strange.

We must know that the opening of the entrance of Guyu Realm is often only one hour away. If you can't make it, you won't be able to enter again, and there will be a force that will pinch it? Isn't this asking for trouble?

"All of you, follow me."

Ahead, Situ really let out a cold cry, and flew towards the entrance, awakening Qin Chen from his doubts.

Qin Chen breathed a sigh of relief. Since Mr. Gu said so, at least it means that the people from the Hall of Law Enforcement and Misty Palace will still come, and he feels relieved.

"Three of you, be careful. I hope that in three years, the old man can see you come out alive."

Before leaving, Old Gu said to the three Qin Chen, with a glimmer of expectation in his eyes.

After taking Qin Chen and the others for so many months, Gu Lao and the three of them have had a lot of friendship. As the elders, I also hope that Qin Chen and the three can get out of the ancient Yu world without any problems.

The three of Qin Chen were moved.

After arriving at the Wuyu Dange Palace, what they encountered was basically the contemptuous glances of the Dange geniuses. Only Gu Lao really cared about them and pointed them.

They cannot forget this kindness.

"Don't worry, Mr. Gu, we will definitely come out alive."

The three nodded, and then followed the team into the Guyu Realm. Before leaving, Qin Chen felt a murderous gaze, but it was the Emperor Fenglei who was staring at him coldly.

"Come on, looking forward to your shot." Qin Chen sneered, turned around and entered the passage, disappearing into the ancient Yu world.

It took half an hour for many forces to enter the ancient Yu realm.

Boom!

As if it were considered good, at the moment when many forces entered the Guyu Realm, there were shocking fluctuations in the distance, and two warships descended outside the Guyu Realm.

It is Misty Palace and Law Enforcement Palace.

Whoosh whoosh!

A famous genius and a strong man flew down from the battleship, and the number was far more than any other force.

The top powers like Dan Pavilion, the genius plus martial emperor, have a quota of 100, but these two powers, looking around, there are more than 300 people. On average, each power is better than the normal top power. There were fifty or sixty more people.

Among these people, a woman wearing a red palace robe walked in front of her with an astonishing breath, and she was actually a famous Emperor Wu.

Behind her, some of them, dressed in palace robes, were all stunning women, and some of them were dressed in the armors of the Hall of Law Enforcement. There were men and women. In addition, there were more than 20 people, all covered Covered in black armor, with a mask on his face, his aura was extremely cold and terrifying.

Among the group of people wearing the armor of the Hall of Law Enforcement, there was a woman in white who was constantly looking around, seeming to be looking for something. Seeing the empty Guyu Realm, she was slightly lost.

A stunning woman next to her smiled immediately: "Qianxue, don't worry about it. I have already probed into it. The guy Qin Chen won the championship of the Dange Dandao Competition, and he will definitely be taken to the Wuyu. Come, I must have entered the Guyu Realm by now."

If Qin Chen were here, he would recognize them at a glance, that these two people were You Qianxue and Ji Ruyue.

"Emperor Chixia Wu, according to the agreement, the two major forces of Misty Palace and Law Enforcement Palace should have only 150 people in each force. Why is there more than 23 people this time."

At this time, a cold drink sounded, coming from the void. The normal law-enforcement hall and the misty palace have a quota of one hundred and fifty people, and the two powers together make three hundred people. Now, the number of geniuses and warriors on the field is as high as three hundred and twenty-three. angry.

[Chapter 1399: Crystal of Space](#)

The leading woman in the red palace dress looked up at Void, and said indifferently: "The quota of one hundred and fifty people was defined by the last Gu Yu. In these hundred years, my Misty Palace has commanded the Hall of Law Enforcement as a military domain. With many contributions to the mainland, the quota will naturally change."

"What's more, the quota of Guyu Realm is determined based on the number of people that Guyu Realm can accommodate. The last two sessions of Guyu Realm's opening show that the quota of Guyu Realm has not reached its limit. There are 20 or 30 more people, right? "

She had a cold voice, and she didn't care about the inquiry of Emperor Wu, the guardian of the ancient Yujie community. "This is a paradox. Although the number of people in the Guyu Realm is not full, it is to prevent accidents in the Guyu Realm, resulting in the collapse of the space. How can we increase the number of places for the deliberately reserved space?" The cold shout sounded again. , Contains anger: "As for the contribution you said, don't other forces contribute

Up? "

He was very angry in his heart. Is Misty Palace really contributing? I am afraid it is a curse. Apart from anything else, the Martial Domain Heavenly Sacred Pool was originally controlled by the major forces in the Martial Domain.

But a hundred years ago, it was dominated by the Misty Palace, and only the disciples of the Misty Palace were allowed to enter for a hundred years. This is a naked plunder, so how can you contribute?

"Presumptuous, I work in the Misty Palace, it's your turn to interrupt?" Chixia Wudi's eyes were cold, and he said coldly, "Every time the Ancient Yu Realm opens, my Misty Palace and the Law Enforcement Palace are the last ones to enter. The purpose is Let the disciples of other forces enter first and don't lose the quota. Isn't this a contribution?"

"Who knows what conspiracy your Misty Palace has?" The voice snorted coldly.

"Emperor Muyou Wu, I see you wanting to die." Emperor Chixia Wu was angry, buzzing, her body blooming with divine light, two red lights in her eyes skyrocketed instantly, and she raised her hand to split out a galaxy and transformed it into The True Essence Blade slashed towards the void overhead.

If they didn't agree, they fought.

puff!

Under the slash of the galaxy blade, the void splits, and a middle-aged man wearing a dark green robe appears, his expression is frightened, the palm of his hand blooms with green brilliance, and the brilliance flows, like the explosion of chaos. It turned into a green shield and stood in front of him.

With a bang, the red galaxy blade slashed on the green shield, and directly shattered the shield. Layers of red silk threads were inextricably tangled and rolled towards the dark green middle-aged man.

"Quanyou Shenzhang!"

Emperor Mu You Wu shouted angrily, his palms flew, countless palm shadows soaring into the sky, shaking a large number of red silk threads flying, but there were still two penetrating blockades, submerged in Emperor Mu You Wu.

puff!

Emperor MUYOU Wu let out a muffled snort, blood overflowed from the corner of his mouth, and his face turned pale.

boom!

With a successful blow, Emperor Chixia Wu's figure shook, and he rose to the sky, wanting to make another shot.

"stop!"

"Chixia Wudi stopped."

"What a big deal, why bother to fight and kill? If you have something to say, please."

A sound of persuasion sounded, accompanied by a suffocating breath, descending.

It is the other Wudi hiding here.

"Emperor MUYOU Wu, for the sake of other people's face, this emperor will spare you this time."

Emperor Chixia Wu coldly snorted, and sneered: "How? This emperor's Chixia magical skills are uncomfortable, right?"

Emperor Mu Youwu's face was blue, but he didn't say a word. At this moment, two tyrannical and cold red forces were ramming in his body, destroying everywhere. He was fully absorbed, unable to distract, and after half a day, the two red forces were completely refined and disappeared.

"You all go in."

Under the instructions of Emperor Chixia Wu, a group of people from the Law Enforcement Palace and Misty Palace entered the passage and disappeared quickly.

Not long after the last person entered the passage, with a buzzing sound, the passage of Guyu Realm lost its strength and finally closed.

"Let's go, three years later, come here again."

Many Martial Emperors who were hiding in the void left one after another, and those Martial Emperor powerhouses who escorted the major forces to come, all controlled the warships to leave.

Once the Guyu Realm is closed, it will not reopen for at least three years, and it is useless to stay here.

Of course, a few people will stay and guard.

In the ancient Yu realm, after Qin Chen and others entered, they saw an ancient land, a dark land, an empty sky, and an endless atmosphere of space.

"This is Guyu Realm?"

"What a rich atmosphere of space."

"It's incredible. The power of space here is at least ten times faster than that in the outside world. There is such a treasure between the heaven and the earth."

After the geniuses of many forces entered, they were amazed.

The power of space here is too strong, far beyond the outside world, incomparable.

Three years of hard training here is equivalent to 30 years of hard training outside. No wonder there are rumors that as long as Tianjiao who enters the ancient Yu world can survive, more than 90% of them can break through to Emperor Wu. It is indeed extraordinary.

"let's go!"

"Farewell!!"

"Don't pass it here."

The Guyu boundary is very vast, and you can't see the side at a glance. After entering, the people of the major forces chose a direction to spread out, and quickly disappeared like a river.

"Follow me, it's extremely dangerous inside. Then there will be a space crack born. If you walk in private and be killed by the space crack, no wonder I." Situ coldly shouted and led a group of people forward.

Ahead is a desolate black plain, surrounded by lofty mountains, but there are no green plants, only black gravel, extremely hard.

As it continued to deepen, after a few hours, everyone was able to see the chaotic space fragments flickering in front, and the power of the space was vertical and horizontal here, and occasionally the dark space cracks opened and closed, strange and unpredictable.

Click!

Suddenly, someone stepped on something, but it was a broken sword.

When I picked it up, I saw that there were complicated runes engraved on it, but it was already broken, but it could be seen that before it was destroyed, this sword was at least a royal soldier, very sharp.

"There are treasures in this ancient Yu world?" exclaimed that day. "Huh, what's so strange about this." A Wuhuang strong sneered, and said: "In addition to being a treasure land for mastering the profound

meaning of space, Guyu Realm is also a treasure hunting land. There are many treasures in it, but most of them are For countless years of experience in the ancient Yu world, the strong man who died here Stay. "These treasures are nothing. What's really powerful is that there are some strange treasures left from the ancient times in the deepest part of the ancient Yu world, and they are called heavy treasures." And in the depths of the ancient Yu world, because the power of space is too strong, crystals of space have been formed for hundreds of millions of years. This is the difference that all major forces must fight for.

treasure. "

Speaking of the crystal of space, a fiery light burst out of the Wu Huang's eyes.

"Space Crystal?" There was a genius wondering. Ye Mo and Yan Equator were even more unclear about these natures, and they listened with their ears upright, not wanting to miss any trace of information.

[Chapter 1400: The power of space](#)

They also heard that the godchildren of the ancient Fangjiao got a lot of space crystals, but they were deceived by the disciples of the magic demon sect, and even caused the leader of the ancient Fangjiao to go directly to the magic demon sect to fight. It can be seen that this space crystal must be extremely Thing against the sky.

They just don't know what the crystal of space is.

Na Dan Pavilion Martial Emperor master smiled and said: "The crystal of space is a spar formed by the power of space. It contains extremely pure space power and can be absorbed by the warrior.

Generally speaking, absorbing three crystals of space can form the power of a space principle, which is much more effective than absorbing the power of space yourself. "

"The power of space?"

This is another new term, and a few people have only heard of it for the first time.

"Let me explain."

Situ Zhen stopped and looked at everyone. "The power of the Dao in space is a manifestation of the profound meaning of space. As we all know, a warrior can perceive the profound meaning of space and master the power of space to become a martial emperor. But the emperor can be divided into early, middle and late stages. In many cases, it is based on the space controlled by Emperor Wu

The strength of the profound meaning. "

"The profound meaning of space is illusory. It is difficult to say how much the profound meaning of space is mastered by a martial emperor. Therefore, the strength of the profound meaning of space is distinguished by the power of the principles of space."

"To put it simply, the so-called power of the principles of space means that after you master the profound meaning of space, you condense the power of mastering space into a complete chain of profound meaning."

Situ Zhen raised his hand and buzzed. In his palm, the power of countless spaces immediately condensed, and then a chain of nothingness was formed, blooming with bright light.

Everyone's eyes turned round in an instant, and the power of space was directly condensed into a chain. What terrible space control ability is this?

In everyone's minds, the power of space should be illusory, but now, it appears as a stick in substance. Situ Zhen was very satisfied with everyone's surprise, and said lightly: "This is the power of the principle of space, just like the seventh-order martial king can display the palm of the emptiness, while the eighth-order martial emperor can substantively transform the true essence into The real Zhenyuan giant hand, the Martial Emperor of the late eighth stage, can also master the space

The real concretization of justice. "

"Usually speaking, a warrior can step into the realm of the half-step martial emperor as long as he perceives part of the profound meaning of the space, and condense a complete spatial power in his body." "In other words, the limit of the half-step martial emperor is at The body is condensed into a complete space Dao power, and the space Dao power that the Martial Emperor can master in the early stage of the eighth stage is two to ten, and the space Dao that the Martial Emperor can master in the middle of the eighth stage is eleven to three. Ten points, as for the late Emperor Wu Huang of the eighth stage

, The spatial path that can be mastered is 31 to 100. "

"This is based on Wu Huang's understanding of the profound meaning of space. Of course, this number is not absolutely constant. In the same initial period, the more Wu Huang who has mastered the way of space, it means that the profound meaning of space he understands is also greater. powerful."

Situ Zhen said a long list in one breath, and it also made everyone gradually understand what the meaning of the space Dao means.

"The reason why the crystal of space is important is because it contains a lot of power of space. A complete crystal of space can directly condense the power of a space principle in a martial emperor. Why is it so important, everyone should understand it?"

"As long as two crystals of space, a Martial Emperor can be created."

hiss!

Everyone sucked in air-conditioning, and was shocked.

Any martial king wants to become a martial emperor, he needs to go through a lot of experience, and its difficulty is as high as directly from the first-order human level to the seventh-order martial king.

But at this moment Situ Zhen said that as long as two crystals of space, a Martial King can directly break through to Martial King. How terrible is this?

Only Qin Chen shook his head slightly.

The two crystals of space can indeed enable a pinnacle of Wuwang to directly break through to the realm of Wuhuang. However, there has never been a shortcut in martial arts. Space crystals are used to

improve the cultivation of Wuhuang and are treasures, but they are no different when they are used for breakthroughs. To poison.

A warrior who uses the crystal of space to break through to Emperor Wu will not be able to experience the process of understanding the profound meaning of space for the first time and integrating with the world. The road of future warriors will often stagnate after reaching the peak of Emperor Wu.

It is almost impossible to become a powerful Jiutian Wudi.

Therefore, it is impossible for the real top powers to make the Tianjiao break through the crystal of space, and this is why the crystal of space is only circulated in the emperor, and is rarely heard in the emperor.

"Okay, that's all for the explanation, and continue on."

After half an hour, everyone came to a canyon, and Situ Zhen stopped again.

"Now all the geniuses below the Emperor Wu are looking for a place of cultivation near this canyon."

Seeing someone showing a suspicious look, Situ Zhen said: "This canyon is the dividing line of the Guyu boundary. The outside of the canyon is the periphery of the Guyu boundary, and the inside of the canyon is the inside of the Guyu boundary."

"Although the power of space inside the Guyu Realm is stronger, it's the same, there will be space debris inside, and the deeper you go in, the more space debris will be. When you reach the deepest point, it will even form a spatial turbulence and develop hierarchically."

The spiritual power of Ye Mo and the others spread out, as expected, as Situ Zhen said, the space fragments in front of them spread in an increasing trend until they reached the deepest part of the canyon. Situ Zhen continued: "In addition to the flowing space debris in this canyon, there will also be random space cracks, and the more you go in, the higher the probability of space cracks appearing. There used to be some warriors for faster Comprehending the profound meaning of space, recklessly entered the depths, and was

A large number of spatial cracks were cut into pieces and died inside. "

"So, unless you have broken through to Emperor Wu and have a certain ability to control the space, below the Emperor Wu, you must never cross this gorge, have you heard?"

Everyone answered immediately. "Very well, for the next three years, you will cultivate here. As for the so-called spatial crystals and ancient treasures, you should not consider them, because these are not things you can consider. What you have to do, just is to use these three years to break through to the realm of Emperor Wu

Multi-space profound meaning, nothing more. "

"Other Wuhuang masters, follow me!"

When the voice fell, Situ Zhen's figure shook, and with many other martial emperors, he flew up in an instant, rushing towards the deeper place of Guyu Realm.

With their cultivation base, they naturally need to go deeper to improve.

"Little dust, should we be together?"

Ye Mo and Yan Equator approached Qin Chen, and they practiced together, maybe they could take care of them.

Qin Chen glanced at the Ling Yi people who were constantly staring at him coldly, and said with a smile: "Let's separate better." If we don't separate, how can we give Ling Yi a shot?
