

# Valkyrie Domination

## Chapter 14

In the device hall.

Liang Yu snorted coldly, but in his heart he wondered why Qin Chen was clearly a crafting genius, why his status in the Qin family was so low.

However, since Qin Chen didn't say it himself, he naturally wouldn't be idiots into the family affairs of Qin Chen.

"From now on, you should stay away from Qin Fen, otherwise, I will drive you out of my door immediately." Liang Yu said coldly to Zhao Lingshan.

"Yes, the disciple will not have any contact with the Qin family in the future." Zhao Lingshan did not dare to refute.

"Then Qin Chen, you can still get to know him. This person is extraordinary and has a boundless future." Liang Yu thought of the previous refining, and at this moment there was a shuddering feeling.

Zhao Lingshan was startled, her face dumbfounded.

This seems to be different from what I imagined.

Isn't it because Qin Chen angered him that Master didn't let himself be in contact with the Qin family?

"The Tianmai Shenzhen needles have been refined, and we must find a place to reshape the meridians as soon as possible. The longer the delay, the more disadvantaged it will be for me."

Qin Chen walked on the road alone, thinking to himself.

Going back to the Qin Mansion will definitely not work. He and his mother's status in the Qin Mansion is too low. Mrs. Zhao might send someone to make trouble. Once he interrupts the process of reshaping his meridians, the consequences will be disastrous.

After thinking for a long time, Qin Chen finally thought of a place: Tianxing College.

The Tianxing Academy is a learning place for the children of royal princes and commoner geniuses. It has a special training room, and it will never be disturbed by anyone.

"Just go back to college."

Thinking of this, Qin Chen walked straight towards the Star Academy.

Tianxing College, located in the center of the royal capital, is only a few blocks from the Qidian.

A quarter of an hour later, Qin Chen came to the academy.

The bustling crowd, towering buildings, youthful students, everything gave Qin Chen a very novel feeling.

However, Qin Chen did not have time to appreciate it.

For him, every minute now is extremely precious.

He must seize the time saved by every point.

However, someone happened to disturb him at this time--

"Hey, isn't this Qin Chen, who has the reputation of 'the pig of blood'? After being beaten by my grandfather last time, he was alive and kicking again so quickly? Isn't he vigorous!"

A harsh mocking voice sounded.

Four sixteen or seventeen-year-old boys walked out of the small woods on the side of the road, and stopped Qin Chen with a bad expression.

The leader, wearing a brocade robe, big ears, and an arrogant demeanor, was the son of Wei Qihou, Wei Zhen, who knocked Qin Chen unconscious in a duel a few days ago.

Wei Qihou was quite powerful in the DPRK, so Wei Zhen was naturally accompanied by a group of friends, friends, officials and eunuchs of the Great Qi Kingdom, who often acted evil and provoked troubles in the academy.

However, even though Wei Zhen is domineering in the academy, his martial arts talent is quite amazing.

He is only a few months older than Qin Chen, is already a mid-human martial artist, and the awakened is the second-rank bloodline.

The last time he had a duel with Qin Chen, he had always concealed his mid-human level cultivation base, and finally took advantage of the opportunity of the duel to suddenly violently hit, and knocked Qin Chen off the duel stage, which was extremely insidious.

Moreover, he has an older brother who is about to enter the prefecture level and graduate from Tianxing College.

Therefore, the behavior will be so arrogant and domineering.

If Qin Chen heard such words before, he would definitely be irritated and would fight desperately with the other party.

But at this time, he directly ignored the arrogant Wei Zhen four in front of him, treating them as air, and without even looking at them, he bypassed the four from the side.

Wei Zhen was taken aback for a moment, his face changed, and a gleam of cold flashed under his eyes.

After being madly beaten by himself, Qin Chen dared to ignore him, didn't he learn his lesson? It seems that he was too kind before and didn't kill this guy.

When he winked, the three attendants on the side immediately rushed up with a grin, and stopped Qin Chen again.

"Blood Pig', run something in a hurry, come and practice with your brother."

The three of them squeezed their fists and approached Qin Chen with a strange smile.

"Wei Zhen, what do you guys want to do?"

Suddenly a loud shout came from the rear, and the two teenagers ran over, blocking Qin Chen with an angry expression.

At this time, many students who watched the excitement gathered on the edge of the woods, and they started to point and discuss.

Wei Zhen's face darkened, and he said gloomily: "Lin Tian, Zhang Ying, the things here have nothing to do with you, get out of here."

"Huh, Wei Zhen, the last time you injured Shao Chen hasn't been settled with you. We are here today, so you don't want to move Shao Chen." The young people named Lin Tian and Zhang Ying shouted loudly with expressions of anger.

Then, they said to Qin Chen: "Little dust, you go first."

They heard that after Qin Chen was knocked unconscious by Wei Zhen last time, they almost died, and they were very worried about Qin Chen.

Qin Chen suddenly felt a strange feeling in his heart.

Lin Tian and Zhang Ying are his best buddies in the Star Academy.

Among them, Lin Tian and Zhang Ying also recognized Qin Chen as the boss, saying that he had little dust, and was a \*\*\*\* Qin Chen rarely had in the college.

However, after experiencing Feng Shaoyu's betrayal in the previous life, Qin Chen was unavoidably uncomfortable with the so-called brother.

Wei Zhen was furious and sneered: "Lin Tian and Zhang Ying, it seems that you are toasting and not eating fine wine. Okay, I didn't teach you last time. This time I beat the two of you together and gave it to me. "

Wei Zhen let out a loud roar, and his three ready-to-go attendants rushed up immediately.

Two of them pounced on Lin Tian and Zhang Ying respectively, and one of them pounced on Qin Chen.

All five of them were in the early stages of the human level, and they belonged to the academy's middle-level disciples. Their strength could be said to be between the first and second class. Zhang Ying's face changed a lot when he saw that he blocked his opponent, and at the same time, he shot another pounce. Qin Chen's opponent.

"Hmph, Zhang Ying, you can't protect yourself. If you dare to get distracted, then you will settle the account first."

Wei Zhen sneered, his eyes were gloomy, and he leaped up and hit Zhang Ying's fist with a punch. Wei Zhen was a mid-human martial artist. Under his punch, Zhang Ying suddenly snorted and was shocked. Flying out, his right hand was severely painful and numb, almost all of it was broken.

"Zhang Ying." Lin Tian's complexion changed drastically, and he wanted to step forward to support, but was stopped by the other three, and punched him with both fists, a trace of blood spilled from the corners of his mouth, and he stepped back three steps, his breath was empty.

"Little dust, run away."

Even at this time, Lin Tian and Zhang Ying were still concerned about Qin Chen.

"Hey, where can he go? First beat the two of you, and then teach him." Wei Zhen laughed grimly.

"Humph." Qin Chen's eyes were cold. Although he was a little awkward about his brotherhood, it didn't mean that others could insult his brother at will.

With a cold snort, Qin Chen suddenly took a step forward and stepped into the battle group.
