

## Valkyrie 1421

### [Chapter 1421: Thunder Tribulation Appears](#)

"You have to remember that Guyu Realm has a rare opportunity. One more day of cultivation here is equivalent to ten days in the outside world. If you enter the Guyu Realm, the ratio will be even more exaggerated. Instead of wasting time here, it is better to fight for it. Break through the Emperor Wu as soon as possible."

"let's go!"

When the words fell, Situ Zhen led many martial emperors and immediately left the canyon.

He didn't have too much time to waste here, Gu Yu Realm had a rare opportunity, and even he had to seize any minute.

"Humph." Ling Yuannan gave Ling Yi a fierce look, but also helplessly, turned and left.

After a group of people left, everyone's gaze at Ling Yi suddenly became extremely strange. This Ling Yi was really a disaster star. He actually killed the elders of the family for his own selfish desire. This is really...

Shoot yourself in the foot!

Ling Yi's face flushed, and listening to the discussion around him, he was helpless, but stared fiercely at Liang Guanghao, and put all the anger in his heart on Liang Guanghao.

Liang Guanghao was cold all over, he wanted to cry without tears, could he blame himself?

But he didn't dare to say a word, but he went back to his cultivation place obediently, and continued to practice in a nervous state.

"Young Chen, he must be fine."

Ye Mo also glanced at each other strictly, both of them flashed firm eyes, and then they began to practice again.

At this moment, they had only one thought in their hearts, and that was to break through to the realm of Emperor Wu as soon as possible, and then enter the depths of the ancient Yu realm for the first time, searching for the traces of Qin Chen.

Qin Chen naturally didn't know what happened in the canyon. He who entered the mountainside was completely immersed in the profound sense of space.

Because he has cultivated into the body of space, Qin Chen can absorb the power of space much faster than ordinary warriors, and the power of space contained in the light of this place is also far higher than the power of space in Qin Chen's body. It is improving at an astonishing speed every moment.

What's more, Qin Chen was the Martial Sovereign of the eighth-level peak in his previous life, and he had a profound understanding of the profound meaning of space.

If you change to an ordinary half-step martial emperor, and with such conditions against the sky, I am afraid that in a month or even half a month, you can directly enter the realm of the martial emperor.

But what Qin Chen cultivates is the extremely sky-defying Nine-Star God Emperor Art. Coupled with the power of his condensed spatial principles, it is more than ten times that of the ordinary Martial Emperor, so the difficulty is still very terrifying.

Don't think that the power of space is ten times stronger than others, you only need to absorb ten times the power of space.

In fact, ten times the power of the principles of space represents not only the content of the power of space, but also the comprehension of the profound meaning of space, the control of the laws of space, etc. This is a systematic practice and cannot be completed overnight.

This is also why Qin Chen himself was a martial emperor in his previous life, and he knew the realm of the emperor before he could try it. If he came to another martial artist, even if he was given three years of training, he might not be able to condense this level. The power of the two principles.

Hum!

From the naked eye, the power of the second spatial Dao in Qin Chen's body slowly formed.

Its speed is extremely slow, and the power of the second spatial path represents the realization of Wu Huang's sentiment. It needs to be carefully crafted and there must be no sloppy.

A month!

Two months!

Three months!

Three months later, the power of the second spatial principle in Qin Chen's body was finally condensed to ninety-nine percent, and it was only a little short of forming.

But at this point, it seems to have stagnated.

one day!

Five days!

Ten days!

Half a month later, the last trace of power has not been supplemented, and it seems that it has fallen into a certain bottleneck.

After several months of cultivation, Qin Chen was completely immersed in his sentiment, and the continuous breakthrough of the impact made Qin Chen's cultivation level gradually touch the barriers of Emperor Wu.

When Qin Chen's cultivation base touched the barrier, before opening the barrier, Qin Chen suddenly shocked all over his body, and his mental power unexpectedly formed waves of ripples around him, and a powerful spatial force slowly extend out.

This was the embryonic form of the space barrier, Qin Chen understood immediately. He didn't expect that he had already begun to form a space barrier before he was promoted to the Martial Emperor, and although this space barrier was only a rudimentary form, it was very solid.

It can even be compared with his previous space barrier at the peak of the eighth stage, but now, he hasn't even broken through the Martial Emperor.

In the pleasant surprise, Qin Chen did not deliberately form a space barrier, but continued to condense the power of the spatial principles.

Ten days.

Twenty days.

A month!

Finally, after another month passed, the last small part of the power of the second way was quietly supplemented.

Buzzing!

The power of the two large spatial Dao principles instantly formed in Qin Chen's body. "Boom..." trembling came. Qin Chen immediately felt that the sea of qi in his dantian was rapidly expanding, an unprecedented strength. , Instantly spread to his body.

At the same time, all the true essence in his body was madly condensed, and then slowly formed a more terrifying true essence power, which was more than ten times stronger than the previous true essence power.

This is the true power of Wuhuang level.

"Breakthrough, finally breakthrough."

Qin Chen was overjoyed, but before he was pleasantly surprised, an astonishing roar suddenly sounded above "Rumble".

this is.....

Thunder robbery!

Qin Chen knew very well that what should come is still coming.

"You can't cross the catastrophe here. Once you cross the catastrophe here, this area will definitely be reduced to ashes and will definitely be exposed at that time."

When he broke through the seventh-order martial king in the mysterious realm of the heavenly devil, Qin Chen had been attacked by thunder robbery, so he had been prepared, and at the moment of the breakthrough, he had already rushed out of the cave.

"Boom!" Almost at the moment he rushed out, a number of dark thunderclouds suddenly appeared in the sky above Guyu Realm. These black thunderclouds seemed to appear out of thin air, splitting in an

instant, and six dark thunder arcs fell. These six dark thunder arcs instantly set off the entire ancient Yu world into a piece of black

The astonishing space power in Guyu Realm looked wantonly, but Qin Chen secretly relieved, but fortunately, there were only six lightning arcs. Although these six lightning arcs were terrifying, he should still be able to deal with it.

But Qin Chen soon felt the danger, and before he could react, the six black thunder arcs instantly changed directions, and they split into six directions and blasted towards Qin Chen.

But this was not what horrified Qin Chen. What horrified him most was that there were clearly six black thunder arcs, but after dividing into six directions, the thunder arcs became thirty-six.

Thirty-six dark thunder arcs blasted towards Qin Chen from all directions. Each thunder arc was bigger than a bucket. Except for the underground, Qin Chen faced a full range of bombardment. Many formation flags and real treasure seals were sacrificed by Qin Chen at the same time. Qin Chen knew that this time it was not only the thunder robbery, but also his great crisis. From the last time he was in the Secret Realm of the Sky Demon, he could see that the thief was absolutely fundamental. Don't want him to continue to live.

#### [Chapter 1422: Great crisis](#)

Qin Chen knew that this time it was not just a thunder robbery, but also his great crisis. It was almost an instant that Qin Chen offered the Likan Sacred Mirror again. Under such circumstances, he had no choice but to keep it.

At the same time, the mysterious rust sword appeared in his hand, and Qin Chen's eyes instantly became fierce. He was a person who had been reborn once. Since the thief God didn't want him to survive, he would survive by himself.

Man can conquer the sky, the warrior, he is going against the sky, even if it is the sky, how can he make Qin Chen bow to his knees?

Therefore, Qin Chen didn't even wait for the thunder arc above his head to blast down, he was already holding a mysterious rust sword into the sky.

In his opinion, since this Thunder Tribulation is determined to kill him, with his spatial body, coupled with the Immortal Eucharist, he does not believe that this Thunder Tribulation cannot be done.

boom!

After displaying many defensive methods, Qin Chen urged Yu Jianshu to slash it out.

Qin Chen knew very well that in the face of Lei Jie, you want to defend yourself obediently. It doesn't make any sense. What you want is a momentum and proactive attack. This is a kind of tempering for yourself.

"Boom..."

At the moment Qin Chen rushed up, the ground under his feet suddenly burst open. At the moment when the lightning arc above his head fell, thirteen lightning arcs burst out of the ground, which surrounded Qin Chen three-dimensionally. omen.

Damn, it wasn't six or sixty-six thunder arcs at all, but seven or seven forty-nine thunder arcs. Even this thunder calamity was not only more powerful than the last one, but also more cunning.

The thirty-six thunder arcs on the top of the head were for him to see and resist, while the thirteen thunder arcs below broke out in secret. The purpose was to make Qin Chen unable to react at all and kill him directly.

If it weren't for Qin Chen's body, he would take the initiative to fight against the thunder robbery without waiting for the thunder robbery to fall. He would not even have time to evade the thirteen thunder thunder robberies underground.

Although he might have felt at the moment of the outbreak, at that time, it might be too late.

"Damn, my god, this thief is too \*\*\*\* ridiculous, is there such a thing?"

Qin Chen sucked in air, his lungs almost exploding.

In fact, not all of Emperor Wu's breakthroughs would have thunder tribulation. Generally, only some people who were against the sky would have thunder tribulation. Qin Chen also encountered thunder tribulation attacks when he broke through the Emperor's previous life.

But that thunder robbery was just a relatively ordinary thunder robbery, but this time, even conspiracy and trickery were used, which is simply too exaggerated.

"It's so poisonous, it's too hot, it's not giving myself hope of living at all."

Qin Chen was extremely angry, but after a moment, he calmed down instead, and the Demon Surgery Cauldron was also practiced by him. He knew clearly that this time, if he couldn't make it through, he would definitely end in smoke.

Qin Chen sacrificed so many real treasures for the first time. Although these real treasures were all refined by him, even with Qin Chen's powerful spirit and spiritual power, he felt strenuous.

"Boom boom boom boom..."

"Crack, click, click..."

The black thunder arc flashed down from the sky, constantly hitting the real treasure big seal, on the defensive formation, and on the magic pot and the sacred mirror of Likan. In the end, it hit the mystery in Qin Chen's hands. Rust sword.

Boom!

A burst resounded throughout the entire world for a while, and the black thunder light mixed with Qin Chen's true essence and escaped. As long as the black gravel ground next to it was touched by the black thunder light, it burst into pieces, completely powerless to resist.

Kaka...

At the same time, Qin Chen's formation is not considered to be cracked, and the formation flags are faltering. As for the Zhenbao Dayin after being bombarded by six lightning arcs, it was shaken out with a bang, hitting a dozen on the ground. A huge pothole in the radius of Zhang.

In an instant, this piece of heaven and earth seemed to have turned into an ocean of thunder, with black thunder lights overflowing everywhere, and every thunder light contained astonishing destructive power, which was equivalent to a full blow of the peak Martial Emperor in the early stage of the eighth stage.

Looking around, there are hundreds of thunder arcs exploding on the field. What a terrifying attack power is this?

Even the Martial Emperor of the late eighth stage would be severely injured by his bombardment. Although Qin Chen had cultivated the Immortal Saint Body to the sixth level, his body was also split, struggling to support under the thunder.

"Kang Dang!"

The deafening roar continued, the treasures such as the sacred mirror of Likan and the Demon Ding Jing were constantly trembling, the sound of explosions was endless, and the surrounding void was trembling by the dense thunder arc.

"Master, are you crossing the thunder robbery? Are you committing suicide?"

In the magic pot, Skeleton Rudder was so scared that his face turned pale, and he did not dare to come out.

As a foreign demon, he is not afraid of heaven and earth, but the sky thunder is definitely a power he is extremely afraid of. As long as he appears, he must be chopped into coke.

Fortunately, the protection of the Summoning Demon Cauldron is very strong. Although the external roar was fierce, the skeleton rudder master located inside was still safe and sound.

But it has been listening to the thunder and roar of the outside world, and it feels nervous.

Even the Skeleton Rudder Master is so nervous, not to mention Qin Chen who is outside. Although many real defensive treasures have blocked a large part of the lightning arc for him, there are still some lightning arcs that penetrate many real defensive treasures. It fell directly on Qin Chen.

Puff puff!

Blood splattered up, Qin Chen's bones broke every inch, and these lightning arcs hit his body. Apart from hard resistance, there was no trick.

In an instant, Qin Chen had become a blood man, and after these thunder tribulations blasted into his body, they immediately turned into a large amount of thunder and lightning power, raging in his body.

A strong smell of meat filled Qin Chen's body.

Qin Chen felt that if he hadn't cultivated the body of space by himself, he would have been unable to hold on to it with just that. With a "pump tom", after all seven or seventy-nine thunder tribulations

disappeared, Qin Chen fell straight to the ground. Such a thick thunder tribulation hit the body so continuously, even if it was Qin Chen's nine stars. No matter how powerful the Divine Emperor Jue was, it couldn't be refined in time. At this moment, Qin Chen was completely bloodied and burnt.

sheet.

At this moment, Qin Chen felt extremely difficult even to breathe, or as long as there was one more thunder tribulation, his soul might be broken into pieces.

Qin Chen's face was pale. Although he had made enough preparations long ago, he never expected that this thunder tribulation was far more terrifying than he had imagined.

This Thunder Tribulation was to kill him alive, and Qin Chen's eyes burst out with angry flames.

This time it was only the first wave of thunder and robbery, and the next wave would be stronger than the first wave. How could he stop it?

"No, I must really break through to Emperor Wu before the next wave of thunder tribulations, otherwise I will definitely die." Qin Chen took a deep breath, his body refining exercises and the Nine-Star God Emperor Art almost started to operate automatically in an instant. , Absorbing the power of these thunders madly, constantly strengthening Qin Chen's flesh and blood.

#### [Chapter 1423: Breakthrough Wuhuang](#)

However, the power contained in this first wave of thunder tribulation was so powerful that even if Qin Chen tried his best to absorb it, there was no time to refine it. A large amount of thunder tribulation power even smashed into his body, continuously destroying his body. .

Can't go on like this!

Qin Chen's heart was immediately cold. In order to kill him, this second wave of thunder tribulation would definitely come down soon. If he could not absorb the power of thunder tribulation in his body as soon as possible, he would definitely wait for the next wave of thunder tribulation to arrive. Can't resist.

Just when Qin Chen's heart was frightened, the thunder bloodline in Qin Chen's body was actually activated automatically. In an instant, Qin Chen's body was filled with thunder force, and these thunder force was exactly the thunder force evolved from the bloodline.

And when these thunder powers appeared, they quickly absorbed the black thunder and lightning power left by the thunder in Qin Chen's body.

What made Qin Chen even more excited was that after absorbing a large amount of the power of thunder, these bloodline powers fed back this power, continuously strengthening Qin Chen's body, and condensing his physical body time and time again.

But after these powers were fed back, they were refined by Qin Chen's Nine Star God Emperor Art at a very fast speed, forming a series of pure true essences, and condensed Qin together with the heaven and earth true energy that was crazily absorbed by Qin Chen. The air of dust.

"Boom..." The thunder sounded again, and the second wave of Thunder Tribulation didn't even pause, giving Qin Chen no chance to breathe. It started to brew, and it was obviously about to fall again in a very short time.

Qin Chen knew very well that if he could not break through to the real Martial Sovereign realm before the second wave of Thunder Tribulation, he could only wait to die.

At this moment, Qin Chen could not care about anything else. A large number of high-grade real stones appeared beside him instantly. At the same time, the eighth-rank emperor grade Qinglin Pill, Hemolysis Pill and Zhenyuan Pill he had obtained from Ling Jun were ignored by Qin Chen. Swallowed everything.

Click!

The terrifying medicinal power immediately filled Qin Chen's meridians, and a large amount of medicinal power permeated, Qin Chen's body did not heal, but broke his body again.

But at the same time, a large amount of medicinal power has also turned into pure true essence, which continuously gathers into the Dantian Qi sea after the breakthrough.

boom!

In an instant, Qin Chen felt as if some barrier in his body had been broken, and a relaxed feeling came from his body, and an unprecedented power filled his whole body.

Buzzing...

Between the heaven and the earth, a large amount of pure spatial power condensed crazily and began to form the power of the spatial principle in Qin Chen's body.

Under the nourishment of the power of these spaces, Qin Chen's originally injured body was healed at a speed visible to the naked eye, but the residual power of thunder that could hardly be absorbed at this moment was like a river flowing into the sea, and was instantly affected by Qin Chen. The body absorbs.

Qin Chen felt that his cultivation base was climbing frantically, a terrifying power that was dozens of times stronger than the half-step Martial Emperor realm surged, and this power was still rising, even his mental power began to be crazy. The promotion.

This feeling of rapid increase in strength made Qin Chen almost think he was in a dream.

Qin Chen has experienced many promotions and many soaring strengths, but he has never felt so crazy and so clear this time.

"Emperor Wu!"

Qin Chen muttered to himself, from rebirth to the present, he finally recovered to the state of Emperor Wu.

The mastery of the profound meaning of space in the previous life clearly reflected in his mind, giving him a feeling of being in charge of the world.

Wow!

A large amount of spatial power condenses in his body, quickly forming a large spatial power.

This is the foundation of Qin Chen's previous life, and the accumulation of previous lives has caused the power of the spatial principles in his body to rapidly condense, forming a phantom of the power of several spatial principles.

The Tribulation of Heaven and Land Lei is indeed terrifying to the extreme, but once you resist the past, the benefits you will get are equally unimaginable.

While Qin Chen felt his own strength was constantly improving, the space barrier outside his body had already stretched out involuntarily. At this moment, his space barrier had not only expanded several times again, but also began to improve.

The terrifying Wuhuang breath spreads in this ancient Yu world, and there is a feeling of wanting to control this whole world.

Qin Chen felt the sound of his body again, and the next moment, his perception of the surrounding space became clearer.

Qin Chen clenched his fists and stood up slowly. He knew that while his cultivation was improving, the spatial body he had just cultivated had also improved again.

The body of space is a divine body, and it also has room for improvement. The previous Qin Chen only initially trained as a body of space. With the improvement of his strength and mastery of the profound meaning of space, his body of space will slowly improve. .

"Boom!"

At the moment when Qin Chen's cultivation base continued to improve, an even crazier roar sounded above Qin Chen's head, banging, and the next moment, eight or sixty-four black lightning arcs fell down and blasted towards Qin Chen.

The heaven and the earth seemed to be furious, angry that they had not been able to kill Qin Chen before. This was a person against the heavens and could not be tolerated by the heaven and the earth.

Qin Chen looked up and calmly looked at the sixty-four thick black thunder arcs. This time he didn't use any real defense treasure, but just rushed up with the mysterious rust sword.

At the same time, his mysterious rust sword was cut out, and he wanted to use this black thunder tribulation to continue to refine his cultivation and temper his mysterious rust sword.

After breaking through Emperor Wu, Qin Chen no longer feared any challenge.

Qin Chen's retreat was located near the space turbulent zone, very remote and extremely dangerous, so few people would practice here.

The Guyu Realm has only been opened for three years. Generally speaking, most Wuhuang will enter the other side of the space turbulent zone, where there will be blood-colored monsters that breed blood crystals, and space crystals.

At the same time, the environment there is more suitable for Emperor Wu to practice, so although Qin Chen caused a lot of movement when he crossed the Tribulation, not many people could feel it.

It's not much, it doesn't mean there isn't. At this time, there were three Martial Emperors who were thousands of miles away, feeling this terrible thunderous atmosphere, and there was also a kind of terrifying pressure that was almost imperceptible.

"Is this... Thunder Tribulation?"

The person who was talking was a martial emperor of the eighth stage who was wearing a blue martial robe. He was not very old, in his thirties, and he didn't know which force he was a genius.

It seemed that he had just broken through the realm of Emperor Wu, and he was about to be taken by the master of the sect to practice in the depths of the ancient Yu realm, so he undoubtedly passed by here.

"Could it be that any Emperor Wu made a breakthrough here?"

Next to him, there is another early Wu Huang wearing blue, his appearance is also very immature, even younger than the one before, obviously just breaking through the realm of Wu Huang. At this moment, after the two felt the terrifying power of thunder in the distance, they stared in horror at the location of the spatial turbulence, with a look of shock.

#### [Chapter 1424: Qingdi Mountain](#)

"This kind of power, even if the Martial Emperor in the middle of the eighth stage breaks through the late stage of the eighth, it is difficult to cause such a terrifying sky thunder? As far as I know, in addition to the Wu Emperor breaking through the nine days of the martial emperor, he will definitely drop the sky thunder and temper the Wudi body. Besides, in other realms, it is difficult to cause sky thunder."

Beside the two of them, there is a middle-aged man wearing a gray martial robe. This man's cultivation base is much higher than these two young men. He is as high as the middle stage of the eighth stage. Obviously, he was ordered to bring the two fighters who just broke through. The imperial disciple went to the depths of the ancient Yu world to experience.

"My Lord Zhu's meaning is that someone has broken through Emperor Wu here?"

The two young Tianjiao took a breath, Nine Heavens Emperor Wu, this is even in the eyes of the martial arts powerhouses, it is also a superior existence.

"I don't dare to conclude, but whether someone broke through the Emperor Wu, or someone else broke through in the Emperor Wu realm, or it was the sky thunder caused by the blood-colored alien beast in the ancient Yu realm, we can't see this power. Spy." The grey-clothed Emperor Wu, known as Lord Zhu, looked solemn.

"My Lord Zhu, you mean, this blood-colored strange beast in the ancient Yu realm will also cause the catastrophe?"

"I don't know, but it's not impossible. It's better for us to leave as soon as possible. Follow me and don't cause trouble."

After speaking, the grey-clothed Wuhuang speeded up and left here. No matter what the reason, the power just now was not something that his little mid-term Wuhuang could intervene. If he annoys the other party, who knows if it will attract him. disaster.

In a turbulent place thousands of miles away in the direction the three of them were leaving, a woman in blue wandered around here for a long time, seeming to be looking for something.

If Qin Chen were here, he would obviously recognize that this person was the strong man in the Misty Palace who had chased him before. Qin Chen would not have thought that after more than four months, the blue-clothed woman hadn't left here yet. Search for his trace near the turbulence of this space.

"Damn it, where did that kid go? Even if he has the ability to reach the sky, how can he stay in this turbulent space for so long? Or is he already out?"

The blue-clothed woman had a gloomy and angry face.

Time is tight in Guyu Realm. Even one day is extremely important. She has wasted more than four months here. Although it is said that you can practice here, it is still worse than the depths of the turbulent space. .

But the treasures revealed on Qin Chen's body made her unwilling to leave like this.

She faintly felt that Qin Chen definitely had some kind of big secret, and such a big secret could even change her life.

"This bad weather, why is it so dark all of a sudden? Could it be that there is still a cloudy sky in this ancient Yu world?"

Raising her head, the blue-clothed woman complained. Since half an hour ago, the sky in the ancient Yu world has been darkened a lot, making her a little puzzled and confused.

She raised her head and glanced at the direction of Qin Chen Dujie, and found that the sky there seemed to be the darkest, even if it was an extremely long distance, there was a vague feeling that made her heart palpitating.

"Is there something there?"

The blue-clothed woman frowned, and then quietly passed towards the darkest place.

After a stick of incense, the woman in blue met three other martial emperors.

These three Martial Emperors were the three who felt the breath of Qin Chen crossing the catastrophe and stayed away. The three of them had already left for a certain distance, and then they slowed down, and discussed who was crossing the catastrophe just now. .

They were not shocked until the woman in blue stopped the three of them.

"Junior Zhu Zhengchun, Qingdishan disciple, has seen adults." The mid-gray-clothed Emperor Wu Huang saw the misty palace logo on the blue-clothed woman and hurriedly saluted respectfully, looking nervous.

The other two young martial emperors also leaned over to salute.

Although each other is the top strength of the martial arts, Misty Palace is definitely the most heaven-defying existence among them, and no forces dare to slacken their efforts.

"Have you met a person with a mask on his face?" The blue-clothed woman raised her hand and drew Qin Chen's image at random, and asked coldly.

The mask Qin Chen wore was specially refined by himself, which could shield Wu Huang's perception, so even if the blue-clothed woman had a superb cultivation level, she still couldn't see Qin Chen's real face through the mask.

"No, I didn't see..." The Wuhuang Wuhuang in the lead hurriedly said.

But in my heart he wondered how the masked man had offended the blue-clothed woman, so he asked the other person when he saw someone.

Offending Misty Palace, how can there be a way to survive?

"Oh?" The woman in blue waved her hand to erase the image, and then asked faintly: "I just heard what you said about crossing the catastrophe, what is going on?"

"My lord, it's like this." The Wuhuang Wuhuang in gray did not dare to conceal it, and said the previous thing, and said with some palpitations: "The Thunder Tribulation just now was definitely a breakthrough from a top powerhouse. I dare not wait. Disturbance, this is how I left."

"What? You mean that the reason why the ancient Yu world suddenly darkened was because someone in front of me was crossing the catastrophe?" The blue-clothed woman frowned immediately.

For some reason, the first thing she remembered at this time was Qin Chen. When Qin Chen fought her, he clearly didn't even arrive at the Emperor Martial Emperor. She seemed to be a half-step Emperor. Although she couldn't believe it, it was given to her. It feels like this.

Now that she heard that someone was breaking through the Tribulation, the first thing she thought of was Qin Chen.

As soon as this thought came out, she was shocked. If the masked man was really a half-step Wuhuang cultivation base, it would not be impossible for the other party's terrifying attainments to trigger a thunder disaster when breaking through.

But Qin Chen himself was already extremely terrifying. If he breaks through the Wuhuang cultivation base, wouldn't it be difficult for him to win the opponent?

Thinking of the possibility that the masked man might have soared in strength, the blue-clothed woman could no longer calm down, coldly glanced at the three martial emperors in front of her, and suddenly raised her hand and struck it with three blue lights.

Two of these three have just broken through the Emperor Wu, and their cultivation base has not even been fully consolidated. In addition, the blue-clothed woman suddenly made a move, unable to reflect what happened, and was directly cut into blood with a puff. fog. As for the leader of the grey-clothed Martial Emperor, although it was also the mid-term Martial Emperor's cultivation base, Qingdi Mountain was far from the Misty Palace. In addition, she was afraid of the identity of the blue-clothed woman in

the Misty Palace. At the same time, she did not expect the people of the Misty Palace to be unexpected. He would sneak attack, and with a boom, he was instantly shattered half of his body.

Screamed sternly.

But after all, his vitality was tenacious, and he didn't even die in the first place, so he hurriedly took out the space talisman to escape from here. Now that the woman in blue has done it, how can he give him a chance to escape? Above his head, the Blue Moon bloodline appeared instantly, and before the grey-clothed Martial Emperor urged the talisman, he had already inserted a palm into the opponent's chest.

#### [Chapter 1425: Banten](#)

"Ah!" The Emperor Huiyi screamed and roared angrily, "I Qingdi Mountain has never offended Your Excellency, why did your Excellency act on me Qingdi Mountain."

This person has a distorted face and a look of despair and unwillingness. He doesn't understand why the woman in blue should suddenly kill him.

"Why? My Misty Palace murdered, do I still need a reason?"

Puff!

A palm shook the opponent into a blood mist, the blue-clothed woman gave a cold smile, put away the three storage rings, and the gloom on her face disappeared a lot.

"I feel more comfortable now."

The blue-clothed woman said coldly. During this period of time, Qin Chen made her angry and killed a few people to dispel her hatred.

"The blame is blame, you just appeared in front of me at this time. If you don't kill you, who else can you kill?"

With a sneer, the blue-clothed woman didn't pause at all, and instantly flew towards the darkest part of the sky with a blue fairy.

Under the thunder of the sky, the mysterious rust sword in Qin Chen's hand collided fiercely with the thick and dark thunder robbery, which immediately exploded the sky of thunder.

Click!

Qin Chen immediately saw that the rust spots on the mysterious rust sword had been split into a layer, and the rust sword, which was originally completely black, emitted a mysterious light.

During the last thunder tribulation, he discovered that the power of thunder tribulation can eliminate the rust on the mysterious rust sword, this time it is indeed feasible.

After the dozens of thunder tribulations were split, the remaining dozens of thunder tribulations immediately hit Qin Chen, immediately making a thunderous roar.

Although these pitch-black thunder pillars were terrifying, they were buffered by Qin Chen's space barrier and suddenly slowed down. After falling on Qin Chen, their power was also weakened a lot.

During the first wave of thunder tribulation, Qin Chen used many defensive treasures, but barely blocked them, and the bones in his body were shattered innumerable.

And this second wave of Thunder Tribulation was clearly more powerful, but after Qin Chen completely broke through Empress Wu, his strength increased more than ten times, but he became a lot easier.

Puff puff puff...

When the Lei Zhu fell, Qin Chen's body was instantly scorched, and the skin was splintered, but it was just some skin trauma. Not only was the bone not broken, but even the internal organs were only slightly injured.

The sky of thunder light haunted Qin Chen, but was absorbed into his body by Qin Chen, strengthening the veins of Thunder, and at the same time eliminating a lot of rust spots on the mysterious rust sword.

Not only was Qin Chen not injured, but with the help of Lei Jie, his aura was slowly improved again.

Qin Chen was bathed in thunder lights, which were strengthening his body.

After a while, Qin Chen also released the Huo Refining Insects and the Air-Eater Ants.

At the beginning, the Fire Refining Insect and the Air Devouring Ant were attacked by the sky thunder, and then they were transformed. Now the Fire Refining Insect and the Air Devouring Ant are less helpful to Qin Chen. If they do not continue to evolve, they can only be eliminated. , Qin Chen also wanted to use this thunder tribulation to temper the fire-refining insects and the gas-eater ants.

"Warrior cultivation is like sailing against the current. If you don't advance, you will retreat. The same is true of strange spirit insects. If you want to become stronger, you must experience a painful rebirth, break the cocoon and become a butterfly, in order not to be eliminated."

Qin Chen murmured.

Crackling!

A large number of fire worms and gas-eater ants in the thunder light bath immediately emitted bursts of burnt smell.

What surprised Qin Chen was that these fire worms and gas-devouring ants, who had suffered thunder tribulation and never died in the mysterious realm of the heavenly devil, did not fall much when faced with the more terrifying thunder tribulation this time. There was a faint breath of thunder and lightning.

"These two strange spirit insects are really amazing."

Qin Chen was a little shocked, such a terrifying power of thunder, if he had not broken through the realm of Emperor Wu, and possessed the blood of thunder, it would be difficult to resist it.

Unexpectedly, these strange spirit insects would rarely fall.

What kind of alien is this?

Qin Chen frowned, and he suddenly remembered how the black slaves had obtained these strange spirit insects. They were obtained together with the Qinglian Demon Fire in the Black Death Swamp, and were sealed in a certain kind of restriction.

Over the years, Qin Chen has never figured out the origin of the Qinglian Demon Fire. He only knows that it possesses terrible growth. Now that these strange spirit worms possess such abilities against the sky, Qin Chen's heart is still awe-inspiring, wondering who is responsible for this. Things are locked in the Black Death Swamp.

Could it be the mysterious old man who almost robbed himself of himself in the palace at the bottom of the black swamp?

For some reason, after Qin Chen thought of the mysterious old man who almost took him away, Qin Chen felt a sense of horror inexplicably, even if he had broken through the realm of Emperor Wu.

The scene at that time was always imprinted in his mind, giving him a feeling that this old man was definitely more terrifying than any strong man he had seen in his previous life.

"forget about it."

Qin Chen shook his head, and couldn't understand it anyway, no matter who was sealed in the Black Death Swamp, since it fell into his hands, then it was Qin Chen's. If anyone wants to go back in the future, they have to ask him. Li Jiantong disagreed.

At this time, the second wave of thunder tribulation has completely fallen, and the two waves of thunder tribulation have passed, and the heavenly tribulation has not ended.

After a half-pillar incense, the third wave of thunder tribulation came again. This time, it was no longer eight or sixty-four thunder arcs, but nine, nine, eighty-one.

But these thunder tribulations also failed to injure Qin Chen. Instead, they replenished Qin Chen with a wave of strength. Qin Chen baptized all the treasures on his body with thunder tribulations. In the end, even the Skeleton Rudder Lord was destroyed. Qin Chen pulled out and enjoyed the baptism of a wave of thunder and robbery.

When the three waves of Thunder Tribulation passed, the Tribulation of Heaven seemed to know that Qin Chen could not be saved, and slowly disappeared.

At this time, all the formation flags Qin Chen arranged around had been shattered, but Qin Chen didn't care, his eyes focused on the real treasure seal and mysterious rust sword.

After the Zhenbao Great Seal was baptized by Lei Jie so many times, Extraordinary did not break, but became more shiny, and even three small characters "Fantian Seal" appeared faintly on it!

Could it be that the name of this big seal is Fan Tianyin?

Qin Chen thoughtfully.

The mysterious rust sword is even more weird. The body of the rust-stained sword is overflowing with a strange light. If people can identify it, they will never associate this strange sword with Qin Chen's mysterious rust sword. Come together.

As for the gas-eating ants and the fire-refining insects, under the baptism of thunder and lightning, the whole body was full of thunder, and the aura became more terrifying.

After putting away all these things, Qin Chen found a place and started to consolidate his cultivation.

In three days, Qin Chen consumed nearly one billion high-grade real stones, and completely consumed all the emperor-grade pill from Ling Jun. Only then did Qin Chen increase his true essence to eight. The peak of the early stage. In addition, the strength of Qin Chen's body has increased from the two that just broke through the Martial Emperor to eight. With Qin Chen's spatial attainments, he only needs to give him a little more time to reach ten. It will take a few days.

#### [Chapter 1426: Weak delicate flower](#)

As Qin Chen continued to prepare to raise the power of the spatial principle to the ten points of the initial peak in one fell swoop, he suddenly woke up, because he felt a powerful perception that swept his shielding formation.

He was very familiar with this perception, it was the blue-clothed woman in the Misty Palace who chased him back then.

More than four months have passed, this guy is still looking for him here?

Qin Chen suddenly became murderous. He was still thinking of going to her to settle the accounts, but she didn't expect that she would come by herself. There is really a way to heaven, you don't want to go, \*\*\*\* has no way to break in.

Whoosh!

Qin Chen directly soared into the sky, before he waited for the opponent to kill him, he already swept towards the opponent.

The perception that swept the past was indeed the woman in blue. When she came to the vicinity of Qin Chen's Tribulation, Qin Chen's Tribulation was over.

Originally, she was planning to take action when Qin Chen had just finished the Tribulation and was weak, but who knew Qin Chen was hiding so well, she didn't find a trace after searching for a few days.

Originally, she wondered if she was thinking too much. It was not Qin Chen who was crossing the catastrophe here, but when his perception reached Qin Chen, she woke up. It was Qin Chen who caused the thunder catastrophe here before.

There was a cold in her heart immediately, thinking of the horror before Qin Chen and the horror of the previous thunder robbery, an inexplicable fear was born in her heart for an instant.

But when she was hesitating whether to leave, Qin Chen had already appeared in front of her.

The blue-clothed woman's face was on one side, and she was about to run away subconsciously, but then she urged the Blue Moon bloodline and the Blue Immortal Ling to give up the plan to escape.

No matter how fierce the other party is, she has just been promoted to Wu Huang, or in the early stage of Wu Huang, but she is in the middle of Wu Huang, how can she be afraid of an early Wu Huang? Even in the early Wuhuang period when the cultivation base has not stabilized.

What's more, she is a member of the Misty Palace, representing the face of the Misty Palace, how can the disciples of the Misty Palace flee without fighting?

"That's how you want to kill me? When you chased me into the space turbulent zone, months have passed, and I'm still looking for me here, huh, so majestic!" Qin Chen said coldly when he came up.

He suddenly felt that he had broken through Empress Wu, and he was really happy. He didn't need to be afraid anymore when he saw other strong men. He was no longer afraid of anyone. "Huh, Luo Mengqi, Emperor Wu of the Misty Palace, now I suspect that your origin is unknown and disrespectful to my Misty Palace. However, my Misty Palace has good virtues, and I don't want to kill too many evils. It's not easy for you to cultivate. In fact, as long as you hand over the objects in the previous space, let the emperor identify it

, if there is no harm, the emperor will naturally return to you and let you go. "

The blue-clothed woman originally wanted to be hardened, but after feeling the sharp and unmatched aura on Qin Chen's body, she immediately retreated, feeling a little frightened in her heart.

She had already decided to give in for the time being, and when she went back, after reporting the matter to a few adults, she let them take action to capture Qin Chen.

Even so, the treasure will no longer be exclusive to her, it is at least safer.

Qin Chen said sarcastically, "Is the Misty Palace great? Whoever wants to check can check who? The emperor just doesn't want to show it to you today, so what can you do?"

"presumptuous."

Luo Mengqi, the blue-clothed woman, suddenly yelled. The other party dared to insult her Misty Palace so presumptuously, even if the other party's talent is high, and heard of Misty Palace, wouldn't he have the respect he deserved?

"Hahaha, the emperor is presumptuous here, what can you do?" Qin Chen sneered.

The blue-clothed woman's face was suffocated. She already regretted it a little. It was obviously impossible to scare the opponent away with words. When the opponent was a half-step martial emperor, she dared to fight with her. Now after the breakthrough, how can she care about her identity?  
?

"Okay, very good." The blue-clothed woman pointed at Qin Chen, "This emperor does not care about you for now. If you let the emperor know that you dare to insult my Misty Palace, the emperor will not give up."

The blue-clothed woman turned around and was about to leave here. She had decided to send a message back immediately, but she was still a little afraid of letting her do it herself.

"Come as you want, leave as you want, there is no such simple thing!"

Qin Chen's voice fell, he was already cut out with a single sword, Ji Dao killed the sword!

Luo Mengqi knew Qin Chen's methods. The moment Qin Chen took out the sword, she also moved, and the blue fairy next to her suddenly turned into a frightening rush towards Qin Chen, and at the same time the powerful space barrier was released for the first time.

She knew that her current advantage was her cultivation base in the middle of the eighth stage and the powerful space barrier.

Therefore, I wanted to use these two major advantages to suppress Qin Chen, and at the same time use the bloodline and Xian Ling's attack to quickly and seriously injure Qin Chen.

But when she released the space barrier, something went wrong immediately.

Click!

As soon as her space barrier was released, it immediately seemed to hit a wall, and it became difficult to move.

"This is your proud capital? It's ridiculous, Misty Palace, it's also very ordinary!"

Qin Chen sneered: "This emperor will let you see what is the real space boundary!"

Hum!

An astonishing atmosphere of space suddenly filled Qin Chen, khaka, Luo Mengqi immediately found that the space barrier she was displaying was constantly cracking and being crazily suppressed by a terrifying force, and it was constantly shrinking.

Although Luo Mengqi knew that after Qin Chen broke through, her space advantage would be reduced, but she did not expect that her space barrier would be so vulnerable under Qin Chen's space barrier.

How did the other party do it?

At this moment, she was horrified, and she never thought that a person who had entered the realm of Emperor Wu, had a grasp of the realm of space far beyond her, the powerhouse of Misty Palace.

And the blue immortal silk that she unfolded under this enchantment seemed to be trapped in a quagmire, its power diminished sharply.

"Space manipulation!"

She was shocked immediately, trying to twist the space force that bound the blue fairy satin, and at the same time drew a wave of space force, trying to twist the force of the space domain that bound herself.

At this time, she had already planned to escape. She only waited to distort the other side's space domain before she escaped from the shackles and informed the adults.

"Do you know how to manipulate space? The emperor will let you see what is real space manipulation!"

Unexpectedly, feeling Luo Mengqi's space manipulation skills, Qin Chen smiled without surprise.

"Space shrinks!"

He held it in the void, Luo Mengqi suddenly felt like she was being held by an invisible big hand, her body creaked, and the strong restraint made her breathless.

"Sword Realm!"

Immediately afterwards, countless sword auras filled the world, and the two realms of the space domain and the sword domain merged instantly. The surrounding void seemed to have been set off by a hurricane, and the surrounding space began to vibrate. Although there was no crack, it looked shaky.

puff!

A strong sword aura poured into Luo Mengqi's body, she spouted a mouthful of blood, and flew out, and Qin Chen shook her palm again, and Luo Mengqi's body was immediately imprisoned in the air. Qin Chen came in front of the opponent, gently lifted Luo Mengqi's chin with his right hand, and the corner of her mouth sketched a wanton evil smile. On the opposite side, Luo Mengqi was like a weak and delicate flower, and was ravaged by her at will.

#### [Chapter 1427: What do you want to do](#)

"What do you want to do? Let go of me, do you know who I am?" Luo Mengqi screamed in anger, the Zhenyuan in his body resisted desperately, trying to break out of Qin Chen's restraint.

"Huh, dare to resist?" Qin Chen sneered, hum, a large amount of spatial power quickly condensed, like layers of chains, which bound Luo Mengqi heavily, unable to move even a moment.

"Space manipulation technique? This technique is my misty palace secret technique, how did you master it?"

Luo Mengqi looked shocked. Space manipulation is the secret technique of the Misty Palace. It is impossible for ordinary people to master it. How could Qin Chen?

Moreover, when Qin Chen used the space manipulation technique before, she was even more proficient than him, which made her incredible. "Haha, what's the surprise here, I am the strongest of the Xuanyuan Empire, your Misty Palace Shangguan, and the Great Emperor Feng Shaoyu of my Xuanyi Empire are a childhood sweetheart, no, no, no, not only a childhood sweetheart, but also an embarrassment. , Ahem, a bit rude, but that's what I mean

Si, don't you know it? "

Qin Chen put his right hand on Luo Mengqi's neck, and said with a smile, his palm was placed on the other's neck, Luo Mengqi suddenly aroused dense goose bumps on her body, unable to move, and her face was extremely shameful.

"You fart, how could the Lady Empress have something to do with the Emperor Xuanyuan of your Xuanyuan Empire? If it weren't for Emperor Xuanyuan's encounter in Death Canyon back then, would you have caused the fall of Lady Emperor's lover Pochen Wuhuang Qin Chen?" Luo Mengqi shouted sharply.

"The Pochen Martial Emperor Qin Chen, who was killed by Emperor Xuanyuan, fell? What's the matter?"

Qin Chen's eyes condensed, and a sudden murderous intent appeared on his body. He suddenly grasped Luo Mengqi's snow-white swan-like neck with his palms, and sternly asked.

"Aren't you a warrior of the Xuanyuan Empire? How come you don't even know these things? No, you are not a warrior of the Xuanyuan Empire!"

Luo Mengqi is not an idiot either, she reacted immediately and stared at Qin Chen angrily: "Who are you?"

"Can you tell me?"

"Hahaha, kill me if there is a species!" Luo Mengqi laughed, and then her eyes were cold: "But can you kill me? I am a disciple of the Misty Palace, as long as you dare to touch my hair, the world under the earth, up to Jiuyouxiahuangquan, there will be no place for anyone to hide."

At this moment, Luo Mengqi did not have the slightest fear, but a trace of unprecedented enthusiasm and confidence emerged on her face.

"Huh, kill you? You think too simple, I will make you suffer a thousand times, ten thousand times more humiliation than death, if you don't believe it, just wait."

Qin Chen snorted coldly, and immediately caught Luo Mengqi, did not kill him immediately, but took him to the mysterious cave he knew.

In the cave, the light of colorful space flickered, setting off here like a fairyland.

"where is this place?"

But Luo Mengqi couldn't help but tremble with a trace of fear in her heart.

She is not afraid of death, because her body hides the imprint of the will of the Misty Palace Martial Emperor. She previously angered Qin Chen and wanted Qin Chen to do it so that she could activate this spiritual will at the moment of life and death, and then escape.

Unexpectedly, Qin Chen didn't kill the killer, but took her to such a place.

The fear of the unknown is always the most terrifying. "I advise you that it is the right way to let me go early, otherwise, once the people in my Misty Palace learn the news, you will definitely die. As long as you let me go, I can promise to forgive your sins of disrespect, and, My Misty Palace values genius the most, you are so talented, just report it to the adults

Men, the adults will definitely appreciate it and will recruit you into my Misty Palace." Luo Mengqi said seductively.

"Recruit me to the Misty Palace, isn't your Misty Palace only recruits female disciples?"

Luo Mengqi squeezed a smile and said, "My Misty Palace only recruits female disciples, but my Misty Palace is in charge of the Law Enforcement Hall. I can recruit you into the Law Enforcement Hall and take charge of mainland laws. How about it, right?"

But her heart was gloomy. As long as she let go of her, she would definitely inform several adults that she had to kill this provocation, and it would be a thousand swords.

"Forget it, forget it. Compared to joining the Hall of Law Enforcement, I am more interested in your Excellency. The female disciple of the Misty Palace, shouldn't anyone dare to touch it? Isn't it pure?"

Qin Chen smiled, with a wicked smile, stretched out his right hand, raised Luo Mengqi's chin, and said with a squint.

"You, what do you want to do? Let go of me!"

Luo Mengqi panicked, her face turned pale, trembling, what does this kid want to do?

"Little beast, you let me go. I am a disciple of the Misty Palace. If you dare to move me, Master Empress will definitely not let you go. You...you...don't let yourself be wrong!"

Luo Mengqi was frightened and angry, extremely shameful, blushing and fearful all over.

She joined the Misty Palace at the age of eighteen and now 36 years old. She has never contacted other men. Because of her identity as a disciple of the Misty Palace, any man in front of her is respectful, and she doesn't even dare to breathe.

Qin Chen was the first person who dared to be so ashamed of her, and suddenly a strange feeling appeared on his body, and his heart was both fearful and weird, unspeakable taste and anger.

"stop....."

She yelled in horror, the blood and true essence in her body were running wildly, but under the suppression of the Qin Chen space barrier and the sword realm, she could not move at all, and the meridians in her body had been completely blocked by Qin Chen. Unable to motivate the slightest power.

"Hehehe, such a beauty is in front of me, even if it is killed by your Misty Palace, this emperor is willing!"

"no, do not want!"

Luo Mengqi was panicked, her branches trembled with fright, her whole body soft and weak, and her mind went blank.

At this moment!

"The Eye of Illusion!"

Hum!

Qin Chen opened his eyebrows abruptly, and at the same time a terrifying breath of mental power instantly enveloped Luo Mengqi.

Luo Mengqi's eyes suddenly became confused, and she fell into a certain dream and blankness.

The \*\*\*\* and frivolousness on Qin Chen's face disappeared, and his complexion immediately became solemn. When he raised his hand, the Demon Suppressing Ding suddenly appeared, and the Skeleton Rudder Master was summoned by him for the first time. "Master, what, you want to do that kind of thing, it's not good to let the old slave out? Cough cough, the old slave doesn't have that...the hobby of watching movies." Skeleton Rudder said with embarrassment.

## [Chapter 1428: Seven Orifices Linglong Ball](#)

Qin Chen glanced at the Skeleton Rudder Master coldly, and the Skeleton Rudder Master was startled immediately, and said: "Ahem, Master, just give your orders, leave me alone, whatever posture you want, your subordinates will definitely help."

"shut up!"

Qin Chen had a black line on his face, what did this skeleton rudder master think? Are the people of the alien demons so dirty?

"I am going to plant the soul-killing mark in her body, you guard me around, remember, don't let any breath here leak out." Qin Chen said solemnly.

Master Skeleton Rudder suddenly looked stunned and stretched out his thumb: "Master, Gao Ming, hehe, first enslave this person with Soul Destruction Seal. In this way, this person will obey any command from the Master, and there will be no force at all. You can unlock any posture, you deserve to be the master, clever!"

Qin Chen is speechless, is this skeleton rudder master's mind filled with shit?

He was too lazy to explain, and said in a deep voice: "You have paid attention to this person. There must be Emperor Wu's will in this person. At the critical moment, we must not let the breath of Emperor Wu's will release any trace. If there is any mistake, be careful of my skin cramps. "

When the voice fell, Qin Chen stopped talking nonsense. First, he laid a lot of flags around, and then, a trace of powerful spiritual power suddenly poured into Luo Mengqi's mind.

Hum!

In his eyes, there was a horrible soul aura permeating, turning into a weird soul rune, and entering Luo Mengqi's body.

It is the Soul Destruction Seal!

Luo Mengqi is a disciple of the Misty Palace. There must be a lot of news and secrets from the Misty Palace in her body. Naturally, Qin Chen would not kill such a character.

Knowing yourself and the enemy is the only way to survive in every battle.

"boom!"

And when the soul rune displayed by Qin Chen entered Luo Mengqi's mind, a strange rune suddenly appeared in Luo Mengqi's mind.

As soon as this rune appeared, the whole world trembled, shaking in the void, as if it could not bear the pressure.

"really....."

Qin Chen looked solemn, and Luo Mengqi had the will of Emperor Wu in her mind.

"Tianyan forbidden technique!"

He pointed out with a finger, and in a flash, countless runes appeared in the world, and finally formed a complex rune formation, which was suddenly printed into Luo Mengqi's mind.

"Who is it, dare to seal the emperor, and look for death!" A scream of anger sounded, and there was a palpitating breath coming out of Luo Mengqi's body, but it was complicated by Qin Chen. The rune kept blocking and couldn't rush out, but the breath that escaped made people tremble and breathless.

difficult.

Rumble!

The whole cave was shaking.

"What a terrifying and powerful breath!"

The smile on Skull Rudder Master's face disappeared, and he didn't dare to be careless. A blood black halberd appeared in his hand, and a blood black magic aura instantly surged out, wrapping the world and preventing the breath from escaping. slightest.

At this moment, I don't know how far from here in the depths of the ancient Yu boundary.

"Ok?"

A group of strong men in Misty Palace suddenly stopped. The leader wore a red dress with doubts on his face.

"My Hongyan, what's the matter?"

Many strong people behind him said one after another.

This group of women, each with extraordinary aura, exudes a palpitating atmosphere of terror.

The leading red-clothed woman suddenly appeared in the hand of a seven-orifice exquisite ball, with a puzzled expression: "The seven-orifice exquisite ball in my storage ring seems to have moved."

"What? Could it be that which disciple of my Misty Palace was in danger?"

The Qiqiao Linglong Ball is a treasure of the Misty Palace. It can sense the will of the Emperor Wu in every disciple of the Misty Palace. Once the Qiqiao Linglong Ball responds, it means that the will of the Emperor Wu in a disciple of the Misty Palace has been activated.

Therefore, only when a certain disciple encounters a life and death crisis, it will be activated.

"It's possible, but the strange thing is that this Qiqiao Linglong ball just moved a little, and it didn't respond, weird!"

The woman in red closed her eyes and sensed for a long time, but she never sensed anything. "Perhaps, I made a fuss." The woman in red put away the seven-orifice exquisite ball, and said to an eighth-order late martial emperor behind her: "Feifei, you will immediately take someone back to my Misty Palace to see if there is any What accident, if there is no accident, I will break my Misty Palace into the realm of Emperor Wu

Bring the disciples. "

"Yes!"

The strong man named Feifei responded, and immediately took a few people and left here.

"Master Hongyan, what shall we do next?"

"Continue to practice. This time I came to Guyu Realm. In addition to practicing, Lord Palace also said, let us cooperate with the group of people in the Hall of Law Enforcement. I really don't know what the origin of this group of people can make the palace Lord Lord ordered this."

The woman in red snorted, but said nothing.

At this time, in the cave of the light of space, Qin Chen was frantically suppressing the will of Emperor Wu in Luo Mengqi's mind.

Boom boom boom!

The terrible aura oscillated, and a figure in Luo Mengqi's eyebrows was frightened and screamed, and the terrible aura continued to erupt, causing the runes covered by Qin Chen to tremble and flicker indefinitely, as if it was about to break the seal set by Qin Chen at any time .

Qin Chen's complexion was solemn, his hands quickly squeezed the tactics, and the runes continued to blend in to strengthen the seal.

But the opponent's strength obviously exceeded his expectations.

This was an extremely terrifying Wudi strongman. With a boom, after holding on for a while, the seal set by Qin Chen could no longer be stopped, and the figure was about to break through the seal and rush out.

Zhen Mo Ding!

Qin Chen urged the Zhenmo Ding, shaking down wildly.

"Thunderblood!"

At the same time, the thunder bloodline containing the power of thunder tribulation urged with all its strength, and the terrifying thunder light annihilated everything in an instant.

In addition, Qinglian Demon Fire was also urged by Qin Chen, burning everything.

The Wudi Xuying suddenly let out a sharp roar of anger, and the strength on his body quickly weakened.

"Ben Shao didn't believe it. In this ancient Yu realm, Emperor Wu's power could not be passed on at all, and only a leftover will could break Ben Shao's seal."

"The banning technique!"

Qin Chen roared, squeezed his hands, his eyes rotated like a kaleidoscope, a terrifying soul aura instantly permeated, turning into a large net, instantly enveloping the phantom woman, and quickly dissipating the other's spirit.

The figure of the void woman rose into nothingness at a speed visible to the naked eye.

In the end, with a boom, the power of the woman's phantom body was finally completely exhausted and disappeared into the void.

The blue pupils in Qin Chen's eyes flowed, and a complex and strange soul rune formed in the void, turning into a mark, and instantly submerged in Luo Mengqi's eyebrows.

"this is....."

Luo Mengqi woke up instantly, she was shocked when she saw this strange rune, but it was too late to react. Om, a terrifying soul power instantly invaded his mind. Then, something seemed to take root in Luo Mengqi's mind, a feeling of being completely manipulated and involuntary life and death rose from her heart.

#### [Chapter 1429: Like water and fire](#)

"You...what did you do to me?" Luo Mengqi woke up in shock with a look of anger.

But for some reason, when she saw Qin Chen, a hint of intimacy emerged in her heart inexplicably, and she instinctively wanted to surrender to the opponent's feet.

"me....."

The two feelings conflicted in her mind, making her a little confused.

"I planted a soul-killing mark in your mind. I think you have felt it. From now on, your life and death will be controlled by me. As long as my thoughts move, you can only obey my orders. If you resist, the consequences I won't say anything, you can try."

"Soul Soul Seal?" Luo Mengqi instinctively resisted, and said angrily: "You..."

But as soon as the word "you" came out, she was horrified to find that she couldn't say half a word, as if her body couldn't help herself, not her own.

"From now on, your every move is under my control. If you still want to survive, answer my questions obediently. If you resist, the emperor can easily seize control of your body."

Qin Chen sneered: "Now let's talk about it, what the \*\*\*\* is going on between Shangguan Xier and Feng Shaoyu?" "I..." Luo Mengqi just wanted to resist, but instinctively said, "The Great Emperor Xuanyuan and the Lady Empress. Three hundred years ago, she was a close friend. The Empress had a lover, named Qin Chen, who was titled Pochen Wuhuang. Three hundred years ago, Pochen Wuhuang was the most dazzling genius in the martial arts.

The omnipotence of law, refining tools, and bloodlines are the most dazzling stars in the mainland. "

"Originally, the relationship between the three is very good, but it is the envy of countless people in the mainland, one is the most dazzling Tianjiao in the mainland, the other is the founder of Misty Palace, the first beauty in the mainland, and the other is the founding emperor of the Xuanyuan Empire. It can be said to be the envy of others." "But three hundred years ago, Emperor Xuanyuan broke into the Death Canyon, one of the seven forbidden areas in the Martial Domain, in order to break through himself and refused to listen to the dissuasion of the Emperor Wuchen. However, he encountered danger and was

trapped to death. Canyon. After the Emperor Wuchen learned, he went to the rescue regardless of safety, but Emperor Xuanyuan was rescued.

Pochen Wuhuang himself was trapped in Death Canyon, life and death unknown. "

"Since then, Lady Empress has hated Emperor Xuanyuan so much. If this person hadn't just walked on her own way, how could her lover be trapped in Death Canyon, causing life and death to be unknown now! The two also parted ways and have nothing to do with each other."

"In the past three hundred years, the Lady Empress has been trying her best to improve her cultivation and search for all the treasures in the world. The purpose is to be able to enter the Death Canyon and rescue the Emperor Wuchen. She has always firmly believed that the Emperor Wuchen must still be in Death Canyon. In, it has not fallen."

"Qin Chen? Why is this name exactly the same as yours?" The Skull Rudder master looked at Qin Chen suspiciously.

Qin Chen ignored him, just looked at Luo Mengqi and said coldly, "How did you know what you said?"

Luo Mengqi said: "This matter is a well-known thing in the Martial Domain. The Empress has penetrated into Death Canyon several times, and the world knows it. She has also told other powers on the mainland."

"According to you, Shangguan Xi'er said that it was the Pochen Wuhuang who killed Emperor Xuanyuan?" "The Empress thinks so, but it is rumored that Emperor Xuanyuan also blames himself for killing his good brother. He went deep into Death Canyon several times and tried to find the trace of Emperor Wuchen Wuhuang. He said more than once that he firmly believed that his good brother Wuhuang Wuchen would not just fall like this.

Yes, but the female emperor thought it was Emperor Xuanyuan who killed Pochen Wuhuang. Although both of them wanted to rescue Pochen Wuhuang, they were like fire and water. "

"Hehe, what a momentum!"

Qin Chen smiled, but his smile was extremely cold.

Back then, he couldn't be more clear. It was Feng Shaoyu colluding with Shangguan Xi'er to frame himself, but now, the two of them said that they were trapped in Death Canyon in order to save Feng Shaoyu. This reason is really true. it is good.

I went to Death Canyon several times to find myself.

ridiculous!

If you guessed it right, the other party did it for the sake of being arrogant in front of the world, but also a large part of the factor, because the two of them were to get the things in their storage ring.

Qin Chen clearly remembered that the two of them had done something to themselves at the time, just to obtain the treasures that they had obtained from the forbidden land.

However, Shangguan Xier and Feng Shaoyu turned against each other, which made me a little surprised. After his death, although the two were not well-known together, they would not deliberately pretend to be hostile, right?

There must be something hidden in it.

Qin Chen had a vague feeling that the two of them did this not on a whim, but for some unknown purpose.

Next, Qin Chen asked Luo Mengqi a lot of things.

However, in recent years, Shangguan Xi'er has become more and more divine dragons, but Luo Mengqi can only be regarded as a younger generation in Misty Palace, and she doesn't know much about many things, so she can't answer more.

Although she knows a lot more than outsiders, much of it is just the many well-known things in the Misty Palace.

Moreover, the reason why Misty Palace has searched for foreign treasures all over the mainland in recent years is that Shangguan Xier deliberately searched for Qin Chen in order to go deep into Death Canyon.

After understanding what he wanted to know, Qin Chen became more and more puzzled.

Based on his knowledge of Shangguan Xi'er, Shangguan Xi'er did this for nothing. After this well-known purpose, there must be other conspiracies hidden.

Just thinking that the other party had been lurking by his side for so long, and that no flaws were revealed, Qin Chen knew the insidiousness and horror of this person.

"Is there anything else you haven't said?" Qin Chen finally asked, "Anything that makes you feel weird."

"Nothing." Luo Mengqi shook her head. Suddenly, she thought of something. She said: "By the way, this time I came to Guyu Realm. The Lady Empress's order, in addition to letting me wait for cultivation, must also cooperate with the law enforcement hall. The actions of a group of mysterious people in Guyu Realm."

"Mystery man?"

"Yes, according to the truth, most of the people in the Hall of Law Enforcement are selected by my Misty Palace. On the master, the people in the Hall of Law Enforcement should obey the orders of my Misty Palace. But this time, the Lady Empress Let's cooperate with the people in the Hall of Law Enforcement. This is strange."

Luo Mengqi frowned.

Qin Chen nodded thoughtfully, and said: "You practice first, turn around, you take me to the training ground of the Hall of Law Enforcement."

This group of mysterious people immediately made him interested, and You Qianxue was also in the team of the Hall of Law Enforcement, he had to go and take a look.

Next, Qin Chen did not leave in a hurry, but continued to practice.

A month later, he consolidated his cultivation base to the initial peak of the eighth stage, and the power of the spatial Dao was also elevated to the initial peak limit of the ten Dao.

Click! Click! Between waving his hands, the space around Qin Chen vibrated, and he felt like he was in control.

### [Chapter 1430: Is this dead?](#)

Qin Chen was very satisfied with his current state.

In his previous life, he was already a heaven-defying Tianjiao, a rare top genius in the mainland, but even in his previous life, at the peak of the eighth stage, he was not as scary as he is now.

The hard work of this life finally paid off, and Qin Chen was full of confidence.

"Let's go!"

Qin Chen led Luo Mengqi and left the space cave!

Of course, before leaving, Qin Chen had also explored the depths of this cave, but he could not hold on to the bottom of the cave and was forced to leave.

It seems that if you want to really get into the depths of the cave, at least you have to make a breakthrough.

There are still two years or so before the closure of the Guyu Realm. Qin Chen is already ready. When the Guyu Realm is about to close, he will definitely do it again and go in and find out.

Whoosh! Whoosh!

In the sky of Guyujie, two figures flew across the sky one after another.

It is Luo Mengqi and Qin Chen.

However, the two did not walk together, but separated from each other a certain distance, so as not to arouse suspicion by others. With the imprint of Soul Destruction in Luo Mengqi's body, the two could feel even if they were far apart.

A few days later, Qin Chen and Luo Mengqi finally came to the canyon where the Law Enforcement Hall and Misty Palace Tianjiao practiced.

Because the Hall of Law Enforcement and the Misty Palace came together, the places where they practiced are also together. What makes Qin Chen depressed is that there are not many people in the entire valley, only dozens of big cats and kittens are left, and whether You Qianxue or You Qianxue or Ji Ruyue is not here.

As for the group of mysterious people, let alone, I didn't see one.

Luo Mengqi only found out after inquiring that half a month ago, Emperor Feiwu of Misty Palace had come here, and took away all the princes who broke through in Law Enforcement Hall and Misty Palace, You Qianxue and Ji Ruyue were all inside.

Qin Chen smiled bitterly. It seemed that You Qianxue and Ji Ruyue had good talents, and they both broke through in less than a year.

Think about it, with the cultivation base of the two, one year is long enough.

Since the person was gone, Qin Chen did not stay, and ordered Luo Mengqi to take her to the location where the master of Law Enforcement Palace and Misty Palace was located.

He believed that if those mysterious people needed the help of Misty Palace, they would definitely be not far from the masters of Misty Palace.

The two immediately changed their targets and swept towards the depths of Guyu Realm.

As the Martial Emperor of Misty Palace, Luo Mengqi naturally had a unique way of contacting people in Misty Palace. About a few days later, the two had arrived in the depths of the ancient Yu world.

Compared with the previous interior, the depths of Guyu Realm are much more peaceful. There are not so many spatial cracks. It seems that the space here is stronger, but the power of the space is getting stronger and stronger, as if it has become a substance.

Although there are no spatial cracks here, the suppression of the pinnacle and half-step martial emperor is increasingly terrifying. If the external spatial cracks can be avoided, the pinnacle and half-step martial emperor can barely survive.

Then, in the face of such a heavy space power, as long as people under the Emperor Wu's cultivation level enter, they will immediately be crushed by the terrifying space power, and there will be no hope of survival.

But it is precisely because of this that there will be space crystals in the depths of the ancient Yu world, and only such places will the space crystals be born.

boom!

Suddenly there was a roar in front of him. Just as Luo Mengqi entered the depths of the ancient Yu realm, three blood-colored strange beasts suddenly appeared in the void and rushed towards Luo Mengqi.

The three blood-colored alien beasts were radiating blood-colored light on each body, their defenses were amazing, and their attacks were extremely terrifying. With bloodthirsty power, they rushed towards Luo Mengqi.

The strength of these blood-colored strange beasts is basically equivalent to the mid-level of the eighth stage, but their defense has reached the limit of the mid-level eighth peak.

If it were a single blood-colored strange beast, Luo Mengqi would not be afraid at all, but when three heads appeared, Luo Mengqi immediately felt a trace of pressure.

Bang bang bang!

Under her frantic resistance, she backed up frequently, a little bit powerless.

These blood-colored alien beasts seem to have no wisdom, they only know \*\*\*\* the enemy, and even desperate to kill them. Luo Mengqi's blue fairy slams on these blood-colored alien beasts, which can only make them stagger, but cannot kill them.

"It's the blood-colored strange beast in the ancient Yu world!"

Qin Chen had been to Guyu Realm in his previous life, and when he sensed all this, he suddenly showed a different color.

The blood-colored strange beasts in the ancient Yu realm can be called a big secret in the ancient Yu realm. Here, there is no life to survive. It can be said that there is no life at all.

However, there are a large number of such weird blood-colored alien beasts. After these blood-colored alien beasts are killed, they will leave a blood crystal. Once the warrior absorbs it, it can enhance the martial artist's body and nourish the warrior's body.

And these blood crystals are not only effective for Emperor Wu, even if they are taken out to the powerful Nine Heaven Emperor Wudi, they also have a certain effect.

Therefore, it is a treasure that is not weaker than the crystal of space in the ancient Yu world, and it is very precious.

Seeing Luo Mengqi seemed to be unable to hold on, Qin Chen didn't think too much, his figure shook, and hurriedly came to Luo Mengqi's side.

boom!

At this moment, Luo Mengqi was being bombarded by a blood-colored alien beast, and at the same time the other two blood-colored alien beasts attacked Luo Mengqi from the side.

With just three blood-colored alien beasts, the mid-term Martial Emperor of Misty Palace could be stretched out, showing its strength.

Without hesitation, Qin Chen drew out his sword!

With a chuckle, Qin Chen was shocked that under this sword, he did not perform any secret technique. The blood-colored beast at the forefront was cut into a wound several feet long, and it flew out in an embarrassing manner. Painful roar.

After the blood-colored strange beast was cut away, there was no blood, like a ruby, composed of layers of crystals.

Then, a special force suddenly escaped from the cut wound, and the wounded blood-colored alien screamed in pain and exploded with a bang, leaving only a core blood crystal.

Is this dead?

Qin Chen himself was stunned. This blood-colored strange beast was very powerful, and his defense power had at least reached the mid-tier eighth peak level. Otherwise, with Luo Mengqi's strength, he would not face the three blood-colored strange beasts, and it would be so difficult.

Although Qin Chen claimed that his strength was not weak, he didn't use the slightest secret technique in the attack just now, and he actually killed a blood-colored strange beast with a single sword, which made him extremely shocked.

No matter how strong he is, he hasn't been so strong that he can kill a powerful man who is equivalent to the mid-tier eighth peak Martial Emperor with a single sword, right?

Roar!

The other two blood-colored strange beasts were also taken aback. They stopped their attacks on Luo Mengqi, staring at the mysterious rusty sword in Qin Chen's hand that exuded a strange light, showing a look of horror.

Oh, it can't be said that it's a rust sword anymore. The rust spots on the top, the seven or eighty-eights that have been removed, although there are still some rust stains, which obscures the original glory, but the whole body of the sword exudes a lot of magic. Light.

what! He looked at the mysterious rust sword in his hand suspiciously. After the thunder tribulation, the power of the mysterious rust sword increased so much.
