

## Valkyrie 1431

### [Chapter 1431: Origin Beast Essence](#)

No, it's not just because of the increase in power, but this mysterious rust sword should have a unique suppressive effect on this blood-colored alien beast.

Qin Chen put away the mysterious rust sword, and as expected, the blood-colored alien beast that had originally showed fear returned to normal, and screamed at Qin Chen again.

Qin Chen thoughtfully, raised his hand to blast out the Fantian Seal, the black big seal quickly rotated in the void, and instantly became the size of a small mountain, smashing towards the blood-colored strange beast.

With a click, the blood-colored alien beast was smashed and cracked, and there were even many blood-colored crystals bursting into pieces, but after falling into the air, these blood-colored crystals quickly dissipated and disappeared, as if gasified.

But the blood-colored strange beast was still roaring and did not die.

Qin Chen then urged Fan Tianyin to smash the blood-colored alien beast violently. He smashed the blood-colored alien beast for more than ten times before smashing the blood-colored beast to pieces, leaving only a core blood crystal.

really!

Qin Chen nodded. He had just been able to slay the blood-colored alien beast with a single sword. It was really the merit of the mysterious Rust Sword. It was much more difficult to replace it with this Heaven Seal. It took more than ten blows before he successfully killed him.

After that, Qin Chen took out the Demon Cauldron again, he wanted to see how powerful the Demon Cauldron was.

Just as soon as he took out the Calming Demon Cauldron, the Skeleton Rudder master who felt the movement here was immediately shocked, "This is... the essence of the source beast? Master, how does the source of the beast essence exist here?"

Whoosh!

It flew out of the Demon Suppressing Cauldron, looked at the blood-colored alien beast in front of it in shock, its eyes widened.

It was the first time that Qin Chen saw such a shocked expression on the face of Skeleton Rudder Master, and said in amazement: "Source beast essence, what source beast essence?"

He woke up and frowned, "You mean the blood-colored strange beast unique in the ancient Yu world?"

"There is only a blood-colored alien beast in the ancient Yu world?" Skeleton rudder master shook his head, "This is clearly the source beast essence of our alien demon continent."

The words fell, and the skeleton rudder rushed towards the blood-colored strange beast.

"Devil Blood Dafa!"

It roared, and a weird power was immediately released from its body. After this power enveloped the blood-colored alien beast, the power of red blood crystals was suddenly pulled out of the blood-colored alien beast and merged into the skeleton rudder master. In the body.

The lifeless body of the Skeleton Rudder master gradually gained a bit of vitality, and after the blood-colored monster lost the power of this blood crystal, it suddenly shattered with a click and turned into nothingness, even the blood crystals that should be left normally. Never stayed.

"Yes, this is the source beast essence of our alien demon continent."

Skeleton Rudder said with absolute certainty.

"What is the essence of the source beast?" Qin Chen asked in doubt. "The essence of the source beast is the alien beast formed by the aura released by the source beast unique to our alien demon continent, and the source beast is the top alien beast of our alien demon continent. It is to our alien demon race. , Is a great tonic, a living source beast, can continuously provide source beast essence

Heal and practice for us alien demons..."

The Skeleton Rudder Master said a lot, and Qin Chen finally understood that this source beast is a unique alien beast in the alien demon continent. It is very important to the alien demon race. It is a war-level strategic material and also has strength. It's extremely scary.

It can be said that the position of a source beast in the world of different demons is equivalent to a demon master.

"What do you mean? There is a source beast from your Alien Demon Continent in this ancient Yu world?" Qin Chen said in a congealed voice.

"That's for sure." The Skull Rudder Master nodded, and at the same time his eyes showed a sharp glow: "If I can find a source beast, I am sure to return to the previous life within a hundred years."

Qin Chen took a breath.

century!

It seems to be long, but for a real strong man, it is not too long, and how strong is the original strength of the skeleton rudder? Qin Chen didn't dare to conclude, but what he was sure of was that in the heyday of Skeleton Rudder Lord, he was definitely not weaker than the peak Wudi in the Martial Domain.

But, how could there be a source beast of the alien demon race in this ancient Yu world?

The origin of the ancient Yu world has always been a mystery. Could it be that it has something to do with the alien demons back then?

Qin Chen asked many more questions, but the Skull Rudder Master asked three questions. When he attacked the Tianwu Continent and was seriously injured and fell asleep, he had never heard of this ancient Yu world. It can be seen that this ancient Yu world should be in it. It appeared after a deep sleep.

However, the Skull Rudder Master still had some words, but Qin Chen was shocked.

Because the skeleton rudder said that the source beast is not actually the food of the alien demons, but the natural enemies of the alien demons.

Alien demons can increase their cultivation by absorbing the power of source beasts, and source beasts can also strengthen themselves by absorbing the soul of alien demons.

The essence of the source beast that Qin Chen killed earlier was only a very weak existence in the essence of the source beast. The truly powerful source beast essence was extremely terrifying, enough to kill a high-level demon master level master, powerful and terrifying.

Moreover, not only the soul of the alien demon race is its nourishment, but the blood and soul of the human race can also nourish it.

What's the matter?

Qin Chen was puzzled.

If this is the case, why has this source beast never appeared?

Where is it hidden?

Moreover, Qin Chen already knew a lot about Guyu Realm, but he had never heard of it, who had seen this source beast.

Since the blood and soul of human beings are its nourishment, shouldn't they come out and kill them!

Or is there something else hidden in it?

Qin Chen was only curious about this so-called Origin Beast, but he didn't have much interest. Instead, it was the Skeleton Rudder Master, excited.

But now Qin Chen would naturally not spend this time looking for a source beast for it. After all, the ancient Yu world had been opened for so many years, and besides these blood-colored strange beasts, no one had ever seen a source beast.

It only took three years for the Guyu Realm to open once, and relying on this time to find a Source Beast that hadn't appeared in countless years, Qin Chen didn't realize that he had this luck.

Two days later, Luo Mengqi finally found the trace of Misty Palace.

It was actually located in an extremely remote place deep in the ancient Yu boundary.

"who?"

When Luo Mengqi approached this space, a cold shout immediately sounded, whoosh, and several women with extraordinary momentum rushed out, looking very vigilant, and looked around.

Qin Chen was hiding in the distance, and couldn't help wondering in his heart, what are these people from the Misty Palace hiding here sneakily?

Because this area is all covered by the turbulence of the space, and you can't see the situation inside.

"A few, it's me!" Luo Mengqi hurriedly said.

Seeing that it was Luo Mengqi, the killing intent on the several people suddenly converged, and the leader frowned and said: "Luo Mengqi, where did you go? Why did you come so long?" "Master Tianfei, the subordinate encountered a space crack before. I was trapped for a while, and after I escaped the danger, I thought that I had stayed for so long anyway. It's better to go back to the canyon and bring all the disciples who broke through the realm of Emperor Wu. After I went back, I discovered that these people have been taken by you. Brought here

In this way, a lot of time was lost. Luo Mengqi explained with a smile.

### [Chapter 1432: Exposed](#)

"I don't know what to say about you."

Emperor Tianfei Wu shook his head and said, "These words, go back and talk to Master Hongyan."

Luo Mengqi hurriedly said: "Master Tianfei, you have to say something for me."

"I don't have this ability."

While communicating, several people entered the interior of this turbulent flow, and Qin Chen's eyes suddenly condensed through the perception of Soul Destruction Seal.

What caught his eyes was an extremely vast area of space. In this area of space, an astonishing breath was faintly revealed, as if something weird was hidden.

"Feifei, who was it just now?" An indifferent voice sounded, and it was the red face Martial Emperor of Misty Palace.

At this moment, she is leading a group of strong men in the Misty Palace, forming a formation. These strong men have the weakest cultivation base in the middle stage of the eighth stage, and the strong ones have several late eighth-stage martial emperors. Both are extremely scary.

Worthy of being a master of Misty Palace!

Qin Chen was secretly surprised, and what shocked him even more was the group of people in black in the formation. These people exuded a weird aura. Everyone wore a mask and could not see the true face. They were in the middle of the formation. Seems to be cracking something.

In front of everyone, there is a deep space film, inside, a blur, no clues can be seen.

But Qin Chen could feel that in the depths of this space film, there was an astonishing force slowly dissipating.

What are they doing,

Qin Chen was shocked, and secretly told Luo Mengqi to get closer.

After Luo Mengqi walked in, Qin Chen's gaze suddenly condensed. At this moment, he saw clearly that the group of people in Misty Palace was an extremely terrifying space restriction. This space restriction was just a glimpse, and there was a kind of dazzling. Feeling dizzy.

What shocked Qin Chen even more was that this restriction was very similar to the restriction he had seen in Ancient Southern Capital, the Black Death Swamp, and the secret realm of Heavenly Demon.

Is Guyu Realm really related to the alien demons?

Moreover, he clearly saw that this group of people in black were cracking the restriction. Although they couldn't talk about how skilled they were, they were indeed cracking it.

What is the origin of these people in black?

"Luo Mengqi, why are you here now?" Seeing Luo Mengqi's arrival, Emperor Wu Yan gave a cold snort.

The most important thing in Misty Palace is order and prohibition. Luo Mengqi has delayed for nearly half a year, and it is clear that she does not obey orders.

"I..." Luo Mengqi was just about to explain, but was interrupted by the confidante Wuhuang: "Okay, come here, just to break through the air and need a replacement, you, to replace Jingshuang."

Seeing that Emperor Wu Yan ordered Luo Mengqi to step forward, Qin Chen couldn't help but feel happy, so he would definitely be able to see more clearly.

But when Luo Mengqi just approached the formation.

Ok?

A hoarse sound of doubt sounded, and suddenly someone among the group of people in black turned his head and looked over.

These are a pair of extremely indifferent eyes, cold, without a trace of emotion, two indifferent eyes, like a sharp blade, instantly fell on Luo Mengqi's body, as if they could see through her heart.

Hum!

Qin Chen immediately felt that the soul-killing imprint he planted in Luo Mengqi's mind had moved slightly.

"Hongyan Wuhuang, this person is a disciple of your Misty Palace? She has been enslaved." The man in black said suddenly.

"what?"

"Luo Mengqi was enslaved?"

"No way?"

Many warriors in the Misty Palace were shocked one after another, looking attentively.

But their gazes, Luo Mengqi couldn't see anything abnormal at all.

Qin Chen was shocked, this person could see that Luo Mengqi was enslaved by him, who was it?

"go!"

Qin Chen immediately gave Luo Mengqi an order. He felt that if he did not leave now, Luo Mengqi would have no hope of leaving.

Whoosh!

At the moment Qin Chen gave the order, Luo Mengqi didn't hesitate, she shook her body, turned and ran.

"Fei Fei, stop her for me!" The Emperor Wu Yan immediately furious. She had some doubts about the other party's statement, but now she immediately believed it.

"Luo Mengqi, leave it to me."

The Emperor Wu of Tianfei yelled, raised his hand and took the photo directly at Luo Mengqi, rumbling, the \*\*\*\* hand rumbling like a huge mountain, along the way, the void trembles violently and rumbling.

This is a martial emperor of the late eighth stage, incredible strength.

Luo Mengqi was shocked, and hurriedly used the blue fairy sing, hey, the blue fairy screaming, trying to intercept the opponent.

"Presumptuous, even in front of me, dare to take action."

Tianfei Emperor Wu sneered, and the blue fairy was creaked under the big hand, and Luo Mengqi was firmly restrained by the power of the terrifying space.

Whoosh whoosh!

At the same time, several other great martial emperors came and firmly controlled Luo Mengqi.

"let me do it."

The red face Wuhuang took his free time at this moment, and the Qiqiao Linglong Ball instantly appeared in his hand, and a colorful light radiated from the Linglong Ball, which quickly enveloped Luo Mengqi.

Qin Chen immediately felt that his soul-killing mark was exposed to the perception of Emperor Wu Yan.

"What kind of treasure is this?"

Qin Chen was shocked, under this strange treasure, his own soul-killing seal was so easily exposed.

Moreover, under the haunting of this power, his soul-killing mark was slowly dissipating.

"Don't destroy this soul-killing seal, let me see who is enslaving the disciple of Misty Palace."

A hoarse voice sounded, but it was the leading man in black who suddenly raised his head, revealing a pair of dark and evil pupils, along with an astonishing soul power, rushing into the Soul Destruction Seal.

Qin Chen immediately felt that a pair of cold, bloodthirsty eyes stared at him.

"It's so bold. Not only did I dare to enslave the Misty Palace disciple, but I even dared to spy here and get out of my seat."

An extremely cold and gloomy voice yelled from the black-clothed population, and the person quickly squeezed his hands.

"Boom!"

An icy sky of spirit power surged toward Qin Chen, through the Soul Destruction Seal, it seemed to penetrate the endless void, locking Qin Chen, and slaying Qin Chen in this void, directly attacking him. Ontology.

"Humph!"

Qin Chen snorted coldly. This person is really crazy. He even dared to attack his deity directly through the Soul Destruction Seal. Who did he think he was?

The person who can enter the ancient Yu realm is at most the Martial Emperor at the peak of the late eighth stage. At this level, Qin Chen's soul power is not afraid of anyone.

"Sneaky, let the emperor take a look, you guys who dare not show up, who are they?"

Qin Chen used the Tianyan Divine Art, and the powerful soul power immediately diffused, colliding with the soul power of the man in black.

boom!

The two spirit powers collided, and a horrible storm of spirit power was immediately awakened. The two sides are fighting here, through the emptiness of spirit power, in a life and death duel.

"Impossible, no one among Emperor Wu can stop the soul impact of this seat." The man in black showed a look of anger and shock.

### [Chapter 1433: Soul Destruction](#)

Qin Chen was also secretly surprised that the soul power of the man in black was too strong, so strong that he was not at the level of the Emperor of Martial Arts.

Double convenience duel in this volley.

Boom boom boom!

The power of the two souls collided crazily. This is the first time Qin Chen has fought such a fierce battle with people in this life. The soul power of the man in black is extremely cold, like ice, forming the power of darkness, even giving Qin the power of darkness. Chen has an extremely cold feeling.

If it hadn't been for Qin Chen to raise his soul power to an astonishing level, he might have been defeated long ago.

Moreover, Qin Chen found that the strength of the opponent's soul was very weird and felt extremely awkward.

When is there such a person in the Martial Domain?

Qin Chen was puzzled, and the man in black was shocked. Qin Chen's soul power was an extremely top-notch person he had seen in his life.

With his strength, even the ordinary nine-day martial emperor, he was not afraid of pure soul competition, but facing Qin Chen, he felt helpless.

But in this ancient Yu realm, the strongest person who has entered is nothing more than the pinnacle martial emperor. How could someone be stronger than him?

No, this person must find him absolutely.

"That person should be nearby, you hurry to find it." The man in black suddenly shouted at the Tian Feiwu Emperor.

Tianfei Wuhuang several people immediately looked at Hongyan Wuhuang.

"Go!"

The red face Wuhuang shouted, Qiqiao Linglong ball, firmly locked Luo Mengqi.

"Yes!"

Emperor Tianfeiwu made a sound, and hurriedly jumped up and rushed towards the outside world to search for Qin Chen's trace.

"not good!"

Qin Chen was not afraid of just competing with the man in black for soul power, but once the people in the Misty Palace found himself, it would be dangerous.

Since then, Qin Chen hurriedly wanted to withdraw his spirit power and leave here.

"If you want to leave, since you dare to spy on this seat, you must have the consciousness of death."

"Death Soul Secret Art!" The black-clothed man yelled coldly, the light in his eyes skyrocketed, a rumbling roar sounded, and a terrifying soul power was transmitted through the soul-killing seal. In front of Qin Chen, a vague black figure came from Walking out of the void, it turned out to be a ghost of the soul. The man in black was so powerful that he passed through the destruction of the soul.

Yin chased and killed all the way from the endless void.

At this time, the black figure hadn't completely walked out, and a terrifying soul power impact was like a hurricane tsunami, only to Qin Chen's location.

"Hmph, how dare you chase it, Wan Shen Jue-the power of destroying souls, kill me!"

Qin Chen opened his eyes and turned into a terrifying storm of soul power, instantly enveloping the black fuzzy figure.

There are five levels in total.

The first level, mental storm!

The second level, the magic cage!

The third level, the eye of breaking the ban!

As for the fourth level, it is this soul-killing power!

The first three levels are all aimed at mental power attacks, and starting from the fourth level, they can even directly attack the martial artist's soul, which is extremely terrifying and terrifying.

After breaking through the Emperor Wu, Qin Chen's soul and spiritual power have been amazingly transformed. This fourth level of soul-killing power has finally been cultivated by Qin Chen, and now it is finally in handy.

boom!

An invisible soul-killing force suddenly enveloped the humanoid shadow.

"What, this power..."

A look of horror appeared in the black-clothed man's eyes, and immediately with a "bang", his condensed soul figure was suddenly shattered, a large amount of pure soul power dissipated in the void, and an astonishing backlash force passed back. .

puff!

The man in black in front of the air-breaking formation snorted, and directly spouted a mouthful of black blood, his breath became withered.

"Hmph, through the Soul Destruction Seal, and then penetrate the void, I want to hurt myself, too naive." Qin Chen coldly snorted: "But Luo Mengqi must not leave, otherwise once the Soul Destruction Seal is broken, my secret, Will be exposed."

Qin Chen's eyes flashed, and he suddenly moved the Soul Destruction Seal.

boom!

The soul-killing mark in Luo Mengqi's mind burst open quickly.

"what!"

Luo Mengqi screamed, blood flowed out of Qiqiao, her breath became weak in an instant, but it did not fall.

This is Qin Chen deliberately leaving the other party's life, at least Luo Mengqi had also been enslaved by him. When Qin Chen detonated the Soul Destruction Seal, he had already shocked Luo Mengqi's soul. In other words, Luo Mengqi would not only repair the path to fall, Don't be evil.

Moreover, she would no longer remember anything about being enslaved by Qin Chen. Even if the man in black and the red face Wuhuang wanted to ask, they couldn't ask anything at all.

After doing all this.

Whoosh!

Qin Chen immediately shook his figure and rushed towards the distance.

Boom!

But just after Qin Chen left, an aura containing a terrifying killing intent suddenly landed and landed near what Qin Chen had previously hidden.

It is Tianfei Wuhuang!

"What about people?"

Emperor Tianfei Wu looked around, she had clearly felt a spatial fluctuation here just now, but when she arrived, she did not find a trace.

"No, there is a trace of space left here. Someone was here just now."

Perceiving the void, Tianfei Wuhuang looked cold and stern, and immediately followed the disappearance of the spatial fluctuations and traced the past.

The other side!

The man in black wiped the blood from the corner of his mouth, his eyes looked terrifying.

He unexpectedly lost in the soul competition, and at the same time he couldn't believe it, he was extremely angry and cold.

"Master Hongyan, I... why am I here?"

At this time, Luo Mengqi woke up and said with some doubts.

"You have been enslaved, don't you know?" The red face Wuhuang snorted coldly, his face was pale, and the dignified and misty palace Wuhuang was actually enslaved and passed out to make people laugh.

"I was enslaved, what's the matter?" Luo Mengqi wanted to think about it, but when she thought about it, she got a headache, almost bursting.

Moreover, the cultivation base in her body had actually dropped to the early stage of Emperor Wu, and was extremely weak.

How could this be?

"Say, who enslaved you on earth?" Hongyan Wuhuang was furious and shouted.

"I... I don't know!"

Luo Mengqi couldn't remember what happened, and as soon as she tried her hard, she felt a sharp pain in her mind, as if she was about to explode.

"Don't ask, the soul-killing mark in this person's mind has been detonated by the other party's initiative, and the person's previous memories have been erased, causing his soul to be damaged. No matter how you ask, it is impossible to ask the result." The man in black said angrily, his voice extremely cold.

"Furthermore, her cultivation level can only stay here forever, her soul is damaged, so she can't even think about improving it."

"You mean, Luo Mengqi can't be stronger anymore?" The red face Wuhuang said coldly.

"Yes, the soul is damaged, unlike other parts of the body, once it is damaged, it can be said to be irreversible to a certain extent." The man in black sneered.

"Then what's the use of Luo Mengqi."

Hongyan Wuhuang's eyes were cold, and he patted Luo Mengqi with a murderous look.

"My confidante!" Luo Mengqi cried out in horror.

boom!

She exploded completely, turned into a rain of blood, disappeared completely. On the opposite side, the confidante Wuhuang looked cold, like a ghost!

#### [Chapter 1434: Space compass](#)

With a palm, Luo Mengqi was crushed to pieces, and everyone around her was silent.

Spicy, too spicy.

Facing the disciples of the Misty Palace at the same time, everyone got along for decades, without affection or affection, but the red face Wuhuang directly acted without hesitation or hesitation.

It seemed that the Luo Mengqi she had just killed was not a disciple of her clan, but an unremarkable ant.

"Hmph, all of you listen carefully. In this ancient Yu realm, if someone encounters danger again, even if they commit suicide, they must not be enslaved. You die, it does not matter, but if it is because of you, it will lead to Lord Palace Master's plan. If I fail, I won't let you go first."

Qu Hongyan's face was savage, her expression distorted, like a ghost.

"Yes, Master Hongyan!"

The other disciples of the Misty Palace around shook coldly, without even looking at Luo Mengqi who had turned into a blood mist. There was no pity on her face, no sadness, and some just indifference.

Misty Palace is not a place for human relations.

Shangguan Xier Palace Lord, heaven and earth, only I dominate, each of them from joining the Misty Palace, their meaning in life is to follow Lady Empress and complete any orders of Lady Empress, as for feelings, something ridiculous.

"That guy should have spied our actions through the Soul Destruction Seal, and must catch that kid." The man in black wiped the blood from the corners of his mouth and roared sharply. "Don't worry, this son wants to escape under the eyes of my Misty Palace, it's absolutely impossible." Qu Hongyan screamed, and coldly shouted at several Misty Palace disciples on the side: "You guys, set off now, together with Feifei, look for the person's trace together, in such a short time, he would never

Go too far, remember, in the process of hunting down, you must open the Misty Palace mark, and I will contact you at any time. "

"Yes!"

Several Misty Palace Martial Emperors who were not in the big array flew out one after another, chasing and killing them.

"Very well, I really want to see who it is that has such a deep soul power!" The black-clothed man's eyes shot a cold light, turned around, and began to continue to command to break the prohibition.

Whoosh!

In the void, Qin Chen was fleeing at this moment. His figure merged into the void, and he constantly flew past the cracks in many spaces. It could be said that he would go wherever he was in danger, the purpose of which was to hide his traces.

boom!

Behind him, a terrifying breath continued to follow him. Although he had never been close to him, he still couldn't get rid of it.

It is Tianfei Wuhuang.

At this moment, she was holding a compass in her hand. On top of this compass, ray of light flashed, which could easily detect the fluctuations in the surrounding space and track the enemy.

Whoosh!

Her speed has increased to the extreme, her true essence is burning, and the power of the surrounding space is all over her, like a stream of water, actively separating, showing a strong ability to control space.

What made Tianfei Wuhuang angry was that no matter how she tracked her, the other party kept seeing the dragon without seeing the end, and couldn't find the other party's trace.

She didn't know that Qin Chen was more depressed than her now.

"Damn, this little girl, has been following me, too persistent, right?"

Qin Chen was depressed. Along the way, he used various methods, but he couldn't get rid of the opponent. The opponent's tracking ability in space was too strong.

Although he has a spatial body, he has minimized the spatial fluctuations around him when he flies, but in any case, there will always be some spatial aura remaining, which is inevitable.

And the other party can always use this space to fluctuate and find him.

"It should be Tianfei Wuhuang from the Misty Palace who is chasing me. This person's cultivation base is in the late eighth stage, and his strength is extremely terrifying. It may even master the power of more than 60 spatial principles, but no matter what, With the other's cultivation base, I shouldn't be able to catch my whereabouts so easily!"

Qin Chen frowned. Although the body of space would also leave space aura, it was extremely weak. He even found some space fragments and cracks to pass through dangerous places, which would consume the remaining space aura long ago. It's all sorts of things.

Moreover, tracking people is different from running away. To escape, you can run anywhere, while tracking people must always monitor the surrounding spatial fluctuations. This is bound to be a process of thinking and hesitation.

But the other party has been tracking him, so in addition to the opponent's own strength, it is very likely that there is some kind of strange treasure that captures the power of space.

"Can't go on like this!"

Qin Chen shook his head. The opponent was Martial Emperor of the late eighth stage, and his speed was not slower than him. Over time, there would always be the possibility of being tracked by the opponent.

Moreover, the Misty Palace will inevitably be followed by other strong men, and once an encirclement is formed, he will have nothing to hide.

Must find a way.

Qin Chen was nervous, and Qu Hongyan on the other side was angry.

What's going on, why is there a space compass to guide the way, and she has been persevering, this is almost half-hearted, and she still can't track the other party.

Is this guy a loach? It's too special to hide.

"Feifei, did anyone catch it?"

At this time, Qu Hongyan's voice sounded in Tian Fei Wu Huang's mind.

"Return to Hongyan Lord, not yet." Tianfei Wuhuang said in a panic.

"The emperor has already sent someone over and is surrounded by your location. Remember to communicate with them at all times and be sure to stop them." Qu Hongyan said coldly.

"Yes!"

At the same time, Emperor Tianfei Wu's mind instantly showed the positions of several others.

This is the function of the Qiqiao Linglong Ball. In Guyu Realm, most communication tools will be useless, but the Qiqiao Linglong Ball can communicate with each other within a certain distance and can sense their respective positions.

"This time, see where that guy runs!"

Ordering several other people to surround him, Emperor Tian Fei Wu Huang's face was cold, and he quickly followed up.

Whoosh!

In a space debris zone, Qin Chen stopped.

A jade disc of good fortune from the universe appeared in his hand, the essence and blood melted into it, and an invisible spatial fluctuation filled his body as the center.

I thought they had room to treasure, don't they?

Under the jade discs of good fortune in the universe, the scene within a radius of thousands of miles suddenly appeared in Qin Chen's perception.

Ok? Almost surrounded yourself?

At this sight, Qin Chen was suddenly shocked. In addition to the Heavenly Feiwu Emperor tracking him, on both sides of him, there were several Misty Palace powerhouses who were also tracking at the same time.

"In that case, it seems that this can only be done."

Putting away the Universe Good Fortune Jade Disc, Qin Chen suddenly sneered, his figure gradually became fuzzy, swish, swish, turned into two vague figures, and swept in two different directions.

After a while, Emperor Tianfei Wu came here.

"Huh? Why are there two different spatial atmospheres here?" Looking at the shaking compass, Emperor Tian Fei was stunned.

#### [Chapter 1435: A bunch of waste](#)

A person has only one spatial aura, how could it be possible for two to appear at once.

"One of them must be false!"

Emperor Tianfei Wu thought for a while, anyway, there are several other people surrounded by the other road, it is impossible to escape, but the other road, it is very likely to rush out of the encircling circle, so the first time, he followed the second space aura.

But after waiting for her to track more than a dozen breaths, the spatial breath she was tracking disappeared suddenly.

"No, this one is fake, the one just now is true."

The Emperor Tianfeiwu was furious and hurriedly turned to remedy.

The space breath is in the void, depending on the environment, the remaining time is uncertain, but here is the ancient Yu world, the power of space is extremely strong, and there are space cracks everywhere, the residual space breath will easily dissipate.

Fortunately, after more than a dozen breaths, Emperor Tianfei Wu finally captured the first spatial aura before.

But before I searched for a few breaths, this spatial breath was scattered again, and this time, it was actually scattered into three.

How can this be tracked?

Emperor Tianfei Wu was very anxious, but she had no choice but to track down one of the most easily escaped spatial auras.

After repeatedly doing this, Tianfei Emperor Wu completely lost Qin Chen's trace.

After half a stick of incense.

Whoosh whoosh!

Several streamers swept over and landed in front of Emperor Tianfei Wu.

"Sister Feifei, where is that person?" someone asked in amazement.

Emperor Tianfei Wu's face was green and said: "Run away."

"What, ran away?"

Having been rampant in Wuyu for such a long time, these powerful men from Misty Palace have made it the first time for them to run away under their own hands.

Everyone's face suddenly became difficult to look.

With so many of them, tracking one guy, and still having space and compass, they even let the other party run away.

What kind of opponent are they tracking?

In desperation, several people hurriedly communicated to the red face Wuhuang.

Space Restriction Office.

The man in black has a cold face, and now the fragrant fragrant has passed, there is still no news of the people in Misty Palace, he frowned and said: "Hongyan Wuhuang, is there no news yet?"

Hongyan Wuhuang also frowned, and as soon as he was about to speak, he received a report from Tianfei Wuhuang.

"What, let the other party run away? Are you guys trash?"

The red face Wuhuang roared, and his murderous intent boiled over his head, like a demon god.

Several masters tracked together, and not only did not catch anyone, but also let the other party run away. Did the powerhouses in her Misty Palace grow up eating shit?

In addition, Tianfei Wuhuang still has such a treasure as the space compass. The few people they tracked also have Qiqiao Linglong \*\*\*\* to contact, which can make the other party escape, really...

Angry!

"A bunch of trash."

Qu Hongyan's eyes were cold, "It seems that the emperor must take action."

"You guys, control the blasting formation."

In response to a few people who formed the formation, Qu Hongyan quickly pinched the Dao hand formula with both hands, and at the same time sprayed a mouthful of blood directly on the Qiqiao Linglong ball in front of him.

Hum!

The Qiqiao Linglong Ball suddenly gave out a terrifying breath, and Qu Hongyan's black pupils turned into pure white in an instant, giving people a very strange and cold feeling.

"Heaven and Earth Search Technique!"

Hum!

An invisible force quickly spread from the seven-orifice exquisite ball.

A thousand miles!

Two thousand miles!

This force continued to spread, expanding outwards at an astonishing speed, and in the blink of an eye, it searched the side of Tianfeiwu Emperor and others, and it was spreading rapidly.

Wherever he went, all the surrounding scenes were clearly presented in Qu Hongyan's mind.

At this time, it was in a mountain range thousands of miles away from Emperor Tianfeiwu and others.

Qin Chen quickly landed on a mountain and entered a cave on the side.

But for some reason, even if he escaped from the chasing of Emperor Tian Fei Wu Huang and others, Qin Chen felt a palpitation inexplicably rising in his heart, as if there was some danger following him.

"Master, how come I feel like I'm going to be stared at." In the Calming Cauldron, the Skeleton Rudder master also said in confusion.

Alien demons have extremely powerful soul power, so they are extremely sensitive to danger.

Qin Chen's heart suddenly burst. Both he and the Skull Rudder Master's intuition were extremely keen. If one person feels this way, it might be wrong, but both of them have this feeling, which can explain the problem.

"Hide it first."

Qin Chen appeared in the hand of a jade disc of good fortune from Qiankun. After using the jade disc for good fortune from Qiankun several times, Qin Chen also had some understanding of the effect of this jade disc. A trace of his essence and blood was immediately integrated into the jade disc.

At the same time, Qin Chen urges the power of space, and the whole figure has reached a certain connection with the jade disc of good fortune in the universe.

Hum!

In the next moment, Qin Chen's body suddenly became transparent, and the whole person was vague and faint, as if it were transparent, as if to blend into this void.

But not long after Qin Chen had just disappeared from his trail, a wave of void space swept over, not even letting go of the depths of the cave.

Qin Chen was naturally swept away too, and at the moment the breath swept, Qin Chen's spatial body became more and more transparent, like air.

The fluctuation swept across Qin Chen's body, but did not perceive anything, and continued to spread out, disappearing into the distance.

Qin Chen breathed a sigh of relief.

so close!

It turned out to be the world search technique, this should be the power contained in the exquisite ball of seven orifices just now.

If it weren't for being vigilant by yourself, you'd almost be discovered.

Space Restriction Office.

The Emperor Wu Yan continued to expand the search range to tens of thousands of miles around, until he reached the limit of strength, then stopped.

"Puff!"

A mouthful of blood spurted out, and the Confucian Emperor Wu Huang instantly became extremely depressed and extremely weak.

"Impossible...How could it be... In such a short period of time, why didn't you find the person's trace within tens of thousands of miles?"

Hongyan Wuhuang murmured, his face was incredible.

"Does the opponent have any treasures that can shield the Qiqiao Linglong Ball from searching?"

She frowned, but immediately shook her head.

The Seven Orifice Linglong Ball is the treasure of her Misty Palace. If it weren't for an important mission this time, it wouldn't be brought out by her. How could there be a treasure that would have escaped the search of the Seven Orifice Linglong Ball?

Could it be that the opponent used the spatial talisman to escape the range of tens of thousands of miles in a short time?

I'm afraid this is the only possibility.

Whoosh whoosh!

At this time, Emperor Tian Fei Wu Huang and the others also came back, all looking ugly. "Fuyan Wuhuang, where's that guy? Don't tell me, he escaped?" The man in black saw this scene, his eyes suddenly became a little ugly, and his voice became polite.

#### [Chapter 1436: Wudi Chance](#)

"This person has a heavy treasure that shields the Seven Orifices Linglong Ball." Hongyan Wuhuang gritted his teeth.

"Shielding the treasure of the Seven Orifice Linglong Ball?" The man in black snorted coldly, "Waste is waste, so many excuses."

"you....."

The red face Wuhuang was furious and boomed, and a terrifying killing intent erupted from his body, the sky shook, the void trembled, and the murderous intent was awe-inspiring.

If it hadn't been for the Lord Palace Master instructed her to cooperate with this group of people, with her temper, she would have already beheaded the other party with the words just now.

"Isn't it?" The man in black snorted coldly: "In such a short time and such a close distance, you actually let people escape. It's not a waste, what is it?"

"You are presumptuous."

The many disciples in Misty Palace were all furious, looking at the man in black coldly, their eyes seemed to give the other party to pieces.

"Okay, don't quarrel." Wuyan Wuhuang sneered: "Yes, we are trash, but if you didn't lose to each other in the soul showdown, would Luo Mengqi die? How could the other party run away? , And you have a copy."

As soon as he said this, the black-clothed man's expression faintly exuded an angry color, and an icy breath filled the void.

But in the end, he gave a cold snort, speechless.

"Fei Fei, how did this person escape? You group, who have a spatial compass, can't stop one?" Hongyan Wu Huang looked at Tian Fei Wu Huang angrily.

"My confidante, this person has the technique of shielding the space compass..." Tianfei Wuhuang General Qin Chen continued to separate the space aura before.

"What, there is such a thing!"

Emperor Wu Yan's eyes narrowed.

"Is it the Void Split Shadow Art?" she muttered.

The space compass is also one of the treasures of the Misty Palace to search for the aura of space. Under this world, there are countless avatars, and many powerful people can separate true avatars in battle to confuse and sneak attacks on the enemy.

But it is rare that it can confuse the spatial compass.

The most famous among them is the Xuanyuan Empire's Void Shadow Division Art.

"Master Hongyan, you mean that person was from the Xuanyuan Empire just now?" Tianfei Emperor Wu and others looked cold.

The Void Separation Shadow Art is the fame of Emperor Xuanyuan. It is rumored that this art has been inherited from his good brother Pochen Martial Emperor Qin Chen. It is one of the top physical art in the mainland and can be faked.

It wouldn't be a weird thing if the opponent used the Void Split Shadow Technique to avoid the tracking of the spatial compass.

"Even the forces that are eligible to enter the Guyu Realm are all top-level forces in the Martial Domain, but there are not many strong ones who can evade the spatial compass search. The Xuanyuan Empire does have some possibilities."

Hongyan Wuhuang's tone was cold.

The eyes of Emperor Tianfei Wu and the others immediately contained a hint of coldness, and they said coldly: "Xuanyuan Empire, huh!"

"Let that person escape now, won't it affect our plan?" Hongyan Wuhuang looked at the man in black.

"Destroying the plan? Thinking too much." The black-clothed man smiled grimly, "Except we will expose some, it will not have any impact on the plan. After all, this restriction is broken, and people from other forces must come and help together. Well, hehe, hehehe."

The man in black laughed coldly, the laughter was very harsh and weird.

"What is in this prohibition?"

"At that time, you will know." The man in black quacked with a weird smile: "But what can be revealed to you in advance is that there is a great opportunity in this prohibition, which allows you to break through the realm of Emperor Wu. I will be grateful."

Break through Emperor Wu?

Everyone on the court was shocked and stunned.

Even the Confucian Emperor Wu Huang, who had a very indifferent expression, shivered slightly, and could not even maintain her calmness. She trembled: "What you said is true?"

Nine Heavens Emperor Wu!

Don't look at her Qu Hongyan is now overwhelmingly powerful, in charge of amazing resources, after a bit of painstaking practice in the ancient Yu world, she will definitely be able to reach the peak of the late eighth stage, and even the ultimate state of the late eighth stage.

But if you want to become Emperor Wutian of the Nine Heavens, it is still infinite.

Emperor Wu of the Nine Heavens, the highest in the mainland, is not just talking about it. In order to become Emperor Wu, in addition to his talent against the sky, all kinds of opportunities and opportunities are indispensable.

Nine Heavens Emperor Wu, each is the protagonist of the mainland, God's darling, any one's experience can be written into a brilliant epic.

Although Qu Hongyan and the others are from Misty Palace.

But if they didn't have enough opportunities, they would also have little hope of becoming the Emperor of Nine Heavens.

But now, the people in black actually said that they had the opportunity to become the Emperor of Nine Heavens during the prohibition. How could they not be excited?

I was so excited that I couldn't believe it.

"Does Lord Palace Master know about this?" Qu Hongyan trembled.

"Of course I know." The man in black was very satisfied with the performance of Qu Hongyan and others, and said with a quack: "Think about it carefully. During this trip to the ancient Yu world, are there some problems with the personnel sent by your Lord Palace Master? There are many masters, but in the early days there were almost none of Wu Huang."

what!

As soon as this remark came out, everyone was astonished.

It really is!

This time, the many powerhouses who entered the ancient Yu world from Misty Palace were basically Wu Huangs in the middle of the eighth stage and above. There were very few martial emperors in the early stage of the eighth stage, and even those in the late eighth stage.

But you should know that the ancient Yu world was where the Emperor Wu cultivated the power of the Dao Principles of Space. Normally, the lower the cultivation level, the more promotion he would get.

The Emperor Wu from the early stage of the eighth stage came in, and within three years, if he had enough talent, he could even break through to the latter stage of the eighth stage.

But the Emperor Wu of the late eighth stage came in, even if it was against the sky, it was already the limit to master dozens of spatial principles.

Therefore, under normal circumstances, sending two to three late-stage eighth martial emperors as the leader to protect everyone's safety, and the rest are dispatched to the early-stage eighth level is the right way. Three years later, it can quickly increase the backbone of a force.

But this time, among the 100 emperors of Misty Palace, there are nine people in the late eighth stage, and the remaining eighty or ninety people are in the eighth stage except for less than ten. Above mid-term.

Hongyan Wuhuang previously thought it was the Lord Palace Master who sent out many masters in order to let them cooperate with this group of people in black.

But now I know that there is such a reason.

"Emperor Nine Heavens!"

She murmured, then her eyes became extremely firm, and she shouted: "Everyone is going to do everything, no one is allowed to be lazy."

"Yes!"

The loud voice sounded, and the many emperors of Misty Palace were excited and more energetic.

At this moment, thousands of miles away, a figure is quietly approaching.

It was Qin Chen. He urged the universe to make a jade disc, and the scene within a radius of thousands of miles was clearly presented in his mind.

#### [Chapter 1437: Goodbye \\*\\*\\*\\* cat](#)

He went and returned, the purpose is to figure out the purpose of Misty Palace.

After half a stick of incense, Qin Chen came thousands of miles away from the forbidden place where everyone in Misty Palace was.

"It's almost there. If you get closer, the other party will probably notice it."

Qin Chen stopped his figure and merged with the jade disc of good fortune from heaven and earth. The invisible fluctuations permeated. Suddenly, the scene of the Forbidden Land was clearly presented in his eyes again.

Ok? How do you feel that the people in the Misty Palace are all beaten up?

Qin Chen was puzzled and his eyes were a bit cold.

The other party obviously didn't expect that he would continue to kill him in a short time, so he didn't realize that Qin Chen was hiding nearby.

He observed for a long time, but he never figured out what exactly was in the prohibition that the man in black broke.

"No, we must not let them continue to crack."

Qin Chen shook his head. Although he didn't know what the people in black were doing, he instinctively wanted to destroy the other party. He would interfere with anything that Misty Palace wanted to do.

"It's definitely impossible to destroy me alone, so we can only attract other people to come and let them see through the actions of these people in black and the Misty Palace."

"Then which power to pick first?"

Among so many forces, the one he disliked the most was the Xuanyuan Empire. Isn't the Xuanyuan Empire and Misty Palace hostile to each other? As long as people from the Xuanyuan Empire are attracted, then...

A smile was drawn at the corner of Qin Chen's mouth.

He had previously displayed the Void Splitting Shadow Art, just to make the Confucian Wuhuang and the others think about themselves in the Xuanyuan Empire, and he didn't know if they succeeded.

However, Qin Chen also knew that the move just now was actually very dangerous. If Feng Shaoyu and Shangguan Xi'er had a secret connection, once the red face Wuhuang passed the news, the two would know that someone in the ancient Yu world could use the Void Separation Technique. The problem will be very serious.

The Void Separation Technique is a unique school taught to Feng Shaoyu in his previous life. In the world, apart from Feng Shaoyu, he alone masters it. Once Feng Shaoyu and Shangguan Xi'er suspect that he is not dead, they will inevitably lead them. Come trouble.

"I can't manage that much for the time being, I will destroy their plan first."

Muttered, Qin Chen was about to leave, when an unhappy voice rang: "Young man, stand still for this emperor, if you dare to destroy their broken formation, the emperor must destroy you!"

This voice rang in Qin Chen's ears, very close.

"who?"

Qin Chen was shocked. Someone approached him in secret, but he didn't notice it. What kind of means was this?

His whole body was erected, and the True Essence inside his body was secretly moved, and his eyes suddenly looked sharply at the void coming from the sound.

"Youth boy, don't even know the emperor?"

In the void, a \*\*\*\* cat came out with a look of disdain.

"Big black cat?"

A cold sweat broke out on Qin Chen's forehead, and the \*\*\*\* dead cat almost scared him to death.

"What \*\*\*\* cat does not respect the predecessors at all. This emperor is the supreme emperor of nine heavens and ten earth. You can call me the cat emperor, or cat master, what \*\*\*\* cat is too ugly."

The \*\*\*\* cat was akimbo, very arrogant, his eyes squinted at Qin Chen, a look of disdain.

"You dead cat, where did you go this time? Get Ben Shao here."

Qin Chen exploded, pretending to be in front of him? Not seen for a while, this dead cat has gotten fatter.

"Young man, let me tell you, how dare you call this emperor a dead cat? This emperor is anxious with you." The \*\*\*\* cat's eyes glared, and the hair on his body exploded.

"Come here, you can show me anxiously. If you haven't seen you for such a long time, you have been able to bear it."

Qin Chen disdain.

"You, there is a kind of you who come with the emperor." The \*\*\*\* cat was angrily, swayed and disappeared into the void.

"Cut, come, whoever is afraid of whom." Qin Chen followed.

The two quickly shuttled through the void.

What shocked Qin Chen was that this \*\*\*\* cat seemed to be hiding in the void, if it hadn't seen the opponent flying by in front of him, otherwise, with Qin Chen's perception, he would not be able to catch the trace of the opponent.

What is the origin of this black cat?

Qin Chen was secretly shocked, this kind of void shuttle technique was much more terrifying than the average Nine Heavens Martial Emperor.

Not long after, one person and one cat came to a col in thousands of miles away.

Whoosh! Whoosh!

Two figures fell down.

"Shounen Lang, you are so courageous, you don't give me some color today, look, you really can't be a sick cat!"

The \*\*\*\* cat akimbo, grinning, and rushed towards Qin Chen.

"I'm afraid you won't make it."

Qin Chen sneered and jumped up.

Boom boom boom!

In an instant, Qin Chen and the black cat fought together, blinking and fighting a hundred moves.

What shocked Qin Chen was that the \*\*\*\* cat became even more terrifying compared to when he was in the Heavenly Demon Secret Realm. Under the shaking, he couldn't catch his trace at all, and his claws kept scratching blood marks on him.

Puff puff!

Several scratches suddenly appeared on Qin Chen's body.

Qin Chen bared his teeth. What exactly did this \*\*\*\* cat's claws do? With his defense, even ordinary imperial soldiers would never want to leave wounds, but the \*\*\*\* cat scratched lightly and his body split. , Like a paper.

Had it not been for Qin Chen's vague figure, he would have been torn into pieces by the \*\*\*\* cat.

"Hey, young man, how did you improve so much?"

Qin Chen was taken aback, and the \*\*\*\* cat was even more shocked. During this time, it recovered a lot. He thought it could subdue Qin Chen for a while, but who knew that it took a long time to take Qin Chen down.

"How much?"

Qin Chen sneered, booming, the power of the blood in his body exploded, and the sky burst into thunder, instantly wrapping the \*\*\*\* cat inside.

"Little thunder can hurt the emperor?" The \*\*\*\* cat was disdainful. Qin Chen had also attacked it with thunder, but he was not afraid at all and did not expect to use this trick.

But when the thunder fell on it, the \*\*\*\* cat was startled, sizzling, and thunder surging, with an astonishing force of heaven in it, making all the long cats all over it stand upright.

"The power of Thunder Tribulation? The kid who crossed the Tribulation in this ancient Yu world just now is you!" The \*\*\*\* cat was anxious.

"Why, not convinced?"

Qin Chen drew out the mysterious rust sword and cut it with one sword.

call out!

The sword light contained an astonishing breath, breaking through the world.

"Furthermore, with this broken sword again, this emperor is not at the beginning, how can he be afraid of you breaking the sword like this."

Before the words fell, the mysterious rust sword had already hit the \*\*\*\* cat.

puff!

The \*\*\*\* cat was cut and flew out, with a few black hairs floating in the void.

"Damn, it hurts the emperor to death." The \*\*\*\* cat was horrified. How could the power of this rust sword suddenly increase so much?

"This hurts? Would you like to try the electric roasted whole cat?" In Qin Chen's palm, the green lotus demon fire emerged, and the breath of astonishing flame filled.

"Stop it, stop it."

The \*\*\*\* cat hurriedly jumped up, "This emperor is just joking with you. Is it necessary to be so excited? This emperor is a peaceful person. Put it away and put it away. You put it away. The emperor tells you a secret. !" The \*\*\*\* cat jumped out ten feet away in fright.

#### [Chapter 1438: Mixed Demons](#)

Damn, it looked at Qin Chen in horror, and vomited incomparably.

I thought that after such a long time, I could avenge the barbecue of the Heavenly Demon secret realm. Who knew that after a battle, Qin Chen actually became so much stronger.

Is this guy taking drugs every day?

But even if you take drugs every day, you have to cultivate yourself in terms of realm and sentiment.

"Secret, what's the secret?" Qin Chen held the Qinglian Demon Fire and stared at the \*\*\*\* cat. The black cat, whose origin is unknown, but very mysterious, seems to know a lot of things.

"You put away this flame first, and look at the monsters that scare the cat." The \*\*\*\* cat said, a little frightened, some time no see, even the green lotus flame has become a lot stronger, how exactly did this kid cultivate?

The \*\*\*\* cat is also well-informed, but it is the first time to see someone who can increase their strength so much in just one or two years. This... is totally unreasonable.

"Just put it away."

Qin Chen put away the Qinglian demon fire, and was not afraid of the \*\*\*\* cat turning back against the water. In fact, he also knew that, despite the embarrassment of the \*\*\*\* cat being killed by himself, in fact, the other party did not show all his strength.

Just outside the ancient Yu realm, the \*\*\*\* cat escaped from the ancient Yu realm guarding Emperor Wu. It was impossible for him to take it.

"You still have some conscience." When the \*\*\*\* cat saw Qin Chen put away the Qinglian Demon Fire, he was relieved immediately, sat down cross-legged, and said: "Did you just destroy those alien demons and unlock the restrictions? "

"What? Those people in black are alien demons?"

Qin Chen was startled, the \*\*\*\* cat actually gave him such a big news when he came up.

"Don't you know?" The \*\*\*\* cat looked at Qin Chen suspiciously. "That's right. Although these people in black are alien demons, they are not pure alien demons, but a mixture of alien demons and human races. Humans are already very similar, you can't see it, but it's normal."

"Alien demons and humans can still be mixed?"

Qin Chen was madly dizzy. "Is this unexpected?" The \*\*\*\* cat looked at Qin Chen contemptuously, "Human races and monster races can also be mixed, why can't they mix with alien demons? Any race, a little bit of cultivation, its own genetic power, Will become very powerful, will not be easily annihilated, and be able to form brand new offspring

, It's normal. "

Whoosh!

At this time, the Skeleton Rudder Master also appeared, saying: "Human races and alien demons can indeed be mixed. For example, my blood demon sect's magic sage actually has the blood of alien demons in its body, so after it gets the parasitic seed, it has fewer side effects. , The cultivation base will also improve faster."

Does Moli have the blood of an alien race?

Qin Chen was thoughtful, no wonder he felt that something was wrong with Mo Li at the beginning, the aura on his body was too cold, not like a normal person. "Hey, how about it? The proposal made by the emperor was good at the beginning. I asked you to surrender to this kid. Look at how long it has passed. You have recovered the cultivation of the middle-level demon. It's only a step away." The \*\*\*\* cat glanced at the Skeleton Rudder Master, hehe smile

Tao.

"Yong Ye, thank you Black Emperor for your guidance." Skeleton rudder arched his hand at the \*\*\*\* cat. The origin of this black cat, even it could not be recognized, made it instinctively awed.

Qin Chen said: "Since you know that these people in black have the blood of alien demon race, why stop me from destroying them? The alien demon race is doing harm to my Tianwu Continent. If you don't get rid of it, there will be future troubles."

He was full of chills. At the beginning, in the land of a hundred dynasties, he suspected that the disappearance of the leader of the blood demon sect, the swallowing demon king, had something to do with the Misty Palace. Now he sees that the Misty Palace Wuhuang is actually united with people with alien demon blood. , Which further confirmed his guess.

Shangguan Xi'er, what exactly is she going to do? "You are stupid, you are really stupid." The \*\*\*\* cat gave Qin Chen a white look. "It is indeed ulterior motive for the descendants of these alien demons to break the restriction here, but it may not be a bad thing, because after they broke the restriction, There will be a huge opportunity, not only for their alien demons, but for the human race

Same thing. "

"What chance?" Qin Chen was puzzled.

What makes the \*\*\*\* cat a great opportunity is absolutely extraordinary. "This opportunity is too much involved. The emperor can only tell you that once this restriction is broken, the alien demons and the human race Nizi alone will not be able to obtain the opportunity inside. All the strong people who enter the ancient Yu world must be united. You can hope to get it, so you only need to watch it with peace of mind." Da Hei

The mysterious way of the cat god.

"I wiped it and pretended to be mysterious."

Qin Chen sneered and said, "If you don't tell me, just don't think this young man will stand by, believe it or not, I'll go over and destroy it immediately."

The \*\*\*\* cat disdain: "If you want to go, just go. I don't know which one it was just now. I was chased and fled. Tsk tsk, that embarrassed!"

Qin Chen was sweating on his forehead, and when he dared to be chased before, the \*\*\*\* cat had been watching him, coughing cough, which was really shameful.

"If you don't say anything, I will really go." Qin Chenhan said.

After all, he actually turned around, wanting to leave here.

"Okay, okay, this emperor is afraid of you." The \*\*\*\* cat hurriedly called Qin Chen, "During this restriction, there is an opportunity to become an emperor."

"Chengdi?"

Qin Chen was shocked. In his previous life, he was stuck at the peak of the late stage eighth stage. Because of the disuse of his veins, he was still unable to become Emperor Wu, but the \*\*\*\* cat said that there was an opportunity to become an emperor here, so he was not shocked.

"Yes, after this prohibition, there is an ancient relic. In this relic, there is an opportunity to become an emperor, which can make the entrants feel the true power of the law." The \*\*\*\* cat said proudly.

The Emperor Wu is strong, only needs to master the power of space, while the strong Emperor Wu needs to master the laws.

The law is the rule and power of the heaven and the earth itself. Therefore, any powerful emperor can easily suppress many emperors. That is because the power used by the emperor is the power of heaven and earth, and non-wu emperors can easily resist it.

However, what do the aliens want to become an emperor? Still so much trouble, God is mysterious.

There must be other secrets.

"There should be other things you haven't told me, right?" Qin Chen said.

"Anyway, it's right to have the opportunity to become an emperor in this prohibition. As for other things, it's not good for you to know too much."

The \*\*\*\* cat said, and then before Qin Chen could speak, he disappeared into the void and disappeared suddenly.

Qin Chen felt it diffuse out, but couldn't find the \*\*\*\* cat.

"This dead cat," he said angrily.

"Master, what shall we do next?" Skeleton Rudder came up.

Qin Chen squinted his eyes and said after a long while, "Since the \*\*\*\* cat has said so, let's just watch it get better."

Although the \*\*\*\* cat is not very reliable, in some aspects, it is quite principled, at least it has not cheated him. However, before the alien demon clan broke the restriction, he had to return to the alchemy pavilion again to restore Qin Chen's identity.

### [Chapter 1439: Clever tongue](#)

According to the \*\*\*\* cat, once the restriction is broken, the people of the alien demon race and the Misty Palace will definitely notify the strong men of all the forces in the ancient Yu world, if Qin Chen breaks in alone, it will arouse everyone's suspicion.

Only the team that followed Dange was justified.

It's just that Qin Chen had a hard time getting back to the Dange team.

After a while, his eyes lit up and he had a plan.

Next, Qin Chen began to use the universe to make jade discs, constantly looking for people in the Pill Pavilion.

one day!

Two days!

Three days!

Three days later, Qin Chen finally found the location of the Dan Pavilion team.

This is a valley, the power of space is very strong, a group of strong people in the Dan Pavilion are entrenched here, taking a rest.

After nearly a year of experience, the aura of many powerful people in Dan Pavilion has obviously improved a lot, and each aura has become extremely extraordinary.

In addition to some veteran powerhouses, Ouyang Nana, Ling Yi, Ye Mo, Yan Equator and others also broke through the realm of Emperor Wu and followed Situ Zhen and others to experience together.

"This time, Guyu Realm seems to be lucky. Everyone has more or less got two or three blood crystals. It's only a year. If this continues, there are still two years. Everyone can at least Get about six blood crystals."

Someone smiled and said with a satisfied face.

"Blood crystals are okay, hehe, I found five spatial crystals in a valley before, but after calculating it, it is almost the power of two spatial tracts." Another person smiled.

"Two ways are the power, tusk, if you don't have one or two years in the martial arts, it will be difficult to condense successfully, but by absorbing the crystal of space, one or two days will be enough."

Everyone has a smile on their faces.

Except for Ling Yuannan and Ling Yi.

This time on the trip to the ancient Yu world, his Ling family's Ling Jun fell early and left the ancient Yu world. He didn't know how to explain to the family.

"It's all Qin Chen, if you let me know that Qin Chen is still alive, I have to look down on him." Ling Yi gritted his teeth and said.

At this moment, outside the valley, there were bursts of roar suddenly.

"Huh? Someone is fighting!"

Situ Zhen condensed his eyes and stood up.

Go out and see!

Whoosh whoosh!

A group of people rushed out of the valley in an instant, and then they saw that a young man was fighting life and death with a scarlet beast.

"It's Qin Chen!"

Suddenly someone called out.

Qin Chen looked extremely embarrassed under the attack of the blood-colored alien beast. His left branch was ruined, his body was stained with blood, fighting and fleeing in danger.

However, even though he was extremely embarrassed, he was not life-threatening. His body was extremely fast, and every time the blood-colored alien was about to seriously hurt him, he could escape in time.

"Hey, Qin Chen has a good body shape."

"I didn't expect him to be alive."

"The strength of this blood-colored alien beast is close to that of the middle-ranking martial emperor, isn't it? Qin Chen can actually persist until now, the strength is not weak!"

Everyone in Dan Pavilion couldn't help being speechless.

Situ really frowned. When is this? Are these guys still commenting?

boom!

Seeing his big hand sticking out, a huge black palm suddenly appeared between the sky and the earth, turning into a dark sky, slapped at the blood-colored alien beast.

Bang!

The blood-colored strange beast that had previously suppressed Qin Chen's breathlessness, burst into pieces, and a blood-colored streamer shot up into the sky and fell into his hands by Situ Zhen.

Qin Chen panting, hurriedly swallowed a few pills. It seemed that he had only discovered Situ Zhen and others at this time. He suddenly looked surprised and said: "Master Situ, why are you here?"

He shook his figure and hurriedly saluted Situ Zhen: "Disciple Qin Chen, I have seen Master Situ."

"Free gift."

Situ Zhen raised his hand, an invisible force wrapped Qin Chen, and held him up. Situ Zhen looked at Qin Chen. Before he could speak, he heard an angry roar sound and shouted: "Qin Chen, you haven't Die, I ask you, where is Lord Ling Jun?"

Along with the angry shout, a figure suddenly appeared in front of Qin Chen, it was Ling Yi, his face was hideous and murderous.

"Strange, Ling Jun is the Emperor of your Ling family, where is he, how do I know?" Qin Chen asked suspiciously.

"You dare to quibble, Master Ling Jun left with you. Now, you are still alive, but Master Ling Jun has no news, and even the life jade card has been shattered, asking if you killed Master Ling Jun." Ling Yi said angrily.

Qin Chen was surprised: "Is Lord Ling Jun dead? Why didn't I know? However, he should have died in the Guyu Realm because of his lack of eyesight.

"you wanna die."

Ling Yi was furious, furious and depraved, banging, and pressing a palm towards Qin Chen cover, suddenly like a king of human being born, with invincible power, crushing towards Qin Chen.

Qin Chen snorted coldly, slapped his backhand with a palm, banged, his palms collided, and there was an astonishing light flashing, Ling Yi snorted, kicked back hundreds of meters, the blood in his body floated, almost spitting out blood .

On the other hand, Qin Chen remained motionless.

"How did your cultivation level improve so much?"

Ling Yi looked at Qin Chen in amazement, pale in shock, and felt a huge impact both physically and mentally.

I thought that Qin Chen left alone, even if he broke through the Emperor Wu, his cultivation level should not be so good. After all, the resources he got with the large army were far beyond what Qin Chen could compare with acting alone.

But who knows a move, he immediately felt the gap, the opponent's strength must definitely be higher than him.

"It's so normal, it's just a little improvement. This young man is a genius. He has improved so much in a year. It's normal. He is a genius. Who doesn't improve. Unless he is a mediocre, he will not make much progress." Qin Chen Very casual.

"you!"

Ling Yi exploded, Qin Chen clearly pointed out that Sang scolded Huai as a mediocre.

"A clever tongue is like a spring, this son is really wrong."

A cold snort rang, and Qin Chen's head suddenly destroyed the sky and the earth, and the void was shaking, unable to withstand the oppression of such a force.

Not far away, Ling Yuannan came over, his eyes cold, his eyes showing killing intent.

He stared at Qin Chen, the aura that represented the later Martial Emperor permeated, making everyone around him feel a huge oppression.

One year later, Ling Yuannan became stronger, his aura revealed, faintly approaching the peak of the late eighth stage.

This is a giant.

"call!"

Qin Chen's body suddenly creaked, trembling in Ling Yuannan's breath, as if it was about to burst at any time.

In fact, no matter how strong Ling Yuannan was, how could it be better than Tianfei Wuhuang, Qin Chen was not even afraid of Tianfei Wuhuang, how could he be afraid of Ling Yuannan.

However, in front of Situ Zhen, Qin Chen deliberately showed an unbearable appearance, his body trembled, and he was about to collapse at any time.

"stop."

Sure enough, Situ really spoke, his body shook, and he directly shattered the coercion of the Emperor Ling Yuannan released, and his face was pale.

He didn't even speak, so Ling Yuannan came up and started to put him where. Ling Yuannan immediately looked at Situ Zhen seriously, and said: "Master Situ, Ling Jun of my Ling family is now in the ancient Yu world. I suspect that his death is related to Qin Chen. I also ask Master Situ to hand this person over to me. Interrogate the truth about the fall of my Ling Jun."

"This matter, the emperor has his own decision." Situ really snorted coldly.

"Master Situ..."

Ling Yuannan wanted to say something, but was interrupted instantly by Situ Zhen: "Okay, enough. Since the emperor said that he has his own decision, it is his own decision. You don't have to say it anymore."

He was angry inside, and Ling Yuannan really became more and more presumptuous.

Ling Yuannan was angry, but just stared at Qin Chen coldly, not daring to speak any more.

"Qin Chen, why are you here?"

When a group of people returned to the valley, Situ Zhen began to inquire.

"Master Situ, you have to be the master for your subordinates." Qin Chen shouted immediately. He looked angry and said: "Master Situ Zhen, you don't know. After you left me in the canyon, Ling Yi relied on his own life experience to find trouble with his disciples. The disciples came from the lower four realms and knew that Ling Yi has a deep background and dare not be an enemy, but who knows he is going to kill his disciple

. The disciple had no choice but to resist. Fortunately, this Ling Yi disciple had a false name, and he didn't want to use it, so the disciple was not humiliated. "

puff!

Ling Yi was so angry that he almost vomited blood. What does it mean to have a false name, and it doesn't make sense. Is there anyone who talks like this?

"The disciple finally got rid of the humiliation of Ling Yi. Who knew that among the martial emperors who were guarding in the canyon at that time, Lord Ling Jun of the Ling family was indiscriminate. Seeing that Ling Yi had been wronged, he wanted to kill the disciple. "

"Dignantly guarding the gorge, Dan Pavilion specially sent to protect the Lord Wu Huang, who treated the disciple in this way, the disciple was extremely frightened, but helpless, he could only risk his death and enter the depths of the ancient Yu world..."

"Who knows that Ling Jun is unrelenting and wants to chase his disciple. The disciple has no choice but to rush into the dangerous zone full of cracks in the space, only to escape by chance, and ask Master Situ to be the master of the disciple."

Qin Chen's crying cry was miserable, earth-shattering, weeping ghosts, and everyone who said that looked at each other, and their hearts were in sympathy.

Thinking about it carefully, it is really so.

Who is Ling Yi? The heir of the Ling family, Dange's top arrogant, much loved.

Where is Ling Jun? The leader of the second generation of Ling family, Tianjiao Wuhuang.

And Qin Chen? However, it was just a four-domain disciple who was actually oppressed by the bullying family. The grievances in his heart and the helplessness at the time can be imagined.

Moreover, Ling Jun's behavior was extremely despicable. As the guardian Wuhuang who protected the Dange disciples, he attacked the disciples under his command.

"You, nonsense..." Ling Yi said angrily, accusing him.

"Master Situ, every Tianjiao who was present at the time said this with their own eyes, and the words were true, and asked Master Situ to be the master of the disciple." Qin Chen said with tears.

He held a potion made of onion and \*\*\*\* between his fingers, and he couldn't stop his tears.

Keke, it seems that the potion is applied too much!

"These emperors have already understood, what happened later, why did Ling Jun fall?" Situ Zhen asked in a deep voice.

"What? Ling Jun is really dead?"

Qin Chen raised his head and said in surprise, with an innocent look on his face.

"presumptuous."

Ling Yuannan was furious, but was stared at by Situ Zhen coldly. He stopped talking and just looked at Qin Chen angrily.

"Ling Jun has indeed fallen. You said he followed you at the time. What happened afterwards?" Situ Zhen said.

"This...the disciple doesn't know!" Qin Chen said with a dazed expression: "In order to escape Ling Jun's poisonous hand, the disciple risked his death and rushed into the space crack zone. After throwing away Ling Jun, the disciple found a place. After retreating, I was lucky enough to break through to Emperor Wu and accidentally got a few crystals of space. During this time, I have been swimming here.

Dang practice. "

"By the way, I also encountered that scarlet monster a few times in the middle. These monsters don't know where they came from. The defensive power is terrible. The disciple is not an opponent at all. Fortunately, the disciple is a good disciple, and after several escapes, he did not fall. "

"Fortunately, I met Master Situ, and the disciple is finally relieved."

Qin Chen said with a lingering fear on his face.

"You mean how Ling Jun died, you don't know it at all?" Situ really frowned.

"Exactly."

"You fart, Master Ling Jun was chasing you back then, how can you escape Master Ling Jun's tracking with a small half-step martial arts emperor? Why break into the space crack and lie to the ghost, speak quickly, Ling Did you kill the Army Master, recruit it truthfully?" Ling Yi said angrily.

Everyone also looked suspiciously.

At the beginning, Ling Jun followed Qin Chen's departure, and he fell directly, but Qin Chen said that Ling Jun's death had nothing to do with him, which was indeed not very convincing.

Unexpectedly, when Ling Yi spoke, Qin Chen stared at him with idiot eyes.

"What look in your eyes!" Ling Yi said angrily.

Qin Chen rolled his eyes and said, "You also said that I was only a half-step Martial Emperor, and Ling Jun was a powerful Martial Emperor. How could I kill him before I could escape."

Everyone nodded, Qin Chen said, it makes sense.

At that time, Ling Jun was a strong Martial Emperor, and Qin Chen was only a half-step Martial Emperor. If Qin Chen could kill Ling Jun, everyone couldn't believe it.

Qin Chen is a good genius, but Ling Jun is also a martial emperor of Tianjiao level. Generally, a half-step martial emperor can leapfrog and kill enemies, and those who beheaded are ordinary martial emperors. How can he face a Tianjiao martial emperor like Ling Jun? Achieve leapfrog killing the enemy?

"Hmph, who knows, although you are a half-step martial emperor, but your strength is not weak, not to mention, who knows if you set some traps, or colluded with others and killed Ling Jun." Ling Yi said.

Hey, this is a possibility.

Qin Chen couldn't kill Ling Jun, it didn't mean that others couldn't kill him.

Unexpectedly, Qin Chen looked even more contemptuous, and said directly: "You're afraid you are not an idiot!"

"You..." Ling Yi was so angry that his lungs were about to explode.

Qin Chen said: "You said I lay a trap, and I will ask you, I am a half-step martial emperor. In the depths of the ancient Yu world, I am already struggling with my steps. If I am not careful, I will be in a different place. How to arrange the trap? Why don't you show it to me."

"Also, you said I was in collusion with others, who did I collude with, can you say that I am ugly?"

Qin Chen sneered: "I am a disciple of the Lower Four Regions. I have just come to Wuyu for a few months. I have been staying in the Palace of Pill Pavilion. I don't know anyone. Tell me, how can I collude with others? Collusion, with you?"

"I....."

Ling Yi was almost mad.

But the other martial emperors around nodded one after another.

This is really true. If other disciples in the Dan Pavilion collude with people, it may not be impossible. After all, who can enter the Guyu Realm, in the Martial Domain, which one has no power?

But Qin Chen, a disciple of the Lower Four Regions, had just arrived in Wuyu for a few months, and he practiced in the Pill Pavilion. He almost didn't know anyone in the Wuyu. How could he collude with others?

It's impossible to think about it.

"It seems that there should be no secret behind the death of Ling Jun." Situ Zhendao.

"Master Situ..."

Ling Yi and Ling Yuan were in a hurry, and Situ Zhen's words directly removed Qin Chen's suspicion.

"I know what you are trying to say. Since there is no direct evidence, Qin Chen is innocent. If you think Qin Chen is a murderer, show evidence." Situ really snorted. He became increasingly displeased with Ling Yuannan and Ling Yi.
