

Valkyrie 1441

[Chapter 1441: Absorb blood crystals](#)

With Situ Zhen's words, Qin Chen's test was completely passed. "Well, since Ling Jun's death has nothing to do with you, that's it. Now that you have broken through the Martial Emperor, then follow us to practice. The scarlet monster that just chased you down is a monster unique to the ancient Yu world. , The blood crystals in its body can enhance

The martial artist's training base. "

Huh!

Situ Zhen lifted his hand, and the blood crystal of the blood-colored strange beast that had chased Qin Chen before fell into Qin Chen's hands.

"Since you brought this blood-colored beast over, this blood crystal will be given to you, and you can directly refine it with true essence."

Qin Chen hurriedly said: "Master Situ, isn't that good? After all, the alien beast was killed by you, my disciple, don't dare to bear it!"

"Well, you even dare to beat Ling Yi, and you dare to break into the depths of the ancient Yu realm in half a step of the Wuhuang cultivation base. What else is there to dare not? Situ really cares if you have a blood crystal? Take it. "Situ really glanced at Qin Chen and said lightly.

Qin Chen's heart shuddered, and immediately said: "That disciple is worse than being respectful."

It seemed that Situ really should have guessed something. At least he knew that Ling Jun's death would not be as simple as he had said before. It had nothing to do with him, it was just the other party, so he didn't bother to control it.

However, Qin Chen really admired this Situ even more, being able to treat himself as a disciple of the Lower Four Realms, and be equal to the people of the Great Pill Pavilion, this courage is extraordinary.

"Everyone is gone, after a long rest, we will continue to set off." Situ Zhen waved his hand.

Everyone immediately dispersed, only Ling Yi and Ling Yuannan stared at Qin Chen, their eyes flashing with cold killing intent.

Qin Chen didn't even look at them, too lazy to pay attention to each other.

Ling Yuannan and Ling Yi snorted coldly, but Situ Zhen said so, and the two of them couldn't openly violate Situ Zhen's order. After all, the team leader this time was Situ Zhen.

"I thought Situ really spoke for him, so I could be safe and sound? Too naive, wait and see, really think that Situ really can always protect him."

With a cold snort, the two turned and left.

"Less dust."

After Ling Yuannan and his entourage left, Ye Mo and Yan Chidao walked to Qin Chen excitedly.

"It's great that you can be fine."

The two were quite excited. Qin Chen broke into the depths of the ancient Yu realm alone. They were all worried about Qin Chen. Now that Qin Chen was safe and sound, each breathed a sigh of relief.

The three of them came from the Lower Four Realms together, and if they didn't support each other, no one would be worthy of them.

"It's just a fluke."

Qin Chen smiled and said, "You two also break through the Emperor Wu's cultivation? Not bad, and it seems that the aura is not weak. You should have condensed a lot of the power of the space principle, right?" Ye Mo smiled and said: "Thanks to Situ Real adults, here, the power of space is extremely strong, the speed of condensing is naturally very fast, and there is the blessing of the crystal of space, in addition to the blood crystal, although Yan Equator and I have a low level of cultivation.

, But there are also a few. By the way, I have another one here. You can take it with less dust. This blood crystal does have a lot of effect. "

"I have one left here too, you can try it with less dust." Yan Chidao also hurriedly took out a blood crystal from his body.

Qin Chen didn't accept it. Although he didn't deliberately search for the essence beast essence these days, he also killed some of the essence beast essence, but he has not had time to refine it. There are not many blood crystals on his body, but for ten There are still stars.

Of course, now, it is impossible for him to take out the blood crystal and give it to the two of them, because as long as he takes it out, it means that what he said before is false. He has the strength to kill the essence beast, otherwise he won't get blood crystal.

Ye Mo and Yan Chidao just wanted to say something, they closed their mouths as soon as they saw someone approaching. The visitor was Ouyang Nana. She glanced at Qin Chen suspiciously and sneered: "I can't imagine you can live like this. Now I know why the second uncle asked me to take care of you. You have a good means and talent. Also very strong.

The old man's Dharma eyes. "

Qin Chen said indifferently, "You didn't come here to tell me this?" Ouyang Nana snorted: "I'm just here to tell you that now that Ling Jun is dead, Ling Yuannan and Ling Yi will not give up. , As long as there is a chance, they will definitely attack you. So next, you'd better try to follow Master Situ,

If Lord Situ is not there, you can follow me and I will keep you safe. "

"Haha." Qin Chen laughed suddenly.

"What are you laughing at." Ouyang Nana was a little angry. "I said Miss Ouyang, why did you suddenly change your attitude? You don't like me anymore?" Qin Chen said with a smile, looking up and down at Ouyang Nana, and his eyes kept moving on her graceful figure, especially On her two majestic mountains

Before the peak, stay for a while.

I have to say that this Ouyang Nana is still very good, with a temperament, and a very graceful figure. Except for the temperament of some young ladies, they are all eye-catching. No wonder there are many people who pursue her.

"you....."

Ouyang Nana flushed with anger, and with Qin Chen's squinting look, Ouyang Nana couldn't wait to dig out both of his eyeballs.

"Just do it yourself."

Angrily snorted, Ouyang Nana left angrily.

Ye Mo and Yan Jidao looked a little dumbfounded, and Ouyang Nana took the initiative to meet each other, but the move of Less Chen was too surprising.

Qin Chen glanced at his mouth and said: "This kind of eldest lady, who knows what kind of thoughts she holds, it is better to be less provoked."

He returned to Dan Pavilion just for an identity. If he really followed Ouyang Nana, it would be inconvenient to move.

Coming to a corner of the valley, Qin Chen began to absorb the energy in this blood crystal.

"Om!" When his true essence wrapped the blood crystal, a strong blood stream entered Qin Chen's body. This air stream contained a special energy that could transform the martial artist's physical body and make the martial artist. The cells of the body are transformed and the body gets

Promote.

"It really works?"

Qin Chen was a little shocked. When others said that this blood crystal could improve the cultivation of the physical body, he actually didn't care much.

Because a treasure, no matter how effective it is, it must have its limit. The immortal body he cultivates is the top-level exercise method in the martial arts. The cultivation of the physical body is already extremely terrifying. No matter how strong this blood crystal is, How much can he improve?

Maybe it's just some painless effects. But now, Qin Chen is shocked. This is a pain-free effect. Under the transformation of Thunder Tribulation, the flesh body that seemed to have reached the limit has been improved again, and the body seems to be extremely relaxed. stand up.

[Chapter 1442: Voidland](#)

The effect of this source beast's essence is so amazing?

Qin Chen widened his eyes immediately. It was indeed the essence escaping from the Origin Beast equivalent to the Demon Lord level. Qin Chen didn't care at first, but now he was shocked. "Hehe, master, now you know that the essence of the source beast is amazing." The skeleton rudder seemed to sense Qin Chen's shock, hehe smiled: "If there is no effect, the source beast is in my alien demon continent, how could it be so? Important? Unfortunately, it's too little

, If there is enough source beast essence, the cultivation base of this seat can recover faster, how can it be like now, all day long retreat, and recovery so slowly. "

"Okay, you can just retreat, as long as you have enough strength, you are afraid that you will not get any benefits in this ancient Yu world? If it were not for your weak cultivation base...How can this young master be so afraid of those in the Misty Palace? Qin Chen snorted coldly.

"I..." The Skeleton Rudder Master was speechless.

But it was also very depressed, thinking that he was cultivating in the Demon Suppressing Cauldron, and his recovery speed was extremely astonishing. But now after seeing Qin Chen's breakthrough speed, he was speechless. He was directly recovering his cultivation base in the Demon Suppressing Cauldron, while Qin Chen was cultivating, but the speed of his recovery was only about the same as Qin Chen's cultivation speed. , Qin Chen's practice speed is real

Now it's too abnormal.

After being frustrated, he stopped talking immediately, gritted his teeth, and continued to close up.

He made up his mind that he must return to the peak cultivation base of the late stage eighth as soon as possible, otherwise, wouldn't he be completely useless in the future?

Fortunately, he faintly felt that in just a few days, he might make a breakthrough and improve his cultivation level again.

Qin Chen continued to absorb the blood crystals from his body, his movements were very cautious, and no one else noticed.

Moreover, his absorption speed is extremely fast, half a pillar of incense, a blood crystal is absorbed.

One!

Two!

Five!

Ten!

After a short period of time, Qin Chen had completely absorbed more than ten blood crystals on his body. He immediately felt that his physical strength seemed to have increased a bit, and the Immortal Eucharist had also risen to the sixth peak.

"Just a little bit, it's sevenfold."

Qin Chen was a little excited in his heart, he felt that as long as there were enough blood crystals to absorb, he could even raise the Immortal Eucharist to the seventh level in a very short time.

The cultivation process of the Immortal Eucharist has always been extremely painful. It is a huge torture to the physical body. Every breakthrough requires huge pain and consumes a lot of materials. It is impossible to break easily.

Qin Chen was still thinking about how to break through the seventh stage, and had a headache.

But now, he felt that as long as he had enough blood crystals, he would naturally break through the seventh level.

Seven-fold Immortal Eucharist, it is rumored that the strongest body-refining expert in the martial arts of the previous life only cultivated the Immortal Eucharist to the seventh stage.

That was the physical strength of Emperor Wu's rank, and he only needed enough blood crystals to achieve it.

Qin Chen immediately suppressed his excitement and took a deep breath. It seemed that he would need to find these source beasts a lot.

After resting for a long time, Dan Pavilion's team continued to move forward.

Under the leadership of Situ Zhen, Dan Pavilion's team was divided into several groups, searching for blood-colored alien beasts and looking for space crystals, while also absorbing the power of space between heaven and earth to practice.

Everyone is extremely fulfilling.

Although Qin Chen, Ye Mo and others were just breakthrough martial emperors, with low cultivation bases, they could also get a certain benefit if they reaped them, but for Qin Chen, the speed was too slow.

Half a month passed in the blink of an eye.

Qin Chen was assigned two space crystals and two blood crystals, and Ye Mo and Yan Equator were naturally the same, both of them were excited.

But Qin Chen felt a little anxious in his heart.

I don't know when the people in Misty Palace can break the restriction. Doesn't the **** cat say it is a lie? What if the opponent breaks the ban and enters directly without summoning people from other forces?

Here, Qin Chen is acting every day. He clearly has the strength and has to pretend to be weak. It is really difficult.

But all came, Qin Chen could only wait patiently, but when he had the opportunity, he secretly led everyone to that area.

A month!

One and a half months!

Two months!

Just when Qin Chen couldn't help it.

With a roar, one day, the entire Guyu Realm suddenly made a huge roar.

what happened?

Everyone raised their heads in horror, and Qin Chen also looked at the place where the roar came from, and saw a chaotic crack in the sky. In the distance, a vast continent appeared in the sight of everyone. in.

This continent is surrounded by immortal spirits, very hazy, as if it is close to you, and as if it is far away.

"what happened?"

"Why did a continent suddenly appear in this ancient Yu world?"

"This, I have never heard of a continent in the depths of Guyu Realm."

"What's in it?"

Not only Qin Chen and the others, but other powerful people who practiced deep in the ancient Yu realm, whether they are far or near, all felt this wave of fluctuations, and saw the vast continent in the sky, one by one shocked inexplicably.

"Master Situ?"

The people of Dan Ge quickly gathered together and all looked at Situ Zhen.

"All of you, follow me, don't be left behind."

Situ Zhen gave the order without hesitation.

"go!"

Whoosh! Whoosh! Whoosh!

Countless streamers flew up and rushed towards the vast continent.

Qin Chen was hidden in the crowd, and he was also secretly shocked. He had always guessed what was in the ban that Misty Palace had cracked, and had all kinds of ideas, but he couldn't guess how it would be such a vast continent.

It is really surprising.

At this moment, before the prohibition, Misty Palace and the more than twenty people in black also looked at the continent in front of them in shock.

"Why is there such a continent in Guyu Realm?"

The red face Wuhuang said with shocked eyes, the continent in front of her was dark and deep, giving her a feeling of heart palpitations. Just looking at it from a distance, she could not breathe well. "Hey, this continent is the core place in the Guyu Realm. Another interface that connects the Guyu Realm. The Martial Emperor's Chance mentioned earlier in this seat is in this continent." The man in black licked it. Tongue, a faint light appeared in his eyes,

Extreme fanaticism. "The Red Face Martial Emperor, when you will enter that continent, you will know." The man in black smiled strangely: "In a large continent, the power of the rules of heaven and earth is much clearer than that of the Martial Domain, similar to the ancient Yu world. The gap between Wuyu and Wuyu in space power is average

. "In the ancient Yu world, warriors can easily perceive the profound meaning of space and condense the power of space. On this continent, it is easy for a warrior to comprehend the power of the law, comprehend the power of the law, and become Emperor Wu. "Black humanity.

[Chapter 1443: Nine-color Rainbow Bridge](#)

"What? The power of laws in this continent is very clear? Similar to the power of space in the Guyu Realm?"

Hongyan Wuhuang was surprised.

The reason why Emperor Wudi of Nine Heavens was difficult to cultivate successfully was that the perception of the power of law was too difficult, it was illusory and unpredictable.

But if the power of the law in that continent is very clear, similar to the power of space in this ancient Yu realm, the difficulty of cultivation will immediately be reduced by at least several times. In this way, the power of the law will become very easy.

No wonder this man in black said that there was an opportunity for Emperor Wu to be successful in the prohibition.

"However, even though this continent has appeared, it is still hidden in the void and erratic. How can we enter that continent?" Hongyan Wuhuang frowned.

Although the continent in front of him was very clear, the Emperor Wu Yan couldn't find a way to go. It seemed to be embedded in the void, and it was located in two different worlds from the crowd.

"Hey, Red Face Martial Emperor, don't worry, there will naturally be a way to enter when the time comes." The man in black laughed strangely, "But I wait, I'm afraid I can't wait for you."

"What do you mean?" Hongyan Wuhuang was taken aback.

But seeing this group of people in black, each hand took out a black jade slip, and the jade slip burned immediately after being exposed to the void. Then, the twenty-odd people in black jumped straight into the air and crossed towards the continent in the distance. The aura formed by the burning of the jade slips seemed to have reached a certain connection with the continent, forming a Bridge, lead this

Group of people in black.

"Master Hongyan!"

Tian Fei Emperor Wu and the others were shocked. The group of people in black just walked away. After breaking the restriction, they actually entered the mainland directly by themselves, leaving a group of them behind. It was too much. "Everyone, don't worry, just wait patiently. I have my own way to enter the mainland. After you enter the mainland, we will naturally contact you. Don't forget the order the Empress gave you." The man in black was cold. Sound

, "I'm waiting there, waiting for you guys!"

When the voice fell, this group of people in black completely disappeared from everyone's sight.

"grown ups!"

"Master Hongyan!"

A group of martial emperors in Misty Palace were unhappy.

Tianfei Wuhuang even gritted his teeth and said: "These people in black don't know the origin. It's too much. Why does the Lord Palace Master let me wait to obey their orders?"

"Yeah, just leave without explanation."

Hongyan Wuhuang also had a blue face, and said coldly: "Don't say anything, have you all forgotten the command of the Lord Palace Master?"

Tianfeiwuhuang and the others were all silent.

Whoosh! Whoosh! Whoosh!

At this time, the powerhouses of other forces also arrived one after another, and they were shocked when they saw the Hongyan Wuhuang and others here.

"It's from the Misty Palace!"

"Could it be that the people in the Misty Palace discovered this continent?"

"Everyone be careful."

Bloodline Holy Land, Wuyin Gate, Qingdi Mountain, Qidian, Ancient Fangjiao, Long Family, Changhe Xiao Family, Death Demon Sect, Heavenly Ghost Sect, Teng Family, Phantom Demon Sect, and other powerful people have arrived one after another, one by one. Looking shocked at the continent above his head.

Whoosh!

The Dange group also arrived under the leadership of Situ Zhen.

Boom!

After the arrival of Pill Pavilion, the people of the Xuanyuan Empire also followed.

"Beauty Martial Emperor, what is going on with this sudden appearance of the mainland?" Ge Penghui, the golden martial emperor, heard that the person from Misty Palace was the first to appear here, and frowned immediately. Compared to those outside the ancient Yu realm, the aura of almost everyone has become much stronger. For example, Ge Penghui and others, it has only been a year, and the aura on the body seems to have improved a lot, and the power of the whole body seems to be condensed substance

.

In this ancient Yu world, the stronger the cultivation base, the more benefits will naturally be gained.

"You ask me, how do I know?" The red face Wuhuang sneered, without even looking at the golden body Wuhuang Ge Penghui.

"Hongyan Wuhuang, you are the first to come here after all. I have never heard that there is such a continent in this ancient Yu realm. Will it always appear rashly?"

"Yes, what are the ten strange things that have appeared on this continent?"

"The formation of Guyu Realm is a big mystery in Tianwu Continent. Could it be that it has a certain connection with this continent?"

"It's possible that this continent, looking at it from a distance, somehow, made me so horrified. What's in it?"

The top powerhouses of other forces began to speak one after another, and even Situ Zhen asked, his expression serious.

This is related to your vital interests, and naturally no one is negligent, especially this kind of secret place that suddenly appears, once it appears in any secret realm, it often brings amazing opportunities, and no one wants to miss it.

Only Qin Chen, who knows the whole story, is searching questioningly at this moment. Where did the group of people in black go?

"This place originally had a restriction. I didn't intend to pass by this place. After opening it, I discovered that this magical continent had appeared. As for the others, I didn't know about it."

Faced with so many inquiries from the forces, Hongyan Wuhuang said coldly.

"Then how can I enter this continent?" the leader of the Holy Land of Blood asked.

"You ask me, how do I know? If the emperor knew how to enter this continent, would he wait here for nothing?" The red face Wuhuang's tone was very unhappy.

No way, this group of people in black ran away, leaving her here, and their hearts were already suffocated.

Everyone was helpless, and right, if the people in Misty Palace knew how to enter this continent, they would definitely have entered in the first place and would never stay here.

Next, the major forces are looking for ways to enter.

I tried all kinds of methods, but the continent seemed to be hidden in the depths of the endless void and couldn't be approached at all.

Perhaps, there is an emperor Wudi who is here, you can try to shuttle through the void to get close to it, but unfortunately everyone on the field is the Emperor Wu, and currently they can't do it.

When everyone is a little impatient.

Hum!

Suddenly, from above that continent, a rainbow suddenly stretched out.

Suddenly, everyone's eyes were attracted to the past. This was not an ordinary rainbow. Not only was it showing nine colors, it was also connected to the ancient Yu realm on one end, and the other end was connected to the continent in the void.

"Rainbow Road?"

"Could it be the gateway to that continent?"

Everyone was surprised.

"I'll try!"

Whoosh!

Immediately, a nearby Wu Huang rushed over and directly set foot on the Rainbow Road.

The rainbow road is very wide, at least ten feet wide. I don't know how long it is, and it spreads to the end of the void. But as soon as the Emperor Wu stepped on it, it seemed as if he had slipped and fell heavily. feces.

Will a Wu Huang slip? It was a fantasy, but now it really appeared in front of everyone.

[Chapter 1444:](#)

"Haha, Kai Mi Martial Emperor, your mid-term peak Martial Emperor, why can't you stand still, are you too careless?"

A martial emperor laughed loudly, stood up, came to Rainbow Road, and immediately stepped onto it.

"Fuck!"

When his feet slipped, just like the previous Emperor Kai Mi Wu, one lost his balance and suddenly fell to the ground, his face was blue, and his teeth grinned in pain.

"what!"

Everyone showed a look of shock. If Emperor Kai Mi Wu accidentally fell, it might be an accident, but now even Emperor Wu Wu fell in the same way, it is not an accident.

What is the probability that two Emperor Wu fall while walking?

It can be said to be zero!

"I'll try!"

Suddenly, other Martial Emperors also stepped forward, whoosh, and a famous military emperor stepped onto the rainbow channel one after another, snapping, and suddenly falling down one by one, extremely embarrassed.

But there are also some late-stage eighth-stage martial emperors who walked onto the Rainbow Bridge, but fell from above without taking a few steps.

"I don't believe it anymore."

There was a cold snort from Emperor Wu, and he flew directly, trying to fall from the sky, but strangely, it was impossible to fall on the Rainbow Bridge from the sky.

"There is the force of rules on this Rainbow Bridge. If you want to step on the Rainbow Bridge, you must use the force of the rules to offset the force on the Rainbow Bridge before you can walk up completely."

After several tests, it wasn't that there was no gain at all. Some strong people immediately said in a condensed voice, and found the pattern.

The other emperors who had tried were shocked.

There are rules on the Rainbow Bridge?

What shocked them even more was that the power of this rule was similar to the power of the rule in the rumor, and it was the power that Emperor Wu must master to break through.

"hiss!"

Suddenly inhaling air-conditioning sounds one after another, Emperor Wu broke through Emperor Wu, where is it difficult? It is because the rules of the law are illusory and inaccessible.

But now, on this mysterious rainbow bridge, there is the power of rules lingering, that is to say, as long as they can walk on the rainbow bridge, they can have a preliminary understanding of the power of rules. This is simply an unprecedented opportunity.

At this moment, every Emperor Wu's expression changed, especially those of Situ Zhen and Ling Yuannan in the late eighth stage, and even the peak of the late eighth stage, were even more excited.

"Swish!" "Swish!" "Swish!" "Swish!"...

They jumped up one after another and walked onto the Rainbow Bridge one by one, fully comprehending the rules on the Rainbow Bridge, fighting against each other while moving forward.

Just on the Rainbow Bridge, there is a trace of power, so what will be on the continent that suddenly appeared in the void? No one knows.

The only thing everyone is certain is that this will be a great opportunity, even far exceeding the great opportunity of the Guyu Realm itself.

At this moment, no one can remain calm, one by one, they stepped on the Rainbow Bridge with difficulty and moved forward with all their strength.

As for the ordinary martial emperors and disciples of the major forces, what should they do? This is not something they can think about. They just stepped onto the Rainbow Bridge one after another after they ordered everyone to be careful.

This is an opportunity for Emperor Wu. It is rare for thousands of years to see it. If you don't catch it, the law of heaven will be too much!

In the blink of an eye, the top powerhouses of the various major forces, such as the Red Face Martial Emperor, the Golden Body Martial Emperor, the Phantom Martial Emperor, and Situ Zhen, have all set foot on the Rainbow Bridge.

The gap was immediately apparent.

It was also the pinnacle of Wu Huang, but the red face Wu Huang was the fastest. She swayed at first, but later became more stable and walked in the forefront.

Next, the leaders of several top forces such as the Golden Body Emperor Wu and Situ Zhen followed closely behind the red face Emperor Wu and not much behind.

Then came Tianfei Wuhuang, Ling Yuannan and other powerhouses.

They drifted away and soon disappeared from the end of sight.

In addition to these Martial Emperors in the late stage of the eighth stage and even the peak of the latter period, some of the martial emperors of the middle stage and the middle stage of the eighth stage also set foot on the Rainbow Bridge.

Their speed was much slower, but after several attempts, they gradually felt some patterns and moved forward with difficulty.

It has to be said that those who can enter the ancient Yu realm are the top talents of the major forces, and their talent and understanding cannot be underestimated. Basically, they have all embarked on the Rainbow Bridge one after another, but only slowly.

In the end, there were only a group of Tianjiao who were originally Wuhuang, but who had just broken through Wuhuang in the ancient Yu world.

"Go, let's try too."

Someone's eyes flashed and wanted to set foot on the rainbow channel.

This is a Tianjiao of the Fuji family, with extraordinary aura, the power of the condensed space in the body, at least seven or eight, exuding astonishing space power.

It's just that before he arrived at the Rainbow Bridge, he was suddenly stopped by a figure.

"Scum, get out, my emperor Feng Lei hasn't gotten on the bridge yet, which round will be your early turn." This is a talented arrogant of the Xuanyuan Empire, sneered.

"Don't Emperor Fenglei get on the bridge, and everyone else can't pass it?" Teng Family Tianjiao's expression changed and he coldly snorted. "That's natural. Only real heroes of Tianjiao can step on this Rainbow Bridge. As for other people, it's best to get acquainted. No matter what cats or dogs, they want to come up and try." The people of the Xuanyuan Empire were very arrogant and sneered. Sweep the field of view

On everyone.

"unacceptable."

The faces of everyone on the court suddenly sank, A Mao Agou, is this talking about them?

Who can come here is not Tianjiao, even if he is afraid of the Xuanyuan Empire, how can he be willing to endure such humiliation?

Tianjiao, how can you serve anyone?

"It's not too much to say that Emperor Fenglei is Tianjiao, but you are what you are worthy of talking to me Fujikawadong." Sure enough, the Fuji family Tianjiao couldn't help being the first, and a terrifying murderous aura broke out all over his body.

"Haha, Brother Ben Shaozhu Tian, the first-in-law of the Xuanyuan Empire Zhu Family!" the young man who blocked Fujikawadong said proudly.

"Never heard of it!" Fujikawa Higashi sneered.

"Then you have heard about it now, and you will remember it for life, because I will be the one who bestowed you a miserable defeat!" Brother Zhu Tian made a bold move, poked out his right hand, turned into a bright palm like jasper, and grasped Fujikawadong.

"Hmph, you are taking your own humiliation!" Fujikawadong didn't instigate, his hands danced, and a blue Tenghai appeared, with the sound of the forest sea surging and greeted him with a wave of mountains and seas.

boom!

The two confronted each other, and the terrifying Zhenyuan dashed in all directions, forming a group of dazzling lights and shadows.

"Hahaha, the young master of the Teng family, but so." Zhu Tian brother laughed wildly. "Before it was just a warm-up. Since you want to die, the young man will fulfill you." Fujikawadong was furious. He is the protagonist of the Fuji family, and the first arrogant of the Fuji family during this trip. The standard he gave himself was to mark the Emperor Xuanyuan Empire Feng Yu Lei Di. Zi, Ruolian Xuanyuan Empire One

Even the arrogance of a small family can't hold it, so what's the face?

boom! There was an astonishing burst of green light on his body. Above his head, countless phantoms of cane flickered crazily, turning into tentacles in the sky, spreading out.

[Chapter 1445: Good come](#)

"Haha, good coming." Brother Zhu Tian laughed and jumped up.

boom!

The two young Tianjiao have fought a battle. They are both outstanding figures in the early stage of Emperor Wu, even if they have not entered the middle stage, their combat power is extremely amazing.

The two are evenly matched.

"Little dust, this Xuanyuan Empire's people are too much, should we go?"

Ye Mo and Yan Equator narrowed their eyes and asked in a deep voice.

The two of them also looked forward to this Rainbow Bridge very much. It was a bridge to perceive the power of the rules. Even with their current cultivation base, they could not break through to become the Nine Heavens Martial Emperor.

But once a little bit of insight is realized, the probability of breaking through Emperor Wu in the future will be greatly increased, several times or even ten times that of ordinary Tianjiao.

How can you just give up.

"Don't worry, haven't you seen that so many people haven't moved yet? So even though the Xuanyuan Empire is strong? Can you still completely occupy the Rainbow Bridge?"

Qin Chen smiled lightly, not caring, just looking around, you can see Ouyang Nana, Ling Yi and others sneered, fighting spirit boiling.

Not only the Dan Pavilion, but other Tianjiao from other forces like the ancient Fangjiao, the magic demon sect, the hall of artifacts, the hidden fog, the holy land of blood, etc., which one is not eager to try?

Wind, rain and thunder are strong, but both are arrogant, who is really afraid that he will not succeed?

Qin Chen was waiting, why You Qianxue hadn't arrived yet, shouldn't the disciples of the Law Enforcement Palace and Misty Palace not get the news, would they give up such resources?

boom!

At this time, the two people who had previously fought against each other had already decided the victory and defeat. Boom, Fujia Fujikawadong's body overflowed with blood, a wound appeared on his chest, and he flew out hundreds of meters in embarrassment.

Opposite him, Brother Zhu Tian was also quite embarrassed, but he was not injured. He just looked at Fujikawadong with a sneer, obviously gaining the upper hand.

what?

Everyone was shocked. It was just an ordinary Tianjiao of the Xuanyuan Empire who defeated the heir of the Tangtang Teng family. What joke, is the Xuanyuan Empire so strong?

"Is this the heir to the dignified family of the Teng family, is that strength? But so." Brother Zhu Tian sneered, with a wild posture.

"you....."

The two disciples of the Fuji family couldn't help but they were about to kill them angrily, but they were stopped by Fujikawa East.

He shook his head, his face was gloomy, even he was defeated, and the rest of the family came forward and only took their own humiliation, which would only boost his popularity.

Emperor Finglei smiled and looked at everyone on the field, as if he was the emperor among all the people at the moment, looking at it.

Suddenly, his gaze fell on Chen Sisi's face, and he smiled slightly: "Illusory Demon Sect saint, you can come over and set foot on the rainbow channel with this emperor to share this glory."

He is a hero, but if there is no beauty to accompany him on the road, wouldn't he be lonely?

"Chuck!" Chen Sisi chuckled lightly. "Emperor Fenglei joked. In a generation who is no more than a female, how dare you go forward with the emperor, and you should be with your friends."

She chuckled, graceful, like a nine-day fairy, graceful like a fairy, and came to Qin Chen.

"I don't know Young Master Qin, would you be willing to join me?" She looked at Qin Chen with a smile, exhaling like orchids, her two Shui Lingling eyes seemed to be able to speak.

"Not interested in!"

Qin Chen didn't bother to guess what Chen Sisi was thinking, and said bluntly.

puff!

Everyone on the court was depressed and about to vomit blood. Such a beautiful woman took the initiative to give him a hug, Qin Chen actually refused, is this guy still a man?

"Master Qin, do you want Sisi to be embarrassed?" Chen Sisi showed a sad expression, approaching Qin Chen, his body was only an inch away from Qin Chen, and Chuchu looked at Qin Chen with two large eyes, very weak. She has a soft tone, natural body fragrance radiates from her body, and her charm is infinite. Every man can't stand it. She only feels that her strength is nowhere to be released. Not only will it not make people sympathetic, but it will make people feel strong and want to be cruel. Have her impulse.

Qin Chen remained calm, Chen Sisi's charm was indeed very powerful, and his natural charm was irresistible when combined with his own charm.

Qin Chen couldn't hold back his two lives. In his previous life, Qin Chen faced the top women in the martial arts. In this life, You Qianxue, Zhao Lingshan and others are all outstanding, coupled with their firm will, the concentration that they cultivated How amazing is it?

He smiled faintly and said, "Girl Sisi, please go back?"

"Is Young Master Qin afraid that Miss Qianxue and Miss Ruyue will be jealous?" Chen Sisi smiled and covered her little mouth. "With Prince Qin's talents and martial arts, let alone only two confidantes, even a few more are worthy of them. of."

Everyone was in an uproar. No wonder Chen Sisi had been staring at Qin Chen. It turned out that the two had known each other a long time ago, and Qin Chen had other confidantes.

Each of them thumped their chests and feet, depressed.

Although this Qin Chen is good and handsome, but in Tianwu Continent, the strong are respected, and women are more interested in men, aren't they talented and cultivated? How can Qin Chen and He De, make the Saintess of the Illusory Demon Sect so concerned?

"And..." Chen Sisi's eyes were like silky eyes: "The slave family just wants to set foot on the Rainbow Bridge with Young Master Qin. It's not that I want to happen to Young Master... temporarily!"

What she said was full of ambiguity, and she didn't want to happen for the time being, could something happen later?

"hateful!"

Emperor Fenglei was furious, his eyes narrowed, and the might of thunder filled his body, staring at Qin Chen firmly.

The Saintess of the Illusory Demon Sect rejected him, and instead hooked up with Qin Chen again and again. This was clearly because he felt that he was not as good as Qin Chen.

Who is he?

The emperor of the dignified Xuanyuan Empire, but was so ridiculed, why not be angry?

"Boy, get out of here, the emperor will spare you your life."

He roared, staring at Qin Chen coldly, his eyes bursting with divine electricity, as if he had cut out two divine swords, killing intent, just like the essence.

He was despised by Chen Sisi, but poured his anger on Qin Chen.

"This....."

Everyone was shocked and gloated one by one.

Sure enough, it's not a good thing to have women too much.

Now that Qin Chen angered Emperor Fenglei, wouldn't he need to die?

It should be understood that Qin Chen once angered the Emperor Lei Feng outside the ancient Yu boundary, but there was a Dange master here to **** him, but now? The powerhouses of all major forces have already stepped onto the Rainbow Bridge. Who can do it for them?

"Yelling, you don't have a sense of ethics, do you think this is your back garden?" Qin Chen raised his head and said with disdain.

He doesn't cause trouble, but it doesn't mean he is afraid of trouble.

"You... are looking for death, there is a kind of you come forward, the emperor let you know what surrender is." Feng Yulei roared, his expression was very cold.

"Hehe, it's better if you come here. I'm very comfortable here, come, boy, come to Grandpa." Qin Chen hooked his hands, chuckled, and said with disdain.

Everyone was speechless, all horrified.

Is this kid looking for death? At this time, he dared to be so arrogant. Isn't it true that Emperor Fenglei would kill him? When Emperor Fenglei moves, who can stop it!

[Chapter 1446: A bunch of scum](#)

Feng Yulei was furious. Originally, he really wanted to step forward to capture Qin Chen, but when Qin Chen said this, he was not easy to step forward.

Stepping forward, doesn't it mean that he obeyed Qin Chen's orders?

Even if he could kill Qin Chen, in the eyes of others, he was the first to fall behind.

What's more, if he leaves the Rainbow Bridge, someone will take the opportunity to get on the bridge first, and he cannot tolerate this happening.

"Sharp teeth, knowing whether to live or die." He had to be angry, trying to provoke Qin Chen.

But Qin Chen didn't take it seriously.

"Emperor, let your subordinates capture this person for you."

Brother Zhu Tian could not help but smile.

boom!

He was in the shape of electricity, rushing out, and came directly in front of Qin Chen, raised his hand to grasp it, and the bright jasper palm covered the sky, and instantly fell on Qin Chen's head.

The previous shots of Brother Zhu Tian and Fujikawadong, the heir of the Fuji family, had already made everyone understand his strength and were amazed.

With this palm, as Qin Chen came from the four realms, how could he not die?

Ouyang Nana's eyes flashed, her figure seemed to be about to move, but she saw the Yan Equator next to Qin Chen stepping forward, and coldly snorted, "Little dust, let me come."

When the voice fell, a red flame burned suddenly on his body, and he jumped up, his palm turned into a monstrous flame, and he fought with Brother Zhutian.

boom!

After a palm, the two backed together, evenly matched.

what?

The eyes of Ling Yi and others were almost bursting. This Yan Equator is just a pariah in the Lower Four Realms. How could it be possible to have the strength to rival Zhu Tian?

"Who is your Excellency? How dare you fight against the emperor?" Brother Zhu Tian was furious, staring coldly at Yan Equator.

"Fight if you want, where is so much nonsense?"

"presumptuous!"

Boom!

The two fought again and fought together frantically, only to see that Brother Zhu Tian's whole body was full of energy, and his true essence was condensed.

On the contrary, the aura on Yan Equator's body is clearly weaker than that of Zhu Tian's brother, but he burns flames all over his body. This flame is extremely terrifying, and the scorching temperature spreads, as if it can burn out the void.

His whole body is red, and countless flames surround him, like a king of fire.

"This is... some kind of flame constitution?"

"I heard that this child is from the Lower Four Domains, and there are such geniuses in the Lower Four Domains?"

Everyone talked, especially after learning that Yan Equator also came from the lower four domains, they were even more dumbfounded and shocked.

Being able to fight like this with Brother Zhu Tian does not mean that the strength of this son is approaching Fujikawa East, the Tianjiao of the Fuji family? Is it stronger than just?

However, Qin Chen could see that even though Yan Equator was able to fight Zhu Tian on the same level, he relied solely on the strength of his natural fire source body. In terms of the strength of the true essence and the technique, it was still much worse than Zhu Tian. .

After all, Yan Equator comes from the Lower Four Realms, and his practice is much worse than that of Brother Zhu Tian.

In a short period of time, you can be both up and down, and over time, you will inevitably lose.

But this can even explain that Yan Equator's talent is terrible. The Lower Four Realms are not without genius, but there is no soil for the birth of genius.

Sure enough, after hundreds of moves passed, the power of Yan Equator's shot was obviously weakened, and there was a feeling of inability to succeed.

"Huh, the little pariah, dare to do something with Ben Shao, I don't know whether he lives or die." Zhu Tian sneered, seized the opportunity and prepared to launch a killer move.

"Yo!"

A phoenix sound rang, boom, and a figure rushed forward, with ancient phoenix radiating from his body, soaring for nine days, suppressing the eternal age.

It's Ouyang Nana!

puff!

Ouyang Nana shot, covering the world, Zhu Tian's attack was instantly shattered and torn apart, the whole person flew out upside down, spurting blood with her mouth open.

"Are you all despicable villains? How dare you attack me!" Zhu Tian yelled, his face pale.

"You dare to be arrogant in the field of my Dan Pavilion? You said I attacked you. That's good. This saint is standing here now, you just take action, this saint has to see, what are you capable of worth me Sneak attack."

Ouyang Nana said proudly with disdain.

"It's Ouyang Nana from Dange Ouyang's house."

"The saint of Dan Pavilion this year."

"I heard that this person not only has the martial arts talent against the sky, he has awakened the ancient phoenix bloodline of the Ouyang family, but has also cultivated the Ouyang family's secret technique, the fairy phoenix lore technique, with invincible power and supernatural power." "Hmph, that counts. What? I heard that this woman is still one of the top talents in the Dange Tianjiao. As early as three years ago, she was already a seventh-grade peak alchemist. Now she has broken through the realm of Martial Emperor in Guyu Realm. It won't take long before you can

Become an eighth-rank Emperor Alchemist. "

"Sigh, the Emperor Alchemist, she?"

When Ouyang Nana came out, everyone was shocked. After all, she was the leader of this session of the Dan Pavilion, the top talent. "Wind, rain and thunder, we are here all to go to the void continent. You are now occupying the Rainbow Bridge. What do you mean? Do you want all of us to be blocked here and monopolize the rainbow channel?" Ouyang Nana With a cold snort: "Let

Open, this opportunity is not yours alone. "

"Yes."

"The Emperor Fenglei monopolizes the Rainbow Bridge, which is too much."

Everyone shouted, although everyone wanted to watch the excitement, this opportunity on the Rainbow Bridge was undoubtedly more attractive to everyone. "Everyone, the emperor does not want to occupy this rainbow bridge, but feels that there is some waste, and he is not worthy to step on the rainbow bridge." Seeing the anger of the people, the emperor immediately said: "So the emperor is here, thinking To build an alliance, only through

Only those who have passed the assessment can enter the Rainbow Bridge. "

Emperor Fenglei looked at Qin Chen, obviously the waste he was talking about must include Qin Chen.

But apart from Qin Chen, many other weaker Tianjiaos also became uneasy. If they failed the assessment, wouldn't they be excluded? "Hehe, Ben Shao thinks that Emperor Fenglei's proposal is good. How can any trash be able to go up the road against the sky?" A young man in black sneered, holding a sharp sword in his arms, and said coldly, he I looked around and said, "These people

Also match? "

"What are you talking about?" Many people stood up with an angry face. "Isn't it? A bunch of scum!" The black-clothed youth sneered, "Even if you all join hands, Ben Shao can suppress it with just one finger. What qualifications do you have to cross the Rainbow Bridge with me and get a chance? Isn't this a joke

? "

"Arrogant, a finger? Try it!" A young man in green jumped out with a wave mark on his brow.

He was a Wuhuang cultivation base who had just broken through three months ago. If people on the bridge were restricted, he would definitely be excluded. The black-clothed youth glanced at him and said disdainfully: "Tianbei Lingbo family? I remember that there was a so-called Heavenly Jiao in your clan, called Bo Wuji or something? I suppressed it by three tricks, and it was vulnerable. !"

[Chapter 1447: Seven Kills Sword](#)

The green-clothed boy changed his color in astonishment, and pointed at the black-clothed young man and lost his voice: "You, you are the Seven Kill Devil Sword?"

"Yes, it's me, you still want to fight with me now?" The black-clothed youth said lightly.

The green-clothed boy's face was red and blue, but he stepped back and said nothing.

The black-clothed youth said that Bo Wuji was even more famous than him in the clan. He was also invincible in the realm of King Wu, much stronger than him, and was known as the first arrogant in the clan.

But once when Bo Wou-ki went out to practice, he was defeated by a master of the same level. Since then, he lost his heart and became an ordinary man.

Originally, this time the Guyu Realm's quota was given to Bo Wuji by the family, and it was not his turn at all, but after that, Bo Wuji fell completely and the family had already given up him.

This person who defeated Bo Wuji is called the Seven Kill Demon Sword, because all his opponents are defeated within the seven swords.

The green-clothed boy didn't know that the Seven Kill Demon Sword was the black-clothed youth of the Death Demon Cult, otherwise he would never dare to provoke him.

When Bo Wuji was defeated, he was already a half-step Martial King, and he was only the peak Martial King in the late stage of the seventh stage. Regardless of his talent and strength, he was worse than Bo Wuji of the same realm.

He didn't want to end up like Bo Wuji.

Everyone was shocked. The green-clothed boy was the newest rising talent of the Bo family. After joining the ancient Fangjiao, he came along with the ancient Fangjiao masters.

Although this son is not extremely against the sky, since he can join the ancient Fangjiao and represent the Bo family, he is naturally extraordinary. He is also a figure of Tianjiao, but he was scared to speak out by the young man in black. It is unimaginable.

"Hi, Seven Kill Devil Sword!"

After the shock, everyone reacted, and it turned out that the young man in black was a very mysterious seven-kill magic sword in the martial arts.

At the beginning, there was a young kendo master who challenged everywhere. I don't know how many Wuwang Tianjiao was defeated by him within the seven swords, and some even collapsed in Dao Xin.

But two years ago, the Seven Kill Devil Sword suddenly disappeared. Now think about it, the young man in black should be at the peak state of the late seventh stage, and he was challenging everywhere to break through the half-step martial emperor.

Obviously, the black-clothed youth succeeded, so he disappeared two years ago because there is no need to challenge everywhere. "Prince Fenglei, you can set a rule to see how much it takes to get on the Rainbow Bridge. It is better to get rid of those scum as soon as possible. Don't waste time." The black-clothed youth said impatiently, although There are still nearly two years Gu Yu

The world was closed, but he was unwilling to spend his time on meaningless things.

Rather than wasting time here, it is better to set foot on the Rainbow Bridge as soon as possible to understand the rules.

"Haha, good, let the emperor set the rules." Emperor Fenglei laughed.

"Heh, what a big tone, who am I? I am here to show off his power. It turned out to be Emperor Fenglei of the Xuanyuan Empire, but he is just the most ineffective Emperor Xuanyuan. People who don't know think it is Emperor Xuanyuan who has come. It."

Boom!

Suddenly there was a roar in the sky, and a group of young boys and girls with extraordinary momentum flew down and landed on the square.

There are many women in this group, each of them is beautiful, and the leader is a young girl in a palace costume. She is not very old, but she has a lot of demeanor, and she falls from the sky with auspicious clouds under her feet.

When she fell, everything lost its brilliance.

Especially when she fell, she was surrounded by colorful auspicious light, just like a fairy.

Can a mere creature surround the fairy light?

Everyone's eyes condensed immediately, this is a natural spirit body!

It is also a natural body, and it is a natural spirit body that is extremely against the sky.

"Murong Bingyun, Young Master of Misty Palace!"

It is rumored that Murong Bingyun is the adopted daughter of Shangguan Xier, the lord of the Misty Palace. She has an amazing talent and is unparalleled in the world. He is now the Young Palace Master of the Misty Palace.

In addition to Murong Bingyun, behind him, there is another team, there are men and women, leading people, also stunning gods, wearing white dresses, full of sword energy.

In terms of appearance, she was actually not under Murong Bingyun, she was graceful and heroic, and she was a top beauty.

It was even more shocking, because this woman stood proudly there, her sword lingering, like a long sword of nothingness, unpredictable and unreachable.

Natural sword body!

It was another natural body, and it was an extremely terrifying natural sword body, which was awesome.

"Ji Jia Ji Ruyue!"

Someone recognized the person and exclaimed.

At the same time, everyone's eyes were attracted by another woman beside Ji Ruyue.

This person's face was cold, like a white lotus in a valley, like a nine-day fairy descending to the earth, making people feel cold and inviolable.

Especially all around her, there were many snowflakes lingering, causing the temperature around her to drop by dozens of degrees out of thin air.

"Could it be the legendary ice and snow **** body?"

Everyone was shocked.

Here, five innate bodies actually appeared.

It's incredible.

This group of people appeared and immediately gave way to an open space on the field. Although everyone had never seen the person before, as long as they were not idiots, they had already guessed it.

Misty Palace, Hall of Law Enforcement!

Apart from these two powers, who else has such a big show, who dares to openly denounce the Emperor Xuanyuan Empire?

Tianjiao should have been fearless, but in front of this group of people, everyone was like the mortal dust beside the pearl, becoming bleak.

When this group of people arrived, the atmosphere on the court suddenly changed. It was originally Emperor Fenglei who took the limelight, but for an instant, it was dim.

No way, beautiful women are always more attractive than heroes.

Murong Bingyun swept the crowd around and said lightly: "I heard that there is a chance here, do you mind if I wait to disturb you?"

Murong Bingyun, the Young Palace Master of the Misty Palace, looked very easygoing.

"No, no!" Everyone shook their heads quickly.

Even if there is, who would dare to say it?

"You don't mind, then I'm going to go up soon. If you like, you can continue to play here for a while."
Murong Bingyun said lightly, and then ignored everyone and went straight to the Rainbow Bridge.

She really didn't have the air of being a Young Palace Master, but anyone who thought she was good at talking would be too stupid and naive.

Everyone gave way.

The eyes of other people were all concentrated on Murong Bingyun, only Qin Chen looked at the crowd in the Hall of Law Enforcement.

"Qianxue, she is really there!"

Standing beside Ji Ruyue, the woman who is as cold as a goddess, surrounded by ice and snow, is not You Qianxue, who else can it be?

Qin Chen's worries since entering the Guyu Realm until now are completely let go. Especially when he saw the snowflakes surrounding You Qianxue, Qin Chen smiled slightly. It seemed that Qianxue's benefits in the Heavenly Sacred Pool were not small, and he actually awakened the ice and snow divine body, which was one of the top physiques in Tianwu Continent.

[Chapter 1448: Young Palace Master](#)

"Less dust!"

The moment Qin Chen saw You Qianxue, You Qianxue also saw Qin Chen for the first time.

Her eyes flashed, and she suddenly said in surprise, and she was about to rush towards Qin Chen.

"Qianxue, don't be impulsive, this is not a place."

Ji Ruyue suddenly grabbed You Qianxue and said solemnly.

You Qianxue was startled.

"There are so many people here. Your every move will attract the attention of countless people. Are you trying to bring hatred for Qin Chen?" Ji Ruyue said softly.

You Qianxue was stunned for a moment.

"Qianxue, Ruyue is right, you first follow the team of the Hall of Law Enforcement, and I will look for you when I turn back."

When You Qianxue hesitated, Qin Chen's faint laughter suddenly sounded in her ears.

Qin Chen naturally knew Ji Ruyue's intentions. He only needed to see that You Qianxue was still safe, and that was all right. As for getting together, it was not impossible to get together after a while.

You Qianxue could only press Nai's excitement and nodded slightly.

It's just that although You Qianxue didn't rush towards Qin Chen, the excitement on her face and the exclamation in her mouth still attracted everyone's attention.

"Less dust?"

"Which is less dusty?"

Everyone looked at each other, followed You Qianxue's previous gaze, and immediately fell on Qin Chen.

This... isn't it this guy?

No, absolutely not.

Everyone shook their heads, one was the goddess of the Law Enforcement Hall, and the other was just the untouchables of the lower four domains. How could the two people be in contact.

"Hey, you are so good, why didn't you come to see you? You didn't see me jealous?" Chen Sisi chuckled, Qin Chen leaned closer, and his eyes met You Qianxue's line of sight, teasing .

Chen Sisi, who originally thought You Qianxue would be furious, found that You Qianxue was completely indifferent when seeing this scene, but a look of surprise appeared on her face.

"Isn't this Chen Sisi of the Saintess Gate? How could it be in this ancient Yu world, but Chen Shao said that this woman has a natural and charming body, which is of great help to men, and Shao Chen took her down so quickly Awesome!" You Qianxue said excitedly.

If Chen Sisi were to know You Qianxue's thoughts in confidence at this moment, she would definitely vomit blood on the spot depressed.

In addition to Chen Sisi and You Qianxue, Qin Chen also saw an acquaintance in the team of Misty Palace, who turned out to be Zhou Zhiwei of Xuanyin Pavilion, the land of hundreds of dynasties.

"I heard from Xuanyinge's people that Xuanyinge is related to Misty Palace, but it was true." Qin Chen thoughtfully.

Zhou Zhiwei was already shocked when he saw You Qianxue in the crowd in the Hall of Law Enforcement. Now that Qin Chen was also in the ancient Yu world, her mouth opened in surprise, almost unable to close her mouth.

"Let's go, Hongyan adults are said to have already walked on this Rainbow Bridge, this bridge has the power of law, let's go up as soon as possible."

Murong Bingyu spoke and stepped onto the Rainbow Bridge first.

Everyone wanted to see her wrestling, but found that she was surrounded by auspicious light, her body shook slightly, and she stopped steadily, and then walked up carefully step by step.

Damn, it all works?

Earlier, even many of the eighth-tier mid-term and mid-term peak Wu Huang walked up, and they were all embarrassed.

But Murong Bingyun was no more than the peak Martial Emperor in the early stage of the eighth stage.

"Go, let's go up too."

Emperor Fenglei's face was pale, and when Murong Bingyun and the others arrived, his goal of occupying the Rainbow Bridge naturally came to an end. In order not to fall behind, he hurriedly stepped onto it.

He shook his body and almost fell off. In the end he gritted his teeth and insisted on making a fool of himself.

Whoosh whoosh...

Now that someone has stepped on the Rainbow Bridge, other people are naturally unwilling to lag behind and step forward.

I have to say that Murong Bingyun, Emperor Fenglei, Ji Ruyue, You Qianxue and others are very powerful, and they first set foot on the Rainbow Bridge and went all the way up.

The Rainbow Bridge is very large, ten feet wide, and it can allow dozens of people to step on it at the same time.

And this time, the scene was obviously different from those of the previous martial emperors.

The previous martial emperors, even if they were embarrassed, almost all stepped onto the Rainbow Bridge and disappeared from sight.

However, many of the talents on the field have just broken through the realm of Emperor Wu, and are not even proficient in mastering the profound meaning of space, let alone stepping on the Rainbow Bridge.

At least one-third of the people couldn't stand on the Rainbow Bridge no matter how they tried, let alone go to the void continent, they couldn't even stand still, how to get there?

Soon, it was Qin Chen's turn.

"Let's go!"

Qin Chen boarded the rainbow together with Ye Mo and Yan Jidao, the first thing they felt was slippery, which made them unstable.

Puff!

Yan Equator and Ye Mo fell directly to the ground.

Even Qin Chen almost fell off.

"Haha, the untouchables of the lower four domains want to step on the Rainbow Bridge too?" Ling Yi laughed.

He also fell a few times before he stood firm on the Rainbow Bridge. He stood in front of him and looked at the Qin Chen trio at the bridge head mockingly.

Qin Chen's figure swayed and his feet were slippery, as if he had nowhere to borrow, but he did not fall down. He was shaking constantly while feeling the special nature of the Rainbow Bridge.

No wonder there are so many people who are unstable. Indeed, the Wuhuang level cultivation base seems to have lost its effect here.

This rainbow bridge seems to be able to restrict people's cultivation. What's more special is that there is a kind of rule power on it, which is repelling everyone. Only by trying to touch the power of this rule and perceiving the power of this rule can you stand firm and not be affected. Repel.

However, with the cultivation of the vast majority of people on the court, how easy is it to feel the power of the rules?

Of course, it is not that you can stand on this rainbow bridge by completely mastering the rules, but even a little understanding of the rules is enough to eliminate most of the repulsive force.

This bit of sentiment is not even considered for.

It can be said that the assessment of the Rainbow Bridge is actually very simple.

But even with such a simple assessment, not everyone can pass it.

All Wuhuang Tianjiao was like a person who was learning to walk, and he was very embarrassed when he fell a few steps.

Fortunately, if you step on the Rainbow Bridge, even if you wrestle, you will fall on the Rainbow Bridge and will not fall directly. In theory, you can move forward a little bit to walk to the end of the bridge and step on it. Of the void continent.

It's just time consuming, not knowing how much.

After understanding the rules of the Rainbow Bridge, Qin Chen continued to make corrections, and his swaying body gradually stabilized.

how is this possible?

Ling Yi's eyes burst.

Qin Chen stabilized his figure as soon as he came up? Apart from Ouyang Nana in the entire Dange Tianjiao, he was the second to achieve this.

It's just that, how could he be a little bit of the Lower Four Territories even better than himself? Before even he tried several times before finally barely standing.

what!

This kid is a little weird. Other people around also seemed puzzled, wanting to learn from Qin Chen's experience.

[Chapter 1449: falling down](#)

It's just that how they learned, they couldn't just step on the Rainbow Bridge as Qin Chen did, but fell down one after another.

Is he even worse than a pariah from the lower four domains?

These guys have pale faces, and they are extremely unwilling. They are Wuyu Tianjiao. How can they be inferior to the untouchables of the Lower Four Regions?

That kid must have cheated.

Correct!

Everyone nodded their heads, apart from cheating, how else would they explain all this in front of them.

After Qin Chen stood firmly on the bridge, he did not directly move forward, but carefully felt the power of the rules on the rainbow bridge.

In the previous life, Qin Chen's cultivation was the peak of the late eighth stage, infinitely close to the half-step Martial Emperor, but because of his natural abandonment of veins, he could not perceive the power of the law and stepped into the realm of the Nine Heavens Martial Emperor.

Why does the abolition of the pulse lead to the inability to perceive the power of the law?

Because the bloodline of any martial artist has certain attributes, such as You Qianxue's ice bloodline, Ouyang Nana's ancient phoenix bloodline, and Qin Chen's thunder bloodline, in fact, all have some rules of heaven and earth itself.

Therefore, the power of blood can increase the combat power of the martial artist in the early stage, and in the later stage, it can increase the probability of the martial artist becoming the emperor. This is also the reason why in history, some strong people with blood against the sky are often easier to break through the Emperor Wu. Not only are they talented and far beyond ordinary people, but also because their blood is strong and can more easily sense rules.

The force.

Standing on the Rainbow Bridge, Qin Chen sensed the force of the rules on the Rainbow Bridge. He gradually discovered that the force of the rules on the Rainbow Bridge was not static, but constantly changing.

"I'll try the Thunderblood."

Qin Chen's thoughts moved, bang, and the blood of thunder in his body was released. Suddenly, Qin Chen immediately felt that the oppression on himself on the Rainbow Bridge was reduced by a great part. The figure that had been difficult to stabilize before became relaxed. a lot of.

"Thunder bloodline is really powerful."

Qin Chen was overjoyed. This represented the power of the rules on the Rainbow Bridge. One of them was the rule of thunder and lightning. Moreover, his thunder bloodline was extremely terrifying, which could reduce the resistance by more than 90%.

The more resistance the blood vessel reduces, the more terrifying the blood vessel.

If Qin Chen started running wildly now, he might be able to surpass everyone on the field in an instant, and even catch up with the high-ranking martial emperors who left before. It's no wonder that Murong Bingyun and the others were able to stabilize their figure once they crossed the Rainbow Bridge. Not

only was their will strong and their strength was outstanding, but also because their bloodline was very strong, surpassing the many mid-terms of crossing the Rainbow Bridge before. ,and even

Later Wu Huangs.

After knowing this, Qin Chen didn't let go. Instead, with a thought, he converged the blood of Thunder. Moreover, the trace of law he had previously felt was also abandoned, and instead he perceived other rules.

"boom!"

Suddenly, a terrible impulse struck Qin Chen flying out and fell to the ground in embarrassment.

This attracted ridicule from many people, and everyone who had originally suspected that Qin Chen could easily step on the Rainbow Bridge began to laugh.

"Haha, what can I do when I'm here? It turns out that after holding on for so long, I still fell."

"I was scared to death, and thought that this person was a peerless genius. From now on, it seems that the next four domains belong to the next four domains, which is not worth mentioning."

"Hey, standing on the Rainbow Bridge for so long, but still being shocked to fly out, not even able to get out even one step, this is just enough."

"Haha, hahaha!"

Everyone laughed.

These are people with thin eyelids, and they move forward triumphantly while talking cool words.

Ling Yi also breathed a sigh of relief. He was really scared to death just now. He thought that Qin Chen's talent was amazing and could be compared with Emperor Fenglei and others. Now it seems that he thinks too much.

But think about it, what is Qin Chen's identity and what is the identity of Emperor Fenglei? Putting the two together for discussion would have tarnished Emperor Fenglei.

"Little dust, don't pay attention to them, it's just some cool words, I don't believe it, the three of us can't get up."

Ye Mo gritted his teeth and said, he and Yan Equator have never stood firm on the Rainbow Bridge.

"Pay attention to them?"

Qin Chen smiled, does he need to care about these scum eyes?

It's like a dragon, no matter how ant provokes it, it will ignore it.

Although You Qianxue and the others had already stepped into the depths of the Rainbow Bridge and could no longer see them, Qin Chen believed that as long as they used Thunder's blood to catch up, it would not be difficult to catch them.

He is very interested in the Rainbow Bridge itself.

Then, he crossed the Rainbow Bridge again, trying to understand the rules on the Rainbow Bridge.

It's just that they have just stood firm, and still have time to realize how much in the future, the rules on the Rainbow Bridge began to change.

boom!

Qin Chen fell down again.

"Hahaha!"

Naturally, there was a burst of laughter.

"Sure enough, without the power of blood, I am still far from other rules."

Qin Chen ignored everyone, but bowed his head in thought.

The rules on the Rainbow Bridge are constantly changing. There are two ways to pass.

The first one is to concentrate on understanding the rule that fits your own blood. This is the simplest. It can quickly stabilize your figure, and follow the same steps to the end of the rainbow bridge.

The second is that after comprehending the power of a trace of basic rules, you can constantly comprehend the rules of other attributes, so that you can feel in any rules, and naturally it can block the resistance of the Rainbow Bridge.

Only in this way, the difficulty will be increased ten times or a hundred times compared with the first one, but it can make itself transformed in the power of rules. "The rules of heaven and earth are countless, and they are all connected to the road. I am only in the early days of Emperor Wu, and I am still far away from Emperor Wu. With this good opportunity, it is better to feel more and find the most suitable rule for you. The rule is king. With

To set foot on that piece of nothingness land, but will waste this great opportunity. "

Qin Chen secretly said.

Of course, he can do this, and it doesn't mean that others are the same. Seeing Ye Mo and Yan Equator travel on the Rainbow Bridge very hard, and desperately resisting the repulsion on the Rainbow Bridge, Qin Chen immediately laughed. "You two, don't resist the force of this rule, but you need to feel it. Even if you can't understand it, don't suppress it. With your cultivation base, you can't suppress the force of this rule. Compliant will succeed

."

"You can try to use the power of your blood to sense the power on the Rainbow Bridge, and it may have a miraculous effect."

Don't resist?

To feel?

Use the power of blood to sense?

If Ling Yi and others hear Qin Chen's words, they will inevitably lose their teeth. You fell off the bridge several times, and the guy who couldn't even stand still wanted to instruct others. This is not a smile. ? But Ye Mo and Yan Qidao trusted Qin Chen very much, and they directly released the power of blood without any doubt.

[Chapter 1450: Run wild](#)

Hey, it really works.

The bodies of the two people who were unable to stand still seem to be a lot more relaxed, and under the perception of the power of blood, they seem to perceive something, but when you think about it carefully, it seems that they don't perceive anything.

Is this the so-called power of rules?

The two are from the Lower Four Regions. Although they are the top tianjiao of the East Continent and the South China Region, they are far less familiar than the tianjiao in the Martial Region itself.

If it were not for Qin Chen's reminder, the two would probably waste a lot of time.

Motivated by the power of blood, the two of them swayed a bit, but they moved forward step by step, faster than Ling Yi and the others.

Ye Mo and Yan Equator are just no one to point them out, purely speaking, they are not weaker than Ling Yi and others.

"Little dust!" The two walked on the Rainbow Bridge and turned back.

The two of them came up, but Qin Chen kept falling down, again and again.

This surprised the two of them. It wouldn't be enough. In terms of talent, Qin Chen should be better than them.

"Hehe, you two set out first, I will catch up soon." Qin Chen smiled.

If someone else said this, the two of them would definitely not believe it, but when Qin Chen said that, the two of them were extremely determined and immediately rushed.

"Hahaha!"

This remark naturally drew some ridicule from everyone.

Catch up?

This kid can't even stand on the Rainbow Bridge now, what can he do to catch up?

Crawl?

Hehehe!

Hahaha!

Everyone laughed secretly, like watching a monkey.

Qin Chen naturally ignored it, but carefully felt every rule change on the Rainbow Bridge.

He knew that it was impossible for him to master these rules based on his own cultivation base, and he didn't think so, but he felt it all over again, but he might not be unable to do it.

He doesn't care whether he can cross the Rainbow Bridge. What he cares about is how many rules he can comprehend and how many rules he can comprehend.

There are thousands of rules between heaven and earth, and although there is no difference between strength and weakness, there are differences in depth.

Just as it is the profound meaning, the spatial profound meaning naturally overrides other profound meanings.

What Qin Chen cares about is, since there are countless rule transformations on this Rainbow Bridge, can he find the most suitable and strongest rule?

It should be noted that there are many Wu Emperors in the Martial Domain. Because they are eager to break through, they realized a rule that is not very suitable for them.

To break through from the early stage to the middle stage, and even the later stage of Emperor Wu, you need a constant and in-depth understanding of the power of the law, so the path taken at the beginning becomes very important.

If you let others know Qin Chen's thoughts at the moment, I'm afraid he will be shocked by his ignorance.

Qin Chen was just a little Wuhuang who had just broken through the eighth rank, and he wanted to find the power of the rules that suits him, so as to reach the sky in one step.

Isn't this a joke?

Even if it is Emperor Wu Yan, such a pinnacle martial emperor, the thought at this moment is just to realize the simplest and easiest rule to break through, not the most suitable and strongest rule!

There are so many rules, is there any reason to choose?

This is naturally a joke on others, but as far as Qin Chen is concerned, he has seen too many Emperor Wu in his previous life. Even Feng Shaoyu and Shangguan Xi'er broke through Emperor Wu because of his help. How can he scribble?

It is precisely because of this that he will constantly perceive the power of any rule on the Rainbow Bridge.

He kept failing, but he didn't mean to give up. He vaguely felt that it was feasible.

He doesn't know where he has such self-confidence, but he just believes.

A hundred times!

A thousand times!

Ten thousand times!

Qin Chen couldn't remember how many times he had fallen. At this moment, even the last Martial Emperor who crossed the Rainbow Bridge had disappeared from his sight.

Almost everyone who can successfully walk on the Rainbow Bridge succeeded.

The rest are some Wuhuang who can't cross the Rainbow Bridge no matter what.

After they tried thousands of times, they basically gave up. Seeing Qin Chen's perseverance, they laughed constantly at first, but gradually, they couldn't laugh at all.

After falling down again and again, Qin Chen didn't seem to feel tired, and he would always resolutely step onto the Rainbow Bridge again.

This perseverance is admirable, but it has also become the laughing stock of many people.

It's just a pariah from the four realms, even if they can't step on the Rainbow Bridge, how can the other party?

"Well, as for the previous Ye Mo and Yan Equator, it's just that the two are lucky." They thought.

People, always try to give yourself a sense of superiority.

Eighteen thousand and three times!

Qin Chen suddenly smiled. This time, no matter how the rules on the Rainbow Bridge were changed, he would take care of it without any intention of falling.

It can be said that Qin Chen has realized all the rules that can be transformed on the Rainbow Bridge.

Although he has only the fur of these rules, he can't even call it fur, but he is the most complete one of all people.

If Jiutian Wudi from the outside world knew about this, he would be jealous and go crazy.

For the nine-day martial emperors, there are so few rules that they can understand, even for the mid-term or even late martial emperors, there are only a few dozen.

But Qin Chen?

inestimable! Although it's just some perceptions that don't even count as fur, it's okay. Now that this power has been sensed, it is equivalent to paving a way for Emperor Wu's cultivation path in advance, and now Qin Chen has just broken through the Emperor Wu.

There is still a long distance away from Emperor Wu.

But Qin Chen had unprecedented confidence in the achievement of Emperor Wu Tian.

He began to stride forward, step by step on the ground, and even, afterwards, he ran away.

Because the strength of his body has almost touched the edge of Emperor Wutian of Nine Heavens, coupled with the feeling of the slightest rule, the oppression on the Rainbow Bridge is nothing to him.

What's more, Qin Chen knew that his current cultivation level was too low, and no matter how he felt it, he would not have felt too much unless his cultivation level made a breakthrough, so it was better to reach the end of the Rainbow Bridge as soon as possible.

So once he got used to it, he started running wildly.

Whoa...

Like a cheetah, Qin Chen quickly went away on the Rainbow Bridge, and in a moment, he disappeared from the end of his sight.

"You... look at it!"

"Look at that Qin Chen!"

"God, what did I see?"

In front of the Rainbow Bridge, many warriors had already paid no attention to Qin Chen, but when they saw this scene suddenly, they were all startled by Qin Chen's speed, and their eyes were almost bursting.

"Then what happened to Qin Chen?" Someone followed everyone's gazes suspiciously, only to see a figure disappearing from the line of sight, Yiqi Juechen, completely missing.
