

## Valkyrie 1461

### [Chapter 1461: I'm late](#)

You Qianxue's complexion changed, and as soon as she was about to start her hands, she felt a terrifying space barrier coming, kakaka, the space barrier on her body surface and the boundary of the sword constantly trembled, making bursts of explosions, seemingly Burst at any time.

"You are not allowed to bully sister-in-law, stop me."

Little Ant yelled and charged up.

"Stop this ghost." The middle-aged eagle drank coldly, obviously not wanting the little ant to ruin his shot.

kill! The other two mid-term peak Martial Emperors immediately slaughtered the little ants, booming and booming, and the true essence was agitated. Although the little ants had amazing defenses, they were only a gas-eater ant after all. The gas-eater ants have always been a group action. Combat effectiveness, immediately

The two stopped.

"Humph!" And the middle-aged eagle bird had already smashed You Qianxue's defense with a palm, and the pitch-black big hand slammed down at You Qianxue.

call out!

At this moment, an astonishing sword light suddenly shot from a distance, slashing directly at the middle-aged eagle bird's back.

who?

The middle-aged eagle bird's face sank, and he slapped his backhand hurriedly. With a boom, the sword aura overflowed, and the palm of the middle-aged eagle bird also shattered.

And the middle-aged eagle bird had already seen the visitor. It was a young man who seemed to be in his early twenties. Beside him, he followed a man covered in a cloak.

"Qin Chen?"

Qin Chen's reputation in this team is too great, mainly because he dared to target the Emperor Fengyulei of the Xuanyuan Empire when he was outside the realm of Guyu, so at least 70% of the warriors had an impression of him.

"How could it be possible that this son is just a pariah from the lower four realms, so lucky to be picked by Dan Pavilion, can he block the palm of this seat?" The middle-aged eagle bird's expression changed, and his eyes fell on Qin Chen. On the cloaked man next to him, the cloaked man's face was hidden by the mask, and his face was not visible, but for some reason, the middle-aged eagle bird felt a vaguely dangerous breath from the opponent.

.

"Qin Chen, your Excellency is from the Lower Four Realms. If you don't practice well, you dare to intervene in the things taught by my ancient prescriptions and leave quickly. This matter has nothing to do with you. Otherwise, I can't blame you for being polite."

The middle-aged eagle snorted coldly, his heart was very angry. He didn't expect that everything would be counted, but something unexpected happened.

The most urgent task is to catch the woman in the Law Enforcement Hall as soon as possible, and then secretly behead the Qin Chen and the cloaked man, otherwise he will be over once the news goes out.

"Boss, you are here just right. If it wasn't for the little ant who gave up his life and dedicated herself bravely just now, the sister-in-law would be in danger. The cross-eyed guy just now was too hateful. Not only did he hurt his sister-in-law, he almost injured the little ant. It hurts me so much."

The little ant hurriedly flew to Qin Chen's side, telling his glorious deeds so that Qin Chen could know how much he had done.

"Qianxue, are you okay?"

Qin Chen paid no attention to Little Ant at all, and when he shook his figure, he had already arrived in front of You Qianxue. Seeing the blood stains on the white clothes in front of You Qianxue, Qin Chen felt extremely angry.

A ball of anger instantly burned in his heart, and he couldn't restrain it.

"Less dust!"

You Qianxue stared at Qin Chen in a daze, tears fell all of a sudden, the previous anxiety and depression were like floods that burst a bank, pouring desperately.

Although the time she and Qin Chen separated was only a mere one year, You Qianxue missed Qin Chen all the time when she was in the Law Enforcement Hall and Misty Palace.

That kind of longing made You Qianxue want to put down everything and go to Qin Chen.

Before the Rainbow Bridge, she had suppressed her thoughts, but just now when she was facing danger and despair of life and death, she thought of Qin Chen again.

She is not afraid of death, what she fears most is that she will not be able to see Qin Chen when she is dying.

But now, Qin Chen rushed to her, and at the moment of her death, he appeared in front of her like a world-famous hero walking on the auspicious clouds.

At this moment, You Qianxue's mind was blank, and she just missed Qin Chen and hugged Qin Chen heavily.

"Sorry, Qianxue, I'm late."

Qin Chen looked at You Qianxue distressedly, and gently stroked his hair with his right hand. The anger in his heart became more and more fierce, erupting like a volcano.

Once upon a time, Qin Chen thought he would never love again.

He was betrayed like that in his previous life, and his heart had already been completely closed. It was extremely cold and could never be warmed again.

Until he met a group of girls like Zhao Lingshan, Zi Xun, and You Qianxue.

Each of them treated him sincerely and silently waited by his side. Although they never said anything or even confessed to him, Qin Chen could feel this friendship.

But he dared not accept it.

He is a man with bruises and bruises. His heart has long been filled with hatred and anger. He feels that the meaning of his own rebirth is revenge.

Apart from that, no emotion can move him.

But he was wrong.

Mother's love, grandpa's care, Wang Qiming and their brotherhood, and—

You Qianxue's love of these girls.

He was afraid and afraid of repeating the same mistakes, so he disguised himself, put on a hard shell, wrapped himself tightly, allowed himself to decay slowly, and allowed himself to be covered by hatred.

He had thought that he would be able to deal with it safely.

But now, he knew he was wrong.

He has nowhere to hide from that love.

He hugged You Qianxue tightly, as if only in this way could he tell the other party his thoughts.

The three people from Gu Fang watched this scene with livid expressions. They thought that Qin Chen was just passing by, but now they fully realized that the other party did not pass by at all, but came here specifically for You Qianxue.

"dead!"

There is no need to say anything. At this point, either you die or I die.

boom!

The middle-aged eagle shot directly, and a golden gong turned into a violent slash. At the same time, the two martial emperors who were at the peak of the eighth mid-stage also moved, booming, and the two erupted at the same time. Killing Qin Chen and You Qianxue.

The strong killing intent engulfed Qin Chen and You Qianxue swiftly, and the surrounding void seemed to solidify in an instant, locking them firmly.

"Less dust, be careful."

You Qianxue woke up instantly, with an anxious expression on her face. She was too excited to see Qin Chen, and even forgot her current situation, she was about to act in a hurry.

But Qin Chen hugged her tightly.

"Don't be afraid, there is me!"

Qin Chen said with a firm tone and indifferent eyes.

He coldly looked at the three middle-aged eagle birds who had been killed by force. He didn't do anything, but said coldly: "Kill them."

"Jie Jie Jie, obey the master!" The skeleton rudder master, who had been prepared for a long time, moved suddenly at the moment Qin Chen spoke, with a bang, and countless black mists filled his body. He held a bone whip in one hand and a \*\*\*\* battle in the other. When the halberd and the halberd were waved, the golden gong sacrificed by the middle-aged eagle and bird was cut off.

[Chapter 1462: Too big](#)

boom!

There was a huge explosion in the valley, with a deafening roar covering everything.

what?

The middle-aged eagle bird was shocked. Who is this man in the cloak, so strong?

Moreover, the bone whip and blood-colored halberd cast by the cloak man contained a monstrous devilish energy, and the middle-aged eagle was frightened. Who was this person, and when did there be such a powerful man in the altar?

"kill!"

He roared, cast a secret method to urge the golden gong to return, and once again killed the skeleton rudder master. At the same time, his powerful space enchantment immediately wrapped the skeleton rudder master.

"Quack, hacking skills."

The skeleton rudder master screamed, and the white bone whip waved, bursting out like a sharp sword, hovering and heading towards the middle-aged eagle bird.

Whoosh whoosh!

The chain made of white bone whip surrounds the middle-aged eagle and bird like a skynet.

boom! boom!

On the other side, the two furious Chao Qin Chen and You Qianxue, the peak of the mid-tier eighth stage, Wu Dynasty came to kill.

Qin Chen held You Qianxue with one hand, but looked at them with a sneer and contempt.

"What kind of look, how dare you underestimate me and wait." The two were furious, their auras soaring as never before, their eyes were red, and the potential of the whole body was unprecedented.

Because they all know that either you die or I die today. Only if Qin Chen and You Qianxue die can they survive.

What shocked the two of them was that their attack was about to hit each other, but Qin Chen remained motionless, as if he didn't need to resist.

This kid is too big.

The two of them were overjoyed, and the true essence in their bodies was fully displayed, seeing that their attacks were about to fall on Qin Chen.

suddenly--

Buzzing buzzing...

There was a fine flying sound in this valley, and then the weird flying insect stared at them and exclaimed excitedly: "Little fire, how come you guys, these two guys dare to attack the sister-in-law and the boss, let's give up they."

The two turned their heads in horror, and there was an expression of extreme horror on their faces. They saw a group of black shadows flying from outside the valley. These black shadows were all black bugs, moving extremely fast, toward them. The package came quickly.

"not good."

The two of them didn't care about attacking Qin Chen, and attacked the group of flying insects backhand.

boom!

The terrifying true essence passed by and blasted on the flying insects, but they were shocked that these flying insects did not hurt at all, and even their speed was only slightly blocked, and then they crazily wrapped the two.

Click!

The sound of fine chewing sounded, and the two immediately felt that the Zhenyuan protective shield outside their bodies quickly disappeared, and at the same time countless bugs lay on them, devouring the Zhenyuan inside their bodies.

"Do not!"

The true essence in the two of them is like a flood that bursts a dyke, passing quickly. At the same time, the two of them are horrified to find that the essence and blood in their bodies, and even the armor on their bodies, are quickly gnawing away.

"what!"

The two people screamed in pain, boom and boom, and the power in their bodies exploded desperately, trying to shake the spirit worms in their bodies, and various secret techniques were used frantically.

But it was useless. Gradually, the howls of the two people weakened. After only a dozen breaths, many spirit insects completely disappeared, leaving only two unrecognizable corpses lying there, terrible.

"Bah, baah... Dirty, I don't even bother to swallow this kind of guy."

Xiao Yi and Xiao Huo looked disgusted, and then each came to Qin Chen with a storage ring, and handed the storage ring to Qin Chen.

Qin Chen glanced at the two insects in surprise. He remembered that in the past, this group of insects would wipe out the ashes directly swallowed by the enemy's corpse.

But Qin Chen was also happy to see it. After all, Xiaoyi and Xiaohuo were just spirit insects before, and Qin Chen didn't feel anything yet, but if he had the sage now, he would eat people clean, it would be too disgusting. Up.

"Boss, what do you want us to do?" Xiao Yi immediately said again.

"Go and help the Skeleton Rudder Master, I want these three, no one can live." Qin Chen said with cold eyes. "Go help the black bones?" For some reason, the little ant can't understand the skeleton rudder master. He feels that the existence of black bones makes the boss less dependent on them, and sometimes kills them all. They are not the boss

Opportunity to perform before.

"Yes!" Xiao Huo was quick and resolute, and led a group of subordinates to pass by in an instant.

In the valley, the skeleton rudder master and the middle-aged eagle bird of prey were fighting frantically. The two hit from the sky to the ground, from the outside to the inside of the valley, wherever they passed, the rock broke and a scene of doomsday.

The Martial Emperor in the late stage of the eighth stage is already the top powerhouse among the martial emperors, and is by no means comparable to the early and middle stage of the eighth stage.

A heavenly arrogant like You Qianxue, possessing an ice and snow divine body, can defeat a celestial arrogant in the middle of the eighth stage at the peak of the initial stage of the eighth stage.

The late eighth stage, representing this person's understanding of the profound meaning of space, has reached an extremely astonishing level. Any late martial emperor is a person against the sky, not a mediocre generation.

This was from the time when the Great Compassionate old man relied on himself and stepped into the middle stage of the eighth stage, but because of some defects, he failed to break through the latter stage for decades.

This is a feng shui ridge, which represents that Emperor Wu has entered the room in his mastery of the profound meaning of space.

boom!

The middle-aged eagle bird fought against the Skeleton Rudder Master. The two of you came and I did not give in to each other, but it can be seen that the two are evenly matched on the surface. In fact, the Skeleton Rudder master has always had a steady upper hand.

This is the Continent of Different Demons. No matter how strong the eagle bird is in the middle age, the environment here will restrict his strength, but the Skeleton Rudder Master is here, but his combat power can be greatly improved.

If it hadn't been for the middle-aged eagle bird to comprehend the power of the law on the Rainbow Bridge, he would have long been unable to hold on.

Therefore, the Skeleton Rudder Master is extremely relaxed, but the middle-aged eagle's heart is frightened and angry.

Especially after seeing his even his subordinates being swallowed by the gas-eater ants and the fire-refining insects in an instant, a strong horror emerged in his heart.

Who is this Qin Chen, a person from the lower four domains, how can he be accompanied by such a master, and he seems to obey his orders.

"Black Bones, we're here to help you."

At this time, Xiao Yi and Xiao Huo brought many of their subordinates into a cloud, and swept toward the middle-aged eagle bird.

"No, if this goes on, I will definitely die, and I must find a way." The middle-aged eagle bird was so terrible that even the gas-eating ants and the fire-refining insects were terrible. His heart sank, and his eyes fell on Qin Chen and You Qianxue. There was a hint of coldness in his eyes.

### [Chapter 1463: Sure enough](#)

Whoosh!

He rose to the sky, trying to escape from here.

"Want to go, have you asked this seat? Jie Jie Jie!"

The skeleton rudder laughed, and the \*\*\*\* halberd waved and buzzed. In the sky, a blood-black canopy swept over, sealing the valley firmly, while the white bone whip rolled towards the middle-aged eagle bird.

"Escape Shadow Technique!"

At the moment when the white bone whip was about to engulf the middle-aged eagle bird, the middle-aged eagle bird suddenly shouted, hum, his body suddenly rushed out of his body, not retreating but advancing, and rushed towards Qin Chen below.

Puff!

The skeleton rudder's white bone whip squeezed, and the wrapped figure burst apart, and it was actually a real yuan clone.

"Hey, this kid, there is such a method unexpectedly." The skeleton rudder master was taken aback, then furious, with a flick of the bone whip, he turned to kill the middle-aged eagle. "Huh!" The middle-aged eagle bird sneered. Since he has already rushed out, how could he be entangled by the Skeleton Rudder again? He ignored Qin Chen, blasted the white bone whip and exploded into the void, and his body lit up. White light, resist most of the rush

But he still spouted a mouthful of blood.

But his eyes were brighter than ever before, and he only killed Xiang Qin Chen and You Qianxue, because he knew that as long as he won these two people, he would win this game, enough to turn defeat into victory.

"I want to touch our boss, have you ever asked us." Xiao Yi and Xiao Huo were furious, turning into a cloud to stop them. The middle-aged eagle bird's eyes were colder, booming, the golden gong in his hand suddenly emitted a dazzling golden light, puff, he sprayed a mouthful of blood on it, and the blood turned into a strange rune, instantly turning the power of the golden gong The blessing is more than doubled, and it is cut strongly

Get out.

boom!

The monstrous golden light erupted, and a huge impact swept across, and many gas-eater ants and fire worms were swept out one after another, revealing a passage.

"kill!"

The middle-aged eagle bird exudes an icy breath, the essence and blood in his body burns wildly, his eyes are blood red, and he walks along the golden gong to rush out of the channel, and instantly comes to Qin Chen with a fist.

"Boom!"

The world shook, and the terrifying power of fist struck like a mountain, alarming nine days and ten places. The middle-aged eagle has only one goal, to kill Qin Chen and capture You Qianxue, threatening to escape here.

"Little Chen!" You Qianxue was shocked, her face suddenly turned cold, and she was about to stop Qin Chen with her sword.

"No need!" Qin Chen probed his hand and held her in his arms. At the same time, he sneered at the middle-aged eagle bird who had been killed by force, with a hint of mockery in his eyes.

For some reason, a sense of horror suddenly appeared in the heart of the middle-aged eagle bird at this moment.

Because Qin Chen didn't even have a look of fear under his desperate strong attack, his eyes were mocking, as if mocking himself, and at the same time, the cloaked man who was chasing from behind was not so nervous.

What is the backing of this son?

The Qin Chen in front of him was obviously only a Martial Emperor at the peak of the early stage of the eighth stage, but at this moment, the middle-aged eagle bird's heart was hairy, as if he had done an extremely stupid thing.

He faintly felt that he seemed to have done something wrong.

But now, he can no longer manage that much, either Qin Chen died or he died.

boom!

Attack like a vast ocean, and fell strongly.

"The power of soul-killing!"

Seeing that his attack was about to hit Qin Chen, Qin Chen suddenly raised his head.

A pair of cold, emotionless cyan eyes suddenly rushed into the middle-aged eagle's eyes, like the eyes of a \*\*\*\* of death, cold and dull, and instantly crushed the middle-aged eagle's heart.

Hum!

As the pupils flicked, there was also an invisible spirit power fluctuation, which instantly disappeared into his mind.

The middle-aged eagle bird only felt dizzy in his mind and black in front of his eyes. There was a sudden sharp pain in his mind, which made him scream involuntarily.

"what!"

He roared, his mind was about to explode, and there was a rune in his mind that suddenly lit up.

This was the protective rune that the ancient Fang taught left in their minds. His vision immediately returned to normal. At the same time, he saw a huge mountain suppressed towards his door.

He actually blocked his hands in front of him with a bang. This black mountain contained amazing power. It was a big seal. It smashed him upside down and flew out. There was a painful groan from his bones, and his internal organs were about to burst. .

He was terrified, unprecedented fear in his heart, impossible, how could this be so strong?

He was scared, his body was still trembling, and a series of accidents caused his brain to stop thinking and subconsciously soared into the sky.

Whoops whoops!

Five streams of light swept from all directions in an instant. The middle-aged eagle was shocked and hurried to resist, but there was still a terrible penetrating power that rushed into his body, and a terrifying sword energy was in his body. Rampage.

puff!

A mouthful of blood spurted out, and the meridians in the middle-aged eagle bird broke every inch, and the body's breath dropped sharply.

"Do not!"

He yelled and urged the golden gong again to kill Qin Chen again.

Qin Chen sneered, the mysterious rust sword appeared in his hand, cut it out, and once it came up, it was the most powerful sword of death.

boom! The sword energy pierced the sky and annihilated everything. With a sound, the golden gong was blown away. At the same time, the sword energy was undiminished, and it penetrated the eagle's middle-aged body. The internal organs in his body were in this sword energy. It burst into pieces in an instant and was seriously injured

.

"what!"

His painful scream was even more unbearable than the pain, it was his inner fear.

Qin Chen's strength completely subverted his inherent thinking. This son is not a human at all, but a monster, a monster.

"Spare my life, please, spare my life, I am willing to give you all the treasures in my body!"

In the face of death, he was terrified and began to beg for mercy.

Qin Chen sneered, the coldness in his eyes remained undiminished, just because of the things he had done to You Qianxue before, he wanted to forgive him?

"Master Skull Rudder, this person will be handed over to you." Qin Chen said lightly to the Master Skull Rudder, without any emotion in his tone.

"Jie Jie Jie, thank you Master!"

The Skeleton Rudder laughed and rushed down.

"Master?" The middle-aged eagle bird's eyes were dull. Who is this Qin Chen? His head was in a daze. At this moment, he looked up and saw the face of Skull Rudder rushing down. It was an unfamiliar face, which was not in his memory. This trip to the ancient Yu world

He had never seen this person before all the forces.

"Who are you anyway?"

The middle-aged eagle roared in shock, but no one answered him. Some were just \*\*\*\* black halberds that fell from the sky, with the killing intent to annihilate everything.

"No, kill me, Gu Fangjiao will not let you go, and will not let you go."

puff!

As the middle-aged eagle yelled, the scarlet halberd fell, his eyes widened in horror, and his whole body split apart, bursting into blood mist.

call!

The Skeleton Rudder took a deep breath, and immediately, the blood mist was all sucked into his body, and his face suddenly showed an expression of enjoyment.

"Jie Jie Jie, the Emperor Wu of the late eighth stage, really made up for it, comfortable and comfortable!" Skeleton rudder master gave a grin, fell in front of Qin Chen, then knelt on one knee, respectfully offering a storage ring, and said: " the host!"

#### [Chapter 1464: Heroes of Earth](#)

Qin Chen put away the storage ring, and only waved his hand, and the Skeleton Rudder Master stood aside respectfully.

"Qianxue, it's okay." Qin Chen turned around and looked at You Qianxue with a smile.

You Qianxue was dumbfounded. She stared at the messy valley blankly, shocked and happy in her heart.

Not seen in a year, Qin Chen's cultivation base is stronger, even the Martial Emperor of the late eighth stage is no longer a problem.

Moreover, You Qianxue also knew the Skeleton Rudder Master, but when he was in the Secret Realm of Heaven Demon, the strength of the Skeleton Rudder Master was only half a step from the Emperor Wu.

It has only been more than a year now, the strength of the Skeleton Rudder Lord is actually stronger than the previous eagle, the middle-aged Elder Ancient Eagle, and You Qianxue's heart is full of pride and pride for a while.

She looked at Qin Chen with a smile on her lips.

This is the man she likes, no matter at any time, encounter any danger, as long as Qin Chen is there, it seems that there is nothing that cannot be solved.

Starting from the Five Kingdoms, to the Dawei Dynasty, and then to the land of a hundred dynasties, it is now Wuyu.

Along the way, You Qianxue looked at Qin Chen like a world-famous hero, slashing the tide and stepping out of her own way.

After cleaning this place casually, in order to prevent others from seeing it, Qin Chen shook his body and quickly left the place.

The two were talking while flying by.

On the way, Qin Chen gently took You Qianxue's hand, making You Qianxue's white cheeks blush, and even the roots of her ears were flushed, and a faint light glowed on her white neck.

This was the first time that Shao Chen took the initiative to hold her hand, her heart throbbed, her palms were even sweaty, her head lowered, she didn't even look at Qin Chen.

She didn't know why she was like this, although this was something she had always dreamed of, but when it really came, You Qianxue couldn't help being nervous.

If you let other people in the Hall of Law Enforcement see You Qianxue's face now, they will be surprised.

Is this the fairy-like goddess of ice and snow in their hearts?

Although You Qianxue had not been in the Hall of Law Enforcement for a long time, because he had been with Ji Ruyue, he was favored by Ji family and Ji Hongchen, accepted as a disciple, and had the opportunity to enter the Heavenly Sacred Pool, awakening the ice and snow \*\*\*\* body.

Although she is from the Lower Four Realms, her temperament like an iceberg goddess has attracted countless Tianjiao from the Hall of Law Enforcement.

But You Qianxue is extremely cold to anyone, and even rarely appears in the Hall of Law Enforcement. Every day, she retreats and cultivates hard. Like an iceberg beauty, she has become the object of secret admiration for many Tianjiao in the Hall of Law Enforcement.

But now, the object of their crush is being led by another man in such a small woman attitude. If they were to see this scene, they would all vomit blood with heartache.

"Little dust, how did you come from Martial Domain?" You Qianxue lowered her head and asked softly.

Qin Chen told him about his participation in the Pill Pavilion Four Domains Grand Competition. When You Qianxue knew that Qin Chen had experienced so much, she felt distressed and at the same time she was extremely proud.

At the same time, You Qianxue also talked to Qin Chen about what he had experienced after the separation. Qin Chen knew that after You Qianxue went to the Heavenly Sacred Pool to practice, her talent was so amazing that the people in Misty Palace would appreciate it. After the trial of the Heavenly Sacred Pond, the people in Misty Palace even asked Qian Xue if she would like to join them, but You Qianxue has been staying with Ji Ruyue. The two have become very good friends and don't want to be separated, so they just said first. Consider

Concerned, did not agree.

As for the Palace of Law Enforcement, she just retreats every day to practice, but there is not much to do.

Of course, many Tianjiao from the Hall of Law Enforcement rioted and pursued her, but although she was from the lower four domains, because of her relationship with Ji Ruyue, no one dared to be too presumptuous, and the Hall of Law Enforcement had strict discipline, which was nothing.

"By the way, in the Misty Palace and Law Enforcement Palace disciples in the Guyu Realm this time, have you seen a group of people in black?" Qin Chen asked suddenly.

"Men in black?" You Qianxue thought for a while: "Are they a group of men in black with visors on their faces? What you are talking about should be the disciples of our Hall of Law Enforcement."

"Sure enough, it is from the Hall of Law Enforcement." Qin Chen's eyes were cold.

Misty Palace are all female disciples, and many of these people in black are obviously men, so only the Palace of Law Enforcement has this possibility.

"Do you know their origin?" "I don't know this." You Qianxue shook his head: "I practice every day in the Hall of Law Enforcement, and I don't know much about it, but as far as I know, the origins of these people in black are very mysterious. Originally not in the team of our Law Enforcement Hall, nor in the usual

The residence of the Hall of Faith was a team that only joined before entering the Guyu Realm. "

"Moreover, these people in black seem to have something to do with Misty Palace. They were originally brought by Emperor Chixia Wu from Misty Palace. It is rumored that it is a secret department in our law enforcement hall. Not many people know about it."

Qin Chen thoughtfully, so it seems that these people in black do have a certain connection with Misty Palace, but does Shangguan Xi'er know the identity of these people in black and alien demons?

The current identity of the above official Xi'er, it can be said that there should be so many secrets in the mainland that he can know, so that he does not even know the war of foreign races in the Dark Age.

But if Shangguan Xi'er knew that this group of people was related to the alien demons, what was her purpose?

Qin Chen's eyes were cold, and there might be some clues of all this.

"Little Chen, what are you thinking?" You Qianxue couldn't help asking when seeing Qin Chen's dignified face.

"Oh, nothing." Qin Chen recovered, shook his head immediately, and then said: "Qianxue, if you have a chance in the future, you'd better leave the law enforcement hall."

"Why?" You Qianxue was taken aback.

"I can't tell you why for the time being, but the place in the Hall of Law Enforcement is not safe." Qin Chen is worried about the silver spirit seeds in You Qianxue. If there are people from the alien demon race in the Hall of Law Enforcement, ordinary alien demons. Maybe you can't feel anything, but an ancient demon like the Skeleton Rudder Lord, once in contact with You Qianxue,

Can perceive the existence of parasitic seeds from You Qianxue.

In this way, Qianxue will inevitably be in danger.

However, Qin Chen didn't worry much for the time being, because the parasitic seed was special, anyone who possessed the parasitic seed was extremely important in the eyes of the powerful aliens.

Because of the parasitic seed, You Qianxue will not be seized at all, and the alien demon will not move her, and will even provide enough resources for her to practice.

But Qin Chen always felt that it was unsafe for You Qianxue to stay in the Hall of Law Enforcement.

Perhaps Qin Chen himself didn't expect how deeply he cared about You Qianxue. The two of them communicated all the way, and the Skeleton Rudder Master had returned to the Demon Suppressing Cauldron, and began to thoroughly refine the essence and blood of Elder Ancient Eagle, so that his strength was once again improved.

[Chapter 1465: See it](#)

The little ants and little fire ants and fire-refining insects were on guard around them, searching for the trails of Ye Mo and Yan Equator.

Of course, because of You Qianxue, Qin Chen also asked them to search for Ji Ruyue together. You Qianxue always worried that Ji Ruyue would be in danger. It can be seen that the two of them had a good relationship during this time.

While these gas-eater ants and fire-refining insects are searching, they are also absorbing the weird demonic energy between the heavens and the earth to strengthen themselves.

At the same time, he was collecting elixir for Qin Chen.

In just a long time, these strange spirit worms helped him find many high-level elixir, including several top emperor-level elixir.

After meeting You Qianxue, Qin Chen was not even so anxious to find the group of people in black.

Because this place is too vast, and the other party is prepared, even if there are strange spirit worms, it is almost impossible to find them in a short time.

From another perspective, even if the other party has some conspiracy, there is no \*\*\*\* cat.

Based on Qin Chen's understanding of the \*\*\*\* cat, following those guys secretly, he must have his own purpose. Anyway, he will definitely not be in the same group with the other party. With the means of the \*\*\*\* cat, he wants to destroy the running dogs of these alien demons. It must not be difficult.

Along the way, Qin Chen and You Qianxue practiced and searched. The aura here is somewhat different from that of Tianwu Continent. At the beginning, I can't feel anything, but as time goes on, I can immediately feel that I'm practicing here, and I can get some different impressions from the previous martial arts techniques.

certificate.

Ordinary people don't feel much of this kind of confirmation, but Qin Chen's previous life was originally the Martial Emperor of the late eighth stage. feel.

This kind of benefit cannot be seen in a short time, but if it is over a long time, the future perception of the law will inevitably be different.

Does the chance of becoming emperor mentioned by the \*\*\*\* cat also include this one?

On the fifth day, Xiao Yi and Xiao Huo suddenly took Qin Chen to a hidden mountain range with excitement.

Qin Chen looked at this mountain in doubt. There was no elixir, and the aura here was thinner than other places. He didn't understand why Xiao Yi and Xiao Huo brought themselves here.

Just when he wanted to ask, Little Ant and Little Huo gathered a group of gas-eater ants and fire-refining insects, and gnawed frantically towards a certain part of the mountain range.

The surrounding space immediately made a creaking sound, and the next moment a piece of rushing sound sounded.

After only a dozen breathing times, this hidden mountain range was immediately filled with rich heaven and earth true essence, but this heaven and earth true essence contained a trace of the unique aura of an alien continent.

"Natural hidden spirit formation..." Qin Chen exclaimed in surprise.

Immediately he understood what was going on. There was actually a high-grade true vein below, but it was shielded by the natural hidden spirit formation. He couldn't see it if he didn't check it carefully, but Xiao Yi and Xiao Huo had natural instincts and discovered it's strange here.

boom!

Qin Chen immediately sacrificed his weapon, slashed it with a sword, and suddenly the entire mountain range rolled over, but in a moment, a black high-grade real stone vein had appeared in front of Qin Chen.

This real stone spirit vein is not very big, but the core part of it is a large piece of high-grade real stone. If it is cut, at least it can be cut into nearly one billion high-grade real stones.

The real stone of the other magic continent contains a trace of the unique magic energy of the other magic continent. Originally, Qin Chen was worried that if he left here, the little ants and the little fire would lose the opportunity to absorb them. Now that he has these real stones, he can rest assured.

What's more, Qin Chen himself can also absorb these different kinds of devil qi, and only needs to be purified by the thunder bloodline.

If you just collect it by yourself, there will be some trouble, and you need to arrange an array to expose the entire vein.

"True stone veins?" Suddenly a surprised voice sounded, and a figure quickly fell in front of Qin Chen and You Qianxue.

This is a martial emperor at the peak of the mid-term, Qin Chen is a bit familiar, he should be a strong man of a certain force.

"You have a share, this true stone vein is one and half person, how about?" The mid-term peak Martial Emperor looked at Qin Chen and You Qianxue's appearance, was surprised at You Qianxue's appearance, then arched his hands and said.

There are many elixir here, but compared to the high-grade real stone, the value of such a vein is even more amazing, because once it is brought back, the unique aura contained in the real stone may have other gains.

Before Qin Chen spoke, Xiao Yi said angrily: "Boss, do you want me to swallow him?"

They found this good thing, the boss hasn't spoken yet, this guy is about to get a share of the pie, it's too much.

At that mid-term peak, Emperor Wu Huang was shocked when he heard the little ant talking. It turned out to be a strange talking spirit insect.

He had seen some talking blood beasts or spirit pets, but he had seen strange talking spirit insects for the first time.

But he was still in shock. Seeing that Qin Chen didn't answer, Xiao Yi thought Qin Chen had acquiesced, and directly bit at the mid-term peak Martial Emperor.

With a click, this person was immediately shocked to find that the true essence shield of his body had been bitten off in an instant. He was shocked, no matter where he was concerned about the real stone vein, he raised his hand and blasted a blue light.

"boom!"

The azure blue light immediately slashed on the little ant's body, rolling up an astonishing wave of true vitality, but the little ant was unharmed.

This person's face immediately changed. What kind of strange spirit worm was this, and under his blow, there was nothing wrong with it? And he saw that there were more than a thousand ants on the field.

There is another kind of spirit worm, there are many fiery red patterns on the body, and the breath that escapes seems even more terrifying.

Wherever he dared to continue to do it, turned around and fled. Seeing that he could not stop the other party, Xiao Yi immediately felt that he had lost his face, and he was in front of his sister-in-law, where he would give up, and even before Qin Chen told him, he shouted: "Xiao Huo, you help the boss collect this A mineral vein, I will chase this guy,

Hmph, dare to grab the boss's vein, I have to make him look down on it. "

With that, it turned into an afterimage and chased after him.

Qin Chen was speechless, this little ant was a bit too violent, but when the person came up, he said that he would split it in half, which made Qin Chen a little unhappy.

Perhaps in the eyes of the other party, as long as half of his mid-term peak martial emperor faced two early martial emperors, half of it was already merciful, but in Qin Chen's view, this vein was originally found by himself, so why should he share it with others. So he didn't care about the little ants at all, because he knew very well that little ants' attack power alone was not very good, but their defenses were terrifying, and even if they couldn't kill others, there shouldn't be any danger.

#### [Chapter 1466: Fog hidden gate](#)

So he focused on the veins in front of him, and just prepared to arrange the formation, put away the veins.

Seeing that Xiaohuo had brought a large group of gas-eater ants and fire-refining insects toward the mineral vein, only a click sound was heard, covering a layer of gas-eater ants and fire-refining insects, rapidly becoming smaller stand up.

Some of the low-grade real stones on the edges were quickly gnawed away, and within only a half of the incense, the original large veins, only the core high-grade real stones, were about the size of a small hill.

"Boss, it's done." Xiao Huo came to Qin Chen and said a little embarrassed: "I will help you clean up those marginal residues."

Qin Chen has a black line on his face, is this residue? There are hundreds of millions of middle-grade real stones that have been eaten away by them.

However, to Qin Chen, the improvement of Xiaohuo's strength was much more valuable than the middle-grade real stone in these areas, so he didn't say anything, just raised his hand and collected the huge high-grade real stone vein. Such a large piece of high-grade real stone is much better than those small pieces of high-grade real stone. When the time comes to practice, you only need to sit on it, and you will be supplemented with endless power of true essence. Said to be the dream of all warriors

Something you've longed for.

"Hey, Little Ant seems to be in trouble."

At this moment, Xiao Huo said suddenly.

"Go, go and take a look." Qin Chen immediately flew in the direction where the little ant left.

After a while, he heard bursts of roar, and then the angry yelling of the small ant.

Qin Chen's mental energy swept over immediately, and found that Little Ant was surrounded by four or five people.

With so many people besieging the little ant, Qin Chen immediately became angry, and after only a few breaths, Qin Chen fell in front of the four or five Martial Emperors.

These people are obviously from the same sect, their outfits are all the same, they seem to be masters of the fog hidden door, and their cultivation bases are basically at the mid-term and mid-term peak, only one is very young, at the peak of the eighth stage.

The Emperor Wu who wanted to allocate the real stone to him was also in the crowd. Although he was a little embarrassed, he was not injured.

Seeing Qin Chen coming, the Martial Emperors did not attack again, and the little ant returned to Qin Chen dejectedly, and did not continue to attack.

It just boasted about going to Haikou, saying that it wanted to make that guy look good, but now that he didn't say to make him look good, these four or five people surrounded him. If it hadn't been for Qin Chen, it might have suffered. Although the gas-eater ants are powerful, it is a powerful population. A large group of gas-eater ants can instantly gnaw a mid-term peak Wuhuang clean, but a single small ant has a more terrifying defense. In terms of strength, it is just as good. A mid-term peak martial artist

The emperor is almost the same.

"It's Qin Chen from Nandan Pavilion."

Seeing Qin Chen coming, the eyes of this group of people suddenly condensed.

Qin Chen dared to offend Emperor Fengei when he was outside. Naturally many people had seen him. Although this person came from the Lower Four Realms, he was definitely a kind of fearless and fearless species.

And after they saw You Qianxue, there was an amazing expression in their eyes.

There are such immortal people in this world?

You Qianxue feels too cold, so beautiful, and even makes people feel ashamed from the bottom of their hearts.

"Is this person the saint of the Magic Demon Sect?"

One of them murmured.

Among the female disciples of the major forces who entered the ancient Yu realm, except for the saint of the magic demon sect, they could not think of anyone else that could be so beautiful, but the aura of the saint of the magic demon sect and the aura of the woman in front of them seemed completely different. .

Although Chen Sisi was wearing a veil in the outside world, she couldn't conceal the kind of fascination on her body, and it would naturally reveal itself, but the person in front of her was extremely cold, like a fairy of nine days, it seemed that she shouldn't appear in the world.

So everyone was puzzled, guessing the origin of You Qianxue.

"Brother Nian, this person is not from the Magic Sect, but a disciple of the Hall of Law Enforcement."

At this moment, Tianjiao, who was only at the peak of the eighth stage, reminded him.

He belongs to Tianjiao, so when he was on the Rainbow Bridge, he had seen the disciples of the Misty Palace and the Law Enforcement Palace. You Qianxue was one of the most amazing three people, and it was naturally influential.

"hiss!"

Originally, after seeing Qin Chen, the faces of a few people were relatively casual, but after hearing that You Qianxue was from the Hall of Law Enforcement, they took a breath of air.

Although they wondered why the people of the Hall of Law Enforcement would stay with the people of Dan Pavilion, and they were still with this disciple from the Lower Four Realms, they knew that whether it was Dan Pavilion or Hall of Law Enforcement, it was not that they were so troubled by the hidden gates. of. "Qin Shaoxia, it is true that the hero was born as a teenager, and this fairy, this strange spirit worm should be Qin Shaoxia's spiritual pet, it chased my friend, we stopped it, and now everyone has no harm, I suggest that it be counted as such. I don't know

What does Qin Shaoxia want? "

Among them, the leader who was about to break through the late mid-term peak Wuhuang took the initiative to stand up and hugged Qin Chen and said.

Seeing the other party's politeness, Qin Chen also nodded, not caring.

The other party should have known the power of the gas-eater ants, and knew the origin of You Qianxue, and understood that it was not a good advantage.

As far as Qin Chen is concerned, he doesn't need to argue with others now. The Wuyinmen is also a top power in the Martial Domain, and there is no need for much conflict without loss.

It's just that he is a little puzzled, how did these people from the Hidden Mist get together? Even if you are lucky, four or five people from the same sect will not meet together. "Dare to \*\*\*\* my boss's true veins, and forget it now?" Seeing that the two sides could not fight, Xiao Yi stared at the escaped mid-term peak Martial Emperor threateningly, and said: "Hmph, just because I am alone, without a brother, like

If I also brought my brothers, I would have eaten you guys without leaving any bones. "

Several people were taken aback when they heard this, and then they realized that it was the people on their side who were coveting the other's real stone veins. No wonder they were catching up. As for the cruel words the little ants said, this group of people didn't take it seriously. It was just a small strange spirit insect. Even if they were stronger, what could they do? Although Qin Chen and You Qianxue are not simple, but they are only the first peak of the eighth stage Martial Emperor.

Already. It's just that they heard the buzzing sound before they showed their disdain, and saw countless strange spirit worms appearing from all directions. The size of these strange spirit worms was a circle smaller than the air-eater ants in front of them. There is no breath

It's so terrible, it can't stand the large number.

In particular, there is also a strange spirit insect with fiery red markings on its body, and the aura that escapes seems even more terrifying.

"Little Ant, are you okay?" Xiao Huo flew over, and after seeing that Little Ant was okay, he calmed down.

#### [Chapter 1467: Colorful Lingyun](#)

"Xiao Huo, you just came here. These guys just bullied me with fewer insects, and they want to get rid of the matter without compensation. How could it be that simple." Little Ant said angrily.

When the brothers arrived, it immediately became proud again.

Buzzing!

In the sky, a large number of gas-eater ants and fire-refining insects formed two dark clouds, the breath that escaped was extremely shocking, and the heart was filled with inexplicable fear.

"I have something to discuss."

The leader Nian Wu Huang hurriedly stepped forward and said a little nervously, looking at the dense swarms of gas-eater ants and fire-refining insects, cold sweat broke out on his forehead.

Just now there was a strange spirit insect. They hadn't been able to take it down for a long time. Now there are thousands of them. Once they attack, can they stop it?

"Now I know that I'm afraid? Humph!" Xiao Yi said proudly. Of course, without Qin Chen's instructions, it would not dare to attack rashly. For fear of causing Qin Chen's displeasure, he said proudly: "If you have anything to say, just talk to my boss. Say it."

"Qin Shaoxia, we were wrong just now. I don't know what compensation Qin Shaoxia wants. Just speak, we are not unreasonable people at the Wuyinmen." The Emperor Wu hurriedly said.

He was dignified at the top of the Wuyinmen, and wanted to apologize to a Dange disciple. His heart was extremely depressed, but he also knew whether it was a conflict or a conflict here.

Naturally, Qin Chen didn't want any compensation. Just about to say forget it, he suddenly moved and said, "Forget the compensation, Ben Shao is a little curious. How did you get together? As far as I know, this is a general communication tool. Can't you use it?"

Seeing that Qin Chen spoke so well, the other party was relieved and said, "Qin Shaoxia originally wanted to know this."

He took out a piece of jade slip, handed it to Qin Chen, and said, "This is the message jade slip of our Wuyinmen. If we don't get together very far here, we can sense some messages for each other." Qin Chen poured his spiritual energy into it. Entering the message jade slip, his heart moved, he found that there is a special restriction in the message jade slip of the Wuyinmen. This kind of restriction is very strange, similar to the secret pattern restriction of the alien demons, but in fact it is still prohibited in ancient times.

A variant that can absorb part of the energy of this alien magic continent.

In this way, although this communication jade slip cannot communicate thoroughly, it can be sensed at a certain distance.

No wonder these guys can get together with each other.

At this moment, Qin Chen felt that the communication jade slip in his hand was slightly shaken, and it seemed to convey some information.

After the few Wu Huang who wanted to leave felt the shock of the jade slips, they didn't even say hello, arched their hands at Qin Chen, and immediately flew away, rushing toward a deep mountain forest.

Qin Chen felt that this jade slip should convey some kind of very urgent message.

"Let's take a look." Qin Chen said immediately, and after talking with You Qianxue, he immediately followed a few people behind.

After these people felt Qin Chen, they didn't say anything, but just kept flying in front of them.

After a stick of incense, Qin Chen saw a cloud of spirit cloud appearing in front of him. From hundreds of miles away, he could clearly see that Qin Chen continued to move forward. After a while, he came under the cloud. It is a valley.

At this moment, dozens of people had gathered in this valley, including masters of various forces, and Qin Chen also saw an old acquaintance, Zhou Zhiwei of Misty Palace.

Everyone was standing outside the valley, and inside the valley was filled with a thin layer of black mist, and from that black mist, there was an amazing spiritual energy that filled the sky, forming that colorful spiritual cloud in the sky.

Qin Chen immediately understood why these people appeared here. Obviously, they were attracted by the spiritual cloud in the sky. As long as they were within a radius of hundreds of miles, they would see the spiritual cloud.

And to form such a spiritual cloud, there must be some kind of strange treasure in this valley.

"Boss, this is a natural formation method." The other gas-eater ants and fire-refining insects were scattered around. Only the little ant and the little fire were following Qin Chen. After the little ant stopped, he said immediately.

Needless to say, Qin Chen can also see that there is a huge natural formation in the valley covered by the black mist. If it hadn't been for the spirit being released from the spirit cloud, under normal circumstances, people would not find it even if they passed by. Abnormality.

Moreover, the level of this natural formation is very high, at least the eighth-level top, even Qin Chen may not be able to break it in a short time.

When everyone saw You Qianxue next to Qin Chen, they suddenly showed amazing expressions, and after hearing the two strange spirit worms next to Qin Chen could speak, it was even more strange.

Under normal circumstances, those who can speak are spirit pets, and spirit pets cannot be brought into the ancient Yu realm. There is nothing wrong with strange spirit worms, but strange spirit worms usually have no spiritual wisdom. Where did Qin Chen get this? These two spirit worms?

Could it be a strange spirit worm in this void continent?

This is not impossible, there are no other creatures here, but there are many strange insects and beasts, and many of them have suffered from that insect beast.

Could it be that Qin Chen possessed some kind of beast-repelling tactics to control the worms and beasts of this void continent?

Some people have already shown greed in their eyes. Although they don't know what little ants and little fire are capable of, just being able to control the insects and beasts in this void continent is enough to make everyone's eyes hot. "Brother Qin, can you sell these two spirit worms? I have sold many real stones. The emperor is from the Tianling Dragon family, and he is most curious about these strange spirit worms, and this spirit worm should be this void continent. I suggest you sell it

Otherwise, it will cause you a lot of trouble. "

A mid-term martial emperor walked up to Qin Chen and hugged his fist and said, his tone seemed sincere, but in reality he was threatening.

The Tianling Dragon Family is very powerful, belonging to the top family of the Martial Domain. There are several powerful emperors in the family, and it is rumored that the ancestors possess the blood of real dragons, which can be described as a top family.

When he came up like this, the other people who had fancy Qin Chen's spirit insects stopped moving, and they secretly said the shamelessness of the Long Family.

This strange spirit insect breath is extraordinary, once brought back to Tianwu Continent, there will be great gains, the key is that there is no expert in the pill pavilion at present, which is the best opportunity. "Fuck off, what are you, you want me to buy the little ant, even one hundred legs that you can't match the little ant, go away, or the little ant will eat you." Qin Chen fundamentally Without speaking, the little ant said loudly, the little fire

Although he didn't say anything, his eyes were cold and cold.

For them, the guy who talked was going to provoke the boss to sell them both, which is simply unbearable. What if the boss really sells them?

They were imprinted by Qin Chen's soul a long time ago. From the moment they woke up, they had already settled with Qin Chen, not to mention the comfortable cyan flame on the boss's body. Only in the cyan flame can they grow rapidly. . Such a good boss, they want to leave only after their brains are disabled.

#### [Chapter 1468: Tianling Dragon House](#)

"A little bug dare to speak wild words, now I will teach you how to be a spiritual pet." The dragon family warrior suddenly became cold, and raised his hand to grab the small ant and the small fire. Where can the ants stand? Opening his mouth is just a mouthful, and with a click, this dragon family martial artist's cultivation base is lower than that of Wu Yinmen Wuhuang who was going to \*\*\*\* Qin Chen's true stone ore veins before. Suddenly, his true essence defense was bitten off by a large piece, and at the same time, the small fire rushed.

Come over, open your mouth and bite.

Click!

This dragon family martial artist burst out with a dazzling glow, feeling that the defensive armor on his body had been bitten off, and he was shocked and completely furious.

"Beast, you are looking for death!"

He was furious with a bang, and an imaginary dragon appeared on the top of his head. It was a real dragon, suspended above the person's head, very hazy, obviously because the blood was not pure enough to show the whole picture.

But even so, there is still a heart-pounding aura permeating, like a dragon from the prehistoric, suppressing the eternal invincibility.

The real dragon is the bloodline of the top blood beast. The terrifying aura is that no matter whether it is a blood beast or a variety of strange spirit insects, it will be frightened. This is a kind of pressure from the upper bloodline.

In the view of this dragon family warrior, as soon as his bloodline power is released, these two little bugs will inevitably be frightened and bow their heads.

However, he had already moved his murderous intent, and when he raised his hand, he punched out, the fist roared, and the shadow of the fist roared, turning into a real dragon fist, bursting out, clearly to punch Xiao Yi and Xiao Huo Shattered. Although he had asked to buy Little Ant and Little Huo before, he actually didn't fancy the two strange spirit insects, Little Ant and Little Huo, but Qin Chen's body to control the strange spirit insects. As long as he controlled the strange spirit Buy worms, they will be justified

Shun Xiang Qin Chen wanted to control the strange spirit insects. But now, he was extremely angry and couldn't care too much. Even if two strange spirit worms died, he still had enough ways to get the insect control technique from Qin Chen. He didn't believe that Qin Chen was a little one. Under the four realms of warrior, dare to refuse

It's impossible.

So this time, he didn't leave any hands, the purpose was to kill the ants and the small fire.

"You're looking for death, brothers, swallow him." Little Ant and Little Huo were angry and roared. Suddenly countless air-eater ants and fire-refining insects flew over from outside the valley, instantly turning into two clouds and swept over them. come.

"Hmph, no matter how many they are, they are just bugs." The Long Family Wuhuang obviously didn't expect so many spirit insects to pop up at once. While startled, he sneered. Boom, the true essence burned in his body. , More vigorous.

Roar!

The real dragon fist shadow roared, invincible, and suddenly blasted above the two clouds of spirit worms.

Click! Click!

Only heard the sour chewing sound, these spirit worms were not blasted away, but suddenly wrapped the true dragon fist shadow, and the true dragon fist energy containing the terrifying killing intent was instantly swallowed by these spirit worms. , Turned into the true essence and exploded.

Immediately afterwards, the two groups of spirit worms cast their momentum unabated, and directly ate towards the dragon family warrior.

"Brothers, swallow him." Little Ant shouted, angry.

"Not good!" When this dragon family warrior saw that his powerful punch was instantly swallowed by these spirit worms, he was immediately shocked. He knew that he had underestimated these spirit worms and hurried back in shock.

Boom, boom!

There was an explosion from the side, and the other two Martial Emperors on the side immediately rushed up, trying to save the Long Family Martial Artist who was to be wrapped by the gas-eater ants.

Qin Chen snorted coldly. He raised his hand and slashed out with two swords. The Long Family dealt with Xiao Yi and Xiao Huo by himself. He was too lazy to care, and now he rushed out of the two again, as he was air?

It was only two mid-term martial emperors, Qin Chen didn't care at all, and at the same time as the sword was released, the sword domain was released at the same time.

"Boom..."

With two loud noises, these two mid-term martial emperors were caught off guard, and they were instantly knocked out by Qin Chen. They opened their mouths and spouted a mouthful of blood. Although they did not fall to the ground, they looked very embarrassed, their hair was scattered, and they ate. A big loss.

This is because Qin Chen deliberately left his hands, otherwise the two would be seriously injured if they were not killed.

"Ah!" And the two of them were blocked by Qin Chen, but the warrior of the Long family was completely wrapped up by the gas-eater ants and fire-refining insects led by Xiao-Yi and Xiao Huo, and only heard the sound of chewing. The real element shield on the dragon family martial artist shattered instantly, screaming

It sounded instantly.

In the blink of an eye, this dragon family warrior had been swallowed up by a large number of gas-eater ants and fire-refining insects, and there was no ash left. Little ants and Xiaohuo flew to the side early and sneered. After seeing that Emperor Wu flew away, Xiao Yi came to Qin Chen and said, "Boss, the arrogant guy who dared to do it in front of you just now has been resolved. Humph, this guy doesn't look at himself. Dare to be the boss

Do it before, isn't this looking for death? My little ant can't spare him first. "

Obviously it was its business, and it insisted on saying that it was standing up for Qin Chen, which made Qin Chen bitterly smile.

"Brothers, withdraw!"

The little ant yelled, and suddenly the air-chewing ants and fire-refining worms scattered all over the sky, not knowing where they were hiding.

The few Wuyinmen Martial Emperors who had arrived before that saw this scene, and were immediately shocked, whether it was Qin Chen's two swords flying between the two mid-term Martial Emperors, or those strange spirit insects that instantly swallowed a Long Family Martial Emperor. All made them terrified.

Especially the leader Nian's surname Wu Huang, even took a breath of air-conditioning, secretly glad that he hadn't done anything before. The rest of the martial artists around saw this scene, and they all took a breath. There were only a few breaths before and after this. A mid-term martial emperor of the Long family was wiped out, and he couldn't even see the corpse. My friend, also hacked away

To the side.

At this moment, everyone did not dare to underestimate Qin Chen's four domains and Tianjiao's identities. Although this child is young and has a low cultivation base, his strength is terrifying, which makes people have to guard against.

Zhou Zhiwei also showed shock. She didn't expect Qin Chen to become so terrible in just two or three years.

After she joined the Misty Palace, her cultivation base broke through quickly, but compared with Qin Chen, there was still a lot of gap. But not everyone was afraid of Qin Chen. After the two Emperor Wu who was flew out by Qin Chen took a breath, their complexions suddenly became extremely ugly, and he said solemnly, "You dare to kill the Long Tianyi of the Long Family, you Do you know what you did? Experience in Guyu Realm

Who gave you the courage to kill people wantonly? Are you not afraid of sanctions! "

The two were furious.

Qin Chen glanced at the two faintly. Before speaking, You Qianxue sneered: "How did I see that the person from the Long Family did it first? Isn't Qin Chen allowed to fight back if only others are allowed to do it? Ridiculous logic ."

"Who are you?" The two people looked over coldly.

"Hall of Law Enforcement, You Qianxue!" You Qianxue said coldly!

#### [Chapter 1469: Everything is misunderstanding](#)

The two of their faces became stiff, and they were speechless. The two of them also said that Qin Chen had violated the rules of experience and would be punished, and in the blink of an eye they met a person from the Law Enforcement Hall.

What kind of identity is the Hall of Law Enforcement? It replaces the major forces in the martial arts to patrol the world. If it says that sanctions are required, the Hall of Law Enforcement is usually asked to come forward. This is simply shooting yourself in the foot.

"Even if you are from the Hall of Law Enforcement? People in the Hall of Law Enforcement cannot know the law and break the law!" After a long while, the two argued strongly.

You Qianxue looked at the two coldly, "Knowing the law and breaking the law? Now everyone sees that it was the people of the Long Family who did it first. You told me that they knew the law and broke the law?"

"But you can't kill people directly." The two hardened their tempers. "Oh? According to the two of you, when the martial artist of the Long Family started his hand just now, the young master had to check the opponent's strength first, whether he wanted to hurt me or kill me. If he wanted to hurt me, I had to wait for the other person first. After hurting me, look at the severity of the injury before you can fight back.

Up? "Qin Chen looked over indifferently, his eyes were very calm, but the two shuddered.

"This..." The two took two steps back, and felt that they were so embarrassing. They just held on, but didn't dare to refute.

"Who else feels that Ben Shao has made a heavy move just now, so he can stand up." Qin Chen said lightly.

Everyone on the court wanted to go, but no one spoke.

Nonsense, this matter has nothing to do with them, why should they give the Long Family a chance? What's good?

An idiot would do this for the sake of a dead Long Family Martial Emperor and offending Pill Pavilion and Law Enforcement Hall. "You see, apart from the two, no one thinks that Ben Shao is doing something wrong. If the two continue to chatter and frame Ben Shao maliciously, Ben Shaoke will talk to the two of what they did to Ben Shao. Now, how do I feel that the two guys

It seems that you want to kill Ben Shao too? "

"What, these two guys wanted to kill the boss just now?" The little ant rushed up very aware of the current affairs, staring at them and said, "Are you two going to kill my boss just now? Don't you give me little ants face?"

"Misunderstanding, everything is a misunderstanding."

The two hurriedly explained that they were all white, and they had nothing to do with each other. Do you have money to take it?

"It turned out to be a misunderstanding. Since it's a misunderstanding, it just makes sense. If you force it again, this bug will swallow you." The little ant said proudly with her arms crossed.

Qin Chen didn't bother to pay attention to the two, just as Xiao Yi said, if the other party forced them, he would just kill them.

He turned around, looked at Zhou Zhiwei in the crowd, smiled and arched his hands: "Long time no see."

Zhou Zhiwei and him were in the land of a hundred dynasties, and at any rate they had many intersections. Now that they see it, it is natural to say hello.

Zhou Zhiwei watched this scene in a daze, with mixed feelings in her heart, and she didn't know what it was like.

Back then, in the land of hundreds of dynasties, she was suppressed by Qin Chen everywhere, and after she was able to join the Misty Palace, she had already forgotten Qin Chen. In her mind, Qin Chen will always be only the top genius of the land of the hundred dynasties. After joining the Misty Palace, she has seen too many arrogances and too many powerful men. When she left the land of the hundred dynasties, she vowed to Make Qin Chen humble like an ant

Look up to yourself.

But now, Qin Chen has also come to Wuyu, and even the strong cultivation is not under her. For a while, Zhou Zhiwei didn't know what it was like in her heart, and she had mixed feelings.

But soon, she recovered and smiled slightly: "It's been a long time indeed."

She is a disciple of Misty Palace, the martial domain is the highest, even if Qin Chen is against the sky? She is in the Misty Palace, and one day she will surpass Qin Chen, she firmly believes.

"Zhou Zhiwei is a member of Misty Palace this week, she knows that Qin Chen too?"

"Isn't this person from the Lower Four Realms? How do you know so many people? No wonder he has the courage of Emperor Fengfenglei."

"I remember that the saint of the magic demon sect and him are also old acquaintances, right? They really have a female affinity!"

"Shhh, keep quiet, do you want to die?"

Zhou Zhiwei was naturally seen by the young Tianjiao in the team of the Misty Palace, so her identity has also been passed through the valley. It seems that now that Qin Chen is similar to Zhou Zhiwei, everyone is even more shocked.

As for the two Emperor Wu who had argued with Qin Chen before, they turned pale with fright and couldn't say a word.

Qin Chen is not only related to the people in the Hall of Law Enforcement, but also related to the Misty Palace. The two of them got into shit, and they argued with him. At this time, a man with a cultivation base that was almost close to the late Martial Emperor came out, smiled and hugged Qin Chen and said: "My weapon, Lu Yuanhao, Qin Shaoxia, don't come here unscathed. The valley here is a natural formation. , I think Shaoxia Qin already knows. Half a day ago, the valley suddenly released colorful spiritual clouds, and there must be treasures in it. The so-called seers have a share, since Shaoxia Qin is here, I would like to ask the two to break this together. Formation. It's possible in this valley

There are many top-notch elixir or treasures, and once they are broken open, everyone can share them.  
"

After Lu Yuanhao finished speaking, he smiled and waited for Qin Chen to answer.

Qin Chen's two swords cut and flew two mid-term martial emperors, this level of strength is definitely beyond the ordinary Tianjiao's ability, coupled with the help of the strange and strange spirit insects, even if it is himself, I am afraid that it may not be able to win Qin Chen.

What's more, there are people from the Law Enforcement Hall around Qin Chen, so Lu Yuanhao took the initiative to invite Qin Chen to break the formation.

Of course Qin Chen knew what Lu Yuanhao meant. Although the other party invited him to break the formation, he was also subconsciously saying that this valley was discovered by everyone. Once it broke open, everyone would share something equally. Don't be too greedy.

"Of course it can, but since everyone works together, there is always a big and small amount of effort, some people contribute more, some people contribute less, I think it should not be appropriate to split evenly?" Qin Chen said immediately. "Of course, this is what I mean. There is an extremely powerful natural formation here. If it is forced to break, with my strength, I may not be able to break it in three to five months. Fortunately, I am from the Palace of Instruments. A big formation

division. In addition, Brother Ning is also a master of formation. Together, we should find out some clues about this formation. It will be much easier to break it. "

He said hello to the side.

Suddenly an old man with gray-brown beard and hair came over and smiled and said, "Old man Ning Zetao, a disciple of Qingdishan, has also studied the battle method a bit. Qin Shaoxia has such a cultivation level at a young age, which is amazing. what."

In the Guyu Realm, everyone is the top figure of the major forces. Any kind of identity is false, and the competition is basically their own strength. As Qin Chen, although he is only a disciple of the Dan Pavilion, once he leaves the ancient Yu realm, he will definitely become the middle level of the Dan Pavilion. Therefore, Ning Zetao and others did not despise Qin Chen's youth.

### [Chapter 1470: Shameful](#)

Such an arrogant, if they can become Pill Pavilion elders in the future, even they will have to condescend to make friends.

"Your Excellency is an eighth-tier top-level formation master?" Others are polite, and Qin Chen will naturally not be cold.

"No, Ning is just a master of the formation at the beginning of the eighth stage, and Brother Lu is a master of the formation at the middle of the eighth stage. Together, we can't completely destroy this formation, but we also found this. Some flaws in the array."

"Oh?" Qin Chen frowned, "I think this natural formation aura should be at least a Tier 8 top formation, don't you know how long it will take the two to break open?" "About a month or two, of course it's still You need your cooperation." Lu Yuanhao said with a smile: "Although the time is longer, it is much shorter than forcibly breaking through the formation. If it is broken by force, Lu estimates that it may not be able to break through half a year.

open. "

Half a year, this is too long.

Qin Chen shook his head, and as soon as he was about to speak, the little ant passed over, "Boss, there are good things in this valley. Don't share them equally, let's do it alone."

Qin Chen looked back at Xiao Yi, this guy was too cunning.

Qin Chen was about to transmit the sound to Little Ant, and asked how it knew there were good things inside, and he felt that the atmosphere was a bit wrong.

Qin Chen subconsciously turned his head and looked at the people around him, only to find that most people were looking at him and Xiao Yi, even Zhou Zhiwei frowned, and You Qianxue had a dumbfounded expression.

In just an instant, Qin Chen understood that Little Ant could not transmit sound at all. Everyone on the court heard what it said, so it was no wonder that there was such an expression.

"You idiot, don't talk if you don't know how to speak, shut up now."

Qin Chen slapped the little ant with a slap, which was a shame.

Although Xiaoyi has awakened his wisdom, he has never used the sound transmission. The sound transmission just now has been worked out by itself. So when I say it, although some parts are quite perfect, everyone has heard the overall meaning. This is clear.

This is tantamount to telling everyone directly that there are good things in it, and it and the boss must monopolize it.

The little ant looked wronged, isn't it good for the boss? The good things in it, why everyone divides equally, it and the boss can break the formation by themselves.

Seeing Xiao Yi's aggrieved expression, some people even chuckled. Although this strange spirit insect is powerful, it is a life treasure.

Lu Yuanhao also laughed. He was not angry. On the contrary, after the little bug said this, it would be impossible for Qin Chen to swallow it alone, because this would arouse the anger of the public. Even if he agreed, no one else would. promise.

No matter how strong Qin Chen is, it is impossible for one person to offend the emperor of so many forces on the field.

Lu Yuanhao and Ning Zetao are the eighth-order array mage, but Qin Chen is a stronger array mage than the two. It takes a month or two for Lu Yuanhao and Ning Zetao to break the array, but he needs more time than two. Fewer people are more.

However, if Qin Chenguang was himself, it would probably take several days, so if he cooperated, he could break through the formation at the fastest speed.

Of course, Qin Chen didn't say it right away, he was still trying to get his best benefit.

Thinking of this, Qin Chen said: "I mean the same as everyone, to work together to break this formation, but according to my observation, apart from the obstacles of the natural formation, so much black fog in this valley does not seem to be It's easy to deal with."

This is inevitable. Although Qin Chen didn't know what the black mist was, it could be seen from the jealous expressions on these people's faces that these black mists were definitely not simple things. Sure enough, after Qin Chen said this, everyone's faces immediately showed palpitations. Someone was accidentally stained with a black mist, and almost died of rot. If he hadn't had an 8-Rank top solution on his body.

The poison pill would be dead long ago.

The reason why everyone stood here without directly attacking the natural formation was because they were afraid of this black mist.

"Boss, I can deal with these black mists. This black mist is a good thing and can improve our strength."  
Xiao Yi suddenly spoke in Qin Chen's ear at this time.

Qin Chen hurriedly looked around and found that there was nothing strange on everyone's faces this time. It seemed that Little Ant had really learned to transmit sound this time, and he was slightly relieved.

Even if the gas-eater ants and fire-refining insects can remove the fog here, he can't let others know directly about his cards.

Sure enough, when Qin Chen talked about the black mist, Lu Yuanhao and others laughed bitterly. They are sure to open the natural formations in this valley within a month or two, but these black mists will have no bottom, and they can only smile bitterly: "These black mists are indeed terrifying, but it is not impossible. We just

I have tried it, and the formation can be used to draw away the black mist inside, but the amount that can be drawn away at once is not much. "

Qin Chen shook his head and said, "How much black fog is in this valley, I am afraid it is still unknown. If you want to rely on simple guidance, I am afraid it will take a long time?"

Lu Yuanhao said helplessly: "I have calculated it, it will probably take a few months, but this is no way. Maybe if you are lucky, it can be completely distracted in a month or two."

The crowd suddenly became a little noisy. It would take one or two months to break the formation, and one or two months to disperse the fog, so it would take three to four months.

This is still a case of good luck. In case of bad luck, it is estimated that four to five months, five to six months are possible.

Although there are still nearly two years before the closure of Guyu Jie, all the time is wasted here, and everyone is still hesitant.

What if there are not enough treasures in it?

There are dozens of people on the court, working hard for half a year, if everyone gets only a small amount of things, for everyone, it is definitely not worth the loss.

The opportunity of Guyu Realm is too difficult, how can it be wasted here?

"Is there any way Qin Shaoxia can do?" Ning Zetao keenly sensed that there was something in Qin Chen's words, and hurriedly asked.

Qin Chen smiled faintly: "Yes, everyone, if Qin can break the formation in this valley in a short time and eliminate all the black fog, how many things do you think can be distributed to Qin?"

Lu Yuanhao froze for a moment, and immediately said in surprise, "Qin Shaoxia, can you remove the black fog here?"

When Xiao Yi and Xiao Huo heard this, they suddenly showed disdain. If Qin Chen hadn't spoken, and Lu Yuanhao had said this, they might have screamed immediately.

These guys dared to doubt their abilities, it was unbearable.

Everyone was also shocked, "Qin Shaoxia, can you break the battle quickly?"

"Can you clear the black mist here?"

Ning Zetao hurriedly asked: "I don't know how long Qin Shaoxia said in a short period of time." Qin Chen said, "No more than three days."
