

Valkyrie 1471

[Chapter 1471: Priority distribution](#)

hiss!

There was a sound of air-conditioning on the court. According to Lu Yuanhao and Ning Zetao's previous statement, it would take two or three months at the earliest for everyone to break through the formation and eliminate the black fog, but Qin Chen only needed three days. The gap is too big.

Although everyone's time is precious, if it is only three days, it is nothing at all.

"Qin Shaoxia, what you said is true?" Lu Yuanhao said in shock immediately, his eyes full of incredible.

Qin Chen did not speak.

Lu Yuanhao understood right away, and without waiting for Qin Chen to speak, he said again: "Qin Shaoxia how much do you want?"

Qin Chen knew that there were so many people here, and it would be inappropriate to want to divide too much, but this distribution right must be held in his hands, otherwise, he would be easily passive.

Thinking of this, Qin Chen said: "I don't want too much, I want half of the contents, but I need to choose first."

hiss!

Everyone sucked in air-conditioning again, feeling that Qin Chen asked too hard.

There are at least number thirty or forty people on the court, and Qin Chen is going to go halfway by himself, how can the rest of the people be divided? And still give priority to selection. Qin Chen opened his mouth and said: "To put it bluntly, no one knows what's inside. Master Lu Yuanhao only considers the best situation. But in Qin's opinion, if there is no accident, he wants to break open. This formation and clear the black fog

, At least it will waste nearly half a year for everyone. "" "What can I do in this ancient Yu world for half a year, I think everyone knows that just by perceiving the power of space, you can improve the cultivation of a lot of the power of the power of space, but Qin only needs less than three Day, compared to 50% of income

Got. "

"Half of the harvest is too much. If it is 40%, I think it is OK." Lu Yuanhao hesitated. Qin Chen was right. The time he estimated was only an estimate, and he was not sure about it. Everything depends on the situation.

And he knew that it would take a lot more time to really break the formation than he said.

"40%? Okay, then 40%, but the priority of distribution cannot be less." Qin Chen nodded after taking the test.

"I promise." Lu Yuanhao replied immediately without hesitation. After he finished speaking, he looked at other people and said: "Everyone, Qin Shaoxia said that he can break through these dangerous black fog alone, and promised to break through the natural formation within three days, and then he has the right to choose and 40%. I have agreed

What do you think? "

"I agree too." Ning Zetao also immediately agreed. The difference between 40% and 50% seems to be only 10%, but the feeling is completely different.

"agree....."

"I agree!"

The others glanced at each other and agreed, and even the two Martial Emperors who had conflicts with Qin Chen had to agree.

If you are in other places, there will definitely be people who are unwilling. Qin Chen will be divided into 40% for the thirty or forty people, and no one will feel comfortable.

But in Guyu Realm, everyone has limited time. Although Qin Chen has gained more, it has saved everyone a lot of time. Just as Qin Chen said, half a year is enough for them to increase their strength by a large margin.

Moreover, there are a lot of treasures in this void continent, and with this time, they can also search for other treasures.

"Do it." Seeing everyone's agreement, Qin Chen stopped hesitating and said directly to Xiao Yi and Xiao Huo.

"Brothers, let's go!"

Xiao Yi and Xiao Huo had long been waiting for Qin Chen's order. Now Qin Chen gave the order and rushed into the black mist without hesitation. At the same time, there were countless air-eating ants and fire-refining insects hiding in the surrounding area.

In an instant, the black mist in the valley rolled over, as if something was stirring up and down, and even a lot of mist immediately drifted out of the valley, scaring many Wu Huangs around backing one after another. But soon, everyone could see clearly that in this black mist, the strange spirit worms that formed a cloud were devouring the black mist frantically. Just like an inhaler, a large amount of black mist turned into black threads.

Was sucked into the body by these strange spirit worms.

Some people suddenly became astonished. What kind of strange spirit worm is this that can even absorb this black mist? This is too bad, right? These black mists are something that even the peak martial emperor in the middle of the eighth stage can easily hurt, and even everyone feels that even if the emperor of the late eighth stage enters the black mist, he will be seriously injured and cannot stay for a long time, but these are strange Spirit Worm

But it is completely unaffected.

With only a half-pillar of incense, the many black mists in the valley have disappeared, revealing the natural magic circle inside.

"Boss, it's done."

After Xiao Yi and Xiao Huo swallowed up all the black mist, they staggered back to Qin Chen's side, even burping full.

Other gas-eater ants and fire-refining worms also swayed, as if drunk.

Qin Chen knew that these black mists were a kind of big tonic for the gas-eater ants and the fire-refining insects. Although they swallowed them, they obviously couldn't digest them in a short time. It took a certain time to absorb them before they were transformed into their own power .

So Qin Chen waved his hand and immediately took all the gas-eater ants and fire-refining insects back into the gourd.

After returning to the gourd, these gas-eater ants and fire-refining worms all fell asleep.

"Boss, we have to go to bed too."

Even Xiao Yi and Xiao Huo couldn't hold on, and returned to the gourd.

Everyone's jealous eyes immediately showed a hint of greed. Although it was not too revealing, everyone's eyes were shining, and they seemed to be planning something in their hearts.

In any case, once the treasures inside have been distributed, they must send the news of these strange spirit worms back to their forces as soon as possible. These strange spirit worms are terrifying.

There are many such weird powers in this void continent. With these strange spirit worms, they can go anywhere, and they can be said to be excellent treasures. Zhou Zhiwei shook her head and looked at Qin Chen. Qin Chen was still too tender. Even if he had some strength, he would not expose the abilities of these strange spirit insects. Zhou Zhiwei was sure that at least half of the people on the court had already treated them. Strange

The spirit worms coveted.

This is Wuyu, not the land of a hundred dynasties. Qin Chen thought that after joining the Pill Pavilion, he could sit back and relax. Aren't you afraid that others would be jealous? It was too naive. Qin Chen saw everyone's eyes twinkling, how could he not know what these people were thinking? In fact, even if Xiaoyi and Xiaohuo did not show the ability to swallow black mist, their ability to swallow the dragon family martial artist in an instant has attracted many people.

Coveted. It's just that no one on the field is sure to beat him, and there are too many forces to show up for the time being.

[Chapter 1472: Colorful Lingguo](#)

"Qin Shaoxia, I have already seen it. This natural formation is indeed the top-level formation of Tier 8. Although it has been completely exposed now, it will take at least half a month for the old man to break. I don't know what Qin Shaoxia said. Less than three days..."

..."

Lu Yuanhao stepped forward and looked at the natural formation for a while, and said immediately.

Qin Chen said: "Master Lu Yuanhao, Master Ning and you all, you only need to follow Qin's order to break the formation, and naturally you can break the formation within three days."

"Listen to you?" Lu Yuanhao was taken aback.

Is this Qin Chen still a top-notch master of formation? But Qin Chen is just a disciple of the Lower Four Realms. Although he has joined the Pill Pavilion, he should have a certain understanding of the formation, but in the entire Lower Four Realms, it is very difficult to find an eighth rank master. Qin Even if Chen has certain formation skills

, How strong can it be?

"Why, Master Lu Yuanhao doesn't believe in Qin?"

"No, it's just..." "Since I believe in Qin, just do what Qin said." Qin Chen said confidently, and then went straight to the formation, after observing about a stick of incense, he immediately arranged it. Several attack points, said: "Everyone, just follow Qin's

Hit it! "

Although everyone was puzzled, Qin Chen's previous performance was too defying, and coupled with the appointment, everyone immediately began to attack with weapons.

Boom boom boom!

The sound of roaring on the field continued for a while.

Lu Yuanhao and Ning Zetao are both imperial masters of formations. They carefully observed the attack points arranged by Qin Chen, and their faces all had doubts.

Because according to their analysis, the place Qin Chen attacked was not the weakest place of this natural array, so attacking like this would have no effect at all.

Let alone three days, even if it's a month, you can never break this natural formation.

Sure enough, one day passed, and there was almost no fluctuation in this natural formation.

Lu Yuanhao immediately raised his doubts: "Qin Shaoxia, these attack points you have set..."

"Master Lu Yuanhao, it seems that three days haven't arrived yet, right?" Qin Chen interrupted him without waiting for Lu Yuanhao to finish.

Lu Yuanhao was taken aback. It was indeed less than three days, but Qin Chen was simply wasting time by doing this.

Among the rest of the crowd, although there were no 8th-order formation masters, there were also a few slightly familiar formations. They also found that the attack points arranged by Qin Chen did not conform to common sense.

As for other people who don't understand the formation, it is obvious that after everyone has attacked for a day, this natural formation has almost no signs of weakening.

"Everyone just attack. If the formation can't be broken within three days, but Qin takes the responsibility, the previous agreement will naturally be cancelled." Qin Chen seemed to see the doubts of everyone, and said directly without waiting for everyone to speak. .

Since Qin Chen had said so, naturally no one had the slightest objection and all continued to attack.

The next day passed.

The entire natural formation remained unchanged.

Although everyone was disappointed in their hearts, they were also a little excited at the same time.

According to this posture, now two days have passed, the formation has not changed at all, let alone three days, even if it is given another ten and a half months, it is impossible to break open.

Just when everyone thought so.

On the third day, the entire formation immediately made a kakaka sound, which was clearly the rhythm of the formation being broken.

Everyone was taken aback.

Before everyone could fully react, they heard a loud bang, followed by a continuous crackling sound. Everyone present knew that this natural formation had been completely broken.

how is this possible?

The eyes of Lu Yuanhao and Ning Zetao went round suddenly.

The two of them are also considered as Tier 8 Array Masters, and they didn't even see the profound meaning of Qin Chen's arrangement.

How did this son do it?

For a moment, the two of them inhaled air-conditioning, their inner shock was beyond words.

Hum!

When the two were extremely shocked, the natural formation in front of them had been completely shattered, and at the same time an amazing elixir breath spread out, and the pores on everyone were relaxed.

I saw a huge ancient tree tens of feet high in the valley, and hundreds of colorful spirit fruits hung on the branches, which looked extremely gorgeous.

"What kind of spiritual fruit is this?"

Almost everyone screamed in shock, because after smelling the breath of these spirit fruits, everyone felt that the power of the spatial Dao in the body had faintly become more solid.

We must know that in this year of Guyu Realm, almost everyone has condensed the power of Dao principles ranging from seven to eight at least to as many as twenty.

Although the power of space in the ancient Yu world is very strong, the power of this kind of fast and condensed space is always not stable enough, but with this opportunity, everyone will naturally not waste time on the power of stable space.

Almost every martial artist is preparing to condense the power of the Dao of Space to the extreme, and then wait to consolidate it after leaving the Guyu Realm.

The advantage of this is that the cultivation base can be upgraded as quickly as possible, but the disadvantage is that once the power of the spatial path is unstable, it will cause the stagnation of the later stage, and even fail to enter a higher level.

But at this moment, the spirit fruit on this ancient spirit fruit tree, just the scent escaping from it, made the power of the space Dao in everyone's body faintly solidified. This spiritual fruit is absolutely capable of stabilizing the power of the space Dao. Has an amazing effect.

"Swish!" "Swish!" "Swish!"...

In almost an instant, several Wuhuang emperors rushed out and rushed towards the spiritual fruit number.

boom!

They were fast, Qin Chen was faster, a figure swayed past, Qin Chen already appeared in front of a few people, and at the same time the sword domain was released instantly.

Cang!

There seemed to be a ray of swordsmanship shining between the world and the earth, and the terrifying sword intent raged horizontally and horizontally. He stopped the Wuhuang who was rushing towards the spirit fruit tree, and the sword intent broke out. Whitish.

You Qianxue also came to Qin Chen's side instantly, pulling out a sharp sword, her eyes cold.

"Qin Chen, what do you want to do, do you want to swallow this spirit fruit tree?"

One of them, Emperor Wu, who was slashed out, immediately shouted angrily.

As soon as these words came out, the others changed their colors and looked at Qin Chen one after another.

Qin Chen looked indifferently, and said lightly: "I'm afraid it's your lord who wants to swallow it alone?"

He snorted coldly, looked at the crowd, and said: "Everyone, as I have just said clearly, Qin has 40% of the income of the treasure in this valley, and he has the priority to choose. How come the past few days, everyone has forgotten Up?"

"Master Lu Yuanhao and Master Ning Zetao, don't you know how to speak?" Qin Chen said coldly. Lu Yuanhao and Ning Zetao's expressions were slightly taken aback. Indeed, everyone had a conclusion. He

hesitated, but he nodded and said, "Yes, Qin Shaoxia broke the formation and solved the black fog in three days. The power to choose."

[Chapter 1473: I disagree](#)

"I don't agree." A Wu Huang immediately yelled coldly: "I agreed at the time because I didn't know what the treasures in this valley were. Now you all have seen them. The colorful spirit fruits in this valley spoke to the condensed space. The power is of great help

. "Now the total number of spirit fruits on the spirit fruit tree is less than two hundred, and Qin Chen will go for 40%, that is, a full 80, and there are so many of us, but we can only divide the remaining one. One hundred and twenty, about three per talent, previously broken the formation

At the time, didn't we have no effort, so why did Qin Chen take so much alone? "

When this word fell, there were bursts of noise on the court, even some Wuhuang who originally wanted to abide by the rules hesitated.

Eighty and three are indeed too far apart.

Qin Chen's eyes were cold, and he said coldly, "You didn't say that when you agreed to the conditions before. Could it be that you saved you half a year?

"If we knew that the treasure inside was this, we would rather spend half a year to break the formation than you would take away 80 of them. Everyone said, right?" The Emperor Wu suddenly sneered.

"Yes!"

"It is indeed unfair."

"You took eighty pieces by yourself, and so many of us only took the remaining 120 pieces, which is a bit too much."

Before that, the two friends of the Long Family Wuhuang Emperor, also took advantage of the chaos again at this time.

They could not make Qin Chen unlucky, they would naturally be more than happy, not only can they avenge the previous sword, but also get more spiritual fruit, why not?

"Where are the two masters, Lu Yuanhao and Ning Zetao?" Qin Chen looked at Lu Yuanhao and Ning Zetao with a cold look.

Lu Yuanhao and Ning Zetao looked at each other, took a deep breath in each other, hesitated, and said, "Everyone, since there was an agreement in advance, it would be wrong for me to wait for such a breach, right?" Now, I just feel that this kind of distribution is unfair, and I want a fair distribution. Then Qin Chen has indeed made a lot of effort. I personally think that giving him half of it, which is ten, is already good. As for the remaining

There are less than two hundred pieces, and we can each get five pieces, so it is considered reasonable distribution. "

Seeing that many people were supporting him, Emperor Wu suddenly sneered.

"is it?"

Qin Chen's eyes were cold, and he was too lazy to talk nonsense, and slashed it directly.

"Extreme Path Killing Sword!"

As soon as he came up, he moved the killing intent and displayed the ultimate killing sword. In a short time, countless sword auras gathered together and turned into a misty sword shadow, like opening up the world, and slashing towards the emperor.

Boom!

The sword light is floating, the sword domain is permeated, the world is full of dazzling sword auras, and the terrifying sword intent firmly locks the Emperor Wu in the middle.

"Everyone, let's go together, I don't believe that there are so many of us, and we can't deal with a little Xiaosiyu kid."

Under this breath, the Emperor Wu only felt that he was stared at by a pair of cold eyes, like the eyes of a **** of death, chill rising from the soles of his feet.

He yelled, displaying a pitch-black shield while encouraging others to take action.

"stop!"

"Qin Chen, I have something to say."

"Qin Shaoxia, stop."

Everyone on the side screamed, and the two friends of the Long Family Wu Huang, one after another, were killed again.

"Dead!" Qin Chen yelled coldly, the power in his body erupted completely, and the mysterious rust sword burst out a dazzling glow, slashed on the black shield, and with a bang, the black shield was instantly hacked under this sword in two halves, under the shield, the Emperor Wu's face was shocked

With a terrified look, his figure hurriedly retreated, but in the blink of an eye, he was instantly enveloped by the burning sword energy.

"what!"

"Puff!"

The screams sounded, and then stopped abruptly. Under the eyes of everyone, the Emperor Wu was instantly shattered into blood mist, with no bones left.

With one sword, the mid-term Wu Huang of the Changhe Xiao family was instantly killed and turned into ashes.

hiss!

Everyone sucked in air-conditioning. Many of them were just about to rush out, but they stopped abruptly, and only the two friends of the Long Family Martial Sovereign were left.

Seeing that everyone stopped, the two people who were already in the air were suddenly terrified, and they hurriedly retreated.

"Originally, Qin had bypassed the two lives, now it seems that Qin is too kind!"

When the words fell, Qin Chen once again cut with two swords.

boom!

The monstrous sword aura permeates the world, like the arrival of the ancient sword god, the sword intent containing the ultimate killing intent will cover the sky and cover the sun, completely enveloping people, and then be cut into pieces.

The screams fell, and there were no more traces of two people in the void, only two pieces of blood mist that had not been completely dispersed, slowly drifting away.

Raising his hand and beheading the three mid-term martial emperors, Qin Chen turned around and coldly looked at the others on the court, and said, "Who else wants to break his promise and shoot Qin?"

Quiet!

Deathly silence.

No one on the court said anything, just looking at Qin Chen in horror. The three mid-term martial emperors were killed by the sword of such an early peak Martial emperor Qin Chen. Such an impactful scene made everyone's heart impossible for a long time. calm.

"It seems that no one wants to violate the agreement anymore."

Qin Chen hummed coldly, turned around, raised his hand, and suddenly seventy-nine colorful spirit fruits were put into his storage ring.

Then Qin Chen said: "There are a total of 198 colorful spirit fruits on this fruit tree. I divided it into 40%. I took away 79. There are 119 remaining and 30 remaining on the field. Five people, three per person, and fourteen remaining." "The two masters Lu Yuanhao and Ning Zetao had a lot of effort before, and each of them divided into five pieces. As a testimony, Zhou Zhiwei of Misty Palace and You Qianxue of Law Enforcement Hall were the same. Five, six are left, there are exactly six forces left on the field, one force has one more

Pieces. "Although Qin divided more, but Qin saved a full 100 years for each of you, and you only reduced from the original five to three. Qin saved you all. In half a year, isn't it worth two

A colorful spirit fruit is not a success? "

"Who has any opinions about this distribution?"

Qin Chen stared at the people coldly.

"I have no comment."

"No comment."

"Qin Shaoxia is right. Although I only took three of them, I got it for nothing, and it didn't cost much."

"Also please Qin Shaoxia assign!"

If Qin Chen didn't show his strength, many people might still argue. Now that Qin Chen shows his strength, who would have an opinion? What's more, when I think about it carefully, Qin Chen is actually right. Although Qin Chen personally took a lot, but on average, they only reduced from five to three, but they saved a full half a year. To be honest, they also took advantage

Seeing that no one had any opinions, Qin Chen divided all the remaining colorful spirit fruits out.

"Qin Shaoxia is fair. With such a distribution, Qin Shaoxia himself should have lost half of the pieces, which is a bit of a loss." Lu Yuanhao took five colorful spirit stocks with joy and said with a smile.

"Master Lu Yuanhao is polite. Although Qin is missing half of it, it doesn't matter. For this half, Qin will use this colorful spirit fruit tree as a mortgage."

As Qin Chen said, he went straight to the colorful spirit fruit tree and dug up, actually trying to dig away the entire colorful spirit fruit tree.

"Huh? There seems to be a breath of spiritual things here just now, what is it?" At this moment, a strong cold sound suddenly sounded, and an astonishing breath rushed in from a distance, instantly falling into the crowd. In the middle, the strong breath makes everyone darkly change color.

[Chapter 1474: Ancient Cangwu Emperor](#)

boom!

The terrible breath was suppressed and delivered a terrible pressure, and only one person slowly walked out of the crowd.

It was too amazing, his breath came in, and everyone on the court retreated and couldn't keep quiet.

The person's gaze fell on the spiritual tree Qin Chen was digging, and frowned, "What tree is this?"

Earlier, he felt an astonishing spirit fruit aura here, so he rushed in quickly, but never thought that after arriving here, he didn't notice anything.

"Ancient Cangwu Emperor!"

When everyone saw the people, they were shocked and exclaimed.

"It's the ancient Cangwu Emperor of the Xuanyuan Empire!"

"A strong man in the late eighth stage!"

"Why is he here?"

"It's over!"

Everyone felt chills and their complexions changed drastically.

Ancient Cangwu Emperor, the late Emperor Wuhuang of the eighth stage of the Xuanyuan Empire, had superior strength and capable of reaching the sky.

With so many people on the field, although some were barely close to the mid-term peak Martial Emperor of the late eighth stage, these people were only the mid-eighth or mid-term peak Martial Emperor before the Guyu Realm.

The ancient Cangwu Emperor, before entering the ancient Yu realm, was already an eighth-stage late Emperor Wuhuang, and came from the extremely terrifying Xuanyuan Empire. This person was famous and famous around him.

Now that more than a year has passed, with the strength of the ancient Cangwu Emperor, he no longer knows how far he can improve his cultivation.

No wonder, only powerful people like Ancient Cangwu Emperor could approach this place silently without being noticed by anyone.

With a few hands, Qin Chen dug up the colorful spirit fruit tree and put it in the storage ring before looking at the ancient Cangwu Emperor.

I saw that the ancient Cangwu Emperor looked only forty years old, but he was handsome and handsome, with a kind of charm of a mature man, which was heartbreaking.

The whole body of the ancient Cangwu Emperor was filled with ancient charms, forming an invisible space barrier. This clearly told everyone that he was a Martial Emperor of the late eighth stage.

As soon as he came in, everyone saluted them and did not dare to neglect. Although everyone came from different forces, in this ancient Yu world, if they really offended the ancient Cangwu Emperor, the other party wanted to kill them easily.

What's more, facing the top martial emperors of other forces, they should also express their due respect.

Emperor Gu Cangwu raised his head slightly. After receiving such treatment, he naturally wouldn't care about such awe. He just turned his eyes and looked at Qin Chen.

Very simple, the audience did not show special respect for him and You Qianxue, it was too abrupt, and Qin Chen actually put away the mysterious fruit tree after he arrived.

But he didn't care, because he believed that the other party would take it out obediently if he wanted it.

"Oh, it turned out to be you, Dan Pavilion boy, you are crazy, and you dare to call the Emperor Banfeng Lei outside the Guyu realm, a bit courageous!"

The ancient Cangwu Emperor smiled, his smile was casual and contemptuous. He had such qualifications and strength.

However, he also had some doubts in his heart. Why would there be so many people on the court that everyone would let Qin Chen put away the old tree, which was very strange.

"Let's talk, what's here just now?" He said lightly, his tone was very calm, but with an intent to hold his breath, as if an emperor was interrogating a courtier.

"This seems to have nothing to do with your Excellency?"

Qin Chen frowned and said.

It was actually a late martial emperor of the Xuanyuan Empire, this...it was a bit troublesome.

It's not that Qin Chen is afraid of the other party, but that the people here are so messy and don't use many things.

"Emperor Gu Cangwu, I will retire first."

After someone salutes, they turn around and leave.

puff!

Suddenly a black glow fell, and the person was blocked by a stream of light, and the ground in front of him cracked silently, like molten flames.

"Did I... have you let you go?"

The ancient Cangwu Emperor turned and smiled faintly, but the smile made everyone shudder, the whole body was like a falling ice cellar, and it was cold.

The man's face turned pale, and he didn't dare to move. The other strong men who were planning to leave secretly, their feet were as if nailed, they didn't dare to move.

"Let's talk, what on earth is there?"

His eyes were burning, staring at a martial emperor.

"I..." The man dared not speak.

boom!

Ancient Cang Wu Huang raised his hand, his true essence skyrocketed like a divine rainbow, and grabbed the Wu Huang in his hand.

"Senior Gu Cang, I am Longhe Xiao Family Martial Emperor, and I also ask Senior Gu Cang to be merciful." The man shouted, his face pale, and his heart was terrified.

"The Changhe Xiao Family, is it very strong?" Gu Cangwu Huang laughed, "Do you think my Xuanyuan Empire would be afraid of your Changhe Xiao Family?"

"I....."

"Well, I'll give you three breaths. If you don't say it, you don't have to say it." Gu Cangwu Huang said indifferently.

"I said, I said..." The man couldn't hold back anymore, and even said what had happened before. Senior Cang."

When the voice fell, he directly handed over the three colorful spirit fruits he had obtained.

"what?"

The ancient Cangwu Emperor took the spirit fruit, his eyes brightened, this fruit contains inexplicable power, it seems that even the power of the spatial Dao in his body can be condensed, very mysterious.

His eyes suddenly showed greed.

He was originally the Martial Sovereign of the late eighth stage. In this ancient Yu world, if he practiced with all his strength, three years would be enough to make the power of the spatial Dao in his body reach the limit of the peak of the eighth late stage.

But most of the later Wuhuang did not dare to do this. A very important reason is that condensing too much power of the Dao in the Guyu Realm at once will cause the power of the Dao in the body to be unstable. Other martial emperors have enough time to go out and continue to condense, and their eighth ranks The later Emperor Wu,

Although it can be the same, it will have a certain impact on future breakthroughs.

Therefore, many later Wu Huangs in this ancient Yu world didn't dare to condense the power of the spatial principles to the ultimate 100.

But now, seeing this colorful spirit fruit, Gu Cangwuhuang's eyes brightened.

If he had enough of this kind of spiritual fruit, he could completely condense the power of the spatial Dao in his body to the ultimate 100 without any worries.

boom!

He threw the Emperor Wu on the ground casually, the other party was embarrassed, but did not dare to complain, just stood aside in shock, and did not even dare to leave.

The hearts of everyone on the court were raised, and everyone saw the trace of greed in the eyes of the ancient Cangwu Emperor, and they were extremely worried.

If the ancient Cangwu Emperor wants them to ask for it, will they pay or not?

However, the ancient Cangwu Emperor also learned of these colorful spirit fruits from the Changhe Xiao family's population, and 40% of them were taken away by Qin Chen, shouldn't he be so anxious to find them?

Sure enough, Gu Cangwu Emperor was the first to look at Qin Chen, and said in surprise, "Unexpectedly, you are still an eighth-order formation master?" Gu Cangwu Emperor was surprised that his tone was not so ferocious, he was quite polite.

[Chapter 1475: Stretch out an olive branch](#)

Everyone wondered, whether it was Qin Chen alone occupying 40% of the colorful spirit fruit, or the previous conflict with Emperor Fenglei, the ancient Cangwu Emperor shouldn't be so polite when he treated Qin Chen?

Qin Chen nodded, "Not bad."

The eighth-order formation master, and also the top genius of the pill pavilion, he actually does not need to tremble in front of the ancient Cangwu Emperor. What's more, his own combat power is no worse than the eighth late-stage Wuhuang, so he is not afraid of it at all. color.

"It's interesting, the eighth-order formation master, the alchemy genius of the lower four domains." Gu Cangwu Huang smiled: "You, are you interested in joining my Xuanyuan Empire?"

The ancient Cangwu Emperor actually handed out an olive branch to Qin Chen.

How is this going?

Everyone was surprised.

It seems that things are not developing at the pace they imagined.

But the next moment, everyone was shocked, and they had to admit that the ancient Cangwu Emperor was really sharp.

Regardless of Qin Chen's talent, cultivation base, or strength, he is the best among Tianjiao. Although he joined the Dan Pavilion, he was only selected from the lower four domains instead of directly cultivated.

If he could draw this son into his own power, he would not only be a great accomplishment, but would even severely frustrate Dan Ge's face.

Qin Chen showed a smile: "Thank you for the love of Emperor Gu Cangwu, but I am originally a member of the Pill Pavilion, not to mention that he doesn't have any good feelings for the noble empire, so it's all right. If Emperor Wu Cang has nothing else, Qin A goodbye."

Qin Chen didn't know what Gu Cangwu Emperor was selling, and he didn't want to know, plus this was not a good place to fight, so naturally he didn't bother to fight the opponent.

Everyone was horrified and speechless, and Qin Chen secretly said that Qin Chen was bold enough.

In front of the ancient Cangwu Emperor, he said that he had no affection for the Xuanyuan Empire. Isn't this slap the ancient Cangwu Emperor in the face?

Sure enough, Emperor Gu Cangwu's gaze suddenly sank, and he said so. Unexpectedly, Qin Chen not only did not have the slightest respect, but also dared to slander his Xuanyuan Empire in this way, which made him feel unhappy.

But he didn't know why, and quickly smiled again, and said: "Well, since your ambition is not here, the emperor will not force it."

He paused for a while and said: "However, those who are predestined to get the spiritual things here, I heard that you have received a lot of colorful spiritual fruits, please hand them over."

Everyone's eyelids twitched, and the show came. Qin Chen sneered, knowing that the other party wanted this colorful spirit fruit, he had to chirp, he was not afraid or counseled, and said: "The genius is the treasure, the destined person, the person with the strength can get it. Fruit, but it's all from the hard work of this young man, the ancient Cangwu Emperor

So, have you passed? "

When everyone heard it, they were all drumming in their hearts. Is Qin Chen going to openly tear his face with Gu Cangwu Emperor?

Even if you should get this spirit fruit, but since the ancient Cangwu Emperor has come, you got 40% of it before, at least you have to spend more than half of it, right? In answering this way, do you want not to take out a single fruit?

No matter how strong you are, how can you be the opponent of Ancient Cangwu Emperor.

After all, this is a world where the strong are respected!

After all, the ancient Cangwu Emperor was an old-fashioned late-stage Martial Emperor, a strong man in the Xuanyuan Empire, and Qin Chen dared to directly refute the ancient Cangwu Emperor.

"Are you rejecting this emperor's request?" Gu Cangwu Emperor narrowed his eyes and said lightly.

Suddenly an invisible murderous intent spread, and the world seemed to tremble.

"If you have to think so, then count it as rejection." Qin Chen said indifferently.

Everyone was shocked, Qin Chen insisted to challenge Gu Cangwu Emperor. Where did he get the confidence? Do you rely on the strange spirit worms?

Sure enough, they are warriors from the lower four realms. They are too naive. With the identity of the ancient Cangwu Emperor, how can they not have a hole card? I am afraid that the strange spirit insects that can change their color are nothing to the ancient Cangwu Emperor. Up.

"Haha." Gu Cangwu Emperor laughed, but the laughter gradually became colder. He looked at many Wu Huang, as well as Zhou Zhiwei and You Qianxue: "I heard that there is also a disciple from Misty Palace and Law Enforcement Hall. I have seen it all, it's not the emperor who bullied others,

The emperor has already paid tribute to the army, and Qin Chen also said before, that the talented person knows that the emperor now requires that Qin Chen hand over all the spirit fruits. If Qin Chen refuses, then don't blame the emperor. It's ruthless. "

The ancient Cangwu Emperor looked at Qin Chen coldly, "Young man, you are very good, but just after easy break, sometimes you are too sharp, I am afraid that you will not live long!"

This is a threat from the strong.

A terrible power flowed, everyone only felt that their chests were stuffy, and it was indescribable.

At the same time, everyone also understood why the ancient Cangwu Emperor had to chirp so much. He wanted to obtain spiritual fruit, but also wanted to remain invincible without breaking the rules.

If Qin Chen insisted on guarding those spirit fruits and was killed by then, Pill Pavilion would not be able to hold his ancient Cangwu Emperor too accountable.

The methods are despicable but very clever.

Invisible killing intent lingers, but Qin Chen doesn't matter. His physical strength surpasses the general eighth-stage late peak martial emperor, just a momentum, and he wants to overwhelm him?

"Qin is still the same sentence, the treasure of heaven and earth, those who are predestined will get it!" He said neither humble nor humble.

Don't you just want to find an excuse to do it? Just come, he is not afraid at all. "Sure enough, you are like the little Nizi of the Illusory Demon Sect. You claim to be a saint, but you are stubborn. The emperor of the Xuanyuan Empire has not listened to the order twice and repeatedly. That is a dead end." Gu Cangwu sneered. With a sound, he put his right hand out, towards

Qin Chen grabbed it from the air, and the true essence drew the power of the space, turning into a **** hand, flashing a lot of spiritual light, that is the embodiment of the power of space.

The ancient Cangwu Emperor made a move, but only a little aftermath, the valley was trembling, as if the world was about to collapse.

Qin Chen frowned. What did the words of the ancient Cangwu Emperor mean? Is there any danger in Chen Sisi?

Although he was puzzled, but his expression remained unchanged, the Martial Emperor of the eighth stage late stage was really nothing in his eyes.

He had just slaughtered a statue not long ago. Although the ancient Cangwu Emperor was stronger than the ancient eagle elder, he had not even reached the level of the Tianfeiwu Emperor.

The mysterious rust sword came out, and Qin Chen used the terrifying power in his body, heart, sword, hoo, slashed out with a sword, and slashed into the **** hand.

When everyone saw this, their tongues came out in surprise.

This is a standard praying man's arm, and Xiaoxiao's peak Martial Emperor in the early stage of the eighth stage actually wanted to fight against him in the late stage of the eighth stage.

"Is this Qin Chen inflated?"

"Do you think you will be invincible after killing two mid-term Martial Emperors?"

"This...too reckless." Everyone shook their heads, not optimistic about Qin Chen at all. In the later period of Emperor Wu, it was too far from the peak of the mid-term, and it was not in the same size at all, let alone an old brand like Ancient Cangwu Emperor. Emperor Wu.

[Chapter 1476: Strong shot](#)

boom!

In the various moods of everyone, Qin Chen and Gu Cangwu Huang also really had a confrontation, and the terrible strong wind roared, forming an astonishing roar.

The endless brilliance is dazzling, everyone feels that they are blind and can't see anything clearly, but their ears are filled with rumbling noises, showing how terrifying the scene they appear to be.

But after only a while, many people lost their hearing in both ears, and could hear nothing.

Because this violent sound is too terrible, beyond the limit they can bear.

Many people are bleeding from the seven orifices, and only feel that their heart is about to explode like a drum.

Most people just feel uncomfortable, but there are also a few people such as Lu Yuanhao who can persist, showing indescribable shock.

In the later stage of Wu Huang's move, shouldn't Qin Chen be taken down instantly? Whether it is capturing or killing, it must be just a matter of raising your hand, but now it is loud and the battle continues. What does this mean?

The ancient Cangwu Emperor has not won Qin Chen!

how can that be!

That was just the beginning of the Martial Emperor, even with the name of Master Alchemy Dao and Master Formation Dao, he had previously killed several mid-term Martial Emperors, but this by no means meant that he could be equal to the later Martial Emperor.

At least half a time later, everyone suddenly realized that the terrible sense of oppression was gone, and the front line of sight was slowly recovering, and the deafness was improving.

The dust fell in the sky, and two figures facing each other appeared.

Ancient Cangwu Emperor, and... Qin Chen!

hiss!

Seeing this scene, everyone was shocked, even wanting to hold their heads in their hands, shouting that it was impossible.

The initial peak rivaled the later Emperor Wu, and he was also the veteran powerhouse of the Xuanyuan Empire.

Even dreaming is something that I dare not think about, but it is happening in reality.

Who can believe his eyes?

"I, I must be blinded!"

"This can't happen!"

"Fake, all fake!"

After a short silence, there was a dumbfounded noise. Everyone was speechless, as if they wanted others to remind themselves that all this was just dreaming.

Because, every Martial Emperor who can come to the Guyu Realm is not an ordinary character, but is a martial arrogant among the major forces.

Although they are older, it is undeniable that when they are young, they are like the many arrogances who have entered the ancient Yu world at this moment, and they are also arrogances of major forces.

While the normal Tianjiao can leapfrog the ordinary martial arts powerhouses, but in front of these Tianjiao martial emperors, he has to bow his head.

But Qin Chen?

You said that he killed the mid-term Wuhuang at the initial peak. After all, some enchanting characters can leapfrog and fight even in Tianjiao, not absolute.

But now it was at the early stage of the battle against the late stage of the eighth stage, not only over two levels, but also facing the late Martial Emperor, and the opponent was the top powerhouse of the Xuanyuan Empire.

This.....

The Arabian Nights! Many people were shocked. Even Lu Yuanhao and Ning Zetao were shocked. Fortunately, they had not clashed with Qin Chen because of Qicai Lingguo before. With the strength that has been shown now, if everyone was dissatisfied with their distribution, once the conflict arises, it will be fierce.

It must be them.

"The untouchables of the Lower Four Regions are so incredible?" Gu Cangwu said, with a strong shock and curiosity in his tone. The glow in his eyes skyrocketed, but he didn't lose his attitude.

Others only knew that Qin Chenqiang was outrageous and could match the late Emperor Wu Huang, but the ancient Cangwu Emperor knew that Qin Chenqiang was strong, and he was still far inferior to himself in mastering the power of space.

There was already a gap between the late Emperor Wu and the early Emperor Wu.

However, the swordsmanship of this child is terrifying, especially the sharp sword in the opponent's hand. It is so powerful that even he feels the slightest dangerous aura. It must be some kind of heaven-defying **** soldier, and the lowest is also the top imperial soldier. .

No...maybe more!

At this moment, the light in the ancient Cangwu Emperor's eyes was even stronger. If the sharp sword in Qin Chen's hand was a rank 9 imperial soldier, then his unintentional coming this time would be considered a major gain.

Whether it is the emperor soldier or the colorful spirit fruit, they are of great help to him, enough to be crazy about it.

"Haha, it's just a fluke," Qin Chen said lightly.

The ancient Cangwu Emperor naturally didn't believe it. What kind of luck could an early Emperor Wu have the strength to rival that of the later Emperor?

He said coldly: "You should have taken some kind of pill or strange treasure that inspires combat power, coupled with the benefit of weapons, so you have such combat power."

The pill pavilion is the place where all the alchemists in the world gather, and the pill that inspires combat power in the pill pavilion genius is naturally normal.

It's just that that kind of pill basically has serious side effects, which is tantamount to chronic suicide.

Qin Chen shrugged. This ancient Cangwu Emperor was indeed imaginative. He said indifferently: "Whatever you think, since your Excellency can't hold me, Qin will not accompany me and leave."

Whoosh!

He rose up and rushed straight out of the valley.

At this time, the ancient Cangwu Emperor trusted his own judgment even more. Generally, the elixir that activates the potential will inevitably have a time limit. Qin Chen is afraid that the effect of the medicine will pass, and must leave the battle in time.

"Haha, want to go, is it that easy?"

Ancient Cangwu Emperor sneered, caught up in an instant, and threw a punch.

Boom!

The sky trembled, nearby trees burst to pieces in an instant, the ground was trembling, and the terrifying fist turned into a hurricane and rushed towards Qin Chen.

Qin Chen condensed his eyes, knowing that Emperor Gu Cangwu had moved his true strength, but he did not dare to be careless, the Immortal Eucharist urged out instantly. This urge, as if an ancient behemoth was resurrected, the air was turbulent, and waves of power rushed in all directions, bang bang bang, where the power surged, the ground burst open, as if it had been plowed, Many people in the valley agree

Unable to bear this force, they backed up one after another, and two of the early peak martial emperors even sat down on the ground.

You know, these are the top talents of the major forces.

Everyone sucked in air-conditioning, and only then had a deeper understanding, Qin Chen... indeed had the strength to rival the late Martial Emperor!

It's incredible. He has the power of the late Martial Emperor just when he stepped into the realm of the Martial Emperor, so once he breaks through to the late Five Elements, how strong will he be?

Just thinking about this possibility, everyone is breathing hard.

Isn't Wu Huang invincible?

When Emperor Wu Tian is not out, this person will be invincible by then.

"Huh, little bugs."

The ancient Cangwu Emperor was also shocked, but he snorted coldly.

Rumble!

The exercises he practiced were already extremely domineering, and at this moment, when he used his full strength, the world suddenly turned into a black giant mountain, the giant mountain rumbling, and the gods are majestic, rolling down.

He is the late Martial Emperor, and the space power he can mobilize far exceeds that of the early Martial Emperor. What's more, the true essence in his body is also stronger. When he is furious, he is like heaven and earth, and inexplicable horror. Want to kill Qin Chen with one blow!

[Chapter 1477: Time and Space Imprisonment](#)

Everyone was shocked, shivering under this force, fighting against such a power with all their strength.

Qin Chen was very interested. Although he had just slaughtered the Martial Emperor of the late eighth stage not long ago, it was with the help of Skeleton Rudder Master and Xiaoyi and Xiaohuo.

Is it possible to fight against the late Martial Emperor by relying solely on your own strength?

With a long scream, the mysterious rust sword moved again, extremely powerful, and he wanted to face the ancient Cangwu Emperor head-on, not at all.

Boom!

The two battled, from the ground to the sky, everyone only saw endless flashes of light flashing underneath, and there were constant thunderous loud noises.

Some people wanted to fly into the air and watched from a close distance, but found that they couldn't get close at all, because the heavens and the earth were filled with the supreme pressure of the ancient Cangwu Emperor, and the power of the space that diffused completely suppressed their power.

If it is forcibly approached, it will only be suppressed by the force of the true essence that swept out and the terrifying space, and be involved in this battle.

In the sky, Qin Chen did his best, playing heartily.

In the later period, the power of the spatial principles controlled by Emperor Wu Huang was generally several times or even ten times that of the early Emperor Wu. Therefore, the ancient Cang Wu Emperor extracted a large amount of spatial power to completely flood this place, and the formed space barrier suppressed Qin Chen's body. The power of space.

No matter how powerful Qin Chen's spatial Dao was, it would generally not be able to compare with the later Emperor Wu, but it didn't matter. Once the sword domain was added, Ancient Cang Wu Emperor would never imagine that he could easily suppress Qin Chen.

What's more, Qin Chen's strongest body is the physical body, the immortal saint body and the body of space operate, and the difficulty of the ancient Cangwu Emperor wanting to hurt Qin Chen is far from ordinary.

boom!

Qin Chen ignored Gu Cangwuhuang's offensive, but let go of his body, sometimes changing his moves, playing completely unreasonable.

No way, his physique is too tyrannical, and the defense of the conventional Immortal Eucharist is close to that of Emperor Wutian, and once the space body is actively operated, his defense power can be soaring, and it can completely take the ancient Cangwu Emperor. bombardment.

Sometimes the attack of Emperor Gu Cangwu swept Qin Chen, and Qin Chen was completely unscathed, but Qin Chen cut it out with a single sword, but Emperor Wu Cang did not dare to hold on.

This made the ancient Cangwu Emperor a big head. He had never seen an opponent like this. He was obviously weaker than his own, but he was not afraid of his own attack. At the beginning, the ancient Cangwu Emperor still guessed that Qin Chen had taken some kind of potency-activating pill, and it was impossible to stay in this state forever. But in the blink of an eye, the two sides fought hundreds of tricks. Qin Chen was still alive and well. Just make him feel bad

Right.

He was depressed inside, and he couldn't hold Qin Chen even after taking the shot for so long.

Why is this kid so strong?

The ancient Cangwu Emperor was full of curiosity. Now he can be sure that Qin Chen did not take the pill that stimulated his potential, but used another method to achieve a leap in combat power. This made him startled and aroused strong emotions. Coveted.

He must obtain such a secret technique, which will surely increase his strength countless times. By then, he will be the strongest person in the Xuanyuan Empire's trip to suppress the later peak Wuhuang.

"Humph!"

The ancient Cangwu Emperor snorted coldly, realizing that he couldn't hold Qin Chen for a long time, and suddenly moved angrily, buzzing, an inexplicable phantom appeared above his head, like a stream of light, and like nothingness.

What bloodline is this?

Qin Chen was slightly surprised. The crazy fight with Gu Cangwu Emperor made him heartily, and he instantly understood his strength, but at this moment, the bloodline released by Gu Cangwu Emperor shocked his heart.

As if shrouded by some mysterious power.

"It's coming out, it's the blood of the ancient Cangwu Emperor."

"The legendary ancient bloodline is said to be able to freeze time and space."

"This is the top bloodline in the mainland, and I will finally see it today."

There was a noise from the crowd, and they were very excited, and they looked at it intently.

An invisible streamer appeared from the top of the ancient Cangwu Emperor's head, emitting a misty halo.

Qin Chen was surprised, he found that his body seemed to freeze, and he couldn't move at all.

Can the blood of the ancient universe freeze time and space?

He was shocked, there is such a bloodline in this world?

The power of time and space is the power of the top rules of the Tianwu Continent, and time and space represent time and space.

However, the power of space can be understood and mastered by the powerful emperor, but the power of time, even the powerful emperor of the nine days, cannot be touched. This is a taboo area.

But at this moment, the power of the ancient Cangwu Emperor's bloodline actually had the power to freeze time and space, how could this be possible?

However, Qin Chen clearly felt that his body seemed to freeze, and everything in the world seemed to be still at this moment.

No, although the body could not move, Qin Chen could see that Lu Yuanhao and the others below were still able to move, and he was the only one affected.

Is he the only one who is imprisoned in time and space?

But time and space are imprisoned, why does his thinking still work?

Qin Chen showed his soul power and immediately discovered that there was a mysterious power lingering in the void, and it was this mysterious power that changed the rotation of his true essence and solidified the power of this space.

He had a clear understanding in his heart, and it should be this force that made him unable to move.

This is not the power of time and space, but a kind of solidified power, just like the power of space.

Qin Chen breathed a sigh of relief.

In fact, for a seventh-order martial king, an eighth-order martial emperor can completely use space enchantment to confine the opponent in space. Is this also a space-time power? ridiculous!

But I have to admit that the power of the ancient Cangwu Emperor's bloodline is very strong, even Qin Chen said for a while, his body was imprisoned, very powerful.

Naturally, Emperor Wu Cangwu would not waste such an opportunity in vain. He rushed forward and pointed out a golden light, turning into a sharp sword, piercing Qin Chen's eyebrows, to pierce his head.

"stop!"

Suddenly a loud shout sounded, You Qianxue made a move. She is always paying attention to the situation, and she has endless sword energy erupting.

Shoo!

The ice sword swept across the sky, overwhelming the sky.

"Go away, even if you are from the Hall of Law Enforcement, you have no right to intervene!"

The ancient Cangwu Emperor coldly yelled, slapped his backhand, and banged, his palm prints collided with the sky full of sword aura, both vanished, and You Qianxue's figure flickered and killed again.

The ancient Cangwu Emperor was shocked. He thought that this palm could force You Qianxue back, but who would have thought it didn't work.

What's going on today? How did Jing meet such a monster?

If the opponent was Emperor Finglei of his Xuanyuan Empire, the Ancient Cangwu Emperor might not be so shocked, but You Qianxue was just an unfamiliar disciple of the Law Enforcement Hall, how could he be so strong?

He was annoyed, and shot again, booming, the sky was shattered with sword aura, and You Qianxue flew out dozens of meters. I have to say that Gu Cang Wuhuang is indeed the top martial emperor of the Xuanyuan Empire. His strength is staggering. Under You Qianxue's full strength, he just barely resisted, and could not bring him too much obstacle.

[Chapter 1478: Retained strength](#)

However, because of You Qianxue's action, Qin Chen seemed to have a chance to breathe. There was a bright luster on his body, and his body was like jasper, exuding a supreme aura that surpassed mortal dust.

Bang!

The sharp sword made of Jin Guanghua stood on Qin Chen, bursting out endless rays of light, so that Qin Chen kept backing up, poof, a mouthful of blood spurted out, Qin Chen flew out, and seemed to be seriously injured.

"Less dust!"

You Qianxue was shocked, her expression furious, and she killed again.

"Don't think you are a member of the Hall of Law Enforcement. This emperor will not dare to move you. If you mess around, this emperor will kill you together." The ancient Cangwu Emperor was angry at You Qianxue's presumption, and shook You Qianxue away again.

However, You Qianxue is a member of the Hall of Law Enforcement after all, even if the ancient Cangwu Emperor is proud, and the Xuanyuan Empire behind him is strong, he dare not slay a member of the Hall of Law Enforcement in full view.

"Qianxue, don't be nervous, I'm fine, there are too many people here, I'll contact you again when I turn around." Just when You Qianxue was anxious, Qin Chen's voice sounded in her ears.

You Qianxue was taken aback.

Then, she saw Qin Chen suddenly turn his figure, turning into streamer, and sweeping towards the depths of the forest.

He seemed to have performed some kind of secret technique, and his figure was raised to the extreme, and he disappeared in the mountains and forests.

"Where to go."

The ancient Cangwu Emperor snorted coldly, chased after him, and disappeared into the forest in the blink of an eye.

The valley that had resounded violently, immediately returned to its calm, leaving only a group of people looking at each other.

"Everyone, I'll leave first."

"I'm waiting to leave."

Whoosh whoosh...

Many people saw the ancient Cangwu Emperor leave without thinking, and left the valley directly.

With such a good opportunity, if you don't leave quickly, if you wait for the ancient Cangwu Emperor to return, wouldn't it be necessary to obediently hand over the colorful spirit fruit.

"Ugh."

Lu Yuanhao, Ning Zetao and others glanced at You Qianxue, and then arched their hands at You Qianxue: "Girl, you should quickly inform the master of Dan Pavilion or the master of your law enforcement hall, otherwise Qin Shaoxia..."

Speaking of this, the two sighed together.

Although Qin Chen and Gu Cangwu Huang fought a difficult battle before, the previous fight clearly told everyone that although Qin Chen was strong, he was still not the opponent of Ancient Cangwu Emperor. Once the ancient Cangwu Emperor catches up with Qin Dust, then Qin Chen must be fierce.

However, with the strength of the ancient Cangwu Emperor, would he not be able to chase after an initial peak, the Emperor Wu?

It is impossible to think about it.

So the two of them can only give You Qianxue such an idea.

"Thank you for both of you." You Qianxue nodded, and hurriedly pursued where Qin Chen had left.

"Oh, Qin Shaoxia is so talented. It would be a pity if he fell here." Lu Yuanhao and Ning Zetao shook their heads. The two of them still admired Qin Chen very much. If it hadn't been for Qin Chen to open the valley in time, wait for the ancients. As soon as Emperor Cangwu came, based on the virtues of Emperor Cangwu, could they be assigned to the colorful spirit fruit?

.

"Hmph, what's a pity, that Qin Chen is not a good thing, just a small martial artist in the lower four domains, even if he has some ability, he is going to go 40% of the time, now the retribution is coming."

"When Qin Chen killed the Long Family martial artist, wasn't he also very happy? The weak and the strong, he deserved the crime."

But some people sneered, very disdainful, and even had a glimmer of gloat in their eyes.

Qin Chen, a disciple from the Lower Four Regions, was going to walk 40% of the colorful spirit fruit, nearly 80 in total. Who is not jealous, who is not jealous? Seeing Qin Chen's bad luck now, there was a secret joy in his heart.

Zhou Zhiwei couldn't help showing a trace of disgust on her face listening to these people's exchanges.

Is this the so-called martial arts powerhouse? Compared with the people in the lower four domains, how tall are they?

She didn't bother to stay with these people, her eyes flashed, and she flew past quietly in the direction where You Qianxue had left.

There was a faint suspicion in her heart. When Qin Chen fled away in embarrassment, You Qianxue's eyes were a little nervous at first, but she quickly calmed down, completely unlike worrying about Qin Chen.

There must be something weird in it.

At this time, in the depths of the mountains and forests, Qin Chen was flying at a high speed while constantly paying attention to the surroundings.

After half a stick of incense, Qin Chen had left the valley far away, and only after realizing that no one around him followed him, he stopped instantly, and quickly threw a formation flag around the forest.

As soon as these formation flags were thrown out, they quietly hid in the void and disappeared.

Qin Chen had just finished all this, swish, the sound of breaking through the air, a stream of light rushed over, it was the ancient Cangwu Emperor who had been tracking along.

"Hey, why didn't your kid escape?" Gu Cangwu Huang looked at Qin Chen below, and said in confusion.

"Why should I run?"

The panic on Qin Chen's face has completely disappeared, and a faint sneer is drawn at the corner of his mouth.

The ancient Cangwu Emperor frowned slightly, and felt something wrong. Could it be that the opponent ambushed the master here?

He perceives it to diffuse out, but he has never felt the breath of other people. Within a hundred miles, there are only two of them.

"Pretend to be a fool!"

Ancient Cangwu Emperor coldly drank, too lazy to talk nonsense by Qin Chen, directly spurring the blood, and slapped it over.

Hum!

The power of terrifying blood lingered in, freezing the void of Qin Chen's body again.

But Qin Chen was not afraid, a smile appeared at the corner of his mouth, and the blood of Thunder was also released.

boom!

An astonishing power of thunder surged from Qin Chen, instantly setting him off as a **** of thunder and lightning. One after another thunder symbol appeared on his body, exuding an astonishing breath of blood.

Click!

When the thunder bloodline aura collided with the power of the ancient cosmic bloodline, there was a harsh roar, and the ancient cosmic bloodline, the proudest ancient Cangwu Emperor, instantly lost its function.

"What?" Gu Cangwuhuang was shocked. It was the first time that he saw someone able to block his blood. It was a hell.

Moreover, how could this force of thunder be so strong? And with the power of destruction, does the opponent also have a natural thunder body like Emperor Feng Lei?

He was shocked, but Qin Chen seized the opportunity and directly urged Fan Tianyin to smash it.

The black big seal rose in the wind, like a towering mountain, with the aura of suppressing everything, it slammed on the head of the ancient Cangwu Emperor.

Hum!

A golden shield immediately formed in front of the ancient Cangwu Emperor, which blocked Qin Chen's blow. With a sound, the shield trembled wildly, leaving a deep gravure.

The ancient Cangwu Emperor felt a great pain. This was a treasure that he extremely cherished. Who knew he had been caught here, but what shocked him even more was Qin Chen's strength.

"Have you retained strength before?"

He exclaimed in disbelief. In front of him, the Martial Sovereign of the late eighth stage, Qin Chen actually left some extra energy?

[Chapter 1479: Town State Secret Art](#)

Qin Chen was too lazy to talk nonsense, and once again urged Fan Tianyin to smash it up.

"What kind of real treasure is this thing?" The ancient Cangwu Emperor's eyes were frightened and his eyes were cautious, but he was also happy and jealous.

There are too many treasures on Qin Chen's body, and this big seal is definitely another treasure, and at least it is a real treasure at the top of the emperor rank, otherwise it is impossible to damage his Golden Shield.

A treasure that he didn't even possess, a small early Wu Huang, and a Wu Huang from the lower four realms, made him, a strong man in the Xuanyuan Empire, a little psychologically difficult to balance.

But it doesn't matter, as long as Qin Chen is captured, he will naturally get the secret he wants, and the treasure soldiers and the real treasures are naturally at hand.

"Hahaha, you deliberately brought the emperor here, I am afraid that you still have a hole card, you can kill the emperor here? It is ridiculous, the emperor has been in the martial arts for so many years, how can you be a little **** who can deal with it? "

The ancient Cangwu Emperor shot, the golden palm of his hand was like a mountain.

Qin Chen didn't answer, he cut out with a sword, the sword spirit was high.

when!

The golden shield stopped in front, but this time, there was another sword mark on it.

Qin Chen didn't care, and continued to shoot.

This time, he displayed the ultimate killing sword, the terrifying sword aura spread across the world, as if the end is coming.

Puff puff puff puff...

Countless sword auras completely wrapped the ancient Cangwu Emperor like a storm.

"Small bugs."

The ancient Cangwu Emperor roared and boomed, the true essence in his body was burning, and the golden aura flourished, extinguishing Qin Chen's sword aura.

Suddenly, several blood blossoms burst into his body, and a sword light left scars on him, almost cutting off his body.

"what?"

He was shocked, and five sword lights flashed across him, which turned out not to be sword energy, but an entity.

Om...

Five sword pills appeared in front of Qin Chen, just now mixed in the sky full of sword energy.

"Damn it." Ancient Cangwu Emperor was trembling with anger. Fortunately, he responded promptly, otherwise he would suffer a big loss just now.

"kill!"

He yelled and killed again.

Bloody rays of light appeared outside of his body, forming strange runes, and his combat power was more than doubled in an instant.

He was furious and wanted to kill Qin Chen.

"Huh? Blood Talisman Turn Around Technique?"

Qin Chen condensed his eyes, gritted his teeth, his eyes suddenly became extremely cold.

This tactic is to use one's own essence and blood to form the power of runes to improve the cultivation of the martial artist in a short time.

Compared with some magic methods and medicines that stimulate potential, the advantage of this formula is that there are few side effects after it is cast, it will not cause damage to its own strength, and only a moment of weakness.

And this tactic was created by Qin Chen back then and passed to Feng Shaoyu. Unexpectedly, this ancient Cangwu Emperor would also use this tactic. Can you imagine the anger in his heart?

"Boy, even if you have some insights, this technique is indeed the blood talisman turning tactic. It is the secret technique of my Xuanyuan Empire. This emperor has also spent a lot of energy to obtain the opportunity to study. Today, you give me Take your life."

He roared and killed forcefully, the monstrous blood and golden light combined into a sea of blood.

"Really? The secret technique of the town country is ridiculous!"

Qin Chen's eyes grew colder, and the mysterious Rust Sword was urged to the extreme. With the explosion of thunder, along with the power of the terrifying thunder, it hit Gu Cang Wuhuang dozens or hundreds of times in an instant.

Puff puff puff puff... the sword light fell on the ancient Cangwu Emperor, but the ancient Cangwu Emperor didn't care, but laughed coldly: "It's useless, once the Blood Talisman Turning Technique works, not only can the attack power be more than doubled. , The increase in defense power far exceeds the power of attack, unless you can

Break this blood rune, otherwise, you won't even be able to break the emperor's defenses! "

Qin Chen just sketched a mocking smile at the corner of his mouth, seeing that the ancient Cangwu Emperor's blood sea attack was about to fall, suddenly, the blood talisman on his body shook violently.

Bang bang bang!

The blood talismans could not help but explode. The aura on the ancient Cangwu Emperor continued to weaken. With the blink of an eye, the sky of blood disappeared, and the aura on his body suddenly fell to the initial state, even lower. .

Puff puff!

Sword Qi lingered into his body, and the ancient Cangwu Emperor was frightened, spouting blood directly, and flew out.

"how come?"

He was furious, in disbelief, his blood talisman turning tactic was actually broken?

This is his Xuanyuan Empire's secret technique for townsmanship, how could it be broken so easily, let alone this kid from the lower four domains, even the top martial emperor in the martial domain would never break his Xuanyuan The secret technique of the empire.

Someone was in a trance, he even thought he was dreaming.

Fan Tianyin!

Qin Chen didn't care how shocked the ancient Cangwu Emperor was, and used the secret technique he taught Feng Shaoyu to deal with him? It's ridiculous, as long as you want to, you can easily break this so-called secret technique of the country.

boom!

The huge black mark smashed down. Ancient Cangwu Emperor hurriedly resisted, bang, he was shaken out, and the corners of his mouth were bleeding, but Fan Tianyin was also shaken out. He stepped back and wanted to look for opportunities again, but he didn't wait for him to breathe, hum, a **** cauldron. Appear in the void and radiate

With a more terrifying breath than Fan Tianyin, he suppressed it.

What kind of treasure is this again?

The ancient Cangwu Emperor is going crazy, how can a kid from the lower four domains have so many treasures on his body?

"Block!"

He roared, there was endless brilliance blooming on his body, and with a thud, the tripod fell, he coughed up blood crazily, his skin cracked, and it was horrible.

An almost irresistible force of terror was passed on, making him unable to resist.

But in the end, he still resisted with difficulty.

There was a pill in his hand, and he was about to swallow it in a hurry, trying to find an opportunity, but at this moment, Om, in the cauldron, a dark shadow suddenly appeared, swinging the white whip towards him.

The ancient Cangwu Emperor was caught off guard, and was immediately wrapped up by the white bone whip.

The ancient Cangwu Emperor was shocked, struggling, but the black figure was unparalleled in strength, not inferior to him, at least he was also an eighth-stage late Martial Emperor.

He had a chill in his heart, how could there be such a master hidden in that great cauldron? This is totally unreasonable.

"Who are you?" Gu Cangwu Huang exclaimed in anger, his heart sinking instantly.

"Jie Jie Jie, you don't need to know who this seat is. Maybe we will be partners soon." Skeleton Rudder said with a strange smile.

"Partner, what kind of partner?" Gu Cangwu Emperor had never heard such a cold voice before, and his heart was inexplicably frightened, and his hair stood up.

"Master Skull Rudder, don't waste time." Aside, Qin Chen's cold voice came.

"Yes, Master, Jie Jie Jie." Skeleton Rudder laughed.

Hum! The soul aura on Skeleton Rudder's body suddenly fluctuated, and the aura rose in an instant, and an evil and terrifying soul impact spread instantly.

[Chapter 1480: Call the mistress](#)

"The soul is dead!"

The cold flames at his pupils danced disorderly, and the invisible soul breath rippled like water waves.

When that soul aura spread, the ancient Cangwu Emperor's heart and soul was inexplicably cold, and his heart trembled, only a breath of death enveloped him.

"not good!"

At this moment, he didn't care about being shocked by the word "master" spoken by the master skeleton rudder, madly urging the will of Emperor Wu in his body.

Hum!

A terrifying aura diffused from him, this is the will of Emperor Wu in his body that is initiating. However, this is the Continent of Different Demon. The will of Emperor Wu of the Tianwu Continent is here, and its power is greatly reduced. Although most of the rules of the Continent of Tianwu and the rules of the Continent are similar, the essence is different. The power of Emperor Wu's will here

, An unprecedented reduction.

"Jie Jie Jie, in other places, despite being arrogant, but in this alien demon continent, the will of Emperor Wu dare to be arrogant in front of this seat?" Skull Rudder master grinned, this is its home field, if it is in the ancient Yu world, It may still be a little afraid of Emperor Wu's will, but now it is in the Continent of Different Demon, and its strength has been restored to the late stage of the eighth stage, and even the peak of the latter stage of the super-eighth stage.

How can you be afraid of the will of Emperor Wu.

boom!

A monstrous demon aura burst out of it, instantly enveloping the will of Emperor Wu, not only defeating the will of Emperor Wu, but also devouring the power in this will.

"who is it....."

The Emperor Wu's will burst into a frightened voice, "This devilish energy...is it a strange demon..."

boom!

The consciousness fluctuation produced by Emperor Wu's will has not yet fallen, it has been completely annihilated, and is completely swallowed by the skeleton rudder master.

Hum!

It can be felt that the aura of the Skeleton Rudder Master has suddenly been improved, an inexplicable aura lingers on it, even with the majesty of the emperor.

Of course, this is only a trace of majesty, not the real power of Emperor Wu, but even so, it is scary enough.

"Well, although it has never been so moisturized by the blood of the ancient eagle elders, it is the will of the Emperor Wu, Jie Jie Jie, which has a special effect on the power of the soul of this seat!" Skull Rudder master grinned.

"Elder Gu Ying, are you talking about the elder Gu Ying of the ancient Fangjiao?" The ancient Cangwu Emperor was frightened, and an unprecedented fear appeared in his heart. Although the words of Skeleton Rudder were not followed, he clearly felt it To understand what the Lord Skull Rudder said, this person actually swallowed the ancient eagle elder of the ancient Fangjiao

.

At this moment, he had an unprecedented fear in his heart. Who are these two guys?

boom!

A spatial light appeared on his body, his eyes were red, he was madly burning his essence and blood and his true essence, and he wanted to leave this place.

"Huh, it's not honest yet."

The Skeleton Rudder shook his bone whip and buzzed at the same time. Countless bursts of light appeared around him. It completely sealed off the space power in this area. It was really a big formation that Qin Chen laid in secret, and it did not give the ancient Cangwu Emperor a chance to escape. .

"Do not!"

The ancient Cangwu Emperor was terrified, and his soul fluctuated violently.

Just now!

Qin Chen's eyes, who had been watching from the side, suddenly burst out Li Mang.

"The Eye of Breaking the Forbidden!"

The invisible power fell into Gu Cangwu Emperor's mind, and Gu Cangwu Emperor's eyes instantly became confused.

At the same time, a terrifying soul power was urged by Qin Chen to rush into Gu Cangwu Emperor's mind.

He wanted to use the Soul Destruction Seal to completely enslave the Ancient Cangwu Emperor.

Boom!

The ancient Cangwu Emperor had snatched it from Luo Mengqi before. After the power of the soul entered the ancient Cangwu Emperor's mind, he immediately encountered a huge resistance.

But it was useless. Under the dual shock of the death of the soul and the Eye of Breaking the Forbidden, the ancient Cangwu Emperor's soul had fallen into chaos. In addition, under his previous shock, his mind was lost, and his resistance was once again reduced by 30% .

A series of complex soul restrictions were slowly engraved in the ancient Cangwu Emperor's mind, forming a soul-killing mark, which firmly controlled the ancient Cangwu Emperor's soul.

However, after the Luo Mengqi incident, Qin Chen also knew that those alien demons could see through the Soul Destruction Seal. After casting the Soul Destruction Seal, Qin Chen did not stop, but continued to spur the power of the soul, in his mind Arrange the next prohibition.

In the end, outside the Soul Extinguishing Seal in the ancient Cangwu Emperor's mind, there was a mist of soul, which was enough to cover the perception of the outside world.

"You can only do so much."

Qin Chen only felt dizzy in his mind, and hurriedly withdrew his soul power. His whole body was dripping with cold sweat, as if he had experienced a life and death battle. It was even more exhausting and laborious than before actually fighting with Gu Cangwu Emperor.

There is no other way. The ancient Cangwu Emperor is a late-stage Martial Emperor of the eighth stage. With Qin Chen's current cultivation base, he wants to plant the soul-killing mark in his mind and hide it. For Qin Chen, it is also An extremely huge project.

"Hey, Master, the soul-killing mark in this person's mind is actually hidden."

The Skeleton Rudder master looked at Qin Chen in shock. If he hadn't known it long ago, it would not be easy for him to see that Emperor Cangwu has been enslaved by Qin Chen. The soul is very hazy.

If you were to be seen by those people in black now, it would never be obvious at a glance.

It's just that the master is no more than a teenager in the human race. How can the soul attainment be so terrible? Even better than this alien demon king! Qin Chen didn't answer, but he was relieved.

Obviously he also felt the soul fog in the ancient Cangwu Emperor's mind. In this way, although it can't be said that the people of the alien demons can't detect it, he wants to see the opponent at a glance. Has been enslaved,

It's already impossible.

He finally controlled another chess piece.

And compared to Luo Mengqi, this chess piece is obviously more useful.

"Master!" The ancient Cangwu Emperor stood by Qin Chen respectfully, with a humble expression. In his mind, Qin Chen was his master, unless Qin Chen took the initiative to disperse the soul seal, or someone broke his death. Soul seal, otherwise, his loyalty to Qin Chen will remain unchanged

Qin Chen didn't ask for the first time, but after cleaning up the battlefield, he began to recuperate. The previous battle was too fierce and he consumed too much, and the ancient Cangwu Emperor was also seriously injured and needed healing.

After a stick of incense, Qin Chen opened his eyes, the aura on his body had recovered seven or eighty-eight, and the strength of the ancient Cangwu Emperor had also recovered more than half, which was not a major problem.

"Wow!"

At this moment, a sound of breaking through the air sounded, but You Qianxue rushed over.

"Chang!"

Seeing the ancient Cangwu Emperor, she was shocked and hurriedly raised a sharp sword.

"Sister-in-law, don't worry, this guy is no longer enslaved by his master. From now on, he will be a dog under his master's command. Don't be afraid."

The Skeleton Rudder master laughed and said: "Call the mistress."

"Mother." Ancient Cangwu Emperor respectfully said to You Qianxue. You Qianxue opened her mouth wide, and looked at the ancient Cangwu Emperor who was extremely respectful and docile in front of her with a look of astonishment and shock.
