### [Chapter 1481: I'm furious](#)

"Slavery, slavery..."

Although she knew Qin Chen was magical, she couldn't predict that Qin Chen would be able to enslave a Martial Emperor of the late eighth stage.

This is the Martial Emperor of the late eighth stage, moreover, the top martial emperor of the Xuanyuan Empire. With such a strong strength, when placed in the Northern Horizons, that person who almost swept the Northern Horizons was enslaved by Qin Chen?

How did it do it?

However, she was just shocked. More thoughts were placed on Qin Chen, and she nervously came to Qin Chen's side and said, "Little Chen, are you okay."

She kept looking at Qin Chen, looking very nervous for fear of Qin Chen's injury.

Qin Chen smiled slightly and said, "What can I do?"

"Just fine."

You Qianxue was excited, the stronger Qin Chen was, the happier she was and the more proud of him.

"By the way, Ancient Cangwu Emperor, what exactly do you mean by the Saintess of the Illusory Demon Sect? Have you seen Emperor Fenglei here?" Qin Chen just remembered to ask the ancient Cangwu Emperor, and Shao Feng He was naturally very concerned about Yu's heir. "Master, my subordinates have never seen the emperor, but I heard someone say that they have seen the emperor. Because he has heard of the whereabouts of the saint of the magic demon sect, he is currently tracking the saint of the magic demon sect. It's not clear before it belongs to

But it should be deeper in front. "The ancient Cangwu Emperor respectfully said.

"Sage of Illusory Demon Sect, you mean Chen Sisi?" You Qianxue was stunned.

"The subordinates don't know what the Saintess of Illusory Demon Sect is called, she is the woman of Illusory Demon Sect who was with the master before." Gu Cangwu said.

"That's Chen Sisi." You Qianxue's face suddenly sank. Skeleton Rudder's eyelids twitched, his face turned green, he slapped Gu Cangwuhuang's head fiercely, and said angrily: "Damn, what nonsense are you talking about, what does it mean to be with the master? Do you know? The master didn't even look at the woman

In the eyes, will you speak. "

Inwardly cursing, this ancient Cangwu Emperor is too incapable of talking, don't you know that human women are the most jealous? I didn't see the mistress's face sank, it was almost no brainer.

"Mother, don't listen to this ancient Cangwu Emperor, don't I understand my master? You are the only one in my heart. When I first came to this alien demon continent, my master was worried that you would be in danger. I'm looking for you."

"Really?" You Qianxue blushed slightly, with a happy expression on her face.

"Even if I lie to others, I dare not lie to the mistress, don't you know, the master heard that you were in danger before, so he was going crazy." Skeleton rudder said flatly.

It turns out that Shao Chen cares about herself so much.

You Qianxue was deeply moved.

But soon, she reacted and hurriedly said: "Little dust, let's save Chen Sisi, if Chen Sisi is found by the Emperor Feng Lei, it will be dangerous."

Speaking of this, You Qianxue's eyes burst with cold light.

"Uh, mistress, aren't you angry?" Skeleton Rudder looked astonished.

How come you become a mistress now and want to save the Saintess of Illusory Demon Sect?

"Angry, why are you angry?" You Qianxue was taken aback, and immediately reacted, "You mean Chen Sisi? Hmph, although I don't think she is pleasing to the eye, she is a natural fascination after all, and Chen Shao has been in Demon Sword. Zongding's woman, even if Young Chen is not interested in her, how can she let

Defiled by the man? "

puff!

The Skeleton Rudder master directly spouted old blood, his eyes staring like the commander, is this... still like this?

The previous explanations of feelings were entirely affectionate.

"Little dust, let's go quickly." You Qianxue said.

Qin Chen nodded, a cold light flashed in his eyes.

He wasn't deliberately trying to save Chen Sisi, but for more purposes, but to kill Emperor Feng Lei, the son of Feng Shaoyu. If he didn't kill him, how could he resolve his hatred?

"Let's go!"

As soon as Qin Chen was about to leave, he suddenly seemed to sense something, and immediately said to the ancient Cangwu Emperor: "You go first, go find the Emperor Fenglei, and notify me as soon as you find someone."

"Yes." Ancient Cangwu Emperor nodded, and disappeared into the forest with a sigh.

"Yong Ye, you also return to the town magic cauldron."

Qin Chen raised his hand, and the Skull Rudder Master immediately returned to the Demon Suppressing Cauldron, and was put away by Qin Chen. After all this was done, a stream of light appeared in Qin Chen's sight.

It was Zhou Zhiwei.

Huh!

Zhou Zhiwei came to a few people and fell quickly, looking at Qin Chen and You Qianxue who were safe and sound in astonishment. The first sentence when she came down was: "Are you okay?"

There was doubt in her eyes.

Qin Chen smiled slightly and said, "Why, Miss Zhou hopes that something will happen to Qin?"

"No." Zhou Zhiwei shook her head hurriedly, knowing that what she said was ambiguous, and hurriedly explained: "Isn't the ancient Cangwu Emperor chasing you just now?"

She clearly remembered that Emperor Wu Cangwu was following Qin Chen, but now Qin Chen and You Qianxue are here safely, but Emperor Wu Cangwu is gone.

Qin Chen smiled: "You mean Emperor Wu Cangwu, he couldn't get his master before, so he left."

"gone?"

Zhou Zhiwei couldn't believe it. She looked around and saw that it seemed like she had experienced a fight. There were shattered rocks and forests everywhere. Could it be said that the ancient Cangwu Emperor really couldn't get Qin Chen. left?

hiss!

What is Qin Chen's cultivation base?

She couldn't help being shocked.

Although she was extremely confident in herself, she was still palpitating when facing strong people like Gu Cangwu Emperor.

"If there is nothing wrong with Miss Zhou, Qin will leave first." Qin Chen pulled You Qianxue, turned and left.

"Hold on."

Qin Chen turned around, wondering: "I wonder if Miss Zhou has any advice?"

Zhou Zhiwei hesitated for a moment, bit her lip and said, "This place is very mysterious and dangerous. Zhiwei wants to go with the two of them. I wonder if it is possible?"

While she was talking, she stepped forward.

She also asked routinely, who would refuse a beauty like her and a disciple of the Misty Palace?

Unexpectedly, Qin Chen laughed: "Miss Zhou, I'm really sorry, Qianxue and I still have important matters to deal with. I'm afraid we can't be with Miss Zhou anymore. Miss Zhou, we are destined to see you again."

After that, Qin Chen took You Qianxue and flew straight up, without even turning his head, leaving Zhou Zhiwei alone in the forest.

"This Qin Chen... is so mad at me!" Zhou Zhiwei stomped her feet, and her face paled with anger.

After joining the Wuyu Misty Palace, she thought that she would never have to be angry with Qin Chen anymore in her life, but she didn't expect that she would not change at all.

"Humph."

Zhou Zhiwei was annoyed, but after looking around, she still followed Qin Chen with some palpitations. This place is too dangerous, although she is a disciple of the Misty Palace, but when she is alone, it is not ruled out that someone will take the risk, and it is safer to follow Qin Chen to start her.

### [Chapter 1482: Young Hero Help](#)

Whoosh! Whoosh!

In the sky, two streamers flew by, it was Qin Chen and You Qianxue.

"I don't know where Chen Sisi is. When I keep searching like this, when do I have to find it?" You Qianxue was a little anxious.

Qin Chen was also a little helpless, but at this time, the gas-eater ants all fell asleep, and the place was so vast that it was really not a way to find it like this.

But now, Qin Chen has no other means, can only stimulate the universe to make a jade dish, and perceive the movement within a hundred miles.

It took two days to search like this.

In two days, You Qianxue had consumed all the five colorful spirit fruits on her body. Om, the spatial aura in her body became more solid, and a very sharp spatial aura spread.

"Little dust, I feel that the power of the ten spatial principles in my body has been condensed to the extreme, and I can start to condense the power of the eleven spatial principles." You Qianxue said in surprise.

"In this way, you should be able to try to break through the mid-term Martial Emperor." Qin Chen smiled.

Generally, in the initial stage, after the Emperor Wu has condensed enough power of ten spatial principles, it takes a long time to stabilize. The power of spatial principles is different from others. It cannot be condensed continuously, but needs constant stability.

If you forcibly continue to condense without being stable, although you can condense successfully, it will have a huge impact on your future breakthroughs and cause an unstable foundation.

And now You Qianxue feels this way, it shows that the power of the spatial Dao in her body has reached an extreme, and she can try to advance to the eighth-stage mid-stage martial emperor.

"It seems that this colorful spirit fruit really has a magical effect." Qin Chen was delighted.

In the past two days, he has been taking colorful spirit fruits, and these spirit fruits melt in his mouth, forming a pure power, condensing the power of the spatial principles in his body.

It's just that compared with You Qianxue, his condensing speed is much slower. So far, only two spatial Dao principles have condensed to the extreme, and there are still twelve that have not been condensed.

However, Qin Chen was not in a hurry. He had enough colorful spirit fruits, and if he continued taking it, he would reach the ultimate peak of the initial stage soon, and he could also try to break through the middle stage of the eighth stage.

The only worry is Chen Sisi.

It's just that so far, he hasn't had any clues, and even the ancient Cangwu Emperor hasn't passed any information. Obviously, he has not found news of Emperor Fenglei.

As for the group of people in black and Misty Palace, there was no information coming back, which also caused Qin Chen to faintly worry, wondering what the purpose of these people was.

On the contrary, Zhou Zhiwei had been following behind her, thinking that Qin Chen hadn't noticed, but in fact her every move was completely in Qin Chen's sight.

At this moment in a dense forest behind Qin Chen.

"What are they two looking for?" Zhou Zhiwei patted the mud on her body with some depression, and followed Qin Chen in embarrassment.

She had been with Qin Chen for two days, and she also vaguely felt that Qin Chen and You Qianxue seemed to be searching for something.

"Hmph, this girl won't be too lazy to follow you when I meet the people in Misty Palace." Zhou Zhiwei said angrily, feeling aggrieved in her heart.

In order not to be thrown away by Qin Chen, she racked her brains. Fortunately, after taking five colorful spirit fruits, she also condensed the power of the spatial principles in the body to the extreme, and was not thrown away by Qin Chen.

But the embarrassment along the way, there is no need to mention it at all.

Suddenly, a violent wave of True Qi came from the depths of the mountains and forests ahead.

Is someone fighting?

Qin Chen's mental power swept over immediately, and soon he discovered that it was three people fighting.

In fact, it is not so much fighting, it is better to say that two of the martial emperors of the middle eighth stage want to stop another martial emperor of the eighth middle stage.

However, although the Wuhuang cultivation base in the middle of the eighth stage was not high, it was extremely powerful, breaking out of the encirclement of the two people several times, and with a lot of means.

But this person Qin Chen still knew, he was the one in the Colorful Lingguo Valley before, who seemed to be a strong man of the Death Demon Cult, called Juwen Cheng.

"Ding Hongda, you two dare to attack me, aren't you afraid that my people from the Death Demon Sect will seek revenge from the Heavenly Ghost Sect?"

But at this time, even if this Juventus has become the power to reach the sky, it is only in the middle of the eighth stage, under the siege of these two mid-term peak Wuhuang, it is already scarred.

Qin Chen didn't plan to go to the muddy water. The most important thing now was to find Emperor Feng Lei and Chen Sisi. He was just about to leave here, but found that Juventus unexpectedly flew to him by accident.

With just a blink of an eye, the other party sensed Qin Chen and You Qianxue, and it was too late for Qin Chen to leave.

"It's you?"

To a few people's surprise, the three of them exclaimed after seeing Qin Chen, and their faces showed surprises.

Qin Chen was a little puzzled, Juventus was pleasantly surprised, and he could understand that the other party should be asking him for help, but the two guys outside, who did not know him at all, showed a very surprised expression.

Is it because he is handsome? Want to make him?

"Qin Shaoxia help." Ju Wencheng suddenly came to Qin Chen and said excitedly. He had seen Qin Chen take action, and even the Ancient Cangwu Emperor of the Xuanyuan Empire could resist, and when he left, the Ancient Cangwu Emperor was still chasing this Qin Chen, but Qin Chen appeared here, obviously indicating that even Ancient Cangwu Emperor can't hold Qin Chen

, Can he not get excited inside?

The two of the Tianguizong on the side saw that Ju Wencheng actually asked Qin Chen for help, and couldn't help but want to laugh.

Qin Chen is no more than a genius in the Dan Pavilion. Even if he makes a breakthrough, he is only the Martial Sovereign in the early stage of the eighth stage. Isn't it too funny that you, a magnificent middle-stage Martial Sovereign of the eighth stage, ask for help from an early-stage Martial Emperor?

This is what I should say when I was rushed to the doctor. However, the two of them did not show on their faces, but looked at each other. The leader of them immediately walked up and said with a smile: "Isn't this Qin Shaoxia from Pill Pavilion? I've heard of Qin Shaoxia's name for a long time. , Seen

Qin Shaoxia. "

He was very polite, and people who didn't know thought he was asking for help.

"It turns out that they belong to the two of the Heavenly Ghost Sect." Qin Chen hugged his fists in a flat tone. At this moment, what he desires most is to find Emperor Fenglei as soon as possible, but it is okay to see the two of them, so he can just ask casually later.

Juventus realized that he had become a secondary person, and was shocked, but with Qin Chen by his side, he did not continue to escape.

Qin Chen once again said to Juventus, "Brother You, we've only been apart for a while. It's really a destiny." Before Juventus could speak, Ding Hongda laughed and said, "It turns out that Brother You also knows Qin Shaoxia. Since Brother You knows Qin Shaoxia, he is our friend. He has been offended before."

### [Chapter 1483: Space pool](#)

At this moment, even You Qianxue frowned. The three people before were clearly fighting life and death. Who knew that after seeing Qin Chen, the two people who chased and killed stopped, and they were so enthusiastic, even those who chased and killed. Not chasing it down.

It's okay if Qin Chen knows two people, but Qin Chen doesn't know them at all. What kind of medicine are these two guys selling in the gourd?

"Youwencheng, what was going on with you just now?" Qin Chen also felt puzzled and asked. Juventus just wanted to speak, but one of the Wuhuang of the Ghost Sect laughed that day: "It's okay, it's okay, it's just a misunderstanding. Just now I was waiting for a pool of space, but Juventus rushed over. Spread the news

, So I wanted to keep him, just a little misunderstanding. "

"Space pool?"

Qin Chen was shocked immediately. As a Martial Emperor of the late eighth stage in his previous life, how could he not know the space pool.

Spatial pools are only available in places like Guyujie. They are the ultimate power of space, forming a pool of water, which is equivalent to a spiritual pool.

There is a certain difference between the power of space in the space pool and the power of space in the Guyu world. The difference is that the power of space in the space pool is very soft, and there is almost no need to consider the side effects when absorbed.

If the force of absorbing space in the normal ancient Yu world is ten times that of the outside world, then the force of absorbing space in the space pool is more than a hundred times that of the outside world.

And in the space pool, there are often a lot of space crystals, so if anyone can find a space pool, the harvest will be far more than other warriors.

In the past experience of the ancient Yu realm, people occasionally found the space pool. The final result is that the person who finds it can easily break through to the peak of the late eighth stage, and after leaving the ancient Yu realm, a large number of martial emperors will appear in the sect. .

After being excited, Qin Chen felt cold again.

If at the beginning, he was only suspicious of the intentions of Ghost Sect this day, then now, he had completely doubted the two of them, knowing that they had bad intentions.

Not to mention that he and the two don't know each other at all. Even if they find a space pool between very close friends, they often cause killings. The two people told themselves without hesitation. This is totally unreasonable. .

If there is no other purpose, blame it.

"Juventus, did you really find the space pool?" Qin Chen immediately looked at Juventus.

"I..." Juventus was a little stunned, just about to speak, but was interrupted by the ghost sect that day: "Qin Shaoxia, this is a good thing, how can I lie to you? If Qin Shaoxia doesn't believe it, you can talk to us. Take a trip, the space pool is nearby,

go. "

Said that the person was going to pull Qin Chen.

With a snap, Qin Chen slapped the man's hands away, and said lightly: "Why both of you are in such a hurry, let Ben Shao understand the situation first."

The expression on Emperor Wu's face suddenly turned ugly, he said that there is a pool of space, but Qin Chen still needs to understand clearly, what?

A trace of coldness suddenly appeared on his face, and suddenly he stretched out his real Yuan big hand and grabbed Qin Chen, and said in a cold voice: "The emperor lets you pass, that is worthy of you, you can go today, or you have to go. Go." Qin Chen smiled coldly, his entire body skyrocketed, and the space barrier was fully deployed. The person's real yuan hand had not caught Qin Chen, he was frozen in the space, and he collapsed immediately. People feel that they are all tied up

, it becomes extremely difficult to move. "How can your space barrier be so strong?" The person with a look of horror on his face immediately turned his whole body's true essence to fight for Qin Chen's barrier, and at the same time, his own space power was also diffused and turned into a wave Amazing barrier, I want to open up Qin Chen

Enchantment.

boom!

The two forces of enchantment collided crazily, but no matter how the power of the space was used by that person, he could never break Qin Chen's enchantment power. The enchantment power of his dignified mid-level Martial Sovereign was not as good as Qin Chen's Such an initial peak of Wu Huang.

His face was suddenly shocked.

"Is this what you said you found the space pool? Oh, after finding the space pool, your spatial power is still so weak, it is really unexpected." Qin Chen said with a sneer.

Although this person's cultivation reached the peak of the middle stage of the eighth stage, the power of space was not so strong. It was clearly the power of the thirty spatial principles that had just been condensed in the ancient Yu world, and it might even be consolidated in the future.

But if the space pool was really discovered, how could this person's space be so weak?

"stop!"

Ding Hongda on the side saw this scene, his face suddenly changed slightly, and he raised his hand to rescue his companion. Since Qin Chen took the shot, how could he give him a chance to save him by directly urging the sword realm, puff puff puff puff, in the air, countless sword qi condensed, turning into a sky full of sword light to completely envelop the Emperor Wu in it, The next moment, blood was splashing all over the sky,

The Heavenly Ghost Sect Martial Emperor who was restrained by Qin Chen burst into pieces instantly and turned into a rain of blood.

At this time, Na Ding Hongda's attack came, and with a bang, Qin Chen's sword boundary was split open.

"You... dare to kill Huang Lan."

His face was suddenly frightened, his face became extremely gloomy, and there was a hint of fear in his tone.

With one move, Huang Lan was wiped out by Qin Chen, and even if Huang Lan underestimated the enemy, he was also a Martial Sovereign at the mid-term peak.

At this moment, he finally understood why Juventus would ask Qin Chen for help as soon as he saw Qin Chen. The strength of this son was far more terrifying than he had imagined. Huang Lan is underestimating the enemy, but Qin Chen killed him in an instant. Ding Hongda estimated that even if he tried his best, he must be Qin Chen's opponent. He was frightened and angry for a while, and he knew that even if he wanted to avenge Huang Lan. , Also absolutely

not now.

Ding Hongda made a decision just as his mind turned. He smirked, then clasped his fists and said, "Since Qin Shaoxia is not interested in waiting for me, Ding will leave first."

After speaking, Ding Hongda turned and left. Qin Chen's terrifying skill made him not want to stay for a second.

Qin Chen sneered faintly: "Your Excellency is so free. Come and leave if you want."

After Qin Chen said this, he put away Huang Lan's storage ring, and the power of the space filled his body. He looked at Ding Hongda with a calm expression. Obviously, as long as Ding Hongda escaped, he would do it.

Ding Hongda's expression changed a little. Although he knew he was not Qin Chen's opponent, Qin Chen's words were a bit too bullying. Anyway, he was also the mid-term peak martial emperor of the Heavenly Ghost Sect. He was restricted even if he wanted to go. Too much. And what was even more annoying was not Qin Chen's words, but his attitude. The indifferent expression in his eyes clearly didn't put him in his eyes, just like looking at an ant.

#### [Chapter 1484: how do you know](#)

"What does Qin Shaoxia mean? You killed the Martial Emperor of my Sky Ghost Sect. My Sky Ghost Sect hasn't asked you to settle the account. Could it be that Ding must be left behind forcibly?" Ding Hongda finished speaking, showing his momentum. Burst out completely, the surrounding space

There can even be some ripples in his aura.

But my heart is very nervous.

He is stronger than Huang Lan, but his strength is limited. Since Qin Chen killed Huang Lan, in order to prevent the message from being passed on, he would most likely be silenced.

Qin Chen sneered coldly. Although Ding Hongda's aura was amazing, he was far worse than Gu Ying elder. To put it bluntly, Ding Hongda was nothing in Qin Chen's eyes.

"You're right, I want to keep you, so what about you?" Qin Chen didn't have a word of nonsense at all. He didn't like trouble, so he didn't make trouble, but he would never hide the trouble he made him. .

If he didn't want to inquire about something, he would kill Ding Hongda as well as Huang Lan.

"you....."

Ding Hongda's face flushed with anger. What he said just now, coupled with the aura that broke out, wanted to make Qin Chen a little jealous. When Qin Chen became jealous, he would take out something to compensate and get some vitality back. He was willing.

He just wanted to find a step.

But who knows, Qin Chen didn't let him down the steps at all, and he was even more panicked. Qin Chen clearly wanted to silence him.

Ding Hongda didn't care about anything else anymore, and with a wave of his hand, a black light hovered around him, and finally fell on his hand.

Qin Chen had already seen clearly that this was a pair of sun-moon double hooks, but the double hooks were interlaced, it looked like it was just a ring, this was a top-notch imperial soldier.

As soon as the Sun and Moon Double Hooks were sacrificed, they brought hook shadows around Ding Hongda, these hook shadows one after another, forming a black circle, bursting out with an astonishing aura.

Before Ding Hongda took the shot, the momentum formed by the terrifying double hook made Juventus on the side feel a burst of breathing stagnation. He had seen this sun-moon double hook before and knew how powerful this double hook was. It was just that he ran away desperately before and

stimulated his own potential every time. At this time, he calmed down and when he looked at the side, he knew that he could escape from Ding Hongda. to here

It is indeed a fluke.

The Sun Moon Double Hook hadn't attacked yet, but it had already caused a buzzing sound in the air, and the momentum made people feel that once they were caught by the hook shadow, they would be strangled to pieces.

Ding Hongda didn't take the initiative after offering his precious soldier, but looked at Qin Chen coldly. It was obvious that I would not be afraid of you if he wanted to beat me.

Qin Chen laughed immediately. Ding Hongda was afraid that he was not a fool, and even with such a threatening posture, would he still be afraid that he would be a mid-term peak Martial Emperor?

He was too lazy to talk nonsense, and the realm of swords was directly displayed. In an instant, the world was full of sword energy, as if he was caught in a sea of sword energy.

Ding Hongda didn't expect that Qin Chen would fight as soon as he said, and he didn't have time to think about it. He hurriedly sacrificed the Sun and Moon Double Hook.

The countless black hook shadows surrounding them immediately exploded. Boom, the terrifying sword energy instantly tore through the countless hook shadows, and shot into Ding Hongda's body at once.

With a snort, Ding Hongda spouted a mouthful of blood

what? Ding Hongda was shocked, he was defeated by one move? He was furious, and hurriedly urged Zhen Yuan to rush out of here, but before he had a chance to make a move, a terrifying spatial force had arrived, and he was firmly imprisoned in the center.

.

Hum!

Countless lights and shadows formed a dazzling sword body in front of him, pointing to his eyebrows. Obviously, as long as he dares to move, this sword body will pierce his eyebrows and crush his soul.

"You... if you dare to kill me, the Heavenly Ghost Sect will definitely not let you go." Ding Hongda was so frightened, he hurriedly shouted in horror.

Qin Chen was speechless. Why did these guys say such inexplicable things when they were about to die? Wouldn't the Heavenly Ghost Sect let him go if he didn't kill him?

In fact, if you kill him yourself, the people of the Sky Ghost Sect may not know that the person killed him by himself, and instead of killing him, it would be dangerous.

"Let's talk about it, why did you have to drag me to another place just now, what are your intentions?" Qin Chen smiled slightly.

"I... really found a space pool and want to take you there." Ding Hongda's eyes flashed, and he said.

Qin Chen's eyes were cold. By this time, isn't Ding Hongda telling the truth!

"There is little dust, there is indeed a special atmosphere of space treasure just now."

At this moment, Juventus said on the side.

"What's the matter?" Qin Chen glanced at You Wencheng suspiciously. You Wencheng immediately said to Qin Chen: "Qin Shaoxia, after leaving the valley before, he has been flying deep down, looking for the master of his own sect. Who knows that after flying for a long time, he didn't see Zongmenqiang. , But in a waste

An extremely strong spatial fluctuation was felt in the ruins. "This space fluctuates and is very rich, even more rich than the inside of the ancient Yu world. I was pleasantly surprised in my heart. I thought I had found some space treasure. I was just about to rush into the ruins. Who knew someone was guarding the door of the ruins. Then this Ding Hong

Da and Huang Lan rushed out and began to hunt down. "

"It's not easy to escape here in Xia. If it weren't for Qin Shaoxia's action, Xia Xia might have been horrible."

Qin Chen frowned, "So, is there really a pool of space in the ruins?"

"I don't know if there is a space pool underneath, but there are space treasures for sure, but I don't know what it is." After all, Juventus did not enter the ruins, so I dare not determine.

"It's the space pool, Qin Shaoxia, Ding has no need to lie to you. Just now we just wanted to dedicate the space pool to Qin Shaoxia before we were going to take Qin Shaoxia there." Ding Hongda said hurriedly.

Qin Chen sneered. Is this Ding Hongda stupid?

"Is there a Spatial Pool? Young Master Ben doesn't know, but Young Master Ben is sure, where there is absolutely something else, let's say, what is in the ruins? What is the purpose of you bringing Young Master Ben?"

"It's the Spatial Pool. If Qin Shaoxia doesn't believe it, you can go and see it, and you will know it then." Ding Hongda defended.

"Aren't you telling the truth?" Qin Chen smiled and said to Juventus: "Juventus, you killed him!"

"What?" Juventus was taken aback.

"Let you kill him, didn't you hear it?" Qin Chen said indifferently: "These two people are chasing you, your Excellency wants me to kill you?"

"Yes." Juventus was taken aback at first, but immediately there was a surprise in his heart. He was also worried that Qin Chen would kill himself in order to silence his mouth. Now let himself kill Ding Hongda, he suddenly understood that Qin Chen wanted to drag himself together. Go into the water and sink yourself

Can't hurt him.

In this way, he is naturally safe.

"Yes, I kill!"

Juventus turned their heads, they must shoot. "I said, I said, it was Emperor Fenglei. Emperor Fenglei was in the ruins. Our Heavenly Ghost Sect wanted to make an alliance with the Xuanyuan Empire. We were outside the Guyu boundary. Your Excellency provoked Emperor Fenglei again and again, so we wanted to take your Excellency to Next to Emperor Fenglei,

Let Feng Lei Dizi handle it. "Ding Hongda's face changed drastically, and he hurriedly shouted.

"What, Emperor Fenglei?" Qin Chen's lazy eyes suddenly became cold and stern, and he shouted: "So, is the Saintess of Illusory Demon Sect also there?" "You...how do you know?" Ding Hongda himself was stunned. Living.

### [Chapter 1485: The Gecko](#)

Qin Chen understood the ins and outs of the matter instantly.

It should be that when Emperor Fenglei was tracking Chen Sisi, he accidentally found a space pool, and at the same time, Ding Hongda and a group of people also found the space pool.

After Ding Hongda and the others saw themselves, in order to please Emperor Feng Lei, they wanted to take them over.

It's really nowhere to find a place to break through the iron shoes.

"The Eye of Illusion!"

Qin Chen didn't bother to ask any more, and directly displayed the Eye of Illusion, bewildering Ding Hongda.

"Let's talk, what is going on over there?" Qin Chen said coldly.

Under the control of Qin Chen's Illusionary Forbidden Eye, Ding Hongda immediately said the matter over the ruins.

It turned out that in order to favor the Xuanyuan Empire, the Heavenly Ghost Sect had been flattering Emperor Feng Lei since entering the ancient Yu world. After hearing that Emperor Feng Lei had taken a fancy to the Saintess of the Illusory Demon Sect, he did his best to find the Saintess of the Illusive Demon Sect for him. Of the trail.

Unexpectedly, they actually discovered the traces of the Saintess of Illusory Demon Sect. A group of people tracked them all the way, and finally came to this ruined area and discovered the remains of the space pool.

The Saintess of the Illusory Demon Sect was trapped in the ruins and became the turtle in the urn of Emperor Feng Lei.

In addition to the Saintess of the Phantom Demon Sect, there is also a top Tianjiao from the Hall of Law Enforcement who was also trapped in the ruins of the space pool.

"Who is the top arrogant of the Hall of Law Enforcement?" You Qianxue asked hurriedly in surprise. "I don't know, but according to the words of Emperor Fenglei, this person seems to be a disciple of the Ji

family of a hidden family. He is dressed in white and has excellent swordsmanship. Even Emperor Fenglei will not be able to hold the opponent for a while, and his appearance is very beautiful. Fairy." Ding Hongda

Said dumbly.

"Ruyue, it must be Ruyue." You Qianxue was shocked, and said hurriedly, a nervous expression suddenly appeared on his face.

Among so many arrogances in the Hall of Law Enforcement, only Ji Ruyue fits Ding Hongda's description.

"Little dust, we must rescue Ru Yue." You Qianxue said anxiously, holding Qin Chen's hands.

It was the first time Qin Chen saw You Qianxue caring about a person so much. It seemed that when Ji Ruyue was in the Hall of Law Enforcement, she was really kind to Qian Xue.

"Juventus, kill him!"

After asking about the location of the ruins, Qin Chen suddenly spoke to Juventus.

"Yes!"

Juventus did not hesitate and slapped Ding Hongda's head directly with a palm, and with a bang, the soul in Ding Hongda's mind instantly disappeared, and fell directly in confusion.

"Qianxue, let's go."

After that, Qin Chen didn't hesitate, his figure shook, and instantly rushed towards the ruins, leaving Juventus alone. Ju Wencheng hesitated, and finally did not follow Qin Chen. The space pool remains good, but he also heard that there are not only the Emperor Fenglei of the Xuanyuan Empire, but also the people from the Illusory Demon Sect and the Law Enforcement Hall. The strength of the past, root

This is just looking for death.

This time he was able to escape from birth, he was already lucky, no matter where he dared to pass, he disappeared in an instant.

Huh!

Not long after Juventus left, Zhou Zhiwei appeared here, watching where Qin Chen and the others had left, frowned and said: "What did Qin Chen and the others hear? Why did they suddenly become so anxious?"

She thought about it for a moment, and in the end, she quietly followed along where Qin Chen and You Qianxue had disappeared.

"Yong Ye, you are outside, there will be situations later, I will inform you as soon as possible."

On the way, Qin Chen released the skeleton rudder for the first time, and said in a deep voice.

He was afraid that in case of special circumstances, it would be inconvenient to expose the Skeleton Rudder Master, but if the Skeleton Rudder Master appeared as an outsider, it would be fine. "Jie Jie Jie, master, subordinates understand." Skeleton Rudder Master Jie Jie smiled, there is battle again, and his

favorite is fighting now, because only by swallowing can its strength increase at an astonishing speed. Can be compared to what cultivation recovery

Much faster.

At this time, thousands of miles away from Qin Chen and the others, there was a ruin, and a thin layer of mist lingered in the ruins.

These mists, the spatial fluctuations that linger around the roads, are actually the physical mists formed by the power of space, which escape from a piece of pure white pool water.

And on the edge of this pool, there is a formation. In the formation, three women are firmly besieged in the middle, with a look of anger on their faces.

If Qin Chen were here, he would immediately recognize that the three were Ji Ruyue, Chen Sisi, and an elder of the Magic Sect.

The three of them were all wounded and looked a little embarrassed. On the ground of the ruins, there were two corpses lying on the ground, and it seemed that they were also powerful in the magic sect. The three of them were guarded in a small formation at this time, with a look of anger on their faces. Among them, the elder of the Illusory Demon Sect had the heaviest injuries. The faint skin inside makes people feel

To the extreme temptation.

"Why, Elder Skeleton, didn't you say that you know a little bit of formation? It's been so long, why can't even a small formation be broken?"

A young man wearing a martial arts robe stood proudly in the middle of the ruins. It was the wind, rain and thunder. There was a faint light of thunder lingering around him. By his side, there were several powerful men with extraordinary momentum, all of whom were in the Xuanyuan Empire.

Among them, there was a strong spirit, and it was the late Emperor Wu Huang, who was stirring up the fog in that space. In addition, there are two strong men wearing the costumes of the Heavenly Ghost Sect. One of them, holding a skull scepter, and a skull necklace made up of nine children's heads hung around his neck, is madly driving a group of black The mist attacked Ji Ruyue

The formation guarded by the three.

Every time the black mist is urged, there is a howling of a ghost, and there are faint faces with fear, floating and twisting in the black mist, full of pain.

This person is the Skeleton Ghost Elder of the Sky Ghost Sect, and also the Martial Emperor of the late eighth stage. Next to him is an auxiliary mid-term peak Martial Emperor. Hearing Feng Yulei's questioning, the ghost elder's hideous face suddenly showed a hint of respect, wiped his cold sweat, and whispered: "The emperor, the formation of these three people is small, but it is a law enforcement palace. The most famous guardian formation belongs to the eighth order

A simple formation in the peak formation is extremely difficult if it is focused on defense. Unless the opponent takes the initiative to open the formation, it will take some time to break it. "

"A little time? You have broken the formation for almost an hour now, right? A little time, how long will it take?" Feng Yulei said dissatisfied.

Elder Skeleton said anxiously: "If nothing happens, half a stick of incense is enough."

"Half column incense?" Emperor Fenglei smiled coldly, "Okay, the emperor will wait for you half of incense, anyway, it will take some time to divert the fog in that space." Emperor Fenglei said as he said. While looking at the three Ji Ruyue in the formation, he said: "I said three, why are you guys? Anyway, it will fall into the hands of the emperor, so why not obey the emperor obediently and don't have to suffer. ."

### [Chapter 1486: Crisis strikes](#)

"Wind, rain, and thunder, I, the disciple of the dignified Xuanyuan Empire, I didn't expect to be such a person. If you dare to touch one of our hairs, my Ji family will never let you go." Ji Ruyue said coldly, her face gloomy. .

"Ji family?" Emperor Fenglei laughed, then his eyes sank, and then sneered: "What is the Ji family." He smiled lightly, and said, "The emperor only wanted to play with the saint of the Magic Sect. What kind of taste, your Excellency has to intervene in, tusk, such a beautiful woman, this emperor is also rare in the Xuanyuan Empire, today he wants to enjoy Shuangyan in his arms,

The emperor is really looking forward to it. "

Emperor Feng Lei stretched out his tongue, licked the corner of his mouth, his eyes showed a lustful light.

"You...I am a disciple of the Hall of Law Enforcement, you dare to move me, the Hall of Law Enforcement will never spare you, and you two, the fellow of the Heavenly Ghost Sect, are you not afraid of destroying the door?" Ji Ruyue yelled.

She was also involved inadvertently. Originally, she was attracted by the spatial atmosphere here, but she did not expect that after entering, she discovered that the people from the Xuanyuan Empire and the Heavenly Ghost Sect were working on the people from the Illusory Demon Sect.

As a disciple of the Palace of Law Enforcement, Ji Ruyue was not afraid of the people of the Xuanyuan Empire, and didn't want to worry about the Illusory Demon Sect and Xuanyuan Empire's ruin, but was only interested in the space pool.

Who knew that Chen Sisi recognized her and directly asked her for help, while the Xuanyuan Empire and the Heavenly Ghost Sect's lives were afraid that things would spread out, so they directly forced Ji Ruyue into the ruins.

If Emperor Fenglei randomly moved a disciple of the illusion demon sect, that would be fine, but what he wanted to move was the saint of the illusion demon sect. In the illusion demon sect, the saint was the next candidate for suzerain, how could he say On the move?

Once the news spreads, the people of Illusory Demon Sect will inevitably be furious, and even go to war directly with the Heavenly Ghost Sect and the Xuanyuan Empire.

This is something that neither the Heavenly Ghost Sect nor the Xuanyuan Empire can bear.

The Phantom Demon Sect was the latest rising power in the mainland for 300 years. Its suzerain is extremely mysterious. No one has ever seen its true face. However, the methods are extremely harsh, and they are not afraid of any top power.

Therefore, the people of the Xuanyuan Empire and the Heavenly Ghost Sect must not let the news go out. Anyway, people died in the Guyu Realm. Once they went out, no one could find out.

As for Ji Ruyue, it was just a hapless person who was involved inadvertently.

But what makes the elders of skeleton ghosts depressed is that Ji Ruyue's identity is not smaller than that of the Saintess of the Magical Demon Sect. This person is not only a disciple of the Law Enforcement Hall, but also a direct disciple of the Ji family, one of the mainland's hidden families.

This made the elder Skeleton sweat instantly.

Ji Family and Law Enforcement Hall are definitely the two major overlords in the Martial Domain. If they are allowed to know what happened here, the Xuanyuan Empire may still have a chance to deal with it, but his Heavenly Ghost Sect must be unlucky.

The Elder Skeleton Ghost who had reached this step had no choice but to take them down and leave them to Emperor Fenglei for disposal. They must not be allowed to get out of here alive. Thinking of this, the hideous meaning on Elder Skeleton's face was even greater, and he said with a grinning smile:

"Destroy the door? I just need to capture a few of you here today, who knows that the old man did it? Not to mention the two of you. It's Lord Fenglei, this

In the world of Wuyu, I don't know how many women want to get such an opportunity, so why don't the two obediently obey the emperor. "

For fear of long nights and dreams, the elder Skeleton also urged the Skeleton Scepter to its extreme. He could only hear the wailing ghost crying and howling, and the sky black mist crazily crashed on the formation barrier, stirring up ripples.

"puff!"

After resisting for a long time, the elder of the Illusion Demon Sect spewed a mouthful of blood again, and the crimson blood splashed on her body, which was particularly shocking.

"Phantom elder!" Chen Sisi immediately exclaimed, with a worried expression on his face.

"Holy woman, the old slave may not last long." The Phantom Elder's face was very pale, with a bitter expression on his face.

"No... Elder Phantom, hold on." Chen Sisi cried.

The few powerhouses of Illusory Demon Sect who followed her, for the sake of her already dead before, now is the elder Phantom also dead?

Chen Sisi felt sorrow and grief in her heart, she felt like a broom star, and only brought disaster to others. "Holy woman, don't be sad for the old slave. It is the blessing of the old slave to work for the saint." The phantom elder coughed up a bit of blood again and said bitterly: "You heard the old slave say that after the formation is broken, I Will do everything to stop the elder skeleton ghost, you

At that time, we rushed out of the ruins with all our strength, and we must not be left behind, so that the old slave would feel relieved. "

"No." Chen Sisi shook his head and said with tears: "You will not die, Elder Phantom, you will definitely not die."

The Phantom Elder smiled bitterly: "My Lord Saint, although you have not been here for a long time, you are the kindest saint the old slave has ever seen. You can serve the saint. The old slave is really happy."

boom!

At this time, the formation shield in front of the three of them suddenly roared, making violent fluctuations.

"The formation is about to break." The ancient sword appeared in Ji Ruyue's hand instantly, her eyes became extremely cold, and she said coldly: "Everyone works together, it may not be impossible to rush out."

Chen Sisi also stood up suddenly, and his eyes became extremely determined.

Elder Phantom hurriedly swallowed a pill, just about to say something, with a boom, the formation in front of the three of them broke open instantly.

"Jie Jie Jie, finally let the old man break open, you three, you can catch them all."

The skeleton ghost elder grinned, and while the skeleton scepter was waving, an astonishing black mist instantly filled out, like a hydra, bursting towards the three.

"kill!"

Ji Ruyue shouted angrily, and the Heavenly Sword bloodline appeared on the top of her head. At the same time, the realm of the sword spread out for the first time. The ancient sword in her hand burst out with astonishing coercion, and she slashed out abruptly.

Click! Heaven and earth seemed to have a thunder sword light, and the black mist suddenly split a gap. The Phantom Elder also moved, and she shot out with a palm, she shot with all her strength, desperately, suddenly countless palm prints appeared in the void, and the fog in front Line up

A gap.

"go!"

Whizzing!

Ji Ruyue and Chen Sisi both rushed out at the same time, rushing towards the ruins.

"Want to leave, wait for you for a long time."

boom!

Suddenly, there was thunder and lightning blooming between the heaven and the earth, and the Emperor Feng Lei appeared in front of the two like the \*\*\*\* of thunder, grabbed it with a palm, and boomed, under this palm, the sky and the earth were surging everywhere, as if the end is coming. .

At the same time, several Wuhuang emperors of the Xuanyuan Empire attacked together to intercept the two. Ji Ruyue and Chen Sisi are definitely the top talents. Even facing the Martial Emperor of the late eighth stage, they have the power to fight, but they were injured before, plus many Xuanyuan Empire powerhouses besieged, and there is wind and thunder emperor. A top Tianjiao shot

, How can the two resist? Suddenly retreat.

"Holy Woman!"

The phantom elder was shocked, his expression furious, and wanted to rescue, but was stopped by the skeleton ghost elder.

"Jie Jie Jie, don't worry, I heard that the women of the Illusory Demon Sect are excellent in alluring tricks. The old man also wants to taste your taste." The ghost elder Jie Jie laughed. For a time, the three of them were completely powerless to resist, and they were about to fall in an instant.

### [Chapter 1487: Sky Thunder Sword](#)

"It's over, am I going to die here?" Ji Ruyue was furious.

"Chen Sisi, don't worry about too much, show your trump card."

When the voice fell, Ji Ruyue suddenly urged Emperor Wu's will in his mind.

Hum!

A horrible breath permeated her body, and then, a phantom appeared above Ji Ruyue's head, an old man, exuding monstrous coercion between his gestures.

It is the ancestor of the Ji family. It's just that, unlike in the Martial Domain, now that Ji Ruyue is in the Continent of Different Demons, not only the strength of the Ji family ancestors themselves is suppressed, but at the same time the will of the Ji family ancestors cannot penetrate the ancient Yu realm and be passed on, which also leads to Ji Ruyue's head held Wudi Yi

The power of will is severely weakened.

This Ji family ancestor phantom is just the power of the will power itself. Once the power dissipates, the Wudi phantom will also completely collapse.

But this is enough.

boom!

The old man probed his hand and suddenly blocked the Xuanyuan Empire's attack, an invisible force wrapped Ji Ruyue, and wanted to take Ji Ruyue away.

"call!"

At the same time, Chen Sisi was also filled with astonishing pressure, and a graceful figure appeared above her head, also the will of Emperor Wu.

The will of the two emperors at the same time shot at the same time, a violent wind exploded in the ruins, the world collapsed, and the powerful force instantly rushed the Xuanyuan Empire team through a gap.

"Phantom elder!" Chen Sisi urged the will of Emperor Wu on his head to save the phantom elder, and wanted to bring out the ruins with the phantom elder.

"Holy woman, leave me alone." Elder Phantom is extremely anxious. At this time, the holy woman should rush out of the encirclement for the first time. How can she stumble here because of herself?

"Hahaha, do you think you can escape like this? Emperor Wu's will, as if you think someone doesn't have one."

Emperor Fengelei smiled, and the next moment, many martial emperors of the Xuanyuan Empire also broke out terrible murderous intent, and a series of martial emperor phantoms began to emerge.

boom!

The will of many Emperor Wu collided together, annihilated each other, and throbbed the surrounding void, forming a chaotic spatial rotation.

"Puff!" Ji Ruyue and the others shook their bodies wildly and backed away. Under the huge impact, they vomited blood one after another. They were once again blocked in the ruins, making it difficult to escape.

The will of Emperor Wu on the top of the two of them dissipated madly, and until the end, they could not tear open the encirclement of the Xuanyuan Empire, and the will of Emperor Wu on the heads of many powerful people in the Xuanyuan Empire also exploded and dispersed.

Different Wudi will have different strengths. If the will of Wudi can be moisturized in the outside world, they may be able to fight based on the difference of each Wudi's cultivation.

But now on the Continent of Different Demons, everyone's Wudi will can only rely on their own strength to fight against, and this will only lead to the end of both annihilation. "Hahaha, don't you want to escape? Why don't you escape?" Emperor Feng Lei laughed, with a smug look on his face, "I have never missed the prey that Feng Yu Lei wants to get. Tsk tsk, both are Great beauty, really let the emperor know

Who should start first? "

Looking at the two with lustful eyes, Feng Yulei seemed to be making a difficult choice.

"Despicable." Ji Ruyue spit, holding the sealing sword, and said with a cold voice, her eyes were extremely cold.

"Despicable? I like it." Emperor Fengelei was scolded by Ji Ruyue, not ashamed, but getting more excited, "The emperor likes strong people the most. In that case, let's start with you."

He laughed, raised his hand and directly caught Ji Ruyue.

"cut!"

Ji Ruyue urged the Sealing Sword, slashed out with a single sword, and shook Emperor Fenglei back, but she herself spouted another mouthful of blood.

"Hey, the strength is good, but in front of the emperor, it is not enough to see." Emperor Fenglei sneered, and suddenly came to Ji Ruyue in front of him.

"The domain of the sword!" Ji Ruyue urged the domain of the sword, and in an instant, countless sword lights appeared in front of him and slashed away.

Emperor Feng Lei lifted his hand, and in his palm, thunder was violent, puff puff puff puff, countless sword qi bursts in an instant, unable to approach him at all.

"Damn, my injury is too severe." Ji Ruyue gritted her teeth. If she was in full bloom, she would never be so embarrassed. But after being seriously injured, her strength is now only half of what she originally was, and she immediately fell in front of wind, rain and thunder. Downwind.

But it was impossible for her to catch it without her hands. She spit out a mouthful of blood and urged the cyan ancient sword in her hand with all her strength. She didn't fight desperately, and the final result she couldn't bear.

Hum!

The cyan ancient sword suddenly exploded with astonishing sword energy, a sword light shining through the world, bursting out dazzling Huaguang.

The sword light roared like a dragon, like a phoenix, the cyan ancient sword sealed the sword as if it had recovered, knowing that the owner was in danger, and took the initiative to meet the enemy.

This scene was encountered on the first floor of the Demon Sword Tower.

If the ancient sword is alive, it blooms with brilliance, as if it has consciousness, containing the sword light of the ultimate sword shadow, soaring into the sky, cutting towards wind, rain and thunder.

puff!

Three broken hairs fell on Feng Yulei's forehead, and a blood stain appeared on his face.

"Emperor Son?"

The other emperors were shocked and hurried forward. Feng Yulei raised his hand to stop the crowd, sketching an evil smile at the corner of his mouth, looking at Ji Ruyue coldly.

"Ancient imperial soldiers? Interesting? It's a pity that in front of my wind, rain and thunder, all imperial soldiers must obediently surrender. If you don't take action, do you think you are the only swordsman in this world?"

Feng Yulei wiped off the blood on his face, and licked the blood on his hand with his tongue. Feng Yulei raised his hand suddenly and shouted: "Come on!"

Hum!

Between the world and the earth, there was an astonishing thunder and lightning power condensed, and at the same time, a terrifying thunder and lightning condensed into a sword shape. Boom, a simple and old ancient sword appeared in front of everyone.

The ancient sword is simple, but it constantly exudes an aura of destruction, just like the formation of blue and purple lightning.

"Ancient Emperor Soldier-Sky Thunder Sword?!" Ji Ruyue gasped.

The Heavenly Thunder Sword, the ancient emperor soldier, had a reputation in the Martial Domain. It was rumored to be one of the seven emperor soldiers of the Xuanyuan Empire, but it was unexpected that it would appear on Feng Yulei.

Wind, rain and thunder, too much favored.

These ancient emperor soldiers, even some of the martial emperors of the Xuanyuan Empire, may not be able to possess them, and they must be jealous.

"cut!"

The wind, rain and thunder urged the Heavenly Thunder Sword, and in an instant, the world turned into a sea of thunder, completely suppressing the breath of the sealing sword.

puff! Ji Ruyue vomited blood and flew upside down again. At this moment, she was more injured and embarrassed. On the other hand, Chen Sisi was suppressed by another late Emperor Wu Huang of the Xuanyuan Empire, and the Phantom Elder was suppressed by the skeleton ghost elder.

"Being obediently with the emperor, isn't it great, why do you have to resist? Since you can't resist the emperor, why not enjoy it?" Feng Yulei smiled and grabbed Ji Ruyue.

"Are you finished?" Ji Ruyue's eyes showed despair.

It's ridiculous that she was just a flowery age, and she was going to be tarnished by such a beast. No, even if she died, she would not be as expected. As soon as she gritted her teeth, Ji Ruyue was about to cry herself in despair.

#### [Chapter 1488: Dare to fight](#)

"Huh? Want to mutilate yourself?" Emperor Finglei sneered. "Even if you really mutilated yourself, I will have a taste of you. It must be very interesting."

Ji Ruyue is desperate, this wind, rain and thunder is simply a beast.

She gritted her teeth to explode into a sea of anger and vanish into smoke.

"boom!"

A terrifying force came and suppressed the aura on her body. She couldn't even detonate herself. It was the late Martial Emperor of the Xuanyuan Empire.

Ji Ruyue's heart was desperate, the true essence in her body was completely imprisoned, and she could only be slaughtered. Emperor Feng Lei gave a grin and rushed forward, seeing that Ji Ruyue was about to fall into a crisis, abruptly--

boom!

A terrifying sword light swept over from a distance, transformed into a heavenly sword, and slashed towards Feng Yu Lei's head.

"Who?"

"who?"

"Bold, who attacked my Emperor Fenglei of the Xuanyuan Empire!"

The crowd was furious, and a series of frightening sounds sounded. One of them wanted to do meritorious service and directly stopped the sword light. The huge Zhenyuan palm looked like a sky curtain, and he wanted to wrap the sword light.

"Be careful."

The moment the sword light collided with the palm of Zhen Yuan's hand, the face of Emperor Wu Huang of the Xuanyuan Empire changed drastically, and he suddenly let out a shock. But it was too late. With a puff, the sword light was like lightning, directly penetrated through the palm of the intercepted person's true essence, and then pierced the opponent's head. The Emperor Wu Huang drew back in a hurry and dodged his eyes. With the sword light penetrating

His head strangled his head into nothingness.

Jianguang turned, and once again hit the wind, rain and thunder.

"Bold!"

Emperor Wu Huang, the leader of the Xuanyuan Empire, was furious, a palm shook, and with a boom, the sword light flew away in an instant, but what was shocking was that after a turning point, the sword light once again beheaded to the wind, rain and thunder. Come.

"Hmph, be rampant in front of the emperor!" Feng Yulei was furious, the sky thunder sword was in his hand, and the thunder light bloomed on his body. In his eyes, there seemed to be thunder and lightning runes flickering, exuding a prehistoric atmosphere that shocked the ancients. The sword flew out in a flash.

Puff puff puff puff!

But at this moment, under the ground, five sword lights suddenly rushed out, but these five sword lights did not attack Emperor Fenglei, but wrapped Ji Ruyue and retreated instantly.

"Want to save people?" Feng Yulei immediately understood the other party's intentions. It was not the purpose to kill him. The purpose was to rescue Ji Ruyue from him. He was extremely angry. No one had ever dared to play him like this. .

"Come here, take that person down for me, but the emperor wants to see who is daring to destroy the good thing of the emperor."

In fact, there is no need for Emperor Fenglei to speak. The many martial emperors of the Xuanyuan Empire have already moved, turning into streams of light, and rushing towards the place where the sword light has swept away, while Feng Yulei himself rushed towards Ji Ruyue, obviously to Ji Ruyue. Kisaragi snatched it back.

The five sword lights enveloping Ji Ruyue immediately separated into two, and came towards Emperor Fenglei to kill them. The two sword lights carried a sharp aura, like two heavenly swords.

Emperor Feng Lei gave a cold snort and urged the sky thunder sword, with a horrible sword intent on his body. The sky thunder sword smashed on the two sword lights. Dangdang, there were two crisp sounds, and the two sword lights were shaken. The original shape was actually two silver sword pills. "Fei Jian Jian Wan?" Emperor Feng Lei's eyes sank, and just about to start again, he heard an exclamation from behind, but saw that the martial emperor of the Xuanyuan Empire who surrounded the past was instantly cut by the violent figure. Killing two people, leaving a few people, all shocked

Roaring anger, they backed away.

Whoosh!

A figure passed by instantly, entered the ruins, and hit Ji Ruyue straight.

It was a very young breath. "Huh!" Next to Emperor Fenglei, the Martial Emperor Feng, who had never taken the initiative to attack, let out a cold snort, blasted a punch at the figure, and the sky trembled, and the terrifying power of the fist seemed to shake down the stars in the sky. Make the emptiness surging and make ripples,

Instantly filled that figure.

With a puff, the figure exploded directly, leaving no bones.

"Are you dead?" A group of Emperor Wu in the distance showed a look of consternation, but the expressions of Emperor Wu Mo and Feng Yulei changed slightly. They looked towards the void not far away, and saw another figure condensed there, which suddenly penetrated everyone. The blockade fell by Ji Ruyue's side.

Previously, the emperor Wu Mo Wu defeated was only a body of the opponent.

When the man came to Ji Ruyue's side, he hugged Ji Ruyue in an instant, and at the same time raised his hand, five sword pills fell into his hand.

Ji Ruyue was inexplicably hugged by a man, and when she smelled a man's breath, she rushed forward. Her mind was in confusion at first. When she was about to struggle, she heard a low voice, "Don't move, take this pill. The medicine is taken."

The voice was low and tender, but it was inexplicably reassuring. "It's a familiar voice." Ji Ruyue raised her head and saw a familiar face. Under the light and shadow, Qin Chen's well-defined face came into her eyes. The surprise in despair made her tears flow uncontrollably. Came out and said in surprise:

"Why are you

Here? "

At the same time, he subconsciously swallowed the pill. "Why, can't I be here?" Qin Chen smiled slightly, with a gentle smile. Just as Ji Ruyue wanted to say something, she felt a warm current bursting out of her body. This warm current surged all over her body, causing her injuries for a moment. Recovered from time to time

less.

"Is it your kid?"

Feng Yulei looked at all of this coldly, with annoyance in his eyes, but immediately, a cruel smile appeared on the corner of his mouth. "The emperor thought that someone was ruining my good deeds. It turned out to be your kid. Why, didn't you have a good relationship with the saint of the Magical Demon Sect? When did you get involved with the Ji family?" Feng Yulei sneered: "Sure enough, he's an unjust person,

My own woman was trapped, but she went to save other women first. Since you saved this Ji Ruyue, the emperor will have to look at the other one. How can you save the other one! "

Feng Yulei gave a grinning grin, but did not act on Qin Chen for the first time, but turned and walked towards the suppressed Chen Sisi.

Chen Sisi lay on the ground, first glanced at Feng Yulei angrily, and then at Qin Chen faintly, with helpless and pitiful expressions in his eyes, as if he could melt a piece of iron stone.

"Don't look at him, look at him, he won't be able to save you, such a lover, you might as well be the emperor." Feng Yulei said with a grinning smile at Chen Sisi. Qin Chen put Ji Ruyue aside, and instantly threw out the Dao Formation Flag, guarding her in the Formation Flag, and then sneered at Feng Yulei: "The disciple of the dignified Xuanyuan Empire, isn't it just a coward who attacked women? You are not in the Guyu Realm

Do you want to kill me when you are away? Now I am standing here, can you dare to fight with me?

"Qin Chen looked at Feng Yulei coldly, with disdain and a sneer on his face.

#### [Chapter 1489: It's time to do it](#)

"Fight with you? Hahaha!" Feng Yulei laughed wildly, as if he had heard some extremely funny joke, tears were about to flow down, and the ridiculous smile, but his eyes gradually became cold, and said coldly: "Who do you think you are,

Also worthy to fight against the emperor? "

He was aloof, his gaze was squinting, and he looked at Qin Chen with disdain, that kind of pride came from the inside and escaped from his bones.

He is the emperor of the Xuanyuan Empire, the world's arrogant, and there are not many people in the martial arts that can make him look eye-catching. Nowadays, a kid from the lower four regions wants to challenge him. Isn't it ridiculous?

Qin Chen still had a smile on his face, and said lightly: "So, you dare not?" "Hahaha." Feng Yulei laughed, and then said coldly: "Exciting general method is useless for this emperor. I want to kill you. There is no need for the emperor to do anything, as long as the emperor gives an order, you will die. But the emperor does not want you to die at present, you

Didn't you come to save people? The emperor is right in front of you, playing with your woman, this scene should be wonderful. "

"Hahaha."

"Hehehe!"

Everyone around laughed, their smiles full of \*\*\*\* and excitement.

Ji Ruyue and Chen Sisi had a gloomy face, gritted their teeth, these wind, rain and thunder are simply beasts.

He walked towards Chen Sisi, ignoring Qin Chen's provocation at all.

Chen Sisi showed a longing look at Qin Chen, wanting Qin Chen to help him, but Qin Chen remained silent and motionless.

Feng Yulei was surprised and frowned slightly. He thought that Qin Chen would not be able to take it, but he didn't expect to be unmoved.

The reason why he should not fight is that he had seen Qin Chen's strength before and knew that this method was a little cunning, so he wanted to deliberately lead Qin Chen to take action. As long as Qin Chen took action, the Martial Emperor and others on standby would take action at the same time. Suppress Qin Chen.

But who ever thought, Qin Chen didn't care about the safety of the Saintess of the Illusory Demon Sect.

"Hmph, this emperor doesn't believe it anymore, this one can really bear it." He continued forward, trying to force Qin Chen to do it. At this moment, with a bang, the ground next to Chen Sisi suddenly burst open, and a black mist swept out, enveloping her in an instant. At the same time, a black figure appeared beside Chen Sisi with a palm facing the wind and rain. mine

Shoot out suddenly.

The harsh sound of howling ghosts and wolves suddenly sounded between the heaven and the earth, and the \*\*\*\* atmosphere suddenly shook.

"who?"

On the side, Wu Huang and the others were shocked. Someone sneaked into Emperor Fenglei's side unknowingly, but he didn't realize it, and under a cold sweat, he hurried out with a punch. When the two sides touched the palms of their fists, the Emperor Wu Mo felt that the opponent's physical body was incredibly powerful. A cold force poured into his body, freezing his heart. He snorted and hurriedly activated the true essence in his body. This force is pressing

System down.

"Snatch someone from the emperor's hands and look for death!"

The wind, rain and thunder were furious, the sky thunder sword was sacrificed, and the sword fell, and the sky thunder shook instantly, and the thunder and lightning sword light split the black fog away, but the man in black had wrapped Chen Sisi and swept away.

This person has such a weird body shape, which is shocked by wind, rain and thunder, and the other person's body shape is very peculiar, giving him an extremely awkward feeling.

"Boy, I think you are more pleasing to the eye, this little baby will be handed over to you." The man in black shook his palm, and Chen Sisi instantly threw it towards Qin Chen. When the wind, rain and thunder saw it, a sword light suddenly lit up in the void. : "Stay."

Jian Guang was like electricity and came directly to Qin Chen's side.

"Om!" But Qin Chen was filled with an astonishing sword realm. The sword light cut by wind, rain and thunder quickly weakened under the sword realm, and when it came to Qin Chen, it was already very weak, with only power left. The second one of the next ten, was blown by Qin Chen's punch

broken.

what?

Feng Yulei was shocked. Although his sword was shot at will, it was smashed by Qin Chen with a punch. How did he do it?

He was shocked in his heart, and the sword realm that Qin Chen displayed also shocked him secretly. He didn't expect that, except for Ji Ruyue, the untouchables of the four realms also realized the sword realm of the sword realm, how is it? may? In shock, Feng Yulei still wanted to do something, but saw that Qin Chen was already holding Chen Sisi, and quickly retreated, buzzing, a series of flags were quickly thrown out during his retreat, forming a simple formation in an instant. Law, wrapped a few people in surface.

But then, Feng Yu Lei cut out with a few more swords, puff puff puff, the sword light fell on the big formation, the formation suddenly shook, but it was not broken, and with Qin Chen constantly throwing the formation flag, then Instead, the formation became more stable.

At this moment, not only was Feng Yulei shocked, even the Mo Wu Huang and others on the side were dumbfounded.

In an instant, a formation was laid out, and this one was actually a master of formation, and it was definitely the top master of formation.

how can that be?

Qin Chen's methods completely exceeded their expectations.

In the formation, Qin Chen embraced Chen Sisi and quickly retreated.

At this moment, Chen Sisi was weak, slumped in Qin Chen's arms, and her body was tightly against Qin Chen. Her body was soft and fragrant, lying weak and boneless in Qin Chen's arms, which made people happy.

In order to prevent Chen Sisi from being shaken, Qin Chen held Chen Sisi tightly in his arms and supported her with his left hand. The whole posture was extremely ambiguous.

Chen Sisi screamed, the whole person was extremely ashamed and angry, being so intimately hugged by one person, his whole body was suddenly soft and his face was flushed.

"do not move!"

Qin Chen frowned slightly, his perception swept Chen Sisi's body at random, her condition was actually much more serious than Ji Ruyue. In her body, due to the previous suppression of the strength, the true essence in the body was chaotic, and the meridians appeared to be distorted. Moreover, she was practicing the magic power of the Phantom Demon Sect, which was much more severe than Ji Ruyue's simple meridian damage. , Not small

The heart will get confused.

However, Qin Chen didn't have much time to treat Chen Sisi now, so he could only relax briefly for her, the true essence in the body was running, and with a pinch of his left hand, Dao Dao Zhen Yuan immediately poured into Chen Sisi from his left hand. "You..." Chen Sisi was hugged by Qin Chen's big hands, and was already very ashamed. Who knew that Qin Chen was still in full view, and with such a forceful pinch, Xiafei's cheeks were suddenly squeezed. The feeling that the clothes are close to each other makes Chen Sisi

Extremely addicted.

Comfortable, it was too comfortable, Qin Chen's hand seemed to possess magical power, making her feel numb all over her body, but Qin Chen had already withdrawn her hand without much aftertaste.

On the other side, after saving Chen Sisi, the man in black directly killed the Elder Skeleton Ghost. Qin Chen retracted his gaze and stared coldly at the wind, rain and thunder. Now that Ji Ruyue and Chen Sisi have been rescued, it is time to do it.

#### [Chapter 1490: Battle Storm](#)

Feng Yulei sneered and looked at Qin Chen in the formation. Did he think he would be safe by hiding in the formation?

But what surprised him was that Qin Chen walked out of this formation directly.

Feng Yulei and the others were suddenly surprised. Qin Chen dared to walk out of the formation, obviously not putting them in his eyes.

"Boy, you are crazy, how dare you come here alone."

Feng Yulei said in a deep voice, having to say that he also admired Qin Chen and dared to come here alone.

"Hehe, I am here to kill you specifically." Qin Chen sneered.

Feng Yulei couldn't help but murderous, this guy actually said that he was here to kill him, really looking for death, he snorted, and said: "Since you have to find death by yourself, then I will..."

call out!

Before he could finish his sentence, he saw that Qin Chen had already killed him, slashed out with a sword, and slashed down towards his head.

The wind, rain and thunder are so angry, what do you dare to take the initiative to shoot at me?

Go to hell!

He urged the Heavenly Thunder Sword and slashed towards Qin Chen. Above the sword body, there were rays of light lingering, exuding an astonishing aura.

boom!

The two fought a sword, both of them shook their bodies and stepped back.

It's evenly divided!

Feng Yulei's face suddenly became extremely exciting.

He has indeed seen Qin Chen's swordsmanship. It does have some strength, but it's just that. His Heavenly Thunder Sword is an ancient imperial soldier, and contains the power of lightning destruction, combined with the exercises he cultivated. Definitely can suppress everything.

In order to suppress Qin Chen, he had already displayed at least 80% of his strength in the previous blow.

But Qin Chen can actually fight against himself!

He couldn't believe it.

What's more terrifying is that when the opponent took the sword, it gave him a very shocking feeling. Could it be that Qin Chen's kendo attainments are still above him?

No, it's impossible!

The swordsmanship he practiced had specifically consulted a martial emperor-level power, and he had learned too much about swordsmanship. In the Xuanyuan Empire, as his status, what swordsmanship secrets could not be seen? Even the ancient sword arts can see some.

Ji Ruyue's swordsmanship is so terrifying, he believed that after all, Ji Ruyue joined the law enforcement palace, and he was a direct disciple of the Ji family, but Qin Chen, an ant from the lower four realms, had such a swordsmanship.

"How on earth did you practice the sword technique?" Feng Yulei's voice trembled a little, and he felt that Qin Chen absolutely possessed a big secret.

A kid from the lower four domains, if he had not encountered an adventure, he would have no such strength at all.

"Haha, can you control it?" Qin Chen smiled slightly, disdainfully.

Do you think it's okay not to say it?

Feng Yulei stared at Qin Chen coldly, what he wanted, he had never gotten before, he didn't say it now, as long as he was captured after a while, the other party couldn't say it.

"The emperor, let me take him down!" Mo Wu Huang said solemnly from the side. "No, this child must be killed by me." Feng Yulei was angry, and Qin Chen's repeated provocations have completely lost his patience: "Go help the Skeleton Ghost Martial Emperor and take down the man in black, God Mysterious secret, this person must also have a secret

."

"As for you guys, continue to break the formation and capture those two \*\*\*\* for me."

Feng Yulei said coldly to the remaining Emperor Wu Huang of the Xuanyuan Empire.

The great martial emperors flickered, and immediately rushed towards the formation where Ji Ruyue and Chen Sisi were. Qin Chen's face sank when he saw that, and when he was about to do it, Feng Yulei had already coldly walked over.

"Don't you want to kill me? I don't know the height of the sky and the earth, this emperor will let you know what is Wuyu Tianjiao."

His body is proud, and lightning bursts out of his body. The thunder and lightning linger around him, forming a vast sea of thunder and lightning. These thunder and lightning powers are turned into runes, and then they are tightly attached to his whole body and the sky thunder sword. .

Hum!

The aura on the Heavenly Thunder Sword was strong, as if it had been activated, bursting into a glowing glow.

Feng Yulei just stood proudly, but the whole person exuded the domineering attitude of someone else.

He was born with a thunder body, and was given the sky thunder sword since he was a child. With the day and day, he has long been integrated. The natural thunder body combined with the sky thunder sword will definitely increase his power exponentially. This is the foundation of his vertical and horizontal martial arts.

Qin Chen looked at the Heavenly Thunder Sword in Feng Yulei's hand, and his eyes flashed slightly. This sword is extraordinary. As long as he kills that wind and rain and thunder, he can become another magic weapon of his own, perhaps combined with his own blood. , There will be different effects.

"Kill you, just one sword!" Feng Yulei said in a condescending tone.

"If you want to fight, you will fight, Haw." Qin Chen took the lead, and the mysterious rust sword bloomed with divine glory, without fear of the breath of the sky thunder sword. Although the Heavenly

Thunder Sword is an ancient imperial sword, it is also at the same level as Ji Ruyue's Exclusion Sword. In the Demon Sword Tower, the Demon Sword was so powerful that Ji Ruyue's Exclusion Sword could hardly be the power of the Demon Sword, but its own mystery The Rust Sword can suppress the Demon Sword, how can you be afraid

This is a mere sky thunder sword.

He swung his sword and took the initiative to attack.

"I don't know what I can do!" Feng Yulei sneered, the power of thunder urged to the extreme, the sky thunder sword, every rune lit up, the power of the great road was majestic, that is the aura that crushes everything.

boom!

The two fought against each other again, swish, their figures retreated at the same time, and once again they were evenly divided.

No, Qin Chen clearly had the upper hand. He urged the mysterious Rust Sword to slash again, and the world of swords filled with it, and the world suddenly trembled.

Feng Yulei became more annoyed, and the sky thunder sword urged more intensely. It also released the sword domain, and only heard the creaking sound. The two sword domains collided crazily, and the void was torn by the sword energy.

Click!

Countless thunder lights fell, accompanied by sword light, completely enveloping Qin Chen.

"puff!"

But at this moment, a sword aura suddenly blasted out, it was the ultimate killing sword, the sword aura full of killing intent submerged into the wind, rain and thunder, causing him to snorted and immediately spewed blood.

"Haha." But Feng Yulei laughed. Although he was injured by the sword aura, Qin Chen was also haunted by the thunder and lightning power of his Heavenly Thunder Sword. Thunder and lightning are the power of destruction and are superior to other attacks. Anyone who is slashed by his thunder and lightning can hardly escape a miserable end.

.

But the next moment, the expression on his face solidified, Qin Chen walked out slowly in the thunder and lightning, unexpectedly safe and sound.

This time, Feng Yulei's face completely changed color, and even his scalp began to numb.

Qin Chen was obviously wrapped in his own lightning power, but why was he unscathed?

hiss!

Isn't this kid a human? Even the late Martial Emperor might not be unharmed under his thunder and lightning power, right?

Qin Chen patted his sleeves, "Is this your attack? It's too weak, itchy."

It's not that Qin Chen didn't speak big words. Although the thunder and lightning power of Feng Yu Lei was strong, it was nothing compared to the catastrophe he had suffered before.

What's more, Qin Chen himself has the blood of thunder and lightning, and what he is most afraid of is the lightning attack. His own blood of thunder can even absorb the catastrophe. How can this little lightning power hurt him.

"Boy, you don't want to be rampant!" Feng Yulei was furious, and he killed him strongly. There was thunder on his eyebrows, and he was in a strong mess and was completely angered.
