

Valkyrie 1521

[Chapter 1521: 10% more](#)

Shang Wuji looked at Qin Chen excitedly.

Qin Chen asked suspiciously, "Master Shang Wuji really doesn't understand this kind of forbidden formation?"

Although Shang Wuji's previous technique was clumsy, it was quite accurate, and he seemed to understand it.

Shang Wuji smiled bitterly: "Qin Shaoxia laughed. If Shang really understands, he doesn't have to bother so much. The reason Shang was able to shake the formation before was just luck. If he really wants Shang to break through, he is really powerless. ."

He smiled bitterly, not like a fake.

"Since you will break the formation, don't you hurry up?" Wei Xingguang shouted. Qin Chen ignored the opponent at all, just saying: "It's not impossible for Qin to break through the formation, but as the former master of the law enforcement hall said, if Qin can break through the formation in a short period of time, he will gain 10%. Treasures, shouldn't be a problem?"

"

"What? You are a lowly... disciple, want to occupy 10%? Are you kidding?" Wei Xingguang was furious.

Skeleton rudder master wants 10% more. For the sake of the opponent's law enforcement hall, Wei Xingguang can only recognize it. Qin Chen He Dehe Neng also wants to occupy 10%, which is idiotic.

"Since Lord Shang Wuji is not happy, then everyone should continue to break the battle by themselves." Qin Chen said disapprovingly.

"You..." Wei Xingguang furiously said, "Shang Wuji, look, this guy is too much."

Other people's eyes also looked a little cold.

This is a treasure of 10%. The high-grade real stones in front of me are at least several hundred million, and there are nearly a thousand blood crystals, as well as a regular fruit. The income of 10% is not a small amount.

A little disciple is not afraid to hold on.

"Is it too much?" Qin Chen said with a sneer: "Everyone comes in together, but you guys directly occupy 20% of the gain, isn't it even more excessive?"

"Hmph, this is the result of the equal division of our major forces. Your Excellency has already occupied 30%. Is it possible to ask for 40%?" Shang Wuji said angrily. "This is very bad. The 30% that your Excellency said was obtained from the Hall of Law Enforcement. Qin comes from the Dan Pavilion and she is from the Phantom Demon Sect. Although I and the people in the Hall of Law Enforcement are from different forces after all. Divide equally according to power, Qin

A certain representative's Pill Pavilion and Phantom Demon Sect should also get a share, each occupying more than 10%, right? But in fact, Qin and the Magical Demon Sect are not available for 10%. Is it too much to ask for the remaining 10%? "

When the words fell, everyone was stunned.

It really is. Because Qin Chen and Chen Sisi walked with the people in the Hall of Law Enforcement from the beginning, Shang Wuji and the others directly regarded Qin Chen and the people in the Hall of Law Enforcement as the same force, but in fact Qin Chen came from the Dan Pavilion and Chen Sisi is the witch of Phantom Demon Sect,

It is not the same force as the Hall of Law Enforcement.

If it has to be distributed according to power, it should not be divided into four parts, but into six parts.

"Can you really break through this formation?" Shang Wuji asked in a deep voice.

"Can this be fake?"

"Well, if that's the case, then Shang can be the master. If you can break through this formation within three days, Shang will promise you 10%, how about?" Shang Wuji said.

The remaining Wu Yinmen warriors suddenly showed strange colors. Qin Chen had used this trick when he was with Qicai Lingguo. They were very clear about Qin Chen's strength in breaking the formation, since he said he could break open. , There is absolutely nothing wrong.

"Where are the two of them?" Qin Chen looked at Wei Xingguang and Yue Zhongkui again.

"Elder Wei and Elder Yue, what do you say?" Shang Wuji also looked over.

"Three days? If you break the formation in one day, the emperor can consider it." Wei Xingguang sneered.

On the side, Yue Zhongkui also nodded, but didn't speak, but quietly glanced at Wei Xingguang, a sharp light flashed in his eyes.

"Why do you need a day, half a day is enough."

The actions of the two fell in Qin Chen's eyes, and Qin Chen didn't care at all. After walking two laps before the forbidden formation, he began to command to break the formation.

Boom boom boom! Under the command of Qin Chen, the originally very strong formation swayed quickly, and the densely dense forbidden rays of light continued to flicker. This forbidden formation immediately dissipated little by little, and it was just a piece of incense. Weaken

More than 10%.

Damn, there really are two things.

At this rate, half a day is indeed enough.

Shang Wuji also looked at Qin Chen in shock, with an incredible expression in his eyes. With the gradual weakening of the forbidden formation, everyone broke the formation faster and faster, even less than

half a day. In just two hours, with a bang, the entire forbidden formation has been completely broken, and it is full of richness. The ultimate true breath

It spread over in an instant.

"Wow!"

At the moment when the forbidden formation broke open, Wei Xingguang and Yue Zhongkui flew out at the same time, rushing towards the regular fruit, banging, two big hands directly towards the regular fruit, actually trying to take the lead in plundering the regular fruit.

"Wei Xingguang, Yue Zhongkui, what are you doing?"

Shang Wuji was furious at once, and this was too unruly. According to the previous discussion, Ji Ruyue had the first choice.

"What do you do? Of course it's a treasure, you won't be so stupid that we will let you choose first, right?"

Wei Xingguang sneered in his heart, looking at Shang Wuji as if he was looking at an idiot. This is the fruit of the rules. How could they easily pass the Nine Heavens Martial Emperor's treasure with a certain probability.

boom!

Shang Wuji also moved, snorted coldly, and rushed directly to stop Wei Xingguang and Yue Zhongkui. Surprisingly, the people of Qin Chen are quite different. Among them, the skeleton rudder directly rushed on many high-grade real stones, and with a big wave, countless high-grade real stones were immediately collected by him, and Qin Chen rushed towards it. Blood crystal, lift

Hand, directly put many blood crystals into the storage ring.

"Stop, this is not something you can take."

A cold shout sounded, it was a disciple of ancient Fangjiao, with a cold killing intent on his face, and he charged over. Hey, he raised his hand, his sword aura was like frost, and he came directly in front of Qin Chen with the ultimate killing intent. Divide Qin Chen into two.

They did not dare to stop the Skeleton Rudder Master, but it was easy to deal with Qin Chen.

Boom!

At the same time, two other Gu Fangjiao disciples also came to kill, and the three of them were trying to double-team, trying to kill Qin Chen here.

Qin Chen smiled, knowing that these guys were uneasy and kind, the mysterious Rust Sword appeared in his hand, raised his hand, and slashed to the front person.

"Hahaha, it's just a pariah, dare to resist."

The mid-term peak Wu Huang was disdainful, and the sharp sword instantly collided with the black rusty sword in Qin Chen's hand. At the moment of the collision, his face changed.

Hum! An invisible meaning of killing came in an explosion, which was several times stronger than the sword aura he had displayed, rushing into his body, tearing the meridians in his body instantly.

[Chapter 1522: First sword](#)

"Puff!" The man widened his horrified eyes and roared. After panic, he wanted to retreat quickly, but it was too late. Hey, the sword light flashed, and Qin Chen's sharp blade passed his throat, a great head. Soaring into the sky, blood flying

.

Killing a mid-term peak Martial Emperor with a single sword, Qin Chen immediately urged the storage ring, and 800 blood crystals were instantly absorbed by him. At this time, the attack of the other two mid-term peak Martial Emperors of the ancient Fangjiao was just enough. arrival.

Qin Chen sneered, not evasive in the face of the attacks of the two.

Boom!

Two astonishing roars sounded, Qin Chen was wrapped in endless streams of light, and the two ancient Fangjiao's mid-term peak Wuhuang instantly showed ecstasy, but before the smile fell, they saw a figure rushing out of the smoke and dust.

It was actually that Qin Chen.

At this moment, Qin Chen was unscathed, not even the corners of his clothes were damaged a bit, as if he was okay.

The two of them were so scared that their souls were almost gone. How could this be possible? Although the two of them are not late martial emperors, as Tianjiao powerhouses, their strength is by no means as simple as the cultivation base revealed on the surface.

Under their full blow, even the ordinary late Martial Emperor would be seriously injured behind him, but Qin Chen was hit directly, and there was no injury at all. Is this hell?

The two were shocked, but Qin Chen didn't give each other a chance to slow down. The mysterious rust sword swung away, and two invisible sword lights flashed in the void.

puff! puff!

The next moment, two blood arrows soared into the sky, and the two mid-term peak martial emperors were divided into two, and they were awarded the first in an instant.

All this happened in a moment, and the three ancient Fangjiao disciples had already died in Qin Chen's hands.

Whoosh whoosh...

The four disciples of Guiyuanzong who had rushed towards Qin Chen were instantly stunned. They stopped and retreated madly. Qin Chen didn't pursue it, but just stared at it coldly. "Smelly boy, kill my disciple of the ancient teachings, I want you to die." Wei Xingguang's Yu Guang caught a glimpse of all

this, furious, and roared, but did not turn around, but continued to capture the fruit of the rule, for him , Compared to avenging three ancient disciples

Naturally, it is more important to win the fruits of the rules.

At this moment, he and Yue Zhongkui's palms were about to touch the regular fruit. Suddenly, hum, an invisible force filled the void, and the regular fruit that was in front of the two of them seemed to have disappeared in an instant, grabbing a void.

what?

The two were shocked, and even shot again, but the rules of the fruit, but the power of the rules of the debut, no matter how the two shots, they still can't touch them.

"boom!"

At this time, Shang Wuji had arrived, and slapped them with a palm, forcing them to move back a bit.

Whoosh!

At the same time, the black figure flashed, and after collecting some high-grade real stones, the Skeleton Rudder master instantly came to the two of them, snorted coldly, and blasted a punch.

With a click, an astonishing fist swept through the void, instantly blasting Wei Xingguang and Yue Zhongkui out of hundreds of meters, and slammed into the wall not far away.

"Huh, forcibly plundering the fruit of the rule, two courageous people." The Skeleton Rudder master yelled coldly. He probed his hand, hum, and his palm was flat. He actually grabbed the fruit of the rule instantly and put it away.

what?

Wei Xingguang and Yue Zhongkui couldn't accept it. The two of them worked hard and tried their best to make the first shot, but they couldn't get the fruits of the rules. On the other hand, the black-clothed man in the Law Enforcement Hall took the shots at will and put away the fruits of the rules. Up.

"how did you do it?"

The two trembling, said in anger. "Haha, the rule fruit, contains the power of the rule, can it be easily obtained? If you want to get the rule fruit, you must fight with the force of the rule before you can get it. The two grabbed it forcibly and naturally returned empty-handed." In the distance, Qin Chen laughed

, A look of mockery.

Wei Xingguang and Yue Zhongkui didn't even know how to collect the fruits of the rules, and they even dared to make the first move, which is really ridiculous.

Wei Xingguang and Yue Zhongkui's faces sank suddenly.

At this moment, the palace is empty, many blood crystals and high-grade real stones have been swept away. At this moment, even the regular fruits have been taken away. The two of them tried their best, but they didn't even get the fart. They were shocked and angry.

Especially Wei Xingguang, who all three of his colleagues fell, was even more frightened.

"dead!"

He shouted angrily, the target selected Qin Chen, and the anger in his heart could no longer be restrained, and he killed strongly.

Qin Chen chuckled slightly, disregarding it, slashed out with a sword, puff, sword energy soaring into the sky, straight into the bullfight, Wei Xingguang only felt a sharp sword energy coming from side to side, with a ding, the sword in his hand shook wildly. Almost dropped out.

Even so, a sharp sword intent poured into his body, raging crazily. In fright, he strongly urged Zhen Yuan to suppress it, still pouting, spit out a mouthful of blood, and his face turned pale.

With one move, he was actually injured.

He looked at Qin Chen in anger, unable to accept this scene in his heart. On the side, Yue Zhongkui and Shang Wuji were also dumbfounded. Wei Xingguang and them were powerful at the same level. They were injured by a mid-term peak Martial Emperor, and they were also disciples from the lower four domains. Not that the two of them are also

It is not Qin Chen's opponent.

how can that be?

On the side, Ji Ruyue and the others were very calm, even a little confused, Qin Chen didn't even kill Wei Xingguang with a single sword. Qin Chen did keep his hands. It was not that he was soft-hearted, but if he killed Wei Xingguang with a single sword, it would be too shocking, unless he wanted to kill Shang Wuji and others here, otherwise he Don't want to expose too much strength

.

But the too much strength he didn't want to expose had already shocked Wei Xingguang and the others, and his legs became weak.

"Haha, although Shaoxia Qin is not very old, he is still in the sky. If you want to insult the other party by relying on your cultivation base, you may have made the wrong wishful thinking." Skeleton rudder said with a smile.

Everyone looked at the master of Skull Rudder in horror, and then they understood why Skeleton Rudder mainly took Qin Chen from the Pill Pavilion. It was not that Skeleton Rudder mainly sheltered Qin Chen, but Qin Chen did have the strength to admire him.

And from the admiring tone of the Skeleton Rudder Master, everyone suddenly understood something, the Hall of Law Enforcement, the elite of the world is gathered, no matter which force it is, it doesn't care.

Maybe this person valued Qin Chen's talent and wanted to draw Qin Chen to the Hall of Law Enforcement in the future. After all, Qin Chen didn't have deep roots in the Pill Pavilion, he was just a genius from the Lower Four Regions.

Thinking of this, a few people broke out in a cold sweat instantly.

It's just that Qin Chen killed his disciple of the ancient teachings before, and it was impossible for Wei Xingguang to bear this tone.

"Qin Chen, you killed my disciple of ancient Fangjiao, do you really think that ancient Fangjiao dare not touch you?" Wei Xingguang shouted angrily, murderously all over. "Hmph, your ancient Fang teaches people to act on Ben Shao first, and Ben Shao kills them. That's normal, not to mention a few ants. If you kill them, you will kill them. What a sneer." Qin Chen sneered.

[Chapter 1523: See the shadow again](#)

"You...Although it was my ancient Fangjiao who did the first thing, how can your Excellency say to kill and kill, this lord, how can you ignore it as a strong man in the law enforcement palace?" Wei Xingguang said to the skeleton rudder in his anger. , Trying to get the skeleton rudder master

Tao.

Everyone was dumbfounded, what happened to Wei Xingguang? Don't you know that the masters of the Law Enforcement Hall admire Qin Chen? You've got water in your head when you find the Law Enforcement Hall to preside over justice?

Qin Chen was also a little confused.

He originally intended to provoke Wei Xingguang, so as to look for opportunities to deliberately fight for a while, and eventually kill Wei Xingguang, but who knew that Wei Xingguang actually came this way.

He narrowed his eyes and suddenly realized that after knowing his strength, Wei Xingguang was so scared that he didn't dare to do it, so he did so on purpose.

Qin Chen's eyes were cold, and he sneered: "What can I do if I kill your disciple of the ancient Fangjiao, let alone your disciple of the ancient Fangjiao, even your Excellency, Qin will kill if he wants to."

When the words fell, Qin Chen's figure shook, and he slammed to Wei Xingguang.

Since Wei Xingguang was horrified, he looked for opportunities to kill him.

"Qin Shaoxia, be merciful."

Shang Wuji shook his body and hurriedly came to Qin Chen and stopped him. "Everyone, everyone is on the same road anyway. Although there were some conflicts before, they were just some misunderstandings. Since Qin Shaoxia has killed several disciples of the ancient Fangjiao, why not let go of the hatred and help each other? After all, no one knows the following

What will you encounter, right? "Shang Wuji said to Qin Chen to persuade him. Then he looked at Wei Xingguang and said: "Elder Wei, you acted rashly before and violated the regulations, and your colleagues also killed Qin Shaoxia and were killed by Qin Shaoxia. That is what you deserve. Those who know the current affairs are handsome, why not let go of Elder Wei

See, how about everyone holding hands? "

"Want me to make peace with him?" Wei Xingguang's eyes were cold.

"Impossible." Qin Chen also sneered.

"Elder Wei, if you don't want to make peace, then Shang can't help it, how about you, Elder Yue?" Shang Wuji looked at Yue Zhongkui.

Yue Zhongkui glanced at the empty palace, and said solemnly: "Although I am waiting for the breach of contract first, according to the regulations, I should have 20% of the treasures in this palace, but now..."

He didn't want to fall out with the Hall of Law Enforcement and Shang Wuji, but he was a little unwilling to think that he didn't get anything.

"This is easy to handle. In this way, among the many previous treasures, I got a total of 300 million high-grade real stones from the Wuyinmen. As long as you are willing to put down the fighting, Shang Mou is willing to give you 100 million high-grade real stones, how about?" Shang Wuji is ruthless Under the heart.

Yue Zhongkui glanced at Shang Wuji in a daze. He didn't expect that Shang Wuji would be willing to hand over 100 million high-grade real stones from the treasures he had obtained.

"If this is the case, then Yue has nothing to say, but Qin Chen previously took away all the blood crystals..."

"These blood crystals were obtained by Qin by his own ability. Elder Yue doesn't want Qin Chen to hand them over?" Qin Chen sneered. "If Elder Yue is not convinced, you can come and get them yourself."

"you....."

Yue Zhongkui became angry from embarrassment. "Elder Yue, you are not right about this matter first. There are so many treasures in this relic, why bother so carelessly? Besides, if Qin Shaoxia hadn't taken the shot, we wouldn't know how long it would take to break the restriction formation. This time the blood crystals were given to him. And can

how is it? There will be treasures next, so why not forget it." Shang Wuji hurriedly said with relief.

"For the sake of the elder Shang, it's all about Yue." Yue Zhongkui felt aggrieved, but he also knew that the matter was over. It was good not to return empty-handed, and he could not be greedy too much, so he agreed.

"How about you Elder Wei? If Elder Wei promises to turn the fighting into a jade silk, Shang Mou is also willing to give out 100 million high-grade real stones to Elder Wei. How about Elder Wei?" Shang Wuji looked at Wei Xingguang again.

"Elder Shang!"

At this time, the remaining Wuyinmen Wuhuang became dissatisfied. They only received about 300 million high-grade real stones, giving Yue Zhongkui 100 million and Wei Xingguang 100 million, so they only left about 100 million. This is too bad. "Eh!" Shang Wuji waved his hand: "When I can come here, I will be in the same boat. What's more, there are so many treasures in this ruins palace. Why fight and kill for something outside? If you work together and continue to explore, you will get the money. Harvest must

However, it far surpasses this billion top-grade real stone. "

"Qin Shaoxia, this lord, what you got will belong to you this time. Shang only hopes that everyone can abandon the previous suspicions and work together to get more treasures. I wonder what you think?"

Shang Wuji had said so, and Wei Xingguang gave a cold snort, also borrowing a donkey to go downhill.

Qin Chen and Skeleton Rudder saw this, so naturally they couldn't say anything.

Seeing Qin Chen and Skeleton Rudder master acquiesced, Shang Wuji was overjoyed, and even took out 100 million of the top-grade real stones on his body and gave them to Yue Zhongkui and Wei Xingguang.

The atmosphere on the court eased up, only the few Wuhuang emperors in Wuyinmen were angry and very upset. They didn't understand why Lord Shang Wuji did this and wasted the high-grade real stone.

With the virtues of Wei Xingguang and Yue Zhongkui, do you really think that the other party would appreciate him in the misty gate? It's just asking for trouble.

However, Shang Wuji was the highest-ranking person among the crowd, but he couldn't say much.

After a short break, everyone continued to move forward.

"Qin Chen, this Shang Wuji is a bit too enthusiastic." Ji Ruyue suddenly passed over.

"Really?" Qin Chen smiled.

"I also find it weird. Even if this Shang Wuji is more enthusiastic, he doesn't want me to wait for conflicts and just talk about sympathy, but it is weird to actually give out 200 million high-grade real stones to Gui Yuanzong and the ancient Fangjiao." You Qianxue also frowned.

"Oh? Qianxue, do you think so too?" Qin Chen smiled slightly.

In fact, he also felt that Shang Wuji's behavior was a bit weird and over-enthusiastic.

Two hundred million high-grade real stones, if you say they are divided, they will be divided. This is not a question of courage, but whether it is necessary.

"Could it be that Shang Wuji, for fear of being annexed with us alone, so deliberately left Wei Xingguang and Yue Zhongkui to balance us?" Chen Sisi suddenly said, saying a possibility.

"maybe."

Qin Chen smiled. No matter what the other party's purpose is, when the soldiers come to block and the water comes to cover up, it is also possible that they think too much. The other party has a good intention and wants to go further in this palace ruins.

After leaving the palace, two avenues appeared in front of everyone, one to the left and one to the right.

"Go here."

Shang Wuji directly chose the road on the right.

Everyone walked along the road and gradually came to the core area of this relic. The surrounding buildings were overlapped and gloomy.

"Master, I saw a dark shadow flashing by just now, not an illusion." Skeleton Rudder said suddenly.

Qin Chen's eyes flashed. The Skeleton Rudder Master saw black shadows here over and over again, could it be that someone has been following them?

[Chapter 1524: White bone lighting](#)

Qin Chen couldn't help but shook his head. No, if someone was following them, it would be impossible for the Skeleton Rudder Master alone to see it, but he couldn't notice it.

It should be something else.

He said: "This place is very strange, although there are many treasures, but the group of people in black brought everyone here, most of them have other purposes, you and I be careful."

"Would you like to tell them about the Dark Shadow?"

Skeleton Rudder asked. Qin Chen shook his head and said, "It's useless to tell them. The shadows are hard to detect even for the young man. How can these people believe it completely because I waited casually? Maybe they thought we wanted to swallow the treasures, and made them deliberately. The story that came out, instead led to

dissatisfied. "Qin Chen uses the power of the soul, and naturally he can faintly find the fuzzy shadow, but under normal conditions, he cannot sense the location of the fuzzy shadow. The skeleton rudder is different. It is originally a foreign demon race, and its soul power is on this foreign demon continent. Very keen, yes

These dark things are very sensitive, and among the crowd, only the Skeleton Rudder Master discovered the fuzzy shadow watching them.

"Well, it makes sense."

Skeleton Rudder nodded, and then said: "And that Shang Wuji, very strange, seems to be familiar to me, but I can't tell where I am familiar. Master, be careful."

"Oh, even you think it's weird, are there some familiar?" Qin Chen glanced at Shang Wuji inexplicably, thoughtfully.

The passage in front became nine turns and eighteen turns. After a while, everyone passed through the stretched building and came to a magnificent, cold and majestic stone temple.

This stone temple is very magnificent, with many complicated patterns engraved, it is very primitive and obscure, and has the meaning of vicissitudes. The only uncomfortable place is that it is a little gloomy and shuddering when it approaches.

"The Yin Qi here is too heavy, why do you feel a little creepy?"

"I don't know where the ruins are here, it's gloomy."

"There is no danger in it, right?"

Everyone was a little wary, and the dangers of the previous few times made everyone still a little shocked.

"Oh, what's dangerous, it's better to have a stone temple, maybe there is some treasure in it."

Wei Xingguang didn't take it seriously, and suffocating his anger, he slammed directly on the gate of the stone palace.

"open!"

boom!

The door of the entire stone hall shook suddenly, making a creaking sound, and a gap was slightly opened, and some smoke and dust fell on both sides and fell on the ground on both sides.

"Come on, let's take action together and open the door." Shang Wuji hurriedly said upon seeing this.

"Ok?"

Qin Chen was looking at the ground, frowning slightly, dumbfounded, and immediately attracted the attention of everyone.

"Qin Shaoxia, what's wrong with you?" Shang Wuji asked in confusion.

"Oh, nothing!"

Qin Chen came back to his senses and smiled, "This place is gloomy, and I don't know how many years no one has passed by, it's a little unknown!"

"Boy, you won't be afraid anymore, if you are afraid, you can leave, no one will keep you." Wei Xingguang sneered, disdainfully.

"Don't tell me, there is indeed something weird here, even I feel chilly." Yue Zhongkui said, with a vigilant look: "I think it's better for everyone to be careful."

The gate of the entire stone palace is gloomy, like a gate leading to the underworld, faintly, there is an extremely unknown air. Standing in front of the gate, the eighth-order martial emperor can't help but fear and tremble. , Let alone enter it.

But this does not include Qin Chen and others. Since they have come here, let alone see no danger, no one will step back even if it is really dangerous. Those who can come here are all the geniuses of the major forces, how can they be afraid of danger? ?

What's more, the warrior is going against the sky, how many crises will he encounter along the way? How dangerous is it? How could they be afraid of even the slightest gloom.

"open!"

Everyone joined hands and blasted on the gate together.

Boom boom boom!

Shimen trembled, and then let out a creak. Shimen rumbled open, revealing a dark hole. Everyone looked at each other and walked in.

After everyone entered, there was a bang, and the Shimen closed automatically again, making a sound as if from Jiuyou.

Wow! When everyone first came in, the stone hall was as dark as ink, and they couldn't see their fingers. But soon, the sound of flame burning sounded. Starting from where the people were, two rows of faint fire lights lit up, sticking to the wall, and extending the way. Extremely far

The place.

In a short while, the stone temple was shrouded in a dark blue light, neither bright nor dim, and some were gloomy.

Qin Chen glanced at the flames at will, suddenly narrowed his eyes, and said word by word: "These flames were ignited from white bones."

"what?"

Hearing this, everyone looked at the nearest firelight.

On the wall, a rusty chain clasped a white bone head, and a hole was opened on the top of the head. It was Baihui Point, and a beam of quiet fire light was released from it, burning steadily. Since the fire is not very bright and the light is shining outward, the surface of the wall is still pitch black, which is difficult to see through with the naked eye, and the white bones are naturally inconspicuous. At this moment, after Qin Chen reminded everyone, everyone noticed this detail. A

Take a breath.

At a glance, I don't know how many flames there are, how many white bones are that?

"The white bones head lighting a lamp, this is an extremely evil way." Ji Ruyue said solemnly, looking around from time to time.

"Is this the place of a certain prehistoric magic gate?" Yue Zhongkui guessed.

Everyone was stunned, this is not impossible, all the way, they are very sinister, like the sect residence of some magic doors, thinking of the magic doors, everyone can not help but glance at Chen Sisi.

The Phantom Demon Sect where Chen Sisi belongs is one of the most famous demon sects in the Martial Continent today. For the demon martial artists, the major forces are often extremely contemptuous.

Under the firelight, Chen Sisi's gaze became more and more charming. She followed Qin Chen closely and was extremely delicate, making everyone look straight at the same time, but she couldn't help but curse in secret: Demon Girl.

"Let's go!"

Wei Xingguang snorted and walked forward.

The stone hall is quiet, extremely quiet, full of decay, and there is a penetrating breath everywhere, which makes people shudder.

"Do you feel it, it seems that someone has been staring at us?"

A Wu Sovereign of the Wu hidden door said slightly in surprise.

"Huh, do you feel it too?"

"I also have this feeling."

Everyone spoke one after another, and all of them stood up for a while. This feeling was felt by each of them, but some had more people, and some had fewer people.

This made people feel uncomfortable. I imagined that in this dark and decayed gloomy stone temple, there seemed to be a pair of eyes, staring at them in the inexplicable void, and everyone couldn't relax. Qin Chen frowned, because he also felt the same way, and this kind of gaze was unkind and very cold.

[Chapter 1525: Stone Room Blood Crystal](#)

The few people who were walking in front suddenly stopped and stared at the front in amazement.

Qin Chen was stunned, following everyone's gaze, only to see that the passage in front had come to an end. It was a vast hall, and there were some broken bones in that hall.

Around those bones, there are some weapons, but like the bones, they are all rotten.

"Why are there bones of warriors here?"

Everyone was shocked and rushed into the hall.

"Could someone walk in front of us?"

A Wu Huang said uncertainly.

"What are you kidding about? These bones have been decayed for a long time at a glance. To say nothing, there are thousands of years of history. It is very likely that they are the Emperor Wu with us."

"The bones of thousands or tens of thousands of years can still maintain this appearance. These people are at least the eighth-order martial emperor strong."

Everyone took a breath.

So many skeletons, all of them are martial artists of the eighth-order martial emperor level, which is too amazing.

But if it weren't for the eighth-order martial emperor or higher, after so many years, the corpse would have rotted long ago and could not be preserved until now.

Everyone's eyes suddenly became serious, and their bodies were tight. There are so many corpses here, and they must have experienced fierce battles, which shows that this place is not without safety.

"go."

After bypassing these corpses, everyone continued to move forward. The stone hall was very deep, but there was no danger.

"Damn, after a long time, there is nothing."

After walking for a long time without seeing anything, Wei Xingguang cursed.

The voice just fell.

suddenly.

A row of stone chambers appeared in front.

"Finally there is something." Wei Xingguang was overjoyed, swish, and came to the first stone chamber first. He banged up with a punch, and with a bang, the stone gate opened. There was a stone platform in the center of the stone room, and there was a stone platform on the stone platform. A fist-sized scarlet spar, very dazzling

.

"It's a blood crystal, and it's so big?" Wei Xingguang opened his eyes wide. The size of the blood crystals varies according to the strength of the blood-colored alien beasts, but the blood crystals of the blood-colored alien beasts are usually only the size of a thumb, and larger, the size of a loquat is already incredible, but now the blood crystals that appear in front of everyone But enough

The size of the fist is shocking.

How much essence beast essence is contained in such a large blood crystal? I am afraid that it is far superior to ordinary blood crystals, and more importantly, the purity will be higher.

"This is the first thing the emperor found, so it belongs to the emperor."

In surprise, Wei Xingguang directly probed his hand and grabbed the blood-colored spar with a bang, but under this grasp, the blood-colored spar did not move.

There was a restriction on this stone platform, and the blood-colored spar was firmly fixed on the stone platform and could not be taken away.

Wei Xingguang's face suddenly turned ugly, seeing the treasure, but couldn't take it away, which... was really embarrassing.

"Let me come." Shang Wuji yelled, and grabbed it with his hands. Under the grasp, the blood crystal was also motionless, but there was a trace of blood energy that vaguely entered Shang Wuji's body.

"Hey, although this blood crystal cannot be taken in, it can be absorbed directly!" He was surprised.

"what?"

Wei Xingguang was shocked, and tried to absorb it. Suddenly, a pure blood crystal power merged into his body. Under the transformation of this power, his physical strength had a subtle change.

"What a strong blood crystal power."

The power of this blood crystal is much purer than the power of all the blood crystals that Wei Xingguang has absorbed before. If he can completely absorb this fist-sized blood crystal, then his physical strength will definitely be increased. One level.

By then, his strength will be amazingly improved.

"I got this blood crystal first, you guys, you can't grab it with me."

Wei Xingguang stared at the blood crystals on the stone platform and said coldly.

Can't get robbed first? Qin Chen sneered, and just about to open his mouth, he heard Shang Wuji smile and said, "Wei Xingguang, you are sure, although this blood crystal is good, it cannot be taken away after all. It must be absorbed here. This is the number one. A stone room, who knows in the next stone room

What will there be? Are you sure you want this stone room? "

This.....

Wei Xingguang was dumbfounded. He forgot that this was only the first stone chamber, but such a pure blood crystal was enough to improve his strength, and it was extremely difficult for him to give up.

He glanced at Qin Chen, with his current strength, alone, unable to compete with Qin Chen and the others, if he did not increase his strength, even if there were regular fruits in the stone chamber below, he would not be able to get it.

Thinking of this, he immediately made up his mind and said: "I want this stone room."

Whoosh whoosh...

When his voice fell, Yue Zhongkui and others rushed out one after another, bombarding the next stone chambers one by one.

"Hey, it's the same blood crystal."

"This stone room is also a blood crystal."

"Why are they all blood crystals?"

In the end, all ten stone chambers in a row were opened, and they were all blood crystals, each of which was the size of a fist, which was amazing.

Moreover, these blood crystals cannot be captured either, they can only be absorbed.

"It looks like we have to absorb all the blood crystals before we can leave." Shang Wuji smiled bitterly.

There are ten stone chambers, each of which is a blood crystal, which is indeed a bit speechless.

Especially Qin Chen, compared to the blood crystal, it was obviously the regular fruit that attracted him more.

However, such a pure blood crystal is still a treasure, and may allow his Immortal Physique to be improved again.

The next step was the distribution. After some discussion, ten blood crystals, two misty gates, two for Gui Yuanzong, and Qin Chen got a full five.

This is equivalent to Qin Chen's party getting one. Originally, the disciples of Yuanzong and Wuyinmen were very upset, but Qin Chen's party was stronger after all, and under Shang Wuji's distribution, they couldn't tell.

"Give everyone three days, if you can't absorb it after three days, then no one can blame others."

However, Shang Wuji still gave a suggestion, that is to say, after three days, which party's blood crystals are not absorbed, then other forces can absorb it together, and they can't blame others.

As a result, everyone began to absorb blood crystals, especially the disciples of Guiyuanzong and Wuyinmen, and several people absorbed one. Everyone tried their best and did not dare to neglect, for fear of absorbing more than others. less.

On Qin Chen's side, each of the five people received one, and he quickly entered a state of intensive cultivation.

Gurgling!

A trace of blood crystal power entered Qin Chen's body, and the blood in Qin Chen's body flowed slowly and vigorously, and began to transform his body. I have to say that this fist-sized blood crystal is much stronger than those ordinary blood crystals, because the purity of the power has made Qin Chen's physical strength more perfect.

[Chapter 1526: Indestructible Eucharist Breakthrough](#)

Along with the increase in strength, Qin Chen's fear of the golden parasitic seeds in his mind has grown stronger.

Now there is no news about the town boundary beads that the **** cat said, so if he wants to escape the control of the golden parasitic seed, he must raise his soul power to the point where the soul is out of the body.

To achieve the separation of the soul, the physical body must first be elevated to the state of no leakage.

But now Qin Chen, the Immortal Saint Body is only the sixth peak, there is still a short distance from the seventh, and the distance from the realm of no leakage is even more.

This also made Qin Chen faintly anxious.

Now that he has such an opportunity to have the spirit of the beast, he will naturally not give up, and has already decided to break through the Seventh Layer of Immortal Eucharist.

Gurgling!

A strong blood flowed through his body, Qin Chen absorbed the blood crystals in the stone chamber, and at the same time the blood crystals he had obtained earlier appeared in his hand, quickly absorbing them.

According to Qin Chen's estimation, with his absorption speed, this fist-sized blood crystal can be completely absorbed by him in only one day, and he wants to use this to make the Indestructible Eucharist break through to the seventh stage. But there should be a slight gap.

But if this blood-colored spar is combined with the previous large amount of ordinary blood-colored spar to absorb together, it may be different, so much source beast essence is enough to make his immortal sacrament transformed.

One!

Two!

Ten!

Twenty! And when Qin Chen was quickly absorbing the power of the blood crystal, in the other stone room, the skeleton rudder master also quickly absorbed the essence of the source beast in front of him, its speed was even faster than Qin Chen, under the magic blood magic, The power of a large number of blood crystals quickly entered

Inside its body. The aura on its body immediately became more peaceful. The original gloomy aura, although it is still gloomy at this moment, has become more and more dull. At the same time, the blood on its body is also fuller. Even Qin Chen can't see the skeleton rudder master. It's a strange monster

People of the clan.

"This blood crystal...it seems..."

In the process of absorbing, it muttered to itself, as if it had discovered some weird place, but its eyes flashed, but it ignored it, and continued to absorb it.

In less than two days, the blood crystal in front of it had been completely absorbed by it and turned into powder.

The Skeleton Rudder continued sitting cross-legged and began to temper his body.

In the nearby stone room, Qin Chen has entered a critical moment, and the blood drives the power of the blood crystals into the limbs of the body.

Click!

There are bursts of crisp sound from his body, and the bone marrow, bones, muscles, internal organs, blood, and fur are undergoing transformation.

Finally, nearly three days later, the blood crystal in front of Qin Chen was completely absorbed by him. At the same time, the blood crystal powder around him had been scattered all over the ground. This was nearly two hundred ordinary blood crystals left after weathering. Powder.

The power of a large number of blood crystals reached an extreme in his body.

"Success or failure in one fell swoop."

Qin Chen's heart moved, his blood quickly accelerated, his heart's capacity gradually approached its limit, and his voice was continuous.

"Soon!"

"Soon!"

There was a hot mist around Qin Chen's body, and a red light loomed in the mist. This was a phenomenon of serious water evaporation, bringing out blood and blood, and it was a physical body that was transforming.

In the state of introspection, Qin Chen could see that within his body, the power of blood crystals had almost formed a perfect cycle, only a short margin. That short margin was related to the seventh success of the Immortal Holy Physique. The key to it or not.

"Give me a breakthrough!"

Taking a deep breath, Qin Chen accelerated his body to an overloaded state. The internal organs were slightly damaged in an instant, and the meridians were broken a lot.

Boom!

At this moment, a mighty aura fluctuated, centering on Qin Chen, sweeping across all directions. If it weren't for the enclosed stone room, such fluctuations would surely disturb others.

Click! Click!

Crisp sounds came from all over Qin Chen's body. The originally damaged internal organs and meridians were instantly healed under this force, and an irresistible and terrifying force filled Qin Chen's body.

"The Immortal Eucharist finally broke through."

Qin Chen was overjoyed and stood up.

If it weren't for this scarlet spar, he wouldn't know how long it would take for him to break through to the seventh level.

Qin Chen felt that his body was full of power, and he felt fearless of anyone.

This is the seventh level of the Immortal Eucharist.

In the previous life, the top martial emperor in the martial arts field only cultivated Immortal Eucharist to the seventh level. Of course, the opponent had cultivated to the seventh level. As a result, his body was invincible. The emperor of the same level could not hurt him even with a full blow.

Now Qin Chen's Immortal Body has also broken through to the seventh stage. Although it is only the initial stage of the seventh stage, Qin Chen's physical body has now reached the rank of Emperor Wu.

In other words, it is extremely difficult and almost impossible for a Wuhuang-level powerhouse to hurt him with strength alone. At least he has to be a half-step Wudi to have the power to seriously hurt him.

And it is only possible.

After the Indestructible Eucharist broke through the seventh level, Qin Chen could finally rest assured that no matter what conspiracy the Misty Palace and the people in black had, he could be calm, even if he couldn't completely destroy the other party, but at least, he had self-confidence. Guarantee the strength.

Whoosh!

Qin Chen converged his breath and rushed out of the stone chamber.

What surprised Qin Chen was that in the ten stone chambers, everyone had completely absorbed each other's blood crystals within three days, and no one was wasting it.

It can be felt that everyone's state has undergone some changes, and this change is not obvious, but Qin Chen can feel it keenly.

"Humph!"

Seeing Qin Chen, Wei Xingguang suddenly sneered, sneered at the corner of his mouth, his brows full of confidence.

It can be seen that he has made a big breakthrough, boasting that he can suppress Qin Chen.

However, he did not make the first move, but was looking for an opportunity.

"Everyone, now that you are all absorbed, let's go ahead."

Shang Wuji smiled and said something, leading the way forward.

For some reason, Qin Chen always felt that Shang Wuji was weird, as if he had accomplished some major event, and the whole person became very relaxed.

"Master, your subordinate just..."

Suddenly, the Skeleton Rudder Master came to Qin Chen's side and quietly transmitted a voice to inform Qin Chen of a discovery.

"Are you sure?" Qin Chen suddenly turned his head and looked at the Skeleton Rudder Master.

"It can't be wrong." The skeleton rudder nodded.

"How come?" Qin Chen's brows wrung together instantly, his eyes became extremely solemn.

"Qin Chen, what's the matter?"

The three of You Qianxue looked over.

"You three, you will follow me soon."

"What happened?" The three of them saw Qin Chen so serious for the first time.

"I'm not sure at the moment, but you three will follow me closely. It must be correct."

Qin Chen took a deep breath, looked faintly forward, and said with a sneer in his heart: "I want to see if the other party does this, I can figure out what the **** is it."

Everyone continued to move forward. This time, the passage was very deep, but there was no danger. After walking for about several hours, a huge stone chamber appeared in front of everyone again.

Is it another stone room?

Wei Xingguang and the others were overjoyed and opened the Shimen.

Boom!

Shimen opened at the sound. In the vast stone chamber, the gloomy, four small, one large, and five coffins were instantly presented to everyone.

[Chapter 1527: Sudden accident](#)

At the moment when the stone gate opened, a strong yin wind swept out suddenly. Although everyone supported the body protector for the first time, they were blown back several steps by the yin wind. The blood in the body seemed to freeze, and the chill was extremely cold. Mixed with one

Deterrence on silk soul.

"What a weird stone room!"

Five sarcophagi, four small and one large, are very strange, chilling and creepy.

However, once they have arrived here, how can everyone retreat and walk straight into the stone chamber.

Suddenly...

There was a fire light in the stone room, and the whole stone room was surrounded by long-bone lamps. Under the light of the fire, the walls of the stone room were engraved with many black lines, which were strange and evil, and cold.

"Where is this place? Is it the burial place of the once strong in this prehistoric ruins?"

When someone spoke, their teeth trembled and rattled.

The Emperor Wu is fearless, but this place is too eerie and creepy, making people fearful and uncontrollable.

The stone chamber was very empty, with only five coffins, quietly placed there.

I don't know what kind of stone to make the coffin, and the yin qi exuded is very thick, and after a long distance, one can feel a desire to invade the body and freeze the blood.

"Every sarcophagus has a treasure soldier!"

Wei Xingguang's eyes lit up. The treasured soldiers were dark and gloomy, but they were introverted, very simple and old, as if they were immortal through endless years and were extraordinary.

Top imperial soldiers? Or... Emperor soldiers?

Except for a few people in Qin Chen, the eyes of the others were hot, and they could not wait to rush over and grab the treasure. The first action was Wei Xingguang. Among the crowd, he was considered

one of the four late martial emperors, but in the previous harvest, the ancient Fangjiao led by him received the least, and even many of his colleagues fell. No one survived, and his heart was natural.
Unavailable

Suffer.

Whoosh!

The body guard's true essence flickered, and Wei Xingguang rushed directly to the sarcophagus closest to him.

"Brother Wei, don't be impulsive, it's better to talk about the distribution first, and then it's not too late!"

Shang Wuji and Yue Zhongkui reminded Wei Xingguang at the same time.

Wei Xingguang sneered, unabated.

"Got it!"

With a flicker, Wei Xingguang appeared in front of the coffin in the center, reaching out and grabbing the treasure soldier above it. This was a pitch-black war knife with serrations, cold and cold, and it was one of the weapons he wanted most.

"It's so cold!" Grabbing the treasure soldier, Wei Xingguang suddenly shivered. This pitch-black sword seemed to be made by ten thousand years of profound ice. An extremely cold atmosphere followed his palm and extended to his arm. The arms are covered with a thin layer of black breath, cold

Cold to the bone.

The true essence in the body wants to freeze with it.

"Good baby!"

The darker and colder the pitch-black sword, the more ecstatic Wei Xingguang was. He lifted it hard, but the pitch-black sword seemed to be fixed on the coffin and could not be taken out.

"what?"

Wei Xingguang was taken aback. With all his strength, even a small hill could be lifted. How could he not be able to hold a sword.

boom!

He increased his strength, and the entire coffin was creaking.

"Damn, Wei Xingguang is too despicable, how can these precious soldiers be taken away by him alone."

Shang Wuji, who had always been gentle and anxious, snorted, swished, and shook his figure. He rushed straight to the largest of Wuwu's sarcophagus, grabbing the treasure soldier above, obviously not daring to neglect.

Seeing that Shang Wuji had moved, Yue Zhongkui naturally couldn't press Nai anymore, and he also looted one of the coffins and looted him.

When Ji Ruyue and the others saw this, their eyes flashed, and they were about to take action, but were suddenly stopped by Qin Chen.

"Don't worry, watch it first before speaking." Qin Chen narrowed his eyes and looked a little calm.

Seeing that Qin Chen and his party hadn't moved, Shang Wuji, who had already arrived in front of the huge sarcophagus in the center, was stunned: "Qin Shaoxia, don't you want this precious soldier?"

"Hehe, it's not that you don't want it, but it's a bit weird here. I'll talk about it when I want to see it again." Qin Chen smiled.

"Idiot." The two mid-term peak martial emperors of Guiyuanzong and Wuyinmen saw this, and they were overjoyed. Qin Chen and the others were there. They thought they had no chance to compete for the treasure. Now they see Qin Chen. They didn't move, and the two of them immediately showed ecstasy.

Each rushed to one of the sarcophagi, and the detective hand grabbed and photographed it.

When Shang Wuji saw this, his face quietly sank, his eyes flickered, as if he wanted to say something, but in the end he did not speak, but grabbed the precious soldier in front of him.

This is a powerful weapon-shaped soldier. As soon as Shang Wuji touched it, the cold chill penetrated into his body, and he shuddered. After he grasped it hard, the soldier did not move.

Not only him, but the other two and Yue Zhongkui, never grabbed Baobing, as if they were firmly fixed.

"I don't believe it anymore."

A few people sneered, even if the treasure soldier and the coffin were fixed as one, it was just a sarcophagus. With his hard work, I am afraid that the entire sarcophagus will be mentioned by them.

"Get up!"

Several people yelled and gave a strong mention.

boom!

Suddenly-the sarcophagus cover in front of the crowd fluttered up, and someone seemed to blast away the sarcophagus cover. Immediately, a figure sat up, and from the four small sarcophagi, one of them was extremely pale. The man in black opened his eyes, no

There are pupils, only white eyes.

Only the huge sarcophagus in the center, immobile, is very special.

"not good!"

Everyone knew that the matter was serious, and they hurriedly wanted to retreat, but the few people who were invaded by Yin Qi slowed down for an unreasonable pace, and grabbed Baobing's right hand as if it was frozen, even retreating. Can't do it.

boom!

The four men in black rushed out at the same time, grabbing at the few people in front of them, the speed was as fast as lightning, and in this situation, there was no way to react.

With a puff, the claws of the two men in black caught on the heads of Yue Zhongkui and Wei Xingguang.

"what!"

The two screamed, and there was a lot of black energy on their bodies, visible to the naked eye, an invisible force diffused out of the two men in black, and instantly poured into Yue Zhongkui and Wei Xingguang.

The other two martial emperors of Wuyinmen and Guiyuanzong were not so lucky. The man in black in the sarcophagus sat up, with his palms out, grabbed their heads instantly, and then screamed hard.

With a bang, the heads of the two of them were squeezed in an instant, and they had no time to make a scream.

There was no blood flowing out of the two empty necks, and the blood was frozen by the Yin Qi.

boom! Then the two men in black shot hard and directly exploded the two men. The blood was scattered and flying in the air. The two took a deep breath, and countless blood was swallowed into their abdomen by the two immediately, as the blood poured into their bodies. Everyone clearly found that the faces of the two men in black were slightly rosy, at least not the pale skin that looked like dummies before, and it became elastic.

[Chapter 1528: Resurrection of the dead](#)

"Resurrection of the dead?"

Qin Chen narrowed his eyes and held his hand on the hilt of the mysterious rusty sword.

now.

After killing the two disciples of Wuyinmen and Guiyuanzong, the two men in black jumped and fell to the ground, their eyes without pupils staring coldly at everyone on the field.

The two stood side by side holding their respective treasures, and endless yin energy erupted from them, freezing everything.

"Everyone, be careful!"

Shang Wuji turned pale with fright, no longer thought of plundering the precious soldiers on the sarcophagus, his figure shook, and he returned to the team.

"Who are these people? Could it be the warriors who died and were buried here in ancient times?"

"How is this possible? The things here have at least tens of thousands of years of history. How can people who have been dead for at least tens of thousands of years be resurrected? This is against the avenue, and the law of heaven cannot be tolerated." A martial emperor in Wuyinmen said in horror. .

"For tens of thousands of years, even if it is a powerful Jiutian Wudi, there should be only one withered corpse left. These people are not like Jiutian Wudi at all."

"That is how the matter?"

"Perhaps these people are indeed martial artists tens of thousands of years ago, but they have used special means to save them until now, and they will give people such a feeling." Shang Wuji murmured.

"Hey! What the **** is this?" someone on the side asked in horror.

"Don't talk, save Elder Yue and Elder Wei!" A disciple of Gui Yuanzong said in fear. At this moment, the hands of the other two men in black were touching the heads of Wei Xingguang and Yue Zhongkui. The two of them looked painful, and the black air currents wandered on their faces like snakes, very hideous and terrifying. , Like doing something

An evil ritual.

"It's useless, it can't be saved. The souls of the two of them have been wiped out. At this moment, they should be taken away by the two men in black. Even if they are saved, they are not themselves." At this time, Qin had always been calm. Chen suddenly said something.

"Duoshe? What do you mean?" Gui Yuanzong warrior asked in horror. "Not so, these people in black don't seem to have any vitality, they are like dead things, and they don't have true essence or other energy on their bodies. They just freeze the Yin Qi of all things. They should be sealed in the coffin by some evil secret method, although Man is dead

Go, but the vitality in the body is immortal. After tens of thousands of years of nurturing, it has been integrated with the Yin Qi and has become another kind of life. It is a bit alarmist to talk about deprivation of home. Shang Wuji said solemnly.

"Oh? Lord Shang Wuji knows so well? Is it because he knows these people in black?" Qin Chen glanced at him with a smile.

"Qin Shaoxia is joking. It is also the first time for Shang to come here. How could he have seen these guys?" Shang Wuji shook his head.

"The luck of Master Shang Wuji was good, and he found a sarcophagus that happened to be unopened."

"What does Qin Shaoxia mean?" Shang Wuji's face suddenly sank, "Are you suspicious of the emperor?"

"Doubt you? Ben Shao doesn't have this idle time yet, let him see what these guys are."

Qin Chen sneered, stepped out, and a mysterious rust sword suddenly appeared in his hand, slashed out with one sword, and instantly a sword light swept towards one of the men in black.

puff!

I don't know if it's the person in black who reacted too slowly or Qin Chen's attack speed was too fast. The sword light accurately hit the opponent's chest, tearing a nearly-foot-long sword mark, and the wound was filled with hazy Yin Qi, invisible Blood spattered.

"Recovered!"

Ji Ruyue murmured.

Everyone looked at the wound of the man in black, where the hazy Yin Qi turned into flesh and blood, and the recovered wound was seen from the outside, and no trace was visible. The man in black looked down at his chest. It seemed that Qin Chen's sword light had awakened his consciousness. Immediately, he uttered a long howl from up to the sky. The howling sound was like a ghost crying and howling, and it was like a wild ghost calling for his life. Qualityless sound wave, towards Qin Chen

Waiting for people to spread.

Except for Qin Chen, Skeleton Rudder Master and Shang Wuji, the others snorted, their souls shaking. They did not have the soul power of Qin Chen and Skeleton Rudder Master, which was far beyond ordinary people, and naturally they could not resist this terrible sound wave.

Even the three of Ji Ruyue's faces were pale, as for Guiyuanzong and the remaining disciples of Wuyinmen, their appearance was even more unbearable.

"Qin Chen, you shouldn't stay here for a long time!" Ji Ruyue frowned and said.

You Qianxue nodded, "These guys are too yin qi, it seems that the yin qi is immortal, their physical bodies will not extinguish, and the largest sarcophagus has not been opened yet."

Qin Chen's sword was so terrifying, it was enough to injure Martial Emperor in the later stage, but the man in black had no injuries at all, showing how terrifying his strength was.

Of course, this may also be related to the immortality of the opponent's body, but apart from the current four men in black, the contents of the coffin in the middle are even more shocking. Maybe the body of a stronger person is buried.

"I'm afraid I can't get out." Chen Sisi said suddenly.

"Why can't you get out?"

Everyone looked back.

I don't know when, the entrance of the stone chamber has already been closed. Inside the entrance, there are many prohibition runes flashing, lingering, and it is very cold.

"Chang!"

Ji Ruyue held the sealing sword in her hand and slashed it past.

The sword aura was prosperous, and the Shimen roared loudly. The Yin Qi was consumed by the sword aura, but there was no sign of being blown away.

"Damn it." Chen Sisi and You Qianxue also moved, sigh, they both shot at the same time, blasting on the inner wall of the stone gate, a lot of yin was annihilated into nothingness in the sneer, but what made them frowned was that regardless of yin How much Qi is eliminated, there will be the same amount

The Yin Qi was born from the forbidden formation, it seems that the entire stone room is the source of this Yin Qi.

"Don't waste your efforts, you won't be able to get out of this stone chamber unless you break the forbidden formation." Qin Chen smiled slightly.

"Qin Chen, you are still laughing at this time." Ji Ruyue was speechless, and Qin Chen was too nervous, right? When is this, he can still laugh.

"Why can't you laugh? Ru Yue, Qianxue, these four people in black, are you not aware of it?" Qin Chen said with a smile.

"Familiar with?"

Ji Ruyue and You Qianxue were taken aback, staring attentively, but these four people, they had never seen them before, how could they be familiar?

Qin Chen shook his head. Ji Ruyue and You Qianxue reacted too slowly. They were too lazy to say something. Qin Chen squinted, staring at one of the men in black, and sneered, "I want to see if you are true The immortality is immortal."

Huh!

After shaking his body, Qin Chen took the mysterious rust sword and took the initiative to attack.

"cut!"

The mysterious rust sword brought a brilliant sword light and slashed straight at the man in black.

Yin Qi flashed on the man in black, and a black Yin Qi enveloped him and swept towards Qin Chen quickly.

With a pop, the Yin Qi was cut off a lot, and the man in black reappeared and fought against Qin Chen. The evil soldier in the black clothed man's hand also didn't know what material it was made of. It was dark and gloomy, and how much Qin Chen killed it continuously. That gloom seemed to be endless, and it would be reborn immediately.

[Chapter 1529: How did you find it](#)

"Yong Ye, the other is handed over to you." Qin Chen whispered suddenly.

"Yes." The Skeleton Rudder master laughed grinningly, and shook his body, and leaped straight towards another man in black.

Boom!

The two instantly fought with two men in black.

I have to say that these two men in black are extremely strong, and in this environment, they seem invincible. Every time Qin Chen cuts down, a trace of Yin Qi is cut off, but the other party will soon be nourished. on.

"I see how much Yin Qi is nourishing."

Qin Chen narrowed his eyes and swung the mysterious rust sword in his hand to the extreme. The Death Word Sword Art was immediately displayed, and countless sword shadows enveloped the opponent.

Chi Chi Chi Chi Chi Chi Chi...

In terms of fighting skills, how could the man in black be able to match Qin Chen, his body was cut to pieces by sword energy, with sword marks all over him, and he was completely at a disadvantage. The opponent's only advantage was that he had no fear of injury and he could automatically recover.

"Seven Killing Sword!"

Swinging hundreds of swords in one breath, Qin Chen raised his arm, and the seven dazzling killing swords flew out, passing by the man in black.

The power of this sword was too great, the man in black was cut and flew out, the Yin Qi was reduced by as much as half, and the strength was greatly weakened.

Except for Qin Chen, the Skeleton Rudder Master also gradually gained the upper hand. The opponent's cold and cold aura had no effect on him. On the contrary, it was the Skeleton Rudder Master's power, who naturally restrained the opponent. If the opponent had no Yin Qi to nourish him, he would have been beaten long ago. Very weak.

"Jiejie, die!"

The Skeleton Rudder master waved his palms, and with each palm falling, the man in black would be shaken back by one point, making him extremely embarrassed.

"Good opportunity, first kill these two men in black, and then let the lord of the law enforcement hall rescue Elder Yue for us."

Several Wuhuang emperors of Guiyuanzong looked at each other and made up their minds to rush to kill Qin Chen and Skeleton Rudder Master to kill the man in black.

"what!"

At this moment, Yue Zhongkui and Wei Xingguang, who were trapped by the two men in black, suddenly screamed.

Suddenly, the two of them returned to calm, their eyes became confused, and then, their eyes returned to color, as if they had broken free of control.

"dead!"

The first moment the two woke up, they all roared together, and the two men in black who had caught them had no response. They were exploded and turned into nothingness.

"Elder Yue!"

The Emperor Wu of Guiyuanzong stopped his figure and was overjoyed when he saw Yue Zhongkui turning defeat into victory.

Whoop, whoop!

Yue Zhongkui and Wei Xingguang panted heavily, and were surprised when they saw the scene on the court.

"Qin Chen, I'll help you."

Whizzing!

Two streamers rushed in in an instant, one left and the other right, attacking the man in black in front of Qin Chen and Skull Rudder.

"Everyone shot and killed these two people."

Shang Wuji also gave a low cry, shook his figure, and jumped straight up.

The three late Wuhuang emperors came to kill at the same time, and their power was so powerful that they changed their colors.

Qin Chen and Skeleton Rudder had already had the upper hand. If Shang Wuji and the other three helped them, they would surely be able to kill the remaining two men in black together in a short time. Moreover, the Guiyuanzong and the remaining Wuhuang emperors of Wuyinmen also moved when they saw this, and the killers came one by one. The only people who did not move were Ji Ruyue and the three. It was not that they did not want to help, but that Qin Chen had warned before. , Without his order, Ji Ruyue

None of the three can make a move.

Boom! Seeing that the attack from Shang Wuji and the others was about to fall, Qin Chen and the Skeleton Rudder, who were fighting with the man in black, stopped abruptly, their figure retreated in an instant, and at the same time a **** halberd and Fantianyin Appeared instantly, guarding in front of the two,

As if defending against some attack.

And when the two of them had just finished all this, Shang Wuji, Wei Xingguang and Yue Zhongkui who had attacked the two men in black turned around together, and they joined hands with the two men in black, swiftly towards Qin Chen and the Skeleton Rudder Master. Shot.

boom! Under the astonishing roar, Qin Chen and Skeleton Rudder retreated violently. If the two had not displayed the Fantian Seal and Scarlet Halberd for the first time for defense, under the joint efforts of the five of them, even the Skeleton Rudder owner No matter how strong Qin Chen is, there will be

Suffer.

"Less dust!"

"Elder Shang?"

"Elder Yue?"

Seeing this scene, Ji Ruyue and the others suddenly exclaimed nervously, while Guiyuanzong and the remaining Wuhuang emperors of Wuyinmen were also stunned, completely unable to believe that Shang Wuji and Yue Zhongkui would actually be with Na Hei. Yiren teamed up to attack Qin Chen and the others.

What exactly is going on? "You guys, what are you doing in a daze? The people in black who followed Qin Chen and them are not from the Law Enforcement Hall at all. This place is so sinister, it must be Qin Chen and the others. Qin Chen and his party all captured

take. "Shang Wuji and Yue Zhongkui shouted angrily.

The nine remaining members of Wuyinmen and Guiyuanzong were all stunned. This stone room was the killing game arranged by Qin Chen and the others? Moreover, the man in black who claims to be the senior of the Hall of Law Enforcement is not a master of the Hall of Law Enforcement at all. What is going on?

Although the fact that Shang Wuji, Yue Zhongkui and the two men in black had joined forces, they were the elders of their Guiyuanzong and Wuyinmen after all, so that the remaining masters of Guiyuanzong and Wuyinmen, one Time and brain can't react completely. "Huh, don't you guys understand? It's the so-called elder Shang in front of you who set this game. No, it should be said that they are aliens who occupy the skin of elder Shang. If you want to survive, please hurry up. Come over, otherwise

, You guys will definitely die! "Qin Chen stood with the master skeleton rudder and sneered.

"The alien who occupied the elder Shang's skin?"

The remaining nine people were completely confused, they didn't know what was going on, all hesitated and doubted.

"You guys, don't you even keep this elder's order?" Shang Wuji and Yue Zhongkui were furious.

"Elder, I..."

Just as one of them was about to speak, the three of Shang Wuji connected the two men in black and moved suddenly, snorting, and the five of them shot at the same time, piercing their palms into the chests of five of them in an instant, and the blood sprayed all at once. Splashed out.

"Elder, you..."

The five people's eyes were wide and furious. Before they could speak, they were instantly torn into a rain of blood by the five people of Shang Wuji, and swallowed them all at once. Then, the five people continued to shoot and kill the others. Of four people.

The screams remembered that two of them were torn to pieces in an instant, and the other two were prepared for the first time and rushed to Qin Chen and the others.

kill!

The five people chased and killed them, and a large black seal appeared in front of the five people, blocking the five people's shot, making the two people luckily survived on Qin Chen's side, and looked at Shang Wuji and the others in horror.

In the entire stone room, there are five people from Shang Wuji on one side and seven from Qin Chen on the other. The two sides face each other firmly, staring at each other with cold eyes.

"How did you find out?" The aura on Shang Wuji's body suddenly changed, and the cold aura bloomed from him, and his whole person became extremely evil in an instant, staring at Qin Chen with doubts and difficulties. Confidence.

[Chapter 1530: Where is the flaw](#)

Shang Wuji's face was full of doubts, and he looked at Qin Chen coldly.

Judging from Qin Chen's actions, it was obvious that he had been guarded against his actions long ago, but he didn't understand that he had concealed extremely well along the way, and there was no flaw at all.

Even if he looked back now, he couldn't figure out where he was showing his feet.

"Oh, you finally admit it now? If I guessed correctly, these two didn't kill the two men in black, but were taken away by the men in black?" Qin Chen sneered at Wei Xingguang. And Yue Zhongkui.

The two seemed to turn defeat into victory, breaking free from the capture of the man in black, but in fact they were completely seized by the man in black and became the other two. As for the other two corpses, naturally they were no longer needed and were destroyed.

"Acknowledgement or not, is it still meaningful now? You are trapped here, and there is no life to speak of." Shang Wuji grinned, his whole body gloomy.

"Really?" Qin Chen smiled lightly.

"Pretending to be calm." Shang Wuji sneered. "But I am very curious. How did you know?"

He stared at Qin Chen, but if he didn't understand this, he couldn't sleep well.

"What exactly is going on?"

On the field, Ji Ruyue's trio, as well as the remaining two martial emperors, all watched this scene in shock. Even now, their hearts are still at a loss and they don't understand what happened.

"How can you tell?" Qin Chen shook his head slightly, "You think you are foolproof, but there are still too many flaws. If you don't say anything else, I have begun to doubt since you directly passed the stone pillar at the beginning. "The stone pillars are very complicated. According to your excellency, you got the information from other experts in the Wuyinmen. Only then did you know the way to crack it. But I also have the special jade slip for your Wuyinmen. That jade Jane, I can send it here

Signals, but the messages that can be sent are good. Only simple communication can be carried out.

How can we tell so much? "Of course, I observed for a long time and found that when passing through the stone pillars, it turned out to be found regularly, so I dropped my doubts again, thinking that you might have gotten a way through the stone pillars, so I didn't think much. I just thought you were misty

The strong man of the door is highly accomplished, and he easily sees through the law of this stone pillar formation. "

"But the subsequent Shimen ban made me suspicious again."

"You said that Shimen is to assess the attributes and strengths of each of us. As long as we act together, Shimen will inevitably be opened. Later, after each of us shot, we did confirm your statement, but this is a bit weird." Even if you have encountered this kind of stone gate, how can you judge the purpose and opening method of this stone gate so quickly? After all, the above prohibitions are completely different from those on the Tianwu Continent, even the top ones on the mainland Grandmaster,

It is also impossible to snoop out these only through one pass. "

"That's all right, maybe you have many masters at the Hidden Mist, and guessing is not necessarily true, so the young master still puts his doubts aside."

"But when you reach the rule fruit treasure behind, you have revealed the most important point..."

Shang Wuji looked at Qin Chen and said suspiciously, "What is it?"

"That's how you can break the prohibition in the stone room." Qin Chen said every word.

"That's just a coincidence by instinct. What's more, you didn't get more perverted and broke the prohibition in just half a day?" Shang Wuji snorted coldly. Qin Chen sneered: "I really thought I could break it, so I was even more suspicious, because I know that this restriction is a restriction used by ancient alien races. How can ordinary warriors happen to be able to break it? There is no unique technique. ,fundamental

Impossible to do it. "

"But at that time I was just a little confused and suspicious. Later, in order to save Wei Xingguang, you were willing to hand over the 200 million high-grade real stones you got, which made Ben Shao completely doubt you." What's the purpose of my waiting here? It's not to find treasures and improve my strength. But at that time, both Wei Xingguang and Yue Zhongkui had their eyes changed for these treasures. Only you, Shang Wuji, were not very enthusiastic about treasures, even

The other disciples in your Wuyinmen value these treasures more than you, don't you think this is strange? "

"So it's like this!" Shang Wuji took a deep breath and squinted his eyes. "But that doesn't mean I am a foreigner?"

"This can only say that you are a little weird, but the blood crystals in the stone room behind make me completely suspect that you are on you."

"Blood crystal, what happened to the blood crystal?" Shang Wuji frowned, he didn't understand. "Blood crystals are obtained from the blood-colored alien beasts. According to the length of time they have been obtained, the aura of each blood crystal is different. The blood crystals in the stone room before are thick, but they are still faintly dissipating. Beheaded blood

The beast came. In other words, these blood crystals did not last long, and they were not treasures left over tens of thousands of years ago. "

"You can watch the bleeding crystal get the time..." Shang Wuji looked at Qin Chen in shock, showing a look of shock. As Qin Chen said, the blood crystals in the stone room are not the original treasures here,

but they were later placed on it. It is just the storage time of the blood crystals. It is very special. Even if they are, they cannot be spied in a short time, Qin What is the dust

What can I see?

In fact, this blood crystal was stored, not Qin Chen saw it, but the skeleton rudder master.

The Skull Rudder Master is an alien demon monarch, who is very familiar with blood crystals, and naturally saw such clues in the process of absorbing them.

Shang Wuji looked at Qin Chen in shock at this moment, with shock and amazement in his eyes.

He never thought that he, who thought he had no flaws along the way, actually revealed so many flaws. It's ridiculous that he thought his performance was perfect, but now that he thought about it, it was so ridiculous. He sneered and said: "It's a good reasoning, but this blood crystal is of great use to warriors, and it is one of the most treasures. If it is really like you said, these blood crystals were placed by us, why should we wait for these The most precious blood crystal, here you are

absorb? Wouldn't it be a waste. "Just as Qin Chen saw through, Shang Wuji was extremely unwilling. He was like a beam jumping clown, and seemed to expose everything to Qin Chen. The anger made him want to find a fig leaf to block him. The fool

Ambiguous. "In fact, it's not a waste." Qin Chen sneered, "In other words, not only is it not wasted, but absorbing these blood crystals is a vital part of your plan."
