

Valkyrie 1531

[Chapter 1531: What's the secret](#)

Ji Ruyue and the others looked at Qin Chen in a daze, wondering why this blood crystal was a key part of the other party's plan. But Qin Chen said, "I wondered at the beginning why you did this, but just now when you two were taking away Wei Xingguang and Yue Zhongkui, I finally understood that these blood crystals can make you take away their homes. Time, easier and more convenient

Occupy other people's bodies without side effects. Moreover, after seizing others, you can also control the body of those who seized them more quickly and exert your original combat power. The most important thing is..." It's easy to expose the soul to the real strong, because the soul and the body will have a sense of incongruity, but you two have just taken Yue Zhongkui and Wei Xingguang, but there is not a trace of disharmony in your body. finally understood

The real reason. "For example, you, Shang Wuji, in fact, you are not Shang Wuji at all. The real Shang Wuji has been taken away by others, and you are just the descendants of the alien race of Shang Wuji, I guess. That's right, it's really because you have absorbed the power of the blood crystal.

Let Ben Shao not see that you have been taken away by others, otherwise, how can you hide Ben Shao's eyes. "

"Little dust, who are these guys? Are they the ancient powerhouses in this ruin?" You Qianxue said in shock.

When they heard this, even if they were idiots, they understood the ins and outs of the matter.

The so-called quest for treasure is basically a conspiracy, and everything is because Shang Wuji deliberately brought them here for the purpose of robbing them.

"Who are these people?" Qin Chen smiled, and said to Ji Ruyue and You Qianxue: "Don't you two really recognize?" Ji Ruyue and You Qianxue were a little surprised, this is already Qin Chen's second. I said so again, have they ever seen each other? But no matter how they recalled, they couldn't remember where they had seen these people, only their black clothes,

Familiar to the two of them, a possibility suddenly came to mind.

"Little dust, are these people my Law Enforcement Hall..." Ji Ruyue said directly in shock.

"Yes, it is them. These four men in black are the more than twenty masked men in black brought by your Law Enforcement Hall. If I am not mistaken, the person on Shang Wuji's body should be one of them. One person." Qin Chen said coldly.

"How is this possible?" Ji Ruyue and You Qianxue were completely stunned. This group of people in black are members of the hidden forces in their Law Enforcement Hall, and they were brought together by the people of Misty Palace. How could they do it? These things come, and Qin Chen said, what is the other party?

People of different races, what is going on?

"What's impossible, you should be thinking, they are brought by Misty Palace, there is no problem at all, right? But I tell you, this matter is originally Misty Palace's participation, and they even made it all by themselves." Qin Chen shot Leng Mang with his eyes suddenly, and said sharply: "This group of people are not only from your Law Enforcement Hall, but also the descendants of the alien demons who attacked our Tianwu Continent in the ancient times and caused the dark turmoil in the mainland. This place is not What is the ancient Yujie

The Secret Realm in the depths is the alien demon continent of the alien demon race. This continent was opened by this group of people. Pay attention to attract everyone to come. "

When these words fell, Ji Ruyue and the others were completely speechless in shock.

Pedal!

Several people in Shang Wuji also showed anger and backlash.

I saw Shang Wuji widening his eyes, looking at Qin Chen in amazement, and said angrily: "Who are you, why do you know so much?"

They are the things of the descendants of the alien demon race. No one knows at all. Even the people from the Misty Palace just cooperate with them and don't know their origins at all. How did Qin Chen know?

"You... are you the one who previously enslaved Luo Mengqi from the Misty Palace?"

Shang Wuji suddenly thought of a possibility and exasperated. "How do I know, you just leave it alone, I really want to know, what is your purpose?" Qin Chen glanced at the controlled Wei Xingguang and Yue Zhongkui, and said coldly, "You control the major forces separately. The top martial emperor, do you think

Did it cause a mainland melee? "

When he said this, his mind was shocked, and a thought instantly rose up in his mind. Yes, it is absolutely true. The purpose of these people in black is to enslave the top martial emperors of the major forces in the ancient Yu realm. Once they leave the ancient Yu realm, they will absorb a large number of blood crystals, and their souls and flesh One, if it's not intentional, otherwise even the majors

The top martial emperor of the forces could not detect that they had actually been taken away.

By then, with the fruits of the rules and mastering some of the power of the rules, they who can become Emperor Wu will become the core figures in the big forces.

Qin Chen shuddered at the thought that every top force in the entire Martial Domain had a spy from a foreign demon race, and that a huge force such as Misty Palace was planning behind.

Shangguan Xi'er, what are you going to do? Is it because you want the alien demons to completely rule the Zhengege continent?

"You know too much." Shang Wuji's face instantly returned to calm, his voice was cold, but he contained the ultimate killing intent, his figure shook, and he slammed toward him.

"Kill, kill them. As for Qin Chen and the man in black, capture them and then seize the house. I want to see what secrets are in the two of them." Shang Wuji moved and killed his whole body. His mind boiled, and he made a bold move in an instant, booming, he was released with a monstrous devilish energy, no longer any cover, a series of secret runes exudes a cold cold light, turning into a dark sky.

Coming towards Qin Chen Town to kill.

At the same time, Wei Xingguang, Yue Zhongkui, and several other people also moved swiftly. In their palms, the cold glow exploded, and the black magic energy turned into pieces of gloomy cages, wrapped in Qin Chen and his party. Sen Han's smile was outlined at the corner of his mouth.

They had already seen the strength of Qin Chen and his party. Although it was strong, it was only slightly better than the original Wei Xingguang, not much better. As for the five of them, they have already set up a net of heaven and earth, and in this stone room are aided by the forbidden formation, let alone a few small Tianjiao Martial Emperors, even the top martial emperors of the major forces are here, they have the slightest Not afraid, you can easily

catch.

"It's ridiculous, since you have seen the identity of this seat a long time ago, you should leave obediently, and even dare to enter this stone room. Now that you have come, your life is required for this seat."

Shang Wuji laughed and slapped Qin Chen with a cold hand palm.

boom! The monstrous demon sky erupted, like a group of demons dancing, the stone chamber was full of cold and cold auras. The two survivors of Guiyuanzong and Wuyinmen, just under this demon aura, were extremely painful, and their true essence was unable to Suppress, as if to explode.

[Chapter 1532: Beauty](#)

Not to mention Qin Chen, who is in the center of the devilish energy, under this palm, he will undoubtedly die.

But the next scene surprised them. Under the lingering demon aura, Qin Chen's robe was hunting and fluttering vigorously under the demon aura, and there was a sneer on his face as if it were all right. Shang Wuji's face was pale with disbelief. Although his palm didn't intend to kill Qin Chen, it was also extremely terrifying, especially because it contained the strange power of the alien demon. He thought he could easily capture Qin Chen. , But it turned out to make him big

Surprised.

"Impossible!" Even if Qin Chen is the peak Martial Sovereign of the late eighth stage, it is absolutely impossible for him to be so relaxed under one of his blows. He was frightened and roared, and the terrifying black devilish air was like a vast ocean. Generally, the impact on Qin Chen's body was as dark as

The demon-like phantom flickered, and he wanted to rush into Qin Chen's mind.

"Hey, it's a bit interesting!" Shang Wuji deserves to have the blood of the alien demon, and he can take away other powerful martial emperors in the realm of the martial emperor. His soul power is very

special, very different from the martial artist of the human race, although it is not like the alien demon. That's terrifying and terrifying, but also with a unique touch

Cold breath, and contains a trace of invisible soul attack.

If such a soul attack fell on another Wuhuang strong, even the peak of the later Wuhuang would be dizzy and even injured.

But who is Qin Chen?

At the beginning, even the soul attack of the Skeleton Rudder Lord could not harm him. Shang Wuji was just a human being of mixed blood, and he wanted to use the soul attack of the three-legged cat to hurt him. It was really whimsical.

"Your Excellency is tickling me?" Qin Chen said with a light smile. After the Indestructible Eucharist broke through the Seventh Layer, Qin Chen was no longer afraid of anyone. Although he didn't care about attacks at the level of Shang Wuji before, he had to dodge and resist at least, but now, let Shang Wuji attack him. , He doesn't move

, As if tickle.

Shang Wuji's face flushed suddenly, shame, unprecedented shame.

"Kill the others of them for me, I want to see if Qin Chen can be so proud."

Under the roar, Yue Zhongkui, Wei Xingguang, and two other men in black had already arrived in front of You Qianxue and the others. Countless black devilish energy was like vines, turning into a cage of heaven and earth, sweeping towards You Qianxue and others.

Do not!

The two martial emperors who survived Guiyuanzong and Wuyinmen were frightened, and the horrible magic sound came into their minds. Before the attack came, they were panicked and despair emerged in their hearts.

All five of them are the martial emperors of the mid-term peak. How can they win against the four great late martial emperors, and what kind of alien bloodline is so strange?

At this moment, several people seemed to see death coming, their blood was cold, stiff and frozen, and their hearts were scared.

But what shocked the two of them was that the faces of the three women, Ji Ruyue, You Qianxue, and Chen Sisi, did not even have a trace of fear, and they all showed excitement.

After so low-key for so long, can you finally kill it?

Boom boom boom!

Seeing that countless black magic qi was about to envelop them, abruptly, a terrifying aura burst out of the three of them, and the infinite sword qi echoed in the stone room with the sound of the devil.

"Sword Realm!"

boom!

The terrifying sword aura was released at the same time, Ji Ruyue and You Qianxue suddenly filled with countless sword auras, forming a terrifying sword aura area, trying to resist the power of that dark devil aura.

"Huh, little tricks of carving insects, what are your feet and teeth." Wei Xingguang and Yue Zhongkui have black lines on their faces, their eyes are red, like ghosts, and the two smiled grinningly: "You are from the law enforcement hall, originally, both belong to the law enforcement hall. I may wait for a life, but unfortunately, you just know

Knowing the secret I'm waiting for, I can only let you die. "Countless devil qis collided with the sword qi realm in an instant, only to hear the astonishing roar, I saw that the devil qi in the sky was cut off after entering the sword qi realm. Once cut off, it keeps healing,

But it was impossible to get close to Ji Ruyue and others at all. The faces of Wei Xingguang and others were terrified, and each one was dumbfounded. How could this be possible? The magical energy they displayed is so powerful that even the late Martial Emperor will be imprisoned instantly, but Ji Ruyue and the three are only the mid-term peak Martial Emperor, and they can actually resist it.

Live their demonic attacks, are you hell?

The hearts of the four were ruthless, their robes agitated, and the power of countless demonic energy was even worse, pouring down crazily.

But it's useless, Ji Ruyue and the three are strong when they meet strong, no matter how many people make their moves, they still can't break through their sword energy defense.

"This is your attack? How powerful is it, but so?"

Chen Sisi chuckled, his face suddenly glowing, and his body was graceful, flying out like a snake.

She chuckled softly, her laughter was sweet, ding ding dong dong, like a fairy sound, Wei Xingguang and the four people only thought the sound was so good, they were immediately immersed in it, unable to extricate themselves.

While Chen Sisi chuckled and flew in front of her body, she looked like a fairy falling from above the nine heavens. She was graceful and beautiful, with the magic light in her hands flickering, and she pressed the heads of Wei Xingguang swiftly. "What are you guys doing?" Shang Wuji roared, a terrifying magic sound filled out, and suddenly rushed through the bodies of Wei Xingguang and awakened the four of them. Then they saw Chen Sisi's palm. Already appeared in

In front of them, a few people hurried back in panic, with a bang, their bodies shook wildly, and they flew out one by one.

Fortunately, they reacted in a timely manner, only the devilish energy in their bodies was surging, and they were not seriously injured, but even so, they were still scared and sweated.

how can that be? They have alien blood, and what they are best at is soul attacks. Under normal circumstances, the mental power of ordinary warriors can't hurt them at all, but just now, they almost fell into Chen Sisi's confusion and couldn't extricate themselves, which made them

The heart shook wildly, everyone was frightened. And the two Emperor Wu of Guiyuanzong and Wuyinmen were so frightened that they could easily win Elder Wei and Elder Yue. How strong are they, and they can't be beaked in the magical demon sect. Confused, I was shocked instantly, almost

Kill directly.

In other words, the ordinary late Wuhuang is here, and I am afraid that he has already been in a different place.

The witch of the Phantom Demon Sect is terrible!

"unfortunately."

Chen Sisi also shook her head and pursed her small mouth. Just a little while ago, she was able to completely confuse the four of them, who knew that Shang Wuji was ruined at the last minute. She is a natural fascinating body, and the magic skills she cultivates are also extremely against the sky. Not to mention that the other party only has the blood of an alien race, even if it is a real alien race, she can be confused and learn the secret she wants from the other party.

[Chapter 1533: Invincible](#)

"kill!"

Qin Chen, who had never done anything before, finally moved at this moment. Boom, his figure shook, and his whole body quickly rushed out, like a flash of lightning, causing ripples in the space, and directly toward Shang Wuji.

Qin Chen always wanted to know the purpose of Misty Palace and the group of people in black, but because the strength was not enough before and they came too late, so they couldn't find the other side.

Now that he sees the origins of Shang Wuji and others, Qin Chen is naturally overjoyed. Although the four of Shang Wuji are not the core figures among the men in black, as long as they capture each other, naturally they can learn a lot from the four people. news.

boom!

He shot, there was a flash of thunder in his palm, and as soon as he came up, he displayed the blood of thunder.

"Kill, kill them!" Shang Wuji roared, and black magic energy quickly appeared in his hand. The magic energy was diffused and turned into black light and shadows, and they were stopped in front of him. These light and shadows quickly condensed in Together, forming a black shield

.

On the shield, the talisman light circulates, and in each piece of the talisman light there is a screaming face, evil spirits, full of blood.

"Sorcery!"

Qin Chen snorted coldly, pressed his palm, and endless thunderstorms, like three thousand thunderstorms, densely bursting volumes of lightning, slammed on the devilish light shield, and then there was a harsh roar.

Click! In just a moment, the black light shield in front of Shang Wuji was torn open a tiny crack. Then, the crack spread, sweeping away like a spider web, and finally with a bang, it was completely shattered, and a strong force The power of lightning pervades

Then, quickly wrapped Shang Wuji's body.

Qin Chen's thunder and lightning bloodline, after absorbing the power of heaven and earth thunder tribulation, has long contained the unique power of tribulation. This power is the most capable of breaking falsehood, and specifically restrains people who practice evil arts like Shang Wuji. In fact, the descendants of the alien demon race are naturally suitable for the practice of magic because they contain the blood of the alien demon race. Therefore, in order to become stronger, even if they join the righteous sect, they can't help but walk on the path of the demon road, just like Shang Wuji before. Cast

The art of blood refining, I don't know how many warriors have been killed before it can be refined with their blood and soul.

With the status of the Hall of Law Enforcement, would there be no mainland China's cultivation method against the sky? But for Shang Wuji and others, there is no exercise method that would be more suitable for them than the bloodthirsty magic power.

Boom! The thunderstorm turned the entire stone room into a sea of thunder. Shang Wuji was wrapped in thunder light, his face was horrified, and countless thunder and lightning spread all over his body. He suddenly screamed and screamed. Body

Rising up, his body was scorched.

This is the power of Heavenly Tribulation, the nemesis of alien demons.

Click!

After only probing his hand, Qin Chen grabbed Shang Wuji's throat, his eyes cold as death, and Han Sheng said, "Say, you deliberately opened this alien demon continent and attracted everyone to this palace ruins. What is your purpose? ?"

Qin Chen had a faint feeling that the other party worked so hard to deceive everyone, not just to win over the strong from the major forces, and to bury the chess pieces among the major forces. Behind it, there must be another one. Greater conspiracy.

Although he didn't know how his thoughts came up, he firmly believed in it.

"Don't want to get any news from this seat." Shang Wuji roared, with black silk threads on his face, and his whole person was in great pain.

He was terrified and couldn't believe that he would be so vulnerable in front of Qin Chen, and he was captured in just an instant.

Who is he? The descendants of the alien demon race, the top martial emperor of the Law Enforcement Hall, even after seizing the house, he still has the strength not weaker than the ordinary late peak martial emperor. In front of this young man, he is so weak, how is this possible?

"stop!"

"Let go of him!" Wei Xingguang and Yue Zhongkui on the side also watched this scene in anger. With a bang, the four moved at the same time, turning into four black lightning, rushing out, and at the same time, the stone room filled A breath of terrifying magic power, black magic light

Condensed quickly in the void.

These magic lights instantly turned into devilish vines in the sky, like countless swords, spears and halberds, countless streamer and iron thorns, shooting out, as if to cover the world.

This blow was strong and terrifying, even if the peak of Wu Huang in the later stage was here, he would fall into crisis and even face life and death.

Seeing that these attacks were about to strike, a black figure suddenly appeared and stopped in front of Qin Chen. It was the Skeleton Rudder Master. "Jie Jie Jie, don't worry, your opponent is me, don't be so affectionate!" Skeleton rudder master grinned, and the **** halberd swung out. In an instant, blood-black magic energy swept out, forming a blood-black one. The sky curtain, suddenly Wei Xingguang four

People wrapped in it.

Boom boom boom! I could only hear countless roars resounding, the countless magical air currents and vines blasted down on the blood-black sky, immediately stirring up countless black ripples, followed by deafening roars and explosions, but they were still unable to break through. Skeleton Rudder

The blood black sky curtain displayed by the Lord.

what?

All of Wei Xingguang's eyes widened, and their eyes almost burst. How terrible is the strength of the four of them working together? Even if it is a late peak Martial Emperor here, he will be seriously injured or even fall, but the skeleton rudder master actually blocked the combined blow of the four of them. This... Is the opponent the ultimate martial emperor?

The person?

They don't know that although the Skeleton Rudder Master is strong, if they change to other regular attacks, they may not be able to be blocked so easily, but they are actually using the martial arts of the alien demon.

The Skeleton Rudder Lord is the Demon Lord of the Alien Demon Race, and the use of different magic techniques in front of it is nothing more than an axe. This simple use of demonic energy is like a child's play for the Skeleton Rudder Lord.

"The aura of a different demon is not displayed like this. Look at me, Jie Jie Jie!" A move blocked the four people's joint attack, and the skeleton rudder laughed and banged, and it suddenly released a

monstrous demon from its body. Qi, demon power shocked the sky, compared to Wei Xingguang's four shots, it was more terrifying than that.

The volume was amazing, and he came to Wei Xingguang's four in an instant.

"How is the aura of a different demon?"

Wei Xingguang's four people were shocked and hurriedly blocked them. With a puff, the four of them all flew out and snorted. At the same time, there was a painful expression on their faces and their bodies were torn apart. In the body of the four, there was no blood overflowing, but there were dark magic energy lingering, trying to heal the injury, but under the influence of the skeleton rudder master's magic energy, they could not heal at all. The two magic energy with different powers are mutually different. Crazy consumption makes them unhappy.

[Chapter 1534: Mozu wakes up](#)

"who are you?"

The four of Wei Xingguang screamed in anger. The Skeleton Rudder Master's strength was too terrifying. The devilish energy on his body was even more refined than those of them. How could this be possible?

They are descendants of the alien demon race. Apart from them, there are people in this world who have demons even more terrifying than them. How could there be such a person in the world?

"Quickly, use the forbidden formation."

Shang Wuji roared.

Buzzing buzzing...

As the words fell, Shang Wuji's five people flashed with terrifying power at the same time, and a series of demonic energy diffused out of them, and quickly merged into the stone wall of this stone room.

Boom!

I saw countless dark bans in the stone room quickly wandered, turning into a dark magic light swept away, and then, the burst of light lit up, and the magic patterns around the stone wall seemed to have come to life, exuding a strange atmosphere. . Countless black magic energy quickly enveloped the five Shang Wuji in the stone room. With a bang, a terrible force came back, and Qin Chen grabbed Shang Wuji's right hand and flew away instantly. If it were not for Qin Chen's defense Amazing, just this one,

He will be seriously injured.

At the same time, a demon light lit up, enveloping the five Shang Wuji, a palpable taboo force spreading in this stone room.

"this is....."

Qin Chen's eyes flashed, he looked around, the restriction in the entire stone room was completely activated, forming a terrifying magical energy formation, covering everyone on the field, and even confining the true essence in their bodies.

With a light movement of Qin Chen's body, it was as if he was carrying a huge burden, and any move made it extremely difficult.

Click!

I saw countless magical energy gathered together and quickly merged into the largest sarcophagus from the center, and then the sarcophagus shook slightly.

Is there anyone in this sarcophagus?

Everyone was shocked, but they immediately understood that this was inevitable.

Among the four small sarcophagi, there are four men in black. In the big sarcophagus in the center, there must be strong people, but who will it be?

Could it be the leader of this group of people in black?

Qin Chen recalled that the leader of the man in black who commanded the strong man in the Misty Palace and opened the channel of the alien demon continent, could it be him?

But no matter who it is, never let the other party open the sarcophagus safely.

"Stop them!"

Qin Chen gave a low drink, and the lightning burst on his body. The pressure of that formation was instantly weakened, but it still seemed to be trapped in a quagmire. His eyes were cold, he burst out with a sharp light and buzzed, and the realm of swords was displayed instantly. come out.

Buzzing!

In Qin Chen's body, countless sword lights appeared, constantly slashing, breaking the weird forces from suppression one after another, combined with the blood of thunder, the oppressive force on his body was once again weakened a lot.

"kill!"

Qin Chen held the mysterious rust sword in his hand and slayed it unceremoniously.

On the other side, Skeleton Rudder Master Jie Jie smiled strangely, releasing his magic power, which seemed more relaxed than Qin Chen. This is natural. Qin Chen uses the bloodline of thunder and the realm of swords to resist the oppression of this alien demon's forbidden formation, and the Skeleton Rudder, himself a member of the alien demon, is more able to grasp the essence of this power. Resist it, naturally

Relax. But Ji Ruyue and the three are not so easy. The terrifying restraining coercion oppresses them, and they make a creaking sound. This is also a loss for the strength of the three Ji Ruyue, and each is a natural body. Replaced with one. Ordinary post

When Emperor Wu came, this oppressive force alone was enough to make him seriously injured and unable to move.

"These guys can actually make a move in the Awakening Array?"

The five people of Shang Wuji watched this scene, their expressions gloomy and almost dripping with water, one by one was extremely frightened, but at this time, they had no other way, and they could only hope that the sarcophagus would be awakened. The horror in the awakening.

"Sacrifice!"

The five roared, before Qin Chen and Skeleton Rudder's attack arrived, they roared, and a trace of pure natal devilish energy in the body immediately merged into the formation, and quickly poured into the huge sarcophagus.

Hum!

The breath on the huge sarcophagus became more and more terrifying. The black runes and restraints bloomed dazzlingly. With a click, the lid of the sarcophagus finally removed a crack, and a scalp numbing heart palpitations were released in an instant. come out.

As soon as this force appeared, the power of the restraining formation in the stone room became even more powerful, as if it had been completely activated, forming a defensive cover that blocked the five Shang Wuji.

Qin Chen slashed up, as if he had hit a heavy mountain of profound iron, unable to break through the defense of the forbidden formation.

"Awakening the Demon Array?"

The skeleton of the rudder master also stagnated, and he spoke in astonishment.

"What's that?" Qin Chen looked over suddenly. "The Great Awakening Array is an array that activates the strong of the ancient alien demon race. Once the alien demon race is seriously injured, as long as the soul is still there, it will fall into a deep sleep, and will slowly repair itself instead of directly losing it. The Awakening Array is specifically used to stimulate

Live the formations of those ancient sleeping powerful aliens. "The skeleton rudder master said in a deep voice.

"What?" Qin Chen lost his voice.

In this case, lying in this huge sarcophagus is not the leader of the black-clothed men in the Hall of Law Enforcement this time, but a certain powerhouse of this ancient alien demon race?

If so, once the opponent gets out of trouble, the problem will become extremely serious.

"Break this formation." He shouted angrily and shot strongly.

Rumble!

In an instant, countless sword lights fell, and the forbidden formation that wrapped the five Shang Wuji suddenly fluctuated continuously, and even had the urge to break apart.

puff!

The five of Shang Wuji were shocked and even cracked numerous cracks, but they gritted their teeth, frantically urging the demonic energy in their bodies, and resisted with difficulty.

In fact, based on Qin Chen's understanding of the alien demon race's forbidden formation, as long as he is given enough time, he can completely break the alien demon's forbidden formation by breaking the formation.

But now, he doesn't have enough time and can only forcefully break the formation.

But this large array of Awakening Demons was extremely terrifying, even if Qin Chen shot with all his strength, he still couldn't break it in a short time.

"That's too late."

Skeleton rudder's main eyes condensed, and he said in a deep voice.

With a bang, the huge sarcophagus that had been tightly closed burst open at this moment, and a body exuding endless decay and ruin, suddenly sat up. This is a powerful alien of the Demon Race about three meters long. His whole body exudes a decadent aura, as if he has walked out of purgatory. Above his body, there are gaps and rags everywhere, but surprisingly he did not die. Like being sealed by tens of thousands

Every year, see the sky again.

"Who is it, summoning the great Mokara!" The eyes of the burly alien powerhouse suddenly opened, and a sharp light burst out, making a hoarse roar.

[Chapter 1535: Soul Sound](#)

This powerful stranger opened his eyes, and instantly the devilish energy in the entire stone room was overwhelming, and countless prohibitions flashed crazily on the stone wall, and it seemed that he could not bear this pressure.

It just sat up, and the aura on its body had completely surpassed those of Shang Wuji, a breath that was terrifying to the heart's palpitations escaping crazily, as if a true demon had awakened, with sins and blood boiling.

"Master Mokara." The five of Shang Wuji showed ecstasy on their faces, and they came to the huge sarcophagus in an instant and saluted respectfully.

"You are?" This strange demon clan's strong urn sounded aura, because it had just awakened, there was confusion in its eyes, and with a bang, it stood up, and its body was full of rotten aura, like the old man who is going to enter the woods, but it contains nothing. Comparable destruction, but not strong

Unbelievably, it seems that the heavens and the earth are about to collapse in front of it.

"We are the descendants of the alien demon race. Knowing that the predecessor is sleeping here, I deliberately awakened the predecessor and regained the glory of my alien demon race!"

The five Shang Wuji knelt down on one knee and said excitedly, ecstatic in their hearts. Before the sacrifice, they did not know whether this awakening formation could awaken the ancient alien demon

strong, and their hearts were extremely worried, but now they were at ease, the alien strong awakened, and Qin Chen and others were even No matter how strong it is, there is no escape dead.

Moreover, after awakening the strong of the ancient alien demon race, the purpose of their trip will be easier to achieve. By then, they will return to the Tianwu Continent and the entire continent will be ruled by them.

"The descendants of my race?" Mokara just woke up and muttered. In the eyes, a dark flame bloomed gradually, like a flame of extinguishment, annihilating everything.

The five Shang Wuji couldn't bear this gaze, their heads hung down one after another, and their hearts throbbed. It's too strong. The other person's mere look in his eyes makes people feel desperate. Its power is not so good, but the breath of the whole body is too terrifying, like the dragon in front of the ants. This is a crushing beyond strength, in this alien race. In front of the strong

, Everyone has a sense of horror to suffocate.

Emperor Wu is not so terrible!

"What is the level of this powerful stranger?" Qin Chen looked ugly, almost desperate, judging from the breath of life escaping from the opponent, they were definitely one of the strongest powers that had ever gone against the sky. The oppression of his life is far more terrifying than many Wu Emperors he has seen in his previous life.

But you must know that this powerful alien race has been asleep for at least tens of thousands of years.

I am afraid that with a wave of hands, they can be killed in seconds.

How to do?

Qin Chen, Ji Ruyue and the others turned crazy in their hearts. "Master Mokara, this group of despicable human races just wanted to destroy your awakening, your sir, but also ask you to take action and kill them." Shang Wuji hurriedly said respectfully, looking at Qin Chen and the others with a grim expression. The wolves that Chen few people made them

Very embarrassed, almost falling here, naturally there is nowhere to vent the inner resentment, and now the ancient alien demon strong awakens, naturally extremely excited, wanting to kill the opponent to relieve the hatred in the heart.

"Human race?"

Mokara turned his head to stare at Qin Chen and the others, and suddenly let out an angry shout.

"Roar!"

This was just a roar, but it caused everyone to face a huge disaster.

With a bang, Shang Wuji and the others all flew out, clinging to the wall, their heads dizzy, chest and heart pounding non-stop, ten times faster than usual, dozens of times faster than usual, blood flowed all over his body. , Limb numbness.

In addition to Qin Chen and Skull Rudder Master, Shang Wuji's five people, including Ji Ruyue, had blood overflowing from the corners of their mouths, blood surged in their bodies, and the sound of their hearts beating like drums.

"Soul Sonic Attack."

Qin Chen was shocked. Soul sonic attack is to let the soul spread out in the form of sonic waves, which can damage the soul and cause huge pressure on the body. The weaker of the two will be killed, whether it is the death of the soul or the death of the body. Physical death

Death is death. From this alone, we can see that the strength of this alien monster Mokara has to be higher than the skeleton rudder master, at least the original skeleton rudder master, after awakening, the soul attack can only kill the seventh-order martial king level. The powerhouse, and this demon

Carla, under a single blow, caused Shang Wuji, who was close to the late peak, to be seriously injured.

If it were replaced by a normal early or mid-term Martial Emperor, just a soul sonic attack would be enough to destroy them.

"Roar!"

This powerful alien race is still roaring, seems to be venting the anger that has been sleeping for countless years. The terrifying soul sound wave power swept wildly, the forbidden pattern on the stone wall flickered wildly, and even exposed the essence of Dao pattern.

"I see."

The prohibition flickered crazily, falling into Qin Chen's eyes, but showing ecstasy, because the action of the powerful alien race caused the essential pattern of the forbidden formation to bloom, making him instantly understand the entire forbidden formation. The structure of the law.

As long as he figured out the structure, he would be able to break the forbidden formation pattern in a very short time and escape from the stone chamber.

But now is not the best time to escape, Qin Chen has more important things to do.

"Van Shen Jue, town!"

Qin Chen shouted angrily, the power of the soul in his mind flowed wildly, and an invisible power appeared in front of the three You Qianxue, resisting the terrible soul impact for them. At this critical moment, Qin Chen first thought of not himself, but You Qianxue, Ji Ruyue, and Chen Sisi. Although the three of them all possess natural divine bodies and have amazing defenses, their souls will not be much stronger. Most likely

The soul is damaged.

At this critical moment of life and death, a soul storm formed in Qin Chen's soul sea, guarding the three of Ji Ruyue.

Boom boom boom...

The terrifying soul sound wave swept wildly, constantly swept in like a tide.

boom! boom! boom! boom! boom!

The bodies of the five Shang Wuji shook violently again, and then they spouted blood, their eyes almost bursting, and said in horror: "Senior Mokara, we are the ones who rescued you, stop, please stop."

The five people uttered in panic, dripping with blood, and this strange demon clan powerhouse's soul sonic attack was indistinguishable.

puff!

Qin Chen also shook his body and spit out a trace of blood. If he was alone, he would not be afraid of such a soul impact, but because he wanted to protect the three of Ji Ruyue, most of Qin Chen's soul power was divided, and he would naturally suffer. Hit hard.

However, his Immortal Eucharist had reached the seventh level, his physical body was terrifyingly strong, and his soul power had reached the point of concentrating. This injury could only be regarded as a minor injury, and could not harm his essence at all. But if this continues, Qin Chen can't guarantee that he is still so relaxed. It is not his habit to only defend and not attack. Qiang, the mysterious rust sword suddenly appeared in his hand, exuding a chilly breath, even if he tried to activate the mystery again The evil soul in the rust sword, he will also kill the opponent.

[Chapter 1536: Eternal night exposure](#)

"Master, wait a minute!"

Just as Qin Chen was about to take a shot, suddenly, the voice of the Skeleton Rudder Master rang in his mind.

Qin Chen immediately stopped his shot, and then saw that the Skeleton Rudder Master was in the soul attack, without his discoloration, and suddenly came to this powerful stranger.

"Guji Kazzaro..." Skull Rudder claimed that it was an obscure and complicated sentence. The tone of this language was very strange, giving people a sense of evil and evil, and he said coldly to the strong alien demon.

The rotten and tattered ancient alien powerhouse suddenly stunned, looked at the Skeleton Rudder master with a pair of eyes, and said a weird saying: "Yukashisi?"

"Guru Guru oh..." Skeleton Rudder continued.

The two of them were in full view of all the people, and you talked incessantly with each other. Ji Ruyue and the others were stunned, and the five Shang Wuji were even more dumbfounded. What happened? The man in black was actually talking with the strong man of the ancient alien demon, although he did not understand that the two were there. Say something, but everyone can see clearly

Come out, they are indeed communicating with each other.

Only Qin Chen was pleasantly surprised. He had forgotten that the Skeleton Rudder himself was the strong of the alien demons. Although the Skeleton Rudder and the strong aliens in this ruins may not know each other, they belong to the same demons. Naturally we can talk together. The only thing that made Qin Chen nervous was the soul-killing mark left by himself in the head of Skeleton Rudder. Back

then, the Red Flame Demon Lord beside Moli could see that the master of Skeleton Rudder was enslaved by him, this ancient alien demon. Clearly stronger than the original Chiyan Demon

, if you see the soul-killing mark in the head of the skeleton rudder, it will be troublesome. Fortunately, after the beginning, Qin Chen had secretly reinforced the soul-killing mark in the head of the skeleton rudder several times, and hid it very deeply. It is by no means easy to peek out. This is also the result of Luo Mengqi's black clothes. The leader sees

Only after the loss came, did he gain some wisdom.

The Skeleton Rudder Master and the strange demon clan gurgled for a long time, and the faces of the five Shang Wuji suddenly changed. Although they didn't understand what the two were talking, they instinctively felt bad.

"Senior Mokara, don't listen to this person's nonsense. This person deliberately sabotaged your awakening array, your lord, and the lord will kill him soon." Shang Wuji said anxiously. "Hmph, you guys, you keep saying that it's my alien race, but in fact, they have betrayed our race, and are treacherous with the human race. This time I want to deceive Senior Mokara. Do you think Senior Mokara is an idiot?" Skeleton Rudder Lord Fury

With a drink, the corner of his mouth outlines Senhan's smile.

Hum!

Mokara turned his head and looked over, his eyes flickering, like the fire of hell, staring at the five Shang Wuji.

For an instant, the five people of Shang Wuji were cold, their souls stagnated, as if they were being stared at by death. They felt fear from the depths of their souls. The devilish energy in their bodies froze instantly, and even the movement of them could not move.

"What nonsense are you talking about... Lord Mokara, kill him soon, I am the offspring of the alien demon race, how can I deceive you?"

In panic, the five Shang Wuji released their demonic energy to prove their identity.

They have the blood of the alien race in their bodies, and they don't believe that Mokara will not be able to see it.

"Jie Jie Jie."

Unexpectedly, the Skeleton Rudder Master laughed wantonly, laughed fiercely, like a night ghost owl, sneered: "The descendants of the alien demon race? This seat is a real alien demon race, and they are not so alive and like a few others. , And dare to be wild here."

"What? You are an alien race?"

All five of Shang Wuji were stunned, just as hell, their eyes widened.

Ji Ruyue and Chen Sisi also looked at the Skeleton Rudder Master in shock, but Qin Chen and You Qianxue did not change their faces.

You Qianxue had also entered the Secret Realm of Heavenly Demon at the beginning. Although he did not know the whole process of the matter, he also knew the origin of Skeleton Rudder Master, so it was no surprise.

"Otherwise what do you think?"

Skeleton Rudder laughed and shattered the robe on his body. The whole body was swollen with blood and blood. The whole body was lifted up to nearly three meters, an unprecedented cold and cold atmosphere filled his eyes, his eyes were red, and the soul was palpitating. breath.

At this moment, the Skeleton Rudder Master no longer concealed it, the breath of the alien demon was released, and the black demon aura lingered around it, turning into countless ghosts howling.

"This....."

The five of Shang Wuji looked stupid. At this moment, they finally understood why the Skeleton Rudder Master was not afraid of their demonic energy in the previous battle. It turned out that the opponent was a member of the alien demons.

It's really ridiculous. The methods they learned were derived from certain relics and were uneven, but they wanted to use these techniques to kill a real alien. , Isn't this extremely laughable.

"Senior Mokara, this is not the case. This large array of awakening demons is motivated by me to amplify your birth. These guys even wanted to destroy your awakening, so please let them know."

The five of Shang Wuji panicked and kept explaining.

The Skeleton Rudder sneered and grunted a few words to the enchanted Kara, then turned his head to Qin Chen and said: "You, untie this demon awakening formation, let Senior Mokara have a look, in the end this demon awakening formation, Who arranged it." Qin Chen's mind also sounded the voice of the Skeleton Rudder Master: "Master, I have already told Mokara, this awakening array is arranged by me, and I am waiting to wake it up, and Shang Wuji and others, although they are descendants of the alien demons, they forget their ancestors and want to destroy them.

If you drop this ruined palace, master, are you sure to spur this great awakening array? "

Qin Chen smiled and said, "It is better to be respectful than fate."

He vaguely understood what Skeleton Rudder meant. Immediately raised his hand, buzzing...The countless restraining formations on the Great Awakening Array fluctuated in an instant, and the restraints were immediately activated. Qin Chen swept his hands, and the invisible restraining power merged into it. To awaken the devil

The structure has undergone some changes and it has become a nourishing array. After experiencing the ancient southern capital, the black death swamp, the mystery of the heavenly demon, the demon sword tower, the ancient Yu world, etc., Qin Chen has long been very familiar with and understood the power of this kind of restraint of the alien demon, and he has realized the awakening After the structure of the big formation, the formation

It couldn't be easier to change the law.

A trace of demonic energy lingered out, gathered from the big formation, and finally entered the bodies of Skeleton Rudder Master and Mokara, quickly nourishing their bodies. "Senior Mokara, you have seen that, although this child is a human, but I am concerned about my alien demon, this awakening array is formed by this person, as for these five people, they are just grandstanding." Skull The rudder master sneered and said, looking at the gazes of several people in Shang Wuji as if looking at a dead person.

[Chapter 1537: Dare you stop me](#)

"You, nonsense...this awakening array is clearly arranged by me!"

All five Shang Wuji said in horror, their faces pale and desperately explaining.

"If that's the case, how many people might as well practice this great awakening array again?" The Skeleton Rudder master sneered at several people. The five of Shang Wuji were dumbfounded, and asked them to practice again. How could they do it? Except for the leader, no one of them can arrange this forbidden formation. For example, if they just use the aura of the different demons in their bodies to stimulate, then

It's not a problem, but if you want them to practice again, they can't do it at all.

"Dead!" Mokara stared at several Shang Wuji, and finally lost his patience completely. A horrible soul impact burst from his eyes, and instantly fell into the body of the five Shang Wuji, and the five of Shang Wuji were shocked. , His eyes were dull, but he didn't

Did not fall instantly.

The eyes of Skeleton Rudder Master and Qin Chen suddenly flashed. Judging from the aura on this Mokara, under normal circumstances, this Mokara wants to wipe out the souls of Shang Wuji's few people. It shouldn't be a lot of effort at all, but in fact it was Mokara's blow, and Shang Wuji's five people Although it is sluggish,

Did not fall.

Although there is a reason why the five people of Shang Wuji are strong in their souls, it also illustrates some problems, that is, Mokara has just awakened, and its strength is not as terrible as Qin Chen and the others imagined.

Thinking of this, Qin Chen and Skeleton Rudder looked at each other quietly, a sharp light flashed in their eyes. Throwing the souls of the five Shang Wuji into chaos, Mokara immediately reached out his right hand, and the pitch-black claws like sharp claws burst out instantly, snapping Shang Wuji and the two men in black in his hands. I saw him squeeze hard and puff

, Shang Wuji's three people burst into pieces together and turned into blood in the sky. The three people who fell into the death of their souls did not even know how they fell.

After killing the three of Shang Wuji, Mokara sucked hard, and a large amount of blood was instantly swallowed and sucked into the abdomen by Mokara. Its dilapidated body continued to linger with blood, and the breath of life slowly strengthened. Some tonic.

"Leave the remaining two people to this seat."

The Skeleton Rudder Master Jiejie screamed, and before Mokara could make a sound, it turned into a cloud of black mist and enveloped the remaining Wei Xingguang and Yue Zhongkui. They screamed and burst open. Come, be swallowed and sucked into abdomen by the skeleton rudder.

Gurgling!

The demonic energy lingers on the master skeleton, becoming more and more concentrated and condensed, and at the same time, there is a noticeable improvement in strength. The mysterious double pupils bloom with a scarlet light, which is even more mysterious and strange than the magical Kara. evil.

Ji Ruyue and Chen Sisi took a breath. It was the first time that they saw the true face of Skeleton Rudder Master, and the horror in their hearts could be imagined.

If they didn't trust Qin Chen and knew the ins and outs of the matter, they would really think that Qin Chen and the alien demons were in the same fashion. Even so, the two of them were extremely wary of the origin of the Skeleton Rudder Master. Qin Chen sighed slightly. The reason why he didn't kill Shang Wuji and others in the first time was to get some information about the Misty Palace and the black-clothed men in the Law Enforcement Palace from the five people of Shang Wuji. The idea of enslaving Shang Wuji

, But who knew it turned out to be like this.

Under the current situation, Shang Wuji didn't have anything to say, but this Mokara became a big problem.

At least Qin Chen had a foreboding that he wanted to kill Mokara with his current strength. Unless the mysterious Rust Sword was activated again and the Demon Cauldron was used to fight to the death, it would be almost impossible.

But in that situation, he couldn't control his own life and death, let alone protect the three of Ji Ruyue. At that time, with the strength of the three of Ji Ruyue, it is very likely that he will fall here.

This is what Qin Chen didn't want to see.

For the current plan, it seems that we can only discuss it in the long term.

"Sizzle, delicious!"

After swallowing the blood of the three of Shang Wuji, Mokara showed a look of enjoyment, and his eyes suddenly fell on the three of Ji Ruyue.

"Humanity, delicious!" It said in a low voice, and frenzied gaze suddenly burst into the blood-colored pupils. The next moment, it shot, and the jet-black claws surged in and grabbed the three of Ji Ruyue.

"Senior Mokara, stop!" Skeleton Rudder's face changed, and he slammed in front of Ji Ruyue's trio. The **** halberd swung out. In an instant, the **** halberd burst, and the blood-black halberd light surged, stabbing fiercely in the darkness. Above the sharp claws, there was a bang, the stone chamber shook, and the skeleton rudder

Zhen, was blown out in an instant, hit the stone wall behind, startled countless smoke and dust.

On the other hand, Mokara did not move.

"You... dare to stop me!"

Mokara stared at the Skeleton Rudder Master, anger emerged in his eyes, the black streamer on his body flickered, and his blood rushed to the sky.

Master Skull Rudder looked ugly, and said solemnly: "They, make good friends with my alien race, and release the seniors this time, they also have a share of credit, you...can't kill!"

"Gulika!"

Mokara was furious, his whole body was rioted, and a tyrannical dark aura came under pressure, making everyone difficult to breathe and painful.

Qin Chen's expression changed. He thought that he could use the Skeleton Rudder Master to fool this ancient alien monster, but he didn't expect to escape a battle.

"Chang!"

Qing Qing took out the mysterious rust sword instantly. The Skeleton Rudder Master waved his hand, hurriedly stopped Qin Chen, and winked at Qin Chen, apparently asking Qin Chen to deal with it, and then the Skeleton Rudder Master shook his body, and came to Mokara with devilish energy. Soaring to the sky, and firmly against Mokara

Stand up.

Mokara was furious and moved instantly, with a bang, like a cannonball rushing towards the Skeleton Rudder Master, and the two instantly fought together.

Boom boom boom boom!

The two fought wildly. The devilish energy in the stone chamber rushed into the sky, and the five sarcophagus on the ground exploded in an instant under the action of the two. At the same time, the two blasted cracks on the stone wall, and the stone chips splashed. The battle between the alien demons is almost a physical fight, fists into the flesh. Although Mokara is rotten, tattered, and just awakened, its strength is incredible. The skeleton rudder master fights with him, just like a child facing a strong man. , Was

Boom kept flying backwards, but every time, it rushed up again, fighting with Mokara again.

"Qin Chen, what is going on?"

Ji Ruyue and the three came to Qin Chen's side, at the same time their expressions were very ugly.

"I will explain this matter later. Yong Ye is one of my subordinates. Although he is a member of the ancient alien demons, he has already been subdued by me. The most urgent task is to solve this Mokara first." Qin Chen whispered. Tao. His eyes were piercing and frank, making Ji Ruyue and Chen Sisi who had been skeptical, instantly abandoning their thoughts and believing what he said. In fact, the two did not believe that Qin Chen would be the kind of collusion with foreign races.

[Chapter 1538: There is an opportunity](#)

"Then Yongye can't hold on anymore, let's hurry up, Shang Wuji and the others released this ancient alien demon powerhouse. They absolutely have a conspiracy. They must not let this alien demon race escape." Ji Ruyue Shen said.

She comes from the Ji family of the hermit family and has an extraordinary status. She naturally knows something about the alien demons. This is a race that invaded the Tianwu Continent in ancient times, and it can be said to be the enemy of all the warriors in the Tianwu Continent.

Qin Chen shook his head, and said, "Don't worry, Yong Ye just told us to stand still, maybe it had its intention."

His eyes were dignified, staring at the battle on the field, countless devilish energy swept along with the battle, just the aftermath, they are all incredible, and by no means ordinary Wuhuang can resist.

Bang bang bang...

The battle continued with Xiao Banzhuxiang's effort, and the Skeleton Rudder finally couldn't hold on, and one side of his body burst open.

The trio of Ji Ruyue were shocked immediately, showing nervousness. If the Skeleton Rudder Master was defeated, they would be in danger.

Unexpectedly, the skeleton rudder master half of his body was unfolded, and there was nothing wrong with it. On the contrary, there was a breath of horror to the extreme, which was released from its body.

Is its skeleton.

On the skeleton exposed by the skeleton rudder master, black runes flowed, and the glow was shining, and a golden halo was faintly escaped, and a unique horror atmosphere was revealed.

It was the breath of the skeleton of the demon master.

Qin Chen's gaze condensed. To a certain extent, the defensive power of the Skeleton Rudder Lord is even above his Immortal Eucharist. The Demon Lord, the co-lord of the alien demon race, controls the army of the alien demon race, and the demon ruler under his command. countless.

Although Qin Chen didn't know how terrifying the demon master of the alien demon race was, he was definitely the top authority of the alien demon race, a giant, and even the supreme leader of the alien demon race.

However, the Skeleton Rudder Master had absorbed part of the original power of the Demon Lord's corpse. It can be said that the Skeleton Rudder Master is definitely above him in terms of defense.

Feeling the aura on the skeleton of the skeleton rudder, Mokara suddenly showed a sense of awe in his eyes, and instantly stopped to shoot, and said something to the skeleton rudder.

The Skeleton Rudder Master stood proudly in the air, his eyes gleaming, and he murmured a few words.

After the two talked a few words, Mokara's face suddenly changed, and he fell to the ground, actually bowing respectfully to the Skeleton Rudder Master. Skeleton Rudder didn't say anything, he just nodded

slightly, and then a black magic lingered, his exploded half of his body quickly healed, and his body that swelled to a height of nearly three meters also shrank quickly, and put on a black set again. Cloak

Live the face.

"Master, it's done."

The Skeleton Rudder master swished to Qin Chen's side and said through the voice.

"I told Na Mokara that I inherited the mantle of my clan demon lord and shouldered the heavy responsibility of revitalizing the alien demons. Naturally, Na Mokara did not dare to do anything to me."

The alien demons are different from the human races. Their status is extremely strict, just like blood beasts. In the blood beast world, blood beasts with high-level bloodlines will still be affected by other terrible blood beasts even if their cultivation base is not high temporarily. respect.

The Skeleton Rudder Master who has obtained the mantle of the Demon Lord is equivalent to the king of the alien demon race, even if the ancient alien demon race like Mokara saw it, they did not dare to be presumptuous.

This is a concept imprinted in their souls and cannot be broken. Of course, this is also related to the dullness of this Mokara, and Qin Chen can also feel that although the strength of this Mokara is very strong, he does not seem to be very clear in his mind. It is a little stupid. I don't know if it is because it is like this or because Receive

The injury is too serious, or because of sleeping for too many years.

The Skeleton Rudder master waved his hand, and Mokara suddenly came to the crowd.

It looked at Qin Chen and the others hungrily, as if someone who was about to die of starvation saw the delicious food, it could not wait to swallow Qin Chen and the others.

"This one is Qin Chen, a friend of my alien demon race, and, in the future, he will be a great figure of my alien demon race, and these three women, who are Qin Chen, will be in Mokara in the future. Senior above you." Skeleton Rudder said in a low voice.

"impossible!"

Mokara sneered. It respects the Skeleton Rudder Master, because the Skull Rudder Master has the aura of the Devil Lord, but these human boys, how can He De, have their status above him in the future? Can sleep in the ruins of this palace, its position in the alien demons, but also in

Above the former skeleton rudder master, belonged to the real high-level of the alien demon race.

"Qin Chen, show the things in your mind to Mokara!" Skull Rudder Master sneered.

Qin Chen knew what the Skeleton Rudder Master was referring to, slightly urging the golden parasitic seeds, and a mysterious power suddenly escaped from his mind.

Originally, under Qin Chen's deliberate intention, it was difficult for Mokara to snoop into Qin Chen's mind, but now that Qin Chen took the initiative to release, the breath of the golden parasitic seed was instantly captured by Mokara.

Pedal!

Mokara's face changed drastically, and his blood-colored pupils stared at Qin Chen, as if he had seen something unbelievable, and his blood suddenly fluctuated.

"Golden parasitic seed!"

It roared, and the look in Qin Chen's eyes immediately became less ferocious, but with awe and respect.

The parasitic seed, born from the Chaos Nest of the Alien Demons, is extremely precious. Such treasures are absolutely available to ordinary aliens. In the era of Mokara, only the most amazing gods of aliens, the heirs of aliens and nobles with noble blood, had implanted parasitic seeds. Qualifications

.

Once the parasitic seeds are planted, their strength will increase at an astonishing speed, and eventually no one will become the top big figure of the alien demon race.

Such a character is just like the skeleton rudder said, the future status must be above it, there is no doubt.

Seeing Mokara's shocked and awe-inspiring eyes, Qin Chen's heart was not joyful, but more gloomy. Although the parasitic seed can bring him a lot of benefits, the stronger the parasitic seed, the deeper the worry in Qin Chen's heart.

"Not only Qin Chen has it, she also has it." The Skeleton Rudder master pointed at You Qianxue again. Mokara hurriedly looked at You Qianxue. Compared with Qin Chen, You Qianxue's soul power was much weaker. Therefore, there was no need for You Qianxue to release deliberately. Mokara's soul power could vaguely sense the parasitic seeds in You Qianxue's mind. Face suddenly

Shocked again.

Silver Parasitic Seed!

Although it is much worse than Qin Chen's golden parasitic seed, the silver parasitic seed is also extremely precious among alien demons, and cannot be enjoyed by non-royal clan.

Mokara looked at You Qianxue's eyes also changed, no longer naked, but with respect and solemnity.

Ji Ruyue and Chen Sisi watched this scene in shock, and didn't understand what Qin Chen and You Qianxue had that could shock the ancient powerhouse of this alien demon race.

"If you want to swallow the strong and restore your strength, you don't have to worry about it. After a while, there will be opportunities."

Qin Chen looked at Mokara and said a sudden, a trace of coldness passed quietly through his eyes.

"Master Skull Rudder, let's go!" After a while, Qin Chen opened the stone chamber restraint, and the group quickly left the place.

[Chapter 1539: Heritage Temple](#)

Knowing the purpose of Misty Palace, Qin Chen and his party quickly swept toward the depths of the palace. On the way, Qin Chen was worried. Judging from the actions of Shang Wuji, the group of people in black had a simple purpose: to attract the powerful from all major forces to the palace ruins, and then look for someone with enough talent. The strong carry the soul

Home.

The so-called assessment in this palace before was on the surface an assessment of the genius of the alien demon race in ancient times, but when it came here, it happened to be the assessment for the people in black to find their goals.

The warriors of the black-clothed men in the Hall of Law Enforcement who want to seize their homes will definitely not be ordinary people. They should have at least two requirements.

The first one must have enough power and identity among the major forces.

The second one is that the strength is not weak. After experiencing the Guyu Realm assessment, at least he has a certain hope to enter the realm of Emperor Wu.

Martial artists who meet these two conditions will win their homes, because only in this way can their interests be maximized. Otherwise, if only for the purpose of seizing the home, the two men in black had a chance to seize the Wuyinmen and the other two martial emperors of Guiyuanzong, but they would rather not seize the home, but also look at themselves. And the skeleton rudder on the main body, it can be seen

Spotlight. Think about it, if the top warriors of the major forces are taken over by this group of people in black, and the Misty Palace is assisted in the back, then the powers of the major forces in the ancient Yu world will be completely controlled by them. Even after leaving Guyu Realm

, The major forces will also be inserted by them one by one.

Thinking of this, Qin Chen felt cold in his heart, and would never let them succeed.

It's just that Qin Chen doesn't know where these people are now, so he can only look around like a headless fly.

"By the way, maybe Mokara knows something."

Thinking of this, Qin Chen immediately asked Mokara. "This place was originally a heritage temple of my alien demons. There are a total of three thousand heritages. It was originally the place where my alien geniuses were tested and evaluated. Later, it was destroyed by a disturbance and became a prison. , And I wait, this is

The guardian in the inheritance temple. "

"This place is a prison?" Qin Chen and the others were taken aback.

This is beyond their expectations. "Yes, there were originally many evil demons imprisoned here. Later, because of its proximity to another world, this place was abandoned. However, it is rumored that there is still an extremely terrible thing imprisoned in the depths of this prison." Cara's face is exposed

The color of doubt and fear.

"What is it?" Skeleton Rudder asked curiously.

What could make Mokara show fear, what would it be?

Qin Chen's eyes flashed. Could the terrible thing Mokara talked about had something to do with the terrible summoning power he felt when he used the jade disc of Heaven and Earth?

He looked at Mokara, trying to find the answer.

"I don't know." Mokara shook his head, it shook his head, "It's too long, I have forgotten many things, I can't remember it at all."

"How did the predecessor sleep in this sarcophagus? And before I waited to see that there were many human corpses here, what happened?" Qin Chen asked again.

"I don't know, I really don't know." Mokara frowned, trying to think about something, but suddenly roared, his face showing extreme pain.

Boom boom boom!

The soul power fluctuates on it, and it is extremely painful.

"No, I can't remember why this demon is sleeping here? What is going on here?"

Mokara roared in pain, and banged on the stone wall with a punch, and the stone wall channel suddenly rumbling and trembling, countless debris falling, and fragile.

"Senior Mokara, since you can't remember it, don't think about it." Skeleton Rudder lost his voice. This topic seemed to make Mokara fall into a certain state of confusion. Once the opponent goes crazy, it will be troublesome. "How can I not?" Qin Chen suddenly screamed: "There must be something weird in this. Think about it carefully, why do you sleep in the sarcophagus? What happened here? What happened in the depths of the temple? What is it, you think about it

miss you. "

"the host."

The Skeleton Rudder master hurriedly communicated to Qin Chen: "Mokara's soul is very restless now. If you continue like this, Mokara will go crazy. Once the soul is in chaos, the six relatives will be denied by then. We can't convince it.

"Just to make its soul confused." Qin Chen said in a low voice, his eyes glowing, especially dazzling. "You guys step back a little bit." Qin Chen said to the three of You Qianxue, and then in his eyes, like a kaleidoscope spinning frantically, staring at Mokara and said: "If you think about it again, why do you fall asleep? , You must remember

."

Qin Chen's voice was very gentle, with a hint of bewitching, and he had already used Wan Shen Jue's soul dying technique.

He is inducing Mokara.

"Why did I fall asleep, why on earth?"

Mokara hugged his head, roared in pain, countless black magic energy gathered on its face, like a twisted earthworm, booming, a storm of terrifying souls rushed out of its mind.

Puff puff!

The three of Ji Ruyue had retreated far away, but the terrible soul impact still swept in constantly. The three of them were pale, they retreated and retreated, and their eyes were full of fear.

"What the **** is Qin Chen doing?" Ji Ruyue paled.

They had withdrawn from a distance of thousands of meters. At this distance, the impact of the soul power had been weakened countless times, but it was still unbearable, and Qin Chen was in the center of the soul impact, what exactly he wanted to do.

"Little Chen must have its intention." You Qianxue said solemnly.

"What the **** is that? Hasn't he already controlled this Mokara now? If he makes this Mokara go crazy, wouldn't it fall short?" Chen Sisi frowned.

"Control? No, it's not control at all."

You Qianxue solemnly said: "Shao Chen just deceived that Mokara just now. To say that it is controlled, it is too far away. Perhaps, he wants to really control that Mokara..."

"Master, what are you doing?" Skeleton Rudder was also confused, unable to understand Qin Chen's purpose.

"Yong Ye, I will cast the Soul Destruction Seal in a while, and you will help me." Qin Chen said through the voice, his eyes cold.

As You Qianxue said, Qin Chen wanted to completely control that Mokara now.

The reason why Mokara trusted them before was because of the Skeleton Rudder Master and Parasitic Seeds, but is Mokara the only alien race in this heritage temple? Once there are other alien demons, and people who trust the Misty Palace and the Hall of Law Enforcement, Mokara will definitely be aware of it.

[Chapter 1540: Enslave Mokara](#)

Once Mokara reacted, they were in danger.

Previously, it was because Mokara's soul power was too strong that he could not be enslaved at all, but now that Mokara was in chaos, he immediately seized the opportunity.

"You must think about it, think about it..."

Qin Chen kept talking, his pupils flickered with misty rays, and the induced voice gradually penetrated into Mokara's mind and permeated its soul.

Mokara's eyes showed a trace of confusion.

The Skeleton Rudder master glanced at Qin Chen in amazement, the master actually wanted to enslave Mokara.

This is simply dancing on the tip of a knife. You must know that Mokara's soul power is much more terrifying than yourself. Although I don't know how strong the master's soul power is, compared to the master, Mokara's soul power is definitely stronger, even in severe injuries. Down, it's definitely not one

A small human Emperor Wu can be enslaved.

But Qin Chen did this. Can he really be enslaved in this situation? "Yong Ye, what are you doing in a daze?" Qin Chen snorted, and the Skeleton Rudder master instantly reacted, hum, it has been very familiar with Qin Chen for so long, and although he is nervous, he still gritted his teeth. Released for the first time since

The power of one's own soul.

boom!

A terrifying soul storm swept out in an instant, rushing together with Mokara's soul power.

boom!

Skeleton Rudder's body shook violently and his face was pale. Although Mokara had just awakened, his soul power was still much stronger than him. The two soul powers collided chaotically in the void, and Skull Rudder's mind was instantly dizzy.

"Huh, Soul Destruction Dafa!"

The Skeleton Rudder master yelled that it was also an alien demon. How could it be without any means? In a moment, his soul power turned into a sharp cone and pierced Mokara's mind.

"What are you doing?"

Mokara, who was in pain and chaos in his soul, suffered such an attack. His expression suddenly became sober, he suddenly woke up, and suddenly shouted in anger.

The Skeleton Rudder is clearly attacking its soul.

"Mokara, your soul is chaotic. It is obvious that someone has sealed your soul memory. We are helping you. Please open your soul and let me wait to break the seal." Skull Rudder said coldly without changing his face.

"Break the seal?" Mokara was taken aback.

While it was stunned, the Skeleton Rudder master suddenly spouted a mouthful of blood, and the soul force made a sharp invisible wave, its power skyrocketed, and instantly tore through Mokara's soul defense.

This is the time.

Qin Chen's eyes flashed brightly, and at the center of his eyebrows, a pair of nothingness suddenly opened.

The Eye of Breaking the Forbidden!

The soul is dead!

call!

Qin Chen urged his soul power with all his strength and rushed into Mokara's mind.

At the same time, he quickly squeezed various tactics, Wanshen tactics, and forbidden spawning techniques, forming a forbidden rune in Mokara's mind, which quickly rotated and suppressed.

"You... you want to enslave the demon... bold!"

Mokara was furious. Even if he was reverent and respectful towards the Skeleton Rudder Master and Qin Chen, it definitely did not mean that he was willing to be enslaved by the two, and the Soul Sea instantly rioted.

It was the first time that Qin Chen saw such a dark sea of souls. The tyranny and cruelty carried the meaning of endless killing, constantly impacting the prototype of the soul-killing seal he had finally condensed.

"Yong Ye!"

Qin Chen shouted angrily.

"Damn, this seat is too unlucky."

The Skeleton Rudder Master had tried his best to resist the soul backlash of Mokara, and his face became paler when he heard Qin Chen's command. It used secret techniques, and there were invisible ghost shadows lingering on its body. This is a foreign demon race. The prohibition.

boom! A handsome alien ghost phantom emerged in the void, evolved into a phantom, and rushed into Mokara's mind, and Mokara also appeared in his mind a soul phantom holding a trident like its body, this soul holding a trident. Phantom

The ghost of the Skeleton Rudder Master was several times taller, roaring and waving the trident in his hand.

The handsome alien demon was frantically resisting.

"Is this the main body appearance of Skeleton Rudder Master?" Qin Chen glanced at the soul phantom displayed by Skull Rudder Master, and had to say that the main body of Skeleton Rudder Master was very handsome.

If it were placed in a hideous alien race, it would definitely be a little white face.

"Master, hurry up, the subordinates cannot hold on anymore."

The Skeleton Rudder master was blasted back by the ghost of Mokara's soul, yelling.

"Soul Soul Seal, Condensate!"

Qin Chen gritted his teeth, a large amount of soul power diffused out, and instantly felt that his head was empty, but he still could not leave a complete soul-killing mark in Mokara's mind.

"No, this Mokara's soul power is too strong, not enough, some soul control must be lifted first."

When the thought fell, Qin Chen instantly released the soul control of the black slave. When he was in the land of the Five Kingdoms, the black slave chased and killed Qin Chen. Qin Chen arranged the soul-killing seal in his mind and took him as a slave. Although the black slave really surrendered to Qin Chen, it was because the soul-killing seal cultivated the martial artist. Is of great benefit, Qin Chen has not

There is the imprint of soul-killing in the minds of black slaves.

But now, his soul power was extremely lacking, and he immediately released the soul control of the black slave.

Hum!

In the dark, Qin Chen felt that the connection between himself and the black slave was cut off in an instant. Suddenly, a pure soul power fed back to Qin Chen, making Qin Chen's mind loose.

He seized the opportunity to condense the Soul Destruction Mark again, and finally branded the Soul Destruction Mark in Mokara's mind.

puff!

When the soul-killing mark was formed, a horrible soul power bounced back, Qin Chen vomited a mouthful of blood, his face turned pale, and the soul storm in the passage stopped suddenly.

Mokara, who was fighting with the Skeleton Rudder Master, stopped in an instant, and his eyes became religious. He knelt down on one knee in front of Qin Chen and said respectfully: "Master."

"Master succeeded?"

The Skeleton Rudder master looked at Qin Chen in shock, and the ghost of the soul returned to his mind with a look of disbelief.

With the power of the peak martial emperor in the mid-term human race, he actually enslaved Mokara and other powerful ancient alien demons, so that the skeleton rudder master was extremely shocked, and he couldn't keep calm.

Qin Chen breathed a sigh of relief. He shook his body and fell down, but lay down in a soft place. It was Chen Sisi who caught him for the first time.

"Qin Chen, are you okay?" The three women looked at Qin Chen nervously.

"I'm fine."

Qin Chen said weakly, it was just that the soul power was consumed too much, and he was a little collapsed for a while, he took a deep breath and directly began to search for the soul of Mokara.

Now that Mokara's soul is controlled by him, he searches for the other party's memory as if he is in no one.

"Huh? This Mokara's memory seems to be disturbed by something."

But what Qin Chen spied on was endless tyranny, and there was nothing else.

At this moment, there was a sudden roar in the distance.

"Someone is fighting!" Qin Chen stood up instantly and rushed directly to the roaring place. After searching for so long, he finally saw other people.
