

Valkyrie 1541

[Chapter 1541: Make up](#)

Whoosh whoosh!

Qin Chen and a group of people quickly rushed to the place where the explosion came.

How fast are they? Each of them was comparable to the peak Martial Emperor in the later period, instantly turning into streamers and disappearing in the passage.

"By the way, Mokara, Yongye, you two hide in the Demon Suppression Cauldron first, don't come out without my instructions."

In the process of flying by, Qin Chen quickly took out the Demon Suppressing Cauldron, and put away Mokara and Skeleton Rudder Master. The two of them were alien demons. Once they were discovered by others, it would be troublesome.

"I hope the two of you will not talk about what happened in this ancient Yu world." Then Qin Chen turned his head and said to Ji Ruyue and Chen Sisi. As for You Qianxue, he was naturally not worried.

"Huh, why, you told me not to say it, I won't say it?" Ji Ruyue looked at Qin Chen with a smile, "Isn't it easy to seal my mouth?"

"Me too, keeping such a big secret for you, what benefit do you give me?" Chen Sisi also smiled and said, flattering everywhere.

Qin Chen was speechless, feeling a headache, and said, "What do you want?"

"How about looking at your body!" Ji Ruyue smiled.

puff!

Qin Chen almost spit out a mouthful of old blood, can you not be so wild?

Seeing Qin Chen's expression, Ji Ruyue couldn't help but angrily said: "Why, is it embarrassing?"

"It's not embarrassing, but you dignified Miss Ji Family, are you too wronged?" Qin Chen flashed his eyes and laughed.

"Don't be embarrassed." Ji Ruyue coldly snorted: "Why, don't you agree?"

"Well, then!" Qin Chen said, "Then I can't help but agree to it, alas, let me lose."

After Qin Chen finished speaking, he put his hand out and hugged Ji Ruyue's waist directly, scared Ji Ruyue hurriedly pushed a distance away, and said angrily: "What do you want to do?"

"Huh? Didn't you think I promised me with my body?" Qin Chen laughed, "Since I promised with my body, you are my woman. I am not too much to hug my woman, right?"

"You..." Ji Ruyue was so angry that she was vomiting blood. She just said, how could it be possible for her to give her a hug?

Although she had such a good feeling for Qin Chen, she felt very awkward in her heart when she thought that Qin Chen was the man of her friend You Qianxue.

puff!

Seeing this scene, You Qianxue covered her mouth and laughed.

Ji Ruyue is really asking for trouble. If she wants to tease less dust like this, I'm afraid she can't help it.

Qin Chen was also smiling strangely, looking at Ji Ruyue with a smile.

"Huh, the previous conditions are not counted. When I think of other things, I will tell you that this requirement will be retained first." Ji Ruyue gritted his teeth and said viciously.

"Then what about you?" Qin Chen looked at Chen Sisi with a smile: "You don't want to give your arms and hug you too, do you want me to accept it?"

"Why not?"

Chen Sisi smiled beautifully, her figure softened, and she took the initiative to embrace Qin Chen, her body soft as a monster.

Seeing Chen Sisi so unrestrained, Qin Chen couldn't bear it, and subconsciously avoided it.

"Chuck!" Chen Sisi laughed. The flowers are trembling, and the charm is infinite, which makes people can't bear to turn their eyes. She laughed: "Okay, I won't make you any more. I will tell you when I think of the request. Don't forget. Oh."

While talking and laughing, in just a moment of effort, Qin Chen's group of people had already arrived at the place of the explosion, and seeing the scene in front of them, there was an instant horror in their eyes.

I saw that what was in front of everyone was a dense crowd of blood-colored beasts, all of them were strange beasts that were at least twice the size of the blood-colored beasts of the ancient Yu realm, clustered together, and bursting out of terrible blood. attack.

Boom boom boom!

In the center of the alien beasts, there was a continuous burst of violent explosions. It should be a hall, and the true essence blasted out among the alien beasts. It was clear that someone was trapped in this group of alien beasts.

So many source beast spirits!

Qin Chen all took a breath, showing awe.

They thought that someone was fighting here, but they didn't expect it to be such a group of blood-colored beasts. Looking around, the entire passage was filled with such a group of blood-colored beasts, densely packed with hundreds of thousands.

You must know that such a terrifying monster, each of them has the strength close to the late Martial Emperor. Once surrounded, even the Martial Emperor at the peak of the latter period cannot escape.

"Little dust, what shall we do now?" You Qianxue frowned as she looked at the alien beast in front of her.

With so many alien beasts, even if the four of them kill them, it may be difficult to kill them again. Qin Chen's eyes condensed, and to be honest, he is not afraid of these strange beasts. Although these strange beasts are strong and comparable to the late Martial Emperor, they can hardly break through his defenses. Now his Immortal Body has reached seventh. Heavy enough to enter many dangerous places

But You Qianxue and the others are not so easy. Once surrounded by the blood-colored alien beasts, they will inevitably encounter danger. But finally met people. If he didn't go in, he would just retreat. Qin Chen was naturally unwilling. He didn't know who was surrounded by the blood-colored beasts, but since he could be surrounded by these blood-colored beasts, he In the impression of

Could it be those of the alien demon race.

"So many source beast spirits, master, make up for it."

At this time, the Skeleton Rudder Master located in the Demon Cauldron also sensed the scene outside, and suddenly shouted in surprise.

And Mokara also appeared a little restless and excited. For the warriors of the Tianwu Continent, these blood-colored alien beasts are very difficult to deal with, but for the skeleton rudder master and Mokara, these blood-colored alien beasts are definitely a great tonic. Once the essence of the source beast is absorbed by them, they can even be Improve cultivation

To a more terrifying point.

"boom!"

At this time, there was a violent roar in the center of the hall surrounded by the blood-colored alien beasts. It was obvious that the people inside were resisting frantically, and the power of blood was rising to the sky, very terrifying and amazing. .

"What a terrible power of blood, qi and blood!" Qin Chen's eyes condensed. This power of blood is too terrifying. No wonder the opponent can resist until now. It can be seen that the strength of this group of people is absolutely terrifying. Now he has internal and external troubles, especially It's the Misty Palace that colluded with the alien race

, Qin Chen knew that he had to unite with other forces, otherwise it would be almost impossible to overthrow Misty Palace by himself.

And now is an excellent opportunity.

Thinking of this, Qin Chen immediately said to the three of You Qianxue: "The three of you stay here, and I will come as soon as I go."

"what?"

"Young Chen, do you want to go in alone?"

"No, absolutely not, it's too dangerous." You Qianxue said in unison. Ji Ruyue and Chen Sisi looked nervous and anxious, and suddenly looked at each other, suddenly reduced their anxiety, showing a trace of embarrassment, but their eyes were still very tension.

[Chapter 1542: Distress of the Holy Land](#)

"Can you still believe me? These blood-colored strange beasts are strong, but to me, they are nothing. Now there are warriors from the Tianwu Continent in them. If I haven't met it, it's okay. If I do, I will naturally help." Qin Chen said in a deep voice.

"Then we will go with you!"

The three said in unison again.

"No, you stay here, don't forget, I have Mokara and Yongye with me, even if they are in danger, they will take action, but if you also go in, then it will be even more distracted."

You Qianxue knew that once Qin Chen decided something, she couldn't dissuade her at all, so she could only nod her head and warned Qin Chen to be careful.

At this moment, in the center of the hall, a large blood-colored formation stood there. In the center of the large formation, a group of people surrounded each other, all faces were earth-colored, full of despair.

This group of people are the top powerhouses of the Martial Bloodline Holy Land, and there are some disciples of the Bloodline Holy Land, and even a saint of the bloodline Holy Land, Jia Yiyi.

Bloodline Holy Land is one of the top forces in the Martial Domain, and its leader, named Yue Chaolun, is a top martial emperor in the Bloodline Holy Land.

At this moment, this group of people are all pale, and their hearts are filled with despair, because outside the bloodline of the Holy Land of Bloodline, there are already densely packed with blood-colored alien beasts at this moment, no one can count how many blood-colored alien beasts there are.

In the big formation, Yue Chaolun was seriously injured, with blood on the corners of her mouth, and looked angrily at a place not far away. Where, there was actually a black formation with a gloomy-eyed man in black sitting cross-legged in the corner of her mouth. With a mocking smile.

"Who are you?" Yue Chaolun said angrily.

The reason why he came here was because he had heard the Emperor Wu from the Holy Land of Blood, saying that there were a lot of treasures in this place, so he came all the way. But what he didn't expect was that after he came here with many bloodline holy land martial emperors, he suddenly fell into a trap, and the bloodline holy land martial emperor who had brought him back secretly faced him. Sneak attack, instantly kill him

He was seriously injured, and at the same time, a man in black appeared secretly here, trying to seize his soul. If it wasn't for him to have a soul treasure, the man in black would almost take him away, and he

fought back desperately, beheading the martial emperor under his command, but he was surrounded by this group of blood-colored beasts. And he was seriously injured

He looked pale and looked at the many Emperor Wu and his disciples behind him, already regretting in his heart. "Jie Jie Jie, you can't control who I am, Yue Chaolun, Yue Chaolun, you can't imagine that you still have this strange treasure in your body, and your cultivation level has increased so much, you are almost half a step away from Emperor Wu. , It seems that a lot of rules have been obtained before , What a pity, your body will be mine after all. "

The man in black laughed coldly, but he was very angry. Because of the importance of the Bloodline Holy Land, they had already sent someone to take away a martial emperor from the Bloodline Holy Land, and tried to draw Yue Chaolun from the Bloodline Holy Land into the urn, but they did not expect that Yue Chaolun would get a lot of adventures here. Repair is almost close

Half a step Wudi, the power of the inner space Dao Ze has also condensed to a hundred.

But these weren't a lot of things. He boasted that under his sudden shot, and a companion suddenly shot on the side, he could completely seize the Moon Super Lun in an instant, and gain Yue Chao Lun's self-cultivation.

But they never figured it out that this month Chaolun had a soul treasure on his body, which blocked his first round of seizure, and Yue Chaolun was frightened and severely wounded and killed his companion. It made him into a difficult place. Fortunately, he broke a seal here in time and released a large amount of source beast essence, causing all the people in the bloodline holy land to be surrounded by countless source beast essences. Otherwise, if you let Yue Chaolun group Guys run away, he all

I don't know how to explain it to adults. And that Yue Chaolun was also stupid. As soon as the source beast's essence was killed, he could escape here alone with his cultivation, but he wanted to save the many martial emperors and disciples left in the Holy Land of Blood. Surrounded by the essence of the source beast,

I can't escape death.

Now, although Yue Chaolun did not succeed in seizing the home for the first time, as long as this group of source beasts broke through the defenses of the bloodline holy land and severely injured Yue Chaolun, he would have the opportunity to seize the home again. Although it was a bit more troublesome, he could always do it. Complete the adult character.

Thinking of this, the man in black couldn't help licking his tongue, showing a grinning smile.

Yue Chaolun looked at the man in black in front of him with a green face, but he also knew that what he needed to consider now was not to figure out the identity of the man in black, but to protect the many disciples in the Lower Bloodline Holy Land.

But in the face of so many Origin Beast essence, can he keep it?

Despair emerged in Yue Chaolun's heart, especially when he thought that Saint Jiayiyi was also trapped here, he couldn't help but blame himself.

"Jia Yiyi, come here." Yue Chaolun said immediately. At this moment, many warriors in the Holy Land of Bloodline are struggling to maintain the bloodline formation. Although the formation method of the bloodline formation is strong, if it is not maintained by everyone, under the attack of so many blood-colored monsters, I am afraid that it will not be able to persist. how long

time.

"Master Yue Chaolun, do you call me?" Jia Yiyi walked over. She is a very beautiful woman, even at this time, she is still very calm. "Jia Yiyi, I guess the bloodline formation will not last long. If the formation breaks open later, I will find a way to let you escape. Remember, when the time comes, you will just rush forward and leave this ruin palace. Don't look back, this place is too weird

, I suspect it is a conspiracy, you must remember that if you escape, don't trust anyone, even me." Yue Chaolun said solemnly.

The only thing he cared about was Jia Yiyi. Although other people were extremely heartbroken, he couldn't let a few people out. He was not even sure whether Jia Yiyi could escape.

"No, Master Yue Chaolun, I won't leave." Jia Yiyi shook her head, "Let me live alone, I can't do it, I want to be with everyone."

"You..." Yue Chaolun turned pale with anger. When is this, Jia Yiyi is still frantic. "Master Yue Chaolun, you needn't say. Although Jia Yiyi is the saint of the Bloodline Holy Land, I am not the only heir. In the Bloodline Holy Land, there are many people who are more suitable to inherit the Bloodline Holy Land. Even if I escape What can I do if I go

? Jia Yiyi said flatly: "There are not many people in this world who are really good to me. Master Yue Chaolun, you are one. How can I let you risk your life to save yourself and live in this world?" "

"You..." Yue Chaolun was so angry that he couldn't speak, but in the end he turned into a faint sigh, and said, "Hey, why are you doing this?"

But he didn't say anything, because he knew that Jia Yiyi was very stubborn, and since she had made up her mind, she would never change her mind.

"Then fight it." Yue Chaolun gritted his teeth. Once the formation broke open, he would rather die than kill the man in black. As for other things, he couldn't control so much.

After another moment, seeing that the big formation was about to break open, suddenly there was a huge roar from the exit.

"No, it seems that someone has come to help..." At this time, several blood holy land Martial Emperors facing the exit suddenly exclaimed.

[Chapter 1543: Temper the body](#)

Actually, before these Wu Huangs spoke, Yue Chaolun and others also saw Qin Chen coming.

I saw a body shaped like a black lightning, instantly smashing into a large number of blood-colored alien beasts, and there was a roar along the way.

"only one person?"

Everyone in the Holy Land of Blood was originally extremely surprised, but after seeing only one figure, the joy of everyone was immediately gone without a trace.

Faced with so many blood-colored alien beasts alone, even if he has the ability, he can't finish killing, and in the end, he will end up being swallowed by the blood-colored alien beasts. "Huh, I didn't expect that someone would dare to rush in like this. I really don't know whether to live or die." The man in black was initially shocked, but when he found that there was only one person, he immediately sneered, with so many **** differences. Beast, even if it comes

The strength is as strong as Moon Chaolun, and it is of no avail. At most, it will not exceed a dozen breaths, and it will inevitably die under so many blood-colored alien beasts.

The man in black was even calculating the remaining time of Qin Chen's life.

One breath!

Five breaths!

Ten breaths!

In the blink of an eye, twenty breaths passed, but the riots and restlessness there did not stop, and they even kept getting closer. Everyone rubbed their eyes in disbelief. That's right, even though the figure has been wrapped up by countless blood-colored alien beasts, the roar from the battle has never been broken, and it can be vaguely seen, that In the roar

, A figure was flashing and moving, and slowly approaching here.

This is impossible!

Not only the man in black, but also Yue Chaolun and his party were stunned. In all fairness, even if Yue Chaolun rushed into this group of blood-colored alien beasts, he did not dare to say that he would be able to come out alive, but the figure showed no sign of falling, and did not flee outside, but instead went to the main hall. Core

The area rushed over, seeming to want to approach them.

"Is this person specially here to save them?" Yue Chaolun and the others quickly came up with such a thought. This is really possible. With the strength of that powerful person, he will not fail to find the existence of the scarlet beast. He rushes in here, even if the other party really didn't find so many scarlet beasts in the first place, he was getting scared. A moment surrounded by alien beasts

Should also be able to understand the situation, and rushed out.

But now the other party is surrounded by layers of blood-colored alien beasts instead of fleeing, but constantly approaching here. There is only one explanation, that is, the other party is here to rescue them.

Who is this person? Thinking of this, Yue Chaolun's heart was faintly filled with excitement. Although the Bloodline Holy Land has a good relationship with the major forces, Yue Chaolun could not figure out which power among the major forces would risk his life to save. Them and also

Is alone.

Yue Chaolun is not afraid of death, but what he is worried about is the safety of Jia Yiyi and other disciples. As long as Jia Yiyi and the others can go out alive, even if he is dead, he has no regrets.

For a while, everyone in the Holy Land of Bloodline looked at the slowly approaching figure like prayers, praying silently one by one, fearful.

Among the blood-colored beasts, after Qin Chen was surrounded by the dense blood-colored beasts, there was no fear on his face. He knew that once these blood-colored beasts identified a target, they would definitely kill the target. This was terrifying to others. He imagined dozens, hundreds, or even thousands of blood-colored beasts rushing to attack a person together, even if Is the big book

There is no way, once the defense is broken, and there is no chance of breathing, it will be torn to pieces by countless blood-colored alien beasts.

But what Qin Chen is most afraid of is group attacks, as long as the strength of these blood-colored alien beasts is not strong enough to break his immortal body in an instant, then he can be fearless.

The mysterious rust sword was sacrificed, and the domain of the sword and the space enchantment were madly displayed, restricting the approach of the surrounding blood-colored strange beasts, and controlling them in a certain area.

The dark sword light continuously flickered in this area, and Qin Chen displayed the Death Word Sword Art. Every time the sword fell, a huge gap appeared on the body of a blood-colored strange beast, which was seriously injured.

However, these blood-colored alien beasts are indeed terrifying, and their defense power is amazing. It is often impossible to kill them with a single sword. Once they are allowed to escape, in a very short period of time, the other party can return to their original state. Kill. But Qin Chen did not give the opponent such a chance to recover. After hitting the opponent with a sword, Qin Chen immediately urged countless sword auras to shoot at the blood-colored strange beast, and instantly shot the blood-colored strange beast. Pierced numerous pits and holes,

Then he made a strong shot and exploded the blood-colored strange beast, leaving only a dazzling blood crystal.

Although the efficiency of this attack is not high, one good thing is that after Qin Chen fights, a blood-colored strange beast will fall and he will get a blood crystal.

Now Qin Chen already knows that this kind of blood crystal is very important to him and also extremely important to others. So many blood-colored beasts are infinite danger in the eyes of others, but in Qin Chen's eyes, they are endless. Blood crystals. What made Qin Chen more delighted was that his Immortal Eucharist had just broken through and was in need of a fight to consolidate and improve, and the attacks of these blood-colored alien beasts continued to fall on him, constantly tempering his seventh place. The indestructible Eucharist makes his flesh

The body is getting stronger and more mature.

Qin Chen even felt that as long as there were enough blood-colored alien beasts, his immortal body could even improve again after experiencing countless trials.

However, Qin Chen also knew that it was not the time to practice, so he could only let go of his cultivation mentality and concentrate on rushing towards the hall.

Boom boom boom!

After repeated attacks, many blood-colored strange beasts died in Qin Chen's hands, and Qin Chen had gradually approached the place of the people in that bloodline holy land. The faces of the people in the originally tense bloodline holy land were full of ecstasy, and they were full of sluggishness. This person is too terrible. He can persist under the attack of so many blood-colored monsters until now, and his momentum has not diminished the slightest. Yes

Is Emperor Wu strong?

Who the **** is this?

Not only was they shocked, but the most shocked was the man in black in the Law Enforcement Hall. Qin Chen was just a joke in his eyes, but now the other party is about to enter the hall, which is a huge one for the man in black. Of variables.

Once the person was approached by the people in the Bloodline Holy Land and rescued Yue Chaolun and the others, the trap he worked so hard to place not only fell short, but even all of them would be exposed.

"Never let that person succeed." The black-clothed man's eyes flashed, he put away the formation, his figure shook, and he rushed to Qin Chen's place instantly, with killing intent boiling in his eyes.

[Chapter 1544: Imperishable](#)

"not good!"

After seeing the man in black moved, Yue Chaolun, who had been paying attention to him, immediately sank, and what he was most worried about really happened. Although he didn't know how that person survived among so many blood-colored alien beasts, he clearly knew the terrible of the black-clothed man. Once he started secretly and combined with those blood-colored alien beasts, the person who was rescued would definitely fall here. To that

At that time, they are over.

"You continue to control the big formation, I will come as soon as I go."

Thinking that Yue Chaolun couldn't care too much here, amidst the exclamation of Jia Yiyi and others, he instantly burst into the blood line. As soon as he rushed out of the big formation, he immediately felt terrible pressure. Countless blood-colored alien beasts rushed towards him as if they had found their target. With a bang, there were several wounds on his body immediately, but he didn't notice it. Gritted his teeth and continued to rush

Forward, because he knew that the person who came to the rescue must not be killed by the man in black, otherwise the group of them would be completely finished.

"Master Yue Chaolun."

Jia Yiyi and the others couldn't help exclaiming when they saw Yue Chaolun's tragic appearance.

"Saint, what shall we do now?"

"Could it be that Master Yue Chaolun rushed out alone?"

"He will die like this."

There are several elder masters in the bloodline holy land in the bloodline formation, but apart from Yue Chaolun, Jia Yiyi is the highest-ranking person in this group. Because she is a saint, everyone's eyes are on her body.

Jia Yiyi gritted her teeth and said: "Let's fight it too, everyone rushed out together. We must not let Master Yue Chaolun bear it alone."

"Okay, rush out."

"Break a way out."

A group of Martial Emperors in the Holy Land of the Bloodline struggled to resist in the formation, and they had already suffocated their stomachs for a long time, and all of their fighting spirit burst out in an instant, rushing out.

boom!

The crowd rushed into countless blood-colored alien beasts like a torrent. "Jiayi and them..." Yue Chaolun was frightened and anxious when seeing this scene, but there was no other way but to rush towards Qin Chen frantically, only to meet Qin Chen and the others as soon as possible, and then go to meet Jia. Yiyi and others can have a line

vitality.

At this time, the man in black looked at the people behind Yue Chaolun in astonishment, revealing a hint of suspicion: "Hey, these guys actually moved."

Then he couldn't help but sneered: "Kill the guy who came to the rescue first, and then seize the moon and Chaolun, and behead the others."

With a thought, the man in black quickly came to Qin Chen, his face instantly showing shock.

"What? It turned out to be a teenager."

Seeing Qin Chen fighting with many blood-colored strange beasts in front of him, the man in black was shocked. He had imagined many possibilities. For example, the person coming might be the Golden Martial Emperor of the Xuanyuan Empire, Situ Zhen of the Dan Pavilion, and other top powerhouses, because only they could be after taking some regular fruits. , Resist this

So many scarlet animals.

Now that he discovered that only a young man had come to the rescue, the shock in his heart couldn't be concealed for a moment.

"It's the kid from Nadan Pavilion!"

Yue Chaolun also saw Qin Chen among the blood-colored strange beasts at this time, and his shock was only a lot more than that of the man in black.

Because Qin Chen had conflicts with Emperor Fengyulei when he was outside the realm of Guyu, many powerful people naturally had some impressions of him, but Yue Chaolun couldn't imagine that it was Qin Chen who came to rescue them. Such a teenager. "The strength of this son is very terrifying. Although it seems that the cultivation level is only the peak of the eighth stage, the defensive power is too terrible, even above the peak martial emperor, and his offensive power is also very terrible. This kind of swordsmanship can definitely After beheaded

Emperor Qi Wu, otherwise the essence of these source beasts would not be hurt at all. "

After the man in black was shocked, ecstasy appeared in his eyes, "As long as I take him away, maybe my achievements will be limitless in the future."

Despite the command from the leader, it was for him to seize Yue Chaolun, who was in the Holy Land of Bloodlines, and leave a chess piece in the Holy Land of Bloodlines. But Qin Chen's horror caused the black-clothed man to feel greedy in an instant, and he was able to gain a foothold in the Holy Land of Bloodline, and he certainly hoped to enter the realm of Emperor Wu, but the young man in front of him was clear. Is more than Moon Chaolun

Appropriate seize the opponent.

At such an age and cultivation level, he has this level of strength. Once he grows up, he can even become a mainland giant-level figure. This is more attractive than a bloodline holy land Martial Emperor who has a certain right to speak in the future.

"And this son's defense is too terrifying. If you take him away, it will be more helpful to the next leader. In this way, the leader will certainly not blame me."

"Okay, just take away this kid."

His eyes flashed, and the figure of the black-clothed man shook, slammed into the blood-colored strange beast, and rushed straight to Qin Chen.

"Qin Shaoxia be careful." Yue Chaolun saw this scene from a distance, and was suddenly frightened. He knew that the man in black must have taken a fancy to Qin Chen and was about to attack Qin Chen, but he fell into countless blood-colored strange beasts. Surrounded, but there is no way, only a panic mention

wake.

But it was too late, the black-clothed man was like a stream of light, and he didn't know how to avoid many blood-colored strange beasts, suddenly came to Qin Chen's side, leaned towards Qin Chen with a paw, and grabbed Qin Chen directly. "Huh, it turns out that these black-clothed men in the Hall of Law Enforcement are doing the trick, and they want to take action against Ben Shao!" In fact, when the

black-clothed man approached, Qin Chen had already noticed the existence of the opponent, but he was not the first. Time shot, but pretended not

Realizing the opponent, Qin Chen's face became cold as soon as the opponent entered the realm of his sword.

Om, the sword energy that had originally attacked countless blood-colored beasts quickly turned around and wrapped it towards the man in black.

Chi Chi Chi Chi!

These sword auras are too fierce and contain the ultimate kendo killing intent. The person in black only feels cold all over, and in an instant there are countless cracks on his body. The whole body is like broken porcelain, full of holes and numerous cracks. . How terrible is Qin Chen's current strength? An ordinary Martial Emperor in the late eighth stage can be killed with a single sword. Even the Martial Emperor at the peak of the late eighth stage can easily be seriously injured. Although this man in black is strong, he is only in the late peak realm.

Using weird means to escape the attack of the blood-colored alien beast, how can he withstand Qin Chen's ultimate move?

In an instant, he was seriously injured and almost torn apart by sword energy.

"Smelly boy."

The man in black was furious, "Imperial Soul!" He knew that his idea of injuring Qin Chen first and then seizing the house had been lost. At the moment of crisis, he could only abandon his body, and an invisible soul light shattered from him. He rushed out of his body and rushed towards Qin Chen.

[Chapter 1545: Devour the soul](#)

"Be careful!"

Yue Chaolun was overjoyed when he saw Qin Chen injure the man in black instantly, but after seeing the invisible soul light flashing out, he was shocked.

The soul power of this man in black had already been taught before, and even with his cultivation base, he could not resist it at all. If it hadn't been blocked by a soul treasure before, he had even been taken away by the opponent.

And no matter how talented Qin Chen is, he is only a young man from the lower four domains. How can he withstand such a vicious squatter?

But at this moment, Yue Chaolun had no choice but to watch that gloomy soul light instantly rushed into Qin Chen's body.

"Good job."

Facing the black clothed man's seizure, Qin Chen sneered, without any evasion.

With a swish, the soul of the man in black instantly entered Qin Chen's body.

"Jie Jie Jie, success!"

The man in black was ecstatic, and his soul power quickly rushed into Qin Chen's mind, and in an instant, he arrived at Qin Chen's soul sea.

I saw a vast sea of souls, constantly undulating, exuding terrible soul breath.

"What a strong soul sea."

The man in black was dumbfounded for an instant, he couldn't think that Qin Chen's soul sea was even stronger and terrifying than his.

How could such a young man have such a powerful soul sea?

After being shocked, he was overjoyed. If such a soul sea was taken away by him, he would not only be able to occupy Qin Chen's body, but even his cultivation could skyrocket again.

"My God is so good to me." In ecstasy, the soul of the man in black quickly rushed to Qin Chen's soul sea, wanting to rush into it.

But suddenly! A golden seed appeared in the sky above the soul of the sea. This sub-golden body is golden with countless veins and runes. The golden light is dazzling and the coercive is overwhelming. It even keeps beating like a heart. It emits every time it beats.

A terrible force.

As soon as his soul sea approached the golden seed, it was as if the white snow had encountered the scorching sun, and it was painful in an instant, as if a thousand swords pierced through the heart, and at the same time a terrible swallowing force swept toward him.

"Ah! What is this!" The man in black was terrified. Under this golden seed, he felt the endless insignificance, as if the other party could completely melt his soul light and turn into nothingness with just one breath. , And at the same time a huge swallowing force, light his soul

A little bit of swallowing, into the endless golden light.

"No!" The man in black was frightened, frantically fleeing, trying to escape Qin Chen's mind, but it was useless. Under the golden light, his soul light seemed completely frozen, and he could only watch. With endless swallowing power, swallowing him completely,

Even the last point of consciousness was wiped out and completely dissipated.

puff! As if it had never appeared before, the soul of the man in black shattered and disappeared completely, while the golden seed seemed to have been greatly supplemented, making a thumping sound, and the roots of the veins became more and more intense. Horror, a pure force

, Feed back from it, and merge into Qin Chen's soul sea.

Qin Chen instantly felt that his soul power seemed to have improved a bit. The soul power that had been severely consumed or even some could not hold back because of the enslavement of Mokara, immediately got a breath and became much more relaxed.

It has to be said that this golden seed is very terrifying. It can not only improve Qin Chen's perceptual ability, make his cultivation base a rapid breakthrough, but also absorb various forces between the heavens and the earth, and feed back to Qin Chen, and even improve Qin Chen. Soul power. But Qin Chen didn't have any color of surprise in his heart. The stronger the golden seed, the more jealous he was. The reason why he allowed the man in black to seize himself and did not use his spirit power to block him was just to see this golden parasitic seed. Terrible, now I see

After that, my heart was lower than ever before.

The soul light of a descendant of the alien demon race, unable to hold even a breath, was swallowed instantly, which was too terrifying.

Although Qin Chen was not afraid of these people's looting, but let him come by himself, I am afraid it would never be so easy to resist, but in front of the golden parasitic seed, it was simply too much. "The **** cat said that if you want to get rid of the control of the parasitic seed, you must either find the town boundary beads or reach the soul separation. Now there is no trace of the town boundary beads. No, you must physically arrive first

To the body without leakage! "

Qin Chen had broken through the seventh stage with his own Immortal Eucharist, and he was still a little excited and excited, but at this moment, it felt like a basin of cold water, making him extremely cold.

He knew that it was not the time to be happy at all, and if he wanted to break through the Immaculate Body, the Immortal Eucharist had to break through the eightfold at least, but the time left for him was running out.

"Kill!" He shouted angrily, and his whole body suddenly exploded with terrible sword aura. The Death Word Sword Art and the Imperial Sword Skill were used to the extreme in an instant, and only a bang was heard. In an instant, at least seven or eight blood-colored strange beasts were beheaded. Qin Chen madly shoots out swords, blood-colored animals

Was instantly beheaded and turned into blood crystals. The desperate Yue Chaolun, Jiayiyi and others were completely sluggish at this time. Where is this fighting against the blood-colored alien beast? This is simply harvesting the lives of the blood-colored strange beasts. Under Qin Chen's frenzied killing, a gap appeared between him and Yue Chaolun.

Gap.

At this moment, Yue Chaolun was already covered in blood, severely injured.

"What are you doing in a daze? Why don't you take someone out?"

Qin Chen shouted angrily at Yue Chaolun, and then rushed towards the remaining bloodline holy land martial artist, booming boom booming...everywhere along the way, countless blood-colored strange beasts flew upside down, in Yue Chaolun and Jiayi There was a **** path between Yi and others.

"Senior, you haven't been taken away?"

Although Qin Chen was only a young man, he had already horrified the countless disciples in the Holy Land of Bloodline like a murderer, and asked one by one in horror.

"If I were taken away, would I still come to rescue you? I'll kill you soon." Qin Chen yelled. Are these guys idiots? At this time, they still ask these questions. Don't you know that you can go out alive first? Is it the most important? Qin Chen was not in a good mood, so his tone was very aggressive, but Ke Jiayiyi and the others didn't feel anything wrong, on the contrary, they were extremely grateful. The other party not only risked being killed by the blood-colored monster, but also risked being killed. Come to rescue from the danger of being taken away by the man in black

They had a more aggressive tone, but they couldn't be more normal.

"Go, kill out!"

"Flush!"

Angrily shouted, Yue Chaolun, Jia Yiyi and others immediately rushed out of the hall.

But what shocked them was that Qin Chen did not rush out with them, but continued to go deep into the hall.

"Senior, you..." Yue Chaolun and Jia Yiyi shouted in shock.

[Chapter 1546: Fall into an epiphany](#)

"You rush out, I will guide away these blood-colored strange beasts for you, otherwise, even if you rush out, you will die." Qin Chen snorted and rushed directly into the hall under the shocking eyes of Yue Chaolun and others. Place.

Jia Yiyi and the others were all stunned, watching Qin Chen disappear from the back of the hall in disbelief, tears even filled his eyes, and then turned around one by one, rushing towards the outside of the hall frantically. Qin Chen rushed into the depths of the hall and made crazy moves. He immediately attracted a large number of blood-colored strange beasts and surrounded him, while everyone in the Holy Land of Bloodline gritted their teeth and rushed out one by one. Bloody background

It's just a beast.

But it was the dozen or so blood-colored alien beasts remaining that made them stretched. Everyone is already at the end of the battle, even if only a dozen or so blood-colored alien beasts remain, they are still in crisis.

Chi Chi Chi Chi!

Seeing that someone was about to die under these blood-colored strange beasts, suddenly a series of sword energy shot from a distance. Then, three figures appeared. They were three beautiful women, each of them as graceful and graceful as a fairy. Stunning.

It is Ji Ruyue three people.

Ji Ruyue and the three of them made a strong move, and under their joint efforts, a head of blood-colored beasts were quickly beheaded by them. After a stick of incense, all the blood-colored beasts had been beheaded to death, making Yue Chaolun and the others shocked. Looked over. Each of these blood-colored monsters has the strength of the late martial emperor. With more than a dozen of them,

the three martial emperors at the peak of the late period may not be able to easily beheaded, but they are under the age of these three, but they have amazing looks. Beautiful woman beheaded, let Yue Chao Lun and others were all shocked.

"What are you doing in a daze? Why don't you go to the safe place ahead and heal your injuries quickly? If Shao Chen gets injured because of you, I will never let you go." You Qianxue said bitterly, her face pale and anxious. Looking deep into the hall.

Ji Ruyue and Chen Sisi's faces were also not good-looking, if it weren't for Qin Chen to save Yue Chaolun and the others, the three of them would not make a move.

The three of them looked anxiously in the depths of the hall, and the faintly angry roar came, and the three of them clenched their palms and sweated.

Only then did Yue Chaolun realize that You Qianxue and the three of them had acted because of Qin Chen. They were moved and ashamed. After squeezing their hands, they said nothing, and found a place to quickly heal their injuries.

Each of them was seriously injured. If Qin Chen and You Qianxue hadn't arrived in time, they wouldn't even be able to survive alone.

Fortunately, the Bloodline Holy Land is rich and wealthy, and everyone has a lot of treasures. They have taken out pills and healing holy products to quickly heal their injuries.

In the depths of the hall, Qin Chen was already surrounded by endless blood-colored alien beasts.

There were densely packed, more and more blood-colored strange beasts gathered, Qin Chen didn't know why there were so many blood-colored strange beasts here, looking around, there were a total of one or two thousand.

Once such a terrifying blood-colored alien beast was killed, it could even cause a huge disaster to the Tianwu Continent.

"Master, let us come out to help you slay the essence of these source beasts. This is a great supplement."

In the town magic cauldron, the Skeleton Rudder Master saw Qin Chen alone entering the Origin Beast Essence Base Camp, he sucked in the air, and said excitedly.

So many source beast essences are enough to improve his cultivation.

Mokara on the side was also quite excited.

"No." Qin Chen's soul power sensed that Yue Chaolun and his party were safe, and he was slightly relieved. Originally, in his plan, as long as Yue Chaolun and others were rescued, he would let Skeleton Rudder Master and Demon Kara come out together and killed these blood-colored strange beasts

.

But after seeing the terrible golden parasitic seed before, Qin Chen instantly changed his mind.

These blood-colored alien beasts have a tremendous effect on the tempering of the flesh. Such an opportunity can be used to temper his cultivation and flesh. He has already decided to fight against so many blood-colored beasts alone.

He even put away the mysterious rust sword in his hand.

Since you want to temper the flesh, then use the flesh to fight against these blood-colored alien beasts.

"Master, what do you want to do?"

The Skeleton Rudder Master didn't understand Qin Chen's purpose, and couldn't help being shocked when he saw Qin Chen put away the mysterious rust sword.

But Qin Chen ignored him, but directly killed these blood-colored strange beasts.

Boom boom boom boom! He wholeheartedly fought with these blood-colored strange beasts, did not use the thunder bloodline, did not use the sword domain, even did not even sacrifice the defensive magic weapon, but used the seventh level of the immortal body to cultivate. Close to these scarlet beasts

Body fight.

While he was fighting, he was running the Immortal Saint Body technique, which was tantamount to using these blood-colored alien beasts to temper his body. Without the sharp mysterious rust sword, the defense of these blood-colored alien beasts immediately made Qin Chen feel very difficult. He slammed it up. Although the terrible shock power could damage the blood-colored alien beast, he could not directly attack the blood-colored alien beast. Beheaded, so love

Under the circumstances, these blood-colored strange beasts will soon recover their bodies and fight again.

Although Qin Chen's Immortal Body is strong, he quickly felt a little bit of difficulty under the crazy attack of so many blood-colored alien beasts. He didn't even use his true essence to defend, and he immediately added a few lines to his body. wound.

Puff puff puff!

A **** mouth appeared on Qin Chen's body, and he instantly became a blood man, his internal organs were shaken by a blast, and there was severe pain.

"Roar!"

But Qin Chen didn't have any plans to back down. With red eyes, he rushed into these blood-colored strange beasts frantically, fisted to the flesh, fighting life and death, only when he could not hold on, would he use his true essence to defend. Under the violent blow of a fist, Qin Chen slashed heads of blood-colored alien beasts with difficulty. At the same time, countless blood-colored alien beasts attacked Qin Chen, continuously increasing various blood-stained wounds on Qin Chen's body. These bloodstained wounds quickly

Restored under the technique of the Immortal Eucharist, and then tempered his body. After half a day, Qin Chen didn't know how many blood-colored strange beasts he had killed. It could be a hundred or

two hundred, but there were still dense blood-colored strange beasts around him, one or two hundred blood-colored strange beasts. More than one or two thousand blood

The monster is nothing at all.

Qin Chen's body was even more bloody, he was already surrounded by the attack of the blood-colored alien beasts. Some of the blood-colored alien beasts that slipped through the net under Qin Chen's attack rushed to Qin Chen's side without fear of death, wanting to bite Qin Chen. .

Fists, flesh, claws, roar...

Intertwined in the depths of this passage, the scope is constantly expanding and then expanding.

If this is not a relic, but a clearing, then it can be clearly seen that Qin Chen has completely become a blood man, and his body has been surrounded by a blood-colored alien beast into a sphere. But Qin Chen didn't know how many blood-colored strange beasts he had already killed. He was completely immersed in this kind of void killing, completely not tired, and at the same time, in his mind, vaguely fell into a brand new state, like It's an epiphany.

[Chapter 1547: A pack of white-eyed wolves](#)

Qin Chen was fighting frantically under this kind of epiphany. Every time when his true essence is about to die, he will swallow a piece of real stone. When the spiritual power is empty, it is also a pill that replenishes the spiritual power. When the physical body is exhausted, the Immortal Eucharist is overloaded. Urge, this has slowly taken shape

Become an inertia.

Qin Chen himself didn't know that his true stone and pill were drastically decreasing. He had completely fallen into that sense of sentiment. He punched it out and formed a vacuum around him, making him feel that a new kind of new medicine was about to be formed. Breakthrough. The injuries of Yue Chaolun and others outside the passage have almost recovered. He did not continue to heal his injuries. After Qin Chen rushed into the depths of the hall, a full day has passed, but there is still no news. He is also very worried about Qin. Dust comfort

, So it came outside the hall for the first time.

In the depths of the dark hall, there was nothing to be seen, but there were constant roars, low and tyrannical, and it seemed that someone was still fighting.

But Ji Ruyue and the three people looked anxiously at the depths of the hall, with unconcealable tension on their faces.

It's been a day, even if Shao Chen is strong, his true essence is almost exhausted under such a powerful attack, but he still hasn't come out.

Continue to drag on, the longer it takes, the more dangerous Qin Chen is bound to be.

"No, I can't wait." You Qianxue said suddenly through gritted teeth. Although Qin Chen's order was for the three of them to stay outside, this kind of waiting outside without knowing anything made You

Qianxue almost crazy, she was not afraid of death, she could even die with Qin Chen, but she The most unbearable is

This endless waiting without knowing the result.

"Since you can't wait, go in and take a look."

"I wanted to go in a long time ago. Why should that guy let him fight the danger by himself every time."

Ji Ruyue and Chen Sisi also clenched their fists, and said angrily.

They were not much more relaxed than You Qianxue. The heart of the day fell completely on Qin Chen in the depths of the hall, and the whole person was fidgeting, and they didn't even feel it at all.

Whoosh whoosh!

The three immediately swept towards the depths of the hall.

"Master Yue Chaolun, what shall we do?"

With a swish, a figure fell beside Yue Chaolun, it was Jia Yiyi. She looked at the three You Qianxue who rushed in and asked with a calm expression. Yue Chaolun was silent for a moment, and soon said in a deep voice: "Then Qin Chen was in distress to save us. Now that others are still deep in the hall, how can we ignore them? However, the others are still unhealed, so you stay. Take care of them, I

It is enough to go in alone. "

After Yue Chaolun finished speaking, he swept over, but Jia Yiyi also followed him as soon as he moved.

"Didn't I let you take care of other people?" Yue Chaolun said angrily.

Jia Yiyi said indifferently: "They are all out of danger, and I need to take care of them wherever they are. Since the other party was trapped for us, as a saint of blood, I am naturally obliged to rescue him."

Yue Chaolun looked at Jia Yiyi helplessly. The reason why he rushed in so anxiously was because he was afraid that Jia Yiyi would follow, but who knew that she would still follow, so she could only sigh helplessly.

After a while, the two had already arrived in the hall, and then they saw You Qianxue staring at the depths of the hall in shock, their eyes full of tension.

Whizzing!

Yue Chaolun and Jia Yiyi fell down and looked into the depths of the main hall. It was very dim, but vaguely you could see that a figure and countless blood-colored beasts were fighting together, which made people shudder tragically.

The two of them froze in an instant, staring blankly at the place where Qin Chen killed.

Who on earth is this person, it is so terrible, it seems that he has not yet reached the late Martial Emperor, really has such a powerful genius? This kind of killing with flesh and blood-colored alien beasts could not even be done by the peak martial emperor.

Among other things, even if it was Yue Chaolun, who had vaguely touched the half-step Martial Emperor's threshold, he couldn't fight naked with so many blood-colored animals like Qin Chen.

Jia Yiyi looked at Qin Chen who was slaughtering in public with complete disbelief. She even had a feeling that the person who was slaughtered at this time seemed to be in a state of emptiness. Sometimes she hardly felt it. To his existence.

Only an epiphany can feel this way, but who can have an epiphany in the killing? But if this is not an epiphany, how can there be such a sense of emptiness?

"It's amazing..." Jia Yiyi murmured after taking a long breath. She had already known Qin Chen's identity before, and she was a genius found by Dan Pavilion from the Lower Four Realms. She thought she was a saint of the Holy Land of Blood, and she had a good talent. In fact, she is now only the late Martial Emperor. One step away, she

He was even confident that he would breakthrough to the late Martial Emperor before leaving the Guyu Realm in more than half a year.

But facing a genius like Qin Chen, she was still shocked, even if her cultivation level was the same, she was still far behind the other party.

"Less dust."

The three of You Qianxue no longer have the feelings of a guest official like Yue Chaolun and Jia Yiyi. What they can see is Qin Chen's **** body, desperately fighting for life and death, with sore noses, tears can't stop. To fall down.

The three of them couldn't hold back anymore, their figures shook, they were about to rush into the depths of the hall and rescue Qin Chen, but before they could enter the depths of the hall, a figure stopped them suddenly, it was Yue Chaolun. .

"No three!" Yue Chaolun shouted immediately after stopping the three.

"Yue Chaolun, what do you want to do?" You Qianxue's gaze suddenly became cold, and the whole figure seemed to have turned into ice that lasted forever.

Ji Ruyue and Chen Sisi also looked at Yue Chaolun angrily. It was too much. Qin Chen risked his life to save them, but instead of trying to rescue Qin Chen, they even blocked them. There is such a despicable thing in this world. man of.

"Go away, don't go away, don't blame me for being rude."

"A pack of white-eyed wolves."

Ji Ruyue and Chen Sisi were full of murderous intent, and a fierce murderous intent permeated, and even Yue Chaolun, the top powerhouse, felt a bit of suffocation. Yue Chaolun knew immediately that the three of them had misunderstood, and said anxiously: "Three people, Yuemou didn't stop you from failing to save you, nor did you want to stop you from saving Qin Shaoxia. But now Qin Shaoxia is in the epiphany. Go up, only

It broke his epiphany, please think twice! "

"Episode?" You Qianxue frowned and said. "Yes, you see, although Qin Shaoxia is very dangerous and seriously injured, he can show his strength, and he can rush out of this hall while fighting, but he has not done so at all, and has no intention of leaving at all, so Yuemou guessed that he should be sharpening himself, and his state is clearly realizing something."

[Chapter 1548: Space Eucharist](#)

Having said this, Yue Chaolun himself felt a little unbelievable. He had an epiphany in the fight with so many blood-colored alien beasts. This was simply a kind of death-seeking behavior. Even if it was him, he did not dare to try.

But Yue Chaolun believed in his own feelings even more. He could feel that Qin Chen seemed to be using these blood-colored strange beasts to sharpen himself. He was cultivating and enlightened. He didn't know why he thought so, but this feeling was very Strong.

If so, if they rushed in rashly, it would have an impact on Qin Chen's cultivation.

Feeling Yue Chaolun's sincerity, the three of You Qianxue immediately turned their heads and looked into the depths of the main hall again, for a moment.

After Yue Chaolun said this, they did find a lot of doubts. First, although Qin Chen is in danger under the attack of so many blood-colored alien beasts, he is not completely incapable of avoiding and fleeing. As long as he is willing, he can definitely flee while fighting, but as Yue Chaolun said, he is not Without this

What to do. Second, Qin Chen's most powerful sword technique is known to all three of them, and Qin Chen's mysterious Rust Sword is extremely against the sky, not even under the Heavenly Thunder Sword and the Sealing Sword. At this moment, Qin Chen did not offer any weapons at all.

But with bare hands.

Third, in addition to himself, Qin Chen also had Skeleton Rudder Master and Mokara who had just conquered. If he encountered danger, he would have released the two long ago, but now he is always fighting alone.

The combination of these doubts caused the three of them to believe Yue Chaolun's words instantly.

"Young Chen, he is still cultivating at this time."

"This is a scarlet beast with thousands of heads. Isn't he afraid of death?"

"Really are....."

The three were speechless, and their hearts were extremely shocked. Especially Ji Ruyue and Chen Sisi, Ji Ruyue and Qin Chen, met in the demon sword inheritance. Although Qin Chen was strong at the beginning, in the eyes of Ji Ruyue, he was just a genius of the lower four domains. No matter how talented he is, his vision is limited. Destined to be nothing

What a big climate.

At that time, Ji Ruyue even felt that Qin Chen was not worthy of You Qianxue at all.

The same is true for Chen Sisi. In the inheritance of the Demon Sword, she was indeed shocked by the strength of Qin Chen, but after being taken to the Martial Domain and joining the Illusory Demon Sect, she gradually forgot the man who had vowed to surpass.

Because after broadening his horizons, Chen Sisi came into contact with the top martial arts talents, and naturally did not have much feeling for Qin Chen who was similar in the northern sky. But who would have thought that they met Qin Chen again in this ancient Yu realm, and was impressed by him. For a long time, they could not understand why Qin Chen could rise from a small northern heaven and break into the martial realm. Even have them for it

Admire the strength.

But now, they understand.

Qin Chen is a lunatic.

In the face of thousands of blood-colored strange beasts, even the powerful warriors would change their colors, and the Tianjiao who was against the sky did not dare to neglect, but Qin Chen would rather risk his life to sharpen himself.

He is not strong, who is strong?

He didn't turn out to be born, who turned out to be?

There are many Tianjiao in Wuyu, and many who are willing to endure hardships, but there are also a few who can dance on the tip of life and death, just like Qin Chen, just to be able to break through. Just when Qin Chen felt that his martial arts was about to break through, his body suddenly burst into creaks. In just a short period of time, he felt that his physical body was once again formidable. In his martial arts Feeling about to

At the same time as the breakthrough, his body refining actually broke through first, from the previous breakthrough of the seventh stage to the peak of the initial stage of the seventh stage. This is not the most pleasant surprise for him. Entering the peak of the seventh stage, it can only be said that it has consolidated his immortal Eucharist, but the most shocking thing is that he feels that his spatial body seems to have undergone some strange changes, like Is one with the immortal Eucharist

A mysterious fusion.

Qin Chen immediately understood that these two physiques seemed to be able to merge.

What exactly is going on?

In the past, the immortal Eucharist was the immortal Eucharist, and the body of space was the body of space. However, if the immortal Eucharist and the power of space were completely integrated, then his physical strength could definitely reach a more heaven-defying state. .

In other words, it is the Communion of Space!

Of course, at this time Qin Chen still only had a slight insight, and truly wanting to achieve the complete integration of the Immortal Eucharist and the Body of Space is definitely not something that can be done casually.

After making a breakthrough in body training, Qin Chen immediately awoke from that kind of epiphany, no longer in the mood to slowly kill these blood-colored strange beasts, raised his hand and blasted out, his boundless fist instantly merged to the extreme. One point, kill Daoquan!

As soon as the killing fist came out, countless killing intents around him merged together sharply. The **** might not explode before the terrifying aura swept the surrounding area.

"boom....."

A terrifying fist that almost destroyed the void was blasted out by Qin Chen. This fist blasted out, and the fist's prestige was almost like a wild horse without restraint, gushing out without restraint. The channel was instantly flooded by this fist, and the endless blood-colored alien beasts had no resistance in this fist-stroke. There was a click, and the blood-colored alien beasts with four or five heads were instantly blasted into After the ash fly, only the blood crystals are left

fall.

"This punch?"

Qin Chen felt the punch he blasted in shock, a little unbelievable. If he holds a mysterious rust sword that restrains these blood-colored alien beasts, and kills a few blood-colored alien beasts with a full blow, he may not be so surprised, but now he is only condensing the killing power in his body. A few blood smashed with a punch

Color monsters, these are terrifying monsters equivalent to the late Martial Emperor. Qin Chen immediately understood that although his previous epiphany was interrupted, the control of the momentum and power was already under his control, and even the smelting furnace was so perfect. The previous **** fight was not wasted, but it was real. Is becoming

Part of his power.

With joy, Qin Chen forgot everything in an instant, constantly condensing the ultimate killing intent, and at the same time blasted out desperately.

Boom boom boom boom boom...The killing power of the fist was killed by him one after another. In an instant, a stern roar sounded, and the dense, endless blood-colored strange beasts retreated, in an instant. Dozens of blood-colored alien beasts died in his

Hands.

It's just that Qin Chen's surroundings became empty in an instant, but instead of being panicked, these blood-colored strange beasts rushed forward with increasing anger. A thunderous roar sounded, and Qin Chen slayed frantically. In the end, he could even directly kill nearly ten blood-colored beasts with every blow. Qin Chen himself didn't know how many blood-colored beasts he had crushed. I only knew that even if I had practiced the Nine Star God Emperor Jue, the true essence in my body had been exhausted several times due to consumption.

[Chapter 1549: House elder](#)

When there were only a few hundred scarlet beasts on the field, these scarlet beasts were finally terrified, and each showed a look of horror, just like the lower-rank scarlet beasts feared the mysterious rust sword.

Then, I didn't know which blood-colored strange beast was the first to roar. Then, countless blood-colored strange beasts retreated crazily towards a dark hole in the hall, and disappeared in the blink of an eye.

Whoosh! Qin Chen hurriedly followed, and as soon as he came to the front of the cave entrance, the entrance of the cave closed itself spontaneously. Qin Chen immediately slammed a fist on the closed entrance, only feeling that a terrible force was transmitted, but the entire stone wall Not moving

At the same time, a strange seal rune lit up on it, and finally slowly dissipated, it is not clear where these blood-colored strange beasts are hiding.

Qin Chen did not continue to take action. The first reason was that he was exhausted. Even with the indestructible Eucharist, he was so tired and sore all over his body under such crazy fighting.

Secondly, he faintly felt that behind this seal, there was an aura that made him extremely palpitating. If he broke the seal forcibly, it would definitely trigger some terrible consequences.

Qin Chen didn't think about anything else. He sat down cross-legged, began to heal the injury, and digested his previous thoughts.

"Less dust!"

The sound of breaking through the air sounded, and at the moment the blood-colored alien beast retreated, You Qianxue and others rushed over. Seeing Qin Chen covered in blood, there was a pain in his heart.

"So many blood crystals." At this moment, there was the sound of inhaling air-conditioning. It was Yue Chaolun and Jia Yiyi. They looked at the **** Qin Chen and the blood-colored spar all over the floor, shocked and grateful. , They did not disturb Qin Chen, but collected these blood crystals for Qin Chen stone.

After this collection, everyone took another breath. In the depths of the entire hall, there were more than 2,000 blood-colored spars. In other words, Qin Chen had killed more than 2,000 blood-colored monsters just now.

What kind of figure is this? If it were replaced by more than two thousand late martial emperors, it would be enough to shake the entire Tianwu Continent.

Yue Chaolun and Jia Yiyi looked at Qin Chen in disbelief. They didn't understand how Qin Chen had such a terrifying strength as a young man.

Next, other disciples from the Holy Land of Blood rushed over.

After a few more hours, Qin Chen finally opened his eyes and let out a long sigh of relief. "Qin Shaoxia, you finally woke up, in the next bloodline Holy Land Yue Chaolun, this is the saint Jia Yiyi of my bloodline Holy Land, as well as many disciples of my bloodline Holy Land. Thank you Qin Shaoxia for his previous help, this great kindness, I can't remember it.

"

Yue Chaolun hurriedly stepped forward and saluted respectfully, her face full of sincerity and gratitude.

"Are you from the Holy Land of Blood?" Qin Chen said in surprise, and immediately revealed a faint look. No wonder he felt a breath of blood that penetrated the sky before. So, it is the bloodline of the Holy Land of Blood?

Qin Chen in the previous life was the first genius bloodline master in the mainland, and he naturally had a good impression of the people in the Holy Land of Bloodlines.

"That's right, I'm waiting for the bloodline master of the bloodline holy land, in the next month Chaolun, the bloodline holy land internal affairs elder." Yue Chaolun said respectfully.

In fact, in his capacity, there is no need to respect a small Dange disciple. He is similar to Dange Situzhen in this bloodline holy land team, and belongs to the leader-level figure.

But before Qin Chen saved them all, he naturally made him grateful.

"Internal affairs elder?" Qin Chen was even more surprised: "I don't know which one of the internal affairs of Senior Yue Chaolun is in charge? Penalty? Personnel? Or finance or dispatch?" Among the Holy Land of Blood, there are many elders. Level, of course, any elder is one of the top figures, which should not be underestimated, but the real core elders must each be a figure of the Nine Heavens Emperor Wudi level, and the core elders of the Wudi level

Below, there are two types of elders of foreign affairs and elders of internal affairs.

The elders of foreign affairs, in charge of foreign affairs, belong to the external figures of the Holy Land of Blood. Generally, the branches of the Holy Land of Blood are managed by them, which can be described as powerful and powerful in the mainland.

The elders that ordinary warriors can see in the Holy Land of Bloodlines are all foreign affairs elders.

The inside affairs elders are different. They are not external, and they are only managing the internal affairs of the bloodline holy land. They are rarely related to the external warriors. Therefore, in the eyes of the outside warriors, the inside affairs elders seem to have no power. But in fact, it is quite the opposite. Those who can serve as internal affairs elders of the Bloodline Holy Land are usually the core disciples of the top figures in the Bloodline Holy Land. They manage the core affairs of the Bloodline Holy Land, such as punishment, personnel, finance, etc.

The elders can even determine the transfer and promotion of the elders of foreign affairs.

When the core elders have basically no specific affairs, they are the real core managers in the Holy Land of Blood. Moreover, the reason why they serve as internal affairs elders is only because their cultivation level is not enough. Once they can break through the Wudi level, they will have a great opportunity to

be promoted to the core elders, and those foreign affairs elders, even if they break through the Wudi, will go to

They can only become ordinary elders in the elder's house. It is not easy to become the core.

From just a word of Yue Chaolun, Qin Chen could already see that behind this Yue Chaolun, there is definitely a giant in the Holy Land of Blood, and Yue Chaolun himself has great prestige in the Holy Land of Blood. .

Hearing Qin Chen's question, Yue Chaolun was shocked, and Jia Yiyi was also a little shocked. The penalty, personnel, finance, scheduling, etc. Qin Chen mentioned are exactly the content of each elder in charge of internal affairs. These duties are basically not external. Even some middle-level and core geniuses in the Holy Land of Blood may not understand very well. thorough,

Unexpectedly, it was said directly from a young man from the Lower Four Realms, which was really shocking. "Qin Shaoxia, Yuemou is the personnel elder among the internal affairs elders." Yue Chaolun saluted again respectfully, and then took out a token from him: "This is Yuemou's personal token. If Qin Shaoxia has any Why do you need Yuemou's help?

This token can be connected to Yue in any blood sacred place in the Martial Domain, and as long as Yue is able to reach it, she will do her best. "

Yue Chaolun said with a solemn expression and firm eyes.

This is a good thing!

Qin Chen was not polite, and took it with a smile, the elder of personnel, in charge of the promotion of the characters at all levels in the bloodline holy land, that is the real core character, and it may be useful when.

In order to deal with Misty Palace, Qin Chen naturally needs to befriend people at all levels.

"By the way, I don't know why Senior Yue Chaolun are you trapped here?" Qin Chen asked suspiciously. With this question, Yue Chaolun's face suddenly became gloomy, and he said what had happened before.

[Chapter 1550: You can be sure](#)

Up to now, Yue Chaolun still didn't understand where the man in black came from. Among the major forces, he had never seen these men in black.

"Sure enough..." Qin Chen said, narrowing his eyes.

"Does Qin Shaoxia know the origins of these people?" Yue Chaolun and Jiayi glanced over.

Qin Chen nodded: "Know a little bit!"

"Also please Qin Shaoxia." Yue Chaolun hurriedly handed over, because of these guys, his bloodline sanctuary suffered heavy losses and many disciples died. Moreover, he was almost taken away from him, so the anger in his heart could not be concealed.

Qin Chen couldn't help but glance at the other Bloodline Holy Land disciples on the field.

Yue Chaolun immediately understood Qin Chen's meaning, and said to them: "Go to one side and rest for a while."

"Yes."

After this group of people left, Qin Chen said, "The man in black was probably from the Hall of Law Enforcement!"

Yue Chaolun and Jia Yiyi who were behind were shocked instantly: "Are you sure?"

The Hall of Law Enforcement is an extremely terrifying force in the Martial Domain. It patrols the world and dare not easily offend even the Holy Land of Blood. If these people in black come from the Hall of Law Enforcement, what is their purpose? "It should be confirmed. Actually, these two friends of mine are from the Hall of Law Enforcement. Earlier, I also met a group of people in black..." Qin Chen immediately briefly said what had happened before, of course, hidden. Many, such as Mokara

Enslave yourself and so on.

"What? These people in black are actually descendants of the ancient alien demon race. They want to seize the top powerhouses of our major forces and release the ancient alien demon race powerhouses here?"

Yue Chaolun said in shock, his whole person was dumbfounded.

This is really a big event. Once it spreads out, it will definitely explode like a blockbuster, causing a sensation in the entire Tianwu Continent.

"Are you sure?"

He had to be extremely cautious about such a major event. "This time, the Hall of Law Enforcement did send more than 20 people in black with masks. Two of my friends can confirm this. Moreover, these people in black are not regular personnel in the Hall of Law Enforcement, but secretly trained. The warrior, brought by the Misty Palace

Come. "Qin Chen revealed another shocking secret.

At this moment, Yue Chaolun and Jia Yiyi were even more shocked. At this time, they were even related to Misty Palace, which was definitely another blockbuster.

"What is their purpose for doing this?" Yue Chaolun muttered.

Misty Palace, now faintly the number one power in the mainland, why did they do such a thing?

"As far as I know, the aura of these people in black is very strange, and their soul power is very cold. It seems that they are not entirely humans, but descendants of ancient alien demons." Qin Chen said again.

The series of news shocked Yue Chaolun beyond words, and the shock in his heart could not be suppressed.

"You said they are descendants of the alien demon race, do you have evidence?" Jia Yiyi suddenly asked.

"There is no evidence for the time being." Qin Chen shook his head, "but..." His eyes were cold, and he said: "Soul seizure is an extremely insidious method. Even some top bloodline masters are extremely difficult to use. , There are actually very few who can win the soul, and the normal strong, even the successful soul

Taking homes will also lose combat effectiveness in a short time, or even lose your cultivation base, and start over from scratch. Therefore, if these methods are not for life and death, the average top powerhouse will not use them at all. "But these people in black, the two should have seen it before. The purpose of the other party is to seize everyone, and after the original Martial Sovereign of your bloodline holy land was seized, the cultivation base did not fall in the slightest, ordinary people, even though Is the blood of Tier 9

It's difficult for a pulse master, right? "

As soon as these words came out, Yue Chaolun and Jia Yiyi looked at each other, and suddenly showed amazement.

indeed. Soul grabbing is an extremely terrible forbidden technique. It is not even circulated among ordinary warriors, but they come from the high-level bloodline holy land. Naturally, in fact, there are some warriors who practice evil techniques in this world, which will devour the souls of some warriors.

, Is growing up.

But if you want to take away other people, very few people will do it unless it's a matter of life and death.

After all, the soul seizes the house, which means to abandon the original everything and enter an unfamiliar body, and even if the integration is not smooth, it will cause permanent and irreversible damage.

Only the legendary alien demons... In retrospect, the previous bloodline holy land Emperor Wu did behave very strangely, and some habits were completely different from the original him. Originally, Yue Chaolun thought that this person was The man in black has controlled his mind, and now he understands, yes

Fang was taken away by the soul.

If things are as Qin Chen said, the problem will be extremely serious. Misty Palace and Hall of Law Enforcement have joined hands with the legendary alien demons and spread it out. The entire Martial Domain will be a sensation and blood will flow.

"Other than that, what evidence do you have?" Yue Chaolun continued to ask.

It's about Misty Palace, even if he knows that Qin Chen's words are very likely to be true, but he still can't easily believe it, because once it is not done, it will even bring disaster to the Holy Land of Bloodline. "There is not enough evidence yet, and even I can't prove that these people are the people in black in the Hall of Law Enforcement. Therefore, I only talked to the two of them. I also hope that the two of them will not stab them out for the time being, but just keep these things in mind "Qin Chen warned

Tao.

"Don't poke it out?" Yue Chaolun was a little surprised. "Yes, there is no evidence yet. With the care and strength of Misty Palace, they definitely have a way to get rid of this matter. Then the two will be dangerous and even bring harm to the Holy Land of Blood. So I said it because I think the two are credible." Qin Chen said solemnly: "Nowadays, among the major forces, I don't know how many people have been taken away and rashly exposed. We can't get out of Guyu Realm alive, so I hope the two of you will pretend not to know, and verify things secretly.

The authenticity, after leaving the ancient Yu world, decide whether to inform the high level of the Holy Land of Blood. "

"Of course, even if you want to tell, you can only tell a very small number of people, because we don't even know that outside the Guyu realm, the chess pieces have been buried by foreigners among those forces."

"Moreover, it is related to my two friends at this time. I don't want them to encounter any danger." Qin Chen glanced at Ji Ruyue and You Qianxue.

Yue Chaolun and Jia Yiyi looked at each other, and what Qin Chen said made sense. "We understand, and please rest assured Shaoxia Qin. Today, I and the other two of us know about this matter and will never be heard by a third person. Even if it is out of the ancient Yu realm, I will tell the high level of the bloodline holy land. Qin Shaoxia and these people will be implicated, if any

Violation, five thunders blasted to the top, and went crazy and died. "

Yue Chaolun and Jia Yiyi didn't need Qin Chen to speak at all, and they directly made the oath of heaven.

At this time, the matter is important, and they need to be carefully identified. Compared with the experience of the ancient Yu world this time, it is so important that it is even related to the safety of the entire continent.

"In that case, these people must be in this ruin, let's go!" Next, Qin Chen and his party continued to scavenge toward the depths of the ruins.
