

Valkyrie 1551

[Chapter 1551: President of the Blood Holy Land](#)

The black ruins, deep and cold, with numerous passages, are extremely complex.

Qin Chen and the others communicated with each other as they marched. Along the way, the Saintess of Bloodline Jia Yiyi kept watching Qin Chen secretly, making waves.

In order to save them, Qin Chen fought wildly with many blood-colored animals in spite of the danger of their lives, which moved her heart extremely.

What made her more curious was the three of Ji Ruyue. As a woman, she can clearly perceive that the relationship between Ji Ruyue and Qin Chen is very special. Among them, the woman in white clothes with a very cold face is the closest to Qin Chen, while the other two are on the surface. Qin Chen seems to be just a friend

Friends, but the kind of communication between the eyes is more than that of friends. It is by no means as simple as friends.

With her female intuition, it was obvious that Ji Ruyue and Chen Sisi seemed to have an inexplicable affection for Qin Chen.

This makes her incredible.

Especially after knowing that Chen Sisi was the witch of the Magical Demon Sect and Ji Ruyue was a disciple of the Ji family of the hermit family, Jia Yiyi was even more shocked.

No matter it is You Qianxue, Ji Ruyue or Chen Sisi, which one is not the proud girl of heaven, his status and status are not below him, and he is the jewel held in the palm of the major forces.

In their respective forces, there are absolutely countless pursuers, such as the crucian carp that crosses the river.

The eyes of the three of them are bound to be extremely arrogant, but now they actually like a teenager at the same time, making her unbelievable, and constantly looking at Qin Chen.

I have to say that although Qin Chen is only from the Lower Four Realms, he has sharp edges and corners. He has wild black hair, shaved shoulders, and his eyes are as deep as a starry sky. When he looks carefully, he has an unspeakable charm. Moreover, Qin Chen is not the kind that looks very evil and handsome at a glance, but gives people a low-key and introverted feeling, but if you try to understand this person in depth, you will immediately find this person. Like an endless star

Empty, unpredictable, invisible at a glance.

He is like a whirlpool. The more you touch, the more you want to understand and worship. Seeing Jia Yiyi staring at Qin Chen all the way, Yue Chaolun sighed lightly. He knew that although Jia Yiyi was not welcome in the Holy Land of Blood, he was an extremely proud and intelligent person in his heart. , Few can be seen by her

The characters.

But before Qin Chen risked his life to save them, and Jia Yiyi, like herself, is the kind of person who knows the gratitude, and the grace of dripping water will reciprocate, and what Qin Chen does will definitely be Jia Yiyi left a shadow in her heart. In fact, Yue Chaolun had a very good impression of Qin Chen. He was not the kind of person who would look down on others because of the humble birth of the other party. In his eyes, whether Qin Chen came from the Lower Four Regions or the Martial Regions. It's the same as the strong, he

The most fancy thing is a person's character and talent.

Otherwise, the situation that so many people in the Holy Land of Blood would not wait to see Jiayiyi would not care about Jiayiyi so much. Although Jia Yiyi is the saint of the Holy Land of Blood, it is because of her father Jia Xunbo. Jia Xunbo is the vice president of the Holy Land of Martial Blood. Sex, concubine

In groups.

Jia Yiyi was the daughter he and his daughter were born to when he was surprised by a woman during a trip. That time, Jia Xunbo left directly after a night of turmoil, but she never thought that she would leave behind a daughter.

Jia Yiyi's mother was humiliated in her family because she was pregnant first when she was unmarried, but for Jia Yiyi, she gave birth to Jia Yiyi even though she was in pain, but then died of dystocia.

Jia Yiyi, who had lost her mother, had a very poor life in the family. She was hungry and hungry. When she seldom had enough to eat, she relied on self-reliance to survive. Although Jia Xunbo did not leave Jia Yiyi and her mother with anything, he left Jia Yiyi with a strong bloodline of her own. Later, Jia Yiyi entered the martial arts and became a bloodline master herself. When she participated in the bloodline master assessment , Exposing bleeding veins

With this strength, Jia Xunbo realized that he still had such a daughter, so he brought her back to the Bloodline Holy Land headquarters for training.

But Jia Xunbo has a daughter in Wuyu itself, named Jia Yijing, who has been inexhaustibly loved since he was a child, and has an extremely talented talent. She is also a saint in the Holy Land of Blood. Although Jia Yijing has no hostility towards Jia Yiyi, she has been the proud girl of heaven since she was a child, enjoying endless glory, and she naturally has no common language with Jia Yiyi. In addition, although Jia Yiyi was taken to the Holy Land of Blood, she Hate her father very much

Jia Xunbo has always believed that Jia Xunbo killed her mother. The hostility between the father and daughter was very serious, which also caused Jia Yiyi to be unwelcome in the Holy Land of Blood.

Ke Jia Yiyi still relied on her own efforts to become the saint of the Holy Land of Blood.

Yue Chaolun was very concerned about Jiayiyi, but now that Jiayiyi looked at Qin Chen frequently, he knew that Jiayiyi was curious about Qin Chen and couldn't help but sigh. He knows that Jia Yiyi is actually a very stubborn person, and Qin Chen also appreciates it very much, but judging from the three stunning and refined beauties around Qin Chen, Qin Chen is definitely a romantic talent, if Jia Yiyi really likes it. Qin Chen, that must

Of course it will be unhappy.

But this kind of things between young people, he naturally couldn't say anything, just talking with Qin Chen.

Intentionally or unconsciously, Qin Chen asked about the Holy Land of Blood from Yue Chaolun's mouth. Back then, he was also regarded as the honorary elder of the Holy Land of Blood, and he knew the inside of the Holy Land very well. However, the bloodline sacred place now has become completely different from three hundred years ago. The bloodline sacred place of his time has the momentum of the mainland's first power. The powerhouses of the bloodline sacred place are united into a single iron plate. Lead strong

The rise of momentum.

Even two hundred years ago, the powerfully rising Misty Palace and Xuanyuan Empire were still not as powerful as the Holy Land of Blood.

But just two hundred years ago, Fu Qiankun, the president of the Holy Land of Blood, suddenly disappeared. He didn't know where to go. The Holy Land of Blood first searched around, but there was no clue. After more than ten years of searching, everyone accepted the reality of Fu Qiankun's complete disappearance. Since then, the Bloodline Holy Land has fallen into chaos. The chief vice presidents have their own minds and intrigue with each other, and the Bloodline Holy Land is also in conflict. And gradually

Gradually fell, and was surpassed by Misty Palace.

Today's Bloodline Holy Land, although it is still one of the top forces in the mainland, it is extremely chaotic inside, and a mess of scattered sand, it is no longer as easy to control the situation in the mainland as it did in the past.

After Qin Chen learned about this, he couldn't help but sigh. When he was there, Fu Qiankun was already the president of the Holy Land of Bloodlines. This man was a talented and roughly talented person, and he was a rare stranger in thousands of years.

[Chapter 1552: Feel good](#)

It is a pity that Qin Chen rises strongly afterwards, and the momentum is even higher than Fu Qiankun, but it is undeniable that Fu Qiankun is the most talented person Qin Chen has ever seen, which is terrifying. Moreover, he is different from Qin Chen. Qin Chen is like idle clouds and wild cranes, focusing on all kinds of alchemy, bloodline, and refining techniques. Fu Qiankun's ambition is to build the bloodline holy land into the top power in the mainland, he thinks so. And do the same

of.

Unexpectedly, this person would disappear suddenly two hundred years ago.

There were several speculations about the Holy Land of Blood at the time, but it was basically a forbidden place where Fu Qiankun was trapped in the Martial Domain and fell, and he never thought about the possibility that Fu Qiankun would be conspired by others.

After all, with the strength to pay Qiankun, it is impossible for the whole world to besiege him without leaving any clues. In fact, for Qin Chen to think about it, there is only this one possibility. If a strong like

Fu Qiankun says that he will be besieged and killed, it is indeed a fantasy. The only possibility is just like he was in the past. Forbidden

Land, the result was an accident.

This made Qin Chen extremely embarrassed.

The two continued to talk, and Qin Chen accidentally discovered that Yue Chaolun was actually an apprentice of one of his deceased's.

His deceased was also a core elder in the Holy Land of Bloodline. Later, after Fu Qiankun disappeared, the vice-chairmen were in a fight. He was discouraged and didn't want to participate in the fight, so he was completely depressed.

However, one of his disciples bucked the trend, and now controls the bloodline of the Holy Land and became the leader among them, and Yue Chaolun worshipped this person.

When Qin Chen asked Yue Chaolun about his deceased person, Yue Chaolun didn't know the situation either. He only knew that his master had disappeared after a retreat more than a hundred years ago. There was no news. , Most likely, has fallen.

This made Qin Chen even more emotional. How many people can survive the vicissitudes of the past three hundred years?

Hum!

During the conversation, Qin Chen suddenly received a vague message in his mind.

It is Ancient Cangwu Emperor!

Qin Chen enslaved the ancient Cangwu Emperor and planted the Soul Extinguishing Seal in his mind. Naturally, there was a vague connection with the ancient Cangwu Emperor. However, this place was very strange and could shield the soul from perception, so he could not sense the ancient Cangwu Emperor. s position.

Now that he vaguely received the breath of the ancient Cangwu Emperor, it was enough to prove that the ancient Cangwu Emperor was nearby.

At the beginning, he gave Gu Cangwu Emperor the order to look for the Xuanyuan Empire, but he didn't know if he had found it.

"We've already looked for it just now, so it's better to look here." Qin Chen said as he slid into a passage on the left.

Along the way, he and Yue Chaolun and others searched around, but they couldn't find the other people, like a fly covering their heads. Now that they perceive the position of Ancient Cangwu Emperor, it is naturally difficult to hide their joy.

Immediately, based on the location of the ancient Cangwu Emperor that he sensed, he quietly passed by.

The ruins were dark and deep, and the roads were complicated. Although they could vaguely perceive the position of the ancient Cangwu Emperor, it took a few days for Qin Chen and his party to get close to this place.

"It's not far ahead."

It was only when Qin Chen approached that Qin Chen became vigilant. He faintly felt that countless auras gathered in front of him, not alone, but as if there were many forces gathered together.

"Someone."

Yue Chaolun also walked over, with a hint of surprise and solemn expression in his eyes.

What was pleasantly surprised was that I finally saw people again, and what was solemn was that the place was so dangerous, and I didn't know what was going on.

"Senior Yue Chaolun, there is someone in front of us. It seems a bit wrong for us to be together like this." Qin Chen stopped and said suddenly.

He didn't want to expose the relationship with the Holy Land of Bloodline.

"Huh?" Yue Chaolun's eyes flashed, and he quickly understood Qin Chen's intentions.

Once what Qin Chen said was true, the news broke out, and several forces broke out separately, which was more convincing than when a group of them broke out together, and Qin Chen seemed to avoid suspicion.

"In that case, let's go there first. If nothing happens, you will come again." Yue Chaolun said, and then took Jiayi and several people and flew forward in an instant.

"Qianxue, Ruyue, you two follow along." Qin Chen said again.

"Okay." Ji Ruyue and You Qianxue glanced at each other, and then nodded slightly. The two of them came from the Hall of Law Enforcement. If they walked with Qin Chen, they would indeed attract others' attention.

Although they wanted to be with Qin Chen very much, at this critical moment, they were not at all ambiguous.

As soon as the two of them left, Chen Sisi suddenly approached Qin Chen, and his body was almost close to Qin Chen, exuding a seductive atmosphere like a beautiful snake.

"What are you doing?" Qin Chen glanced suspiciously at Chen Sisi.

"Now they are both gone. Honestly, do you like me or not?" Chen Sisi exhaled as if letting go, extremely seductive, full of hot air, with infinite charm. "If you like me, just say it, there are only two of us here, and no one will hear it." Chen Sisi's hot body is close to Qin Chen, red lips are dripping, like a flaming rose, Ren Jun Pick, her big watery eyes

Staring at Qin Chen, he was full of expectation, as if as long as Qin Chen said those two words, he would agree with his body, like a fire.

Qin Chen was full of black lines, pushed Chen Sisi away, and scolded: "Don't make trouble." Chen Sisi took advantage of the situation to lie down in Qin Chen's arms, weak and boneless, extremely shy, her cheeks were moist and shiny, just like a ripe peach. Like a peach, she exudes fatal temptation, coupled with the charm that she exudes from that day.

Even Qin Chen couldn't help it.

But at this time, Qin Chen didn't have time to play with Chen Sisi. Just about to push her away, suddenly his eyes flashed, but instead he pulled it into his arms.

"Why, I can't wait to commit myself to me while there is no one here? Even if you want to, don't you need to be so anxious?" Qin Chen smiled, and climbed onto Chen Sisi's waist with his right hand, pressing her palm into him. General in the body.

Hey, I have to say, the body is full of elasticity and feels good!

"You..." Chen Sisi's face blushed, she was just joking with Qin Chen. I didn't expect Qin Chen to be so bold and just about to break free. Unexpectedly, when Qin Chen tried harder, Chen Sisi screamed, and there was nowhere to break free. .

"Huh, the original shape is exposed, you can't wait as soon as others leave, believe it or not, I will tell Qian..." Chen Sisi was unwilling to show weakness, and said enchantingly. Without waiting for her to say Qianxue's name, Qin Chen hurriedly pressed her lips with her fingers, and her fingers touched the pair of soft and moist lips, Wen Ruan Xiangyu.

[Chapter 1553: True pride](#)

"Someone!" At the same time, Qin Chen's low voice sounded in Chen Sisi's ear.

As soon as the voice fell, there really was a sound of footsteps from the corner, and then a group of boys and girls walked out of the passage on the side.

The leader, wearing a palace costume, is extremely glamorous, lingering in the colorful spirit, which makes people afraid to look at him.

It was Murong Bingyun.

And behind her are naturally a group of Tianjiao disciples from Misty Palace and Law Enforcement Palace. "Huh, a couple of dog men and women actually hooked up in this kind of place, really low." A woman in the Misty Palace said coldly. She is not old, but she exudes horror, and her cultivation is only the peak of the mid-term. , But better than the general late Wuhuang

It's all scary.

"Look at this attire, that person should be a **** of the Illusory Demon Sect, and the other one is from which power is not known, and he has no shame."

This group of people stood high, their eyes squinting, and squinted at Qin Chen and Chen Sisi.

This is natural, they come from the Misty Palace, the most noble, but ordinary geniuses are not regarded by them at all.

Chen Sisi exclaimed and hurriedly let go of Qin Chen's arms, wearing a black veil on his face.

At a glance, the stunning face caught everyone's eyes, which immediately shocked many people.

There is such a beautiful person in this world? Many of the young people were attracted by Chen Sisi's appearance, their eyes were straight, they almost looked silly. Chen Sisi's charming and infinite demeanor could not be resisted by any man. For men, Murong Bingyun's appearance is indeed beautiful. , Ke Chen

Sisi's charm is even more uncontrollable for men.

Such a peerless beauty was deceived by such an unknown man, all of them were immediately jealous, anger attacked, and breathing involuntarily increased.

If it weren't for Murong Bingyun's presence, they could not wait to pounce on the spot, behead Qin Chen, and **** Chen Sisi.

"Young Palace Master, do you want your subordinates to abolish this pair of dog men and women."

A young man stepped out, a terrifying murderous intent broke out all over his body, and he looked at Qin Chen coldly. His eyes were cold, his aura was involuntarily released, like a hurricane, flooding the entire passage.

He is aloft, like an emperor descending into the world, looking majestic. In his eyes, Chen Sisi, a beauty like this, should be worthy of him, but he was hooked up by a disciple who didn't know any power. It was extremely ridiculous.

"Don't cause trouble, Master Hongyan found the sacred tree of rules in front, how can he waste time here!"

Murong Bingyun's eyes were cold, he glanced at Qin Chen and Chen Sisi lightly, his eyes were plain, turning a blind eye. This is a higher level of contempt. If in the eyes of other men and women, Qin Chen and Chen Sisi's behavior has humiliated them and made them despise, disdain and jealous, then in Murong Bingyun's eyes, Qin Chen and Chen Sisi are even ants. Calculate

No, their actions couldn't make even the slightest ripple in her heart.

This is an extremely arrogant person, arrogant, everything in the world is not looked at, in her eyes, only herself.

"Young Palace Master, please don't worry, it's just a couple of dogs and men. It won't take much time." The young man smiled lightly and said with a sneer, looking at Qin Chen like a dead person.

"If you are interested, just stay, I will leave first."

Murong Bingyun ignored this person, passed Qin Chen and Chen Sisi, disappearing into the passage.

As soon as she moved, the other Misty Palace and the Law Enforcement Palace Tianjiao naturally followed closely, leaving only the young man, his face turned blue and white.

He glanced at Qin Chen angrily, ignoring what to say, shook his body, and hurriedly followed.

"Good risk!" Chen Sisi and Qin Chen breathed a sigh of relief. What was nervous in Qin Chen's heart was that the reason why he let Yue Chaolun and the others go first was to release Mokara and Skeleton Rudder Lord. He was only disturbed by Chen Sisi. If Chen Sisi hadn't deliberately played with him, he might have With Murong Bingyun

When people collide together, the problem becomes serious.

This Murong Bingyun is terrible!

Qin Chen was awe-inspiring secretly, this child's cultivation base must definitely be above the wind, rain and thunder, and it's not a bit strong.

With his current cultivation base, even the peak Martial Emperor in the late stage, he would never want to approach quietly, but when Murong Bingyun was approaching just now, he hadn't noticed it too early. He didn't feel it until the opponent was very close.

Naturally born spirit body, blending with heaven and earth, is terrible.

"Did you find out early." Chen Sisi snorted coldly, but didn't dare to play around, feeling lingering.

Qin Chen was about to release Mokara and Skeleton Rudder Master, and ordered the two demons to hide nearby. If the two demons were needed, he would send out a message, and then the two demons only needed to appear as the alien demons.

After doing all this, Qin Chen took Chen Sisi and swept forward quickly.

"Jie Jie Jie!"

The Skeleton Rudder master grinned and looked at each other with Mokara, his figure shook, and he disappeared into this passage instantly without a trace.

Qin Chen and Chen Sisi flew all the way, only to see that the passage in front of them became wider and wider. In a moment, the space in front of them brightened and the surrounding space suddenly opened up. What caught his eyes was a place similar to an underground grotto. In front of it was a huge magma lake. The lake was tens of thousands of meters wide. In the middle of the lake, there was a crimson spar island with a diameter of several hundred meters. A plant

The big tree has the color of white jade, and on its top, there are many transparent and empty fruits that emit strong regular fluctuations.

"It's the rule of God."

Qin Chen was extremely shocked.

It is no wonder that I felt that there was a breath of rules here, and there was a sacred tree of rules, and the whole sacred tree was covered with fruits, densely packed, at least there were hundreds of regular fruits.

This is the rule fruit that can make the peak Martial Emperor perceive the power of rule. Even if it appeared before, it was extremely rare, but now there are hundreds of rule fruit, so many rule fruit, how many Martial Emperors can be shaped The strong?

A rule fruit, although it cannot make a pinnacle martial emperor directly become a nine-day martial emperor, it is like Yue Chaolun. Before taking two rule fruit, it is only close to the half-step martial emperor, but this does not mean that the rule fruit is not important. .

The power of the rule fruit is not that it allows people to directly break through the nine-day martial emperor, but that it allows a pinnacle martial emperor to master some of the rules.

You know, the reason why it is difficult for the Emperor Wu to break through to Emperor Wu is the reason why the Emperor Wu of the Tianwu Continent is unable to touch the power of the rules and feel the real rules.

And a pinnacle martial emperor, as long as he consumes the fruit of the rules, he can naturally touch the power of the original rules, even if it is impossible to break through in a short period of time, within decades, there is a good chance of breaking through and becoming a martial emperor. This is the real purpose of the rule fruit.

[Chapter 1554: Rule sacred tree](#)

Now that there are so many rule fruits here all of a sudden, it can be said that as long as everyone swallows one, with the perception of everyone walking across the Rainbow Bridge, combined with the power of the rules that they have mastered, in the next few decades , Wuyu will have more

Ten Wudi powerhouses, this is definitely not a big talk.

"Ok?"

After Qin Chen and Chen Sisi entered the underground grottoes, countless eyes immediately gathered on them.

These gazes were as sharp as swords and swords, and Qin Chen immediately recovered from the shock and looked around attentively.

At this look, I couldn't help being surprised. I saw a gathering of powerful people here. Almost half of the warriors who entered the ancient Yu world gathered here, including the ancient Fangjiao, the Long Family, the Wuyinmen, the Qingdi Mountain, the Qidian, the Teng Family, the Xiao Family, and others. Phantom Demon Sect, Death Demon Sect, Sky Ghost Sect, etc.

.

At the same time, Qin Chen also saw the strong men of Ancient Cangwu Emperor and Xuanyuan Empire, as well as the strong men of Misty Palace, Law Enforcement Hall, and Pill Pavilion.

It can be said that the powerhouses of the major forces have actually gathered here.

Something is wrong! Qin Chen suddenly felt something wrong. The place was complicated and weird, with traps and dangers all over the place. Without guidance, although he said that he had entered the ruins much later, if it hadn't been guided by the soul of the ancient Cangwu Emperor, he thinks

To find this place is no easy task.

But now that more than half of the top powerhouses of the major forces have gathered here, this surprised Qin Chen.

This is definitely a problem.

However, Qin Chen didn't show it, but looked at the location of the Dange disciple in surprise.

"Huh, I thought someone was here, it turned out to be a disciple of Dan Pavilion?"

"Hey, is the witch of the Magic Demon Sect next to him? Did they really hook up?"

"The major forces are all coming together. A disciple from the Lower Four Realms, and the Demon Sect Witch, can come here alone. It seems not easy."

"Hahaha, if Emperor Fenglei sees this, he should be mad. The old man remembers that when he was outside the realm of Guyu, the Emperor Fenglei of the Xuanyuan Empire could not forget the witch of Illusory Demon Sect."

A group of people laughed, watching Qin Chen's eyes flashing coldly, thoughtfully.

Different from the previous ignorance of Murong Bingyun and others, on the contrary, it was the top powerhouses of these major forces that did not despise Qin Chen.

But it is also. It is impossible for them to come here alone without two brushes. They clearly know how dangerous this strange continent is, and those with weak strength have already died on the way.

"Sisi, why are you with this person? Come to me."

Suddenly, a cold shout sounded, it was the Phantom Martial Emperor of the Phantom Demon Sect, staring coldly, his eyes cold.

The witch of the Phantom Demon Sect, with noble status, is the heir to the Phantom Demon Sect. How can she stand with ordinary disciples?

But not any Tianjiao is qualified to be charmed by the disciple of the Magic Demon Sect.

Chen Sisi couldn't help but glanced at Qin Chen when he heard the reprimand of Emperor Phantom Wu.

This move naturally attracted people's discussion, and at the same time made Phantom Martial Emperor's face even colder.

Chen Sisi's move obviously represents that the relationship between her and Qin Chen is extraordinary, otherwise, if they just go together simply, how would they care about Qin Chen's views.

"You still can't come?" Phantom Wuhuang suddenly shouted, booming, the terrifying killing intent spread over.

"Be careful, no one can believe it unless you are completely sure." Qin Chen's voice sounded in Chen Sisi's ears.

"I know."

Chen Sisi took a deep breath. She understood what Qin Chen meant. Now, among the major forces, it is not known how many strong people have been taken away, and the Magic Sect is naturally no exception.

"Wow!"

She flew up and fell directly into the Phantom Demon Sect's team, and then was immediately called by the Phantom Martial Emperor and asked coldly.

Qin Chen and Ji Ruyue and You Qianxue glanced at each other quietly, and then exchanged glances with Yue Chaolun, the Holy Land of Bloodline, and flickered, and flew towards the Dan Pavilion team.

"Qin Chen, see Lord Situzhen." When he arrived in the Dange team, Qin Chen immediately saluted Situzhen respectfully.

"Qin Chen, you're fine, it's really great."

"Almost worried us."

Ye Mo and Yan Equator were also in the team. Seeing Qin Chen at this moment, they said excitedly.

The two of them have improved their cultivation a lot, and both have broken through to the mid-term peak state. It seems that they have gained a lot here.

"Hmph, you still have the face to come back, and together with the witch of the Demon Sect, you have fallen into the magic way."

Before Situ Zhen could speak, a terrible killing intent suddenly came from the side, Ling Yuannan stepped out, staring at Qin Chen coldly.

The aura on his body is many times stronger than it was one or two years ago. The true essence in his body is faintly introverted, and there is a kind of detached aura. It actually feels very similar to the feeling that Yue Chaolun gives, and it is clearly close to the half-step Wudi cultivation base.

"This person definitely got more than one rule fruit." Qin Chen's eyes narrowed, but he ignored Ling Yuannan, but looked at Situ Zhen.

Hum!

A faint breath that was almost imperceptible spread out and fell on Situzhen. It was Qin Chen who was spying on Situzhen's soul breath. At this moment, there are only a few men in black clothes in the Hall of Law Enforcement. Among them, the leader is cold. It is the leader of the men in black who broke the forbidden formation and released the alien demon continent. There are only five men in black in total. Six people, but Qin Chen

There were more than 20 people in black that I saw, that is to say, at least nearly 20 people in black were mixed into the major forces. Among these people, like Shang Wuji, those who succeeded in seizing the home, and some failed, but Qin Chen was sure that, with the exception of the few men in black who were killed by himself, most of the men in black should be Such as Shang Wuji and the Emperor Wu of the Holy Land of Blood

In general, the winning of the house is successful, and it is mixed into the teams of the major forces.

What Qin Chen worries most is naturally that Situ is true or false.

Situ Zhen was the leader of the Dange trip, and also the person Qin Chen had to verify whether he was taken away. "You don't need Master Ling Yuannan to order this young man to come into contact with someone? Compared with the witches of the Illusory Demon Sect, I think Ling Jun and Ling Yi of your Ling family are the real people in the magic way. Kill, pigs and dogs are better." Qin Chen snorted coldly Tao.

"You're looking for death..." Ling Yuannan was furious, and a terrible pressure swept across instantly, instantly suppressing Qin Chen, the power was like a torrent, if it was hit, the ordinary mid-term peak Wuhuang would be seriously injured if he did not die.

Ling Yuannan clearly wanted to take the opportunity to abolish Qin Chen.

"stop."

At this moment, Situ really gave a cold cry, and instantly stopped in front of Qin Chen, raising his hand to stop Ling Yuannan's attack.

boom! The two terrifying forces impacted together, and suddenly there was an ear-splitting roar, which was especially obvious in this underground grotto.

[Chapter 1555: Who has a problem](#)

"Master Situ Zhen, now that Ling Jun and Ling Yi of my Ling family have fallen here, the emperor suspects that the murderer is Qin Chen, and ask Master Situ Zhen not to stop me."

Ling Yuannan said domineeringly, his eyes burst with cold light, and his killing intent was boiling. Although he was asking Situ Zhen, this posture was clearly only telling Situ Zhen. "Ling Yuannan, Ling Jun and Ling Yi's death may not be related to Qin Chen. Before there is evidence, this emperor will never allow you to take action against them." Situ Zhen coldly shouted, his aura soaring like a dragon, like a tiger, in the void Roar

The majesty that came was only stronger than Ling Yuannan.

Obviously Situ Zhen also had amazing gains in this ruined palace. His cultivation was close to the half-step Martial Emperor, and he was incomparable.

"Evidence, what kind of evidence is needed? I have investigated clearly that when Ling Yi fell, he was still on the Rainbow Bridge, and the person who rushed to the Rainbow Bridge was Qin Chen. It was not this Qin Chen who killed him, but who else could he be? Killed?" Ling Yuannan roared angrily.

Of the three of the Ling family, he was the only one who survived, and the anger in his heart was naturally uncontrollable.

"Qin Chen, did you kill Ling Yi?" Situ Zhen turned his head and looked at Qin Chen.

Qin Chen breathed a sigh of relief immediately and withdrew the power of his soul. He also thanked Ling Yuannan. This confrontation made him clearly feel Situ's true breath, not being taken away by the alien demon, and the stone in his heart fell instantly.

He arched his hands and said: "Returning to Lord Situ Zhen, the younger generation did not kill that Ling Yi, so I would like to ask the Lord to give you a lesson."

"Ling Yuannan, you also heard that Ling Yi was not killed by Qin Chen." Situ said coldly.

Ling Yuannan was furious: "Situ Zhen you think that Qin Chen is not a murderer, it is too cover-up, you let go, wait for me to catch this son, and torture him severely. The emperor doesn't believe that he is not telling the truth."

Ling Yuannan took a step forward, actually ignoring Situ Zhen's hands.

"Ling Yuannan, this emperor is the leader of the pill pavilion here, I advise you not to go too far, otherwise, don't blame the emperor for executing the pill pavilion penalty." Situ Zhen said furiously.

Ling Yuannan had rebelled against his orders five times before, but now he has made breakthroughs with his cultivation base and is becoming more arrogant. How can Situ Zhen back down? At this moment, he was not protecting Qin Chen, but the rules of Pill Pavilion, and the majesty of his team leader.

"If you don't understand, don't blame the emperor for being ruthless."

Boom!

The killing intent on Situ Formation rose to the sky, rumbling and roaring, and his eyes were as cold as ice. As long as Ling Yuannan did anything, he would forcefully suppress it.

Seeing this, other surrounding forces showed gazes watching the show.

For a pariah from the four domains, Dan Pavilion's two top masters actually confronted each other. Let's fight, it is best to lose both. That is good. Dan Pavilion will completely lose the qualification to compete for the fruits of the rules. In the end, it will be them who are cheap.

"Master Situ Zhen, Master Ling Yuannan, I'm all from the Dange, why bother to fight, make people laugh, look at these people, they are all looking at me, I am afraid that the two of them will do it, so as to lose the fruit of the rules. Qualifications."

At this moment, a figure came and squeezed in between the two of them. His body was majestic, like an abyss like a prison, not much worse than Situ Zhen and Ling Yuannan, faintly approaching the Emperor Wu.

It is another top master who got the adventure. Qin Chen looked at the opponent, frowned slightly. This person was named Lu Haoran. He had some vague impressions. Before entering the ancient Yu world, he was just a mid-term peak martial emperor. He had not even reached the late martial emperor. He did not expect to improve his cultivation. So many, all approaching

Ling Yuannan and Situ Zhen.

How many adventures did you get?

"Humph!"

The swords of the two sides were drawn. After a long while, Ling Yuannan gave a cold snort, and finally did not do anything to Qin Chen. He just sneered: "Boy, don't think that you have Situ Zhen's protection and you will be safe. Ling wants you to die and no one can live. ."

When the voice fell, he turned back to the Dan Pavilion team, arrogant. He also knows that what Lu Haoran said is extremely reasonable. At this time, the most important time is to fight for the fruit of the rules. If a little Qin Chen and Situ really fall out completely, let's not say whether he can be in Situ. Zhen and Lu Haoran killed Qin Chen in front of him

, Even if it can be slashed, causing the Dan Pavilion to split, the rule fruit cannot be competed, and the loss will be even greater.

"I only need one. As long as I get one more regular fruit, I can instantly break through the half-step Martial Emperor. If I can get ten, I might even directly break into the Nine Heavens Martial Emperor realm. It's still a matter of great importance."

He glanced at Qin Chen coldly. In his eyes, Qin Chen would always be like an ant no matter how he broke through. If he wanted to kill him, he could kill him, so why bother to upset everyone here.

Seeing that the conflict on Dange's side was unable to cause trouble, other surrounding forces showed a hint of disappointment.

"Qin Chen, step back first and be more careful." Situ Zhen warned Qin Chen, and stared again at the central sacred tree.

And Lu Haoran also retreated silently, very inconspicuous.

"Little dust, I was scared to death just now."

Ye Mo and Yan Chidao stepped forward, and said with lingering fears.

"Fate is pretty hard, it looks like you are lucky, but walking with the Demon Sect Witch is disgusting."

A crisp cold snort sounded, it was Ouyang Nana, her aura was restrained, like a dormant ancient phoenix, obviously she had gained a lot, and her strength was greatly improved.

Although her tone was unpleasant, Qin Chen still felt a trace of kindness in her tone, as well as a trace of uncomfortableness between herself and Chen Sisi walking together.

This little girl!

Qin Chen ignored the other party and asked Ye Mo and Yan Equator in a low voice.

It turned out that after they entered this alien demon continent, they only fought on the periphery at the beginning, and at the same time they received a lot of rare and exotic fruits, and their strength continued to improve, but for the sake of safety, they only practiced on the periphery.

And more than a year ago, news broke out that there was a ruined palace in the depths of this continent, which contained many treasures, and had the chance of breaking through Emperor Wu. This naturally made them extremely excited. They came along and saw the ruins palace. But in this ruins palace, there were many dangers. The people in the Dan Pavilion finally gathered together, but they almost died several times. In the accident, it happened.

Met senior Lu Haoran. Senior Lu Haoran has had many encounters, and his cultivation base has advanced by leaps and bounds. This allowed them to safely pass through the ruins palace. Later, they met with Lord Situ Zhen and Ling Yuannan and others. Everyone once again grew stronger and went all the way. They just came here not long ago.

Earth, found this rule of God tree.

It's just that the rule fruit on the sacred tree of rule is not yet mature, so everyone is stationed here. These days, people from all major forces have arrived one after another, and this has gathered into what it is now.

However, it can be seen that the major forces have suffered great losses, and almost half of the people have fallen from all forces. After all, all the strong men who entered this continent at that time, including Tianjiao, have already arrived in this palace, and almost no one is left outside. Up.

"Lu Haoran?"

Qin Chen quietly looked at the opponent who was staying quietly in the crowd, his eyes flashed slightly. More than a year ago, I should have just killed Feng Yu Lei, and I was in ascetic practice, so I didn't get the news, and the others were like Wu Yinmen led by Shang Wuji and the ancient teaching Wei Xingguang and Gui Yuan. Zong Yue Zhongkui is average, all

It was attracted here by the news of the palace ruins.

It is clear that someone is deliberately spreading news here, attracting everyone here.

That being said, the problem in the Pill Pavilion is most likely Lu Haoran! Qin Chen felt cold.

[Chapter 1556: Long Jia](#)

However, Qin Chen revealed his doubts again.

If the purpose of the group of people in black was to kill their powerful forces, they should be encouraged to fight, but Situ Zhen and Ling Yuannan almost fought, so why did Lu Haoran prevent both parties from doing it?

Why is this?

It's okay if Lu Haoran was not taken away. If he was taken away, this person led everyone to this place and hid in the crowd. It must have another purpose, so be very careful.

"I don't know where the **** cat is?"

Qin Chen looked around, and the major forces gathered together. The entire grotto was intricate and hot, and there was no way to see the **** cat.

But Qin Chen had a vague feeling that the **** cat was lurking in the nearby void, monitoring every move here.

And Lu Haoran was very low-key, hidden in the crowd, and did not have the style of the top powerhouse of Pill Pavilion at all, making it difficult for Qin Chen to spy on purpose, so as not to attract the other's attention.

"This is not a solution, it seems that you have to find a way to figure out what those people are being taken away?"

Qin Chen lowered his heart. There were a total of more than 20 people in black, and now there were only a few people left. In this case, there were a total of 20 people in black who were mixed into the major forces.

At the beginning, along with Shang Wuji, he killed a total of five people. In the previous bloodline sacred place, two people who had taken the house fell. In this way, there are currently seven people known to have fallen.

About nineteen people are left. In other places, it may not be very smooth, but in general, the probability of being seized is very high if you are not vigilant, unless the opponent is like Yue Chaolun and possesses a treasure of soul, but it can only resist the first. Second time

Already.

In this way, there are at least ten top powerhouses currently robbed of the major forces.

"You have to think of a way to figure out who they are."

Qin Chen thought in his heart, but stared at the sacred tree in the middle of the lake, his eyes calm.

On the white jade fruit tree in the middle of the lake, there are a total of 108 densely packed fruits. Around the fruit, the glow of sunshine flows, blooming with regular auras, but these regular auras have not reached the extreme, obviously not yet mature.

Once the regular fruit is mature, all regular auras will be completely restrained, and at the same time the melon will fall down like a ripe fruit, no one will be left. In addition, there is another special aspect of the rule fruit tree, that is, before the rule fruit is mature, any use of brute force to pick the rule fruit will instantly turn into the pure rule power, destroy itself, and reintegrate.

Heaven and earth, this is also one of the reasons why everyone is very peaceful and no one takes action before the fruit of the rule is mature.

However, looking at the current situation, the fruit of this rule is almost ripe. I am afraid that within this short period of time, once it matures, it will inevitably trigger a war.

However, the big powers have taken up favorable positions one after another, waiting for the rules to ripen.

Huh!

A group of people came out of the passage again.

This group of people is old and the leader is a brown-haired old man, who exudes an amazing aura, and holds a simple array in his hands.

In his body, a trace of shocking aura is extremely restrained, but the body seems to be fused together, which clearly has reached an extremely astonishing level.

"It's Fei Lao!"

"The top powerhouse in the Palace of Instruments."

"I said why there are only so few masters who have come to the Temple of Artifacts. By the means of the Temple of Artifacts, this kind of relics should be their best place."

A round of discussion sounded, and everyone looked at fiery eyes.

The Hall of Weapons, which builds mysterious soldiers for a living, is naturally the most familiar with battle methods and various organ traps. This place is full of weirdness. If people with Hall of Weapons are here, they can naturally analyze many things.

"Old Fei!"

A group of disciples who arrived first hurriedly greeted the temple where the disciples were. The leader was a gray-haired old man, his momentum was not weak, he had already reached the realm of the peak martial emperor, and he was full of domineering gestures.

"Where are the people from the Xuanyuan Empire? Get out for the old man, and get out of the Long Family."

Unexpectedly, as soon as Fei and the others entered the passage, even the sacred tree of rules just glanced at it, and then shouted in this grotto.

boom!

A terrifying aura rose instantly from him, killing intent soaring to the sky, like an angry god. Everyone was stunned, and they all looked at it in doubt. What's wrong with Fei? I dare to challenge the Xuanyuan Empire and the Long Family in this way, especially the Xuanyuan Empire. Although the weapon hall is terrifying, its current momentum is not as good as the first empire of the Martial Domain.

Known as the Xuanyuan Empire.

It was the Long Family who didn't dare to neglect. A burly, strong man like a wild dragon stepped out immediately, and said in a deep voice: "Old man Long Zhentian, leader of the ancient Yu world of the Long family, I don't know what Fei has taught him. "

He walked in dragons and tigers, his arms were majestic, and he was like a savage dragon, just standing here, full of blood soaring into the sky, and majestic. Although Qidian wants to surpass the Long Family in terms of momentum, the Long Family is also one of the top families in the martial arts. It can have the quota and qualifications to enter the ancient Yu realm. Which is the easy difference, even Long Zhentian. I'm afraid of Fei Lao, this

At the same time, there can be no signs of cowardice.

"Where is Long Xiucheng from your Long Family? Let him get out and see the old man."

Old Fei said angrily.

Behind him, several other powerful people in the instrument hall lined up, staring at eagles and birds and cold.

Qin Chen was taken aback for a moment, Long Xiucheng, isn't that the wide-mouthed martial emperor who broke into the ruins and wanted to take the crystal of space from his hand? Having been killed by himself in the ruined place, what did the people of this palace look for Long Xiucheng?

Long Zhentian frowned. Could it be that Long Xiucheng did something to provoke the Temple of Fury in this ancient Yu world? He immediately frowned and said: "After entering this continent, Long Xiucheng has separated from me and moved on his own. There are no people in sight at the moment. By the way, Long remembers Long Xiucheng and Master Konoha in your tool hall. For best friends, the two of them

It should be together. If Lao Fei wants to know the whereabouts of Long Xiucheng, he can ask Master Konoha in the Device Hall. "

When it comes to Master Konoha, Fei is even more angry. A gloomy force spreads, causing the underground grottoes covered with magma to drop dozens of degrees in an instant, and it becomes a bit cold. "You're ashamed to mention Konoha Master, Konoha found a lot of crystals of space in this continent, but was killed tragically. Those who were there at the time were members of your Long Family. It was Long Xiucheng who wanted to come. Long Xiucheng got out immediately, and the old man wants to ask the truth." Old Fei shouted angrily, his eyes red and killing intent boiling.

[Chapter 1557: Still not get out](#)

what?

Everyone was amazed. Master Konoha in the Hall of Arms found the Crystal of Space and was killed on the spot. There was Long Xiucheng of the Long Family at the scene?

Everyone was interested, and they looked shocked in an instant.

This is big news.

In fact, it is normal for the major forces to fall into the fall of a disciple. Every trip to the Ancient Yu Realm has a loss rate of as little as 10% to 20%, and as much as 20% to 30%. This is normal.

In the eyes of the major forces, fallen geniuses and strong men are not geniuses and strong men. Only those who can survive are truly worth training.

Therefore, after the major forces discovered that some people were missing in the team, they were not going to fight. First, because the place was too large, everyone might not be able to gather together. Second, even if it fell, it had little to do with them.

Just like the death of Ling Jun and Ling Yi, apart from Ling Yuan Nanhui extremely furious, the other Pill Pavilion disciples actually didn't feel much.

But the hall is different.

Qidian is an extremely short-term force, and any disciple who falls will be extremely angry and go into battle.

It's just that when a martial emperor fell in the weapon hall, Fei was so furious, this... is it too much?

Moreover, Fei used to yell at the people of the Xuanyuan Empire before. Could it be that the death of the Xuanyuan Empire and Master Muye is also related? But for a Martial Emperor, to offend the Xuanyuan Empire so much, even if the palace is very short-sighted, it is quite strange.

Among the crowd, Qin Chen was taken aback for a moment and couldn't help touching his nose. He remembers that when he killed Long Xiucheng, there was also a Martial Emperor holding a soul-seeking array. He was also beheaded there by himself. He also claimed to be a person from the Hall of Arms. If he was killed, the Hall of Arms would definitely replace him. Is his revenge what Fei said?

Master Konoha?

Combining with the spatial crystal that Fei Lao said, Qin Chen suddenly came over and killed that person himself. It should be the so-called Master Konoha. There should be something on Fei's body that could detect the vitality of Master Konoha. After learning the news of Master Konoha's fall, he immediately came to investigate. It turned out that he found the aura related to the Long family. He believed that the two sides were fighting for space. Chi Erfa

Gave birth to a fight.

As for the Xuanyuan Empire...At that time, there were indeed strong Xuanyuan Empires, so Fei must have thought that Konoha's death was also related to the Xuanyuan Empire, and this was so angry.

Thinking of this, Qin Chen immediately embraced his hands and looked over with interest.

Ha ha!

The trouble of finding the Long Family and the Xuanyuan Empire for the Qidian was really interesting. Qin Chen smiled, and also secretly said a fluke in his heart. It was also thanks to his being very cautious at the time. Before leaving, he wiped out all the auras about them, plus Ji Ruyue and the others are all natural physiques, integrated into the void, plus In space

Cultivation in the pool is covered by the strong spatial power, no matter how the opponent searches, they can't find them.

"What? Master Konoha is dead? And it has something to do with Long Xiucheng?" Long Zhentian finally understood why Fei was so angry, and he was shocked. He had vaguely heard the news from Long Xiucheng that Master Konoha was the illegitimate son of a great figure in the Hall of Instruments. On the surface, his status in the Hall of Artisans was not high, but in fact he was very much loved. Long Xiucheng deliberately Befriend each other just for

Gaining the trust of Master Konoha will help you build a good relationship with Qidian and get some benefits. If the two of them really get a lot of crystals of space, Long Xiucheng will inevitably abandon part of the benefits, and share with Master Konoha. It is impossible to directly tear his skin for some benefits. This is not in line with the interests of the Long family, Long Xiu Honest though temper

Very poor, but not such a short-sighted person.

"Lao Fei, there must be a misunderstanding in this. How can Long Xiucheng and Master Konoha have a conflict with each other for a little crystal of space? There must be internal affairs." Long Zhentian hurriedly said. "If this is the case, your Excellency won't let Long Xiucheng get out immediately." Fei Lao's face was pale, he didn't care if he had any inside information? Master Konoha was the illegitimate child, he knew it, and even before leaving, he deliberately ordered

He wants to take care of Master Konoha.

But now, Master Konoha was actually killed in this ancient Yu world. When he thought of the consequences of this incident, Fei was very angry and couldn't restrain his anger. "Long Xiucheng is not present at the moment, and I have no news of him. Long's sentence is true, and there is no deception. Please also Fei Lao Mingjian." Long Zhentian said in a condensed voice: "But you can rest assured, Lao Fei. , Although Long Xiucheng is not here, but this matter, Long is absolutely

Mr. Fei will give you an explanation. As long as you see Long Xiucheng, you must ask the whole story, but Long firmly believes that Long Xiucheng is definitely not the murderer of Master Konoha. "

Long Zhentian was confident that this matter was definitely not what Long Xiucheng did. As long as he finds Long Xiucheng, the truth will come to light. The only trouble now is that he doesn't know where Long Xiucheng went.

Seeing Long Zhentian's sincere expression, Fei frowned slightly. Isn't it true that the Long Family did it? "Hmph, whether or not it was done by your Long Family, when Konoha fell, your Long Family Long Xiucheng would definitely be there. If your Long Family doesn't give Fei an account on this matter, don't blame our Tool Palace for being ruthless." Fei Lao Leng hummed, then looked at the Xuanyuan Empire's

Where, he said sharply: "Where are the people in the Xuanyuan Empire? Are they all dead? Why don't they get out."

"You presumptuous!"

"Bold!"

"The Hall of Equipment is so majestic, I dare to be wild in front of my Xuanyuan Empire."

Angrily shouted, and from the Xuanyuan Empire, several powerful men immediately walked out, angrily and killing intent.

The Xuanyuan Empire is no better than the Long Family. Today's Xuanyuan Empire is known as the first empire on the mainland. It is supernatural and powerful. Even if the weapon hall is very strong, how can they be afraid of each other and let them go wild?

"Lao Fei, if you don't give me Xuanyuan Empire an explanation, you will rely on you to insult my Xuanyuan Empire several times. My Xuanyuan Empire must go to the Bookware Hall and sue you for a sin of disrespect." One of them sneered, with a restrained breath. Strong and terrible.

"It should be your Xuanyuan Empire that I want to explain. Let me ask you, where did the Emperor Fenglei of the Xuanyuan Empire go?" Fei Lao said angrily: "The death of Master Konoha in our Palace is also related to Fenglei of your Xuanyuan Empire. The emperor is related."

Is the death of Master Konoha related to Emperor Fenglei?

As soon as this statement came out, the court immediately boiled, and everyone looked excited.

Damn, this is big news, it's really exciting to watch.

Everyone here is waiting for the fruit of the rules to mature, and they have long been idle and bored. There is such a lively, they are excited and enthusiastic. Even faintly expecting a conflict between Qidian and Xuanyuan Empire, that is wonderful.

[Chapter 1558: Jiuyou Capital Array](#)

"Joke, you said that Emperor Fenglei killed Master Konoha in your tool hall? Is there any evidence? Talking nonsense is extremely ridiculous." The leader of the Xuanyuan Empire said with disdain.

But in my heart is a hum.

Emperor Feng Lei couldn't understand what kind of stuff, he had always been defiant, pretentious, and acted unscrupulously.

If it is true, as Fei Lao said, Master Konoha has found many crystals of space, and under the strength, it is really possible for the warriors of the Slayer Hall to be extremely likely.

Of course, no matter whether it is possible or not, now that Emperor Fenglei is not present, they will not admit it.

"Evidence? What I Fei said is evidence. Since you don't bear it, then you can catch it first, and then talk about the so-called evidence."

Old Fei snorted coldly, without any nonsense, an quaint formation suddenly appeared in his hand, and the formation was thrown out, with a buzzing sound, it quickly turned into a sky-filled formation, covering the many disciples of the Xuanyuan Empire in an instant.

"All those who have nothing to do with this matter, quickly retreat, or you won't blame me for being polite." With a loud shout, Fei folded his hands together, and the obscure handprints were instantly squeezed out, as fast as lightning, and in an instant, in the grotto The great masterpiece, under the rumbling roar, hundreds of black shadow pillars appeared, and the many warriors of the Xuanyuan Empire instantly

Shrouded in it.

Oh oh oh!

Under the blast of light, the violent wind blows, and the black aura soars into the sky. The entire grotto appears to have arrived in the extreme north in an instant. It is icy cold, and countless cold hurricanes turn into demons, rushing towards the many Xuanyuan Empire warriors. This breath is so strong that everyone changes its color. Even some strong men who are close to the half-step martial emperor feel chilly and feel a little pressure. As for the people of other forces who originally stood around the Xuanyuan Empire, they have long been After one after another

Retreat, dare not stand with the people of the Xuanyuan Empire anymore.

"Nine Nethers are a great formation!" Qin Chen was surprised. He didn't expect that Fei Lao used this formation for the first time. This is an extremely sky-defying formation. Once trapped, the power of Jiuyou will enter. Body, frozen true essence, will be trapped a little bit inside, there is nowhere to escape

"Lao Fei, if you have something to discuss, why fight and kill!"

Some forces have discouraged.

"Get out of here, the old man doesn't want to touch this person from the Xuanyuan Empire, but Emperor Fenglei of the Xuanyuan Empire is related to the death of Master Konoha in our tool hall. The old man must find out this matter. No one can help. "

Mr. Fei quickly squeezed the technique with both hands, and the voice of Yin Feng suddenly became loud, like the Nine Nether Purgatory descending here, and the cold breath rushed into the bodies of the martial emperors of the Xuanyuan Empire, trying to freeze their true essence and imprison everyone. .

"Just because of this formation, you want to imprison me?" Many of the Xuanyuan Empire Emperor Wuhuang trapped in the formation was angry. One of the leaders walked out instantly, wearing a red crown on his head, and burning fire inside his body, bursting into the fire of nine suns. , Just like the same **** of fire, magnificent, facing the countless shadow pillars in front

The burst of light stuck out a giant hand.

With a bang, I saw the endless flames condensed together, and finally formed a huge flame palm. On the palm, even the palm prints are clear, containing explosive power, as if between a grip, it can crush this Everything in heaven and earth.

He wants to break through this big array with one person.

"It's the wild fire emperor of the Xuanyuan Empire!"

"It is rumored that the Savage Fire Martial Emperor possesses the blood of scarlet fire, smelts the world's different fires, and cultivates into the Great Sun Nine Sun Palm, which can smash gold stones and melt gold and iron. At a glance today, it is really powerful."

"Hmph, I have heard that this savage fire Emperor has gained a lot in the past. Although he has not entered the half-step martial emperor realm, he is actually only one line behind. He is the strongest person in the Xuanyuan Empire currently on the court. weak."

"Under this palm, the void will be burnt, how can it be easily trapped with such power?"

"There is a good show."

Everyone was discussing, while their eyes were solemn, the strength of the Man Huo Wu Huang changed everyone's color. This is a strong enemy, not easy to deal with.

Amidst everyone's amazement, the scarlet palms that they saw swept across the sky and rumbling over, colliding with the sky full of shadow pillars, bursting out a blazing glow.

Boom boom boom boom...

Continuous explosions sounded, and the dark shadow pillars trembled crazily, but Fei's mouth was sneered, his hands were pinched, and he shouted: "Ning!"

Hum! Suddenly, there were gusts of yin and wind, ghosts weeping and howling, as if a ghost came out of Jiuyou, it was creepy, shuddering, and the strong yin energy crazily condensed and released, quickly consuming the horrible flames on the red palms, letting the Barbarian Martial Emperor do anything.

, The great array remains unmoved, as firm as a rock.

It has to be said that Fei's array is very targeted. The Nine Nether Capital Array, and even the Great Yin Array, can be used in this Alien Demon Continent, with twice the result with half the effort, and more powerful than in the Martial Domain.

"Your Excellency just wants to break through the old man's Jiuyou Capital Formation?"

Old Fei sneered. He dared to attack the Xuanyuan Empire martial artist. How could he be unsure? Once this formation took shape, under the half-step Martial Emperor, no matter how strong the cultivation base was, it would be difficult to break through. Man Huo Wuhuang's face changed slightly, and if there was a big sun burning and exploding in his eyes, he coldly shouted: "Really? So what kind of Jiuyou Capital Formation is this formation? People who don't know what it is. The magical formation, the powerful and powerful, actually used it

Everyone is punishable by such crooked ways. "Under the cold drink, the aura of Martial Emperor Manhuo is even better. He knows the terrible situation of this formation, and he sternly said to the other Emperor Xuanyuan Empire Martial Emperor around him: "Let's take action with this emperor, and break open all the Nine Nethers. Array, let the people of Qidian know that my Xuanyuan Empire s method! "

"Yes!"

With a sharp shout, the other martial emperors around Manhuo Wuhuang moved together, booming... At this moment, the aura that shook the sky and the earth soared, shocking everyone to change their colors. In the big formation, dozens of The Emperor Wu Huang of the famous Xuanyuan Empire shot together. Among them, the strongest is like the wild fire martial emperor, approaching the half-step martial emperor, and the weakest also has the cultivation level of the mid-term martial emperor, and the ancient Cangwu emperor is also hidden in it, and he has not performed too well. The strong shot, this scene, it is said that the world will not destroy the earth

For the sake of it, enough to make everyone discolored.

If it weren't for the rules of the sacred tree here, the power of rules everywhere, blocking everything, under such an attack, this grotto would inevitably collapse.

But even so, there was a burst of whimpering in the void, like weeping.

boom! Dozens of streamers bloom, some like a meteorite falling into the sky, traversing everything, some like a big wave, engulfing everything, and others, sharp and cutting the void, but more, still majestic, endless, countless The streamer is there

Above the Jiuyoudu Sky Formation, the light scattered instantly, dozens of columns trembled crazily, and it seemed that it would be completely destroyed in the next moment, unbearable.

"The people of the Xuanyuan Empire really have two sons." Qin Chen exclaimed. The Jiuyou Capital is so powerful that he knows that as long as it is the cultivation base of the Emperor Wu, it is difficult to escape. Want to break this big formation, this kind of strength is by no means ordinary.

[Chapter 1559: Tiankong Wanzhuan](#)

"Huh, it's not that easy to break the formation!"

Old Fei yelled coldly, a strange color appeared in his eyes first, but then, his hands squeezed the tactics again and again, and the people behind him also took a step, hum, and at the same time urged the terrible essence of the body, and merged into the top Above that quaint array.

The quaint array, with thousands of radiances, suddenly burst into a more terrifying light. In an instant, the shadows of the arrays fell like chaos, but they were as heavy as a mountain. The original violent tremor of light settled down instantly, and it was quite different.

"Ok?"

Man Huo Wu Huang roared, and above his head, there was a flame aura erupting. This is the spread of bloodline power, and the other Wu Huangs were also angry. They all made strong moves and displayed all cultivation.

It's useless!

Under Fei Lao's auspices, countless arrays of light continued to fall, and a little bit of wrapping came in, making the wildfire Wuhuang and others in the formation more sleepy and tighter, and the cold breath was integrated into their meridians, and they wanted to freeze all true essence. .

puff!

Some of the weaker mid-term martial emperors were already injured, spewing blood, pale and shaky.

This breath is too cold, once the meridians are frozen, even if it is cured in the future, the root of the disease will remain.

"Old man Fei, are you really going to be an enemy of my Xuanyuan Empire?"

The Savage Huo Wuhuang roared, roared to the sky, and boomed. Above his body, there was a flame totem blooming, like the **** of fire descending and burning everything, but it was still unable to break through the Jiuyoudutian formation, like a trapped beast. .

"Enemy with your Xuanyuan Empire? Hahaha!" Fei Lao laughed angrily, "Your Xuanyuan Empire Killing Master Konoha, I want you to taste the pain of Xuanyuan Empire today!"

Fei Lao increased the output of True Yuan, and the power of the Nine Nether Capital Array became even more powerful, rumbling down.

"Hmph, what a big tone, I want to see, who would dare to make my Xuanyuan Empire taste the pain!" Suddenly, a cold shout sounded, and then, from the passage on the side, a sudden burst of fire The

golden figure, boom, the speed of this golden figure, like lightning, with a harsh sonic boom, instantly came to Fei and his party.

It's too fast for people to react.

"I thought it was someone who dared to run wild in front of my Xuanyuan Empire, it turned out that it was your old man Fei!"

The cold voice contained extreme anger, the voice fell, and a punch suddenly blasted out.

Roar!

Like dragons roaring and tigers roaring, like mountains and earth cracking.

The golden fist light, like a round of big sun, suddenly fell into the crowd in the device hall.

"Someone, take a big breath, get out of me."

In the palace, a strong man walked out, his voice was aging, but his strength was terrifying, his palm turned into a huge grinding disc, rumbling out, trying to catch the golden fist light like a big day.

boom! But at the moment that golden fist light touched the pitch black grinding disc, the strong man's complexion changed. The golden fist light was unrivaled, and it shattered the pitch black grinding disc in an instant, and the strong man suffered such a heavy blow. , Let out a scream

, Accompanied by the sound of broken bones, flew out, lying on the ground and twitching a few times, then stopped moving, and was already breathless.

"Pan Zhiming!"

The side of the device hall screamed in anger, and several people flew up, wanting to be treated, but it was too late, so they could only turn their heads angrily and glared at the golden figure.

"It's the Golden Martial Emperor!"

"The Golden Lord Martial Emperor is here."

"Great!"

In the Nine Nether Capital Array, Man Huo Wu Huang and others were extremely excited, and each one was extremely surprised.

The person here is the Emperor of the Golden Body.

I saw that his eyes were cold, like a world-famous killer, descending here, and his body was blooming with golden light, which was exactly his famous skill, the golden body art of immortality.

Above that golden light, countless runes flowed, carrying a heart-palpating breath, and the power emanating from a rune was enough to shatter the void and change its color in horror.

hiss!

Feeling the breath of the golden martial emperor, everyone's complexion changed, strong, too strong. If the golden martial emperor was outside the ancient Yu boundary, it feels like a big mountain, towering tall, no Moving like a mountain.

Then the current Golden Martial Emperor is like that endless stretch of mountains, endless, without knowing the depth, like an abyss like a prison.

"What opportunity did the Golden Martial Emperor get? The strength has increased so much."

The powerhouses of the major forces have changed their colors and their hearts are shaken. In this ruins palace, they can be regarded as getting a lot of opportunities, and their cultivation bases have been improved by leaps and bounds, but compared with the Golden Body Martial Emperor, they seem to be so bad. .

You know, Pan Zhiming of the Hall of Fame is also a well-known veteran powerhouse. Before entering the ancient Yu world, he was already a late martial emperor. But now, he was hit by the golden martial emperor, which is amazing.

"Golden Martial Emperor, you kill my weapon palace Martial Emperor, the old man doesn't share the sky with you."

Old Fei was angry. The death of Master Konoha at the Temple of Heaven was originally related to the Xuanyuan Empire. Unexpectedly, now that the revenge has not been reported, it is the loss of a general. How can the anger in his heart not burn.

"Tiankong Wanzhuan formation, extinction!"

Old Fei roared, his eyes exploded with sharp light, and the true essence flowed in his body, and the primitive formation on his head suddenly burst into light, turning into a fierce aura to suppress him.

"what!"

The momentum above the Jiuyou Dutian Great Formation underneath skyrocketed, and screams sounded, and some of the mid-term Martial Emperors in the formation burst into pieces, and blood was all over the sky, spilling to the ground.

In an instant, four or five Wuhuang Emperors of the Xuanyuan Empire fell, and the Nine Nether Capital Sky Formation continued to rotate, rumbling and crushing, the countless powerful men surrounded by the great formation snorted and screamed. There were cracks and blood spattered.

Even a strong man like Man Huo Wu Huang, his face was pale, and he struggled to resist.

"Old man Fei, you are looking for death!"

The Golden Body Wuhuang was angry, he turned into a golden light, and rushed directly.

"Da Mie Jin Body Palm!"

Hum!

In the void, a golden handprint appeared. The handprint was as large as tens of meters in square. The fingerprints on it were clear, the roots were full, and there were countless runes circulating, like the

hand of a Buddha, holding sentient beings, with one punch hitting the nine. Above You Du Tian Great Array.

boom!

Under the diplomatic blow, even if the Jiuyou Capital Array was strong, it shook violently, and numerous cracks appeared on it instantly.

"Stop him." Fei yelled, his eyes like a ghost.

Whoosh whoosh!

Suddenly, several powerful implements rose up into the sky, and at the same time threw out formations. These formations fell into the void and connected together instantly, forming a pitch-black cage to imprison the Golden Martial Emperor.

"It's good, do you think that only you have the treasure?"

A golden talisman paper suddenly appeared in the hands of the Golden Martial Emperor. As soon as the talisman appeared, it exuded an astonishing breath, and the void seemed to be torn apart. It's just a piece of talisman paper, and the breath that comes out is like a mountain, suppressing the void.

[Chapter 1560: Misty Palace](#)

"go with!"

The golden body Wuhuang raised his hand, and the golden talisman was shot out in an instant, and it penetrated the black cage in an instant, and the cage was torn apart in an instant. The golden body Wuhuang seized the opportunity and rushed out of the cage. , Blasted one of the martial emperors with a punch.

puff!

The powerful man in the palace hall had not yet reacted, he was bombed, blood splattered, turned into a rain of blood and fell.

Losing this person, the black cage was instantly broken, and the golden martial emperor raised his hand again, and the golden talisman exploded again, blasting above the Nine Nether Capital Array.

With a bang, the originally crumbling Jiuyou Capital Array was shattered, and countless Xuanyuan Empire powerhouses instantly escaped, but many powerhouses fell on the spot and burst to pieces. There was no bones left, and blood flowed into rivers.

"Golden Martial Emperor, your Emperor Finglei of the Xuanyuan Empire killed Master Konoha of My Weapon Hall. Today, you are killing everyone in My Weapon Hall. The old man will never forgive you, ah!" Fei roared, his eyes were red, like crazy.

"What? What did you say?"

The original gloomy face of the Golden Martial Emperor changed drastically, staring at Fei Lao, his breath soared like a devil.

"When did you see my Emperor Fenglei of the Xuanyuan Empire, say it!" The Golden Martial Emperor roared, his murderous intent soaring through the sky.

"Hahaha, the golden martial emperor, you are still in this costume, your Emperor Fenglei of the Xuanyuan Empire killed my master Konoha, would you not know?" Fei did not believe in the performance of the golden martial emperor.

"Where is it?"

The golden body Wuhuang rebelled, turned into a golden streamer and shot at Fei Lao, with his right hand sticking out, actually trying to capture Fei Lao here.

"Sky Control Ten Thousand Revolving Array, Twelve Huan Revolving Array!" Fei immediately took control of the primitive array above his head. Suddenly, the light on the array was radiant, and twelve rays of light were immediately exploded, covering him, banging. With a bang, the golden body Wuhuang punched the big formation. Although the whole formation trembled,

But it is not broken.

"The golden martial emperor, the old man said it was broken, are you furious?" Old Fei shouted angrily with a murderous look on his face.

"It turned out to be the Tiankong Wanzhuan array disk. I didn't expect the Qidian to hand this heavy treasure to Fei Lao." Qin Chen showed shock. The Tiankong Wanzhuan array disk is one of the top treasures in the Qidian. , You can instantly switch between various large formations. It is rumored that this formation contains 10,000 different attribute large formations, which can be used at will. It can be described as a formation

The most coveted treasure of the teacher.

General formations require the deployment of formation flags, which consumes a lot of time, but this formation can be quickly converted in various large formations just by activating it, which shows its horror.

Moreover, this array has another effect, that is, people of different cultivation levels have different array powers, and the arrays that can be activated are also different. It is very ingenious. It is passed down from the ancient array sect. unbelievable.

"Fuck you, Fei Lao'er, just tell me, where did you meet the Emperor Fenglei of my Xuanyuan Empire and said, what else is Master Konoha, and who is it? My Emperor Fenglei of the Xuanyuan Empire, isn't it you? Killed by the people of the Palace of Arms."

The Golden Martial Emperor kept making moves, and the terrifying fist swept through everything, almost breaking the Twelve Huan formations.

"What, Emperor Feng Lei is dead?"

"It's no wonder the Golden Body Emperor Wu has such a violent temper."

"Someone actually killed Emperor Fenglei, that is the son of Emperor Xuanyuan, who did it?"

"My God, is Wu Yu going to change heaven?"

At first everyone was shocked by the fierceness of the Golden Martial Emperor and Fei Lao, but now after hearing what the Golden Martial Emperor said, their faces were all bloodless and their scalp numb.

In this ancient Yu world, among the many geniuses, anyone can die, but there are two people who cannot die.

One is Murong Bingyun, the young master of Misty Palace, and the righteous daughter of Shangguan Xier.

The other is Feng Yulei, the son of Feng Shaoyu, Emperor Xuanyuan Empire.

These two people have noble identities, especially above the saint children and saints of the major forces. Once they fall, the entire martial arts will shake and cause a major earthquake.

No one could resist the anger of Emperor Xuanyuan and Shangguan Xi'er.

But now, Emperor Wu Huang actually said that Emperor Feng Lei was dead.

This.....

The first thought of everyone is impossible!

But in an instant, he woke up, this is most likely true.

If Emperor Fenglei hadn't died, with his strength, he would have come here long ago.

If Emperor Fenglei hadn't died, it would be impossible for Emperor Wu Jin to be so angry.

More importantly, don't think that the Golden Martial Emperor was the leader of many Martial Emperors in the Xuanyuan Empire on this trip, but if Feng Yulei hadn't died, he would never have said curse Feng Yulei.

Even Fei Lao's face has changed. He can find the wind, rain and thunder to settle accounts, but it does not mean that he can ignore the wind, rain and thunder and fall.

"It's impossible, Feng Yulei, kill Master Konoha of my tool hall, how could he die?" Fei said angrily, but his heart sank. He had a feeling that the wind, rain and thunder were true. 'S dead.

"It doesn't matter if you don't say it, it's okay. First hold you and talk." The Golden Body Wuhuang didn't talk nonsense. He knew that no matter whether the people in the weapon hall had killed the wind, rain and thunder, they would deny it. If you want to know the truth, you can only capture them first. Say it again.

"Sir Jin Shen Wu Huang, his subordinates know how the emperor died."

At this moment, a voice rang, which instantly attracted everyone's attention.

It is Ancient Cangwu Emperor!

"Gu Cang, do you know who killed the emperor?"

The golden body Wuhuang swept over in an instant, said in surprise, his eyes red.

"That's right." The ancient Cangwu Emperor bowed his salute, his eyes were angry: "The subordinate was with Emperor Fenglei at the time, and he was almost killed by him. By luck, he recovered a life, but the emperor..."

The ancient Cangwu Emperor was extremely sad.

"Who is it?"

The Emperor Jin Shen Wu shouted angrily. At this moment, he didn't think about why Emperor Feng Lei died, but Emperor Wu Cang was alive. He just wanted to know who was the murderer who killed Emperor Feng Lei.

Since he found out about the fall of Emperor Fenglei, during this period of time he was in a state of anxiety. Emperor Fenglei had fallen. If he does not find the murderer, even if he breaks through the Nine Heavens Emperor Wudi, once he leaves Guyu Realm, he will be beheaded by the Great Emperor.

At this moment, there was unprecedented silence on the court, and everyone stared at Ancient Cangwu Emperor, wanting to know the answer.

Under the eyes of everyone, the ancient Cangwu Emperor suddenly turned around and angrily pointed to the location of the Misty Palace and the leader of the man in black, "It is them, the murderer who killed the Emperor Feng Lei is the man in black in the Misty Palace and the Law Enforcement Hall."

Silence, a dead silence on the court.

After the silence, what erupted was an unprecedented roar.

It was Misty Palace that killed Emperor Fenglei?

This.....

boom!

One stone caused a thousand waves!

Everyone was shocked and inexplicably, only felt that their heart contracted, and even almost died here.

One is the Misty Palace, the other is the Xuanyuan Empire, the two top forces on the mainland, is the heaven of this martial domain going to change? No one saw that in the crowd, a sneer at the corner of Qin Chen's mouth passed away quietly, his eyes cold!
