[Chapter 1561: To bury the emperor](#)

"It's the Misty Palace and the man in black who killed Emperor Fenglei. At the time, Emperor Wu Mo, who was protecting the Emperor, was also brutally killed. His subordinates were on the scene at the time, but there was nothing they could do... they could only watch the Emperor. Killed, subordinates are incompetent, please adults

Punish! "

The ancient Cangwu Emperor knelt down on both knees, crying bitterly, his face was angry and painful, as if the death of Emperor Fenglei made him very self-blaming and tormented in his heart.

"Fart, Ancient Cangwu Emperor, you don't want to spit people, how can my Misty Palace kill you Emperor Xuanyuan."

Without waiting for Emperor Wu Yan to speak, Emperor Wu Tian Fei walked out, angrily, and cursed with open mouth. Amidst his anger, he raised his hand and came directly to the ancient Cang Wu Emperor. His murderous intent was soaring to the sky and angrily said, "Say, you are framed." What is the purpose of my Misty Palace." She knew very well that the people in Misty Palace didn't kill Emperor Feng Lei at all. After entering this mysterious continent, the many powerful people in their Misty Palace immediately contacted those in the Law Enforcement Palace. The man in black entered the ruins palace, the whole

During the process, no one left at all, how could it kill the storm.

However, her powerful shot immediately made the Golden Martial Emperor angry. He took a step forward and blasted with a punch. The golden light was all over his body. He saw countless runes flickering, setting him off like a golden **** with a punch. Boom to Tianfei Wuhuang.

boom!

The two terrible forces collided, and the sky suddenly rang out with a terrifying roar, and the void shuddered as if it was about to burst open. The strong breath shocked everyone back crazy.

Pedal!

Under the terrible impact, Emperor Tianfei's face turned pale, and his huge palm was exploded with a fist from the Emperor Wu. The whole person stepped back several steps before he stabilized his figure, his breath was empty, and he looked in anger. Golden body Wuhuang.

The golden body Wuhuang did not take advantage of the victory, but stared at Tianfei Wuhuang coldly, his eyes were as cold as a sharp blade, and said coldly: "Tianfei Wuhuang, are you doing a guilty conscience?" "What is a guilty conscience? Don't spit blood. "Tian Fei Wu Emperor suppressed the boiling blood in the body, secretly shocked by the terrible Jin Wu Emperor, and at the same time said angrily: "Golden Wu Emperor, this emperor tells you the truth, my Misty Palace, I said that I didn't kill you Xuanyuan Emperor.

Guofeng Lei Emperor, just not, if it was really killed by my Misty Palace, my Misty Palace could say directly, is it still afraid that your Xuanyuan Empire will fail. "

Even at a disadvantage, Emperor Wu Tianfei is still very domineering and his tone is proud.

She has this confidence. Under the world, only people from the Misty Palace can dare to treat the Xuanyuan Empire this way.

"Golden Martial Emperor, don't be fooled by this person, my Misty Palace never killed you Emperor Fenglei of the Xuanyuan Empire." At this time, Emperor Wu Yan also took a step forward and said in a deep voice.

Although Misty Palace is not afraid of the Xuanyuan Empire, it does not want to be misunderstood in this matter and suffer the most unpredictable disaster.

"Emperor Ancient Cangwu, are you sure that the emperor was killed by the people of Misty Palace?" The Emperor Wuhuang turned his head.

If it were other forces, the Golden-Body Martial Emperor would never ask, but Misty Palace, he must ask clearly, this is a force that is not weaker than his Xuanyuan Empire, and is even above the Xuanyuan Empire. , Things will not be cleared.

Of course, he was never afraid, if Emperor Fenglei was really killed by the people of the Misty Palace, he had to avenge the Emperor Fenglei. "Don't you even believe me in the Golden Body Martial Sovereign?" Gu Cang Wuhuang suddenly became angry, as if angry that the Golden Body Martial Sovereign didn't trust him, he said sharply: "How dare Gu Cang deceive the Golden Body Martial Sovereign? It's what Gu Cang saw with his own eyes.

The sentence is true and there is absolutely no falsehood. "Speaking of this, he took a deep breath, and said: "Sir Golden Body Martial Emperor, you can deceive yourself and don't believe me, but think about it, who is the emperor? He has the mark of Emperor Wu left by the great emperor. In this ancient Yu world, although the strong are like clouds

, But people who can kill Saint Child are extremely rare, and only Misty Palace has this strength. Don't be fooled by the people of Misty Palace. "

Suddenly, the golden body Wuhuang was shocked.

Indeed, Emperor Fenglei possesses the Mark of the Great Emperor. Once in danger, Emperor Xuanyuan's mind clone will definitely come, even if Guyu Realm can block the void, causing Emperor Wu's mind to be very weak.

But who is Emperor Xuanyuan? The top figure in the martial arts, with the strength of the emperor, can definitely break through the suppression of the ancient Yu world and descend, so ordinary people can't kill Emperor Feng Lei.

Unless it is Misty Palace.

Shangguan Xier of the Misty Palace is the best friend of the emperor, and also the top martial emperor on the mainland. In terms of power, he must be above the emperor. If anyone can cause harm to the emperor, Shangguan Xier is definitely one of them.

What's more, Misty Palace rules the world, with many treasures, it is indeed the most likely one of all forces. Seeing the golden body Emperor Martial Emperor's complexion changed, he was thoughtful, and

the ancient Cangwu Emperor continued to hit the railroad while it was hot: "The Golden Body Emperor Martial Emperor, think about it, the subordinate is also the Emperor of the Xuanyuan Empire, how can you deceive you? What good is there to frame this misty palace? Let's think about it carefully, my lord, if Emperor Fenglei has fallen, he will be able to get news. Maybe he is in extreme anger. If we fail to protect the emperor, it is already very dangerous. , If you can't even catch the murderer who killed the emperor

What will the emperor think? I'm afraid you and me, there is no way to survive. "

"No...not just you and me!"

The ancient Cangwu Emperor suddenly turned his head, looked at Man Huo Wu Huang and all the remaining Xuanyuan Empire Martial Emperors, and said sternly: "I am afraid that everyone present will not be able to escape the great emperor's anger, and all will be buried for the emperor." Speaking of this, the ancient Cangwu Emperor's face was full of grief and indignation: "I, Gu Cang, protect the emperor against the disadvantages. I originally put my life and death out of my mind. The reason why I have been living up to now is to expose the hypocrisy of wearing the Misty Palace. Lord Shenwu and you don't

To avenge the emperor's lord, then even if my Gu Cang is crushed to pieces, I will kill this misty palace and avenge the emperor. "

boom! The ancient Cangwu Emperor yelled, his whole body erupted with astonishing pressure, and the terrifying aura swept away. He was not weaker than the previous Savage Fire Emperor. He was burning true essence, and his body flashed endlessly, even his blood was burning. Get up, this is ancient blood, The void oscillated, very solid, as if to freeze, exuding suffocation.

Burning blood directly is a big taboo, and it is easy to cause irreversible injuries to the blood. Ancient Cangwu Emperor is clearly desperate, and has to smash to the end with Misty Palace.

Is the murderer really from the Misty Palace? This thought came to everyone's mind. It was really that the actions of Emperor Ancient Cangwu were too realistic. That kind of anger, that kind of death, it was definitely not a pretense, but a real heart.

[Chapter 1562: Squirting](#)

Think about it too, if the emperor knew that the emperor had died in the ancient Yu world, all of them would not be able to escape punishment. In a rage, the emperor would even kill all of them, leaving no one behind.

"Sir Golden Body Martial Emperor, catch the people in the Misty Palace, and avenge the emperor's lord."

Man Huo Wu Huang jumped forward, the first to speak angrily.

As soon as he opened his mouth, the rest of the Xuanyuan Empire's Martial Emperors all rushed in, and said one by one, "Golden Body Martial Sovereign, don't hesitate, I'm waiting for the ancient Cangwu Emperor. The murderer must be from this misty palace. people."

All of them were filled with horrible streamers, one by one, furious, desperately desperate.

Anyway, it's a death, it's better to capture the person in the Misty Palace and avenge the emperor, so that you can make up for it by then.

The endless murderous intent lingers in the entire grotto at once, the terrifying killing intent, suffocates people, and does not change color.

The face of Emperor Wu Yan, who was always calm, changed slightly, and she said coldly: "Everyone, Emperor Fenglei was not killed by my Misty Palace. Please calm down."

She was not afraid of the warriors of the Xuanyuan Empire, but didn't want to take the blame for others.

"Hahaha, you weren't killed by your Misty Palace, but who killed it? Could it be that Gu would still blame you for failing?" Gu Cangwu Huang roared, "I clearly saw that it was killed by the people of your Misty Palace."

"Hmph, you said that my Misty Palace killed Emperor Fenglei, then tell me which one was it?" Emperor Wu Yan shouted angrily. Ancient Cangwu Emperor sneered: "Hongyan Emperor Wu, don't pretend, it is you who killed Emperor Fenglei, and the man in black. Besides, there is another group of men in black in the Law Enforcement Hall. And a few monsters with terrifying auras, not like

Humans, but like some kind of alien powerhouse. By the way, you originally wanted to seize the emperor's son, but because of the will of the emperor, the seizure failed, so you killed the emperor's son. "Speaking of this, the ancient Cangwu Emperor suddenly seemed to have thought of something. He was shocked and said in shock: "By the way, the emperor remembers that there were so many people in black in the Law Enforcement Hall at that time, but now only You are left, where did the rest go?

Could it be that he has taken away the strong from other forces like the Lord of the Emperor? "

The ancient Cangwu Emperor looked at the surrounding powers in shock, as if the people of these powers had been taken away.

boom!

As soon as this remark came out, the whole scene burst into a roar again, instantly boiling.

They looked at each other one by one, their expressions were shocked.

What the ancient Cangwu Emperor said was false, but if it was true, wouldn't it be that many of the big forces have mixed up with those people in black? Among them, Yue Chaolun and Jia Yiyi in the Holy Land of Bloodline even changed their faces. They quietly glanced at Qin Chen and were furious. Originally, they had some doubts about what they said to Qin Chen, but at this moment, what the ancient Cangwu Emperor said. It proved Qin Chen's

What they said made them even more vigilant.

Of course, the most upsetting look was the black-clothed leader and the red face Wuhuang and others.

What they did was always extremely secret, no one knew at all, how did this ancient Cangwu Emperor know?

I couldn't help but wonder if it was really the man in black they sent out who wanted to seize Emperor Feng Lei's son, which resulted in the fall of Emperor Feng Lei's son?

But they never gave such orders.

"Emperor Ancient Cangwu, you are spitting blood, what a foreigner, inexplicable!" The red face Wuhuang couldn't admit this to death, and immediately shouted angrily. "Okay, you said I was bloody, then tell me that since entering the ancient Yu realm, except when this continent was opened, I have seen people in your Misty Palace. At other times, many powerful people in your Misty Palace disappeared. No audio, you guys arrive

Where did the bottom go? "

"Only any power, any person, can prove that no one of your Misty Palace is present, then I will squat myself here to prove your Misty Palace's innocence." "And..." Ancient Cangwu Emperor sneered. He pointed at the leader of the man in black, "There are also these people, even more weird. When the Rainbow Bridge appeared on this continent, I had never seen these men in black. Why did they suddenly appear?

it's here? With the people in your Misty Palace, what are your Misty Palace planning with these people in black? Can you say it in front of everyone! "

Speaking of the end, the ancient Cangwu Emperor's body was trembling with blood, and his voice rumbling, deafening.

Everyone instantly looked at Hongyan Wuhuang and others, with vigilance in their eyes.

Indeed, all this is too weird.

Although the Guyu Realm is extremely vast, there are many strong people in Misty Palace, and people from all major forces can occasionally encounter them.

But in the past two years or so, they have never encountered a person from the Misty Palace. Except when everyone saw it when this strange continent appeared, no one had news of the Misty Palace.

This.....

Too strange.

"Hongyan Wuhuang, although Gu Cangwuhuang's words are harsh, but they are reasonable, please also Hongyan Wuhuang explain, where have your people in Misty Palace have been all this time?"

"Yes, why has there never been a trace of your Misty Palace."

"When this continent appeared, your Misty Palace was the first person to be on the scene. Now that I think about it, it is very weird. Whether the matter of the ancient Cangwu Emperor's claim of the house is true, please wait for an explanation. ."

The expressions of the people of many forces changed slightly, and some of them couldn't help but speak. "This ancient Cangwu Emperor is talking nonsense, everyone believes it? What's the point of

robbing the house? Even the Emperor Martial bloodline masters in the world can't arbitrarily rob the house. Do the people in my Misty Palace possess this ability? As for what kind of alien powerhouse, It's even more nonsense. Now the emperor suspects that this ancient Cangwu emperor's nonsense and framed my Misty Palace, is there any conspiracy? "

Hongyan Wuhuang's heart was beating wildly, but his face didn't change his expression, he turned his spear and pointed directly at Gu Cangwuhuang.

"Yeah, the matter of seizing a house is too illusory." "Haha, Luo can hear that even a Martial Emperor-level bloodline master is extremely difficult to seize others. After all, seizing a house is a matter of soul and is a forbidden technique. At the moment of life and death, there is no one to use it at all. To say that the people of the Misty Palace have such abilities,

It is indeed counterintuitive. "

"The ancient Cangwu Emperor has no evidence, but the nonsense here is a bit weird and I have to guard against it."

At this time, among the major forces, there were also some strong ones who spoke.

These people are quite terrifying in strength, and their status among the major forces is also extremely high. This opening made the voice of discussion and doubt on the court a lot of silence.

"A few of them..."

Qin Chen, who had been observing the situation, had his gaze condensed, remembering the few people who had opened up secretly, and at the same time colliding with Yue Chaolun's eyes, only to see that Yue Chaolun also showed a thoughtful look to those people. These people are weird!

[Chapter 1563: Ripe fruit](#)

However, neither Yue Chaolun nor Qin Chen spoke. At this time, the only thing that could be done was to keep a low profile, and never be a bird of the upper hand.

Once you are a bird, you will become a target. "You said that the ancient Cangwu Emperor framed your Misty Palace? It's ridiculous, in my eyes, the people in your Misty Palace are just bitches. You need me to frame it?!" Gu Cangwu Huang sneered, and then Looking at Long Zhentian, Fei Lao and others, said:

"Also

, Didn't the two want to know who killed Long Xiucheng and Master Konoha? I tell you the truth, they are also from this Misty Palace. "

what?

Fei Lao and Long Zhentian's complexion changed. Did Misty Palace killed Long Xiucheng and Konoha?

This problem can be serious.

"What you said is true?" Fei Lao said in a deep voice immediately.

If the Misty Palace killed Master Konoha, it would be troublesome. Master Konoha is the illegitimate child. He must avenge the opponent, but the other party is Misty Palace, which is a more terrifying existence than the Xuanyuan Empire. .

As for Long Zhentian, he looked hesitant and entangled, but didn't say a word, he didn't know whether he should ask or not.

If other forces killed Long Xiucheng, he would be extremely angry and would ask for justice.

But now the other party is the Misty Palace. Is it worth it to offend the Misty Palace for a Long Xiucheng? If it were in a place where no one was there, he might have given up revenge for Long Xiucheng directly, but now so many forces are watching, if he is indifferent to the death of his Long Family Martial Emperor because the opponent is a Misty Palace. Spread out, the Long Family will come

How to gain a foothold in Wuyu.

Therefore, while scolding the ancient Cangwu Emperor, he shouted helplessly: "Long Xiucheng was really killed by the Misty Palace?" "Is it killed by the Misty Palace, I don't know, but at that time, the Misty Palace and The fight between the black-clothed men and the emperor attracted Long Xiucheng and Master Konoha. Gu saw them enter the ruins with his own eyes. Later, Gu escaped in embarrassment, and Mu

Master Ye and Long Xiucheng are already surrounded. If they are safe and sound, and can be a witness for Gu, now it seems that they must have died in the hands of this misty palace. "

"Why didn't you say it before?" Fei Lao said solemnly. "Heh!" Gu Cangwu Huang looked at Fei Lao like an idiot: "If I had said it before, would you dare to offend Misty Palace for Konoha and Long Xiucheng? I am afraid that Gu would have died a long time ago. That's why I said it now, precisely because of the Jinshenwu

My Xuanyuan Empire is different when the Lord Emperor arrives. If anyone kills my Xuanyuan Empire disciple, my Xuanyuan Empire will never stop. "After saying this, the ancient Cangwu Emperor coldly looked at the golden martial emperor, and said, "Master golden martial emperor, I will say so much. If you still believe that the innocence is innocent, then I can't help it. You can be afraid of the Misty Palace, instead of going for the disciple

People get revenge, but I Gu Cang can't do it. "

boom!

After the words fell, the ancient Cangwu Emperor's figure flickered, and instantly killed the people in the Misty Palace, looking at death as home.

"Gu Cang?"

"Ancient Cangwu Emperor!"

Man Huo Wu Huang and others all exclaimed. Ancient Cang Wu Huang killed one person to Misty Palace. This is clearly thinking. With the horror of Misty Palace, no matter how strong his cultivation is, he will be unable to escape and die by himself. .

"Master Martial Emperor, I believe in Ancient Cangwu Emperor."

"Yes, capture the people of the Misty Palace and avenge the emperor."

"If you don't hold the murderer who killed the Emperor, I won't be able to live for one."

Whoosh whoosh!

Without waiting for the Golden Body Emperor's orders, the Man Huo Emperor and others moved one after another, roaring and rushing up.

The Golden Body Martial Emperor sighed. At this time, he didn't want to make a move anymore. He could only hold the people in Misty Palace first, and then make a decision. He would never let Gu Cang and others die here.

boom!

The golden body Wuhuang suddenly burst out with terrible golden light, thousands of golden lights, densely packed, like thousands of sharp swords, burst out, and killed the red face Wuhuang.

Among them, Emperor Wu Yan, who is the strongest, is worthy of being his opponent.

"Isn't it."

The red face Wuhuang was too lazy to talk nonsense, she knew how to say it, the golden body Wuhuang didn't believe them, at this moment, there was only one battle.

Hum!

The seven-orifice exquisite ball appeared in her hand instantly, covering everything, an invisible force spreading in her hand, she wanted to fight hard.

On the side, the people of the Long Family and Qidian hesitated, not knowing whether to make a move.

Seeing that the two sides will collide together.

suddenly.....

Hum!

A strong regular aura suddenly swept across the regular sacred tree in the middle of the melting lake, and the strong regular aura quickly spread across everyone's body, triggering a huge Zhenyuan shock.

I saw that the tree full of rules fruit lingering the power of rules, all quickly introverted, turned into a simple, a strong fruity fragrance diffused out, as if there was fairy music from the world.

At this critical moment, the fruits of the rules are ripe.

"Quickly, the regular fruit tree is ripe!"

"Hurry up!" In an instant, some people's eyes lighted up, and they flew out quickly, rushing to the regular fruit tree in the middle of the molten lake, and even the people of Misty Palace and Xuanyuan Empire who were about to collide together. I stopped suddenly and looked at that

Regular fruit trees flashed a trace of greed.

Before this rule fruit, any deep hatred disappeared in an instant, and everyone's eyes were focused on the rule fruit.

This is inevitable.

In fact, whether it is the Golden Martial Emperor or Fei Lao and others, they dare not say that they have a certain degree of certainty to suppress everyone on the field. After all, everyone is at the same level, close to half a step, even if a few people are stronger. , Also strong and limited.

But once you get enough regular fruits, you will be the first to enter the half-step Wudi, and even the realm of the Nine Heavens Wudi, you will be able to sweep the rest of the people instantly, unstoppable.

Therefore, compared with the immediate revenge, to win the fruits of the rules is what they need to do most.

Whoosh whoosh!

The Golden Martial Emperor who had originally pounced on Emperor Wuyan and the others suddenly stopped in shape. Then, after a turn, they went straight to the regular fruit in the middle of the Rongyan Lake, setting aside their revenge.

"Flush!"

"The Dange genius, retreat quickly, don't make a move if you are not sure, the rest, let me charge."

Where the pill pavilion was, Situ really gave a cold cry, and led the strong pill pavilion, and rushed out together. Before he could even speak, Ling Yuannan had already rushed out for the first time, even faster than Situzhen.

His eyes were full of fiery, staring at the fruit of the rules in front of him, and his heart was extremely hideous.

Grab, you must grab it. As long as he gets enough rules and fruits, after his strength breaks through, he will be the strongest among all the ancient Yujie Dange warriors. At that time, Situ Zhen will also kneel at his feet. He can kill whoever he wants to kill. .

[Chapter 1564: Death for money](#)

For a time, the scene was extremely chaotic, and at least hundreds of strong men from all major forces rushed out at the same time, and the various true essences flashed into the sky, converging into a mighty river, irresistible.

"It's a pity. Just a little while ago, the Xuanyuan Empire and Misty Palace could fight together."

Seeing this scene, Qin Chen sighed.

Only a little bit, the Xuanyuan Empire and Misty Palace would fight each other, but it was a pity that the fruits of the stock had matured at a critical moment.

He couldn't control such accidents.

Whoosh!

He flew out from the crowd, and at the same time rushed towards the regular fruit.

"Qin Chen, Lord Situ Zhen told us to retreat."

"Less dust, you are too dangerous like this."

Seeing Qin Chen's move, Ye Mo and Yan Qidao exclaimed together. Although they all broke through to the mid-term peak Martial Emperor, they can compete with the ordinary late Martial Emperor, and their strength is extremely improved, but after all, there are too many strong people here, and those who entered the Guyu Realm were already the mid-term peak Martial Emperor, and even the late Martial Emperor. Emperor strong

After more than two years of cultivation, he has already broken through to the peak state of the later stage.

Even because of the appearance of the Rainbow Bridge and this weird continent, many people were close to Wudi by half a step.

With their cultivation base, it is too dangerous to compete for those 108 fruits among so many strong people.

At this time, everyone was desperate, and such a fierce battle would inevitably lead to the fall of many martial emperors, and the major forces would not have much to say afterwards. After all, the one who was able to fight for the treasure would win.

As long as they don't take action, the major forces will be afraid of each other, and they will not rush to kill the talented disciples who can't do it.

This is also why Situ Zhen told them to retreat, in order to protect them.

But Qin Chen actually wants to participate in the fight now, isn't this looking for death? Of course, the more important reason is that their cultivation is only at the mid-level peak of the eighth stage. Even if they get the regular fruit, because of the lack of body foundation, even the late Martial Emperor has not reached it, even if they take it, they will not be able to break through to the half-step Martial Emperor or Wu

Emperor realm, why risk this life?

"Hehe, heaven, material and earth treasures, those who are able get it, don't fight for it, who knows if you are the able?"

Qin Chen chuckled lightly, not paying attention, and rushed out.

At the same time, Ouyang Nana came out by storm.

Among the entire Dan Pavilion geniuses, the only ones who dared to make a move were the two of them.

However, as he flew out, Qin Chen subconsciously glanced at the leader of the man in black.

At this look, I couldn't help but be taken aback.

Because when all the major forces were making crazy moves, the man in black and the man in the Misty Palace didn't even move.

Qin Chen immediately mentioned it in his heart.

what happened?

He didn't believe that the leader of the man in black and the man in the Misty Palace would not be interested in the fruit of the rules, but the other party did not act at all, which was too weird.

Seeing this scene, Qin Chen couldn't help but stop, and fell behind, while transmitting his voice to Yue Chaolun, Situ Zhen, Ouyang Nana and others.

"Be careful, there is weirdness here."

The solemn voice reached several people's ears, making them all startled, and they stopped inexplicably.

At this moment, the top powerhouses of some other forces have already arrived at the center of the molten lake. Their speed is so fast. They turn into streamers on the molten lake, and rush toward the center of the molten lake. Above the melting lake, the crimson melting flame is constantly boiling, and there are countless scorching air currents. These air currents surging, forming a series of scorching cyclones, hovering above the lake surface, the temperature is extremely high, ordinary mid-term Wuhuang Chong Come over, maybe even

It was burnt directly into ashes.

But hedging against the many peaks at the forefront of Wu Huang, these cyclones were still able to withstand, a famous and powerful person broke through the cyclones with all his strength and quickly approached the **** fruit.

When the first person is only a few hundred meters away from the regular fruit.

Boom boom boom!

Suddenly a bunch of scarlet molten monsters sprang out from the molten flame lake, and violently bit the few peak martial emperors in the front.

"Ah!" An astonishing scene happened. These peak martial emperors screamed, their bodies melted rapidly under the scarlet flames under their horrified eyes. Except for two people with terrible cultivation bases, they were close to half a step Martial Emperor. Blasted out the molten monster that pounced on them

, The remaining ordinary peak Wu Huang suddenly melted into ashes in the mouth of the huge molten monster.

Buzzing!

The power of the space and Dao Ze dissipated in the void, and then collapsed and dissipated, leaving no ashes.

"Where did the melting monster come from? It's so terrible!"

Everyone was frightened by this scene, and they all hovered over the molten flame lake.

The Emperor Wu who can rush to the forefront must not be weak in his cultivation, and the cultivation of the few people who were burned to ashes is even at the peak level in the later stage, but they have no resistance, and they turn into ashes in an instant, which is chilling.

"This molten monster is very similar to the essence of the source beast." Qin Chen's pupils contracted and he took a breath of cold air. The speed of this molten monster's rise is very fast, and its strength is extremely terrifying, compared to ordinary source beasts. Essence, these molten monsters contain a kind of ultimate flame destruction power, which can be guided

To the previous peak martial emperors who couldn't hold on to this molten monster for even a moment, it was frightening.

However, at this point, how could everyone be frightened by a few molten monsters.

The wages of avarice is death.

After everyone was astonished, they did not back down, but while the few molten monsters were devouring other Wuhuang emperors, they crazily captured the many regular fruits on the island.

puff! puff! puff!

A shocking scene happened. There was more than one molten monster. As long as the Emperor Wu reached a range of several hundred meters from the island, there would be a molten monster protruding out and biting the powerful Wuhuang in mid-air.

In an instant, the powerhouses of all major forces faced many molten monsters.

"Get out of here!"

"Dead!" The rest of the people went mad, attacking with all their strength, the golden martial emperor is not easy to compete with. Under all-out shots, some of the molten monsters were splashed with magma all over the body, and then banged. It fell apart, leaving only one piece to roll

The hot blood crystal sank into the molten flame.

"It's the scarlet creature."

"It's just that these blood-colored alien beasts are growing in molten flame."

"Kill them and compete for the fruits of the rules." The crowd roared, and they all shot together, rumbling loudly. In the blink of an eye, dozens of molten monsters were exploded, but there were also no less than seven or eight Martial Emperors who fell and burned all over. The cry turned to ashes, leaving only the armor and weapons on his body falling into

In the magma lake, it gradually sank.

"Get away!" Suddenly, one of the molten monsters heard an angry voice, followed by a loud bang, and the lava splashed. I saw a top expert of the ancient Fangjiao after being bitten by a molten monster, his whole body The black evil spirit was so bright, like a **** of war, directly rushing out from the mouth of the molten monster that bit it.

[Chapter 1565: Rule fragments](#)

I saw the black light flashing on his body, and his upper body was wearing a pitch-black ferocious armor. The radiance was brilliant. On the armor, there were several deep tooth marks that carried the bite of the molten monster.

Taking this opportunity, this top powerhouse twisted his body and rushed out. The goal was the rule fruit on the sacred tree of rules.

"He blocked it!" Everyone was overjoyed. This person is a top expert of the ancient Fangjiao, but in terms of strength, he is only ranked in the top dozens of the crowd. However, he has a heaven-defying armor. Since he can Blocking the swallowing of the molten monster obviously also represents its

People who are stronger than him can also stop the swallowing of the molten monster.

Whoosh!

In the surprise of everyone, this person was extremely fast, and instantly came to the central red spar island and rushed to the sacred tree of rules.

Hum!

But suddenly, an invisible force of rules struck him. He was clearly only hundreds of meters away from the rules of the sacred tree, but he could not get close to the rules of the sacred tree, as if there was an invisible wall in front of him, blocking his progress.

"what happened?"

He was taken aback, and everyone else was also surprised. Under the eyes of everyone, the ancient Fangjiao strong is only a hundred meters away from the rule sacred tree. This equidistant distance, with their strengths, can break through in a blink of an eye, but the ancient Fangjiao top strong is like a mire, Hard to move, let alone

Needless to say, pick the regular fruit.

"It's the power of rules."

Situ Zhen looked at the strong, and instantly understood the problem.

Around this rule sacred tree, the power of infinite rules lingers, if you want to get close to the rule sacred tree and pick the rules of the fruit, you must comprehend part of the rule's power and resist the rule power released by the rule sacred tree before you can pick it.

It's like the Rainbow Bridge that entered this mysterious land.

Only by comprehending some of the rules, can you stand still on the Rainbow Bridge and come to this continent.

Of course, compared to the extremely weak power of the rules on the Rainbow Bridge, the power emanating from the sacred tree of rules is far too strong, and it cannot be easily broken.

by! by! by!

Everyone thought that when they came to the regular fruit tree and harvested the regular fruit, they could take it to break through the realm of Emperor Wu. Unexpectedly, there was such a heavy obstacle, which immediately made people extremely depressed.

But no matter how depressed, you have to rush, compared with the rules of fruit, any difficulties have to be overcome.

"Flush!"

Under the anger, a famous expert landed on the spar island one after another. As expected, after falling, his body suddenly seemed to be held down by a large mountain, and breathing was extremely difficult.

Qin Chen also mixed in the crowd, broke through the blockade of the molten monster, swish, and landed on the spar island.

Beside him, Ouyang Nana also fell, and she glanced at Qin Chen unexpectedly.

"Huh, I didn't expect that your strength is not weak, you can actually walk here?" Ouyang Nana glanced at Qin Chen unexpectedly.

"You can come up, why can't I come up." Qin Chen said with a smile, but glanced at the location of Misty Palace.

I saw the people of the Misty Palace, who also looted at this time, but the leader of the people in black remained in place, without any thoughts of competing for the fruits of the rules.

"What kind of medicine are these guys selling in the gourd?" Qin Chen couldn't understand.

The other party attracted them here secretly. It was by no means for them to get the fruits of the rules, but so far, the other party hasn't done anything at all. When will they have to wait?

Although doubtful in his heart, Qin Chen still stared at the regular fruit tree, because he was certain that no matter what the other party's conspiracy was, the regular fruit in front of him was indeed true.

"Forget it, the power of perceiving the rules is the kingly way. As long as they get the fruits of the rules, Situ Zhen and the others will break through Emperor Wu, no matter what conspiracy the other party has, they will be sufficient to deal with it."

Qin Chen immediately settled and felt the power of the surrounding rules.

The power of the rules here is much stronger than the power of the rules on the Rainbow Bridge, as strong as Qin Chen, and he feels his body sinks and can't move. But who is Qin Chen? In the previous life, he was the pinnacle of Emperor Wu. It was only because of his blood that he could not enter the Emperor Wu. In this life, he has already felt a lot of the power of rules on the Rainbow Bridge.

The mystery of the rules.

All kinds of enlightenment were surging in his mind, and in the sea of his knowledge, there seemed to be a small bright spot formed, as if to nurture something.

Is it a rule fragment?

Qin Chen was stunned.

This is too fast.

In the previous life, Qin Chen wanted to break through Emperor Wu, and naturally knew how to become Emperor Wu. The so-called power of perceiving rules is actually condensing the fragments of rules. When enough fragments of rules are formed and merged into a complete power of rules, the martial artist will immediately step into a brand new realm, as if it is fused with the heavens.

The body will undergo an amazing transformation.

This is Emperor Wu!

In the previous life, Qin Chen was unable to condense a rule fragment due to the waste of his bloodline and exhausted all the means. But in this life, he condensed the rule fragment just under the sacred tree of rules. Is this too easy?

But he is the mid-term peak Martial Sovereign. He hasn't even reached the late Martial Sovereign period, so he can condense the rule fragments?

Qin Chen did not break through to become Emperor Wu in his previous life, so he was also at a loss.

However, after realizing this fragment of rule, Qin Chen found that the oppression on his body was immediately relieved.

This is also quite interesting.

Even if you don't take the rules of fruit, as long as you can safely walk to the rules of the sacred tree, wouldn't you be able to condense a lot of rules fragments?

Qin Chen did not stay in a daze, and immediately walked forward.

He is not satisfied with just condensing some rule fragments. In his understanding, it takes an extremely long process from condensing the rule fragments to breaking through the Martial Emperor. Any rule force is composed of a large number of rule fragments.

A small rule fragment was just a small step on Wudi's road.

In comparison, it is most useful to win the fruits of the previous rules. Even if he can't take it, he can still take it for the elderly and black slaves.

Thinking of this, Qin Chen immediately walked forward step by step.

After only five steps, Qin Chen felt that the pressure on his body had reached the limit again and could no longer move forward.

When does this have to go?

Qin Chen frowned when he looked at the sacred tree of rules a hundred meters away. In fact, not only Qin Chen, but other people are also anxious. They can't wait to come before the regular fruit tree, but even the top ranks of the strongest cultivation bases, such as the Golden Martial Emperor, Fei Lao, Yue Chaolun, and Situ Zhen. Martial artist, just walked out

More than ten steps.

It's not that their strength is much stronger than Qin Chen, but their cultivation is close to half a step Martial Emperor, and when they have been in the ruins, they have taken regular fruits, and there are already regular fragments in their bodies, which is one step ahead of Qin Chen.

"Roar!"

While everyone resisted the power of the rules, roars rang out, and the molten monsters in the molten lake rushed to the spar island.

Moreover, their speed is unabated under the pressure of the regular fruit trees, and they can ignore the power of the rules here.

Puff!

"what!"

Suddenly, screams rang out, and more than a dozen Emperor Wu at the edge of the island were besieged by many molten monsters, turned into blood mist, and their bodies were broken.

not good! Everyone's complexion changed drastically. On this island, while resisting the power of the rules, while also preventing the molten monster from shooting, this is simply on the line of life and death!

[Chapter 1566: Who wants you to save](#)

For a time, the crowd was in chaos.

But no one didn't want to just withdraw like this, losing the opportunity to obtain the fruits of the rules to become Emperor Wu, so they shot back.

Bang bang bang! Although these molten monsters are not affected by the power of the rules, after leaving the molten lake, the power of melting on their bodies immediately dissipated a lot. Except for some martial emperors who are not strong enough to rush up, generally late martial emperors Level enough

Strongly resist.

But there are too many molten monsters here, and they are constantly pouring out of the molten lake, causing everyone's pressure to double.

"Roar!"

One of the melting monsters stared at Qin Chen, his figure flickered, and instantly came to Qin Chen.

"roll!"

Qin Chen snorted coldly and blasted out with a punch. With a thud, the melting monster roared and flew upside down, melting flames and red spar splashing around on his body.

I rely on!

Ouyang Nana saw her eyes, her heart contracted suddenly. Didn't she have never fought these molten monsters, and faced a molten monster just now. Although she resisted it, she was in a panic. It took a lot of hands and feet to get it done, but Qin Chen took the melt with a single blow. The monster flies, strength

The big gap is really like heaven and earth.

Qin Chen didn't care about Ouyang Nana's surprise. He moved on, approaching the sacred tree of rules, and soon, another molten monster rushed forward and turned into a flame, powerful and stronger than the previous one. .

Qin Chen waved his fist and banged, this melting monster also flew out backwards, just like before.

Ouyang Nana was stunned again, the strength of this molten monster was clearly stronger. If she changed it to her, she might not be able to show 50% of her strength in the position where Qin Chen stood, and she would inevitably fall into danger, but Qin Chen hit it. Boomed the opponent.

Have you taken medicine?

While she was stunned, Ouyang Nana suddenly felt a strong sense of crisis, turned her head, and found that a molten monster was staring at her, and she had come close to her.

"Roar!"

Two rows of sharp teeth opened up, biting down at her, almost too late for Ouyang Nana to react.

Ancient Phoenix blood!

In the critical state, Ouyang Nana hurriedly used the power of blood, an ancient phoenix soared into the sky, and rushed to the molten monster, but was bitten by the molten monster.

The distance is too close, and the bloodline power has no time to release its power, and it has been shattered. "Am I going to die here?" Ouyang Nana was desperate. The bite force of this molten monster was so strong that even if a martial emperor-level Tianjiao expert was bitten in the late stage on the field, she could not escape her death. Although talent is amazing, after all, it's only mid-term peak martial

In the emperor realm, how can he survive with this mouth?

At this moment, Ouyang Nana even regretted why she had rushed into it so deep. Here, her power was limited to only half, otherwise she would never fall into danger so easily.

boom!

In desperation, a stream of light swept across, and the molten monster that was about to bite Ouyang Nana with its mouth opened and flew out.

It's Qin Chen!

"Do you dare to be stunned in this kind of place, do you want to die?" Qin Chen said coldly.

"Who wants you to save!"

Ouyang Nana was extremely embarrassed and said angrily.

"If it weren't for Master Ouyang Zhengqi's sake, I would save you? Just saving one of you, the next time you might not have such good luck." Qin Chen said indifferently, turning around and moving on.

He has an advantage over others, that is, his defense is too strong, even if he is bitten by a molten monster, he has no fear at all. Therefore, he can concentrate more on understanding the power of rules than others.

"You..." Ouyang Nana was so angry that she couldn't speak for a long time.

Thinking of her being in the Pill Pavilion Palace, she claimed to be a Pill Pavilion Saintess and looked down upon Er Uncle's order to take care of Qin Chen. Only now did she understand Er Uncle's good intentions, Qin Chen is indeed a strong abnormality.

It was only less than three years, and he was far above himself, and his mind suddenly trance.

"Humph!"

But if she wants her to admit her mistake, that is absolutely impossible, "It's just some adventure, what's so great."

She gritted her teeth, her eyes were firm, and she felt the power of the rules around her, step by step.

At this time, the ones who walked in the forefront were the powerhouses of the top powers, such as the Golden Martial Emperor, Fei Lao, Situ Zhen and others.

They are the people closest to the realm of Emperor Wu, and naturally they are also the strongest in mastering the rules.

But soon, someone caught up.

It is the Emperor Wu Yan.

Misty Palace is worthy of being the top power in the mainland, and the martial emperors under his command are all terrifyingly strong, quickly approaching the sacred tree of rules.

The most shocking of them is Murong Bingyun!

"So fast!"

She is like a fairy, with a light figure, a lotus growing every step of the way, and her speed. She is second only to Wu Yan Wu Huang, and even stronger than the old power such as Tian Fei Wu Huang.

how is this possible?

Everyone was shocked. Murong Bingyun is only the mid-term peak martial emperor. No matter how strong it is, it is extremely terrible to surpass those late martial emperors. After all, everyone who can

come to the ancient Yu world is the best of the martial emperors, but now there are many late peak martial arts. Emperor, even

The powerhouse close to the half-step Wudi is not as fast as her, which is unbelievable.

"It's a natural spirit body!"

Qin Chen condensed his eyes and saw the clues.

Murong Bingyun's natural spirit body is extremely terrifying, and it is innately compatible with the Great Dao, and is one of the most suitable physiques for cultivation.

Compared with the fixed attribute physique of the natural thunder body, although the natural spirit body does not have attribute bonuses, its terrible place is that it is much faster than ordinary people regardless of any practice, profound meaning, or even rules. The promotion.

Many strong players on the field may surpass Murong Bingyun in the aggregation of rule fragments, but she may not be terrible at the speed of comprehending the power of the rule and offsetting the pressure of the rule.

She seems to be born with the avenue, which is enviable.

Not only Murong Bingyun, Ji Ruyue and You Qianxue were also extremely fast, quickly surpassing most Wuhuang emperors and occupying the top position.

day!

After all, Murong Bingyun is the Young Palace Master of the Misty Palace and the righteous daughter of Shangguan Xi'er. She is strong, everyone can understand, but Ji Ruyue and You Qianxue are also so strong, it is really shocking and incomprehensible.

No, Ji Ruyue is fine. The Ji family has a profound background, and is one of the top hidden families in the Martial Domain. She has such strength, and it can be considered reasonable.

Can You Qianxue?

The little-known and unknown disciple of the Law Enforcement Palace is also so terrible, it makes people startling.

The Hall of Law Enforcement and the Misty Palace are too strong.

"Huh, this woman!"

Even the red face Wuhuang looked at You Qianxue in surprise, Ji Ruyue, from Ji's family, she was a little concerned before, as for You Qianxue, but didn't care much, now seeing You Qianxue's strength, her eyes flashed. This girl is worth training, she has missed such a pearl!

[Chapter 1567: Violent](#)

No one knows that when Ji Ruyue and You Qianxue were quickly approaching, they were also shocked by their own performance. In their bodies, the two void meridians that appeared because of Qin Chen were shining at this moment, as if they were substantive. Pair rule

The sentiment of the power has been increased tenfold.

The same feeling is also felt by Chen Sisi and Om. In the body, the twelve meridians flickered, which increased their perception of the power of rules countless times.

Of course, no matter how fast it is, it is only a bit faster than other Wuhuang, even the Wuhuang who is closest to the Rule God Tree is still a certain distance away from the Rule God Tree.

In this way, everyone tried their best to get close to the sacred tree of rules.

At this time, whoever can be the first to get close to the sacred tree of rules can achieve the winner-takes-all, and smoothly pick most of the rules fruits, and it is by no means like normal plunder that will encounter competition from others.

Qin Chen continued to perceive the rules. In his body, the Nine Star Divine Emperor Jue went crazy, and the Dimensional Eucharist also urged to the extreme.

What shocked Qin Chen was that the golden parasitic seeds also gave him a tremendous help, and the misty powers escaped from the parasitic seeds, making Qin Chen's perception of the power of rules clearer than ever. It has to be said that the parasitic seed is indeed very anti-sky. Once possessed, it has an irreplaceable anti-sky effect on cultivation. Unfortunately, the parasitic seed is against the sky, and it will eventually seize the host and let the host become its ultimate Metamorphic

nutrient.

Under these multiple blessings, Qin Chen walked forward more than ten steps in one breath, walking on the ground with ease.

"what?"

"Where did this guy pop up?"

"A mid-term peak martial emperor, how can he withstand such terrible rules?"

Everyone was shocked. At this moment, Qin Chen's position was already approaching the second camp, on the same line as Ling Yuannan, Lu Haoran and others.

Second only to the first camp such as Situ Zhen.

"Qin Chen?"

Situ Zhen was also shocked, and Ling Yuannan's eyes were about to burst out angry.

A pariah of the Lower Four Realms, and his resistance to the power of rules has reached the same level as him, how is this possible?

Previously, he had taken a regular fruit, and his cultivation was faintly close to the half-step Martial Emperor, but Qin Chen was only the mid-term peak Martial Emperor.

"By the way, this kid must have taken a lot of regular fruits before."

Suddenly, someone said.

"Hey, why didn't I expect it."

"It's really possible."

If Qin Chen had taken the regular fruit and he had regular fragments in his body, it would be possible to explain why he could come here.

The fruit of the rule doesn't talk about the reason for the cultivation. As long as it is taken, it will naturally condense the rule fragments in the body. It is just that, no matter how much it takes, it will not be able to break through the Emperor Wu.

"What I said, it's just a mid-term peak martial emperor, and I heard that this person was only selected by Dan Pavilion from the lower four domains. How can the perception of the power of the rules exceed the top powers of the major forces?"

"Damn, he can get here with his cultivation base. I don't know how many regular fruits have been taken? Two? Three? Or more? Violent heaven and earth!"

"Damn, if the fruit of the rules that the kid swallowed was given to Lao Tzu, Lao Tzu might have become a half-step martial emperor, or even a powerful nine-day martial emperor."

A group of people are extremely jealous.

Qin Chen just smiled lazily and ignored it.

Ahead, after Qin Chen rested for a while, he moved forward again and approached the first camp such as Situ Zhen.

"Damn, you can actually move forward."

Everyone was horrified.

At this moment, a molten monster stared at Qin Chen, two scarlet lights shot out of his eyes, and rushed towards Qin Chen.

"Qin Chen, be careful, come to me."

When Situ Zhen saw this, his face changed drastically, and he hurriedly gave a low voice.

Qin Chen took the fruit of the rules. Although he reached the same level of resistance to the rules, his cultivation base was too low. Under the pressure of the rules, how could he withstand the attack of this molten monster?

Qin Chen's performance along the way made Situ really love his talents, and he didn't want him to fall here. What's more, as the leader of Dan Pavilion's trip, he naturally has the duty to protect every team member.

Under the low drink, Situ really wanted to get close to Qin Chen subconsciously.

"Ha ha!"

At this moment, the leader of the Long Family, Long Zhentian, was located near Situ Zhen, and unexpectedly took a step, blocking Situ Zhen's way to rescue Qin Chen.

"Long Zhentian, what are you doing?" Situ really furious.

"What?" Long Zhentian looked stunned, pretending to be unaware: "Master Situ, what happened to Long?"

But he sneered in his heart, a little bit of the Lower Four Realms, and wanted to keep pace with them? Thinking too much, if you let Qin Chen go to the front, wouldn't it give Dan Pavilion more opportunities to plunder the fruits of the rules?

"You..." Situ was really frightened. Here, his figure movement is also very difficult, not as easy as the outside world. Now he is stopped by Long Zhentian and wants to rescue Qin Chen, but it is too late.

"Roar!"

In the roar, the molten monster had already arrived in front of Qin Chen. This molten monster is huge, majestic and majestic. It burns flames all over, and among its pupils, it bursts out with red light. The hot breath is extremely terrifying. Even if it is really first-rate like Situ, I dare not despise it, Qin Chen A mid-term peak

Emperor Wu, how can he resist it?

Under all eyes, Qin Chen didn't retreat and couldn't move forward, but directly blasted towards the molten monster with a punch.

"Hahaha, what a stupid person this is. I don't want to run back at this time, I actually want to block the attack of the molten monster with my fist!" Someone sneered, shaking his head again and again, disdainfully.

At this time, the only thing that can be done is to retreat quickly, give up fighting for the fruits of the rules, and completely explode the suppressed cultivation base, and there may be a glimmer of life.

But Qin Chen?

Wouldn't it be self-defeating to want to resist this molten monster?

"It's a pity, Dan Ge finally found a genius, who died here stupidly."

"It's still greedy. People die for money and birds die for food. Sincerely don't deceive me."

"Young man, I don't know how to measure, how can I think about it so much!"

"Wait to ashes."

Many people are cynics, anyway, it's nothing to do, and Qin Chen is still a member of the four regions, they naturally want Qin Chen to be torn to pieces.

The fire was all over the sky, but as everyone expected, the scene did not appear. Qin Chen struck out forcefully, his fists were intact, and there was a great atmosphere circulating, and he blasted towards the molten monster.

Bang! The molten monster was suddenly smashed into the air, and there was a dent on his forehead.

[Chapter 1568: Sure to die](#)

The eyeballs of those cynics were almost bursting, their mouths opened wide in shock, their cheeks twitched, and they couldn't say a word.

Situ really breathed a sigh of relief. He was scared to death by Qin Chen before, but now seeing the expressions of the crowd gave him an inexplicable pleasure, and he couldn't help laughing.

"It was actually blocked."

"Why is this molten monster so weak?"

"It shouldn't be. Looking at the momentum of this molten monster, the Emperor Wu can swallow it in one bite in the later stage. A mid-term peak Wu Emperor can actually block it, right?"

It took a long time before someone came back to their senses, and they all spoke in shock.

At this moment, the molten monster was also a little angry, roared, and continued to rush towards Qin Chen.

"Humph!"

Qin Chen snorted coldly, blasting dozens of punches in a row, and every time the melting monster rushed forward, he would be blasted away by him. He couldn't get close to his side at all. Instead, countless shards of melting flame and spar were splashed and scattered everywhere. One place.

After dozens of attacks, the molten monster was actually afraid of Qin Chen, roared and stopped attacking.

In fact, Qin Chen is fully capable of slaying this molten monster, but now that everyone is watching, his ability to approach the sacred tree of rules has already shocked everyone, and there is no need to overdo it.

"Damn, the melting monsters have given up?"

"Damn it!"

"It looks like this molten monster is really not good. It has a mighty appearance. In fact, it is strong on the outside and capable of doing it."

Some people are commenting, and many people nod their heads.

It seems that this molten monster has done it outside and outside. It looks very fierce, but in fact it is not strong. Other than that, there is no other explanation.

"Roar!"

As soon as the person's voice fell, the molten monster who was frightened by Qin Chen seemed to understand the person's words, and suddenly roared and rushed towards the person.

"Ha ha."

The man sneered, not afraid at all, and blasted a punch directly with a cool posture.

What is there to be afraid of for a molten monster that even the mid-term peak Martial Sovereign cannot hold?

But the next moment, his face changed.

With a bang, his punch hit the molten monster, as if it hit a huge mountain of profound iron, an infinite force hit it, instantly shattering his fist power, and then hit him hard. .

Click!

There was a sound of bone fragmentation, the man flew out, his chest was sunken, and his ribs did not know how many he had broken. He opened his mouth and vomited out dark blood and pieces of internal organs.

Puff!

The molten monster seemed to be puzzled, and bit the person with one bite, and immediately broke the person apart, splashing blood all over the floor.

There was silence on the court.

Everyone was dumbfounded.

The man had previously said that this molten monster was strong and capable, and could not withstand a single blow. In the blink of an eye, the body was in a different place, and the blood flowed through the sky, making the whole body stand upright and terrified.

After killing one person, the molten monster continued to take action, causing a burst of chaos, and was finally suppressed by a group of people, and blasted to pieces.

Until this time everyone came to wake up, it was not that this molten monster was too weak before, but that Qin Chen was too strong.

hiss!

Inhaling air-conditioning sounds one after another, a mid-term peak genius is just, comparable to the Wuhuang powerhouse at the peak of the later period, it is simply abnormal and terrible.

Qin Chen ignored the shock of everyone, but moved on.

After a while, he has reached the position of the first camp.

Here, the power of the rules is so heinous, and the void is trembling faintly.

Of course, this feeling is just an illusion. The rules of heaven and earth were born to maintain the operation of heaven and earth. How could it destroy the void?

Here, there are only tens of meters away from the tree of rules. A trace of the power of invisible rules swept over, everyone was frightened, because this power of rules is extremely destructive, if there is not enough strength, rush into it, it will inevitably be torn apart by the power of invisible rules.

Fragments

.

Therefore, even Situ Zhen and others are stopping.

Even if Qin Chen consumes more regular fruits, with his strength, here is the limit. Going forward, he realizes the power of the rules, but his physical strength is not enough, and he will only die immediately.

Many people were full of expectations, hoping that Qin Chen would go forward and be killed.

"Qin Chen, be careful, this is the critical point of the power of the rules, and further forward, the power of the rules will become the essence. If the cultivation base is not enough, you will undoubtedly die."

Seeing that Qin Chen had to move forward, Situ hurriedly warned that it would be a pity for such a genius to fall here.

Others were disappointed and wanted to watch the excitement. Situ Zhen said that this kid would definitely not go on. Isn't it a good show?

Under all eyes, Qin Chen paused slightly, then got up and fell.

Hum!

An invisible force of rules swept over Qin Chen's body suddenly, a feeling that even the heavens and the earth would tear apart, filled his whole body, trying to shatter his body, as if it could destroy everything .

This is an attack of rules, different from true yuan, different from others, directly acting on the essence, unstoppable.

A threat of death came, as if the death god's sickle was placed on Qin Chen's neck.

Qin Chen didn't dare to be careless after all, he used the most powerful defense.

Space Eucharist!

Bang!

His body shook, blood spilled from the corner of his mouth, and his body was like porcelain, cracks appeared, but the next moment, he held on, and his shaky body stood up straight, not shattered.

Damn, fuck, fuck! Many people say three words in succession in their hearts, all petrified, and there are countless grass and mud horses in their hearts. They can't understand them. The power of the rules directly attack the origin. With Qin Chen's cultivation base, even if he takes more rules fruits, Unstoppable

How did his physical body resist this regular attack that reached its origin?

Didn't they dare not go beyond seeing the Golden Martial Emperor?

"Could it be... his cultivation base is half-step Martial Emperor, and the cultivation base he sees on the surface is only what he hides?" someone said with a trembling voice.

"impossible!"

The others shook their heads. The half-step martial emperor could indeed hide the cultivation base in front of them, but that was in the outside world, before the rule of the sacred tree, under the power of the rules, all cultivation bases would be exposed and could not be hidden. .

"But how can this be?"

Everyone can't understand.

"There is only one possibility, the opponent's cultivation base is not high, but the physical defense is extremely terrifying, comparable to a half-step Wudi." Hongyan Wudi suddenly said.

"What?" The others were stunned. The cultivation base of the mid-term peak, the physical body is comparable to the half-step Wudi? How abnormal is this?

But this seems to be the only possibility.

The strong people who can enter the Guyu Realm are very arrogant in the outside world, thinking that they have one of the best aptitudes, otherwise how could they be selected to enter the Guyu Realm. Now that I see a young man at the peak of the mid-term, his physical defense is still above them, how can they accept it?

[Chapter 1569: Fruit in hand](#)

"Humph!"

In the crowd, Murong Bingyun suddenly gave a cold snort.

Her eyes flickered with colorful auras, she was originally in the first camp, and now she took a step forward, but she also stepped into the area where the power of the rules was substantive.

"Bingyun!"

Hongyan Wuhuang said nervously.

During this trip to Guyu Realm, she had two tasks. The first was to cooperate with the actions of the man in black, and the second was to protect Murong Bingyun.

In comparison, practicing in the ancient Yu world ranked third.

If something happened to Murong Bingyun here, she would be to blame for her death.

Murong Bingyun ignored her, but stepped in proudly.

Hum!

As if turned into the power of substantive rules, suddenly cut.

Murong Bingyun's complexion turned cold, and his body bloomed with aura, as if he was a god, blending into the realm of heaven.

"Bingyun stopped her!"

Hongyan Wuhuang is overjoyed.

suddenly.....

Murong Bingyun snorted, blood overflowed from the corner of his mouth, his body shook, and he almost fell.

But in the end, she stood firmly on her heels and stood up straight again, her eyes shining brightly, proud as a cloud.

Qin Chen glanced at Murong Bingyun, his eyes slightly cold.

The temperament of this Murong Bingyun is too much like the Shangguan Xi'er of the year, and the Shangguan Xi'er of the year is also like this Murong Bingyun, high above and overlooking the crowd. The men under the world are not in her eyes, only Qin Chen, Make it impressed.

But who knows, under that arrogant face, there is such a vicious heart hidden.

Murong Bingyun and Shangguan Xi'er were really masters and apprentices, they were carved out of one bone.

Without looking at Murong Bingyun again, Qin Chen turned his head and stared at the sacred tree in front of him.

Very close.

The sacred tree of rules at this time has become extremely clear, its aura is restrained, as if it contains the highest road, controlling the rules of all things.

Inside the sacred tree, the veins are clear and transparent, and only by innately nurturing can they nurture such things that are against the sky.

Qin Chen was still going forward bravely, his whole body was full of power, and the spatial body was extremely terrifying, urging to the extreme, the immortal body was actually improved by the strangulation of the force of this rule.

The Immortal Eucharist, every ascension requires a horrible temper. For others, it is strangling by the power of endless painful rules, but for the Immortal Eucharist, it is an experience and an improvement.

"At this speed, my Immortal Eucharist actually has a trend toward the mid-seventh stage."

Qin Chen was surprised.

Unexpectedly, the power of fighting the rules would have such a gain.

But he also knew that if it wasn't for the reason that he had cultivated into the body of space, the immortal Eucharist alone would not be able to withstand the power of such terrible rules. By then, the power of rules would not be experience, but obliteration.

Qin Chen burst into light, like a god, moving forward step by step, resisting hard.

His body was trembling, and cracks appeared on his skin, like porcelain that was about to shatter. Who can bear this pain? But Qin Chen withstood it abruptly, and continued to move forward, with an extraordinary style.

He needs to pick the fruit of the rules, because he doesn't know what the black man's conspiracy is.

Everyone looked at Qin Chen in shock, they were all dull. This was exactly the style of Emperor Wu, and it made everyone dazzled, thinking that Qin Chen should actually be a nine-day Emperor Wu, deliberately disguising himself as Emperor Wu.

After half a stick of incense, Qin Chen almost smashed in front of the Rule God Tree.

From here, the rules of the sacred tree are more clear.

All kinds of Ambilight make people intoxicated.

When he got here, it was very difficult for Qin Chen to move, because any fluctuation in the power of the rules could cause him to suffer severe injuries.

Fortunately, those molten monsters also seemed to be very jealous of the area where the power of the rules were substantive, and they would not be able to enter this area at all, otherwise Qin Chen would have fallen into distress long ago.

But behind Qin Chen, Murong Bingyun was not as strong as Qin Chen. Even if she relied on her natural spirit body to enter the area where the power of the rules was substantive, she could be at least a few meters away from Qin Chen.

And this distance of several meters is a gap.

"hiss!"

In the grotto outside the lava lake, Yan Equator, Ye Mo and others were completely sluggish.

Qin Chen is too terrible. He is the only one among all the people who is closest to the God Tree of Regulations. Could he be the first warrior to pick the fruits of Regulations?

In the exclamation of everyone, Qin Chen finally came to the side of the sacred tree of rules. The number of rule fragments condensed in his mind is extremely large. If he is a late martial emperor, it is enough to sprint into the half-step martial emperor realm, but because of the cultivation base, although so many rule fragments have been condensed, his cultivation For still stuck

Mid-term peak.

The closer to the sacred tree of rules, the more terrifying the dissipation of the power of rules, I saw that Qin Chen's body overflowed with blood, and it was about to break at any time, and Qin Chen had to be careful even with the small movement of moving his fingers. , Be extremely cautious.

At this moment, Qin Chen was only half a meter away from the nearest regular fruit.

Compared with the regular fruits obtained in the ruins at the beginning, the regular fruits here are extremely fresh, and the aura is becoming more and more intense. On the surface of the fruits, there are faint runes flickering, lingering complex lines, showing the complexity of the avenue.

But even at such a short distance, Qin Chen couldn't see the lines on the fruit clearly, as if there was a strange power covering it.

Qin Chen stretched out his hand with difficulty, and the force of rules lingered above his fingers, and the more he stretched out an inch, the stronger the pressure he received.

Qin Chen didn't dare to rush forward, a little bit forward, just a gesture of extending his hand consumed half of his incense, and finally touched the first regular fruit.

Under the eyes of everyone, the regular fruit touched the blood qi, naturally fell, and was held in the palm of Qin Chen.

"Damn, he really got it?"

"Rule fruit!"

"Is there any reason?"

The crowd shook wildly, one by one sucked in air.

Among all of them, it was a disciple of the Lower Four Realms who was the first to get the fruits of the rules. This... just think about it and make them vomit blood.

But then, everyone's eyes became hot. "Qin Chen, right? You should have felt that, with your mid-term peak cultivation base, no matter how many regular fruits are swallowed, it is useless. It is impossible to enter the realm of Emperor Wu. It is better to sell this regular fruit in your hand. Give me any price you drive? "

Some strong people spoke immediately, with fiery eyes.

"No, sell it to me, guaranteed to be twice as high as anyone's bid."

"I'm twice as tall!"

"As long as you sell it to me, my Xiao family will treat you as a guest. From now on, your business will be my Xiao family's business."

"Boy, give the fruits of the rules to the old man, and the old man will protect you."

"Hurry up!"

"With your cultivation base and background, you can't keep the fruits of this rule at all. Everyone is innocent and guilty, so don't cause trouble to the upper body." A group of strong men shouted, with cold eyes, temptations and warnings, and they used their own methods.

[Chapter 1570: Stop it quickly](#)

For a while, the field was very lively, and everyone spoke up, extremely enthusiastic.

Some even set out conditions that they would be afraid of afterwards.

However, with their cultivation base, as long as they obtain a regular fruit, they can directly break through to the half-step Wudi, step into that regular substantive area, and pick many regular fruits at will.

In this way, even if you pay a high price, you are still afraid that you won't get it back?

Qin Chen naturally wouldn't agree to anyone. Not to mention that he himself does not need the rule fruit. With so many friends and subordinates, he will also need the rule fruit to help him when he breaks through the Martial Emperor in the future. This thing is a treasure in the martial arts, even if it is his hand. There are not a hundred

It would be too much, not to mention only got a mere one now?

In fact, Qin Chen knew very well that the fruits of the rules can only be regarded as assistance. The best way to become Emperor Wu is to condense the power of the rules by himself, to understand the rules of heaven, and to take the fruits of the rules is a shortcut, but a trail.

The real top Wudi in the Martial Domain almost never broke through directly by taking the fruits of the rules.

And many Wudi who want to develop in the future often first condense the rule fragments by themselves, and then think of ways to improve themselves.

Qin Chen would never rely on taking the regular fruit to break through the Emperor Wu, but this did not mean that he didn't need the regular fruit.

Click!

Directly picked up this regular fruit, Qin Chen swallowed it in one go.

This regular fruit melts in the mouth and is extremely sweet. When it enters the mouth, it instantly transforms into a warm current surging over Qin Chen's limbs.

"Comfortable!"

Qin Chen's first feeling was comfort, and the second feeling was freedom.

Hum!

In the fruit of this rule, there are countless regular auras that circulate in his body, and finally, converge into a regular fragment in his mind.

This rule fragment is much more complete and stronger than his own condensed rule fragment.

Qin Chen had a hunch that only ten pieces of such rules could be connected to form a force of rules, allowing people to directly break through to the realm of Emperor Wudi in Nine Heavens.

"Sure enough, ten regular fruits can cultivate a Wudi strong."

Qin Chen knew it.

Of course, the effect of the fruit of the rules in the outside world is actually not the case. It is often refined into a pill, or the powerhouses who are stuck in the bottleneck and still unable to perceive the power of the first rule step on the power of perceiving the rules. first step.

As for directly taking the ten regular fruits to break through to become Emperor Wu, it is undoubtedly an extremely wasteful behavior. Of course it's different here. If there is a chance, everyone in the room

would like to break through to become Emperor Wudi in the first time, because once the first one becomes Emperor Wu, he can suppress everyone and harvest all the remaining rules.

A gain?

"Qin Chen, you deserve to die."

"You are the peak martial emperor in the mid-term, even if you take the fruit of the rules, you can't break through the emperor and violently destroy the heaven."

"Stop it quickly."

"If you dare to waste no matter how much you waste, don't worry about it."

Everyone was angry. Seeing Qin Chen directly ate a regular fruit, his painful heart was about to burst, as if the regular fruit Qin Chen ate seemed to be what they had.

"What are you talking about? Can't hear you clearly!"

Qin Chen looked at the group of people behind him in surprise, and said with a smile.

Then, he took the previous step and picked the second regular fruit again.

Originally, with Qin Chen's cultivation base, it was difficult to obtain a regular fruit before, and it was extremely difficult to pick another one.

But he had just taken a regular fruit, and the power of the rules in his body was greatly increased, and he was naturally able to resist more power of the rules.

Click!

He picked five or six regular fruits nearby.

"stop!"

"presumptuous!"

"Quickly stop me."

"Dare to move a little more, don't worry about killing!"

The Golden Body Martial Emperor and the others were angry, and they shot out one by one, but their attacks quickly melted under the regular fruit attack of the manifesting substantive power. Not to mention hurting Qin Chen, they couldn't make any waves at all.

This is also why they are dizzy. If the true essence attack can enter this area, they don't have to work hard to come over, can they just use the true essence palm to pick it?

"Boy, I order you to stop and send the fruits of the rules."

At this time, Emperor Wu Yan spoke up, like a high spirit, calling commander Qin Chen.

In her opinion, as long as she speaks herself, Qin Chen will definitely meet her requirements.

This immediately made other people's hearts beat wildly.

If you really want Hongyan Wuhuang to get the fruit of the rules and break through this area, do the remaining rules of the fruit still have their share?

But the order of Misty Palace, who in the world dares to resist?

"Do I know you?" Qin Chen said in shock.

"I am the leader of the Misty Palace, now, as the manager of Misty Palace, I order you to hand over the fruits of the rules. Otherwise, you will die in heaven and on the earth, and no one can save you!" Hongyan Wuhuang shouted.

"Hehe, idiot!"

Qin Chen sneered and ignored it.

"you....."

Hongyan Wuhuang was so angry that his hair was about to explode.

The others were also stunned.

mad!

It's crazy.

Although they wished that Qin Chen would not give the Red Face Martial Emperor, how could they have imagined that Qin Chen would dare to speak to the Red Face Martial Emperor. This is the leader of the Misty Palace, even Situ Zhen of your Dange would not dare to do that?

Qin Chen didn't bother to pay attention to the other party, the power of the rules here was too strong to resist, he picked up a rule fruit, and bit it down again.

Click!

Crispy and delicious, very delicious.

"Yeah, it tastes good, the juice is sweet, it melts in the mouth, it's much more delicious than passion fruit." Qin Chen ate it while tasting.

Everyone was fainted.

Damn, this is a regular fruit. Compare it with a fruit like passion fruit. Isn't this a cow chewing peony?

"what!"

The red face Wuhuang suddenly went mad with anger, and the other people turned pale, which was too wasteful.

At this moment, the only one who could threaten Qin Chen was Murong Bingyun.

Her face was pale, her eyes were cold and arrogant, and she was full of colorful auras. Step by step, she approached the sacred tree with difficulty, only a few meters away from the sacred tree.

According to this trend, maybe after a stick of incense, she can pick the first regular fruit.

"Bingyun, pick a fruit quickly, I'm going to kill this kid."

The red face Wuhuang said in a cold voice, his eyes burning and angrily.

As long as she obtains a regular fruit, she will break through the half-step Martial Emperor, and then rush over, and Qin Chen will spit out all the regular fruit that Qin Chen has picked before.

Murong Bingyun had no words, trying to get close to the most recent rule fruit.

This regular fruit is only about two meters away, and the remaining regular fruit is three meters away, and the time it takes is doubled.

Seeing Murong Bingyun getting closer and closer to the regular fruit, suddenly...

Snapped!

A hand stretched out and picked the regular fruit directly.

"Hey, this fruit is good, full and round, with a lot of water."

A humble voice sounded, it was Qin Chen, he smiled and picked the fruit, and put it away. A substantive killing intent shot over, killing intent boiling!
