[Chapter 1571: Old Devil](#)

It's Murong Bingyun!

At this moment, her eyes contained endless killing intent, staring at Qin Chen, her chest rising and falling, cold as a sword.

"Hand over that rule fruit, and spare you not to die!"

She said coldly, like a high god, looking down at Qin Chen, even at this time, her expression was still very indifferent, the kind of pride that was so cold and solitary.

"by!"

"This kid is dead."

"Dare to pick the regular fruit in front of Murong Bingyun."

"This is really looking for death, and it's suicide by pattern!"

The crowd shook wildly, their eyes rounded, like crazy.

Does he know who he is offending?

Murong Bingyun, the Young Master of Misty Palace, the noblest genius in the world, can not be exaggerated to call him the pride of heaven.

In the face of Murong Bingyun, let alone an ordinary genius, even long-time martial artists such as Long Zhentian did not dare to make a move, because moving it would be tantamount to provoking Misty Palace and triggering a major earthquake in the Martial Region.

No one dares to bear such a risk, even if they are all from the top forces in the military domain.

But now, Qin Chen did this, and he was only a pariah from the Lower Four Regions, he was playing with fire.

"Boy, this rule fruit belongs to my Misty Palace, hand over the rule fruit and spare you not to die, otherwise, I will make you regret today's decision!"

The red face Wuhuang roared, his hair flying all over his head, exploded with anger, just like a red-haired lion king.

"Hey, you said that the fruit of this rule belongs to your Misty Palace, did you write the name?"

Qin Chen took out the regular fruit and looked at it carefully. The crystal-clear fruit was shining brightly, and it was very beautiful and fragrant.

"No!"

Qin Chen searched for a long time, but didn't find the name, and said in doubt, "Isn't it engraved with the mark of Misty Palace? Is it in the regular fruit?"

Click!

Qin Chen took a bite, the juice splashed all over, crispy and delicious, and delicious.

This is really a kind of enjoyment. With one bite, the whole body glows. There are inexplicable road rules formed in the body. It is warm, and the body is shining, the impurities are quickly discharged, and hundreds of millions of pores all over the body are sprayed with thin essence. The spectacular.

Qin Chen looked at the place he had bitten off, shook his head and said, "I still haven't seen the mark?"

Click! Click!

He kept biting, until the end he didn't see any marks.

He looked a little ugly, and said dissatisfied: "Dignified Misty Palace, the highest in the mainland, for a piece of fruit, to deceive me, a soil bun from the country, is too much?"

Excessive your sister!

Hongyan Wuhuang was so angry that he vomited blood. In order to verify that there was no mark on the regular fruit, this kid actually ate the entire regular fruit.

Who is it that is too much?

"what!"

She screamed, she was going crazy, if it weren't for Qin Chen that she couldn't attack, she would have liked to slash Qin Chen thousands of times before she could relieve her hatred.

The corner of Situ Zhen's eyes twitched and he was frightened. He wanted to speak so that Qin Chen would not provoke Misty Palace, but he always felt that it was wrong, and finally he didn't say anything.

"You..." Murong Bingyun paled with anger, staring coldly at Qin Chen. For the first time there was emotion in his voice, and said angrily: "Hand over the fruits of the rules!"

Qin Chen didn't bother to care about her and continued to pick the regular fruits.

"you wanna die!"

boom!

Murong Bingyun moved, and between her eyebrows, a divine rainbow burst out suddenly, turning into an endless rainbow light.

This rainbow light, killing intent, seemed to contain the most extreme killing mood in the world, penetrated the power of the rules, and instantly came to Qin Chen.

puff!

But in the end, it was melted by the power of the rules, dissipated in front of Qin Chen, and turned into nothingness.

Despite this, Qin Chen was taken aback, and his hair stood up.

At that moment, a life-and-death crisis appeared in his perception.

What attack? Qin Chen was also extremely shocked by being able to penetrate the power of rules and causing him a death crisis. This Murong Bingyun was terrifying!

"Girl, with such a bad temper, nobody wants it."

Then Qin Chen smiled lightly again, very annoying.

"Damn it!"

Murong Bingyun jumped with anger, but she couldn't help Qin Chen. She was angry in her heart, staring at a regular fruit in front of her, gritting her teeth and quickly stepping forward.

But she was misguided, and the power of endless rules swept over her body, immediately causing her body to be injured, groaning, blood spilled from the corner of her mouth, and severely injured.

Whoosh whoosh!

At this time, Qin Chen speeded up the collection speed, only half of the incense, collected 30 regular fruits, and everyone's eyes were red.

If this continues, Qin Chen will most likely collect all the fruits of the rules, and eventually they will have nothing left.

"Fight!"

Finally, a top martial emperor couldn't help it. He was a strong man of the death demon cult, and his whole body rose up and stepped into the rule materialized area.

Boom, endless rules manifested in him, and cracks appeared on his body instantly, and his body seemed to be in a way.

"Ten Demon Truth!"

He shouted, his body released endless black magic energy, the magic energy soaring to the sky, he was mending his flesh.

At the same time, he felt the power of the rules in this area and integrated it into his body, visible to the naked eye, his breath was rapidly rising.

"The old ghost of the earth devil is breaking through half a step into the realm of Emperor Wu?"

Everyone was stunned. At this time, even one person had never stepped into the realm of half-step martial emperor, and the old devil was going to be the first strong man to break through half-step martial emperor realm?

The area where the rules are materialized is a dangerous place for these top martial emperors, but it is also a place of transformation, and it is very likely to step into the realm of a half-step martial emperor in a short time.

As long as you successfully step into the realm of Emperor Wu, you will naturally be able to approach the sacred tree of rules and pick the fruits of the rules.

"Never let him succeed."

The complexion of the Jin-Shen Wu Huang and others changed, and at this moment...

"what!"

The old demons screamed suddenly, and the body that was originally repairing quickly cracked. He frantically urged the Scriptures of the Heavenly Demons, and all kinds of pills were stuffed into the mouth.

But it was useless. The power of the rules was still coming, and getting stronger and stronger. The speed of his body repair couldn't keep up with the speed of fragmentation, and he was quickly disintegrating.

"Do not!"

He was horrified and roared, his body wanted to go backwards quickly, but it was too late, with a puff, his body burst into pieces and turned into mud.

The power of countless spatial rules dissipated everywhere, accompanied by blood sprinkled on the spar island, shocking and flowing slowly.

Everyone's heart was chilled, the soles of their feet were chilly, and their hairs stood up.

The old ghost of the Earth Demon, the leader of the Death Demon Cult, was close to a half-step martial emperor level existence, and died here like this, with no bones left, and it was frightening.

"Just a little bit."

"Just now, the old ghost of the demons has already touched the edge of Emperor Wudi half a step. If you give him some more time, he will be successful."

"It's a pity." Everyone sighed, but immediately their eyes were cold, and only a little bit, the old demons succeeded, so what about them?

[Chapter 1572: Spirit Worm Awakens](#)

"Fight!"

The Golden Body Martial Emperor suddenly let out a cold cry, and decisively stepped into the realm of the power of rules.

"what?"

"Does the golden martial emperor want to die?"

"Did he not see the fate of Old Devil just now?"

The crowd shouted in shock, unable to understand the actions of the Emperor Jinwu.

But after they saw Qin Chen, each of them would vomit blood.

I saw the whole ruled sacred tree, nearly half of it was picked by him, and it was still picking it.

If this continues, in another half an hour, even if they can break through the half-step Wudi and step into this area where the power of the rules is substantive, they will have to return empty-handed.

"Om!"

I saw the golden martial emperor full of golden brilliance, countless runes lingering around him, like the same golden war god, the power of all rules, crazily eroding his body, but he was very different, quickly absorbing this power of rules .

At the same time, above his head, a piece of golden talisman paper glowed, shrouded him, resisting external erosion.

With the lessons learned from the old ghost of the Earth Devil, the Golden Body Martial Emperor knows very clearly that it is impossible to resist the power of this rule. Only by absorbing, integrating into oneself, and breaking through the half-step martial emperor can he truly stand here.

The power of the rules, absorbed by him, integrated into his body, made his breath more terrifying and powerful.

"This golden martial emperor!"

Hongyan Wuhuang looked cold and moved, and took a step instantly.

At the same time, the Seven Orifice Linglong Ball appeared on her head, and the Qi Orifice Linglong Ball exuded an astonishing atmosphere, covering her body, helping her to realize the power of this rule.

"This is a way."

When Fei saw this, his eyes flashed and moved, the Tiankong Wanzhuan array urged, turned into a burst of light, and wrapped him.

Seeing this scene, the top powerhouses of other major forces have also stepped forward, performing their own stunts, and entering the area where the power of rules is substantive.

If Qin Chen knew that because of his own speed, the top powerhouses of these major forces were forced to break through, I don't know how he would feel.

In fact, Qin Chen didn't have any ideas, but speeded up the collection of rules and fruits.

However, some of the remaining regular fruits are located in the rear, and the growing position is extremely high, and the difficulty of picking is suddenly much greater. It is not an easy task.

And when Qin Chen quickly picked the regular fruit.

Jin Shen Wu Huang and others are madly comprehending the power of rules.

They do their best to resist the erosion of the power of the rules and improve themselves.

"what!"

"puff!"

But the power of this rule is too strong, and it is still difficult for many emperors to accept. Some of them stepped back in time and can survive, but there are still many people who are crushed on the spot and turned into fleshy flesh, with no bones left. . But this still can't stop these people's madness, not only the leaders of the major forces like Situ Zhen stepping into the realizing area of the power of the rules, but even many powerful men like Ling Yuannan and Lu Haoran who are close to the half-step martial emperor. Entry

Then the force area.

"what!"

The screams sounded, and a famous top martial emperor exploded, and his flesh and blood flew around. It was horrible. In the blink of an eye, there were five or six martial emperors who fell in nearly half a step, and their blood fell on the ground, which was too tragic.

If these people leave the Ancient Yu Realm and return to the Martial Domain, they will inevitably become the top powers cultivated by the major forces, but here they die so easily.

Heaven is ruthless and cruel.

Hum!

Suddenly, where the crowd was, an extremely terrifying aura permeated. The power was so powerful that it exploded like a storm, making it difficult for everyone to breathe and suffocating their eyes.

It's the Golden Body Emperor!

He was full of golden brilliance, his aura skyrocketed, and the aura of an emperor who controlled the world and everything was permeated, and it was even afraid to look at him.

"Half a step Wudi!"

"The Golden Body Emperor Martial Emperor has broken through half a step?"

Everyone looked in aghast, shocked and inexplicably shocked.

This kind of emperor's breath is clearly only a half-step Wudi can possess.

Qin Chen is in danger.

"Hahaha!"

The Golden Martial Emperor laughed wildly, his eyes were like electricity, piercing the sky, full of vigor, and he opened his legs and began to approach the sacred tree of rules.

The power of countless rules linger around him, but it can't hurt him, just bring him some resistance.

After breaking through Emperor Wu, the first thing he did was to move towards the sacred tree of rules, but his eyes were not fixed on the fruit of the rules on the sacred tree, but Qin Chen under the sacred tree.

During this period of time, Qin Chen picked more than half of the regular fruits. In other words, as long as he kills Qin Chen and takes away his storage ring, he can get more than fifty regular fruits at once. This is no doubt is the quickest way.

However, even if he broke through to the half-step Martial Emperor, the resistance of the power of rules was still great. The Golden Martial Emperor's speed was not fast, and he could take a few breaths to take a small step.

"Qin Chen be careful."

Situ really looked worried and hurriedly reminded.

"Huh?" Qin Chen looked over and frowned. He didn't expect the Golden Martial Emperor to break through so quickly, it was a bit troublesome.

There are still many regular fruits on the regular fruit tree. It is not that he does not collect them, but it takes time. At this point, even if he eats more regular fruits, it is useless, so he did not waste it.

Hum!

And at this moment, a terrifying aura suddenly rose up again, it was the red face Wuhuang.

She was only a little slower than the Golden Martial Emperor, and she also broke through to the half-step Martial Emperor. At the moment of the breakthrough, she also moved towards Qin Chen.

Surprisingly, both of them aimed at Qin Chen at the same time.

After the Golden-Body Martial Emperor and Red Face Martial Emperor broke through, as if they had opened the box, Fei Lao, Long Zhentian and others also broke through together. Situ really naturally did the same and hurried over.

"Trouble!"

Qin Chen was distressed, but it was not that the Golden Body Martial Emperor and the others rushed towards him, but distressed that there were still many rules and fruits that were not picked, and there was no time to stop others.

"Huh, boss, it smells so good!"

At this moment, Qin Chen heard a small voice suddenly.

"Wow, what fruit, so fragrant?"

"It still smells of melting flame, so comfortable!"

Two weird sounds sounded, Qin Chen bowed his head in amazement, but found that in the black gourd, the little ants, little fire and other gas-eating ants and fire-refining ants, unexpectedly awoke.

"You two, are you awake?"

Qin Chen said in surprise. He sensed the past and immediately discovered that the aura on Little Ant and Little Huo was obviously stronger. The whole body was pitch black, and with a trace of golden thunder light. The cold breath made him feel a little bit. fear.

Not only the little ants and the little fire, but also the group of gas-eater ants and fire-refining insects, each of them is twice the size of the beginning, and the carapace on the body exudes a cold air, which is becoming more evil and hideous Up.

"It's so cold."

Qin Chen was surprised, but then he was overjoyed.

In the smog that swallowed the colorful spirits in the valley, the little ants and the little fire fell into a drowsiness. Now more than a year has passed, and they have finally woken up, their strength has clearly undergone an astonishing transformation.

At this critical moment, Xiao Yi and Xiao Huo woke up, which was tantamount to adding a huge bargaining chip to themselves. Qin Chen didn't notice that when the Golden Body Martial Emperor and the others broke through, the black-clothed leader who hadn't acted outside the Molten Flame Lake suddenly brightened his eyes and revealed a hideous smile.

[Chapter 1573: Battle against the golden body](#)

On the spar island, the golden body Wu Huang saw other people breaking through half a step Wu Huang, his face changed slightly, and he accelerated towards Qin Chen.

He shouted sharply: "Boy, hand over the storage ring and spare your life, otherwise, stop blaming the emperor for his ruthlessness."

"Golden Martial Emperor, what do you want to do? I advise you, Qin Chen is a member of my Pill Pavilion, not something you can move if you want." Situ really shouted, walking quickly, looking anxious.

But after all, he broke through later than the golden martial emperor, falling behind the golden martial emperor, unable to get close. "Qin Chen, hurry up, throw the storage ring over. You can't stop the Golden Martial Emperor. After you have picked so many regular fruits, Dan Pavilion counts you as a great contributor. You only need to give it to me to keep these regular fruits." Ling Yuannan also shouted sharply, eyes

Shine and approach quickly.

His strength was terrible, and he actually broke through to the half-step Martial Emperor, his aura revealed, his eyes fixed on Qin Chen's storage ring.

The face of Emperor Wu Huang changed.

He was really afraid that Qin Chen would give the storage ring to Situ Zhen and Ling Yuannan. In this way, it would be much more difficult for him to obtain the regular fruit. Thinking of this, the murderous intent on his face restrained, and he smiled slightly, "Isn't Qin Chen? Don't listen to that kid's nonsense, and give it to Dan Pavilion. How good is it for you? In Dan Pavilion, the forces are complicated, if you give The wrong person is not only useless, but

Risk to life. "The emperor sees you at a young age, and your cultivation is as terrible. Your future development will naturally be extraordinary. If you stay in the Dan Pavilion, it will be a waste. In this way, as long as you hand over the storage ring, this emperor can bring you into my Xuanyuan Empire.

Exhibition is ten times better than staying in Dan Pavilion, how about? "

The Golden Martial Emperor, who was still murderous and wanted to kill Qin Chen, handed out an olive branch to Qin Chen.

Everyone fainted, what is this and what?

However, what the Golden Body Wuhuang said is not entirely nonsense. In the pill pavilion, the major pharmacists are in conflict with each other. On the contrary, the Xuanyuan Empire is an emperor, and everyone is attached to the Xuanyuan Emperor. Moreover, the Xuanyuan Emperor is very generous to geniuses. If you are willing to submit to the Xuanyuan Empire

, Have received a lot of training.

With the talent and strength that Qin Chen has shown now, as long as he agrees to join the Xuanyuan Empire, the training he gets will be extremely amazing.

Qin Chen smiled and said, "Thank you very much for your kindness, but this young master doesn't feel much about the Xuanyuan Empire. I'm afraid he will betray the love of Brother Jin."

Want him to join the Xuanyuan Empire, what are you kidding? If the Golden Body Martial Emperor knew that Emperor Fenglei was killed by him, he would probably jump his feet with anger. The Golden Martial Emperor couldn't help frowning. Although he invited Qin Chen, he only wanted to stabilize Qin Chen, but he never thought that Qin Chen, a small mid-term peak Martial Emperor, would dare to call him a golden body in front of everyone. Brother, it made him feel upset

"Haha, it seems that Qin Shaoxia is lofty and ambitious." The golden martial emperor laughed, and then a hint of mockery appeared on his face, and he recovered his hideousness again.

"Since I'm giving a toast and don't eat or drink fine wine, then the emperor has to see what you can do."

As the words fell, the Golden Martial Emperor's right hand protruded directly, and grabbed Qin Chen in the air. The True Essence triggered the rules and turned into a big golden hand. On top of the big hand, runes flashed, which belonged to the Great Dao of Heaven and Earth. Concrete.

At this moment, the Golden Martial Emperor was less than ten meters away from Qin Chen, so naturally he didn't need to care about Qin Chen's attitude anymore, and he directly tore his face.

The Emperor Wu took a half step, but with a little aftermath, Tianyu was shaking, as if this world was about to collapse. After breaking through the half-step Wudi, the golden body Wuhuang has reached a new level of mastery of the rules. Although he has never been able to fully condense the power of the rules like the Wudi strong, it offsets the power of the rules around the sacred tree of rules. To Qin Chenfa

Attacks are easy.

"Qin Chen, be careful!"

"Rewind!"

"No, the Golden Martial Emperor is about to succeed."

Everyone was shocked, Situ Zhen's face was shocked, and he approached frantically. He was worried about Qin Chen and did not want Qin Chen to be beheaded by the Golden Martial Emperor, but more people were jealous of Qin Chen's regular fruit, no May he be snatched by the golden body and martial emperor.

If the storage ring is obtained by the Golden Martial Emperor and wants to take it back, the difficulty will at least increase several times.

Whizzing!

Even the red-faced Martial Emperor behind the Golden Body Martial Emperor also moved. Her slender palm came out. Although it was a bit slower than the Golden Body Martial Emperor, she was also captured and photographed. Obviously she did not want to be captured by the Golden Martial Emperor alone. Take the storage ring.

boom! boom! boom!

A terrible aura swept towards Qin Chen frantically. These people didn't keep any hands between them. Obviously Qin Chen's life and death were not in their consideration at all. The only thing they considered was how to win. Storage ring.

"Ah!"

Qin Chen smiled, his expression unchanged under these attacks, just raised his hand suddenly.

He ran the killing punch, and the horrible power in his body was raised to the extreme, heart, punch, bang, punch, and hit the golden big hand.

When everyone saw this, they all stuck out their tongues in surprise.

This is a standard mangoning arm as a car, and the emperor Wu, who is the peak of the small mid-term, wants to fight with the half-step Wudi. How overwhelming is this? "Looking for death!" Murong Bingyun said coldly. She hated Qin Chen and naturally wished that Qin Chen would be beheaded. However, the reason she made her voice was because she knew very well that the mid-term peak Martial Emperor was It's impossible to stop Wudi half a step

Offensive.

Half-step Wudi has already begun to master the rules. Although there are not many, it is no longer at the same level as the Wuhuang strong. Even the strongest Wuhuang Tianjiao can not cross the realm to fight against the half-step Wudi-level strong.

The others also shook their heads, it seems that Dan Ge will lose such a genius from now on.

Bang!

In the various moods of everyone, Qin Chen and the Golden-Body Martial Emperor were in a real confrontation. The terrible wind howled, this was the collision of the strongest forces in the ancient Yu realm. The strongest Wudi could not enter the ancient Yu World, not counted. The endless golden

brilliance is dazzling, everyone feels that they are blind and can't see anything clearly, but their ears are filled with rumbling noises, showing how terrifying the scene they appear to be. But after a while, their ears

All are deaf and can't hear anything.

Because this violent sound is too terrible, beyond the limit they can bear.

In the spar area, many of the seven orifices are bleeding, and only feel that the heart is about to explode like a drum.

Is this the half-step Wudi? It is much stronger than them. If it was the original golden martial emperor, many of the later peak martial emperors could barely resist, then the power of this attack now has the illusion that it can easily crush them, and it is not at the same level. on.

[Chapter 1574: Spirit worm shot](#)

"Less dust!"

The three of You Qianxue were shocked, their faces were nervous, but they did not dare to show that this was an order from Qin Chen to them, not to expose their relationship, in order to protect them.

Boom boom boom!

The terrible sonic boom swept away, and at the same time, the red face Wuhuang's palm penetrated into the golden light area, she wanted to **** the storage ring.

boom!

It's just that the palm of Zhenyuan's hand has just entered, and there is a loud roar, and the successive explosions are like continuous tsunamis, endless.

Puff puff.....

Many martial emperors in the spar area vomited blood one after another, and only the force of the rules swept out of them hurt their bodies.

Most people just feel uncomfortable, but there are also a few people who show indescribable shock.

Shouldn't Emperor Wu take half a step to take Qin Chen down in an instant? Whether it is capturing or killing, it must be just a matter of raising your hand, but now it is full of violent sound and the battle continues. What does this mean?

Qin Chen is still alive, and the Golden Martial Emperor has not taken Qin Chen!

how can that be!

That was just the peak Martial Emperor in the mid-term, even if it was the first among all people to enter the rule sacred tree area, it was because of the light that swallowed too many rule fruits, not that his strength was the first among all.

After a dozen or so breaths, everyone suddenly realized that the terrible sense of oppression was gone, and the line of sight in front was slowly recovering, and the deafness was getting better.

The golden light in the sky fell, and a figure stood proudly there.

Qin Chen!

Opposite him, the golden martial emperor's body was majestic and majestic, as if straight to the sky, but Qin Chen stood there with the same magnificent aura, domineering and wild.

hiss!

Seeing this scene, everyone was shocked, even wanting to hold their heads in their hands, shouting that it was impossible.

In the mid-term, the Emperor Wu Huang competed against the Emperor Wu Wu in half a step, and the world's greatest success.

Even dreaming is something that I dare not think about, but it is happening in reality.

Who can believe his eyes?

"I, I must be blinded!"

"Then Qin Chen didn't die, how could it be possible?"

"This can't happen!"

"Oh my God, what happened!"

After a short silence, there was a tsunami-like noise. Everyone was speechless, as if they wanted others to remind themselves that all this was just dreaming.

The Golden Body Martial Emperor stared at Qin Chen fiercely, his eyes bursting with cold light: "Your physical body is terrifying? What kind of exercises did you cultivate?"

Everyone only saw Qin Chen blocking his attack. Only he knew that Qin Chen's cultivation base was much worse than him. The real strength was the opponent's flesh.

Even the aftermath of his shots was enough to smash the late Martial Emperor, without breaking Qin Chen's defenses, this... incredible. The red face Wuhuang also looked at Qin Chen in shock. Because of the power of rules, she didn't perceive much when she grabbed and photographed the past. But in her opinion, Qin Chen had already slapped it with the palm of her hand. What should die can't die anymore, why

Maybe it's still alive.

Faced with the shock of everyone, Qin Chen just smiled faintly. Fortunately, his Immortal Eucharist had broken through, otherwise he would really suffer a big loss from the attack just now, after all, the difference in cultivation level was too far.

After this pause, Fei Lao, Phantom Martial Emperor, Situ Zhen, Long Zhentian and others also rushed there. Except for Situ Zhen walking towards him, everyone else rushed straight to the rule sacred tree, and wanted to pick the rule fruit. . It's not that they don't covet the fruits of Qin Chen's body, but they

know that there are the Golden Martial Emperor and the Red Face Martial Emperor. It is too difficult to seize Qin Chen's storage ring from the two. Pick the regular fruit first and take it quickly

, Let the cultivation base break through again, and even step into the realm of Emperor Wutian in the Nine Heavens, before it can truly be invincible.

"not good!"

Upon seeing this, the golden-body Wuhuang and the red-faced Wuhuang's expressions changed slightly, and they turned their heads one after another, and at the same time rushed towards the God of Rules Tree.

The previous blow refreshed them. Even if they could kill Qin Chen, they would not be able to do it within three or two moves. Once the other strong men swallowed the fruits of the rules, the two who had a certain advantage would fall into a disadvantage. , Was overtaken.

"Want to pick the rules fruit?"

Qin Chen suddenly sneered, took out the black gourd suddenly, and then slapped it suddenly, "Little Ant, Little Huo, it's up to you."

"Boss, give it to us."

Xiao Yi and Xiao Huo said something excitedly, and then rushed out of the black gourd with their subordinates.

Buzzing buzzing..

The harsh sound rang out, and only two cloud-like objects quickly wrapped around the regular fruit on the sacred tree of regulation.

"What is this?"

"What the hell?"

"Get away!" Old Fei and the others were immediately angry, and they shot frantically one by one, falling into these black clouds with a boom, but these black clouds-like things, after being blasted away, quickly merged together, but As long as they pass by, the original

On the branches and leaves full of regular fruits, nothing is left. Of course, the Jinshen Wuhuang and others made their moves too quickly. Although the small ants and Xiaohuo were strong, they could not take away all the regular fruits. In the end, except for less than ten regular fruits, the Jinshen Wuhuang and others were Picked outside, there are more than 40 remaining

The fruits of the rules were quickly brought back by Little Ant and Little Huo.

Xiaoyi and Xiaohuo even wanted to take back the fruit of the rules in the hands of Wuyan Wuhuang and others, but under the pressure of the Qiqiao Linglong Ball and the golden talisman paper, they had to give up.

"Boss, Xiaoyi and Xiaohuo let you down, they only brought back so much!"

Xiao Yi and Xiao Huo said with a gloomy expression.

"You have done well, and these ten rule fruits will be rewarded to you."

Qin Chen said excitedly, and put away more than 30 regular fruits, leaving ten outside.

He could feel the desire of the small ants and the small fire for the regular fruits. There were 108 regular fruits. Although more than ten of them were taken away by others, he had grabbed more than 90 of them alone. Not satisfied?

As for giving ten air-eater ants and fire-refining worms, it is also for them to improve their strength and help themselves better.

"Thank you, boss."

The gas-eater ants and the fire-refining insects were overjoyed immediately, and saw two cloud-like insect swarms enveloping ten regular fruits, gnawing quickly, and they were all gnawed away in the blink of an eye.

Among them, the small ants and the small fire each swallowed one, and the remaining eight were swallowed by the rest of the gas-eating ants and the fire worm.

Hum!

A regular aura was transmitted from Xiao Yi and Xiao Huo, and Qin Chen could clearly feel that the aura of Xiao Yi and Xiao Huo had clearly improved and became even more terrifying. What kind of strange worm is this? Qin Chen was secretly startled, it was the first time Qin Chen saw it by devouring a strange spirit worm that could continuously improve its strength.

[Chapter 1575: Look around](#)

"These things turned out to be released by Qin Chen."

"Damn, I directly gave these strange spirit worms ten regular fruits, is this kid crazy?"

"Kill him, take the fruits of the rules."

The Golden Body Wuhuang and the others only grabbed more than ten regular fruits, not even one. Seeing that Qin Chen directly swallowed ten regular fruits to this group of strange spirit insects, they were furious and furious. .

It was too hateful. They worked so hard, and they might not even get one. Qin Chen was so good that he even fed ten insects. It was indignant.

Whoosh whoosh!

A group of figures exploded quickly, and after all the regular fruits on the sacred tree of rules were picked, the original strong rules of the surrounding force quickly weakened a lot, and the restraints on everyone were also reduced a lot.

"Kill that Qin Chen and take the fruits of the rules."

Someone yelled and rushed, even those Martial Emperors who had not been able to rush into the substantive area of the rules before, after the power of the rules weakened, rushed.

"Qin Chen, go quickly, and I'll block it for you."

Situ was really surprised and said hurriedly.

"Master Situ, you go first, remember, all the disciples who took the Dan Pavilion will leave here immediately, and also, be careful of Lu Haoran!"

Qin Chen grabbed Situ Zhen, and at the same time the three regular fruits were already squeezed into his hands, and quickly said a word, and then before Situ Zhen could react, the whole person rose up and rushed out of the spar area.

Along the way, Situ Zhen was very fair to himself, defending himself everywhere, Qin Chen naturally couldn't let him die here for himself.

"Quickly, this kid wants to go."

"Stop him!"

"Can't let him run."

The crowd was furious and rushed frantically.

"dead!"

Among them, Murong Bingyun was the one who reacted most quickly. She was the closest to Qin Chen. She was not qualified to compete for the fruit of the rules before. Now she is the first to kill Qin Chen after she is out of trouble.

boom!

The colorful rays of light bloom, and the figure drifts like an immortal, coming violently.

"roll!"

Qin Chen shouted angrily and threw a punch.

boom!

The two sides collided in the void, instantly like a meteorite crashing into the air, the sky collapsed and the earth collapsed, and there were roaring bursts everywhere in the entire grotto.

Under the shocking explosion, Murong Bingyun flew up to several meters, his face turned pale, and he vomited a mouthful of blood.

She has not healed from the previous rule damage.

On the contrary, Qin Chen on the other side just shook his body and didn't cause any serious problems.

It was only Murong Bingyun's attack that caused his body to pause for a while, immediately giving other people a chance to pursue and kill him.

"Sky Control Ten Thousand Turning Array, sleepy!"

Old Fei raised his hand, and the formation quickly appeared on top of Qin Chen's head, turning into a misty formation, pressing down.

But the formation hadn't fallen yet, with a bang, a piece of golden talisman paper swept over, and instantly tore apart Fei Lao's formation that hadn't had time to complete the formation, it was the Golden Martial Emperor.

He naturally couldn't let Old General Fei's formation be completed. Once Qin Chen was trapped in the formation, the fruit of the rules would be in Fei's pocket. By then, it would be even more difficult for them to retake it.

call out!

The golden talisman paper turned into streamer and cut towards Qin Chen's storage ring in his right hand.

boom!

The golden light was dazzling, the world was boiling, and countless rainbows bloomed, almost drowning everything.

"This treasure..." Qin Chen felt a sense of crisis. He had a feeling that the power of this golden talisman was extremely terrifying, and it could even hurt himself to a certain extent. He was just about to sacrifice the Heavenly Seal to resist, and he made a loud noise. A ray of light swept over and hit Jin directly

On top of colored paper.

It's Wu Yan Wu Huang!

The seven-orifice exquisite ball hovered over her head, covering the world, staring at the storage ring in Qin Chen's hand.

The group of them, on the one hand, wanted to **** the storage ring from Qin Chen's body, while on the other hand, they had to make sure that they would get it on their own, so they restrained each other.

Whoosh!

Qin Chen seized the opportunity and directly rose into the sky.

On the other hand, although Situ Zhen didn't know Qin Chen's intentions, he hesitated and shouted coldly: "All the Dange disciples will leave here immediately and return to Guyu Realm." He naturally didn't leave. , But the geniuses of the Dan Pavilion such as Ye Mo, Yan Chidao, Ouyang Nana, although their cultivation bases are terrifying, but in front of the half-step martial emperor, they are nothing at all. They can kill with raising their hands and stay. Not only help

Busy, but cumbersome.

Hearing what Situ Zhen said, other powers also reacted.

"The disciples of the Temple of Apparatus listen to the order, and everything below the peak of Emperor Wu Huang will leave!"

"All the disciples of the Holy Land of Blood quit here."

"The people of Phantom Demon Sect quit."

There were loud shouts, and at this point, the ordinary late Martial Emperor had no effect. If you stayed, accidents were prone to occur.

The real decisive battle is between these top powerhouses.

The people of the major forces all hesitated when they heard this, but some people still flew up and prepared to leave here.

"Pity."

The black-clothed leader sighed, he was still going to watch the excitement for a while, but now, he can only take action.

Hum!

He stretched out his right hand, and a black flag appeared in his hand. As soon as the flag appeared, the whole grotto was filled with a palpitation, and a trace of black light burst out from the flag.

Chi Chi Chi Chi! These black rays of light fell in the grotto. In an instant, a series of dark forbidden lines appeared around the grotto, and a rumbling sounded. The roads that everyone came from at the beginning were all closed, leaving only the only one behind the leader in black.

aisle.

Whoosh!

He shook his body and came to the exit quickly, blocking the way.

"Everyone, why bother to leave? Why not stay and watch the excitement for a while?"

He smiled slightly, with a bloodthirsty light in his eyes, and stopped the few leading people.

"What do you want to do?"

"Step aside!"

At the forefront were a few people from Gui Yuanzong. Seeing this scene, their eyes suddenly became cold and they wanted to take action. Considering that the other party is a person from the Law Enforcement Palace, they could only stop the shot abruptly, and shouted. .

"Ok?"

And this move attracted the attention of other people in an instant. The black flag exuded a cold aura, and even a strong man such as the Golden Martial Emperor felt shuddering in an instant.

"Don't you hear what I said? Wouldn't it be nice to stay and watch the excitement?" The leader in black, Jie Jie, laughed strangely.

"Ridiculous."

A Guiyuanzong Wuhuang coldly snorted, and his figure shook, he was about to rush out from the leader of the black clothed man.

However, as soon as he came to the opponent, the black-clothed leader's eyes flashed with a sharp light, and his right hand protruded like lightning, and with a puff, he thrust into the head of the warrior.

"What do you want to do?" The other party was furious, booming, and a terrible aura of true origin erupted from his body. He reached out with a big hand to block the blow, but the next moment, he screamed, just listening. With a sound, the palm of the black-clothed leader easily penetrated his arm, and then abruptly inserted into his head.

[Chapter 1576: Blood Sacrifice](#)

"what!"

He screamed, his head resembling a cracked watermelon, bursting open, turning into blood, splashing across the ground.

"What do you want to do?"

"Why kill me and return to Yuanzong's affairs."

"Can the people of the Hall of Law Enforcement be lawless?"

The Guiyuanzong disciples were furious and roared one by one.

The others were stunned, looking at the leader in black in amazement, what does the man in black in the law enforcement hall want to do?

"A group of idiots." The black-clothed leader grinned, his **** right hand stretched to his mouth, licking the blood and brain pulp remaining on his fingers, and he laughed strangely: "Jie Jie Jie, it's really delicious. I haven't tasted it for a long time. It's really nostalgic to have had such a delicious thing

Read. "

"Is this guy crazy?"

The crowd looked at the leader in black in anger, all expressions of horror.

"It's him, it's them..." Ancient Cangwu Emperor suddenly yelled in anger, "Sir, Golden Body Martial Emperor, as I said earlier, it was this Misty Palace who killed Emperor Fenglei, and these Man in black."

"what?"

The Golden Martial Emperor looked at the black-clothed man in anger. It was them that killed the storm and lightning? There are people from Misty Palace?

He immediately turned his head and wanted to question the red face Martial Emperor, but saw that the red face Martial Emperor flickered. He didn't know when he had already rushed out of the spar island, and looked at the black man and said, "What are you going to do?"

As soon as this remark came out, everyone came to a sense of shock, and there was definitely a connection between the red face Wuhuang and the other party.

"Fuyan Wuhuang, I need you to give me an explanation!"

The Golden Body Martial Emperor took a step forward and shouted angrily, but he did not dare to go too far because Qin Chen was still here.

"What do you do? Can't you guess?"

The leader of the black-clothed man suddenly laughed. With a wave of his right hand, hum, countless black prohibition runes suddenly appeared in the grotto, and the throbbing breath filled the grotto, turning the entire grotto into an instant. A black cage.

"Blood sacrificial array, open!"

Hum! Countless black power quickly permeated, and everyone only felt that an invisible power was integrated into their bodies. This power quickly rushed into their bodies. Some of them were on the middle-term Wuhuang with a lower cultivation level.

Bloody lines appeared immediately.

"What's wrong?"

"my body!"

"what happened?"

"Do not!"

They looked at their bodies in horror, with extremely terrifying expressions on their faces. Under everyone's eyes, the bodies of these people collided like balloons, and then burst open with a bang.

Puff puff puff...

Countless blood splashed and fell on the grotto ground. After the blood fell, it surged like a snake, embedded in the forbidden lines, showing a strange blood-red color.

In an instant, at least hundreds of people fell and blood flowed. These fallen people are all mid-level martial emperors, and there are even some martial emperors at the mid-term peak, and a very small number of martial emperors at the early peak. Basically, as long as the martial emperor below the mid-level peak, none of them can resist this. Strength, burst

Shattered.

People from all major forces are all included, and no one is spared.

"Hongyan Emperor Wu, what exactly are your Misty Palace going to do?"

The top powerhouses of the major forces all spoke in anger, staring at the red face Wuhuang.

An unpleasant feeling breeds and spreads in their hearts.

"Ah!" At this time, the remaining mid-term peaks began to scream in pain, **** lines appeared on their bodies, and their faces became extremely terrifying. An evil force spread in their bodies, trying to Make them as before

Those people generally exploded.

"No!" Everyone was frantically urging the true essence in their bodies, trying to resist this force. The two forces clashed with each other. Many people screamed in pain, but did not dare to relax at all, because when they relaxed, they Will explode like falling apart

The same as those of Wuhuang. Qin Chen also felt that an evil force was emerging in his body, but although his cultivation was at the mid-term peak, his strength was terrifying. Naturally, this force could not bring any harm to him. For other emperors

, It's not that easy. Moreover, Qin Chen could feel that after absorbing the blood of the previous people, this power was still slowly improving, and sooner or later it would rise to the point where the Martial Emperor of the later stage would not be able to withstand the peak of the Martial Emperor. At that time, Can survive

How many more are there?

"What is the purpose of the other party?"

The leader of the man in black finally made his move, but Qin Chen breathed a sigh of relief. These restrictions are very weird and cumbersome. Even if he couldn't understand it for a while, he felt that the purpose of the other party was not simply to kill them. If it was only to kill them, you could do it before, why bother

Have to wait until everyone has finished picking the fruits of the rules, many people have broken through half a step before the Emperor Wu takes the shot?

Moreover, the number of Martial Emperors in the half-step is now as many as twenty. If the opponent has this confidence, he can definitely deal with them?

No, among these half-step martial emperors, at least half of them belonged to each other.

As soon as Qin Chen's thoughts came up, the Golden-Body Emperor Wu said angrily: "Stop quickly, Emperor Wuyan, do you think that with your Misty Palace and Law Enforcement Palace, you can fight against so many people on the court?"

"not good!"

Qin Chen suddenly woke up and shouted sharply, "Be careful, everyone!"

But he still said it was too late.

Boom boom boom boom! At the moment when the Golden Martial Emperor's voice fell, some of the people in the crowd moved suddenly. These people, in their various cultivation bases, broke through half a step into the martial emperor, just like Lu Haoran. Many of the major forces were the most powerful except the leader. Top powerhouse, even

Even the leader-level figures of certain forces have also taken action, and the first time they attacked the powerhouses such as the Golden Body Martial Emperor.

boom!

Lu Haoran moved in an instant, his face was hideous and his target was Situ Zhen.

"puff!"

"what!"

"You..." a series of frightened roars sounded. These people's actions were so sharp that everyone had no time to react. No one could think that their friends would be enemies. In an instant, almost half of them The half-step Wudi was

Seriously wounded, several of them even vomited blood and lost their fighting ability.

Only a few people, such as Jinshen Wuhuang, Fei Lao, and Yue Chaolun, had long reacted and blocked the attack of others.

Of course, it also includes Situ Zhen. In fact, Situ Zhen didn't expect Lu Haoran to do anything by himself, but because of Qin Chen's reminder, he kept paying attention to Lu Haoran, which blocked Lu Haoran's shot for the first time. .

"Lu Haoran, why are you?" Situ Zhen roared, his expression furious.

[Chapter 1577: Die for me](#)

"What are you doing? Jie Jie Jie." Lu Haoran laughed strangely, his complexion suddenly became extremely gloomy, and he smiled grimly: "Of course it is to kill you, but I did not expect that your Excellency's reaction was so fast that he could stop the emperor. Shot, what are you

When did you suspect me? "

Lu Haoran's face was cold, and he said with a grin. He was not disappointed at all for failing to kill Situ Zhen, but he was very curious about why Situ Zhen could block his attack for the first time.

"You're not Lu Haoran, who are you?" Situ Zhen also understood at this time. The other party was not Lu Haoran at all, so he could not help but sternly said.

"Who am I? Of course I am Lu Haoran, doesn't Situ Zhen even recognize the Martial Emperor of his Dan Pavilion? Jie Jie Jie!" Lu Haoran laughed strangely, very rampant. "I just said that many people in black in the Hall of Law Enforcement have disappeared. They must have taken away some of our people on the court. You must believe me, believe in the red face Wuhuang, now it's all right, hahaha, a group of Idiots, just a bunch of idiots

."

The ancient Cangwu Emperor looked up to the sky and roared, his roar was full of anger and unwillingness, annoyance and regret.

He seemed to hate, hate everyone who didn't believe him before. The Jinshen Wuhuang and others looked ugly, but they didn't know what to say. The ancient Cangwu Emperor did say before that a group of people in black in the Hall of Law Enforcement tried to seize Emperor Feng Lei's son, but facing the Hall of Law Enforcement, before there was no evidence, They dare not act rashly, and

It is attracted by the fruit of this rule.

But now...

Seeing the blood all over the floor, the many screams, and the vast and cold power that descended, everyone trembled and was angry.

More or more shocked.

Because, a total of seven people flew out and fell to the camp of the Misty Palace and the people in black. On the side of the major forces, except for the severely injured and the strong who lost their combat effectiveness, only ten were left. About five or six people.

The original half-step Wudi strong ratio was twenty-six to seven to three to four, but now, in just an instant, it has become fifteen to six to ten, and the gap is further reduced.

"Old Fei, can you see what the formation in this grotto is?"

The Golden Martial Emperor said in a deep voice, this is the first problem they have to solve. If this problem is not solved, the remaining geniuses of the major forces will fall one by one and will not escape death.

"This forbidden formation is too weird. It is very similar to the forbidden formation in the palace ruins itself. It can't be solved in a short time." Old Fei said nervously, with cold sweat on his forehead. He really wants to crack this forbidden formation, and with his knowledge of the formation, he did have some subtle understanding of the forbidden formation before, and he touched some clues, but the formation restriction in front of him is too complicated and terrifying. Time, just make

Nearly a hundred Wuhuang emperors burst and died.

The complexity of this prohibition formation is completely beyond his ability to understand, how can it be broken?

"Everyone works together to break this forbidden formation first." The Golden Body Martial Emperor said in a low voice.

When the voice fell, he rushed up first, booming, grasping his fist with his golden hand, and blasted out frantically against the blood-colored lines on the grotto above his head.

I saw a golden fist soaring into the sky, with the violent aura of crushing everything, the glow of the sun was shining, and the talisman light flashed randomly, and it was like the sky and the earth cracked in an instant. The golden fist swept invincibly and hit the top of the grotto fiercely. Seeing that the golden fist was about to hit the blood-colored lines, but suddenly, with a buzzing sound, an invisible blood light rose up and turned into a dazzling diaphragm, blocking the forbidden formation pattern, with a pop, golden body Emperor Wu hit the blood with a punch

Above the diaphragm, there was nothing moving.

"what?"

The golden body Wuhuang was shocked. After breaking through the half-step Wudi, his strength increased by leaps and bounds. Under a punch, how terrible, even a hundred thousand mountains, it was enough to explode with one punch, but it couldn't destroy the blood-colored diaphragm.

"I don't believe it!"

"cut!"

The golden body Wuhuang spit out a mouthful of blood, the blood blended into the golden talisman paper on top of his head, and the talisman immediately exuded a primitive and mighty mood, and he chopped to the blood-colored diaphragm above his head with a scream.

The air made a sharp cracking sound, and the golden talisman paper slashed out violently, and the void seemed to be cut out of a crack, chopped on the blood-colored diaphragm with a pop.

Hum!

I saw the blood on the blood-colored diaphragm prospered, and the end that was punched by the golden talisman paper was protruding, but it was still unable to break through the diaphragm, hitting the blood-colored forbidden lines on the top of the grotto, always missing a little bit, and finally returned without success.

How could it... the golden body Emperor Wuhuang's face was pale, and his golden rune paper was a treasure he obtained from an ancient ruin. Under the violent slash, he could even leapfrog the enemy. He used his full force before. , Even the powerhouse of the Nine Heavens Emperor Wudi

The power is treated, but it can't pierce the blood-colored diaphragm. What level is this prohibition formation?

His heart sank suddenly, and the bigger the opponent's battle, the less he felt.

The other powerhouses also turned pale. Although the Golden Martial Emperor had an arrogant temper and was very domineering, his strength was obvious to all. Among the powerhouses that survive today, he can definitely rank in the top three.

But as strong as him, he can't break the forbidden formation, what exactly is that formation?

Everyone's heart is heavy, heart palpitations are extremely.

What everyone didn't know was that they were shocked, and the leader in black was also shocked.

"Everyone obeyed and killed them."

The black-clothed leader screamed, and secretly said in his heart: So many half-step martial emperor's essence and blood should be enough, as for the remaining martial emperors, under the blood sacrifice array, they are all waiting to die.

Under the orders of the leader of the black clothed men, the remaining few black clothed men, as well as the top powerhouses of various major forces, such as Wu Yan Wu Huang, Tian Fei Wu Huang, and Lu Haoran, lined up in a row. Out of boiling killing intent.

For a time, magic power is overwhelming! The Golden Body Martial Emperor looked cold and shouted angrily: "Rush out, there are so many of us, we don't believe that we can't deal with them, Misty Palace is colluding with the black-clothed people, and taking away me and other powerful forces. I just have to go out. It is necessary to tell the world about this, altogether

Same conquest! "

"kill!"

boom!

The half-step martial emperors of the major top forces also moved in unison, swish, swish, frantically toward the black-clothed leader and others.

Because behind the black-clothed leader, there is still a passage that has not been closed. As long as you kill the opponent, you can leave this passage, allowing all the disciples of their major forces to survive. At this moment, the Golden Body Martial Emperor and others even forgot the existence of Qin Chen. It's not that they didn't want to kill Qin Chen and compete for the fruits of the rules, and the top priority must be to let the other Martial Emperors leave here, otherwise there would be no time for those Late Emperor Wu

Even the peak martial emperors will not be able to resist this **** power and turn into blood mud.

However, they never paid attention to Qin Chen, but one person was always staring at Qin Chen.

It's Ling Yuannan!

"Boy, die for me!" When the big forces rushed to the black-clothed leaders, Ling Yuannan gave a grinning grin, and rushed towards Qin Chen, shooting a vicious and vicious killing intent in his eyes.

[Chapter 1578: The power of rules](#)

Ling Yuannan was in the shape of electricity, rushing towards Qin Chen quickly, his face was hideous, and he grabbed and shot Qin Chen with a palm.

boom!

The void blasted, and the pitch-black palm swept towards Qin Chen like a curtain of sky. His five fingers exuded a horrible atmosphere, and on each of them, there was a flow of talisman light, brilliant light, shining through the ages.

Hum!

At the same time, Ling Yuannan's body was filled with a mighty bloodline power, and the terrifying bloodline power was like a high mountain, suppressing Qin Chen fiercely.

It is the blood of the king. The Ling family has the bloodline of Wang Wang. Once activated, this bloodline is terrifying. It can suppress many bloodlines in the world. It is one of the top bloodlines in the

martial arts. Now, in order to suppress Qin Chen, Ling Yuannan has exerted all his strength as soon as he came up. ,No

The slightest relaxation.

Situ Zhen, who had killed Lu Haoran and the others, turned his head and saw this scene. He was shocked and angrily said: "Ling Yuannan, what do you want to do? Stop it!" "Hahaha, what do you do? Ling Yi and Ling Jun, and took many fruits of the rules, the emperor suspects that this person has been taken away by the black-clothed man in the law enforcement hall.

Now, it is to walk for the sky, capture it, and save everyone. "

Ling Yuannan laughed wildly.

"You..." Situ Zhen was furious, and he was about to rescue Qin Chen when he shook his figure, but at this time, Lu Haoran had already rushed forward amidst the jealous laughter: "Situ Zhen, your opponent is me."

call out!

Lu Haoran leaped forward, his face was covered with countless dark lines, these lines were like wandering earthworms, evil and ferocious, exuding a violent aura, and he slapped Situ Zhen's waist like lightning.

boom!

Situ really hurriedly turned around to block.

Boom boom boom boom! Situ Zhen and Lu Haoran were fighting frantically together. He wanted to rescue Qin Chen, but there was no way. Under the suppression of this weird forbidden formation, the true essence in his body needed to be consumed. Part of

To resist the erosion of that strange force.

But Lu Haoran was different. Under that weird power, instead of being restricted, Lu Haoran became more brave as he fought and made Situ really back down frequently.

"Fighting with this seat dare to be distracted."

puff!

Lu Haoran pointed out, and the black streamer flashed past Situ Zhen's side, almost piercing his body. If Situ Zhen hadn't reacted in time, I am afraid that the blow just now would have seriously injured him.

Situ Zhen didn't dare to be careless anymore, and could only fight Lu Haoran wholeheartedly, but he was nervous for Qin Chen.

"Hahaha, boy, now Situ really can't protect himself, I want to see, who can save you?"

Ling Yuannan grinned and pressed his palm down instantly, wherever he passed, the void exploded with a violent roar.

"Wow, you want to kill me?" Qin Chen sneered, not afraid at all. He twisted his neck and shrugged. This movement was like an ancient behemoth awakened, and the air vibrated. The power of surging in all directions, bang bang bang, wherever the power surges, the void is the same

Such a shock, that burst-like sound, dizzying tinnitus.

You know, the worst who can survive to the present is also the best in the mid-term peak Wuhuang.

Qin Chen's strength at the moment is incredible.

"roll!"

He shouted angrily, blasted his fist with mighty force, rushed straight into the sky, and instantly collided with Ling Yuannan's palm.

Boom!

As if two mountain peaks collided in the void, there was an astonishing roar and bright light. Under the bombardment of the sky, the power of the killing fist and the dark palms burst into pieces. During the roar, Qin Chen stayed still, not retreating but advancing, killing Xiang Ling Yuannan.

"what?"

Ling Yuannan was taken aback. Although he had seen Qin Chen resist a blow from the Golden Martial Emperor before, he thought that Qin Chen was using some kind of secret treasure or treasure, but he never thought that Qin Chen's own strength was so terrifying. .

how can that be?

"call!"

Not far away, Situ really breathed a sigh of relief when he saw it, and completely let go of his heart. Qin Chen's strength was so terrifying, at least for the time being, he didn't need to worry anymore, and devoted himself to the battle with Lu Haoran.

"At this point, I also want to kill Ben Shao, do you think too much?" Qin Chen sneered at Ling Yuannan with disdain.

"Humph." Ling Yuannan snorted, his hands turned into sharp claws, glowing with black luster. The exercises he practiced were handed down from the era of the royal family. This hands-on, endless aura of majesty is flooded, and the rules of his practice are the sharp and unmatched rules of the gold system, and they are suddenly sharp. The breath of blessing

, Majestic and majestic, full of half-step Wudi style.

He wanted to integrate the power of rules into his offense.

Nine Heavens Wudi strong can mobilize the rules themselves, but the higher the realm, the more the power of rules that can be mobilized, and the stronger the standing is naturally.

Although Ling Yuannan was only a half-step Wudi, unable to freely mobilize the rules like the Nine Heavens Wudi, but he could also integrate the power of the rules into his own attacks and improve his combat effectiveness.

The rule, supreme, is the law between heaven and earth, representing the will of heaven and earth, and the anger of Emperor Wu is equivalent to the anger of heaven and earth, which is inexplicable.

Ling Yuannan's shot swept through with a choking breath, directly suppressing Qin Chen in terms of rules.

"The power of rules?"

Qin Chen sneered. If Ling Yuannan wanted to use the power of rules to suppress himself, it should be a miscalculation. Although Qin Chen had never broken through the half-step martial emperor, in fact, he could comprehend more rules than Ling Yuannan. He had taken a lot of rules fruits before, and the rules in his body were very condensed, if not limited by his cultivation. , The realm has long been Ling

Riding above Ling Yuannan.

"Hmph, in my previous life, I used to be in the pinnacle of the Emperor Martial Realm, and I had once killed a powerful emperor."

"In this life, although I am only at the mid-term peak, how can I be afraid of a small half-step martial emperor?"

Qin Chen was unmoved and violently killed.

Ling Yuannan was also furious, making a strong move, slapped out with one claw, and kept trying, as if only his claw was left in the entire world, covering the sky and the sun.

boom!

Qin Chen let out a long whistle and waved his Dao Dao Fist. He was extremely strong, and he was head-to-head with Ling Yuannan, not at all.

The two fought against each other, and they made crazy shots on this spar island. Everyone could only see the endless flashes of Huaguang, and there were constant thunderous noises.

Under normal circumstances, such a battle will inevitably attract the attention of countless people.

But at this moment, the battle on the other side is even more fierce.

The golden body Wuhuang and many other strong men joined forces to kill the red face Wuhuang and the black man strong, and everyone displayed the strongest attack. If it weren't for the power of rules contained in this grotto, and it was wrapped in a forbidden formation, such a fierce battle took place elsewhere, it would be enough to razor a mountain to the ground.

[Chapter 1579: Human King Essence and Blood](#)

"kill!"

The Golden Martial Emperor is the most brave, he is strong, and with the help of Fei Lao's formation, and the bloodline of the Holy Land's bloodline, he is invincible.

A group of people who were originally murderous and hostile, now they have joined hands, without any sense of disobedience.

Because everyone knows that this is a life-and-death battle, which is related to their survival. No one dares to neglect, **** or slip.

boom!

And near the spar island, Qin Chen and Ling Yuannan also fought together, and the two sides were shaded by endless light, making it impossible to see the truth.

In the fierce roar and Huaguang, Qin Chen did his best to fight heartily.

Ling Yuannan is at a higher level of rules, because he is a half-step martial emperor, and can mobilize part of the power of rules, which contains unpredictable murderous intent.

Although Qin Chen understood a lot of the power of rules, he could not mobilize any rules at all. Therefore, Qin Chen was completely suppressed at the level of rules, but it didn't matter, he was not fighting by the power of rules.

On the contrary, without the interference of rules, he can concentrate on the flesh, punch and kick, all the flesh is showing power, allowing him to better use such power.

At this time, Qin Chen even returned to the state where he had fought with countless blood-colored alien beasts and felt the intention to kill Dao.

The more he fights, the stronger he gets, and sometimes he trades injuries for injuries. His style of play is completely unreasonable. No way, his physique is too powerful, and his regular defense power is close to the lowest Nine Heavens Martial Emperor, which is even more terrifying than Ling Yuannan, not to mention the power of the Holy Physique after running the space, his defense power can soar by a lot. , You can eat hard

Ling Yuannan's bombardment.

This gave Ling Yuannan a feeling of greatness. He had never seen an opponent like this. The battle strength of the Ming Emperor Wu was still used for injury and injury, and the same style of play. What made him even more helpless was that Qin Chen's defense was extremely tyrannical, and he could completely take his attack, making him a little bit jealous when he shot, and he didn't dare to go deep, in case Qin Chen seized the opportunity to mess around. One hand, then he really might be

Seriously injured.

Half-step Wudi was seriously injured by the mid-term peak Wuhuang. What a shame and shame?

As soon as he had scruples in this shot, it was even more difficult for Ling Yuannan to suppress Qin Chen. The situation was delayed and the battle remained stalemate.

"This kid, how can defense power be so abnormal!"

Ling Yuannan was mad. He thought that Qin Chen would be suppressed instantly under his own action, but who knew that was not the case. On the contrary, he was caught in endless battles and wounded frequently.

Qin Chen's killing fist was too terrifying. Although he couldn't seriously injure him with a punch, the terrible fist still shook him back again and again, and blood even spilled from the corner of his mouth.

Continue to fight like this, Qin Chen is fine, he will die first.

At the beginning, Ling Yuannan was still thinking that Qin Chen's state could not last. It must have been a secret technique, but after dealing with a hundred tricks, Qin Chen was still alive and well, which made him feel that something was wrong.

"Could it be that the defense of this child is so terrible in itself?"

He took a breath.

If this is the case, then Qin Chen would be too terrible. If he is not beheaded today, once he grows up, let alone him, it will be a disaster for the entire Ling family.

Moreover, Ling Yuannan also wondered why Qin Chen was so fierce?

His heart was full of strong coveting, and Qin Chen's body was shining brightly. This was definitely some kind of terrifying secret method, which made him act stunned, and his greed spread wildly.

Unexpectedly, in addition to the regular fruits, Qin Chen had such an amazing body refining secret.

He must obtain such a secret technique, which will inevitably increase his strength countless times and become a heaven-defying powerhouse who crushes the Golden-Body Martial Emperor and the Red Face Martial Emperor.

"Never let that kid go out alive, everything on him must be mine."

Suddenly, Ling Yuannan roared, gritted his teeth, and suddenly a piece of talisman paper appeared in his hand.

This talisman paper was translucent, and it was still soaked with traces of blood and black things, like dried blood, and when it appeared in the void, it exuded a horrible breath of palpitations.

puff!

Ling Yuannan spit out a mouthful of blood, and the blood melted onto the talisman paper. The blood that had dried up and black blood suddenly regained consciousness, bursting out an unprecedented breath of ancient times.

A force that seemed to be able to suppress the nine heavens and ten earth spread down, and Qin Chen was shocked to find that his body seemed to be frozen and he could not move at all.

"What kind of talisman is this?"

Qin Chen was shocked, such a terrifying aura was absolutely unique to the most heaven-defying figure among the strongest Emperor Wu.

Even the Golden Body Martial Emperor and others who were not far away were shocked by this power, and looked over one by one in amazement.

Under this force, the blood vessels in their bodies also seemed to be suppressed, making it difficult to move and release.

"Hahaha, this talisman is my ancestors in the ancient times of the Ling family, the remaining human king essence blood, once the human king essence blood comes out, it can suppress the powerful emperor, today, I will use you to sacrifice me A family of human king bloodlines."

Ling Yuannan screamed frantically. Originally, he was reluctant to display such a strange treasure, because the entire Ling family didn't have many, and he only had one. These strange treasures were enough to make him escape at the most dangerous time. They were used by the Nine Heavens Martial Emperor. When the killer flees

Health use.

But now, in order to kill Qin Chen, he didn't care too much and released it madly.

As long as he slayed Qin Chen and obtained the regular fruits on his body, coupled with Qin Chen's body-refining secret method, he would surely be able to break through to the realm of Emperor Wu in a short time, and even become the strongest person present.

Such temptation, how can he resist.

"dead!"

When the talisman was released, Ling Yuannan would naturally not waste such an opportunity. He leaped forward, pointed it out, and a blood beam shot out, turning into a sharp sword, piercing Qin Chen's brows, trying to bring his mind to life. Nail through.

"Blood suppression?"

Qin Chen laughed. This force was indeed terrifying, making it difficult for him to move and his movements were blocked, but Ling Yuannan was too naive to think that this would kill him.

"Thunderblood!"

boom!

Qin Chen used his bloodline of thunder, and in an instant, a burst of thunder light appeared on his body, and the thunder light flickered. The oppression of the king's bloodline dissipated instantly and was shocked away.

"Fan Tianyin!" At the same time, Qin Chen finally displayed the Fan Tianyin. The dark big seal appeared, rising against the wind, and instantly turned into a mountain, standing between his eyebrows, and the **** light from Ling Yuannan hit Fan. On the Heaven Seal, the entire Great Seal trembles violently, but as firm

Rock.

Ling Yuannan's eyes widened suddenly, what kind of treasure is this? Why hasn't Qin Chen used it before? In his shock, Qin Chen moved suddenly, and he was like a ghost, and instantly came to Ling Yuannan's side.

[Chapter 1580: Blood Vessel](#)

"you!"

Ling Yuannan looked at Qin Chen in shock, why? Qin Chen can still move under the blood of the other's king, is this impossible?

He urged the blood-colored talisman crazily, and the ancient aura permeated, but when it fell on Qin Chen, he was instantly melted by the thunderous blood on Qin Chen.

"Hehe, it's just a little bit of blood, if you are here, the ancient person of the Ling family, Ben Shao might still be a little jealous, just a piece of torn paper, and want to suppress Ben Shao?"

In the sneer, Qin Chen's eyebrows suddenly released a terrifying soul power.

"The soul is dead!"

The soul attack like a sharp blade slid into Ling Yuannan's eyebrows.

"Do not!"

Ling Yuannan only felt a pain in his mind, and his soul screamed as if it was about to shatter.

Boom boom boom!

In his body, the power of horrible rules suddenly burst out, blocking this soul attack, making himself awake for the first time, and the moment he opened his eyes, he saw an invisible sword light flashing across his neck.

puff!

The mysterious rust sword exploded with astonishing sword energy, and the dead word sword art was used. Ling Yuannan's head instantly rose into the sky, and blood spurted out wildly.

He stared in anger, and he couldn't believe that he would die in Qin Chen's hands.

"Receive!" As soon as Qin Chen raised his hand, Ling Yuannan's storage ring was immediately put in his pocket. As soon as he had done all this, he saw that Ling Yuannan's body suddenly burst open after his fall. Blood, like being pulled by an invisible force

In general, it instantly melted into the restriction around the grotto.

The power of restraint became more and more intense, and the blood gleamed, countless powers actually merged into the spar island under Qin Chen's feet.

"this is....."

Qin Chen lowered his head and found that the bottom of the spar island was faintly flickering with blood.

Qin Chen felt a trace of palpitations inexplicably, there was something under this spar island, and the purpose of these people in black was to release this thing.

What could it be? Is the ancient powerhouse of the alien demons?

Qin Chen felt a trace of fear in his heart for no reason, knowing that the Mokara released in the sarcophagus before was already an ancient powerhouse in the alien demon race beyond the skeleton rudder master, and the opponent was just the guardian of this palace.

So how terrible is the sealed thing in this spar?

This group of people in black worked hard, and even took the risk of exposing the Misty Palace, releasing this thing, which is definitely related to the life and death of the alien demon race.

They must not be allowed to succeed.

Qin Chen's face turned pale, his figure shook, and he suddenly faced the passageway. At this moment, after the passage, the battle was extremely fierce. Qin Chen's killing of Ling Yuannan was also seen by many people. Although shocked, he couldn't take any action at all. He just furiously said to Qin Chen: "Qin Chen, please The fruit of the rules, otherwise we

Some people will definitely die here. "

"Situ Zhen, let Qin Chen hand over the fruits of the rules."

"Only by breaking through Emperor Wu, I can wait to get out alive."

"Rule fruit, let this kid hand over the rule fruit."

The Emperor Jinshen Wuhuang and the others attacked several times, but the black-clothed leader controlled the forbidden formation in the grotto, and resisted their attacks, immediately making everyone anxious.

With the passage of time, more and more people have fallen here. If Qin Chen could surrender the fruits of the rules and allow everyone to break through Emperor Wu, would it be so hard?

Suddenly, everyone's pressure was suppressed on Qin Chen's body.

"Qin Chen!"

At this moment, even Situ Zhen looked at Qin Chen, because what the Golden Body Martial Emperor and the others said was the truth.

If they do not break through, they will inevitably fall more people.

"No way."

Unexpectedly, Qin Chen shook his head resolutely.

"you....."

"There is no big picture at all."

"Taking away so many fruits of the rules, if it weren't for you, would I have fallen into this position?"

"If you don't hand over the fruits of the rules, don't blame me for being ruthless."

"Dange can't protect you either."

The Jin-Shen Wu Huang and the others no longer do their own things at this time, but are united together, asking Qin Chen to surrender the fruits of the rules, angrily.

"Do you think that if you get the fruits of the rules, you can rush out? It's too naive, this is really the other party's purpose, just for you to break through." Qin Chen coldly shouted.

"What are you kidding?"

"Is the other party wanting us to break through?"

"Extremely ridiculous."

The crowd sneered, murderous.

Qin Chen didn't hand it over, and even made up such a reason.

"As long as I wait to break through Emperor Wu, I can easily kill these people. How could it be the other party's purpose."

"nonsense."

Long Zhentian waited and yelled again and again.

Qin Chen's eyes were cold, these people wouldn't listen to what they said?

However, although he is not afraid of the Golden Body Martial Emperor and others, he also knows that if this continues, the interior must have already been messed up.

"Okay, do you want the fruit of the rules?" Qin Chen looked at Situ Zhen, "Master Situ Zhen, continue."

Whizzing!

The two regular fruits fell into Situ Zhen's hands again.

"This..." Situ Zhen was taken aback.

"You take all the five regular fruits that I gave you, and try to break through the Emperor Wu. Once you succeed, you will bring the disciples of Pill Pavilion and rush out here. Never love to fight." Qin Chen's voice sounded in Situ's mind. .

Although Situ Zhen didn't know why Qin Chen did this, he still stuffed all the regular fruits into his mouth for the first time.

Hum!

When the five regular fruits were swallowed by him, in an instant, countless strong regular forces formed in his body, and terrible power almost burst out of his body.

Normal peak Martial Emperor needs to swallow ten regular fruits to break through to become Emperor Wu, but Situ Zhen and others are already half-step martial emperors, and only half of the regular fruits are needed.

"what!"

He roared, his essence was gushing, his body was changing.

The Golden Body Martial Emperor and the others turned red when they saw this scene, and shouted at Qin Chen: "Where are the remaining rules fruits? Hand them over."

"Okay, I pay it, but among you people, I can't believe in everyone. As long as any of you is willing to hand over the treasures of your respective forces, this young master will give him the fruits of rules."

As soon as the words came out, there was immediate silence on the court.

What a joke, although the fruits of the rules are precious, the treasures of the major forces are equally precious, and to some extent, they are even more important than the fruits of the rules.

After all, the fruit of the rules can only create a powerful emperor. There are many powerful emperors among the major forces. They are valuable, but there are often only a few, extremely rare.

Therefore, it is impossible for them to hand over the treasures in exchange for the fruits of the rules.

"I do!"

But just when the Golden-Body Emperor Wu Huang was about to speak, Yue Chaolun of the Holy Land of Bloodline suddenly shouted, raising his hand, and a blood-colored bead instantly fell into Qin Chen's hand.

It is the treasure that Yue Chaolun carried on this trip to the Holy Land of Blood, the Blood Bead! He agreed to Qin Chen's request and used it to exchange the fruits of the rules.
