

Valkyrie 1581

[Chapter 1581: Willing to exchange](#)

The blood-colored beads fell into Qin Chen's hands, and Qin Chen immediately felt a burst of clarity in his soul, and the thunderous blood in his body made him feel cheered.

This resonates with the Blood Bead.

Bloodline beads, a treasure of the bloodline holy land, can warm and moisturize the bloodline, increase the level and power of the bloodline invisibly, and nourish the bloodline, which can increase the power of the bloodline several times.

You know, the bloodline of warriors is born and raised, inherited from ancestors, and unpredictable. Moreover, the bloodline itself is one of the rules of heaven and earth. Some people have the flame bloodline, so they have a huge advantage in understanding the flame rules. Some warriors have the gold bloodline. After the bloodline is raised to a certain level, it will naturally be lighter.

Easy to control the financial rules.

And like Ouyang Nana's ancient phoenix bloodline, the ancient phoenix is fire, and can be reborn from the fire, and has unlimited vitality. Therefore, the most suitable rule for Ouyang Nana to master is the rule of fire attribute.

Even the bloodline of the King of the Ling family has attributes. The bloodline of the King of Kings trembles the past and shines, and can even confine the void. Therefore, it is suitable to practice the rules of spatial attributes.

Of course, this is only the most superficial understanding of bloodlines. The bloodlines of martial artists are actually diverse in attributes, and each person's cultivation method and the power of the rules are different, and the path and direction of cultivation are naturally different.

But there is no doubt that blood is indispensable for mastering the rules and achieving Emperor Wu. Qin Chen, who had a talent against the sky, was stuck at the peak of the Martial Emperor and was unable to break through. It was precisely because his bloodline was born with a broken vein. Because of his natural broken veins, he was so talented that he could not enter. The realm of Emperor Wu, visible

The importance of blood.

And this bloodline bead can enhance the power of the martial artist's bloodline, nourish the bloodline, and even arrange the bloodline array. What a treasure?

"Yue Chaolun you..."

"This is a blood bead, how can you give it to this kid at will?"

"Violence of heaven and things."

The Golden-Body Martial Emperor looked at Yue Chaolun in disbelief, this kid gave it to him, did he really give it? Is Yue Chaolun's brain convulsed?

"Okay, since Senior Yue Chaolun has given the Blood Vein Beads, the young man has done what he said."

Qin Chen raised his hand, and the five regular fruits instantly fell into Yue Chaolun's hands.

"Thank you."

Yue Chaolun arched his hand and swallowed all the five fruits into his belly without waiting for others to react.

"Om!"

Suddenly, the power of endless rules rose from his body, and a faint, regular breath was released on his body. Hundreds of millions of pores in his body were gushing out the essence, the power of amazing rules condensed between the heaven and the earth, and the breath in his body was soaring.

This is... breaking through to the realm of Emperor Wutian in the nine days.

"Damn, really did it?"

At first everyone thought that Qin Chen was just talking, but they didn't expect that Qin Chen actually gave the fruit of the rules, which made many people who were originally angry suddenly hesitate.

"Who else?"

Qin Chen looked around, "Everyone has seen that, Ben Shao did what he said, and the old man is not deceived. As long as I can take out the treasures and the fruits of the rules, I will naturally not be stingy."

"I still have me!" Before Qin Chen's words fell, Gu Cangwu Huang walked out beside the Golden Martial Emperor, "I don't have any heavy treasures, but there are some Tier 9 elixir and high-grade real stones, all for you. , And my storage ring has all the accumulation of my life

The treasures that you accumulate and get are also given to you, just to get the fruits of the rules, break through the Emperor Wu, and kill these despicable people. "

Ancient Cangwu Emperor erupted with astonishing killing intent, angrily, as if desperately trying to die, and directly threw his storage ring to Qin Chen. "Hmm!" Qin Chen glanced at the storage ring of the ancient Cangwu Emperor, and said, "Although there are many treasures, they are still a bit worse than the blood beads given by Senior Chu Yue Chaolun. In this way, considering For the sake of your sincerity, Madam Ben will make three of these treasures

A rule fruit. "

Qin Chen raised his hand, and the three regular fruits flew out and fell into the hands of Ancient Cangwu Emperor.

When everyone saw this, they were shocked, but actually gave it?

Qin Chen gave Situ Zhen and Yue Chaolun, they could understand, after all, the two had never had any conflicts or conflicts with Qin Chen before.

But the ancient Cangwu Emperor was the pinnacle of the Xuanyuan Empire. The golden-body Emperor Wu was aggressive towards Qin Chen before, and Qin Chen actually gave the fruits of the rules, which surprised everyone.

Of course, what surprised everyone even more was the determination of the ancient Cangwu Emperor.

Actually gave Qin Chen all the storage rings.

Before the ancient Cangwu Emperor entered the ancient Yu realm, he was already the veteran late martial emperor of the Xuanyuan Empire, with amazing strength and strong influence, and he possessed countless treasures.

As a top martial emperor, the treasures on his body are naturally not placed in other places, and they are often carried in storage rings.

In other words, in this storage ring, there were the savings and treasures of the ancient Cangwu Emperor's life, and they were given to Qin Chen all at once. How unrestrained was this?

Is it really worth accumulating in a lifetime?

In the shock of everyone, the Golden Martial Emperor was overjoyed, and ordered to Gu Cangwu Emperor: "Gu Cang, give me the fruit of this rule."

He shook his figure and stepped forward to take away the regular fruit in the hands of Ancient Cangwu Emperor.

Unexpectedly, the ancient Cangwu Emperor completely ignored the Golden-Body Emperor, and quickly swallowed all the three regular fruits into his belly. He was so angry that the Golden-Bound Emperor was furious and shouted: "Ancient Cangwu Emperor, you dare to violate this The emperor's order?" Ancient Cangwu Emperor sneered, and sternly said: "Order? The emperor reminded you of the sinister Misty Palace before, but you didn't care about it. Now talk to me about the order? As long as the emperor breaks through the nine-day martial emperor, he can become Xuanyuan The new leader of the empire, if the emperor

How can leading the Xuanyuan Empire fall into the current situation? "

"You presumptuous!"

The Golden Martial Emperor was trembling with anger, but he was helpless, because at this moment, Gu Cangwu Emperor was full of energy, and the power of terrifying rules lingered around him. For a while, even the Golden Martial Emperor could not get close.

"Everyone, kill this kid, I don't believe it, can he stop us all?" The Golden Body Martial Emperor shouted angrily.

"Hmph, if you are a strong action player, this young master will swallow all the fruits of the rules. At that time, I will see how you will fight." Qin Chen sneered, not afraid.

"You..." The Golden Martial Emperor was furious, and his lungs were about to explode: "Sure enough, he is a despicable boy, and he has no overall view."

Qin Chen ignored him and looked at the others with a sneer: "Who else is willing to exchange, just make the bid, the first bidder has priority, after that, Ben Shao can't guarantee that there will be enough rules for you."

"I am willing to exchange!"

As soon as this remark came out, the others changed their colors and hurriedly spoke.

Among them are the top powerhouses such as the Phantom Demon Sect and the Phantom Martial Emperor. At this time, they can't control the treasures or treasures, and their lives are gone. What is the use of the treasures? What's more, as long as you break through the Nine Heavens Emperor Wu, are you afraid that there will not be enough treasures in the future?

[Chapter 1582: Think clearly](#)

For a time, everyone exchanged their treasures to Qin Chen in order to obtain regular fruits. Some people even had insufficient treasures, and they even asked for them from the people around them, gathered all the storage rings of a power, and exchanged them with Qin Chen.

It has to be said that these people, as the leaders of the major forces, enter the ancient Yu world, and each of them is not easy to follow.

The treasures on his body are so astounding.

Although they would not easily hand over treasures such as the Tiankong Wanzhuan Array, and still need to use them to protect them, other treasures were not stingy.

In the face of their lives, they are almost willing to abandon everything for the sake of the rules.

Naturally, Qin Chen would not refuse anyone.

He had obtained nearly a hundred regular fruits, even if he exchanged half of them, there were still enough regular fruits left. On the contrary, there were other things, Qin Chen was relatively rare. At this time, he could exchange for almost ten times the value.

Moreover, in order to get out of here, some people must be upgraded enough.

"I want to exchange it."

In the end, the Golden Martial Emperor was helpless, staring at Qin Chen fiercely, murderously.

He handed over his storage ring, except for the golden talisman paper, almost everything to Qin Chen.

"Well, the dignified leader of the Xuanyuan Empire, just this thing? Poor." Qin Chen glanced at the storage ring, sneered, and then took out two regular fruits: "These things can only be exchanged for two regular fruits, and take them. Right."

"What did you say? Only two?"

The Golden-Body Martial Emperor jumped with anger. He was the leader of the Xuanyuan Empire. He possessed as many treasures as those of other powerful forces. In any case, he was definitely a lot more than the ancient Cangwu Emperor, and he was not even a star.

But just now, the ancient Cangwu Emperor could get three regular fruits, but he could only get two, which is simply...too deceptive.

"Don't want it? If you don't want it, you can not exchange it."

Qin Chen said indifferent, now it is a seller's market, he can set the price whatever he wants.

The Golden-Body Martial Emperor was so angry that he vomited blood, almost gritted his teeth and said, "Change, I'll change." He stared at Qin Chen fiercely, his eyes almost bursting with fire, and his heart roared with anger, "Boy, you wait," My emperor breaks through the Nine Heavens Martial Emperor, and I must ask you not to survive or die. When the time comes, what you swallowed just now, I want

You are back ten times a hundred times. "

The golden body Wuhuang roared silently. With the fruits of Qin Chen's rules, the top powers of the major forces are all shining, the power of various rules is madly dissipated, and even many people around have also benefited. Under the haunting of the power of rules, the cultivation base is ready to move. Slowly improving

But when Qin Chen and the top powers of the major forces quickly exchanged the fruits of the rules, the leader of the man in black who guarded the entrance of the cave did not move, with a sneer at the corner of his mouth, and he did not stop him.

This made Qin Chen's heart sink.

The other party will not know that if the Golden Body Martial Emperor and others have enough rules and fruits, there is a certain probability that they will break through to the Nine Heavens Martial Emperor, and they will easily tear their lines of defense. Even if the opponent awakens the strong of ancient alien demon races such as Mokara, the people of such alien demons like Mokara, who cultivated against the sky in ancient times, have just regained their combat effectiveness, but not many, at most It's also the ordinary nine-day Wudi level

do not.

Unless there are a large number of alien demons appearing, they will not be able to withstand the Golden-Body Martial Emperor and others after the breakthrough. What is the cost that they can stay still? "Can't let them break through." The leader of the black-clothed man is not nervous, but the confidant Martial Emperor of the Misty Palace is extremely anxious, and said nervously to the black-clothed man: "Don't stop them? Once they make a breakthrough, we can't stop them. Live, when the news comes

Go out, the Misty Palace is in danger. "

Her voice fell, urging Qiqiao Linglong Ball, and attacking Fei Lao and others frantically.

But Fei Lao had set up a heavy array long ago. Although they could not rush out of the encirclement, there was no problem with so many half-step Martial Emperors who wanted to block the attack of the Red Face Martial Emperor.

The only pitiful ones are those who are at the peak of the mid-term Martial Emperor and those in the late period.

Every moment, someone is falling.

"Don't worry." The black-clothed leader said coldly, his eyes cold and not anxious.

"Can you be in a hurry?" The red face Wuhuang said angrily, "If you don't tell me what you are going to do, I will stop doing it."

She was angry and sternly spoke.

Once the Golden Martial Emperor and the others are allowed to escape, the leader in black may be fine, but Misty Palace will inevitably be conquered by all forces. At that time, even if Misty Palace is strong, how can it be an enemy of the whole world?

"It's just breaking through Emperor Wu, what are you afraid of?"

The leader of the man in black gave him a cold look, "Don't forget the order the Empress gave you."

"It's just a breakthrough to Emperor Wu?"

Hongyan Wuhuang is anxious, does he know what he is talking about? Once someone on the side of the Golden Martial Emperor breaks through the Emperor Wu, with their half-step martial emperor, can they stop the opponent?

"The fruits of the rules."

The black-clothed leader raised his hand, and dozens of regular fruits appeared in his hand, suspended in the air.

But these regular fruits are not new, as if Qin Chen got them in that stone room, they seemed to have been stored for a long time.

But even the fruits of the rules that have been stored for countless years still have the power of rules, but they are not so powerful.

"What? The fruit of the rules?"

Seeing the fruit of the rules in the hands of the leader of the man in black, Emperor Wu Yan, Emperor Wu Tian Fei and others were shocked. This black-clothed leader actually has regular fruits on his body, and there are still so many, so what is the purpose of his previous hard work and desperately wanting to pick the regular fruits on the regular **** tree? The leader in black is fully capable of making them

Breaking through the nine days of Wudi earlier.

"Why didn't you take it out earlier?" Hongyan Wuhuang said angrily.

As long as the leader of the man in black took it out in advance, she would have rushed to break through the Nine Heavens Martial Emperor in front of everyone, and beheading other people was simply a matter of catching it. "Why do you want to take it out?" The leader in black smiled indifferently: "If you want to break through Emperor Wu, you can use these rule fruits to break through, but let me say first,

the Emperor Wu who relies on the rule fruits to break through, just forcibly condense for a short time.
Out

The power of rules, in fact, will hinder future practice. It can be said that in the future, breaking through the middle stage of Emperor Wu will be more difficult than the normal Emperor Wu who breaks through on his own. "Furthermore, the Jiutian Wudi who relied on the fruits of the rules to break through will be much weaker than the Jiutian Wudi who breaks through normally when they just break through, because they use the fruits of the rules to make breakthroughs and control the power of rules. Actually there is no

How strong. "You are now a half-step martial emperor, and you are the power of self-condensed rules. As long as you leave the ancient Yu world, with the resources of the Misty Palace, you can break through to the nine-day martial emperor realm by yourself. , The future will be more sudden than swallowing the rules

To break the nine days of Emperor Wu is much more ambitious. "

"Do you have to think carefully?" The leader in black said coldly.

[Chapter 1583: Ancient True Dragon Blood](#)

"I....."

Hongyan Wuhuang's eyes flashed, but in the end he couldn't resist the temptation of the fruit of the rules.

After all, now the Golden Body Martial Emperor and others have obtained the fruits of the rules, if they wait for them to break through, and she has not broken through, let alone the future, she doesn't even know if she can live to see the sun tomorrow.

"Wow!"

Hongyan Wuhuang quickly picked up several of the regular fruits and swallowed them directly.

Hum!

An astonishing regular force aura quickly rose from her body, and her body was suspended involuntarily, holy like a god.

She is transforming, transforming to the realm of Emperor Wudi in Nine Heavens.

"What about you? If you want to get the fruits of the rules and break through the Nine Heavens Emperor Wu, you can come over." The leader in black said lightly to the Emperor Wu Tian and others.

As soon as his voice fell, Tian Fei Emperor Wu and others moved.

If it were at other times, they might be able to resist this temptation. After all, given enough time for them, they would definitely be able to enter the Nine Heavens Martial Emperor Realm. It was just a matter of time.

But in such a crisis situation, everyone is frantically improving their strength, unwilling to have even the slightest slack, because once they slack off, they are most likely to die.

At this moment, everyone is frantically increasing their strength, and the power of boundless rules madly dissipates from everyone, turning the entire grotto into a place full of rules.

The rules of various colors are shining in the void, and everyone is trying to improve their strength, without a trace of relaxation.

Especially after seeing the black-clothed leader take out a large number of regular fruits, the Golden Body Wuhuang and others were even more shocked, as if they were rolling up a stormy sea, and even more dare not to neglect.

At this time, the competition is who can break through first, as long as he can break through to the Nine Heavens Wudi first, he can gain the upper hand and change the situation.

It's just that they never thought about why the black-clothed leader clearly had regular fruits on his body, but he hadn't taken it out before. If he took it out early, the battle would have ended.

No, or rather, it's not that they didn't expect it, but that they didn't dare to think about it.

Because, thinking carefully!

They are unwilling to face this reality.

This also led to the fact that they did the ostrich who buried their heads in the sand when the danger came, only willing to believe that they instinctively believed, that is, to break through the Emperor Wu and change the situation.

boom! The power of the monstrous rules is surging. At this moment, the grottoes are quiet. Everyone is practicing frantically, breaking through frantically, and more than 20 people breaking through the scene of the Nine Heavens Martial Emperor. The power of rules that floods each

Everyone has great benefits.

In particular, the strength of the rules of each person's cultivation is different. If someone can feel at this moment, observe the strength of the rules when each strong breaks through, and comprehend things, ordinary people will not even dare to imagine.

But in this situation, who has this feeling?

"what!"

The major forces, along with the fall of the fallen strong, the stronger the power of the forbidden formation, many Emperors screamed in pain, trying their best to resist this strange force, and did not have the mood to feel the power of the rules.

Ye Mo, Yan Chidao, and Ouyang Nana are like this. They are barely okay, and they are struggling to support them, but a lot of pain has appeared on their faces.

"Three of you, swallow these three regular fruits."

At this time, Qin Chen gave each of the three a fruit of rules. Although it was only a fruit of rules, it allowed them to condense the power of rules in their bodies and resist this strange force.

As for You Qianxue, Ji Ruyue, and Chen Sisi, Qin Chen was not worried. Qin Chen knew the strength of the three of them. This strange power could not hurt them yet.

In addition, Qin Chen could see that You Qianxue, Ji Ruyue, and Chen Sisi were cultivating wildly under the baptism of countless rules at this moment, obviously wanting to break through to the late eighth stage.

Naturally, Qin Chen didn't dare to slack off.

"Although my current strength is not weak, it is only the mid-term peak after all. If I can break through the late Martial Emperor, then the probability of surviving will increase at least several times."

Qin Chen's eyes were ferocious.

He knew that if he could break through to the late Martial Emperor, what he had mastered in his previous life would be able to use it completely, and he would not fear anyone by then.

But Qin Chen also knew that it was much harder than You Qianxue and the others to break through the late Martial Emperor.

"Kakka!"

Pieces of space crystals and blood crystals were quickly absorbed by Qin Chen, and at the same time, his attention was also focused on the storage rings previously obtained from the powerful men.

There are many treasures in these strong storage rings, which are helpful to his cultivation.

This is also the reason why Qin Chen was willing to exchange regular fruits for various treasures.

Although the fruit of the rules is precious, it cannot be directly transformed into Qin Chen's cultivation base. Only by finding a way to transform it into his own strength is the most important.

"Hey, the ninth-order sacred heart grass, which can cleanse the physical body and purify the meridians, is useful."

Qin Chen took out a misty elixir and swallowed it in a few mouthfuls.

"Holy Marrow Crystal, you can temper your true essence."

Qin Chen took out a whole white spar, quickly absorbed it, and turned it into ashes.

"Gu Lanhua, condensing the spirit, can enter the state of sentiment!"

All kinds of treasures were taken out by Qin Chen one after another, as long as they were helpful for his current breakthrough, they would all be absorbed.

In fact, if these treasures are taken to the outside world and refined into a pill, their value will be increased by a factor of ten, which is much better than Qin Chen's direct swallowing.

But Qin Chen also knows that now is not the time to worry about so much, the most urgent thing is to let himself break through to the late Martial Emperor, and resist more disasters.

boom!

Various treasures and spirit medicines were absorbed by Qin Chen. In Qin Chen's body, it seemed as if it was boiling, his blood was burning, his true essence was collapsing, and his limbs were in a state of transformation.

But Qin Chen felt that he was still a little short of the Martial Emperor's late stage.

The techniques he cultivated were terrifying. Although his cultivation speed and combat power surpassed ordinary martial artists hundreds of times, his breakthrough difficulty increased hundreds of times.

"Ancient True Dragon Blood!"

Suddenly, Qin Chen took out a drop of blood sealed in the crystal from a storage ring.

As soon as this blood was taken out, the voice of dragon chants came out of the void. This was the ancient true dragon blood, which was obtained from Long Zhentian. The ancient true dragon blood can extract the blood of the dragon from the disciples of the dragon family. At the same time, it can also baptize the flesh of the warrior. Its destructive power is extremely strong. As long as the ordinary martial emperor touches it, it will be torn apart by the terror contained in it. There is a dragon family, To resist.

However, after breaking through Emperor Wu, Emperor Wu's body can be transformed again.

Long Zhentian also made great contributions, and as the team leader, the Long Family bestowed him a drop. He originally wanted to break through the Emperor Wu and practice, but he had no choice but to take it out in exchange for the fruit of the rules.

In Long Zhentian's plan, once he broke through the Nine Heavens Martial Emperor, everything he had previously given to Qin Chen would naturally be easily taken back, but he never expected that Qin Chen would take it out at this time.

Snapped!

The crystal sealing the ancient true dragon's blood cracked, and Qin Chen dropped directly into the palm of his hand.

"what!"

He screamed, this drop of water burst too much, just a drop, it will tear his body and shatter him.

Moreover, there is a breath of amazing real dragon in it, which wants to blast his soul. A tyrannical force swept wildly in his body.

[Chapter 1584: Situ Zhen breakthrough](#)

boom!

At this moment, Qin Chen's whole body glowed, and his whole body was engulfed with blood, and the mist was steaming.

He hummed, his face was hideous, it was too painful.

Every cell of his is being torn a little bit, and pain is coming from everywhere in his body. What's more terrifying is that a terrible dragon soul impact directly sinks into his soul sea, shaking his soul. .

Real dragon blood contains the majesty of real dragon, can it be touched by mortals?

In fact, the ancient ancestor of the Long Family of the Wuyu Hidden Aristocratic Family did not possess a pure blood dragon vein, but this drop of true dragon blood is rumored to be handed down from an ancient true dragon, and its power is naturally extraordinary.

Even the dragon family powerhouse who claims to have the blood of the dragon can only take it after breaking through the emperor of the dragon, otherwise, it will tear the flesh if accidentally, let alone an ordinary martial artist.

But now, Qin Chen is only the mid-term peak Martial Emperor, and wants to refine the true dragon blood. Isn't this looking for death?

"Ancient real dragon blood? Is this kid crazy?"

Long Zhentian was breaking through frantically. Seeing this scene, he was immediately frightened.

He also thought about waiting for the breakthrough before taking back the true dragon blood that was traded to Qin Chen, but he didn't expect Qin Chen to directly use the true dragon blood. While he was furious, he was dripping blood and roaring.

"This kid, violent, **** it."

Long Zhentian roared in his heart, his face was blue, and at the same time he secretly approached Qin Chen. He knows very well that true dragon blood is extremely tyrannical, and even he dare not try it easily. Qin Chen is no more than a mid-term peak martial emperor. He will definitely die under true dragon blood. By then, as long as he can seize Qin Chen's storage ring, His cultivation base will break even more

Faster and stronger.

Whoosh!

He quickly approached Qin Chen.

But at this moment, Qin Chen's mind was booming, and the power of the terrifying dragon soul was raging across the sea of his soul.

Qin Chen hummed coldly, urging the soul tactics and resisting. The pain caused by the body transformation did not make him succumb, but instead made him feel bursts of joy.

This is a process of being torn apart and being reorganized. He enjoys the feeling of transformation.

boom!

At the same time, the soul sea in Qin Chen's mind burst into soul storms, colliding with the power of the dragon soul.

Roar!

It was as if an imaginary dragon's shadow appeared in Qin Chen's mind, and he opened his teeth and claws, rushing down wildly.

"It's just a remnant of the ancient dragon soul, and I want to shake my soul away? Seize!"

Qin Chen shouted sharply, the soul power swept across, a terrifying soul power and the dragon soul power madly collided with each other, with a bang, the two powers were facing each other.

In fact, if Qin Chen was willing to spur the parasitic seed, he could easily swallow this soul power.

But he didn't do this. If he uses the power of the parasitic seed to swallow the dragon soul, although the ultimate power will be integrated into his soul, the parasitic seed will also be transformed and promoted, which Qin Chen does not want to see.

At present, the parasitic seed can still be controlled by him. If given the opportunity, Qin Chen is naturally unwilling to allow the parasitic seed to be improved.

Of course, this was only one of the reasons, and the other reason was that Qin Chen didn't want to rely on parasitic seeds every time.

The warrior, going against the sky, external force is just borrowing, only his own strength is the only constant, so as long as there is any opportunity to not use the parasitic seed, Qin Chen will not use it.

Boom boom boom!

The power of his soul and the power of the dragon soul collide crazily, and the two forces are constantly confronting each other, and you come and I will be in danger.

At the same time, Qin Chen's body was also changing.

Pieces of high-grade real stones quickly turned into powder, and Qin Chen didn't know how many high-grade real stones he had consumed. He only knew the endless absorption.

But Long Zhentian obviously would not give him this opportunity, and in a moment, he had already come to Qin Chen.

"It's death anyway, bring the storage ring."

Long Zhentian looked at Qin Chen angrily, with a hideous look on his face, and the palm of his hand that flashed with surging power came towards Qin Chen frantically.

"Long Zhentian, what are you doing?"

At this moment, an angry voice suddenly sounded, it was Situ Zhen.

He was the first person to take the fruit of the rules, and he was naturally the one who changed the fastest. Surrounded by the power of countless rules, the aura of the whole person had undergone tremendous changes. Between every gesture, the void was trembling, as if to rupture.

Emperor Wu Tian!

Situ Zhen was the first to break through to the realm of Emperor Wudi in Nine Heavens.

However, the aura on his body was obviously worse than that of the real Jiutian Wudi. Whether it was the power of the rules or the power of the true essence, it looked a little weaker than the real Jiutian Wudi.

This is because he is here, relying on the breakthrough of the rules and the power of the rules, naturally not as skilled as the real Jiutian Wudi, and the true essence has not yet been completely transformed.

Even so, the aura on his body has reached a point of discoloration. Compared with Emperor Wu, Emperor Wu Tian is a real powerhouse in the mainland, and he is qualitatively different from Emperor Wu.

"Get away!" With a boom, his eyes skyrocketed, and he patted Long Zhentian with a palm. With a buzzing sound, the void rippled and rippled, and the constant fluctuations seemed to burst. That huge The palm of your hand is simple and unpretentious, but it contains the ultimate power of discoloration Li, coming first, coming to Long Zhentian's body all at once, almost unimaginable.

what?

Long Zhentian was startled, and hurriedly turned around and fisted to resist. With a bang, his whole body was blasted out, and his blood was violent, almost spouting blood, and the power of the rules on his body couldn't help shaking.

This is because he is also in the process of breaking through the emperor's transformation. If Situ really slapped his hand before the transformation, he would be seriously injured. "Master Situ, don't care about me, it's a mere Long Zhentian, and there is nothing I can do about it. You immediately leave here with Dan Pavilion's disciples. Don't stay here." Although Qin Chen is in a breakthrough, his spiritual power is always concerned about the outside world. , The first time to the Division

Du Zhen issued the order.

"Qin Chen, now I have broken through, and when I kill the black-clothed man in the Law Enforcement Hall and break the forbidden formation, I will take you away." Situ really shouted coldly.

Breaking through Emperor Wu, he felt full of power all over his body, as if he could suppress everything by raising his hand, and his self-confidence skyrocketed unprecedentedly.

"No, leave here immediately, trust me." Qin Chen anxiously transmitted his voice.

"Huh?" Situ really hesitated, but still nodded: "Okay, I will take everyone away immediately, what about you?"

"Don't worry about me, I have my own way." Qin Chen said.

Situ really nodded.

Whoosh!

He flew out, came to Ye Mo and the others in an instant, and shouted sharply, "Everyone will follow me and rush out!"

When the voice fell, he took the lead, rushed directly to the cave in front of the man in black, and blasted the man in black with a punch. With a bang, the pitch-black fist was like a huge grinding disc, rushing towards the leader of the man in black.

[Chapter 1585: Late emperor](#)

"Huh?" The leader of the man in black frowned. After Situ Zhen broke through, he was the first to think about leaving here. His eyes were cold, and he immediately activated the black flag, buzzing, and bursting with sharp black prohibitions. , Forming a line in front of him

Protection prohibition.

With a bang, the power of the endless rules exploded, making a deafening roar. Situ Zhen looked at the protective restraint in front of him in amazement. With a punch, the protective restraint trembled violently, and it was not destroyed.

what?

Situ really didn't believe in evil. He shot frantically, blasted, and the strong true essence swept out, like a tsunami, the mighty true essence contained the power of rules, and the void would be shattered and roared.

But under the raging waves, he made ten moves, but it was difficult to break the restriction in front of the man in black.

This shocked him. After breaking through the Nine Heavens Martial Emperor, although he had not consolidated his cultivation base, his strength had already been increased tenfold, yet he still couldn't break through this forbidden formation?

The others were also shocked. Is this forbidden formation a ninth-level formation? How could it be so strong.

"It's just a small Nine Heavens Emperor Wu, who also wants to break the forbidden formation of this seat, thinking too much." The leader in black sneered.

He had the guts to let Situ Zhen and the others break through, and naturally there was a way to make them unable to leave.

"Master Situ Zhen, his command flag is the eye of the forbidden formation. It can gather the power of the entire forbidden formation and attack the restrictions around the grottoes before it can break open." Qin Chen's voice was in Situ. Real mind sounded.

"it is good!"

Situ really drank low.

"Wow!"

He soared to the sky, rushed to the top of the grotto to restrain, and then blasted out with a punch, only to hear a bang, the restraining array above the grotto shook violently, and the black diaphragm kept shaking.

"Boom!" "Boom!" "Boom!"...

At this time, a series of terrifying auras swept through the grottoes, including the Golden-Body Emperor and the Hongyan Emperor.

call!

The power of strong rules bloomed on them, and they also broke through to the realm of Emperor Wu, and the number of people who broke through Emperor Wu was rapidly increasing.

In the blink of an eye, there were more than ten people.

The breath of everyone's breakthrough, permeated, this is a kind of resonance, and everyone has an amazing breakthrough in an instant.

At this moment, Qin Chen finally suppressed the dragon soul aura, and the dragon soul power contained in the true dragon blood was swallowed by Qin Chen and grew into his own soul.

At the same time, Qin Chen's body was also undergoing rapid transformation. On top of his body, dense dragon scales faintly appeared.

However, this is not a real dragon scale, it is just the true essence dragon scale formed under the agitation of the dragon energy. This is so shocking.

"Damn it, this should have been mine."

Long Zhen's weather roared endlessly, and under everyone's breakthrough, the aura on his body was also madly changing. According to the number of regular fruits consumed by each person, in fact, some people who only swallowed two or three regular fruits may not break through so quickly, but they really can't stand the number of people. In this state of breaking through together, many people In vivo

Qi and blood will involuntarily break through together and get resonance.

At the moment when everyone broke through, the aura in Qin Chen's body also merged all at once, his true essence skyrocketed, and his cultivation instantly entered the late Wuhuang period.

"Breakthrough, finally breakthrough."

Qin Chen felt the surging True Essence in his body, ecstatic in his heart.

Boom boom boom...

At the same time, You Qianxue and others also broke through in an instant, their body shone with spirit and spirit lingering.

At the moment Qin Chen just broke through.

"Boy, hand over the treasure."

A roar sounded, it was Long Zhentian.

He just broke through the Nine Heavens Martial Emperor, and immediately killed him strongly, full of murderous aura.

After breaking through the nine days of Emperor Wu, he was not afraid of Situ Zhen and vowed to kill Qin Chen.

"court death!"

At this time, Long Zhentian still wants to do something to himself. Does this person really have no moral intentions?

Qin Chen was full of dragon aura, roaring, there was an imaginary dragon shadow appearing behind him, slaying his fist, slamming towards Long Zhentian.

"It's only the Emperor Wu in the late stage. Do you think you can go against the sky and fight in a leap?" Long Zhentian sneered, his face frenzied, the glow of the glow above his palm, the violent breath tearing through the void, and he instantly descended in front of Qin Chen.

boom!

The fists collided, and the next moment Long Zhentian's face changed suddenly. He only felt a mighty and invincible force sweeping over him, his internal organs shook crazily, and a mouthful of blood spurted out of his mouth and his body was injured.

On the other hand, Qin Chen flew upside down, but soon stabilized his figure without hurting him.

What mainland joke?

Long Zhentian's eyeballs were about to burst. The late Emperor Wu Huang could block his Nine Heavens Wu Emperor's blow, and he was unscathed. Hell?

"After breaking through the late stage, the body's defense has really improved a lot." Qin Chen was happy in his heart. In fact, in terms of attack power, he was not much stronger than Long Zhentian, who broke through Emperor Wu, but what was terrifying about Qin Chen was that he 'S physical defense is too strong, so strong that Long Zhentian, a newly promoted nine-day martial emperor who has not consolidated his cultivation.

, Ordinary attacks can't hurt him at all.

"Ok?"

Qin Chen's actions here immediately attracted the attention of everyone on the field, but it was only an attraction. Soon, the eyes of the Golden-Bodied Martial Emperor and others fell on the black-clothed leader.

"Controlling this forbidden formation can withstand the attack of Emperor Wu Tian? It's interesting, but the emperor wants to see if so many of us take action, can you stop it."

The Golden Martial Emperor sneered, and soon adapted to the change of identity, and even claimed to be the Emperor, immediately felt extremely comfortable in his heart. After working hard for so many years, isn't it just for this day?

"Everyone, follow me to kill the enemy first, and kill the man in black before dealing with other things."

With a wave of his arm, the Golden Martial Emperor moved instantly. Boom, he turned into a golden rainbow light, and his whole body was burning with golden light. The whole body seemed to be boiling. The endless golden light shook the void, and suddenly came to the leader of the black clothed man. prior to.

With a puff, the black restraint in front of the leader of the man in black trembled frantically, and he held fast.

But then, Elder Fei and the others moved as well, and more than a dozen martial emperor-level experts rushed forward, and that might be enough to destroy everything.

"The last madness? Hahaha, stop them." The leader of the man in black shouted with a sullen face and shouted at the red face Wuhuang and the others.

"What on earth do you want to do?" The Red Face Martial Emperor yelled angrily at the black-clothed man, but he dared not make a move. He immediately rushed forward. They must not let the Golden Martial Emperor and others break the restriction, otherwise the Misty Palace would be over. .

It's just that they don't understand the purpose of the man in black at all, and the frustration in their hearts can be imagined.

boom!

All kinds of mighty powers soared into the sky in an instant, and the two sides fought madly together. "Jie Jie Jie, so much power, enough, it should be enough." A trace of hideousness and madness flashed in the eyes of the leader of the man in black, and with a bang, he tore his cloak directly.

[Chapter 1586: Enchanted Fruit](#)

Wow!

The cloak was torn, and what was revealed in front of everyone was an extremely hideous face, haunting the black devilishness, and it was actually an alien from the demon race.

"The leader of the man in black is actually an alien?"

Qin Chen was taken aback. He thought that the people in black in the Hall of Law Enforcement should be like demon sages. They belonged to the descendants of the alien demon race, and they only possessed the blood of the alien demon race. It is an alien race.

This surprised Qin Chen.

But Qin Chen was shocked, and the others were shocked.

"Who is this person?"

"This face is not human at all."

"Could it be that blood beasts can't form?"

Everyone was shocked, and everyone was shocked.

One by one was almost shocked.

Even the Red Face Wuhuang and others were shocked and dumbfounded. They accepted the orders of the Lord Palace Master and obeyed the orders of the man in black, but they couldn't imagine that the man in black was not a human race.

"It's an alien race, and the opponent is an alien race, a alien who invaded our Tianwu continent in ancient times."

Ancient Cangwu Emperor roared, "I said it a long time ago, you must not believe it, now you know, Misty Palace, colluding with foreign races, the crime is very heinous."

Alien?

Everyone's expressions were dull, the horror in their hearts couldn't be suppressed, and their breathing seemed to stagnate.

"Huh, no matter what kind of alien race he is, we have so many people, are we still afraid that the other party will catch him, no matter what conspiracy the other party has, there is nothing to do."

The Golden Body Martial Emperor snorted coldly, the first one to react and kill him.

And the others also came to wake up, yes, no matter what the origin of the other party, only by taking down the black man first can the crisis here be resolved.

"kill!"

Everyone roared and rushed up.

"Jie Jie Jie, you want to kill this seat? Naive!" The leader of the man in black grinned, holding the flag, he immediately saluted the passage behind him, and then respectfully said: "Respectfully invite several seniors. "

"Jie Jie Jie, it's finally my turn to wait for the show."

"Hahaha."

"So many human flesh and blood, delicious."

A sullen laughter sounded, and from the passage, several burly figures suddenly rushed out and joined the battlefield.

Among them, the leader of the Alien Demon Race, with a height of three meters and two sharp horns on top of his head, went straight to the sky, holding a black magic knife, and his devilish energy was soaring into the sky.

Beside it, there are two powerful aliens with terrifying aura, but they are much weaker than the leader.

"It's an ancient alien monster!"

Qin Chen saw at a glance that the aura of this leader was very similar to that of Mokara. The ancient alien demon expert who should guard this inheritance temple should immediately send soul information to Mokara and Skeleton Helm.

"Jie Jie Jie!"

"I'll wait."

Two grinning sounds sounded, and Mokara and Skeleton Rudder, who had been staying outside the passage, also rushed out like lightning and appeared on the battlefield.

"Gulas, is it you?"

As soon as Mokara came to the grotto, his eyes fell on the other leader of the alien demon race, and Jiejie laughed strangely.

"Oh, Mokara, are you awakened too?"

The bull-headed alien race called Gulas was surprised, and then his eyes fell on the leader of the man in black, "Were you awakened?"

"Two seniors, junior Quinn, upon the order of the demon lord, awaken the two seniors, and ask the two seniors to help the juniors to kill these human warriors." The black-clothed leader said immediately.

"Queen?"

Mokara and Gulas didn't react at all, but the Skeleton Rudder's pupils shrank.

This name is not unfamiliar at all. It comes from what era it is, and it is a close believer that the Demon Lord trusts extremely.

What Skeleton Rudder didn't care about was that when it was secretly startled, one of the few people in black who remained on the side also condensed his gaze. At the same time, he looked surprised when he saw the Skeleton Rudder.

"On the order of the devil?" Mokara sneered, "Do you have evidence?"

The black-clothed leader instantly took out a token, the whole token was pitch black, and there was a fierce demon head outlined on it. The devilish energy was soaring to the sky. In the grottoes, ghosts cried and cried.

"There is a token of the demon master, please also two seniors to follow the orders of the juniors."

"The Devil's Token!"

Mokara and Nagolas stared.

The demon master token represents the identity of the demon master. When the demon master token appears, all the other demons must obey its orders.

It should be noted that the alien demons are different from the human races, and they have a strict hierarchy. Although the ages of Mokara and Quinn may be very different, as long as there is an order from the demon master, regardless of the age of the alien demons, they must listen to the orders and decide. Can't disobey.

Unless there are two demon masters separately ordering, can all this be changed.

Nowadays, although the black-clothed leaders are not in the same era as them, and their strength may not be as good as them, as long as they take out the Demon Lord token, they must obey the other's orders.

"Since there is a token of the demon master, and wake me up, I will listen to your orders for the time being." The bull head alien demon clan said loudly.

"The junior's command is very simple. Kill the human warriors here." The black-clothed leader sternly said, and then took out two dark fruits in his hand: "This is a demonized fruit. It is a sacrifice for the two of the masters of the devil."

Two dark fruits, one on the left and the other on the right, were thrown to the Bull's Head and Mokara respectively.

Obviously, Gulas and Mokara belonged to the leaders of this ancient alien race. As for the Skeleton Rudder Lord and the other two alien races, they were regarded as the subordinates of Gulas and Mokara.

"Magic Fruit?"

Gulas and Mokara were overjoyed, a demon took a fruit and swallowed it instantly.

boom!

In an instant, the devilish energy of the two of them was full. After being sealed for tens of thousands of years, the two demons have just awakened, and their original strength is actually equivalent to that of the ordinary nine-day martial emperor, but this demonized fruit can quickly awaken the sleeping power in the two demons and make the two demons. Strength in

Within a certain period of time, the improvement was tenfold, which would be far above the ordinary Nine Heavens Wudi.

"You...what do you want to do?" The red face Wuhuang looked at the leader in black in horror, while the other people in Misty Palace and Law Enforcement Hall also looked at him in horror. The black-clothed leader glanced at a few people indifferently, and said: "Everyone, your mission has been completed, and you don't have the energy to protect you next. I will send you away now. If you want to know the truth, you can ask Shangguan Empress. , As for

This seat, I will not answer. "

As the voice fell, the leader in black quickly waved the flag in his hand, and an invisible force of space was immediately transmitted, enveloping all the surviving Misty Palace and Law Enforcement Palace disciples, and the power would send them out.

"This emperor is not leaving." The Emperor Wu Yan suddenly shouted sharply.

Hum!

She shook her body and immediately walked out of the power of space. How can she leave without finding out the truth?

"grown ups!"

Emperor Tianfeiwu exclaimed.

"I will not go either."

Murong Bingyun gave a cold cry, and wanted to walk out.

Ji Ruyue and You Qianxue also want to get out of the power of space, Qin Chen is still here, how can they leave first?

"You guys, let me go first!"

The red face Wuhuang snorted coldly, urging Qiqiao Linglong ball, instantly enveloping Murong Bingyun and the others, shook them back.

"Do not!"

You Qianxue and Ji Ruyue both looked at Qin Chen desperately, their eyes full of worry and anxiety.

The next moment, a white light flashed, and Murong Bingyun, You Qianxue, and Ji Ruyue disappeared into the grotto in an instant.

"Jie Jie Jie, these people, leave it to me to wait!" At this time, Gulas and other strong monsters moved swiftly, and rushed towards the Golden Martial Emperor and others with a grinning grin.

[Chapter 1587: The Fall of Emperor Wu](#)

"No, stop them."

Old Fei's expression changed and he hurriedly urged the Tiankong Wanzhuan array disk, and an invisible light formed in an instant, enveloping everyone, and it was the Twelve Huan array.

After Fei Lao broke through the Nine Heavens Emperor Wu, his mental strength skyrocketed, and the power of the twelve worlds that spurred him was even stronger. Numerous rays of light lingered, turning into a sky, and appeared in front of Gulas.

"What kind of shit?"

Gulas grinned, and his right hand quickly zoomed in, turning into pitch-black hideous claws, which suddenly blasted above the light. With a bang, the light trembles like the sky and the earth cracks, and it trembles quickly, and above the light, black magic energy quickly appears. These magic energy spread wildly, and wherever it passes, the light immediately appears. Road crack

Pattern.

"what?"

Old Fei turned pale with fright, and said in anger, "Hurry and stop it." After he broke through the Nine Heavens Martial Emperor, his cultivation level skyrocketed, and the power of the Twelve Huan Transformation Formation he displayed was even stronger. Under normal circumstances, it looked like a golden martial arts. The emperor, such as the martial artist who just broke through the Nine Heavens Emperor Wudi, could hardly break open.

Crack, this is beyond his defense capabilities.

"kill!"

The Golden Body Martial Emperor was also shocked, and he was the first to make a move: "Destroy the Golden Body Palm!"

boom!

The palm exploded and turned into a golden giant hand. On the giant hand, the roots of fingerprints are clearly visible, flowing golden runes, like a golden scorching sun, rolling over.

At the same time, Situ Zhen, Yue Chaolun, Phantom Martial Emperor and other top powerhouses also moved. All kinds of streamers turned into a long river of true essence, and the shock the void bursting, trembling, and slamming. Nagolas's body.

Rumble!

Astonishing explosions, continuous ups and downs, like detonation of a gunpowder barrel, the true essence swept out swept away, and amidst the sound of puffs, many martial emperors, who were struggling to persist in the major forces, burst open in an instant. Turned into blood mist.

This force is really terrifying, and it's incredible. In the agitation of the true essence, Gulas let out a roar, boom, the true essence exploded, and its body was extremely embarrassed by the bombardment, it was charred, and even a lot of terrible wounds appeared, but the devilish energy spread, These wounds are healing quickly

Together.

Everyone was even more shocked this time, and they felt an unprecedented shock in their hearts. Just now, at least seven or eight newly promoted Nine Heaven Martial Emperors attacked Gulas, and they just bombarded it, not even seriously injured.

What defense is this?

"These **** humans actually hurt the demon's body, ah, if it were in ancient times, these three-legged cats, this one can sneez to death with one sneeze, death!" It roared, its eyes were red, and its body kept emitting. With a gurgling sound, the bones were pulled up suddenly, and the claws tore apart the light that Fei displayed, with a bang, the dark claws grabbed it and came to the slowest retreating Gui Yuanzong.

In front of the leader Yu Haowen.

The leader of Guiyuanzong Yu Haowen is a strong man of more than fifty. He is not burly, but his aura is strong and terrifying. Amidst his anger, a navy blue shield appeared in front of him and his figure was violent. Retreat, dodge frantically.

"Jie Jie Jie, want to hide, can you hide?" Gulas grinned and slammed, the dark claws smashed the navy blue shield directly, and the shield that was regarded as a treasure in the eyes of Guiyuan Sect leader Yu Haowen seemed fragile. It's like paper, while being crushed, the pitch-black claws came to Yuhao's face.

before.

"The Art of Feathering!"

Yu Haowen desperately used the Guiyuanzong forbidden technique. His body seemed to be evolving into the immortal, becoming nothingness, the true essence burned, and the speed skyrocketed, as if he wanted to escape into nothingness and turn into nothingness.

"Humph, forbidden magic!"

Gulas grinned, the rainbow of his claws skyrocketed, and countless devilish energy spread from it. For a moment, he wrapped Yu Haowen in it, unable to move, the devilish energy invaded Yu Haowen's body like tentacles.

"Do not!"

There was a look of horror on Yu Haowen's face, and the devilish energy entered his body. In an instant, countless black lines appeared on his body, and his body was rapidly blackening.

"Om!"

"Who is it, starting with my Gui Yuanzong disciple!"

At this moment, in Yu Haowen's body, a cold and stern voice instantly sounded, and a magnificent breath filled Yu Haowen's body, as if a figure was about to form in the void.

It is the spiritual mind planted in Yu Haowen's body by the strong Guiyuanzong. "Hey, it's the divine consciousness of the strong human race." Gulas was surprised, but the corners of his mouth still sketched a grin, he didn't care at all, he smiled grinningly, "It's just a mere divine consciousness, if the deity is here, the demon is still two points jealous. , Now, what is it, wait for the magic

Recover your strength, go to Tianwu Continent, take down Er's dog head, as for now... Give Ben Mogaun! "

boom!

In the center of Gulas's eyebrows, a phantom bull rushed out in an instant. This bull was extremely fierce, bursting with emptiness, and with a bang, it sank directly into Yu Haowen's body.

"Ah!" Only a stern roar sounded, and the Divine Sense clone in Yu Haowen's body suddenly screamed, and the next moment, the magnificent breath burst into pieces, and the ashes disappeared.

puff!

The next moment, Gulas's claws were inserted into Yu Haowen's body suddenly, and he tore it casually, Yu Haowen suddenly burst into pieces, turned into countless flesh and blood, and fell on the spot.

The whole process was long, but it was only an instant. In a few breaths, Gulas broke through Fei Lao's defenses, beheading the leader of the Yuan Zong Yu Haowen, the methods are fierce, the strength is tyrannical, It's so discolored.

"impossible!"

"Yu Haowen just died like this?"

"He is a powerful Nine Heavens Martial Emperor, who is this demon?"

"It's over!"

Everyone was shocked and trembling. After breaking through the Nine Heavens Emperor Wu, everyone's self-confidence skyrocketed and their hearts swelled like never before.

They are the Nine Heavens Emperor Wu, who can be the enemy, once they join forces to kill the man in black, wouldn't it be as good as cutting melons and vegetables?

But now, like a basin of cold water, the pride and self-confidence in everyone's hearts were torn to pieces in an instant, making them understand that even after breaking through the Nine Heavens Emperor Wu, they are still lambs to be slaughtered and want to survive. It is not easy.

Moreover, the reason why they were able to break through the Nine Heavens Martial Emperor, as Qin Chen said earlier, was that the other party did it deliberately. Otherwise, the other party only had to invite the ancient alien demon powerhouse earlier and kill them with ease.

But what is the purpose of the other party doing this?

When everyone was horrified, after Gulas killed Yu Haowen, he immediately sucked in forcefully, and then sucked the essence and blood that Yu Haowen had transformed into his body.

"Jie Jie Jie, the essence and blood of human beings are very delicious. This demon has been for tens of thousands of years. It has never tasted the flesh and blood of the human emperor. It is really exciting." It grinned and wanted to taste the food.

[Chapter 1588: Must kill](#)

However, without waiting for it to absorb Yu Haowen's essence and blood, suddenly, an invisible force came, and instantly absorbed Yu Haowen's essence and blood into the forbidden formations around the grotto.

It was Quinn, the leader of the man in black, urging the flag to fight for the blood of Yu Haowen from Gulas.

"What do you mean?"

Gulas turned his head and roared furiously. It hadn't tasted the human blood for many years, and finally had the blood of Emperor Wu to enjoy it, but was snatched by the opponent.

"Senior, don't get angry. These human essences are still useful to this seat. As long as the seniors help this seat kill these people and get enough essence and blood, then no matter how many human powers the senior wants to devour, the juniors will find them for the seniors. ."

Quinn hurriedly said: "It's a matter of urgency. Please complete the demon lord's request to kill these people." Gulas stared at Quinn coldly. If in the ancient times, if others dared to **** its food, it would have been angry. But looking at the demon master token in Quinn's hand, it finally endured it. The demon master's life card, it could not resist, otherwise, it was right

The rules of resisting alien demons for countless years.

The purpose of this Quinn is for our blood.

At this time.

Yue Chaolun and others woke up in shock, and at the same time understood why the leader of the black clothed men wanted them to break through the Nine Heavens Martial Emperor. After the martial artist breaks through the Emperor Wu, he is tantamount to a transformation. The power contained in the blood essence will be increased by a factor of ten, and this is not only because of the strength. The blood essence of the Emperor Wu contains the great path of heaven and earth. Emperor blood,

This is not above one level at all. It should be noted that no matter how strong the blood of the emperor is, he can only perform some secret techniques, but the nine-day emperor can leave a divine mind clone with a drop of blood, because the emperor's blood contains the road of heaven and earth that the martial artist branded when he broke through the emperor. , The rules of heaven and earth

, But the most terrible.

boom! As Yu Haowen's blood blended into the surrounding forbidden formations, a fierce roar suddenly sounded, and the forbidden formations around the grotto seemed to have come to life, and the blood inlaid on it was like dragons. Wandering

, All around.

I have to say that Yu Haowen, as the Nine Heavens Martial Emperor, had too strong blood on his body, and the blood he had transformed by himself was even more terrifying than the hundreds of Martial Emperors who had fallen before.

Of course, this is also the foundation of the blood of the hundreds of martial emperors in front, otherwise the blood of his alone would not be able to release such an effect. "Jie Jie Jie, it is a wise move for them to break through the Nine Heavens Martial Emperor. The essence of the Nine Heavens Martial Emperor contains the artistic conception of the rules of the avenue. The power of one person is comparable to ten half-step martial emperors, and the effect is simply much better. "The man in black chief Quinn

Excited, frantically urged the flag in his hand.

Suddenly, the forbidden formations around the grottoes were full of blood.

Click! Click!

I saw the spar island in the center of the melting lake, shaking violently, cracks quickly appeared on it, and a breath that made people feel heart palpitations from the depths of the heart suddenly passed out.

It seemed that there was some kind of terrifying monster under the spar island.

This breath is too terrifying, just a trace of it escapes, making the golden-body martial emperor and other powerful people feel terrified from the bottom of their hearts, that is the power of destruction, as if a thought can make them disappear!

"There is something under this spar island."

"The purpose of these alien demons is to absorb our blood and release the things under this spar island."

"What's in it? Why does the breath just make me tremble, like I'm dying?"

"Damn, we were actually used."

A group of people are panicked.

At this time, no matter how stupid people are, they also understand the whole story. The reason why they can come here is that they will appear here. All of this is a conspiracy of alien demons.

Even the sacred tree of rules and the fruit of rules are the same.

It's ridiculous that they thought they had found the treasure. In the end, they became a **** of others. What's more sad, this **** finally belonged to death here, smelting this forbidden formation with blood.

What a sad ending?

"Quin, what is in it? What are you going to do?"

Gulas also looked at the spar island in shock and shouted.

Its memory is a bit vague, but there is a feeling that this seal cannot be opened.

"Don't worry, Lord Demon Lord has his own decision. You only need to follow Lord Lord Demon's orders and don't have to ask so much." The black-clothed leader shouted lowly.

"Even if the demon master has an order, but..." Gulas just wanted to say something, but at this time, the Golden Body Martial Emperor and the others were already crazy.

"kill!"

"Kill out!"

"You must kill it!"

"Otherwise I will all die here."

The sound of horror sounded. At this moment, all the strong men of the major forces were mad, burning true essence one by one, no longer caring about others, and rushed out crazy.

Because everyone knows that if they don't rush out now and wait for the things under the spar island to wake up, then their fate will definitely fall.

Hum!

The golden talisman paper on the top of the golden body Wuhuang's head was urged to the extreme, turning into a golden streamer, and violently cut it.

call out! At this moment, in order to escape, he desperately used his essence and blood to spur this talisman. An ancient and vicissitudes of life permeated the talisman. The talisman seemed to be awakened, and an unprecedented shock of weather erupted. A breath, even let

The controller he felt faintly frightened.

The Golden-Body Martial Emperor showed ecstasy. He did not expect that this golden talisman had never exerted its true power, and only after breaking through the Martial Emperor could it be completely recovered.

It's just that at this time, he can't care about being happy. What he has to do now is to rush out, otherwise he will die.

Boom boom boom! Not only the Golden Martial Emperor, at this moment, the top powers of the major forces have exploded, the Phantom Martial Emperor, the Ancient Cang Martial Emperor, Fei Lao, Long Zhentian, etc., even Long Zhentian did not care about plundering Qin Chen. The rules are fruitful, I want to kill Qin Chen

, Is definitely not a matter of a moment, if you don't leave now, then there will be no chance to leave again.

When more than a dozen emperors burned their true essence and burst out with the strongest power, the entire grotto was trembling, and the space here was extremely stable, but at this time, it was still trembling.

"Stop them."

The black-clothed leader Quinn shouted angrily, yelling frantically at the black-clothed people beside him, as well as the looted Lu Haoran, as well as the red face Wuhuang who was left behind.

Now that the most critical moment is reached, if the Golden Body Martial Emperor and the others run away, they will fall short.

boom! The two sides collided together again. This time, everyone was desperate, burning true essence frantically, and even some people burned their blood.

[Chapter 1589: Rushed out](#)

"good chance."

Qin Chen's eyes, who had been observing the situation around him, brightened.

This should be the only chance to escape.

"Where is the **** cat?"

He glanced around for a while, and couldn't see the **** cat at all.

"Is it not here at all?"

In Qin Chen's heart, the **** cat has been tracking these alien demons, and he should have been here long ago, so he had been searching for the **** cat's traces before.

But now things have reached this point, the **** cat hasn't even appeared yet, so there is only one possibility, the **** cat is not here at all.

"Where did the **** cat go? If it is here, he must know something, maybe he knows what is sealed under this spar island."

Qin Chen was speechless.

The **** cat has always seen the dragon without seeing the end, but at this most critical moment, it disappeared. Qin Chen thought that the target of the **** cat was similar to this alien demons, but now it seems that it may not be the case. .

The **** cat may go to other places.

"This unreliable guy, if you see it next time, you have to look down on it."

Qin Chen was so angry that there was smoke above his head, but he did not dare to neglect, and immediately transmitted his voice to Yue Chaolun and Situ Zhen, "You and your disciples follow me, I have a way to leave here, but you must follow me, remember that after going out, Get out of here now."

When the voice fell, Qin Chen followed the team and rushed out together.

Yue Chaolun and Situ looked at Qin Chen suspiciously. At this time, even the Golden Martial Emperor didn't dare to say that there was a way to leave here, Qin Chen dared to say that.

However, what Qin Chen did before completely conquered them. Although everything Qin Chen did was mysterious, they could clearly feel the goodwill of the other party, and they believed that Qin Chen would never lie to them.

"follow me."

"All follow me."

With a low shout, Yue Chaolun and Situ Zhen immediately spoke to the warriors of the two major forces in the rear, and at the same time they flew away with Qin Chen.

"kill!"

At this moment, there was chaos on the field long ago, and everyone was crazy, fighting desperately, especially the group of people headed by the Golden Martial Emperor, all crazy.

Although he was very uncomfortable with the Golden Body Martial Emperor, Qin Chen had to admit that the Golden Body Martial Emperor worked decisively, and his cultivation was terrifying, and he had an overall view of the overall situation. He was a superb character, first-rate and much stronger than Long Zhentian.

Rumble!

There was an ear-splitting roar, and I had to say that more than a dozen Martial Emperors erupted together. The power was too terrifying. Even if Gulas and the other two great alien demon masters were strong, they could not stop so many people in a short time.

boom!

In just an instant, two more nine-day martial emperors fell, and more martial emperors were killed by the aftermath, but at the same time, the golden body martial emperor and others finally broke through the first line of defense of Gulas.

"Om!"

The leader of the man in black immediately urged the token, and an invisible barrier was formed again, stopping in front of everyone.

"broken!"

The golden body Wuhuang was fierce, and he vomited three mouthfuls of blood in a row. His eyes were red and his face was mad. Suddenly, the golden talisman aura skyrocketed, slamming against the black prohibition in front of the leader in black.

Cang Dang!

A dizzying explosion sounded, and the black forbidden array shield quickly rippled with countless ripples, but it still couldn't break open.

"what?"

The Golden Martial Emperor was dumbfounded, with a frightened face. If they couldn't even break the barrier, how could they escape?

"Roar!"

The Golden Martial Emperor roared, and even the blood began to burn, and once again displayed the golden talisman paper, crazy, vowing to break the barrier shield.

At this time, other strong men also rushed in, one after another frantically shot, attacking the shield.

The black-clothed leader Quinn showed ecstasy on his face and resisted it. When the Golden Martial Emperor displayed the golden rune paper, he also had a trace of fear in his heart, because the breath of the rune paper was so terrible, even he felt horrified.

But now, since it blocked the first time, it naturally has no fear at all. No matter how many times the Golden Body Martial Emperor casts it, the ending will be the same. It is impossible to break its prohibition and protection, so the heart naturally becomes relaxed.

As long as the Golden Body Martial Emperor and others are trapped, there will be strong people from the ancient alien demons, afraid that they can't kill this group of new human martial emperors?

"This is the time!"

When Quinn was about to breathe a sigh of relief, Qin Chen, who was always paying attention to the whole situation, moved suddenly.

"Fan Tianyin!"

He lifted his hand, and the black big seal appeared in the void suddenly, turning into a mountain, crashing down toward the side of the barrier formation shield in front of him.

Boom!

The shield of the forbidden formation trembles crazily, and the original ripples suddenly rippling around this place.

At the same time, hoohoo!

The Wudaojian pill splash was spurred by Qin Chen, and the five flying swords contained amazing murderous aura. Under Qin Chen's urging, they slashed on the five different nodes around them, and suddenly five nodes came out. Ripples rippling. The ripples of the large circle and the small circle spread rapidly, colliding with each other quickly on the forbidden array shield, and then canceling each other, and these ripples are different according to the size of the power, the speed of diffusion, and the final collision node is also different.

When the concentrated ripples collided, Qin Chen's eyes brightened suddenly.

"right here."

He squeezed his fingerprints with both hands, and an invisible force suddenly sank into the node of the forbidden formation.

At this time, the second attack of the Golden-Body Martial Emperor also instantly fell on the restraining shield.

boom!

The restraining shield trembles quickly, and a big hole is broken in an instant.

Moreover, this big hole did not just appear in front of the Golden Martial Emperor, but appeared in various places of the shield.

"rush out!"

Qin Chen immediately notified Situ Zhen and Yue Chaolun, whoosh, and a group of people quickly rushed out of the shield through the damage.

"not good!"

When Lu Haoran and the alien demons saw this, their expressions changed drastically, and they rushed over.

"Broken?!"

The Golden-Body Martial Emperor didn't react at first, and was stunned for a while, but when he woke up immediately, he rushed out.

"Stop them."

The black-clothed leader's face completely changed, and he looked at the broken shield in front of him in disbelief. How could it be possible?

Since he blocked the first blow of the Golden Body Martial Emperor, there is absolutely no reason why he could not block the second blow.

"No, someone just secretly destroyed the structure of my forbidden formation, who is it?"

At the moment when the Golden Body Martial Emperor attacked, it clearly felt a trace of the restriction formation, but it was too chaotic at that time, it didn't have time to notice it.

The black-clothed leader's gaze quickly swept to the place where the previous forbidden formation had flaws, his face was hideous, and he wanted to find the opponent.

"Damn alien bug, die for me!"

Just before it swept towards Qin Chen, an angry roar sounded. It was the golden martial emperor. His first move to break the barrier of the forbidden formation was not to escape here, but to urge the golden talisman. Slammed to the leader of the man in black. If you don't kill this person, it's hard to understand the hatred in your heart.

[Chapter 1590: Gorefiend](#)

Hum!

The golden rune paper contained boundless power, and it instantly came to Quinn. The scary rune paper edge even cut the void into a thin arc, as if it were about to break.

It should be understood that this place is a foreign demon continent, with strong rules and incomparable space power, but this golden rune paper can almost break the void. What power is this?

"dead!"

The golden-body martial emperor roared, burning true essence all over his body, doing everything he could to make a move, as if mad, the golden talisman suddenly came to the head of the man in black.

"Damn it." The leader of the black clothed man was annoyed. He exploded with a monstrous devilish energy. The aura on his body soared in an instant, and he rose to the level of the Nine Heavens Martial Emperor in an instant. Crushed golden rune paper

In it.

Puff puff! The golden rune paper violently collided with the monstrous devil energy, the strong energy swept everything, and quickly disappeared. The leader of the black clothed only felt a sharp to unmatched aura, penetrated it and displayed the dark devil energy, and continued to blend in In his body

.

"Ah!" It roared, and then with a pop, the golden rune paper brought a puff of dark blood in an instant, and cut a wound on the arm of Quinn, the leader of the man in black, and then inserted it into Quinn's chest. The paper trembles, trying to get into Quinn's body

, Divide it into two.

"Blood Demon Body!"

Quinn roared, endless red glow burst out of his body, countless red halos wrapped the golden rune paper in an instant, and clamped it tightly.

"Damn it!"

At this moment, the golden body Wuhuang Zhenyuan has been mobilized to the extreme, seeing that his golden rune paper can no longer kill the leader of the black man, but the golden rune paper is about to be left by him, and in anger, he hurriedly urged the golden rune. The paper is back.

"If you want to take a shot, you can withdraw if you want to withdraw. There is no such easy thing." Quinn yelled, with a fierce face, and with a bang, his figure exploded, rushing to the golden martial emperor, countless black The devilish energy lingers around it like tentacles, wrapping towards the golden-body martial emperor, obviously trying to stop it with itself

Golden body Wuhuang.

boom!

The next moment, the two collided and said a crazy fight, each blow brought out amazing ripples, shaking people nearby difficult to approach.

Whoosh!

On the other side, Qin Chen led Yue Chaolun, Situ Zhen and others to the exit quickly.

"Want to go?"

Huh, Lu Haoran appeared in front of Qin Chen and slammed over. "Hmph." Qin Chen snorted coldly, and blasted his backhand punch without any fear. With a bang, the two fists collided in the void. The moment Qin Chen urged the golden parasitic seeds in his mind, The mysterious power escaping from the parasitic seed,

It melted into Qin Chen's fist in an instant, and rushed into Lu Haoran's body.

"What? This force?"

Lu Haoran only felt an aura that made him feel shocked and rushed into his body. For a moment, it seemed like a disaster was approaching, his whole body stood up, his mouth spurted blood, and he flew out embarrassedly.

"How come!" It looked at Qin Chen in horror. It was a powerful man of the Nine Heavens Martial Emperor level. It was not an opponent of Qin Chen's late-stage martial emperor. Moreover, in Qin Chen's fist, there was something that made him feel The power of fear in the depths, how is this possible

?

It is a descendant of the alien demon race, the supreme race, how can it fear a small human breath?

It does not understand.

"Stop them!"

As he retreated, Lu Haoran screamed frantically.

"Ok?"

Hongyan Wuhuang heard Lu Haoran's roar, turned his head and saw Qin Chen's group, almost rushing out of the tunnel, suddenly shocked.

Once someone rushes out, everything that Misty Palace does will inevitably be exposed to the entire continent, and Misty Palace will inevitably face a huge crisis.

They must not be allowed to escape. With a cold gaze, the red face Wuhuang swooped over, and she urged the seven-orifice exquisite ball above her head, a mighty breath spreading over in an instant, to stop Qin Chen and others, but at this moment, Huh, two figures appear suddenly

In front of her, there were two ancient powerhouses of the alien demons.

"Little girl, these guys will be given to us, you go chase and kill other people." Mokara said coldly, with a grinning outline at the corner of his mouth. The infiltrating devilish air made the Red Face Martial Emperor secretly startled and showed his vigilance. The color. "Jie Jie Jie, Lord Hongyan, don't worry, the emperor of the Xuanyuan Empire has been beheaded by his subordinates. These little guys will be handed over to us. The order of the female emperor will be completed by the subordinates. One day, Emperor Xuanyuan's

The head is handed over to the lady emperor. "

Master Skull Rudder was full of demonic energy, shrouded in black mist, and could not see his face at all. While speaking, he respectfully saluted the red face Wuhuang.

The red face Wuhuang was taken aback!

What does this strong man of the ancient alien demons mean, what Xuanyuan Empire has been killed by it? Do you still have to complete the Lady Empress's order to kill Emperor Xuanyuan's head?

The red face Wuhuang was confused and completely stunned. What did the other party mean, he didn't know it at all, or did he say that the strong man of the ancient alien demons was also the servant of the female emperor? Suspiciously in his heart, Emperor Wu Yan stopped his figure subconsciously, and then saw the powerful alien demon in front of him who was enveloped in black air, and suddenly appeared in his hand a blue sword magic weapon, this sword **** As soon as the soldier appeared in the grotto, he suddenly disappeared

There was wind and thunder surging.

It was actually a wind thunder sword!

The Skeleton Rudder master held the Fenglei Sword, together with Mokara, rushing towards Qin Chen and his party.

"The Golden Lord Martial Emperor is the Wind Thunder Sword of Emperor Feng Lei!"

Seeing this scene, Emperor Gu Cangwu suddenly roared, his eyes were red, his canthus cracked, and a terrifying murderous aura broke out all over his body.

"What? Wind Thunder Sword!"

The Golden Martial Emperor, who was fighting the leader of the black clothed man, was shocked when he heard the words. He turned his head suddenly and saw the skeleton rudder holding the wind thunder sword, first saluting the red face Martial Emperor respectfully, and then killing Qin Chen and his party.

"The death of the emperor is really related to the rosy Emperor Wu, and the Misty Palace."

The Golden Body Martial Emperor's heart was violent. Although the ancient Cangwu Emperor had already said that the death of Emperor Fenglei was related to Misty Palace, the status of Misty Palace on the mainland was too high, and he could not believe it and admit it. But now, seeing Emperor Fenglei's divine weapon appearing in the hands of these alien demons, and this alien demons also respectfully saluting the red face Emperor Wu, he instantly understood that the ancient Cangwu Emperor Everything said is true, Feng Lei

The emperor was indeed killed by Misty Palace. And he also heard the last words of the Skeleton Rudder Master, Emperor Feng Lei was just a small target in Misty Palace. The person who really wanted to kill Misty Palace was Emperor Xuanyuan.
