

Valkyrie 1611

[Chapter 1611: Sisi's growth](#)

"Run away? Under the collapse of this space, can they go out alive?" Qin Chen was a little disbelief. The collapse of this space was so terrifying that even he couldn't resist it. Can Lord Chi Yan and his magic power resist it?

"This is not necessarily true. That guy's jade bottle is good. If you read it correctly, it should be one of the ancient magic treasures of the alien demon race. If it is not directly located in the center of the space collapse, you may be able to get out alive." The **** cat was also a little confused. , But thinking that even a small alien demon has such a treasure, but it doesn't even have a decent treasure on it, and I can't help feeling extremely depressed.

Just as the **** cat guessed, when the space collapsed in the grotto, the Red Flame Demon Lord and Mo Li, who had just rushed out of the inheritance temple, also felt the terrifying space power passed from behind.

"come on in."

The Chiyan Demon hurriedly urged the Sky Swallowing Devil Bottle, and suddenly a terrible suction was born, and it and the magic li were instantly sucked into it. The next moment, a terrible spatial turbulent flow hits, and the swallow will emit a black halo. The Sky Demon Bottle rushed out and disappeared into the turbulent flow of the void.

Rumble!

The entire Alien Demon Continent began to explode, and there was a violent roar in the place where it was in contact with the ancient Yu world.

Whoosh whoosh!

At this moment, outside the Alien Demon Continent, in the Guyu Realm, a group of human figures appeared in various hidden spaces outside the Alien Demon Continent. Seeing the violent explosion coming from behind, a look of horror appeared in the eyes.

These people, including the Golden Martial Emperor, Fei Lao, and Phantom Martial Emperor, and a large number of people from the Law Enforcement Hall who fled early, all watched the explosion in the rear in amazement.

The space power that faintly escaped, even if they broke through the Nine Heavens Emperor Wudi, they were extremely palpitated and felt boundless fear.

"Qin Chen!"

Next to the Phantom Martial Emperor, Chen Sisi suddenly seemed crazy. He wanted to rush into the place where the explosion occurred, but was stopped by the Phantom Martial Emperor.

"Master Phantom Martial Emperor, you let me go, I'm going to find Qin Chen, let me go!"

Chen Sisi roared in pain, tears could not stop falling.

"enough!"

"Snapped!"

The Phantom Wuhuang slapped out, and Chen Sisi's white face suddenly swelled up.

"Do you want to find that Qin Chen? Well, you go, you go to me, I promise, I will never stop you next, go!"

Phantom Martial Emperor looked at Chen Sisi angrily, and said angrily: "Do you think you are alone in grief? Look around, except for the two of us, how many people survived by the Phantom Demon Sect? No, except for the two of us. One, the rest are dead."

"A hundred disciples, one hundred, all died here, whose fault is it? It's the alien demons, it's the Misty Palace!"

"You want to die, you can, it's very simple, as long as you rush into the turbulence of this space, it's okay, but it's easy to die, and it's harder to live."

The Phantom Martial Emperor looked at Chen Sisi with hatred for iron and steel, with an angry look in his eyes: "Who are you, my witch of the Magic Demon Sect, the future heir, think about it, why can you live? It's because of Qin Chen, because Qin Chen would rather Save you, don't hesitate to be wrapped in blood, and would rather die inside so that you have a chance to survive, but now..."

"You actually have to take the life that others would rather sacrifice their lives to save, and go to death, no matter if Qin Chen is dead or alive, I ask you, are you worthy of others? Are you worthy of others who came back at the risk of their lives? ?"

With his full chest and violent ups and downs, Phantom Wuhuang's eyes became cold: "If I were you, I would have to survive. Sometimes, I live not for myself, but for others, which killed Qin Chen and killed us. Who is everyone? It is the Misty Palace and the alien demon. We must avenge them. If we want revenge, we can only do it if we survive better."

"This is what you and I do, do you understand?"

Phantom Wuhuang held Chen Sisi's shoulders, his eyes sharper than ever.

"Master Phantom Wuhuang."

Chen Sisi looked at her blankly, then hugged her all of a sudden, and began to cry.

She was crying to death, but she was crying, her voice gradually lowered.

She originally wanted to die, but after hearing the words of the Phantom Martial Emperor, she suddenly didn't want to die.

Yes, Lord Phantom Wuhuang is right, death is easy, but life is even more difficult. All those who kill the dust must be paid by the other party.

"Master Mirage, Sisi understands."

The tears from the corners of Chen Sisi's eyes were instantly evaporated, and the whole person became extremely indifferent, and his eyes were as cold as ice.

"You can understand it."

Phantom Wuhuang patted her on the shoulder and sighed slightly.

The other side.

Seeing this scene, You Qianxue panicked.

She shook her body and was about to rush over, but was suddenly held by Ji Ruyue.

"Qianxue, no. If you don't want to kill the people around you, don't go there. Misty Palace and Law Enforcement Hall will definitely investigate what happened here. What we can do now is not to cause any trouble to Qin Chen. , Otherwise, the people around you and those around Qin Chen are all over." Ji Ruyue said secretly.

"But the dust is less!" You Qianxue stared at the explosion scene before her eyes, the terrifying space turbulent flow, and her heart was unprecedentedly nervous.

"Believe that there is little dust, he will be fine, how many times the danger has come, he will definitely have his own vision, maybe we don't know where he has left." Ji Ruyue said solemnly.

In fact, she had no bottom in her heart, so she could only comfort herself.

"What we should think about now is what to say after going out. You and Qin Chen are from the same place. Before Qin Chen was so against the sky in front of the sacred tree of rules, Misty Palace will definitely investigate. There must be an excuse to keep it. Qin Chen, also keep you." Ji Ruyue's tone was gloomy.

She also didn't know that Misty Palace would collude with alien demons. If all this is true, then the future martial arts will inevitably fall into chaos, and at this time, chaos is the least. Chaos is all over.

"Young Palace Master, that continent has been completely destroyed, and Master Hongyan has no news now, what shall we do now?" A Misty Palace disciple immediately came to Murong Bingyun's side, and said with some trepidation.

Accompanied by the violent explosion, the Rainbow Bridge has long collapsed, and the continent that originally appeared in the void has also completely dissipated, leaving only endless space turbulence, devouring everything.

"There are still three months, that's the day when Guyu Realm will be closed. Let's go back first. If Emperor Wu Yan is still alive, he will naturally come to us." Murong Bingyun said with cold eyes.

Whoosh!

Then, she soared into the sky and flew out first.

One after another, the figure flew up, and soon disappeared between the heaven and the earth.

[Chapter 1612: Can't get out](#)

"Well, this Foreign Demon Continent actually exploded, what happened in it? Didn't those strange demon people succeed?"

On the other side of the ancient Yu world, the Golden Martial Emperor concealed in the void, looking at the exploded continent, his eyes gloomy.

"However, no matter whether it succeeds or not, after three months, the Guyu Realm will be closed, and those guys will be teleported out of the Guyu Realm. At that time, as long as the red face Wuhuang is still alive, I will definitely want her to regret everything she did before. "The golden body Wu Huang gritted his teeth, his whole body burst into icy chill, and the next moment he disappeared in place.

"Come on, let's get out of here."

At the same time, Yue Chaolun, Situ Zhen and others in another place in Guyu Realm looked at the explosion place, sighed, and finally left helplessly.

As the flow of people left, this area was gradually forgotten by everyone.

At this time, among the jade disc of good fortune in the universe, Qin Chen felt the space that was constantly swept outside collapsed, but his face was full of depression.

He thought that the collapse of this space would end soon, but he stared at the collapse of these spaces for a long time, only to find that the collapse of these spaces didn't mean to end at all.

"Big Black Cat, when can we go out?"

Qin Chen asked depressedly, if this space collapses and doesn't stop, wouldn't they have no chance to go out?

Moreover, Qin Chen could feel that the jade disc of good fortune of heaven and earth was constantly floating under the influence of the collapse of this space, and he did not know where it would take in the end.

The **** cat glanced at him and sneered: "If you want to go out, save it, every six months, you don't want to go out safely, this is the collision of two continents, how can it be stopped so easily."

"What? Half a year?"

Qin Chen took a deep breath, "Now there are only three months left before the closure of Guyu Realm, right? Six months later, Guyu Realm has already been closed. Can we still go out alive?"

His face was full of tension.

Can you not be nervous? The Guyu Realm will only open once in a hundred years. Once you are locked in, I have never heard of any trapped Guyu Realm who will still be alive after a hundred years. When the time comes, even if they collapse in this space If you survive, you will die in the ancient Yu world.

"Don't worry, there is a jade disc of good fortune from the universe. Even if the ancient Yu world is closed, we can go out. The jade disc from the world of good fortune can communicate with all void places. This ancient Yu world is no exception." Not worried at all.

"Are you sure?" Qin Chen said nervously, he didn't want to be trapped in this ancient Yu world for a hundred years.

"When did I lie to you?" The **** cat looked at Qin Chen contemptuously.

"It's hard to say, right, what's going on in this Alien Demon Continent? And this jade disc... and that ancient source beast, how do I feel that you seem to know each other?"

Qin Chen stared at the **** cat. There were too many secrets in the dead cat.

The **** cat tilted Erlang's legs, too lazy to pay attention to Qin Chen.

"Can you tell me?"

Qin Chen looked at the **** cat viciously.

"Why, do you still want to do something to me?" The **** cat said with disdain.

"It's not enough to do it, I just want to taste the taste of roast cat."

With a sudden rise, Qin Chen said with a smile on his right hand.

"He's meow, do you dare to threaten me?" The **** cat's fur exploded and said proudly, "Do you really think your cat is a vegetarian?"

"I don't know whether to eat vegetarian or not. I only know that the one in front of me is a cat. If you don't explain it obediently, hehe, don't blame Ben Shao for turning his face away from the cat." Qin Chen said with a smile.

This time, he couldn't let the dead cat continue to conceal it. Before in Guyu Realm, he believed in the dead cat and let those people open the passage of the alien demon continent, although he finally survived and still He got a lot of benefits, but he never wanted to have this kind of "surprise" that was not prepared at all.

Almost, just a little bit earlier, he almost died, and also put Qian Xue and the others in danger. If Qian Xue and the others had an accident before, he would not forgive himself.

"Come on, come on, don't think you got some treasures, the cat is afraid of you." The **** cat said angrily, because of the continuous use of space confinement, its hair is white on one side and black on the other. It was originally extremely unhappy. Qin Chen also called it a flower cat, how could it bear it?

This is a stark insult to it.

"Boom boom!"

Suddenly, Qin Chen and the **** cat fought against each other in this jade disc of good fortune.

Qin Chen knows the **** cat very well, and naturally knows that the usual tricks are of no use to it. Only the Qinglian Demon Fire can restrain it to a certain extent. Therefore, he constantly displays the Qinglian Demon Fire, and the flames quickly spread out and enveloped him. Live the whole world.

"They are..."

The injuries of Mokara and Ancient Cangwu Emperor were also healed. Seeing this scene, I suddenly became a little nervous.

The strength of the **** cat is considered to have been seen before, and even the Ancestral Demon Blood Sutra was dared to seize it. If it really fights with its owner, the problem will be serious.

"Don't worry, come, sit, sit here, we just need to take a good look. The master and this cat master will have fun, and won't go into a fight." Skeleton Rudder didn't care. Even moved a small bench and watched the excitement on the side.

"This really works?"

What do Mokara and Gu Cangwu Huang think, how do they feel unreliable.

"Don't worry, you two, I don't know them yet?" Skeleton rudder master smiled. If the **** cat is disadvantageous to the owner, he won't help out again and again.

I have to say that the **** cat is too fast, and knows how to hide the void, even if Qin Chen broke through the half-step Martial Emperor, he couldn't catch its trace at all for a while, and frequently caused it to avoid it.

This made Qin Chen very depressed. He remembered that he could easily control the rules in the grotto, but here, it seemed that he had become less comfortable.

"Ben Shao doesn't believe it."

Qin Chen snorted coldly, subconsciously wanting to imprison the **** cat's escape, but what he didn't expect was that when this thought came out, an invisible force was generated in the void, and the **** cat was immediately imprisoned. In this emptiness.

"what?"

Qin Chen was dumbfounded, when did he become so powerful?

But at the next moment, he understood that it should be because of this jade disc of good fortune from heaven and earth. The jade disc for good fortune from heaven and earth had already been refined by him, that is to say, this world has also been refined by him, so he thought, Can control everything in this world.

"Haha."

He suddenly became excited, and he didn't even bother to use the Qinglian Demon Fire, directly using the power of the rules, tossing the **** cat around this world, and having fun.

"Stop, stop!"

The **** cat hurriedly called.

[Chapter 1613: Different rules](#)

"Why, can't eat it anymore?" Qin Chen said with a smile.

"Stop, stop, I'm taking you, Lord Cat, can I tell you that it's okay?" The **** cat panted and was depressed. "Fighting you in your world, Lord Cat, I'm simply thinking about it. ."

"Just say it."

Qin Chen didn't take advantage of the victory, and said lightly: "Then you just say it."

"Okay, what do you want to know, Lord Cat, I know everything, but if you tell me in advance, don't ask me about things that have nothing to do with before, and I won't say anything, you have to force me, I will leave here, myself In the turbulent flow of space, I can't die anyway." The **** cat was still a little arrogant at this time.

"Okay, then you can tell me what happened to that continent just now? Was it the legendary alien demon continent? Why did you deliberately let those alien demon tribes open this continent and plant these conspiracies." Qin Chen A series of questions were asked.

"The previous continent was indeed a Foreign Demon Continent. However, it does not belong to the real place of the Foreign Demon Continent, but an existence equivalent to a secret realm." The **** cat said, "You can actually ask the one next to you. The kid of the alien demons, it should know."

"Yes, Master, the Temple of Inheritance is actually located in a secret realm in the Continent of Alien Demon, and the subordinates have also been sent to guard it for tens of thousands of years." Mokara hurriedly said.

"It's just a secret realm?" Qin Chen frowned. In that case, isn't it a real Alien Demon Continent?

"Of course it's just a secret realm. The Alien Demon Continent and Tianwu Continent are two different planes. Although the two continents are very close, they are actually very far apart. How can they border so easily?" Tan, said: "In fact, this ancient Yu world was also formed by the battle between human races and alien demons in ancient times..."

It turned out that in the ancient war between the two races, in order to conquer the human race as soon as possible, the alien demons opened up many battlefields in the Tianwu Continent, such as the Tianma battlefield in the land of a hundred dynasties, which is one of the main battlefields.

However, after a long period of invasion, the alien demons discovered a major problem, that is, if their alien demons want to attack the Tianwu Continent, they must come all the way, while the human race of the Tianwu Continent can organize resistance at any time. This is a great loss to the alien demon race. In many cases, the defeat of the alien demon race is because the support cannot be arrived in time, not because of insufficient strength.

In order to solve this problem, the great abilities of the alien demon race then forcibly opened up a space, allowing a secret void of the alien demon continent to connect with the secret void of the Tianwu continent and become a bridgehead for the alien demon attack.

And this secret realm is the ancient Yu realm today.

However, in the ancient war, the alien demons were about to take down the human race. As a result, there was a big change in the family, and the base camp was turbulent, which was defeated by the human race in one fell swoop, the invasion failed, and it could only retreat sadly.

And this bridgehead was also sealed in the depths of the Guyu Realm, which is the alien demon continent where Qin Chen and the others were before.

As for the **** cat before allowing Quinn and others to open the continent and set up a conspiracy, it was because the **** cat wanted the blood soul crystals on the ancient source beast, and the ancient source beast was once its friend. I also wanted to take this opportunity to rescue the opponent, so I pushed the boat along the way.

"Your kid is really cheap and good." At this point, the **** cat felt angry.

The blood soul crystal soul is the crystallization of rules condensed in the body of the source beast when it was born.

When the Origin Beast was born when the World of Different Demon Continent was opened up, there were two most important things in its body.

One is its origin, the origin beast's origin contains endless power, which can make an alien demon race instantly become a demon master-level powerhouse. This is also the reason why Quinn seals the origin beast and absorbs its origin.

The second one is this blood soul crystal soul.

When any source beast is born, there will be blood soul crystals in its body, but there is only one.

The blood soul crystal soul records the breath of the alien demon continent at the beginning of the birth of the source beast, the opening of the world of the alien demon, and the formation of the rules, which means that as long as the blood soul crystal soul can obtain the endless rules of the alien demon continent, it is extremely precious.

"He's meow, if it's the cat and I get the blood soul crystal soul, I can unlock the cat to a certain extent..." The **** cat stopped suddenly when he said this.

"Untie what's on you?" Qin Chen said.

"It's nothing." The **** cat waved his hand and said depressed: "Anyway, Master Cat, my plan is completely frustrated, but you, got the blood soul crystal soul, are still here chirping, and you have to do something with Me. Do you treat your benefactor a little bit?"

"You mean, this blood soul crystal soul contains the endless rules of the foreign demon continent?" Qin Chen was shocked.

No wonder he had a feeling at the time, as if he could control everything in the world by raising his hand.

But what puzzled Qin Chen was that since this blood soul crystal soul was so terrifying, why did he only make him break through to the half-step Martial Emperor, even before the Nine Heavens Martial Emperor.

Moreover, when the space collapsed earlier, the feeling of being able to control everything seemed to disappear, otherwise he would be afraid of the collapse of this small space.

"This is natural." The **** cat gave him a white look: "I said, Lord Cat, what this blood soul crystal contains is just the prototype of the endless rules of the alien demon continent. It records a kind of breath and does not represent it. It really contains endless rules, this is one of them."

"Secondly, you are a warrior of the Tianwu Continent, and the Blood Soul Crystal Soul contains the rules of the Alien Demon Continent. Even if you completely control the rules, you cannot directly break into the Nine Heavens Wudi Realm. After all, the two worlds How can different rules be universal?"

"And you suddenly lost the use of the rules before. It is because of this. You were able to control the rules at will because you were on the ground of the Foreign Demon Continent. Now the secret of the Foreign Demon Continent has collapsed, which is equivalent to returning to the ancient days of the Tianwu Continent. In Yujie, the rules in the body are naturally unusable."

"Can this rule be different?"

Qin Chen was stunned. Rules are rules. They are both spatial rules. Shouldn't they be the same? How could it be different?

The **** cat looked at the hillbilly's expression, and said, "A redneck is a redneck. Of course, the rules in different worlds are different, because when different continents are formed, the spatial structure is not established and the rules will naturally be different."

"Not only the Tianwu Continent and the Alien Demon Continent, the rules between other different planes are also completely different. Each plane between heaven and earth is independent, and there is no consistent reason, at most it is only similar."

What's the matter?

Qin Chen suddenly, it is no wonder that he has absorbed many rules in the blood soul crystal, but even Emperor Wu has not achieved it. It turns out that the rules contained in the blood soul crystal are not consistent with his own practice.

[Chapter 1614: End of experience](#)

But in this way, doesn't it mean that although he has absorbed the rules in the blood soul crystal, it is actually useless at all?

"It's not completely useless." The **** cat said: "With the Blood Soul Crystal Soul, your Universe Fortune Jade Disc can be transformed into a complete world, and it can be completely refined. This alone is huge. Good luck."

"Secondly, although you can't use the blood soul crystal to break through the cultivation base in one fell swoop, you can use this to comprehend the rules of the alien demon race and practice the techniques of the alien demon race."

"And as long as you enter the Alien Demon Continent, not only will you not be suppressed like other warriors in the Tianwu Continent, but the rules of the Alien Demon Continent will make you feel cordial and improve your strength."

"Moreover, the most crucial point is that the blood soul crystal soul contains the power of the rules of the alien demon continent, and it can suppress the parasitic seeds on your body to a certain extent. It is

also of great use to you." Qin Chen is about to be spiritual. The force perception was concentrated in the mind, and I realized that the parasitic seeds that were originally full of vitality and roots everywhere in the mind were like being trapped in this area by invisible forces, and it was difficult to grow wantonly.

The growth of parasitic seeds is at least half restricted.

In this way, the time he spent fighting against parasitic seeds was also extended by half

"That said, I have more time to get rid of the parasitic seeds." Qin Chen breathed a sigh of relief. Now that he knew that the space collapse outside would not be able to recover at least half a year, Qin Chen did not continue to pay attention to it. Once it came, then Anzhi, he was lucky to survive the collapse of the space. Go one

Step by step. Half a year is actually not long for someone like Qin Chen, but what Qin Chen is most nervous about is the end of the Guyu Realm experience. After it is reopened, once the news here is transmitted back to the Tianwu Continent, it will be in the whole What a huge cause on the mainland

The big storm.

Qin Chen and others are naturally safe and sound in the ancient Yu world, but what about Qianxue?

"Qianxue, you must wait until I go out."

Qin Chen was worried in his heart and said silently, and then he sat cross-legged in the jade disc of good fortune in the universe and continued to practice.

What he needs to do most now is to change his cultivation from the half-step Wudi to the nine-day Wudi. The future Tianwu Continent will surely be turbulent. With Qin Chen's current cultivation level, although he can not be afraid of some ordinary nine-day martial emperors, if he encounters some outstanding nine-day martial emperors, he will inevitably be in danger. Only break through to the realm of nine-day martial emperors as soon as possible.

In order to protect yourself and protect your loved ones. Although there are incomplete rules in the Universe Good Fortune Jade Plate, he cannot be promoted directly, but here is full of the power of rules in the blood soul crystal soul. Although there are differences between the rules of the World of Demon Continent and the rules of the Tianwu Continent, they are the same continent, and they have the same performance. Of

Wonderful, you can learn from it.

And when Qin Chen was lost in the ancient Yu world.

One month later.

At a certain place where the Guyu Realm space collapsed, a broken jade bottle rushed out of the mighty space turbulence and returned to the Guyu Realm where the power of space was everywhere.

"Hahaha, I finally came out of Chi Yan alive." Two figures appeared in the black jade bottle. One of them was beautiful and beautiful. It was the red-faced Emperor Wu Huang who was taken over by Chi Yan. A mouthful of black blood, with a dizzy look, severely injured, but his face showed ecstasy

For more than a month, it wandered around in the collapse of this space. The violent spatial power almost couldn't resist even this ancient jade bottle, and numerous cracks and damage appeared on it.

If they were lost for another half month, Chi Yan and Mo Li would completely fall into the collapse of that space.

Who knows, they were so lucky that they were rushed out by the turbulence of space, saving a life.

"Senior Chi Yan, there are still two months left, it is the day when the experience of Guyu Realm ends, what shall we do next?" Mo Li looked at Chi Yan worriedly. Living out of the collapse of space is only the first step, and then, once the Guyu Realm experience is over, all the people alive in the Guyu Realm will be teleported out, and the outside world and the major forces will have strong guards. Once they are exposed,

Life and death are unpredictable. "Don't worry." Chi Yanyin smiled coldly, "Since this seat dare to come in, naturally there is a way to get out. In this ancient Yu world, besides its own exit channel, this seat also knows another secret passage. Then, wait for experience. End, you and i can

Where you leave, you will never be discovered by other forces. "

"The top priority is to heal the injuries on the body first."

Chi Yan said, and Mo Li instantly turned into a stream of light and disappeared.

Two months passed in a flash.

Outside the ancient Yu boundary, the strong have already gathered.

Emperor Wushang Wushang of the Xuanyuan Empire, sitting coldly on the open space in front of Guyu Realm, his face was gloomy, and his eyes exuded a cold chill.

Since receiving the order from the emperor, he came to the Guyu Realm for the first time, and has been guarding here for almost a year. Now is the day when the experience of Guyu Realm is over, his eyes are getting colder and colder, and Emperor Finglei has fallen into Guyu Realm. This is undoubtedly a major event for the Xuanyuan Empire, thinking that the death of Emperor Finglei is related to the death of Emperor Finglei. Not just wind and thunder

The emperor was alone, but the dignity of the Xuanyuan Empire.

No one can run wild on the Xuanyuan Empire.

This is also the reason why Feng Shaoyu sent Wushang Wudi.

The dispatch of Emperor Wushang Wu also shocked the strong powers of the major forces in the martial arts, especially after hearing of the fall of Emperor Finglei, it caused shocks from the major forces and sent strong ones one after another. At this moment, in the void outside of the ancient Yu boundary,

auras are hidden. They are the top powers of the major forces. They appear here, for fear that the people of their own forces have killed the Emperor Fenglei, and Emperor Wushang is angry. Down All powerful people were killed, so they came to protect him secretly.

As the day of the end of the Guyu Realm experience approached, everyone's hearts were all raised, and there was a chaotic atmosphere flowing across the square outside the Guyu Realm.

Rumble!

I don't know when, suddenly, the void in front of everyone suddenly uttered a roar. Then, the roar grew louder and louder, like a thunderous vibration, a strong spatial atmosphere filled the world.

"The Guyu Realm experience is finally over."

I don't know anyone in the void said something lowly, and the atmosphere on the court instantly became thicker.

At the same time, a huge spatial passage appeared in front of everyone, which was the exit of the Guyu Realm.

Everyone opened their eyes wide, staring at the space passage in front of them, and a heart was raised instantly. The experience of the ancient Yu world suffers a certain amount of damage every year, but those who can enter are the top powerhouses of the major forces. At this moment, everyone wants to know how many people in their own forces can survive. This has nothing to do with The future of a power.

[Chapter 1615: Someone out](#)

Rumble! The power of the entangled space continued to dissipate, the gaps continued to expand, the exit of the ancient Yu realm, the power of the Tao Tao space burst out, the void outside the ancient Yu realm suddenly boiled, and the breath of Tao Tao hidden in the void began to be exposed.

, Staring at the exit in front of them.

It's a mule or a horse. It's finally time to check the results.

In Gu Yu Realm, Murong Bingyun and others looked at the spatial passage that appeared in front of them, their expressions became extremely serious.

"Young Palace Master, there has been no news from Emperor Wuyan, will it..." Tianfei Emperor Wu said nervously, looking worried.

According to the plan, if the Red Face Martial Emperor and the men in black were successful, they would have appeared here long ago, but the terrifying explosion from the mysterious continent previously made everyone feel heavy. Everyone is at the pinnacle level of Emperor Wu, especially a few of them, such as Emperor Tianfei, whose cultivation base has already entered the realm of Emperor Wu. They can feel the power formed by the explosion of the mysterious continent before, enough to kill. Nine Heavens Wudi Level

Other strong people. During this period of time, everyone has been faintly worried, but they did not deliberately talk about this topic, but now the space channel exit has been opened, and the red face Wuhuang still has not appeared. This makes everyone can't help but feel nervous and consider whether to send

There was a problem.

Ji Ruyue and You Qianxue were also extremely nervous in the crowd, clenching their hands, praying silently in their hearts, hoping that Qin Chen would be safe and sound.

Everyone waited for about half an hour, but still did not feel any movement.

"It looks like an accident has happened to Lord Wuhuang, Emperor Wuyan," Tianfei Wuhuang said in a low voice. The opening of the space passage in the Guyu Realm took only one hour. Now half an hour has passed, and there is still no movement. This is absolutely abnormal.

"What? Mrs. Wuyan, an accident? What should we do now?"

The crowd suddenly became noisy, and the red face Wuhuang was their leader. If there was an accident with the red face Wuhuang, everyone immediately panicked.

Especially the collusion between Emperor Wuyan and those aliens. They don't know the ins and outs of the matter at all. Once someone from other forces survives and goes out, then their Misty Palace will be in trouble.

"Tianfei Wuhuang, what shall we do next?" Everyone hurriedly looked at Tianfei Wuhuang.

In the absence of Emperor Wu Yan, Tian Fei Wu Huang, whose cultivation base has broken through half a step, has become the backbone of everyone. "Young Palace Master, what do you say?" Tian Fei Wu Huang hurried to Murong Bingyun's side, even though her cultivation base had already broken through half a step of Wu Emperor, but Tian Fei Wu Huang knew very well that in real battle, she might not be Murong Bingyun's opponent, let alone Murong Bing

Yun's identity is much more noble than her.

"Go out first," Murong Bingyun said coldly, very decisive.

She stood up and flew towards the exit in an instant.

"go!"

"We follow Master Young Palace Master."

The other disciples of Misty Palace flew up and followed Murong Bingyun.

"Qianxue?" Ji Ruyue looked at You Qianxue.

"Let's go too." You Qianxue's eyes were cold, she glanced inside Gu Yu Realm, and then turned around resolutely.

This surprised Ji Ruyue slightly. She was afraid that You Qianxue would not think about it, so she insisted on staying here. Although she wanted to stay and look for Qin Chen, she never expected You Qianxue to

be so decisive. "Young Chen, he will be fine, I believe him." You Qianxue conveyed to Ji Ruyue, with a firm tone and self-confidence that surprised even Ji Ruyue. The explosion was so terrifying, even the powerful nine-day martial emperor. May fall, quiet

How could Qian Xue be so sure that Qin Chen must be alive?

She didn't know how many times You Qianxue and Qin Chen had gone through all the troubles, from the small land of the five countries, all the way to the highest martial realm of this continent, each time, Qin Chen was able to turn into good fortune. , Turn danger into a bargain.

Although she was worried about Qin Chen in her heart, You Qianxue inexplicably believed that Qin Chen would be fine.

Moreover, You Qianxue knew very well that Qin Chen possessed the parasitic seeds of the alien demon race, and the alien demon race would never kill him. Qin Chen had already informed them of this when he was in the heavenly demon secret realm.

Continue to stay is just a foolish act. The real evil person is a misty palace that cooperates with alien demons. "I finally understand why Chen Shao was malicious towards Misty Palace. Misty Palace colluded with the alien demons and killed my Tianwu mainland warriors. The crime is extremely sinful. I can only go deep into the enemy's cave and find the collusion between Misty Palace and alien demons. Evidence, ripped apart

Their hypocritical features can truly help the little dust, and staying behind is just the behavior of cowards. "You Qianxue's eyes were cold, and she looked at Murong Bingyun in front of him coldly, and the group quickly entered the space passage.

At this moment, outside the Gu Yu boundary, he was already tense.

what's the situation? More than half an hour passed, and no power came out. This was the first time in the history of Guyu Realm. In the past, in the first moment the Guyu Realm opened, there were forces that came out one after another. Basically at this time, the warriors of the major forces have been assembled, but now even one person has not appeared. It was an accident

.

"Isn't it an accident?"

"Even if there is an accident, it won't be impossible for anyone from the same power to come out?"

"What happened inside?"

The field was extremely restless, and many people looked nervous and anxiously staring at the space passage above their heads. If it were not for the limitation of strength, everyone would rush in in a hurry.

At this moment, the space channel suddenly lit up.

"Someone has come out."

"Someone has indeed come out."

Everyone was ecstatic, and Wushang Wudi suddenly stood up.

Whoosh whoosh!

Streams of light flew out from the space channel, and the leader was Murong Bingyun. Behind her, Tian Fei Wu Huang, Ji Ruyue, You Qianxue and others followed closely, with grim expressions, and proudly swept out. .

Some powerful people who had been anxiously stepped forward saw the incoming person, their expressions suddenly condensed, their footsteps stagnated, and they instantly stopped in the air. Originally, they wanted to ask about the situation, but when they saw the person in the Misty Palace, they immediately stopped talking, fearing to provoke the other party. At the same time, everyone had already felt the cultivation base and aura of Murong Bingyun and others. Suck one after another

Air-conditioning.

This turned out to be a half-step Wudi cultivation base? !

how is this possible? Looking around, in the entire Misty Palace team, there are three or five people who have a cultivation base of up to half a step Wudi, and the leader Murong Bingyun, although only the peak Wuhuang cultivation base, is only so close to the half step Wudi, which exudes heartbreaking Breath of

, Even the Jiutian Wudi, who was present, felt a little pressure. This shocked everyone immediately.

[Chapter 1616: Emperor Hua Ling](#)

If only one person breaks through to the half-step martial emperor, it may not matter, so many top martial emperors enter the ancient Yu world, and powers like Misty Palace, among which the top-level powerhouses, after three years of experience, occasionally break through to the half step martial emperor It's not that it never happened.

But now, in the whole team, at least three or five people have broken through the half-step martial emperor, and the others who have not broken through the half-step martial emperor have terrible auras. Almost all of them are in the later stage of the martial emperor. I can't believe my eyes either.

In the ancient Yu world, the power of space is the most, and it will indeed be a huge help for the breakthrough of the martial artist's cultivation.

But it was only three years after all.

And many of the geniuses who entered the ancient Yu world three years ago, many of their cultivation bases were only in the late stage of the seventh stage. In the past, these people can break through to the middle stage of the eighth stage in just three years. Now, looking around, among the nearly 100 disciples in Misty Palace and Law Enforcement Hall, almost all of them were cultivated in the late stage of the eighth stage, which made everyone's hearts tremble and hard to control.

What happened inside?

This very different and usual phenomenon made many people's minds startled. There is definitely something abnormal in the ancient Yu world, otherwise it would never happen.

But after being shocked by everyone's cultivation base, soon everyone was startled by another phenomenon.

The number of disciples who came out of Misty Palace and Law Enforcement Palace was only more than one hundred, not even two hundred.

"what happened?"

"I remember the disciples who entered the Misty Palace and the Hall of Law Enforcement, there are more than 300 people, right? Why are there only more than a hundred people left?"

"Could it be divided into two batches?"

Sounds of surprise sounded on the court, but because the other party was a Misty Palace, no one asked, just watched quietly.

"Young Palace Master."

A voice sounded, and several figures swept down in the sky. Among them, the leader was the Chixia Wudi who had come by Murong Bingyun and the others. She looked at Murong Bingyun excitedly. The Young Palace Master has improved so much, even she feels a little jealous. If the Palace Master knows this result, she will be extremely excited.

"Master Chixia!"

The group hurriedly saluted.

"Hahaha, you don't have to be polite." Chixia Wudi laughed, "By the way, where is the confidante? Where did you go? And why are you only left with so many people?"

The face of Emperor Chixia Wu was puzzled. Could it be that Lord Palace Master's plan went wrong?

She knows some things vaguely, but she also doesn't know very clearly.

"Master Chixia, don't ask so much, let's leave first." Murong Bingyun said solemnly.

Emperor Chixia Wu was shocked, "What the **** is going on? Is it because Lord Palace Master's plan is wrong? Did the people in black in the Hall of Law Enforcement do something?"

Her eyes were cold, showing a murderous look.

Murong Bingyun's heart trembled. The people in black were indeed arranged by the Lord Palace Master, but now she can't say anything, and immediately said: "There have been some accidents, we have to leave first."

"it is good."

Emperor Chixia Wu was also very decisive, without asking much, immediately turned around and left with Murong Bingyun and others.

What's the situation?

Everyone was stunned. The people from Misty Palace and Law Enforcement Palace didn't get together, but the people from Misty Palace left first? What's the situation?

Could it be that the people from Misty Palace and Law Enforcement Palace are all here?

This is impossible.

This time the Guyu Realm experience, the Misty Palace and the Hall of Law Enforcement have more than 300 strong people entering the Guyu Realm, and there are only more than 100 people on the field, only half. If this is all the disciples of the Misty Palace, Then the loss rate of Misty Palace is as high as 50%?

"Everyone, wait a minute, what is happening in this ancient Yu world, why is no one coming out except you?"

A strong man appeared in the void, coldly said.

After his words fell, the Emperor Wu of other major forces also surrounded him. Except for the people in Misty Palace, no one of the strong from other forces appeared. Everyone was full of doubts. How could Murong Bingyun and the others simply leave? go with.

Emperor Chixia Wu looked cold, and said coldly: "Your people haven't come out, when will my Misty Palace be closed? Get out of here!"

"Chixia Wudi, it's not that I am waiting to find something, but so far, except for the people in the Misty Palace, none of my disciples have appeared. How can I not make me wait suspicious." The Wudi arched his hands. Dignified eyes.

"Yes, I always have to ask what is going on here, right?"

"It's so weird that only one force from your Misty Palace has come out for so long."

"Chixia Wudi, please also ask your disciple from Misty Palace to wait for me to solve my doubts."

The emperors of all major forces opened their mouths one after another and gathered around.

"boom!"

At the same time, a terrifying aura struck, it was Wushang Wudi. His eyes were cold and cold, and he suddenly came into the crowd.

"Emperor Chixia, Emperor Fengyulei of my Xuanyuan Empire has fallen to Guyu Realm. I don't know if you in the Misty Palace know the truth about the fall of Emperor Feng and Lei. If you know, I hope to tell." Wushang Emperor Wu's tone was flat. But there was a penetrating killing intent, lingering in the void, making everyone on the field shudder.

Emperor Chixia Wu's eyes sank.

Although she was strong, she was only the Emperor Wu at the initial peak. Facing Emperor Wushang, who had great status and authority in the Xuanyuan Empire, she naturally felt pressure.

After all, Emperor Wushang Wu was the right-hand man of Emperor Xuanyuan. He was a man of great success in the Xuanyuan Empire. When Emperor Xuanyuan was in hiding, his words were the golden mouth and jade words of the Xuanyuan Empire.

At this time, Emperor Wushang Wu came indifferently, naturally exuding a terrible aura, and even the surrounding void faintly flickered, and his color changed suddenly.

Emperor Chixia Wu's face turned pale, and at this moment, a terrifying breath suddenly came from the void above, and the magnificent power covered it, and the entire void trembled, as if it was about to burst.

"You guys want to oppress my Misty Palace and become my enemy of Misty Palace?"

What followed was an icy cold drink, with the colorful flowers falling down along with the rotation of them. Each of these flowers has a colorful color and contains an unpredictable aura, as if any one can kill a nine-day martial emperor. , Magnificent.

Seeing these colorful flowers, everyone's face suddenly changed.

"Colorful rules Daohua!"

"It's Emperor Hualing Wu!"

"Emperor Hua Ling from Misty Palace came in person, is he worried about Emperor Wushang?"

Everyone changed color and their hearts sank.

Emperor Hualing Wu is the deputy chief of the Misty Palace. He is famous in the martial arts, and he is invariable in the martial arts.

[Chapter 1617: Emperor Wu Clash](#)

"Emperor Wushang Wu, when is it your turn to take care of my Misty Palace matters?"

The cold voice fell from the sky, and the tone was cold and chilling.

The name of the person, the shadow of the tree, and the appearance of Emperor Hualing Wu, the audience suddenly fell silent, and the many Emperors who had spoken before kept silent, with solemn expressions.

Even Emperor Wushang Wu's eyes gradually became serious.

"Master Hualing Wu, it's not that we are waiting for you to embarrass the Misty Palace. It is actually this experience in the ancient Yu world. Except for the Misty Palace, no one of us and other forces have appeared. I wait..." A Jiu Tian Emperor Wu said immediately.

It's just that before he finished speaking, he was interrupted by Emperor Hualing Wu. In the void, countless colorful flowers spun around quickly, wrapping that Emperor Wu all at once.

The flowers are gorgeous and beautiful, each one is stunning, and the sky is so beautiful, but no one feels the beauty, only the boundless chill, which emerges in an instant.

"Emperor Hualing Wu..." The Emperor Wu showed a look of horror, and a dark shield appeared in his hand, hurriedly protecting him.

Puff puff puff puff! The flowers are gorgeous, shattered in the rotation, and the power of the rules is ascending, like a melting furnace, smelting the opponent in a frenzy, just a moment, there is a crisp crack on the dark shield, and then countless cracks appear, all of a sudden

Broke down.

"not good!"

The Emperor Wu's face was shocked, and he couldn't care about other things anymore. He spouted a mouthful of blood, his true essence burned crazily, and displayed the secret escape technique. The whole person turned into a black streamer and rushed out.

puff!

An arm was left, and the blood flew across and strangled it into nothingness in an instant, and the Wudi strong man looked at the endless void above his head in fright from a distance, his eyes were full of anger and horror, but he even said a word. Dare not say.

"Huh, the escape speed is quite fast. I think you are the first offender. I will spare your life and leave you with only one arm. If I hear another nonsense, this emperor will not be so polite."

Emperor Hua Ling said with a sneer, as if it was just cutting off one of the opponent's arms, giving the opponent great glory, that kind of strength and dominance, deeply rooted in the bones, of course.

At this time, there was already silence on the court, everyone was silent, no one dared to say a word, just a look of anger.

Too pretentious. The Black Yuan Wudi of the Changhe Xiao family just asked casually, Hualing Wudi didn't even listen to his words, so he directly acted and cut off his arm, completely ignoring the other Wudi on the field. This naked contempt, makes Everyone feels angry

, But dare not speak.

Misty Palace, too strong.

Since surpassing the Holy Land of Bloodline more than a hundred years ago, Misty Palace has faintly become the top power in the Tianwu Continent, dominating the world and unparalleled in the world.

And the Misty Palace has been in charge of the Hall of Law Enforcement over the years. It can be said that it has controlled the resources and forces of the entire world. What a prestige thing is this? In this situation, even though everyone was extremely angry, they did not dare to say a word. Heiyuan Wudi was not an ordinary person, but the Wudi elder of the Changhe Xiao family, but everyone saw it. After only one sentence, he was seriously injured by the rules of Hualing Wudi, and Hualing Wu even faced Didn't show up, how is this

Strong and domineering.

"Chixia, you take Bingyun away."

Seeing the silence on the field, no one spoke, Emperor Hua Lingwu gave a light voice and ordered.

"Yes, Deputy Palace Master."

Emperor Chixia Wu bowed and saluted, then led Murong Bingyun and his party hurriedly turned around and left.

"Wait, did I let them go?"

Suddenly, Emperor Wushang Wu spoke, with a sharp tone and cold eyes.

The court was completely quiet for a moment.

Everyone looked at Emperor Wushang Wushang in amazement. Is Emperor Wushang going to tear his face with Mishang Palace? Today, if the Misty Palace is the first, then the Xuanyuan Empire can be said to be the second. Under the leadership of Emperor Xuanyuan Feng Shaoyu, the Xuanyuan Empire has fought for hundreds of years, its territory has expanded rapidly, and its strength has also increased sharply. Already there

The name of the first empire of Wuyu, known as a pole of Wuyu.

The rise of these two powers at the beginning caused panic and anxiety among many forces in Wuyu. Fortunately, because of the Broken Martial Emperor, the Misty Palace and the Xuanyuan Empire were not in harmony. The well water did not offend the river. The major forces were relieved. Otherwise, if the two major forces joined forces, they would form a giant. ,whole

No one can rule in this domain.

Now that Emperor Wushang Wu was angry at Emperor Hualing Wu, everyone immediately became excited. Is Xuanyuan Empire preparing to smash with Misty Palace?

"You go, don't care about Emperor Wushang Wushang." Emperor Hua Ling Wu sneered. With the order of Emperor Hua Ling Wu, Emperor Chixia Wu and others naturally did not stop and continued to fly out. "Huh." Wushang Wudi coldly snorted, and immediately probed out his hand, with a bang, and suddenly a huge True Essence palm appeared in the void, the palm was magnificent, and the power of endless rules flowed, like a **** of heaven protruding his palm. To be in charge of the world

cut.

It was just to probe the hand, and the horrible aura shocked everyone to breathe, as if the end was coming.

"Presumptuous!" A cold voice sounded, and above the endless sky, a beautiful jade hand also came out, the palm of the hand was crystal clear as jade, the wrist was engraved with a colorful flower, the flowers were charming, the two palms seemed to be far apart. But collided in an instant

together.

boom!

The two palm prints were imprinted together, and a wave of destructive power appeared from the sky and landed. Some people with weak cultivation only felt their souls trembling, and beside them, the void trembled wildly, as if they were about to shatter and collapse at any time. .

Boom boom boom boom...

The prolonged explosion and the breath madly dissipated, and the terrible Huaguang was enveloped between the two, but they did not let their attacks waver, otherwise a lot of people here would be obliterated.

"Emperor Hualing Wu, you want to stop me? My Emperor Xuanyuan Empire has fallen in the ancient Yu Realm. This matter, my Xuanyuan Empire must find out, no one can stop me."

Boom!

Emperor Wushang Wu erupted with endless rainbow light, and the whole body soared into the sky, his body directly disappeared, sinking into the endless void.

In the void, the roar sounded, and the light of destroying the heaven and the earth appeared between the heaven and the earth, covering the heaven and the earth, where the light of battle was like an undulating wave, a picture of destroying the heaven and the earth, faintly flashing Wushang Wudi and Hualing The figure of Emperor Wu.

"boom!"

A few more terrifying streamers smashed down from the sky, and the outer space of Guyu Realm vibrated. After the ground was hit, numerous potholes appeared and the ground cracked.

This is a battle between Wudi strong men.

The other Emperor Wu raised their heads and looked at the fluctuations above their heads in horror. The endless light of destruction surged there, which was shocking. Worthy of being Emperor Wushang Wudi and Emperor Hualingwu, with such a mighty power, they might not be able to hold on for a moment at all.

[Chapter 1618: Space array](#)

"let's go!"

Upon seeing this, Murong Bingyun and the others flew up and wanted to leave here.

"Ok?"

On the side of the Xuanyuan Empire, not only Wushang Wudi was the only one, but two other Wudi also followed. After a moment of stature, they wanted to intercept.

But at this moment, Om, at the space passage of the Guyu Realm, there was another fluctuation.

"Someone came out again?"

Everyone was overjoyed and turned around. The reason why they dared to offend Misty Palace and not let Murong Bingyun and the others leave is precisely because the Guyu Realm experience has so far only

had a group of them coming out, and now the Guyu Realm exits again fluctuating, obviously it is Someone is going out

Come, naturally attracted the attention of all the strong.

Whoosh whoosh!

Many martial emperors shook their bodies and swept towards the ancient Yu world. At the same time, their eyes were fiery and full of expectations, wanting to see which disciple of which force came out next.

When Murong Bingyun and others saw this, their expressions changed slightly, and they immediately shouted in a low voice, "Go!"

In the next moment, they rose to the sky one after another, and disappeared into the same place in an instant while their bodies were shaking.

This scene was naturally seen by other people, but now there are other people in the ancient Yu world who are coming out, and they will naturally not act. No force will have to offend the Misty Palace if it can't offend the Misty Palace.

"Emperor Hualing Wu, really well-deserved, will fight here today."

boom! Above the sky, the roar resounded, and at the same time, a figure rushed back. It was Wushang Wudi. He also sensed the situation at the exit of Guyu Realm. After shaking his figure, he instantly returned to the exit of Guyu Realm with fiery eyes. Staring at the Gu Yu Jie out in front of you mouth.

"I will be with you at any time." Emperor Hua Ling Wu sneered. The next moment, the sky was calm and the waves were calm, and the breath of Emperor Hua Ling Wu disappeared.

She walked through the void, and instantly came to Murong Bingyun and the others.

"Bingyun, what happened? What happened to the red face and the man in black in the law enforcement hall? Did something happen?" As soon as Emperor Hua Ling appeared, he said coldly. Murong Bingyun didn't dare to neglect, he even explained what had happened in the ancient Yu realm before, and then said: "I waited for the first to be teleported out, who knows that the mysterious continent will explode next, and there will be space chaos everywhere. Liu, honourable man and

There was no trace of the man in black. "

"What? That continent exploded?" Emperor Hua Ling Wu's eyes flashed, his eyes revealed a solemn color, and then he said: "What happened to the Emperor of the Xuanyuan Empire?" "The Emperor Feng Lei of the Xuanyuan Empire? It seems that Zi was beheaded by those people in black, so we rushed to leave. Moreover, the disciple didn't know if anyone from other forces survived. If so, once the news from the Guyu Realm spreads out, then we are misty.

Palace is bound to become a target of public criticism. "Murong Bingyun looked at Emperor Hua Lingwu, and couldn't help asking: "Vice Palace Master, how can our Misty Palace collude with those aliens? Does Master Palace Master know all this? "

Emperor Hua Lingwu did not answer Murong Bingyun's words, but his face instantly became extremely ugly, and he muttered, "Could it be that those people's plans failed?"

"Vice Palace Master?" Murong Bingyun couldn't help but shouted. Emperor Hua Lingwu came back to his senses and said: "This matter is too late to explain. After you go back, you can ask the Lord Palace Master yourself. I can only say that things are not what you think, just if you say it's true, then the problem is

It's really serious, no, you have to send you away first. "Emperor Hua Ling Wu raised his hand, and a crystal white jade platform instantly appeared in the void, and said in a deep voice: "This is a spatial transmission array that can instantly teleport you to a hundred thousand miles away, but only once. Send thirty people, you go up immediately and leave here. Remember, after being teleported away, go to the various branches of the Hall of Law Enforcement as soon as possible, and then teleport back to the Misty Palace without delay. I believe the Lord of the Palace will ask you for questions. As for the others, you don't need to worry about it.

. "

"Remember, if you can live out of the Ancient Yu Realm, you will be the pillars of our Misty Palace in the future. The matter of the Ancient Yu Realm, and there are other hidden things, it is definitely not what you have seen. You leave right away." After the words fell, Emperor Hualing Wu quickly took out ten dazzling spars, which were actually the best real stones, each of which was the size of a fist, instantly embedded in the corner of the white jade formation. It glows instantly, exuding amazing space air

interest. "Murong Bingyun, Tianfei Emperor Wu, you go up first." Emperor Hua Ling Wu shouted, and immediately a group of people entered the White Jade Formation. The first group of people who entered were all extremely important figures in the Misty Palace, and Ji Ru Yue and You Qianxue because of their extraordinary breath

, Was also favored by Emperor Hualing Wu, the first group to enter the space formation.

The next moment, the space formation lights up, and Murong Bingyun and others disappeared in an instant, and they were already teleported away.

"Next batch." Hua Lingwu Emperor said while his perception quickly spread to the Guyu Realm.

According to Murong Bingyun and the others, the Lord Palace Master's plan should have gone wrong and exposed. If there are disciples from other forces, they will surely tell the truth. When the time comes, the major forces will be insane. Kill.

Although Wudi Hualing is strong, she is only one person after all, and Wushang Wudi is here. She alone cannot stop so many Wudi strong, so Murong Bingyun and others must be sent away as soon as possible to avoid being hunted down. .

When Emperor Hualing Wu was nervously watching the periphery of Guyu Realm.

In the space passage outside the Guyu boundary, a group of figures appeared quickly at this moment.

There are two people in the lead, with strong auras, and a terrifying aura escapes from all over their bodies. The power of rules lingers on them, like a world-famous god.

"This breath..."

"It's Situ Zhen of Dan Pavilion and Yue Chaolun of Bloodline Holy Land."

"hiss!"

"The two actually broke through the Nine Heavens Emperor Wu, how is this possible?"

Seeing the two leading two people swept out of the space channel, there was an astonishing uproar instantly on the court, each one was shocked, and their hearts were greatly shocked.

In the ancient Yu realm, there is endless space power, allowing the warrior to break through to the peak Wuhuang realm in the shortest time.

Therefore, for any force, it is an extremely important secret realm, which will send the top genius among the major forces into it.

But this kind of adventure was only for Emperor Wu. But Emperor Wu wants to break through the realm of Emperor Wudi in the Nine Heavens. It is too difficult. Among the top powers, the powerhouse of the peak Emperor Wu is like a crucian carp who crosses the river. Scarce, very few

It often takes decades or hundreds of years before one appears. It is really too difficult for Emperor Wu to break through the nine days of Emperor Wu. It is so easy to perceive the rules of heaven and earth to perceive the rules of heaven and earth? The vast majority of warriors, throughout their entire lives, can only fall into ashes at the peak of the Martial Emperor Realm.

[Chapter 1619: Bad luck](#)

But now?

Situ Zhen and Yue Chaolun both broke through to the realm of Emperor Wutian in the Nine Heavens. Is this dazzling?

Everyone rubbed their eyes one after another, wishing to rub their eyeballs out. After looking and looking, they found that it was not dazzling at all, but that the two of them had really broken through the Nine Heavens Martial Emperor Realm.

This is hell.

Even if the two of them had a sudden inspiration in the ancient Yu world, they had some insights, and even felt a trace of the power of the rules, it was only a breakthrough in the half-step Wudi. In each session of the Guyu Realm experience, the major forces will send the top martial emperor as the leader, so there are often situations where the experience ends and breaks through to the half-step martial emperor. This is not surprising. This is also seen in the Misty Palace disciples before. There are three or five

It was not that everyone was too shocked after breaking through the half-step Wudi.

Half a step Wudi only needs to feel the power of a faint rule, and there is still an extremely long way to master a rule and step into the nine-day Wudi.

This time, there are several years, there are also ten years, decades, even after breaking through half a step Wudi, some people have failed to enter the realm of Nine Heavens Wudi in their entire life, and it is not that they have not appeared. But now Situ Zhen and Yue Chaolun have directly entered the realm of Emperor Wudi in the Nine Heavens, even if they have felt a trace of the power of rules in the ancient Yu realm, they have entered the realm of half-step Wudi for the first time. In just three years, Can't make them directly

Break through to Emperor Wu of the Nine Heavens!

After all, Guyu Realm is only a spatial secret realm, and it is only of great benefit to Emperor Wu. It is not very helpful for Emperor Wu to perceive the rules, unless the other party perceives the rules of space.

But this is even more impossible. Space rules are one of the top ones among many rules. Is it so convincing?

The entire Tianwu Continent entered the Dao with spatial rules, and all of them would not exceed the number of one hand. Only some peak martial emperors, after first ascending to the extreme in other rules, and then inversely perceive the success space rules, there are quite a few.

In the shock of everyone, Situ Zhen and Yue Chaolun had already landed on the open space of Guyu Realm with many geniuses from the two major forces.

However, although the Pill Pavilion and the Holy Land of Blood came out alive, a large number of warriors had also fallen, and the two forces united, and a total of less than a hundred people survived, accounting for less than half of the people who entered.

The faces of everyone who saw this scene suddenly changed.

If only the people of Misty Palace lost half of it, but now less than half of the disciples of Dan Pavilion and Bloodline Holy Land have come out, is the loss rate of Guyu Realm experience so high this time?

They looked up one after another, only to find that after the people from Pill Pavilion and the Holy Land of Blood came out, there was no movement in the space channel, as if there was no one behind.

Everyone was stunned, and immediately a Nine Heavens Martial Emperor walked out of the crowd, looked at Situ Zhen and Yue Chaolun, and said solemnly: "Two, I don't know..."

Before he could finish his words, Situ Zhen and Yue Chaolun had already swept angrily at everyone on the court, and then said angrily: "Where are those **** groups in Misty Palace? Where did they go?"

Everyone was stunned as soon as these words came out. What kind of situation, after Situ Zhen and Yue Chaolun came out, the first thing they did was to insult the people of Misty Palace. Is this tired of living?

What was even more shocking was the aura on Situ Zhen and Yue Chaolun.

The aura on the two of them was very fierce, as if they had experienced countless blood battles. The temperament was even more terrifying than the veteran Nine Heaven Martial Emperor among some forces on the field, and it filled with a palpable killing aura.

Not only Situ Zhen and Yue Chaolun, but the two geniuses behind the two forces also had their eyes cold, like killing gods, permeating endless killing intent.

"Situ Zhen, what happened?" A cold shout sounded, and an old man walked out of the crowd. He was immortal, with bones, gray beard, and the fragrance of Taoism. It was an elder sent by Dan Pavilion. By his side, there are two other Wudi strong guards, with extraordinary breath

.

Knowing that Emperor Wushang Wushang of the Xuanyuan Empire had come to Guyu Realm, Pill Pavilion naturally did not dare to neglect, and sent an elder Medicine Emperor and two powerful Emperor Wu to guard.

"Elder Ouyang..." Seeing the old man, Situ really's eyes were red for an instant. His dignified Nine Heavens Martial Emperor, tears rolled down all of a sudden, hissed: "Elder, you must be the fallen disciple of our Dan Pavilion. Revenge!"

He cried bitterly, tears splashed, and his voice was bleak, as if he had suffered endless grievances, and suddenly choked up.

"Grandpa."

When Ouyang Nana saw the old man, she threw herself up, her tears couldn't be restrained, she shed crazily, she burst into tears.

"Woohoo! Grandpa!"

Ouyang Nana cried bitterly. The elder Yaodi sent by the Dange was her grandfather, one of the ancestors of the Ouyang family, Ouyang Wuliang, one of the core elders of the Dange. It is precisely because of Ouyang Nana's presence that he will come here specifically for this trip, for fear of accidents. Now seeing Ouyang Nana crying, Ouyang Boundless heart instantly lifted up, as if panicked and hurried. Said: "My great granddaughter, to

What's the matter? "

"It's the Misty Palace." Ouyang Nana gritted her teeth and said angrily.

"True Elder Nangong, you want to avenge my disciples in the Holy Land of Blood."

On the other side, Yue Chaolun also saw Nangongzhen, the core elder of the Holy Land of Blood, and the tears fell instantly.

The leader of Pill Pavilion and Bloodline Holy Land, the two Great Nine Heavens Martial Emperors were so emotional when they came out, making everyone look astonished, a bad premonition in their hearts, and a faint sense of fear.

"What happened in Guyu Realm?"

"Yeah, what happened inside?"

"Where are the disciples of our Long Family? Why haven't they come out yet?"

"Say it."

Everyone was anxious, and said one by one nervously, even ignoring that Wuliang Ouyang and Nangong were really here. "It's the Misty Palace... They colluded in the Guyu Realm..." Situ Zhen said angrily, quickly recounting the things in the Guyu Realm, gritted his teeth and said: "If I hadn't waited for Qin Chen to die, I'm afraid it would be dead. In it, as for you

The warriors of all the major forces, when I waited to leave, they were still trapped inside, I am afraid that it is already too bad. "

boom!

One stone caused a thousand waves!

Everyone was dumbfounded.

Misty Palace colluded with foreign races, set traps, seized the top powerhouses of the major forces, and slaughtered the powerhouses of the major forces, is this...really?

Everyone's mind buzzed, and they were stunned for an instant.

"impossible!"

"how can that be?"

"You mean, the warriors of the rest of our forces are dead? You nonsense!"

The powerhouses of the major forces all rushed over, and one by one said in anger that those who can enter the ancient Yu realm are the top geniuses of their major forces. If they really die in the ancient Yu realm, then...

Just thinking about it, these nine-day martial emperors had dry tongues and trembled all over, as if they were about to faint. Nine Heavens Wudi, with extraordinary status, each of them is truly a landslide and not worthy of the character, and now, they are all trembling collectively.

[Chapter 1620: There are people alive](#)

"That's the truth, why do I need to lie to you? As for whether any of the other powerful powers of yours survives, we don't know." Situ really sighed, if it wasn't Qin Chen. Sacrifice

Rescuing them and blocking the two alien demons, I am afraid that they are also trapped in the grotto, unable to get out.

It's just a pity that Qin Chen.

The silence on the field was terrible for a while, everyone turned pale and their bodies were shaking.

If only one person said this, they might not believe it, but now Situ Zhen of Dan Pavilion and Yue Chaolun of Bloodline Holy Land both said the same, which made everyone believe it.

Especially so far, all the disciples alive in the entire Guyu Realm are only Misty Palace, Pill Pavilion, and Bloodline Holy Land. This has already explained a lot. The martial emperors who can come here are all outstanding among the major forces, and each is a shrewd person. From the performance of the

disciples of the two major forces, such as Jia Yiyi and Ouyang Nana, one can see whether things are true or false. Even if Situ Zhen and Yue Chaolun said

Lies can lie to them, but the emotions and expressions of these disciples cannot be faked.

"Mission Palace!"

Everyone's eyes were red all of a sudden, and they almost gritted their teeth. If what Situ Zhen and Yue Chaolun said is true, then Misty Palace colluded with foreign races and killed their powerful powers, which is a heinous crime.

"Then what about the emperor of my Xuanyuan Empire? Who killed it again?" At this moment, a cold voice sounded, Wushang Emperor Wu, looking over coldly.

The icy chill was like a sharp blade, and instantly fell on Situ Zhen and Yue Chaolun. Although the two also broke through the Nine Heavens Emperor Wu realm, under the aura of Wushang Emperor Wu, there was a body chill, like falling into an ice cellar.

Although Situ Zhen couldn't understand the people of the Xuanyuan Empire, at this time, he did not dare to make trouble, and said coldly, "Naturally, it is also a Misty Palace."

"You mean, the one who killed Emperor Xuanyuan was also from the Misty Palace? Are you lying to me?" Emperor Wushang took a step forward and said sharply, his blood rushing out directly.

According to the time of Emperor Fenglei's fall and what Situzhen and the others said, Emperor Fenglei should have died before entering the mysterious palace, so when he heard that Situzhen was so sure, naturally he was suspicious.

In fact, the emperor had secretly instructed him before he left, that this matter may have something to do with Misty Palace, or even a foreign race.

But before there was sufficient evidence, the emperor did not allow him to fight against the people in Misty Palace, but asked him to come to find evidence and find out the truth. Otherwise, Emperor Wushang would let the people in Mishang Palace leave so simply. go with. Emperor Wushang knew that if it had something to do with Mishang Palace at this time, there would be no useful things from the disciples of Mishang Palace. Only from other warriors who entered the ancient Yu realm could we know the truth. So when he asked, immediately Surging

His blood is surging, and Situ really tells the truth through oppression.

boom!

The terrible blood swept over, like a mountain suppressed, causing Situ Zhen and Yue Chaolun to snorted together. "Emperor Wushang Wu, pay attention to your words and deeds. Situ is really a disciple of my Pill Pavilion, and I can't tolerate you in the wild here." Wuliang Ouyang's face turned blue when he saw that, and he stepped forward with a cold snort, a strong body of true essence Swept and released with Emperor Wushang

The imposing spirit collided together.

On the other side, Nangong Zhen also had an ugly face, and an invisible halo filled Yue Chaolun.

boom!

The aura of the two masters and Wushang Wudi met each other, and the void suddenly roared and shook violently.

Emperor Wushang's face became cold. Although he was not afraid of anyone on the court, Dan Pavilion and Bloodline Holy Land were also one of the top forces in the martial arts. The two forces united, even he was a little jealous.

"It is indeed what the Misty Palace did." Situ Zhen was unhappy when he saw this, but he still told what happened in the grotto, especially the conflict between the Golden Body Martial Emperor and the Qidian.

"Is it really what the Misty Palace did?" Wushang Wudi's heart sank as he was about to speak.

Whizzing!

The exit passage of Guyujie lights up again, and two figures flew out from it.

Is there anyone alive?

Everyone was overjoyed and hurriedly turned their heads, their eyes showing expectation.

They saw two women wearing veils.

"It's the Phantom Martial Emperor and Witch of the Phantom Demon Sect."

Someone who knew the two immediately exclaimed.

Especially after seeing the Phantom Martial Emperor also break through to the Nine Heavens Martial Emperor, the people who originally had doubts about Situ Zhen and Yue Chaolun also suddenly believed his words.

"Why so many people?"

At this moment, Phantom Wuhuang saw so many Wudi strong men outside the realm of Guyu, his face suddenly changed, especially when he saw Wushang Wudi such strong men, his heart was shocked.

Although she broke through the Nine Heavens Emperor Wu, if a strong man like Wu Shang Wu Emperor wanted to attack her, she could not resist with her current strength.

But the more she worried about something, the more she came. Seeing Phantom Martial Emperor and Chen Sisi, Emperor Wushang Wushang's figure shook, and he rushed towards them in an instant.

Phantom Wuhuang's expression changed, and he hurriedly said to Chen Sisi: "If something happens in the future, you can just run away and don't look back."

She was nervous and looked at Wushang Wudi nervously. "Emperor Wushang Wu, what do you want to do?" Suddenly, a pleasantly surprised and icy voice sounded in the void, calling, a woman wearing a black gauze suddenly appeared in the void, and instantly came to the Phantom Martial Emperor and Chen Sisi. With on face

The color of surprise said: "Phantom, you and Sisi actually came out alive?"

"Vice Sovereign Lord?"

When Phantom Wuhuang and Chen Sisi saw the visitor, their faces were immediately happy. The visitor was the deputy master of the Phantom Demon Sect, Emperor Wu Mei, Snake!

She is enchanting, graceful and charming, giving people a strong sense of temptation, and she can't wait to rush up and ravage her severely.

But no one dared to do this. The fame of Emperor Snake Mei and his martial arts was well-known. The Magic Sect could grow into one of the top forces in the martial arts in just one or two hundred years. "Emperor Snake Meiwu, this emperor came and only has one question to ask Emperor Wu Phantom, but also hope that Emperor Snake Meiwu will save face. As for the others, please don't speak up. After the emperor finishes asking, it will not be too late to ask." Emperor Wushang Wu has a serious tone, his eyes are ice

Cold, his face was very serious and solemn, and the warning in his eyes was very strong. Obviously, if anyone dared to destroy his problem, he would never let it go easily.

"Phantom Martial Emperor, let me ask you, how did Emperor Fengelei of my Xuanyuan Empire die?" He asked murderously, just like a volcano before the eruption. Phantom Wuhuang was taken aback, and looked at Emperor Meiwu.
