[Chapter 1621: Ruthless Way](#)

Snake Mei Wudi originally wanted to sneer at Wushang Wudi, the disciple of her Illusory Demon Sect, why should he answer his words. But when the words came to the lips, they took them back. Now that the Phantom Martial Emperor and Chen Sisi can come out alive, she is already extremely surprised. As for Emperor Wushang, everyone can see that he is on top of anger at this moment. More is worse than less. Anyway, just ask

That's it.

Thinking of this, Emperor Snake Meiwu nodded slightly to Phantom Wuhuang.

"The Emperor Fenglei of the Xuanyuan Empire was killed by the Misty Palace and the aliens." The Phantom Wuhuang said directly.

Wushang Wudi's face suddenly sank. Situ Zhen and Yue Chaolun said this before. After all, this is a one-sided word, and the two powers also had some cooperation in the past. Maybe they can join hands to deceive him.

But Illusory Demon Sect is seldom related to Dan Pavilion or Bloodline Holy Land. This is a magic power, and most of all, it is shameless for Dan Pavilion, a righteous power. If they will be linked together, Emperor Wushang will not believe it. .

Therefore, he asked the Phantom Martial Emperor for the first time, just not giving the other party a chance to communicate.

But now the words of Phantom Wuhuang instantly confirmed what Situ Zhen and Yue Chaolun had said before.

"Mission Palace!"

A stern roar sounded, Wushang Wudi was just about to leave, and the space channel was shining again.

Whizzing!

Two figures flew out again.

One of them is surrounded by golden aura, it is the golden martial emperor, and the other, with a simple and simple aura, is Fei Lao of the Palace of Qi.

The two of them were magnificent and exuded a terrifying aura, but they looked extremely embarrassed. When they came out, they screamed up to the sky, and their inner resentment was wiped out.

Out, finally out.

The two were even crying. This trip to the ancient Yu world was a huge harvest, but similarly, they almost killed them. It can be said that the two have gone through hardships, and even their treasures are lost in ancient times. Yujiezhong.

Rumble and roar down, and the two of them found everyone on the court, their expressions were stunned.

"Master Wushang, why are you here?" After a daze, Emperor Wushang, with ecstasy on his face, instantly came to Emperor Wushang and knelt down on one knee.

"Golden body, are you still alive?" Wushang Wudi was shocked first, and then ecstatic.

"My lord, subordinates, are still alive." The golden body Wuhuang smiled bitterly, but the smile was full of bitterness.

On the other side, the elder of the Qidian also appeared, looking at Fei with surprise.

This feeling of being lost and regaining made them extremely pleasantly surprised and filled with joy.

At least, someone has come out alive.

"Tell me, what happened inside?"

Wushang Emperor Wu and the elders of the Qidian took the Golden Body Emperor and Fei Lao to one side, and hurriedly asked.

"Golden Martial Emperor and they are still alive?" When Situ Zhen saw this scene, he was shocked at first, but then was ecstatic. If the Golden Martial Emperor was still alive, might Qin Chen not die?

Thinking of this, Situ really hurried towards the Phantom Wuhuang two people, because he remembered that the witch of the Phantom Demon Sect seemed to have a good relationship with Qin Chen, and maybe he could learn some news about Qin Chen from the two.

Situzhen's figure just moved, and Ouyang Nana, Yue Chaolun, and Jia Yiyi also moved, as if they had a sharp heart. People from Dan Pavilion and Bloodline Holy Land came to the front of Illusory Demon Sect at the same time.

"What's the matter with you?" Emperor Snake Meiwu's eyes sank, and he stopped in front of Phantom Wuhuang and Chen Sisi, frowning.

"Senior Snake Mei, I would like to ask Guizong Witch one thing later." Situ Zhen was very polite and said in a hurry to ask for help.

And Yue Chaolun and others also hurriedly saluted, saying: "Yes, I just want to ask one question, how about Qin Chen in Dan Pavilion?"

After everyone asked, they were all anxious and looked at Chen Sisi and Phantom Wuhuang nervously.

Emperor Snake Mei was taken aback for a moment. The Emperor Wu of the dignified Pill Pavilion and the Holy Land of Blood was so kind to himself for a person named Qin Chen? Who is that person?

Turning her head and looking over, she saw Chen Sisi's body shuddered when she heard the name, like a thunderstorm, and then two lines of clear tears instantly fell from the corner of her eyes.

"Sisi actually cried."

The emperor Snake Meiwu's heart was rolled up into the storm, the magical magic technique of Illusory Demon Sect was actually the art of the male prince, paying attention to manipulating the world's men and using it for them, and the most taboo of this kind of charming technique is the word love.

Once a charming girl is emotional, she cannot tolerate other people in her heart. In this life and this world, there will only be this person in her heart.

Then Qin Chen could touch Sisi's heart, who is it?

Emperor Snake Meiwu knew nothing more about the importance of Master Sovereign Chen Sisi. Chen Sisi's natural charming body is rare in the world. It can be said that he may not be able to produce one in a thousand years. He is the only candidate to practice the supreme practice of the magical magic sect.

There is a secret code in the Phantom Demon Sect, which is extremely difficult to practice, and only those who have the charm body can practice. The charm body is also divided into high and low, divided into innate and acquired. The higher the level, the easier it is to cultivate this secret code. Chen Sisi's natural memorable body is the top of the world's memorable body. Therefore, the lord, after understanding Chen Sisi's physique, immediately appointed her as a genius from the four domains, and appointed her as the witch of the magic sect, enjoying endless glory.

.

It can be seen that the lord of the suzerain is valued.

And for the cultivation of this secret code, there is another important factor, that is, to be ruthless, first, then ruthless, in order to practice this exercise to the extreme.

But now, Chen Sisi is actually emotional, how is this?

Seeing Chen Sisi's tears, Situ Zhen and others' hearts sank suddenly, feeling bad.

"Phantom Martial Emperor, Qin Chen..." Situzhen's voice faintly trembled.

"He is dead." Phantom Wuhuang sighed.

"impossible!"

Situ Zhen and Yue Chaolun said tremblingly, while Ouyang Nana and Jia Yiyi's eyes instantly turned red.

Although it has long been known that this is possible, when the answer is really presented in front of everyone, they suddenly cannot accept it.

"Qin Chen is indeed dead." A cold voice sounded. It was Chen Sisi. She raised her head, the tears in the corner of her eyes evaporated all at once, and said coldly, "He died to save me."

When she said the first word, she was still shaking, and when she reached the last word, her tone was cold, and she became less emotional.

As if she was a stone, a piece of wood, without emotion, only indifference.

"The ruthless way!"

Emperor Snake Meiwu murmured at Chen Sisi, his heart was extremely shocked, the ruthless way, the most difficult, only those who mourned for more than heart death and were completely desperate could reach it.

This is the sect of Illusory Demon Sect, but in the entire Illusory Demon Sect, except for the Sovereign, no one has truly successfully practiced the Ruthless Way, not even the Emperor Snake Meiwu. But now Chen Sisi actually realized the aura of the ruthless way, how did the kid named Qin Chen manage to make Chen Sisi suddenly become ruthless after his death, and abandon all emotions?

[Chapter 1622: Can't bear](#)

And what shocked Emperor Snake Meiwu was the process of Chen Sisi's ruthless way.

There are two kinds of ruthless ways. One kind of ruthless way is formed after the feelings have suffered huge setbacks and suffered huge injuries.

This kind of ruthless way represents unfeeling, hostility and disgust towards men.

More than 90% of ruthless ways are of this kind.

The other kind of ruthless way is formed by loyalty to the beloved, because the beloved has fallen, and the heart can no longer tolerate anyone and becomes ruthless.

This kind of ruthless way accounts for less than 10%.

But now Chen Sisi's ruthless way is actually this second kind.

This kind of ruthlessness, in fact, is sentimental, and ruthless because of sentimental, the most terrifying.

"It's no wonder that Lord Sect Master will fancy this Chen Sisi. Once this son grows up, it will definitely be the pillar of my Illusory Demon Sect for hundreds of years to come." Emperor She Meiwu took a deep breath.

At this moment, a roar of thunderous anger suddenly came not far away.

It was Emperor Wushang Wushang. He roared up to the sky, and the terrible weather erupted all over his body. He roared: "Damn Misty Palace, dare to kill my Emperor Xuanyuan. No wonder he left in such a hurry before. It turned out to be a guilty conscience and death!"

Boom, the sonic boom sounded like thunder. The next moment, Wushang Wudi's figure flashed and disappeared in place, and quickly chased after the place where Murong Bingyun and others had left.

"The golden body and martial emperor, let's go, avenge the emperor, and ask for a statement."

Whoosh whoosh!

The remaining two Emperor Xuanyuan Wu also rose up into the sky at the same time with the golden body Emperor Wu, and immediately followed Wushang Emperor Wu.

"Fei Shun, let's go too."

Where the weapon hall is, an old man wearing a gray robe is full of murderous aura, and he leaps up with Fei Lao. He is a core elder of the device hall. At this moment, he has been haunting killing intent and has heard about it from Fei's mouth. After learning that Fei Lao had lost the Tiankong Wan turntable and Master Konoha had also been killed, he was even more furious, and followed Wushang Wudi to seek justice in Mishang Palace.

"Look, Emperor Wushang and Master Yuandu have gone to hunt down the people in Misty Palace."

"Go, let's go and see too."

"Damn it, the Misty Palace is so awkward that all our disciples from the major forces have fallen into the ancient Yu world, and their hearts are shameful."

"They just left not long, and they can't go far!"

"kill!"

At this moment, an hour had arrived, and the exit of the ancient Yujie passageway was slowly closed under the eyes of everyone. The strong men of the major forces completely appeared desperate and accepted the facts.

The exit channels of Guyu Realm were all closed, and that can only show one problem, that is, all the people of their major forces have fallen into it, and none of them survived.

No one can survive the closure of the ancient Yujie Passage. This is an unchangeable law.

Therefore, the angry people, one by one, rose to the sky at this moment, chasing and killing the place where they left the Misty Palace, to seek justice.

Although the Misty Palace is strong, it can never cover the sky with one hand.

"We will pass too!"

When Ouyang Wuliang, Nangongzhen and the others saw this, their eyes flashed, and the disciples of the Pill Pavilion and the Holy Land of Blood followed. This is a matter related to the dignity of the major forces, not to mention the Misty Palace colluding with the alien demon. Cruel methods and huge conspiracies may affect the survival of the major forces.

This is unbearable.

Must figure out the conspiracy of Misty Palace.

I saw a stream of light soaring, and it flew thousands of miles in an instant. Among them, Emperor Wushang was the fastest. For the first time, he saw Emperor Hualing Wu in the void. In front of Emperor Hualing, there was a white jade. The like formation towered, exuding the power of strong spatial rules, and there were only a handful of misty palace disciples who originally followed Hua Lingwu Emperor.

"Quick, you all come in."

Seeing the madness sweeping in the distance, Emperor Hua Ling Wu's expression changed and he hurriedly said to the rest of the people.

The remaining twenty-odd people were all from the Hall of Law Enforcement, their faces paled with fright, and they hurriedly walked into the transmission array.

"Want to go, leave me!"

Emperor Wushang yelled angrily, pressed a palm cover out, and banged, and saw the sky darken instantly, a huge palm appeared, and the palm was pitch black, like the palm of an ancient giant god, and fell crazily.

"Humph."

Emperor Hua Ling snorted coldly, her face solemn, her body lingered with colorful glow, countless colorful flowers swirled, and a layer of flower armor quickly formed on her body, completely enclosing her whole person.

Faced with the palm of Emperor Wushang Wu, she did not evade, she wanted to carry it down, and the purpose was to send the remaining people away.

Hum!

The white jade array quickly rose up with white light, and the power of the space that seemed to be substantive condensed in the void, forming a space storm. Finally, the white light enveloped all the remaining misty palace disciples in an instant, shrouded in it, faintly entering in the void.

"Damn it!"

Emperor Wushang yelled. Even if his palm could damage Emperor Hualing, he could not stop Emperor Hualing from sending people away. Once all the disciples of Misty Palace left, only Emperor Hualing would be left. May escape from him.

After all, Emperor Hua Ling Wu is the deputy palace master of Misty Palace. In terms of strength, he is not under him. Unless the opponent wants to fight him desperately, he wants to leave, and he alone can't stop him.

Seeing that the remaining disciples of the Misty Palace were shrouded in white light, one by one was about to disappear here. Suddenly, a cold scream sounded, like a ghost howling, Sen coldly said: "Want to go, have you asked the old man?"

Buzzing!

The voice fell, and the formation flags flew in the distance instantly. These array flags were pitch black, each engraved with amazing runes, and quickly landed on the upper and lower left and right eight corners of the void, an invisible strand. The wave of formation spread out, covering the void in front of him for an instant.

boom!

The void in front burst suddenly, and a group of silhouettes flew out of the void. There were a total of more than two dozen silhouettes. It was the two dozen people who were finally teleported away. These people fell out of the space channel. Torn apart by the power of the terrifying space, only a screaming

screams sounded. There were nearly ten martial emperors who had only a mid-level cultivation base, unable to resist this terrible space power. They screamed. Burst open.

This was directly interrupted during the transmission process, that kind of spatial tearing force was terrifying. Although the remaining dozen or so late martial emperor level geniuses never fell directly, they also split their bodies and splashed everywhere. Blood, screamed again and again.

"Yuandu, do you dare to attack the disciples of my Law Enforcement Hall?" Hua Ling Wudi's expression of relief suddenly became hideous and roared.

[Chapter 1623: Never give up](#)

boom!

At this time, Wushang Wudi's attack had also fallen, hitting Hualingwu Emperor for an instant, and the flower armor on the surface of Hualingwu Emperor's body burst into pieces with the explosion, and the whole person was blown out for ten miles. The breath on his body fluctuated wildly, and his face turned pale.

Hardly resisting a move, but still failed to send away the last more than 20 disciples, can you imagine the anger in the heart of Emperor Hua Lingwu?

"Why don't you dare, Emperor Hualing Wu, your Misty Palace killed my disciple of the Temple of Arms in Guyu Realm, and even Master Konoha. Today, I am determined to seek justice for the geniuses who died in the Temple of Arms." Master Yuandu's face was cold, and his whole body was murderous.

Whoosh whoosh!

At the same time, there was a sound of breaking through the sky in the distance, and strong men from all major forces appeared one after another, wrapping the Emperor Hua Ling Wu all at once.

"Emperor Hualing Wu, your Misty Palace is going against you. You dare to attack my disciples of the major forces in the ancient Yu realm, causing all my major disciples to fall in the ancient Yu realm. Today, your Misty Palace will not wait for me to say something, I Wait till you swear."

A Martial Emperor roared.

"I promise not to give up!"

Rumble's roar is like a giant dragon, soaring in the sky, ascending and sweeping, with a powerful force. All the martial emperors of the major forces looked at the Hualing Wudi with murderous aura.

"Just because of you people, you are also worthy to ask for justice from the emperor? My Misty Palace has never colluded with alien demons. Are you trying to rebel?" Emperor Hua Ling Wu looked at the group of people in front of him with cold eyes. Chill.

Beside her, Chixia Wudi, who had not been able to leave in the first time, and the remaining ten or so late Wuhuang emperors all surrounded her. Surrounded by so many Wudi, everyone's faces were full of anger and panic.

"You didn't collude with alien demons? Then why this trip to the ancient Yu world, no one of our disciples from the major forces can come out alive?" a martial emperor roared.

"Hahaha, your people died in the ancient Yu world, what is my Misty Palace?" Hua Ling Wudi sneered.

"Emperor Hua Ling Wu, you are still arguing. Although there are not many disciples surviving from our major forces, there are also some, such as Golden Martial Emperor, Situ Zhen, Yue Chaolun, Phantom Martial Emperor, and Fei Shun, they can all testify. "Someone said angrily.

"Emperor Hualing Wu, you killed my Emperor Fenglei of the Xuanyuan Empire in the Misty Palace, and you also colluded with other races. If you want to kill all of our major forces, you must give an explanation today." The Golden-body Martial Emperor walked out with murderous aura.

He is angry.

To know that he could escape, it was simply an extremely tragic process. This was from the last alive, only people like them would know.

There are so many disciples from all major forces. Except for the people from Pill Pavilion and the Holy Land of Blood, who escaped early, the only ones who escaped later were him, Old Fei, and two people from the Phantom Demon Sect. In the later period, there were hundreds of strong, more than a dozen. Nine Heavens Emperor Wu, only four people came out alive, what a concept is this?

"Huh, who knows if you guys have colluded and deliberately framed my Misty Palace. This emperor has only one sentence. My Misty Palace has never colluded with other races. Today, you hurt my Misty Palace disciples. If you don't give me Misty Palace at this time, According to the Palace, my Misty Palace will inevitably lead the Hall of Law Enforcement and personally come to ask for justice."

Facing so many Emperor Wu around him, Emperor Hua Ling sneered and sternly scolded.

Everyone was trembling with anger, and laughed in anger.

Shameless, too shameless.

I have never seen such a shameless person, colluding with foreign races, killing their powerful forces, and instead of denying them, they have beaten them down. There is such a despicable person in this world.

"What nonsense with her, take her down, aren't there so many Misty Palace disciples beside her? Just so, this person said that we framed Misty Palace, as long as these disciples were taken down and searched for souls, the emperor would not believe in finding it. To the evidence."

There was Emperor Wu said sharply, and the killing intent instantly spread out.

Everyone nodded and looked at the more than a dozen surviving Misty Palace disciples. Yes, as long as these disciples were taken down and searched for their souls, there would be evidence to be left, and then look at what the Misty Palace had to say.

"Do it!"

Accompanied by a stern shout, Emperor Wushang Wu made a move, leaned out with one hand, and instantly came to a disciple of the Misty Palace, his palm was as large as a mountain, and he wanted to grab the opponent abruptly.

"Emperor Wushang Wu, what is it to bully a junior?" Emperor Hualing Wu coldly snorted, and suddenly transmitted a voice to Emperor Wushang behind him, and then suddenly shot, Qianqiansu's hand pointed directly at Emperor Wushang's forehead.

Emperor Hualing knew that it was difficult to intercept Emperor Wushang, and once the battle started, other Emperor Wu would definitely take action. Therefore, Emperor Wushang must retreat immediately.

Emperor Wushang knows that so many people are not afraid of Emperor Hualing. How many warriors are there? Almost every force has Emperor Wu coming, and Emperor Hua Ling Wu alone cannot stop it. Even if Emperor Wu Ling Wu stops again, it will not be able to prevent her disciples from being captured. Therefore, they did not capture the opponent forcibly, but instead sealed the frame flower. The attack of Emperor Lingwu.

At the same time, he said to the other two Martial Emperors of the Xuanyuan Empire behind him: "You two, take this person down, and leave the Flower Spirit Martial Emperor to me."

When the voice fell, Emperor Wushang smashed the attack of Emperor Hualing with a palm, and at the same time, he was about to entangle Emperor Hualing, while many warriors from the other major forces on the side moved one after another, protruding their true essence palms and grasping the camera. More than a dozen disciples remaining in Misty Palace.

They all know that there are only a dozen remaining disciples in Misty Palace, and only one person can have the right to speak, otherwise they can only fall into passiveness.

"Vice Sovereign Lord!"

"Master Chixia!"

The remaining ten disciples of the Misty Palace showed horror on their faces, and the mighty Wudi's might swept over and confined the void, making them unable to move even if they could move, let alone escape. Leaving here, I can only look anxiously at Emperor Hua Lingwu and seek her help.

"Don't worry, no one can hurt you with me."

Emperor Hua Ling Wu turned his head and said something, the voice fell, and suddenly, a series of colorful flowers rushed out of her body. The speed was so fast that it was too late to react. He rotated and fell into the body of more than a dozen people for an instant. in.

"what!"

The screams sounded. Each of these flowers contained amazing rules. The last disciple left behind was the worst performer in this Guyu world experience, and the strongest one was only the later martial arts. Only the emperor, being rushed into the body by these regular flowers, one by one with a look of horror, amidst the screams, they burst apart and turned into ashes.

At the moment of their fall, they all looked at Emperor Hua Ling Wu in anger and horror, and obviously couldn't believe that Emperor Hua Ling would actually do something to them themselves.

[Chapter 1624: Dementor](#)

"Emperor Hualing Wu..."

"you....."

Everyone looked at this scene in horror, and they all looked silly, just like the disciples of the Misty Palace, they couldn't think that Emperor Hua Ling would actually do something to his own people. Emperor Hua Ling Wudi looked at those disciples who turned into ashes, and said coldly: "You are disciples of Misty Palace. From the moment you joined Misty Palace, you were born to contribute to Misty Palace. Of, and this time, yours

To die is to contribute to the Misty Palace. "Although these disciples actually don't know much, let alone them, even Murong Bingyun and Hongyan Wuhuang know very little, but they at least know what happened in the ancient Yu world, so they must not Fall into the Xuanyuan Empire

Wait for the hands of these forces, otherwise it will definitely cause trouble to Misty Palace.

She can't afford this risk.

Therefore, everyone can only be killed. At the same time when Emperor Hua Ling Wu killed these disciples, Emperor Chi Xia, who had not left, moved. Boom, a red glow burst out of her body. The true essence burned in an instant, and then turned into a streamer and sank into the void. Among, crazy Feida left.

"No, Emperor Chixia Wu wants to run and stop her."

Someone yelled and hurriedly followed.

"Humph!"

Emperor Hualing Wu coldly snorted, colorful light bloomed in his eyes, and in the center of his eyebrows, a flower that looked like a substance floated out and blasted towards Emperor Wu.

"Forbidden Cailian!"

boom!

The colorful lotus flower burst open, forming a huge shock wave, and it swept away in an instant, rumbling, the explosion sounded, the Emperor Wu groaned, and was blasted out under the explosion, bloody, almost falling on Here.

"Who dares to move my Misty Palace, I have asked this emperor first!" Hua Ling Wudi looked at everyone in the field coldly, as a group, without any fear.

"Emperor Hualing Wu, this emperor wants to see, how can you stop so many of us!"

Emperor Wushang Wu yelled, swish, and rushed over directly.

Master Yuandu also yelled and killed him, and between raising his hands, there were formation patterns in the void, and the brand was imprinted here.

"Hahaha." Hualing Wudi laughed, arrogantly soaring, her body shone with colorful glow, and a colorful neon coat appeared on her body, like a fairy, not retreating but advancing, rushing towards Emperor Wushang and Master Yuandu, unexpectedly One enemy two.

boom!

The battle between the two sides broke out with a shocking roar, and the three of them were all peak-level martial emperors in the mid-term. They were only one step away from the emperor martial in the later period. When they raised their hands, the power of rules manifested, turning the entire void into a sea of rules.

The power of terrible rules permeated, except for the top martial emperors of the major forces such as Nangongzhen, Ouyang Wuliang, and Snake Wudi, other ordinary Wudi changed colors and retreated madly.

The power of this fight is too terrifying, even a trace can seriously hurt them.

Emperor Hua Ling competed against Emperor Wushang and Master Yuandu alone, but even recruited a strong attack. It seemed that one person could rival the two powerhouses.

Everyone was shocked, and they didn't expect the strength of Emperor Hua Lingwu to be so terrible.

Emperor Wushang and Master Yuandu knew in their hearts that they weren't losing to Emperor Hualing. On the contrary, the opponent had one enemy two, did not gain the upper hand, and they were already fighting for their lives.

If this battle continues, Emperor Hua Ling will surely fall under the siege of the two, and they will take the initiative.

But they knew clearly that even if they had the upper hand, it would not be easy to kill Emperor Hua Ling Wu. Once Emperor Hua Ling Wu wanted to escape, they might not be able to stop each other.

Emperor Hua Ling was buying time for Emperor Wu Chixia to escape. The two of them tried to break away from the battle with Emperor Hua Ling Wu and chase Emperor Wu Chi Xia, but Emperor Hua Ling Wu did not give them this opportunity. Between shots, they all seemed to rush towards the end of the fight, and they did not stay with each other

The enlightenment of death, even if he was unwilling to suffer a heavy injury, was naturally taken over by Emperor Hua Ling Wu and took the initiative, and was entangled here.

"What are you doing in a daze? Don't chase Chixia Wudi." Wushang Wudi saw that all the Wudi from the surrounding forces retreated to the side, and he couldn't help but vomit blood.

"go!"

When his voice fell, several Wudi immediately flickered, trying to bypass the battlefield and hunt down Chixia Wudi.

"Huh?" Emperor Hua Ling Wu's gaze was cold, but a string of purple bells appeared above her head, with a timeless artistic conception circulating. Looking carefully, there was an infinite weird atmosphere on the bell.

Doraemon!

The bell trembled, and a shocking wave suddenly escaped.

"what!"

The Wudi who chased Chixia Wudi suddenly screamed, and blood was flowing from the seven orifices, and their expressions were extremely terrifying.

Moreover, the terrifying soul sound wave swept over, spreading towards all the martial artists around.

"Not good!" Originally, Wuliang Ouyang, Nangongzhen and others wanted to join the battlefield and take down Emperor Hualing. As long as a few of them take action, it is not difficult to control Emperor Hualing. Although Emperor Hualing is strong, can it still be against them? The strong of the top forces cannot join forces

?

But after seeing the bell, their faces changed.

Hum! The terrible breath escaped from the two of them, and immediately turned into an invisible halo, which surrounded Ouyang Nana, Situ Zhen and others. The next moment, the sound wave swept over, and immediately enveloping everyone. Dodobo

The movement was weakened by ninety-nine percent, but there was still a trace that entered the mask.

puff!

Just this sonic attack caused Ouyang Nana and others to spit out blood, their faces turned pale, and their souls seemed to burst apart.

On the entire battlefield, except for a few top martial emperors such as Wuliang Ouyang who were barely able to resist, even the nine-day martial emperor at the initial peak, all pale and trembling. Qi Qi vomited blood and retreated in horror.

"This is the dementor!"

Ouyang Wuliang resisted the sonic attack, clenched his fists, looked at Emperor Hua Lingwu angrily, and roared. Unexpectedly, the people in Misty Palace would refine such evil spirits.

The Dementor Bell is an extremely evil treasure. Even people of the Demon Sect would not dare to sacrifice it easily, because it is too inhuman. If you want to successfully make a Dementor Bell, you need to swallow countless powerful people. Soul can be refined.

And the soul-defying bell in Emperor Hua Ling's hand has turned purple, and it can even threaten Emperor Wu of the same level as her, indicating that the number of powerhouses devoured is extremely large, countless.

Hum!

Even in the sound of the soul, there was a familiar breath that turned into a howl like a ghost, rushing to everyone, full of fierce killing intent.

"It's the soul of Sect Master Ancient Sword!" Everyone couldn't help but clenched their fists and showed anger: "You actually refined the soul of Sect Master Ancient Sword?!"

[Chapter 1625: Eternal Profound Golden Hammer](#)

The Ancient Sword Sect was once an extremely magnificent sect in the Martial Domain, and it can be regarded as one of the top powers. However, a hundred years ago, the Sect Master of the Ancient Sword suddenly became angry and called the Hall of Law Enforcement. They float

In the private domain of the Miao Palace, it is proposed that the major forces abolish the Hall of Law Enforcement, or withdraw the jurisdiction of the Hall of Law Enforcement.

At that time, the Misty Palace was in the sky, and the major forces did not agree to more than less.

But it was this sentence that brought the disaster of destruction to the ancient sword sect.

The Misty Palace mobilized the Hall of Law Enforcement, ordered the Ancient Sword Sect to go along with him, and asked the Ancient Sword Sect to surrender the inherited treasures, and to destroy a vicious gate in the mainland. The Ancient Sword Sect naturally refused to allow it and violated the order of the Hall of Law Enforcement.

The Misty Palace took the opportunity to accuse Gu Jianzong of acting despicably, colluding with the magic door, and wanting to be unruly against the mainland, so he mobilized many powerful people in the law enforcement hall, forcibly entered the ancient Jianzong sect, and demanded that Gu Jianzong disarm and be investigated. How can Ancient Jianzong agree? The Ancient Sword Sect Master led nearly 10,000 disciples of the Ancient Sword Sect to resist, but was bloodbathed by the Misty Palace. In just three days of effort, the Ancient Sword Sect's gate was broken, and nearly 10,000 disciples did not survive, and the Ancient Sword Sect's 6,000-year-old mountain gate was also destroyed.

The Misty Palace was destroyed and turned into ruins, and the entire gate of the mountain was **** and wandering, like purgatory, terrible.

The dignified sect that was passed down from the ancient times was destroyed, and the whole Martial Domain was rumbling, and no one was surprised.

That battle also established the prestige of the number one power in Misty Palace Continent. Unexpectedly, at this moment, Emperor Hua Ling Wu actually took out the dementing bells. The Misty Palace condemned Gu Jianzong for colluding with the Demon Sect and sacrificing monsters, which violated the principles of the mainland. Gong Yi tried the law, but sacrificed and refined

With such a monster, it is infuriating.

After the death of the dignified Palace Master of the Ancient Sword and the disciple of the Sword Sect for nearly eternity, even their souls could not be at peace.

Wuliang Ouyang clenched his fists, and said coldly: "Emperor Hualing Wu, you vowed in Misty Palace back then that the Ancient Sword Sect colluded with demons and sacrificed monsters, but now, your Misty Palace openly sacrifices soul-defying bells and other monsters. , Isn't it shameless?" Hua Lingwu Emperor smiled coldly: "What's the shameless remark, my Misty Palace, as the master of the mainland, aims to maintain the peace of the mainland. The ancient sword sect colluded with the demon gate and sacrificed the monsters. To be destroyed, but my Misty Palace is not.

Soul bell, but the purpose is only to punish those who break the law, for the mainland righteous way, what shamelessness is there? "

As soon as this remark came out, the crowd trembled. Others did not collude with the demon door at all, but you framed the other party for colluding with the demon door and sacrificed to the monsters, and your Misty Palace sacrificed to the monsters, but you even said in a high-sounding manner that you are acting for the sky. This is how shameless people can say Come out like this

.

Moreover, the people in Misty Palace also extracted the souls of countless disciples of Ancient Sword Sect alive and refined them into social soul power, which would never be supernatural.

unacceptable!

But no one dared to speak in the past, but today, everyone is completely angry.

"Do you really think I can't wait for you?"

Master Yuandu of the Qidian was furious, and opened his mouth to spit out a pitch-black hammer. Suddenly, there was a heavy feeling in the void, and everyone felt that their hearts were beating wildly, as if they were about to break apart.

"kill!"

Master Yuandu swung the hammer, and a jet of black light soared and fell towards Emperor Hualing Wu. The heavens and the earth trembled like wailing. Under this hammer, the heavens and the earth seemed to turn into a furnace, and everyone on the court was a weapon. Embryo, to be tempered.

This is the treasure of the Palace of Instruments, the eternal golden hammer!

Before this magic hammer, any weapon had to be tempered, because it is a magic weapon that can create an emperor-level treasure, and it is the originator of many emperor soldiers in Wuyu.

Emperor Hualing Wu urged the perturbation bell, banging, the bell collided with the hammer, shocking thousands of miles.

Kah, kah, kah!

Under the crazy hammer of the black giant hammer, every blow came with an astonishing explosion, and the dementing bell was buzzing.

Huh!

Not far away, the vertical eyes between Emperor Wushang Wushang's eyebrows also opened, bursting out a terrible black light, like a heavenly sword, and instantly came to Emperor Hualing Wudi with unparalleled speed.

puff!

Emperor Hua Ling snorted, his face turned pale, and an invisible force was about to pour into her body, madly confining her power, this is a taboo power, powerful and terrifying, the true essence in her body is there. Crazy boiling.

Under the control of Master Yuandu and Emperor Wushang Wu, the soul-trapping bell spurred by Emperor Hualing Wu suddenly became dim, unable to release its power, and was suppressed in this world.

Emperor Hua Ling frowned slightly. She originally wanted to use the Dementor Bell to trap everyone, but she didn't expect that Master Yuandu and Emperor Wushang would be so powerful under the joint efforts of Emperor Yuandu and Emperor Wushang. In a flash, she almost was injured. .

"kill!"

At the same time, after feeling that the oppression of the Desirable Bell had weakened, other Wudi also killed them, with a mighty aura.

"Must get out of here!"

Emperor Hua Ling's face changed slightly, and it was only Master Yuandu and Emperor Wushang that had already made her very strenuous. If other Emperor Wu joined in, no matter how strong she was, she would be more fierce than good.

"Everyone, this emperor won't accompany you." She spouted out her blood, and the dementing bell suddenly burst into purple light, ding ding ding... the sound of the souls pierced through, and the dementing bell was crying like a ghost, with great power. , How did the many emperors who were approaching come and fly out in pain?

Dare not come close.

Wow!

Emperor Hualing Wu put his right hand out, a gap suddenly appeared in the void in front of him, and his figure shook, and he put away the soul-catching bell and immediately sank into the void.

"Want to run?"

Emperor Wushang Wu was furious and boomed, his figure shook, and he immediately sank into the void, chasing after him.

"We chase!"

Whoosh whoosh!

Streams of light followed closely.

This chase lasted for several hours, but after all, Emperor Hua Ling Wu was the deputy palace owner of Misty Palace. After so many people followed, she was still thrown away from the team and fled alone.

Under the enraged Emperor Wushang Wudi and the others, they swept through the sites of the Misty Palace and the Law Enforcement Palace all the way. For a time, blood flowed into a river, and it was chaotic.

And what happened in Guyu Realm, like a gust of wind, spread through the Martial Domain, causing an unprecedented super earthquake in an instant.

Misty Palace colluded with foreign races and besieged and killed the powerful forces in the ancient Yu world. In the end, apart from Misty Palace, only nearly a hundred people from all major forces came out alive. This news was like thunder, resounding loudly in every one. Among the forces. At the same time, what happened in the ancient Yu world was also spread in various versions.

[Chapter 1626: How to bear](#)

On this day, Wuyu was no longer peaceful, and the wind was surging, like endless murderous intent under the calm lake surface, and the atmosphere was particularly solemn.

Almost all the forces stopped what they were doing, looking around for news, checking the wind.

Everyone knows that this time the Misty Palace is playing big, it will cause a big earthquake.

In the past two hundred years, the Misty Palace has rapidly improved and become the top power in the martial arts, but it does not mean that Misty Palace can cover the sky with one hand. All the forces that go to the Guyu Realm have joined forces to absolutely have the ability to destroy the Misty Palace. Everyone believes this.

Especially the Misty Palace even dared to collude with other races, this kind of news caused even more waves, like dropping a blockbuster in the peaceful Martial Domain.

The warriors of the lower four domains may not know much about the alien demon race, but almost all of the top forces in the domain have heard about it.

In the past two hundred years, many ancient relics have appeared in various places, which revealed some details of the dark turmoil of the year, which was caused by this so-called alien demons.

This is an extremely terrifying race. In the endless history, it has invaded the Tianwu Continent several times and wants to rule and conquer the Tianwu Continent.

This has been recorded in historical materials, and there is a clear record. The dark and turbulent era ten thousand years ago was the most recent invasion of this alien demons. That invasion caused heavy losses to the entire Tianwu Continent, and a large number of strong men fell. Flowing into a river.

And it was also that battle that caused the loss of countless historical materials on the Tianwu Continent, leaving only a few words to record the tragedy of the past.

So far, the Tianwu Continent has not escaped the influence of the dark turmoil thousands of years ago. Countless exercises have been destroyed, the world has been hit hard, and the strong are scarce.

It is rumored that in ancient times, there were even strong people in the holy realm who could break through the void with force and enter the legendary heaven.

But now, this has become a rumor, the peak of Emperor Wu is already the ultimate, as for the so-called heaven, it is just a legend, no one knows the true or false, how sad.

However, this time, Misty Palace colluded with the alien demons in the rumor, which naturally caused the entire Martial Domain to shake.

What does Misty Palace want to do? Do you still want to have a dark turmoil?

How can this be tolerated?

Suddenly, there were rumors from all over Wuyu, and the major forces were about to join forces to conquer Misty Palace.

The news came out, the whole Wuyu region was excited, everyone was looking forward to it, waiting for the army of the major forces.

Over the years, the Misty Palace has relied on its huge power to control the Hall of Enforcement, and has done countless anger and resentment. It has already angered many forces, and almost no power does not want the Misty Palace to be destroyed.

However, they were just thinking about it. The Misty Palace can stand on the mainland for so many years and become the number one power in the mainland in one fell swoop. It depends not on anything but real strength.

Therefore, before there is no force to take the lead, although all kinds of wind are spreading everywhere, no force has really come forward to openly conquer the Misty Palace.

For a time, all forces focused their attention on the Qidian and Xuanyuan Empire.

At that time, outside the ancient Yu realm, the Xuanyuan Empire and Qidian made the most vicious moves, because an illegitimate son of an emperor and a giant of the Xuanyuan Empire fell in the ancient Yu realm and was killed by the Misty Palace.

Of course, most of the other forces and even the entire army were destroyed, and the losses were greater than the Xuanyuan Empire and the Qidian. However, these forces were restrained very well, waiting for news from the Xuanyuan Empire and the Qidian.

Especially the Xuanyuan Empire, known as the mainland's first empire, and the top power second only to Misty Palace, as long as he raises his arms, the heroes will naturally rise up and attack them.

Therefore, everyone was patiently waiting for the news, and was asking everywhere about what happened in the ancient Yu world and the ins and outs of the matter.

When the whole Wuyu was in panic.

Three days after the closure of Guyu Realm, in a hidden space outside Guyu Realm, with a puff, the void suddenly tore open a gap, and a pitch-black jade bottle flew out of it and slammed into not far away. In a mountain peak.

boom!

The mountain burst, collapsed instantly, turned into countless smoke and dust, and disappeared.

"Hahaha, my Chi Yan finally escaped from Guyu Realm, quack, the rumors that I heard back then are really true. When the exit of Guyu Realm is opened, you don't have to leave through the exit, but you can directly Escape into the Void Turbulence, and follow the Void Turbulence into the most violent state, and you will also be rejected!"

The black jade bottle opened, and two figures rushed out in embarrassment. One of them was Moli and the other was Red Flame Demon Lord, laughing wildly.

"Damn, it's a pity that the Sky Swallowing Jade Bottle in this seat has been cracked after so many ordeals, and the turbulent flow of the void almost tore this seat to pieces." Chi Yan cursed, feeling very upset.

One is the distressed damage to the Sky Swallowing Jade Bottle. Once the treasure is damaged, it is extremely difficult to repair it, and a lot of anti-sky materials need to be swallowed. The second is that the heart palpitations almost fell into the turbulence of the void. How not to be annoyed by the dignified monsters of the alien demon race to escape such embarrassment.

Chi Yan cursed while putting the jade bottle away, only to realize that he was a little quiet around him.

"Magic, are you okay?"

Chiyen Demon Lord hurriedly turned his head and felt nervous. There will be no trouble with Moli, right? The previous void turbulence was so terrible, Mo Li was still young after all, and might not be able to resist it.

But when the Chiyen Demon Lord turned his head, he saw that although Mo Li was embarrassed, his life was not in danger at all. Instead, he was staring at him in a daze, with an inexplicable fiery light in his eyes.

Gudong!

Mo Li swallowed, his eyes straightened, he was clearly dumbfounded.

"Damn, what are you looking at?"

Chiyen Demon Lord cursed angrily, lowered his head, and saw that his robes had become tattered due to the previous turbulent flow of the void, inadvertently revealing spring light.

And what Mo Li's gaze was staring at was the happy place on his body.

Chiyen Demon Lord's face turned black all of a sudden, he slapped his face and slapped Moli away instantly, spurting blood from his nose, and yelled: "Damn, look at it, you haven't seen a woman. !"

Only then did Mo Li woke up, hurriedly got up, and said awkwardly: "Master Chi Yan, I...cough cough..."

His face was always flushed, and he didn't know what to say.

It has to be said that the red face of Emperor Wuhuang's figure is extremely hot, the convex place is convex, the concave place is concave, full of seductive atmosphere, how can he resist the charm of such a mature woman as a young man of flesh and blood.

But when he thought of the opponent's body being the Red Flame Demon Lord, Mo Li was as disgusting as he had eaten dead flies.

I should have such thoughts about Demon Chiyan Demon. Could it be that my orientation has caused a problem?

[Chapter 1627: Sound bad](#)

Mo Li's mental thinking is not belonging, thinking is wandering, a little dazed, but there is still a faint fiery breath surging in his eyes.

"What are you thinking about?" Chiyan Demon Lord's cold hair stood up, the chrysanthemum tightened, and his legs were a little bit chilly.

This kid, won't you fall in love with yourself?

This... unacceptable.

He lowered his head, he couldn't help but swallowed his saliva. He had to say that the red face Wuhuang was well maintained. Although he was not young, he had a graceful posture, and his skin was as white as jade, like suet jade, very crystal clear. And clear.

It looked like a woman of twenty-seven and eighty-eight, and because she hadn't broken a melon before, her body was lingering with a faint fragrance of virginity, and she was in a high position, constantly exuding the breath of a mature woman, making Chiyan Demon Lord feel a little stunned.

Gudong!

When Mo Li saw this scene, he couldn't help swallowing his saliva. There was a fire burning in his body, his eyes were glistening, like a hungry wolf.

This is really, too tempting.

The lonely man and the widow are together, the clothes on both sides are in tatters, and the spring is coming. It has to be reverie and cannot be controlled.

There was even a picture of the two tangled together in Mo Li's heart, and it was a little exciting to say.

The Red Flame Demon was also thinking about it, imagining the two people living in a secret space.

"vomit!"

Uncontrollably, he almost vomited it out, which was really hard to accept.

But Moli is different. In the eyes of Demon Chiyan, Moli is a rough man, unacceptable, but in the eyes of Moli, Demon Chiyan is a big beauty, and she is still a big beauty who is about to mature. The whole body is as rich as jade, with unlimited charm.

As long as you don't deliberately think about the soul in his body, it is really exciting.

"Magic!"

Red Flame Demon Lord yelled angrily, and the expression in Mo Li's eyes became so fierce that he was green, as if he was about to eat it.

"Damn, I have to quickly find a way to take away other people's bodies, or if this continues, I myself will be mad. What is this all about."

Chiyan Demon Lord complained, a little bit eager to cry without tears. He was a dignified Demon Lord and became a human woman. This feeling is really bad, even if the body of the red face Wuhuang is very good, the talent is amazing, the potential is extremely terrible, and it is still Can not change this awkwardness from the depths of the soul.

"Hey, there seems to be movement here just now."

Whoosh whoosh!

At this moment, there was a sudden sound of breaking through the air, and I saw the sky in the distance, and several figures flew by, and quickly appeared in the perception of the Chiyan Demon Lord.

These are a few human martial emperors, each with extraordinary aura, all of them are cultivated up to the peak of the martial emperor, and their eyes are rushing, and the aura is soaring.

"Haha, someone is coming."

Red Flame Demon Lord's eyes were fiery, and just thinking about changing his own house, someone came over. It was really sleepy and someone brought a pillow.

I saw these few people, each wearing casual clothing, a total of three people, the leader is an old man with a hook nose, the most terrifying cultivation base, in the peak Wuhuang realm, and the other two are two middle-aged burly men , His complexion is fierce, his muscles are knotted, like an iron tower, his body exudes the breath of eagle and bird.

These three people are also quite famous in Wuyu. They are known as the three brothers of the Hu family.

Since what happened in the ancient Yu world was passed on in the Martial Domain, countless top martial emperors in the Martial Domain have been attracted.

In particular, some casual cultivators have heard that there is a rule fruit in the ancient Yu realm that allows the Emperor Wu to break through, and it has caused enthusiasm. They flocked outside the ancient Yu realm, trying to find a way to enter the ancient Yu realm.

What an honor is it to become the Emperor of Nine Heavens?

Among the martial arts, nearly ninety-nine percent of the emperors will eventually die in the realm of the emperor. Looking up to the supreme Nine Heavens, the emperor died lonely, and the despair and grief in his heart can be imagined. There are regular fruits in the middle, even though they know that the ancient Yu world is closed, they still can't help but swarm in, looking for opportunities, and chasing the illusory luck.

"What a rich spatial fluctuation."

The three brothers of the Hu family came to the place where the roar came, their eyes condensed suddenly and became extremely dignified, because the power of the space here was too strong, far beyond the normal level outside the ancient Yu boundary, so that when they came over, the pores of their bodies would stretch out. Coming here, I feel very comfortable.

This situation is absolutely extraordinary.

"Everyone look for it carefully. This place is absolutely weird. It is very likely that there will be a secret passage connecting the ancient Yu world."

Hu's boss said in a deep voice, his eyes frantically, and he scanned the surroundings.

Then, the three of them were taken aback, because a man and a woman stood on the gravel ground in front of them.

The man was not very old, and he was wearing a black robe, which was a bit tattered, and his body was full of cold and cold breath, giving a very uncomfortable feeling.

The woman was thirty-four years old, and her clothes were also tattered, causing countless spring light to leak out. Her white and plump body was enough to make any man's eyes straighten after seeing it.

Seeing the three of them coming, the two of them showed no signs of fear at all.

"Brother, look at the woman in front of you."

"These two people are weird."

The Hu family three brothers glanced at each other and nodded secretly, but their eyes all fell on Chiyan Demon Lord.

Because the Chiyan Demon Lord's figure is too graceful, his waist is slender, his body is plump, and he exudes a mature aura. The three brothers of the Hu family are evil martial arts, and the woman who has been insulted is not alone, but she has never seen the woman in front of him so noble. The person, like a goddess in the sky, is heartbreaking.

"Who are you and why are you here?"

The old ambassador of the Hu family gave a wink, swish, and the three of them turned into streamers, and instantly surrounded the Chiyan Demon Lord and Mo Li, their eyes glowing like a wolf.

"It doesn't matter who we are, but who are you?"

Chiyan Demon Lord was not afraid, and said with a sneer, his voice was a bit harsh, but his heart was a little depressed. Finally three people came, why are they all crooked melons, how can he take away the house?

It's not the same for the alien demons to seize the homes. The carrier is different, and the future achievements are also different. Therefore, if you can seize the genius, it will be of great benefit to the restoration of the strength of the demon like Chi Yan. .

"Brother, this woman is a good-looking woman, why is her voice so terrible?"

Hu's second child frowned and said, "It's as long as a fairy, but its voice is as unpleasant as an old duck, is it too disgusting?"

"Hey, second brother, although this girl has a bad voice, the key is her good body. If you don't like the second brother, I will let the third brother come to try it first. I don't dislike the third brother, hehe, I like this tune most. "The third Hu family licked his tongue and said, with brilliant squinting light in his eyes, he looked up and down at the Chiyan Demon Lord, wishing to swallow him in one bite.

[Chapter 1628: Woman forgiveness](#)

Listening to the conversation between the two, the originally frowning Red Flame Demon was about to explode.

Damn, who are especially women, are these two guys blind?

Just about to get angry.

"Shut up both of you." Hearing Hu's boss yelled coldly and interrupted Hu's second and third sons: "The two guys who are on the brain know women and women all day long, do business. It's important that this woman is pretty good. After you get it, you two will be at the disposal of you. The top priority now is to get them both off first. Don't **** let me lose the chain."

Hu family boss curses, his two brothers are obedient and obedient, but they don't understand things and don't know what to do sometimes. These two guys appear so strangely here, they can't see the slightest in their cultivation, they are discussing. When who will go first?

"Big brother, don't worry, tsk tsk tsk, such a beautiful woman, how could I lose the chain of my third brother, but let's say eldest brother, this woman is such a superb, you can't kill it all at once after we catch it. The third brother I learned more than a hundred kinds of postures that can be used on her, then you will have to let the third brother play with her." Hu's old third said with a weird smile.

"The three of you are looking for death."

Red Flame Demon Lord couldn't hold back anymore and let out a roar.

boom!

Endless black energy rose up from him, turning into a demon in an instant, and the infiltrating aura concealed everything, frantically sweeping towards the Hu family.

Originally, he wanted to torture these three people, or take a closer look at the talents of these three people, but now he can't help it anymore. Who is especially a woman? Are these guys blind?

In the midst of the rage, the black magic energy was like a curtain of sky, and instantly came to the heads of the three Hu family brothers, and swept down the sky.

"not good!"

"I have encountered hard stubble."

"Go!"

The black sky swept down, and the three armor brothers only felt cold all over, a kind of fear from the heart spread out, and unprecedented fear emerged in their hearts.

Boom boom boom!

Three terrible auras rose from the three of them at the same time. At the same time, a black shadow appeared on the heads of the three. It was the power of their blood. The black shadows combined together, suddenly burst out ten times stronger than a single black shadow. With the above power, I want to tear apart the sky.

"Huh? Human blood fusion? It's interesting, but unfortunately, it's too weak."

boom!

The black sky swept down, and the bloodline power of the three Hu family brothers suddenly shocked, and the next moment it burst into pieces, without the slightest resistance.

This is natural. No matter how strong the Hu family's three brothers are, they will also have the cultivation base of the peak martial emperor. The three compatriots are born. Although the blood is combined, they can explode ten times the power, but if they reach the sky, they can be half a step with the general martial emperor. It's just a confrontation, but who is Red Flame Demon Lord? Just the beauty of his martial arts emperor, who has the cultivation base of Emperor Wu of the Nine Heavens, would he care about the cooperation of the three small peaks of Emperor Wu?

puff!

The blood burst into pieces, and an invisible force poured into the three brothers of the Hu family. The three of them only felt like they were about to explode, and blood flowed across the seven orifices.

"what!"

The screams screamed, and the three Hu family brothers were covered in blood and their souls were severely traumatized.

"Damn, it turned out to be three wastes."

Chiyun Demon Lord looked ugly, as awkward as if he had eaten flies.

If he wanted to, the three Hu family brothers would have already turned into a blood mist and beheaded by him. The reason why he didn't do so was to test the strength and talent of the Hu family three brothers. This test made him extremely unhappy.

The talents of these three guys are far worse than that of Wu Yan Wuhuang. It can be said that they are heaven and earth.

This is natural. As the leader of the Misty Palace, Emperor Wu Yan is the top arrogant in Misty Palace. He was killed in the Misty Palace all the way back then. How simple?

And the Hu family three brothers are only three martial arts cultivators, how can they be compared with such an arrogant man as Wuyan Wuhuang? The gap between the two sides, not to mention the big, hundreds of times that is easy, it is by no means a problem.

What's more, now the Red Face Martial Emperor is already a powerful nine-day martial emperor, and the Hu family's three brothers are just the pinnacle martial emperor. If they change their positions, the Chiyen Demon Lord's cultivation base will definitely drop by more than half, and the host's cultivation base can greatly affect the victory. The strength of the sacrificer.

Hesitate for a moment.

"It's nothing. Although these three guys are a bit rotten, they are better than being a woman. Change your body first, wait until you find a suitable carrier, and then regain your home."

Demon Chiyen gritted his teeth and made up his mind.

Before the change, the three of the Hu family were definitely the kind of garbage warriors that the Chiyen Demon couldn't look down on, but now at this time, he doesn't have so many demands, and only wants to be not a woman.

The soul shook, and Demon Chiyen was about to leave his soul.

But after he got a shock, he was shocked to find that he couldn't leave his soul unexpectedly.

"No, what's the matter?"

Chiyen Demon Lord was shocked and left his soul again, but no matter how he left his soul, he still couldn't leave the body of Hongyan Wuhuang to take away others.

"Master Chi Yan, what's wrong with you?"

Mo Li looked at him suspiciously, didn't Master Chi Yan say that he was going to replace him again? Why didn't you move? Is it because you don't want to change people and take homes?

This is good news. Although you can't do anything wrong with Chi Yan-sama, it's also very seductive to always admire beautiful women. It's better than looking at a bad old man.

Mo Li was excited in his heart, but Chi Yan was so scared that his soul was about to fly.

"It's over, this seat can't leave the soul. It was previously affected by the collapse of space and the turbulence. The soul of this seat has completely integrated with this body and can no longer be separated, unless someone completely kills and destroys this body. The seat has the possibility of leaving the soul, but if so, the soul of this seat will be greatly damaged, I am afraid that it will never be able to return to the peak, let alone go further."

After a while, Red Flame Demon Lord knew the whole story, and his heart sank completely.

His soul and Hongyan Wuhuang's body were completely fused together, and they could no longer be separated from each other.

This kind of fusion, unless he voluntarily abandons half of his soul, he will never be separated again.

"The heroine is forgiving. As long as the heroine spares me and waits for my life, I am willing to obey the command of the heroine, and I will not complain."

The three brothers of the Hu family also begged for mercy and said with a panic when they saw that the Red Flame Demon Lord was not taking action.

"Woman?"

"Die all to me!"

The Red Flame Demon Lord roared and boomed, and the endless demon energy fell, and it poured into the three brothers of the Hu family in an instant. The three brothers of the Hu family screamed bitterly, and the body quickly shrivelled. In just a moment, the essence and blood in the body completely dissipated and turned into Three corpses fell.

"From now on, I can only be a woman, ah!"

The Chiyan Demon looked up to the sky and roared, wishing to cry without tears.

"Actually, it's good to be a woman." Mo Li also understood what happened, and said softly from the side, immediately attracted the murderous look of Demon Lord Chiyan.

"The breath of Emperor Wu is approaching, let's go!"

There was nowhere to release his whole body's grievances, Chi Yan Demon suddenly jumped his eyelids and felt a terrible breath approaching quickly. He hurriedly shook his body with a demon, escaped into the void and disappeared.

[Chapter 1629: Mysterious old woman](#)

Hum!

Not long after the Red Flame Demon Lord and Mo Li just left, a terrifying aura suddenly filled the air, the void split, and an old woman with gloomy eyes emerged in the void.

"Huh? There was a terrible breath passing by here just now, why did it disappear all of a sudden?" The old woman's eyes flashed, and she suddenly saw three mummy corpses not far away. After being surprised, she instantly fell on those three. Before the mummy.

"This is... the bloodthirsty Dafa of the alien demon?" The old woman's gaze fell, her eyes suddenly exuded a terrifying murderous intent, she suddenly raised her head, and said coldly: "My Lord Palace is right, there is indeed something here. The people of the alien demon race survived, and the people of these alien demon races are all unfamiliar white-eyed wolves, and the Lord Palace Master is wise."

"Heaven listens to the earth to see Dafa!"

Hum!

The old woman crossed her knees in the void, her eyes closed tightly, and an invisible soul wave suddenly bloomed from the center of her eyebrows, instantly penetrating the endless void, spreading in all directions, searching for any corner of the surrounding void.

"Let the old man come and see, who is this alien demon? Is it Quinn?"

The old woman's eyes were cold, her soul power was terrifying, she could perceive the hidden layer of the void clearly, without any omissions, and spread around at an alarming speed.

A thousand miles!

Five thousand miles!

Ten thousand miles!

Suddenly, she felt a trace of fluctuations in the void, and her soul power immediately spread.

In the endless void, Red Flame Demon Lord Zheng and Mo Li swiftly swiftly, the two of them are like electricity, shuttled in the void, and are flying, an invisible soul spreads undulatingly, passing by them in an instant. .

"not good!"

Demon Chiyan's eyes condensed suddenly, showing a shocked expression: "Damn it, I was discovered."

He was secretly surprised that the strength of that soul power made him faintly afraid of him now. Who is it?

"Found?"

On the other side, the old woman stood up suddenly, with an incredible expression in her eyes.

"how is this possible!"

Her face was shocked, because under her search, she found two people who left quickly in the void, one of them was a young alien who had never seen them before, and the other was the rosy martial emperor of Misty Palace.

At this moment, the red face Wuhuang has broken through to the peak of the ninth stage. This is not a big deal. What is even more shocking is that the aura on the red face Wuhuang is so terrible that even she can't spy. Out.

"The red face Wuhuang didn't even die, but why didn't she return to the Lord Palace Master, but stayed with the alien demons. What happened?"

The old woman's eyes flashed, her body shook, she immediately sank into the void, disappeared in the blink of an eye, and quickly followed Chiyan Demon Lord and Demon Li.

"Damn it, I didn't expect Misty Palace to send someone to guard outside the ancient Yu realm. It was my carelessness." Chiyan Demon Lord looked angry and hated in his heart. He had known that Misty Palace was guarded here before. He won't be so ostentatious and left here quietly long ago.

This is all right now, once he is tracked by the people of Misty Palace, then he is in danger.

"No, it must not be discovered by the people of Misty Palace."

The Chiyan Demon instantly sacrificed the Sky Swallowing Devil Bottle, and shouted sharply at the demon: "Go, enter the Devil Bottle."

call!

An astonishing force of suction exuded from the magic bottle, which instantly attracted the two of them, then the magic bottle shook, slammed into the void and disappeared.

Not long after the Red Flame Demon Lord left, hum, the void shook open, and an old woman appeared at the place where the Red Flame Demon Lord had disappeared.

"Huh? I left without leaving any breath."

The old woman glanced around, sneered, without any anxiety on her face, quickly closed her eyes, and an invisible soul power spread again and quickly swept in all directions.

The Lord Palace Master sent her here because her tracking skills are unparalleled in the world. Anyone who is followed by her can hardly escape her tracking, even some peak martial emperors.

But this time, the old woman changed color, because in her perception, the two people who had appeared here before seemed to have disappeared completely, and there was no trace anymore.

"impossible?"

The old woman was shocked, her soul power searched wildly. In such a short time, it was impossible for the other party to leave too far, but it was true. No matter how she searched, she felt that there was no trace of the Red Face Martial Emperor in her perception, even if she left. No trace of space is left.

After a quarter of an hour, the old woman stood up suddenly, her wrinkled face faintly shaking, she knew that she had really lost the trace of the other party.

"The Lord Palace Master must be informed about this matter."

Feeling the urgency of the situation, the old woman shook her body, disappeared into the void, and disappeared in the blink of an eye.

And there was a void tens of thousands of miles away from here. Soon after, hum, the void shook, and a black magic bottle appeared, and the Chiyan Demon Lord and Mo Li flew out from it.

Demon Chiyan glanced at the magic bottle in front of him with a heartache, a few cracks were added to it again, and the whole person was heartbroken.

"Master Chi Yan, what shall we do next?" Mo Li asked.

"What can be done? Only one step counts as one step." The Chiyan Demon took a deep breath and his eyes were a little gloomy: "The major forces in the Tianwu Continent are thinking of conquering Misty Palace. These idiots, if Misty Palace is so easy to conquer. , I won't be so jealous. Let them fight in the human race. Let's keep a low profile and lurking in the dark."

Previously in the Devil Bottle, Red Flame Demon Lord had searched the souls of the three previous people, and knew what had happened in the Martial Domain these days, and suddenly sneered.

In these days when he and Mo Li were hiding in the Law Enforcement Hall, they also secretly investigated the Misty Palace, even if they only touched some corners, it was enough to shock him and change his color.

Before he had enough strength, the Red Flame Demon Lord would never provoke Misty Palace.

Soon, the two of them disappeared into the void and disappeared completely.

What happened here didn't alarm anyone, and the entire Martial Domain was still fierce, and there was a loud voice, wanting to conquer Misty Palace.

Under the expectation of everyone, after half a month, the Xuanyuan Empire finally made a sound. The Emperor Xuanyuan was furious. After learning that it was the Misty Palace who had killed his Xuanyuan empire's emperor, he publicly called the Misty Palace and wanted the blood of the Misty Palace. Compensation.

As soon as this statement came out, the whole Wuyu was in an uproar, shocked by it, as if a blockbuster had been dropped.

The Xuanyuan Empire, the first empire of the mainland, finally gave a voice to conquer the Misty Palace, which made all the people and forces watching the excitement boil.

Wu Yu, is this going to change?

"Hahaha, this time Misty Palace is truly angry and grieving. Even the Great Emperor Xuanyuan couldn't help it if he dared to do such a despicable thing in Guyu Realm. Can you bear it?"

There is a powerful person who speaks, very excited.

[Chapter 1630: Phantom Sovereign](#)

It was because someone inquired and learned that Emperor Xuanyuan of the Xuanyuan Empire had dispatched troops and generals to mobilize many powerful people in the empire to conquer the Misty Palace.

The advance troops have already begun to gather.

This excites everyone, and obviously the Xuanyuan Empire is coming for real.

When the Xuanyuan Empire mobilized the army, the Weapon Hall also moved, and a Deputy Hallmaster of the Weapon Hall broke out openly, demanding the Misty Palace's blood debts and blood, and handing over the murderer.

That deputy hallmaster, named Mu Xun, is an old deputy hallmaster of the Qidian, deeply rooted in the Qidian, and powerful.

At this moment, he vigorously uttered a loud voice, and immediately started an uproar, which caused everyone to discuss.

Qidian Qidian, closed all year round, does not ask about world affairs, has not appeared for many years, and in the Qidian, currently controlled by the chief deputy hall master, represents the face of Qidian, and Mu Xun is the top deputy One of the hall masters.

And there are rumors among the people that the master Konoha who fell in the ancient Yu world before is the illegitimate son of Mu Xun.

Mu Xun speaks like this now, and it is obvious that the Palace of Representatives will also join the conquest, to conquer Misty Palace.

When these two great forces spoke, the many forces that had been waiting completely boiled over.

Immediately afterwards, the many forces that lost a large number of genius disciples in the ancient Yu world all spoke out.

Forces such as the Long Family, Changhe Xiao Family, Ancient Fangjiao, Wuyinmen, Qingdi Mountain, Death Demon Sect, Heavenly Ghost Sect, and Teng Family have all spoken.

At the same time, there were Dan Pavilion and Bloodline Holy Land.

Suddenly, Misty Palace became a rat crossing the street, and everyone shouted and beaten.

"This time, Misty Palace must be over."

"Many acts of unrighteousness will kill itself. The Misty Palace has been arrogant and domineering in our martial arts over the past few years. How many forces have been annexed, how can we relieve our hatred without punishment."

"Destroy the Misty Palace and return the Martial Domain to be fair."

The news came out that, in addition to the major forces that have had astonishing losses in the Guyu Realm, some small and medium forces in the Martial Region also clamored to conquer Misty Palace, return the Martial Region to a bright universe, and the Martial Region's citizens to be fair. .

Various forces have emerged one after another, and those who have been insulted by the Misty Palace, even if they are not related to the Misty Palace, have all spoke out, as if they have received much humiliation.

For a time, the crowd was enthusiastic, and Misty Palace became a rat crossing the street that everyone shouted and beaten, and everyone was in danger.

And Misty Palace also seemed to know that he had provoked the anger, very low-key, and disappeared in a short period of time, without any news, for fear of provoking the anger.

"Hmph, it seems Misty Palace also knows to be afraid."

"But the Misty Palace is useless to pretend to be dead. This time, it will not escape death."

The major forces in the Martial Domain were all sneering. Among them, the ancient Fangjiao was the most active. The leader of the ancient Fangjiao even came forward publicly and listed the top ten crimes of the Misty Palace in recent years.

Oppress the people!

Occupy the secret land!

Male thieves and female prostitutes!

Banditry!

The leader of the ancient Fangjiao even spoke that the death of Emperor Wuchen in the past was most likely related to the master of the Misty Palace, Xier, otherwise the Emperor Wu, the most dignified genius in the mainland, the guest of all major powers, these figures How could it fall silently in the secret realm.

He guessed that Shangguan Xier's husband-killing should have taken everything from Pochen Martial Emperor back then, but pretended to be innocent. In fact, his heart was sinister like a poisonous snake. The death of Pochen Martial Emperor was Shangguan Xi'er.

He even gave a lot of evidence.

Why Pochen Wuhuang didn't really like Shangguan Xier back then, it was Shangguan Xier who used his body to seduce Piaothen Wuhuang, which made Pochen Wuhuang the bait.

There is also the Pochen Martial Emperor who was originally young and handsome, with amazing talent, but he has been unable to become the Emperor of the Nine Heavens. In fact, he was sucked up by Shangguan Xier and his talent was taken away.

Even more, the reason why Emperor Xuanyuan and Shangguan Xier turned their faces was because he saw the true face of Shangguan Xier. He had persuaded Pochen Wuhuang several times, but Pochen Wuhuang had been seduced by Shangguan Xier, and he did not believe him. Brother, was eventually killed.

Each of them had noses and eyes, causing a huge uproar from everyone, and Wu Yu was shocked.

In the face of such rumors, Emperor Xuanyuan did not respond, and there was no news from Misty Palace. This made the leader of the ancient Fangjiao sneer, saying that the truth was broken, and the Misty Palace was wrong, and he did not dare to refute it.

For a time, the Martial Domain was surging, and countless forces mobilized the strong to form a joint army against the Misty Palace.

But what is surprising is that the Phantom Demon Sect, which also suffered heavy losses, has not been attacked publicly, and there is even no news at all, as if it disappeared.

This surprised many forces.

The power of the Phantom Demon Sect is very strange. It has risen rapidly in the past one or two hundred years and has become the top power in the mainland in one fell swoop. The Sect Master of the Phantom Demon Sect has never shown his true face before the world, and is extremely mysterious.

This time the Phantom Demon Sect had not joined the conquest, and everyone was just confused, but did not take it seriously.

It is now roughly estimated that more than a dozen major forces have joined the conquest. Among them, the Xuanyuan Empire and Qidian are the pioneers, while the ancient Fangjiao all moved to rush ahead of other forces, and they have also become the outstanding ones, attracting Everyone is paying attention, and obviously we have to take this opportunity to gain something.

Wuyu, in the magic sect.

A man with a black veil sat on the pitch-black throne, staring coldly below, the endless black air lingered beside her, like a demon walking out of hell.

"Sect Master, why didn't my Magic Sect be dispatched to conquer Misty Palace."

Chen Sisi stood on her head and hissed, with tears in her eyes and angrily.

After learning that Phantom Demon Sect did not participate in the conquest of Misty Palace, Chen Sisi couldn't help it anymore.

"Sisi, shut up, how dare you be disrespectful to the lord, so hurry up and kneel down for me!" Phantom Wuhuang knelt on one knee, his face pale, and screamed at Chen Sisi, and then hurriedly said to the phantom demon sect master: "Gong Lord Master, Sisi just doesn't feel angry about what Misty Palace has done in Guyu Realm, not deliberately defying Lord Sovereign, and ask Lord Sovereign to forgive him."

She looked terrified and said nervously.

"Master Phantom Martial Emperor, you don't have to intercede for me. Sisi is not for me alone, but for this trip to the ancient Yu world. My Illusory Demon Sect has suffered heavy losses, and all the major forces have conquered the Misty Palace. Why does the Illusive Demon Sect have nothing There is no news, is it because so many disciples of Illusory Demon Sect are all dead in vain?" Chen Sisi looked up, his eyes burning like a torch, angrily.

"Sisi!"

Phantom Wuhuang said in horror, his face pale in fright.

In Illusory Demon Sect, the Sovereign of Illusory Demon is the authority. She is moody and no one dared to disobey her authority. Once a Wudi elder questioned her decision and was killed on the spot by her, with harsh and cruel methods.

"Sisi, you are so bold, do you know who you are talking to?"

Above the throne, once the cold voice sounded, the devilish energy surged, like a purgatory demon opening his mouth, and the sound was harsh, as if penetrating the human soul.

call!

The invisible pressure was suppressed, and Chen Sisi only felt that his breath would collapse and his soul would collapse.
