

Valkyrie 1631

[Chapter 1631: For one person](#)

too strong!

The terrible pressure was like a huge mountain, firmly pressing on Chen Sisi, causing her to snorted, her breathing stagnated, and her soul would collapse.

The terrifying pressure swept through layers and couldn't resist it at all. The strong killing intent, as if the Sect Master could wipe himself out of this world with a single thought, turned into ashes, and there was no bones left.

But Chen Sisi did not give in. She gritted her teeth, her eyes were red, and she raised her head, staring at the Sect Master of Illusory Demon in front of her, her eyes showed unyielding and fearlessness.

"Master Sect Master, did Sisi make a mistake? My Demon Demon Sect suffered heavy casualties in the Guyu Realm. Except for my disciple and Master Master Phantom Martial Emperor, everyone else fell. These are all compatriots of my Demon Demon Sect. Bai Di fell into the ancient Yu world, shouldn't we give them an explanation?"

Chen Sisi yelled and roared up to the sky, and a blazing divine light broke out on her body, and her whole body glowed like a god, resisting and roaring.

A trace of the power of rules lingers around her, forming a strong chain of rules, which shines brightly.

"Sisi, can she withstand the pressure of Lord Sect Master?" Phantom Martial Emperor's face was shocked, and his eyes were full of incredible color.

After leaving the ancient Yu realm, Chen Sisi seemed to have changed his life, practicing desperately. Now in just one month, he has entered the half-step martial emperor realm, and has reached the half-step martial emperor peak. The advancement of the realm attracted everyone's attention.

Many experts in the Phantom Demon Sect even assert that Chen Sisi is the most talented person in the two hundred years since the founding of the Phantom Demon Sect, and it is very likely to inherit the Phantom Demon Sect.

It's really because Chen Sisi's progress is so fast. After leaving the ancient Yu world, it seems that he has been stimulated. He practiced hard every day, and his cultivation level is increasing every day. It is astounding.

Before Chen Sisi, there were several witches in the magic sect, but they failed to reach the level expected by the sect master of the magic magic sect. There were two of them, serving as high-level leaders in the magic sect, and one or two people, in the process of growing up. Zhong fell away and died young.

For example, Emperor Snake Meiwu, the Deputy Sect Master of the Illusory Demon Sect, was a witch of the Illusory Demon Sect at that time, and now she is in the high position of the Deputy Sect Master. She was the top witch of the Illusory Demon Sect.

But now, Chen Sisi's performance is even more terrifying than Snake Meiwu Emperor.

A few years ago, when Chen Sisi was brought into the magical demon sect, he was only a newcomer to the seventh-order martial king. Now a few years later, he has grown into a half-step martial emperor and will soon enter the realm of the nine-day martial emperor. This is in the history of the magical demon sect. It is also the first time, which is staggering.

Especially now, after seeing that Chen Sisi was able to stop the pressure of Lord Sect Master, the Phantom Wuhuang was even more shocked.

Lord Sect Master is in Illusory Demon Sect, that person who is almost like a god, the coercion swept down, even the Nine Heavens Martial Emperor like her could not bear it, but Chen Sisi, a half-step martial emperor, was able to withstand the pressure of Lord Sect Master. , What kind of power is this supporting her body.

"Are you questioning this sect?"

The Phantom Demon Sect Master stood up, booming, like a star bursting, Chen Sisi saw countless ruinous scenes before Chen Sisi's eyes, the sky and the earth split, like the end of the world, a terrifying to the extreme shock suppressed Chen Sisi's body.

She just stood up, as if she had changed herself, transformed into a world-class demon god, in charge of everything in the world, and possessing the power of creation.

Wow!

Chen Sisi couldn't hold back anymore, spouting a mouthful of blood, and his body was shaking.

But she still stood firmly, shaking her body firmly, supporting her body, and even blood and tears were streaming down her eyes.

She is unyielding, she is unwilling.

From the moment Qin Chen fell, the meaning of her life changed completely. From then on, she had only one purpose in her heart, which was to destroy the Misty Palace and avenge Qin Chen.

At the moment Qin Chen died, her heart also died.

If it hadn't been for Qin Chen's revenge, she would have accompanied Qin Chen to his death, but she hadn't, just to prevent the murderer of Qin Chen from going unpunished.

But now, under the turmoil of public sentiment, the lord of the phantom has even ordered not to conquer the Misty Palace. How can Chen Sisi accept this?

In order to kill Misty Palace, she is not afraid of anyone or anything, even the lord.

"Huh?" The Illusory Demon Sect Master looked at Chen Sisi unexpectedly. Under such pressure, Chen Sisi hadn't succumbed. This made her face look angry, a more terrifying aura bloomed, and her brows slightly raised.

"Sisi, don't hesitate to admit your mistake to Lord Sect Master." The Phantom Wuhuang's face changed, and she spoke in horror. She couldn't be more familiar with the Lord Sect Master. Once Lord Sect Master

showed such an expression, it meant that she was really angry and the consequences would be disastrous.

"I don't admit it, I'm right." Chen Sisi raised her head, Qi Qiao bleeding, but his face was firm, not afraid, and extremely determined: "Is it not? Why are other forces conquering Misty Palace, but my Magic Sect is so afraid Shrinking, like a tortoise with a shrunken head, are we from the Phantom Demon Sect and the Misty Palace? Otherwise, how can we explain all this."

Chen Sisi said loudly, the sound was thunderous, and countless people on the side turned pale with fright, and they all knelt down.

Chen Sisi's words were too heartbreaking, and he was actually accusing the Illusory Sovereign Lord, which was totally rebellious.

Phantom Wuhuang knelt on the ground, his face was pale, and there was no blood, and he defended Chen Sisi in horror: "Sovereign Lord, Sisi is only young and ignorant, and I ask Sovereign Lord to forgive her for her disrespect."

On the side, the other powerhouses of the Illusory Demon Sect were silent, with their heads drooping, fearful, trembling, and afraid to speak.

In front of Lord Sect Master, even the powerhouses at the Deputy Sect Master level did not dare to breathe for a moment, in fear.

"Young and ignorant?" Sect Master of Illusory Demon smiled, with a cold smile, and his eyes were like death: "Chen Sisi, you are the chosen demon woman of this sect. If you are like what the phantom said, it is for my disciple of the Illusory Demon sect, this seat. There is nothing to say, but you ask yourself, are you really for them or for another person?"

Sovereign Illusory Demon sneered, his smile was like a knife, and his deep eyes seemed to be able to see through people's hearts, penetrating Chen Sisi's heart.

Chen Sisi was silent.

Sect Master's words, like a sharp blade, pierced her weak disguise, and tears instantly fell from the corner of her eyes.

Yes.

Is she really for those dead Phantom Demon Sect disciples?

She joined the Illusory Demon Sect for only a few years. Except for the three years in Guyu Realm, she can't even call the names of those who fell, but now she is begging for death, is it really them?

Only she knows who she is for, for the defiance of saving her own figure, the boy who put her life and death out of control, and would rather die than her.

At this moment, she suddenly raised her head and hissed: "Yes, I did this for one person."

[Chapter 1632: Phantom](#)

She didn't hide it, above the hall, openly stated her purpose.

Because it is not ashamed.

"Thinking about you..."

Phantom Wuhuang sighed, his face was pale, and his heart was sorrowful, completely silent.

Sisi is so stupid, is it really worth it for a man?

Even if the man had rescued her, it was just a method used by men. Do you really think that those men will abandon themselves for them?

Phantom Wuhuang shook his head.

Now that this is the case, it would be useless for her to explain for Sisi. The lord's anger was that the disciples in the clan were moved by the people. Sisi said that she forced herself to the point of death.

No matter how she explained it, it wouldn't help.

The air seemed to freeze for an instant, the atmosphere in the hall was so cold that it was suffocating, and the terrible killing intent lingered. Everyone felt that the lord was completely angry. The next moment Chen Sisi might be killed by the lord. .

In the Phantom Demon Sect, no one can provoke the authority of the lord, and the witch is the same.

Time passed by minute by second, and the surrounding silence was terrifying, like a dead silence, every second was like a year, suffocating.

"Hahaha!"

Suddenly, the phantom master smiled, "Okay, very good."

She laughed and came to Chen Sisi suddenly, but did not take any action to kill, but stared at her coldly, and said in a deep voice, "I heard that you are named Qin Chen?"

Chen Sisi raised his head and said: "Yes!"

Knowing that she was going to die, she was rather calm. Since she was going to die sooner or later, there was no fear, it was better to accompany Qin Chen as soon as possible.

"Qin Chen!"

Sect Master Illusory Demon murmured, as if suddenly plunged into endless sinking, his eyes suddenly blurred.

As if this name also has endless meaning to her.

In the main hall, everyone looked at the Illusory Sovereign in astonishment. It was the first time they felt this kind of emotion from Sect Master. Sect Master, what happened?

"Is he really worthy of your abandoning your life to avenge him?" Sect Master Illusory Demon suddenly said.

"worth it."

Chen Sisi said, it was only two words, but she did her best.

"Okay, since you said that, the Sect Master will tell you that it's not that my Illusory Demon Sect does not conquer Misty Palace, but that it is impossible to conquer successfully. The so-called conquest is just to die." The Evil Demon Sect Master sneered.

Chen Sisi suddenly raised her head, shocked in her eyes, just to die?

Other Phantom Demon Sect powerhouses also raised their heads in shock, with unbelievable expressions in their eyes. How could it be possible that more than a dozen forces at the top of the martial arts have joined forces, among which there are almost several times as many as the Misty Palace. How can they be killed?

Shangguan Xi'er, the lord of the Misty Palace, is strong, but she is only one person. How can she stop the conquest of so many forces in the Martial Domain? "If you don't believe it, just watch it." Sect Master Illusory Demon said lightly, her aura disappeared suddenly, she coldly stared at Chen Sisi, and said: "Since you are committed to revenge for Qin Chen, you should know that keeping it is useful. The body, this zong will not kill today

You, but the death penalty can be avoided and the living sin cannot escape. Starting today, you will go to the Phantom Demon Abyss Grotto to be sentenced for one year, and endure the suffering of the soul-eaten by ten thousand demons. If you can do it, the school will promise you one condition, any condition. Anyway, you, dare to agree. "

The Sovereign of Illusory Demon looked at Chen Sisi coldly. Although he was asking, but in that tone, he was clearly commanding. Obviously, as long as Chen Sisi said a word, he would kill him on the spot.

Everyone was inhaling air-conditioning, Illusory Demon Abyss Grotto, which is the most terrifying forbidden area of Illusory Demon Sect, generally disciples who violated the sect's door ban will be punished in, but the longest one is only one month.

There, like hell, suffering from the devouring of demons, no one can persist for more than three months, and Chen Sisi has to stay in it for a full year. This is like torture.

Chen Sisi was silent. Although she didn't know why the Sect Master would let her go, the Sect Master always said the same.

By saying this, she clearly indicated that as long as she could live in the Phantom Demon Abyss Grotto for a year, she would agree to take revenge for herself and target Misty Palace. The Misty Palace, even if it is conquered by many forces, is still the number one power in the mainland. With her current cultivation base, how effective can it be even if she joins the conquest? But Lord Sovereign is different, as long as Lord Sect Master is willing to make a move, the pair is misty

For the palace, it will be a disaster.

"Okay, but I want to know all the news about the major forces' conquest of the Misty Palace." With only one thought, Chen Sisi agreed.

No loss for this transaction!

"It seems that you don't believe this sect's words, you can." Illusory Demon Sect Master smiled: "By then you will know how wise this sect is."

"Okay." Chen Sisi stopped speaking, turned and left.

"Where are you going?" Sect Master said.

"Phantom Demon Abyss Grotto!"

Chen Sisi's voice echoed in the hall, and his back gradually disappeared in front of everyone.

"Interesting." The Sovereign of Illusory Demon looked at Chen Sisi and smiled, and she felt in a daze that this witch might really bring her some surprises.

"My lord, the Phantom Demon Abyss Grotto is so dangerous, isn't this punishment too heavy? In one year, even the peak martial emperor may not be able to survive." Phantom Wuhuang said anxiously from the side.

"Although the Phantom Demon Abyss Grotto is dangerous, it is also an opportunity. It is perfect for her now. If she can survive, she is qualified to truly inherit the mantle of this sect. If not, she will die if she dies."

Sect Master Illusory Demon said indifferently, and turned to leave.

Although there is no news from the Phantom Demon Sect, in the Martial Domain, there is more and more turmoil.

A month later, the three major forces, led by the Xuanyuan Empire, Qidian, and Ancient Fangjiao, set out in a mighty force and quickly slew towards the Misty Palace headquarters in the Third Heaven of Wuyu.

At the same time, more than a dozen forces conquering the Misty Palace also quickly gathered to encircle and suppress the Misty Palace headquarters.

Overnight, the situation of Wuyu changed color, and the battle was imminent.

The three major forces of Xuanyuan Empire, Qidian, and Ancient Fangjiao set off strongly and swept through multiple branches of the Law Enforcement Palace and Misty Palace. Wherever they passed, many branches of Misty Palace were uprooted, and there was no resistance at all. This is natural. The leaders of these three forces are Emperor Xuanyuan, Vice-Hallmaster Muxun, and Master Sikonggu. All three of them are well-known figures in the mainland. The giants of the late Emperor Wu, especially Emperor Xuanyuan, are famous and lead Xuanyuan

The empire has conquered martial arts and annexed several great empires. There are also several late martial emperors who have fallen in his hands.

Now that the army is heading out, how many branches of Misty Palace can resist, they have been uprooted and turned into ruins overnight. In just half a month, the army of the three major forces succeeded in killing near the Misty Palace headquarters, with the same momentum and momentum.

[Chapter 1633: Weird](#)

When the news came out, the entire martial arts field was boiling, like a festival, cheering.

In just half a month, the army of the three major forces has actually killed near the Misty Palace headquarters. This is like a broken bamboo, stunned everyone in the Martial Domain.

Although everyone believed that this time, under the call of more than ten top forces in the Martial Domain, Misty Palace could not escape death, and sooner or later would be destroyed by the army.

But I couldn't think of it. In just half a month, the army would be able to kill the Misty Palace headquarters. This formation and speed were too surprising.

"Hahaha, it seems that Misty Palace must be doomed this time." "The Misty Palace is known as the number one power in the mainland, and it is in charge of the law enforcement hall. I thought it would be so powerful, but now it seems that it is only so, but only half a month. , Was beaten to the headquarters by the three major forces. I am afraid that it will only take half a month before the Misty Palace will Annihilated by the entire army, he was removed from the mainland. "

"Originally, I was still worried that the Misty Palace is powerful, and the three powers of the Xuanyuan Empire alone cannot bring fatal murder to the Misty Palace. Now it seems that I have been thinking too much. The so-called Misty Palace is strong outside, but you You."

Various voices were transmitted in Wuyu, causing an uproar from the crowd.

The rumored mighty and invincible Misty Palace is so fragile, it is not shocking.

Some forces that were still on the sidelines were annoyed. They had long known that Misty Palace was so fragile, so they should happen as soon as possible and join the crusade.

Now it's alright. Now the three major forces have reached the Misty Palace headquarters. Even if they can successfully capture the Misty Palace, the Xuanyuan Empire and other three forces who can eat meat in the end must be the three major forces. As for the remaining forces, they can only drink along. Soup only.

The Misty Palace has crossed the Martial Domain for nearly three hundred years. Over the years, how many treasures have been plundered, how many secret realms have been occupied, and its treasures are too numerous to say that it is piled up like a mountain. How can such a property not make people jealous?

For a while, the larger forces were infuriated, and some forces that had been hiding behind jumped out at this moment, clamoring that the Misty Palace is doing many evils, wanting to walk the way for the sky and return the martial arts to a bright universe.

All kinds of beam jumping clowns appeared one after another, and the Wuyu was very lively for a while, as if anyone could jump out and step on the Misty Palace. All kinds of cats and dogs, cows, ghosts and snakes appeared, and the demons danced wildly.

Everyone can't love the fact that the tree fell and the hustle powdered, and the dog was beaten up in the water. And now, although you can't eat meat, it is good to follow the top forces of the martial arts to drink soup.

However, many of the top forces that followed the three major forces and dispatched their generals, surrounded and suppressed from all over the Wuyu region, also had many people's heart.

Forces such as the Long Family, the Dead Demon Sect, the Heavenly Ghost Sect, and the Teng Family have even broken away from their original combat policy and speeded up their way to the Misty Palace headquarters to get a share of the three forces.

Eating meat is always the first to get more.

Of course, the most excited of the major forces are the people of ancient Fangjiao. As the only one of the three forces to join later, the ancient Fangjiao acted the fastest and successfully became one of the three forces. Once the Misty Palace is destroyed, the ancient Fangjiao will benefit as much as the Xuanyuan Empire and the Qidian. It is the only one. Can super

The more the other forces.

This made Sikonggu, the leader of the ancient Fangjiao, extremely excited.

"Kill the Misty Palace, let Misty Palace pay the debt."

He shouted loudly at the coalition forces of the three major forces, surging with majesty and majesty, and threatened to destroy the Misty Palace within three days and return justice to the millions of people in the Martial Domain.

He is the most active one, and even advocates constant reorganization, and directly kills the Misty Palace, pursues the victory and takes the Misty Palace in three days.

"inappropriate!"

However, Emperor Xuanyuan and Vice-Hall Master Mu Xun rejected his plan. "There is weirdness. The Misty Palace has ruled the mainland for nearly three hundred years. In the battle of Tianfeng Mountain, which competed for the Heavenly Sacred Lake a hundred years ago, Shangguan Xi'er was the seven top martial emperors who fought alone in the martial arts. , Has obtained the ownership of Tianshengchi, how could it be

Is this weak? "

Vice-Hall Master Mu Xun felt a little strange.

The strength of the Misty Palace was not blown out, nor was it disguised. It was a real battle over the past three hundred years. Especially a hundred years ago, the Misty Palace wanted to monopolize the secret realm of the Tianshen Lake. It was opposed by the top powers in the mainland at that time, and conflicts occurred in Tianfeng Mountain. At that time, the seven top martial emperors of the top powers in the mainland threatened that the Misty Palace would be fixed. To be so,

We must join hands to sanction Misty Palace, and never allow Misty Palace to be wild.

But as soon as the voice fell, the emperor Xi'er and daughter of the Misty Palace appeared. With the power of one person, she fought alone against the seven top martial emperors of the major forces, but did not let the wind fall, and suppressed the seven martial emperors strongly, causing an uproar in the martial arts.

In that battle, there were also top powerhouses in the weapon hall. Although Mu Xun was not among them, he naturally knew a lot about this matter. This created the prestige of the Misty Palace dominating the world, but now, the three major forces attacked strongly, although the strength is strong and the team is mighty, but along the way, the Misty Palace has little resistance, which made Mu Xun feel a little bit wrong. Sex alert

He was wary, naturally nervous. "What's weird, Shangguan Xier was strong back then, but at the time on Tianfeng Mountain, the seven top martial emperors in the martial arts somewhat despised Shangguan Xier. Once he shot, Shangguan Xier took the upper hand, and Shangguan Xier was prepared and prepared. Come, this is not an enemy of Shangguan

Xier. "But after this time, the top forces in the martial arts have worked hard to become stronger, and their strength has been improved to a certain extent. The Shangguan Xier of the year has reached that state. If he wants to break through, it is naturally far more difficult than me. In fact, Now the major forces in the mainland

The strength of Miao Palace is not as great as it was a hundred years ago. "

"What's more, now that our three top forces have joined forces and the strong are gathered, are we still afraid that a misty palace will not be made? If I wait until the shot is over and other forces arrive, wouldn't it be a waste of money for others?"

Sikonggu said anxiously.

If you don't take the Misty Palace in the first place and wait for the other forces to arrive, the three major forces will not be able to monopolize the Misty Palace power, and they will have a big advantage for nothing.

"This emperor feels that Mu Xun's deputy palace master is justified, but Shangguan Xi'er knows best. He is superb and must be determined."

Emperor Xuanyuan spoke and stood on the side of Vice-Hall Master Mu Xun, making Sikong Gu extremely anxious, but helpless.

In fact, there are not a few forces that have the ideas of Emperor Xuanyuan and Vice-Hallmaster Mu Xun. Such as Pill Pavilion and the Holy Land of Bloodline steadily fight, and did not lead the team to hurry, because I feel that Misty Palace's behavior is indeed a bit weird.

Of course something strange. But not all forces are so sensible, most forces are attracted by the immediate interests, accelerate their march, and quickly approach the Misty Palace.

[Chapter 1634: Abnormal protrusion](#)

All of a sudden, the major forces accelerated their attack speed and approached the Misty Palace headquarters. The speed of the major forces was different, which naturally caused the marching teams to be dispersed.

Among them, the Long Family is the most active. Because of its special position, the Long Family's team is at the forefront of all the forces. It only takes three days to get close to the ancient Fangjiao team and join the three leading forces.

"If you want to wait, then continue to wait, I can't wait any longer."

Seeing this scene, Sikong Gu could no longer hold back anymore. In the past few days, they sent many people to inquire about the news, but Misty Palace sealed themselves tightly, and no news came out, so naturally they even even a little news. Didn't find out.

But if you continue to wait, the Dragon Family and other forces' teams will come one after another, and the distribution of spoils will naturally lead to conflicts.

Therefore, Sikong Gu no longer ignored the opinions of Vice-Hall Master Mu Xun and Emperor Xuanyuan, and decided to lead the ancient Fangjiao team and rush to the Misty Palace headquarters by himself.

Under the gaze of everyone's eyes, the mighty team marched aggressively towards the headquarters of Misty Palace.

Seeing that the ancient Fangjiao team moved, Mu Xun's deputy hall master couldn't bear it either.

In the past few days, Qidian has been inquiring about the whereabouts and movements of the strong man in Misty Palace, but he has not gained anything. He also has some doubts whether he is too cautious.

I was a little hesitant, but now seeing the people of the ancient Fangjiao move, I naturally couldn't calm down. After thinking about it for a while, immediately led the team in the palace to attack.

"Let's go, the people of the Xuanyuan Empire will follow and wait for news from the Emperor."

Emperor Xuanyuan was the last to be dispatched. Seeing the people of the ancient Fangjiao and Qidian moved, naturally he couldn't help but the people who led the Xuanyuan Empire followed closely behind the two major forces.

However, he did not order the Xuanyuan Empire's team to directly attack, but instead let the Xuanyuan Empire's team guard the rear, and he alone followed the ancient Fangjiao and Qidian team to explore the way.

When the teams of the two major forces and Emperor Xuanyuan rushed towards the Misty Palace, outside the Misty Palace headquarters, the sun was suddenly shining, and a large array of guarding sects quickly formed, and even an ancient formation.

Rumble!

The terrifying light skyrocketed, like a sky curtain, completely enclosing the Misty Palace.

"Huh, little skill for carving insects." Mu Xun deputy hall master sneered.

Since they had just come to attack the Misty Palace, they were naturally prepared long ago. When they saw the opening of the Huzong formation, the invisible formation flags were instantly displayed by him, and they were forced into the Huzong formation.

boom!

Only hearing the deafening roar, the many array masters in the Hall of Arms, sitting in front of the large array, began to crack the terrifying guardian array.

At this time, inside the Misty Palace, there was peace and harmony. I don't know when, a group of figures in black appeared in the forbidden area of Misty Palace, staring coldly at the coalition forces of the three major forces below.

Beside the man in black is a beautiful woman wearing a veil. She has an ethereal appearance, like a nine-day fairy, standing here quietly. Although she can't see her face, she seems like a creature that shouldn't exist in this world. High above, in charge of the world.

Her aura seemed to completely cover up the aura of the many people in black. In front of her, these people in black who should have been the center of the line of sight, but who should have looked down upon the crowd, were like slaves, their brilliance dissipated.

"Jie Jie Jie, Lord of the Palace, this time the entire martial arts conquest of Misty Palace, it is better to let my clan take action and wipe out all these so-called martial arts forces, how about?" the black-clothed man in the lead said, his voice hoarse and ear-piercing. Extremely.

"Huh, it's just some clowns, and there are still less than a few people to help, but I want to ask you, what is the matter of the cooperation between the nobles and the palace? Why did Naquin enter Guyu? After the world, there is no news at all? Are some of them cheating on this palace?"

The ethereal voice sounded, extremely pleasing to the ears, this should be an extremely moving woman, but the voice contained endless majesty and loftiness, as if in front of her, only she was the supreme empress, and everyone else was hers. Servant, courtier.

"Jie Jie Jie, please don't worry, Lord Palace Master, the cooperation between our family and Lord Palace Master is naturally sincere. Otherwise, our family will not expose so many things to your Excellency. As for the matter of the ancient Yu world, I am also quite confused. I suspected that there should be some problems with the plan. So far, Quinn has been completely unable to contact. But please rest assured that I will send someone to investigate the truth of the matter immediately. There won't be the slightest deception from the Lord Palace Master." The black-clothed man in the lead grinned and said, but in his voice, he was a little cautious.

"There is no best. Don't let this palace discover what tricks you are playing. Remember, this palace can liberate you, and it can also re-ban you. This palace hopes that our cooperation will be mutually beneficial. If this palace finds that you have other intentions, please stop blaming this palace for being rude." Shangguan Xier snorted coldly.

"Please don't worry, Lord Palace Master, Jie Jie Jie." The man in black laughed strangely.

Whoosh!

When the two sides were talking, a figure suddenly fell beside Shangguan Xi'er, it was Emperor Hua Ling Wu.

She quickly knelt down on one knee and bowed to salute: "Master Palace, according to your instructions, everything is ready."

"Very good." Shangguan Xi'er nodded, her eyes were cold, and she said coldly: "Then carry out the plan, open a gap in the guardian formation and let them in. This time the palace will let these ignorances Guys, there is no return."

"Yes!"

Emperor Hua Ling immediately stood up and was about to retreat.

"That's right." Shangguan Xi'er immediately called her to a stop: "For the people of the Xuanyuan Empire, just open one eye and close one eye. You can chase and kill, but don't kill them all, understand?"

"This..." Emperor Hua Ling raised his head and glanced at Shangguan Xi'er in surprise. Although he didn't understand why she gave such an order, he respectfully said: "Subordinates understand."

A moment after the departure of Emperor Hua Lingwu.

Boom!

Under the frenzied attack of Muxun Vice-Hallmaster and other Qidian powerhouses, only a click sound was heard, the guardian formation of Misty Palace finally cracked a gap, and terrible energy was suddenly instilled from it.

"Hahaha, it is rumored that the guardian formation of Misty Palace is indestructible, and now it seems that it is nothing more than that."

Vice-Hall Master Mu Xun laughed, then waved his hand and said, "Everyone rushed to me."

In fact, without him speaking, Si Konggu of the ancient Fangjiao already rushed into the forbidden area of Misty Palace with a large group of people.

"Kill!"

The tragic fighting sounded quickly. Mu Xun and Sikong Gu originally thought they would encounter the most tenacious resistance from Misty Palace. Who knew that it was only a moment, Misty Palace fell across the board, and the two major forces all entered the Misty Palace forbidden area, and Xuanyuan The Empire, with a small team, entered the forbidden area.

And when the people of the two major forces all entered the scope of the Misty Palace headquarters, hum, abruptly, abnormally protruding, the previously broken formation quickly closed, and all the people of the two major forces were trapped inside in an instant. .

[Chapter 1635: Trapped](#)

"what?"

"what happened?"

"Didn't we break this guardian formation? How can it be activated?"

The crowd became chaotic in an instant, booming, and many warriors standing behind began to attack the guardian formation frantically, but it was useless. The entire formation was lingering, but there was no sign of being broken.

"We are trapped."

The crowd suddenly panicked.

Because the offense went so smoothly, as soon as a problem occurred, it immediately caused a commotion in the crowd.

"Don't worry, everyone, it's just a small guardian formation. It should be the Misty Palace that repaired the formation in the first time. Since I can break this large formation outside, naturally I can also break it inside. Panicking, how decent it is."

Vice-Hall Master Mu Xun snorted coldly, his expression stern and majestic.

However, his heart sank slightly. For some reason, at the moment when the formation was closed, an inexplicable sense of anxiety rose in his heart, as if he had entered a hunter's trap, and his whole body was erected with cold hair.

This was derived from the self-consciousness of a strong man. He can grow up to now and become the deputy head of the Hall of Arms, a giant of the martial arts. This intuition has given him countless escapes from the dead, and he is very convinced.

"Everyone listens to my orders, first suspend the attack on the Misty Palace, break the big formation first, exit first, and completely clear the big formation."

He shouted sharply, and began to command the team of the Hall of Command to attack the big formation, and he felt uneasy if he did not break the big formation.

Moreover, so far, the palace lord Shangguan Xier of the Misty Palace has not yet appeared, which is what he is most worried about.

"Since we are here, why should we quit in such a hurry?"

Just as the thoughts in his heart fell, suddenly, a cold voice sounded, and in the misty palace, countless strong men rose up one after another, the leader, wearing a veil, like a high goddess, looking down on all beings.

A terrifying aura that surpassed the world, spread over the world in an instant, covering the world.

It was Shangguan Xi'er that he had been thinking about.

call!

The terrible breath lingered, as if from day to night all of a sudden, everyone's heart sank, breathing difficulty inexplicably, and there was a feeling that they couldn't get through.

This is now the first person in the mainland, the Misty Palace Lady, Shangguan Xier?

Gudong!

Everyone swallowed, and their heartbeat accelerated inexplicably.

"Huh, Shangguan Xi'er, you finally appeared."

Mu Xun yelled coldly, a dazzling Huaguang burst out of his body, booming, a terrifying breath soaring, connecting the world and sweeping all directions.

"Shangguan Xier."

boom! boom!

Sikonggu and Emperor Xuanyuan also sneered coldly, their true essence skyrocketing, and the whole person as if turned into a scorching sun, the dazzling light skyrocketed, firmly facing Shangguan Xi'er.

The three formed a terrible aura and rushed in all of a sudden. They wanted to use their aura to suppress Shangguan Xi'er.

"Only with you chickens and dogs, dare to come to my Misty Palace to go wild?" Shangguan Xi'er sneered, not caring about the aura of the three of them. She waved her hand, like dusting off, formed by the three of them. The horror momentum disappeared in an instant, and the ashes disappeared.

The next moment, an even stronger momentum soared into the sky, turning into an invisible power, and enveloping the Mu Xun trio in an instant.

what?

The hearts of the three Mu Xun sank and shook violently. This momentum hit, and the three of them only felt that their eyes were dark, and everything in the world seemed to disappear. In the entire world, only Shangguan Xier was left. Like the ruler of the heavens and the earth, blooming endless light.

Before this endless light, the Mu Xun trio were like fireflies competing with Haoyue, extremely small.

how can that be?

Mu Xun and the others were shocked, their aura, in fact, they could see a person's cultivation level, Shangguan Xier was able to stun the three of them with one person's power. Such a momentum clearly represents that the strength of the other party is far superior. Above them, came to a higher level.

"We got it."

Mu Xun and the others were astonished. Shangguan Xi'er had such strength, she had never appeared before. Otherwise, with her current strength, not to mention beheading them all, she would definitely be able to temporarily stop them from the Misty Palace headquarters. In addition, but the other party did not do so, clearly having greater ambitions and goals.

"No, we must leave here the first time."

Thinking of this, Mu Xun Vice-Hall Master Lian Chuan said, "Emperor Xuanyuan, the ancient leader, we should be in the middle of the game. By now, everyone is already a grasshopper on a rope. You should know who the opposite is. Only when we work hard, can we get a chance."

"Vice-Hall Master Mu Xun, tell me, what should we do later?"

The ancient leader Si Konggu said with a gloomy look.

He also understood that he should have been in the game. Shangguan Xi'er was just an imposing manner, and it had caused a lot of turmoil in the three major forces, and lost the confidence that they had never moved forward before. Now he does not know what he will face next. What, rushing to death will only make things worse, and retreat is already born in my heart.

Vice-Hall Master Mu Xun squinted his eyes and said: "Although the guardian formation of Misty Palace is strong, it belongs to the ancient nine-level peak formation level. As long as the old man is given a certain amount of time, he will be able to break open like before. What I will do is to contain Shangguan Xi'er first. The old man will break the guardian formation at the first time. When the battle is broken, I will withdraw first before discussing the long-term plan."

"Okay!" Sikong Gu nodded, and for the present plan, he can only do this. Even though Shangguan Xier is strong, can he stop more than a dozen forces from joining forces? In this battle, first weigh the opponent's strength.

"Do it."

They can become the top powerhouse in the martial arts. The most important thing is to be able to judge the situation and know the best way to solve the problem. Therefore, the communication between the three people was only a moment, and only half a second later, Mu Xun's deputy hall master three It moved suddenly.

"Everyone obeyed, obeyed my orders, attacked the guardian formation, kill!"

Vice-Hallmaster Mu Xun was the first to take the shot, and countless array plates and flags quickly appeared in his hands, turning into a large array of guarding sects behind him.

"Emperor Xuanyuan, you and I stop this Shangguan Xi'er together." Sikong Gu exclaimed, banging, and a hazy ancient seal appeared on his head, the ancient seal trembling violently, exuding an ancient atmosphere.

This is his bloodline, and the power of the bloodline is combined with an ancient seal in his hand, and finally turned into a huge big seal like a hazy giant mountain, falling towards Shangguan Xier's long cover.

He looked arrogant, his eyes rounded and his aura was like a rainbow.

Even if Shangguan Xi'er's aura is far better than him, Sagong Gu is also the leader of the ancient Fangjiao at any rate, a giant-like figure, naturally, he will not be timid without fighting.

What's more, he has such a world-famous person as Emperor Xuanyuan next to him. With the two of them working together, the outcome is particularly clear.

[Chapter 1636: The emperor save me](#)

"Emperor Xuanyuan, I'll wait to take action together."

After releasing the ancient seal, Sikong Gu hissed sharply, and two divine rainbows burst into his eyes.

"it is good!"

The Great Emperor Xuanyuan gave a cold cry, and his body suddenly moved, but the direction he swept towards was not where Shangguan Xi'er was, and it turned out to be towards Deputy Hall Master Mu Xun.

"Emperor Xuanyuan, what are you doing?" Deputy Hall Master Mu Xun was startled, but he hadn't realized what Emperor Xuanyuan was going to do. He only thought that he wanted to use Sagong Gu to entangle Shangguan Xi'er so that he could escape. He shouted: "Do you think you can escape without us?"

"Escape? Why does the emperor want to escape?"

Emperor Xuanyuan laughed suddenly, his smile was extremely cold, and at the same moment he spoke, a terrifying aura that far surpassed Vice-Hall Master Mu Xun burst out, and he slapped Vice-Hall Master Mu Xun's chest with a palm.

"what are you doing?"

Vice-Hall Master Mu Xun was shocked, his eyes widened in an instant, and he didn't expect Emperor Xuanyuan to do anything with him.

Feng Shaoyu shot too fast. When he saw it, he wanted to fight back but it was too late. He could only display a gray and simple shield for the first time, blocking him, and at the same time, his whole figure was violent. Retreat, trying to escape Feng Shaoyu's sneak attack.

boom!

Feng Shaoyu slammed his palm on the ancient shield, and immediately, the endless power of the Great erupted, and the ancient shield instantly shone, madly resisting Feng Shaoyu's attack, but it was useless at all. With a click, it was only a moment. Countless cracks have appeared on the primitive shield, and then they shattered and turned into endless fragments.

puff!

Then Feng Shaoyu's palm was like a sharp blade, almost inconceivable, and the void was directly torn open a crack, forcibly inserted into the chest of Deputy Hall Master Mu Xun.

"you....."

Opening his mouth spouted a lot of blood and visceral fragments, Vice-Hall Master Mu Xun looked at Feng Shaoyu in disbelief, an astonishing breath erupted in his body, his combat power nearly doubled in an instant, and the whole person flew out to stop him. Feng Shaoyu's next move.

But even so, a big hole appeared in the chest of Vice-Hall Master Mu Xun, and the lobes of his lungs were squeezed and exploded. The whole body was seriously injured and was dying.

"you....."

He staggered, backed madly, staring at Feng Shaoyu in fright, endless despair in his eyes.

With one blow, although he was not dead, he was dying, unable to break through the formation.

"Feng Shaoyu, you..."

On the other side, the ancient teacher Sikonggu sensed this scene, and was shocked. He wanted to rescue but it was too late. At this moment, his attack had just landed on Shangguan Xi'er's head, and he had no time to withdraw his hands. He gritted his teeth, the true essence burned in his body, and shot desperately.

Because he knew that for the present, only if Shangguan Xi'er was seriously injured first, could he have a glimmer of hope of escape.

boom!

The quaint big seal was crushed down, and the void layers were shattered, and the terrifying chaotic aura instantly came to Shangguan Xi'er.

Sikong Gu expected that after his own shot, Shangguan Xi'er had to stand up, trying to resist it. Thinking like this in his heart, he saw that Shangguan Xier faced the terrifying seal that could explode a mountain range. Without changing the color, at the corner of his mouth, he sketched a mocking smile, and then gently stuck out his slender palm.

The slender palm was soft and white, and fragile as if it could not withstand a single blow, but it gently blocked the huge ancient seal.

Boom.

A huge explosion sounded, and the endless coercion diffused, suppressing Shangguan Xier, but Shangguan Xier's figure did not even move.

Only her black silk was flying all over the sky, and the pink dress on her body was dancing with it.

Her finger, with a huge ancient seal that was thousands of feet long, was like a bird in front of a giant, so vulnerable.

But no matter how Si Konggu tried his best, his face flushed red, the ancient seal like a mountain, but he still remained motionless and couldn't fall down.

"impossible!"

Sikonggu roared, his face flushed red, he suffered a huge humiliation in his heart, and his eyes were full of disbelief.

With his full blow, Shangguan Xi'er blocked it with just one finger. How could this be possible?

"boom!"

More and more intense energy erupted from his body, billowing momentum, like wolf smoke, straight into the sky, he was burning blood, burning true essence, and even burning soul, in order to suppress Shangguan Xier.

It was useless. No matter how he shot, Shangguan Xi'er was always different. She looked at him so mockingly. There was deep disdain in her eyes, as if the dragon looked down on the ants, and the two were not in the same world.

"Sikong Gu, this is your confidence in attacking Misty Palace? A hundred years have passed, and your cultivation is really not improved at all, let me down!"

It was cold, as if a voice from nine days away, Shangguan Xier sneered, and then finally moved. Her fingers turned her palms and shook slightly. Only a bang was heard, and the black sword light that Sikonggu split down instantly shattered and melted. For the ash fly.

Then Shangguan Xi'er gently raised his hand and patted.

boom!

Sikong Gu spurted blood all over his body and flew upside down. The bones of his body were interrupted for unknown reasons. The ancient seal bloodline on the top of his head shook for a while and collapsed instantly.

The whole process is long, but in fact it is only a moment.

Just one blow!

Sikonggu, the leader of the Gu Fangjiao, the top force of the martial arts, the strong man in the later period of Emperor Wu was severely injured and fell, and there was no resistance.

The audience was silent, everyone was dumbfounded, looking at all this in the sky, dumbfounded.

In just a moment, the Muxun Vice-Hallmaster and the Ancient Fangjiao Sikonggu Hierarch among the three major forces were seriously injured and their life and death were unknown. However, the Xuanyuan Emperor of the Xuanyuan Empire turned back at an important juncture. Such an ending shocked everyone.

"Kill, everyone on the field, don't leave one!"

An icy voice resounded throughout the battlefield. It was Shangguan Xi'er. After she seriously injured Sikonggu, she did not make any more moves. She just stood proudly in the sky, looking down below, with killing intent in her eyes.

"kill!"

The fighting sounded, and behind Shangguan Xi'er, countless disciples of the Misty Palace slammed out and started a fierce battle.

No, this is not a war at all, but a massacre.

Lost Muxun's Vice-Hall Master and Sikong Gu's artifact hall and Gu Fangjiao disciples, like fish on a chopping board, were slaughtered, and quickly beheaded on the spot, turned into blood.

"what!"

At the same time, their souls were drawn out at the moment of death, and then became the nourishment of the Dementor under the sacrifice of the Dementor, and they would never be able to transcend and suffer endless torture.

"The Great!"

"The emperor save me."

A small number of people from the Xuanyuan Empire were trapped in the guardian formation. They looked up in horror, looked at Emperor Xuanyuan, and screamed bitterly.

But it was useless. Emperor Xuanyuan looked at the group of people below indifferently, with cold eyes, as if he was looking at not the people of his own empire, but the ants, watching them be beheaded, and then the soul was sacrificed and endured. The pain of eternity.

[Chapter 1637: Why do this](#)

The screams of the Misty Palace headquarters continued to resound, and there was a sea of corpses and blood everywhere, like purgatory, and the astonishing roar continued. All the warriors who entered the guardian formation fell like wheat, without resistance. force.

Outside the guardian formation.

The dim sect protection array concealed all sight, and only the faint screams came out, causing many Xuanyuan Empire powerhouses who had not been able to enter the protection sect array to look at each other, revealing a look of fear.

"what happened?"

"What the **** happened inside."

"Why are they all screams."

The crowd was panicked and extremely nervous, and no one was anxious at the moment, eager to know what happened inside.

"The emperor is still inside, so rush in."

"Quickly, break this guardian formation."

The faces of the top powerhouses who followed Wushang Wudi and others all showed anger, and they shot frantically one by one, and suddenly a deafening roar sounded. The guardian sect kept rippling with ripples, but they couldn't control it. The big formation in front of him broke open.

When Wushang Wudi and others were nervous and panic, the tragic battle in the Huzong formation had ended. The three major forces broke into the Huzong formation and all the coalition forces fell. No one survived, only Mu Xun. The Vice-Hall Master and Si Kong Gu were dying, watching this scene in horror, and their hearts collapsed in despair.

"Why, Emperor Xuanyuan, why are you doing this?"

The two screamed hoarsely, and even the power to speak was almost gone. In their hearts, there was endless fear and anger.

They didn't understand why Emperor Xuanyuan would turn back at a critical moment. For three hundred years, the Xuanyuan Empire and Misty Palace have been at odds. The two sides can be said to be like fire and water, but now, the two of them are making such a tacit agreement. understand.

If it weren't for Emperor Xuanyuan's sudden move, they would never have been defeated so easily, without any resistance.

Especially the ancient leader Sagong, looking at the corpses all over the floor, his heart was desperate. These were the backbone of his ancient Fangjiao, but all this battle fell here. The ancient Fangjiao was over and ruined in his hands.

"Why do this?"

Emperor Xuanyuan raised up to the sky and laughed: "Shangguan Xier is my woman. Why do you ask me to do this?"

what?

Shangguan Xi'er is your woman?

The two of them shook their hearts, and they could hardly believe their ears. How could this be possible? Shangguan Xi'er was the woman of Wuchen Wuhuang, and Emperor Xuanyuan was the brother of Wuchen Wuhuang.

Later, the Emperor Pochen Wu fell unexpectedly, and Shangguan Xi'er and Emperor Xuanyuan turned each other into enemies.

But now, Emperor Xuanyuan actually said that Shangguan Xi'er was his woman, which is as incredible as a fantasy.

If so, then the death of Emperor Wuchen Wu...

The eyelids of the two jumped wildly, thinking of a possibility. For a moment, they felt cold and blood flowed back. If things were really as they thought, wouldn't it mean that the death of Emperor Pochenwu and Emperor Xuanyuan and Shangguan Xier related?

"Why, don't you believe it?" Emperor Xuanyuan smiled, with a complacent smile.

The matter between him and Shangguan Xi'er had been concealed for three hundred years. This was when he was most proud of him. He concealed everyone in the world to his bones, how proud of it.

"call!"

He flickered, and instantly came to Shangguan Xi'er, and under the eyes of everyone, he gently hugged Shangguan Xi'er to verify this scene.

It was just that before he hugged Shangguan Xi'er, an angry voice suddenly rang from the side. At the same time, Shangguan Xi'er shook his body, frowned slightly, and gently avoided.

"presumptuous."

"Dare to be disrespectful to the Empress."

"Emperor Xuanyuan, you are looking for death!"

The angry voice resounded, and accompanied by the sound of breaking through the sky, it was the many martial emperors of Misty Palace, who came coldly, shouted angrily, and burst out killing intent.

Emperor Xuanyuan was taken aback for a moment, and then frowned: "What are you doing, the relationship between this emperor and your female emperor, how do you know about it, let go quickly, otherwise your female emperor will not punish you, and this emperor will definitely not take you lightly!"

"It's ridiculous, what are you worthy of punishing us?" Everyone showed anger on their faces, and Emperor Hualing Wu even sneered: "Emperor Xuanyuan, don't think that you have worked for us in Misty Palace before. How can you blaspheme, who is our Empress?"

She turned around to face Shangguan Xi'er and said, "My Majesty, this Emperor Xuanyuan is not a good thing at first glance. Please also order that I will kill him."

"Xi'er, come and talk to these idiots." Emperor Xuanyuan said to Shangguan Xi'er with a gloomy expression.

He publicly acted today and naturally reported the thoughts exposed in front of the people in the Misty Palace. Those who can follow Shangguan Xier at this moment are naturally the closest figures to Shangguan Xier. Even if he knows, he will not reveal the two of them. The secret between.

In fact, the relationship between him and Shangguan Xi'er was previously known to only two people. The people of Misty Palace and Xuanyuan Empire didn't know the inside story, otherwise these two major forces would not compete like this.

This is also the intention of the two, and the purpose is to confuse the major forces in the mainland, otherwise let the people know the secrets of the two, when they are directed at the enemy, they may show their feet and destroy the two for hundreds of years. plan of.

"Emperor Xuanyuan, that's enough." Shangguan Xier's face sank, and she snorted, frowning and said: "Today, for the sake of your promise to join hands with me, this palace forgave you for your disrespect. If the palace is disrespectful, you can stop blaming this palace for not reciting affection."

While she was talking, a divine thought came out, and the voice quietly sounded in Emperor Xuanyuan's mind, with a warning: "Shaoyu, the relationship between you and me cannot be exposed right now. Now is the critical moment for your cooperation. Once the news leaks, all the preparations you and I have made for so many years will fall short. You have to take care of the overall situation, and now you must not make any mistakes."

"I..." Emperor Xuanyuan looked ugly, but quickly changed his face and said with a smile: "Why the Misty Palace Master cares so much? This emperor is just joking with them. Previously Misty Palace Master said that he would join hands with this Emperor. What happened before is a bit of sincerity from the emperor, how about it? Is the empress still satisfied?"

"Just so-so." Shangguan Xi'er snorted coldly, and her figure instantly came to the leader of Sagong Gu, walking in slowly, her eyes blooming with a strange color.

"What do you want to do?"

Sikong Gu looked terrified.

Shangguan Xi'er didn't say a word, her right hand suddenly stuck out, and he snorted into the opponent's chest, "Ah", Si Konggu screamed, his body convulsed and convulsed, and at the same time he felt a terrible suction force. Blood rushed into Shangguan Xi'er's body.

[Chapter 1638: Another secret](#)

"Devil, you are a devil!"

Sikonggu roared in pain, his face distorted, and his voice weakened a little bit until he was completely silent.

On the side, Vice-Hallmaster Qi Dianmu Xun looked at this scene with horror, his body trembled.

"Hahaha!"

Shangguan Xi'er suddenly stood up to the sky and screamed, and the power of essence and blood flowed into her body. Her hair was flying all over the sky, her face was covered with **** lines, and her eyes instantly became crimson, like a demon.

At the same time, the breath of the whole person is slowly rising in a strange state.

"Comfortable, worthy of being Emperor Wu in the later period, it's really a supplement."

After a while, Shangguan Xi'er pulled her hand and stood up suddenly. The two Sikonggu in front of her had turned into two corpses, their faces twisted, full of pain and fear.

Then, she turned to look at Mu Xun Deputy Hall Master.

Vice-Hall Master Mu Xun's face was full of fear, and his body trembled, but there was no resistance.

"Don't worry, this palace won't kill you. If you keep it, it's still useful."

As soon as she raised her hand, Vice-Hall Master Mu Xun was immediately taken into her hand and imprisoned.

call!

Shangguan Xi'er waved his hand, and Si Konggu's corpse instantly turned into ashes and dissipated into the wind.

"Emperor Xuanyuan, it's time for you to perform, don't forget the promise between you and me."

After doing all this, Shangguan Xi'er sneered, and led Mu Xun's deputy hall master into the Misty Palace. At the same time, he ordered Emperor Hualing Wu and others, "After the meeting, Emperor Xuanyuan will forcefully rush out of the big formation. So he chased them out and started to attack the warriors of the Xuanyuan Empire. Remember, you must let the people of the Xuanyuan Empire fall by more than one third."

"One third?" Feng Shaoyu's expression changed and said, "Too much, right?"

"It's only one-third. This is already the minimum limit. Otherwise, the Qidian and the ancient Fangjiao army will be destroyed, and your Xuanyuan Empire will only die so little. How do you explain to other forces? Since it's a show, it is natural to do it. Be real."

When the voice fell, Shangguan Xi'er had disappeared.

Outside the guardian formation, the powerhouses of the Xuanyuan Empire were still frantically attacking the guardian formation, suddenly...

"boom!"

A fierce roar sounded, and a gap was suddenly opened from the inside above the guardian formation, and then everyone saw in horror that Emperor Xuanyuan rushed out of it covered in blood.

"Qidian Muxun colluded with Misty Palace, everyone retreated, retreat quickly!"

Emperor Xuanyuan's screaming roar resounded throughout the world, then fled into the void and fled in panic.

The next moment, the dense misty palace powerhouse rushed out of the big array, killing people when they saw it, and blood flowed into rivers.

Without the Great Emperor Xuanyuan, even though the team in the Xuanyuan Empire gathered strong, how could they be able to organize effective resistance? Suddenly screams sounded one after another, and the corpses were everywhere.

In the void, Emperor Xuanyuan watched the killing below, his eyelids jumped wildly, but in the end there was no movement, just staying away from here.

This chase lasted for a full day and night.

On the second day, Qidian Muxun, the deputy hallmaster, colluded with Misty Palace and secretly acted on the coalition forces, leading to the destruction of many disciples of the ancient Fangjiao and Qidian. The news of the loss of half of the Xuanyuan Empire team broke out, and the entire martial arts sensation.

"What? The three major forces are defeated? The ancient Fangjiao army is destroyed, and even the leader of the ancient Fangjiao is dead?"

"I heard that Mu Xun, the deputy hall master of the Hall of Instruments, had been in collusion with Misty Palace. At a critical juncture, he suddenly turned back, severely injured Sikonggu, causing Sikonggu to fall, and Emperor Xuanyuan was also badly injured and fled in embarrassment. The entire Xuanyuan Empire The army has fallen by nearly half."

"Hi, Misty Palace is so strong?"

When the news came out, the Martial Domain was completely shaken, and all the major forces looked at each other in silence.

Two days ago, there was news that the three major forces' coalition forces were about to attack the Misty Palace headquarters, but it was only a day before the news came, so everyone was not shocked, and even completely confused.

The forces such as the Long's family speeding up to the Misty Palace headquarters, preparing to take a share of the pie, were even scared to stop and hurriedly sent scouts to inquire about the news.

A day later, a lot of news came back, but it confirmed this statement. On that day, many small forces near Misty Palace saw Emperor Xuanyuan fleeing in embarrassment, and saw the scene of Misty Palace chasing and killing the powerful Xuanyuan Empire. It can be described as a river of blood, which is terrible.

As a result, the major forces sent personnel to the Xuanyuan Empire to inquire about the news, but they were shut down.

The entire Xuanyuan Empire was full of rumblings, sadness was bleak, and news came out that Emperor Xuanyuan was seriously injured and was healing in a retreat, and no one was seen.

But the scouts of the major forces all saw the bodies of many powerful people in the Xuanyuan Empire outside the misty palace. They were indeed corpses everywhere, like a purgatory on earth.

The major forces that had boiled down suddenly became quiet.

Before clarifying the situation, no forces dared to act rashly, especially the secret collusion between the Vice-Hallmaster of Qidian Muxun and Misty Palace, which caused an uproar from the major forces, which made people feel incredible.

After all, the illegitimate son of Vice-Hall Master Mu Xun was killed by Miaomiao Palace in Guyu Realm. How could he unite with Miaomiao Palace?

Still, there is something hidden in it.

Before clarifying these circumstances, the major forces dare not act rashly.

For a time, the Martial Domain, which was originally murderous, calmed down a lot in an instant.

Ancient Yujie.

Qin Chen, who was in the collapse of space, certainly didn't know what was happening outside.

Time flies.

Since Qin Chen couldn't get out of the Universe Jade Plate, he was completely immersed in the cultivation, and gradually forgot the time.

In the jade disc of good fortune in the universe, he can clearly feel the operation of the rules, which makes him understand the power of the rules more and more deeply.

Although these rules are the rules of the Alien Demon Continent, they are somewhat different from the rules of the Tianwu Continent, and they cannot directly break through to the realm of Emperor Wu, but they are of great help to him in understanding the rules. It is a process of accumulation. .

As long as he fully understands the rules of the Foreign Demon Continent, once he waits for him to break through the Emperor Wu in the Tianwu Continent, it will also be of great help to the cultivation of the Emperor Wu realm.

In addition to comprehending the rules, Qin Chen also tried to practice the alien demons' exercises that he had obtained in Gunan.

Sure enough, as the **** cat said, since absorbing the power of the blood soul crystal soul, he can now practice the exercises of the alien demons smoothly without any side effects.

When he was practicing the Cultivation Technique of the Alien Demon Race, the strange power he cultivated could not be accepted by the body at all. It had to be refined through the power of the thunder bloodline to be absorbed by the body.

But now, he can practice arbitrarily, and easily integrate the power of the alien demons he cultivated into his true essence, without any barriers.

This surprised Qin Chen.

Because the power formed in this way will hurt the alien demon race far more terrible than pure true essence, and can cause damage to the alien demon race from the most essential.

In this way, Qin Chen was completely immersed in the cultivation.

When he had cultivated the strength in his body to the extreme, Qin Chen suddenly awakened. He suddenly stood up and found that he had been in the Universe Jade Plate for more than three months.

[Chapter 1639: Half-step peak](#)

He had consumed many magic spar stones that he had previously obtained in Guyu Realm, and the various medicinal pills he had prepared before had also consumed seven or eighty-eight, and even many top-grade real stones obtained from the top powers of the major forces. , And only a small half is left.

Of course, Qin Chen's cultivation level also reached the peak of Emperor Wudi in half a step, only one step away from Emperor Wudi of Nine Heavens.

This step is far away, not only by practicing real stone, but by understanding the rules, and only by thoroughly comprehending and completing a rule can you break through this bottleneck and enter the realm of Nine Heavens Wudi.

Seeing only a small and a half treasures left on his body, Qin Chen suddenly became speechless. Although his retreat was only three months long, he consumed so many training resources, which almost entered the ancient Yu world. Half of the resources in the power of the major forces, this is only entering the half-step Wudi peak.

Qin Chen originally thought that relying on these resources to be able to break through the Nine Heavens Emperor Wudi, even the resources from the early stage to the initial peak of the Nine Heavens Emperor Wudi is enough, now it seems that the remaining resources can make him breakthrough to the Nine Heavens Emperor Wudi realm is already very rare. .

Qin Chen felt the surging flow of true essence in his body, which contained the terrifying and strange power of the alien demon. The two complemented each other, and the spiritual power was smooth and free, as if it had been transformed. Such a cultivation level has even completely surpassed When he was the strongest in his previous life, his strong strength gave him some comfort.

However, the large amount of resources consumed also caused him a headache.

This is just an attempt to break through the Nine Heavens Emperor Wudi. If you step into the Nine Heavens Emperor Wudi realm in the future, how much resources will it consume? Qin Chen couldn't imagine it.

Moreover, Qin Chen was originally excited to be able to practice the mysterious exercises of the alien demon race, but now, he is already stretched out by the Nine Star God Emperor Art alone, let alone adding another exercise.

Although I don't know what rank the mysterious exercises obtained from Gunan are, the alien demons have spent so much effort to let them who have parasitic seeds cultivate, and this kind of exercises can even be cultivated by the human race. No ordinary exercises.

And the resources it consumes must be an astronomical figure.

Of course, if Qin Chen was given enough time, he would be able to cultivate successfully without much resources, but what Qin Chen lacked most now was time.

Moreover, this is the consequence of Qin Chen being the master of the alchemy Dao, who can refine all kinds of pills. If he is a different person, even if it is for the other party's two exercises, it will never be like Qin Chen's, just three short. Months, he practiced to this point.

"It seems that after going out, you have to find a way to find resources." Qin Chen smiled bitterly.

In fact, in martial arts cultivation, resources are definitely one of the most critical things. The reason why there are so many powerhouses in the martial arts domain is that their talents are indeed better than those in the lower four domains, and in the martial arts domain. The resources that he possesses far surpassing the lower four domains are also inseparable and even play a decisive role.

Skeleton rudder masters need a lot of resources to restore their strength, but the skeleton rudder master consumes less resources than him. After all, as long as the opponent enters the demon-suppressing cauldron, they can rely on the energy of the alien demon in the mysterious realm to restore. If you have the essence of the source beast, the recovery speed will be even faster.

Thinking of the essence of the source beast, Qin Chen immediately stood up. After three months of retreat, he hardly asked about the world, and he didn't know what was going on outside.

"Boss, are you awake?"

As soon as Qin Chen came out, he saw little ants and little fires flying around here, while the **** cat was sleeping lazily by the side. As for the Skeleton Rudder Lord, Mokara and Ancient Cangwu Emperor, they all practiced silently, and they appeared on their bodies. Terrible breath.

Especially Skeleton Rudder Master and Mokara, their auras are obviously much more terrifying than before, and the demonic energy is crisscrossing and flickering with terrible black lights.

The small world of the Universe Jade Plate was opened by the blood soul crystal. The blood soul crystal contains the most primitive rules of the alien demon continent. For the alien demon race, it is naturally a good place for cultivation.

"Boy, your cultivation level has improved a lot?" The **** cat saw Qin Chen leaving the gate for the first time. After shaking his figure, he immediately came to Qin Chen and commented, his eyes flashing with surprise.

In just three months, this child has directly stepped into the half-step martial emperor peak, and this practice speed is too fast.

Although the ancient Cangwu Emperor is already at the early stage of the ninth stage, and even close to the initial peak of the Wudi, in the eyes of the **** cat, the ancient Cangwu Emperor is the nine-day Wudi who uses the fruits of the rules to break through, and the foundation is relatively vain. It's only a heavenly level exercise. Although these exercises are already top-notch in the martial arts, in the eyes of the **** cat, they are quite ordinary.

Compared with Qin Chen, even if the ancient Cangwu Emperor broke through to the initial peak of Emperor Wu, it was not as terrible as Qin Chen's step from the half-step Wudi to the half-step Wudi peak.

"Is it improved a lot? Isn't it still staying at the half-step Emperor Wu, but a short line from Emperor Wu." Qin Chen shook his head, but didn't care.

"He's meowing, for only three months, he is already a half-step martial emperor, and you have absorbed the blood soul crystal soul, and the cultivation techniques are far beyond ordinary people. If you want to fully master the rules, you are originally an ordinary person. Ten times, or even more than a hundred times, it is not easy to be able to break through half a step to the peak of Emperor Wu, what do you want?" The **** cat is a little speechless, this guy is too demanding, right?

"Master, your retreat is over?" Mokara and others also woke up from the practice at this time, and suddenly came to Qin Chen's side, only feeling that the aura on Qin Chen's body became more terrifying.

Qin Chen nodded, and asked the **** cat: "How is the outside world now? Can we go out?"

"The power of the space collapse is weakened a lot, it should be only one-tenth of the initial one, but with your current strength, you should not be able to survive in this space collapse," said the **** cat.

Qin Chen's perception spread out, and sure enough, the external space collapsed power was much weaker, and there was no feeling of destruction that was impossible to resist at the beginning, but it still made Qin Chen feel a little shocked, which obviously could pose a certain threat to him.

Qin Chen frowned suddenly, "How long will it take for these spaces to collapse before they can completely disappear?"

"It's hard to say, maybe three or two days, or three or five months."

Qin Chen's heart sank, but three to five months? It has been almost half a year since he entered the space collapse, and it should have been almost three months since other people went out. During these three months, many things must have happened to the outside world, but he was trapped here and could not get out. .

To be honest, although he is a little concerned about the situation in Wuyu, he is not entirely concerned about it, but what he is worried about is Qianxue and Chen Sisi, as well as the group of people in Chendi Pavilion. If they are targeted by Misty Palace, it will be troublesome. .

[Chapter 1640: Space formula](#)

"No, I have to get out as soon as possible, is there any other way?" Qin Chen frowned and asked.

"There's not no way." The **** cat glanced at Qin Chen and said, "And this way is of great benefit to you."

"What way?" Qin Chen looked at the **** cat speechlessly. There was such a good way that this guy hadn't said it before. "Aren't you complaining about me? Lord Cat didn't tell you before. You don't have the strength yet, but now it should be about the same." Having said that, the **** cat paused and said, "But Lord Cat, I have a Request, you have to promise me first, cat

Lord, I will tell you this way. Otherwise, just continue to wait here. Anyway, Lord Cat, I have nothing to do with me outside, so don't worry. "

"What's the requirement, you don't want the treasure on my body?" Qin Chen looked at the **** cat cautiously.

The **** cat exploded all at once, "He's meowing, is the cat like this? Will you care about the broken thing on you?"

When talking about broken things, the **** cat's voice couldn't help being weak. I have to say that Qin Chen still has a few precious treasures on his body.

"Don't want anything on your body, but when you will leave Guyu Realm, Lord Cat will borrow your Universe Jade Plate and bring something out."

"It's that simple?" Qin Chen looked at the **** cat vigilantly: "Are you sure you just brought something? It won't have any effect on me, right?"

It's so simple to do it, it's not very similar to the personality of the **** cat.

"I don't want to pull it down." The **** cat was so angry that he blew his beard and stared. "Isn't it just for you to bring something, so I need to guard against me like a thief?"

"Okay, then I promise you." Qin Chen agreed. In fact, he said that on purpose. In fact, he would agree to the **** cat no matter what.

"That's pretty much the same."

The voice of the **** cat fell, and a mysterious magic trick had already poured into Qin Chen's mind.

"This is a space formula. Now that you have cultivated the body of space, you can use this space formula to survive in the collapse of space today, but even if the power of space collapse in the outside world is much smaller now, with your current strength and also

You can only survive for a while. Remember, don't do anything. If you can't hold on, you can quickly enter the universe. "

Having said all this, the **** cat shook his body, swished out of the universe, and disappeared. "This dead cat has gone out?" Qin Chen raised his brows and was a little shocked. This **** cat was really terrifying. In his Universe Jade Plate, he even wanted to go out. Moreover, the other party disappeared into his in an instant. In perception, make his perception

It's hard to capture.

Qin Chen did not go out for the first time, but began to perceive the mantra given by the **** cat. Although there were only a few sentences, this mantra seemed to point directly to the essence of space. It was extremely profound, even if he had been trained into the body of space. Somewhat shocked.

After about half a day, Qin Chen had already comprehended this formula.

"Go out first!" Qin Chen just left Universe Good Fortune Jade Plate and appeared outside, and countless space collapses have already swept over. Unlike space cracks, these space collapses are like storms, like violent winds. Just a moment, let him

His armor was rolled into a sieve, with holes everywhere.

Moreover, space cracks can also rely on speed and space to hide, but there is no way to avoid these space storms, because the space storms inside are like violent winds, flooding everywhere.

Qin Chen also found that his location was not the most powerful, not only was the space storm more terrifying, but also had an astonishing whistling sound with a harsh crackling sound.

But now Qin Chen didn't have much energy to pay attention to these.

"Chichi!"

The sound of the clothes being torn apart, in this short moment, the armor on Qin Chen's body has completely disappeared, and there is even no complete skin. However, at this time, it has been several breaths since Qin Chen left the universe for good fortune jade disc. This is enough to show that the power of this space collapse has been too much, at least when the space collapse was just born, Qin Chen could feel that. can

The power of fear can tear him to pieces in an instant. Although it is also very scary now, at least it is fine within dozens of breaths, but once dozens of breaths have passed, Qin Chen doesn't know if he can block it, because only a few breaths have passed. Space storm has opened

Hajime penetrated the skin or damaged his internal organs.

Qin Chen immediately began to use the spatial formula given by the **** cat.

Hum!

In just an instant, Qin Chen's body surface formed a pale golden color, as if an invisible shield appeared.

As soon as this golden protective body Zhenyuan appeared, those space storms hit the pale golden shield.

After a faint sound, the pale golden body surface defense layer was torn apart, but under the flow of Qin Chen's true essence, the repair was automatically started in the blink of an eye.

It seems that an invisible space barrier has formed between myself and this space storm. This was nothing, and what shocked Qin Chen was that when he ran the spatial formula given by the **** cat, his mind seemed to be trapped in the sky, an unprecedented spatial secrets circulating in his mind. The perception of space rules

, It is even clearer. Qin Chen finally understood why the **** cat said that this method would be of great benefit to him. It is not only the spatial formula that allows him to train in this space collapsed, but more importantly, in this space. Feelings of the collapsed land

The space rules, and the speed is even faster than in the jade disc. It is difficult for Qin Chen to break through the Nine Heavens Martial Emperor because the rules he needs to understand must be the top rules, and the space rules are definitely one of the top rules, which means that as long as he can completely control a space rule,

Can use this to break through to the realm of Nine Heavens Emperor Wu.

And this place where the space collapses is definitely the best place to understand the rules of space. Qin Chen immediately took the Universe Good Fortune Jade Disc with him, while slowly drifting towards the Guyu Realm, while spinning the Immortal Saint Body and the Body of Space, refining the body in this void, and at the same time began to think in his mind. I realized the surrounding space

Power, trying to master the complete rules of space. Of course, this kind of cultivation is not infinite. Qin Chen could have a foreboding that every quarter of an hour, he would have to go back to the Universe Jade Plate to recuperate his body, otherwise with his current physical strength, even with this spatial formula, More than a quarter of an hour

It will inevitably be torn apart. As long as he enters the Universe Jade Plate before his body reaches its limit, there is no problem.
