

## Valkyrie 1641

### [Chapter 1641: Situation changes](#)

And once he has healed the injury in the small world, he can once again enter the space collapsed place. With the improvement of his body training, he will spend more and more time in the space collapsed place. .

This will be a virtuous circle until he is finally not afraid of the space storm here.

"Unexpectedly, this kid understood so quickly. It is a bit interesting to follow the rules of space to enter the Tao. In the history of Tianwu Continent, this can be done. Even if you count the ancient times, I am afraid that you can count it with one hand."

In the void not far away, the \*\*\*\* cat looked at Qin Chen with a bit of shock. After discovering that Qin Chen was not afraid of the space storm and was safe and sound, his figure shook and he didn't know where he was going.

When Qin Chen practiced hard in the ancient Yu world, trying to leave the ancient Yu world.

Wuyu.

The situation has changed.

After the Misty Palace resisted the joint attack of the Xuanyuan Empire, Qidian and Ancient Fangjiao, it changed its original posture from defending to attacking.

The team of the Long Family was the first to be ambushed. In order to get more of the pie, the Long Family speeded up the battle, and as a result, they were the first to be attacked.

"escape!"

"Run away!"

The strong of the Long family broke through frantically, but less than half of them escaped alive.

Immediately afterwards, the people of Misty Palace began a strong attack.

Within a few days, all the teams that set off first were ambushed, suffered heavy losses, and fled in embarrassment.

Suddenly caused huge waves among the major forces.

"Why are there so many powerful people in Misty Palace?"

"How do you attack several major forces at the same time?"

"For so many years, the strength accumulated by Misty Palace is so terrible?"

The major forces were shocked and dumbfounded.

Because they found that the strength displayed by the Misty Palace has exceeded their imagination, this time the crusade against Misty Palace, although the major forces only sent some people, it is already very terrifying, including many elite and strong.

But Misty Palace can actually do multi-line battles. Over the years, the strength that Misty Palace has accumulated has become alarmingly strong. For a while, the major forces panicked. In this time of conquest, the major forces did not reach a consensus, but they acted hastily because of the results of the Guyu Realm. I thought that the Xuanyuan Empire and the Qidian would take the lead. , Can be like

Today's results have made all major forces nervous.

The horror of Misty Palace has exceeded their expectations.

The allied forces that had been approaching quickly gathered together in an emergency to discuss countermeasures.

And Misty Palace also seemed to be immersed again, without any movement.

The Holy Land of Misty Palace.

call!

Shangguan Xi'er was covered with blood and light, and with her breathing, terrible blood mist entered her body, and a trace of blood lingered on her face, like a demon. Beside her, seven people in black stood in a weird posture, and their bodies were filled with demon energy. These demon energy, pure and vigorous, gradually merged into the \*\*\*\* streamers, and finally entered Shangguan Xi'er's body, and her More overcast

The cold is terrible.

I don't know how long it took.

Hum!

Suddenly, Shangguan Xi'er opened her eyes, her eyes shot towards the endless void, where did a figure appear, out of thin air above the Holy Land of Misty Palace.

The man stepped forward and walked straight towards here.

"Huh? Who?"

In the dark place nearby, two black figures suddenly appeared. In a cold shout, they rushed towards the figure, rushing out of the black light, sweeping the universe, and the big hand came out, like the sky and the earth, the sky is about to split.

Endless black air lingers, these are the masters of two alien demons, and all their cultivation bases are in the realm of the late Emperor Wu, erupting a terrifying aura, suppressing everything.

"Humph!"

A cold snort sounded, and the figure sniffed coldly, as if a divine rainbow burst into his eyes, silently, a punch was blasted out.

boom!

Suddenly, the shadow of the boxing was overwhelming, and it was about to break the ground. The entire universe was cracked, and the universe was split into two pieces, turning into yin and yang.

If it weren't for the amazing prohibition and protection of the sacred place of Misty Palace, this blow would blast away the world and shatter the mountains.

"Kang Dang!"

The monstrous fist shadow and the endless black shadow collide, like the sun whizzing down, colliding together.

It instantly turned into an endless turbulence, and the void shattered in the burst of rainbow light, extremely dazzling!

At the same time, there was a muffled sound, and the two alien demons spewed black inflammation from their mouths and noses, their bodies retreated, and their faces were shocked.

The two were angry, booming, and black flames burst out, like the initial chaos of all things, and endless black light bloomed on their bodies, and they wanted to shoot again.

Whoosh whoosh!

At the same time, the abnormality here also awakened the strong man in the nearby Misty Palace, streamers rushing from a distance, quickly surrounding the people.

"who?"

"Who is going wild in my misty palace."

A group of people shouted angrily. They were the powerhouses of Misty Palace, each of them was Wudi powerhouse. They were so powerful that they came to the sky.

"what happened?"

Somewhere outside the Holy Land of Misty Palace.

A group of figures flew up, but it was a group of core disciples of Misty Palace, among them You Qianxue was also included, shockingly watching the collision above the holy ground, the terrifying aura that exuded made her heart palpitated.

"Are there strong men attacking the Holy Land of Misty Palace?"

She guessed, but she felt wrong again. In the Misty Palace, there are restrictions and formations everywhere. Even if the Master of the Device Palace, I am afraid that he can't come directly into the Holy Land silently. There is the forbidden place of Misty Palace, even if it is the powerhouse of Vice Palace Master. Before the order, it was

Can't enter at will.

Since Guyu Realm came out, You Qianxue has also become the core disciple of Misty Palace. Although she can't compare with the young palace masters like Murong Bingyun, she can also get in touch with some important things in Misty Palace, and she feels more and more misty. The palace is terrible.

Therefore, although she was full of hatred for Misty Palace, she did not reveal it, just waited quietly and watched quietly.

Because she knew that if she wanted revenge, she had to be patient and wait.

Now that there is a strong attack on Misty Palace, he is overjoyed, but his face is quiet, and he quietly approaches.

"Stop it all."

Seeing that a battle between the two sides was about to break out, Shangguan Xi'er suddenly let out a cold cry and stopped everyone.

The female emperor spoke, and no one would follow, everyone stopped in the air, watching the incoming person vigilantly.

"The Great Emperor Xuanyuan?"

In the dark night, the figure revealed its true face, which immediately evoked whispers.

The visitor turned out to be Emperor Xuanyuan of the Xuanyuan Empire.

"It turned out to be Emperor Xuanyuan." You Qianxue took a cold breath, and covered her mouth, revealing an incredible expression. In the first battle outside the Misty Palace headquarters, You Qianxue had never participated in it, but she had secretly heard comments from some people that there was some kind of cooperation between Emperor Xuanyuan and the Palace Lord. Originally You Qianxue didn't believe it, but now Emperor Xuanyuan is actually Alone

Coming to the Misty Palace, this made her feel surprised. Is it true that what those people say is true? There is some kind of cooperation between Emperor Xuanyuan and Shangguan Xier?

#### [Chapter 1642: our children](#)

Over the past three hundred years, the Xuanyuan Empire has been against the Misty Palace, and is the only top power that has been fighting against the Misty Palace. If even the Xuanyuan Empire has cooperated with the Misty Palace, it would be too terrifying.

And those two men in black also caused You Qianxue's eyes to shrink suddenly.

People of the alien race!

You Qianxue had a parasitic seed in her mind, and she was more sensitive to alien demons than some Wudi strong men, and she immediately felt that these two people were definitely alien demons.

But the people of the alien demon appeared openly in the Misty Palace, and it was the forbidden area of the Misty Palace. It can be seen that what happened in the ancient Yu realm was most likely arranged by Shangguan Xier.

Although she was secretly surprised in her heart, You Qianxue didn't make a difference. Instead, she quietly took out a recording crystal and began to record this scene in secret.

However, she did not dare to expose the record crystal, so she could only record the distant picture vaguely.

While she was recording, the many powerful men who were later alarmed, such as Miomi Palace, surrounded the Great Emperor Xuanyuan with murderous intent.

Shangguan Xi'er frowned and said to the crowd: "You all retreat."

"My Empress!"

Emperor Hualing Wu and others spoke up one after another. Some of them even said coldly: "My Lady Empress, this person is sneaky, came to the forbidden area of my Misty Palace in secret, and behaved extremely inappropriately. There must be a conspiracy in it, and the land of my Misty Palace is full of restrictions and formations. Law is always on, this

How did people enter the forbidden area of my Misty Palace? Please also see the Empress. "

Emperor Hualing Wu and others were afraid that the female emperor would put herself in danger in order to cooperate with the Xuanyuan Empire.

"Why, don't you listen to the words of the Lord of the Palace?" Shangguan Xier's face sank, and he scolded: "If you say anything, leave me."

The terrible breath suddenly filled out.

"Yes!"

Emperor Hualing Wu and the others turned pale. Although their faces were angry, they didn't dare to disobey Shangguan Xi'er's orders, so they could only leave in angrily.

"You guys, just let me go back to practice."

Emperor Hualing Wu and others came outside the holy ground, and when they saw You Qianxue and other disciples still stopping and watching, they suddenly shouted angrily.

Although You Qianxue wanted to keep watching, she was afraid of being caught out, and she fell down with the other disciples and returned to her house.

"Unfortunately, nothing was recorded."

You Qianxue felt the blurry picture in the recording crystal, and said with some chagrin.

"Qianxue."

Suddenly, a voice came from outside the door, which scared her to put away the record crystal, but it was another core disciple of Misty Palace, calling her to practice together.

"I am coming!"

You Qianxue cleared up her mood, her face became cold and she left with the other party.

Misty Palace in the forbidden ground.

"Shangguan Xier."

After Feng Shaoyu waited for everyone to leave, he fell directly in front of Shangguan Xi'er.

"Jie Jie Jie, Emperor Xuanyuan is really superb. He is indeed a hero. I will admire it." The seven people in black stood up one after another. The other black-clothed alien demons looked at him a little annoyed, especially the two alien demons who had been repelled by him.

It is even more eager to try, with a color of unhappiness.

Feng Shaoyu ignored these alien demons, but looked at Shangguan Xi'er and said coldly: "Xi'er, these people..."

He frowned slightly, and a faint dissatisfaction flashed in his eyes.

"Everyone, you guys retreat too?" Shangguan Xier said lightly.

"Jie Jie Jie, I would like to follow the orders of the Lord Palace Master. If necessary, you can find me and wait, Jie Jie, Jie Jie!"

The leader of the alien demons didn't have any dissatisfaction, and no longer looked at Feng Shaoyu, a group of people plunged into the darkness and disappeared.

"Xi'er!"

Feng Shaoyu came to Shangguan Xi'er in an instant, holding her face in both hands, angrily said: "How many times have I told you that these alien demons can use it, so why do you need to cultivate them? What about his magic?"

"Shaoyu, do you dislike me?" Shangguan Xi'er gently lay in Feng Shaoyu's arms, and Chu Chu said pitifully.

Feng Shaoyu's anger that was full of his stomach disappeared instantly, and said with affection, "How could I?"

He gently hugged Shangguan Xi'er and said: "Xi'er, you are the person who knows me best. From the first side of seeing you, you are the only one in my heart."

"I know." Shangguan Xier said: "Otherwise, I would not have killed Qin Chen and chose to be with you. You must know that everything I do now is for the sake of our future."

"In the future?" Feng Shaoyu said a little annoyed: "I thought that by killing Qin Chen, we would be able to be together, but who knows, we have still not been able to be together for these three hundred years. "Of course it is for our future. At the beginning, you and I were forced to separate and develop separately in order to be able to be together completely in the future. If you wait, it will be almost too soon. Together, these three hundred years

You have already waited, are you afraid to wait for a few more years?" Shangguan Xi'er left Feng Shaoyu's embrace, a bit resentful.

"I didn't mean that, Xi'er, you should understand my heart." Feng Shaoyu said anxiously. "I understand. Of course I understand. This is the reason why I have so many women in the Xuanyuan Empire in these years, but I have never said it, because I know that your heart is always with me and with our Bingyun. , The reason why I am different

The people of the Demon Race are also cooperating so that one day in the future, we can openly recognize our children and let her call me a mother and you a father. "

Feng Shaoyu sighed, "Well, if you insist on cooperating with those alien demons, I will support you, but these people are wolfish ambitions, I am afraid that cooperating with you is also uneasy and kind."

"I know that in this world, only you are sincere to me. I don't believe anyone else, but at the moment, I still have to use them. After all, only they can make us go further and be completely unfettered." Shangguan Xi The child said softly.

The two of them hugged each other like this and talked to each other. After a while, Feng Shaoyu suddenly frowned and said, "By the way, there is something I want to ask you, why did the people in your Misty Palace act on Feng Yulei? And behead all the people in my Xuanyuan Empire, if it were not a golden body. I escaped, people in my Xuanyuan Empire are afraid

Fear, the whole army will be destroyed. "

"Do something against Feng Yulei? This is impossible. I have never given such an order." Shangguan Xier shook his head. "But this is indeed the hand of a person from your Misty Palace, and there are aliens from the Demon race present. It was impossible to make a mistake when my Divine Sense clone descended." Feng Shaoyu said with anger.

#### [Chapter 1643: Inheritance of the Alien Race](#)

"There must be some misunderstanding in this." Shangguan Xier held Feng Shaoyu's face and said: "You know, although Feng Yulei is the son of those bitches, it is also your son. How could I move you? people."

"I believe in you, but I only believe in you. This is what I have seen with my own eyes. There is absolutely nothing wrong with it. My son, Feng Yu Lei, died in the hands of your Misty Palace and the alien demon." Feng Shaoyu said with cold eyes. .

"Perhaps just because I didn't tell my subordinates about the relationship between you and me, they killed Feng Yulei by mistake. This must be a misunderstanding." Shangguan Xier explained.

"It's definitely not a misunderstanding." Feng Shaoyu shook his head, his eyes became increasingly cold, and said coldly: "The Golden Martial Emperor of my Xuanyuan Empire who escaped from the ancient Yu realm told me that the other party was just taking it easy for Feng Yu Lei. Their true purpose is to deal with me, to deal with my Xuanyuan Empire, the goal is very clear, it is not a misunderstanding at all."

The Golden Body Martial Emperor had already informed him of everything that had happened in the Guyu Realm, and Feng Shaoyu felt that there was a problem.

The Golden Body Martial Emperor will never betray his Xuanyuan Empire. He has completely checked this point, and even with his cautious attitude, he has carried out a light soul search on the Golden Body Martial Emperor. The emperor did not deceive him.

In this way, it must be true that the people of the Misty Palace mentioned by the Golden Body Martial Emperor wanted to kill Feng Shaoyu.

How to prevent Feng Shaoyu from being vigilant.

Although the Xuanyuan Empire and Misty Palace have been opposed to each other over the past three hundred years, the two sides can be said to be extremely hostile, but because of his secret relationship with Shangguan Xi'er, in fact, there are not many large-scale conflicts between the two sides, at most there are minor disputes.

But now in the ancient Yu realm, the powerhouse and alien demons of Misty Palace have named Feng Shaoyu for him.

"Shaoyu, don't you believe me, don't you?" Shangguan Xi'er was a little frustrated and said irritably.

"Xi'er, I don't believe you, I don't believe in people of other races." Feng Shaoyu took her hand, looked at Shangguan Xi'er's eyes, and solemnly said: "Your heart, I was three hundred years ago. I already know it, but the group of aliens with wolf ambitions cooperated with your Misty Palace just to take advantage of you. Perhaps they knew that you were uncontrollable and tried to provoke our relationship. You have to guard against it."

"I have my own opinion on this matter, you don't have to take care of it." Shangguan Xi'er said coldly, also losing patience.

Feng Shaoyu looked ugly, and said, "Do you prefer to treat me this way for the sake of those alien races?"

"Shao Yu, I have already said that there must be a misunderstanding in this, why don't you believe it?" Shangguan Xi'er waved his sleeve forcefully, impatiently.

"I didn't believe it, I believe you definitely didn't know it, but that doesn't mean that it was not the hands and feet of those alien races. You can guarantee that you know exactly what they did?" Feng Shaoyu was also angry. , Why Shangguan Xi'er just doesn't believe in herself, are those alien races more worthy of trust than herself?

"Okay, don't talk about it." Shangguan Xi'er said irritably, seeing Feng Shaoyu's gloomy expression, and hurriedly holding him on his arms: "Then I promise you, can't you promise you? I will be careful. It will never be used by them, and you also know that our Tianwu Continent is by no means as simple as outsiders imagined. If you want to do that, you must rely on the hands of these alien demons. You also know from the beginning. Yes, it is strange that when Qin Chen's trash died, he brought all the things he brought out of the forbidden zone into Death Canyon, otherwise we would have to spend so much trouble."

Shangguan Xier's face showed a hideous look, "God's forbidden land is full of dangers. With your current strength, it is difficult to enter it, and like today, although we control many high-level forces, we want It is difficult and difficult to find a genius like Qin Chen back then who integrates all kinds of means from the world, so we can only figure it out slowly."

Hearing this, Feng Shaoyu's face was slightly relieved.

"Speaking of Qin Chen, I heard that during this trip to the ancient Yu realm, there seems to be a genius young man brought up from the Lower Four Realms in the Pill Pavilion. The name is also Qin Chen, showing that he is not weaker than my Wu realm. Tianjiao's talent." Feng Shaoyu said with a frown suddenly.

"I've also heard that Qin Chen's talent is extremely terrifying. Even Bingyun almost suffered from his loss when he was in the Guyu Realm. However, I heard that the person had died in the Guyu Realm and there were no bones. Stay." Shangguan Xi'er shook his head, her eyes cold.

Feng Shaoyu said with some palpitations: "Do you think that person would be..."

Shangguan Xi'er smiled: "Shaoyu, you think too much, then Qin Chen I also briefly investigated, it is just a pill genius selected from the lower four domains, and the reason why he is so talented is that Because when I was in the northern sky, I once got the inheritance of an alien race."

"Inheritance of the alien demon?" Feng Shaoyu asked in surprise.

Shangguan Xi'er nodded and said: "The inheritance is called the Ancient Nandu Inheritance. You also know that I have been cooperating with alien races over the years, so I have been investigating their affairs in those years. There is a secret realm in the northern sky region, that is, the alien demons. I have personally traveled to the key place for the attack on Tianwu Continent, and I have also found a sleeping alien powerhouse. These guys have been developing secretly across the mainland, but they have not become a climate. And the ancient Nandu inheritance is here. Near the secret realm of the alien demon."

"I also learned about this from the alien demons population. In the Northern Heaven Territory, there is a legacy of alien demons. It was a plan specifically implemented after the alien demons failed to attack the Tianwu Continent. The purpose of the powerful deployment of the alien demon race is to select a group of the heaven's proud children from the Tianwu mainland human race who can inherit their alien demon race's mantle, train them to grow, and then absorb them into their alien demons' subordinates. Through this method, secretly Control the entire continent."

"And Qin Chen, the ancient Nan inheritance that he once obtained, I guess it is the inheritance left by the alien demon race back then, so it can be explained, and it is inherited by the great power of the alien demon race back then. , No way to be weak, even an idiot, it is estimated that he can become a top talent in one fell swoop."

Feng Shaoyu frowned, and said in surprise: "I can understand what you said like this. No wonder the Golden Body Martial Emperor told me that Qin Chen's restrictions on alien demons seem to have some understanding. When he was in the world, he almost broke the ban on the alien demon race. If he really got the inheritance of the alien demon race, it would be possible to explain this. Is this what the alien demon race told you?"

#### [Chapter 1644: Ask for justice](#)

Shangguan Xi'er sneered: "I discovered in secret that those alien demons didn't tell me, maybe they thought I didn't know it at all, so Qin Chen should just have the same name."

"If this is the case, then we have to investigate some people who were also inherited at that time." Feng Shaoyu frowned.

"I know this naturally, but in the past few years, the so-called Gunan has been inherited. I don't know how many times it has been opened. Every time someone has gained something. What is certain at present is that Qin Chen must have inherited the alien demon race. But there are countless In the past

few years, it's hard to say whether there are other warriors who have also received the inheritance of the alien demon race. What's more, this inheritance is just one of them in the Northern Tianyu Ancient South. It may not be available in other places. It really needs to be investigated. Simple things."

Shangguan Xi'er shook his head: "If it's normal, I might still have the energy to investigate, but for now, let's think of a way to get past the present. Now we have only temporarily stopped the major forces. If we really let them The forces join forces, and with your and my strength, I am afraid that they will not be able to fight against the entire martial arts. After all, the forces such as the bloodline holy land have a deep foundation and are not easy to match."

"This is easy to handle, as long as we kill the chickens first, and then let us stir up secretly among people from other forces, plus I cooperate with you, this alliance will naturally break itself." Feng Shaoyu sneered and said in a deep voice. : "As for that Qin Chen..."

He still missed Qin Chen in the ancient Yu world.

For some reason, whenever he said this name, it always gave him a frightening feeling.

"Okay, okay." Shangguan Xier glanced at him speechlessly: "I have sent someone to do this. As long as I find anyone who has a relationship with Qin Chen, I will handle it."

"That's good." Feng Shaoyu laughed.

The two sides talked for a while before they separated from each other.

call!

Feng Shaoyu took a step forward and suddenly disappeared into the forbidden area of Misty Palace, and appeared outside the Misty Palace headquarters in the blink of an eye.

Looking at the Misty Palace behind, Feng Shaoyu's originally gentle eyes suddenly became cold and vicious, and muttered: "The death of Feng Yulei really has nothing to do with Xi'er?"

He clenched his fists, and terrible power gathered on him.

"Xi'er, I hope that what you said is true, you and I have been in love for so many years, I don't hope that in the end, we will turn against each other."

The whispering sound fell, Feng Shaoyu stepped into the void and disappeared.

The Holy Land of Misty Palace.

Not long after Feng Shaoyu left.

call!

An invisible black gas condensed behind Shangguan Xi'er and turned into a man in black.

"Jie Jie Jie, Lord Palace, that Emperor Xuanyuan is gone?" The dark voice sounded, and the man in black said with a grin.

"What are you doing?" Shangguan Xi'er frowned.

"How do I feel that Emperor Xuanyuan doesn't seem to believe you anymore?" The man in black quacked with a laugh.

"Does this... have anything to do with you?" Shangguan Xi'er turned around, with divine light in her eyes: "You can do your thing well, or is it true that the death of wind, rain and thunder in Guyu Realm is related to you?"

"Palace Master, don't get angry." Facing Shangguan Xi'er's terrifying murderous aura, the man in black didn't care, but sneered: "We are not going to do this kind of indiscriminate things, but I have already said to the Lord of the Palace that you human men are simply unreliable. If you want to fulfill your wish, you should climb up on anyone's shoulders, even the man you used to be."

"you wanna die!"

Shangguan Xi'er yelled, slapped out a palm, banged out, the stars were shining, like the sky shattered, the void in front suddenly burst, and the man in black burst to pieces under this palm, turning into endless black mist. Ascend in the void.

"Jie Jie Jie, why the Lord Palace Master is so irritable? Since you don't want to listen, I don't want to talk about it, but I think the Lord Palace Master himself has felt it. In front of the main road, the so-called feelings are just water in the mirror. Moon, it's just a fantasy!"

"To shut up!"

Shangguan Xi'er frowned.

"Jie Jie Jie, I'm leaving this seat, Master Palace, you have to want to open it yourself, Jie Jie!"

Amidst the strange laughter, the endless black anger quickly dissipated, as if it had never appeared before.

Shangguan Xier stood there quietly, her eyes uncertain and she didn't know what she was thinking.

A seed is already germinating quietly because of the Guyu Realm.

In the next few days, there was silence in the Martial Domain, and the major forces in the Martial Domain gathered quickly and exchanged information with each other.

This time, they were more solemn than before, and no force dared to slack in the slightest.

All major forces are discussing whether to attack or retreat next.

It's just that this matter is too important. If you want to completely attack the Misty Palace, you must not act separately from each other as at the beginning, but must unite. This is also related to the issue of who will be in charge of the army, which naturally causes controversy.

And when the major forces have not yet discussed a result.

The Misty Palace, which had been silent from the beginning, finally made a sound.

"My Misty Palace is also a victim of the matter of the ancient Yu world. The so-called alien demons are simply nonsense, but someone planted and blamed my Misty Palace. If the major forces do not

immediately stop the violation of the Misty Palace, I The Misty Palace will definitely make a strong move, even if it fights to destroy it, it will also ask for justice for itself and cut off the leading power."

As soon as this statement came out, the whole Wuyu was in an uproar.

No one expected that the Misty Palace, who had never spoken, spoke for the first time, chanting that he had been wronged, but was defending from the perspective of a victim.

"This is what the warriors who survived from the Pill Pavilion, Device Hall, Bloodline Holy Land, Illusory Demon Sect, and Xuanyuan Empire jointly said, what qualifications does your Misty Palace have for sophistry?"

Many people were angry. The Misty Palace colluded with different demons and caused the powerful forces to fall to the ancient Yu world. It was the consensus of the major forces, and Misty Palace had the face to defend.

"The so-called common saying, who knows the true and false? Only one person from Illusory Demon Sect, Device Hall, and Xuanyuan Empire survived. If someone buys it, it may not be possible to give false evidence. It is the Holy Land of Bloodline and Pill Pavilion. Almost all people from other forces have fallen. , Only these two old-brand top forces have many people alive, not much more than my Misty Palace. Maybe the matter in the ancient Yu realm is the joint work of these two forces, it's still unknown." Misty Miao The palace clamored.

This statement caused an uproar.

Many people were speechless and felt that Misty Palace was too shameless, and it was too much to pass the matter onto the Dan Pavilion and the Holy Land of Bloodline.

Dan Ge immediately had a strong speaker, accusing Misty Palace of nonsense and confusion.

In the Holy Land of Blood, there are strong people who say that the Holy Land of Blood will never participate in this kind of conspiracy.

#### [Chapter 1645: Ancient Fangjiao collapsed](#)

"You will naturally say that you are innocent, but my Misty Palace is just as innocent. The Vice-Hallmaster of the Temple of Talisman abandoned the dark and cast Ming. This is an example, because he knows the truth and that his son, Master Konoha, was not killed by my Misty Palace. "The Misty Palace said again.

At the same time, Mu Xun, the deputy head of the Qidian, appeared and said: "My son's death has nothing to do with Misty Palace, but was set up in secret and blamed Misty Palace. Please don't be blinded by evil people. ."

As soon as Mu Xun appeared, he provoked the anger of the Xuanyuan Empire and the ancient Fangjiao, and they accused him of treachery and reversal, killing the ancient Fang's leader, and seriously wounding the great Emperor Xuanyuan, full of nonsense.

In fact, in this battle, the ancient Fangjiao suffered the most. Even the leader of the religion has fallen. The entire gate has been closed, leaving only a few strong teachers of the middle and seniors who are presiding over the overall situation, which is very desolate.

"Don't believe in the words of Misty Palace. If the alien demons are able to take away others, then the deputy head of Muxun must have been taken away." A strong man who participated in the experience of the ancient Yu world spoke, and may name the deputy head of Muxun. Has been taken away.

As soon as this statement came out, it caused an uproar. Many people were terrified. It would be too terrifying if the foreign demon race even Mu Xun Vice Palace Master could seize the house in the later stage Wudi.

"It's ridiculous, Mu Xun Deputy Hallmaster is the Deputy Hallmaster of the Hall of Tangtang. If he is taken away from him, would it be possible that no one knows the many powerful people in the Hall of Art? , Who would dare to say that Vice-Hall Master Mu Xun was taken away?"

Misty Palace is even stronger, sneered again and again.

This has made many people ponder and feel weird.

Indeed, even if the alien demons can seize the warriors of the Tianwu Continent, in the palace, the strong is like a cloud. Whether a top-level strong is seized, there will always be some clues, how can it be seen? come out?

What's more, the other party is still a master refiner, and it is easier for others to see the clues.

But if Vice-Hall Master Mu Xun had not been seized, why at the critical moment of the conquest, he wanted to kill Sikonggu against the water and seriously injured Emperor Xuanyuan?

This is a paradox.

There must be something strange in this.

"Hmph, you keep saying that Vice-Hall Master Mu Xun has not been seized, then you dare to let Vice-Hall Master Mu Xun come to confront you." The old man who had been taught by the ancient prescription coldly sneered, angrily.

"Your ancient teachings attacked my Misty Palace without asking the green, red and indiscriminate. Now, you still dare to yell at me. Are you really bullying me in the Misty Palace? As for let Muxun Vice-Palace Master come out to confront you, you might think about what he did before. It's a public revenge. The ancient Fangjiao listened to unclear and deceived others. My Misty Palace is in charge of the Hall of Law Enforcement. How can these forces continue to survive in the world? They will be destroyed soon."

This statement made a sensation in the military domain.

Under this circumstance, Misty Palace dared to be so arrogant. What kind of trump card does it have?

The major forces shook wildly, but became more vigilant and did not dare to act rashly.

"It's too arrogant, you guys, look at the Misty Palace in the ancient Yu realm. It is so arrogant, how can you keep them safe? Please join hands to punish them severely and remove them from the martial arts."  
."

In ancient Fangjiao, there were strong people who roared and smoked.

"Gu Fangjiao, you are looking for death. You jumped out over and over again. Today, my Misty Palace will be destroyed."

The voice of Misty Palace fell, and an invisible depressive atmosphere suddenly appeared in the ancient Fangjiao ancestral land that day.

Then, a big hand with white light in the sky came in, terrifying, and suddenly slapped towards the ancestral land of ancient Fangjiao, too domineering.

"Mission Palace, you are so bold!"

The strong in the ancient teachings were shocked and frustrated. I didn't expect the Misty Palace to come out. He reacted immediately. All the elders who had been retired in the teaching were revived and burned their lives. With a thud, countless glittering palms soared into the sky. Block that terrifying hand back.

boom!

However, in the next instant, a \*\*\*\* hand appeared on Tianyu, squeezed into a fist, and slammed it down again, with a strong will!

In the ancestral land of the ancient Fangjiao, an ancient mirror soars into the sky, blasting a mighty light. It is the treasure of the ancient Fangjiao. Sitting in the ancestral land, it blooms with terrible light and slashes towards the black big hand on the sky. The text exploded, and the world roared.

"Do you really think I am good at bullying? Since I have come, I have to die."

The old voice roared again, madly, burning life potential.

This is horrible and shocking the outside world. People don't know what level of collision it is.

Moreover, people shook violently, thinking that the ancient Fangjiao leader Sikonggu had fallen, and that the ancient Fangjiao was no longer a concern, but they did not expect that there would be such a strong man in his ancestral land. The background of the mainland's top power cannot be underestimated. , Any power is strong and boundless, except for the power on the surface, no one knows how terrible the inside is.

This time Misty Palace is bound to suffer a lot.

"It's ridiculous, just relying on you old trash? My Misty Palace is attacked today, and your ancient teachings will be destroyed."

A cold voice sounded, the void shook wildly, the world separated, and a misty figure came out from it, as if to tear the past, the present, and the future.

In the sky, a figure of a peerless Allure appeared, the Misty Palace Master, standing proudly in the sky, like a mortal fairy, emitting a terrifying light, covering the scorching sun in the sky, and becoming a round of herself Big day.

boom!

Her eyes were cold, one hand stretched out, and she patted down, like the sky broke!

boom!

It is impossible to describe how terrible this blow was. Numerous terrible palm prints collided in the void, with the radiant light of true treasure, bursting with hot light above the ancient teaching ancestor land, like a scorching sun burst directly, and the terrible power went crazy downwards. pouring.

boom!

Ancient Fangjiao's ancestral formation is fully opened, blocking its attack.

However, the ancient Fangjiao's mountain gate still exploded and was razed to the ground.

"It's ridiculously ridiculous that I have lived so long, yet so weak."

Shangguan Xi'er sneered, tearing apart the formation, and rushing into the ancient teaching ancestors. Behind her, there were several figures whizzing down, each strong and terrifying, not weaker than the top martial emperor.

"Oh my God, why are there so many strong people in Misty Palace?"

The outside world was shocked. These people are clearly at the level of the late Emperor Wu. They are by no means comparable to those of the deputy palace masters outside the Misty Palace, because even if the Emperor Hualing Wu has a cultivation base, he is no more than the peak Emperor Wu in the mid-term. It is comparable to these figures. , But there is still a certain gap.

However, they quickly woke up again. This is not surprising. Many of the Wudi strong can live for hundreds of years, but some people are in retreat. They have never come out to prevent their own lives from passing away. Even the ancient Fangjiao secretly returned There is such a force, not to mention the misty palace that rules the world.

Under the leadership of Shangguan Xi'er, these powerful men pushed the ancient Fangjiao horizontally.

The battle was short and hurried, but too intense.

There is blood in the sky, and the screams are endless.

"Shangguan Xi'er, you must not die!"

An old man roared, his whole body burst and turned into a blood mist, the blazing explosion swept thousands of miles, and it was white.

The entire battle lasted only half an hour.

In the end, the ancient Fangjiao was silent and returned to nothingness, leaving only a piece of ruins and rubble.

Ancient Fangjiao, destroyed!

[Chapter 1646: Secretly agitate](#)

This battle was so amazing. It was a collision between top forces and shocked the entire martial arts domain.

The performance of the ancient Fangjiao is not surprising, not dazzling, but the result?

Under the strength of the Misty Palace, only half an hour, all the elders in the teachings fell, the treasures of the townsmanship burst, the fire burned the sky and burned for three days and three nights.

And the entire ancient Fangjiao was razed to the ground and turned into ruins, a dead silence.

A strong person stopped and looked far, and saw that the ancient Fangjiao was shrouded in death and became a forbidden place for the dead. None of the tens of thousands of disciples survived, not even a trace of remnant souls.

"Did you see, this is the fate of offending our Misty Palace."

A strong person appeared in the Misty Palace, speaking to the world, sneered and arrogant.

This shocked and silenced the major forces.

"The Misty Palace is too deep. I have been in charge of the Martial Domain for two hundred years, and using the Law Enforcement Hall, I don't know how many masters have been captured in the world, and how many strong people have been trained!" Someone sighed.

"It was our carelessness. Back then, we shouldn't give in and let Misty Palace take charge of the Hall of Law Enforcement, and some of the strong men who destroyed the ancient Fangjiao came from the core of the Hall of Law Enforcement."

"What's the use of saying these now, what is important is what should we do next?"

This incident made all parties outside awe-inspiring, and the strength of Misty Palace was shocking.

"Even if the Miaomiao Palace and the Hall of Law Enforcement are stronger, are we afraid that they won't succeed if we have so many forces together? I'm sure that as long as our major forces join forces, the strong will come out in large numbers and destroy the Miaomiao Palace."

Someone spoke secretly, agitating to shoot.

"That's right, the Misty Palace is so arrogant, should I let them continue to dominate? Only the ancient Fangjiao was destroyed before, and the ancient Fangjiao today is our tomorrow."

Another person said, very passionate, threatening to conquer the Misty Palace and return the martial arts to a bright universe. They can't let them go wild, otherwise the other forces will be unlucky next.

However, these fighting forces have protected themselves very well, but they have spread words in the air without revealing their true meaning. They are obviously worried about being targeted.

It's useless.

As soon as the two spoke, there was a strong sneer in the Misty Palace, "The Long Family and the Death Demon Cult, the two are also one of the top forces in the martial arts anyway, don't you dare to say it? Sneaky, sneaky, like a thief, Dare to say anything more, my Misty Palace will attack you next."

Misty Palace directly named the speaker, very overbearing, and didn't give any face. Obviously, he recognized that the speaker came from the Long Family and the Death Demon Sect.

When the Long Family heard the words, his face turned pale with fright, and he was surprised.

Their Long Family suffered heavy losses, and naturally they were extremely dissatisfied with Misty Palace. They tried to fish in troubled waters and took advantage of the fisherman behind. Whoever thought it was only a moment before Misty Palace found them. It was really terrifying.

The same is true of the Death Demon Cult, very furious, I don't know who leaked the news, and the Misty Palace leaked the news for the first time. This... really incredible.

The two powers were silent for an instant, and they didn't even dare to breathe.

They have also seen the fate of the ancient Fangjiao. One of the huge powers will be wiped out. Although their two powers are strong, they will face the Misty Palace alone.

So the two forces were very nervous and hurriedly shut up.

The Misty Palace was too strong, and it directly destroyed the ancient Fangjiao, which indeed shocked many people.

"what should I do now?"

The major forces were secretly anxious, communicating with each other, because they did not dare to come forward, for fear of being caught by Misty Palace.

For a time, everyone's eyes were focused on the top powers, such as the Xuanyuan Empire and the Holy Land of Blood.

Only when these forces take the lead can they relieve some of their worries.

But at this time, there was a dispute within the Holy Land of Blood. Some people agreed to attack the Misty Palace, while others believed that dealing with the Misty Palace would be thankless and damage the foundation of the Holy Land of Blood.

"This time I have not lost many disciples in the Holy Land of Blood, not even much less than the Misty Palace. Why bother to wade into this muddy water and fight hard with Misty Palace to be the first bird?"

The one who spoke was a vice president of the Bloodline Holy Land, with amazing power in his hand. He was one of the two or three people in the Bloodline Holy Land now second to none. He opened his mouth and naturally attracted the attention of everyone in the Bloodline Holy Land.

"Vice President Luo said that, do you want us to concede defeat to Misty Palace? The Misty Palace colluded with other races, and almost caused all my disciples of the Holy Land of Bloodline to fall among them. Even if my disciples of Holy Land of Bloodline escaped by chance, it is difficult to conceal the Misty Palace. The evil deeds of my bloodline, as the top force in the Martial Domain, how can the Misty Palace continue to be harmed?"

The other vice-chairman spoke, sternly scolded, very dissatisfied.

"It's ridiculous, the Misty Palace colluded with foreign races, do you have any evidence? So far, in the face of many forces taking action, have you ever seen the slightest shadow of foreign races in the Misty Palace?" Vice President Luo sneered.

His authority in the Holy Land of Bloodlines is overwhelming, so speaking like this naturally attracted many people to respond.

"Indeed, so far, the so-called alien shadow has not appeared in the Misty Palace at all, which is a bit strange."

"Maybe, this is just a misunderstanding."

Many people spoke, they were all elders in the Holy Land of Bloodlines, and they were dissatisfied with their status.

"Vice President Luo, the elders, the Misty Palace colluded with foreign races, but I have seen it with my own eyes, how can there be any illusions? Please also Vice President Luo Mingjian." Yue Chaolun couldn't help but stepped forward and said.

"Presumptuous, Yue Chaolun, you have just been promoted to the core elder of the Holy Land. The adults are discussing, there is no place for you to interrupt."

Some elders yelled, dissatisfied.

Yue Chaolun was also angry, and his eyes were cold and said: "Yuemou is the person involved in the affairs of the ancient Yu world. Yuemou can't interrupt, can you interrupt? Although many people survived this trip to my bloodline holy land, But a lot of people have fallen, half of them, these people are all celestial arrogances carefully cultivated by my bloodline holy land, are they just dead in vain?"

"you....."

The man who had been scolded was furious, and suddenly stood up, his chest rising and falling, murderous intent filled.

Before Yue Chaolun entered the ancient Yu realm, he was just an ordinary elder, and he was always respectful when he saw him.

But it's better now, because he broke through Emperor Wu in the ancient Yu realm, and coupled with some background, he just dared to be presumptuous in front of him when he was appointed as the core elder. How could he be able to bear it?

"Okay, all sit down for me." Vice President Luo glanced at the two of them lightly, and his voice was thick. Although not loud, it contained endless majesty.

"Huh." The core elder immediately sat down, but he was angry.

Yue Chaolun could only sit down unwillingly. Vice President Luo spoke, he could only listen.

"Yue Chaolun, although you are a personal experience, the so-called seeing may not be true. What happened afterwards, you never saw. If, as you said, the incident was caused by the Misty Palace

colluding with foreign races, then why Misty The Hongyan Emperor Wu of the palace and the so-called foreign powerhouse were finally trapped in the ancient Yu realm. Neither of them survived?"

#### [Chapter 1647: Retreat one after another](#)

"This..." Yue Chaolun was dumb. Later, the mysterious continent exploded. I am afraid that Emperor Wu might not be able to survive in the later stage. Obviously, in the end, the Misty Palace and the alien demons all fell on the mysterious continent. Chaolun is quite

For doubts.

"Regardless of whether they survived or not, the Misty Palace colluded with alien demons, but I saw it with my own eyes, father, daughter is willing to guarantee her life in this matter, there can be no mistake." Jia Yiyi also stood up angrily. Gritted his teeth.

In order to save them, Qin Chen willingly sacrificed himself in the Guyu Realm. Jia Yiyi always thought of her heart grief, shouldn't she let the beasts continue to do evil?

She looked at a burly man in the front, wearing a blue-gray robe with extraordinary temperament. He was Jia Yiyi's father and one of the vice-chairmen of the Holy Land of Blood, a strong man in the Holy Land of Blood.

Jia Yiyi rarely asks her father for help, but this time, she really couldn't help it. "Yiyi, you are still young. You can only see the surface and not the essence of many things." The burly man sighed and shook his head slightly. "The old man also feels that it is not appropriate to continue attacking Misty Palace. He has to talk about losses. The power is far greater than our blood holy land

Big, but hiding behind one by one, why? Don't you want us to be the first bird in the Holy Land of Blood? Find the way for them? Now that our sanctuary of blood is declining, the old lady personally feels that it is better to be more cautious. "

"Father, you..."

Jia Yiyi looked at her father in disbelief, she almost fell in the ancient Yu world, but her father actually said such words, for a moment, the corners of her eyes were wet, and her heart was filled with disbelief and anger.

If it was my sister who almost fell, would my father still say that?

She gritted her teeth and her body was trembling. Yes, her father had never waited to see herself since she was a child, but Jia Yiyi couldn't believe that her father didn't support her at this time.

"Yi Yi, you are still young, and you don't know how to work hard for your father. As the vice president of the Holy Land of Blood, your father cannot take the future of the Holy Land of Blood to risk the future. I hope you don't hate your father." Sighed.

After the two vice-chairmen expressed their opinions, they opposed the vice-chairman before, but in the end they were unable to recover.

"I know to retreat. If it weren't for you to retreat, how could the Law Enforcement Palace fall into the hands of a force in the Misty Palace? Sooner or later, my blood sanctuary would be destroyed by you."

The pair would sigh helplessly and leave in anger.

Since the mysterious disappearance of President Fu Qiankun, there is no leader in the bloodline holy land, and everyone is fighting for power. In these years, how can the bloodline holy land have the prestige of the number one power in the mainland?

So when the outside forces are all looking forward to it.

The Holy Land of Blood was the first to give up the conquest of Misty Palace.

"At present, there is no evidence of collusion between Misty Palace and foreign races. Therefore, my blood sanctuary temporarily lifted the conquest of Misty Palace. After finding evidence, we found that Misty Palace did collude with foreign races. Then we carried out crusades and severely punished them."

This news came out.

All the major forces were shocked.

what happened? The Holy Land of Bloodline actually shrinks directly? Although the Holy Land of Blood has been surpassed by the Misty Palace in recent years, it has lost the demeanor of the first power in the past, but in the martial arts, it is still in the top ranks, but now it has directly retreated. How can other forces not be shocked? No

name.

Even the Holy Land of Bloodline retreats, what about them?

Just when the outside is noisy. A scene that shocked them even more happened. The Xuanyuan Empire also announced: "Due to various reasons, the conquest of Misty Palace will be temporarily stopped, but this does not mean that the Xuanyuan Empire has let it go. The Xuanyuan Empire will never let any empire become stronger. By

It's in vain, no report at this time, but the time has not come. "

puff!

The major forces almost vomited blood.

Your Xuanyuan Empire was the first marcher in this conquest, so it also flinched?

It's just that the time has not come, the time has not come, your sister, so many powerful Xuanyuan Empire fell to the foot of Misty Palace, haven't you seen it?

When will this wait? Wait until the ashes of such a strong person are cold!

When everyone was unacceptable and panicked, Qidian made an even more contemptible behavior, retreating silently and shrank.

This is natural. Since Mu Xun's deputy hall master became a traitor, Qidian has long been scolded with \*\*\*\* heads, and the entire army of the advance team has been destroyed. There is no one left. He is not attacking, nor is he not attacking. Outsiders are not people.

These days, huge controversies have also taken place within the Qidian. In the end, it was unanimously decided to retreat quietly and wait until the matter was investigated clearly before making a decision.

Mu Xun's betrayal of the deputy hall master has brought extremely huge trouble to the device hall.

The successive retreats of the major forces made other forces panic.

I don't know when it started, the major forces have also quietly retreated, each returning to their own territory.

Even the eldest brother who took the lead ran away, so what are their little brothers doing? Did you die in the past?

This collection of the Misty Palace suddenly became a joke in the Martial Domain, causing sighs and ridicule from countless people.

"These guys..."

In the Dan Pavilion, Situ Zhen and Ouyang Nana were also angry, but to no avail.

Nowadays, the hearts of the people have collapsed, and the major forces have wisely protected themselves and retreated. Even if they are angry, they cannot risk the future of Dan Pavilion. What's more, even if they are willing, Dan Pavilion's high-level officials will not agree.

With a sigh, he withdrew from the team.

A farce started so vigorously and ended silently, stunned and dazzled.

Wu Yu returned to the initial tranquility, as if nothing had happened. But everyone knows that it is impossible for the major forces to really do nothing without happening. After this battle, with the collapse of the ancient Fangjiao as a guide, the pattern in the martial arts domain has changed. This subtle change is profound. Permeates every

It's just that everyone pretends not to know.

Phantom Demon Sect.

Phantom Abyss Grotto!

A beautiful girl in black sits in the depths of the grotto, where the cold breath is everywhere, and the blood is surging like hell.

An invisible blood-black breath continued to pour into the girl's body. Her white and holy face was filled with pain and bloodshot eyes, giving people a strong visual conflict.

This is the soul-eaten power of ten thousand demons, eroding people's bodies and souls all the time, just like the most tragic torture, painful enough to drive a determined brawny man crazy.

But at this moment, the girl didn't realize it, just staring blankly at the news coming back from the front in her hand.

"Why is this?" Two lines of clear tears slipped down from the corners of her eyes, and the girl's eyes were full of disbelief.

## [Chapter 1648: Sentiment avenue](#)

What Chen Sisi held in his hand was exactly the battle report from Wuyu these days, in which the news about the major forces' conquest of Misty Palace, the words were so dazzling, like blood.

The coalition forces of the major forces have retreated directly?

There was not even an effective battle, this conquest, on the contrary, added the reputation of the Misty Palace, such as the arrival of Yasha, no one is afraid, and the allied forces of the major forces have become a joke.

This made Chen Sisi couldn't believe it, she felt cold all over, and her scalp became numb.

"Now you know why this sect didn't promise you to attack Misty Palace, right?"

An icy voice sounded, and a black figure appeared in the grotto at some point, looking at Chen Sisi coldly, countless resentment and blood lingering around her, but because of fear, he dared not approach her for a while.

It is the master of phantom magic.

At this moment, she shot a mocking smile in her eyes. Although her face was covered by a light gauze, she could not conceal the sense of mockery. She didn't know whether she was mocking Chen Sisi or mocking the major forces that he had done.

"Why?" Chen Sisi looked up, her eyes confused.

"Because of the current martial arts, almost one-third of them are secretly controlled by Misty Palace." The Illusory Demon Sect Master said coldly, unable to tell what it meant.

"One third is controlled by Misty Palace, how is this possible?" Chen Sisi was shocked.

"What's impossible, so, you want to destroy the Misty Palace and avenge your sweetheart. With this strength alone, it's still far from it." Sect Master Illusory Devil sneered.

"If one-third of the Martial Domain is controlled by Misty Palace, why hasn't anyone heard it before, and things that the major forces don't know about, how could you, Sect Master..." Chen Sisi suddenly raised his head and looked at the Sect Master of Illusion Demon in doubt. .

"Why would I know?" The Illusory Demon Sect Master smiled, but his smile was very cold, which made people almost frozen into ice: "Because in the world, if you ask who knows Shangguan Xier best, this sect can definitely rank in the top three. Therefore, a lot of things have happened in the Martial Domain over the years, which seem to have nothing to do with Misty Palace, but Benzong knows that many of them are actually Shangguan Xier's handwriting."

"For example, the disappearance of Fu Qiankun, the president of the Bloodline Holy Land back then, should have been made by Shangguan Xi'er. This can easily explain why the Bloodline Holy Land Association retreated for the first time."

Chen Sisi was completely shocked. The disappearance of the president of the Holy Land of Blood two hundred years ago was actually related to Shangguan Xier? This.....

Shocking news!

"But two hundred years ago, the Holy Land of Blood was still the number one power in the mainland, and President Fu Qiankun was so powerful that it was rumored to have overwhelmed the world. How could the Misty Palace make President Fu Qiankun disappear?" Chen Sisi was incredulous, his heart beating wildly. Sweat palms.

"Only the Shangguan Xi'er at the time could not do it, but if the internal response of the alien demon race and the bloodline holy land is added, it may not be impossible."

"Sovereign Lord, do you also think that Misty Palace is in collusion with the alien demon?" Chen Sisi stood up suddenly, staring at the Illusory Demon Sovereign.

The Phantom Sect Master sneered: "It's not in my opinion, but the fact that this is the case. Therefore, this sect has not joined this farce. The Misty Palace is still too lazy to target this sect. The good days of the sect are coming to an end. This is also the reason why this sect prevented you. Keeping a low profile is what we are going to do now."

Two sharp cold lights burst out from her eyes, as if to tear the void.

"Well, I have said so much to you, and I hope you can stay here for a good retreat. You can stick to it until now, and still maintain such a clear mind. As expected, this sect did not mistake you."

With a wave of the Phantom Sect Master's hand, a storage ring had appeared in front of Chen Sisi.

"Here are the resources you need for cultivation. What you need to do now is to break through the realm of Emperor Wu as soon as possible. Believe me, this Illusory Demon Abyss Grotto will be your blessed place."

Having said this, Sect Master Phantom Demon swiftly turned and left.

"By the way, you must not tell anyone what this sect said to you earlier, including people from my Illusion Demon Sect. Remember, otherwise, you may be in danger of life."

A faint voice fell, and the Sect Master of Illusory Demon had completely disappeared in the gloomy grotto.

"What does Sect Master mean by these words? Could it be that our Phantom Demon Sect also has the eyeliner of the Misty Palace?" Chen Sisi took a breath. If this is the case, wouldn't all of her actions be under the supervision of Misty Palace?

Moreover, she always felt that the lord of the suzerain seemed to look at Shangguan Xier, and the relationship was extraordinary.

After the master of the magic demon left, the black magic energy in the grotto seemed to have completely freed from the restraints, and the magic energy that dragged its long tail crazily flooded into Chen Sisi's body, constantly shuttled through her body.

"what!"

Chen Sisi let out a painful cry, her face distorted, her body convulsed, and her soul was almost torn apart by these devilish energy, but she clenched her teeth, her eyes were red, resisting the invasion of these devilish energy a little bit, and at the same time, her mental power penetrated into the storage ring. Among.

The next moment, her eyes widened, and the treasures in this storage ring were shocked, even if she had once traversed the ancient Yu world.

Then, her eyes suddenly became firm.

"Qin Chen, don't worry, I will accompany you when I get revenge for you. Before that, I can't die, and no one can let me die!"

Chen Sisi roared silently in her heart, with a hideous face.

At the time of peace in Wuyu.

Qin Chen in the ancient Yu realm felt crazy about the power of space in the turbulence of space.

More than half a month has passed since his first operation of the space formula.

For more than half a month, he practiced in the turbulent flow of this space every day. Once he couldn't bear it, he would enter the universe to make a jade disc to heal his injuries, and then he would come to the outside world to practice.

After repeated hard work, Qin Chen's skin was torn apart how many times, and on a few occasions, he almost died, but he still persisted.

Now that half a month has passed, his physical strength has been significantly improved compared to the original one, and he felt the difference when he was running the space Eucharist. Once the body is traumatized, the power of the surrounding space will automatically begin to repair. His body, combined with the Immortal Eucharist, made his body stronger with repeated injuries.

Within half a month, Qin Chen's perception of the rules of space became more and more profound, and there was an illusion about to see thoroughly, a looming inspiration that kept lingering in his mind.

Qin Chen hurriedly closed his eyes, and gradually, he was completely silent.

If someone was looking at Qin Chen outside at this moment, they would find that Qin Chen's body seemed to melt into the void, blending with the avenue.

#### [Chapter 1649: Scarlet Monster](#)

This situation occurred when Qin Chen first refined the universe to make jade discs, but that time, Qin Chen was in an unconscious state, and his whole person was almost assimilated by the Great Dao of Space.

But this time, he was able to maintain his true self in the avenue of space. Although he merged into the avenue, he still retained the true self and became an independent individual.

To the naked eye, Qin Chen's body was full of brilliant glow, a kind of inexplicable spatial rule, lingering around him, flashing the runes of the avenue.

I don't know how long it took.

Boom!

In this endless space, it seemed that there was a faint thunder, which suddenly awakened Qin Chen.

what happened?

Qin Chen was detached from the feeling of merging into the Dao in an instant. Only then did he realize that he had actually been outside the Universe Good Fortune Jade Plate for more than half a month.

As for his body, an astonishing atmosphere of space flowed, and the collapse and turbulence of the surrounding space made him feel extremely cordial.

He couldn't help stretching out his hand.

Hum!

The collapse of the space was attracted by him in an instant, and the turbulent flow of space flashed out between his palms, giving him an extremely magical feeling.

"This....."

Qin Chen was sluggish, how could he still play like this when the space collapsed?

Although another month has passed, the power of the space collapse has obviously weakened a lot, but the power of such a terrifying space collapse is by no means that the ordinary nine-day martial emperor can contact. If it is outside, the ordinary nine-day martial emperor will inevitably be torn apart in an instant. .

But now...

The power of this space collapse is like a toy in his hands. If the Emperor Wu from the outside sees it, his eyes will almost stare out in shock.

How can there be such a pervert in this world, playing with the collapse of space like a toy?

Qin Chen tried for a while, and he realized that the collapse of the space here could no longer cause him the slightest harm. He himself was extremely shocked and didn't understand what had happened?

Do you have mastered the rules of space?

But if you have mastered the rules of space, why didn't you have the feeling of breaking through to Emperor Wu Tian.

No, it's not that he didn't have the feeling of breaking through the nine days of Wudi. Qin Chen clearly felt that the true essence in his body had become stronger, as if it had been transformed, but the state of his body was indeed halfway. Between Emperor Bu Wu and Emperor Wu Tian.

Qin Chen can still clearly sense whether he has broken through to Emperor Wudi Nine Heavens, and now he definitely hasn't broken through Emperor Wu Tian.

Could it be that the space collapse here has become so weak that it can be controlled so easily by myself?

If this is true, it would be funny.

"Mokara, come out."

Qin Chen directly faced Mokara on the jade disc of Universe Good Fortune.

At this moment, Qin Chen felt that his control over the Universe Fortune Jade Plate had become stronger, and he could easily perceive the movement of the ancient Cangwu Emperor and others in the Universe Fortune Jade Plate without deliberately displaying his spiritual knowledge.

In the jade disc of good fortune in the universe, Mokara is a little confused, the master is talking to himself?

Although it was in the Universe Jade Plate, it was not able to see the outside scene like Qin Chen did, so it shifted unconsciously.

Qin Chen immediately opened a channel, allowing Mokara to appear outside the Universe Jade Plate.

"Master, you are looking for me..."

Mokara spoke subconsciously, before the words came out, he suddenly screamed, snorted, saw countless space storms lingering on it, like a sharp knife cutting it, instantly bringing out countless blood lines. In just one or two breaths, the flesh and blood on its body surface was almost cut away, exposing the internal organs.

Qin Chen hurriedly urged Qiankun's good fortune jade disc, and sent Mokara in.

"What's wrong with you Mokara?"

The ancient Cangwu Emperor and the Skeleton Rudder Master were shocked. This is too miserable. At this moment, Mokara was covered in blood and completely unrecognizable, almost becoming a blood man.

Fortunately, Qin Chen moved in time and didn't hurt its roots. The demonic energy lingered in the room, and the wounds on its body healed at a speed visible to the naked eye, but the momentum was still somewhat weak.

"Mokara, you angered the master? Why did you suffer such a torture?"

The Skeleton Rudder Master and Gu Cangwu Emperor looked a little frightened.

Mokara wanted to cry without tears, but he didn't do anything. Just now the master called himself out, it thought the collapse of the outer space was over.

Huh!

Everyone was palpitating, a figure flashed by, and Qin Chen appeared in the small world of the Universe Jade Plate.

"Mokara, you couldn't resist the collapse of that space just now?" Qin Chen said embarrassingly.

"Master, the space collapse is too powerful, and the subordinates can't resist it." Mokara looked resentful and almost cried: "Master, if you have any dissatisfaction with your subordinates, just open your mouth and your subordinates must change it. Surely the change won't work?"

"Ahem, there is no dissatisfaction, just an experiment."

Qin Chen smirked, and didn't know what to say, and he came to the outside of the Universe Jade Plate again.

"It seems that the power of the collapse of this space has not weakened too much. With Mokara's defense, it is at least equivalent to the Martial Emperor in the middle of the human race. It is not even more than it can not resist the collapse of this space, but not only can I easily resist it, even Can control it, this..."

Qin Chen also couldn't figure it out.

"It doesn't matter, the \*\*\*\* cat doesn't know where to go. Leave here and return to Guyu Realm."

Qin Chen grabbed the jade disc of good fortune from the universe with one hand, and instantly swept into the distance.

Now the collapse of the space here can no longer bring him any harm, and naturally cannot bring him any improvement, and with the passage of time, the power of this space collapse will only become weaker and weaker, and it will eventually become like the Guyu world. Space turbulence.

I don't know how long it took.

Boom!

A sudden violent shock came from the void ahead, and at the same time an extremely terrifying aura swept across.

In the endless space storm, a huge aura like a dark red hill is approaching quickly.

"what is this?"

Qin Chen was taken aback. The dark red thing was extremely terrifying. Before he came to Qin Chen, the terrifying aura had already made Qin Chen's bones creak, and he felt shock from the bottom of his heart.

At the next moment, a monster with a huge body and the essence of a giant source beast appeared in front of Qin Chen.

"With such a big source beast essence, what level is this monster?"

Qin Chen took a breath.

"Ok?"

When Qin Chen saw the essence of the source beast, the scarlet monster had already noticed Qin Chen. A pair of scarlet jewel-like pupils stared at Qin Chen. The void was torn apart, the kind that directly

affected the soul. The oppression made Qin Chen feel as though an ant saw the dragon, and felt fear from the bottom of his heart.

"go!"

In shock, Qin Chen turned and ran.

### [Chapter 1650: I am back](#)

He has a feeling that this scarlet monster can tear him to pieces with just one claw, even after his current strength has been improved.

Hum!

Seeing Qin Chen about to run, the scarlet monster suddenly protruded its giant claws, and the terrifying blood stream turned into a sky, instantly enveloping Qin Chen.

"Damn it."

Qin Chen's eyes were red, he knew he couldn't hide at all, and he was about to enter the Universe Jade Plate subconsciously.

"Boy, don't be nervous, you, Lao Yuan, stop."

A strange cry sounded, and at the same time a black streamer stopped Qin Chen in front of him.

The scarlet monster suddenly stopped shooting.

"Why did your kid come here? Let me find it!" The \*\*\*\* cat glanced at Qin Chen speechlessly, and then said to the scarlet monster: "Lao Yuan, you are blind, isn't this the person you gave before? Blood Soul Crystal, will you help you kill the alien kid of the alien race? It's still frizzy. I want to scare people to death. If you are scared to death, how can you and I get out."

"I know it's him, I just want to stop him." The sound of an urn sounded, which was a little cute.

Qin Chen stopped himself with a cold sweat on his forehead? Just shot to block, that posture almost scared oneself, how terrible would it be if you really shot?

"Is this the ancient source beast?" Qin Chen looked at the scarlet monster curiously, and suddenly his expression became very weird: "You won't let me take it out, right?"

"Otherwise, what do you think?" The \*\*\*\* cat glanced at Qin Chen, "We said that before, you can't go back."

"But it is the ancient source beast of the Foreign Demon Continent. If I bring it to the Tianwu Continent, then our human race..." Qin Chen frowned.

The \*\*\*\* cat waved his hand and said, "Don't worry, Lao Yuan is different from those alien demons. It is not hostile to the human race. In the ancient times, it did not participate in the attack on the Tianwu Continent. As a result, the alien demons failed to attack the Tianwu Continent, and they can be regarded as the benefactors of the human race of the Tianwu Continent."

"you sure?"

"Boy, don't you want to go wrong, do you? Lord Cat, when did I lie to you." The \*\*\*\* cat said silently.

"Good, but are you sure I can take this guy out?"

Qin Chen turned his eyes, if the ancient source beast was really hostile to the alien demon race, wouldn't it be an extra big helper to take it out by himself?

"With your current strength, it's naturally a little worse, but it doesn't matter..." The \*\*\*\* cat leaned over at Qin Chen, squinting at Qin Chen. Suddenly, the cat's paws trembling and pointed at Qin Chen in shock. : "You...you actually master the rules of space?"

"You mean I have mastered the rules of space?" Qin Chen himself was a little surprised: "But I didn't break through the Nine Heavens Martial Emperor at all!"

"Damn, what the cat is best at is the rules of space, how can you even read this wrong, hey, yeah, why didn't you break through the Nine Heavens Martial Emperor?" The \*\*\*\* cat was also surprised.

It came to Qin Chen's side, looked at Qin Chen in disbelief with his eyes, frowning, as if he didn't understand it.

Space rules are one of the top rules. Even if Qin Chen cultivates the techniques that go against the sky, he will never be able to break through the space rules.

"Because his body has two powers, and these two powers are both top-notch. If he wants to break through the realm of Emperor Wu of the human race, unless one more rule is mastered, in fact, he now belongs to the Emperor of Nine Heavens, only half. The remaining half of the nine-day Emperor Wu is still half-step Emperor Wu."

The rumbling voice sounded, it was Yuan Beast speaking.

"I understand." The \*\*\*\* cat also understood, "You have also practiced the techniques of the alien demon race. If you want to break through the Nine Heavens Martial Emperor, you must feel the power of a rule, and you also have the power of top rules. "

Qin Chen's face was green.

Have to feel the power of a top rule? He had already worked so hard to understand the rules of space before. Is it that easy to understand another one?

"You cheated me so much."

Qin Chen was about to run away.

"I didn't know the cat at first. After all, you have cultivated the techniques of the two continents and blended the two perfectly together. This is the first time I saw the cat. I can't blame me, let alone. , You are unprecedented, and there may not necessarily be people in the future. You don't thank me, Lord Cat, what a strange name."

"And if you think about it, other people enter the Tao with one rule and become Emperor Wu. You enter the Tao with two rules, and both are top-level rules. How strong will that be? The future is absolutely unlimited!"

The \*\*\*\* cat looked dissatisfied, but was actually a little guilty.

"I limited you to a big head."

The blue veins on Qin Chen's forehead burst out.

"Xiao Hei is right. You follow the two rules to enter the Tao. It is very rare. The future achievements are certainly not trivial. You may be able to walk out of a path different from ordinary people." Lao Yuan thought carefully and said in a deep voice.

"Look, Lord Cat is right?" The \*\*\*\* cat became proud.

"Xiao Hei?" Qin Chen looked at the \*\*\*\* cat: "Your name is Xiao Hei?"

"He's meowing, Lao Yuan, what are you talking nonsense." The \*\*\*\* cat turned green for an instant, and said angrily, "I am the cat master, the cat king, what little black!"

At this time, Qin Chen's brain circuit is too weird, and he still has the thought of considering it.

"Hahaha, your name is Xiaohei." Qin Chen couldn't help but laughed while holding his belly, tears streaming down.

Qin Chen is a very open-minded person. Since one rule cannot enter the Tao, then two are good. Since practicing the Nine Star God Emperor Jue, his breakthrough difficulty is far more difficult than that of ordinary martial artists, and now it is twice as difficult. , What can I do, I can only recognize it.

At least, Qin Chen himself has some expectations, what will happen to his future.

The stronger he is, the more confident he is to protect the people he wants to protect.

Next, when Qin Chen sent the Origin Beast into the Universe Good Fortune Jade Plate, he was shocked by Mokara and the Skeleton Rudder Master, and almost shivered without hiding in the corner.

But the \*\*\*\* cat also said that Lao Yuan has been trapped for countless years and is now very weak. If Qin Chen wants Lao Yuan to take action, it will be impossible for the time being. What's more, Lao Yuan is a source beast of a different demon continent. Exposure of Tianwu Continent will not only help Qin Chen, but will cause him huge trouble.

Under the guidance of Lao Yuan and the \*\*\*\* cat, Qin Chen finally returned to Guyu Realm a few days later.

"Now that Guyu Realm is closed, how are we going now."

Qin Chen asked, looking at the chaos and Guyu Realm swept by the space storm.

"follow me."

The \*\*\*\* cat didn't care, leading the way, and Qin Chen felt more familiar as he walked along. Three days later, the \*\*\*\* cat took Qin Chen into the mysterious underground cave where he broke through the Emperor Wu.

"Is this the exit?" Qin Chen asked in shock.

"Mainland Pass?"

"Yes, this channel can connect many continents in this world. However, it is extremely difficult to cross the mainland channel. With your current strength, I am afraid that it is the limit to go deep into thousands of meters. It is impossible to do so. Go to another continent."

"However, relying on this channel, we can return to the Tianwu Continent. This is the place where the membrane wall of the Tianwu Continent is the strongest, but it is also the closest place. After the meeting, the old source will run the original source and attack the channel space wall. Once the channel is opened, there may only be one breathing time. At that time, you only need to collect Lao Yuan into the universe jade disc, and then enter the open space wall."

The \*\*\*\* cat told Qin Chen the way to leave in detail, and carried out another drill.

Three days later.

A place where the ancient Yu boundary is.

Hum!

The void flashed, a jade disc turned into mustard seeds suddenly appeared outside the ancient Yu boundary, and a figure flashed out of it.

"Tianwu Continent, I'm finally back."

Qin Chen murmured, his eyes blooming with cold light.
