

## Valkyrie 1661

### [Chapter 1661: Conflict](#)

If you ask questions rashly, not only will you not be able to ask about Qianxue's news, but will make the other party doubt yourself, and the gain will not be worth the loss.

And wanting to know the news of Qianxue, Qin Chen thought about it, there is only one way, and that is to get it from the people in Misty Palace.

No one knows the situation of Misty Palace better than people in Misty Palace.

However, now that the confrontation between the Misty Palace and the major forces has just ended, the martial arts are full of rumors. It is also a difficult problem to secretly attack the people in the Misty Palace, and it is no easy task.

Have to think of a way.

Is there any way?

Qin Chen raised his head and suddenly saw the attic on the opposite side, his eyes brightened.

Isn't this another ready opportunity?

After failing to conquer the Misty Palace, the arrogant arrogance of Misty Palace has not weakened, but has become more arrogant, and even secretly ordered many emperor-level forces in the Martial Domain to seek refuge.

And the three families of this ancient Chinese city seem to be fighting recently, and some people secretly contacted Misty Palace, trying to take refuge in Misty Palace.

For example, this historian has had contact with the Hall of Law Enforcement before.

If you use this ancient Huacheng historian to capture the people in the Hall of Law Enforcement, and then use the people in the Hall of Law Enforcement to inquire about Ruyue and Qianxue, will it soon be a matter of course?

"Yes, just do it."

Qin Chen was overjoyed and couldn't help smiling excitedly.

"I don't know what happy event the son has, so excited." Seeing this scene, Yi Xin couldn't help but smile softly.

To tell the truth, Qin Chen spent 500 million middle-grade real stones to auction her, and Yi Xin naturally had a lot of affection for Qin Chen.

But what made her depressed was that after Qin Chen called herself, after hearing about the rules of Taikooju, he really seemed to be disinterested in herself, instead she kept asking about the situation in the Martial Domain, but it was what made Yixin feel quite lost.

At first glance, Qin Chen was a disciple of a powerful force, and he heard that he was from the Xuanyuan Empire. How could he not know the situation on the mainland now? He did this obviously because he had no interest in himself.

This frustrated Yixin's heart.

"I'm thinking that girl Yixin is so versatile, and her view of the situation in the mainland is so sharp and amazing. If you can have a confidante like girl Yixin, it will be a great blessing in life. My son is thinking about how to make Girl Yixin is convinced, and she loves this son." Qin Chen said with a smile.

A faint smile was drawn at the corner of Yi Xin's mouth: "The son is joking. I think the son is very elegant. Although many people know the rules of Taikoo, but on this occasion, they can't help but move their hands. Always respectful as guests, can Yixin ask the son a word?"

"You ask." Qin Chen said.

"If Yixin wishes to accompany him, will the son be willing to marry Yixin and protect Yixin?" Yixin raised her head, her beautiful eyes staring at Qin Chen, Chu Chu was pitiful, and almost people couldn't help but nodded in agreement.

"This..." Qin Chen smiled and didn't answer directly.

"Yixin understands the son's heart." Yixin lowered his head and said, a little sad.

"I have never spoken, how does Girl Yixin understand?" Qin Chen asked back.

"Many people don't have the determination of the son at this moment. I am afraid they can't wait to agree to it. On the contrary, it makes people feel hypocritical. But now the son has not answered. It shows that he does not want to deceive with lies to gain Yixin's dedication." Yi Xin's voice is delicate and gentle.

She leaned into Qin Chen's arms, her virgin fragrance was fragrant, and she made people eager to move, but she also gave birth to compassion.

"Yixin is really moved by the son." The girl murmured softly and beautifully.

"The girl is absurdly praised." Qin Chen said with a smile.

"Presumptuous." At this moment, there was an angry shout from the attic of Taikoo House, breaking the beautiful artistic conception in an instant, and then only one voice rang coldly, "I have said that girl Yixin is The special person of this son, let her come to see me immediately."

This overbearing and strong voice came rumblingly and penetrated the tall buildings. Yi Xin pulled out of Qin Chen's arms, with an embarrassed face, sitting beside him.

"Who is so arrogant?" Qin Chen asked, looking at Yi Xin beside him.

"It's the people from the Hall of Law Enforcement, the son is still careful. Guhua City has been in chaos recently. There is a team in the Hall of Law Enforcement. One of them has been here twice. He has a fancy to Yixin, so he won't allow others to get involved in Yixin." Yixin said worriedly.

"The people in the Hall of Law Enforcement, it's no wonder that they are so arrogant." Qin Chen's eyes were cold, but he sneered in his heart, what he really thought and what he came: "Don't worry, there is a man here, no one can do to you."

"Thank you, son, but son still don't get involved. This person is called Ba Leng. It is rumored that he has some origins in the court of law enforcement. He is extremely domineering. He once said that he must get what he wants. If the son is with him It is unwise to create conflict."

"What's more, there is a small team stationed in Guhua City now in the Hall of Law Enforcement. If you hurt his face, you will definitely cause serious trouble. Although the son is also quite identifiable, there is no need to fight against such evil people for Yixin."

Yi Xin is soft and judo, and is quite concerned about Qin Chen.

"Furthermore, this matter has my own presence in Taikoo Residence. The son is enjoying spending money here. My Taikoo Residence will not let guests be despised by others. Come, son drink, and ignore these rough people."

Yi Xin pours wine, but his words are sincere and heartwarming.

"Then listen to Girl Yixin." Qin Chen nodded lightly and did not force her head. At this time, the artistic conception had been destroyed by the loud shout of Ba Leng, which attracted a lot of discussion around.

"Where's girl Yixin, let him see me."

The anger sounded again, and the clouds on the high platform dissipated, and many dancers stepped back. At the same time, a figure stood proudly on the high platform, with a cold look, shouting angrily at the surrounding attic, murderously.

This person was wearing the unique armor of the Hall of Law Enforcement. The pitch-black armor was like a ferocious beast, which was particularly terrifying. Moreover, the murderous aura lingered on him, rushing straight into the sky, like a demon god, fighting against the enemy forcefully.

"Interesting, it is the tyrant cold of the Law Enforcement Hall."

"That kid will be unlucky this time."

"That person is from the Xuanyuan Empire, right now, he is arrogant and domineering here, now it's alright, the tyrant of the Law Enforcement Palace is here, and the Xuanyuan Empire has just been defeated by the Misty Palace. How dare you challenge the people in the Law Enforcement Palace?"

The silence was broken, everyone was disturbed, and the many powerful people in the surrounding attic, instead of dissatisfied, showed excitement.

The Xuanyuan Empire confronted the Hall of Law Enforcement, which was an exciting and \*\*\*\* thing.

Especially Shi Liang, Mo Liuxin and others, their bodies trembled with excitement, and they were ecstatic.

Before they were robbed of the limelight by Qin Chen, they had long been resentful, but they could not retaliate. Now they saw someone coming to target Qin Chen, how not excited.

"Where is Yi Xin? Come out to accompany me?" Ba Leng yelled, arrogant and domineering.

"Master Ba Leng, Taikoo Ju has the rules of Taikoo Ju, please don't make it difficult for us Tai Koo Ju." A cold voice sounded, it was the plump woman who walked up to the high platform to discourage.

#### [Chapter 1662: You are presumptuous](#)

However, Ba Leng did not look at her. He just looked around and said coldly, "Where are the people from Yixin? Come out soon?" "Master Ba Leng, do you have to make trouble in my Taikooju? Yixin belongs to my Taikooju. People, naturally, have to obey the rules of my Taikoo House. How can you allow your Excellency to call and call at will, and please Lord Leng to respect yourself." The plump woman looked angry and cold.

Said, obviously also angry.

"Young Master Ba Leng, Miss Yi Xin was photographed by a member of the Xuanyuan Empire before, and she should be in that attic."

At this time, a voice sounded, it was Shi Liang, who spoke and pointed out the attic where Qin Chen was.

"over there?"

Tyrant Leng shot without hesitation, with a bang, a terrifying attack fell on the formation outside the attic, and the formation immediately shook, exposing the scene inside.

In the attic, Yi Xin sits intimately with a man. The corner of the man's mouth outlines a sneer. It seems coldly that there is no fear on his face. Instead, it is Yi Xin, with a trace of worry in his expression.

"Master Ba Leng, you are too presumptuous." The plump woman yelled coldly, stopping in front of Ba Leng, her eyes cold, and her whole body was chilly.

The formation in this attic is specially used to shield the surroundings, so the defense is not strong. This was destroyed by Ba Leng's blow. If Ba Leng is allowed to conflict with the guests in the attic, then she Taikooju The reputation is completely ruined.

If it were an ordinary person, the plump woman would have taken a shot long ago, but this tyrant came from the Hall of Law Enforcement, with an extraordinary identity, but she did not dare to act rashly, only blocking the opponent and not giving the opponent a chance to act.

However, Ba Leng did not look at her, but at Yixin, and said, "Yixin, come over and drink with me." Yixin seemed a little overwhelmed. Her gaze glanced at Qin Chen beside her, but in the end it was still He gritted his teeth and said: "Young Master Ba Leng, Yi Xin was photographed by this young man, and now he has been accompanying him. Please also ask Young Master Ba Leng to respect yourself.

Young Master Leng did indeed promote Ai Yixin, but next time, Yixin will make amends specifically to the Young Master, and this time, Yi Xin has to listen to the Young Master. "

She said softly.

Ba Leng's eyes instantly fell on Qin Chen.

"It's you who took the picture of Yi Xin? Still not letting go of her, do you know whose woman she is? Dare to take it too!" Ba Leng snorted, very domineering, without putting Qin Chen in his eyes, and bluntly reprimanded. "Who do I want to photograph, do I still need to listen to orders? This girl is beautiful, this son appreciates it, and she naturally took it, so what to do with your Excellency?" Qin Chen said coldly, before reaching out and holding Yi Xin's jade hand. Smiled slightly and said: "Don't pay attention to these nasty people, my son

Since I won't let you go. "

"Yeah!" Yi Xin smiled softly.

Ba Leng's face turned gloomy. He looked at Qin Chen, his eyes narrowed, and he said coldly, "You are very presumptuous."

"Is anyone presumptuous?" Qin Chen looked at Ba Leng, and he would \*\*\*\* someone when he came. He was still here arrogantly, arrogant words, even calling him presumptuous. "Huh!" Ba Leng snorted, then looked at Yixin, and said, "Yixin, every time I come to Taikooju, I always come for you, and every time I come to accompany you, I remember Zeng He You said, I hope you can be really moved by me one day, but you

Now, but with other men, did you not take my words to heart? "

"Young Master Ba Leng, Yi Xin is a member of Taikoo Ju, so naturally he must listen to the arrangements of Tai Koo Ju." Yi Xin whispered. "Prince Ba Leng, if you continue to be savage and disturb the order of my Taikoo residence, when I live in the wild, you should not blame my Taikoo residence for being rude. Although you are a member of the law enforcement palace, you cannot know the law and break the law. I'm not too

It's a place of fear. "The plump woman said coldly, her tone becoming more severe. "Which one of your eyes saw me running wild?" I'm just talking with Yixin, have I ever done it? What's more, I am a member of the Law Enforcement Hall, who came to investigate your Taikoo Mansion. What can you say? Or, you Taikoo wanted to defy the inspection of the Hall of Law Enforcement

? "Ba Leng said angrily.

The plump woman had an ugly face, took a deep breath, and said in a cold voice: "As long as it's communication, please Lord Leng abide by the rules and don't make trouble for yourself. Law enforcement is strong, but you can't bully the weak." "Don't worry. My Ba Leng is not such a person." Ba Leng snorted, then looked at Yi Xin, and said coldly: "Yixin, I'm also good to you, right? You rejected me many times before. Have I ever used you strong? I hope I can exchange my sincerity for you

Sincere, but now, I am very angry, you let me down. "

"Yixin does not sell himself, this is the rule of Taikooju." Yixin said in a low voice. "Performing artists and not selling themselves? The rules of Swire Residences? It's ridiculous, Swire Residences trains you, do you really think that you are free to accompany guests? Everything is for profit, otherwise why Swire Residences trains you, I have a slight word, but if I go Thanks to Master,

Let Master ask Taikoo for you on behalf of the Hall of Law Enforcement. Do you know the consequences? It's a big deal to pay some price, do you think Taikoo Ju will really do a disciple for you, offend my law enforcement palace? I can't see it, right? "

Ba Leng is very arrogant, and his identity as the Hall of Law Enforcement and his status as a master make him extremely powerful, and there are few things he can't get.

Although this Taikoo Mansion has a strong background, in this world, it is nothing more than interest. He has enough background. As long as he has enough interest, what reason does Swire Mansion have to reject him?

But he didn't do this, instead he wanted to conquer Yixin with his sincerity. In his opinion, it was the end of his benevolence.

But now...

Yi Xin's behavior disappointed him.

Yi Xin's expression changed slightly, Taikoo Ju had his own rules, but it also depends on who, this can be seen from the fact that Tyrant Leng is making a big fuss here and the manager scolds him, but he has not taken any action. If you change to someone else, even if it's the three major family disciples of Guhua City who are making trouble here, how can the manager talk so much nonsense with the other party? You don't care if you get a fat beating directly, but now, Tyrant Leng is so troubled and troubles. But just yelling at the side

However, it can be seen that in this world, there are still forces that will make the Taikoo Ju jealous.

If Ba Leng was arrogant and unreasonable, Taikoo Ju said that he would block it, but if she really paid the price to make Taikoo Ju's heart tempting, then it would really be possible to sacrifice her.

Isn't the sect practicing magic arts just to seduce men from all over the world and gain benefits for the sect?

"Young Master Ba Leng, why bother to do this? Young Master Ba Leng is not worthy of such treatment. Please let Young Master Ba Leng let Yi Xin go." Yi Xin said. "Let you go?" Ba Leng sneered, "Yes, you accompany me today and dedicate yourself, I can expose all this, otherwise I am not paying for a woman, but in the end I was deceived, and the silent person, I Give, there must be a return, I am with you

Have you spent a lot of these days? "Ba Leng's voice became stronger and more arrogant.

[Chapter 1663: Pour me wine](#)

Yi Xin's face turned pale, want her to dedicate her life? It's better to let her die!

"Ba Leng, right?" At this moment, an indifferent voice sounded, but Qin Chen sneered: "Your logic is really strong. You have been here for Yi Xin several times, so she must give everything for you? Become your woman? Yixin is doing art in Taikooju, attracting a lot of men, who have come more than once, and I don't know if you are the one? For what reason, you have to be taken over by you. It's ridiculous."

hiss!

Everyone looked at Qin Chen and sucked in air.

This kid is really not afraid of death. Didn't you see that Ba Leng was getting angry? Also dare to provoke each other!

"Boy, what are you? You only came once, but Master Ba Leng came several times. In terms of your intentions, how can you compare with Master Ba Leng?"

"Young Master Ba Leng is a member of the Law Enforcement Hall. He can fall in love with Yi Xin and come here specifically. It can be seen that his dedication is deep, but you still dominate Yi Xin. Isn't this giving Young Master Ba Leng face?"

"Too arrogant, you dare to \*\*\*\* the woman of Master Tyrant Leng, I think you are impatient to live."

There were cold shouts around, but Shi Liang, Mo Liuxin and others spoke for Tyrant Leng, accused Qin Chen, and intended to provoke a conflict between the two sides.

"Where is the fart sound? It's not smelly. What kind of woman dominates Master Leng? Yixin is a member of Taikooju, who was auctioned off for a small amount of money. I care about him who dominates the cold and the heat. Go away, you guys If you want to lick each other's toes, you can kneel and lick yourself, send your own woman out, or even give the woman of your own family to this person to enjoy. As for this young man, when is it your turn to interrupt?"

Qin Chen looked at it disdainfully, how he didn't understand the intentions of Shi Liang and others.

"Oh, by the way, the \*\*\*\* of the \*\*\*\* house is cool, isn't it? You were the one who competed with me for the girl Yixin before, why did you just want to give your master a cuckold? What a shame!"

Qin Chen looked at Ba Leng and sneered: "Do you have any other interests? You should investigate it carefully when you look back. Maybe you liked it before. This kid will come to the door by himself when he turns around. Such a dog can be replaced by Ben Shao. I would never want it."

"You presumptuous!"

boom!

The attic where the historian was located suddenly opened, Shi Liang's face was gloomy, and Qin Chen's heart was cruel. If he broke the relationship between his historian and the Hall of Law Enforcement, he would be to blame.

"Is it irritated by what I said?" Qin Chen smiled, holding Yi Xin's waist in one hand, poured himself a glass of wine, drank it comfortably, and then said lightly: "You can rest assured that Yi Xin has me Now, no one can bully you. By the way, this kid has been here several times before, and how much has been spent on you?"

"About tens of millions of middle-grade real stones," Yi Xin said.

"How bold I am to be this person, tens of millions of middle-grade real stones are also posing as high-profile customers here, here are 100 million middle-grade real stones, Ben Shao rounds up a whole number for you, get out of me right away, don't sweep Ben Shao's interest ."

Qin Chen raised his hand, and the 100 million middle-grade real stone was thrown out by him immediately, and it fell on the high platform, rolled down to the ground, piled up in countless numbers, giving a strong visual shock.

"you wanna die!"

Ba Leng was furious and boomed. In the later period, Emperor Wu's momentum erupted on him, like a volcano, and blasted towards Qin Chen with a punch.

Boom!

In the void, a terrifying fist power suddenly appeared, the fist power was invincible, and turned into a torrent, actually trying to disperse the void and slamming towards Qin Chen.

"stop!"

The plump woman finally moved, no matter what, the guests of Taikoo Residence must not be injured here.

puff!

She slapped her palm, as if there was a big river rushing in the palm of her hand. It was born and died, enveloping the power of Tyrant's fist at once. At the same time, Taikoo's central formation was ascending, and the array of light was shining and quickly diffused, tying the cold His fist power disappeared instantly.

at the same time.

Buzzing buzzing...

In the Primordial Residence, several terrifying auras permeated, each extraordinary, although it has never reached the realm of Emperor Wu, but it is not weaker than the plump woman and the tyrant cold, like a dormant behemoth, giving people a strong shock.

"Dare you stop me?" Ba Leng gloomily looked at the plump woman.

"President Ba Leng, this is Taikoo Residence. I will give you one last warning. If you do it again, you will not blame me Taikoo Ju for being polite. The background of my Taikoo Residence is not completely ignorant. It angered us. I'm afraid that the Hall of Law Enforcement may not take you lightly." The plump woman did not retreat.

The words of the woman made many powerful people around him secretly awe-inspiring.

The amount of information in this is too great.

Especially the nearby emperor-level forces such as Shijia, are even more shocked.

In fact, they all know that Swire Residences has an extraordinary background, a very deep and extraordinary background.

Even the elders of the three major families of Guhua City, their family ancestors have warned them. Although the three families are respected in Guhua City, there are some forces that cannot be easily provoked by the three major families. Ju is one of them.

Originally, Shi Liang and others thought that the backstage of Taikoo Mansion should be some emperor-level forces that surpassed the ancient Chinese city, such as the Sect of the Dead and the Ancient Fangjiao.

But now it seems that it should not be that simple.

At least after experiencing the turmoil in the previous Martial Domain, forces such as the Death Demon Cult would never dare to warn the people of the Law Enforcement Palace like this. The Misty Palace is now watching the world, even the Xuanyuan Empire, Bloodline Holy Land, Dan Pavilion and other forces. , Is also quite afraid of the Hall of Law Enforcement.

But this plump woman dared to warn Tyrant Leng. Could it be that her backstage was even more terrifying than the Xuanyuan Empire and other forces?

Impossible, there must be other reasons for this, but it is unknown.

"You..." Tyrant Leng stared at the plump woman, anger burning in his eyes, and murderous aura filled his body, but in the end, he still didn't do anything.

"Okay, I'll give you the face of Taikoo Ju." Ba Leng did not look at the plump woman, but turned to look at Qin Chen, squinting his eyes and said coldly, "I heard you are from the Xuanyuan Empire? Very good, courageous, it seems In the previous battle, the suffering of your Xuanyuan Empire was not enough. I will give you one last chance. Now, if you let Yi Xin come over, I may not blame it. Otherwise, you will be miserable, and I will do what Ba Leng said."

"Pour me a glass of wine." Qin Chen didn't look at Ba Leng, but said softly to Yi Xin.

Yi Xin was taken aback, then nodded gently, pouring wine for Qin Chen.

Qin Chen took a sip, then put it down, gently hugged Yi Xin, and said indifferently: "This Shao thought that only beasts would bite when they saw people. I didn't expect some people to do the same. As for the miserable Ben Shao, Ben Shao really If you want to see it, you are not enough!"

As soon as he said this, the surrounding attic was silent, and even the sound of breathing was clearly audible, and everyone was shocked.

It's crazy to compare Tyrant Cold to a beast. Isn't he really afraid of death?

This is not the Xuanyuan Empire, but the ancient Chinese city!

[Chapter 1664: Dark abyss](#)

"You kid, too presumptuous."

"It's really to let go of the words."

"His heart is punishable."

Shi Liang and the others roared and furious, as if they were being insulted. They were filled with righteous indignation and wished to rush forward to take action for Ba Leng, but none of them really did it.

As for the others, they clenched their hands tightly and looked hard, with a cold temper, how can they endure such ridicule, they will surely be thunderous and furious, so everyone is running their true essence, for fear of being affected, but there is Excited, waiting to see the excitement.

One is a disciple of the Law Enforcement Palace, and the other is a disciple of the Xuanyuan Empire. Wu Yu has just calmed down for a while, is there a conflict between the two sides?

Can be unexpected.

Tyrant Leng didn't make a move, but his eyes were colder than ever before. His killing intent was as real as he wanted to kill everything. The endless anger lingered around him, so everyone could see that he was already moved.

"Okay, very good, you are the first person who dared to be so crazy to me, I will wait for you outside Taikooju, I hope you can always hide inside."

When the voice fell, Ba Leng's figure shook, and he turned and left, leaving the Taikoo Residence.

Ba Leng just left?

This scene was beyond everyone's expectations, and everyone was surprised and inexplicably surprised.

It seems that the background of this Taikoo Mansion is more terrifying than imagined.

Ba Leng didn't make a move, definitely not because he was afraid of Qin Chen, the only possibility was that he was afraid of Taikooju.

The plump woman was relieved secretly when he saw that Ba Leng did not make a move.

"Go on, everyone, don't be disturbed by some crazy dogs." Qin Chen said lightly, with a cool expression, very disapproving.

Everyone looked at each other, but they didn't dare to take it casually.

The plump woman took a deep look at Qin Chen, then turned and left. Soon, smoke appeared on the high platform again, and the dancers before danced again. In a flash, it was like a fairyland on earth.

But in the entire attic, there is a faint undercurrent surging, like the volcano before the eruption, and it is terribly suppressed.

"My son, why should you offend Tyrant for Yixin, you put yourself in danger like this, and Yixin can't bear it." Yixin softly leaned on Qin Chen's body, said softly, beautiful eyes Lian Lian.

"Girl Yixin is too touched, are you ready to show promise?" Qin Chen smiled lightly, seemingly unaffected by the previous events.

"My son, Yixin is really worried about you." With worry on his face, Yixin said softly, "Naha Leng is domineering and arrogant, and comes from the Hall of Law Enforcement. With the prestige of the Hall of Law Enforcement, he will definitely not let it go easily. The son, son, you still joking."

"Since the Hall of Law Enforcement is so terrible, why did you go from Napa Leng again?" Qin Chen smiled again.

"I..." Yixin lowered her head and sighed faintly: "Yixin was born in Taikooju. This is Yixin's fate. It is inherently impossible for Yixin to choose, but Yixin can decide where he belongs. Naha Leng, Yi Xin doesn't like it. If he is really strong, Yi Xin would rather die than let her succeed."

The girl is firm, her eyes are dazzling as if there is a scorching sun.

"It shouldn't be the case, Taikoo Ju has a deep background, and even the Tyrant Cold of the Hall of Law Enforcement is a little afraid, Ben Shao is a little curious now, what is your Taikoo Ju's background? Is it the Magical Demon Sect?" Qin Chen wondered.

Qin Chen from the former Taikoo restaurant naturally knew that although he had some background, he was not afraid of the three major families in the ancient city, but he had not yet reached the point where he could compete with the law enforcement hall.

But the scene just now made him a little bit puzzled. This Primordial House could even retreat from Tyrant. It seemed that its backstage was absolutely extraordinary, so could it be the Magic Sect?

The Phantom Demon Sect is a new force that has been promoted for nearly two hundred years. It is very mysterious and terrifying. It is said that its suzerain, no one has seen the entire martial arts, and because it cultivates charm magic skills, it has provoked many forces. Dissatisfaction, among them there are some top forces.

The ancestors of these forces even descended to the Illusory Demon Sect and wanted to get justice back, but in the end they all returned in embarrassment, which shows their mystery.

During this trip to the ancient Yu world, Illusory Demon Sect also suffered heavy losses. Many disciples survived, only the Phantom Martial Emperor and the Witch Chen Sisi. But unexpectedly, the Illusory Demon Sect did not join the team to conquer the Misty Palace. Qin Chen was quite confused and jealous, and two possibilities emerged in his heart.

First, the Phantom Demon Sect was originally supported by the Misty Palace, and naturally would not conquer the Misty Palace.

Second, the Phantom Demon Sect is well aware of the horror of Misty Palace, knows the result of the conquest in advance, and does not want to participate in this farce.

Of course there is also a third possibility, but Qin Chen didn't expect it for the time being.

But if it was the first possibility, the Phantom Demon Sect was secretly supported by the Misty Palace, and it shouldn't be done at all. This would inevitably arouse people's suspicion. Instead, it would be safer to pretend to send a team without participating in the conquest.

This also puzzled Qin Chen, so he tentatively spoke.

"Not all women in the world who practice magic arts come from the Magic Demon Sect." Yi Xin smiled lightly.

"Isn't it? Is there any other force in the world that can make the Hall of Enforcement jealous or unwilling to blend in?" Qin Chen muttered. Suddenly, his eyes flashed as if he thought of a place.

"Why did I forget this place?" Qin Chen said softly. He looked at Yi Xin and said solemnly: "Dark Abyss, are you the people of Dark Abyss?"

With these words, Qin Chen's heart flashed, which deepened his guess.

The Dark Abyss, this is an extremely terrifying place, just like its name, the Dark Abyss is full of darkness and chaos, many of which are entrenched and chaotic.

But its power is extremely terrifying. Many warriors are notorious criminals and bandits on the mainland, so they are also called the land of sin.

The formation of the Dark Abyss is a bit peculiar. It is located in an extremely remote place in the Martial Region. The environment is very harsh. When ordinary warriors enter, the harsh environment is enough to make the power of the Emperor Wu fall. It is inaccessible and no one cares about it. A Jedi, a forbidden place.

For nearly ten thousand years, only some extremely vicious people, when there is no way to escape, will hide in them and linger.

Among them are traitors who have appeared in some top forces.

Because of its treacherous environment, it is also difficult for the Law Enforcement Hall to enter it to catch the murderers. Over time, with the entry of countless evil people, the Dark Abyss is gradually transformed, and small forces have gradually formed.

These forces lived in the abyss of darkness, and for many years, they also found some ways to survive. Gradually, the abyss of darkness gradually developed and attracted many outsiders.

All this did not arouse the attention of the major forces in the military domain at that time.

#### [Chapter 1665: Maybe](#)

Until one day thousands of years ago, a vice president of the Holy Land of Blood, in order to seize the position of the guild leader, secretly used a poisonous hand. It was revealed that he was chased by the Holy Land of Blood, and fled all the way into the abyss of darkness. .

At that time, the Holy Land of Bloodline was the number one power in the mainland, so it was naturally furious and let the Dark Abyss surrender the murderers, otherwise the Dark Abyss must be washed by blood.

The Dark Abyss naturally did not agree. Under the anger of the Bloodline Sage Earthquake, he sent a master to attack the Dark Abyss. With the strength of the Bloodline Holy Land, he could not conquer the Dark Abyss, but suffered heavy losses.

This battle shocked the entire Martial Domain.

At that time, the Holy Land of Bloodline was still the number one power in the mainland, and he was furious, mobilizing the Hall of Law and the masters of the major forces to forcibly capture the Dark Abyss, but the result was shocking. The Dark Abyss actually repelled several times by relying on the danger of the geographical position. The offensive of the Hall of Law Enforcement.

Of course, the dark abyss at this time has also reached its limit.

If the attack continues, although the Dark Abyss can be conquered, the major forces will also suffer heavy losses. At that time, the Hall of Law Enforcement was still an idle organization organized by the top forces in the martial arts, and it was a traitor in the Holy Land of Blood. , To catch the lives of many powerful people in their own forces, the top forces naturally disagree.

So soon, the team of the Hall of Law Enforcement disbanded and retreated.

At that time, the Bloodline Holy Land had two options, one was to follow the retreat, and the other was to forcefully attack the Dark Abyss by relying on the powerful strength of the Bloodline Holy Land. Of course, the same way, the Bloodline Holy Land would suffer severe damage.

At that time, the Bloodline Holy Land was divided internally because of the competition for the position of the president. If it were to attack again, the Bloodline Holy Land would inevitably lose its position as the first power, and eventually, the Bloodline Holy Land was unable to retreat.

That battle established the terrible position of the Dark Abyss.

However, since then, the major forces on the mainland have also laid down a rule with the abyss of darkness. They are traitors of the major forces. Once they escape into the abyss of darkness, the major forces will not pursue them forcibly, but the abyss of darkness It must also be ensured that it will not be able to cross the abyss of darkness half a step in its lifetime, otherwise, the major forces will have to destroy the abyss of darkness no matter how great the loss.

Since then, Dark Abyss has become the most notorious place in the mainland.

Rumor has it that there is no order at all in the Dark Abyss, and some are just killing and bullying, but fortunately, because of the characteristics and geography of the Dark Abyss, it has caused serious internal struggles, the weak and the strong, but it has not grown again. Great forces are fighting for the front.

Since then, the Dark Abyss has become a place forgotten by the Martial Domain. Although there are a lot of strong people, no weaker than any top force in the Martial Domain, but because its organization is idle, it cannot be united, and it is not by the major forces. Pay attention.

Both sides ignore the other's existence.

But no one has ever dared to underestimate the existence of the Dark Abyss.

For the past one or two thousand years, some people from the Dark Abyss have also stepped out, took root in the martial arts, established some forces, and searched for some resources, but the opponent never participated in the battles of the major forces. Although the top forces knew the other side's existence, they turned one eye and closed one eye.

Now that the ancient dweller was practicing magic skills, Qin Chen suddenly thought of the possibility of Dark Abyss. If the opponent came from Dark Abyss, then everything would make sense.

That is a place that the law enforcement palace is too lazy to take care of, but it cannot be ignored.

Hearing Qin Chen's question, Yi Xin showed a trace of astonishment, her eyes flashed, and she fell silent again soon.

"My son, don't ask, Yixin won't say it." Yixin shook his head.

Qin Chen smiled. Although Yi Xin didn't say anything, her behavior already made Qin Chen guess something.

"Dark Abyss?"

Qin Chen murmured, this is a place he has never been to in his previous life, and now the Hall of Law Enforcement is drawing in the Primordial Residence, is it because he wants to take the Dark Abyss into his bag?

If she is allowed to succeed, the strong in the dark abyss will come out, and in the world, which power can compete with Misty Palace? This world will become the imprisonment of Misty Palace.

"My son, are you still in the mood to chat here? Naha Leng is now outside the Taikoo residence. As long as the son goes out, he will be spotted by him. The son is unfamiliar with the place here. I have a back door to the Taikoo residence. Let the son leave." Yi Xin said worriedly.

"You Taikooju will agree?" Qin Chen looked over.

Yixin gritted his teeth: "If Yixin asks for help, maybe he will agree. After all, the son is also a guest of my Taikoo residence, and I have the responsibility of protecting the son."

"Actually, you don't have to worry so much, Naha Leng, this son has never looked at it." Qin Chen smiled lightly, the evil smile outlined at the corner of his mouth, making Yi Xin stare blankly.

She could see that Qin Chen's ease was not pretending, but deep down, he did not take this matter to heart.

What is Qin Chen's confidence? You are not afraid of the people in the Hall of Law Enforcement?

"But." Qin Chen looked at Yi Xin suddenly, "Naha Leng, is it really possible for Taiguju to hand you over for him?"

"Maybe," Yi Xin said bitterly.

Although she is the top brand of Taikoo Residence, Taikoo Residence itself is a place where interests are emphasized.

"Aren't we very humble?" Yixin smiled bitterly, lovely and heartbreaking.

"However, if he really wants to do this, even if he is a member of the Law Enforcement Palace, the price paid is not small. If I don't agree and resist desperately, he can't help Taikooju. For him, the gain is not worth the loss, so maybe he is just A few verbal threats."

Yi Xin said so, but the worry in her eyes couldn't hide.

Born in this world, many times, after working hard, I think that I have gained freedom and gained enough respect, but one day, I will wake up, I am still floating in this sea of suffering, struggling in the mud.

This is the case in life. No matter how strong you are, there will always be stronger people who look at you indifferently, such as ants and dragons, which are impossible to cross.

"If I kill him, will you be fine?" Qin Chen said with a light smile.

Yi Xin sat up abruptly, her face pale: "My son, you..."

She shook her head hurriedly, her voice panicked, and said anxiously: "My son, don't take risks for Yixin. Yixin is not worth it."

"You haven't answered me yet." Qin Chen chuckled lightly, as if to say something trivial.

"Could it be that Taikoo House is not the kind of person who abandons his disciples in order to survive, but you will be in big trouble, son, and Naha Leng, who is only in his thirties, is only in his thirties. The rumor is the pinnacle. Emperor Wu, behind him, there is a figure of a great figure in the Hall of Law Enforcement. If you do this, it will cause you big trouble."

"That's right, with the character of the Dark Abyss, it would be better to die than to hand over his own person." Qin Chen smiled.

#### [Chapter 1666: You make a price](#)

Back then, the Dark Abyss, for the sake of an unknown vice president of the Holy Land of Blood, would rather be an enemy in the world, and naturally would not surrender his followers just because of the death of a disciple of the Hall of Law Enforcement.

In this way, the faith of the Dark Abyss for thousands of years may collapse.

This time, Yi Xin did not speak, as if tacitly acquiescing to their identities, she murmured: "My son, why are you so good to Yi Xin."

"You and I are both sinking in the world, and talking about what is good and what is bad. This son is just looking at Naha and it has nothing to do with you. Besides, this son is just talking about it. I really want to kill the people of the law enforcement hall. This son can Consider it more." Qin Chen chuckled, as if joking.

But Yixin was frightened.

This man gave him a special feeling. She had never seen a man so attractive to herself. If it weren't for her identity, she would have fallen in love with her as an ordinary woman.

But she can't.

They have practiced pure Yin female skills, and they are destined not to be easily moved, otherwise one carelessness will be forever.

"Come on, drink!"

Qin Chen didn't mention this topic again, just drank silently, chuckled softly, and quietly admired the wonderful dance outside. Although full of temptation, his eyes were always clear and profound.

Yi Xin was also silent, but quietly poured wine for Qin Chen.

The dancing gradually stopped, the smoke cleared, and the high-level dancers left one after another.

Today's feast also ends here.

"My son, Yixin is going to leave." Yixin stood up and looked at Qin Chen. At this moment, she was a little bit reluctant in her heart, expressing affection: "You go with Yixin, and Yixin will take you to see the manager. get out."

She repeatedly invited Qin Chen for fear of Qin Chen's impulse.

"It's okay!" Qin Chen smiled and said goodbye to each other.

At this moment, the strong in the attic walked out, but no one could impress the women of the Taikoo House. Many women had left early. Only Yixin turned around after three steps, reluctant to give up.

Everyone was shocked. It was not the first time that many people came to Taikoo House. Naturally, they knew how difficult it was to impress a woman who was in the Taikoo House. Unless they are the kind of truly peerless and graceful people, they will fall in love at first sight. , Do everything for the impulse.

But this son, it is surprising that Taikoo can be the first card to miss.

"Hmph, what's the use? The law enforcement palace tyrant Leng is waiting outside. It won't be long before he will die." Shi Liang sneered, showing disdain.

"Wait for a good show." Mo Liuxin also sneered.

The others also showed a smile, waiting to see the excitement.

"How does the son feel, is it okay for Miss Yi Xin to serve?" At this moment, the plump woman from Taikoo Ju came and said with a smile.

"Girl Yixin is very good." Qin Chen smiled.

"Girl Yixin is also full of praise for the son. If the son stays, I will serve the son of Taikoo Jujing." The plump woman smiled, trying to keep Qin Chen.

Qin Chen was taken aback and glanced at the plump woman.

I am afraid that drinking is fake, for fear that something happened to myself is true.

The name Qin Chen reported was, after all, a member of the Xuanyuan Empire. If a disciple of the Xuanyuan Empire had an accident in this Taiguju, she would not be easy to explain.

Shi Liang and the others looked down, their faces a little ugly.

Is this Taikoo Mansion trying to protect Qin Chen? If Taikooju secretly sent Qin Chen away, how could they see a good show?

I thought that Qin Chen would readily agree, but when he saw Qin Chen smile, he squinted at the other person and said, "You don't need to drink, but this son has encountered a wicked person in your Taikooju. Should you say something? , Give the girl Yixin to the next as compensation?"

"The son said and laughed." The plump woman's face became stiff.

"My son is not joking, your Taikoo residence is just a place for performing arts. My son spent money here, but didn't receive the service he deserves. Is he looking down on my Xuanyuan Empire? Isn't this son arrogant, in my Xuanyuan In front of the empire, no matter how big your backstage is in the Taikoo Mansion, you are just like a chicken and dog.

Everyone was taken aback, why Qin Chen suddenly became angry with Taikooju.

"The Xuanyuan Empire has indeed swept across the four directions, and the mighty martial arts, my Taikoo Home is difficult to compare with the Xuanyuan Empire." The plump woman said coldly, her eyes a little displeased.

"It's good to know." Qin Chen sneered, looked at each other with squinted eyes, and looked up and down on the plump woman. His eyes were extremely obscene, and he said with a smile: "My son has changed his mind. Although the girl is moving, , But it's still too tender, it's not tasteful enough to play, but you, you, are plump, mature and tender, and you must have good bed skills. It's better to make an offer, this son will never bargain."

The plump woman's face was completely gloomy, "See you off!"

With a cold snort, he turned and left.

"It's boring, or you make a price, no matter how much you open, this young man will agree, tsk tsk, this figure!" Qin Chen halazi flowed down.

The plump woman staggered, if it weren't for Qin Chen to be a guest of Taikooju, who would have dared to tease her like this, she would have been cut off by a knife.

"Sister Xin, how is it?"

When the plump woman walked to a pavilion not far away, Yi Xin asked with some worry.

"This is what you said that this person is very special? I think it's a first-rate hooligan." The plump woman said angrily.

"How come." Yi Xin was stunned, turned around, but saw Qin Chen smile at her in the distance, and then walked away.

"This kid really went out, go, go and take a look."

Although the plump woman was angry, she still followed.

Qin Chen and the others passed through the pavilions, and soon came to the road outside Taikoo House.

In the middle of the road, a demon-like man stood proudly there, full of murderous intent. The people who passed by were frightened by this murderous intent. They all walked around far away and did not dare to approach. On the empty street, he was the only one.

Qin Chen and the others went out and saw Tyrant Leng on the street at a glance.

"Master Tyler, that kid has come out." Shi Liang was the first to step forward and said with a grinning smile.

Mo Liuxin also followed closely, and besides that, many people came forward to flatter, but the vast majority of people stopped far away, excited to wait and see.

I saw that Ba Leng ignored Shi Liang and the others. He just turned around slowly, his eyes fell on Qin Chen, and sneered: "I thought you would hide in there forever. It seems that you also understand that escape is useless. ."

"Escape?" Qin Chen smiled and shook his head.

In this world, there are always people who think they are right.

"You said that I was a beast, so if you can crawl under my crotch like a beast today, maybe I can give you a chance not to kill you." Ba Leng said strongly.

"Do you know what you are talking about?" Qin Chen narrowed his eyes and said coldly, "Do you know who I am? Xuanyuan Empire Tianjiao, my Xuanyuan Empire is the ruler of the world, what are you?"

"The Xuanyuan Empire is over the world?" Ba sneered, the sarcasm in that tone was well known.

#### [Chapter 1667: I do not know](#)

"Young Master Tyler, why bother with him so much nonsense, just take it directly."

"Hmph, what Xuanyuan Empire, in front of the Hall of Law Enforcement, it is not like a dog."

"Even Emperor Xuanyuan was seriously injured, what is his Xuanyuan Empire arrogant."

Shi Liang and others sneered.

"presumptuous."

Qin Chen shouted angrily, "Do you dare to insult my Xuanyuan Empire, believe it or not that this young master killed you today, your historian dare not even let go."

"And you, the Mo family? It seems to be an emperor-level force too. It's ridiculous. He thinks he is great. In front of my Xuanyuan Empire, your Mo family is not even qualified to be a dog. You can only kneel and lick, not just your Mo family. , And everyone present, when Emperor Xuanyuan takes over the Martial Domain, I want you all to kneel down and eat shit."

Qin Chen's arrogant arrogance made many people angry, let alone Shi Liang and the others, other strong men also wished to smash Qin Chen to death here, it was too arrogant.

However, no one moved, everyone looked at Ba Leng, here, he was the core.

In the Taikoo Mansion, a group of women stared at him at this moment.

"Yixin, you've been saying that this person is special, how come I feel so vulgar."

A woman uttered a beautiful voice, disgusting with Qin Chen's vulgarity.

Yi Xin was also stunned. When Qin Chen was in the attic, he was polite and full of connotation. It was not what he is now.

"It seems that you have to die!" Ba Leng looked at Qin Chen, his body was chilly.

"Boom!"

He stepped forward, and there was a burst of cold light in his eyes, and the ground shook in an instant. Tyrant Leng seemed to have a terrifying fighting might burst out, like a demon \*\*\*\* who wanted to suppress the world, no one dared to look directly.

"I'm looking for death? It's you who is looking for death. If you want to do it, hurry up, why chirp, the Hall of Law Enforcement is nothing more than a thing, wait for my Xuanyuan Empire to take you Hall of Law Enforcement and Misty Palace, you must enjoy the contents. Girl, even let Shangguan Xi'er be happy under Ben Shao's crotch."

Qin Chen showed an obscene look and laughed.

Everyone turned pale and was frightened. This kid dare to say that, Lord Empress, are you crazy? If this is spread, let alone the coldness, the entire Law Enforcement Hall and the Misty Palace are going to be furious and want to crush him. Million paragraphs.

Isn't he afraid of causing another conflict between the Xuanyuan Empire and the Hall of Law Enforcement?

"you wanna die!"

Tyrant yelled angrily, how could he press Nai, his body was murderous, and his magical might bloomed wildly.

"boom!"

He was like an invincible overlord, instantly descending in front of Qin Chen, raising his hand with a punch, trying to shatter the sky and the earth, and smashed down like crazy.

Boom!

When this palm fell, the void vibrated, and the terrifying violent aura was incomparable. The terrifying true essence was dancing violently like the hands of a heaven-reaching demon. The shock caused the strong people around to retreat, showing shock.

It's terrible, is this the Tianjiao powerhouse in the Hall of Law Enforcement?

It's just over thirty. It's already the pinnacle of the Emperor of Martial Arts, and the cultivation level is terrifying. It shocks others and far surpasses the other Emperors on the court. The breath is so diffuse that everyone even feels difficult to breathe. On a boulder.

"That kid is going to die."

This thought emerged in everyone's minds, and Shi Liang, Mo Liuxin and the others showed hideous excitement in their eyes. They could even imagine Qin Chen's next fate.

boom!

A violent roar sounded, and Ba Leng slammed his fist down. What made everyone unbelievable was that Qin Chen in front of him did not hide at all, did not retreat and advances. The same punch blasted out, and the moment the two fists collided, there seemed to be a terrible storm is raging, the sky is shaking, the earth is shaking, the ground is constantly shattering, and the streets are cracking.

With one punch, the two sides were evenly matched.

"what?"

The crowd shook wildly, their eyes bursting, and they couldn't believe the scene before them.

The strength of Tyrant Leng had already shocked them, but the young man actually blocked him, and the two sides confronted each other without giving up.

Is Xuanyuan Empire Tianjiao so strong?

While everyone was shocked, they were shocked. Only then did they wake up. Although the Xuanyuan Empire was seriously injured not long ago and its reputation fell, it is one of the top powers in the mainland besides the ethereal palace. Among them, the genius, how can it be? Is the name of the wave?

No wonder this son has so much confidence that he dares to call Banba Leng, and his strength is really terrifying.

"There are two things, no wonder you dare to be so rampant, but it's a pity to die."

Ba Leng let out a loud shout, and both hands crit out at the same time, overwhelming and devastating.

Qin Chen sneered and moved.

Boom boom boom boom!

The two sides confronted each other crazily, the terrible roar continued, the surrounding buildings collapsed crazily, the ground cracked, countless people and the strong retreated madly, and the two peaks confronted each other. How terrible it was. Except for the strong Emperor Wu, they were the most Strong.

Ba Leng frowned and his eyes were fierce. This person's attack power was so arrogant. The magic power on his body gathered into a terrible storm. Above his head, a ghost of a demon \*\*\*\* appeared, which was his blood.

boom!

The aura on Ba Leng's body soared, suppressing Qin Chen.

In an instant, the roar shook the sky and the earth, the ground burst frantically, flying sand and rocks, although the Wuhuang strong had not yet mastered the power of the rules, but the display of the profound meaning alone was enough to make the heart tremble.

Taikoo is on top.

The plump woman's eyes were fixed there, and she watched the fight over there without blinking.

Yi Xin's beautiful eyes also stared at the front in a dazed manner, and saw that Qin Chen, under the attack of Tyrant Leng, did not show any fear at all, and equally powerfully shot, like the God of War, unmatched.

"Who is he?" the plump woman and others asked Yi Xin.

"I don't know." Yi Xin shook her head, she just felt that Qin Chen was different from many people, very special, and gave her a strange feeling. The two of them stayed in the attic for a long time and seemed to talk a lot, even talked a lot of heart-to-heart words.

But at this moment, Yi Xin suddenly realized that he didn't even know the other party's name until now, but the other party could easily guess everything about him, which was terrible.

"How is it possible? You talked to him for so long, don't you even know his identity? Pure Yin female skills can attract men, under normal circumstances, you can even find out everything about the guests? You are one of the best. , I don't know anything?" The plump woman was shocked. She knew all the women in Taikoo Residence best. Yi Xin was the top one, and it was impossible to miss her.

Yi Xin's beautiful eyes were slightly turbulent. She didn't know why this was happening in today's scene. Qin Chen's words seemed to be magical. For so long, she seemed to be led by the other party, and her mind was completely occupied by the other party.

This feeling is unique.

"Sister Xin, you don't know, I am very comfortable with him, like a close friend, so you don't have the urge to know him at all, only the feeling of wanting to be with him forever." Yi Xin murmured.

#### [Chapter 1668: You are Emperor Wu](#)

"But he will always do something to you, right?" The plump woman and the girls felt even more incredible.

"No, you don't understand what it feels like to be with him." Yi Xin shook her head slightly. "Even if the former Tianjiao is noble and indifferent, he still can't help but move his hands and feet. We need to take the initiative to avoid him. If you don't take the initiative to lean on him, I feel that he might not even touch me."

The women looked at each other. Is this the man they saw?

In such a beautiful environment, coupled with the power of pure yin female gong, who can stop it, can that man be able to do so?

But why did he show such a look before, what is his purpose for doing this?

There must be only one of these two completely different faces, which is his true face, and his two faces must have his purpose.

"Is it against Tyrant Cold?"

The plump woman was taken aback, suddenly raised her head and looked forward. Ba Leng's momentum was unparalleled in her life, his magic power rolled, Qin Chen also vacated, and the power

of the profound meaning swept through her body, with an astonishing killing intent permeating her, madly dissipating towards the surroundings, that fighting intent Soaring to the sky, soaring to the sky, extremely terrifying.

Both sides took a strong shot, everyone fought out real anger, true essence burned, and burned everything.

too frightening.

Shi Liang and the others turned pale. Fortunately, they were afraid of Taikoo House before and did not do anything to Qin Chen. Otherwise, with the terrifying power that Qin Chen showed now, they would not be Qin Chen's opponents at all, and they would be killed in an instant. .

Are the same emperor-level geniuses, is there such a big gap between them?

They do not understand.

"Roar!"

At this moment, Ba Leng was roaring, and he couldn't hold Qin Chen for a long time. His face was pale, his breath surged like the ocean, and in the black breath, there seemed to be a demon looming, exuding more cold and murderous intent.

But Qin Chen was backing away.

"Boy, you and this guy can't do anything, you can kill it at will."

Suddenly, a voice rang in the void, reaching Qin Chen's ears.

It's a \*\*\*\* cat.

Feeling Qin Chen fighting a pinnacle martial emperor in the outside world, the \*\*\*\* cat couldn't help but complain.

With the strength of Qin Chen now, the Emperor Wu in the early nine days could be killed instantly, playing with a peak Wu Emperor for so long, wouldn't he be tired?

"What do you know, if I kill this son in my backhand, it is too exaggerated, it will definitely attract the attention of the Law Enforcement Hall, and I will definitely investigate the Taikoo Mansion at that time, even if I even asked before, it is possible Was queried."

"Although my identity is fictitious, this place is close to the ancient Yu realm after all. If something is guessed by Misty Palace, it will cause trouble sooner or later. If I had worked hard for a long time to kill this son, it would be in line with my Xuanyuan Empire Tianjiao. On the contrary, it will bring disaster to the Xuanyuan Empire."

Qin Chen responded.

In fact, on the surface, he was on par with the tyrants of the Cold War. In fact, he didn't even display one-tenth, no, even one-hundredth of his power.

"You humans, it's really troublesome."

The \*\*\*\* cat murmured, too lazy to say more.

When Ba Leng saw that he was too late to take Qin Chen, his body became even more angry, hum, a dazzling red glow filled his body, and the aura on his body became more and more evil, like a demon \*\*\*\* walking out of the region. , The cold breath was overflowing, frantically swept to get up, obviously trying to trap Qin Chen through his strong blood power and true essence.

Qin Chen slammed a punch quickly, his fist blasted above the blood light, as if he could not resist the power of the blood light at all, and was constantly eliminated.

Ba Leng was overjoyed in his heart. After fighting for so long, Qin Chen finally showed fatigue. At this time, he was running his true essence with all his strength. The blood of the true essence burned continuously soaring, and the surrounding void was stimulated. ring.

Qin Chen started to retreat for the first time, his face was pale, and he seemed to be unable to resist the attack of the blood, and Tyrant Leng was even more unreasonable, rushing towards Qin Chen with blood all over his body.

"call!"

Shi Liang and others below immediately breathed a sigh of relief.

When Qin Chen and Ba Leng were evenly matched, they were really frightened. They were really afraid that Ba Leng was not Qin Chen's opponent. Now that Qin Chen fell into a disadvantage, his heart was completely relieved.

Young Master Ba Leng deserves to be Young Master Ba Leng. Although that kid is strong, he is far behind Young Master Ba Leng.

"Boom!"

Countless blood light finally touched Qin Chen's body, Qin Chen showed pain on his face, and Tyrant Leng flew up with a grinning grin. At this moment, his face was hideous, like a ghost.

"A kid from the Xuanyuan Empire, he thought he was capable and he dared to challenge me. Today I will let you know that if I offend my tyrant, I will not kill you so quickly. I will make you feel bad and regret what you have done. everything of."

Ba Leng knew that his light of blood had severely injured Qin Chen, and at the same time he had locked Qin Chen, and countless blood lights were like tentacles covering any of Qin Chen's escape routes. He reached out with his right hand and grabbed Qin Chen's neck. Qin Chen lifted his neck, and then showed off his fate in front of everyone.

At this moment, he suddenly saw a sneer at Qin Chen's mouth, and then he saw Qin Chen's cold voice sound in his mind, "Do you know that I was frustrated in fighting with you," I can't even use one percent of my strength, and I have to pretend to fight you evenly, idiot..."

Before Ba Leng heard this, he suddenly felt his whole body's true essence collapse. Then he found that a battle sword had appeared in Qin Chen's hands at some point. The battle sword pierced out with a dark light. Watching this sword pierce into his own sea of anger, but he couldn't even move with him, the whole person was completely imprisoned in the void by a terrifying force.

"you....."

With a horrified expression in Ba Leng's eyes, he hurriedly wanted to stimulate the Emperor Wu's thoughts in his mind.

As the Tianjiao of the Law Enforcement Palace, would he not have the divine mind clone left by Emperor Wu, but before he had time to urge him, a terrible soul impact had already entered his body.

puff!

The divine mind clone on his body didn't even have time to be urged, so it was wrapped in this terrifying soul power. Master Wudi's mind seemed to have noticed something wrong, and was about to activate, and was instantly penetrated by this soul power. , Puff dissipated.

"what!"

Ba Leng's eyes were horrified, he looked at Qin Chen in anger, wanting to say how you did it.

It's a pity that he can't say it anymore, because he feels that his sea of anger has been smashed by this sword, and a terrible force sprays out from it, and his peak martial emperor's cultivation base is even qualified to resist. None, it collapsed in an instant.

"You are not a powerful emperor... you are emperor Wu..."

Ba Leng roared, but he couldn't make a sound. Before he died, he finally woke up. Qin Chen's power was many times stronger than him, but it was a pity that he knew it a little late.

#### [Chapter 1669: Furious](#)

"puff!"

Destroying power erupted from the sword, and Ba Leng let out a miserable scream, and his whole person burst into pieces in an instant, and was cut to ashes.

Before he died, he had an extremely unwilling expression in his eyes. If he knew that Qin Chen's strength was so terrifying, he would never have been so close to Qin Chen, but would inform the people in the Hall of Law Enforcement the first time. But now, everything is too late. .

After Qin Chen smashed Ba Leng with a single knife, he quickly put away the storage ring on his body.

At this time, the other warriors who watched below reacted, and they were all startled silently, completely stunned.

what happened?

Previously, it was clear that Ba Leng took the initiative and pressed Qin Chen to fight. Why suddenly, Qin Chen took out a battle sword and killed Ba Leng in a flash. The whole process was so fast that they were too soon to react.

"Young Master Tyler is dead!"

At this moment, no one was not surprised, a chill rose from the soles of the feet, and the whole body was cold.

Who is Ba Leng?

The Tianjiao of the Hall of Law Enforcement, and I heard that he also has a strong background in the Hall of Law Enforcement. It can be said that he is the most noble among the several disciples of the Hall of Law Enforcement currently stationed in Guhua City.

But now, Ba Leng is dead, this...

The sky in Guhua City is about to fall.

With Taikoo in the center, Yi Xin also covered her mouth, looking at Qin Chen standing proudly in the air in disbelief.

She still remembered that Qin Chen had said before that killing Ba Leng would not hurt herself, she Qin Chen Qin Chen just made a joke with her.

But now she realized that Qin Chen didn't joking with her at all, and actually killed Ba Leng.

"How dare you kill Young Master Tyrant."

A stern sound of anger sounded.

Down the street, Shi Liang tremblingly pointed at Qin Chen, his body was trembling, and his heart was full of fear.

It's over, it's over.

Ba Leng and their historians are planning to join the Hall of Law Enforcement. It is through this bridge built by Ba Leng. The reason why Ba Leng stayed in Guhua City was to contact their historians.

But now, Young Master Ba Leng actually died here, once the Hall of Law Enforcement gets angry, what will happen to their historians?

Shi Liang didn't dare to imagine the next scene at all. What's more, the reason why Ba Leng had a conflict with Qin Chen, he also added a lot of jealousy to say a lot, if the people in the Hall of Law Enforcement found out, the ancestor would not be able to protect him.

"Quickly, notify the ancestors."

Shi Liang almost roared out, and for the present, he had to capture the murderer who killed Lord Tyrant Leng, and he might still have a chance.

"Hahaha, what a goddess of law enforcement, but so, this young man killed this tyrant cold today to collect interest for the enemy of our empire. Sooner or later, my great emperor will come back to the law enforcement hall personally and bring these despicable people. Kill all, with the prestige of the Xuanyuan Empire."

Qin Chen sneered, and then a rune suddenly appeared in his hand, crushing it to pieces without any hesitation.

Hum!

The power of an invisible space enveloped Qin Chen and instantly led him into the void.

"Space Rune, this kid is going to run, stop him."

Shi Liang yelled in anger, and instantly rose to the sky. If he wanted to stop Qin Chen, he could only see Qin Chen disappear in front of his eyes because of his strength.

"Leave me!"

Suddenly, an angry shout sounded, booming, and a huge palm suddenly appeared in the distant sky. The palm was magnificent, with a radius of several tens of meters, soaring in the void, and the void trembling wherever it passed, as if it was about to split. , Patted the place where Qin Chen disappeared.

boom!

Under the fierce roar, the void almost cracked, but after the palm of his hand disappeared, Qin Chen had completely disappeared in place, without a trace.

Huh!

A figure suddenly appeared from the void, with a green face looking at the scene in front of him.

This is an old man with greyish-brown beard, triangular eyes, hooked nose, and cold eyes, giving people the feeling of horror.

"Ancestor."

Shi Liang trembling, came to the old man in an instant. The person here was the ancestor of the Shi family, the powerful emperor of Nine Heavens.

"Huh!"

"Huh!"

Immediately afterwards, there were two breaking sounds, and the void cracked. Two more people appeared next to the ancestor of the Shi family, who also exuded a terrifying aura, like the core of this world.

"Ancestor!"

"Ancestor!"

The disciples of the Cai family and the Zhang family also spoke respectfully. It was the two ancestors of the Cai family and the Zhang family who felt the battle here and appeared for the first time.

"What is going on here?"

The ancestor of the historical family sneered coldly, "Who is the person who escaped into the void before? In my ancient China city, you are not waiting for me?"

His beard was fluttering, majestic and majestic, Emperor Wu's aura at a glance, the terrible majesty covered it under, making countless people and powerful people below shiver.

"Ancestor, it's Tyrant Leng of the Hall of Law Enforcement... Tyrant Leng..." Shi Liang said tremblingly, his voice trembling, and his words were uncomfortable.

"The Hall of Law Enforcement? What is the Hall of Law Enforcement? What happened to Ba Leng? You mean that the person who escaped into the void just now is the Ba Leng of the Hall of Law Enforcement?" His ancestor's expression changed and he said eagerly.

The faces of the ancestors of the Cai family and Zhang family also changed.

"No... it was not Tyranny who escaped into the void, but the murderer who killed Tyranny." Shi Liang spent a long time before he finally finished speaking. After speaking, his face was pale and there was no blood.

"What? What are you talking about, Ba Leng of the Hall of Law Enforcement was killed? Tell the old man clearly!" The ancestor of the historical family grabbed Shi Liang's neck and said in anger, his eyes popping out and bloodshot.

"Ancestor, it's like this..."

Shi Liang was trembling, and even said what had happened before.

"Snapped!"

The ancestor of the Shijia family instantly slapped Shi Liang's face with a big ear of light. One of his faces instantly swelled up, his mouth opened and hemorrhage, and he was lying on the ground immobile.

"You shameless offspring, the historian is going to be killed by you, you beast."

The old ancestor of the Shijia who was still awe-inspiring at this moment was pale at this moment, as if his parents were dead, and the old ancestors of the Caijia and Zhangjia who were sneered at the corners of their mouths were also trembling and their faces were shaking.

The people in the Hall of Law Enforcement actually died in his ancient Chinese city, this...

"Go back to the family immediately."

The ancestors of the three major families did not dare to neglect at the moment, and immediately returned to the clan with the family disciples to understand the ins and outs of the matter.

"Ba Leng is dead, a little troublesome."

Inside the Taikoo residence, the plump woman frowned and said.

"Sister Xin, will this matter anger our Taikoo Residence?" Yi Xin asked with some worry.

"It won't be enough to anger, but our Taikoo Residence must have a lot of trouble, especially you. Naha Leng heard that there is a high-level master in the Hall of Law Enforcement. I will send you back now, otherwise I am afraid you are in danger. "

Taikoo Mansion also moved quickly, and Tycoon's death was a huge trouble for Taikoo Mansion.

But even more frightened were the three major families of Guhua City.

After learning about Ba Leng's death, the team from the Hall of Law Enforcement in Guhua City quickly came to the three major families and furious.

## [Chapter 1670: Wild](#)

"We have already made the matter clear to the top, and someone will be sent from the top immediately. If you can't hand over the murderer when the adults arrive, your three big families in the ancient city will wait to be buried with Senior Brother Baleng."

A disciple of the Court of Law Enforcement was furious, showing no face to the ancestors of the Shi family and others, and left angrily.

The three big families didn't even dare to let go of a fart, but they nodded their heads and agreed, and even the ancestors of Emperor Wu did the same, low-pitched and embarrassed.

"Everyone listens to the order and immediately pursue the murderer, to see people in life, and the corpse in death."

Soon, a series of orders were issued instantly from the three major families of Guhua City, and they were issued jointly. Moreover, Guhua City was under emergency martial law and no one was allowed to enter or leave.

Immediately afterwards, a group of figures rose from the three major families and searched outside the ancient city. The densely packed locust-like powerhouses scattered, and the atmosphere was freezing and suffocating.

Guhua City tonight is destined to be a sleepless night.

In the whole ancient Chinese city, people were in panic.

In a cave thousands of miles away from the ancient city of China, Qin Chen turned the Universe Good Fortune Jade Disc into a mustard seed, and he entered the Universe Good Fortune Jade Disc.

The jade disc of good fortune in the universe contains peculiar space power, even the strongest emperor can not easily find it, let alone the emperor of the three major families.

"Master, how is the outside world now?"

As soon as Qin Chen entered the Universe Good Fortune Jade Plate, Skull Rudder and the others walked closer. They had been in this Universe Good Fortune Jade Plate for so long, and they were almost suffocating problems.

Qin Chen repeated the news he had received.

"At present, Sisi should not be dangerous. She is in the Magic Sect, so she shouldn't be in serious trouble. Now I'm worried about Qianxue and Ruyue, especially Qianxue. If Shangguan Xier finds out that it is related to me, I'm afraid she will be in trouble."

Ji Ruyue is the son of the Ji family. With the status of the Ji family, Shangguan Xier would have to weigh even if she wanted to move Ji Ruyue, but Qianxue is different. She is from the Northern Heavens and has no background, so she is easily targeted by the Misty Palace.

Of course, because Qian Xue possessed parasitic seeds and his talent was amazing, even if he was exposed, his life might not be in danger, but Qin Chen would rather Qian Xue not be in any danger.

"Master, if you are worried about the mistress, let's just kill the misty palace and rescue the mistress."

Skeleton Rudder Master and Mokara said solemnly.

"Don't underestimate the Misty Palace, being the top of the mainland is by no means as simple as what we see on the surface." Qin Chen did not despise Misty Palace at all.

Although Mokara and the Skeleton Rudder Lord have recovered a lot of strength, the strength of Mokara has approached the late Martial Emperor, and the Skeleton Rudder Lord is also equivalent to the mid-term peak Martial Emperor, only one step away from the late Martial Emperor. Even Qin Chen's own strength is extremely terrible.

But the Misty Palace is extremely sinister. Before he is sure enough, Qin Chen would never act rashly, unless Qian Xue was really in danger, even if he tried desperately, he would go to rescue.

"And..." He looked at Skeleton Rudder Master and Mokara. These two are the only martial masters he can use now, but both of them are alien demons. Once they take action, ordinary Martial Emperors may not see much. But some top-notch powerhouses will definitely see some clues, but they will cause trouble for themselves.

The two are too obvious, and it is easy to be targeted by forces such as Misty Palace.

This is where Qin Chen has a headache.

"In fact, this is a very easy solution." After knowing Qin Chen's distress, the \*\*\*\* cat laughed.

"Do you have a way to resolve the identities of the two alien demons?" Qin Chen looked over excitedly.

"It's not me, it's Lao Yuan."

The \*\*\*\* cat pointed to the ancient source beast.

"I do have a way to completely reduce the aura of the alien demon on them." The ancient source beast lay there, and the sound of the urn said: "The aura of the alien demon is actually the special essence of the alien demon continent, just like the true essence of different places. Qi attributes are different, and the true Qi nature of the Alien Demon Continent and Tianwu Continent are different, which causes the aura released by the warriors to be naturally different."

"But the so-called breath is actually just the external manifestation of some rules. Our ancient source beasts have the original rules of the alien demon race, which can easily change the breath of any alien demon race, so that its aura can completely converge without being aware."

When the voice fell, a strange blood qi escaped from the ancient source beast, which turned into two clouds of blood, and came to the side of Skeleton Rudder Master and Mokara.

"You two, after absorbing this blood energy, try to use your strength again."

The Skeleton Rudder Master and Mokara looked at each other, and immediately slowly inhaled the blood in front of them into the body.

A scene that shocked Qin Chen happened. After absorbing these blood auras, the strange demonic aura on Mokara and Skeleton Rudder Master slowly converged. When the two demons converged the aura

completely, the demons The aura of strange demons on Carla and Skeleton Rudder Master disappeared completely.

boom!

And when the Skeleton Rudder Master and Mokara took action, although they still had a bit of cold magic energy, this kind of magic energy is similar to practicing magic power, and not as obvious as the original strange magic true energy. Can see.

"Amazing."

Qin Chen was pleasantly surprised. In this way, he could safely bring Mokara and the Skeleton Rudder Master out of the Universe Jade Plate, without worrying about the alien spirit of the two of them attracting the attention of the major forces, which could pretend to be human. The magic way is strong.

"You two, show me the changing human appearance." Qin Chen said again.

The Skull Rudder Master nodded immediately. He had already walked beside Qin Chen, and he was familiar with the road. Soon, an extremely handsome man with an evil charm appeared beside Qin Chen.

Long black hair, falling like a waterfall, elegant and handsome, with a handsome face like a knife cut, exuding a trace of evil charm, a beautiful man who is alive and handsome, very handsome.

Standing next to Qin Chen, it was 1.9 meters tall. People who didn't know thought it was the devil of which demon power, with a mature aura, walking on the street would definitely attract a large number of women screaming.

And Mokara is even more exaggerated.

He was combing a big back and he was over two meters tall, and his muscles were knotted, his clothes were almost torn apart, and his chest was furry, strong, and burly.

Just standing here, it gives people a strong oppression, full of wildness, like a savage walking out of that ravine.

How does this dress up feel like the bodyguard of some underworld leader?

Qin Chen was speechless, his mouth twitched.

The two of them stood behind them like this, and they seemed to be the people of a certain evil force!

"Master, how is it? Not bad!"

Mokara grinned, showing a mouthful of yellow teeth, and his smile was wild and terrifying, and could definitely scare people to death.
