[Chapter 1671: The Lord's Anger](#)

"Not bad!"

Qin Chen nodded, but smiled a little, what else could he say? At least the two of them looked like ordinary people, not like alien demons.

"But you two should pay attention. My breath can only cover the aura on the surface. When fighting, try to pay attention to it." Ancient Source Beast said.

Skeleton Rudder Master and Mokara nodded, remembering.

After saying this, the ancient source beast soon fell asleep again. It had been sealed for too long, and it took a lot of time to recover its strength.

"Master, the two of them can go out, what about me?" Gu Cangwu Huang hurried up, a little nervous, so master, don't forget him.

"I teach you a set of disguise, you can disguise just a little bit."

After all, the ancient Cangwu Emperor was the famous Emperor of the Xuanyuan Empire, and it would be very troublesome if he was recognized.

After the Ancient Cangwu Emperor received the Disguise Technique from Qin Chen, he immediately began to study with joy.

"Master, what shall we do next?" "Wait!" Qin Chen sneered: "After Na Ba Leng was killed by me, it is estimated that the news will be sent back to the Hall of Law Enforcement soon. As Ba Leng, it will not be long. In the Hall of Law Enforcement, Emperor Wu will come to investigate, and our purpose is to capture the opponent and inquire

Ask about the situation of Qianxue and Ruyue, as well as the recent actions of the Hall of Law Enforcement. "

In Qin Chen's eyes, a hint of coldness bloomed.

Others thought that he was jealous when he killed Tyrant Cold. In fact, he used this to draw people from the Hall of Law Enforcement. The level of Tyrant Leng is too low. Only the higher-ranking powerhouses in the Hall of Law Enforcement can know Qianxue and Ruyue. Their condition.

"Hey, you can fight again."

Skeleton Rudder laughed grinningly. After his appearance changed, his voice became magnetic, making him a handsome man.

A branch of law enforcement hall in Wuyu.

Here is a piece of towering mountains, stretching for tens of thousands of miles, the mountains are verdant, like a giant dragon, lying on this infuriating earth, wanting to take off.

And in the middle of this stretch of mountain range, a towering mountain peak stands tall. This mountain peak is ten thousand high, like a sharp sword inserted horizontally between the sky and the earth, and the smoke is misty, like a fairyland on earth.

Above the mountain and among the dense forests, there are several primitive palaces hidden in the mountains. Looking from a distance, there is an endless and domineering coercion, which is shocking.

"What are you talking about? I'm so cold to death?"

A stern roar sounded, resounding throughout the palace, the rumbling voice contained endless anger, and the group of beasts within a hundred miles of it were startled to lie down in terror, shivering.

Cang Dang!

In the hall of a certain palace, an old man with a tall figure and domineering eyes roared, his body was dark and full, like an abyss like a prison.

This person is the master of Ba Leng, Qi Xiong, the master of the branch hall of the Hall of Law Enforcement in this area!

Below him, a few disciples from the Hall of Law Enforcement knelt on the ground, shivering, pale and said: "The master of Qi Xiong's branch, we also got information from Guhua City before we knew about it. Please branch the hall. The Lord calms down his anger." "Impossible, Ba Leng is my most beloved disciple, and accepts the order from the Hall of Law Enforcement to go to Guhua City to contact the three major families of Guhua City. Who dares to kill him in Guhua City? , He has the divine mind clone left by me, how could he die?"

? "

An angry look appeared on the old man's face. He closed his eyes and quickly sensed his divine thought. This perception made his expression suffocated.

Because he found that the aura of the divine mind clone he had left on Ba Leng's body had completely disappeared.

"This is impossible!"

Qi Xiong's heart shook wildly.

The Martial Emperor Divine Mind clone will be released at the host's most dangerous moment, and will communicate with him. Once in danger, it will communicate with him as soon as possible, and even lead his thoughts to come, how can it disappear without a sound.

Unless, there is an extremely strong person far surpassing him, who smashes his Wudi mind in the first time, this situation is likely to happen.

"In the end what happened?"

Qi Xiong was startled and asked quickly.

Soon, from the mouth of his subordinates, he learned the ins and outs of the matter.

"You mean, Ba Leng died in the hands of a disciple of the Xuanyuan Empire?" Qi Xiong was stunned. This was completely different from his guess, and he couldn't help but suspiciously said, "Are you sure?"

"The master of the branch hall can never be wrong. This news came from the disciples of the Hall of Law Enforcement in Guhua City, and the incident happened on the street. At that time, many powerful people in Guhua City had seen it. , Never cheated at all."

"What about the murderer now?" Qi Xiong frowned.

The disciple continued: "The three major forces in Ancient China are currently searching, but so far, it seems that no news has come out."

"Xuanyuan Empire!" Qi Xiong squeezed his fists, his eyes bloomed with cold light, and he said coldly: "The trash of the three major families in Guhua City actually caused Ba Leng to die in Guhua City. Never found, a bunch of useless things, such a force, even if it is a win

What's the point of coming to my law enforcement hall. "

Qi Xiong was full of murderous aura, with a terrifying aura blooming, and his hideous face made people feel terrible.

"Sub-Hallmaster, what shall we do now?" Qi Xiong's eyes were cold, and he said coldly: "The horse sent me an order to mobilize all the law enforcement disciples in this sub-hall, follow me to the ancient city, conquer the ancient city, and, Issue a wanted order to me for the other branch halls of the law enforcement hall and the major forces near the ancient Chinese city

, Arrest the murderer of the Xuanyuan Empire who killed Ba Leng. If the murderer is found, our law enforcement hall will give a generous reward. "

"This... the sub-temple master, the other party is a member of the Xuanyuan Empire, and he wants the disciples of the Xuanyuan Empire. Doing this will cause conflicts again? Is it necessary to ask for advice?" The disciple said anxiously.

"Snapped!"

A slap was slapped over, and the disciple was instantly shocked, spraying blood from his mouth and nose.

"Please, do you need to ask for advice? The people of the Xuanyuan Empire have no laws. They kill my law enforcement disciples. Isn't this emperor still wanted? Let them continue to arrogantly continue. Is my Qi Xiong's disciple just dead in vain?" Qi Xiong was furious.

Ba Leng is his most beloved disciple and the only one who can inherit his mantle. At a young age, he is already the pinnacle of martial emperor. In three to five years, at most ten years, he will become the emperor of the nine heavens and his right arm. .

But now, he has fallen so miserably, and his subordinates are still there saying that they want to ask for instructions, so he is not angry.

"Sub-temple master forgive!"

"Hall Lord calm down!"

Several disciples shivered and said in fear. "Hmph." Qi Xiong snorted coldly. For some reason, he has always had a trace of anxiety in his heart. It seems that because his divine consciousness clone was silently destroyed, he was a little wary.

[Chapter 1672: Coming to the ancient Chinese city](#)

"By the way, send me another message to the master of Yuantuo branch hall, in my name, invite him to mobilize his branch hall people, and join me in the ancient China city." Qi Xiong issued another command after a moment of thought. .

"Yes!"

Several disciples trembling and trembling, bowed and retreated.

That night, Qi Xiong led many powerful people in the branch hall of the Hall of Law Enforcement, attacking forcefully, and heading to the ancient city of ancient China, with murderous aura.

At the same time, the news that the disciples of the Xuanyuan Empire had killed the Tianjiao of the Law Enforcement Palace in Guhua City spread quickly across the entire Martial Domain like a gust of wind.

Now it is the eventful autumn, and a little bit of trouble will attract the attention of the major forces, not to mention the news that the Xuanyuan Empire disciples killed the Tianjiao of the Law Enforcement Palace, which immediately attracted the attention of many forces.

"Does this Xuanyuan Empire have another battle against Misty Palace?"

"Finally calmed down, the Xuanyuan Empire is actually taking the initiative to cause trouble?"

"What calmed down? During these days, the Hall of Law Enforcement has been attracting various emperor-level forces everywhere in the Wuyu. I think the Hall of Law Enforcement has ulterior motives.

"Even if the Hall of Law Enforcement is attracting major forces everywhere, it does not mean that the people of the Xuanyuan Empire can kill the disciples of the Hall of Law at will."

"But how did I hear that it was the people from the Hall of Law Enforcement who caused the trouble first, and the disciples of the Xuanyuan Empire were forced to take action?"

"No matter who caused the trouble first, and the disciple of the court of law enforcement was killed, how could Misty Palace give up?"

Discussions came from everywhere, paying attention to this matter.

Although it was only a conflict between the two emperors, it was related to the Xuanyuan Empire and the Hall of Law Enforcement, which attracted a lot of attention.

Sure enough, the next day, there was news that the Hall of Law Enforcement was located in two sub-temples near the ancient city of ancient China, and hundreds of powerful people from the Hall of Law Enforcement went to the ancient city of ancient China.

As soon as the news came out, the major forces immediately caused an uproar.

The two branch halls are dispatched together. This is not a small operation. To hunt down a disciple of the Xuanyuan Empire, do you need to mobilize people like this?

Or does the Hall of Law Enforcement have a purpose?

For a time, all major forces paid attention, but they were only concerned, and no forces sent masters to come.

Now, the Hall of Law Enforcement is in a state of anger. Who dares to send someone here at the risk of being deemed provocative by the Hall of Law Enforcement. Wouldn't it be that he jumped into the storm and was okay with trouble?

Therefore, the major forces are watching from afar.

But the three major forces in Ancient China City were a little frightened.

After all, people died in their ancient Chinese city, and the Hall of Law Enforcement is so exciting, they have no bottom!

In panic, the three major forces in Ancient China went crazy in the past two days, searching everywhere for Qin Chen's traces, wishing to dig three feet of the ground, and all of them would dig out Qin Chen.

However, no matter how they searched, the murderer disappeared out of thin air, without a trace.

Compared with the panic of Guhua City, there is a force, but excited.

"Hahaha, I think the Hall of Law Enforcement is still not arrogant from now on. I am also a Tianjiao, but was beheaded by my disciple of the Xuanyuan Empire, Hall of Law Enforcement, but that's it."

"Humph, last time, Emperor Xuanyuan was only ambushed by Vice-Hall Master Mu Xun, and was severely injured and was forced to retreat. Otherwise, Misty Palace might have been breached by the Emperor."

"Raising my brows, it's really raising my eyes."

"By the way, do you know that it was a disciple of my Xuanyuan Empire who killed Naha Leng? I would like to see these heroes."

Among the people of the Xuanyuan Empire, there were a lot of voices, and many people spoke with excitement, feeling an unprecedented ease.

The major forces joined forces to fight, and Emperor Xuanyuan was seriously injured and fled, causing the reputation of the Xuanyuan Empire on the mainland to plummet.

These days, the people of the Xuanyuan Empire have long been suffocating resentment. Now that they heard this news, they were all excited, and they were not drunk.

And one after another inquired about the disciple of the Xuanyuan Empire who had killed Ba Leng, who belonged to it.

There are very few Xuanyuan Empires in this class, so it should be very simple to investigate.

But what made everyone puzzled was that they couldn't find out the origin of each other under such inquiries.

This... is really mysterious!

It should be understood that there are many geniuses in the Xuanyuan Empire, and Wuhuang Tianjiao is not a minority, but the Tianjiao figures who can kill the peak Wuhuang such as Ba Leng are not everywhere, but are few.

According to the truth, generally you only need to inquire about it and you can know the origin, but now no matter how they look, they can't find the origin of the other party. How not weird.

What made the people even more suspicious was that the Xuanyuan Empire's senior officials issued an order to prohibit the people from discussing the matter.

The first thought of everyone was that the top empire did not want to enmity with the Hall of Law Enforcement, and wanted to reduce the major and minor matters, and to play down the matter.

But soon, everyone rejected this idea.

how can that be!

How can they fear the Hall of Law Enforcement with their grand Xuanyuan Empire? The top people are definitely not that kind of person.

No one in the power is willing to admit that the top leaders of their power are soft, so they instinctively resist such a guess.

"Could it be that the other party is a genius of a hidden power in our Xuanyuan Empire? Or is it a genius cultivated in secret by the royal family? Don't want to be exposed to the major powers in the Martial Domain?"

As a result, everyone had such a guess.

Yes, definitely because of this.

This speculation can satisfy the vanity of the people, and it also makes the people more confident in their own power, and naturally believes unconditionally.

"Hush! The empire is secretly cultivating a group of arrogances, and wants to conquer the Law Enforcement Palace and the Misty Palace."

"Low-key, we have to be low-key, but we can't expose the secrets of the empire."

"The emperor knows his shame and is brave, and he is ready to look for opportunities to re-attack the Misty Palace, in the world, only my Xuanyuan Empire is the supreme existence."

"Hey, overthrow the Misty Palace and overthrow the Shangguan Empress!"

Inexplicably, rumors circulated secretly in the Xuanyuan Empire, spreading wildly among the people.

The Great Emperor Xuanyuan, who heard the news, almost vomited blood with anger.

Originally, he ordered the prohibition in order to eliminate the hostility between the imperial people and the Misty Palace. After all, he and Shangguan Xier were the same group, just acting.

But who knows, there was such a rumor that the Xuanyuan Empire replenished its energy, accumulated food, and slowly became king, in order to overthrow the Misty Palace again.

This result was far beyond his expectation. While making him speechless, he was almost vomiting blood.

It's just that the people have a long way to go, and he can't forcefully stop it. He has just tasted the evil results of the previous stop, and now he naturally doesn't dare to give orders indiscriminately.

So I can only smash the teeth and live the blood, and swallow it myself.

On the third day of the Guhuacheng incident. The powerhouse of law enforcement led by Qi Xiong finally came to Guhua City.

[Chapter 1673: Kill all](#)

"The three major forces of Ancient China City, get out of the main hall."

Qi Xiong and Yuan Tuo's team joined together, and they descended strongly over the ancient Chinese city, rumbled.

Hundreds of powerful law enforcement halls and several terrorist warships hovered over the ancient Chinese city, covering the sky and the sun, and the terrible breath suppressed it, which made people shudder.

The sound of anger, like thunder shaking, resounded crazily in the sky above the ancient Chinese city, reaching everyone's ears.

In the ancient Chinese city. All the strong men walked out in a panic, looking at the terrifying battleship above their heads and the densely packed strong men in horror. Every member of the Law Enforcement Hall wears a black armor. A terrible murder

Frightened.

Too strong!

Although Guhua City is not a great power, there are three emperor-level powers at any rate, and they are considered top powers within a radius of 100,000 miles.

But now, the two sub-hosts of the Hall of Law Enforcement stand proudly in the sky above the ancient city. They are strong and domineering, their eyes are staring, and they order the three major forces of the ancient city to roll out, their attitude is light and disdainful, and they don't pay attention to the ancient city. .

This is really embarrassing, and there is anger burning in my heart.

Although the people of Guhua City have never seen the three major forces, Guhua City is their homeland after all. Now that they are so despised by people, their inner resentment naturally cannot be relieved.

What made them even more resentful was the attitude of the three major forces.

"All of you in the Hall of Law Enforcement!

Panic sounded, and the ancestors of the three major forces of Ancient China appeared one after another, rising to the sky, and they each led the powerful under their command to meet each other in mid-air, trembling like slaves.

"Shi Zhong!"

"Cai Ling!"

"Zhang Gu!"

"I have seen the two masters of the sub-temple and the masters of the law enforcement hall."

The ancestors of the three major forces were very low-profile, trembling, sincere and fearful, like a courtier meeting the emperor, and a servant meeting his master, trembling and saluting.

This made the people of Guhua City even more angry, and their faces were hot, as if they had been beaten.

These three are the ancestors of the three great forces in the ancient China city, powerhouses of the Nine Heavens Martial Emperor level, but now, like three dogs, barking at their master, it makes people contemptuous, let alone look straight.

Although the Hall of Law Enforcement is strong, the three of them are too spineless at the moment, making people angry.

"Three, let me ask you, how did my tyrant Leng die? He came to Guhua City and contacted the three families, but he fell here. Why?" Qi Xiong shouted angrily and took a step forward. , The killing intent was permeated, and the madness swept across.

The martial emperors of the three major families only felt that a fierce momentum came, and blood spurted directly out of the body shaking, and their faces turned pale. The three of Shi Zhong were shocked by this breath, and hurriedly said in fear: "Hall Master Qi Xiong, this matter was done by the people of the Xuanyuan Empire. Although it has nothing to do with me, after all, it was me who did not handle it properly. Caused the angel to fall in the ancient Chinese city, I waited to be guilty

, Shi Liang, come here. "

Shi Zhong immediately shouted angrily.

Shi Liang suddenly came to the front with a trembling face, and said: "Old Ancestor!"

"puff!"

Shi Zhong's eyes flashed hideously, and when he raised his hand, a sharp light flashed across Shi Liang's neck. Shi Liang covered his neck in horror, and looked at his ancestor in fear, blood crazily from his five fingers. Flow out, instantly killed. "Hall Master Qi Xiong, this matter is related to my historian Shi Liang. Although this son is a great-grandson of Shi, he was present at the time but failed to prevent the

murderer from committing the murder. This resulted in the death of the nobleman. The sin is unforgivable. Take off his head and pay homage to the nobles,

To show the loyalty of my historians. "

Shi Zhong said every word, without any emotion in his tone.

hiss!

Everyone took a breath, Shi Zhong was too cruel.

In order to calm Qi Xiong's anger, Shi Zhong actually slashed his historian's son on the spot. These methods were too harsh.

I am afraid that Shi Liang would not have thought of his death, because a few words he had at the time would have caused such a murder.

"This Shi Zhong, in order to protect himself, is really ruthless, even killing his great-great-grandson."

No one noticed, in the distant void, several figures appeared there, watching silently.

It is Qin Chen several people.

"Master, what are we waiting for? Go straight up and take all the people in the law enforcement hall?" Mokara mumbled from the side, waiting a little impatiently. "Reckless." Qin Chen glanced at him, "Let Qi Xiong and the others behave first. If they rush forward and are stared at by so many people in Guhua City, they will inevitably be exposed and cause unnecessary trouble. , I want to come here, Qi Xiong and others, stay in the ancient city

It won't be too long to see the excitement. "

Mokara talked and stopped talking.

Everyone continued to watch silently.

However, Qi Xiong sneered, disregarding Shi Zhong's behavior, and then looked at Caijia and Zhangjia, "What about you?"

Cai Ling and Zhang Gu gritted their teeth and looked at their family's aunt. As far as they know, their family's aunt was also there and they had talked about it.

"Ancestor!"

The elders of the two major families turned pale and uttered in horror, but before the words fell, a shriek, a sharp light flashed, and the two heads rose to the sky, and the corpses fell down and blood flowed to the ground.

Below, the people of Guhua City were dumbfounded, and their hearts were full of fear.

With all eyes in sight, Cai Ling and Zhang Gu turned to salute and said solemnly: "Hall Master Qi Xiong, the disciples of our family were also present at the time, and the crime was unforgivable for failing to prevent the murderer from committing the crime."

"Oh?" Qi Xiong smiled, but his smile was very cold: "Ba Leng is my apprentice."

He said faintly, with a sense of sorrow in his voice, "He is the only one who can inherit my mantle, but he is dead now, in your ancient Chinese city, but the murderer? Tell me, where is the murderer?"

Qi Xiong roared, his eyes shooting crazy light.

The three of Shi Zhong knelt down in the void in horror. Behind the three of them, the powerful men of the three major families also knelt on the ground in an instant, trembling.

The three of Shi Zhong trembled and said, "When I am guilty, please don't worry, Hall Master Qi Xiong, I will find the murderer and give the Hall Master Qi Xiong's lover a fair." "Hahaha, fair?" Qi Xiong laughed fiercely. , Looked at the three people coldly: "People died on the site of the ancient Chinese city of your three major forces. Now, three days have passed, but you can't even find the murderer anywhere. You told me, Main hall

A fair lover? Where is justice? Tell me where is justice? "

Qi Xiong shouted hysterically.

"I....."

"we....."

The three of Shi Zhong trembled, stammered, and couldn't even say a word.

Although they are Nine Heavens Wudi, they are just the most ordinary Nine Heavens Wudi. In the eyes of the people in the ancient China city, they are high above them, but in front of the law enforcement hall with hands and eyes that reach the sky and dominate the world, they are nothing, and they don't even have the courage to refute.

"Now that you have taken care of the three disciples of your own forces, you want to pay tribute to my beloved disciple. Do you think it is possible? How can the trash of your three major families be compared with my Qixiong's beloved disciple?"

Qi Xiong suddenly stuck out his palm and inserted it into Shi Zhong's body.

"Puff!"

The pitch-black palm penetrated his chest and pierced through Shi Zhong's back. Blood spattered. Shi Zhong suddenly roared sternly. He looked at Qi Xiong in horror and disbelief. He didn't expect Qi Xiong to start suddenly.

"I want you to be buried with the three major forces so that I can solve the hatred in my heart."

Qi Xiong's savage voice reverberated in this world, full of madness!

"Kill! Kill all of the three major forces, and leave none!" Qi Xiong ordered, murderous!

[Chapter 1674: Remorse](#)

"Kill all the people of the three major families, and leave none!"

Qi Xiong shouted angrily, rushing into the sky with a sound of endless killing intent, shaking the sky.

"boom!"

The moment he spoke, Yuan Tuo on the side also moved. Boom, his whole body burst into a **** rainbow, and his endless blood rose to the sky. It filled 90,000 miles, covering the sky above his head, and rushing to the side for the first time. Ling and Zhang Gu.

"you guys....."

"puff!"

With blood blooming, Cai Ling and Zhang Gu screamed in fright.

Yuan Tuo's shot was too fast. In a hurry, like lightning, it was too fast for people to react. Although Cailing and Zhang Gu felt that something was wrong for the first time, and quickly resisted it, it was still useless. There was a big blood mist on the chest. Two blood stains appeared.

The two were seriously injured and were cut off for the first time. There was a rain of blood in the sky, which was terrifying.

On the opposite side, Yuan Tuo, the branch master of the Hall of Law Enforcement, carried a **** sword in his hand, sneered again and again, murderously, his eyes skyrocketed, like two big **** tanks, spinning endless killing intent.

"what!"

Shi Zhong also roared, his figure retreated wildly for the first time, his body surged with a terrible aura, his body was full of glow, and the terrifying energy fluctuations tore the sky.

He was desperately trying to escape from Qi Xiong's hands for the first time, a big hole appeared on his chest, **** and embarrassed.

But how could Qi Xiong let him escape? Amidst a sneer, a terrible light broke out on his palm to crush Shi Zhong. Now that he had done it, how could he give him the slightest chance to escape.

The reason why he came here during this trip was to kill the three major families of Guhua City, to frighten the major forces in the mainland and let the major forces know the terrible law enforcement hall of him.

"what!"

Shi Zhong screamed. He was suddenly severely injured by Qi Xiong, and Qi Xiong's strength was far above him. In a hurry, how could he resist, the **** fog exploded and the flesh and blood flew across.

But at the critical moment, his body was glowing, and there were many runes lingering. In his hand, a black wooden talisman appeared in his hand. The wooden talisman burned, and a mysterious power filled Qi Xiong's attack and absorbed him. Extraordinarily hurt.

It's an ancient talisman for death!

The blood on his body was burning, the true essence was boiling, the power of the bloodline was blooming, and the whole person quickly retreated, his blood rushed into the sky, covering the sky.

It can be seen that lightning flashes and blood pours over the ancient Chinese city, that is the anger of a nine-day martial emperor, which is manifesting.

"what!"

At the critical moment, Shi Zhong broke out of the siege, he escaped, out of Qi Xiong's control, disheveled, covered in blood, and roared like a lunatic.

Because all around, the powerhouses of the Hall of Law Enforcement are in action. Hundreds of powerhouses are uniform, and the dark killing intent is soaring to the sky, turning into a sky, slaughtering the disciples of their three major families.

The three families control the ancient Chinese city and have been in business for thousands of years. It can be said that they are deeply entrenched. In addition to the strong people of their own clan, the martial emperor masters attracted are countless. They are usually invincible in the ancient Chinese city.

But now, everyone is screaming, roaring, bloody, fighting desperately.

These masters were awe-inspiring in the past, and they were indeed very strong. They could be regarded as elites, and could be regarded as strong.

But at this moment, it was like a lamb to be slaughtered, falling in the screams, and the blood was pouring down, which was too tragic.

Compared with the elites of the Law Enforcement Hall, the disciples of the three major families of Guhua City are too weak. The same Martial Emperor, and several people together, may not be able to defeat an elite of the Law Enforcement Hall, let alone hundreds of powerful people in the Law Enforcement Hall. Together, their movements are neat and uniform, wearing standard equipment, uniting into a battle formation, and a strong mess.

In just an instant, there were hundreds of Martial Emperors of the three major families fell, and the screams were harsh and shocking.

"what!"

Seeing this scene, Shi Zhong, Cai Ling, and Zhang Gu had red eyes, with blood and tears streaming down their eyes. Their hearts were sad, endless anger emerged, and they were screaming bitterly.

Below the ancient China city, everyone was shocked.

It was too tragic. In just a moment, the sky above the ancient China city turned into a **** on earth. This kind of scene is too terrifying. The horrible true energy interweaving in the sky above the ancient China city is more terrible than the catastrophe, accompanied by endless The blood rain fell, as well as the broken flesh and internal organs of many strong men, the terror attack tore the sky apart, and the void was cut apart.

This kind of attack, the general Wuhuang will die if he breaks in, and will be completely destroyed.

This is a massacre!

The three major families of the dignified ancient Chinese city, the controlling power of this world, are now being slaughtered and vulnerable.

Such a scene is not unbelievable, nor terrifying.

"Why, our three major forces are ready to take refuge in you, why do you treat us this way?!"

The three of Shi Zhong stared at Qi Xiong and Yuan Tuo, and roared.

For example, today, the Wu Continent is chaotic, and the Hall of Law Enforcement is coming. The three major families are secretly preparing to seek refuge in the Hall of Law Enforcement. They are already in contact, and even in order to gain more attention and voice in the Hall of Law Enforcement, these three families are fighting frantically. Just to compete for the name of the first force in the ancient Chinese city.

But now? Just because of the fall of one of Qi Xiong's disciples, the Hall of Law Enforcement actually began to slaughter their three big families, they didn't understand.

Their three major families can be regarded as the top families, the dignified emperor-level forces, is it that so many people can't compare to a small law enforcement disciple?

"why?"

Qi Xiong sneered with disdain.

Yuan Tuo also sneered, as if watching three clowns.

"Emperor-level forces, are they amazing? In the eyes of my Law Enforcement Hall, your three major forces are nothing but three dogs, and they are three dogs that do not hurt people. Now you three dogs have not fulfilled their responsibilities and harmed their masters. Benefits, what use do you keep?"

"The purpose of killing you is to let other mainland forces know that to be a dog, you must do it well. If it is useless, you can only be slaughtered by the owner."

Qi Xiong scorned and drank coldly. The Wudi cultivation base at the peak of the initial stage bloomed like a divine rainbow, sweeping over the entire ancient Chinese city.

His voice rumbling, clearly spread into everyone's ears in the ancient China city, shaking the people's faces pale and their livers and guts cracked.

In the ancient Chinese city, I don't know how many strong people were overturned. People below the Emperor Wu fell back and their heartbeats accelerated, feeling that they were about to explode, and even their souls were about to burst.

This is just being affected, not directly attacked.

Fortunately, Guhua City is also a big city, shrouded in light, blocking a lot of impact, otherwise this intense fighting battle would be enough to flatten the entire city and turn it into ruins.

"Three dogs, hahaha, our three major forces turned out to be just three dogs."

The three of Shi Zhong laughed, the laughter was miserable and full of anger.

At this moment, their hearts are full of regrets and regrets.

They hate and hate themselves for being fascinated for a while, wanting to seek refuge in the Hall of Law Enforcement. This **** organization is originally a knife of the Misty Palace. There are countless forces that have been destroyed by it. Laughing at themselves, they think that they can flatter themselves. Be reused.

sad!

[Chapter 1675: Fallen ancestors](#)

"The old man fights with you!"

The ancestors of the three major forces were angry, frustrated, and went mad and killed.

They glowed and burned their lives, and they wanted to fight to the death and inflict a heavy blow on the powerhouse of law enforcement.

Even if they are looked down upon again, they are still the strongest of Emperor Wu, determined to let the Hall of Law Enforcement know that the dog will jump over the wall in a hurry, let alone people?

"kill!"

They roared, instead of attacking Qixiong and Yuan Tuo, but instead slaying many disciples in the Hall of Law Enforcement together, they wanted the other side to pay a heavy price.

"ridiculous."

However, Qi Xiong and Yuan Tuo did not bother. The two were prepared for a long time and released a weapon of war. It is a battle map, om, the battle map unfolds, sealing the battlefield, imprisoning the world, black light surging, traversing the sky, blocking the three. attack.

Boom!

The attack of the three of Shi Zhong fell on the battle map, with black light blooming, and it was resisted firmly, and it was quickly resolved, and it was impossible to harm the disciples of the law enforcement hall.

"how is this possible?"

Shi Zhong's eyes widened, and the three of them made a strong move, but they were unable to break through the battle map, leaving the law enforcement disciples unscathed.

This scene was too amazing, and it made the three of them frustrated.

How to fight this?

It would be fine if he couldn't beat the two main hall masters of Qi Xiong and Yuan Tuo, but now even the disciples of the law enforcement hall can't hurt them, too weak.

"Run, run away!"

They roared and were completely discouraged. This kind of battle is not fighting at all, but being slaughtered. If it continues, they can only be washed in blood, not leaving one.

"All escape, one escape is one."

The three of Shi Liang yelled at the bottom, commanding the top powerhouses of the three major families, as well as the ordinary warriors and family members in the mansion below.

"Did you go?"

Qi Xiong sneered, standing proudly in the void, very steady, just sticking out a right hand, slapped downwards, and directly aimed at the three powerful forces. His actions were too violent and terrifying.

That hand was zooming in, coming quickly, blasting the void, as if to destroy the world.

Everyone's scalp numb, and they feel suffocated.

This hand, exuding chaotic energy and blood mist, became even larger than a mountain, with a radius of hundreds of meters, falling from the void, which is equivalent to suppressing the entire universe, which is too terrible.

There is an emperor-level aura in his palm, let alone ordinary people, even the pinnacle martial emperor will be easily pinched to death by this hand.

Boom!

On the other side, Yuan Tuo also moved, the sword was out of its sheath, and the black light soared, turning into a Baizhang Heavenly Dao, and fell down.

The black light is billions of feet, and the black energy rushes into the sky, tearing the sky, crushing down, and blasting everything.

"what!"

It was just the sword energy that was spreading down, which caused many Emperor Wu to scream, muscles burst, blood fog flying across, it was too painful, it can be seen that if the sword light is down, how terrible will it be?

"kill!"

Shi Liang and the three were furious and roared, their eyes straightened, roaring into the sky.

They can't let Qi Xiong and Yuan Tuo's attacks fall, otherwise, if this attack continues, the three major forces will definitely be wiped out and completely extinct.

At this moment, the powerhouses of their three major forces had already died half, and about half were left, each **** and severely injured. This is a kind of fire and must not be destroyed.

Therefore, they desperately blocked.

boom!

The attack of the three people soared to the sky, stopping Qi Xionghe's giant hand and Yuan Tuo's crazy knife, and colliding with them.

In the next moment, a violent roar rang through the world, and the terrible glow swept away, and the dazzling glow spread rapidly, covering everything.

The collision between the two is a regular shock, the tangible and invisible forces tear even the void, the lethality is too great, and a terrible shock is spreading downward.

"what!"

The buildings in the ancient Chinese city below shook, and many high-rise buildings collapsed directly under this impact. They couldn't even defend against the formation. The screams screamed. For a moment, I don't know how many people exploded and turned into blood fog. Different place.

This is because of their restraint, coupled with the blockade of the ancient Huacheng formation, otherwise, with this blow alone, almost half of the people below will fall, easily destroying countless low-level warriors.

Even so, countless people have fallen and blood has flowed into rivers.

The people of Guhua City were frightened, amazed, and roaring.

"The three wastes, you are all seriously injured, and you are still working hard for the people of your family. It's ridiculous. Then kill you first, and then destroy your three big families."

In the chaotic light, a sneer sounded. It was Qi Xiong, his tone of disdain, high above, facing the ancestor of the three major forces, the figure of Emperor Wu, he looked at the three ants, very disdainful and contemptuous.

"go!"

Shi Liang and the others were horrified. Under this blow, they shook wildly, and blood splashed from their seriously injured bodies, their bodies were about to split, and their bones were clearly visible.

They can't hold it anymore.

In fact, they were too unlucky and were seriously injured at the beginning, otherwise they would be the Emperor Wu anyhow. How could they be so fragile and unbearable that they would be easily suppressed?

"Want to go?"

There was a sneer, which felt ridiculous, Qi Xiong and Yuan Tuo moved. This time, the two directly targeted the ancestors of the three major families, and it was impossible for them to escape here.

A great battle broke out, roaring and full of blood, it was the five great Wudi fighting dead.

After a short period of time, there was a rain of blood falling, pouring down, and then burning, and there was the screams and roars of Shi Liang and others, which shocked the souls of many people.

Some powerful people can see that in the **** light, the three of Shi Liang were crushed and beaten, too embarrassed and struggling to support, but they were still injured frequently, and their spirits were disappearing, which was very miserable.

This made them lament that the ancestors of the three major powers were living emperors in Guhua City, but they were too fragile in front of the strong in the Hall of Law Enforcement, and the gap between the two parties was too great, and they were not comparable.

In fact, this is also because Shi Liang and the others were too careless, and were seriously injured at the beginning, otherwise, they would not be so embarrassed.

And now, even if they escape, they have become extravagant hopes, just struggling to support them.

"Hey!"

Finally, a black light from outside the sky traversed thousands of miles in Cangyu, and the terrible light of the sword burned the void, and the entire sky seemed to be cut open. The terrible sword energy directly exploded Cai Ling and Zhang Gu.

"what!"

The two screamed, and finally couldn't resist them. They burst open, turned into a rain of blood, and fell directly, with countless burning blood falling, and the sky seemed to be stained with blood, and the blood was overwhelming.

On the other side, Shi Liang couldn't resist it anymore. When the oil was exhausted and the lamp was dry, he was enveloped by a **** hand. The death row was imprisoned in it, unable to move.

"Qixiong and Yuan Tuo, you must not die. The Law Enforcement Palace and Misty Palace are against heaven and will be destroyed sooner or later, even worse than us."

He was roaring, blood was raining all over, and then with a squeak, he was squeezed and exploded by the **** hand, turning into a blood mist, with no bones left.

The ancestors of the three major families of Guhua City have fallen!

[Chapter 1676: change plan](#)

"Kill all the disciples of the three major forces, remember, don't leave one, no matter how old, young or old, you will kill them all."

The blood was exhausted, and Qi Xiong and Yuan Tuo appeared in the void, with indifferent expressions. They gave orders to the disciples of the Law Enforcement Palace, high above them, with a cruel tone.

"Yes!"

The disciples of the Hall of Law Enforcement sneered coldly, and hundreds of figures appeared out of the sky, toward the suppression of the three major forces below.

"what!"

The next moment, screams sounded, and the entire ancient China city fell into a **** storm.

The powerhouses in the Hall of Law Enforcement are slaughtering, as long as they are people of the three major forces, no matter how far or near they are, they will kill them all, leaving no one behind.

In the ancient Chinese city, there are fights everywhere. The people are trembling, like the darkness is coming, and the end is coming. Many people closed their homes tightly, fearing that they would be targeted.

In their eyes, the people in the Hall of Law Enforcement are like the devil, devouring their lives.

On this day, in the end, I don't know how many warriors have fallen, and the entire ancient China city has blood flowing. The major forces, whether they are related to the three major forces or not, are panicked and live like years.

This battle lasted for a full day. It is estimated that more than one million people were killed in the ancient city.

Among these million people, some were indeed disciples of the three major forces, and some were mistakenly killed. A large amount of blood was permeated, turning the entire city into a hell.

"This is the consequence of offending our law enforcement palace."

In the end, Qi Xiong sneered, publicized, descended to the ancient Chinese city and occupied the residences of the three major forces, which was very strong.

The news of this battle spread out quickly, shocking the entire Martial Domain.

It was too arrogant. Just because one of the disciples had fallen, and even had no direct relationship with the other party, the three major forces in Ancient China were directly destroyed by the Hall of Law Enforcement and annihilation. All clansmen, no matter how far or near they were connected, were killed. This was too vicious.

The Wuyu shook, and the major forces were shocked.

The Hall of Law Enforcement is too vicious.

Moreover, after the three major forces were beheaded, the Hall of Law Enforcement quickly settled on the territories of the three major forces and searched around, claiming to find the murderer, but it was actually plundering. It was very grandiose. The three major forces managed the resources for thousands of years and were directly Search, naked, without a bit of cover.

Even, they directly broke into the territory of other forces in the ancient China city, no matter what they were fancy, they took it away, very arrogant and overbearing.

They were looting, and the disciples of the law enforcement in mainland China were all just like the bandits. They even fancy pretty girls, looting directly and insulting them frantically.

Since the major forces failed to conquer the Misty Palace, the current law enforcement palace has become more rampant and unscrupulous.

However, no one dared to resist.

Even the three major families have been wiped out. If they dare to resist, what will be the fate and consequences? No power dared to bear it.

Originally, everyone was very dissatisfied with the people of the three major forces, and the other party took the initiative to collude with the Hall of Law Enforcement, believing that the blame is on their own.

But now, everyone feels sad, and their hearts are angry.

They hope that someone can come forward, accuse the palace of law enforcement, severely reprimand and even punish them.

But no!

No force jumped out, resisted the tyranny of the Hall of Law Enforcement, and condemned it. Looking around, the entire martial arts domain was silent and dead.

Regardless of the Xuanyuan Empire, the Holy Land of Bloodline, and even other top forces, they were all very quiet, as if they were dead.

"Fuck, too arrogant, Master, what are we waiting for, I can't stand it anymore."

In a dense forest outside Guhua City, the Skeleton Rudder master shouted, his delicate face filled with anger, very angry.

"What law enforcement hall, it's so arrogant, crueler than our alien demon."

Mokara was also furious, rumbling loudly, combing his big back, just like a bandit. He felt that the Hall of Law Enforcement was too much, and he had never done this before, but the Hall of Law Enforcement had robbed him of the limelight, which was unbearable.

"It's too much."

Qin Chen squinted his eyes and said in a cold voice.

After Qi Xiong and the others occupied the Guhua City, they were very overbearing, making noise everywhere, punishing the murderer severely, but plundering property everywhere.

Qin Chen knew that they were killing chickens and monkeys, showing it to the major forces in the Martial Domain. After this battle, as long as the Law Enforcement Palace goes, no matter which force will be trembling, sincere and fearful, they will not dare to resist.

Because they will be afraid of being destroyed.

In this way, the deterrent power of the Hall of Law Enforcement will be terribly enhanced, and the rule of the Martial Domain will be even more terrifying.

This is what Qin Chen didn't want to see.

"The Hall of Law Enforcement wants to stand up, but Ben Shao can't let him get what he wants. Isn't he very arrogant? The Shao Ben will kill them all under the eyes of everyone, and show them to the world. The Hall of Law Enforcement is nothing."

Qin Chen's original plan was to wait for the people from the Hall of Law Enforcement to leave, then lie in ambush halfway, capture them, and torture the news.

But now, he changed his mind. He felt that he couldn't let the Hall of Enforcement be so arrogant. He had to stop its arrogant behavior in time and give him a blow.

To let the world know that the Hall of Law Enforcement can also be eliminated, it's nothing.

"Master, what are you waiting for? Just kill them and destroy all those guys, and show them to the world. I want to see what the law enforcement hall is, in front of my old demon...no, in front of the master. Arrogant, in the opposite direction, I want to beat the old demon to kneel down and sing to conquer."

Mokara yelled, very impulsive, wishing to rush in now, just like you are a gangster, just picking up a knife to kill someone.

"Don't worry, don't worry about it."

Qin Chen waved his hand.

"Don't worry about it!"

Mokara was speechless, and anxiously followed the ants on the hot pot, as if he had been insulted by the Hall of Law Enforcement, and he wanted to avenge blood.

"The division is famous. We must have a name. If we can't go up and kill, if we want to fight the law enforcement hall, we have to prepare for the battle, and we can't expose ourselves and cause troubles. We can't let the people of the law enforcement hall stare Go on us, at least, everyone must have a name? Otherwise, how to be famous, let the law enforcement hall be afraid of hearing our name in the future!"

Qin Chen rolled his eyes and said slowly, with bad water in his stomach.

"Haha, I like this, so I'll be nicknamed Old Demon, not prestigious?"

Mokara was very excited, thinking that this idea was a good idea, and planned to shock the human race Tianwu Continent with this name.

"Well, then I will be called Laogu." Skeleton rudder master also came forward, and named himself Laogu, which felt very domineering.

"Then what about me?" Gu Cangwu Huang leaned forward, "Old Gu?"

"While going, your name is Lao Gu, isn't my old bone not enough prestige, you just call Xiaocang!" Skull Rudder said.

"Why are you all veterans, I am a junior."

Ancient Cangwu Emperor was dissatisfied. Although he was the weakest, he did not bring such bullies.

"I name myself Cangtian."

In the end, he said, he felt that the name was domineering and in line with his own temperament.

The **** cat rolled his eyes while listening.

VALKYRIE DOMINATION

Chapter 1677: Tiandao Organization

The **** cat listened to the discussion, and was speechless. His mouth was outlined and laughed, disdainful and despised.

"Big black cat, what do you mean?" Qin Chen looked over and thought this guy had something to say.

"It's just a nickname. I think that I once founded an organization for Master Cat back then. It was strong and terrifying, and famous in the mainland. Even the supreme powerhouse at that time also changed its color." Big Black Cat said proudly.

"It makes sense, then we will also set up an organization. You see, the Misty Palace has a law enforcement hall, and we naturally have to have a name. After people hear it, we will all tremble." Mokara came with interest.

Although they are from the alien demon race, there are also power distributions in the alien demon race. They have experienced a long time and fought the world with the demon lord. They deeply know how majestic and convenient after an organization in the city.

Once it truly rises, it will issue a commander and sit on the world's endless resources, how powerful it will be, and it will be overwhelming.

The Skeleton Rudder nodded, and now it turned into a young man, very handsome, it is cool to go out to kill the enemy, but it is not shocking enough, after the establishment of the organization, it will be even more shocking.

"Look at those of us who are devilish and majestic, how about calling them a majestic organization? It sounds very majestic."

This is the idea of the skeleton rudder master.

"puff!"

Qin Chen almost squirted out blood, the majestic organization? Why does it sound so two?

Mokara also wants to beat it, the prestigious organization, it's not domineering!

"Why? Not good? I think it's very domineering, you think, majestic, isn't it just a few of us?" The skeleton rudder was eloquent, and even put on a pose, said: "Isn't it not prestigious?"

However, Qin Chen and Mokara disdain, calling this name, it is better to hit and die.

"I think of a name. Our organization has Ben Demon and Eternal Night Demon Lord, as well as Ancient Origin Beast, and this little black cat. How about calling it the Black Demon Organization?" Mokara suggested.

The **** cat was speechless: "Don't pull me in, I can't afford this person, Lord Cat."

It felt that with the virtues of this group of people like Mokara, it really wanted to join, and half of its life's wiseness would be destroyed.

"You are a cat. What does it have to do with you, not to mention that you proposed it. It is also considered as one of the founders. That's it." Mokara did not give it a chance to argue.

"He's meow..."

The **** cat was speechless and wanted to swear, but in the end he resisted it and said, "It's okay for me to join, but I can't be called the Black Devil. It's too ugly."

"Just call it Heavenly Dao!" Qin Chen said suddenly, his eyes cold and murderous lingering.

"God?"

"Yes, our aim is to kill the Law Enforcement Palace and Misty Palace, walk the way for the sky, and return the world to a peaceful and prosperous age." Qin Chen's tone was cold.

"Okay, then it's called the Heavenly Dao Organization." Everyone nodded, thinking that this name is good and contains the meaning of Heavenly Dao, not to mention that they are walking the Dao on behalf of the heavens and conform to their purpose.

"Just so-so." The **** cat nodded.

"Then set out now and walk for the sky."

Qin Chen said, escaping into the void for the first time and heading to the ancient Chinese city.

In the ancient Chinese city.

The three major families were destroyed, and the entire city was plunged into chaos for the past two days.

No matter which force it is, these are very careful, and they close their doors one by one, for fear of being targeted by the Hall of Law Enforcement.

This is a group of lunatics, unscrupulous and unstoppable.

On the second day after the Hall of Law Enforcement eliminated the three major forces, a piece of evidence about the three powers was thrown out by the Hall of Law Enforcement and made public. Although the Hall of Law Enforcement is acting arrogantly in order to establish its prestige, it will naturally find some fig leaves for itself in order to be fair. After destroying the three major families, it will quickly investigate, and will exhaust all the three major families have done in recent years and the many crimes committed all

Exposed to the eyes of the world.

The many crimes are densely packed with hundreds of pages, which makes people shudder when they see the scalp.

"Oh my God, the three families are fighting on the surface, but secretly they have been colluding to rule the ancient city and the 100,000-mile area near the ancient city." "Thirteen years ago, the three major

families had a conflict and fought against the ancient city. Several forces around Hwaseong City were involved. In the end, these forces suffered heavy casualties. In the past few years, nearly 100,000 disciples fell in total. This turned out to be a conspiracy of the three major families.

To weaken the strength of the surrounding forces in Ancient China City! "Twenty-one years ago, the Patriarch of the Qin Family, the top wealthy of Luodi City, was killed when he went out, and bandits broke into Luodi City and slaughtered all 13,600 people from the Qin family. In order to compete for a mineral vein outside Guhua City, the three families deliberately

Mobilize the bandits. "

"Hey, there is this one. The bandits in Sanzhai Shibawan outside the ancient city are all secretly supported by the three major clans, specially used to eradicate dissidents and wantonly plunder."

"Fifty-six years ago, a group of important medicines in the Pill Pavilion of Guhua City were robbed outside the city, which was actually done secretly by the three major families."

"Forty-eight years ago, Luo Wensheng, the treasurer of the Primordial Artifact Store, suddenly died. It was also the three major families who learned that Luo Wensheng's Primordial Artifact Store had received an ancient heavy soldier and wanted to forcefully demand it."

"hiss!"

"In the past few years, there have been more than a million people in our Guhua City secretly murdered by the three major families? Don't stop!"

One piece of news, one after another uncovered cases, the ancient Chinese city vibrated, and instantly boiled.

It turns out that the three big families have done so many **** things secretly these years, but because the three big families have been fighting and fighting, everyone has been blinded to the bones.

Only now did I know that the hands of the three major families were stained with blood, and they were cruelly messed up, and being wiped out by the Law Enforcement Hall was simply deserved.

In addition, everyone also learned that the three major families have been in contact with the Hall of Law Enforcement these days. It can be described as a typical introduction of wolves into the room, and it is not worthy of sympathy.

"The reason why our Hall of Law Enforcement destroyed the three major families is to eliminate harm for the people and maintain the peace of the military domain."

Then, Qi Xiong of the Hall of Law Enforcement made a statement and announced to Guhua City.

This left everyone speechless and even collapsed.

Everyone knows the virtues of the Hall of Law Enforcement, which is cruel and despicable than the methods of the three major families.

But they rely on their strength in cultivation and the identity of the Hall of Law Enforcement to do whatever they want, but no one can manage.

Now I still have the face to claim that I am doing harm to the people. It's just a dog biting a dog. There is nothing good.

"God, can an angel come to destroy all the demons in the law enforcement hall."

Someone wailed.

In just one day, many forces in the ancient city were looted, and some law enforcement disciples broke into some shops, forced to buy and sell, and no one dared to provoke them.

This also led to the fact that all the shops in Guhua City were closed in one day, no one dared to do business, and they were praying, hoping to send these demons away.

"This is the Martial Domain? How do I feel darker than our Dark Abyss?" The plump woman whispered in the middle of the Taikoo, seeing what she was doing here, and sighed with emotion.

[Chapter 1678: Aspiring auction house](#)

Fortunately, Swire Residence was not harassed because of its special status.

Among the three major family residences.

Now that it has been occupied by the Hall of Law Enforcement, strong people appear everywhere, coming in and out, and it is very lively.

"Hehe, this time, it's not bad."

This is a hall, with strong people from the Law Enforcement Hall communicating with smiles.

"I should be able to leave tomorrow, and there is still one day to plunder." There was a middle-aged man with a cold smile at the corner of his mouth, very cold.

"These guys in the ancient China city think they can be safe after closing the store? It's ridiculous."

"Convicted them of colluding with the three major families, who dares to resist?"

Everyone laughed. The past two days can be regarded as a big harvest. Due to the opening of the Guyu Realm in Guhua City, there are currently many strong people and treasures in the city.

At present, they haven't done anything yet because the investigation has not been completed. Once the investigation is clear, they will naturally act aggressively and take away all the treasures they fancy and take it for themselves.

"Before the three major families were destroyed, it was their own responsibility. Then, in the ancient China City, a group of forces will fall. These people can be regarded as innocent disasters. Who will let the disciples of the sub-temple master fall here."

"If you don't wash this ancient city in blood, people here won't know the pain."

In the hall, many people chuckled lightly, they were all bloody, but they were accustomed to them as okay.

"Everyone, follow me."

At this time, a cold drink sounded, and several captains walked in and began to gather the team.

"It seems that the investigation is clear, and it is time to take action against other forces."

"Haha, there is work to be done."

Everyone laughed, and then quickly assembled, and under the leadership of their respective captains, they left violently.

These teams were separated from each other, each with more than ten or twenty people, and they were taken to various forces in the ancient city.

Cang Dang!

One of them came to the Guhuacheng auction house and kicked the door of the auction house open. The big bronze gate was shattered and burst open in an instant.

This is the top auction house in Guhua City.

The aspiring auction house has a history of more than a thousand years and is also an emperor-level power. Its power spreads across many cities near the ancient city of China. It integrates businesses, auction houses and other industries, and is one of the top powers nearby.

However, Guhua City is not its headquarters. Therefore, the power of Avenging Auction House in Guhua City is not as good as that of the three families. Even so, it belongs to the top power, second only to the three families, and is very powerful.

Because Winning Auction House is a businessman, it has businesses in major cities and has few connections with the three major families, so it has not been implicated before.

But now, the door of Wending Auction House was directly kicked open, very domineering and powerful, a group of people entered menacingly, and the eagle watched the wolf.

"Who are you?"

boom!

The terrifying aura permeated, and there was an angry shout in the auction house, whoosh, and a famous figure flew over, each exuding a terrifying aura, and he was the top powerhouse in the auction house.

"The Hall of Law Enforcement is doing things, all the idlers and others are getting out!"

The leader of the law enforcement hall captain sneered coldly, aggressively.

Hall of Law Enforcement?

The people in the auction house were shocked, their faces were shocked, their original angry expressions solidified, and cold sweat fell on their foreheads.

Among them, the leader is also a pinnacle martial emperor, with a strong aura, like a mountain, very heavy, and has a certain position in the ancient city. He is the person in charge of this auction house, quite powerful and powerful.

But at this moment, his eyes showed horror, his mouth was dry, and he was trembling.

"I don't know how many people come to me to ask the auction house what is there to do, and I would like to ask some people for advice." The person in charge is cautious, for fear of offending the law enforcement hall, and his heart is uneasy.

The people in the Hall of Law Enforcement are a group of demons who kill people at every turn. Although the auction house is strong in Guhua City, he doesn't even have the courage to speak loudly in front of the Hall of Law Enforcement.

Didn't you see that even the three major families of Guhua City were destroyed? Although Avenging Auction House is not inferior to the three major families of Guhua City, it still dare not neglect in the face of the law enforcement hall, and dare not breathe for a while. sweat. "What's the matter?" The leader of the Hall of Law Enforcement sneered. "The emperor has received the news that you ask the auction house to collude with the three major families of Guhua City, and sell stolen goods and fakes in the auction house. The Hall of Law Enforcement needs to seal you up

Selling house, your excellency will quickly move out all the things in your auction house, and wait for me to move back to check. "

He sneered again and again, very powerful and domineering.

The person in charge of Avenging Auction House sinks, with cold sweat on his forehead. The people in the Hall of Law Enforcement are preparing to rob him of the rhythm of Avenging Auction House. Yesterday, he heard that the people in the Hall of Law Enforcement had been buying and selling all over the ancient Chinese city. He was thankful that the other party did not find him. He thought that the Hall of Law Enforcement was looking at the auction house's face. Let them go, just keep it till today

That's it. "My lord, this must be a misunderstanding." The person in charge of Winning Auction House hurriedly said, "We Winning Auction House and the three major families have always cooperated in business, how can we collude with them? As for the sale of fakes, it is impossible to talk about it. auction

Jizhou can develop and grow in this martial region in thousands of years, and it depends on being honest, and there must be misunderstandings in it. "

Because of the ancient Yu world, there are many powerful people gathered in the ancient Huacheng in these days, all of them are famous casual cultivators near Jizhou, and many of them are the late Emperor Wu, the peak of the strength of the Wu Emperor.

This has also led the Winning Auction House to move many treasures from its headquarters here, just to prepare for a large auction.

But who would have thought that the three major families and the Hall of Law Enforcement had happened before the auction started. If the Hall of Law Enforcement shuts down their auction house, the auction house will inevitably suffer heavy losses and lose everything.

He can't afford to be the head of the Guhuacheng auction house.

Therefore, he fought **** reason.

"Why, your Excellency meant that my Law Enforcement Hall wronged you?" The leader of the team sneered, his eyes blooming with cold light, and the air on the court seemed to drop by dozens of degrees in an instant, exuding a deep chill.

"Hurry up and hand over all the treasures of your auction house, and let me inspect them. If you are wronged, you will naturally be forgiven. But if you do commit crimes, I have to act for the heavens."

"What nonsense, take things out, one thing is missing, it is to deceive the law enforcement hall, the crime is unforgivable."

Several law enforcement disciples sneered, embracing their hands in a very arrogant posture.

"It's over."

"It's unlucky to win the auction house."

The movement here has also attracted the attention of many people around, and the scenes that have paid attention to this place have been secretly discussed. This was only a long time off, and the Hall of Law Enforcement began to plunder again, and it was frightening and frightening to directly target the top power such as Avenging Auction House.

[Chapter 1679: You want to rebel](#)

Is this the rhythm of looting the entire ancient Chinese city?

Can no one control such evil wolves and let them be arrogant?

The people were sad, and a sense of powerlessness rose in their hearts. "Several adults, this is definitely a misunderstanding." With a bitter heart, the person in charge of Wending Auction House hurriedly took out some real cards from his body and handed them up. Regards, I hope you all

Don't be polite, adults, raise your hands high and let us go. "

The person in charge of Wending Auction House was also decisive, and directly handed all the real stones on his body, estimated to be tens of billions, and wanted to let the people of the Law Enforcement Palace hold their hands high.

What to check is just an excuse, the other party's real purpose must be to **** it.

"Snapped!"

In response to the person in charge of the auction house, a big ear scraper flew him away, and a mouthful of blood spurted out. The teeth were all broken and fell to the ground.

"grown ups."

A group of auction house experts walked up in anger.

"What? You want to rebel?"

Qiang Qiang!

The sharp blade came out of its sheath, and the terrifying killing intent immediately filled the auction house. A group of martial emperors in the law enforcement hall held the sharp blade and looked at a group of powerful men in the auction house with a sneer, their mouths full of disdain and arrogance.

Both are Emperor Wu, but the other party is just a strong man in an auction house in Jizhou, and they are the martial arts law enforcement officials. The identity gap is too great. They give the other party ten ambitious leopards, and they are probably afraid to do it.

In fact, in the previous slap of the Captain of Law Enforcement Hall, the person in charge of the auction house was not unable to hide, but he did not dare to hide, because the consequences of hiding would most likely lead to the funeral of the entire auction house. He did not dare to gamble.

"Go, find everything out."

The people of the Hall of Law Enforcement rushed into the auction house one after another with high-sounding voices, just like bandits, and began to raid, but the people of the auction house didn't even dare to stop them, they could only watch them plundering, and could do nothing.

"These beasts."

Everyone gritted their teeth with grief and anger.

This situation is not only happening in the auction house, but also in other places in the ancient city. The law enforcement team is divided into multiple units and went to various forces to start snatching.

The void above the ancient Chinese city at this moment.

Hum!

An invisible wave flashed by, and four figures appeared here at some unknown time.

These four people wore white masks on their heads, and a grimace was outlined on the masks, which seemed to be smiling but not smiling, and crying but not crying. They were very strange. When people looked at them, they couldn't help but their hairs stood up, and they looked like they were being stared at by a demon. Like.

These four people are Qin Chen and his party.

In order to prevent their identities from being exposed, Qin Chen and the others put on masks while changing their faces, giving people a strong shock.

"Too arrogant."

Mokara's muscles are knotted, perceiving and sweeping down, the whole body blooms with coldness.

Below, the people in the Hall of Law Enforcement were looting wildly, and if they didn't follow it, they cruelly shot, which made people angry.

"The Skeleton Rudder Lord, Ancient Cangwu Emperor, you two go down and kill all the people in the Law Enforcement Hall, Mokara, you and I stay here to prevent the two sub-Hall Lords in the Law Enforcement Hall from escaping."

Qin Chen gave the order.

"Yes, master."

The Skeleton Rudder Master and Gu Cangwu Emperor laughed grinningly, and disappeared into the void in a flash.

After the two left, Qin Chen quickly took out the formation flags one by one, and threw them into the void around him, and secretly arranged a large formation over the ancient city to prevent Qi Xiong and Yuan Tuo from escaping.

Aspiring auction house.

The group of people from the Hall of Law Enforcement quickly searched out many treasures.

"Captain, everything is here."

Several members of the Hall of Law Enforcement sneered.

The person in charge of the Asking Auction House saw that all the items in the auction house were taken out, and his heart was bleeding, but he dared not speak.

"Take them all back." The leader sneered.

"Yes!"

Those team members were just about to take their things away, suddenly, huh, a figure suddenly appeared in the auction house and stopped in front of the people in the Hall of Law Enforcement.

The silent appearance of this person shocked everyone immediately.

"who are you?"

The Captain of the Hall of Law Enforcement was shocked, and drew out his weapon quickly, his eyes dignified.

The appearance of the other party was too weird, even he had never reacted to it, and he was wearing a mask with a grimace face, which made people shudder and feel uncomfortable.

"Who?" The masked man laughed hoarsely, and the laughter was cold, like the voice of the Nine Nethers, coming out of hell, giving people a strong sense of anxiety, and his entire body was erected.

"Naturally the one who killed you!"

He said word by word, the voice fell, his figure moved suddenly, his right hand protruded, his five fingers soaring black light, like a sharp blade, directly grabbing the leader's throat.

"Do you know who we are? Dare to act on our Law Enforcement Hall and be careful to punish your Nine Clan!"

The captain roared and had already been wary of the opponent's shots. At the moment when the black-clothed man shot, his blood was rising, his body's true essence burned, and he shot the sword in his hand for the first time and slashed out fiercely.

Boom!

The endless blade light is skyrocketing, turning into a terrifying black blade light that is more than ten feet long. The blade light contains an endless aura, like a sword demon regenerating, and it cuts down towards the man in black.

At the same time, the other members of the Law Enforcement Hall around also moved, and all kinds of true essences soared into the sky, turning into a gorgeous colorful torrent, almost simultaneously attacking the man in black.

I have to say that although the people in the Hall of Law Enforcement are cruel and domineering, they are indeed terrifying. In an instant, more than a dozen disciples shot at the same time, as if they had been drilled, so fast that they had no time to react.

"Jie Jie Jie, little skill of carving insects." The man in black grinned slyly, in the eyes of everyone's astonishment, indifferent to the surrounding attacks, and then grabbed the mighty black blade with his claws, with a click. Shattered, the next moment, the claws of the man in black have penetrated the law enforcement

The throat of the captain of the palace.

At this time, that endless attack fell on him.

Rumble!

As if the heavens and the earth were roaring, the terrible true essence fell on the man in black, but was blocked by the invisible power on his body, and the whole person was unscathed.

"what?"

Everyone was stunned, their eyes widened, and they couldn't believe their eyes.

The disciples of the court of law enforcement are all outstanding among the emperors. Under the joint hands, even the emperor can be killed in half a step, but he can't hurt the other side's hair?

"You are... Nine Heavens Emperor Wu, you dare to move me, are you afraid that my law enforcement hall will take you late?!"

The Captain of the Hall of Law Enforcement agitated Zhen Yuan and roared, blood dripping from his throat, he couldn't stop it.

"The Hall of Law Enforcement? The one who killed you was the Hall of Law Enforcement. Remember, it was my Heavenly Dao organization who killed you, and punished the wicked people like You." The voice fell, and the man in black shook his right hand. The captain burst into pieces in an instant, turning into blood mist in the screams.

[Chapter 1680: Punish rape](#)

"team leader!"

"The captain is dead."

"Go, go!"

All the law enforcement disciples in the auction house were shocked, looting in all directions almost simultaneously, very decisive and decisive.

Even the captain was beheaded by a single blow, and even if they joined forces, it would be useless. The top priority was to notify the two adults as soon as possible to behead this person.

"call out!"

In an instant, many law enforcement disciples put out signals and tried to ignite them. At the same time, they each performed their own stunts, turned into countless streamers, and quickly retreated.

"Jie Jie Jie!"

The black-clothed man gave a grinning laugh, his figure shook suddenly, hum, his body burst out with dozens of black glows, and each black glow shot at a law enforcement disciple.

It was too fast, I could only hear the puff puff sound. In just an instant, the more than ten law enforcement disciples did not even have time to release the signal. They were attacked by the black light, bursting into pieces, turning into blood mist, and miserable. Fallen in the cry.

"Too casual."

The man in black shook his head, then looked at the crowd at the aspiring auction house.

"Wow!"

Everyone was horrified, their faces pale, and they backed away in horror, their breathing stopped, and cold sweat was on their foreheads, for fear that the men in black would kill them.

"Don't worry, I am the Heavenly Dao organization, and my Heavenly Dao organization does not kill innocents, but just walks the path for the sky and kills the people of the law enforcement hall!"

After the words fell, the ancient Cangwu Emperor's figure shook, and he had disappeared.

"Tiandao Organization?"

"What kind of organization is this, why have you never heard of it?"

"A person who specializes in killing the law enforcement hall, hiss, is there such an organization in this world?"

After the ancient Cangwu Emperor left, all the talents came to their senses one after another, breathing in air-conditioning.

There are organizations in this world who dare to take action on the Hall of Law Enforcement? Even the Xuanyuan Empire and the Holy Land of Blood have disappeared recently. What is the origin of this Heavenly Dao organization?

Such a scene is also happening frantically in other places in the ancient China city.

Under the joint efforts of the Skeleton Rudder Master and the Ancient Cangwu Emperor, many law enforcement disciples fell one after another. In just a moment, more than two hundred law enforcement disciples fell, like cutting melons and vegetables.

In these days, the ancient Cangwu Emperor had already broken through to the initial peak Martial Emperor in his own cultivation, and the Skeleton Rudder Master had even reached the mid-level peak Martial Emperor realm. It was too simple to kill some of the law enforcement disciples who were only the Martial Emperor.

In an instant, all the law enforcement disciples sent out fell, and none survived.

At this moment, the news that an organization called Tiandao madly beheaded the disciples of the Law Enforcement Palace in the ancient Chinese city also spread out quickly.

"Go out and take a look!"

"The two main sub-hosts of the Hall of Law Enforcement are here, and there is bound to be a battle between the two sides."

"Don't miss it." Many powerful people in the forces such as Wending Auction House rushed out and stared at the three major family residences in the distance, because they knew that the other party's killing of ordinary disciples of the Law Enforcement Hall was just an introduction. Down, there will inevitably be a Wudi level

the amount.

"Master, fortunately to live up to the mission!"

At the moment above the sky, Lord Skeleton Rudder and Ancient Cangwu Emperor returned to Qin Chen and said respectfully.

When the two came back and forth, only half of the incense was not there. Many law enforcement disciples did not even have anyone who could spread the news.

"The next step is Qi Xiong and Yuan Tuo."

Qin Chen sneered and looked at the residences of the three major families below.

"Master, leave it to me, and the subordinates will force him out first." Gu Cangwu Huang said with a smile.

"Very well, Mokara, Skeleton Rudder Master, you two will hide first, and you will be used for the time being. Don't let the Law Enforcement Hall pay too much attention to us." Qin Chen said.

To deal with Qi Tuo, he and Ancient Cangwu Emperor are enough. If Mokara and Skeleton Rudder also take action, it will attract the attention of the Law Enforcement Hall and be targeted for the first time.

"understand."

Mokara and Skeleton Rudder nodded, and instantly disappeared into the void.

"Hey, master, look at me."

The ancient Cangwu Emperor grinned, then, he raised his hand, and the invisible power gathered on him, and then he slapped it down with a palm towards the mansion of the three major forces below.

Three family residences.

Qi Xiong and Yuan Tuo haven't received any news yet, but when the ancient Cangwu Emperor and Skeleton Rudder slaughtered the disciples of the Law Enforcement Hall, their hearts beat wildly, as if something bad was happening.

"Did something happen?"

The two frowned, and the two men who were wary by nature released their perception for the first time, which permeated the entire ancient Chinese city.

"what?"

The next moment, the two of them stood up suddenly, showing shock.

Many of the law enforcement disciples they sent out unexpectedly disappeared. Except for the two hundred Wuhuang remaining in the mansion, there was no one in the entire ancient city.

what happened?

The two of them were horrified, they just came up with this thought--

Boom!

Above the sky, an invisible atmosphere of depression suddenly appeared.

Then, a **** hand in the sky came out, terrifying, and suddenly slapped down at the location of their three major family residences, which was too violent.

"Damn it, who?!"

I have to say that Qi Xiong and Yuan Tuo reacted too quickly. They reacted in the first place. The two banged out a big **** hand and collided with the black palm.

boom! Two terrible palm shadows collided, violently roared and flashed, and endless ripples rippled in the void. When the two joined hands, they abruptly blocked this terrible palm shadow. At the same time, Yuan Tuo's palm penetrated the blockade and directly blasted. Towards the attack

.

boom!

However, in the next instant, a terrifying big hand appeared on Tianyu again, squeezed into a fist, exuding a chaotic atmosphere, and slammed down again, with a strong will!

Cang Dang!

Yuan Tuo's True Yuan hand was pierced all of a sudden, and the fist mark was terrifying, as if it contained an aura of extinction, with the meaning of endless killing, and instantly blasted down at the residences of the three major families.

boom!

The residences of the three major families were exploded in an instant, "Ah", the screams rang out. Some of the strong people in the Law Enforcement Hall still in the residence were too late to evade, they were directly exploded and turned into blood mist. .

"Who is it, dare to do something to my law enforcement hall!"

A stern roar sounded, Qi Xiong and Yuan Tuo, the two of them soared into the sky, their blood soaring, like two demon gods, rushing into the sky with anger.

The two of them displayed all their combat power in the first time, their bodies were full of blood, and they launched a strong counterattack.

"My Heavenly Dao organization is working on behalf of the heavens, punishing traitors and eliminating evil!"

Qin Chen sneered, and went down with Gu Cangwu Emperor. The two turned into two afterimages and collided with Qi Xiong.

Boom!

The void was almost torn apart, the sky and the earth were covered, only a few figures flickered.

Among them, Emperor Gu Cangwu met Yuan Tuo, and the two sides fought fiercely, very strong, and the two of you came and went, and they were evenly matched.

Although the ancient Cangwu Emperor has broken through the initial peak of Emperor Wu, Yuan Tuo is a powerhouse of law enforcement after all, and his cultivation is not weaker than that of the ancient Cangwu Emperor, and his cultivation techniques are also top-notch. The strength of the two is between the two. No one can do nothing.

But Qin Chen's side was different. Boom, Qin Chen punched out, and a terrible killing aura poured into Qi Xiong's body.

"what!"

Qi Xiong screamed, vomiting blood for the first time, and was shocked to fly out. This is too terrifying, shocked the outside world, it was only a blow, the Hall Master Qi Xiong of the Hall of Law Enforcement was actually injured.
