

Valkyrie 1681

[Chapter 1681: What else to fight](#)

This is terrible, everyone is shocked.

Qi Xiong, the sub-temple master of the Hall of Law Enforcement, was the prime minister of the early stage, and he was so powerful that he could easily kill Shi Zhong and other powerful emperors.

But now, he was seriously injured in a single blow, who was the person who was fighting against him, the mid-term Emperor Wu?

The outside world was shocked. They saw that Qin Chen was very strong, suppressing Qi Xiong's shot, guessing his realm, and they were extremely frightened.

"Who are you?"

Qi Xiong himself was furious, screaming sharply, his eyes horrified.

"Who? Naturally the one who killed you." Qin Chen sneered. Then he didn't say anything, his fist became stronger and stronger. In an instant, the sky was pierced, and the atmosphere of chaos filled, and countless people below looked up in horror. Shivering, under this pressure, I will faint

.

"It's too strong, where does this Heavenly Dao organization come from?"

Taikoo House.

The plump woman appeared, horrified as she watched the battle in the sky. She lived in Taikoo, with a profound background and knew a lot about the forces of the world, but she had never heard of such an organization as Tiandao, which seemed to emerge out of thin air, which was shocking.

"kill!"

Qin Chen is very powerful. The Nine Star God Emperor Art in his body moves, and every punch contains a terrible killing aura, which blasts into Qi Xiong's body layer by layer, causing him pain.

"what!"

Qi Xiong screamed, it was too tragic, just for a moment, his body was already dripping with blood, and the terrible fist power poured into his body, easily disintegrating his defenses and crushing his meridians. But Qi Xiong was even more shocked. Although the opponent's attack was terrifying, for some reason, he always felt that the opponent's realm was not high. Not only did he not enter the mid-term Wudi realm, even the nine-day Wudi realm seemed to have never been reached. One

Like.

This feeling is very weird and very hazy. Sometimes the opponent looks like a Nine Heavens Martial Emperor, and sometimes it seems that even the Nine Heavens Emperor Martial Emperor has not broken through, but just a half-step Martial Emperor.

This shocked him and felt weird.

"who are you?"

Qi Xiong couldn't help roaring in the fight, blood spilled from the corner of his mouth, and his whole body was embarrassed.

He roared: "Do you know who I am? I am the head of the Jizhou branch of the Law Enforcement Hall. I just started to deal with this emperor. Are you not afraid of destroying the nine races?"

The strong impact caused him to tear his whole muscles, and that terrible will to kill, madly eroded his true essence, causing him to panic and anger.

He felt that if he continued to fight, he would die. "Exterminate the nine clans?" Qin Chen sneered, "Just the Hall of Law Enforcement, who do you think you are? The supreme emperor? If you want to destroy the nine clans, you will destroy the nine clans. My Heavenly Dao organization, acting for the heavens, today represents the Tianwu Continent. For the ancient Chinese city, for

Many warriors who died unjustly across the continent avenged their lives. "

Qin Chen was in the shape of electricity, and suddenly approached Qi Xiong.

He began to fight hand-to-hand, because his purpose was not to kill Qi Xiong, but to capture him.

"Humph, do you think I'm afraid of you?"

Seeing Qin Chen coming close to his body, Qi Xiong was not surprised and rejoiced. His strongest was physical strength. If he kept fighting, he would not necessarily be the opponent's opponent, but he might not be afraid of anyone.

Hum!

A **** halo suddenly spread across his body. It was his bloodline-the bloodline of the Barbarian King. On the body, a series of scales immediately appeared, and a terrible breath revived in his body.

At the same time, his figure rushed forward, and the **** palm rushed towards Qin Chen for the first time.

I saw a red halo on his palm, faintly filled with a cold breath, exuding a heart-palpitating breath.

"This is... the breath of alien demon clan?" From Qi Xiong's attack, Qin Chen actually felt a breath of alien demon clan power. However, this type of practice was obviously improved and became suitable for humans. The cultivation of martial artists can bring a hint of coldness to the true essence of human beings.

It is of great help when playing at the same level.

Qin Chen thought about it. Originally, he wanted to block Qi Xiong's attack and then subdue him, but in an instant, he changed his mind. He did not evade and used his body to resist Qi Xiong's attack.

"What, is this kid crazy?" Qi Xiong was completely stunned. What he originally thought was to use his shots to drive Qin Chen away, and then join Yuantuo to join forces against the enemy, but he didn't expect Qin Chen to fail. I can't avoid it, my heart is overjoyed, and the true essence in the body is running wildly, with a fierce palm

It hit Qin Chen's chest.

boom!

There was a dull sound, and the endless regular breath rushed into Qin Chen's body in an instant along with terrifying power, and this power had a sharp destructive power, madly strangling Qin Chen's body.

Puff puff! The terrible blood and cold force stirred Qin Chen's body crazily, but he couldn't break Qin Chen's defense at all. The defense of the Immortal Saint Body was terrible, not to mention that Qin Chen had cultivated the Space Saint Body, Qi Xiong. At the beginning of the peak Wuhuang, fundamental

Can't hurt Qin Chen any minute.

"you....."

Seeing his palm, Qin Chen was unscathed, and Qi Xiong's eyes almost didn't burst.

Is this guy a monster?

Under the palm of his full strength, not to mention the early peak Martial Emperor, even the mid-term Martial Emperor would be injured, but Qin Chen was like a okay person, this... hell.

It must be an accident.

Bang bang bang! Then Qi Xiong made a frantic move. In an instant, dozens of hundreds of **** palm prints appeared in the void, bombarding Qin Chen like a bombardment, but what caused Qi Xiong to collapse was that under his frantic attack, Qin Chen except The robe was blasted torn apart

, The whole person was not injured at all.

"impossible!"

Qi Xiong went crazy with shock. How could there be such a terrifying defensive person in this world?

But the fact is before his eyes, so he has to believe everything in front of him.

His cold hair stood up, and he only felt a cold air rising from his tail bone.

What is this fight?

Under his full force, he couldn't even break the opponent's defense, and if he continued to fight, he would be exhausted, I'm afraid the opponent is still safe and sound.

Qin Chen also murmured. He felt the opponent's fist strength, and whispered: "Weird, the cold power of this alien demon race is perfectly combined with your own power. How did you do it?"

The power of the alien demon race and the power of the human race are inherently different, but Misty Palace can achieve a perfect fusion of these two powers. I have to say that Qin Chen is also surprised and feels very impressive.

"How do you know..." Qi Xiong was even more shocked, looking at Qin Chen in horror, how did the other party know that he had practiced the techniques of the alien demon race.

Whoosh, Qi Xiong rose to the sky, turned around and was about to flee here. He was shocked by Qin Chen's performance, and he didn't even have the courage to fight Qin Chen. At this moment, there was only one thought in his heart, that is, to leave here.

[Chapter 1682: Take one step](#)

"Yuantuo, let's go."

While flying by, he roared at Yuan Tuo, tearing open the void with his hands, and suddenly escaped into it.

"escape!"

Yuan Tuo was also furious. Although he and the ancient Cangwu Emperor were evenly matched, they could not help the ancient Cangwu Emperor. Now seeing Qi Xiong escape into the void full of blood, he roared and desperately repelled the ancient Cangwu Emperor. , And at the same time escaped into the void for the first time and ran away.

"Qixiong Branch Master."

"Hall Master Yuantuo."

Below, among the ruins of the three major families, there are nearly a hundred surviving law enforcement powerhouses who saw Qi Xiong and Yuan Tuo abandon them and leave on their own. Each panicked and roared, and hurriedly followed Qi Xiong and Qi Tuo. , Burst into all directions, wanting to escape here.

Want to go?

Qin Chen smiled. Seeing that the martial emperors were about to fly in all directions, suddenly, buzzing, array flags emerged in the void. These array flags turned into terrible arrays of light, instantly turning the law enforcement hall's Many powerful people surrounded it, and then crushed down.

"what!"

The screams screamed, and the endless array of light shining, like a large purgatory array, refining the ferocious sacrifices of many emperors, these law enforcement emperors struggled painfully, but were a little bit consumed by the power of the array. It became a blood mist and burst into pieces.

In just a moment, all the hundreds of law enforcement disciples fell, and no one fled.

So far, the hundreds of law enforcement disciples brought by Qi Xiong and Yuan Tuo have all fallen.

But Qi Xiong and Yuan Tuo rushed out in time when the light was rising, and escaped into the void.

"Master, how did you let Qi Xiong and Yuan Tuo go away?"

Emperor Cangwu suddenly came to Qin Chen's side and asked in doubt.

According to the original plan, Qin Chen wouldn't let the other party escape at all, and should be caught here directly.

"I changed my mind." Qin Chen smiled slightly: "Don't worry, they can't escape."

Qin Chen turned around and looked at the people in the ancient China city below.

Below, countless people in Ancient Huacheng raised their heads, looking at Qin Chen and Gu Cangwu Emperor in the sky, with shock and panic in their eyes.

Too tough.

In the previous battle between Qin Chen and Qi Xiong, although everyone couldn't see the situation clearly, it could be seen from Qi Xiong's stern roar and embarrassing figure that the two of the Heavenly Dao organization had won this battle.

In addition to defeating Qi Xiong and others, they also beheaded hundreds of Wu Huangs in the Hall of Law Enforcement here, leaving no one behind, and saved a lot of losses for the other people in Guhua City.

At this moment, everyone raised their heads to look at Qin Chen and Gu Cangwu Emperor, both shocked and grateful.

But also with fear.

Because they have never heard of the Heavenly Dao organization, and they don't know what the origin of this organization is. Although they drove away the two main hall masters of the law enforcement hall, will they be cruel to them like the law enforcement hall.

Everyone is nervous.

"Don't worry, everyone, my Heavenly Dao organization walks the path for the heavens and will never harm any innocent person."

As if he understood the thoughts in everyone's minds, Qin Chen said, his voice was like thunder, and it clearly spread to everyone's ears: "My Heavenly Path Organization, inherited from ancient times, is a hidden organization that has been secretly safeguarding peace on the mainland. For thousands of years, our Heavenly Path Organization has never been born, but it has always been concerned about the external situation.

"Now, knowing that the martial arts evildoers are rampant, the Misty Palace and the Law Enforcement Hall are colluding with aliens and ruining my martial arts people. Don't worry, my Heavenly Dao organization will definitely seek justice for everyone."

"As for Qi Xiong and Yuan Tuo who brutally killed innocent people in Guhua City, our Heavenly Dao organization will never let each other escape, and will definitely bring them to justice to comfort the spirits of the innocent people who died in Guhua City."

After Qin Chen finished speaking, he turned around and took Gu Cangwu Emperor into the void in an instant, and followed Qi Xiong and Yuan Tuo.

"Wow!"

As soon as Qin Chen and Gu Cangwu Huang just left, there was a loud noise from the entire Ancient Hua City.

"The Heavenly Dao Organization is actually a hidden organization inherited from ancient times?"

"The background is so big?"

"Great, so, our Tianwu Continent will be saved."

"The Hall of Law Enforcement finally has an opponent."

For a time, all kinds of excitement were endless.

Everyone is really excited. What the Hall of Law Enforcement has done in Guhua City these days is infuriating, while the attitude of other forces in the mainland is chilling. Now, one force has finally jumped out publicly and challenged the Hall of Law Enforcement. .

In an instant it became the hope of countless people in Wuyu, the backbone of everyone's hearts.

"Kill it, it's better to organize this Heavenly Dao organization to kill all the people in the Hall of Law Enforcement, so that those wicked people deserve their sins."

Many people spoke out with resentment. Of course, everyone said this in private, but no one dared to say so openly.

"The Heavenly Dao Organization, it's a bit interesting, but I have never heard of such an organization inherited from ancient times?"

Taikoo was in the middle, and the plump woman murmured, and soon a letter was sent back for the inquiry.

It's not just Taikooju.

In the ancient Chinese city, the chiefs of all the forces branched out the news here for the first time.

And when the people of Guhua City were excited.

There is a void deep in the mountains thousands of miles away from the ancient city.

Hum!

Two figures rushed out of the void in an instant, and one of the two people was covered in blood, blood-stained, extremely miserable.

Although the other one was much better, it was panting and looked quite embarrassed.

"Damn, this Heavenly Dao organization, I don't know where it came from, so it dared to oppose my law enforcement hall, and it was so ambitious."

Qi Xiong gritted his teeth, full of murderous aura, and the terrifying killing intent spread out, shocking the blood beasts within a hundred miles of panic and trembling.

"Qi Xiong, this time, we have lost a lot of hair."

Yuan Tuo also spoke, his complexion low and his face very ugly.

This time, they led hundreds of powerhouses in the two main halls to go to the ancient city of ancient China, powerfully beheading the three major families, with the goal of establishing power in the entire martial arts.

But now, although the two of them have escaped, it is estimated that all of the hundreds of disciples under the two have fallen. This is a blow to the Palace of Law Enforcement.

What made him even more frightened was that when the two of them returned to the Hall of Law Enforcement, they would inevitably be severely punished by the top of the Hall of Law Enforcement. At that time, he didn't know what punishment would be waiting for them.

"You can only count one step as one step."

Qi Xiong sighed, then gritted his teeth and said: "The most urgent thing is to send the news back to the headquarters, let the headquarters send experts to come and kill both of them, so that I can borrow the hatred in my heart."

Qi Xiong said viciously.

"I think the two of you may not be able to handle the hatred in your heart."

At this moment, a sound of sneer rang into the ears of the two of them, and they were immediately shocked.

[Chapter 1683: Is it hard](#)

who?

Qi Xiong turned around in horror and saw two figures slowly appearing in the void, it was Qin Chen and Gu Cangwu Emperor.

"Why are you following here?"

Qi Xiong and Yuan Tuo's faces instantly turned pale, then turned green, and finally turned black. They couldn't help but roar, they couldn't understand.

"Is it difficult? You go ahead, we will follow behind."

Qin Chen laughed.

"This is impossible."

Qi Xiong roared, Emperor Wudi of Nine Heavens shuttled in the void, and it would indeed leave traces of the void, but that also depends on people.

They come from the Hall of Law Enforcement, and their cultivation techniques are terrifying. They have been conquering the world all the year round to maintain law and order in the Martial Domain. They know nothing about tracking and hiding.

The two of them had already cleared away the traces behind them during the flight, and even the powerhouse of the mid-term Martial Emperor level, it would be difficult to find them.

But now...

The hearts that Qi Xiong and Yuan Tuo had put down instantly sank, and their hearts were frightened.

"Nothing is impossible." Qin Chen chuckled, and then his eyes cooled down: "I let you go before just to make it more comfortable when you do it, otherwise you think you can escape from the young master? Now, it's better for the two of you to be obedient and get rid of them, so that you can save yourself a little bit of pain.

Qin Chen entered the space with the rules of space, and controlled space far beyond Qi Xiong and the others. If they were not allowed to leave, the two might not even be able to escape into the void.

"Do you think this is holding us?" Qi Xiong roared.

His heart was cruel. Since he had been discovered, he would just run away again. He didn't believe that the other party could chase him forever. When he notified the senior officials of the Hall of Law Enforcement, the adults followed, these guys couldn't escape.

Thinking of this, Qi Xiong's body suddenly burned with terrible true essence, Yuan Tuo on the side also smashed, and his body exuded a terrible aura, the two of them instantly escaped into the void and were about to flee again.

"Mokara, Skull Rudder Master, do it, don't let them run away." Qin Chen put his hands on his back, did not do anything, just said indifferently.

"Yes, master."

In the void, there was a grinning laughter, and the next moment, booming, in the void beside Qi Xiong and Yuan Tuo, two huge black palms suddenly appeared, and they sternly grabbed and photographed them.

what? There are people hidden beside this, they haven't found it before?

Qi Xiong and Yuan Tuo were furious, and hurriedly wanted to escape into the void, but under the palm of their hands, the void seemed to freeze, and the entire world was frozen, confining them to death, unable to move. Humans exploded with terrifying power and blasted on the palm of the true essence, and couldn't shake them at all.

"impossible!"

The two roared, desperate and horrified.

With such strength, these two men are at least the mid-term peak martial emperor, and even more.

How terrible is the Heavenly Dao Organization?

But the two of them couldn't understand why the other party had such strength, why didn't they show up at the beginning, but didn't make a move until now.

Not waiting for the two to figure out why...

puff!

Qi Xiong and Yuan Tuo were imprisoned in an instant, and suddenly passed out. At the same time, Mokara and Skeleton Rudder came out of the void with indifferent expressions.

"Go, enter the universe and good fortune jade disc."

Qin Chen waved his hand, and everyone instantly entered the universe, disappearing.

"Hey, wake up, wake up two!"

A faint voice rang in the ears of Qi Xiong and Yuan Tuo. The next moment, Qi Xiong and Yuan Tuo suddenly woke up. At the moment they woke up, they suddenly rose to the sky, and at the same time they screamed towards the place where the sound came from. Throw a punch.

boom!

That punch slammed firmly on the opposite person, but the other person was unharmed, and Qi Xiong and Yuan Tuo only saw their environment at this time.

This is a white and white world, the world is empty, there is nothing, it doesn't seem to be in the previous mountain range, but like a secret realm, making the two people's hearts suddenly tight.

The two looked down. Below, four masked men sat there quietly, looking at the two with mocking eyes. Besides, beside the four, there was a black cat with eyeballs. Also with a sense of sarcasm, staring at the two of them, as if looking at two prey, with very naked eyes.

That's not even counted. In the void behind the four people, there was a certain giant faintly lying there. Between their breaths, it exuded a terrifying aura. The only natural aura that permeated made them both stand up. , I felt shocked.

"where is this place?"

Qi Xiong and Yuan Tuo looked at their surroundings vigilantly, Taoist Zhenyuan surrounded them, and asked in anger.

"You don't need to know what place is here. Now, I would like to ask them to come down for a description. I want to know something from them." Qin Chen said lightly.

"Hmph, although I don't know where this is, but I advise you, don't get into trouble, we are the sub-host of the Hall of Law Enforcement, the Hall of Law Enforcement, employed in the Misty Palace, no matter which force you come from and what background you have , It's hard to escape death." Qi Xiong said coldly.

While talking, he secretly took out a simple jade talisman from the storage ring, quietly activated the jade talisman, and passed the message outward.

This jade talisman was issued by His Highness the Law Enforcement Hall. Once activated, no matter where the person is, they can be sensed by the Hall of Law Enforcement and be quickly sent for reinforcements.

"Don't waste your energy, this young man's world is completely under Ben young's control. You can't send any messages at all, and don't expect anyone to save you."

Qin Chen said lightly.

"How do you know?" Qi Xiong's face changed, and then he realized that the jade charm he had activated could not send any messages.

"Huh, what your world, sneaky, do you think we will be deceived? Go!"

Qi Xiong gave a cold cry, and He Yuan Tuo wanted to tear open the void and escaped here for the first time, but his face changed after such tearing, because they found that they could not control the void at all.

How is this possible, they are the Nine Heavens Martial Emperor's powerhouses, and they can't tear the void.

"Ben Shao said, since you are here, you should obey Ben Shao's orders obediently. In Ben Shao's world, you can't make any waves." Qin Chen sneered and waved directly, Qi Xiong and Yuan Tuo felt nothing but invisible. The power of's instantly enveloped them, and the two of them couldn't move, and instantly pulled to Qin Chen's side.

"Now, if Ben Shao asks you something, you can tell Ben Shao what." Qin Chen said coldly.

"Hahaha, if you want to learn from us, don't think about it." Qi Xiong roared.

"Damn, Master, what are you doing so much nonsense with them, let the subordinates come down to torture them." Mokara snorted coldly, and Qi Xiong and Yuan Tuoqi snorted with the horrible breath, blood overflowing from the corners of their mouths.

[Chapter 1684: Empress adult](#)

The two looked at Mokara in amazement.

Just a cold snort, it shocked them, this is at least the powerhouse in the later stage of Emperor Wu, there is such a powerhouse in the Heavenly Dao organization?

What shocked them even more was the name Mokara, the later Wudi powerhouse actually called the person in front of him as the master.

Unknowingly, the two people set off rough waves in their hearts.

"No, let me do it myself. The two of them don't talk about it. It's good. I have hundreds of thousands of ways to let them both speak out."

Qin Chen sneered and began to torture.

In fact, if it hadn't been for Qi Xiong and Yuan Tuo to have soul ban in their minds, he would have searched for the souls of the two directly.

But he had just observed that the two souls have terrible restrictions in their souls, which are very complicated. Qin Chen didn't dare to act rashly, for fear that once the restrictions were triggered, the two of them would directly collapse their souls, and then they would lose all their efforts.

The question he wanted to ask was not something secret, it could be tortured after thinking about it, and would not trigger this prohibition attack.

Since Qi Xiong and Yuan Tuo didn't want to speak, Qin Chen didn't bother to talk nonsense and directly began torture.

"what!"

A roar of pain sounded in the jade disc of good fortune in the universe, Qi Xiong and Yuan Tuo rolled in pain, the skin on their bodies bulged up one after another, and black silk appeared on the two of them. He roared violently, convulsing all over.

No matter how they roared, their voices were imprisoned in this void, unable to spread.

In this universe of good fortune jade disc space, Qin Chen is the only one in this world. He is the controller of the rules and can torture others at will.

In front of Qi Xiong and Yuan Tuo, Qin Chen looked at them coldly, with indifferent expressions, while the Mokara next to them had a smile of excitement at the corners of their mouths, and their expressions were eager to try.

Torture people, they can't want to play such a fun thing.

Qin Chen used some methods on the two of them for a full half an hour before stopping to shoot, and then pointed to the center of their eyebrows. The intense pain instantly disappeared like the tide, making the two of them return from **** for an instant. To heaven.

"Devil, you are demons." Qi Xiong and Yuan Tuo roar weakly, their eyes cold and vicious?

"Devil, compared with your methods, Ben Shao feels like an angel, how about it, do you two want to talk about it?"

"I bother!"

Qi Xiong and Yuan Tuo spit out at Qin Chen at the same time, but before the saliva was spit out, they went back the same way, and suddenly entered their throats, making their faces flushed and painful.

"Ben Shao said, here, you are not qualified to start with Ben Shao." Qin Chen frowned slightly, and then smiled again: "It looks like you don't want to say it yet, but it doesn't matter. It was just an appetizer. I still have many methods that I can use slowly on you, and this young master can guarantee that you will not die, and you will feel the pain clearly, not in a hurry, not in a hurry."

Qin Chen said with a smile.

Qi Xiong and Yuan Tuo trembled inexplicably, but their eyes became even crazier: "Haha, you can use it if you have it, but even if you kill us, we won't tell you anything. I want to get it from us. Any secret, that is dreaming."

"Is it?"

Qin Chen smiled faintly, and pointed out again, a terrible soul power entered the two people's minds, and the two of them rolled in pain again, their expressions distorted, and screamed sadly.

On the side, the eager Mokara and Skeleton Rudder frowned: "Master, your method doesn't seem to work very well. It's better to change to us. We promise to find out the memories of the two within Banzhuxiang. ."

The faces of the two of them were extremely excited, and there was a feeling of eagerness to try.

"Soul searching is useless." Qin Chen shook his head: "Soul searching must be useful. I have searched souls earlier. Both of them have two very strange soul restrictions in their minds. If you search for the soul, the seal will forcibly explode the soul of the other party, leaving you with nothing."

Qin Chen knew Shangguan Xier's methods very well.

For senior figures, she will never give up precautions.

In Wuyu, the Hall of Law Enforcement is equivalent to the executioner of the Misty Palace. There are many lives and secrets in their hands. The Misty Palace will never allow the members of the Hall of Laws to reveal any secrets, so their restrictive methods are also very strict. sinister.

"So cruel?" Mokara frowned. Isn't this law enforcement palace too cruel?

So, it can only be tortured?

"Come down and have a look."

Mokara's soul power permeated in, perceiving the souls of the two, and this perception shocked.

"Master, the soul restraint in the minds of these two people seems to be the soul restraint spell of my alien demons!" Mokara said in surprise.

"The soul-forbidden spell of your alien demon?" Qin Chen looked over, "Are you sure?"

"It can't be wrong, Yong Ye, come and take a look." Mokara greeted.

The Skeleton Rudder master also stepped forward, perception penetrated into it, and nodded immediately, saying: "It is indeed similar to the Soul Forbidden spell of my alien demons, but it seems that after changes, there are many different places, and..."

Speaking of this, Skeleton Rudder's tone suddenly became a little heavy: "The intensity of this forbidden soul spell is still higher than that of me and Mokara. It is said that the forbidden person will be planted, and in terms of soul attainment, it will exceed me. And Mokara."

"Better than you and Mokara?" Qin Chen frowned slightly, "Then you two can break this restriction?"

"You can give it a try, but it's difficult. In all likelihood, you will fail. The probability of success should be only about 20%." Skull Rudder said.

"Too little." Qin Chen shook his head.

After finally catching these two people, Qin Chen didn't want to be radicalized and lead to abandonment of all his previous achievements.

He looked at the **** cat: "Big black cat, do you have any idea?"

"In terms of soul, I don't know very well, Lao Yuan shouldn't know it very well. If it's the heyday, if it is the heyday, I will break this restriction easily. As for now..." Big Black Cat shook his head.

It is best at space and soul, not its strong point.

"If that's the case, then don't rush." Qin Chen said lightly: "Slowly torment, I don't believe these two people, they can keep their mouths tight."

After the words fell, Qin Chen once again relieved the pain of Qi Xiong and Yuan Tuo. The two of them had passed out in a coma, and they were completely paralyzed there, unable to move.

"What's the use of keeping secrets, do you know how ridiculous what you call keeping secrets?" Qin Chen sneered.

"Hahaha, I want to get any information from us, that's nothing to imagine..." Qi Xiong and Yuan Tuo coughed up a mouthful of blood, looking resentful and ferocious, "Wait for the sirs of the Hall of Law Enforcement to find you, no matter where you come from and what background you have. , Identity, if you offend my law enforcement hall, you have to die!"

"It seems that you still don't understand." Qin Chen sighed suddenly and mocked: "Where do you think we will come from? Bloodline Holy Land? Xuanyuan Empire? Hidden Family? Or Dark Abyss?"

"Neither." Qin Chen's face suddenly showed a chilling weird smile: "Actually we... come from Misty Palace!"

When the words fell, Qin Chen nodded to the skeleton rudder on the side.

"Jie Jie Jie!" The Skeleton Rudder master suddenly grinned, and the black demon energy diffused from it, and the whole person instantly changed into the appearance of a different demon race.

[Chapter 1685: Soul controls the mind](#)

The black demon energy is vertical and horizontal, with a breath of coldness, permeating this small world, the skeleton rudder master recovers his true body, and the terrifying body of the alien demon race contains explosive power, which is clearly presented in front of Qi Xiong and Yuan Tuo.

"you you....."

Qi Xiong and Yuan Tuo showed horror expressions, staring at the Skeleton Rudder Master in amazement, with incredible fear in their eyes.

"It's impossible... You... Are you a foreigner?"

Qi Xiong and Yuan Tuo, as the sub-hosts of the Hall of Law Enforcement, belong to the top of the Hall of Law Enforcement, but they are not the core senior members. Therefore, they don't know much about the mysterious black man in the Hall of Law Enforcement.

But even if they don't know much, they have vaguely heard of something, that is, there is a mysterious department in the Law Enforcement Palace. This department is very mysterious and is in charge of the exclusive Misty Palace. It is said that these people and the legendary aliens are inextricably linked. The relationship is a taboo in the Palace of Law Enforcement.

But they haven't really seen it, and they just doubt it.

Until the opening of Guyu Realm, disciples of Misty Palace and Law Enforcement Hall came to Guyu Realm. Qi Xiong, the master of the Jizhou branch hall, came to meet him. He saw the mysterious group of people in black with strange breath and coldness. After strength, Qi Xiong vaguely believed this rumor.

When the ancient Yu realm ended, all the major forces reported that the men in black in the Hall of Law Enforcement were aliens. After cruelly injuring the powerful forces in the ancient Yu realm, Qi Xiong completely believed all this.

The mysterious department specially arranged by the Misty Palace in the Hall of Law Enforcement is an alien.

Now, the Skeleton Rudder Master showed the attitude of an alien race in front of Qi Xiong, and Qi Xiong was shocked immediately.

"How is it possible, how is this possible?"

Qi Xiong and Yuan Tuo looked at each other, their eyes widened, and their bodies trembled involuntarily.

In their subconsciousness, the Lady Empress cooperated with the alien demon, and even arranged for people to enter the law enforcement hall, then the alien demon must be on the same line as the female emperor.

But now, these alien demons actually attacked their law enforcement disciples, which collapsed what they had always believed in.

"Jie Jie Jie, there is nothing impossible. I will wait to clean the Law Enforcement Hall in the name of Lady Empress, but I can't reveal the true face. I can only pretend to be a mysterious organization." Skeleton Rudder Master Jie Jie Guai laughed.

"Why is the Lady Empress cleaning our law enforcement hall?" Qi Xiong and Yuan Tuo murmured.

"It's very simple. During the trip to the ancient Yu world, the Hall of Law Enforcement has exposed the facts of colluding with the alien demons. Although the Lady Empress has won, the people of all major forces are very clear that there are indeed alien demons in the Hall of Law Enforcement. To restore the trust of the major forces and continue to paralyze them, we arranged for me to wait for the cleaning of the Law Enforcement Hall. You just happened to hit the muzzle." The Skeleton Rudder master grinned.

"Our Law Enforcement Hall is fighting for the Empress, how could the Empress do this."

Qi Xiong and Yuan Tuo roared, unwilling to believe them.

"Hahaha, when you fight in the four directions, the Hall of Law Enforcement is just a knife in the hands of the Empress, and a dog under her command is like that chamber pot. When used, it is easy to use. After it is used, I feel sick and want to kick it. Open, now that your chamber pot has been exposed, the Lady Empress will naturally clean it up, do you understand?" Skeleton Rudder said every word.

"I don't believe it, you are lying to us, you must be lying to us."

Qi Xiong and Yuan Tuo shouted hysterically.

"If you don't believe it, what about this one?"

Qin Chen sneered, took out something, hum, an invisible force instantly permeated Qi Xiong and Yuan Tuo.

"Seven Orifice Linglong Ball...impossible!"

Qi Xiong and Yuan Tuo suddenly lost sight of the Qiqiao Linglong Ball in Qin Chen's hands.

If it is a stranger who can't prove that the other party is a Misty Palace, then this thing in front of you can never be wrong.

The Qiqiao Linglong Ball is one of the most treasures of the Misty Palace. It can monitor the world within a certain range and communicate with all the disciples in the Misty Palace. Generally, only the core figures in the Misty Palace can control such treasures.

The most important thing is that the control method of the Seven Orifice Linglong Ball is very complicated and requires special means. Except for the core personnel of Misty Palace, other people can't control it even if they get it, but now, the person in front of it can control the Seven Orifice Linglong Ball.

This shows that the other party must be from the Misty Palace, and there is absolutely no other possibility.

In an instant, Qi Xiong and Yuan Tuo's pupils suddenly spread, and their minds instantly collapsed.

They couldn't think of the fact that this group of people who killed hundreds of members under their command turned out to be from the Misty Palace, and they were also the high-level people of Misty Palace, so what's the meaning of the secrets he kept so hard?

wrong!

Suddenly, Qi Xiong and Yuan Tuo vaguely felt something wrong, that is, if the other party is really a member of Misty Palace, why bother to torture them? You should know everything about the Law Enforcement Palace and Misty Palace.

As soon as this idea came up, I had not had time to realize what was going on.

"Wan Shen Jue—The soul controls the mind!"

Two invisible souls surged into the minds of the two of them, and the soul power of the ninth rank instantly bewildered their minds.

The eyes of the two became misty in an instant, as if they had lost their thinking.

"Finally succeeded!"

Qin Chen breathed a sigh of relief.

"Master, have you enslaved the two of them?" Skeleton rudder master and Mokara showed awe, isn't this forbidden soul spell uncontrollable?

wrong!

But soon the Skeleton Rudder Lord and Mokara felt that something was wrong. The soul power of the two still existed alone, not enslaved, but only briefly bewildered.

"I only temporarily controlled their minds." Qin Chen also said softly.

But even so, it still surprised the Skeleton Rudder Master and Mokara. The two were also powerful in the Nine Heavens Emperor Wudi, and possessed the Forbidden Soul Curse in their souls. The difficulty of confusion was at least several times stronger than that of the normal Emperor Wudi. Can not be easily confused, the owner is simply terrible.

Qin Chen wiped the sweat from his forehead. In fact, it was not easy for him to confuse the two.

Qi Xiong and Yuan Tuo, as the early peak martial emperors and members of the Hall of Law Enforcement, must have very firm willpower. If they want to confuse their spirit power, a simple soul impact will never work, but will touch the Forbidden Soul spell in his body.

That's why Qin Chen first tortured, then pretended to reveal his identity, and then invaded them at the moment when their minds collapsed.

Sure enough, he was finally able to confuse the two people's minds.

"Let's talk about it, what happened to the disciples in Misty Palace and Law Enforcement Hall after the trip to Guyu Realm? Do you know the specific news?"

Qin Chen took a deep breath and separated the two first. A bewildering voice instantly reverberated in Qi Xiong's mind.

The entire time of confusion cannot be too long, Qin Chen must ask what he wants to know in such a long time.

[Chapter 1686: Go hunting](#)

In addition, Qin Chen had to control his own problems, and could not touch the core secrets of Misty Palace and Law Enforcement Palace, otherwise it would trigger the onset of the Forbidden Soul Curse and directly cause the souls of the two to collapse.

Therefore, Qin Chen deliberately separated the two. If one accidentally collapsed, there was another person to avoid the risk.

After half an hour.

Qin Chen had already found out about Ji Ruyue and You Qianxue.

After the trip to the ancient Yu world, Miomi Palace attached great importance to these disciples. All of them were brought into the core disciples area of Miomi Palace for training. Ji Ruyue should have been brought back to Miomi Palace, but Ji The senior family members appeared and brought Ji Ruyue back to the Ji family for training and retreat.

"In that case, Qianxue should still be in the Misty Palace, while Ruyue was taken back by the Ji family."

Qin Chen faintly worried.

The so-called vigorous training does have the meaning of training, but it is also monitoring this group of disciples, because they are aware of the collusion between the Misty Palace and the alien race, and the Misty Palace will naturally not allow them the opportunity to talk outside. .

And Ruyue, should have been taken to the Misty Palace, but the Ji family appeared and took him back.

"In this way, the Ji family must know the relationship between Misty Palace and Alien Demon Race, otherwise Misty Palace cannot agree to Ji family's taking Ruyue back."

Qin Chen's heart sank.

The Ji family actually cooperated with the alien demons?

Think about it, as one of the senior officials of the Hall of Law Enforcement, it's impossible for the Ji family to not know the situation of the alien demon. It's just that Qin Chen still doesn't know how deep the cooperation between the Ji family and the alien demon is. Use of Misty Palace, or completely participate in it.

"So the safety of Ru Yuet can be guaranteed for the time being, and if it is dangerous, it will be Qian Xue.

Qin Chen frowned.

To find out Qianxue's safety, he must enter the Misty Palace. This is not a simple matter.

"It looks like I have to take a trip to Ji's house."

The Ji family had a good relationship with Qin Chen in the previous life. Naturally, Qin Chen didn't want the Ji family to be involved in it. At the same time, he also wanted to know about Qianxue from Ruyue.

After knowing these contents, Qin Chen began to inquire about other conditions of the Hall of Law Enforcement.

Qi Xiong and Yuan Tuo are just the sub-hosts of the Hall of Law Enforcement, and they don't know the true core information of the Hall of Law Enforcement, but most of the information is still clear.

Soon, Qin Chen had an intuitive understanding of the current situation in the Hall of Law Enforcement.

With this understanding, Qin Chen suddenly gasped.

The development of the Hall of Law Enforcement in recent years has been very terrible, and it has penetrated into every corner of the mainland, and the entire military domain is spread across the sub-halls of the Hall of Law Enforcement. Moreover, the Hall of Law Enforcement has cooperated with many top forces.

Moreover, the Hall of Law Enforcement is currently implementing another plan, which is to secretly control the great emperor-level forces in the martial arts, and control all ordinary emperor-level forces such as the ancient city of China in their own hands.

Once this plan is successful, the entire Martial Domain will become the world of law enforcement palace.

What was even more shocking to Qin Chen was that under Qin Chen's inquiry, he also asked another thing. Among the many orders from the headquarters of the Law Enforcement Palace, one of the orders was to investigate Qin Chen.

This made Qin Chen stand up suddenly.

The Hall of Law Enforcement is actually investigating him?

This made his heart sink instantly.

In particular, in addition to investigating him, everything related to him must be handed over to Misty Palace once inquired.

"Unexpectedly, I was already very cautious, but still attracted the attention of Misty Palace."

In order to reduce the exposure, he had already pretended to be dead in the Guyu Realm, but he did not expect that he was still stared at by Shangguan Xier.

How much does this guy remember the name Qin Chen?

The only good news is that this order, behind many orders, does not pay much attention to it, and the current situation of the mainland is the main concern of the Palace of Law Enforcement, and the control of the major emperor-level forces.

"No, I can't let Misty Palace free up and continue to inquire about my news."

Qin Chen's eyes flickered coldly.

Using the methods of Misty Palace and Law Enforcement Hall, although they don't have much power in the Northern Heavens, as long as they are given time, they will definitely be able to investigate all of his actions and the news of Wang Qiming and You Qianxue. By that time, your friends are bound to be in danger.

Even more dangerous is You Qianxue.

The above Guan Xi'er's suspicious character, maybe something will happen.

"It is necessary to divert the attention of Misty Palace so that they can focus on other places."

After asking a lot of questions, Qin Chen began to ask some more important questions.

However, he just asked a question.

"what!"

Yuan Tuo let out a scream and woke up directly. Then, there was a look of horror on his face, the forbidden soul curse in his mind broke out, and his soul burst instantly and fell on the spot.

This is the condition that triggers the Forbidden Soul Curse. Once someone wants to tell the secret, the Forbidden Soul Curse will happen for the first time, not giving others a chance to tell the secret.

At this time, Qi Xiong on the other side finally came to his senses. He looked at Yuan Tuo whose soul was annihilated, and Qin Chen not far away, and said angrily: "What the **** did you do to us?"

The previous mind was in chaos, and he didn't remember what he did. The only thing he could remember was that he seemed to say a lot of things that he shouldn't say.

"Hehe, just asked some questions I want to know."

Qin Chen came to the front, and an invisible spirit power wave suddenly shot out from his eyes, and it plunged into Qi Xiong's mind.

"Soul Seal!"

An invisible soul force began to entangle into Qi Xiong's soul.

Since he can no longer ask more, Qi Xiong has no use value. Qin Chen also wants to see if his Wanshen Art can crack the Soul Forbidden spell in Qi Xiong's mind and enslave it.

It's just that before Qin Chen engraved his soul power brand into Qi Xiong's mind, a dark soul rune in the depths of Qi Xiong's mind instantly lit up, as if he felt Qin Chen's enslavement and wanted to give Qi Xiong's soul Shattered.

"Myriad Gods, the power of destroying souls."

Qin Chen shouted angrily, trying to prevent the destruction of this soul power, a series of terrible forbidden crazy collisions, and began to eliminate the power of this soul rune.

But it's useless.

The power of the Forbidden Soul Curse was so fast that Qin Chen could only stop a small half, and the remaining half had already penetrated into Qi Xiong's soul.

"boom!"

Qi Xiong's soul was instantly annihilated under this terrifying power, and his soul flew away, and the terrible soul impact was directly blasted towards his soul along Qin Chen's soul power channel.

Qin Chen's soul sea surged suddenly, and it blasted this soul into an instant.

"It's a pity, only a little bit."

Qin Chen frowned, and vaguely understood something. If he was given a few more opportunities, he would be sure to break this forbidden soul curse.

"In that case, go out hunting."

Qin Chen's eyes flashed and he made a decision.

[Chapter 1687: Uproar](#)

Whoosh whoosh!

In the boundless mountains, several figures appeared, it was Qin Chen and his party.

"Master, what shall we do next?" Mokara and Skeleton Rudder were eager to try and said excitedly.

In the previous battle, they were simply not addictive.

"Next, this young master naturally has a plan. You stay safe and not restless." Qin Chen pondered slightly, and then took out a map of the Martial Domain.

From the mouth of Qi Xiong and others, he already knew the location of the Hall of Law Enforcement in the many branch halls of Wuyu. Although not all of the branch halls, all the locations of the many branch halls near Jizhou have been clearly understood.

"Since the Misty Palace is asking the Hall of Law Enforcement to inquire about my news secretly, if you want to stop the other party, you must make the Hall of Law Enforcement not available. If you want to do this, it is naturally not possible to simply make a small mess. For the palace, it's best to remove multiple sub-temples one after another and directly fight the law enforcement palace."

"In this way, the Hall of Law Enforcement will inevitably be furious and panic. Under the other troubles, naturally there will be no energy to investigate me anymore."

Qin Chen's eyes were cold, his whole body glowing cold.

At this critical moment, as long as he scorches the Law Enforcement Palace and Misty Palace, the other party naturally has no energy to inquire about his news, and his friends are naturally safer.

Of course, besides this, there is another important thing for Qin Chen now, and that is to go to Ji's house.

The Ji family is a hidden family, and its family headquarters are very secretive. The entire Tianwu Continent knows no more than five fingers.

However, Qin Chen had a good relationship with the Ji family in his previous life, and he and Ji Wuxue were even better friends, so he naturally knew the location of the Ji family.

"In this way, come here. Next, we will be divided into five groups..."

Qin Chen took out the map and began to give orders to the three of Mokara, and brought the **** cat into it, letting it go to some places to spread public opinion.

"The kid surnamed Qin, what is this about my cat? You can't go by yourself?" The **** cat was speechless, very upset, and said he wanted to refuse.

"Master Cat, you have to go to some things. Think about it. The Hall of Law Enforcement is superb and there are many strong people. If I wait to spread the news, it is easy to be targeted, but you are different. With your strength, even It is the top Wudi of the Hall of Law Enforcement in front of you, and he may not be able to catch you. Do you think this is the reason?"

Qin Chen kindly persuades each other.

No way, although Mokara is powerful among the crowd, if the Misty Palace and the Hall of Law Enforcement jointly set a trap, the strength of Mokara will be exposed even if it is strong.

But the **** cat is different. With its talents, as long as it is not for mainland giants such as Shangguan Xier and Feng Shaoyu, it may not be able to catch even a single piece of its hair. It is the safest.

The **** cat was not happy at first, but finally reluctantly agreed with Qin Chen's good words.

And when Qin Chen was preparing to calculate the law enforcement palace.

The news that an organization called Tiandao attacked Guhua City strongly and killed hundreds of law enforcement disciples in Guhua City, like a gust of wind, spread out instantly centered on Jizhou.

When the news broke, the whole Wuyu was shocked and was in an uproar.

How can this ancient city cause trouble so much?

In the beginning, there was the Tianjiao of the Xuanyuan Empire, who insulted the Hall of Law Enforcement, and killed the apprentices of Qi Xiong, the head of the Hall of Law Enforcement in Jizhou, causing a sensation.

Next, the two main halls of the Hall of Law Enforcement took action together, coming to the ancient Chinese city strongly, destroying the three major families of the ancient Chinese city, and shocking the world.

But now, only a few days ago, all the disciples of the two main halls of the Hall of Law Enforcement have been killed by an organization called the Dao of Heaven. Even the main halls of Qi Xiong and Yuan Tuo have fled in embarrassment. I don't know the news, this is reversed. It's almost like watching a blockbuster movie, which makes people overwhelmed and dazzled.

"My God, what kind of ruthless man is this, dare to attack the people in the Hall of Law Enforcement, do you want to kill?"

"The Hall of Law Enforcement is a knife of the Misty Palace. People from the Heavenly Dao organization and those who dare to move the Hall of Law Enforcement are not afraid of being destroyed? Even the top forces such as the ancient Fangjiao cannot escape the destruction of the Misty Palace. This Heavenly Dao organization What kind of?"

"It is rumored that this Heavenly Dao organization, acting on behalf of the Heavenly Dao, comes from ancient times and is a certain hidden power, but how come the old man has never heard of it before?"

"Hehe, what kind of Heavenly Dao organization, maybe it's a certain top force, secretly disguising and fighting against your Highness Law Enforcement, but wanting to cause trouble?"

"Hi, it's really possible."

All the major forces in the martial arts shook and discussed.

Even more shocked was the Hall of Law Enforcement.

Hundreds of disciples were beheaded to kill Guhua City, shocking the Martial Domain, causing the Hall of Law Enforcement to jump like thunder. The news was passed back to Misty Palace. It was even heard that the Empress was also furious and wanted to bring the murderer to justice.

"Bold and reckless, no matter what force, dare to move people in my law enforcement hall, my law enforcement hall will not forgive him, even if he traces to the ends of the world, he will be broken into pieces and severely punished."

Only on the second day, there were high-level officials from the Hall of Law Enforcement who expressed their stance, angrily, and made it clear that they wanted the other party to look good. If it was found that the top power was involved, they would never be merciless.

"There are also Qi Xiong and Yuan Tuo, immediately report back to the Hall of Law Enforcement to explain the situation."

The Hall of Law Enforcement continued to give orders to the public, because they could not find the traces of Qi Xiong and Yuan Tuo.

But who knows it has just been publicized, and the outside world has caused big waves.

Because, Qi Xiong and Yuan Tuo's heads were hung on the head of a city in Jizhou at some point in time. They were bloody, glaring, and staring.

Before the two of them died, their faces were hideous, as if they had experienced tremendous pain, and their eyes were full of fear, which made people shudder.

Moreover, someone made some remarks after leaving two heads.

"Don't wait, Qi Xiong and Yuan Tuo have been killed by us. If you want them to explain the situation, you can go to the **** to find two. The law enforcement hall is full of evil and evil. I must be able to find each other in the eighteenth hell. Worried about getting lost."

This caused an uproar in the world.

Didn't the two main hall masters of the Hall of Law Enforcement escape? Was the Taoist organization crazy that day when he was tracked up and killed directly, and showed the public like this?

This is the master of the two major divisions of the Hall of Law Enforcement, a powerful Nine Heaven Emperor Wudi, shocking and shocking.

For an instant, people from all major forces in the Martial Domain dared not move, and were cautious, for fear of being suspicious of themselves by the Hall of Law Enforcement.

And the controller of the city where the head was hanging was even more scared. When he saw the scene of the city head, he couldn't stand still, fell to the ground, his legs were weak, and he needed someone to help him.

That controller was also a powerful Nine Heavens Martial Emperor, but he couldn't even stand still. How terrified and scared this was.

"Sir, do you want to take these two heads off and keep them?" The next person suggested, trembling.

[Chapter 1688: take full charge of](#)

"Take it down? If the Hall of Law Enforcement accuses us of moving the evidence, who will let you take this person?"

The Emperor Wu of the Nine Heavens screamed at his subordinates, and his heart was terrified. In the end, he let the two heads of Qi Xiong and Yuan Tuo hang high above the city gate, and did not dare to move. .

The only good news is that he had already taken refuge in the Hall of Law Enforcement earlier, and the Hall of Law Enforcement would not vent his anger on him.

"what!"

The news came back to the Hall of Law Enforcement, and the whole Hall of Law Enforcement shook. Rumor has it that roars came from the Hall of Law Enforcement.

"Wanted, wanted me on the whole continent, no matter who you are, you are dead."

The executives of the Law Enforcement Hall were mad and shouted to the outside to severely punish the murderer.

Moreover, the Hall of Law Enforcement quickly mobilized the team and rushed to Jizhou quickly to lay a net to find the real culprit.

One after another, the law enforcement hall disciples have fallen, making the law enforcement hall completely angry. If the murderer is not found, the prestige formed by the Misty Palace and the law enforcement hall in the previous top-level battle will be shaken, and this will never happen. .

Therefore, the Hall of Law Enforcement put aside the things at hand, the so-called Heavenly Path organization wanted all over the world, the team quickly assembled, and soon, the masters of the nearby Hall of Law Enforcement were directly recruited and were about to enter Jizhou.

But what happened next caused an uproar again.

"Huh, the Hall of Law Enforcement is embarrassed to want me to wait. I am organized by the Heavenly Path to help the Heavenly Path. I dare to want my members of the Path of Heaven. I really don't know how high the heaven is. Waiting for my Heavenly Dao organization to carry a knife to kill."

Qin Chen stood up and issued a statement, and the news quickly spread to all parts of the Wu domain.

Everywhere in the Martial Domain, people can't help being in a daze. Isn't this Tiandao organization too outrageous? Is it openly declaring war on the Hall of Law Enforcement?

"Okay, I want to see how you come to kill the people in my law enforcement palace."

The Hall of Law Enforcement was very angry, these guys were too hateful, bold and ignorant.

"The murderer is still in Jizhou."

The Hall of Law Enforcement launched an intelligence network and immediately investigated the location of the person who made the call. The crusade army sent by the top of the Hall of Law Enforcement quickly assembled here to search for the murderer and severely punish Qin Chen and his party.

"Dogish!"

Many masters in the Hall of Law Enforcement are clamoring, vowing to teach the Heavenly Dao organization the cruelest lesson, death is not a harsh punishment, to make the people of this organization regret coming to the world.

"As long as you dare to show up, kill them all!" The top powerhouse of the Law Enforcement Hall also gave an order with a gloomy face. Although the Law Enforcement Hall does not say that it can order all the forces in the Martial Domain, there are almost no forces that dare to provoke him. Naturally, it must be wiped out in the infancy.

The major forces heard this news, this night cannot be quiet.

The military domain is very large and vast. It is difficult for news to spread throughout the military domain in an instant, but the major forces are paying attention to this matter, not passively accepting the news, but actively investigating, so the impact is great.

Since the ancient Fangjiao was destroyed in the first battle a few months ago, many forces in the martial arts have died down, and they have not even had the courage to fight the law enforcement palace.

Nowadays, there is finally a force to come forward, and everyone wants to see whether this so-called Heavenly Dao organization can stop the court of law enforcement.

"Law Law Enforcement Hall, please come, I will warn you first, you have a pair, a dead pair, a pair, a dead pair, and you have to attack the headquarters of your Law Enforcement Hall, otherwise, how can my Heavenly Dao organization talk about acting for the sky?"

Qin Chen spoke ruthlessly to attract the attention of the Hall of Law Enforcement, so that the Hall of Law Enforcement should pay attention to this matter and have no time to take care of others.

After getting the news, the Hall of Law Enforcement was really angry. Some high-ranking high-ranking officials almost committed a heart attack. Obviously, the Hall of Law Enforcement lost two subordinates, and even the two main subordinates have fallen. Why is this Heavenly Dao organization so aggressive now? Feeling wronged?

Undoubtedly, the Hall of Law Enforcement naturally attaches great importance to discussions, and immediately counterattacked, stating that the Heavenly Dao organization was compiled by gangsters. There is no such force on the mainland. Reversing black and white, beheading his law enforcement disciples, this is death!

"There is too much nonsense. The law enforcement hall will fight if you want to fight. There are so many Haws. Are you afraid of my Heavenly Dao organization? Master, I'm waiting here!"

After that, Qin Chen spoke again, indicating that he would wait for the Hall of Law Enforcement to come and do a big job.

"what!"

The people in the Hall of Law Enforcement were furious, roaring, and the other party was provoking.

Some strong people in the branch hall of the law enforcement hall near Jizhou couldn't help it, and before the arrival of the high-level powerhouse of the law enforcement hall, they directly led people into the territory of Jizhou to find the murderer directly.

Because of the fall of Qi Xiong and Yuantuo, the senior officials of the Hall of Law Enforcement attach great importance to their opponents. Although provoking, they secretly order the team of the Hall of Law Enforcement near Jizhou not to attack rashly and wait for the strong from the headquarters to

come. But now, the disciples of the Hall of Law Enforcement nearby are really pressing Can't help it anymore.

They entered the territory of Jizhou overnight to lay a net of heaven and earth. They did not seek to kill Qin Chen and his party. The purpose was only to prevent Qin Chen and others from fleeing, and they would catch them all after the headquarters powerhouse arrived.

However, when they just entered Jizhou, they encountered an ambush.

Hum!

A burst of light rose, and the opponent seemed to know where the team from the Hall of Law Enforcement was going to enter, set a trap, and ambush here in advance, only waiting for this team to arrive, and make a strong shot.

"kill!"

Wearing a mask on his head, Qin Chen first set up the Juetian Great Formation, and then turned into a streamer to enter this law enforcement team.

"No, there is an ambush!"

This is a team led by two divisions of the Law Enforcement Hall, with hundreds of men and horses, and two early Emperor Wu, who are preparing to lay an ambush in this area. Who knows, just come in, don't ambush, and lose a lot of money in an instant .

"what!"

The endless array of light rises, Qin Chen uses the materials previously obtained from Qi Xiong and the others to simply disguise the Tiankong Wanzhuan array disk. With the night and the rising light, he madly strangles many law enforcement disciples, and blood flows into a river.

At the same time, Qin Chen made a move, facing the two great emperors of the early stage, did not keep his hands, the killing fist was running, and the space rules were used to the extreme. In terms of only a dozen breaths, the two main halls of the law enforcement hall were screaming. Zhong was bombed on the spot, leaving no bones.

Then, Qin Chen quickly cleared the battlefield, collected all the treasures and took away, and he, this put away the Tiankong Wanzhuan array, eliminated all aura, and quickly escaped.

The next day, news broke that two more law-enforcement halls and sub-halls were destroyed after entering Jizhou, which shocked the entire military domain, and the major forces were terrified.

It was too hot. The other party did what he said. It was only one night, and the two branch halls were destroyed again. Someone went to the scene to watch. The valley where the war broke out, blood flowed into rivers, and the corpses were like mountains. There were hundreds of disciples. Emperor Wu's body was hung on a big tree. It was too miserable.

And, the next day, Qin Chen made a public statement, saying that the Heavenly Dao Organization is solely responsible for this incident!

"what!"

The strong man in the headquarters who came with the army roared and roared endlessly, threatening to break Qin Chen's body into pieces.

He accelerated to come, crazy.

[Chapter 1689: The giant comes](#)

"It's almost time, it's time to go." Qin Chen attracted the attention of the Law Enforcement Hall in Jizhou, feeling that the time was about the time and it was time to leave.

Otherwise, the strong in the Hall of Law Enforcement might be killed.

Once the powerhouse of Law Enforcement Palace has laid a net of heaven and earth, it will inevitably be difficult if you want to go again.

Moreover, the news has leaked out, and people from other top forces in the mainland are focusing on this, and some people are secretly sent here. This place is already very unsafe.

In the mountains and forests of Jizhou, the light was dazzling, Qin Chen covered the teleportation array, entered it, and instantly disappeared.

He did not directly tear the void to escape, not because he was not confident enough. He followed the rules of space and said that he would not leave any traces. However, the Palace of Law Enforcement is in charge of the world's punishment and is very familiar with the pursuit of murderers. Qin Chen is also Don't dare to be careless, for fear of leaving any clues.

With a random teleportation array, even if he doesn't know the destination, it will be more difficult for him to find it.

Immediately after he was teleported away, the previously deployed formation started the self-destruction procedure, and instantly collapsed into a pile of waste rocks.

Hum!

Then, in a mountain forest tens of thousands of miles away, a figure appeared. It was Qin Chen. He quickly deployed his formation again. This time, he used the most core space crystal as the material. It was very extraordinary. After building the space channel, he stayed The traces below will be lighter, and even go directly to the void, without any clues left.

Qin Chen urged the formation, and his figure disappeared again in the white light. With a snap, after Qin Chen left, the formation on the ground was shattered. This time, there was no waste rock left, and the crystal of space melted and melted. To eliminate the space force from the void.

It was like a drop of water falling into the sea, disappearing instantly, on the ground, except for the traces of the formation, nothing was left.

This time, Qin Chen directly teleported out of Jizhou and left far away.

boom!

Not long after Qin Chen left Jizhou, the people from the Hall of Law Enforcement may have arrived at last. A giant of the later Wudi level personally led the team, and came to Jizhou powerfully.

But, it's too late!

They sealed off the void within tens of thousands of miles, not even letting off an ant, searching carefully, and digging three feet to find Qin Chen.

Moreover, all kinds of big killers are used everywhere to capture the breath, which is very terrifying. Some of them are strange treasures, which can distinguish the breath of the murderer. Not to mention just a few days, even the breath remaining a few months ago can be captured. , Very scary.

This is a treasure, and only the top high-level executives of the Law Enforcement Hall can hold it, which shows how much the Law Enforcement Hall paid attention to this hunt.

Unfortunately, they found nothing in the end, and only found a pile of remnants of the formation in a hidden mountain forest, as well as scrapped real stones. The formation was broken and the lines were unclear, let alone to find the opponent.

The clue is interrupted.

This mountain forest was originally lush and lush, very vast and full of vitality.

But now, the scene is depressed, and there are strong men in the law enforcement hall with thick armor everywhere, with indifferent eyes, surrounded by a strong black robe, murderous.

There were many onlookers from the surrounding forces, watching from afar, standing very far away, but they were still shocked by this killing intent.

Everyone was trembling. At this moment, the entire mountain forest was shaking, and the group of beasts in the mountain squatted on the ground, shivering.

The Hall of Law Enforcement dispatched a giant of the Martial Emperor level in the later period, and he was in a high position at the headquarters of the Hall of Law Enforcement. This person personally led the core battle team of the Hall of Law Enforcement. Nowhere to vent.

At this moment, the giant was enveloped in darkness and chaos, and he was motionless. No one knew what he was thinking.

However, at this moment, the entire mountain forest was dimming, the nearby mountains were cracking, and a strong killing intent was permeating, and many Wuhuang-level disciples all around fell to the ground and shivered.

Then, with a bang, he disappeared from where he was and disappeared suddenly!

A terrible gap appeared in the void, leading to an unknown place. It was very terrifying, with traces of rules left behind by the giant after he rushed out.

Obviously, he hadn't given up yet, took out the deduction heavy treasure, performed some deductions, and then directly pursued it.

He wanted to hunt down Qin Chen, and wanted to find his traces, squeeze him to death in his hands, refine his soul, so that his life within a hundred years would be better than death, and immortality would never be beyond life.

With a swish, in a mountain range tens of thousands of miles away, old trees were scattered, and apes cried and roared, and the figure of this giant appeared.

Behind him, the void exploded, and he dashed all the way. The void along the way seemed to have been ploughed, a set of gullies appeared, and the sky split, which was extremely terrifying.

This is the trajectory left by his physical body, and his strength can be imagined. It can leave a scar in the void and leave a scar in the space. It will take a long time to disappear.

This is an extremely terrifying level of understanding of the rules in order to achieve this.

It should be noted that here is the Martial Domain, full of true energy, and complete rules. Generally speaking, the Emperor Wu can travel through the void, but cannot destroy the void at will. It is difficult to destroy the space avenue between the world and the magnificent world.

And this giant in the Hall of Law Enforcement is superb, in charge of punishment, and has blood against the sky. He is best at tracking and killing. He ignores these, it is so terrifying!

However, he stood in place for a long time and saw the traces of Qin Chen's formation, unable to predict his next move. True energy surged and followed his chest.

boom!

The sky outside the field exploded.

He soared into the sky, undisguised, released his own energy, sitting in the air, surrounded by the void trembling, the world roared like a doom, shocking countless blood beasts in the mountains below trembling, blood beasts below the royal level within a radius of thousands of miles, burst open in the roar, turned into blood mist, very miserable.

Above his head, an invisible light bloomed, it was his blood, with terrifying power, burning the source, and exuding a great breath.

Emperor Wu entered the later stage, representing that his understanding of the rules has been traced back to its origins. It is very terrifying and powerful. Such a powerful person is easily the power of a top power. There will not be too many in the entire continent. It is very powerful. .

They can be regarded as the true masters of the mainland, running wild and fearless.

Known as a giant!

Now, a giant of the late Emperor Wudi is consuming the power of the rules and burning the original power.

He didn't give up, he still wanted to deduct Qin Chen.

However, the result is doomed.

"what!"

In the end, he stood up, unable to suppress the anger and suffocation in his heart, and roared and screamed frantically.

It can be seen that the other party's face is very hideous, like an evil spirit, his mood cannot be tranquil, and he is ups and downs crazily.

[Chapter 1690: Come one step late](#)

He had arrived at the fastest speed, but he was still a step late, and he was fleeing by the other party. How hateful, only one step away.

In the mountains and forests where other law-enforcement hall powerhouses gathered, the remaining Wudi powerhouses looked green and extremely angry.

"Little beast!"

Someone said in a cold voice, and the bad words spread throughout Jizhou.

"Who can find this person, or provide clues, I will send him the Nine Turns God Pill."

As soon as this kind of reward came out, the entire Martial Domain was crazy.

The Nine Turns Divine Pill, rumored to be the supreme pill left over from ancient times, is very peculiar. It can not only heal the dead bones of the dead, but also extract the true essence of the martial artist in the Nine Turns. .

The most important thing is that this medicine is effective for those who are strong in Emperor Wu. In the later stage, those who are below the level of Emperor Wu can directly double their true essence and double their cultivation.

This is very scary and extremely rare. In the world, in addition to the top powers such as the Hall of Law Enforcement, there are also a few top powers such as Bloodline Holy Land and Pill Pavilion, or they may have them, and it is only possible.

"Heavenly Dao Organization, shameless people, you have repeatedly provokes against my law enforcement hall, doomed to death, the soul will be detained by my law enforcement hall in the Horcrux, and the sacrifice can only be obliterated for a hundred years, wait for death!"

The Wudi strong men in the Hall of Law Enforcement were roaring, rushing into the crown with anger, their eyes were like cold electricity, bursting with anger, expressing determination.

At their level, everyone is considered to be a person with status. Generally, they don't make such ruthless words regardless of their status. They only need to do it and kill offenders directly, but today it is really unbearable.

The Heavenly Dao Organization completely angered them. It was a shame that they were such a group of people who came here without success and escaped by the other party.

Moreover, since such a long time, who dares to provoke the Palace of Law Enforcement? there has never been!

How mighty they control the world and patrol the mainland? With an endless history, standing behind the top forces in the mainland, he is born with dignity and self-respect.

For them, ordinary forces, ordinary strong, and people like them should kneel down and surrender!

As a result, the other party specifically provoke them, and at the most powerful moment in the Hall of Law Enforcement, they gave them a blow, unbearable.

This shocked the major forces who were watching nearby. The Hall of Law Enforcement vowed and rushed with all their strength, but the result was lost, nothing was achieved, but the opponent escaped, which is really surprising.

The Heavenly Dao organization dared to provoke the Hall of Law Enforcement. There are indeed two things. The ability to escape alone is amazing, but not everyone can easily destroy the two main halls under the attention of the Hall of Law Enforcement. They can escape without leaving behind. The slightest trace.

And what shocked everyone was still behind.

"Who are you scolding?" There was a sneer somewhere outside Jizhou.

It's Qin Chen.

He had already escaped from the encirclement of the Hall of Law Enforcement in Jizhou, and arrived in a sufficiently safe area. Hearing rumors, he retorted and scolded the Hall of Law Enforcement.

"If there is a kind, come to see the little master, chirping, this is the so-called law enforcement palace? A group of turtle grandsons!"

Qin Chen sneered, disdainfully, mocking.

"boom!"

The law enforcement hall that received the news moved instantly, and the giant strong rushed into the void for the first time and went straight to the place where the news spread.

Boom!

This is a city in Mingzhou, majestic and powerful.

But at this moment, Void directly broke through a big hole, and a terrifying figure exuding chaos aura appeared, and the terrifying spirit directly swept across the entire city.

According to the inquiries, the kid's previous cynicism came from near this city, and the giant of the Law Enforcement Hall ignored the others, swept through his vigorous spirit, searching for Qin Chen without any cover.

In an instant, the sky above the city was dimmed, and there was a godlike figure floating in the air, blooming unscrupulously.

"puff!"

The terrible breath was suppressed, and the entire city was trembling. Countless people couldn't bear the pressure and fell to the ground, trembling, and even more, directly vomited blood, turned pale, and was seriously injured.

"It's too much, how can the Hall of Law Enforcement be like this."

Some top forces in the city were angry and whispered secretly, very dissatisfied.

This city is their territory, no matter how strong the Law Enforcement Hall is, it is too shameless to come directly to suppress it, as if entering the land of no one, which is irritating.

"Hush, silence, are you dying?"

As soon as the person's voice fell, the clan elders were terrified and coldly scolded.

"puff!"

But he yelled at the moment when a terrifying force came. The previous multilingual person was directly exploded by this force and turned into blood mist, without even screaming.

Above his head, the black figure had a terrifying aura and exuded an astonishing killing intent. It was he who made the shot, and the divine sense sensed such a whisper and shot it directly.

Because he was so angry.

It didn't take long from hearing the wind to him when he arrived, but the nasty group of Heavenly Dao organization had already escaped again and returned without success.

Moreover, this city also has a small law enforcement temple stronghold, which was uprooted. A group of people in the stronghold fell, and the corpse was spelled into a "kill" character, which was very arrogant and hateful.

On the outer wall outside the stronghold, a line of big characters was written in blood: "The Hall of Law Enforcement, the heart of the law, everyone is punishable!"

This made him irritated and rushed.

"Heavenly Dao Organization, the old man will not destroy you, he will not be a man!"

At this moment, over the city, the giant of the Law Enforcement Hall roared, and the void where he was in burst, he briefly revealed his true face and roared.

This is an old man with a thin body, but his eyes are very eagle-like, like two sharp blades, piercing the sky, across the sky, and looking down on the martial area, it is very terrifying and cruel.

Someone recognized his identity and was suddenly shocked.

"It's Anxu Wudi, the head of the penalty hall of the Hall of Law Enforcement."

Someone exclaimed, shocked.

The Hall of Law Enforcement, in charge of the world, is superb, and his hands are stained with blood, which is extremely terrifying.

In the Hall of Law Enforcement, there is also a Penalty Hall, which specializes in punishments in the Hall of Law Enforcement. Those who can enter it are all elites among the elites. The methods are very cruel.

Once the penalty hall is dispatched, it is often a major case that shocks the world.

But now, the Hall of Law Enforcement actually dispatched the Hallmaster of the Dark Emperor Wudi of the Penalty Hall. This is shocking and throbbing. This is a murderous character. There are hundreds of thousands of people who died in his hands. Bloody executioner.

At the same time, the rear team led by him also arrived. They came from Jizhou. After seeing this scene, they were furious and vomited blood.

"Tiandao organization, my law enforcement hall will not destroy you, and you will not be human. You have succeeded in angering us. My law enforcement hall can deduct everything. I will find you within three days, and will kill you with thousands of swords."

"Beast, it's the first time someone dared to provoke my law enforcement hall like this. You are not far from the time of death, just in these few days."
