

Valkyrie 1701

[Chapter 1701: Responsible again](#)

The whole city is silent, and the needle drop can be heard!

Everyone stared blankly at the figure wearing a grimace mask on top of their heads. The figure was not tall and even a little thin, but it felt like the supreme emperor in charge of the universe, unpredictable. the power of.

In the first battle of Misty Palace, many top forces in the Martial Domain were silent. No matter the Xuanyuan Empire, the Holy Land of Blood, or the old forces such as Pill Pavilion and Qidian, they did not dare to disrespect the Hall of Law Enforcement.

But now, suddenly there has been a Heavenly Dao organization, with extraordinary origins, directly facing the Hall of Law Enforcement without fear.

Moreover, under the eye of the Law Enforcement Hall, many branches of the Law Enforcement Hall were destroyed, and even now a genius training camp in the Law Enforcement Hall was destroyed, which is shocking.

Especially the posture of the person in the sky, who appeared directly in the wanted of the Law Enforcement Hall, was an understatement and expressed responsibility for the matter.

It even caused an uproar and shock throughout the city.

The Wuyu region has turned uproar, and the genius training camp of the Hall of Law Enforcement was taken away in one pot. Is this a big deal?

But the other party has such a posture, the more so, the more people feel that this heavenly Dao organization is terrible, like rounding a big hand, and smashing the face of the law enforcement hall!

It should be noted that not long ago, the headquarters of the Hall of Law Enforcement also announced to the world that it would teach the heavenly organization a lesson and let them know the consequences of offending their heavenly organization.

As a result, the Heavenly Dao Organization destroyed many branches in one day and night, and even last night, it responded with actual actions, directly ploughing the court and sweeping the acupoints, and destroying a genius training camp in the Law Enforcement Hall.

Obviously, the Hall of Law Enforcement is very tragic, and the mouth has been slapped all the way. So far, the powerhouse who has fallen from the Hall of Law Enforcement is unknown, and no one has been captured or beheaded in the Heavenly Dao Organization.

This was too slapped, and it was slapped and slapped in front of the whole world.

The Hall of Law Enforcement can't cover it up. Didn't you see the figure in the sky? It is very calm and appears directly. I am not afraid of the lock of the Hall of Law Enforcement. The words are so simple. There is only one sentence that is responsible for the genius training camp incident.

However, this is enough to drive the Hall of Enforcement crazy.

Everyone can imagine how angry the people in the Hall of Law Enforcement were after they heard the news. It is estimated that the Qiqiao was breathing fire. This was really too slapped. They announced that they had hunted the Tiandao organization. As a result, the organization was quite violent. Give a big gift, and send a few waves as soon as you send it, there is no overnight revenge.

With this big mouth, the Hall of Law Enforcement was so loud that it couldn't be cleaned no matter how to wash it.

In the city, Wan Lai was quiet, and on the square, the heads were crowded. Almost everyone in the city appeared, looking up at the sky, to pay tribute to the legendary heavenly organization.

Moreover, no one has changed, no one dared to provoke, because this organization is too evil, not even afraid of the law enforcement hall, they are afraid that after going up, they will anger the other party and be destroyed.

In the end, everyone's eyes focused on a group of people in the center of the square.

This group of people, wearing the armor of the Hall of Law Enforcement, the leader of the people, is extraordinary, and they are all in the half-step martial arts realm. At this moment, they are focused by everyone's eyes, and they are all sweating and their legs are weak.

The city where Qin Chen appeared was not very big, but not too small. Within a radius of 100,000 miles, it could be regarded as a big city. There were three or five emperor-level forces stationed there. Naturally, there was also a small team in the Hall of Law Enforcement.

Under normal circumstances, when you see the people of the Heavenly Dao organization, the Hall of Law Enforcement should be invincible and fight to the death.

But now, the warriors in this team of Law Enforcement Hall were pale and trembling, fearing being noticed by Qin Chen above their heads, they were very frightened and frightened.

They knew that even the genius training camp was destroyed by this person. If they go up, they may not be able to hold a breath, they will fall on the spot, and even the body will not be left behind.

They are not afraid of death, but such an act of sending death can hardly muster the courage.

Seeing the actions of this group of law enforcement officials, people were instantly stunned.

Is this still the powerhouse of law enforcement they are familiar with? Fearless, even the top force in the martial arts domain like the ancient Fangjiao will be frustrated when they say they are, and they will be destroyed when they are destroyed.

But now, one by one, like quails, slipped under their feet, and they almost couldn't stand firmly, and their backs were also wet. It was soaked in cold sweat.

In an instant, the image of the Hall of Law Enforcement changed in the minds of many forces on the field, and it seemed that there was nothing remarkable!

While the countless forces below were amazed, the news also spread to the Martial Domain for the first time, and all the major forces knew about it.

The people in the Hall of Law Enforcement also notified the senior leaders as soon as possible, calling on the strong to come.

At this moment, above the sky, Qin Chen spoke again: "Thank you Xuanyuan Empire for providing valuable information. Otherwise, my Heavenly Dao organization will not know where the secret training camp of the Law Enforcement Hall is located. The credit for destroying the Law Enforcement Hall training camp is half yours. ."

In the end, Qin Chen made a concluding remark, saying: "For those who died, my Heavenly Path Organization mourns deeply. I hope that the Hall of Law Enforcement can learn from the lesson, and be a good person in the future, as a warning, otherwise it will cause misfortune again. !"

Made!

Many petrochemicals are speechless, and the corners of their mouths are twitching.

The Heavenly Dao organization is too speechless, this is openly provoking the Hall of Law Enforcement and putting eye drops on the opponent.

After that, Qin Chen stopped speaking, fleeing directly into the void, disappearing instantly, and slipping away again, very direct and decisive.

As soon as he left, the whole city boiled.

The news came out again in an instant, and the madness spread to the entire Martial Domain.

After hearing the news, the people of the Xuanyuan Empire were very proud. When they saw people, they said, "I see, the Xuanyuan Empire and the Heavenly Dao Organization have cooperated. The information about the training camp that day was provided by our Xuanyuan Empire, huh, what is it? Palace, what law enforcement palace, how can my Xuanyuan Empire fear them."

"The major forces are silent. Only I, Xuanyuan Empire, dare to stand up and kill Tianjiao Ba Leng, the Hall of Law Enforcement before Guhua City, and then cooperate with the Tiandao organization to destroy the Hall of Law Enforcement training camp. How domineering."

The news that Emperor Xuanyuan was seriously injured and fleeing made the entire Xuanyuan Empire's reputation plummet, and many people couldn't look up when they walked outside.

Nowadays, I finally exaggerated, how not a book.

For a while, many people outside the Xuanyuan Empire were teleporting, wishing that the matter would not spread widely and the influence was not strong enough.

The news came back to Feng Shaoyu's ears, puff, Feng Shaoyu, who was pretending to be injured, almost really vomited blood, holding back internal injuries.

He was so angry that he had a toothache, and he had nowhere to vent the fire. He felt that the Xuanyuan Empire had hit the evil, and that he had no grievances with this Heavenly Dao organization, and why he always buckled his head with a bucket of shit.

Because he knew well that the other party was talking nonsense with his eyes open, the Xuanyuan Empire had not cooperated with the other party at all, and the information was not provided by the Xuanyuan Empire.

Besides, he and Shangguan Xier were already acting, how could they deliberately target the Hall of Law Enforcement?

However, only two people knew about the cooperation between him and Shangguan Xier. The people in the Hall of Law Enforcement didn't know the inside story, but they all believed it.

[Chapter 1702: The two forces go to war](#)

"I'll just tell you why the Heavenly Dao organization knows so clearly about my Law Enforcement Hall, it turned out to be the Xuanyuan Empire."

"The **** Xuanyuan Empire has repeatedly targeted my Law Enforcement Hall, do you really think my Law Enforcement Hall can't destroy him?"

"Emperor Xuanyuan, the dog can't change eating shit, I will make him pay for it."

"In the ancient city of China, the people of the Xuanyuan Empire beheaded my law enforcement disciple Ba Leng, and now we are cooperating with the Heavenly Dao organization for unforgivable crime."

The executives of the Hall of Law Enforcement roared with murderous aura, threatening to conquer the Xuanyuan Empire.

At the same time, the senior officials of the Hall of Law Enforcement rushed to the city where Qin Chen appeared last and frantically searched for his trail.

However, Qin Chen had been prepared for a long time, and left the first time, without leaving any traces, causing the high level of the Hall of Law Enforcement to rush into the air again.

Then, Anxu Wudi and others on the other side were also angry.

Because they rushed to the blocked city for the first time and conducted a rigorous search of Haoguang City, they also did not find any trace of the Heavenly Dao organization personnel.

"This is impossible!"

The mid-term peak Martial Emperor who blocked the void trembled. After the Tiandao organization appeared here, he blocked the void for the first time, and the opponent had no chance to escape.

"This person must still be in Haoguang City."

He gritted his teeth, very sure, and pledged his life.

Wudi Anxu was furious, and led many powerful people to search Haoguang City again. This time, Haoguang City was investigated inside and outside, and even digging three feet, it is impossible for a Wudi-level powerhouse to hide. But still no trace of the Tiandao organization personnel could be found.

In the end, the top powerhouses of all major forces were called out by the people in the Hall of Law Enforcement, and they were checked one by one.

Originally, the strong of the major forces were resisting, but seeing the strong men such as Anxu Wudi mobilizing the masses and killing them, I knew that if they resisted, they would inevitably be beheaded. Then there would be no place to redress the grievances, and they could only accept inspection.

For a time, all the Martial Emperors in Haoguang City gathered together, with more than 30 people.

In addition, the mid-term Wudi also had nearly ten people, each of whom was a high-level figure of the major forces.

The Hall of Law Enforcement suspects that the people of the Heavenly Dao Organization are hidden in this group of people.

However, after Anxu Wudi's inspection, they all ruled out suspicion, because they all had personal evidence and never left the place when the law enforcement hall branch was massacred, and the mid-term Wudi who was stationed in Haoguang City in the law enforcement hall also He stated that if the murderer was among these people, he would have found him when he spoke.

How about the people of the Taoist organization that day, could they disappear out of thin air?

Emperor Wudi Anxu was furious, his lungs were exploding, and he was too incompetent. He came from the headquarters of the Hall of Law Enforcement and ran all the way, but he did nothing. No member of the Heavenly Dao organization has ever caught it. Instead, the Hall of Law has suffered heavy losses , Humiliated.

No one noticed that on the root of a wall of Haoguang City, a black cat looked at the furious Emperor Wudi and others in the distance, and yawned lazily, very comfortable.

Because of Wudi Anxu's successive failures, the reputation of the Hall of Law Enforcement was greatly damaged, and the top leaders were completely angry.

After that, the Hall of Law Enforcement shifted the target and focused on the Xuanyuan Empire.

They felt that the Xuanyuan Empire was the only clue when they couldn't find the manpower of the Heavenly Dao organization.

Moreover, they felt that the opening of the Heavenly Dao Organization was groundless and there were reasons for it.

Because the Tiandao organization appeared after Ba Leng was killed in Guhua City, but Ba Leng happened to be killed by the disciples of the Xuanyuan Empire, causing the anger of Qi Xiong and Yuan Tuo and others to come forward mightily.

There must be some kind of connection.

In the case where the anger of the Hall of Law Enforcement cannot be vented.

On this day, the Lord of the Hall of Law Enforcement appeared again.

"Xuanyuan Empire, I need an explanation!"

His tone was low, with a murderous intent, and his goal was directed at the Xuanyuan Empire.

Feng Shaoyu was depressed, and felt that he was really a disaster, and he was definitely taken advantage of.

However, he hadn't figured out how to speak, and there were already experts in the Xuanyuan Empire.

"Explain, what kind of explanation is required? The Hall of Law Enforcement is perverse and sinful. Does my Xuanyuan Empire need to explain to you?"

This is a top powerhouse in the Xuanyuan Empire, with an unusual status, severely rebuked and sneered.

When Feng Shaoyu heard this, he vomited blood.

However, it is difficult for him to expressly stop his subordinates, because this is not consistent with his usual identity and image, and it is easy to show his feet.

Therefore, he sent a message to Shangguan Xi'er for the first time and asked her to come forward in secret to stop the Hall of Law Enforcement.

However, the news just came out, and the Hall of Law Enforcement responded again.

"So, did you admit it to the Xuanyuan Empire?"

The senior officials of the Hall of Law Enforcement sneered coldly, their voice was faint, and the chill was filled.

They have always felt strange that even if there is such a force as the Heavenly Dao organization, it is impossible for him to understand the genius training camp of his law enforcement palace so clearly, there must be someone secretly responding.

The Xuanyuan Empire fits this image too much.

Feng Shaoyu raised his brows, feeling bad.

"Does my Xuanyuan Empire have to admit or deny it to you?"

Sure enough, before he had time to stop him, his subordinates spoke again, very proud and despised the Hall of Law Enforcement.

"not good!"

Feng Shaoyu felt bad for the first time, and hurriedly showed up to explain, because continuing the confrontation would inevitably lead to catastrophe.

He speaks openly. The Hall of Law Enforcement has suffered. Don't think about buckling the **** basin on the head of his Xuanyuan Empire. This matter has nothing to do with his Xuanyuan Empire. Moreover, his Xuanyuan Empire is not afraid of the Hall of Law Enforcement. .

However, this speech was late.

The Hall of Law Enforcement was furious, so there was no time to quarrel with him, and the attack was launched immediately.

boom!

On this day, dozens of strongholds outside the Xuanyuan Empire were attacked. The locust-like law enforcement powerhouses attacked, furious and slaughtered wildly.

The people of the Xuanyuan Empire were caught off guard, suffered heavy losses and lost a large number of members.

In addition, the people from the Hall of Law Enforcement searched everywhere for the high-levels of the Xuanyuan Empire, and immediately spotted a giant of the Xuanyuan Empire, and was chased and killed by a number of giants in the Hall of Law Enforcement led by Emperor Anxu.

The giant of the Xuanyuan Empire was very vigilant, realizing that it was wrong for the first time, crossing the void, a **** battle, severely wounded and fleeing.

However, the rest of the Xuanyuan Empire were not so lucky. On the same day, two mid-term peak martial emperors of the Xuanyuan Empire were killed, and blood was splashed in an important resident and a prehistoric site.

"Crazy, is the Hall of Law Enforcement going to completely start a war with the Xuanyuan Empire?"

There was an uproar everywhere in Wuyu.

"Hall of Law Enforcement, you are so ruthless, today my Xuanyuan Empire will never die with you!" The news passed back to the Xuanyuan Empire, and the entire empire was furious. Some senior officials from the empire appeared and roared fiercely.

After that, the Xuanyuan Empire was dispatching troops to fight to the death with the Hall of Law Enforcement.

A battle a few months ago had completely lost the Xuanyuan Empire's face. This time, if the Xuanyuan Empire escaped without a fight, the reputation of the Xuanyuan Empire would be completely stinking.

And just when the swords of the Xuanyuan Empire and the Hall of Law Enforcement were at war, you were dead or alive.

Qin Chen took the large teleportation formation and quietly left the Wuyu First Heaven.

Because, he felt that it was time to leave here and go to Ji's family ancestors. The law enforcement hall's attention had been distracted by him. Now is the best time to contact Ji Ruyue!

[Chapter 1703: What a waste](#)

At the same time, Mokara and others were also under Qin Chen's order, and began to evacuate the Martial Domain for the first time.

Because the current Wuyu First Heaven is very dangerous, this matter has already involved the two major forces of Misty Palace and Xuanyuan Empire, once Shangguan Xier comes forward, it will be extremely dangerous next.

In fact, just as Qin Chen had expected, the conflict between the Xuanyuan Empire and the Hall of Law Enforcement had already attracted the attention of Shangguan Xi'er and Feng Shaoyu. The two rushed to Wuyu First Heaven at the same time to investigate the truth. .

After Qin Chen entered the Second Heaven of Martial Domain through the large teleportation channel, he did not continue to take the teleportation array to the Ji family ancestral land of the Third Heaven of Martial Domain for the first time, but settled in a city in the second heaven.

He plans to use this city as a springboard, and after several turnovers in various ways, he will enter the Martial Domain Triple Heaven.

In fact, not only he, but he also asked Mokara and others to be very careful when they leave. When the teleportation array is turned around, you need to be very vigilant and use other ways to leave.

Qin Chen knew very well how much energy was formed by the combination of Misty Palace, Law Enforcement Palace, and Xuanyuan Empire.

Although they paid great attention to their identities when they were in the first heaven, and used a variety of methods when they left, it does not mean that Misty Palace would never find them.

Having been in charge of the Martial Domain for so many years, the energy possessed by Misty Palace and Law Enforcement Hall is absolutely terrifying. They were not surrounded and suppressed at first because Law Enforcement Hall did not fully pay attention to it, but sent Anxu Martial Emperor and some high-level officials.

As for the mobilized law enforcement hall powerhouses, they are all just the power of the law enforcement hall in the first heaven.

Once the powerhouses of Misty Palace and Law Enforcement Palace came out, Qin Chen dared to guarantee that they would be able to investigate many clues as long as they were willing.

At that time, if he went directly to Ji's house and was found out by the Misty Palace, and the two connected, then Ruyue would be dangerous.

Therefore, Qin Chen must not take this risk.

As a result, he passed through various teleportation formations along the way, coupled with constant changes, occasionally shuttled through the void through a large number of cities, resulting in the people in the Hall of Law Enforcement, even if they finally stared at him, they could not find out.

This is Qin Chen's plan. He will not give the other party the slightest chance to detect it, even if there is only a slight risk, he will find a way to erase it.

Although the journey to Ji's house would be a little longer, it was better than exposing yourself.

And when Qin Chen and the others completely withdrew from the first layer of heaven and escaped.

Wu Yu is in a big place.

In a hidden mountain col, two figures lurked here, their eyes faint.

"Master Chi Yan, do we really want to do this?" Mo Li condensed his breath and asked in a low voice. The breath on his body was very cold, with a hint of coldness, like a **** of death walking in the dark.

Beside him, the Red Flame Demon Lord was a lot enchanting, wearing the robes of the misty palace, he was graceful, very plump, and the virgin fragrance was lightly transmitted, which was refreshing.

Smelling the fragrance of the woman's body on Demon Chi Yan, Mo Li swallowed his saliva, and leaned against Demon Chi Yan involuntarily, his left hand rubbing against Demon Chi Yan's body intentionally or unintentionally.

"Moli, what are you doing?" Just as Chi Yan was about to speak, he felt something rubbing behind him. When he turned his head, he saw Mo Li's left hand touching him intentionally or unintentionally, his face turned black.

Mo Li blushed, and hurriedly explained: "Ahem, don't I think that since it's an ambush, getting closer makes it harder to be spotted?"

"Are you coming closer? You're **** almost leaning on me." Since taking the Hongyan Emperor Wu, Chiyan Demon Lord always feels that Mo Li is strange to him, this guy has never seen him. Ever a woman? If it weren't for Moli's possession of the parasitic seed, Red Flame Demon Lord would have slapped him to death. It's **** sick.

.

"Ahem, accident, this is an accident, Master Chi Yan, continue to say..." Old Mo Li's face flushed. Is Master Chi Yan making such a fuss, and not doing anything to him, can't he be better? I'm still a child! "Humph." The Red Flame Demon snorted coldly, and said: "Listen carefully, now the outside world is chaotically into a pot of porridge, which is a good opportunity for us to take action. If we only concentrate on cultivation, at the speed of this seat, when can we Recovering the strength you once was? But you are hard

Does Dao want to avenge that Qin Chen? "

Speaking of Qin Chen, Mo Li's eyes immediately shot out a cold light, his expression became serious, his teeth crunching.

From the mouth of the Chiyan Demon, he also knew how rare the opportunity of the ancient southern capital was at the time. The parasitic seeds left by the Chaos Demon Nest were coveted by the Lord of the Demon.

And he is also relying on this parasitic seed to increase his cultivation base all the way, he even has a feeling that once he fully integrates the parasitic seed, his strength will definitely surpass the realm of Emperor Wudi.

And what he got was only the silver parasitic seed, he also knew from Chiyan Demon Lord, that the silver parasitic seed was far worse than the golden parasitic seed.

There is even a saying in Alien Demon Continent that those who can obtain golden parasitic seeds are the heirs of Alien Demon Race Demon Lord.

What glory is this?

But it was all because of Qin Chen, he only got the silver parasitic seeds, and Qin Chen was only a human, which made him even more depressed.

Compared with the ability to directly fuse parasitic seeds, human beings can only cultivate parasitic seeds after obtaining parasitic seeds, and in the end, they will be completely controlled by the parasitic seeds.

What a waste?

Not to mention the things that Qin Chen had repeatedly undermined his plan in the Secret Realm of the Heaven Demon and the Ancient Yu Realm and started on him.

"This son, I must kill with my own hands, otherwise it will be difficult to solve the hatred in my heart." Mo Li gritted his teeth and said, his eyes exuding a penetrating chill. "That's not enough. Taking advantage of the chaos of the Martial Domain, you and I only need to devour some more powerful human races, and the strength will inevitably be amazingly improved. Especially you, have incorporated some parasitic seeds, and can directly devour humans. Warrior's repair

Therefore, it is more suitable than my bloodthirsty Dafa. "

Red Flame Demon Lord said with a sneer. When he said this, his eyes suddenly condensed, and he said solemnly: "Someone is coming."

call!

At this moment in the sky, a team of hundreds of people swooped over in mighty way. Wearing the armor of the Hall of Law Enforcement, each of them was murderous, obviously a team from the Hall of Law Enforcement. The leader, with a strong aura, was actually a mid-term martial emperor. Behind him, there are three early martial emperors and hundreds of martial emperor level disciples, each with murderous aura and cold eyes. It is the mobilized law enforcement team that rushes. Go down

Places.

"go."

The Red Flame Demon rushed out quickly.

Whizzing! Two streamers rushed straight into the sky, and instantly stopped in front of this group of people.

[Chapter 1704: Find next](#)

"who?"

The sudden appearance of Red Flame Demon Lord and Mo Li shocked the pair of law-enforcement palace experts. With a bang, the sound of Jin Ge was endless, and in an instant, the suffocating aura swept through everything, and the whole world was instantly enveloped.

In addition, the leading mid-term Emperor Wu immediately displayed a heavy treasure, booming, and an ancient shield appeared in the void. The ancient shield was pitch-black, exuding a misty atmosphere, and defended a world, as solid as a rock.

Judging from the aura on the ancient shield, even if Emperor Wu made a move in the later stage, it might not be able to break it in the first time.

This is a treasure in the Hall of Law Enforcement, and was given to this person for the purpose of preventing accidents from being killed in the first place and allowing time for relaxation.

Because the people in the Hall of Law Enforcement are afraid of being attacked these days. Whenever there is a turmoil, they will be alerted immediately for fear of accidents.

"Don't even recognize me?"

A clear and beautiful voice sounded, with a hint of hoarseness, Chiyan Demon Lord and Magic said coldly, but there was a shocking reaction in their hearts.

This reaction is too skillful. If they make a hasty shot, they may not be effective in one blow, and they will inevitably be in trouble.

"you guys....."

The leading mid-term Emperor Wu condensed his gaze and looked at the red face Emperor Wu. After seeing the Misty Palace costume on her, he was shocked, "This lord, from Misty Palace?"

"Otherwise, what do you think?" Chi Yan Demon said coldly, and then he took out a token and shook it in front of the mid-term Emperor Wu.

This token, pure and white, exuding a mysterious aura, is the exclusive token of the Misty Palace, which is beyond ordinary people's possession.

"It turns out to be the lord of Misty Palace." The leader of the mid-term Wudi breathed a sigh of relief, and immediately put away the black shield, and then waved to his hand. The remaining strong law enforcement halls also retracted their weapons and secretly loosened them. Take a breath.

"I don't know if this lord stopped me to wait, what's the point?" The leading mid-term Emperor Wu stepped forward and said respectfully.

Don't look at the Hall of Law Enforcement in the martial domain, but they are very clear that Misty Palace is the head boss of the Hall of Law Enforcement. In fact, the Hall of Law Enforcement is in the hands of the lady of Misty Palace, Shangguan Xi'er. An order from Shangguan Xier.

Therefore, in front of the Misty Palace people, the people in the Hall of Law Enforcement were naturally short, and they wanted to be respectfully called adults.

However, the people in these law enforcement halls are also used to it, and they don't care.

"It's not because of the Dao organization that day." Red Flame Demon snorted coldly. "The Hall of Law Enforcement was actually played by a small organization that didn't know where it came from. The Lady Empress was very angry when she learned about it. , Now let us from the Misty Palace attack everywhere, converge with you, and search for the traces of the Taoist organization together."

"From now on, your command will be transferred to my hands..." Chiyan Demon Lord walked towards the mid-term Martial Emperor.

"This..." In the middle stage, Emperor Wu just hesitated and nodded: "Since it is an adult who has orders, I dare not follow it, I don't know the adult..."

Before his voice fell, the Red Flame Demon Lord who walked in front of him suddenly moved, booming, too fast, the Red Flame Demon Lord was in the shape of electricity, and for a moment, his face was hideous, and the black magic energy surged wildly in his body. , His right hand was like lightning, stabs the body of the mid-term Emperor Wu swiftly.

"My lord, you..."

In the mid-term, Emperor Wu was shocked. In panic, he couldn't say anything, and hurriedly urged the true essence in his body to resist at the first time, but Chiyan Demon Lord was already prepared, how could he give the opponent a chance to react.

With a puff, Chiyan Demon Lord's right hand pierced into the body of the mid-term Wudi, and blood spurted out all of a sudden.

"what!"

In the middle stage, Emperor Wu roared with horror. He was just about to act, but found that an invisible cold breath entered his soul in his body, freezing his soul in an instant, and his whole person was completely unable to move.

At the same time, strands of black silk threads were like spider webs, instantly crawling across the whole body of the mid-term Martial Emperor. The blood and power in his body, like the ebb tide, poured into the body of the Red Flame Demon in an instant.

The screams stopped abruptly, and when he looked up, the mid-term Emperor Wu had already turned into a mummy, his face was distorted, his blood was gone, and he fell silently.

"Crack, click!"

In the body of Demon Chiyan, it was as if something was recovering, and the aura on his body became more and more terrifying, like a wild beast slowly waking up.

"Comfortable, so comfortable, it deserves to be the essence and blood of the top human beings, just one, it has restored my cultivation so much, Jie Jie Jie, too comfortable!" Chi Yan Demon Lord was very excited, his The cultivation base has improved a lot in an instant, and the body has never been refreshed.

"grown ups."

"you....."

It wasn't until this time that the other powerhouses in the Law Enforcement Hall reacted, looking at the Scarlet Flame Demon in horror, and one after another raised their weapons.

They don't understand why the people in the Misty Palace would act on the people in their law enforcement palace.

"Jie Jie Jie, just rely on you? Magic Li, kill!"

The Chiyan Demon smirked. Without the mid-term Martial Emperor who led the team, and the remaining few early Martial Emperors and a group of Martial Emperors, he didn't pay attention to it. In a short time, the devilish energy was overwhelming, and it turned into a dark sky. Get out.

At the same time, Mo Li moved, swish, he turned into a streamer, and plunged into the crowd like a hungry wolf.

"what!"

Screams sounded, and then the sound of flesh and blood being torn apart.

The battle took place quickly and ended quickly. Before half a time, the entire team of the law enforcement hall was destroyed. No one was left, and the scene was bloody. All the essence and blood were absorbed, only left. A mummy on the ground.

"Jie Jie Jie, comfortable!"

The demon aura lingered on Demon Chiyan's body, and the aura was even more terrifying than before, just like a demon **** walking out of hell, exuding an aura of destruction.

Beside him, the magical aura is also very terrifying, and there is a lot of blood lingering around him, and his body exudes a heart-palpitating aura of evil spirits.

"It seems that it is not a bad thing to seize the body of this confidante Wu Huang."

The Chiyan Demon smirked and raised his hand, the dark ancient shield already appeared in his hand, "This heavy treasure is very powerful, but it can provide some nutrients to the old man's Sky-Swallowing Devil Bottle."

He threw the ancient shield into the pitch-black jade bottle. It was visible to the naked eye that the ancient shield made a scoffing sound, as if it was melted, turned into black smoke, and merged into the pitch-black jade bottle.

But the originally scarred pitch-black jade bottle suddenly emitted a misty black halo, and the cracks on it suddenly disappeared a lot and became more rounded.

"Go, let's find the next one."

Chiyan Demon Lord grinned and disappeared with a swish.

[Chapter 1705: There are aliens](#)

The Red Flame Demon Lord and Mo Li who had enjoyed the sweetness began a crazy killing.

In just one day, nearly ten teams were slaughtered, and every time they took action, the whole army was destroyed and no one survived. When the law enforcement hall found something was wrong, the people in the law enforcement hall were killed. There are already as many as ten teams.

The news came back to the Hall of Law Enforcement, and the Hall of Law Enforcement was completely angry.

"The Heavenly Dao Organization dare to be so arrogant, ah!"

Anxu Martial Emperor roared, and brought many powerful men to come immediately.

However, the Chiyen Demon Lord and Moli were also very shrewd. They escaped in the first place. Moreover, the two of them absorbed too much blood in one day. There were a lot of them, and they didn't absorb them. For a long time, they You don't need to continue to absorb the essence and blood, just find a place to refine the absorbed essence and blood.

"Hmph, it won't be that simple when this demon king comes out of the mountain next time, Jiejie." Chiyen Demon Lord and Demon Li Yuzai found a place to retreat.

And Anxu Wudi also rushed to the battlefield immediately.

"This is... the bloodthirsty method of the alien demons!"

After feeling a few breaths from the scene, Emperor Anxu was taken aback and his face changed suddenly.

As the head of the penalty hall of the Hall of Law Enforcement and one of the core high-level officials, Emperor Anxu naturally knew the existence of the alien demons, and was shocked.

Although Red Flame Demon Lord had cleaned the battlefield very clean, he came too fast, he still vaguely felt this breath, and spied it out.

"It's no wonder that each team in my Law Enforcement Hall has already given treasures to prevent those who were killed from being unable to spread the news, but this time there is still no news. It turns out that someone from the alien race was involved."

Wudi Anxu was furious. People of the alien demons were good at disguising and cooperated with the Hall of Law Enforcement. They knew many secrets of the Hall of Law Enforcement. If they acted, all this would be explained.

"Then the Heavenly Dao Organization and the Alien Demon Race, will they..."

Then, Emperor Wudi Anxu thought of a possibility and couldn't help but breathe in cold air, his whole body cold.

He felt that he had discovered a big secret.

"This matter, you must notify the Lord and the Empress."

His eyes flashed, he felt that the matter was very serious, and he must personally inform the Lord and the Empress.

"My Lady Empress, you are in the martial region, I have to go right away."

Therefore, Emperor Wudi Anxu quickly set off, with evidence, rushed to the secret realm where the genius training camp was located.

In the secret realm of genius training camp.

Several figures stood here.

The head is noble like a fairy, wearing a red phoenix robe, like a high emperor, looking at everything in the world.

It is Shangguan Xier, the first female emperor in the mainland!

Behind her, there are a group of extraordinary figures, including the giants of the Law Enforcement Hall, and the hidden masters of the Misty Palace, each of them exudes a heart-pounding aura, and the void trembles in front of this group of people, unable to bear them. The coercion.

And among this group of people, there is a figure wearing white clothes, black as ink, standing not far from Shangguan Xier, wearing a mask, tall and straight like a spear, straight into the sky, with domineering and masculine spirit, Sweep the world.

At this moment, this group of people stood in this secret realm, staring in front of them, and there was a startling anger gleaming between their eyebrows.

The night and moon were like water. This was originally a beautiful place, but now, it is full of blood and energy, like a **** of a forest. The ground is full of dried blood, and the corpses are piled up like a mountain, which is disgusting.

In order to prevent the clues from being completely destroyed, the people in the Hall of Law Enforcement only blocked the secret realm protectively, and did not move the contents inside.

Of course, because some powerful people from all major forces entered this place earlier, the scene was destroyed a lot, and it didn't recover its appearance.

"The other party should be here prepared. In order to prevent the people in the secret from escaping or spreading news, the formation was laid and the place was sealed."

A strong person inspected the surroundings and found some traces of the formation, his eyes blooming with chills, and it was heart palpitating.

Then, they searched for traces of the battle and deduced something.

"There should be only one shot."

"This person's strength should be around the mid-term peak, because there are three mid-term martial emperors stationed here, and the two sides have fought. If it is a late martial emperor, it does not need to spend so much effort." An old man said, hidden in the cloak, voice hoarse.

"It may not be necessary. The old man has checked it. Except for the aura of the law enforcement temple disciple, there is no other aura remaining here, which means that this person is not injured at all. The three middle-term emperors are unscathed?" An old woman said, with deep sunken eye sockets and muddy eyes, but the thin body contained a palpitation breath, which made people shudder.

"This is indeed a doubt."

The others frowned.

The opponent cleaned up the battlefield too cleanly and erased all the clues that could detect this person, but no matter how you conceal it, as long as you have been injured, this piece of void will inevitably leave the breath of this person, which cannot be concealed .

But now, here is too clean, except for the aura of a strong man in the Hall of Law Enforcement, there is no breath of anyone else.

"If this is the case, then the attacker is not some mid-term Martial Emperor, but probably the late Martial Emperor. He just hid his strength and deliberately created the consequences of one side of the war to attract our attention."

Someone speculates like this, attracting everyone's nodding.

"However, there is another doubt here."

Suddenly, the old woman said again.

"What's the doubt?"

"In addition to the disciples of the Law Enforcement Hall, there should be masters and disciples of the alien demon race here? But why is there no corpse of the alien demon disciple here, and the alien demon race has disappeared?"

As soon as this statement came out, everyone was awe-inspiring, their eyes flashed, looking at Shangguan Xier.

In fact, they had noticed this a long time ago, but the cooperation with the alien demons was drafted by the Lord Palace Master alone, so they naturally didn't dare to say anything.

"Wow!"

At this moment, a figure flew over from the Secret Territory, and immediately knelt down on one knee respectfully, saying: "My lords, Lord Anxu Wudi has important information to report."

"Important information?"

Everyone turned their heads, banged, and saw a figure walked in from outside the secret, it was Emperor Wuxu Anxu.

"Anxu has seen Lord Palace Master, and you all." Wudi Anxu immediately saluted Shangguan Xi'er.

"Hallmaster Anxu, I heard that you have important information to report?" Shangguan Xi'er looked over, her eyes burning, as if she could see through people's hearts, the Emperor Wu hurriedly lowered her head, not daring to look at each other.

"Palace Master, his subordinates found that there were alien demons in the team that attacked our law enforcement hall." Anxu Wudi said.

When these words fell, a stone caused a thousand waves, and the crowd shook!

[Chapter 1706: Old man](#)

"Are you sure?" Shangguan Xi'er's eyes suddenly became cold.

Other people also talked about it. Here, some problems have just been discovered. Who knows that Emperor Anxu also discovered the problem.

"My lord, the subordinates dare not speak arrogantly, but they did find traces of alien demons. This is some evidence and images discovered by the subordinates." Anxu Wudi lifted his hand, and a jade slip fell into the Shangguan Xi'er's hands.

Shangguan Xi'er took the jade slip, and after investigating it, her eyes gradually became cold.

"Master Palace..."

Others looked over.

"This matter, this palace has its own idea." Shangguan Xier said coldly, with a cold gaze: "I didn't expect this palace to come here, these guys even dared to send out, everyone, you follow the Anxu Emperor to the location of the accident. The murderer who attacked our law enforcement hall must be captured and brought to justice."

"By the way, Long Po stayed." Shangguan Xier said again.

"Yes!"

This group of people all saluted, and then turned and left. Only the old woman, Long Po and the masked man, did not move.

Everyone looked at the white masked man in surprise, but this man was brought by the Lord Palace Master himself. Although they had never seen it before, they did not dare to make a mistake.

"Long Po, take a look." Shangguan Xi'er threw the jade slip in her hand to the old woman.

"Bloodthirsty Dafa?" After seeing the jade slip, the old woman was shocked: "Master of the palace, this is the same as the old man who reported to you about the red face Wuhuang..."

"Yes, this palace suspects that this matter may not have anything to do with the group of alien demons who entered the ancient Yu realm and the red face Wuhuang." Shangguan Xier said suddenly.

"Isn't it possible?" The old woman's gaze narrowed, "If someone from the alien demon race has strange intentions, the old man still thinks it is possible, but the beauty of her..."

"That's why I need you to go there in person, and you must investigate the truth."

"Yes, the old man takes the command." After the old woman bowed, her figure flashed and disappeared in place.

After Long Po left, the masked talent slowly turned around: "Xi'er, now you should believe that my Xuanyuan Empire is not related to the Dao organization that day. I know that there must be a conspiracy behind it. It's all done by this alien demon."

This person is the Emperor Xuanyuan Feng Shaoyu who came all the way from the Xuanyuan Empire.

"Shaoyu, if you don't tell me, I also know that this matter has nothing to do with the Xuanyuan Empire. You will not do anything to harm me." Shangguan Xier looked at Feng Shaoyu gently.

"Then you can order the people in the Hall of Law Enforcement to stop fighting against my Xuanyuan Empire. These days, I don't know how many warriors have fallen in the Xuanyuan Empire. It can be said that the loss is heavy. Those in the Hall of Law Enforcement have acted too hard. In your face, how can I allow them to be arrogant."

Thinking of the many warriors who had fallen from the Tian Xuanyuan Empire, Feng Shaoyu was irritated. However, the Hall of Law Enforcement was still under Shangguan Xi'er, and he couldn't make any excessive actions against the Hall of Law Enforcement. He was about to get angry in a hurry.

That's why he rushed from the Xuanyuan Empire in such a rush, that he wanted Shangguan Xi'er to stop the chase and kill of the Xuanyuan Empire by the Law Enforcement Hall.

Shangguan Xi'er shook his head and said, "Shaoyu, it's not possible now. If I stop the pursuit of the Xuanyuan Empire by the Law Enforcement Hall directly, I will definitely be suspected by the outside world. The relationship between you and me is easy to be guessed by the outside world. Therefore, I am currently It is not possible to order the Hall of Enforcement in this way. You must wait for a while and find another reason."

"After a while, when will you have to wait?" Feng Shaoyu suddenly became anxious. Does Shangguan Xi'er know about the loss of his Xuanyuan Empire? Not long ago, even a late Wudi giant almost fell.

In the later period, Emperor Wu was regarded as the mainstay of any top force in the Martial Domain. Each one was cultivated only after spending a lot of resources. It was very important. If one fell because of this, it would be a major blow to the Xuanyuan Empire.

"Shaoyu, listen to me, we need a reason not to make the outside world suspect." Shangguan Xier explained.

"Now you know that the alien demon made the move. What reason do you need?" Feng Shaoyu looked at Shangguan Xi'er angrily, "Did you take me to heart?"

Shangguan Xi'er was startled, looked at Feng Shaoyu in disbelief, and muttered: "Shaoyu, why would you say that, why would I not take you to my heart? You are my favorite, Shangguan Xi'er Man! For you, three hundred years ago, I even spent so long with Qin Chenxu and Wei snake, so that we can have today. Anyone in this world can doubt me, only you can't doubt me."

"Xi'er, I'm sorry, I was impulsive just now." Feng Shaoyu hurriedly stepped forward and hugged Shangguan Xi'er. He was silent for a long time before saying: "But I also have to explain to the people of the empire. hard to do."

"Feng Shaoyu, your empire is only something we deliberately cultivated against the major forces in the mainland. Why should you care too much? As long as my Misty Palace can dominate the world, even if your Xuanyuan Empire is gone, our future As soon as the relationship is exposed, you are the male owner of my Misty Palace, and the whole world is all your people, aren't they the same?" Shangguan Xier touched Feng Shaoyu's face and said softly.

"What about the alien demon? I told you that the other party had no good intentions. This time the so-called Heavenly Dao Organization was definitely designed by them in secret, otherwise why would Dao Organization plant misfortune on my Xuanyuan Empire for no reason? Above, the entire continent, only

they know our relationship, they are definitely deliberately provoking discord." Feng Shaoyu said a little excitedly.

"I know, Shaoyu, you give me a little more time. Now, I still need them. When I finish using them, I will join hands with you and completely remove them." Shangguan Xier said coldly, her eyes radiating cold.

"That's good." Feng Shaoyu nodded, "But you have to solve the problem of the Hall of Law Enforcement as soon as possible. Otherwise, the Hall of Law Enforcement will continue to target my Xuanyuan Empire like this, and I am afraid that even I will not be able to restrain those people in the Empire. "

"Yeah." Shangguan Xier nodded gently.

The two said something more before Feng Shaoyu turned around and left.

"My lord, this Emperor Xuanyuan really has prejudices towards us."

Not long after Feng Shaoyu left, in the void not far away, a black phantom condensed out of thin air, and said coldly.

"I'll talk about Shaoyu from now on. I need an explanation now. What the **** are you aliens doing?" Shangguan Xi'er's eyes fell cold, and she said with a cold voice, exuding an icy breath.

The black shadow said immediately: "My lord, the old man can guarantee here that this matter is definitely not done by the old man, but you can rest assured that the old man will send someone to investigate immediately, and he will definitely investigate the matter and hand it over in person. Into your hands."

[Chapter 1707: The great wise](#)

"Okay, but be quick. Moreover, the lord of the palace does not want anything similar to happen in the future, otherwise, the lord of the palace will reconsider our cooperation." Shangguan Xier snorted and turned and left the secret realm.

"Huh, human!"

The phantom stared at Shangguan Xi'er's back, suddenly revealing a hideous color, and then, after a while, the black shadow dispersed out of thin air and disappeared suddenly, as if it had never appeared before.

And in a void outside the secret realm.

After Feng Shaoyu left, he stared at the secret realm coldly for a long time. After seeing Shangguan Xi'er leave, he felt a cold breath and left the secret realm, and a cold light suddenly appeared in his eyes.

"Xier, what are you hiding from me?"

Feng Shaoyu clenched his fists and roared angrily in his heart: "You weren't like this before."

He stood in the void, and after a long time, he turned away coldly and returned to a secret station of the Xuanyuan Empire.

"The Great, you are back."

A figure appeared, Wushang Wudi, standing respectfully in front of Feng Shaoyu.

"Is there any news?" Feng Shaoyu said coldly.

"The emperor, it's still a matter of the Hall of Law Enforcement. Now the Hall of Law Enforcement is frantically targeting our Xuanyuan Empire's various stations in the Martial Domain. At present, all stations have suffered heavy losses. Many stations have been temporarily evacuated. But if this continues, there is no way at all. The Empire The grievances of both the high-level people and the people in the middle and lower levels are very high. They feel that our empire is very incompetent. I am afraid that if this continues to go on..."

Emperor Wushang Wu sighed, took out a piece of jade slip, and said: "This is some information about the empire and the situation of the attack these days."

Feng Shaoyu took the jade slip, swept it slightly, and with a snap, the jade slip was instantly crushed by him, and the fine sand slipped from his fingers.

He said coldly: "Wu Shang Wudi, listen to the order..."

"Subordinates are here!" Wushang Wudi hurriedly knelt down on one knee.

"You give me an order to immediately let the empire organize its defense forces, retreat personnel from various resident locations, and re-establish the station after the incident subsides. In this process, try not to conflict with the Hall of Law Enforcement. However, if the Hall of Law Enforcement does not understand it, yes. My Xuanyuan Empire still pursues and kills, and I will fight back at any cost to let the people in the Hall of Law Enforcement know that my Xuanyuan Empire is not easy to provoke.

"Subordinates obey, the emperor is wise!"

Emperor Wushang Wu bowed his head and said excitedly, he had waited for this order for a long time.

Then, he turned and left, quickly giving orders to the empire.

Feng Shaoyu sat quietly on the chair, looking at Emperor Wushang who was leaving with excitement, smashed the chair handle with his right hand and turned into nothingness.

"Xi'er, don't blame me, after all, everyone wants to keep a hand of trump cards. It's impossible for me to let the Xuanyuan Empire collapse like this." Feng Shaoyu murmured, his eyes bursting with unprecedented heat.

And when the Misty Palace was frantically investigating the attack on the Law Enforcement Palace.

Qin Chen had already arrived in the Third Heaven of Martial Domain, and had arrived near Ji's house.

What puzzled Qin Chen was that people in this area actually knew the name of the Ji family, and there were also people in the Ji family who were walking in the Martial Domain, and they were still recruiting surrounding forces.

Huh, what is going on? Isn't the Ji family a hidden family? Is it also born?

Qin Chen remembered that the Ji family was very low-key three hundred years ago. Although the strength was extremely strong, there were not many people who knew this power except for a few top powers.

But now, in Jizhou where Sanzhongtian is located, many ordinary people have heard of the Ji family's name, and even directly renamed Jizhou to Jizhou, and Ji family is the lord of Jizhou.

This was beyond Qin Chen's expectation. Three hundred years later, he didn't expect the Ji family to be born.

Originally, Qin Chen planned to go directly to the Ji family's ancestral land, break through the Ji family's restrictions, and secretly search for Ji Ruyue, because the Ji family's ancestral land is so big. As long as you are careful, you can always find Ji Ruyue's position. The only worry is to disturb the Ji family's old man. An ancestor.

But now, Qin Chen hesitated, because after he came to the Ji family ancestral land, he found that the Ji family ancestral land was guarded by heavy soldiers, and the prohibition was specially reinforced, which was much more terrifying than in the previous life. It is extremely difficult to break into it, and even once it gets closer, Will be subject to interrogation.

Moreover, just standing outside the Ji family's ancestral home, Qin Chen felt a terrible aura dormant in it, making his heart palpitations.

If this is not possible, Qin Chen shook his head. Without knowing Ji Ruyue, he rushed into it and would inevitably expose himself.

"It would be fine if I had already broken through the Nine Heavens Emperor Wu Realm."

Qin Chen shook his head. If he completely stepped into the Nine Heavens Martial Emperor Realm, his control of the space rules would have a qualitative improvement. Unlike now, Kong controls the space rules, but because his breath is still half-step Martial Emperor. And some are shackled.

"You have to think of another way."

Qin Chen did not rush in, but turned around and entered some cities to inquire.

He really heard some news, because the Ji family was born and ruled Jizhou, so the demand for strong people and geniuses is also very huge, and various genius disciples and strong people are collected everywhere. Once selected, they will get Ji Reuse of home.

Qin Chen even heard that if luck is good, the selected person can even be eligible to enter the forbidden land of the Ji family's ancestral land, be baptized, and be given the Ji family name to become a real Ji family disciple.

"This is a way."

Qin Chen was pleasantly surprised. If he could enter the Ji family and show a certain talent, he would naturally be valued by the Ji family. When entering the Ji family, he could also search for Ji Ruyue's news in a high-sounding manner. If he could find out the location of Ji Ruyue, then find Ruyue. , It's very easy.

After inquiring carefully, Qin Chen ran into trouble again, that is, if he wanted to enter Ji's house on his own, he would be subject to strict scrutiny from the Ji's house.

Definitely!

As in today's Wu Continent, the major forces are tit-for-tat, and there are people in the Ji family serving as high-level officials in the Hall of Law Enforcement, so it is natural to be extremely careful.

But what Qin Chen lacked the most was an identity.

In addition, after the self-recommended person enters the Ji family, he will only be responsible for a few small things at first, and it often takes a long time before he can be reused by the Ji family.

But Qin Chen naturally didn't have so much time to hang out in Ji's house slowly.

But soon, Qin Chen got another news.

That is, besides self-recommendation, there is actually another way, and that is to be recommended.

Some of the surrounding top powers will also recommend some disciples within their own power and friends to the Ji family in order to gain support from the Ji family.

After all, the Ji family is the lord of Jizhou, still serving as a high-level executive in the Hall of Law Enforcement, and the relationship with the Misty Palace is unusual. Naturally, there are many people who want to curry favor.

And for this kind of recommended person, the qualification review is very easy, and it is often just a matter of checking it at will, because the Ji family is very confident, and no surrounding forces dare to deceive him.

[Chapter 1708: Ziyun Fairy](#)

"This method is not bad. It seems that I have to find someone to recommend me."

Qin Chen made up his mind to use such a method, but it was difficult to find others' recommendations.

Now that he has no goal, he can only inquire about news among the cities and find a more suitable opportunity. Moreover, that force is better to be a little farther away from Jizhou, but has a good relationship with the Ji family, so that the Ji family can investigate him. When you are in your identity, you will pass easily.

Therefore, Qin Chen left Jizhou for the first time looking for such a force.

On this day, he had just left Jizhou, and suddenly saw a divine light rising to the sky in front of him, the air exuded a strong fragrance, so that every pore of him was opened, and the true essence in his body was about to move, as if it was about to emerge. Fairy.

"This is...Temperial Medicine?" His eyes lit up, and it was an imperial medicine that was about to be born.

Moreover, this imperial medicine can make the true essence in his body feel ready to move, it is definitely a very extraordinary kind of imperial medicine.

With a thought in his heart, Qin Chen decided to take a look, pretending to be a sloppy young man who just came out of the mountain, and rushed forward.

It's a mountain, not very high, you can see the peaks from afar, and the light is blooming from the top of the mountain.

"Stop!" Qin Chen just wanted to go up the mountain, but was drunk.

He looked over and saw that it was a middle-aged man, looking up and down Qin Chen, his face was full of disdain, and said: "The young ladies are tasting tea and discussing the Taoism, watching the Teiyaku, you are also worthy to join in the fun?"

Seeing that Qin Chen seemed to be a little dazed, he shouted again: "Hurry up, do you want me to take action?"

After speaking, he exudes a terrible aura, and Wu Huang's cultivation base is revealed, he is actually an early Wu Huang.

In the early days, Emperor Wu was guarding the foot of the mountain, which shows that the identity of the people on this mountain is noble.

If the other party called you Patriarchs and Adults, Qin Chen might still hesitate.

Because those who can serve as the Patriarch in the Third Heaven of Martial Region are basically the Wudi strong. Although he is not afraid to go up, he is obviously a bit abrupt, but now the other party is called Miss Gongzi, it is bound to gather the young masters and daughters of various big families. , Qin Chen's eyes brightened.

He is now positioning himself as a genius and strong man who comes from the mountains and has no charm in the world. How can he retreat obediently because of others' scolding?

So he smiled, too lazy to bother with each other, and went on.

"Do you still dare to laugh?" the middle-aged man sneered coldly.

"What if you laughed?" A sneer sounded, and a carriage came quickly, and then stopped abruptly. The horse drawn in front was actually a unicorn horse with very white wings.

This was what the coachman said. He was a young man, dressed in silk and satin, very arrogant, his eyes cold and fierce, and he looked down on the man who guarded the mountain.

"Yu Zhiqi!" The middle-aged man before showed a touch of jealousy, "It turns out that Fairy Ziyun is disrespectful and disrespectful!"

Qin Chen was overjoyed, it turned out to be Fairy Ziyun.

Fairy Ziyun, from the Ziyun family of the Third Heaven of Wuyu, is also a very large family. There are several martial emperors in the family, and it is rumored that the relationship between Ziyun family and Ji family is very good. Ziyun fairy has many Ji family The disciples also have friendship.

"Don't get out of here if you know it!" Yu Zhiqi, the coachman, said disdainfully.

"Yu Zhiqi, I only respect Fairy Ziyun, but not you!" said the middle-aged man, "My master Gu Changfeng is as famous as Fairy Ziyun, why are you arrogant?"

Yu Zhiqi sneered and said, "How can Gu Changfeng be side by side with my Ziyun Fairy? I really don't know how great the world is!"

"Arrogant!" The middle-aged man was furious and jumped onto the carriage.

"Bold!"

Boom, a palm came out of the carriage, white as jade, but with terrifying power, bang, the middle-aged man was immediately blown out, with blood stains on the corners of his mouth.

"Yu Zhiqi, go up the mountain." There was another voice from the carriage, clear and sweet, but also with infinite arrogance.

"Yes!" Yu Zhiqi promised respectfully, his eyes swept across the middle-aged man on the ground, with a contemptuous smile on his face, and then waved his horsewhip, the unicorn pegasus re-started and went up the mountain.

The middle-aged eagle glanced at the carriage going up the mountain, his eyes cold, wiped the blood from the corner of his mouth and got up.

He swept his eyes and saw Qin Chen not far away, he couldn't help showing his anger, and shouted: "What are you looking at? Are you impatient to live?"

He suffocated his stomach, and had nowhere to vent, so he could only vent all his anger on Qin Chen, because he couldn't get revenge on Fairy Ziyun, so he could only find Qin Chen.

What's more, Qin Chen also saw his embarrassment, which naturally made him even more angry.

Qin Chen glanced at him, and said, "Where can I see it that hinders people?"

"It's getting in my way!" The middle-aged man shot and grabbed Qin Chen, hum, his five fingers were as hot as electricity, and shot out a sharp light. The shot fell directly at Qin Chen's chest, clearly not for Take him down and teach him a lesson, but to kill him.

Qin Chen didn't have the slightest affection for this person. Now that he saw that this person was so arrogant, he would kill the killer casually. He naturally vacated his killing intent. He flicked his finger, huh, a burst of true essence shot out with a chuckle. Stabbed into his right arm.

"what!"

The middle-aged man screamed, and his right arm suddenly made a clicking sound. The whole right arm slumped down, and the internal bone meridians were broken. Even if healed, this arm was considered useless.

Qin Chen came here to find someone to introduce him. Although this person is very vicious, he didn't intend to kill him directly. After all, this person clearly has some background. If he kills this person, it will inevitably cause some trouble.

"Do you dare to scrap my arm?" The middle-aged man had a gray face, a pale face, a cold sweat on his forehead, and his face was full of pain. At the same time, he was full of disbelief. Obviously he couldn't believe the ugly and sloppy face before him. The guy is so strong.

A finger shattered his arm. This was definitely a powerhouse at the rank of Heavenly Jiao, at least at the rank of Master Gu Changfeng and Fairy Ziyun.

His face was pale, and he was able to cultivate such a genius, he must have an extraordinary background, no wonder this person is so arrogant.

Qin Chen stared at the middle-aged man and said coldly: "If you talk nonsense, it will take your life."

The middle-aged man looked at Qin Chen fiercely, but he dared not say anything.

He is not an idiot, he naturally knows how far he is from Qin Chen, and then he can say anything cruel, but he is humiliating himself. He turned around and left, and actually went up the mountain first.

It should be telling the truth.

Qin Chen thought for a while, Fairy Ziyun is here. This is a good opportunity. If he can get the recommendation of Fairy Ziyun, entering Ji's house will not be a problem at all, not to mention that Emperor Yao is born on the mountain.

[Chapter 1709: Rongdao Grass](#)

The only worry is whether the middle-aged person will tell right and wrong, but this is also the case. If the other party's master must have trouble with him, just show it and get the attention of Fairy Ziyun.

The Ziyun family where Fairy Ziyun is located belongs to the middle power of the martial arts domain. Generally, there are mid-term martial emperors in the family, but there are no giants, and they are not the top power.

Even if the ancestors of those families on the mountain appeared at the last juncture, Qin Chen was confident enough to leave and would not fear anyone.

Of course, this is a bad idea.

He didn't come here to be competitive, but more importantly, to enter Ji's house.

Thinking in his heart, Qin Chen strode towards the top of the mountain.

This mountain is not high, but Zhong Ling is handsome, very aura, and extremely majestic, unspeakable atmosphere.

Qin Chen walked, but there was a weird feeling, as if the higher he went, there was an inexplicable force suppressing him, and it was a very simple force of rules, turned into a mysterious force, suppressing this mountain People.

Moreover, the higher the upward, the greater the suppressing force, making people almost kneel down.

Qin Chen snorted coldly. Although he is not the Emperor of Nine Heavens, he is also a strong man who understands the rules of space anyway. Naturally, this little power cannot make him kneel.

He shook slightly, repelling this force from his body, unable to approach him at all. However, there are some people kneeling on the mountain roads on both sides, and they are all of the Wuwang level. Many of them are half-step Wuwang, and many of them are very young. Some are only 16 or 17 years old. They are obviously geniuses from the nearby forces. Disciple, in

Here I feel this profound power, trying to step into the realm of Emperor Wu.

Because, in this regular force, there is a very powerful power of the profound meaning of space, which can help people understand the profound meaning of space and step into the realm of Emperor Wu.

Of course, compared with Guyu Realm, this space power is a lot worse, but it is also very scary.

Qin Chen was a little surprised, could it be that this mountain is not famous? However, when he came to Jizhou in his previous life, he hadn't heard that there was a mountain of space similar to the secret of space?

Or is it that he had been to the Ji family once or twice in his previous life, and he didn't care at all?

This is also true. The history of Tianwu Continent is too long, and there are too many secret realms on the whole continent. Even the most remote five kingdoms in the Northern Heaven Region have secret realms, not to mention the Martial Territory Triple Heaven.

The Triple Heaven is the highest place in the Tianwu Continent, where the headquarters of many top forces have been established, and half of the many top forbidden places in the Martial Domain are in the Triple Heaven. It is natural to have such a simple holy land.

When Qin Chen came to Ji's house in the previous life, he was already the peak martial emperor, so naturally he wouldn't care about such a small place.

Qin Chen passed the crowd and continued to move upward. He reached the top of the mountain after about a stick of incense.

This is a huge platform. There are at least a dozen people in and out of the circle. Naturally, the outermost circle has the most people, with more than 100 people, while the innermost circle has only nearly ten people.

And in the center of this platform is a small medicinal garden, where various ganoderma and immortal vines grow, which are very rich, and the medicinal gas is pungent. In the middle of the medicinal garden, there is an altar. Above the altar, there is an altar. Purple Teiyaku with nine leaves.

This Teiyaku plant has nine leaves, and each of the leaves contains an atmosphere of great power, which makes people fascinated by the gods.

Moreover, on each of the nine leaves, there are nine fruits formed by the rule of the Dao, which is intangible and intangible, containing the runes and atmosphere of the Dao, which is very amazing.

"Unexpectedly blend in the grass!"

He recognized this elixir, and suddenly took a breath, shocked.

Nine-leaf Rongdao Grass is an emperor-level elixir that contains the rules of the avenue. Once mature, it will naturally leak the power of the avenue, which can be absorbed by the powerful emperor.

After the Wuhuang powerhouse absorbed the power of Rongdaocao, he had a certain chance to touch the rules of the avenue, and thus stepped into the realm of Emperor Wudi in the Nine Heavens. In general, its effect is similar to that of the regular fruit tree, but it is much weaker than the regular fruit tree. As long as the peak Wuhuang strong takes the regular fruit, there is basically a 70-80% probability that it can directly break through to the half-step Wudi. Take two more

, Can directly enter Wudi.

And Rongdao Grass, even if it directly absorbs a whole plant, it may not allow one to break through to the half-step Wudi, let alone the Nine Heavens Wudi.

It is just an introduction. If there is a powerful person with the talent of Nine Heavens Martial Emperor, even if he absorbs a weak trace, he can feel the power of the rules and break through. However, even if he has no talent, no matter how much he absorbs, it is useless.

Of course, it doesn't mean that you only need to absorb a little bit of the Rongdao grass warrior. The more you absorb, the clearer the perception of the heavens.

In addition, Rongdao Grass also has a function that cannot be matched by the regular fruit, that is, the martial artist who directly takes the regular fruit to break through the Nine Heavens Emperor Wudi will definitely have limited growth in the future.

But the martial artist who comprehend the rules through Rongdao Cao and broke through the Nine Heavens Emperor Wudi did not have any side effects.

If the oneself in the previous life possessed this Rongdao Grass, maybe he could break through the limitations of waste veins and enter the realm of Emperor Wudi in the Nine Heavens.

Of course, even if he swallowed the entire Rongdao Grass, it was only about 10% possible, but for Qin Chen, who had a waste vein in his previous life, it was already extremely impressive.

Moreover, Rong Dao Cao also helped Qin Chen to a certain extent.

This thing definitely does not grow casually.

Seeing the altar in front of him, Qin Chen reacted for the first time, it must have been cultivated here.

However, which force cultivated it here?

Qin Chen was puzzled. If any force gets this Rongdao Grass, shouldn't it be planted in his own family? How could it be placed here and allowed to be absorbed by so many people.

Looking around, Fairy Ziyun's carriage was parked in a clearing in the distance, and there were still many carriages and blood beast pets, and they came from different forces.

And the previous Yu Zhiqi sat on the outermost part of the platform, staring straight at the Rongdao grass, as if wishing the fruit on the leaf to fall directly into his hands.

But why no one stepped forward to move this Rongdao Grass?

Qin Chen took a closer look, his eyes condensed again, he understood in his heart as if a stormy sea was rolled up.

Because, in this medicine garden, there is a very complicated prohibition faintly, shining light, making people palpitating.

This is a ninth-level ban, and the top ninth-level ban, even if Qin Chen sees it now, is a little dazzled and feels very complicated.

Who laid this? Among the martial arts, there are people who are so profound in prohibition? The master of the device hall, the master of the Dan Pavilion? Or who? Qin Chen inhaled air-conditioning, even if he was allowed to break this restriction, it would definitely not be possible overnight.

[Chapter 1710: Save it](#)

"Don't be pestered there, find a place to sit down quickly, don't you know this is a holy land?" Someone turned his head and shouted at Qin Chen. This was a person sitting in the outermost row with an impatient expression on his face. , Because Qin Chen was standing behind him

, Giving him an inexplicable irritability.

Qin Chen chuckled. He couldn't figure out the situation now, so he squeezed out of the room and sat with the man.

This person is around thirty, and his cultivation level is not very high. In the early stage of the eighth stage, he had a square head and big ears, and he felt a little happy.

Qin Chen began to get close to this person, and quickly figured out his situation.

He was called Zhuo Lengjun, and he was a disciple of an emperor-level force. He was originally not qualified to come here, but since the Zhuo family and Ji family where this person lives are in a good relationship, he naturally came here.

And this mountain, named Daoshan, is a holy land in the nearby states of Wuyu Sanzhongtian, and a dream place for all talented disciples. "I think you are here for the first time? Good luck. The Rongdao Grass will mature soon. If you can absorb the essence of the Rongdao Grass after it has matured, your cultivation level will be absolute. Would have a huge benefit, this benefit

But only in our states. "

Zhuo Lengjun was talking about stubbornness. Before seeing Qin Chen unhappy, he couldn't stop talking after a few words. So Qin Chen also understood the origin of this mountain. This mountain was deployed by a great power in the Martial Domain more than two hundred years ago. Originally, this mountain was very ordinary, but after this great power came, he imposed on this mountain. Big means, and laid down on the top of the mountain

The altar, and planted a Rongdao grass.

It is rumored that this Rongdao grass was found by this great power for one of his friends, but when he found this Rongdao grass, his friend had disappeared, and his life and death was uncertain.

Under this great grief, he planted Rongdao grass on Daoshan to commemorate the friendship between him and that friend. Moreover, when this great power planted Rongdao grass, he also placed a lot of restrictions, and publicly stated that Rongdao grass is close to a hundred years of maturity. As long as it is a Tianjiao in the nearby states of Jizhou, it can be used after the Rongdao grass matures. Dosan to get Chance.

And this time, Rongdao Grass has matured for the third time. Every time Rongdao grass matures, this place will become a martial arts holy land, because everyone knows that as long as one absorbs the essence of Rongdao grass, there is a certain possibility to realize the great way, and it will be a great help for oneself to break through the nine days of Wudi in the future.

help.

And the most precious thing is the eighty-one fruits of Rongdao Grass, and eating one is of great benefit, but Teiyaku is placed under the supreme restriction and cannot be picked easily.

It's not that it can't be picked, but it's extremely difficult to pick. This is a gift that the great power left to future generations, and it is also a test.

Only those who pass the test can get the fruits of Rongdao Grass.

The arrogances on the field all come from the major forces of the Martial Domain Three Heavens. They want to step into the Martial Emperor Realm, it couldn't be easier, but to become the Nine Heavens Martial Emperor, it takes chance.

And this Rongdao Grass Holy Land is the place they value most.

Under normal circumstances, those who are most suitable for absorbing the essence of Rongdao Grass are still those peak martial emperors or even half-step martial emperors. As long as they absorb the essence of Rongdao Grass, it will be a huge help for them to enter the realm of Emperor Wu.

However, Rongdao grass will only mature once in nearly a hundred years, and many people naturally can't wait. Therefore, every time when Rongdao grass matures, even the talents such as the early and mid-term Wuhuang will come here.

Although they have absorbed the essence of Rongdao Grass, they will not directly enter the realm of Emperor Wu, but it will leave a rhyme in their bodies. Although the effect is not as good as those of the peak Wuhuang, it is better than waiting for themselves. Less than strong. As for why only genius disciples can be seen here, but there is no Wudi strong, it is because that great power was so stipulated that his friend has been stuck in the realm of Wuhuang, unable to break through the nine days of Wudi Wudi, so ,

He wanted to leave a glimmer of hope for the peak martial emperors like his friends.

And if there is a strong Emperor Wu who dares to come to Daoshan, it will activate Daoshan's prohibition and expel him. Once the opponent is too strong to expel him, he will destroy the altar and destroy the Rong Dao grass completely to avoid being occupied.

The powerhouse in the family where the great power once belonged, thought that Rongdao Grass should be their family property, and sent a late Martial Emperor giant to forcibly recover Rongdao Grass, but was severely injured by the prohibition on Dao Mountain and fled in embarrassment.

The Rongdao grass on Daoshan has matured twice in the previous two hundred years, and these two maturities have given the major forces at least a dozen or even more martial emperors.

Qin Chen was shocked. There is such a person in this world. After obtaining Rong Dao Grass, not only did he not leave it to future generations and family members, but instead stayed on this mountain to supply all the forces in the nearby states. What kind of mind is this?

At this moment, Qin Chen couldn't help but feel a little curious about the power of Rongdao Grass. Who is this person?

According to Zhuo Lengjun's statement, this mountain was only built decades after the fall of his previous life, and that great power, at least he had heard of it. At the same time, Qin Chen couldn't help but be moved. The fruit on the grass of Rongdao possessed the effect of the Great Way of Comprehension. Qianxue and others should not have broken through the Nine Heavens Martial Emperor. As long as they got it, supplemented by the regular fruit, they could cross into nine days

Wudi realm, and there are no side effects.

Not only Qianxue, but also Wang Qiming and others.

Combining this object with the regular fruit, this is simply a treasure for mass production of Emperor Wudi of the Nine Heavens.

Qin Chen couldn't help but binged, staring at Rongdao Grass fiercely, whether it was for himself or Qianxue and the others, he had to get the fruits on it.

However, if you want to get the fruit, you must go through a test, and Qin Chen asked that person how to collect the fruit of Rongdaocao.

"You?" The man looked disgusted, "Just save your time, we are already lucky to be here, so don't have any extravagant thoughts." Of course, while educating, he also told With Qin Chen, when the Rongdao grass matures, everyone on the field can use the power of the profound meaning to arouse the fruits on the altar, because there are eighty-one fruits, and each fruit contains the rules of the Dao.

, As long as it can resonate with the fruit, it can be collected.

But the difficulty lies in this resonance.

There are hundreds of people in the three and three layers of the martial artist on the field. Not only does it have to resonate, but it also has to compete with others. How easy is it. Moreover, after the great power set the restriction, he must be a young Tianjiao disciple to mobilize Rongdao Cao. This is why there are not many old martial emperors here. I am afraid that only the most central fairy Ziyun etc. can mobilize the fruit. People.
