### Chapter 171

After treating Wang Qiming, Qin Chen didn't stay much, went to the camp to eat something, then went back to his tent again, closing his eyes and resting.

Early the next morning.

Qin Chen was awakened by the sound of assembly.

When I walked out of the camp, I saw many geniuses of the Great Qi State gathered together.

"I heard that a few talented disciples from Daqi State arrived yesterday. This son is very curious. This time Daqi State sent those crooked melons and cracked dates into the blood spirit pool." A discordant voice sounded.

From the other direction of the Great Qi State Army Camp, a few young martial artists suddenly walked over, one of whom was quite handsome, looking at the Qin Feng, his face showed a somewhat mocking smile.

Jiang Zhong was very irritable and very angry, and said in a deep voice, "What do you mean?"

The handsome man sneered and said: "Da Wei Guo, Luo Jingshan, Luo Mou is not interesting, just want to see, you have some geniuses in Da Qi State, will it be the same as the previous one, they are not enough for me to kill Wei Guo. ."

"what did you say?"

Jiang Zhong and the others surrounded them with angry faces.

Luo Jingshan looked very calm and smiled, "Could it be that what Luo said was wrong? In the last Five Nations Grand Competition, as soon as your disciples from the Great Qi State came in, they were killed by our Great Wei State. Few people directly abstained and gave up. It's too silly. In this session, I don't know if there is any kind of guy, hahaha."

"Haha, Daqi Country is a group of unkind guys."

"Tsk tsk, just these crooked melons and split dates, I also want to participate in the Five Nations Grand Tournament, it is not enough for our big Wei country to stuff our teeth."

"Hehehe, I, Wu, can beat ten of them."

A group of disciples from the Great Wei Kingdom laughed strangely.

"Damn it, dare you say it again, believe it or not, I'm not polite to you."

Jiang Zhong and others furiously surrounded them.

"Do you want more people versus fewer people? Just go ahead, anyway, if you are a big country, you can only use more against less."

"Damn it, why do you need so many people to deal with you? I, Jiang Zhong, alone is enough to beat you down."

"Well, if you can pick me up, I will take back what I just said." Luo Jingshan smiled lightly.

"One trick, damn, you look down on me too much."

Jiang Zhong roared, his energy was raised to the extreme, and he blasted out with a punch.

"Barbarian King Fighting!"

Boom!

The towering fist wind swept out.

"Small bugs."

Luo Jingshan, with a smile on his face, didn't care about the other party's shots. The moment Jiang Zhong's fist was about to hit him, he took a palm.

Bang!

This palm, coming first, hit Luo Jingshan's chest instantly.

"puff!"

With a spurt of blood, Jiang Zhong flew out and fell heavily to the ground.

A blood-red palm print appeared on his chest, and a trace of heat came out, as if he had been burned.

what?

Everyone was shocked, Jiang Zhong was defeated in one move?

"Hahaha, this is the genius of your Great Qi Kingdom, too weak? We can't help but wind up."

Luo Jingshan laughed.

The other warriors of the Great Wei Kingdom, seeing that Luo Jingshan defeated Jiang Zhong with one move, all laughed, and their eyes were full of mockery.

"The warriors of the Great Wei State came to my place in Daqi State to make trouble, do you want to die?"

At this time, there was a burst of shouts, and General Yan Huai looked cold, and walked forward, full of horrible murderous intent, like waves, sweeping out.

"General Yan Huai, we are just here to meet the genius disciples of the Great Qi Kingdom. Just now, this one also wanted to challenge us. As a result, this young man couldn't handle a single move. It wasn't that we came to make trouble." Luo Jingshan laughed Tao.

"Yeah, although there are conflicts between your Great Qi State and my Great Wei State, the genius will not be beaten. Are you a general who will take revenge for him?"

"Are the genius warriors of the Great Qi Kingdom all shrunk tortoises?"

Many disciples of the Great Wei State ridiculed.

"court death."

Yan Huai's face sank, and he grabbed Luo Jingshan with one claw, with a violent palm, he wanted to grab Luo Jingshan like a chicken.

As a general stationed in the Blood Spirit Pool, Yan Huai had a very strong cultivation base. In the late stage of the Heavenly Stage, under this claw, Luo Jingshan suddenly felt a qi enveloped him, and his figure could not move.

"boom!"

Abruptly, a palm protruded from the void, blocking Yan Huai's palm.

Pedal.

The two backed a few steps at the same time, their faces flushed.

"Gu Qing!"

Yan Huai narrowed his eyes, and the visitor was Gu Qing, the garrison general of the Great Wei State.

"Yan Huai, if you take action among juniors, it would be too shameful for you."

Gu Qing was a man with a hooked nose, his face was thin, and said gloomily.

Yan Huai frowned. Da Qi and Da Wei were stationed here together. The well water has always kept the river water, but what happened today.

Luo Jingshan smiled and said: "It seems that the Great Qi State really has no masters this time. This Jiang Zhong should be the strongest, but that's all, it is a waste of people like this to enter the blood spirit pool."

"Hmph, what are you doing so arrogantly? I have a lot of masters in the country of Qi. How can it be my turn to enter the blood spirit pool." Jiang Zhong wiped the blood from the corner of his mouth and shouted angrily.

"Oh? Then pull it out and take a look. Why are you seeing crooked melons and cracked dates, not even one pleasing to the eye!" Luo Jingshan sneered.

The other big disciples of Wei also laughed loudly.

"The previous Great Qi State also won two top ten places. This year, it seems that there are none."

"With Luo Jingshan and Luo Xiaohou's strength, it is enough to sweep everyone in the Great Qi Kingdom."

"It seems that it will not be long before the Great Qi State will be annexed by my Great Wei State, hahaha."

"All of you will become slaves of my great Wei state."

A group of big disciples from the Wei Kingdom showed open expressions and disdain.

"Is it possible that the great state of Wei is so prosperous? No wonder it is called the land of barbarians."

At this time, the fourth prince walked out of the camp and said coldly.

"His Royal Highness Fourth Prince!"

Everyone saluted.

"Four princes, among the geniuses sent by the Great Qi Kingdom this year, there is actually a prince?"

Luo Jingshan's eyes brightened, and even looked.

The geniuses of other great Wei countries all stared at him.

at this time.

Zhao Lingshan, Princess Zixun, Li Qingfeng and others were all disturbed by the quarrel and walked out of the camp.

This group of people was obviously different from other warriors, and immediately attracted the attention of the genius warriors of the Great Wei Kingdom.

"I have seen Princess Zixun and Princess Lingshan."

Many people saluted.

"Princess? Sheriff?"

The eyes of the disciples of the Great Wei Kingdom lit up one after another, and they flicked back and forth on the two of them, especially after seeing the faces of the two of them, almost all of them shone in their eyes.

"Hahaha, this time Daqi State actually sent a princess and a princess, do you think this is an outing?"

"It's no wonder that the Great Wei State is not as good as one in these years."

"Tsk tusk, look at these two people, their figures and looks are the best. It seems that this time we are lucky."

Many disciples of the Great Wei Kingdom laughed strangely, and their eyes showed a lustful look.

Chapter 172 Prince Cao Heng

"presumptuous!"

"Bold!"

"Too arrogant, do you think there is no one in my great Qi country?"

"It's too much to make trouble in my Daqi State Camp!"

Everyone was discolored and furious.

Zhao Lingshan and Princess Zixun were both one of the four beauties of the King of Qi, and the goddesses in the minds of countless genius warriors. Now the disciples of the Great Wei Kingdom dare to slander their goddess in front of them, and they are all furious.

For a while, everyone looked forward to it, and the horror was released, and it was about to step forward.

"You people from Great Wei State are making trouble in my Great Qi State, let's pass it!"

The fourth prince, no matter how well-trained he was, couldn't help being angry at this time, and his eyes narrowed.

Luo Jingshan smiled faintly: "This is not the case. I am waiting to come, just want to visit the geniuses of Daqi, want to see how the geniuses of Daqi are cultivated, why did you make trouble? It is the four princes of the Great Qi Kingdom, who must have an extraordinary cultivation base. I wonder if the four princes can give pointers?"

"Just because you want to challenge the fourth prince? You look too high on yourself."

"who do you think You Are?"

"ridiculous."

A group of genius disciples from the Great Qi Kingdom were furious. If the fourth prince really stepped forward, it would be a shame.

"His Royal Highness Fourth Prince, ignore him."

Yan Huai also changed color on the side. If the fourth prince had something to do here, he would be very responsible, and he would definitely be punished by his majesty at that time. After all, the identity of the fourth prince was different from other students.

General Gu Qing of the Great Wei Kingdom couldn't help but sneered and said: "Yan Huai, you have to stop the juniors from their own discussions. It's not that you are afraid of your prince of the Great Qi Kingdom and be defeated by the genius of my Great Wei Kingdom. Haha."

"Yes, four dignified princes, don't you have the courage not to be challenged?"

Luo Jingshan also sneered.

"Huh, who said I dare not accept it."

The fourth prince sank and walked up.

"Four brothers!"

"His Royal Highness the Fourth Prince."

The crowd exclaimed.

His Royal Highness the fourth prince is noble, how can he be as knowledgeable as this guy.

"Let me play."

"Yes, I am here to play, and I will meet the so-called genius of Wei Guo."

"This guy is so arrogant, I don't believe that no one can control him in my great Qi country."

The crowd was angry and filled with righteous indignation.

Yan Huai also wanted to step forward to stop again.

The fourth prince stopped and said: "General Yan Huai, no need to say more, the other party has already called the door, if I refuse, wouldn't I let the other party look down upon him?"

With a gloomy face, the fourth prince stepped forward.

"Haha, the fourth prince is really heroic, and Luo admires him."

Luo Jingshan laughed, but in his smile, there was not much respect, and some were just mockery.

at this time.

Outside the military camp of the Great Qi State, several handsome men and beautiful women, accompanied by a thin old man with gray beard and hair, stood there quietly, because they were far behind the crowd, so that no one else found them.

"The four princes of the Great Qi Kingdom really can't stand the excitement. They have come to the stage so easily." A young man said with a light smile holding an iron fan.

"His Royal Highness, the fourth prince Zhao Wei of the Great Qi Kingdom, I heard that he is the top genius of the Great Qi Kingdom. It seems that this time there must be one of the blood spirit pools. It is just right to see it. This is a legend in the Great Qi Kingdom. His genius, what is it capable of, your Highness should be prepared for it." A young man in a green robe with an evil face laughed.

"What can I do? It's just an exaggeration. How can it be compared with my Royal Highness Cao Heng of the Great Wei Kingdom? After looking at it, Luo Jingshan can defeat these four princes. His Highness Cao Heng doesn't need to care."

An enchanting woman with a fiery figure and spurting blood in a purple suit, smiled charmingly.

With a slender waist, she leaned on the third prince Cao Heng, exuding a taste of temptation, she was a stunner in the world.

"If I'm not mistaken, the few people who came out with Zhao Wei just now are probably the geniuses of Da Qi State who entered the blood spirit pool this time. There are actually a few teenagers, Cao Heng, this is The genius of the Great Qi Kingdom you want to explore? Too weak!"

A young man standing next to Cao Heng shook his head. His face was pale, his eyes looked strange, and it was chilling.

Judging from where he stands, it seems that his identity is not under the three prince Cao Heng of the Great Wei Kingdom.

He was indifferent, looking at the place of the genius of Daqi, with a look of disdain.

That kind of disdain went deep into the bone marrow, as if the dragon was looking down at the ants, completely ignored.

"Less school, I have inquired about. These few should be students who have just graduated from the Star Academy, the First College of the State of Qi. I am afraid that they are only fifteen or sixteen years old. Such a guy can be in the five countries. I don't know what the Emperor Zhao Gao of the Great Qi Kingdom thinks about what it is, his old eyes are dim." Cao Heng also smiled.

"The warriors of the Great Qi Kingdom are indeed very weak. Even if they are geniuses who enter the Blood Spirit Pool, few of them will be Luo Jingshan's opponents."

Everyone felt this way, and with so many people present, there was almost nothing that would make them look at it.

"Luo Jingshan, you wounded my great Qi national martial artist, I now give you two choices, one is to apologize and pay for the loss obediently, and the other is to fight back, but at that time, it was not that simple."

At this time, the fourth prince stared at Luo Jingshan and said coldly.

Around the two, everyone backed away, leaving a place free.

Hearing this, all the geniuses of the Great Wei Kingdom laughed.

Luo Jingshan also froze for a moment. The purpose of his action was to attract a master like the Fourth Prince. The other party actually wanted him to apologize, which was too naive.

"His Royal Highness, if you can beat me and let me apologize, it is not impossible, but you may not be my opponent and want me to apologize? How can the strong apologize to the weak."

"Yes."

"How can the strong apologize to the weak? In this world, only the weak can apologize to the strong."

The geniuses of the great Wei state all booed.

The fourth prince sneered at Luo Jingshan and said, "Well, since you have to fight, I will fulfill you, but if you lose, don't think it will be so easy to solve. You must kneel down and apologize to the geniuses of the great Qi country and make compensation. loss."

"Haha, well, beat me, let alone make me pay for the loss, even if you take away everything from me? Unfortunately, you can't beat me at all."

When the voice fell, Luo Jingshan moved suddenly, his hands clasped together, and a scorching wave of air rose from his body, and his entire arm instantly became red.

Above the palm of the hand, smoke filled with smoke, the air was burnt and distorted, and a violent high temperature filled it.

"Molten World!"

With a grinning laugh, Luo Jingshan rushed towards the fourth prince.

The technique he cultivated was a low-level Xuan-level melting technique, and he had cultivated to the peak, which was definitely not something ordinary martial artists could resist.

For a time, the temperature of the entire camp rose by several degrees.

Chapter 173

"It's Melting Skill."

"Luo Jingshan unexpectedly performed the strongest trick of the Melting Technique in one go. He looks too high on the four princes of the Great Qi Kingdom."

"Yes, where does such a strong martial skill need to be used against him."

The geniuses of the Great Wei Kingdom said one after another, they all knew how strong Luo Jingshan's melting art was. In the Great Wei Kingdom, all the warriors at the peak of the late prefecture level were killed by him.

On the side of the Great Qi, many geniuses felt the power contained in it, and their eyes were solemn.

Just when Luo Jingshan's palms were about to smash Zhao Wei's body, the fourth prince Zhao Wei suddenly moved. He shook his figure and escaped Luo Jingshan's attack and came to Luo Jingshan's side.

"So fast."

Everyone was shocked, the fourth prince was too fast.

When he came to Luo Jingshan, the fourth prince slapped it with a palm, and the strong wind whispered sharply at the edge of his palm, as if he was cut open.

If this palm is cut, a person-high rock will be cut in half.

Luo Jingshan's heart was shocked, but his eyes did not panic. He showed a hideous expression and said grimly: "Want to avoid me? It's impossible, melted blood, burst!"

boom!

A ray of red light bloomed from his body, like a volcano erupting, and scorching energy swept everywhere, enveloping the fourth prince Zhao Wei instantly, and his body disappeared.

"not good."

Everyone was shocked. His Royal Highness the Fourth Prince was shot?

"Huh, broken!"

In horror, only a cold snort sounded, the hot flames separated instantly, and the fourth prince appeared, with a grin at the corner of his mouth, and slapped Luo Jingshan with a palm.

"puff!"

A nearly a foot-long wound was cut on his chest, Luo Jingshan's figure retreated violently, with blood spraying from his mouth.

Whoosh!

His Royal Highness the Four Prince shook his body and stepped forward again.

"Block me."

The calmness on Luo Jingshan's face was never seen again, some were just horror, and with a roar, his palms were replaced by waves of flames to prevent Zhao Wei's attack.

Zhao Wei sneered, his right hand suddenly accelerated, and instantly penetrated Luo Jingshan's palm defense, slapped his face with a slap.

"Snapped!"

Luo Jingshan's face was embarrassed, and he was taken out of the air, fell heavily to the ground, spit out seven or eight teeth, a palm print appeared on his cheek, and half of his face quickly swelled.

The smiles on the faces of all the geniuses of the Great Wei Kingdom solidified in an instant, and they were shocked, and they all couldn't believe their eyes, and each of them was so wide that they could lay eggs.

what happened?

Shouldn't Luo Jingshan's four princes of the Great Qi Kingdom kneel down and beg for mercy? In the blink of an eye, Luo Jingshan was defeated, and everyone didn't even have time to see exactly how Luo Jingshan was defeated?

The strength of the four princes is too strong, it is simply crushed, and it is no effort at all.

"It's not weak indeed."

Even Qin Chen's gaze narrowed. Although the fourth prince's cultivation base is only the peak of the late earth level, in terms of speed and strength, it surpasses the warriors of the late earth level. Steady victory.

It's ridiculous that Luo Jingshan was still showing off his power just now.

"Luo Jingshan, it's time to fulfill your promise." The fourth prince sneered.

"you....."

Luo Jingshan was holding half of his face, his eyes were full of disbelief. Until now, he was still a little confused and didn't know how he was defeated.

"Kneel down and apologize."

With a cold cry, the fourth prince sneered, his eyes cold.

"Yes, who just said that as long as you lose, you kneel down and admit your mistakes?"

"What some people have said will not be forgotten so quickly."

"I would like to bet and lose, you Da Wei, are not all people who do not believe in words?"

The geniuses of the Great Qi Kingdom who had been suffocated before, breathed out one after another, and laughed one by one.

It's so happy, it's really happy.

Two steps forward, Jiang Zhong, who has recovered a little bit, shouted coldly: "Don't kneel down and apologize to me!"

"I....."

Luo Jingshan's eyes were stagnant, and he dared not speak.

It is okay for him to compensate, but it is impossible for him to kneel down and apologize.

As a result, Da Wei's face was completely lost by him. How will he meet people in Da Wei from now on?

"Don't you apologize? You were so flamboyant just now, don't you think you are now?"

Jiang Zhong looked cold and stepped on Luo Jingshan's back: "Do you want us to do it yourself?"

"stop!"

Gu Qing couldn't stand it anymore, his face was gloomy, and he had to take a step forward.

"Gu Qing, things between juniors, those of us who are generals, shouldn't we interfere?"

Yan Huai sneered and stopped Gu Qing.

"Yan Huai, do you think you can stop me?"

Gu Qing's face was gloomy, and his true energy swept all over, and a violent wind and waves swept out, rushing on everyone.

Pedal!

Many genius martial artists of the Great Qi Kingdom retreated one after another, their faces pale.

That is to say, Qin Chen's figures were still and unaffected.

"Come to my Great Qi State Army to make trouble. If you win, you will show off your strength. If you lose, you will want to shame. How can it be so easy!"

Suddenly, an indifferent voice sounded, accompanied by a terrifying oppressive force, instantly dispelling the momentum that Gu Qing had released.

Under this oppressive force, Gu Qing, who was still strong before, was like a small boat on the sea, with no resistance.

"Master Lingwu King!"

"Master Xiao Zhan!"

Seeing the people coming, everyone saluted respectfully and looked excited.

Lingwu King Xiao Zhan is the God of War of the Great Qi Kingdom, the idol and spiritual leader in the minds of every warrior of the Great Qi Kingdom.

"Xiao Zhan!"

Gu Qing's pupils shrank, and his original arrogant aura instantly languished, as if the mouse had seen the cat.

Great Wei and Great Qi have fought all the year round. Gu Qing naturally knew how terrible Xiao Zhan was, and wanted to kill him without any effort.

"Xiao Zhan, do you want to trigger a war between the Great Qi State and the Great Wei State?" Gu Qingser shouted coldly.

"just you?"

Xiao Zhan glanced at him indifferently, as if he didn't have him in his eyes, that kind of ignorance made people feel more angry and humiliated than mockery.

"Even if the two countries go to war, kill you, it's not a matter of minutes."

Indifferently speaking, Xiao Zhan came directly to Luo Jingshan: "Kneel down to apologize and give you a way to survive, otherwise, you know the consequences."

His tone was plain, without any threatening words, but the defense in Luo Jingshan's heart collapsed instantly.

Flop!

Kneeling on the ground, Luo Jingshan's face was pale, and he said in fear: "Yes... I'm sorry!"

At this moment, he even had the heart to cry.

Unexpectedly, coming up to provoke him would attract Xiao Zhan, the Lingwu King of the Great Qi Kingdom. These characters killed him, and he had nowhere to reason.

Even General Gu Qing didn't care about confronting him.

"Dare to come to my Daqi State Camp to provoke and kill without mercy."

"get out!"

Coldly swept through all the great Wei state martial artists, and all the people he saw, bowed their heads and dared not look directly.

"let's go!"

Gu Qing gritted his teeth and took many warriors from the Great Wei Kingdom, and turned and left.

"You wait."

Jiang Zhong called to stay in panic and fled to Luo Jingshan. He directly took off everything on his body and sneered: "Don't forget the compensation you just said."

Then he kicked him on the \*\*\*\* and kicked him out, laughing.

Chapter 174: Gathering of Geniuses

Cool!

It's so cool.

Before being defeated by Luo Jingshan, Jiang Zhong suffocated his stomach. Unexpectedly, in the blink of an eye, His Royal Highness the Fourth Prince found his place and won so simply and neatly.

At this moment, Jiang Zhong completely worshipped the fourth prince.

Being able to join the blood spirit pool is really terrifying.

"If you want to discuss, just stand upright, stand there sneaky, send a few rubbish, and act as a villain."

Toward a distant place, Xiao Zhan sneered.

Everyone was taken aback.

What is Master Xiao Zhan talking about?

Looking at it intently, a group of people seemed to be standing hundreds of meters behind the crowd, paying attention to this place.

"It seems to be the prince Cao Heng of the Great Wei Kingdom."

"Damn it, it turned out that they were instigating behind, but they didn't come forward!"

"Do you want to test the strength of our great geniuses?"

"It must be so, besides this, what can be the reason."

The genius of Daqi State fry the pan instantly.

Those who can stand out from many warriors and become geniuses are all smart people. When they think about it, they instantly understand the ins and outs of things.

Although the Great Wei State and the Great Qi State are hostile, they have come here for a long time, and they have not seen the warriors of the Great Wei State come to provoke them.

But yesterday, as soon as the Fourth Prince and the others arrived, the genius of the Great Wei Kingdom came to provoke, and the implications can be imagined.

I definitely wanted to test the strength of the four princes.

But if you want to test your strength, you should be more open, but hiding behind yourself is really despicable.

far away.

Nian Wuji and others were seen through by Xiao Zhan, and their expressions suddenly sank when they heard Xiao Zhan's ridicule.

"This Xiao Zhan is really arrogant, do you think he is invincible?"

Taking a step forward, Nian Wuji couldn't help stepping forward.

"Wuji, don't be reckless."

The gray-bearded old man suddenly stepped forward.

"Elder Ling, why stop me?" Nian Wuji frowned.

Elder Ling didn't care, and said in a condensed voice: "Xiao Zhan, is the number one master of the Great Qi Kingdom. He has cultivated his talents and reached the top. If you go up, it is easy to suffer."

"Aren't you, Elder Ling, his opponent?" Nian Wuji was surprised.

Shaking his head, Elder Ling said: "It's still a little bit worse. Among the sects, those who can fight against this person, except for your father's lord, can also compete with the two deputy lords. As for the others, it may not be possible. Can deal with."

"This person is so strong?"

Nian Wuji was shocked, and his eyes narrowed: "In that case, let's go, the five nations will be compared, and then they will be divided."

Knowing the measure, Nian Wuji was not reckless, and soon a group of people turned and left.

"Master Lingwu, just let those guys leave like this?"

Yan Huai and others were filled with indignation.

According to reason, if the other party is so provocative, he has to leave something behind.

"Don't make trouble."

Shaking his head, Xiao Zhan looked at the fourth prince and Qin Chen and the others: "This time in the Five Nations Grand Tournament, in addition to being careful of the Great Wei Kingdom, you should also pay attention to the disciples of the Guixian faction."

Guixian Pie?

Everyone is puzzled.

"Yes, just now Cao Heng was standing with Nian Wuji of the Guixian Sect. This person is the son of Nian Shuo, the master of the Guixian Sect. The key is that the methods of the Guixian faction have always been fierce and sinister, you must pay attention to it." Xiao Zhan frowned.

The Guixian faction is one of the most powerful top sects in the northwest. If the Great Wei State and it unite, the situation of the Great Qi State will be extremely bad.

In the next two days, all the warriors of the Great Qi Kingdom felt the heavy pressure, and they immersed themselves in painstaking practice.

Two days, fleeting, and finally arrived at the day of the blood spirit pool.

"Eight of you, come with me."

Xiao Zhan arrived at the camp early in the morning and took Qin Chen and the others to a mysterious area in the deepest part of the valley.

This is an underground world. Everyone went through a long rocky tunnel and went all the way. They didn't know how long they walked until they finally came to a huge cave.

In the cave, many young geniuses have gathered.

These geniuses exude a palpable aura, and the weakest cultivation bases are also at the mid-level peak.

At this time, they all stood quietly in the cave, looking at each other coldly, and inquiring about each other's strength.

Because everyone knows that in the upcoming Five Nations Grand Tournament, these people present will be their most terrifying opponents.

And these people are basically in their early twenties, and almost none of them are under twenty.

therefore.

When Qin Chen and the others appeared, they immediately attracted everyone's attention.

"These... are the geniuses of the Great Qi Kingdom?"

"So young, what the \*\*\*\* is this?"

"You won't come over to make soy sauce?"

Everyone was stunned, all dumbfounded.

The players who enter the blood spirit pool are often the core figures of the five-nation competition, competing for the top ten main forces.

Therefore, when the major forces are arranging personnel, they usually stick to the twenty-four-year-old age limit.

After all, the older you are, the higher your cultivation base is, and the greater the probability of being able to break into the top ten.

But Qin Chen and the others were clearly only fifteen or six years old, which had to surprise people.

At such a young age, his cultivation is definitely very average. How can he get a good ranking among the five nations?

For a moment, the entire cave was in an uproar.

"A great country, can you not even find eight geniuses?"

"Finding so many teenagers, isn't it about to give up this competition?"

"It is very likely that this great Qi country is cultivating the geniuses of the next Five Nations Grand Tournament? At the age of these young people, this time entering the blood spirit pool, I am afraid that after five years, they can still participate in the Five Nations Grand Tournament. ratio."

Everyone thought of a possibility.

"It's ridiculous."

Someone sneered at this moment.

It was the enchanting woman from the Great Wei Kingdom.

She chuckled at the corners of her mouth, with a mean smile, and sneered: "Blood Spirit Pool, as we all know, the higher the cultivation level, the stronger the body, and the higher the benefits. These teenage guys, the cultivation level is also in the early stage of the Earth level, even if you enter the blood spirit pool ahead of time, you can't bear the horror of the blood spirit pool, and can't absorb the energy of the blood spirit pool, which is tantamount to waste. The monarch of the great Qi country will not be kicked by a donkey. , Giggle."

She covered her mouth and chuckled, her body trembled, and the two jade peaks on her chest trembled back and forth, attracting attention

"presumptuous."

Xiao Zhan was furious, and a terrifying aura oppressed the past.

Pedal!

The enchanting woman turned pale, her eyes were frightened, and she backed away again and again.

"Xiao Zhan, what are you doing?"

With a low cry, a burly man walked out from the crowd of the Great Wei Kingdom, his eyes cold, like an eagle.

boom!

His body exploded, like a gushing volcano, swept out.

"Wei Chicheng, you didn't expect you to come too!" Xiao Zhan's pupils shrank.

Yu Chicheng was the number one powerhouse in the Great Wei Kingdom. He was also at the pinnacle of the fourth-order Xuan-level. He was cruel and murderous, and he was called the God of Slaughter.

Chapter 175

"You can come, why can't I come?"

Yu Chicheng sneered, his eyes cold.

"Those who take care of you, if there are any words that slander my Majesty the Great Qi State, don't blame me for being merciless." Xiao Zhan sneered coldly.

"Xiao Zhan, yelling at a female disciple, it doesn't seem to fit your status as the number one master of the great Qi country, isn't it true that the number one master of the great Qi country will only show off against a female disciple?"

A gloomy voice sounded, it was Ling Zhong, the elder of the Guixian Sect, who looked at Xiao Zhan with a strange smile.

"Ling Zhong, what is the matter between the Great Qi State and the Great Wei State, what do you do with the Guixian faction? When did the Guixian faction and the Great Wei State unite? It seems that this time the ambition is not small!"

"I'm just fighting injustice." Ling Zhong's eyes sank, and he did not continue to speak.

Yu Chicheng on the side also looked gloomy, but didn't say anything, just smiled coldly.

But the murderous look in his eyes did not hide.

"The people of the Great Qi Kingdom and the Great Wei Kingdom are fighting again!"

"Huh, haven't they been fighting for a few years? If it weren't for the agreement between the five countries and no major fights, the two countries would have been fighting."

"It's not the same now. It's said that there are thousands of soldiers killed and injured at the border every year in Da Wei and Da Qi."

"Hey, there seems to be a good show. In the last five-nation competition, the great Wei and the great Qi geniuses fought hard in the preliminary round. It can be said that the casualties are heavy. This year, I am afraid it will not be better. "

"Don't talk about the Great Qi State and Great Wei State, are there few geniuses who have fallen from other forces? Now the northwest surface is still peaceful, but the secret conflicts between the major forces are constant. It is not easy to have such an opportunity. . "

Seeing this scene, everyone from other forces present secretly discussed it.

Qin Chen frowned slightly. It seemed that the five northwestern countries were peaceful on the surface, but there were not many secret conflicts.

"You all remember the faces of the Great Wei Kingdom and the disciples of the Guixian faction. If you encounter them in the preliminary competition of the Big Competition, you must be careful!" When he came to a corner, Xiao Zhan looked serious and reminded Qin Chen and others. .

"Understand!" Everyone nodded.

Xiao Zhan's eyes were solemn. Looking at this, it is very likely that the Guixian faction and the Great Wei State are really united. If this is the case, then this time the genius on his side would be dangerous.

The last time the Great Contest of the Five Nations, the Great Wei Kingdom alone caused great losses to the genius disciples of the Great Qi Kingdom. If the Guixian faction is added, the matter will be even more serious.

On the side of the Great Wei State, Yu Chicheng said solemnly to his disciples: "Everyone remembers to me that if you meet a disciple of Da Qi in the preliminary contest, don't show mercy to my men and kill a Da Qi disciple. I have an extra reward."

"Yes, please rest assured, Lord Tushen." Murderous intent was revealed in the eyes of the disciples of the Great Wei Kingdom.

"Wei Chicheng, don't worry, this time I have my ghost sent to help you. As long as the disciples of the great Qi country dare to participate in the competition, they will not escape death!" Ling Zhong smiled sadly: "But don't forget, too. Your great promise from the State of Wei."

"Don't worry, I will never fall back on what we promised," Wei Chicheng grinned.

The five northwestern countries are Da Qi, Da Wei, Da Liang, Da Song, and Da Zhao. Among them, Da Liang is the strongest as a whole, followed by Da Qi and Da Wei, and then Da Song State and Great Zhao State.

In the last five-nation competition, the top ten schools of Liang, Daqi, and Wei each won two places. Da Song and Da Zhao were one, and the remaining two were won by the Guixian faction and Ling Tianzong.

At this time, other geniuses of strength also followed.

"Look, that is Li Mengbai from the Great Zhao Kingdom. He is only 21 years old this year. He is already a warrior at the end of the prefecture level. Unfortunately, he was born too late. If it was two years earlier, it would be even more terrifying!"

"It is said that the Great Song State has also produced two geniuses, which are no small matter.

"Ling Tianzong's people are here."

"hiss!"

Ling Tianzong was the last to appear. When Ling Tianzong's people arrived, everyone's eyes widened, and they took a breath of air, and each of them straightened their eyes for a moment.

The leader was a woman wearing a white gauze. Her skin was as creamy and white as jade, and she was not beautiful.

"It's You Qianxue, the second daughter of Sect Ling Tianzong, a rare genius in Ling Tianzong a century."

"I heard that this person's talent is more terrifying than her sister You Jingxue. He is only 18 years old this year, and he is already a genius of the late prefecture level."

"It's so beautiful."

Everyone was shocked, their eyes shining brightly.

Even Qin Chen took another look.

I have to say that compared to Princess Zixun and Princess Lingshan, this woman is not bad at all. She has a surpass, but nothing is inferior. Especially the dusty temperament on her body is like a fairy, which makes people unable to bear profanity.

What was even more surprising was her age, she was the youngest apart from Qin Chen and others.

Moreover, on top of the five-nation contest ten years ago, Ling Tianzong's You Jingxue won the second place in the five-nation contest with amazing strength, and it is rumored that You Qianxue's strength is still Her sister is quietly above the snow.

"Okay, everyone is here, so there is no need to waste time."

Someone yelled, it was the strongman of the Liang Kingdom who led the crowd toward the depths of the cave and continued to walk out.

Not long after, everyone came to a huge cave. In that cave, an obscure and mysterious formation was engraved. The cave was bright and bright, and the whole array was dazzlingly dazzling. Vaguely, there was something extremely terrifying. The power transmitted from that formation was shocking.

"Everyone, in order to prevent the blood spirit pool from being destroyed by people, this place has been covered by the formation, and only the people of the five nations can gather the tokens to open the formation."

Xiao Zhan and the leaders of the five nations looked at each other and took out a jade card from their bodies and pressed them into the five grooves on the stone wall.

Suddenly, a strong energy erupted in the entire cave, and the large formation in front of him opened in an instant, and two gaps each one person high appeared.

"The blood spirit pool is on the other side of the formation. You should all enter the blood spirit pool. Males enter from the left and women enter from the right. Once in, the formation gate will be closed. After the pool, the formation will automatically exclude you."

Are men and women separated?

Everyone was taken aback.

Seeing the doubts on everyone's faces, the strong man explained, "In the blood spirit pool, the warrior must enter naked. Once wearing clothes, the body will be corroded instantly by the blood spirit pool. Therefore, the blood spirit pool is divided into two pieces. The areas where men and women enter are separated from each other, which also avoids trouble."

"Remember, you must not wear any clothes, otherwise you will definitely die, remember!"

The old man looked solemn and said in a deep voice.

Everyone was suddenly surprised, one by one.

This blood spirit pool must be entered naked.

"Could it be..."

Thinking of a possibility, Qin Chen's eyes suddenly brightened.

He had already thought that this blood spirit pool could very well be something, and if that was the case, then he really made a lot of money.

Thinking of this, Qin Chen immediately followed many genius warriors into the formation.

## Chapter 176 Spiritual Liquid

Buzzing buzzing...

Walking into the big formation, a sense of dizziness suddenly came, making people confused, and there was only a grey patch in front of them.

"This is a fourth-order ecstasy formation. If you don't know the law of the formation and where the core is, even a fourth-order Xuan-level warrior will be trapped in it, unable to discern the direction, and be stuck in it. It seems In these five northwestern countries, there should be a formation mage with the pinnacle of Tier 4."

In the formation, Qin Chen was calm and calm.

With his ability, if you want to do it, you can completely break this formation, at most because of the cultivation base, it will take more time.

The entire dizziness lasted only a few seconds, and the eyes suddenly lit up.

A refreshing fragrance instantly poured into Qin Chen's nose, and with a slight inhalation, Qin Chen's body's True Qi movement speed suddenly increased, and every cell in his body was cheering.

Looking around, there is a white scene in front of you, and the naked eye can only see two or three meters ahead.

Here, perception is also restricted, and mental power, like the naked eye, can only observe a few meters ahead.

Apart from Qin Chen, there were no other people around.

"There should be another dislocation formation in this ecstasy formation. All the warriors who enter it will be dislocated to different places and will not meet each other!"

The blood spirit pool needs to be entered naked. Taking into account everyone's privacy, when the Northwestern Five Kingdoms set up this ecstasy array, they also laid out a dislocation array.

After taking the first two steps, there is a milky-white water pool in front of me, but the rocks on the edge of the water pool are blood red, so it is called the blood spirit pool.

The pool is round, and in the mist, I don't know how big it is. The milky water in the pool can't help exuding mist.

What Qin Chen inhaled before was the mist emanating from the blood spirit pool. Just a little mist made the true qi in his body so restless. What would happen if he entered this pool of water?

"Sure enough, it is the spiritual marrow liquid, these five northwestern countries actually have a spiritual marrow liquid pool!"

Seeing the appearance of a water pool, Qin Chen's pupils shrank suddenly, showing ecstasy.

He didn't expect that the so-called blood spirit pools of the five northwestern countries were really spiritual fluids.

Essence liquid is a powerful medicinal liquid that can transform the body of a warrior. Even in the martial domain, it is of amazing value and is an invaluable treasure.

Before Qin Chen heard that he must enter naked, he had already guessed.

Now speculation confirms that the excitement in my heart is unprecedented.

"With this spirit fluid, Feng Shaoyu and Shangguan Xi'er, you are waiting, I Qin Chen, one day, I will surpass you and regain everything I lost."

After removing his clothes, Qin Chen walked into the pool.

laugh!

Where the feet were submerged in the pool water, there was a sharp pain in an instant, as if the skin had been corroded, the sharp pain quickly spread to Qin Chen's body along the blood vessels.

Although the spiritual marrow fluid can transform the physical body, the whole process is extremely painful and absolutely human can bear.

In Wuyu, there used to be a nine-day martial emperor who found a puff of spiritual marrow fluid for his young son. He wanted to transform his young son's physical body. As a result, his young son could not bear the pain and died in the spiritual marrow fluid. A laughing stock.

Therefore, after entering the blood spirit pool, you must pay attention to it. Once you can't hold it on, you need to leave the pool water immediately and can't hold it hard.

Otherwise, life will be in danger.

These precautions, the strong of the major forces have warned and explained in advance.

"Humph!"

The pool water submerged the calf, and only took two steps, and a muffled grunt came from a distance. It was obvious that someone could not bear the pain after entering the blood spirit pool.

Immediately afterwards, one after another snorted, these warriors endured the pain and entered the blood spirit pool.

Wow!

The water waves are rippling, and you can feel that on the side of the surrounding blood spirit pool, a famous warrior enters the pool one after another, but because of the white mist isolation, each other can't see each other, but can feel each other's existence.

"Uh!"

Some warriors couldn't bear the pain, and they hummed painfully, sitting cross-legged one by one, hurriedly running the true energy in the body to resist the impact of the energy in the spiritual marrow fluid.

However, once the true qi is used to resist, the speed at which the energy in the spiritual marrow fluid enters the body will drop sharply, and the transformation of the body is actually harmful and useless.

Only by letting go of the body and mind and letting the energy in the spiritual marrow fluid enter the body's internal organs, every cell and pore, can the physical body be transformed to the maximum.

Qin Chen's endurance is the strongest, and he clearly felt that the energy in the spiritual marrow fluid poured into his body little by little, from the pores into the capillaries, then into the muscles, meridians and blood, and finally transported to every part of the body. One part.

Every cell in the body begins to itch and becomes painful, which is metamorphosing.

"The baptism of the soul fluid is to see who can absorb the more energy. The more energy it absorbs, the stronger the physical body will become. Such a good opportunity must not be wasted."

Qin Chen secretly said in his heart, step by step into the center of the blood spirit pool.

The pool water spread over Qin Chen's body little by little.

Calf!

thigh!

waist!

chest!

The deeper you enter the blood spirit pool, the higher the concentration of the spiritual marrow fluid contained in the blood spirit pool, and the more parts your body touches the pool water, the greater the intensity of the pain.

When he reached his chest, Qin Chen exuded cold sweat on his forehead, his face was pale, and his body was shaking.

Every part of the body seemed to have countless hot red needles constantly piercing out.

As the energy of the spiritual marrow fluid enters the body, the pain from the needle stabbing is also transmitted to the body's internal organs.

Huhu!

Gasping for breath, Qin Chen revolved the Indestructible Eucharist, the pain at this time was not as good as the indestructible Eucharist he had cultivated.

I sensed that the concentration of the spiritual marrow fluid at this depth was at least twice as high as before.

In other words, the efficiency of absorbing spiritual marrow fluid here is twice as fast in the shallow place.

At the same time, the deeper the mist, the mist on the top of the spiritual marrow liquid is slowly decreasing, and the distance that the naked eye can see is much farther.

"Although the concentration here is not low, there is still some distance from my limit." Qin Chen whispered silently.

Wow!

At this moment, there was a sudden sound of water behind him.

Someone is slowly approaching.

Unexpectedly, someone among the five countries could walk to this place?

Qin Chen was taken aback.

To be able to walk to this place, in terms of physical strength, at least it must be close to the sky level.

After returning to his senses and continuing to walk deep, Qin Chen gradually disappeared into the white mist.

Not long after Qin Chen disappeared.

A figure appeared in the place where Qin Chen disappeared.

This person was pale, gritted his teeth, his eyes gloomy, like a Dapeng soaring for nine days.

It is Qin Feng.

"This is almost my current limit. I have to take a break and go deeper after I adapt."

Muttering in pain, Qin Feng immediately began to practice in the depth of the twice-concentrated spiritual marrow fluid.

Chapter 177 Five Times Area

Huhuhu!

A large amount of spiritual marrow liquid energy entered his body, transforming Qin Feng's physical body.

Qin Feng clearly felt that his body was increasing at a speed visible to the naked eye.

"It's great. In the past few months, I have been suppressing my cultivation base and not breaking through the heavenly level. This blood spirit pool really didn't disappoint me. It can actually make my body, which has already reached its limit, rise again."

Qin Feng was ecstatic.

His cultivation base had already reached the limit of the post-earth-level peak a few months ago, and his physical strength was also the same, unable to make progress in an inch.

Unexpectedly, not long after he entered the blood spirit pool, his physical body would rise again, which made him ecstatic.

Not long.

The sound of water came from the blood spirit pool again.

At this time, the geniuses of the major forces have come to this depth one after another.

"Ok?!"

Seeing that there are already people here, these geniuses are all stagnant.

"Who is this person?"

Nian Wuji drank coldly, frowning.

It is unforgivable that someone came to this deep pool area earlier than him.

"This person was in the ranks of the Great Qi State just now. He should be Qin Feng, known as the number one genius of the Great Qi State." Cao Heng, the third prince of the Great Wei State, stepped closer.

"Qin Feng? The first genius of the Great Qi Kingdom, isn't that the fourth prince Zhao Wei?" Nian Wuji frowned.

"No." Cao Heng's eyes were cold, like a lone wolf, with hatred: "The first genius of the Great Qi Kingdom is called Qin Feng. This person's true identity belongs to Qin Batian, the king of the Great Qi Kingdom. grandson."

Speaking of Qin Batian, the hatred in Cao Heng's tone was unprecedented.

The Great Wei State and the Great Qi State fought for years. Qin Batian, as the military \*\*\*\* of the Great Qi State, stationed at the border all the year round. The Great Wei State soldiers slaughtered by him amounted to no fewer than a million, which can be described as a sea of dead bodies.

Therefore, the most hated by all the people of the Great Wei State was not Zhao Gao, the King of the Great Qi State, but Qin Batian, the King of Dingwu, who was known as the military \*\*\*\* in the Great Qi State.

"What Dingwu King Qin Batian, dare to steal my limelight now, just to die."

Nian Wuji had never heard of Qin Batian's reputation, only knew that Qin Feng had robbed him of the limelight, and his heart was very angry.

boom!

A surge of energy swept through, and the calm surface of the pool suddenly surged, and Nian Wuji's face moved towards Qin Feng murderously.

"Nian Wuji, this place is a blood spirit pool. It is not suitable to make a move. He will be taught. There will be opportunities in the future. If the formation is sent out because of the move, it will be a big loss."

Cao Heng's expression changed and he hurriedly stopped Nian Wuji.

This Nian Wuji was really lawless, and he dared to make a move in the blood spirit pool.

"Om!"

Sure enough, feeling the abnormal movement in the blood spirit pool, an invisible force of the formation, fluctuating, made Nian Wuji had to converge.

"Hmph, let this kid go first, and after going out, he will look good."

With a cold shout, Nian Wuji forcibly resisted the anger, and started practicing in the blood spirit pool area with twice the concentration.

Cao Heng was relieved and wiped his forehead.

The people of the Guixian faction are indeed crazy.

Not far away, Li Mengbai and others of the Great Zhao Kingdom saw this scene, all expressionless.

Those who can come here are all the top geniuses among the five nations, knowing that time is precious, and one by one, they endure the pain, and they work hard in this twice-concentrated area.

As for geniuses like Zhang Yi, they can cultivate in 1.5 times the area at most.

But Li Qingfeng can only practice in the outermost area.

at this time.

Qin Chen had already arrived at five times the area of the Blood Spirit Pool.

Chi Chi Chi Chi!

The concentration of the blood spirit pool here was powerful and terrifying, and Qin Chen felt severe pain in his body, and every cell seemed to be torn apart.

That kind of pain index even exceeded the time when he was practicing the Immortal Eucharist.

but.

The effect is also amazing.

A trace of spiritual marrow fluid energy poured into his body. As soon as this trace of energy entered Qin Chen's body, Qin Chen immediately felt that his internal organs, blood, meridians, muscles, bones, and even every cell suddenly emitted a burst of extreme energy. Urgent voice.

That feeling is as if a person who has been hungry for several days has seen a table full of delicious food, fine wines, and can't wait to swallow it.

When that gleam of energy entered the body, every cell in Qin Chen's body was squirming, and in the process of tearing, it was devouring this energy madly.

"This is it."

Gritting his teeth, Qin Chen couldn't make any sound anymore, his spirit was tense, for fear that he would pass out if he was negligent.

Gudong!

With a forceful sink into the spirit marrow liquid, Qin Chen immersed his head in the pool water.

"what!"

The fierce energy began to tear the skin on Qin Chen's face. Qin Chen's eyes were instantly blind, and everything was invisible. The eardrum was also ruptured, everything was inaudible, and even the skin of his whole body began to corrode.

But Qin Chen remained motionless, like a rock, sinking in the depths of this spiritual marrow fluid, every cell in his body, from the inside to the outside, is undergoing transformation.

Qin Chen's physical strength began to increase at an astonishing speed.

No one knows that only by immersing the whole body in the spiritual marrow fluid can the greatest transformation be achieved. If it is only physical contact, then the improvement of the physical body is only very superficial.

After an hour.

Finally, a warrior was the first to be unable to hold it, and retreated from the blood spirit pool.

This is a warrior with a cultivation base in the middle of the prefecture level, twenty-three years old, from the Great Song Dynasty.

As soon as he left the blood spirit pool, the pain on his body quickly disappeared, and his skin was smooth as jade, as if he was reborn.

At the same time, an extremely strong force began to grow in his body.

"When you come out of the blood spirit pool, you must practice as soon as possible to transform all the energy absorbed in the blood spirit pool."

Before entering the blood spirit pool, the powerful kingdom's words of warning echoed in his mind. He quickly crossed his knees on the shore and began to transform the energy in the blood spirit pool.

Time passed by every minute.

Abruptly--

boom!

An astonishing breath rose from him, opened his eyes, and the person's eyes were full of shock.

"I broke through so quickly, and directly broke through to the post-earth-level peak!"

With horror on his face, this person could hardly believe his eyes.

From the middle of the prefecture level, to break through to the peak of the latter period, what speed is this?

If you change it to the outside world, I am afraid that it will not be possible for a few years.

But here, in more than an hour, he completed such a transformation.

"Can you still absorb it?"

Standing up, he fiercely looked at the blood spirit pool in front of him.

Previously, his cultivation base was low, so he only persisted for an hour before he was forced to withdraw from the blood spirit pool.

If he absorbs it again, it is not impossible that he will be able to enter the Heaven level in one fell swoop.

Two steps forward, he was about to enter the blood spirit pool again, when suddenly a wave of magical power struck him, before he could react, his figure had disappeared at the edge of the blood spirit pool.

Anyone can only absorb the blood spirit pool once, and once they exit, they cannot enter it again.

Chapter 178

Next, more and more warriors absorbed to the limit in the blood spirit pool, walked out of it, and sat cross-legged one by one.

The aura on their bodies quickly changed, one after another roar came, one after another breakthrough among them.

Almost half of the people have broken through a level after entering the blood spirit pool.

Even if there were no breakthroughs, there were amazing improvements in physical strength.

Then, they were spread out of the blood spirit pool one after another.

"how about it?"

"How is the harvest?"

Outside the blood spirit pool, the powerful forces asked one after another.

"Master Hui, my physical strength has gone from a strength of 30 horses to a breakthrough of 40 horses."

"The amount of true qi in my body has doubled."

"The disciple broke through from the middle prefecture level to the late prefecture level in one fell swoop."

A famous genius reported one after another.

The faces of many strong men showed satisfaction and expectation.

The ones that come out now are all with a poor foundation.

It is not bad to have such an improvement.

But what they really look forward to is the top geniuses of their respective forces.

You know, the blood spirit pool is very magical. The longer you stay in it, the more the blood spirit pool you can absorb, and the stronger your future achievements.

Generally, two hours to six hours is a hurdle, and talents that come out during this period can only be regarded as average.

Six hours to twelve hours is the second hurdle, and the talent is not bad.

More than a day is the third hurdle. Generally, those who can stay for a full day represent their future, which is limitless.

In the last blood spirit pool baptism, the strongest genius, spent a whole day and a half in the blood spirit pool before he could not hold on. In the end, he won the championship of the five nations competition.

And this time, who will persist until the end?

Everyone is looking forward to it.

Great Qi country side.

Lingwu King Xiao Zhan is also secretly paying attention, wanting to see the performance of this genius.

In this blood spirit pool baptism, Your Majesty changed the past and allowed the four Qin Chen who had just graduated from the Star Academy to enter the blood spirit pool.

These four people, to be honest, have talent and strength, but they are still too young.

Maybe someone will soon be unable to hold on.

but.

The results surprised Xiao Zhan.

This was the first to be eliminated, and it turned out to be Li Qingfeng.

And he persisted for three hours before he was finally eliminated.

"Master Xiao Zhan."

With a look of joy, Li Qingfeng came to the team of the Great Qi State with confidence.

At this moment, he was lingering and surging in true energy, and his cultivation base had already broken through from the early stage of the earth level to the middle of the earth level, and was not far from the peak of the middle earth level.

It can be said to be full of energy!

At the beginning, after being defeated by Qin Chen in the year-end exam of the Star Academy, Li Qingfeng suffered a great setback. These days, he has been practicing hard in retreat in order to be able to defeat Qin Chen and regain his own glory.

Now, after the baptism in the blood spirit pool, his cultivation base has advanced by leaps and bounds, and his strength is more than twice as strong as before.

He had a hunch, and then let himself fight Qin Chen, absolutely in minutes, he could be smashed.

"Qin Chen and the others?"

So as soon as he returned to the team and bowed his hand to Xiao Zhan, Li Qingfeng began to search for Qin Chen's figure.

But who knows, he looked around and didn't see Qin Chen's figure, and his heart suddenly shook!

Could it be...

"Qin Chen and the others haven't come out yet. You are the first to come out of the blood spirit pool in my great Qi country. Yes, you actually broke through the mid-level, but the blood spirit pool power in your body has not been completely absorbed. , It's best to hurry up and refining all the power of the blood spirit pool remaining in your body and transform it into your own power. Otherwise, the effect of your blood spirit pool baptism will be greatly reduced." Xiao Zhan said.

what? Qin Chen and the others haven't come out of the blood spirit pool yet?

Xiao Zhan's words immediately made Li Qingfeng's eyes wide open, like falling into an ice cellar.

In the blood spirit pool, the longer you stay, the higher your talent.

He had insisted before that, he thought he would be ranked first among the four geniuses in the Star Academy. Who knows, he didn't see a single figure when he came out.

Don't talk about Qin Chen, even Zhao Lingshan and even Wang Qiming didn't come out of the blood spirit pool, this...

Li Qingfeng suffered a huge blow in his heart.

"It's also the first time to enter the blood spirit pool. Why is the gap so big?" Li Qingfeng felt incredible, and his self-confidence was severely hit.

What is competing in the blood spirit pool is actually the will of every warrior. The stronger the willpower, the longer he can endure the pain that others can't bear.

He thought that his willpower was very firm, and he persisted for three hours before coming out, but who would have thought that he was the weakest of the four.

"I don't believe it, how long they will be longer than me, they will definitely come out soon." Li Qingfeng gritted his teeth, eyes unwilling.

An hour passed.

Another hour passed.

People from all major forces are constantly being eliminated, but there is always only Li Qingfeng on the side of Great Qi.

"This is impossible!" Li Qingfeng felt incredible.

I only insisted on it for three hours, Qin Chen and the others were similar in cultivation level, or even worse than themselves, how could they persist for so long?

At the sixth hour, someone in Daqi finally couldn't hold on again.

"Master Xiao Zhan."

The figure walked out of the misty formation. This person was full of true energy. At this time, he had reached the peak of the late stage of the earth. It was only one step away from the sky. There was even a part of the true energy inside.

It turned out to be Zhang Yi.

"How could it be him?"

Li Qingfeng's face was dull, and his eyes were almost falling.

In terms of cultivation, Qin Chen, Zhao Lingshan, and Wang Qiming are all weaker than Zhang Yi. Normally, Zhang Yi will last longer than the three of them, but now...

"Qin Chen and the others are not dead, right?" Li Qingfeng murmured, unable to help.

On the side, Xiao Zhan raised his brows, also showing worry.

This is not impossible.

Although the Blood Spirit Pool is a huge opportunity, it also contains huge risks.

The warrior enters into it to baptize, and once he can't hold on, he must withdraw immediately.

Otherwise, it is very possible to faint inside, and then be destroyed by the power of the violent blood spirit pool, and die inside.

In this regard, any powerful person will warn him immediately when his subordinates enter it.

But every year, there are still some warriors who refuse to listen to advice and eventually die inside.

Now, according to the truth, the three of Qin Chen, Zhao Lingshan and Wang Qiming should have come out a long time ago, but they have not come out until now, so as Li Qingfeng said, the three of them are definitely possible and have already died inside.

Thinking of this, Xiao Zhan's heart suddenly shrank, and he was worried.

Chapter 179 Spirit Crystal

"Haha, Xiao Zhan, the young geniuses of your great Qi country are not dead, right?" Yu Chicheng suddenly sneered, showing mockery on his face.

Immediately attracted the attention of many people.

"I remember that Da Qiguo did bring a few young geniuses with him this time. How come only one came out now?"

"It's been six hours since the opening of the Blood Spirit Pool, and who can still persist, who is not a master at the late prefecture level? Those young geniuses of the Great Qi Kingdom, I remember the early days of cultivation, right?"

"Isn't it really dead?"

The crowd was speechless and couldn't help exclaiming.

If a few young geniuses in the Great Qi Kingdom really died, it would be too exaggerated and would immediately become the laughing stock of the Northwestern countries.

"Huh, you don't need to worry about it, Yu Chicheng, you should worry more about your great Wei state's own genius, I am a great genius of Qi State, and I am baptized in the blood spirit pool. How can it be your great Wei state genius? Comparatively." Xiao Zhan sneered coldly.

"Hahaha, I'm still stiff at this time." Yu Chicheng sneered, "Is he still talented? The blood spirit pool has been open for so long, and there are only a handful of geniuses in history who can persist for six hours at the early stage of the earth level. I think you still Prepare the coffin early, hahahaha."

Everyone in Great Wei State laughed.

Xiao Zhan snorted coldly, his face was green, and he stopped speaking.

But in my heart, I was nervous.

"Lingshan, Qin Chen, and Wang Qiming, don't do anything wrong with you."

With his fists clenched, Xiao Zhan was worried.

At this time, in the blood spirit pool.

The geniuses in the low zone have been eliminated one after another.

In the high position area, Qin Feng and others still showed no signs of moving.

Those who can come to this place are all the top geniuses of the major forces, and they are extremely arrogant in their hearts, and they are not reconciled to others.

Seeing no one left, they all gritted their teeth secretly, vying with each other secretly, conducting an invisible competition.

Suddenly, there was the sound of water flowing from the low-level area, and it kept approaching.

The people who were absorbing the blood spirit pool couldn't help but open their eyes, with doubts on their faces.

At this time, there are still people coming to the high position area?

The geniuses who can reach the high zone should have arrived long ago, and the geniuses who can't reach the high zone are almost eliminated. It's too weird to come now, right?

In the thin mist, a figure slowly appeared in front of everyone.

"Wang Qiming!"

Seeing someone coming, the pupils of the Fourth Prince and Qin Feng suddenly shrank, and they turned out to be Wang Qiming, who came from the Great Qi Kingdom with them.

how is this possible? How can this kid get here?

Qin Feng was very impressed with Wang Qiming. At the beginning of the palace, he only used his momentum to blast the opponent out. Can such waste come to the high-level area? What a joke.

"This kid is only in the early stage of the earth level, he can also come to the high position area?"

"Nima, is this still a human? A 16 or 7-year-old martial artist at the early earth level, can he last for so long?"

Everyone is going crazy.

One by one almost collapsed.

They worked so hard and had to hold on to their teeth, and they were able to hold on for so long. A teenager who was obviously four or five years younger than them could still hold on.

One by one suffered a great blow inside.

Facing everyone's surprised eyes, Wang Qiming pressed his lips tightly, ignoring everyone present, and when he came to the high position, he started practicing.

Gurgling!

The high-concentration blood spirit pool fluid in the high-level area couldn't help corroding his physical body, but Wang Qiming gritted his teeth and supported it firmly.

At this time, he was full of gratitude to Qin Chen.

If it hadn't been for Qin Chen to let him understand the meaning of the sword, I'm afraid he would have already been eliminated.

"Little dust, don't worry, I have gone through hardships before I have come this far, and I won't let you down."

There seemed to be a raging flame burning in his eyes, and Wang Qiming's figure was like a rock, motionless.

Seven hours!

Eight hours!

Nine hours!

The whole day passed in the blink of an eye.

Finally, some people began to be unable to hold on to the high-level area.

A famous genius, with unwillingness, returned to the shore, practicing breakthrough.

Only some of the top geniuses remain, still struggling to support them.

At this time five times the area is located.

Qin Chen, who sank to the bottom of the blood spirit pool, suddenly opened his eyes.

Hum!

There seemed to be two electric lights bursting out of his eyes.

"Huh, it's incredible. In my previous life, I had only heard of the effects of spiritual marrow fluid, but I didn't expect this spiritual marrow fluid to be so exquisite."

Feeling the changes in his body, Qin Chen felt a little unbelievable.

Essence fluid has great destructive power, but also has amazing healing power.

As soon as he entered the blood spirit pool, his eyes were blinded by terrifying power, but after practicing, they were cured. At the same time, the intensity of his eyes was at least several times stronger than that of one.

"Not only the five senses, my physical body is at least several times stronger than before, and my strength has increased from 50 horses to at least one or two hundred horses. Moreover, the power of blood has also been transformed, and my defensive power has also been transformed. Has reached the extreme, even the mental strength has broken through to the second order." Qin Chen was secretly shocked.

In his previous life, although he had heard of spiritual marrow fluid, he had not really experienced it, because the effect of spiritual marrow fluid was only effective for warriors below the profound level.

Once a martial artist above the profound level absorbs, the terrifying spiritual marrow power will not only increase the strength of the physical body, but will destroy the meridians in the martial artist's body, making him a useless person.

At the same time, the spiritual marrow fluid also has requirements for age, and for warriors over 30, the meridians and physical body have been shaped and cannot be absorbed.

This is also the reason why Xiao Zhan and other great kingdoms did not enter the blood spirit pool for baptism.

"The power of the spiritual marrow fluid in my body has almost been absorbed enough. Generally, where there is a spiritual marrow pool, there will often be spiritual marrow crystals. That is a treasure that is more cherished than the spiritual marrow fluid, and it should not be wasted."

With his legs swinging, Qin Chen swam toward the deeper part of the spiritual marrow pond.

In general, the place where the spiritual marrow fluid is born will have the spiritual marrow crystal, which is called the source of the spiritual marrow, and is the source of the spiritual marrow fluid.

Each spiritual marrow crystal can continuously give birth to spiritual marrow fluid, even in the Martial Domain, it is also a priceless treasure, which is rare to see.

Sure enough, after reaching the depths of the spiritual marrow pond, Qin Chen found a milky white crystal in the deep bottom of the pond.

"Sure enough, there are spirit crystals."

Qin Chen was overjoyed and picked up the spiritual marrow crystal and put it in the storage ring.

Next, he found two spiritual marrow crystals at the bottom of the lake.

At this time, the concentration of the spiritual marrow fluid here has reached ten times that of the outermost area, which belongs to the core area of the spiritual marrow pool.

"It's impossible for such a large spiritual marrow pool to have so few spiritual marrow crystals, there should be more."

Just when Qin Chen was about to move forward, there was a sudden wave of formation in front of him, blocking his way, it was the Tier 4 ecstasy formation.

"Get in the way!"

Shaking his head, Qin Chen was speechless. With this Tier 4 ecstasy formation, he also wanted to stop him from searching for the Spirit Crystal?

With mental power permeating, Qin Chen found a few empty doors in the fascinating formation in an instant, and passed through them.

Sure enough, on the other side of the ecstasy formation, Qin Chen found a few more spiritual marrow crystals.

"A total of eight were found."

Perceiving the eight spiritual marrow crystals in the storage ring, Qin Chen was delighted, and at the same time subconsciously drilled out of the pool surface.

"Who?"

A clear and melodious female voice, like a fairy, instantly entered Qin Chen's ears.

Chapter 180: You Qianxue

"Why are there women here?"

Hearing this voice, Qin Chen looked stunned. Isn't this the place where the blood spirit pool is baptized?

To enter the blood spirit pool, men and women must enter naked, so men and women entering the passage are completely different and will be assigned to two different areas.

But the soft drink just now was clearly the voice of a woman, and it was very beautiful...

"wrong!"

Suddenly, Qin Chen seemed to have thought of something and suddenly reacted.

When I searched for the spiritual marrow crystal at the bottom of the lake, I seemed to have passed through the formation accidentally, and would not come to the place where women practiced, right?

Thinking of this, Qin Chen's head was instantly big, and it was too late to sink into the water again.

He heard the sound of crashing, and from the other side of the mist, a beautiful face appeared in front of Qin Chen.

This is a girl of eighteen or nineteen years old, with willow leaf eyebrows and a melon seed face, extremely delicate and beautiful, with a soft black silk hanging down the pool surface, giving a strong visual impact.

Upon closer inspection, this person's skin was like fat, white as jade, and under the delicate collarbone, there were two white jade peaks, which made people burst into blood.

It was You Qianxue who was the genius girl of Ling Tianzong.

However, the other party's face was not very good at this time, and after a slight consternation, flames burst into his angry eyes.

You Qianxue was cultivating in the blood spirit pool with peace of mind. She thought she was just a genius woman from some force, but she also came to the depths of the pool and approached herself inadvertently.

It never occurred to him that it turned out to be a man.

And thinking of the characteristics of the blood spirit pool, the two of them were bathing in the blood spirit pool together naked at the moment, and a touch of red clouds flew on her cheeks, extremely ashamed.

"Sorry, that...er, I seem to have gone the wrong place." Qin Chen smiled apologetically, and left in a hurry.

It's too embarrassing to stay here.

But You Qianxue's complexion didn't improve much, did she go wrong? Are you kidding? The blood spirit pool area is separated by formations for men and women. It is impossible to meet randomly. This guy can walk to this place, maybe he has mastered a certain loophole in the blood spirit pool formation, deliberately come to belittle women of their major forces.

Otherwise, both men and women can practice, why would they come here?

Qin Chen had indeed gone wrong. He was only searching for the spiritual marrow crystal, and he had forgotten his position. If he knew that he had broken into the woman's area, he would definitely not appear.

Although You Qianxue's face is beautiful and her figure is extremely hot, Qin Chen just glanced at it as if she appreciated it, and didn't have too many thoughts.

"Deng disciple, you still want to leave?"

Seeing Qin Chen turned and left, You Qianxue's icy voice came like ten thousand years of ice, Qiang, a long sword appeared in her hand, pointed directly at Qin Chen, and a strong infuriating energy gathered at the tip of the sword.

"What do you want to do?" Qin Chen frowned.

The essence of the soul fluid was milky white, and there was mist on the surface of the pool. He didn't see anything at all, didn't seem to make any frivolous actions, it was just a misunderstanding, and he also apologized.

There was no answer, You Qianxue's enchanting posture violently provoked in the pool water, a sharp whistling sound came, and the tip of the blue sword pierced Qin Chen.

"So fast!"

Qin Chen's pupils shrank abruptly. It was the first time he saw such a fast sword from a peak warrior in the late stage of the earth level. Without any hesitation, the Nine Stars Divine Emperor Art worked, Qin Chen lingered in his true energy with his hands, slammed out and clamped it. The tip of the sword abruptly stopped in front of his eyebrows.

"You want to kill me?"

There was slavery in Qin Chen's voice, and the power of this sword was dozens of horses. If he hadn't made a breakthrough in the blood spirit pool, he would have been stabbed by a carelessness.

"So what?"

You Qianxue quickly took out an array plate from his body and threw it into the pool water, buzzing, an invisible array force, quickly permeating, blocking the interference of the fourth-order ecstasy array.

Then, she stared at Qin Chen coldly, and the zhenqi in her body broke out again.

boom!

This time, the power was even greater than before. A terrifying sword power shot out from the sword body and fell on Qin Chen's fingers, giving it a feeling of coldness.

Qin Chen's heart trembled slightly, and only felt a chill spread all over his body. The misty sword tip faced him, locking in his breath.

Huh!

Jian Guang wrapped around his body and suddenly flipped in Qin Chen's hands.

"This is... Sword Intent!"

Qin Chen's pupils shrank suddenly. This woman was only nineteen years old, and she realized the sword intent?

Moreover, normally fighting in the blood spirit pool, once the true energy fluctuates greatly, the ecstasy formation will lock the hands and repel the opponent, but this woman actually threw an isolation formation, making her in the blood spirit pool Do it, the ecstasy can't perceive her breath.

This is going to put him to death!

"Die Fei Shen Fa!"

His figure flickered, and Qin Chen frowned and shouted, "Your Excellency, it's just an accident, don't you need to make such a big fight?"

No matter what, Qin Chen still wanted to explain.

"accident?"

You Qianxue sneered.

No one knows, in fact, the ecstasy formation in this blood spirit pool was arranged by her father and the president of the Northwest Five National Front Mage Union. She knew how terrible the ecstasy formation was, if not elaborate After preparation, even a fourth-order mysterious level powerhouse would not be able to break through.

Moreover, those who enter the blood spirit pool now are all geniuses of the major forces, with the purpose of absorbing the power of the blood spirit pool and breaking through.

But in the blood spirit pool, no matter where you practice is the same, the other party has come to the girl's area, and the purpose can be imagined.

Said it was an accident, the ghost believed it.

Slightly surprised that Qin Chen could escape his sword light, You Qianxue figured forward and shot again.

Buzzing!

After several sword lights, the whirring sound was heart palpitating, and it pierced Qin Chen's forehead.

Wow!

At the same time, the surface of the pool was undulating, and while the figure moved slightly, You Qianxue's twin peaks were almost completely exposed, and the two cherry-like points were almost faintly visible.

"Be careful, you are going to dew points!"

In his spare time, Qin Chen still had the heart to remind.

"you....."

With a blushing face, You Qianxue only halfway through this sword technique, she hurriedly sank into the pool with fright.

"It was really an accident just now. If you offend, please forgive me and say goodbye!"

Seizing the opportunity, Qin Chen turned around and plunged into the water.

"Want to go, how can it be so easy?"

You Qianxue was so angry that Qi Qiao produced smoke, and his lungs were about to explode.

In Ling Tianzong, she has always been like a princess, when did she suffer such a big loss?

He took out something from his body, and You Qianxue threw it towards Qin Chen where he disappeared.

A wave of fluctuations rippled out quickly.

In the middle of the lake, as soon as Qin Chen was preparing to return on the same route, he felt an invisible force invading him.

"It turned out to be a Tier 3 blockade. Why are there so many treasures on this guy?!"

Qin Chen was speechless, the Tier 3 blockade was nothing to him, it only took a moment to break, but in this way, the opponent could catch up.
