

Valkyrie 1711

[Chapter 1711: Brother Wu Xue](#)

Qin Chen stared at the Rongdao grass, seeing that it might take a while before the Rongdao grass matured, so he asked, "This is near Jizhou. I wonder if the Ji family will come?"

Rong Dao Cao allows the Emperor Wu to break through Emperor Wu. Ji's Jizhou is nearby. Don't you know where this mountain is?

If someone from the Ji family comes over, this is good news for Qin Chen. "Of course the Ji family will come, and this mountain is planted by the power of the Ji family, how can the Ji family not come." Zhuo Lengjun sneered: "It was the Ji family who wanted to send a master to remove the Rongdao grass. Was severely injured by the ban, embarrassed, into

For a joke. "

"This Rongdao Grass was planted by the great power of the Ji family?" Qin Chen was shocked, suddenly seemed to have caught something, and asked, "Brother, do you know what that great power is called?"

"Ji Wuxue!" Zhuo said grimly, apparently in his heart that he was extremely grateful to the person who set up Daoshan, blurted out, very respectful.

"It turned out to be Ji Wuxue!"

Qin Chen's heart shook wildly.

At this moment, his mind buzzed, as if returning to the winter three hundred years ago.

He came to Ji's house and exchanged ideas with Ji Wuxue. After cooking the wine, the two of them happily talked about each other, but he was always a little depressed, because at that time, he wanted to break through the Emperor Wu, but because of his disuse Extremely distressed. After Ji Wuxue knew, she smiled and patted him on the shoulder, and said: "Brother Qin, don't worry, when Ji breaks through the nine days of Emperor Wu, even if he breaks through the forbidden areas in the martial arts, he will find a panacea to dissolve his veins. , Giving Brother Qin a chance to enter the nine days

The realm of Emperor Wu. "

In the heavy snow, Ji Wuxue's vows still resounded in her ears, but Qin Chen at that time did not actually take it to heart.

But now--

Recalling what Zhuo Lengjun said earlier, the corners of Qin Chen's eyes suddenly became wet. It turned out that this Rongdao Grass was found by Ji Wuxue back then, but unfortunately, he learned of his news after he came out of the forbidden land. Under sorrow, he planted Rongdao Grass here, and even resolutely went to Death Canyon. , No sound ever since

News, never go back.

"Brother Wuxue, why are you so troublesome."

Qin Chen's face was bitter and heartache.

at this time.

Rumble, a huge roar suddenly came from outside, and everyone on the top of the mountain looked up and saw two huge battleships appear above their heads.

These two warships descended directly on the Daoshan Mountain, like two big mountains, the black sky covered the scorching sun.

"It's the Ji family and the Mo family!"

"These two forces have finally come."

The faces of everyone on the court changed color, showing shocked expressions.

The Ji Family and Mo Family were the two top powers in this area. They were once hidden powers. After they came out of the mountain, there were top powerhouses serving as high-level leaders in the Hall of Law Enforcement. It can be said that this area is the rule of the name. By. However, although the two powers are both at the top of the law enforcement palace, the relationship between them is not good. They often conflict with each other, and the two powers have also recruited troops and expanded themselves. The purpose is to overwhelm each other and stand alone.

Dominate one side.

The two major forces would naturally not miss things like Rongdao Cao's maturity, but everyone did not expect that the two major forces would come at the same time.

Although the two battleships were suspended in the sky above Dao Mountain, they did not dare to approach too much because of the terrible restrictions in Dao Mountain. Soon, several figures flew out of the two battleships.

Among them, the leader of the Ji family is a man in his early thirties. He is full of aura, and he is in the half-step Martial Emperor Realm. He exudes terrifying aura and is handsome and compelling.

Behind him, there are a group of disciples, obviously all the geniuses of the Ji family, with high and low cultivation bases, strong and weak.

On the other side, there was also a handsome man leading, with a slender figure and a Chinese dress, without a trace of dust. He was also in the half-step Martial Emperor Realm, walking out, his eyes burning like two rounds of scorching sun.

"It's Ji Ruri and Mo Qianyuan!"

"Hey, these two people are the best in the younger generation of the two big families."

The crowd talked and felt that there was a good show to watch, but many women had their eyes bright and wished to rush on.

To be able to marry the sons of these two big families, you can definitely live a life of fine clothes and food without struggling for hundreds of years.

"Why is Kisaragi not here?"

Qin Chen's heart also clenched, and his eyes swept away, but he didn't find Ru Yue inside.

How is this possible?

According to intelligence, Ruyue has left the Hall of Law Enforcement and returned to Ji's house, and Ruyue has also stepped into the realm of Emperor Wu in the ancient Yu realm, only one step away from Emperor Wu of the Nine Heavens.

Now that Rongdao Grass is about to mature, if Ruyue is really in Ji's house, how can Ji's family not let her come over?

But now, Qin Chen swept over everyone, Ru Yue was indeed not there, this suddenly made a haze in his heart, what happened to Ru Yue?

As soon as the people of the Ji family and the Mo family arrived, they flew directly to the place closest to the altar.

"Ji Ruri, are you here quite early?" Mo Qianyuan said with a sneer.

"Fortunately, this Rongdao herb is the property of my Ji family. It doesn't matter if you go faster and slower. It doesn't matter. It's someone who doesn't deal with our Ji family normally, but it is good to run faster than anyone else." Ji Ru Ri also sneered.

"Haha, your Ji family property? Why did I hear that your Ji family fell out with Ji Wuxue at the beginning, and almost didn't recognize him as your Ji family disciple? Why is it your Ji family property now?"

"I'm too lazy to talk nonsense with you, I'm here today, you don't want to get a trace of the essence of the harmony." Ji Ruri coldly snorted.

"Then I want to see what you can do." Mo Qianyuan also sneered, and the two looked at each other, full of hostility.

A group of people descended from the sky. Mo Qianyuan glanced over and stopped on a woman in the middle of the crowd. His eyes lit up and said, "Fairy Ziyun!"

He shook his body, and fell towards Fairy Ziyun.

"roll!"

There were people sitting in circles, but instead of leaping away, he directly waved his hand, banged, and immediately sent a few nearby people out, only to see the few people in mid-air spraying wildly. The blood fell heavily to the ground, angrily.

Those who can sit near the altar are some top powerhouses, some of whom are also half-step Wudi cultivation bases, but in front of Mo Qianyuan, it is like a mouse meeting a cat, and there is no force to fight back.

Both are half-step martial emperors, enter the Dao with different rules, and the difference in strength is too great. It can be described as heaven and earth.

Mo Qianyuan landed directly next to Fairy Ziyun, and at the same time, the people of the Mo family also occupied this area and drove the others to the rear.

These people dared to be angry but didn't dare to speak, they could only step back aggrieved. "Master Mo Qianyuan!" Of course, some people greeted him with a respectful attitude, like a star holding the moon, flattering the Mo family disciples.

[Chapter 1712: Sister-in-law](#)

Mo Qianyuan was full of arrogance. It seemed to him that everyone's behavior like this was a matter of course. He strode forward, and there was only one person in his eyes, and that was Fairy Ziyun, a beautiful and charming flower.

At the same time, for those disciples who flatter him, Mo Qianyuan's patience is much better, and he nodded slightly to these people, because these people are relying on his Mo family's power and arrogance, naturally he will not be too unreasonable. .

Then, he came to the side of Fairy Ziyun, looked at it with affectionate eyes, and said proudly: "Ziyun, I will help you pick Rongdao grass fruits."

Fairy Ziyun didn't appreciate it very much, and said lightly: "No, I can."

"Yes, why would Ziyun want you to pick the fruit, be courteous, and have ulterior motives, Ziyun, come to me." Ji Ruri snorted and came to the side of Fairy Ziyun, not to be outdone.

Mo Qianyuan said: "Ji Ruri, don't be a big-tailed wolf over there, with me, don't you want to win a fruit of fusion today?"

"Well, I'm going to try it, and see who is getting nothing!" Ji Ruri was unwilling to show weakness.

The Mo family and the Ji family have been vying for each other over the years, and everyone didn't bother to pretend to be the same, and directly challenge. Mo Qianyuan was too lazy to pay attention to Ji Ruri. Although he touched a nail on Ziyun Fairy's side, he was completely impatient, and continued: "Ziyun, I naturally know that you can get the fruits of Rongdao grass, but you are not. Also get one for your brother

Is it? The essence of Rongdao grass cannot be preserved, but the fruit can be preserved for a long time. When your brother enters the realm of Emperor Wu, he will naturally need such one. "

Fairy Ziyun couldn't help being weak. She was also a half-step martial emperor, and she was confident enough to absorb the essence of Rongdao Grass, but after all, her energy was limited and there were so many masters on the court that she could not guarantee that she would get too much.

But she spoiled her younger brother very much, and wanted to make a great fortune for her younger brother, so she seemed to hesitate and refused to be determined.

"Since Young Master Mo Qianyuan is very kind, Fairy Ziyun still agrees."

"That's right, this is the fruit of Rongdao grass. Master Mo Qianyuan was willing to win some for Fairy Ziyun. His love for Fairy Ziyun is indeed a lesson."

Some Tianjiao behind Mo Qianyuan laughed.

Of course, when they said so, they were all very delicious in their hearts, because Fairy Ziyun was really amazingly beautiful.

In the Wuyu Triple Heaven, there are many beautiful women, and Tianjiao is rampant, but those who are truly like Ziyun Fairy are very rare.

Because Fairy Ziyun is not only amazingly beautiful, but also has amazing martial arts talents, which naturally makes men rush.

What's more, although the Ziyun family is not equal to the Ji family and the Mo family, it is also the top family in these states, second only to the Mo family and the Ji family. Both the Mo family and the Ji family have made friends with the Ziyun family and tried to gain the support of the Ziyun family.

"Thank you Brother Mo, then." Fairy Ziyun nodded. She couldn't refuse such a good intention, but she had already made up her mind in her heart. She would return the precious gift and immediately repay the favor. Because she knows the distress of the family well. It is located between the two big families. It seems that the two big families are making good friends. In fact, life is not easy. She needs to be very careful. One is not careful and angers the other. She Ziyun The family can't bear each other

Anger.

Mo Qianyuan was full of pride and said: "It's a little thing!"

He is the best of the Mo family. He has already stepped into the half-step martial emperor realm, but he has never been able to make the last step. With his current cultivation base, it is natural to draw the fruits of Rongdao Grass, because he boasts that there is no one on the field. Stronger than him.

"Ziyun, isn't it the Rongdao Grass Fruit? I'll also attract it for you, and give it to my brother-in-law. It's not necessary for this kid to send it."

Ji Ruri is dissatisfied, what does Mo Qianyuan mean, when he does not exist? He stepped forward and fought against each other.

"Who is your brother-in-law, Ji Ruri, please make it clear." Fairy Ziyun was angry, with frost all over her face, and said with shame.

Mo Qianyuan's eyes sank and said, "Ji Ruri, your virtue is worthy of Fairy Ziyun!"

"I want you to talk nonsense."

The two said nothing, and they were right again.

"Sister Ziyun, ignore them."

At this moment, a young girl walked out behind Ji Ruri, who was less than 20 years old. She was also an early martial emperor, with bright stars all over her body, and she was very strange. This is another Tianjiao of the Ji family, Ji Ruri's sister, who has a good relationship with Fairy Ziyun. She took Fairy Ziyun's arm and said with a grin: "My brother is a poor mouth, you just ignore him, but you Don't worry, your brother's Rongdao grass fruit,

Wrap it on my brother. "

When Fairy Ziyun saw the girl, his face eased, and the relationship between the two seemed to be good, and said: "Ruxing, you are here too. I didn't expect to see you for a while. You have also broken through the realm of Wuhuang? My sister was at your age. Not as good as you."

"Sister Ziyun was joking, but you are like Sister Ruyue, you are Jizhou Shuangjiao, how could you be inferior to Sister Ruxing." Ji Ruxing said with a grin.

Qin Chen's heart moved, Ji Ruri and Ji Ruxing, could it be that the two of the Ji family were Ruyue's elder brother and sister, wouldn't it be his elder brother and his sister-in-law?

Originally, Qin Chen came here because he wanted to connect with the Ji family through Fairy Ziyun. He didn't expect to see his elder brother and sister-in-law directly, which saved a lot of trouble.

However, Qin Chen did not act rashly, and it was not a good time to step forward. He had to find an opportunity to contact these two people and enter Ji's house.

He frowned, thinking about it.

While he was meditating, a word from Fairy Ziyun attracted his attention.

"Ruxing, why didn't you see your sister Ruyue? I heard that she had returned to your Ji's house, why didn't you see her news? This Rongdao Grass is also of great help to her, right?" Fairy Ziyun asked curiously.

"Sister Ru Yue?" Ji Ruxing sighed, just about to speak.

"Rongdao grass is mature!" At this time, I don't know who screamed, and all eyes were cast on the Rongdao grass, as if Mo Qianyuan and others lost their attraction instantly.

In contrast, what is more important than your own strength?

Mo Qianyuan couldn't help but feel uncomfortable, but then he thought, why should he be frustrated with a Teiyao strain? He shook his head and stood up, trying to immediately arouse the resonance of Rong Dao Cao.

At this time, the Rongdao grass above the altar was shaking.

Boom!

At this moment, everyone felt it. The atmosphere of the avenue paved the surface, making everyone almost surrender. They couldn't help but bow their heads and wanted to worship. One imperial medicine can make many half-step martial emperors want to kneel down. How powerful is this?

[Chapter 1713: Avenue Fruit](#)

This is Rongdao grass. Because of accidents, it was once brought down by the rules of the avenue and became a carrier. Although the rules of the avenue eventually passed away, too much information and too many mysteries were left in this grass.

Now, it is flowing with endless brilliance, exuding an astonishing breath, and the power of various rules is circulating, and it suddenly turns into a regular ocean, as if it is about to become a flying fairy.

Moreover, the whole elixir is emitting a bright light, like the sky and rain, dazzling.

These are all visions, all transformed by the power of rules.

In addition, there are endless dense and dense runes flashing, containing the breath of the supreme avenue, making people seem to see the world's top honghu page, which makes people admire.

At the same time, on the Nine-Leaf Rongdao Grass, each leaf still holds nine fruits, which are very special, blooming in all colors and making Taoist sounds, just like Hong Zhong Dalu, deaf and deaf.

Qin Chen didn't care, now sitting cross-legged, staring at Rong Dao Cao, this is his best friend Ji Wuxue in his previous life. How could he waste other people's pains?

At this moment, everyone here moved, frantically circling the inner meaning, trying to arouse the breath of the Rongdao grass.

And Mo Qianyuan was even more attentive, fully urging the vague rules of power under his control, and pulling it all out.

After all, there are still some half-step martial emperors here who are qualified to provoke Rong Dao Cao. Although he is strong, if he is one step late, the fruit will definitely be taken away.

The same half-step martial emperor, no matter how strong he is, it is impossible for him to crush everyone on the way of absorbing Rongdao Grass, not to mention Ji Ruri and other powerhouses staring at him.

boom!

He mobilized the rules, fully urged the power of the rules, and began to arouse the fruits of Rongdao grass, and his ancestors had also attracted Rongdao grass, knowing some secret methods, and working in secret.

Just a moment, he locked a fruit, the fruit was red all over, exuding a breath of surprising rules, and slightly reacted under his rules.

He immediately went all out and poured his spirit into the past.

Buzzing!

This fruit trembled slightly, its whole body was red, and there were streams of light in it. It was both beautiful and dangerous, but it could allow Emperor Wudi's perception of the power of rules to enter a whole new realm in a short time. To the Nine Heavens Wudi Realm, it is extremely precious.

come on.

Mo Qianyuan said in his heart, and Ji Ruri on the side was also frantically motivating. The two shot with all their strength and competed with each other, trying to be the first to provoke the fruit of the Dao.

The two of them constantly urge the power of the rules of sentiment and integrate themselves into the avenue. This is the fruit of the integration of Taoism. Even if they are already half-step martial emperors, they can't be spurred in the blink of an eye. The resonance of the audience is getting stronger and stronger.

Finally, the Dao fruit in front of Mo Qianyuan moved slightly.

He suddenly showed a touch of surprise and pride. He has heard from his ancestors that any Dao fruit is extremely difficult to provoke. Generally speaking, it is already very impressive to be able to provoke the first Dao fruit in a stick of incense. .

But now, only half a stick of incense, he has already changed the first great fruit.

Mo Qianyuan increased the power of the rules, and the avenue fruit trembled, as if it was about to break away from the leaves, and flew towards him.

Mo Qianyuan smiled, and he was about to succeed.

puff!

Sure enough, Dadao Fruit trembled lightly, and finally broke away from the leaves, flew out, and swept towards Mo Qianyuan.

A smile was drawn at the corner of Mo Qianyuan's mouth. He was very contented and arrogant. Seeing that, this is the terrible part of the first day's arrogance. It is only half a scent, and he aroused the first fruit of the road, surpassing Ji Ruri .

what?

Everyone in the audience was shocked to look over, even Ji Ruri's color changed, because the Dao Fruit in front of him hadn't been attracted yet, but Mo Qianyuan actually succeeded?

Doesn't this mean that he is inferior to Mo Qianyuan?

After all, it is the understanding and control of the rules to motivate the fruits of the Dao. Who can motivate the fruits of the Dao first obviously also means that the person has a deeper understanding of the rules.

As for the ordinary martial emperors, they were even more stunned.

The warriors under the Martial Emperor in the later period had never thought of stimulating the fruits of the Dao. They only need to absorb the essence of the Rong Dao grass when it matures, and that is enough.

As for motivating the fruits of the Great Dao, it is not something they can consider.

But this does not prevent them from being shocked at Mo Qianyuan. It is only half-zhuxiang. They have not even absorbed the essence of Rong Dao Cao. Mo Qianyuan of the Mo family has already attracted the fruits of Dao. He is really more popular than dead. .

Everyone eagerly watched the fruit fly towards Mo Qianyuan.

And Mo Qianyuan was also smiling, but suddenly, he suddenly changed color, because this great fruit suddenly turned when it was about to fly in front of him.

how is this possible!

He was shocked and inexplicable, because it was only at the last moment that he discovered that another force had invaded, and then easily drew the Dao Fruit and let the Dao Fruit run away.

This feels really bad, it's like a girl who has been soaking for a long time, seeing that she can have **** at night, but suddenly another man kills and hooks the girl away.

But he couldn't take the Dao Fruit back with his hands, because there are restrictions all over this place. When the great power placed the ban, he said that he can only use his own ability to motivate Dao Fruit. If he dares to do it, he will be banned and driven away. Get out.

That was a terrible restriction that even Emperor Wu could be seriously injured in the later stage, and Mo Qianyuan couldn't offend him no matter how confident he was.

He was extremely angry, madly urging the power of the rules to attract the Dao Fruits back, but to no avail, he could only watch the Dao Fruits flying towards the back of the crowd.

Then, he saw the fruit fell into the hands of someone behind.

Damn, who is this person?

Mo Qianyuan's heart burned with anger, but then, his eyes were about to burst.

Because, one by one, the fruits of the great road flew up one after another, rushing towards the young man, and soon gathered in the man's hand.

A bunch of... a bunch of...

Is this a **** monster? Even a top half-step martial emperor like him can only mobilize one Dao Dao fruit at a time, but there are actually a bunch of them, and they mobilized a dozen of them at once. How did you do it?

Not only him, but everyone else stared at Qin Chen as if looking at a monster, especially Ji Ruri, because after Mo Qianyuan, he also spurred a great fruit, but who knows, that fruit just looked at He was about to fall on him, and was snatched away by the kid.

Where did the dead boy come out?

Everyone was furious.

However, they gritted their teeth, resisted the urge to shoot, and hurried to communicate the second great fruit. In their opinion, Qin Chen had picked up so many Dao Fruits, and he should have exhausted his strength. Anyway, there are still a lot of Dao Fruits left, so I will look back at this kid.

Therefore, everyone turned their heads and continued to provoke other great fruits.

[Chapter 1714: Hand over](#)

Mo Qianyuan mobilized with all his strength, and soon another great fruit responded, which made him feel confident.

However, the tragedy was staged again, and a tyrannical force swept through, instantly letting the fruit of the great road he was communicating leave.

Mo Qianyuan didn't need to turn his head, as long as he looked at the flight trajectory of this fruit, he could be sure that it must be that person.

hateful! hateful! hateful!

What kind of fruit are you not picking, so you must grab it with him? Moreover, you have picked so many, why are you still so greedy?

He wanted to jump up and slap Qin Chen to death on the spot, but thinking of the rule that he must never use hands during the communication and integration, he could only force his anger down and continue to communicate the next fruit.

However, no matter how he drew the fruit, there was only one result in the end, that was to be taken away by the kid.

This is natural. Although Qin Chen is only half a step away from Emperor Wu, his cultivation is actually much stronger than that of ordinary Emperor Wu. What's more, he uses space rules like Tao, and space rules are one of the most terrifying rules in the world. , Naturally no longer

Over.

Moreover, Qin Chen has mastered a large number of rules of the alien demon race, and has hunted down the various rules of heaven and earth. Others may need to do their best to activate the fruits of the Dao, but Qin Chen can easily do so.

Soon, the fruits of the Great Dao were all attracted by Qin Chen, and the others could only watch this scene, their anxious eyes red. What makes people even more angry is that Qin Chen actually ate the fruit in full view. At some point, he had swallowed more than half of the fruit of the Great Dao that was taken by Qin Chen. There was still juice in the corner of his mouth, and the glow was bright. Contains the atmosphere

.

This is too violent.

The crowd is going crazy.

It's true that this Dao fruit contains rules and perceptions, but for normal people, eating one or two will be the sky, and at most three or five, because the emperor who can break through to the nine days naturally has this talent. You can feel it instantly.

Eating too much is just a waste.

But now, Qin Chen has at least dozens of Dadao fruits in his stomach, right?

In fact, Qin Chen did not eat the fruits of the Great Dao. He took advantage of the rules of space and put these fruits of the Great Dao in the Universe Jade Plate at a very fast speed, giving people the feeling that they were swallowed in an instant. Most of the fruits are average.

At this moment, everyone was angry, their eyes were trembling with fire. Only Zhuo who was beside Qin Chen was extremely excited, because Qin Chen attracted too many avenue fruits, which caused the power of the rules in this area to run rampant, the Rongdao grass was full of energy, and he also gained a lot of benefits. Feel fluttering

Of course, it's like a feathered fairy.

"Damn it, this is too much!"

The crowd trembled.

However, everyone still suppressed the anger in their hearts and continued to arouse the fruits.

boom!

In the end, the rest of the fruits all glowed, and a large part of them fell to Qin Chen, but there were more than a dozen others that were attracted by Ji Ruri, Ziyun Fairy, Mo Qianyuan, Ji Ruxing and others, and merged into them. Inside them.

Qin Chen frowned. He didn't expect that at the last minute, a dozen of them would be taken away.

But soon, Qin Chen was relieved.

Because it was not that he was not strong enough, but that Ji Ruri and the others were really talented, drew the light of the great road and resonated with the world, so that Rong Dao Cao finally chose some of them and gave some rewards.

The world is not benevolent, but there is always a ray of vitality. Rongdao grass is the grass of the avenue, and it will leave a ray of life for everyone. This is also the terrible part of Rongdao grass and will not be occupied by one person.

However, this was enough. For a total of eighty-one great fruits, Qin Chen alone got 64, accounting for more than half.

In addition, regardless of Ji Ruri or Mo Qianyuan, they only got one in the end, not to mention preparing one for Fairy Ziyun's brother, even he almost came home empty-handed.

Qin Chen swallowed the Dao fruit that was most suitable for him, and his body suddenly glowed. In his body, there seemed to be Dao order resonating.

The bottleneck that was originally stuck in the half-step Martial Emperor seemed to be slightly loosened.

boom!

After that, Qin Chen urged the power of rules and began to absorb the essence of Rong Dao Cao.

Dao fruit can make the martial artist feel a trace of the power of regulation, integrate into the world, and have the help of the Emperor Wu to step into the nine days, and the essence of Rong Dao Cao itself also has extraordinary effects, which should not be underestimated.

I saw the nine leaves of the Rongdao Grass burst into pieces in an instant, turning into the brilliance of the sky, and dissipating in the void.

That's why people stared their eyes wide, frantically urging their internal strength to arouse this little energy.

But the next moment, many people were jealous and almost didn't jump up.

Because, in front of the boy who had robbed many Dao Fruits before, it seemed that an invisible vortex was formed, which immediately absorbed most of the Dao Essence.

boom!

Qin Chen seemed to have a whirlpool in front of him, swallowing at least 70% to 80% of the Dao Essence, leaving only 20 to 30% of the Dao Essence, which escaped and was absorbed by the others on the field.

After a stick of incense, the Rongdao grass that had been shining brightly withered completely and returned to the dust.

This cycle is over, and the next time Rongdao grass matures again, it will be nearly a hundred years later.

call!

Among the crowd, Mo Qianyuan stood up abruptly, looked at Qin Chen with cold eyes, and hummed coldly, "Hand over all the fruits, and then roll down the mountain!"

Rongdao grass has withered, and the prohibition is over, he is not afraid to do it.

"Yes, hand it over!" Others shouted one after another. You got more than sixty fruits by yourself, so let other people share their ass.

Although Qin Chen didn't make a move, most of these people couldn't even get a Great Dao Fruit, but everyone was jealous when seeing Qin Chen taking so many away by himself.

Qin Chen glanced over, scratched his head, and said, "Why?"

Qianxue and the others really can't use more than 60 Dao Fruits, but this thing can give people a glimmer of hope to break through the Nine Heavens Martial Emperor. If they stay in the Mo family and other forces in the Law Enforcement Hall, wouldn't they cause trouble for themselves?

Therefore, even if he threw it away, he wouldn't give it to the Mo family. Besides, eating one is only a glimmer of hope, so Qianxue and the others would have no harm in eating a few more, and the hope is even greater.

Not to mention more than sixty, even if it was eighty-one to him, Qin Chen wouldn't be too many.

"Where is the savage, do you know who Ben Shao is? No, die!" Mo Qianyuan said sharply, and his body broke out like a devil roaring.

The Mo family is the top family in this area. It has long been arrogant and domineering. It usually doesn't look pleasing to the eyes, and will go to war, not to mention there is a conflict of interest. "Dead!" everyone else shouted, even Ji Ruri, Ziyun Fairy and others had chills in their eyes.

[Chapter 1715: The price is up to you](#)

In the face of interests, any demeanor is false.

Qin Chen shook his head and said, "You just want the fruits of the Great Dao. Why do you kill them? As for the fruits, I have eaten a lot of them by myself, and there are more than a dozen of them. It's not that I can't give them to you. "

Everyone heard it and almost vomited blood.

Damn, is this kid a pig? There are only a dozen of the more than 60 Dadao fruits left. How do you eat them?

"In that case, I won't hand it over yet." Mo Qianyuan also vomited blood with anger, but for the remaining ten fruits, he still held back his anger.

If there is only his Mo family here, he would have already killed Qin Chen, but now that Ji family is still there, it is better to get the fruit first. Although a dozen of them are not many, his Mo family is enough. used.

"It can be handed over, but what good do I have?" Qin Chen asked suspiciously.

"Do you still want benefits?" Mo Qianyuan's eyes were cold, "Don't you understand what Ben Shao said? If you don't hand it over, you will have to die today."

Qin Chen was surprised, "But in the mountains of ours, if you want something, you have to change it for something else."

"Mountain?"

Everyone fainted, is this guy really a savage?

Only at this time, everyone looked at Qin Chen carefully, wearing blood animal skins, harp in the soil, really like a savage walking out of the mountains.

No wonder no one has seen this person on the court, he should have run out of the Wuyu area, right?

Everyone was stunned. The Martial Domain Triple Heaven is really too big. There are many mountains, which are extremely dangerous and full of blood beasts. However, it is rumored that there are also people living in these mountains. These people stay in the mountains all year round, isolated from the world, but because of the blood all year round. Beast fight

And, there are many geniuses in the mountains, so there is no shortage of children of Tianjiao.

Everyone felt even more contempt for Qin Chen.

But at the same time, he was even more ashamed. He couldn't even compare to a savage, which was... too embarrassing.

"If you ask you to hand it in, you can hand it in, otherwise I will have to do it. Then, you will have to die." Mo Qianyuan was already impatient.

Qin Chen seemed to be angry. He looked at Mo Qianyuan angrily, and said, "Do you want to kill me? There are many people who want to kill me, but you, no, don't take things out, don't want to take the wild fruit from me. !"

wild fruit.....

The crowd vomited blood, and feelings were the supreme fruit in everyone's eyes, but in the eyes of this savage, it was just wild fruit? Sure enough, it's no brainer.

"court death!"

Mo Qianyuan couldn't hold back anymore, and furthermore, he felt that his IQ was going to be lowered by this savage, and he shot directly.

boom!

An incredibly dazzling brilliant light gushed out and turned into a sword, cutting it towards Qin Chen.

Qin Chen was also a little more interested. This Mo family seemed to be the high-level of the Law Enforcement Palace, so he also wanted to see how strong this Mo family's Tianjiao was.

Therefore, he didn't use any power, and he played with Mo Qianyuan at will.

It is true that Qin Chen is too strong now. If he really wants to make a move, he can kill Mo Qianyuan with a single move. However, this will inevitably attract the attention of Mo Family and Ji Family Da Neng, and put himself into crisis. .

His purpose is to find Ji Ruyue, but he can't expose too much.

Therefore, he did not display too much strength, but pretended to be a savage, fighting against Mo Qianyuan.

boom!

I saw Mo Qianyuan showing great power. As the half-step martial emperor of the Mo family, his strength is indeed terrifying. In terms of the strength of the true essence, he is not even weaker than an ordinary early martial emperor, so he completely suppressed Qin Chen in the fight. .

He was full of arrogance, he really was the strongest half-step martial emperor. Although the savage did not know what method he used to attract so many great fruits, he was obviously unable to be his opponent if he really wanted to do it.

But after a long time, he was a little hurried, because no matter how he got the upper hand, he couldn't suppress Qin Chen and win in one fell swoop.

Why is this guy so resilient?

The others were also shocked. Unexpectedly, Qin Chen was so strong, obviously also a top arrogant, at least they would have been defeated by Mo Qianyuan long ago, and a hundred lives would not be enough.

But Ji Ruri, Ziyun Fairy and others' gazes also became dignified, and they found that Qin Chen was indeed terrifying. Although a little stupid, he was indeed a strong talent like himself.

Mo Qianyuan could not hold Qin Chen for a long time. He was already a little anxious. Boom, a group of terrible light suddenly burst out of his body, and a black spear suddenly appeared in his hand.

"The dragon goes out of the abyss, the sky is torn apart!"

He roared, and the long spear shot a black light, shaking the void, as if the world was going to be pierced by this spear, and it pierced towards Qin Chen.

boom!

The spooky shadows were so fascinating that people didn't dare to look at them, but felt that the mighty power was swept over them, and they couldn't help but back down.

"You actually want to pierce me, I'm not polite with you."

Qin Chen was angry and roared before grabbing the spear directly with his bare hands.

Mo Qianyuan was overjoyed and sneered again and again. With this shot, the Emperor Wu could pierce through him at an early stage. This kid is desperate to take it with bare hands. The regular force in his body is used, and the moment Qin Chen catches it, he stabs fiercely. Out.

boom!

The next moment, Mo Qianyuan's face changed, because he felt that the spear in his hand was stabbed by some wild beast, and he could not move.

Then he saw that the tip of the gun was firmly grasped by Qin Chen, motionless.

"Get up!"

Mo Qianyuan roared, trying to provoke Qin Chen.

But Qin Chen's arm shook with a bang, but instead he shook him out and snatched the spear.

"Hey, compare strength with me, my mother said, dragons, lions and beasts are not as strong as my strength!" Qin Chen said in a naive way.

He raised his head, only to see that everyone around him had grown up with their mouths widened, so that they could put an egg in.

Of course they were stunned. Damn, is there anyone like you? They looked like they were invincible just now, but they picked up their weapons with a quick grab. They didn't see that Mo Qianyuan was still looking bewildered. ?

Ji Ruri's eyes burst into hot light, too strong, the strength of this savage is too terrifying, although the power display is a bit rough, but the talent is strong, not weaker than him, if he is well trained, he will definitely be a talented person. .

If he can draw a genius like this to his Ji family, with his previous strength in attracting the fruits of Rongdao Cao Dao Dao, he will definitely be able to add a Heaven-defying Martial Emperor to Ji family.

Mo Qianyuan's expression also changed, and his hands trembled.

Because he found that he was not Qin Chen's opponent.

Seeing that Ji Ruri was about to speak, Mo Qianyuan immediately suppressed his anger and said, "Sell me the fruit, the price is up to you."

He promised to get a fairy fruit for Fairy Ziyun, but now he definitely couldn't pick it by himself, so he had to buy it from Qin Chen.

Because if he didn't make a move, Ji Ruri would definitely make a move, then he would be in trouble. Deceive the fruit first. As for this kid, he offended his Mo family, and was afraid that he could not be dealt with? As long as you leave this mountain and find a Martial Emperor from the Mo family, you will be able to destroy this kid.

[Chapter 1716: Disagree with this marriage](#)

"Aren't you going to kill me? Why don't you kill me?" Qin Chen touched his head with a look of doubt. puff!

Everyone vomited blood, Lord Mo Qianyuan didn't kill you, don't you hurry up and thank you, you are still there, haggling, what a savage has no brains.

"Oh, I see, you can't kill me. My mother said, I am the strongest man in the mountains, and I have not been born yet who can kill me in this world." Qin Chen grinned.

Everyone covered their foreheads, this guy is too stupid, and his mother is stupid, he actually said that no one can kill him, really ignorant.

Mo Qianyuan's face was pale, because even though Qin Chen said casually, he did hit the point, that is, he couldn't kill Qin Chen, otherwise, how could he talk nonsense with Qin Chen.

He snorted coldly and said, "Stop talking nonsense, let's make a price."

"That's great, but my price is not cheap." Qin Chen said stupidly.

"Don't worry, you just ask the price." Mo Qianyuan disdainfully, a wild boy in the country, knows what, I guess he would have won the sky if he wanted a few million real stones.

"Hold on."

But at this moment, Ji Ruri suddenly stepped forward.

"Ji Ruri, what do you want to do?" Mo Qianyuan's expression changed. What he feared most was that Ji Ruri stepped in. "Since it is a bidding, this young man can naturally participate, why can't I speak?" Ji Ruri

glanced at Mo Qianyuan mockingly, and then arched his hands at Qin Chen: "Little brother, as expected, in the next Ji Ruri , Since you want to bid,

Will Ji also join in? "

"Your surname is Ji?" Qin Chen looked over suspiciously.

Ji Ruri nodded, with a cold sweat on his forehead, he said that his name was Ji Ruri. What could Ji Ruri's surname be if he is not sexual?

But what is this kid's expression? Are you dissatisfied with the Ji family?

And Qin Chen's performance also made the other martial artists around him a little speechless. It seemed that the kid in front of him really came from the mountain, and he didn't even know Ji Ruri.

"Okay." Qin Chen's words immediately dispelled Ji Ruri's suspicion, and he smiled: "I like the surname Ji the most."

Mo Qianyuan's face changed slightly, and he coldly snorted: "Didn't you say that you want to make a price, why not make a price?"

He knew he couldn't prevent Ji Ruri from participating, and he didn't bother to stop it. Anyway, there are more than ten Dao Fruits, and he will be satisfied as long as he can get half of them.

"Okay, I'm making an offer." Qin Chen rubbed his hands and smiled silly.

Suddenly everyone's eyes gathered and their hearts throbbed. Although Mo Qianyuan and Ji Ruri were here, if Qin Chen's bid was not high, could they also participate in the bidding?

After all, there are more than ten Great Dao Fruits. Who doesn't want to have more hope of entering the Nine Heavens Emperor Wudi.

Qin Chen said with a naive smile: "This time I went out to find a daughter-in-law. My mother said that the daughters-in-law outside the mountain are very beautiful. As long as any of you can find me a daughter-in-law, I will take this Give him wild fruits."

puff!

Everyone's eyes widened. What kind of offer is this? Looking for a wife?

Is there such a bid?

Mo Qianyuan was also angry, and said coldly: "Boy, are you kidding us?"

Who the **** can find him a wife?

"Fuck you?" Qin Chen scratched his head, shook his head and said, "How can it be, I Tie Niu always speaks for words, never fooling people!"

tractor.....

At this moment, everyone on the court has the urge to smash Qin Chen to death here. This guy is simply amazing. Why doesn't God give this enchantment a thunder to death.

Ji Ruri also sweats on his forehead. Who can afford this offer?

"If you don't make a bid, then forget it. I won't sell it. This wild fruit is delicious. I want to save some for my future daughter-in-law."

"I'll buy it." Mo Qianyuan suppressed his anger, pointed to a woman on the side, and said: "This person will be your daughter-in-law, you give me the fruits of the Dao Dao!"

"Mo Shao!"

The woman's face suddenly changed, and she hurriedly said, let her marry a savage Qin Chen? She was not willing to kill her.

"Why, you don't want to?" Mo Qianyuan looked over coldly, with eagle eyes in his eyes, chilling, causing the woman to tremble and make her whole body cold.

The family she was in was just an ordinary emperor-level force and attached to the Mo family.

As a daughter of the family, she has the responsibility to rejuvenate the family. Originally, she had been following Mo Qianyuan with the idea of marrying Mo Qianyuan. Mo Qianyuan was gifted and martial, and she was also the top talent of the Mo family. Handsome and extraordinary.

As long as she can marry Mo Qianyuan, not only will she be able to become the youngest grandmother of the Mo family in the future, her family can also rapidly expand under the protection of the Mo family and become one of the top giants in this region.

Therefore, she was very close to Mo Qianyuan before, but who would have thought that Mo Qianyuan was suddenly attracted to her and wanted to trade that wild man as his wife.

Her heart was filled with grief and anger, but she also knew that the Mo family was terrible. If she dared to resist Mo Qianyuan's order, her family would be destroyed as long as Mo Qianyuan gave an order, and she would become a sinner of the family.

But want her to marry Qin Chen...

"Mo Shao, Yi Fei admired you for a long time, please don't give Yi Fei to this savage, Mo Shao, I beg you!"

The woman knelt down, crying.

She couldn't bear to marry a savage and be taken into the mountains to be a wife.

Everyone was silent, looking at the woman with pity.

She comes from the Yin family, an emperor-level force, at the age of twenty-three, she became the martial emperor in the early stage of the eighth stage. Now, there is also a cultivation base of the middle-stage eighth. Just now, she was one of the Tianjiao in this area, sitting next to the Mo family. Very graceful and luxurious.

But now? Kneeling on the ground, not even his own destiny can be the master, this is the sadness of the weak. In this area, the Mo family and the Ji family dominate, and it is difficult for other families to resist them.

"How is it? It's not bad to deal with such a woman!" Mo Qianyuan didn't even look at the woman, but said indifferently to Qin Chen.

Yin Yifei was desperate, and a trace of resentment flashed through her eyes, but she couldn't help it and couldn't resist.

"No, no, this quality is too bad." Qin Chen glanced at Yin Yifei and shook his head like a rattle. "This woman is crying, she can't help but feel weak at first sight. I like strong ones."

Qin Chen said earnestly: "My mother said that she can only work if she is strong, and can only live by hunting in the deep mountains."

puff!

Everyone vomits blood, what kind of ghost logic is this? Now who the **** picks a wife who wants to pick up the power?

Mo Qianyuan's face turned black and the corners of his eyes throbbed. He wanted to slap Qin Chen to death. He could think of Qin Chen's strength and could only suppress his anger and said, "This person is Yin Family Tianjiao, only twenty-six, he is Tier 8. In the mid-term Martial Emperor, how could you have no strength?" "No, no!" Qin Chen shook his head repeatedly: "The beasts in the mountains are strong. With her strength, she will be slapped to death with one slap. My mother would not agree with this. Marry, change one, change another!"

[Chapter 1717: Elder brother](#)

"Yes, yes, I don't have much energy, I can't do anything at all." Yin Yifei nodded as if he heard the sound of nature, like a chicken pecking at rice.

"roll!"

Mo Qianyuan was angry and kicked Yin Yifei out.

puff!

Yin Yifei spit out blood, her hair was messy, and she was extremely embarrassed. She hurried up and fled down the mountain in a panic. She didn't dare to stay here any longer.

"Since this one is not satisfied, change it."

Mo Qianyuan pointed to another woman.

The woman was shocked, her face turned pale, and her body trembled, looking at Qin Chen in horror.

"No way, this one is too thin."

"What about this one?"

Mo Qianyuan pointed at several women, and Qin Chen shook his head repeatedly, expressing dissatisfaction.

"Are you kidding me?" Mo Qianyuan was angry, and his body was full of coldness, and he was not satisfied with all of them. What kind of woman does this kid want to be satisfied?

"How could I fool you, it's just that the women you introduced are all too bad to be my wife." Qin Chen said seriously.

"Then who do you want to be your wife?"

"I heard that there is a double pride in this place, there is one named Ji Ruyue, it seems to be good, I want to be like that, do you know?"

Ji Ruyue!

Everyone was dumbfounded, their eyes rounded and vomiting blood on the spot.

Damn, this kid has a good vision, he actually knows Ji Ruyue.

Ji Ruyue is one of the double arrogances in the nearby counties, and is ranked as the double arrogant with Ziyun Fairy. However, this double arrogant only refers to appearance and talent. Regarding the background, Ji Ruyue is much better than Ziyun Fairy. After all, Ji Ruyue is the eldest lady of the Ji family, the lord of Jizhou, and the jewel of the Ji family.

"By the way, you just said that you are from the Ji family, do you know Ji Ruyue? I want to marry her and be a wife!" Qin Chen said with a silly smile.

Ji Ruri's face was immediately covered with black lines. No wonder this kid had that expression when he heard that he was from Ji's family. It turned out that he coveted sister Ruyue, it was enough.

But the other Ji family showed anger, Ruyue is his Ji family's daughter, how could this savage covet it.

"What nonsense is your kid talking about?" Suddenly someone from the Ji family yelled out, angrily.

"Hey, Ji Ruyue is my elder sister, but how can you make my elder sister look at you? My elder sister has a very high vision. In the martial arts, there is no man that my sister looks up to appear." Ji Ruxing didn't think it was too big a matter, and said strangely.

"Is it your sister?" Qin Chen's eyes lit up suddenly, "Then you are my sister-in-law?"

Ji Ruxing's face suddenly pulled down, and Xiaoman crossed his waist, angrily said: "Who is your sister-in-law?"

"You, Ji Ruyue is my wife, aren't you my sister-in-law?" Qin Chen scratched his head.

puff!

Everyone vomits blood, are you involved like this? Ji Ruyue is your wife, who recognized it!

"Dare to humiliate my sister, I'll kill you." Ji Ruxing angrily killed him, bang, she was less than twenty, but her strength was extraordinary, the palm of her hand was shining, like a bright day, she pressed it down for the first time .

Qin Chen chuckled and stretched out his probing hand, directly grabbing Ji Ruxing's wrist. Suddenly, the endless Huaguang was suppressed and quickly annihilated, while Ji Ruxing was firmly imprisoned by Qin Chen in his hand, unable to move.

Even if Mo Qianyuan was suppressed by him, what was Ji Ruxing, who was only the peak Martial Emperor in the early stage?

"Dead Savage, you let me go." Ji Ruxing was annoyed, struggling desperately, but couldn't get away from Qin Chen at all, and Qin Chen held his wrist tightly, motionless.

"My sister-in-law is so irritable, I like it. My mother said, a woman who is angry is strong enough, and her sister is so angry that her sister is definitely not young." Qin Chen laughed stupidly.

"Dead savage, who do you say is angry?" Ji Ruxing was so angry that the soul was about to get out of the way. When she walked there, others said she was strange, cute and charming. When did she hear such comments.

"Brother, please let go of my sister. We have something to say." Ji Ruri couldn't stand it anymore, stepped forward and said with his hands, then he lowered his face and yelled at Ji Ruxing, "Ruxing, Don't mess around."

Qin Chen said with a silly smile: "My brother-in-law speaks. Of course, my brother-in-law must listen."

Ji Ruri's cheeks twitched, and he wanted to explode, and shouted: Who is your eldest brother!

Qin Chen loosened his hand and Ji Ruxing immediately felt that he was released. She bit her teeth and turned around to give Qin Chen a cruel shot. Who knew that before she could take a shot, Qin Chen had already slapped her ass. Shoot her out.

Snapped!

The sound is crisp and pleasant.

Everyone looked at this scene stupidly, oh my god, Ji Ruxing is the little witch of the Ji family, is this guy crazy, dare to shoot Ji Ruxing's butt, aren't you afraid of being dumped by the Ji family?

Ji Ruri was also stunned, her eyes widened. This, his sister is a character who has a headache even for herself, wouldn't it be crazy to slap her.

As expected, Ji Ruxing was dumbfounded, tears in his eyes, and fire spurted out of his body, "You dare to spank me!"

She looked at Qin Chen angrily, almost mad, but she couldn't beat Qin Chen again, so she could only scream at Ji Ruri, "Big brother, you kill him for me, no, take him down for me. Thousands of knives, I will cut him."

She was almost mad.

"Don't be fooling around." Ji Ruri scolded her, Qin Chen, a master like Qin Chen, is too late for the family to recruit, how could he fall out because of this little incident.

"Sister-in-law, you are a little malnourished, and your **** is very small. My mother said that the big **** can give birth to a boy. When I will return to the mountain, I will catch some fire-luan tonic for you to ensure that the **** grows fast and round. It's big." Qin Chen said stupidly.

"Ah!" Ji Ruxing was taken aback for a moment, and then went crazy. This guy actually said that she had a small butt. She was so furious that she wanted to fight Qin Chen desperately, but was quickly stopped by Ji Ruri.

"This brother, Ji Ruyue is my sister. If this brother has intentions, you can go to my Ji's house. My Ji's family will definitely welcome you by sweeping the couch and do your best to be a landlord." Ji Ruri handed his hands. It was a solicitation. If Qin Chen could be attracted to his Ji's house, would he still be afraid that he wouldn't be able to get the dozens of great fruits.

Everyone around took a look at Ji Ruri with profound meaning, and I have to say that Ji Ruri's methods are very old and spicy, and they are far more brilliant than Mo Qianyuan.

"Really? Can I see my daughter-in-law Ji Ruyue at your Ji's house?" Qin Chen said excitedly.

A black line appeared on Ji Ruri's forehead, and he said, "I can build a bridge for you and my sister, but marriage is a matter between two people. If the sister-in-law doesn't look down on you, then you can't be a brother for the sister-in-law. Call the shots, so please forgive me Brother Tie Niu."

"I know this." Qin Chen patted his chest and said, "But sister Ruyue will definitely fall in love with me, because my mother said, I am the strongest man in the mountains, and everyone outside of you likes strong people."

[Chapter 1718: Red Phosphorus Gourmet](#)

Everyone touched their foreheads, and there was an urge to slap Qin Chen to death.

Where did this savage confidence come from?

Ji Ruri smiled slightly and said, "In that case, please ask Brother Tie Niu to go with me."

"Wait!" At this moment, Mo Qianyuan finally couldn't help himself. He suddenly walked out, looked at Qin Chen coldly, and said coldly, "Your Excellency can't go!"

Ji Ruri said coldly: "Brother Mo, when is it your turn to call the shots of my Ji family?"

"If you want to go, you can, hand over the great fruits on his body, and return the weapon to Ben Shao!" Mo Qianyuan said coldly.

Ji Ruri wanted to say something, but was interrupted by Qin Chen. He furiously said, "I got these wild fruits. Why do you want to pass? Also, this iron spear is also my trophy. Why? I want to return it to you."

"If you don't want to die, just hand it over. Young Master Ben knows that you are very strong, but in this place, it is not your turn to go wild. Believe it or not, as long as you leave this mountain, you will be dead?" The Tianjiao of the Mo family naturally has this confidence.

"Dare you threaten me!"

A cold light shot out from Qin Chen's eyes, suddenly, a terrifying aura spread out, everyone on the court was shaking wildly, their faces pale, and they looked at Qin Chen in amazement.

Because the aura on Qin Chen's body suddenly changed. If he was still restrained before, then now, like a prehistoric fierce beast awakening, a terrifying aura that makes the heart palpitating exploded.

Pedal!

Even a Tianjiao like Mo Qianyuan was shocked by the breath that Qin Chen exudes. He stepped back two steps, his face turned pale, but he was very angry and felt ashamed.

"What about threatening you? Ben Shaonai is a disciple of the Mo family, who dares to offend!"

Mo Qianyuan was also angry, who is he? Mo Family Tianjiao, the ruler of this region, is destined to become the top supreme powerhouse of the mainland, and a savage dare to be cruel to him?

"There is a kind of thing you can try again?!" Qin Chenhan said.

"Now Ben Shao has changed his mind, I want you to climb over to apologize, return the weapon, hand over the fruits of the great road, and kowtow to defeat!" Mo Qianyuan took a step forward, his hair fluttered, his eyes shot cold beams, and his murderous intent was extremely strong.

"You're a shit, the Mo family is great, my mother said, whoever dares to threaten me, let me kill him!" Qin Chen shot directly.

He was like a comet, struck across the sky, struck the ground, disappeared in place with a bang, and blasted towards Mo Qianyuan in the battlefield.

Mo Qianyuan didn't expect Qin Chen to take the shot, and hurriedly resisted.

boom!

In an instant, the sky broke and the earth cracked, and the energy ray exploded in this area, flying sand and rocks, dense runes, and entangled regular fragments. The scene was shocking.

Vaguely, the ghosts were crying and howling, the vision was too scary, and the terrible aura permeated. Everyone backed away, and they couldn't stand still. Only a few people such as Ji Ruri and Ziyun Fairy could barely stand, but they were all faceted. Lu was shocked.

puff!

The smoke dissipated, blood bloomed, Qin Chen stepped back, clutching an arm in his right hand, **** and a little scary.

"what!"

Mo Qianyuan screamed, disheveled, covered in blood, the previous arrogance and coldness disappeared, and some were just panic and tragic, howling in pain.

For a time, the four wild crows were silent. What a brilliant record is this? ! The dignified son of the Mo family, the world-famous Tianjiao, a half-step martial emperor peak master, a descendant of the Mo family, was actually torn off an arm by Qin Chen? !

This kind of record can be described as shocking, and Qin Chen's shot was too violent. In a moment, he overturned Mo Qianyuan. Obviously, he hadn't exploded in his full strength before. How strong is this wild man? Can you match Wuyu Tianjiao?

"What the Mo family, but so!" Qin Chen said, fiercely revealing, "If you dare to mess with me, I will let the uncles in the mountains come out. They even dare to beat up the red phosphorus gluttons, and they will be afraid of you. Bullying a countryman like me."

Everyone who thought Qin Chen was a savage before was shocked, their bodies trembling.

What did they hear? Red phosphorus gluttony, isn't that the rumored wild beast? Rumor has it that there is such a prehistoric blood beast in the forbidden area of the Martial Domain in the Luoxue Mountain Range. Its strength is so terrible that even the later Emperor Wu can't suppress it. Could this savage come from the Luoxue Mountain Range?

Everyone shook violently. It was one of the most forbidden places in the Martial Domain, and even the top forces in the Martial Domain did not dare to break in easily, because there were blood beasts all over the place, strong and terrifying, and Emperor Wu entered the threat of fall. This Iron Cow family lives in the Luoxue Mountain, are you hell!

Snapped!

In the shock, he saw Qin Chen drop his broken arm, restrain his fierceness, and said coldly, "Boy, if I dare to bully people in the future, I will kill you!"

Who is bullying?

puff!

Mo Qianyuan spouted a mouthful of blood, ah, he was roaring in his heart, humiliated, too humiliated, the dignified Mo family Tianjiao, being so insulted by others, his face was almost rubbed on the ground.

This news will inevitably spread around, and from now on, his face is completely lost, and he has become a laughing stock of Wu Yu.

"Boy, I won't let you go." He roared. Of course, he roared in his heart, but he didn't say a word, because he was afraid that Qin Chen would kill him in a real anger.

He quickly picked up the broken arm, turned around and rushed onto the battleship, leaving quickly.

Because he wants to return to the family for treatment as soon as possible, other warriors may only be disabled if their arms are cut, but the Mo family is different. There are many treasures in the family, which can completely make him rebirth with his broken arm and connect it again.

"Finally quiet." Qin Chen said.

It was really quiet, because not only was Mo Qianyuan gone, but the others were also numb in shock, unable to speak a word, just looked at Qin Chen in horror.

A top-level arrogant, and also the arrogant of the Mo family, was defeated and ran away dingy.

Is this the half-step martial emperor that they have worked so hard to become, the world's arrogant? What is the point of being assiduously, not being defeated by a few tricks, but also a savage?

Qin Chen smiled, turned around and put his arms around Ji Ruri's shoulders, and said, "Go, brother, take me to find my wife."

Ji Ruri's body was stiff, and he wanted to throw Qin Chen's hand away, but he held it back. This kid is too unreasonable. What if he irritates him? He and Mo Qianyuan are no more than Bo Zhong, and they are not Qin Chen's opponents at all.

But immediately, Ji Ruri felt excited, because the stronger Qin Chen was, the more help he brought back to the family. Moreover, from Qin Chen's words, this person seemed to come from the Luoxue Mountain, which was a forbidden place in the Martial Domain. .

If the family can make friends with the people in the Fallen Mountains, it will be a huge benefit to the family. Isn't it easy to suppress the Mo family?

[Chapter 1719: my pleasure](#)

Therefore, he laughed, patted Qin Chen on the shoulder happily, and said, "Okay, let's go back now."

"Wait!" Fairy Ziyun said hastily, she smiled and said, "Can you sell me a great fruit?"

"No, you are not my wife!" Qin Chen glanced at her and answered simply.

Fairy Ziyun suffocated slightly. Not only did she have amazing martial arts talents, she was also an outstanding beauty. Being rejected by Qin Chen so simply and neatly, she had the urge to bite Qin Chen hard.

She forced a smile and said, "Your Excellency, I'm a good friend of your future wife Ji Ruyue, can you sell me one?"

"You are a good friend of my daughter-in-law, why don't I know? Who knows if you are partial to me."

Fairy Ziyun took a deep breath, her forehead bursting with blue veins, and said, "Do I need to lie to you? Besides, you are so smart, can I lie to you?"

"That's true." Qin Chen nodded.

Fairy Ziyun is about to vomit blood, and this person is too narcissistic. She squeezed a smile and said softly: "How about? Can you consider selling one to me now?"

Her brother really needs a great fruit.

"No!" Qin Chen continued to refuse very simply.

"you....."

Fairy Ziyun was so angry that she almost exploded.

"However, if my daughter-in-law Kisaragi says that you are really her good friend, I can give you a fruit."

"Really?" Fairy Ziyun's eyes lit up, "But what if Ruyue doesn't agree to marry you?"

She was lost again, how could someone as haughty as Yueyue agree to marry him?

"Regardless of whether my wife Ruyue agrees to marry me or not, as long as you don't lie to me, she is really her friend, then I will give you one on the spot." Qin Chen patted his chest.

He doesn't know the Ji family's situation now. Going in a little bit, I'm afraid it will be like a tiger's lair in the Dragon Lake.

What's more, the presence of Fairy Ziyun makes it easier for Ji family to let Ru Yue come out.

"Okay, what are you waiting for, let's go to Ji's house together." Fairy Ziyun said excitedly, and then looked at Ji Ruri: "I wonder if Brother Ji is willing to take Ziyun a ride?"

"It's a great honor." Ji Ruri was overjoyed, feeling that the invitation she invited Qin Chen was really the right one. This was an unexpected gain.

"Yu Zhiqi, if you go back to the family first, you will say that I will go to Ji's house so that the family doesn't have to worry about it." Fairy Ziyun said to his subordinates.

At the moment, Qin Chen, Ji's family and Ziyun Fairy flew away to the Ji's battleship.

Qin Chen and his team boarded the battleship, which was very spacious, with a table, chairs, and a slumped table. The table was full of rare and exotic fruits.

"Wow, it's so beautiful, there is no such fun thing in the mountains."

Qin Chen unceremoniously pounced on Ruansu, the first one to lie down on Ruansu, while picking a grape and throwing it into his mouth, it was good, the taste was very sweet, and there was a hint of true essence in his body. Circulation has certain benefits in cultivation.

"You, get me up, this is my bed."

Ji Ruxing originally held Fairy Ziyun with a smile, but when he saw Qin Chen lying directly on his incense couch, his pretty face suddenly became dark, and he yelled.

This stinky man is really shameless, dare to desecrate her incense couch, who gave him the courage?

"Hey, is your bed? No wonder it's so fragrant, but I'm a guest, shouldn't I give the bed to the guest?" Qin Chen wondered.

Ji Ruxing was speechless, and said, "Sister Ziyun is also a guest, why don't you let Sister Ziyun sit, you get out of me."

She angrily said, a little clean.

"I didn't say not to let her sit, come, sit here!" Qin Chen patted his side: "There is still a big place. You can sit here. Don't be so stingy."

Ji Ruxing is going crazy, how come this person has no self-awareness, and the incense couch of a woman's house is where you, a man, can sit and lie down casually?

What's more, you are a man lying on the incense couch, and letting their woman sit on it is what the **** is it, why is it shameful?

"You didn't realize that you let the two women sit on the fragrant couch with you, is there any demeanor?" Ji Ruxing said, looking at his cheeks, trying to calm himself down and reason with Qin Chen.

Because she really felt that Qin Chen was her nemesis, if she didn't adjust her mentality, she would be mad at herself.

Qin Chen shook his head and said, "Why? I'm a guest. The guests invited by your Ji family should naturally enjoy the best. Also, your eldest brother and sister-in-law are so enthusiastic. Wouldn't it be nice if I were polite Give you face?"

As he said, he took an apple and took a bite with a crackling sound.

Ji Ruxing gritted his teeth with anger. This guy is really tired and has a thick face. This kind of person is the most difficult to deal with.

She no longer paid attention to Qin Chen, but sat on one side of the chair, and said loudly, "Drive faster, I want to go home early!"

The servant controlling the flight in the battleship's cabin shivered, and quickly agreed to speed up the power supply, and the battleship disappeared into the sky with a whistling sound.

Ji Ruri chatted with Qin Chen for a while again, trying to test Qin Chen's origins, but Qin Chen was ambiguous, did not say very clearly, just vaguely, and said that many ordinary people in the Luoxue Mountain Range did not know something.

This is natural. In the previous life, Qin Chen had been to countless forbidden places in the mainland, and even broke into the forbidden places. This Luoxue Mountain range has been searched for some elixir for several times, so he naturally knows that many ordinary people don't know. thing.

This made Ji Ruri more sure of Qin Chen's identity, and he was only excited.

However, everyone had just absorbed the Dao Fruit and Rong Dao Grass Essence, and urgently needed to cultivate, so the battleship soon became quiet. Everyone sat cross-legged, refining the Dao Fruit Essence before refining, and felt that little bit. The rules of heaven.

The refining of the fruits of the Dao Dao can not be done in a short while, some people even need to spend half a year to realize the refining.

And people like Ji Ruri who have already reached the peak of the Emperor Wu in half a step, perhaps when he fully comprehends the rules of heaven and earth in the fruits of the Dao and the essence of Rong Dao grass, it is time to completely break through the Emperor.

Naturally, Qin Chen was not idle either. He was also feeling that, I have to say that the fruit of Dao Dao touched him so much that he once again touched the edge of Emperor Wu Tian. He felt that he was about to break through Emperor Wu Tian.

The battleship has some demon emperors, but it will not cause any impact at all. Qin Chen just looks at his nose and his heart like an old monk.

He swallowed thick zhenqi all over his body, and the speed of absorbing heaven and earth zhenqi was much faster than that of Ji Ruri, and white qi came out of his nose, and his body was full of blood.

[Chapter 1720: do you have any opinion?](#)

Since he pretended to be from the Luoxue Mountain Range, he naturally had to pretend to be a little bit like Qin Chen. This method is nothing to Qin Chen. Nevertheless.

Ji Ruxing's cultivation level was the lowest, so he soon woke up from his cultivation, and looked at Qin Chen, feeling increasingly uncomfortable.

Although she is young, she is also very lovely, beautiful and beautiful, but a little green. There are usually no lack of suitors, and there are even too many indifferents, but when she sees Qin Chen treating herself like this, her heart But there was a strong anger in it.

Why is this man so hateful?

Daoshan is not very far from Jizhou, and within three days of work, he has already entered Jizhou.

When he arrived in Jizhou, Ji Ruri breathed a sigh of relief. He had always worried that the Mo family would take action. Because Qin Chen broke Mo Qianyuan's arm, the Mo family would definitely not give up, but now he has entered Jizhou. , The Mo family did not dare to intercept his Ji family's battleship.

Because this is tantamount to a war with the Ji family.

Presumably Mo Qianyuan sent the message to the family, and the family will send a master again, and it will be possible in the future.

Next, Ji Ruri was completely immersed in sentiment.

His whole body lingered around and radiated radiance, like a deity, emitting a terrible light.

Fairy Ziyun is the same, breathing, blending with heaven and earth, resonating with the avenue, and the whole body is lingering.

The two are worthy of being the top talents in the triple heavens. Qin Chen estimates that within a year, both of them will be able to step into the realm of Emperor Wudi of Nine Heavens and become a strong one.

This is all because of the Rong Dao grass and Dao fruit. If there is no such opportunity, let alone one year, in two or three years, neither of them will necessarily be able to enter the realm of Emperor Wu.

The battleship flew for nearly ten days before it rang and stopped.

"Arrived!"

Everyone walked out of the battleship, and what was presented to everyone was a magnificent building complex.

This is where the Ji family's main house is located. The grand and domineering building is like a palace, showing the luxurious temperament.

Qin Chen shook his head, remembering that the Ji family back then was not like that. The hidden family was very low-key and restrained, but now, it is like a nouveau riche, for fear that others would not know the strength of the Ji family.

Moreover, this world is shrouded by restrictions, ordinary people cannot easily break into it, even in the sky, there are strong patrols, basically all of the Wuhuang level, aggressive, and imposing.

Under Ji Ruri's leadership, everyone walked into Ji's house. There were many strong guards in armor. If it weren't for Ji Ruri's leadership, most people would not enter.

"Kiritsu, where are you?"

Qin Chen's heart moved slightly, but he did not dare to release his mental power to look everywhere, not to mention that there were restrictions on it, and it was difficult to detect too much mental power. In case it was sensed by a top powerhouse in Ji's family, That would be troublesome.

"Master Ji Ruri!"

"Miss Ji Ruxing!"

Soon, Qin Chen and Fairy Ziyun were taken to a courtyard. As soon as everyone entered, there was a respectful voice around them. A few extraordinary people came from the side. After seeing Ji Ruri, they suddenly He saluted respectfully, and looked at Qin Chen and Fairy Ziyun suspiciously.

Ji Ruri nodded slightly and said to several people: "This is Fairy Ziyun, and this one is the Tianjiao Iron Bull recruited by my Ji family."

Then he smiled to Qin Chen and said, "Brother Tie Niu, these are all the geniuses recruited by the Ji family in Jizhou, and they can be regarded as members of my Ji family. This is where my Ji family settles many geniuses. ."

Qin Chen looked over, but saw that these few people were very popular, and their cultivation bases were not low, of course, they were also different in age, high and low.

"I have seen Fairy Ziyun."

After hearing about Fairy Ziyun's order, these people hurriedly stepped forward and smiled and saluted. As for Qin Chen, they were naturally ignored.

That's natural. Fairy Ziyun is one of the two arrogances in this area. She is also the eldest lady of the Ziyun family. She is famous, but it is not something they can look up to for the casual cultivators who have taken refuge in Ji family. Surprised in my heart, stepped forward to behave, for fear of being ignored by Fairy Ziyun.

Fairy Ziyun nodded slightly and smiled.

These people felt warm in their hearts, and they almost passed out happily.

Sure enough, it's good to take refuge in the Ji family. Not only do you have a lot of resources for cultivation, you can also see celestial beings like Ziyun Fairy. If you are outside, how can you have a relationship with Ziyun Fairy in their capacity.

After Ji Ruri gave a casual introduction, he immediately smiled at Qin Chen: "Brother Tie Niu and Fairy Ziyun can take a rest in the guest house. As for the sister Ruyue that Brother Tie Niu said, I will report it to my father. It's up to the family to decide."

"Miss Ruyue's matter?" The people next to him all showed doubts.

Upon seeing Ji Ruxing's eyes, he grunted and said, "Oh, this guy is called Tie Niu. I don't know where he came from. It is said that I came to our Ji family because I fell in love with sister Ruyue, and want to marry sister Ruyue as a wife, huh, It's just like my brother is so nice, and he is fascinated by his talents, so I slapped him to death a long time ago."

"what?"

Qin Chen suddenly felt chilly all over, and felt that many chilly eyes fell on him.

This kid wants to marry Miss Ruyue? Don't look at their own virtues.

Ji Ruyue is one of the most prestigious geniuses of the Ji family and the number one beauty in Jizhou. When they join the Ji family, they naturally have the idea of marrying a girl from the Ji family and joining the family of Zui Ji.

Of course, they just thought about it in their hearts, but this kid, who actually came directly to propose marriage, who gave him the courage?

When Ji Ruxing saw that his success had aroused the anger of several people, he was immediately happy. This guy bullied me just now. This is a recruitment camp for the family. All the geniuses and strong men who depend on the family live and train here.

These guys, who didn't have illusions about sister Ru Yue, after hearing the news, didn't he angrily beat Qin Chen into a pig?

"Sister Ziyun, wait here, I'll go find my father first." Ji Ruxing jumped and ran away.

"This Nizi..." Fairy Ziyun was speechless, would she not know Ji Ruxing's plan?

Sure enough, as soon as Ji Ruxing left, the atmosphere on the court became colder.

"Hey, boy, I heard that you came to Miss Ruyue to propose marriage?" A man with blond hair said coldly, his face was cold, and he was quite handsome, but his eyes were eagle-eyed, like Qin Chen's eyes. It's like a lot of money.

"Why, do you have an opinion?" Qin Chen turned his head and said with a grin.

"Everyone, everyone is a guest from the Ji family, so it's better to be more friendly, why bother to fight like this, and although Brother Tie Niu comes from Dashan, his strength is extraordinary." Fairy Ziyun said.
