[Chapter 1721: Self-defeating](#)

Fairy Ziyun smiled, she still wanted to buy Dao fruit from Qin Chen, naturally she didn't want Qin Chen to cause trouble here.

Moreover, she knew Qin Chen's strength, even Mo Qianyuan dared to beat him, these guys in front of him were not even half-step Martial Emperor, and they were really not Qin Chen opponents.

Unexpectedly, it's okay for Fairy Ziyun not to speak, and when he speaks, everyone is even more unhappy.

Qin Chen's strength is extraordinary, are they terrible? Moreover, Fairy Ziyun clearly protected Qin Chen, could it be that a few of them were no better than a savage?

No matter how you look at it, I didn't think the savage in front of me was so strong!

"Brother Tie Niu, right? I want to ask for some advice!" said the blond man. He looked at Qin Chen with a tick at the corner of his mouth.

Qin Chen said to Fairy Ziyun: "This guy wants to challenge me? It doesn't matter if I kill this idiot, right?"

Fairy Ziyun was full of black lines, and shook his head quickly: "These are the geniuses recruited by the Ji family. It is better for you to show mercy, otherwise the Ji family will definitely be dissatisfied."

"Oh, all right." Qin Chen smiled.

When everyone heard it, naturally they became even more dissatisfied.

Hasn't it been unreasonable that the two of them have decided that the blond man will lose? He is also the pinnacle of Wu Huang, a Tianjiao who is close to the half-step Wu Emperor, no matter how strong this barbarian is, it should not be so exaggerated.

"Okay, okay, okay!" The blond man had a gloomy face. He directly took out a treasure sword, and the whole body was shining, as if it were transparent. He gave it a slight shake, and the runes flashed on the lightsaber, and the glow was shining.

"Peak Emperor!" Everyone exclaimed. In the martial arts, the strength of a warrior is related to the weapons they hold. As the warriors who take refuge in the Ji family, they are often casual cultivators, or are some warriors who have no great backing, so they hold Some weapons are often not high

Order.

Because the top treasure soldiers are too scarce, and the requirements for materials and casters are too high. It is not a big deal for families like the Ji family to take out some, but for some casual cultivators, they are extremely rare.

And this blond man himself was just a pinnacle martial emperor, but he took out a pinnacle-level imperial soldier, and his murderous aura was pervasive, which naturally shocked everyone.

It can be seen that he is indeed very angry, and he wants to kill Qin Chen in one go.

"Come!"

The blond male soldier was immediately confident, and the peak imperial soldier, coupled with his peak martial emperor's might, was naturally invincible.

In this state, he even dared to fight a half-step Wudi twice, not to mention a country savage who couldn't see the depth.

"Since you want to beg, then I will fulfill you." Qin Chen said lightly, raising his hand at random and pressing towards the blond man.

"I don't know what I can do!" The blond man snorted, swiped a sword, and slashed towards Qin Chen.

Hum!

The sword light surging in the sky turned into a nihilistic sword-qi cage, extremely gorgeous, enveloping Qin Chen layer by layer.

I have to say that his swordsmanship is good. In the void, there is a flash of sword light, covering Qin Chen's whole body, blocking all the directions that can advance and retreat. It is very tricky and cruel, enough to cut a pinnacle martial emperor. Into pieces.

However, Qin Chen didn't care, and still pressed his big hand.

Snapped!

The sword light suddenly shattered, and Qin Chen's big hand was like a mountain of five fingers, crushing layers of sword light directly, and then slapped the blond man to the ground. The whole person was in a large font, face down.

Everyone was dumbfounded, the blond man was actually not Qin Chen's enemy?

You know, although the blond man is not the outstanding one in the Ji family's solicitation, he is also the peak martial emperor, and he also sacrificed the peak emperor soldier, which can greatly increase his combat power. How can he not stop Qin Chen's blow?

"Who else wants to fight me now?" Qin Chen said with a smile.

"Wow!"

The faces of the remaining few people changed slightly, hurriedly backed down, jokes, their strength is just as good as the blond man, even if they are strong, they are not much stronger, they must have been slapped to death when they came up.

"These guys..." Fairy Ziyun shook her head. She had said long ago, let the other person be gentle, why shouldn't you listen.

"go!"

This group of people hurriedly helped the blond man and turned around to run. They were all insulted. Why didn't they run?

Of course, before leaving, they did not forget to say a few ruthless words: "Wild boy, your strength is good, but I tell you, don't think about the idea of playing Miss Ruyue, Miss Ruyue is the person Xu Shao fancy, etc. Shao Xu comes back to see how you die."

Qin Chen was still smiling, but now his face changed. Boom, he reached out with his big hand, and directly stopped a few people, "What is Young Master Xu? You can tell me clearly." A few people only feel that they are mean. Why do you still have to say this when you ran? Now I can only snorted coldly: "Xu Shao doesn't know, he is the strongest among us recruited. When he joined the Ji family five years ago, he was only the late Martial Emperor. ,

But now, under the training of the Ji family, he is already the Emperor Wu of the Nine Heavens, and he must be the one who shines in the future. Shao Xu has been pursuing Miss Ruyue all the time. I advise you to keep a low profile. "

Qin Chen's eyes were cold, Shao Xu?

"What **** Young Master Xu, dare to **** my wife with me, and see if I don't blow his head." He drank coldly.

"You can be arrogant." The man sneered: "Young Master Xu is not in Ji's house now. I have gone out to fight, but I will be back soon. When that happens, you will know that Young Master Xu is terrible."

"Then I'm here, waiting for the **** Xu Shao to come back, get out!" Qin Chen kicked a few people out.

A few people didn't dare to say more, got up and ran away.

"The Xu Shao they said is Xu Dongsheng!" Fairy Ziyun narrowed his eyes.

"You know?" Qin Chen looked over. "Of course you know the most outstanding Tianjiao of the Ji family." Fairy Ziyun said: "That Xu Dongsheng is also a personal thing. Before joining the Ji family, he was already talented and an emperor-level family in this martial arts triple heaven. Tianjiao, this person is extremely talented,

The cultivation base is terrible. Once I saw Ruyue, he pursued Ruyue with all his heart, but with his Xu family's status, how could he compare with the Ji family? "

"So, he actually figured out a way, that is to take refuge in the Ji family." "The Ji family naturally refuses to come to such a genius, but there is more to it. This person has grown by leaps and bounds under the training of the Ji family. , From a late martial emperor, directly broke through to the nine-day martial emperor, and compared many of the Ji family

, Was reused by the Ji family. "

"Originally, I heard that he was just joking after his pursuit of Juyue. Now it seems that it should be true. If this person can show extremely strong talent and go further in the next five to ten years, I really don't say no. Will it succeed."

Fairy Ziyun murmured. Qin Chen's eyes were cold, and he said coldly: "What Xu Dongsheng, the woman who dared to remember me, waiting for Lao Tzu to blow him up, would Emperor Wu Tian be great?"

[Chapter 1722: Cheap father-in-law](#)

Fairy Ziyun shuddered. For some reason, she actually felt a strong murderous aura in Qin Chen, even she was a little jealous.

"Blast Xu Dongsheng?" Fairy Ziyun smiled bitterly and shook her head. She admitted that Qin Chen's strength was good, but Xu Dongsheng was already a strong Nine Heavens Martial Emperor. No matter how strong Qin Chen is, he can only be half-step Martial Emperor. Will he be the opponent's opponent?

After all, Xu Dongsheng was not an ordinary person, but a Tianjiao figure among the Nine Heavens Emperor Wudi. Naturally, his strength was not comparable to those of the ordinary Nine Heaven Emperor Wudi in the Martial Domain.

"Why, don't you believe me?" Qin Chen turned his head.

Fairy Ziyun didn't answer, but said: "I heard that Xu Dongsheng has two very terrifying subordinates. If you want to defeat Xu Dongsheng, I'm afraid you will defeat his two subordinates."

Qin Chen snorted coldly, just about to say something, suddenly his eyes condensed, and he looked up at the sky.

Whoosh!

In the distant sky, a stream of light quickly swept over, but it was a pinnacle martial emperor, wearing the armor of the Ji family, quickly came to Qin Chen, and said to Qin Chen: "Your Excellency is an iron cow?"

"It's me." Qin Chen nodded.

"My family, Ji, always invites you to go to the meeting hall, come with me." The man said, before Qin Chen answered, he turned and left.

Qin Chen understood that there should be news after Ji Ruri reported, can he see Ruyue?

He suddenly rose into the sky, and flew past the man behind him.

Fairy Ziyun hesitated and followed.

Under the leadership of the guard, Qin Chen and Fairy Ziyun came to the meeting hall of Ji's house.

"Elders, I will bring you here." The guard stood at the door respectfully.

"Let him in." A low voice sounded, full of majesty.

"Yes!"

The guard handed his hand, and Qin Chen immediately walked in curiously, but Fairy Ziyun just wanted to follow, but was stopped by the opponent.

Fairy Ziyun had no choice but to stand outside the door and wait.

After Qin Chen entered, several terrifying auras fell on him for an instant, and there were several powerful men sitting on the hall, each with their eyes exposed and terrifying auras all over his body.

These people are obviously the elders of the Ji family, and they are all at the level of the Nine Heavens Emperor Wudi, and they are strong and weak, but without exception, they are extremely tough, far surpassing the average Nine Heaven Emperor Wudi strong.

This is natural, the Ji family is also a family of hidden martial arts, and the strength is not to be underestimated.

Below a few people, Ji Ruri and Ji Ruxing stood respectfully.

"Are you an iron cow?"

A low voice sounded, Qin Chen raised his head and saw a middle-aged man in front of the hall speak. This man was wearing a purple robe, with a majestic attitude, and the strength of his true essence, even reaching the point of being extremely restrained. The power of rules lingered around him, as if he looked like an emperor.

"Mid-term peak Emperor Wu!"

Qin Chen perceives the opponent's cultivation base at the mid-term peak. However, compared to the two mid-term peak martial emperors that Qin Chen killed in the training camp secret realm at the beginning, it is more terrifying, and even faintly close to the realm of the late martial emperor. Up.

"Senior, it's me!"

Qin Chen immediately stepped forward to salute, and said honestly, with a restrained aura.

Now Qin Chen's cultivation has reached an extremely terrifying level, especially he is still a master of bloodline and alchemy, deliberately concealing it, as long as he doesn't use his hands, even the great martial emperor in the later period will never want to spy on his true cultivation.

"Not bad!"

Several powerful people stared at Qin Chen, only to feel that Qin Chen's body was thick and terrifying, exuding a strong surging blood, and could not help but nod slightly.

In terms of aura, Qin Chen is more terrifying than Ji Ruri, no wonder Ji Ruri just said that this person defeated Mo Qianyuan of the Mo family and greatly increased the power of the Ji family.

"This seat Ji Daoyuan, I already know what happened to Daoshan. Listen to my son Ji Ruri say, do you want to take refuge in my Ji family? At the same time, sacrifice the fruits of the road to my Ji family?" said the middle-aged man Long Long, The sound is not loud, but it is like thunder, echoing in my mind, full of majesty.

"My son Ji Ruri?" Qin Chen's eyes flashed. What is the relationship between this person and Ruyue? Is it Kesaragi's father? Your own cheap father-in-law?

Moreover, there are only a few elders here. Although they are all powerful emperors of Wudi, there are early peak Wudi, and mid-term Wudi, but even the later Wudi does not. Obviously this group of people is not the complete strength of the Ji family, but probably just and People related to Ji Ruyue.

The thought flashed in his mind, and Qin Chen said: "Going back to senior, I really want to take refuge in the Ji family, but I heard that the name of the Ji family, Ji Ruyue, came here. I'm here to propose marriage. I propose a bride price for marriage."

"Bold!"

"presumptuous!"

Suddenly a few angry shouts sounded, and the surrounding elders were angry, and a terrifying aura instantly fell on Qin Chen.

boom!

It seemed that several big mountains attacked at the same time, suppressing Qin Chen.

"My daughter in the Ji family, how can you defile it by mentioning your relatives at will." An old man sneered coldly, his eyes cold and murderous.

Qin Chen was agitated by the murderous intent, and he was not surprised, but instead said angrily: "I said before I came here, this wild fruit is for my parents to use, do you want to grab my wild fruit?"

He has a fierce aura. Under the breath of a few great martial emperors, he is still unmoved and unaffected at all. The blood in his body is even more turbulent, like a wild and wild beast, about to burst out in anger.

"hiss!"

The elders of the Ji family condensed their eyes and looked at each other. This is really extraordinary.

They just listened to Ji Ruri and Ji Ruxing's report, and found it a little funny. A savage in the mountains grabbed some great fruits, just like coming to propose marriage and marrying Ji Ruyue of the Ji family. Isn't this a joke?

So before, I deliberately tried Qin Chen, but now Qin Chen's performance has caused a few people to be slightly moved.

The group of them joined forces, and even a strong man who had just entered the Nine Heavens Martial Emperor had to change his color, but Qin Chen was really different. This son was indeed amazingly talented. Ji Ruri, who didn't look aside, was just affected, and his expression Are some whitish?

"Hehe, your anger, my Ji family is not unreasonable, but your background is unknown. With a few great fruits, you want to propose marriage and marry your daughter. Isn't it ridiculous?"

Some sing black faces, and naturally others sing white faces. Ji Daoyuan waved his hand, and the elders suddenly reduced their breath, but their eyes were still a little cold.

Really my cheap father-in-law.

Qin Chen was suddenly stunned. It seemed that this matter had not yet been completely spread from Ji's house. The people in this hall were all related to Ruyue.

"It turns out to be your father-in-law..." Qin Chen shouted immediately.

Ji Daoyuan's forehead was black. Father-in-law, does this person have such a thick face?

As soon as I was about to scold him, I heard Qin Chen say: "I didn't come to make trouble, naturally I know that the two love each other, but I also heard that Miss Ji Jia Ruyue is the number one beauty in Jizhou, I just want to see Miss Ruyue. , This wild fruit can be regarded as my meeting gift. If Miss Ruyue doesn't like me, I will naturally not force it."

[Chapter 1723: Whereabouts of the moon](#)

After Qin Chen finished speaking, he grinned.

I'm afraid this is not a fool!

Everyone was speechless, but they also understood what Qin Chen meant. He took the fruit of the Great Dao not necessarily to marry Ji Ruyue, but I was afraid that I heard the name of the first beauty of Ruyue from somewhere, and wanted to see Ji Ruyue.

"In that case, this seat can satisfy you, you only need to hand over the fruits of the great road, and this seat will naturally let the little girl see you." Ji Daoyuan said.

"That can't be done, this fruit is for Miss Ji Ruyue, leave it to you, what should I do if I can't see anyone?"

Qin Chen sneered in his heart, do these guys treat themselves as idiots? Dao fruit is handed over, how can I have anything to do next?

"How come?" Ji Daoyuan smiled: "Ruyue is the daughter of this seat. As long as I speak, she will come to see you."

"That won't work. See people with one hand and see results with the other."

Many elders are speechless, why is this kid so persistent?

"Could we still lie to you?" Ji Daoyuan was also speechless.

"Who knows, my mother said, the people outside this mountain can be broken, you must not be fooled by others casually, then if Ji Ruyue is really your daughter, you just call it out, why bother?" Qin Chen said.

"This..." Ji Daoyuan didn't know what to say.

"I know. Actually you and Ji Ruyue have nothing to do. You just want to deceive the fruits of my body. I'm leaving and looking for someone else somewhere." Qin Chen turned and left.

"Hold on." He hurriedly called Qin Chen.

"Everyone said what to do?"

At the same time, Ji Daoyuan secretly communicated to several elders.

It is naturally impossible for them to mate Ji Ruyue to Qin Chen, but they are very coveted for the great fruits of Qin Chen's body. This kind of thing is of great use to any Ji family disciple, and they can't easily let it go.

"Dao Yuan, talk nonsense with him, it's just a wild boy, who directly killed him, taking the fruit of the road." An elder sneered and transmitted the sound.

"It's not right, as the sun said, this child seems to come from the Luoxue Mountain Range. If it is so, there must be a strong person behind it. Otherwise, how can it be so terrible. I rushed to do it for fear that it would lead to my Ji family." The elders.

"Even if it causes trouble, no matter what, with my Ji family's current status and status, do I still need to be afraid of a savage who does not come from?"

"You can't say that. If this son is really just a savage, even if there are some strong people behind him, he is not afraid, but this person was invited by the sun from Daoshan. The Mo family and other forces know this. Among other things, there is a little guy from the Ziyun family waiting outside. Today, my Ji family is collecting Tianjiao. If this person is killed and the news spreads, wouldn't the name of my Ji family be completely destroyed. Now, in the future, who else would dare to take refuge in my Ji family?"

"This is true. Although the fruits of the Dao Dao are rare, if it is for such a bit of Dao fruits to ruin the reputation of my Ji family, it will be a bit of a loss. Moreover, if the Mo family knows this, it will definitely publicize it, and it will be for my Ji family. It has a huge influence and is known by the ancestors, so I will be punished."

"Then what do you guys say? Do you just let him leave like this? Ruyue is not in the mansion now, but is in retreat in Ancestral Land. I have no right to let her come out."

"Daoyuan, please tell me, that's your daughter. If it wasn't for angering the ancestor, how could it be so troublesome, saying that it was a retreat, but was locked in the ancestral land and could not go out, otherwise Daoshan would not be without her. For the sake of it, with the cultivation base of Ruyue, if you get the fruits of the Great Dao, you will definitely be able to enter the Nine Heavens Emperor Wudi within half a year."

Everyone spoke up and talked in secret.

"You guys, what are you whispering about?" Qin Chen stared, "Are you trying to calculate me? I tell you, my mother said, who dares to move me, then she will take The uncles and uncles in the mountains all came out and wiped out the people who moved me. Don't blame me for not reminding me in advance. You are not my uncle's opponent."

Ji Daoyuan is full of black lines, so what kind of uncle is going to leave relatives?

However, Qin Chen's words also made them awe-inspiring, because Qin Chen was really stupid, and his words were naturally more convincing. The other party said that he was not his uncle's opponent, plus Ruri's previous report. Doesn't it mean that there must be some giants in the opposing family?

If the opponent is really from the Falling Blood Mountain Range, this is naturally certain, because without a giant-level powerhouse, it is impossible to survive in the Falling Blood Mountain Range.

"Your Excellency laughed, our Ji family is the lord of Jizhou, a famous family in the martial arts, how can we do such a thing." Ji Daoyuan explained with a smile, and then said: "But, your request, we It's not satisfying either, because Kizutsu is cultivating in my Ji family ancestors' land and cannot go out at will."

"That's simple, she can't go out, I just need to go in." Qin Chen grinned and looked like an idiot, as if he was saying that such a simple thing is better than he understands.

Ji Daoyuan and others are speechless. If the ancestral land is so easy to enter, can it still be called ancestral land? Even they are not qualified to enter and leave at will, that is the forbidden area of the Ji family.

"This is impossible, ancestral land is definitely not an ordinary person can enter." Ji Daoyuan said.

"What should I do then?" Qin Chen said: "If I can't see anyone, I won't give fruit."

However, Ruyue was not in the mansion, but in the ancestral land, it is no wonder that she did not feel her breath.

However, even though Ruyue is in the ancestral land, the situation may not be very good, because Daoshan's chance Qin Chen knows how big it is. There is no reason why Ruyue will participate. The only possibility is that she has been banned or accepted in the ancestral land. What punishment.

No, I have to enter the ancestral land as soon as possible and see Ru Yue.

"Dao Yuan, it may not be necessary for this child to enter the ancestral land." Suddenly, an elder said.

"Old man, do you have a way?" Qin Chen looked over.

The elder was so angry that his beard was erected, old man, old man, can this kid be polite?

He said: "Don't you want to join my Ji family? In my Ji family, as long as you are the top arrogant, even outsiders, you have the opportunity to enter the ancestral land. Of course, the premise is to break through and become the nine-day martial emperor. My Ji family ancestral land. , There is a secret realm. If you accept the baptism, you can reincarnate and advance, but it is impossible for non-top Tianjiao to enter. Not everyone in my Ji family can enter."

"Should I become Emperor Wu Tian?" Qin Chen frowned.

What worries him most now is that he can't step into the realm of Emperor Wutian in the Nine Heavens, otherwise he would be so troublesome, and he would dare to go directly to Ji Family Ancestor Land.

"That's natural. You must be a top-level arrogant to be eligible. Just like Xu Dongsheng, an outsider who joined my Ji family, he was also given the opportunity after breaking through the Nine Heavens Martial Emperor, and soon he can enter the ancestral land to be baptized. , Very rare, otherwise, how can I prove my talent? Let my Ji family make up my mind to cultivate?" The elder smiled.

"Xu Dongsheng?" Qin Chen's eyes brightened, and his eyes rolled: "He can go in. If I can beat him, then I can go in too. Do I have to break through the Nine Heavens Martial Emperor!"

Qin Chen said with disdain.

[Chapter 1724: trouble making](#)

"Defeat Xu Dongsheng?"

Everyone was stunned, and immediately burst into laughter, but the smile was very weird, as if mocking Qin Chen, even saying such nonsense.

"Do you know how strong that Xu Dongsheng is? He broke through to the Nine Heavens Wudi realm half a year ago. Now, I am afraid that he has already consolidated the realm and hit a higher level. You can defeat him?" An elder laughed Dao, full of distrust of Qin Chen.

This is natural. Although Xu Dongsheng is an outsider, his performance in the Ji family is obvious to all. It can be said that he is the most talented outsider the Ji family has recruited over the years.

In just five years, under the training of the Ji family, he broke through from the late Emperor Wu to the realm of the Nine Heavens Emperor Wu in one fell swoop. Even the Ji family disciples couldn't match his cultivation speed.

Not to mention, at least Ji Ruri is not as fast as Xu Dongsheng in breaking through Emperor Wu. Qin Chen also wants to defeat Xu Dongsheng in half a step.

Isn't this a joke?

"Listen to me, don't think about defeating Xu Dongsheng, because this is impossible." Ji Daoyuan said lightly.

Even if they knew Qin Chen defeated Mo Qianyuan, they didn't think that he could pose a threat to Xu Dongsheng.

In fact, Ji Daoyuan and the others knew about Xu Dongsheng's affection for Ji Ruyue, and they didn't even reject such things, because Xu Dongsheng's talent was really too high. Even their Ji family wanted to cultivate and let him Completely serve the Ji family.

"But if I can really defeat it? Then Xu Dongsheng is qualified to enter the ancestral land, then I can always enter, right?" Qin Chen did not give up.

Ji Daoyuan and others are speechless, why can't this kid understand people? It's said that he can't defeat Xu Dongsheng, does he have to struggle with this?

"Well, if you can defeat Xu Dongsheng, I will naturally recommend you to enter." In the end, Ji Daoyuan had no choice but to agree.

However, Ji Daoyuan was not embarrassed at all.

Because, if Qin Chen can really defeat Xu Dongsheng, he is absolutely qualified to enter the Ji Family Ancestral Land, because Xu Dongsheng himself is the Geshitianjiao, what can defeat the Geshitianjiao by a higher level? Lord of Tianjiao?

The Ji family was anxious to win him over and let him enter the ancestral land.

Because all the geniuses who have entered the ancestral land of the Ji family will have a real sense of belonging to the Ji family after receiving the baptism. From now on, they will be efficient and loyal to the Ji family.

The ancestral baptism is said to be a reward, but it is actually a kind of win-win.

"Okay, then you just wait for my news." Qin Chen didn't say much, turned and left the chamber.

"Father, elders, the child retires." Ji Ruri and Ji Ruxing also hurriedly saluted, bowed and retired.

"Dao Yuan, did you just let him leave like this? There are still more than ten Great Dao Fruits on his body."

After Qin Chen and the three people left, an elder said solemnly.

"There is no way. This person can't see Ruyue and refuses to hand it over. We can't kill him on the spot, right? This matter is known to the forces in several states near Jizhou. If it is spread out, how can my Ji family stay in Ji? State foothold?" Ji Daoyuan shook his head.

"That's okay. The old man believes that this person has the power of hazy rules, and he should have reached the peak of the half-step Martial Emperor. Otherwise, it is impossible to defeat the boy Mo Qianyuan of the Mo family, and he is said to eat in Daoshan. After dropping dozens of Dao Fruits, I think it will not be long before I can break through the Nine Heavens Martial Emperor. By then, I will also be eligible to enter the ancestral land. When I see Ruyue, I will hand over Dao Fruits." The elder nodded.

"Hey, the child of Ruyue, I don't know why he is so stubborn. He has to rebel against his ancestor and provoke his anger. Doesn't she know the end of fighting against the ancestor? Otherwise, with her talent, if she can go to Taoshan to absorb By Dadao Fruit, I'm afraid it's about to break through Nine Heavens Wudi now."

"There is also Ji Wuxue, who obviously got Rongdao grass back then, but he has to plant it on any Taoshan, all of them are like lunatics.

Ji Daoyuan and the elders sighed and shook their heads.

However, they are just here to talk about it. After so many years of development, the Ji family has long become a giant. Although their line is not low in the Ji family, they still cannot disobey the meaning of the ancestor.

In Ji's family, the words of the ancestors are heaven.

"How is it?" As soon as Qin Chen left the hall, Fairy Ziyun walked up anxiously. Who made her want to buy Dao Fruit from Qin Chen.

"I haven't seen my wife, so I have to wait." Qin Chen said.

"People from the Ji family didn't let you directly hand over the fruits of the Great Dao?"

"No, I said, only when I see my daughter-in-law, will the fruit be handed over, and they will let me out." Qin Chen said.

Fairy Ziyun was taken aback, how easy to talk about the Ji family? This style is not like Ji's.

"Then when will you see Ru Yue?" Fairy Ziyun said again.

Qin Chen touched his head and said: "It should be soon, they said, when I defeated Xu Dongsheng, I should be able to see my wife, and now I wait for Xu Dongsheng to come back and be beaten by me."

puff!

Fairy Ziyun spewed out a mouthful of old blood, her eyes were round, and she lost her voice: "Ji family wants you to defeat Xu Dongsheng to let you see Ru Yue?"

"Well, so you have to wait." Qin Chen nodded with a smile.

Fairy Ziyun has a faint resentment, is there any hope for me to go on like this? Besides, this kid is not talking nonsense, is he? No matter how idiot the Ji family is, it is impossible for her to make such a request. No matter how she thinks, she feels wrong.

At this time, Fairy Ziyun happened to see Ji Ruri and Ji Ruxing coming out, hurriedly greeted them, and asked.

When she learned that Ruyue was in the ancestral land and it was Qin Chen's request, she was speechless.

Didn't Qin Chen look for trouble by himself!

While she was depressed, Qin Chen grabbed her hand and dragged it out while saying: "Come, follow me."

"Where are you trying to drag me?" Fairy Ziyun looked dumbfounded.

Ji Ruxing's face also collapsed in an instant, this kid was too shameless, and he actually pulled Sister Ziyun's hand directly.

Ji Ruri's face turned green. Damn, Fairy Ziyun is his favorite.

"Find Xu Dongsheng to settle the account. Isn't this kid thinking of my wife? I want to show him some color." Qin Chen said angrily.

Fairy Ziyun was speechless. This kid really had an affair with Xu Dongsheng. She smiled bitterly, "But isn't he in Ji's house now?"

"Didn't you say that he still has two powerful subordinates? I beat those two guys first and made him think about my wife." Qin Chen was fierce and refused to give up.

Fairy Ziyun and others had no choice but to be dragged by Qin Chen.

Not long after, the group came to the camp where the Ji family recruited the strong.

"Where is Xu Dongsheng's bastard? Get out of me!" Qin Chen roared as soon as he reached the sky above the camp, and the sound was thunderous and passed down.

[Chapter 1725: Bear of the Earth](#)

boom!

One stone stirred up a thousand waves, and the entire camp below was boiling.

Who is making noise there, and daring to yell Lord Xu Dongsheng?

Everyone poked their heads out one after another, because Xu Dongsheng was so talented that he had already become an idol in the eyes of Ji family recruiting many powerful men, and became a banner.

In the past, some people dared to challenge and compete with Xu Dongsheng, but after Xu Dongsheng broke through Emperor Wu, this phenomenon disappeared. Xu Dongsheng has become a taboo in everyone's mind. Who dares to be disrespectful to him?

Therefore, hearing someone yelling at Xu Dongsheng outside naturally arouses the curiosity and anger of countless people.

Because some people were cultivating and were shocked by Qin Chen's coercive voice. They were so scared that they had a heart attack and were naturally angry.

Fortunately, no one is doing it*, otherwise I'm afraid that I will be scared to stop for the rest of my life.

So a group of people walked out angrily.

"Who is making a noise here, don't you know if this place is the Ji family residence?"

A master drank coldly, angrily, carrying a mace, and rushed directly.

"Master Ji Ruri, Miss Ruxing?!"

But after seeing Ji Ruri and Ji Ruxing, the person's face suddenly changed, and the mace hurriedly hid behind him, smiling and saluting.

Below, the faces of other people changed, their angry faces disappeared, and they showed flattering smiles.

Ji Ruri and Ji Ruxing are the direct descendants of the Ji family. They take refuge in the Ji family. The ones who can't offend the most are these people. To put it nicely, they are the followers of the Ji family, but it is ugly to say that they are the Ji family. How dare to be arrogant to his master?

As a result, everyone's expressions changed at the same time as everyone bowed. Could it be that Master Ruri was troubled by Young Master Xu? This is troublesome.

No matter how strong Shao Xu is, no matter how talented he is, and no matter how much he is valued, he is just an outsider. How can he fight against the Ji family's son?

Although Young Shao Xu also has a backstage behind him, it is by no means a good thing that an outsider conflicts with his son.

"Ahem, everyone is polite." Ji Ruri smiled dryly, pulling Qin Chen and saying: "Brother Tie Niu, let's go, I can't accompany you to go crazy here."

"What madness, are you kidding me? I'm serious, Xu Dongshengren, let him get out and die." Qin Chen grinned.

Ji Ruri's face turned black, and she said in her heart, "You can't drag me into the water if you want to mess around!"

He knew well that Xu Dongsheng was deeply loved by his uncle and was supported by his uncle. If he knew what happened here, wouldn't he be dragged and reprimanded?

"Brother Tie Niu, if you make such a fool, I won't accompany you." He said silently.

"Don't worry, it has nothing to do with you!" Qin Chen waved.

"Brother, what are you doing so much nonsense with this savage, you guys, this matter today has nothing to do with our brothers and sisters and sister Ziyun, it's that he is coming to trouble Xu Dongsheng, you can do what you should do."

Ji Ruxing stood up and said teasingly, she always saw Qin Chen not pleasing to her eyes, would she let this opportunity go?

Aren't you very capable? Wait until you'll be beaten into a pig by these guys, and see if it will be so arrogant.

Everyone also understood at this time, this matter had nothing to do with Ji Ruri and Ji Ruxing, but Qin Chen came to make trouble and wanted to find the trouble of Xu Dongsheng.

This is easier.

"Boy, who are you, dare to come here to play wild? Are you tired of living?"

The big man holding the mace took out the mace again and said angrily.

"Are you Xu Dongsheng?" Qin Chen squinted at him.

"Of course I am not." The strong man shuddered. How can he compare with Xu Dongsheng, isn't this killing him? Hastily denied.

"If it's not, just get out of me, I don't have time to bird you." Qin Chen waved his hand like a fly.

The big man was angry and coldly snorted: "Although I am not Xu Dongsheng, your excellency is making a lot of noise at the station, which has affected our cultivation, and I can't let you be arrogant here."

"I am arrogant?" Qin Chen was even more angry: "Then Xu Dongsheng wants to **** my wife, what do you think I should do?"

What?

Everyone jumped down and lost their voice: "Xu Dongsheng robbed your wife?"

Everyone's first reaction was impossible. They saw Qin Chen wearing animal skins, very rough, and his wife must have also come out of the mountain. Shao Xu's taste is too heavy, right?

"Isn't it? Ji Ruyue is my daughter-in-law, so Xu Dongsheng dared to covet it. Isn't this a court death?"

puff!

Everyone vomited blood, their eyes spit fire, if the eyes could kill people, Qin Chen would have been killed thousands of times.

"Just you are worthy of Miss Ji Ruyue?"

Everyone was furious. Ji Ruyue was the eldest lady of the Ji family and the first beauty in Jizhou. This kid dared to desecrate Miss Ji Ruyue. It was too much. This was even more hateful than provoking Xu Dongsheng.

The burly man couldn't hold back anymore, and said angrily: "Boy, you dare to blaspheme Miss Ji Ruyue, I want to fight you."

Qin Chen glanced at him, and this talent could not help feeling triumphant in his later Wuhuang cultivation.

He can easily defeat a half-step martial emperor Tianjiao like Mo Qianyuan, how can he be interested in fighting a pinnacle martial emperor, waved his hand and said: "You are not my opponent, and you have nothing to do with Xu Dongsheng, don't bother I."

Everyone was very angry, and Qin Chen was obviously not too old, and it was too arrogant to dare to speak so loudly.

"you wanna die."

The burly man roared, staring at Qin Chen, ready to make a move, but when his eyes were on Qin Chen's eyes, an inexplicable chill suddenly grew in his heart, making him afraid to make a move. Head-on blow, to pieces.

This is the intuition that he possessed after entering the peak Martial Emperor realm, and he believes in such intuition very much. According to the ancestors, this is a warning of danger, and you must not be careless.

In order to invigorate himself, he roared, and a wild bear suddenly appeared above his head, and the wild bear roared. The muscles on his body suddenly knotted up, and the veins violently violently, just like an angry dragon surrounding his body.

"This is Cheng Xiong's blood of the bear of the earth."

"The bloodline of the bear of the earth is terrifying, with dual blessings of defense and strength."

"It seems that Cheng Xiong wanted to show off in front of Young Master Ruri and Miss Ruxing. Why didn't I seize such a good opportunity just now."

"Hey, yeah, this is a good opportunity to perform."

"Damn, Cheng Xiong looks honest. I didn't expect to be so treacherous. If he can be favored by Young Master Ruri, his future will be limitless."

Everyone was upset, and then realized that this was an opportunity.

In the name of the Ji family, there are too many martial emperors in the resident. Unless it is a half-step martial emperor Tianjiao, or a top genius like Xu Dongsheng, ordinary martial emperors can hardly be taken seriously by the Ji family. In a small role, there is no future.

What's more, the Ji family is a senior in the Hall of Law Enforcement, many of the disciples of the Hall of Law Enforcement are selected by the Ji family, and the Ji family is fully capable of sending them into the Hall of Law Enforcement.

Many people on the field actually joined the Ji family for the purpose of entering the Hall of Law Enforcement.

[Chapter 1726: I'm sorry](#)

However, there are too few opportunities, and too many warriors, and there is no chance for them to perform.

But now, such a good opportunity was actually seized by Cheng Xiong.

Everyone was upset, and their regretful bowels were blue.

"Hey, why doesn't Cheng Xiong make a move?"

However, the situation on the court is confusing.

Cheng Xiong seemed to be stupid, but he didn't make any moves after posing.

This guy has taken such a big advantage, hasn't it been enough to pose for so long?

Everyone didn't know that Cheng Xiong couldn't say that he was suffering. He didn't do it, but he didn't dare to do it.

Because he feels that he is not facing a person at all, but a wild beast. Once he takes a shot, he may encounter a terrible counterattack, and he will die instantly.

With the Qi machine locked, he didn't even dare to speak, for fear that he would be attacked by Qin Chen as well.

The cold sweat on his forehead rolled down, his whole body was soaked, and he felt extremely tired, not physically, but mentally. He just wanted to lie down and rest, and didn't want to move a finger. He didn't want to see this monster in this life.

"No, why is Cheng Xiong sweating all over his face?"

Even if everyone couldn't understand the undercurrent between Qin Chen and Cheng Xiong, they only had to look at the cold sweat on Cheng Xiong's head to know that he was in an extremely disadvantaged situation.

They were all shocked, Qin Chen hadn't made a move yet, but Cheng Xiong seemed to have had a fight, and it was the most difficult battle, as if he was about to die.

Is this kid that scary?

Ji Ruri and Fairy Ziyun were also shocked. They were also people who were relatively close to Qin Chen. That kind of aura was too terrifying, as if an ancient demon was staring at them.

It seemed that they were not looking at a person, but an abyss.

What do you say?

When you stare into the abyss, the abyss also stares at you.

As for Qin Chen, it was the abyss now, as if he could easily swallow them, and there was no place to bury him.

Qin Chen smiled slightly, put away his aura, and suddenly became harmless to humans and animals again, but his eyes were indifferent and looked a little gloomy and terrifying.

Pedal!

Cheng Xiong was released, and he immediately backed away a few steps. He almost couldn't hold the mace in his hand, his legs became weak, and his head couldn't turn his head and left.

He doesn't want any glory and wealth or performance. At this moment, there is only one feeling in his heart-it is good to be alive!

At this time, everyone dare not say anything.

The fool knew that Qin Chen was so outrageous that Cheng Xiong couldn't even make a move.

But how is this possible? Even the Emperor Wu at the beginning of the Nine Heavens could not scare a pinnacle martial emperor even with the courage to make a move just with his momentum?

Or is there something hidden?

Well, it must be so.

Everyone thought about it, but still felt that there was a problem. Maybe it was Cheng Xiong and the boy acting in a play, deliberately acting in front of Young Master Ruri, this is not impossible.

Otherwise, how to explain that Cheng Xiong doesn't even have the courage to make a move?

Because this is totally unreasonable.

Qin Chen said lightly: "Now you can let Xu Dongsheng get out. Well, if Xu Dongsheng is not there, his subordinates will do as well. I'm here to kick the field today."

"Smelly boy, don't be mad, dare to slander Young Master Xu, you are looking for death."

At this moment, only an angry shout sounded, and a terrifying stream of light swept over in the distance.

boom!

This is a middle-aged man with green hair, full of vigor, and his cultivation level has obviously reached the half-step martial emperor, with a restrained aura, strong and terrifying.

He came strong, bang bang bang, and the crowds scattered one after another, and he didn't dare to be light-hearted, like a **** of war.

"Finally someone appeared, I thought I was too scared to come out, you are Xu Dongsheng's dog leg?" Qin Chen said.

The strong man suddenly turned green with anger, he snorted, and said: "What a shit, I am Zhu Anzhi, follow Xu Shao on the battlefield, what are you."

"Zhu Anzhi? When I'm old, I still followed Xu Dongsheng. No wonder your hair is green. You must be wearing a green hat by that Xu Dongsheng. Go back and ask your daughter-in-law if the son is his own." Qin Chen said seriously.

Zhu Anzhi was furious at first, and he was even more angry when he heard that, and rushed towards Qin Chen suddenly.

And everyone around was excited.

Qin Chen's eyes were cold, and he released a terrible killing intent.

Zhu Anzhi's movements stopped abruptly, and a look of horror flashed across his face.

He has a feeling that if he doesn't stop, he will be bombarded and killed by Qin Chen.

how can that be!

He is a half-step Wudi strong, and he is also a veteran strong. He is only one step away from Jiutian Wudi. Although this step is far away, he hasn't known how long he has been stuck. In terms of true strength, he can be said to be infinitely close to Jiutian Wudi.

And Qin Chen? Although he is very rough, he is definitely not young. No matter how strong he is, he can barely step into the half-step Martial Emperor. He can't be his opponent at all. How did this feeling come from?

Qin Chen smiled again and said, "Do you think what I said really makes sense, and you were convinced by what I said? Yes, go home and have a look. The hair is so green, there must be a reason."

Zhu Anzhi forcibly suppressed the fear in his heart, thinking that it was only Qin Chen who had cultivated a certain special technique and was good at attacking mental power, which caused him to have the illusion that the opponent is very powerful, rather than really powerful.

Besides, the other party teased him so many times, and even slandered Young Master Xu. If he didn't teach him harshly, he would definitely be laughed at in the future, and Young Master Xu would not forgive him.

"Looking for death!" He made a bold move, booming, and the terrifying power swept through. He burst into the sky, full of energy, turned into black spears in the sky, and pierced towards Qin Chen. Every spear was full of terror. The destructive power.

"I kindly remind you, I don't know what's good or bad." Qin Chen snorted coldly and rushed into the crowd because he saw the blond man who was taught by himself at first and claimed to be Shao Xu.

"What are you doing?" The blond man was so scared that he was defeated by Qin Chen's slap, and now he saw Qin Chen, his legs would feel weak.

"It's okay, I'll come over to say hello." Qin Chen said, displaying the profound meaning of space, his figure swayed, and he quickly avoided.

boom!

But at this moment, the sky full of black spears stabbed over. One of them was facing Qin Chen. As soon as Qin Chen disappeared, this spear could not be stopped in time, and it immediately pierced the golden man's instep. on.

The blond man suddenly screamed and looked at Zhu Anzhi with a sad look. Everyone is Xu Shao's subordinate, can you have a snack?

Puff puff!

Countless black spears fell and exploded in the crowd, and everyone else screamed backwards. Because the vast majority of the powerhouses recruited by the Ji family are only the Wuhuang powerhouses, how can this person's violent attack be blocked?

[Chapter 1727: One enemy one hundred](#)

Zhu An knew that the corners of his mouth twitched, and he had no problem fighting Qin Chen, but if he hurt someone for no reason, he would definitely be punished in the future, but now he has no retreat, and Qin Chen must be severely punished.

He roared, his whole body filled with black aura, instantly condensed into countless black spears, and continued to chase Qin Chen.

Qin Chen repeated his old skills, and when the black spears approached, he again used the spatial secrets to easily dodge, causing these spears to fly around.

Shoo!

The black spear flew randomly, and the black light was diffused. The warriors all around were scared to face. If they were stabbed with a sword, they would be extremely unlucky.

when!

Even Fairy Ziyun had a black spear flying in front of him, and it flew out with a palm of the hand, breaking into the void.

Fortunately, Zhu Anzhi was prepared this time and did not use his full strength, so he did not hurt the innocent.

He snorted coldly and said angrily: "Don't hide, don't you want to challenge Young Master Xu, there is a kind of fight with me."

He urged many black spears to continue chasing and killing Qin Chen, as if thousands of fishes were swimming wildly, but if Qin Chen avoided, he would quickly withdraw his true essence so that the spear would not hurt others.

Huh, not fooled?

Qin Chen smiled secretly, is it that easy?

When the black spear struck, while avoiding the space secretly, he flicked his finger slightly, and suddenly a black spear deviated from the course and shot at a warrior.

puff!

No one thought that the spear directly pierced the man's thigh, and suddenly screamed for the move.

And that person said that by coincidence, it was the person beside the blond man who was also Xu Dongsheng's subordinate.

"what!"

He screamed, tears were almost streaming out, did the other party deliberately pierce a few of them? This clearly has eyes.

At the same time, he looked at Zhu Anzhi bitterly, everyone is under Xu Shao, do you have grudges against us?

Zhu Anzhi felt bitter in his heart and couldn't tell. He clearly attacked Qin Chen. It was definitely Qin Chen's flick that had an effect that caused the spear to lose control and accidentally hurt others.

"Everyone has seen it. This person should know that he was wearing a green hat by Xu Dongsheng, so every time he shot, he would only pick Xu Dongsheng's subordinates. Everyone who has nothing to do with Xu Dongsheng should get out of the way and don't cause misfortune." Qin Chen dodged

, Shouted.

Zhu An knew that he was vomiting blood, and the boy kept saying that he was cuckolding, and how he would have the face to stay here in the future.

"Boy, you have a kind of don't hide." Zhu Anzhi roared and madly killed Qin Chen. Numerous energy swept through the sky and turned into spears to completely envelop Qin Chen.

Whoosh!

Qin Chen shook his body and rushed towards the crowd with a lot of energy.

Wow!

At this moment, the crowd couldn't calm down anymore. They ran to both sides frantically. While running, someone shouted: "It has nothing to do with me, I am not from Xu Dongsheng."

Sure enough, as long as the person yelled like this, Qin Chen would not go to his side, but turned to other people.

As a result, the crowd suddenly turned into two distinct teams. One team was directly separated from Xu Dongsheng, and the other team only dodges, but is unwilling to draw a clear boundary with Xu Dongsheng.

"It's you."

Qin Chen's eyes were cold, and he immediately rushed into the crowd.

He was going to target Xu Dongsheng's group of people, who asked that Xu Dongsheng to compete with him like the moon.

"Take him!"

Zhu Anzhi drank coldly, his eyes shot Lengmang.

"kill!"

Others are also angry. Does this kid think that one person can resist them so much? What do you take them for? He even dared to call Ban Xu Shao, looking for death.

In the resident, the figures of warriors were dense, and some people started to rush towards Qin Chen, with an indifferent expression on their faces.

Qin Chen sneered and rushed forward, his eyes were shocked, and two bright rainbows were shot out.

This is not a person, nor a team, but a group of people.

He wants one enemy one hundred, or even more.

His hair was flying all over his head, and then it flew violently. In an instant, he was like a demon, his eyes were cold, and his aura was frightening.

Some people were frightened by his aura, but now they are not a single person, but a group of people, with their spirits fused together to suppress Qin Chen.

"kill!"

Someone roared. Supported by the number of people, the few people in the front finally moved, holding weapons and stabbing forward. The light of the sword and the sword aura lit up. They were very sharp, as if they were from hell.

Boom!

The void oscillated, and the energy exploded, like two black lightnings from hell. It was so amazing, it came to Qin Chen in the first time.

These are two masters, close to half a step Wudi's cultivation base, and their lethality is amazing.

"Is this kid crazy?"

But at this time, Ji Ruri, Fairy Ziyun and others were also shocked, Qin Chen wanted to attack one hundred.

It should be noted that those who can be recruited by the Ji family are not ordinary people. They are all outstanding among the martial emperors. One-on-one, maybe nothing, but hundreds or hundreds of people unite, what kind of power will they form?

Even the ordinary Emperor Wu dare not to be light-hearted, but a little jealous, right?

Because, among this group of people, there are not only the pinnacle martial emperor, but also the half-step martial emperor strong, and Zhu Anzhi has been immersed in the half-step martial emperor for many years, approaching the strength of the nine-day martial emperor.

This is an army, who can be it?

But Qin Chen didn't change his face, and moved suddenly during this time.

He shot in an instant, extremely brave, grabbed the few treasure soldiers, suddenly used force, and with a click, the two treasure soldiers were abruptly broken.

However, at this moment, not only the few people in front, but also a group of people around rushed up. They were all peak martial emperors, all strong, and none of them were ordinary people.

At this moment, someone threw a fist, the rainbow light soared, and the fight was trembling.

Someone waved a knife, and the sword energy swept over a hundred meters. It was about to split the void, and it made a harsh explosion. It was the true essence that was stirring.

There were also people with glowing eyebrows, rippling spiritual energy, turning them into terrifying spiritual runes, trying to give Qin Chen an invisible blow.

Boom!

Various attacks gathered in the growing river and blasted towards Qin Chen in an instant.

That kind of grand breath, that kind of terrifying pressure, suffocates people.

This is really like the end of the day, too terrible, and too cruel.

After all, this is the hands of dozens of pinnacle martial emperors together, physically fighting, and the cultivation technique blooms, fusing together to form a mortal storm.

The void shuddered, and it was about to tear apart.

boom!

However, Qin Chen was not afraid, so he rushed in, like a humanoid tank, into the battlefield.

His whole body is like the sun, lightning is erupting all over his body, and the vigorous air spit out from his pores, rushing for nine days.

"Ah!" In an instant, all the people near him screamed. In the glow of the sun, some people were lifted off, and blood burst out all over their bodies.

[Chapter 1728: Penetrate you](#)

At this moment, there were more than 20 people flying horizontally, and they were lifted off by Qin Chen, like weeds in the storm, almost breaking, and finally being uprooted and flying out.

"what!"

A large group of people screamed, and more than 20 people fell to the ground, smoke rose, blood bloomed, and screamed extremely, feeling that the body was about to burst, and it was about to explode on the spot.

Just so overbearing, Qin Chen stretched his body like a wild beast, rushing into the crowd, he could attack all over his body, and his fists were as fast as lightning moving.

Boom!

He blasted out with a punch and blasted against one person. The person broke his bones on the spot, flew out, and hit the two people again, screaming bitterly.

At the same time, after this group of people landed, they completely lost their combat effectiveness, because they were all in severe pain, and the internal organs seemed to be shattered, which was too tragic.

"How can this kid be so strong?!"

Someone's voice was shaking, it was incredible.

You know, now that dozens or hundreds of Martial Emperors are attacking together, even if Qin Chen is strong, it shouldn't be so. He knocked down more than 20 people in an instant, which was very terrifying, and it made people chill.

Everyone felt that they were now facing a prehistoric beast. It was so terrible that their souls were shaking.

Even the half-step Wudi strong felt heart palpitations, as if the soul was under invisible suppression.

The same half-step Wudi, how could this person be so strong?

"impossible!"

Even Zhu Anzhi's voice in the sky was trembling, and he realized that Qin Chen hadn't exerted his full strength before. Otherwise, if his strength was enough to injure himself severely, would he have to keep running away?

At this moment, Qin Chen stood in the field, his feet did not move, his eyes shot a terrifying light, looking down at everyone, he became more and more like a demon god, shocking the audience.

People realized that Qin Chen was much better than them, as if not at the same level.

"No wonder, he dared to yell at Young Master Xu!" someone trembled.

"Don't be afraid, don't scare yourself, he is only one person, no matter how strong his cultivation is, he will be limited. When his true essence is exhausted, how can I wait for the opponent."

Someone boosted morale and said loudly.

"Yes, we are all martial arts powerhouses. How can we be afraid of him and spread it out.

There were also people who roared and feared, but did not dare to retreat, because when they came to take refuge in the Ji family, they naturally had to show a strong side. If so many people faced a kid, they would retreat, how would the Ji family treat them? ?

So they can only advance, not retreat.

Not far away, Ji Ruri's dignified gaze was somewhat shocked and said: "Too strong, can this son really fight Xu Dongsheng?"

"Impossible, Xu Dongsheng is the Nine Heavens Wudi Tianjiao, and the two are not at the same level at all. No matter how strong this iron bull is, it cannot be Xu Dongsheng's opponent." Ji Ruxing curled his mouth, gritted his teeth with hatred.

Originally, he was here to watch Qin Chen's jokes, but who knew that, when he saw Qin Chen's supernatural power, he immediately tickled with hatred and became even more depressed.

"Go on, beat him, otherwise, I will wait for some face to stay at Ji's house."

Someone shouted and attacked again.

"Good come, penetrate you."

"Roar!"

On the battlefield, Qin Chen let out a long howl and rushed into the crowd to test his success.

If he used his full strength to display his cultivation base, these geniuses who were only the pinnacle martial emperor, half-step martial emperor, would be killed by him in an instant, and they would become fleshy.

However, he can't do this. This is the Ji Family. He must restrain his aura. He can't even perform some special techniques, suppressing himself in the half-step Martial Emperor realm, and confronting these people.

In other words, Qin Chen is frantically suppressing his own cultivation level. For Qin Chen, this is also a kind of experience, a way to test his own cultivation success.

In an instant, he was moving like a ghost, moving too fast. Amidst the terrifying roar, another twenty people flew up, all pierced by him, blood spurted wildly in the screams, and fell to the ground seriously. Completely lose combat effectiveness.

This is the result of his deliberate control, and he doesn't want to bloodbath this place, otherwise, some people must be disintegrated and there is no bones left.

This is the important place of the Ji family, so Qin Chen just made these people lose their combat effectiveness, and didn't attack them.

Because he knew that someone from the Ji family must be paying attention to this place at this moment.

Just as Qin Chen had expected, at this moment, deep in Ji's house, several eyes were watching.

Among them, there is Ji Daoyuan.

"This son is so strong!"

Next to Ji Daoyuan, several elders stood proudly, their eyes shocked.

A punch blasted some pinnacle martial emperors or half-step martial emperors, for them these nine-day martial emperors, it was actually nothing, but they were shocked that the person who shot was Qin Chen.

Too young, and Qin Chen is at the same level as them, and it is only a half-step martial emperor, but they have shown such strength, so they are not surprised.

"It's no wonder that this son can defeat Mo Qianyuan. Our Ji family really picked up a treasure." Several elders exclaimed, their eyes renewed, no matter whether Qin Chen could surpass Xu Dongsheng or not, but just the strength that he has shown now, this person is at least It is also a tianjiao at the same level as Xu Dongsheng, even surpassed them by such a hidden family.

The top Tianjiao figure.

These characters, even among the top forces, are a rare encounter in a century. They are very rare and rare, and each is a supreme treasure.

"Boy, you don't want to be mad."

In the sky, Zhu Anzhi couldn't hold back any more, with a bang, the killer came down.

He was full of terrible black light, like a demon god, walking out of **** to reap life.

Hum!

The endless black light condensed in front of him and turned into a huge spear, like piercing the sky, and instantly blasted down towards Qin Chen.

Not only him, not far away, there are also a few breaths rising.

"kill!"

A few people with terrifying aura rushed over, all of these auras were terrifying, and they were much stronger than the ordinary peak martial emperors. They were uniform and even tolerated until now, and at the same time they shot to kill Qin Chen.

These were Xu Dongsheng's subordinates, each in the half-step Wudi realm, no weaker than Zhu Anzhi, and they shot at the same time at the critical moment to win Qin Chen.

In addition to them, there are dozens of people behind them, their bodies glowing, and they are performing secret methods!

"Offend Young Master Xu, don't want to be rampant here!"

These people roared, glowing all over, and jointly targeted Qin Chen.

so horrible.

With so many people joining hands, the breath shook the sky, and even Ji Ruri and Fairy Ziyun looked horrified, feeling like their bodies were about to split apart. One-on-one, none of these half-step martial emperors are their opponents, but they are too terrible to join hands. Ji Ruri and Ziyun Fairy have a feeling that if the two of them are attacking, they will be instantly blown up. , Don't talk about them, ordinary Jiutian Wudi will not be able to come over, and will be seriously injured.

[Chapter 1729: Man with conviction](#)

But Qin Chen didn't change his face.

"Good come, kill!"

He roared, his body was full of bronze light, and he rushed in.

boom!

At the same time, in his body, an ancient bell was formed, and it made a long sound, accompanied by a terrible thunder, which was a certain defense secret.

"when!"

The bell rang to tear the void.

It can be seen that so many people, including Zhu Anzhi, shot together. When various beams of light flew, the void was shaking, as if it was about to collapse, and the big clock condensed on Qin Chen's body surface was dented, and instantly Bounce it apart.

"Brother Tie Niu!" Fairy Ziyun exclaimed, her small cherry-like mouth widened, her expression anxious.

Ji Ruri also frowned, her eyes tense, even Ji Ruxing, who was on the side, did not have the initial pride, but clenched her little hand.

Although she couldn't understand Qin Chen, she didn't want Qin Chen to be bombarded and killed here.

Boom!

The sky was full of smoke and dust, and Qin Chen was enveloped in endless Huaguang, and the bright energy swept through everything, like hundreds of volcanoes erupting together, the pressure that exploded shocked the world.

"It's a pity, the strength is indeed very strong, but it is too reckless."

In the distance, Ji Daoyuan and several elders were shaking their heads. Even the Emperor Wudi of Nine Heavens had to avoid such an attack, but the iron bull resisted it, which was really unwise.

"Look, if that kid is beheaded by these people, he will go up and contain his corpse. It is he himself who is reckless and broke into my Ji family camp. He has to use one enemy and one hundred. No one outside can say What." Ji Daoyuan sighed.

"Hehe, it seems that the fruit of the Dao Dao is still in our hands." An elder shook his head, seemingly happy, but also somewhat regretful.

Because Qin Chen is really strong, if they are fully cultivated, it may not be impossible for a second Xu Dongsheng to appear.

But he had to die, the Ji family couldn't help it.

"Haha, it worked."

On the resident vacant ground, Zhu Anzhi and others were ecstatic, with joy on their faces.

"Heh, who does he think he is, does he really think he can cross the Ji family residence?" Someone sneered, attacking constantly, waiting for Qin Chen's defeat.

"Yes, I still dare to challenge Young Master Xu, knowing how to live or die."

"It's just a savage, even if it's a bit brute force, it can't escape me waiting for the palm."

Everyone was very relaxed, they were sure that Qin Chen was finished, he would be seriously injured if he died, and there would be no chance of another wave.

In front of him, this world was shrouded by endless true essence, all kinds of swords, lights and swords shone, flooding everything, it is impossible for anyone to survive.

However, at this moment--

boom!

In the place enveloped by endless vigor, an astonishing roar erupted, as if there was some wild beast, trying to get out of trouble.

"What, isn't that kid dead yet?"

The crowd shook violently, and they all froze.

Still not dead like this?

Everyone's eyes widened. Then, people saw that an invisible force swept away, and the world was shrouded by a terrifying force, including Zhu Anzhi and others, all seemed to be imprisoned by an invisible force field, twisted, and maintained. In all kinds of strange poses

The momentum floats.

"how come?"

Zhu Anzhi roared in terror, trying to break free of this restraint, but no, hundreds of people who had shot before were all imprisoned in this void.

boom!

Then, hundreds of people screamed and all flew out. They spewed blood, like being hit by a high-speed savage beast, one by one like a scarecrow, fell to the ground, blood spurted wildly. .

All kinds of bone fragmentation sounded endlessly. All of these people broke their hands and feet, howled sternly, and completely lost their combat effectiveness. In the distance, Ji Daoyuan and the others' complexions changed. He was just saying that Qin Chen was too reckless and sure to die, but

now, as the result came out, hundreds of people gathered by Zhu Anzhi and others were trapped and killed Qin Chen. Flies instantly and loses the battle

force.

This sight is horrifying!

"Monster, this person is a monster!"

Ji Daoyuan's hands trembled, his expression was a little shocked, and he muttered.

A half-step martial emperor, instead of hitting ten, but hitting a hundred strong, he won?

"Hmph, you three-legged cats want to trap me. I remember them all. I will let me hear that Xu Dongsheng dared to covet my daughter-in-law, and I will kill him."

In the smoke and dust, Qin Chen walked out forcefully, his muscles knotted, and his blood was so wild that he was too wild.

His eyes burst with rainbow light, and his whole body was dazzling, like a **** of war, exuding endless vitality.

In front of him, Zhu Anzhi and the others were full of horror. They raised their heads to look at Qin Chen in front of him. That figure, like a demon god, was imprinted in the depths of their souls.

"Remember, if Xu Dongsheng comes back, let him roll over and see me."

Qin Chen drank coldly, then turned around, turned and left in full view, hiding his merit and fame deeply.

"This son is terrible. Ruri really brought a baby to our Ji family." In the distance, Ji Daoyuan took a deep breath and watched Qin Chen's eyes twinkling.

At this moment, his thoughts on Dao Fruits weakened. Compared to Qin Chen, what is Dao Fruits? With more than a dozen fruits of the great road, it can only add a few more nine-day martial emperors to the Ji family.

And is Ji Family's Jiutian Wudi still few?

What is really lacking is an evildoer like Qin Chen. Once they grow up, the value of ten nine-day martial emperors is probably not as high as him.

"Immediately tell Ruri, let him make good friends with this person, we must let this person be used by our line." Ji Daoyuan said fiercely to the elder next to him, with an excited expression.

The other side.

"Is this man brought back by Ji Ruri? Those guys are really a bunch of trash, so many people can't even hold one person, rice bucket!"

This was a middle-aged man with eagle eyes, his appearance was very similar to Ji Daoyuan, he glanced at Qin Chen with cold eyes, and after a cold snort, his figure disappeared suddenly.

After Qin Chen played his mighty prestige, he left unrestrainedly.

But the whole Ji family caused an uproar because of this.

A half-step martial emperor, facing the joint efforts of more than one hundred strong men in the Ji family residence, not only was undefeated, but won a complete victory. What kind of record is this?

If these multiple powerhouses are just ordinary goods, it will naturally not surprise people, but among these people are Zhu Anzhi and other half-step martial emperor peak powerhouses, as well as hundreds of peak martial emperor level powerhouses. It's amazing.

In just half a day, the entire Ji family exploded. Not only did the foreign warriors recruited by the Ji family's resident learn about this incident, but the entire Ji family also heard the news one after another, and was shocked and shocked.

At the same time, everything about Qin Chen also spread to everyone in the Ji family instantly like a gust of wind.

Rumor has it that this man, called Iron Bull, came from the Luoxue Mountain Range in the Forbidden Area of Wuyu.

When he was in Daoshan before, he showed great power. One person obtained most of the fruits of the Dao, and he also cut off the arm of Mo Family Tianjiao Mo Qianyuan, making a strong mess. This is a man with a criminal record!

[Chapter 1730: Jidaoling](#)

And he came to Ji's house this time because of Ji Ruri's invitation, he planned to use the remaining ten or so Dao Fruits in exchange for the qualification to meet Miss Ji Ruyue.

As for the reason why he would conflict with the strong in the resident, it was because he heard about Xu Dongsheng's pursuit of Ji Ruyue. This was a struggle between rivals in love.

All Miss Ji's eyes were red.

Ji Ruyue, Ji Ruyue again.

How come all the good things are Ji Ruyue's, isn't it just a little more beautiful, more talented, those men are blind, won't you turn your head to look at these beautiful women like flowers?

Of course, they don't really like Qin Chen, a savage in the mountains, but it feels like being watched by everyone, who doesn't want to experience it?

At the same time, Qin Chen was going to a duel with Xu Dongsheng, and after defeating Xu Dongsheng, he obtained the qualification to enter the Ji family ancestral land, and then went to see Ji Ruyue, which was also gossiped out.

This was promised by Ji Daoyuan himself. As long as the savage can defeat Xu Dongsheng, he can enter the ancestral land and be baptized. This is a treatment that many Ji family Tianjiao can't enjoy.

How did the Ji family not be shaken by this news.

Xu Dongsheng is the top talent that the Ji family has recruited over the years, and his talent is strong, not even weaker than many top talents in the history of the Ji family.

If it was another half-step martial emperor who just said such arrogant words, it would naturally become a laughing stock.

But today, that Tie Niu showed his strength with his actions. This is a terrifying arrogant who is not weaker than Xu Dongsheng in talent.

For a while, the crowd was extremely expecting that this contest between Qin Chen and Xu Dongsheng was full of discussions between the two, which was extremely sensational.

At the same time, it caused a sensation inside the Ji family.

"I don't agree." In an important meeting room deep in Ji's house, a middle-aged man yelled coldly, looking at the eagle bird: "That kid, the origin is unknown, and he didn't even know his identity. I was too impatient to promise the other party to enter the ancestral land.

Too reckless, right? "

This person was wearing a purple gilt brocade robe, with a graceful and luxurious temperament, but with some eagles in his eyes, sitting in front of the meeting room, his eyes cold and sharp, and his whole body exuded a terrible breath.

This is a martial emperor at the peak of the mid-term. He speaks in the void and oscillates in the void.

This person is the best of the second generation of Ji family, Ji Daoyuan's eldest brother, Ji Daoling. Ji Daoyuan and Ji Daoling are the most outstanding two in the second generation of the Ji family. Both of them have reached the peak of the middle stage of the ninth stage. They are only one step away from the giant realm. They are the second outside Ji family. Among the generations, the most promising cross

In the later period, Emperor Wu became the leader of the giant.

It can be said that now within the Ji family, about half of the power is in the hands of the two of them, fighting against each other and fighting each other.

Both of them are currently one of the principals of the Ji family, possessing a certain degree of power, and can be regarded as acting patrons, but neither of them is the real patriarch.

In the Ji family, unless anyone can step into the realm of the late Wudi, it is impossible for anyone to be directly granted the position of Patriarch and lead the Ji family forward.

Today's Ji family is really in charge of the old ancestor, who served as a high-level in the Hall of Law Enforcement, and kept his promises. In addition, it is the elders group with real power, and outstanding second-generation powerhouses such as Ji Daoling and Ji Daoyuan, who are in charge of the family. "Big brother, do you say that, are you afraid that your optimistic Xu Dongsheng will be defeated?" Ji Daoyuan sneered: "Could it be that in the family, you are only allowed to cultivate Tianjiao, but you are not allowed to cultivate geniuses? Daoyuan feels

There is nothing wrong with doing it. "

Ji Daoyuan arched his hand at an old man who was in the first place. This man had gray beard, dim old eyes, muddy eyes, and an old look, but his eyes flickered, but he burst out with a terrifying spirit.

If anyone despised him because of his age, it would be too ignorant. This person is the elder of the Ji family, the great martial emperor of the later period, in the power of the Ji family, even above Ji Daoling and Ji Daoyuan. "Second brother, what are you talking about? These are two different things at all." Ji Daoling waved his sleeves with a firm attitude, and said coldly to the many elders on the court: "The origin of Xu Dongsheng, my Ji family's investigation is clear. , But the old emperor here in Jizhou

The ranks of forces, because of the arrogance of Xu Dongsheng, have emerged. The three generations of their ancestors can be found clearly, but what about this iron bull? "Ji Daoling sneered: "It is said that this person comes from the Luoxue Mountain Range, but what is the Luoxue Mountain Range? Wuyu Forbidden Land, my second brother, have you ever actually entered it and investigated the origin and identity of this person? If the other party is really free

The natives of the Blood Mountain Range, that's all right, but what if they are spies of other forces? "

"Don't forget, now my Ji family and Mo family are fighting fiercely, and now the mainland is turbulent, whoever can take the lead in the Hall of Law Enforcement, who can control the future, all the way to prosperity, can not tolerate carelessness."

Ji Daoling's voice was loud, and his words opposed. "Brother, do you think this iron bull is a spy of the Mo family?" Ji Daoyuan sneered, with a look of disdain, "Let's not talk about the origin of this person, just talk about the talent of this person, this son is on the mountain, with the power of one person, attracting Rong Dao grass most Dao fruit, more

It was the broken arm of Mo Qianyuan, the Tianjiao of the Mo family. If you were the Mo family, would you sacrifice your family's Tianjiao son, and these dozens of great fruits, to come to my Ji family as a spy? Are you stupid or Mo's stupid? "What's more, all the elders of the iron bull have heard of the strength of that iron cow. With the power of one person, they will single out the one hundred arrogant and powerful people in my Ji family. These characters are rare in the world. If there is such a one in my Ji family Tianjiao would be willing to send it to Mo's family as a bedroom

bottom? "

Ji Daoyuan sneered again and again, arousing discussion.

This is indeed the case.

They also heard about Qin Chen's talent, and after learning about it, they were all shocked.

If such a genius appeared in Ji's house and the baby was too late, how could he be sent to the hostile force as an undercover agent? Isn't this an idiot? "What's more, with the power and strength of the Mo family, if you really want to go undercover in my Ji family, what means is there? Just arrange a reasonable identity for this person to ensure that my Ji family can be thoroughly investigated in a short time. Not out, it is necessary to arrange this

Is the identity of a native of the Luoxueshan Mountains a cause for concern? "Ji Daoyuan sneered again.

The discussion on the field sounded again, and the elders nodded again.

indeed so!

Although they didn't know the true origin of Qin Chen, it was a bit weird to say that he was a spy of the Mo family, and with the means of the Mo family, it would not be possible to make such a tricky arrangement. "But in this way, you can't completely rule out that kid's suspicion!" Ji Daoling snorted coldly.
