

## Valkyrie 1731

### [Chapter 1731: Natural Dao Body](#)

"Hehe, this person does have a little problem at the moment, but I didn't let him enter the ancestral land directly, but this person himself proposed that he would be eligible to enter the ancestral land after defeating Xu Dongsheng. If so, give him such a What about the opportunity?"

"Furthermore, there is an ancestor in the ancestral land. Who can escape the eyes of the ancestor in this world? In my Ji family, no matter who it is, as long as he has been baptized by the ancestral land, he will be completely loyal to me. There is absolutely no second possibility for the Ji family. Didn't the eldest brother even forget this?"

"Great Elder!"

Ji Daoyuan turned around and looked at the great elder: "So Daoyuan suggested that if this son can really defeat Xu Dongsheng, he will be given a chance to enter the ancestral land and be baptized, and the great elder will be fulfilled."

"No!" Ji Daoling suddenly screamed. Any strong man who can enter the Ji family's ancestral land for baptism will inevitably become the core of the family. This is a common practice. Ji Daoling must not allow Ji Daoyuan to add more combat power.

"Is the elder brother afraid that this son will really defeat Xu Dongsheng and make the eldest brother's face irrelevant?" Ji Daoyuan smiled slightly and said: "Elder, if this son can really defeat Xu Dongsheng in the half-step martial emperor realm, the elder should know this means What, I believe my ancestors will definitely be very interested in this person, and it will be of great help to my Ji family in the future."

The great elder was meditating and stroked his beard slightly.

"Great Elder." Ji Daoling looked nervous.

"No need to say it anymore." Finally, the elder waved his hand and said: "If that kid can really leapfrog Xu Dongsheng and let him enter the ancestral land, why not let him enter the ancestral land, even if he is a spy, after entering the ancestral land, he can only let him go. The old ancestors have fallen, and at this time, it is so set.

"Great Elder Wise." Ji Daoyuan laughed.

After the discussion, the Great Elder and others left one after another.

"Second brother, don't be proud, just rely on that kid to defeat Xu Dongsheng? Wishful thinking." Ji Daoling snorted coldly, shaking his hand and leaving with an angry face.

At this moment, Qin Chen naturally didn't know what happened, but in his room, he began to retreat.

Because he found that after he absorbed the fruits of the Great Dao, the rules in his body fell into a mysterious and mysterious realm, as if to merge with the heaven and earth, breaking through the nine-day martial emperor realm in one fell swoop, but was stuck in this last level, and couldn't cross it. Too average.

"How is this going?"

Qin Chen was shocked. After constantly absorbing the power of the Great Dao Fruit, his body seemed to be regularized. This feeling was too strange. The touch of the world and everything was very sensitive, as if it was about to become a flying fairy.

Although Qin Chen had never broken through Jiu Tian Wu Emperor in his previous life, he knew too many Jiu Tian Wu Emperors, and there were not a few Jiu Tian Wu Emperors who were promoted and broken through by him. He knew this realm very well, but he had never heard of such a situation.

The whole body is regularized, unprecedented, unheard of.

In the end, Qin Chen was helpless, placed a restriction, and secretly found an opportunity to enter the jade disc of good fortune in the universe.

Qin Chen is now in Ji's house, his origin is unknown, and he will inevitably be monitored secretly by Ji's family. According to the truth, Qin Chen should not sneak into the Universe Good Fortune Jade Plate to avoid being found abnormal.

But Qin Chen couldn't help it anymore and could only seek Lao Yuan's help.

"Huh, your body!"

After being awakened by Qin Chen, Lao Yuan widened his eyes and stared at Qin Chen for a long time. He breathed a sigh of relief for a long time, with an indescribable expression on his face.

"Lao Yuan, what is going on?"

Qin Chen was almost anxious. He felt that his body was transforming between the various rules he controlled, very strange, as if he was going to be assimilated by the heavens.

"I'm not sure about your situation, but I suspect it's the Dao body!" Finally, Lao Yuan said.

"Dao body? Is it a natural born Tao body?"

Qin Chen was puzzled, and then shocked!

He had only heard of the natural physique of Dao Body, which was only in legends, and no one had ever possessed it in the history of Tianwu Continent, at least Qin Chen had never seen it in ancient books.

It is rumored that people with this physique are born to be in harmony with the heavens, and to perceive the rules of the heavens, it is as simple as eating and drinking, and they can easily enter the realm of the nine-day martial emperor.

It can be said that the natural Dao body is almost the most terrifying physique in the world. Compared with Ji Ruyue's natural sword body, You Qianxue's ice and snow \*\*\*\* body, and Feng Yulei's natural thunder body, it is much more terrifying, and it is not on the same level.

The so-called sword body, divine body, and thunder body represent the profound meaning. People with this constitution can easily grasp the profound meaning that others cannot grasp.

The Dao body represents the rules.

The difference between the two is too big!

Therefore, Qin Chen stared at Lao Yuan, wondering if Lao Yuan had made a mistake.

"Yes, in the words of your Tianwu Continent, it is a natural Dao body." Old Yuan nodded.

"But how is this possible?" Qin Chen was surprised.

Such things as the body of space and the sacrament of space can still be cultivated, grasped, or awakened by acquired cultivation, because it represents only certain profound meanings.

But Dao body is a rule of heaven, it is innate and unique. How can it be possible to cultivate successfully the day after tomorrow?

"I don't know this anymore. Maybe it was my blood soul crystal soul fusion with you before. I was born when the world of the other demon continent was opened. In the blood soul crystal soul, there are endless rules of the other demon continent. , The blood soul crystal soul itself represents the natural Dao body, but it is the natural Dao body of the Alien Demon Continent. And then, you have merged the magical medicine that contains the endless rules of the Tianwu Continent that you mentioned earlier. Get up, the abnormal change occurred, which led to your current situation."

Lao Yuan thoughtfully.

"Well, even if I really have a natural Dao body, isn't it rumored that the natural Dao body can easily enter the Nine Heavens Martial Emperor? Why can't I break through!"

Qin Chen was depressed again.

Lao Yuan shook his head, and then smiled bitterly: "These are just my guesses. As for what is going on with you, I haven't been able to figure it out for the time being."

Lao Yuan himself was very depressed. It was a source beast that was born when the World of Different Demon Continent opened up chaos. He didn't know what it was, and he had never seen it.

But this is the first time Qin Chen has seen this weird situation, mastering the rules of the two worlds, and now his body has turned into a Dao body, making him confused.

"In short, it should be a good thing, and I have a feeling that if you can break through the Nine Heavens Martial Emperor, you will have an unprecedented transformation, but I can't say what the specific transformation is."

Finally, Lao Yuan is sure.

"Forget it, I will treat you as comforting me."

Qin Chen smiled bitterly.

However, what Lao Yuan said also blessed his soul, and he was suddenly touched.

### [Chapter 1732: Xu Dongsheng returns](#)

He vaguely felt that if he broke through the Nine Heavens Martial Emperor, some kind of transformation would really happen, and this kind of transformation would be a huge change for him.

This is an intuition, very strong.

Since Lao Yuan couldn't ask the reason, Qin Chen didn't stay any longer, and soon returned to his room.

However, after affirming that this is a good thing, Qin Chen continued to absorb the power of Dao Fruit.

One after another.

Qin Chen had collected more than 60 Dao Fruits in total, but one or two of them would be enough for a normal person. No matter how many, two or three would be the sky.

But Qin Chen had absorbed nearly thirty pieces, and then he felt that it had no effect.

And his body seems to be completely integrated with the rules, the rules are himself, he is the rules, it is very magical.

"If I can step into the realm of Emperor Wutian in the Nine Heavens, my control over the rules will reach an unprecedented realm."

Qin Chen suddenly had a feeling, but now he was still unable to break through the Nine Heavens Martial Emperor, and his understanding of the rules could only be stuck at a bottleneck.

In this case, Qin Chen did not continue to comprehend the rules, but started from the rules, but reversed the profound meaning.

This made him fascinated.

Normal people first master the profound meaning and become the emperor of Wu, and then through the profound meaning, master the rules and become the emperor of Wu.

After becoming Emperor Wu, few people would go back and deduct the Profound Yi, because compared with the rules, the power of the Profound Truth was too weak, and the battles between the emperors were motivated by the rules, and no one paid attention to the Profound Truth at all.

But Qin Chen didn't feel it at first when he did this, but afterwards, he faintly touched something, and he had a deeper understanding and sentiment.

In the blink of an eye, almost a month passed.

"Why isn't Xu Dongsheng coming back?"

Qin Chen felt a little painful.

A few days later, news came back that Xu Dongsheng replaced the Ji family and won a big victory in the battle with the Mo family and returned triumphantly.

"Is Xu Dongsheng coming back finally?" Qin Chen smiled faintly. He had wanted to fight this guy a long time ago, but he dared to fight Ruyue's idea to see how he cleaned up.

At the same time, the Ji family also issued a notice. Three days later, in the competition, the Ji family will select several representatives, this time to accompany Xu Dongsheng to the ancestral land to be baptized.

This was a big event for the Ji family, which immediately caused a sensation, and the applicants were like crucian carp who crossed the river.

However, not everyone has the qualifications to sign up. If you want to enter the ancestral land to be baptized, the strong foreigners who seek refuge in the Ji family must at least enter the realm of the Nine Heavens Martial Emperor.

This is a bottom line, because only those who are strong in Nine Heavens Wudi can be valued by the Ji family, be baptized, and serve as high-level leaders.

Moreover, there must be young powerhouses. If they are some old-fashioned people, even Jiutian Wudi, it is impossible to receive the baptism, because these people have exhausted their potential, and going to the baptism is a waste of places.

This alone has already eliminated Qin Chen. Qin Chen still has only one way to enter the ancestral land, and that is to defeat Xu Dongsheng.

However, foreigners have the requirements of Emperor Wu of the Nine Heavens, and the Ji family is much more relaxed. For internal members, it is allowed to relax to half a step.

Ji Ruri naturally also participated, and after the competition, he successfully entered the list.

"Not bad."

In this regard, Ji Daoyuan was also very pleased. Ji Ruri was able to obtain the qualifications for baptism in the half-step Wudi realm, which was considered very good.

It should be noted that even within the Ji family, not all the elders of the Nine Heavens Emperor Wu have been baptized in the ancestral land.

Qin Chen thought that after Xu Dongsheng came back, he would find the news as soon as possible.

But he waited and waited, it was almost three days since Xu Dongsheng came back, this kid hadn't come yet.

And two days later, is the day to enter the ancestral land baptism.

Qin Chen couldn't help it suddenly.

"This guy has such a bad temper, does he have to hit the door himself?"

Qin Chen couldn't wait any longer, and went straight out of the room to the resident.

When Qin Chen came to the station again, it immediately caused a sensation.

This demon is here again!

Many people turned green when they saw Qin Chen, and they obviously couldn't forget what happened more than a month ago.

Suddenly, a well-known expert walked out, and many people who had received the news also appeared one after another, all standing outside the station, staring at Qin Chen with cold eyes.

They naturally knew Qin Chen's purpose.

But no one dared to do it. The battle more than a month ago is still vividly visible. More than a hundred people joined forces and were defeated by Qin Chen. Who dares to come forward now?

"Smelly boy, what are you doing?" Zhu Anzhi was the first to jump out. After being humiliated by Qin Chen, he has not dared to go out for more than a month. He has been healing hard and his hair has turned white. Now he sees Qin Chen. , Eyes suddenly turn green.

He wants revenge!

However, thinking of the battle at that time, his legs were a little soft, and he hesitated to move.

"Hey, your hair is a lot grayer, hehe, it seems that after I reminded you, you have gone back, well, a lot of green hats have been removed, I told you a long time ago, don't go with that Xu Dongsheng Too close, this person is not a good thing." Qin Chen smiled.

"puff!"

Zhu An was so angry that he was going crazy.

"I'm going to kill you!" He shot out angrily, screaming, jumping out, and killing Qin Chen.

"roll!"

Qin Chen sneered, shaking with a terrible power, he patted his palms, turned into a mountain, and blasted towards Zhu Anzhi.

Bang!

Zhu Anzhi was instantly shot like a cannonball, flying out, blood spurting wildly and scarred.

Qin Chen didn't bother to pester him, and when he shot, the opponent's combat effectiveness was abolished.

Wow!

The people around him backed back in fright, their faces turned pale, and they were still eager to try, but now they are completely out of courage. This kid is as brutal as ever.

"Why, I was beaten by me before, not bad enough, do you want to be even worse? I don't have time to gossip with you, then Xu Dongsheng, let him roll over and see me."

Qin Chen stood with his hand in his hand, said proudly, his eyes squinting.

"It's really arrogant, this young master didn't look for you, but you insisted on coming to die." A voice sounded, cold and cold.

"Young Master Xu!"

"Master Xu Dongsheng!"

Hearing this voice, many people on the court showed excitement, and one after another let out a path, looking excited.

This is a young Emperor Wu, who can sit high above the nine heavens in the future, overlooking all living beings, and may even transcend the rules and become a great emperor who scorns the world.

In the eyes of everyone, there is no opponent that Xu Dongsheng cannot solve.

Behind everyone, Xu Dongsheng appeared.

This was a handsome man who was indescribably handsome, with bright black hair, tied behind his head, and he was extremely handsome.

He was wearing armor and strong armor, exuding a cold murderous aura, making him look like the same demon god, and his eyes were as cold as a sword, as if he could kill everything in the world.

And his expression is very indifferent, as if the people of the world are all ants in his eyes, without a trace of emotion.

### [Chapter 1733: High mountain](#)

He looked at Qin Chen with cold eyes, like an emperor looking down on a courtier, and said coldly: "Are you here to die?"

This is too stinky, is it even worse than yourself?

Qin Chen sneered and said, "Don't you know the purpose of my coming here? You dare to stare at my woman, you should be the one looking for death, right?"

"Your woman?" Xu Dongsheng sneered, his eyes getting colder and colder, "Only you are worthy of Miss Ruyue? Toad wants to eat swan meat, and that's not what it eats."

Xu Dongsheng had known Qin Chen's news a long time ago, but he did not go to Qin Chen. First, he was too busy. Although he was an outsider, he already had a certain status in Ji's family and had many things to deal with.

Second, he did not put Qin Chen in his eyes at all. As for Qin Chen's desire to marry Ji Ruyue, it was a joke.

In addition to him, who among the outsiders in the Ji family is worthy of Ji Ruyue!

"So, do you refuse to admit your mistake?" Qin Chen squinted his eyes.

Everyone felt a little speechless, what kind of identity Qin Chen deserved to be called Master Xu Dongsheng to admit his mistake? Everyone was angry.

On the contrary, Xu Dongsheng himself had a very indifferent expression and didn't care. His eyes were cold, and he coldly said to Qin Chen: "You should be the one who admitted your mistake. Kneel down and beg for mercy. I don't need to kill you."

He was never a soft-hearted person. After learning that Qin Chen was interested in Ji Ruyue, he had already sentenced Qin Chen to death.

But the method of directly defeating Qin Chen is too low-level to show his horror. Therefore, before he defeats Qin Chen, he must first let Qin Chen's reputation be discredited.

The easiest way is to make Qin Chen kneel down and lose his reputation in full view.

Qin Chen knows Xu Dongsheng's thoughts well. He chuckled: "What's the point of saying such nonsense, let me go and let me ask about the strength of the so-called No. 1 Tianjiao."

Xu Dongsheng disdain: "A mere half-step Wudi, even if you are the world's arrogant talent, you are not an enemy of one in front of me!"

He took a step forward, and suddenly, the horrible aura roared like angry waves, making everyone want to kneel down and pay homage to the young Martial Emperor.

And all around him, endless rules linger, turned into the light of rules.

Hiss, there is even a regular light appearing.

Everyone was shocked, each sucked in air-conditioning, and each one was dumbfounded.

The light of rules appeared, which represented that Xu Dongsheng had consolidated the initial Wudi cultivation base, and was already moving towards the initial peak Wudi realm.

But how long has he just broken through Nine Heavens Emperor Wu?

With such a speed of cultivation, I am afraid that within a few months, Xu Dongsheng will be able to directly step into the realm of Emperor Wudi at the initial peak and set off towards Emperor Wudi in the mid-term.

"Master Xu Dongsheng!" All of Xu Dongsheng's subordinates cheered, shaking the entire resident.

They only knew that Xu Dongsheng was strong, but no one knew that he had reached such a height.

Like a mountain, you can only look up.

This movement was so loud that it spread out immediately, and even the inside of Ji's family knew it, and many people came to watch the excitement.

At the same time, many strong men who went out to fight against the Mo family, like Xu Dongsheng, also ran over. After learning about the situation, they were a little startled.

"What, a half-step Martial Emperor actually wants to discuss with Xu Shao?"

"Didn't I make a mistake?"

"He hasn't seen Young Master Xu's bravery on the battlefield. Even the Mo Family Nine Heavens Martial Emperor has to retreat. How can this kid, He De, be worthy to fight Young Master Xu?"

"Haha, I've heard about this. Young Master Xu didn't bother him. He didn't expect him to find him. Although this son is also a talented arrogant, the realm gap is too great. He can't be an opponent.

"It should be the limit to be able to block two or three moves under Young Master Xu?"

"Two or three tricks? So possible. Shao Xu is a powerful Jiutian Wudi, and he is still the world's arrogant man. No matter how strong the kid is, he is only half a step. If I say, one move is enough. Shao Xu only needs one move. Can kill this kid in seconds."

"Well, this is something that you don't need to doubt, one move, there can be no more."

The court was full of discussions, especially those strong men who had fought with Xu Dongsheng, with mockery on their faces, looking at Qin Chen's eyes as if they were looking at an idiot.

Because in their opinion, Qin Chen is really an idiot, and it is absolutely impossible to be Xu Dongsheng's opponent. He can only come up with humiliation.

In the distance, many strong men of the Ji family also appeared.

Such as Ji Daoling, Ji Daoyuan, and even many elders, hovering in the distant sky, staring here.

Naturally, they are not easy to come forward with such things, but they are also very concerned.

Faced with such a discussion, Qin Chen drew a black spear.

This is exactly what he snatched from Mo Qianyuan, an imperial soldier.

The black spear appeared, and suddenly a terrible murderous intent erupted.

Although Mo Qianyuan was only a half-step martial emperor, but after all, he was a son of the Mo family, and it was completely fine for the Mo family to give the emperor soldiers.

"Come on." Qin Chen held the gun in his right hand, and hooked his left hand toward Xu Dongsheng, with a very contemptuous expression.

Xu Dongsheng's eyes blinked slightly, which was a sign of his killing intent.

"Hehe, this is what you rely on, an imperial soldier?"

Xu Dongsheng sneered.

Did this son think that with a handful of imperial soldiers, he could smooth the gap with him?

"Haw, you don't make a move, okay, I'll come!" Qin Chen was too lazy to talk nonsense, gave a long scream, took the initiative to kill, the black spear danced, and suddenly turned into a black dragon, roaring, roaring, booming, spooky and haunted, toward Xu Dongsheng burst out.

"Since you are looking for death, then I will fulfill you."

Xu Dongsheng sneered. Facing the imperial soldiers, he was not afraid of the imperial soldiers. The black runes appeared on his arms, and the runes burst out with pitch-black flames, aiming at the spear in Qin Chen's hand.

He wanted to grab Qin Chen's spear so that Qin Chen could know how big the gap between them was.

Hum!

The pitch-black hand, like lightning, caught and photographed on the black gun body for an instant. Then, Xu Dongsheng sneered, his arm was strong, and under the violent shock, he wanted Qin Chen to fly out and \*\*\*\* the black gun.

But under his shock, the spear didn't move.

"what?"

Xu Dongsheng was stunned. This kid's strength exceeded his expectations, he couldn't help but increase his strength, and sneered coldly: "Get up!"

Boom!

On the arm, a terrible light flashed, and the power to capture the photo instantly doubled, but what made Xu Dongsheng frightened was that the spear was still motionless, but under the shock, it blasted, like a dragon coming out of the abyss, directly towards His head pierced wildly.

Xu Dongsheng's face changed slightly, and he could no longer care about being chic and calm, his figure hurriedly backed away, and his head suddenly tilted.

puff!

The black long spear rubbed the iron armor on his shoulder and passed through, almost bursting the void, bursting out a blazing fire, scared Xu Dongsheng hastily retreated, dodged hurriedly, and avoided the attack range of the gun body.

#### [Chapter 1734: Where to run](#)

hiss!

Everyone exclaimed, they thought that Qin Chen would be dropped by Xu Dongsheng in a second, but now? Not only was he not seckilled, but also forced Xu Dongsheng to flee, which was completely unexpected.

"Relying on the might of the precious soldier, hum, but you." Xu Dongsheng sneered, his eyes cold, but his face looked very ugly.

Because the imperial soldiers in Qin Chen's hands were indeed terrifying, exuding terrifying murderous aura, almost piercing through the world.

This is an imperial soldier, and it is not even an ordinary imperial soldier. It is engraved with a certain secret forbidden technique, which can greatly amplify the user's cultivation.

Otherwise, how could Qin Chen's cultivation base cause him the slightest harm.

Qin Chen laughed and said contemptuously: "You are a strong man close to the initial peak of Emperor Wu. The cultivation base is more than a star and a half better than me. If it is a battle of the same rank, I can destroy you within ten moves without using treasures. , What's so dissatisfied with!"

"Proud!" Xu Dongsheng snorted coldly, disdainful to argue.

He has long been an invincible Tianjiao, and he does not need to win Qin Chen in a battle of the same rank to prove his strength.

"I use imperial soldiers, your cultivation base is higher than mine, it's fair." Qin Chen danced the black spear, and runes appeared on it. Suddenly, as if some kind of wild aura was released, a burst of spear burst out of the spear. Earth-shattering power.

Hum!

The black spear is like a dragon, blooming with terrifying murderous intent, booming, and countless spear shadows in the world, turning into violent waves, sweeping towards Xu Dongsheng madly.

This emperor soldier is indeed extraordinary. At first, Mo Qianyuan's cultivation level could not be fully activated. Qin Chen, who was originally a master of weapons, had a knowledge of weapons far beyond ordinary people, and easily activated this black spear. Among them, 10,800 prohibitions were all shining, shocking.

"hateful!"

Xu Dongsheng glowed all over, he squeezed his fist marks, his figure was like electricity, dodged frequently, and wanted to rush out of the range of the gun shadow, he wanted to launch a lore on Qin Chen.

But Qin Chen danced the spear shadows into a ball, no matter which direction he came from, he must break the spear shadows.

This fight was a hundred come moves, and Xu Dongsheng was forced to retreat continuously.

"Where to run!"

Qin Chen held the black spear as if chasing prey, smashed the black spear like a stick, and ran after Xu Dongsheng, while yelling, "Boy, don't want to run away, my beast stick, The blood beasts in the mountain can't run away, all become my prey."

boom!

Sure enough, Qin Chen's head was accurate and frequently stopped Xu Dongsheng from flying in the direction. The stick technique was exquisite and seemed violent, but in fact it was very fierce. Every time he could find the most critical place, the spear swept the room, the void was violent, just follow Chasing Xu Dongsheng like a duck.

Everyone was dumbfounded, and there was no sound. This kid completely regarded Xu Dongsheng as a prey in the Fallen Mountains and was hunting.

This... is too speechless.

Even if everyone knows that this is not because of Xu Dongsheng's inferior strength, but the scalp is still numb, when have you seen Xu Dongsheng fall in the wind in the same tier in the first battle, let alone Qin Chen's realm is far inferior to him, even if the opponent has more Strong weapon.

This in itself represents a kind of strength.

"Boy, there is a kind of you put away the imperial soldiers, and fight me upright." Xu Dongsheng roared, he was going to be suffocated to death.

The first arrogant among the outsiders of the dignified Ji family, even among all the early emperors of the Ji family, Xu Dongsheng was a top-level existence, but now he was forced to jump around by a small half-step emperor. It was angry and aggrieved.

It wasn't that he had never tried to fight back, but he hadn't even touched Qin Chen, so he was forced out by the gun shadow. The black spear was too powerful, even if he couldn't take it lightly for fear of being injured.

And when the sword he displayed was touched by the black gun shadow, there was a gap, which made him feel very distressed.

Anxious and angry in my heart.

As the Ji family's peerless Tianjiao, he is now forced to turn around by a half-step martial emperor. If Qin Chen is not suppressed, what face would he have as the first Tianjiao?

"Huh, hustle and bustle, Xu Dongsheng, take the knife!"

At this moment, a cold snort suddenly sounded, and Ji Daoling who was watching the battle in the distance suddenly appeared a war knife in his hand and threw it at Xu Dongsheng.

Cang!

As soon as the sword was picked up by Xu Dongsheng, a fierce breath rushed into the sky.

Roar!

It seemed that a fierce beast was roaring, turning into a terrifying murderous intent.

It turned out to be an imperial soldier.

"it is good!"

Xu Dongsheng was overjoyed, his eyes suddenly became cold. With the emperor soldiers, he still needs to be afraid of Qin Chen?

"Thank you Master Daoling." Xu Dongsheng thanked him again and again.

It is pitiful to think about it. He is the first arrogant among the outsiders of the Ji family, the Nine Heavens Wudi strong, and he doesn't even have an emperor soldier, and Mo Qianyuan is only a half-step martial emperor, so he has such emperor soldiers. This is the importance of family background, the gap is too big.

"Defeat this kid, this sword will be given to you." Ji Daoling snorted, dissatisfied.

"Boy, wait to die." Holding the saber, Xu Dongsheng was full of vigor and looked at Qin Chen coldly.

"Is it wrong to shrink your head?" Qin Chen said with a smile, full of mockery.

Xu Dongsheng's breathing suddenly became rapid. No one had ever dared to be arrogant in front of him. Those who dared to do so were all killed by him. And now, Qin Chen completely angered him.

"Misfortune comes from the mouth!" he said sternly.

Qin Chen laughed: "Your eyes are also blind, and even my woman dare to covet it. If you don't beat you into a pig's head today, I won't be able to breathe like this!"

Your woman?

Xu Dongsheng couldn't help being furious. When he first saw Ji Ruyue, he was deeply fascinated. Such stunning beauty, such grace, such nobility, and such pride.

Such a woman is worthy of him!

If not, he would not work so hard for the Ji family. As for Qin Chen? How can a savage in the mountains be worthy of a noble character like the moon?

"You're looking for death!" he roared, the blood above his head trembling, and a round of rising sun rose like a rising sun.

This is his blood, the blood of the rising sun.

boom!

Scarlet Sun burst out with a dazzling light, which turned into a sea of flames and spread. At the same time, on the battle knife in his hand, the blade slashed violently, turning into a flame battle knife, killing intently.

After getting the increase of the emperor soldiers, he broke out completely, and runes lit up from the sword. The blood on the top of his head was as fierce as the sun, and the blood was surging. He was half in the air, like a \*\*\*\* of war falling from the sky.

In this scene, countless women below turned into nympho, and they were all peach blossoms, wishing to embrace this handsome man.

In contrast, Qin Chen, a savage, was really rude. He was covered in animal skins and held a spear like a stick in both hands, which was very unsightly.

### [Chapter 1735: Killing rules](#)

Only Fairy Ziyun, her eyes flickered.

Compared with Xu Dongsheng, Qin Chen looks rude, but in fact it makes her more heart-stricken, because she is the person who has witnessed Qin Chen's strong rise, sweeping all the way from Daoshan, and now she is the first arrogant among the outsiders who challenge the Ji family. .

Qin Chen snorted, his eyes swept away: "Trash, a hundred tricks at most, I will beat you down."

"Presumptuous!" Xu Dongsheng roared, his body vibrated and boomed. He burst out and rushed towards Qin Chen. The blood above his head burst into a dazzling flame, and the battle knife was raised and turned into an endless flame knife. The river fell down.

Boom!

The world was shrouded in an endless sea of fire, and many spectators around only felt that there was a red color in front of their eyes, and the scorching breath filled their eyes. They were shocked to retreat, and they couldn't see anything at all.

This is a Tianjiao who is close to the early peak of Emperor Wu, who is doing his best. Of course, few people under Emperor Wu can see clearly. Only those Wu Emperor elders of the Ji family can see Xu Dongsheng transform into a stream of flame, slashing towards Qin Chen. .

Qin Chen grinned and shot out abruptly.

Boom, he pierced out with this shot, and the void was suddenly burst, bang bang bang, forming countless folds, the picture is really weird, the space can also form folds?

How powerful is his physical strength, the seventh level of the Immortal Eucharist, and the strength and defense are close to the late Wudi giants. After the shot was shot, it came first and came directly in front of Xu Dongsheng.

Xu Dongsheng was shocked and didn't even think about it. A flame armor had formed in front of him in the condensing of the true essence, facing Qin Chen's attack.

How could it be so fast?

He roared in his heart, such a speed of firing the gun is unreasonable.

Bang!

The tip of Qin Chen's spear blasted on the flame armor, and with a puff, the layers of armor suddenly shattered, and the spear drove straight in, continuing to blast towards Xu Dongsheng's chest.

what!

Seeing this scene, Ji Daoyuan, Ji Daoling and others all exclaimed silently, everyone's weapons are not much different, Xu Dongsheng's cultivation base is higher, his strength should be stronger, and he should be able to gain the upper hand immediately.

But now?

Before Xu Dongsheng's sword hit Qin Chen, Qin Chen's spear was almost pierced through Xu Dongsheng's body. How could this be possible!

Moreover, Qin Chen's speed was too fast, as if the second came first, how could the speed of a half-step martial emperor be faster than an early martial emperor?

This is totally unreasonable!

If it were someone else, maybe it was too late to escape, and he would suffer for the first time and be defeated, but Xu Dongsheng was a world-famous arrogant, unexpectedly, countless flames burst out of his body, blasting towards the tip of the gun that Qin Chen pierced.

And the sword in his hand was extremely violent, cut down strongly, without the slightest retreat defensive posture.

This is a coup. It can not only resolve his own danger, but also cause serious damage to Qin Chen. Who would let the other party dare to go deep alone?

Xu Dongsheng prided himself that with his own cultivation level, he could completely block Qin Chen's shot, but Qin Chen was different. With this sword cut, Qin Chen would be seriously injured if he was a half-step martial emperor, and he would be completely useless.

Qin Chen laughed, the spear was wrapped in the true essence, and he didn't mean to close the spear at all. He snorted, shot out, and collided with the countless flames.

boom!

A terrible roar resounded throughout the world. The phantom and true essence on the black spear were crazily weakened, but eventually broke through the encirclement, piercing Xu Dongsheng's armor with a thud, screaming, blood flying across, Xu Dongsheng's chest was stabbed. Make a big hole.

But at the same time, the light of Xu Dongsheng's sword also smashed Qin Chen, and the endless flames swallowed Qin Chen completely.

Amid the roar, Xu Dongsheng was shaken back hundreds of feet, the sun above his head dimmed, and everyone's eyesight was restored.

what!

After seeing it clearly, everyone opened their mouths wide, and only felt a chill from the soles of their feet, and their faces were filled with disbelief.

Xu Dongsheng had blood in the corner of his mouth, and there was a hole in his chest, blood pouring out from it, and he was almost pierced through.

Hiss, Xu Dongsheng was actually injured!

How can this make people believe that he is the first arrogant among the outsiders of the Ji family, who has swept all the way. In the previous confrontation with the Mo family, even a nine-day martial emperor of the Mo family did not dare to confront him strongly. He was actually repelled by a half-step Wudi and was injured.

Who can believe this?

However, all the powerhouses on the site, as well as countless Ji family geniuses and powerhouses, have witnessed it with their own eyes at this moment.

Isn't this a fantasy created by the opponent?

On the other hand, the endless flames dissipated, and Qin Chen's body was charred, but he was grinning, and he was not injured, at least, there was no obvious trauma on his body.

"Hey, your knife is indeed very strong. It's a pity, it's too slow, it won't hit me at all, and my mother said, the most important thing for us people in the mountains is the thick skin and thick skin. With your three-legged cat skill, Can't hurt me!"

Qin Chen grinned, his muscles knotted, like bronze, exuding surging blood.

Ji Daoling and the others saw that at the critical moment, Qin Chen leaned back and forcibly avoided Xu Dongsheng's killer knife, but was swept by the endless flame essence, which was not a major problem.

But this is shocking enough.

The battle sword in Xu Dongsheng's hand is also an emperor soldier, even if it is not directly hit, the sword energy and true essence alone are enough to seriously injure the general nine-day martial emperor.

But Qin Chen? A half-step martial emperor, there is nothing wrong with him, how rough is he? Isn't it a Fallen Mountain beast disguised as a human?

"You, damn, die!" Xu Dongsheng couldn't believe it, and roared to the sky, vomiting blood again.

Although his counterattack hit Qin Chen's body, it did not cause any impact at all, and the opponent's physique was extremely shocking.

When he said these three words, his voice trembled. It was because Qin Chen used the force of rules on this gun, causing his wounds to be torn uncontrollably, and his voice naturally trembled. Up.

Qin Chen just shook the spear, and said, "The skin is really hard, and the rebound made my hands hurt!"

Everyone is speechless. You pierced someone's chest with a gun, and you said that the skin is hard. Isn't this burying people?

No matter how hard you are? Almost hit by a knife, nothing happened.

Xu Dongsheng's face was solemn, and he had already suppressed his anger forcibly. He looked at Qin Chen coldly, his aura was slowly rising, his eyes became more brutal.

"Unexpectedly, you actually cultivated some power of rules, just one step away from Emperor Wu's realm, right?"

Qin Chen's previous shot contained the power of rules. Otherwise, it would be impossible to break his defenses. Even at this moment, his body was still boiling, and the body was full of residual rules, which affected his trueness. Yuan flow.

He completely adjusted his mentality. In Ji's family, no one can threaten his status. If there is, he must not be eliminated.

"However, I practice more than just the flame rules!" He exuded a terrible killing intent, and his whole person seemed to be transformed into a butcher knife that could wipe out the world.

Qin Chen narrowed his eyes slightly: "Rules of killing!"

### [Chapter 1736: Ready to be baptized](#)

"It's good to know!" Xu Dongsheng said proudly. He was invincible and powerful at the same level, not because of the fire rules in his blood, but the killing rules.

The killing rules are different from ordinary fire and earth rules. It is one of the most terrifying rules among many rules, and it is extremely difficult to understand. Once successful, it will cause killing power that ordinary people can't imagine.

Usually he seldom reveals it completely, most people think that he just practiced the rules of fire, and he would usually save this hole card until life and death.

But now, he couldn't help it.

Qin Chen hooked his finger: "Come!"

"Complete you!" Xu Dongsheng shot out, and with a roar, the killing rules turned into a blade of blood, blood red.

Boom, the killing rules were completely integrated with the battle knife in his hand, shooting out like lightning, crucifying Qin Chen in the void.

Qin Chen still used his physical strength, spear unfolded, and greeted Xu Dongsheng.

The killing rules are just that, are they powerful?

Bang! Bang! Bang!

The two young Tianjiao blasted each other, Xu Dongsheng only took a few moves, but his expression changed suddenly, because every time he received Qin Chen's shot, his whole body trembled, and he felt unspeakable.

He couldn't believe it.

Moreover, Qin Chen's marksmanship also possesses a certain killing power, which is also the killing rule.

"How could you also practice the rules of killing?" he exclaimed.

"Why, do you only allow you to practice the killing rules? It's just a small rule, so it's necessary to make a fuss!" Qin Chen dismissed.

In fact, in addition to the strongest space rules, other rules such as killing, destruction, flames, earth, etc., have not all practiced to be extremely heaven-defying? Just because of the particularity of the Nine Star God Emperor Jue, these rules cannot be regarded as the most important rules for cultivation.

In fact, Qin Chen was far superior to Xu Dongsheng in light theory's understanding of rules.

Especially since he recently became a natural Taoist body, his affinity for rules has reached a heinous level, and Xu Dongsheng can't compare with it.

Therefore, Qin Chen used the rules of killing and confronted Xu Dongsheng, but actually suppressed Xu Dongsheng, making him completely at a disadvantage.

All of them have numb scalp and are completely speechless.

They knew that Xu Dongsheng relied on the flame rules to enter the way, and the nine-day Wudi who broke through with this, the killing rules were only auxiliary, and had not reached the peak.

But no matter what, Xu Dongsheng is also a powerful emperor of Nine Heavens.

But now?

Qin Chen, who was only half-step Wudi, actually used the killing rules to completely suppress Xu Dongsheng. Isn't Qin Chen's understanding of the killing rules more terrifying than Xu Dongsheng?

With such a comprehension, wouldn't this person want to use the killing rules to enter the Tao?

Thinking of this, everyone took a breath.

This is going against the sky.

In Tianwu Continent, the vast majority of people enter the Tao using ordinary rules, because other rules are too difficult to enter the Tao. If Qin Chen can really use the killing rules to enter the Tao and achieve Jiutian Wudi, then he is a natural fighter.

It is no wonder that Qin Chen could use one enemy and one hundred before, because those who practice the way of killing are all fighting lunatics, not to mention that they are preparing to use the way of killing to break through the metamorphosis of Emperor Wutian.

Whoosh!

In the sky, I don't know when, the elder of the Ji family also appeared here. Looking at Qin Chen at this moment, his eyes flickered, which was obviously shocked.

"Impossible, how could you be stronger than me?!" Xu Dongsheng roared, unable to accept such a result, and attacked frantically.

boom! boom! boom!

With rage blasts, Xu Dongsheng's expression became more and more ugly. He tried all his methods and used all tricks, but Qin Chen was always suppressed to lose his temper.

In terms of strength, he felt that Qin Chen might not be so strong, but Qin Chen's abnormality was his defense. As long as he didn't directly hit the opponent, Qin Chen couldn't break his defense at all in his scalpel.

A small half-step martial emperor felt that his defense was almost comparable to some mid-term martial emperors. How could this make him believe it!

Xu Dongsheng's eyes were red, and he couldn't tolerate himself losing to others while leading the cultivation base.

"Go to hell!" He roared, his breath soaring again.

He displayed a forbidden technique, and his strength skyrocketed in an instant.

Boom, his combat power suddenly exploded, slashing out, and directly tore the space, the endless flames turned into a cage, which can make Qin Chen inevitable and can only be killed.

Qin Chen snorted coldly. In fact, he has thousands of ways to avoid it, but he can't do too much under the gaze of everyone. Above his body, the rules of space linger, he moved a few feet away, and shot out at the same time. .

Puff, Xu Dongsheng's chest suddenly burst with blood, a puff of blood burst out, and a hole appeared again.

"Ah!" Xu Dongsheng was bombarded and flew out, screaming sternly. This blow hit the vital part of his body. The injury was too heavier than before, revealing an extremely painful color.

What if his strength broke out, even if he burned his true essence, as long as he couldn't hit Qin Chen, it would be in vain.

On the contrary, Qin Chen relied on the imperial soldier to stab him with a single shot, and he could be seriously injured. He was not strong enough to ignore the imperial soldier's attack.

Therefore, he lost.

"That was..."

"Space rules!"

The elders, Ji Daoyuan and others' eyes flashed, their faces were shocked, and their bodies trembled.

What did they see just now? It's the rules of space!

That's right, it must be the rule of space, otherwise with Qin Chen's strength, how can he avoid Xu Dongsheng's killing blow.

"This son actually cultivated some slight spatial rules."

They muttered silently.

It's no wonder that Qin Chen was able to avoid Xu Dongsheng's attacks before. It turned out that in addition to the killing rules, the kid also practiced the space rules. Although it was much weaker than the killing rules, he was completely able to deal with the early Emperor Wudi like Xu Dongsheng. enough.

Under the world, the emperor Wuhuang can absorb the power of space and master the profound meaning of space, but there are very few people who can really cultivate the rules of space, often only the giants of the later Wudi level, after mastering the power of the rules to a certain extent, Just a prying eyes.

And now, Qin Chen, a half-step martial emperor, actually started to touch the realm of spatial rules, is this going against the sky?

As for the other powerhouses, they were naturally not as clear as the elders, but they were stunned when they saw Qin Chen severely injured Xu Dongsheng.

Gosh!

Is this the rhythm that is about to change?

This iron bull is too terrifying, it is a realm lower than Xu Dongsheng Xu's less cultivation base, and it actually seriously injured Xu Shao, the enchanting indescribable.

How could there be such a perversion in this world.

"No, I haven't lost yet!"

Xu Dongsheng was furious, covered in blood, murderous, and continued to fight.

"enough!"

A cold drink sounded, it was the Great Elder, he shot, appeared in the sky, and suppressed Xu Dongsheng with a palm.

"Great Elder!"

All Ji family members knelt down on one knee and saluted respectfully.

"Young man, you succeeded. The old man allowed you to get the qualifications to enter the ancestral land baptism. Let's prepare. Three days later, be baptized."

The great elder looked at Qin Chen, showing appreciation.

### [Chapter 1737: Don't worry](#)

Wow!

The words of the Great Elder make this area completely silent, and then there will be endless noise.

If he succeeded, this savage actually got the recognition of the great elder, and got the opportunity to enter the Ji family ancestral land to experience.

unprecedented!

Unprecedented!

Although the Ji family now values some of the warriors who have taken refuge from outside, they have given some of them the opportunity to enter the ancestral land.

But in the history of the Ji family, the weakest outsider who entered the ancestral land also had the strength of the nine-day martial emperor realm. This is a threshold, a threshold that will never change.

However, now, it was broken for Qin Chen, this is a kind of affirmation, an attitude.

"Great Elder!"

In the distance, Ji Daoling flew over and landed beside the Great Elder. He was about to say something, but was directly interrupted by the Great Elder.

"No need to say it again." The elder said, his eyes looking at Qin Chen were very strange, it was excitement, excitement, and there was an indescribable meaning.

"Let's go."

In the end, he uttered two words, his figure flickered, and disappeared into the sky.

"Humph!" Ji Daoling glanced at Qin Chen, then looked at Xu Dongsheng dissatisfied, and left.

The Great Elder is gone.

Many powerful people in the Ji family are gone.

But the atmosphere on the court still couldn't calm down.

At first, everyone looked at Qin Chen with dissatisfaction, dissatisfaction, disdain, a kind of hostility that latecomers dared to challenge the forerunner, but now, these gazes have changed, they have become admiration, respect, and recognition. .

As for Xu Dongsheng, no one cares anymore. He is a loser. He enjoyed endless glory and the eyes of the public not long ago, but now, he is forgotten, and no one thinks of him anymore.

This is the Martial Domain, and this is the Tianwu Continent. The strong is respected. Once you succeed, you will add endless auras, and if you fail, you will be pushed into the abyss.

"Haha, Brother Tie Niu, congratulations, I know you will succeed."

Ji Ruri walked up and said excitedly.

He could do it with half-step Wudi to fight against the ordinary nine-day early Wudi, but like Qin Chen, defeating such Wudi Tianjiao as Xu Dongsheng with half-step Wudi cultivation base, he sighed.

This is an evildoer, worthy of being good.

"Brother Iron Bull!"

Fairy Ziyun also came up, clenched her hands tightly, her beautiful eyes continued, she looked at Qin Chen, with indescribable affection and tenderness in her eyes.

Beauty loves heroes, who doesn't?

Although Qin Chen looks very rough, if you look carefully, you will find that this person has a special taste, and he seems to be quite handsome when he takes care of him.

Why didn't I find out before?

Fairy Ziyun only felt as if there was a small deer bumping into her body, throbbing, her cheeks flushed involuntarily, shy.

On the side of Ji Ruxing, her eyes flickered, with a strange expression on her face, as if she admired Qin Chen, but also seemed unable to accept this change in her mentality.

"Think of you kid, it's pretty awesome!"

She stepped forward, muttering, with a very reluctant look. In fact, she was still excited by Qin Chen's previous performance, and she felt indescribable.

Qin Chen's image instantly rose up in her mind.

"I said, you two won't like me anymore, do you? Tell you, I'm an owner. Although you are so-so-looking, it's not too ugly, but I won't betray my wife Ju Yue. Don't even think about it, you two."

Qin Chen felt the two voices were weird, and hurriedly spoke.

Ji Ruxing's face flushed to the base of her neck, not ashamed, but angry.

"Big villain, die to me, who would like you, a dead savage, blind!" Ji Ruxing was so angry that he hit Qin Chen with a punch, but how could she hit Qin Chen on the wrist? Being caught by Qin Chen, half of his body was hung in the air.

"Huh, that's good, I thought you were attracted to me, and I was scared to death." Qin Chen held Ji Ruxing in one hand, and patted his chest with one hand, so scared, as if he hadn't fought with Xu Dongsheng before. I was so scared.

"Ah, I'm mad at grandma, why don't you savage let me die!" Ji Ruxing yelled with anger, dancing with his hands, his eyes wishing to slash Qin Chen.

Fairy Ziyun blushed and lowered her head, for fear that Qin Chen might see something wrong with her.

Bah, baah!

How can I be tempted by this iron bull? Don't you like heroes, invincible and powerful? Well, although this iron cow seems to meet these requirements, the name of the iron cow is so earthy!

Moreover, he likes sister Ruyue, how can he steal a man from sister Ruyue?

No, it seems that sister Ru Yue hasn't seen him yet, right? How can I be sure that Sister Ruyue will definitely like him? If Sister Ruyue doesn't like this iron bull, then... wouldn't she have a chance?

Fairy Ziyun was tangled in her heart, and she didn't know what she was thinking about.

But one thing is certain, she is expecting it in her heart, expecting Ruyue to look down on Qin Chen, then she can take advantage of the vacancy to enter.

"Sister Ziyun, this kind of uncultivated savage, even if a man in the world is dead, no one will look at him, don't you think." Ji Ruxing jumped like thunder while trying to win the united front, facing Ziyun The fairy shouted.

"what?"

Fairy Ziyun was taken aback, and only then recovered from his reverie, nodding hurriedly, but his face was as red as a ripe apple.

Fortunately, no one paid attention to her at this time.

"Well, Ruxing, stop making trouble, Brother Tie Niu, go, let's celebrate." Ji Ruri walked up and said with a smile, persuading Ji Ruxing to come down.

In order to make friends with Qin Chen, Ji Ruri initiated his identity as the son of the Ji family's Tianjiao, and soon, in the courtyard where Qin Chen lived, a variety of good wines and dishes were served.

"Come on, Brother Tie Niu, I toast you a glass." Ji Ruri held up the glass.

"Come on." Qin Chen also picked up the wine glass, but said silently in his heart: "Ru Yue, I can finally enter the ancestral land, you are waiting for me, there are still three days."

Then, he drank all the drinks.

"Haha, Brother Tie Niu is really proud." Ji Ruri laughed, and then said to Ji Ruxing: "Ru Xing, you also offer a glass to Brother Tie Niu."

"Big Brother!" Ji Ruxing bulged her mouth. Now she is a little angry at what Qin Chen said during the day.

"Don't you listen to what the big brother said?" Ji Ruri deliberately said with a calm face.

"Come on, Savage, I'll toast you a glass." Ji Ruxing couldn't help but raised the glass, but the expression on his face was quite dissatisfied, just like how much Qin Chen owed her.

"Little girl film, what do you call me?" Qin Chen was upset, savage, there are no rules.

"Yes, Ruxing, be nice to Brother Tie Niu." Ji Ruri said, and at the same time smiled awkwardly at Qin Chen: "Brother Tie Niu, my sister has been so mischievous since she was a child, don't take it to heart."

### [Chapter 1738: Ji Ruguang](#)

"Don't worry." Qin Chen said with a grin: "Big brother-in-law, how can I be as knowledgeable as my sister-in-law? Everyone is a family, little girl film, remember to call brother-in-law in the future, if you hear it, as for the brother-in-law..."

Qin Chen looked at Ji Ruri again, "You can just call my brother-in-law, brother Tie Niu, see you outside!"  
puff!

Ji Ru came to Japan and drank halfway through the wine, and then it spewed out, brother-in-law? This kid can climb up the bar too much.

"Hehe." He laughed dryly, not knowing how to answer it.

"Brother Tie Niu, Ziyun toasts you a cup." Fairy Ziyun stood up just then and freed him.

Fairy Ziyun has a graceful posture, standing upright, with cherry red lips lightly open, exhaling like orchids, beautiful eyes looking forward, like autumn water, very moving, as if he can talk.

She looked at Qin Chen with a smile, the amber wine glass with white jade hands complemented each other, and under the light, it was more seductive.

"Okay, okay, come!" Qin Chen picked up the wine glass and saw Fairy Ziyun's beautiful eyes gleaming, as if talking to him, his eyes were breathtaking and temptation.

"Huh!" Qin Chen seemed to be attracted, and when he looked over attentively, Fairy Ziyun was immediately happy. This little fool, as long as he behaves more actively, he will be attracted by himself.

Think about it, what kind of world has a savage in the mountains seen? As long as you deliberately show off your charm, you will not be disadvantaged.

I was ecstatic in my heart, and heard Qin Chen wondering: "Fairy Ziyun, what's wrong with your eyes? Why are you blinking at me? Is the sand in your eyes? Do you want me to blow for you?"

"Ahem!"

Fairy Ziyun choked half a glass of wine to his throat. He was so angry that his face was flushed. Why did he get sand in his eyes? Is this guy an idiot? How many handsome men have you ever fascinated with such obvious hints and affection?

Dare to love in his eyes is sand in his eyes!

Fairy Ziyun didn't know what to say.

Next, the two parties were drinking and chatting, and Qin Chen also began to inquire about Ruyue's news. He was carefree and did not shy away from it, and asked directly.

Ji Ruri seemed to be very relieved of Qin Chen, and knew everything.

Soon, Qin Chen knew the current situation of the Ji family.

Today's Ji family's situation is very complicated. Because of being close to the Misty Palace and holding a high position in the Hall of Law Enforcement, the Ji family's CCP has divided into several camps, and Ji Ruri's father, Ji Daoyuan, whom Qin Chen saw that day, is one of the camps.

In addition, Ji Ruri also vaguely pointed out that the reason why Ruyue was in the ancestral land and did not participate in the Daoshan dispute was because he rebelled against the ancestors of the Ji family and was punished by the ancestors and imprisoned in the ancestral land, instead of practicing in the ancestral land.

This made Qin Chen's heart a little gloomy. Ru Yueben is the most outstanding Tianjiao of the Ji family. It can be said that it is the jewel of the Ji family. It is not an exaggeration. What mistakes have been made that caused the Ji family ancestors to be so cruel and imprison her in the Ji family ancestral land. ?

"Ru Yue, you are waiting for me, I will be here soon." Qin Chen said silently in his heart.

For the next three days, there were people everywhere in Qin Chen's side, and Qin Chen didn't bother to pay attention to it.

Three days' time, fleeting.

Soon it was time to enter the ancestral land.

"Brother Tie Niu, let's go." Ji Ruri came to Qin Chen courtyard early in the morning and shouted.

"Brother Tie Niu, brother, didn't you let you call my brother-in-law?" Qin Chen said as he came out.

"Uh..." Ji Ruri was speechless. He didn't know how to pick him up. Brother Tie Niu was really rascal. Is he sure to be his brother-in-law? He couldn't understand Ru Yue's vision and personality. If he really liked Qin Chen, Ji Ruri wrote it upside down.

Qin Chen didn't care, and followed Ji Ruri to a hall.

A group of people had already gathered in the hall, and as soon as they entered, a throbbing breath filled the air, that was the breath of Emperor Wu.

Looking around, I saw about twenty people in the hall.

There are two groups.

There are five people in a wave, each of them is the Nine Heavens Emperor Wudi, but they are basically the Nine Heavens Emperor Wudi in the early stage. The aura looks a little mixed, obviously because of the impure cultivation methods, like some casual cultivators.

This should be the foreign powerhouse that the Ji family has wooed over the years, because Xu Dongsheng was in the crowd, staring at Qin Chen with some eagles, exuding chills.

Three days later, the injury on his body had healed, and with the Ji family's ability, it was natural to treat this injury.

But physical injuries can be healed, but how can mental injuries be healed?

Therefore, Xu Dongsheng stared at Qin Chen coldly, and even a hint of resentment flashed through the depths of his eyes.

Not only Xu Dongsheng, but the other four people looked at Qin Chen's gazes as well.

This is natural. Like Xu Dongsheng, they are all foreign powerhouses who joined the Ji family. They finally broke through to the Nine Heavens Martial Emperor realm and gained a higher position in the Ji family.

But Qin Chen, an outsider and junior, defeated Xu Dongsheng in full view, which was tantamount to slap them in the face severely. It would be strange if he was happy in his heart.

The other camp is a bit confusing.

There are nine-day martial emperors and half-step martial emperors, but without exception, these people are very young and have a very strong aura. It can be seen that they are the top talents in Ji's family.

"This is the genius who defeated Emperor Wudi in half a step. Doesn't it look good?"

A young man in his twenties sneered. He had a mean smile, sharp eyes and a sneer. He looked up and down Qin Chen as if he was looking at a commodity.

Although his cultivation is only in the half-step Wudi realm, his tone is quite sophisticated and pretentious.

"Haha, I heard that your Excellency defeated Xu Dongsheng before? You still won a lot of Daoshan fruit in the Daoshan dispute? It's interesting, hand over the Daoshan fruit, just because of something wrong, this young man missed the Daoshan dispute, otherwise Your Excellency can get so much."

The young man stood high and looked down at Qin Chen.

"Why?" Qin Chen glanced at him, who is the other party, so crazy.

"Just because I am Ji's son, and you, just an outsider, take refuge in my Ji's family. In my Ji's eyes, you are a dog of my Ji's family. Can the dog not listen to what the master says?" The young man said proudly.

This is natural. In his eyes, no matter how strong Qin Chen is, it is only a dog in the Ji family, so the owner should care about the dog's opinion.

"Ji Ruguang, what are you talking about?" Ji Ruri said angrily, stepping forward, staring coldly at him.

The faces of Xu Dongsheng and others were also a little ugly. Although Ji Ruguang was talking about Qin Chen, they were also outsiders. Wouldn't it be said that they were also dogs?

### [Chapter 1739: Enter the ancestral land](#)

They finally become Emperor Wu and enjoy the admiration of thousands of people. Are they here to be dogs?

"Why? Ji Ruri, do you want to stand up for him?" Ji Ruguang looked at Ji Ruri coldly and laughed: "That's right, you brought this person back, and belonged to your second uncle's line. He speaks, but no matter how you defend him, you can't erase the fact that he is a dog. If he doesn't want to be my Ji family's dog, what qualifications does he have to come to my Ji family's ancestral land to be baptized?!"

Ji Ruguang ignored Ji Ruri, looked at Qin Chen, and said with a smile: "So, kid, you can do whatever you want, you know?!"

The corner of his mouth outlines the sarcasm, aloft, very contented.

He believed that there were only a few great fruits, and Qin Chen didn't dare to refuse his request if he wanted to hang out in Ji's house and accept his ancestral baptism.

He raised his head, raised his chin, with his nostrils facing the sky, very proud.

Snapped!

But suddenly, a strong wind struck, and it was Qin Chen who slapped his face directly, making his pink cheek red and swollen, falling to the ground severely, and spitting out blood.

Boom!

The ground shook, and a big hole fell.

"Dogs, dogs, really lacking quality. If you don't be good people, you have to be dogs. It's really cheap." Qin Chen shook his palm and said lazily.

"Do you dare to hit me?"

Ji Ruguang covered his face and jumped up. The other finger pointed to Qin Chen, and his fingers were shaking. He looked at Qin Chen in fright and anger. The blood slipped from his fingers with a crazy expression.

"How about I hit you? I'm not sensible, I can teach you." Qin Chen cursed, and continued to move forward, slapped Ji Ruguang's head directly, and drew him out again, nosebleeds.

The original handsome face suddenly seemed to be overturned, colorful.

"I'm fighting with you." Ji Ruguang roared and charged up.

But how could he be Qin Chen's opponent, bang bang bang, Qin Chen shot him and beat him into a pig head.

Everyone on the court was so dumbfounded that they couldn't react for the first time. Only then did Emperor Ji Jia Wu roar and rushed up: "Boy, stop!"

boom!

The terrible Wu Emperor breath was released, and several Wu Emperors shot one after another, looking fiercely, trying to suppress Qin Chen.

Because, Qin Chen is too much, dare to attack their Ji family's Tianjiao, turn the sky?

Xu Dongsheng and the others were also shocked. They looked at Qin Chen in shock. The anger and hostility towards Qin Chen had disappeared a lot.

Because this guy is simply a madman, who knows the same as a madman.

"stop!"

Seeing that the two sides were about to clashed, a cold shout sounded, and then, a terrifying breath was directly suppressed, and everyone was shocked and unable to move.

Then, the great elder appeared in the hall, staring coldly at everyone, his eyes stern.

"Brother Tie Niu, you are too reckless." Ji Ruri looked at Qin Chen anxiously. No matter what, Qin Chen couldn't take action against Ji's family. This was a taboo.

"Elder, this kid had acted on me before, it was too unruly." Seeing the elder, Ji Ruguang cried out aggrievedly, angrily, and wailed.

"Enough, look at how you look like." The elder scolded at the crowd, his eyes were cold and stern, and no one on the court dared to speak anymore, all of them were silent.

Just looking at Qin Chen's gaze was very unkind, and at the same time the corners of his mouth were sneered, because they were sure that Qin Chen was done, and they dared to do something to the Ji family's son, an outsider, where the courage, the elder would never let him go. .

"Elder, you are the Tie Niu brother Ruguang provoked first..." Ji Ruri said hurriedly. If the elder punishes Qin Chen for this, it will be troublesome.

"Elder, I..." Qin Chen was also ready to explain. He didn't worry about the punishment of the elder. This was the posture he had originally shown. He was careless and without scheming. If it was because of Ji Ruguang's identity, he would be afraid of him. It is suspicious.

"Okay, don't have to say, this matter will be revealed, it will soon enter the ancestral land, whoever makes trouble, the old man will be severely punished." The elder snorted coldly.

As soon as these words came out, Ji Ruguang and the others were immediately stunned, and the great elder didn't punish Qin Chen. This was completely unreasonable.

Qin Chen himself was puzzled.

The great elder valued him, he could understand, but he didn't punish him at all, this... but it was weird.

Because what he beat was Ji's son, how could he expose it so easily?

"There is a problem!" Qin Chen judged in his heart.

Where is the problem? Qin Chen felt vigilant in his heart for a moment. For some reason, he always felt that there was something wrong with the elder's eyes looking at him.

"It doesn't matter, it's impossible to retreat from the trip to the ancestral land. When the time comes, we will act by chance." Qin Chen secretly said in his heart.

"Everyone, follow behind me and set off." The elder snorted coldly, and walked out of the hall alone after he finished speaking. Although everyone was puzzled and dissatisfied, they could only follow.

Whoosh whoosh!

Above the sky, a stream of light passed by.

Along the way, there are prohibitions and interceptions everywhere, and there are strong Ji family patrols, and the guard is tight.

Especially close to the ancestral land, the defense force is even more terrifying, making Qin Chen secretly shocked, if he does not use the current method, it is really not easy to forcibly break in.

But under the leadership of the Great Elder, everyone went unimpeded all the way, and soon came to the ancestral land.

The Ji family ancestral land is located in a large mountain range, close to here, a breath of wildness swept out, which is shocking.

"This is the Ji family ancestral land?"

The outsiders such as Xu Dongsheng were excited. They had only heard of this place from the rumors, but they had never approached it, so they were all very excited.

Rumor has it that there is a secret place in the ancestral land of the Ji family, which can be baptized, and once the baptism, there will be an astonishing transformation.

They are all looking forward to it.

In fact, in addition to some of the top powerhouses of the Ji family, even the direct descendants of the Ji family rarely have the opportunity to come to the ancestral land. They all raised their heads and looked excited.

However, in front of me, there is only a mountain range, and there is no ancestral land at all. So where is the ancestral land?

In the midst of everyone's doubts, several figures loomed out of the mountains and forests in front, with a strong aura. It was actually a few Wudi strong men guarding here.

"Great Elder!"

Seeing the great elder, these guards immediately saluted respectfully.

"Ok."

The great elder nodded, and then took out a token, hum, and suddenly, the token connected to the void, and the void in front of it, rippling open a halo like a gate, and then, a breath of wildness came out of the gate, making everyone's heart. Shocked.

The ancestral land of the Ji family is hidden in the void of this mountain range!

And Qin Chen also stared, because he discovered that the method of opening the ancestral land was somewhat different from that in the previous life, and it seemed that it had been changed.

#### [Chapter 1740: Spied](#)

"Fortunately, I didn't break in rashly before." Qin Chen secretly said by luck, otherwise it is very likely that Ji family will find out, and it will be troublesome to enter again.

"All come in."

The great elder snorted and took the lead into the void forbidden ground, and everyone followed closely.

As soon as he entered the ancestral land, a strong prehistoric aura came upon his face.

This is an extremely magical place, with mountains and greens everywhere, as if it has existed for thousands of years, it is very old, and even the air is exuding the smell of primitiveness.

In addition, the trees here are all very weird, they are all types that no one has ever seen before, and without exception, they are extremely huge, unlike the outside world, as if an alien space has come.

"Roar!"

Suddenly, in the distant mountains, there seemed to be a terrifying blood beast roaring, roaring, and bursting out with a palpable breath.

"Are there still blood beasts here?"

Someone murmured.

They had imagined many appearances of the ancestral land, such as an ancient land, or a secret stone room, but they never thought that it would be like this, an unknown world hidden in the void.

The elder gazes coldly and said: "This place is the ancestral land of my Ji family, and at the same time, it is also the forbidden land of my Ji family. If you have the opportunity to come, it is also luck. Remember, in this ancestral land, you cannot move around, because this place is full of dangers. If you walk around randomly and cause your fall, the old man will not be able to save you."

While talking, the great elder swept forward.

The crowd followed closely, and they sensed the surroundings at the same time. They were even more shocked, because the aura here was completely different from the outside world, and there was a faint sense of oppression for everyone, as if they didn't deserve to be in this space and were heavily suppressed.

Qin Chen followed behind the elder and was also observing the surroundings, but couldn't help frowning.

More than 300 years ago, he followed Ji Wuxue to this Ji family ancestral land, but compared to that year, there seemed to be some changes here, but Qin Chen could not observe the specific changes for a while, just felt that this place Somewhat weird.

"Be careful."

Qin Chen was secretly vigilant and moved forward carefully. After flying by for a while, Xu Dongsheng and the others were shocked.

In the distance, a huge black castle with a radius of tens of miles stood among the mountains, like a giant monster lurking there. The most frightening thing was that densely packed figures patrolled the castle with a lot of manpower.

"This is where the real ancestral land of our Ji family is located." The elder said proudly: "The place where you receive the baptism is also in this castle."

With that, there was a group of black armors in the distance, guards wearing black cloaks flying over.

Seeing this team of guards, Xu Dongsheng and others felt a panic in their hearts. The ten guards naturally exuded evil spirits, and each of them looked cold.

"Everyone is a master." Xu Dongsheng and others were shocked.

Compared with the guards of the Ji family mansion outside, these powerful men wearing black armor and black cloaks give people a stronger aura, more sturdy, indifferent, and even more terrifying. These people are actually the nine-day martial emperor. By.

"How come there are so many powerful people in this Ji family?" Even Qin Chen narrowed his eyes, a little frightened.

As the ancient family of hidden generations, the strength of the Ji family is naturally quite strong, but no matter how strong it is, there are limits.

When Qin Chen came here three hundred years ago, although Ji's family also had strong patrols, the leader was Jiutian Wudi, and the rest were Pinnacle Wuhuang, or half-step Wudi, but now?

This team of ten guards, all of them Nine Heavens Wudi, when did the Ji family become so terrible?

This is no weaker than some of the top forces on the mainland.

Because when you look at it, you can see more than a hundred people with the naked eye, and they are all good nine-day martial emperors. They are not the kind that has just broken through and have not yet condensed their breath, but are like those who have experienced many fights. warrior.

"Elder!" The one headed by the team saluted.

"This time the disciples who have accepted the experience are here, let's go." The elder said indifferently. The ten black armored guards immediately led Qin Chen's group towards the black castle, and the door of the black castle was also wide open.

Among the mountains, this black castle did not know how long it had existed.

The strangest thing is--

The black castle seems to have a kind of weird power, it is a unique world, as if there is an invisible cover that guards the castle in it, it is a special kind of barrier.

Qin Chen knew that this was the prohibition of the black castle. It was very terrifying. From ancient times to the present, Qin Chen in the previous life had not thoroughly penetrated it.

Qin Chen and the others entered the restriction.

Hum!

An invisible force swept over them, and Qin Chen suddenly felt cold all over, as if being stared at by something, and felt like being spied on.

"Someone is spying on us!"

Qin Chen's heart trembled, and his entire body was about to stand up. His instincts were too keen. He was a top-level powerhouse and spied everyone in secret. The strength of this person is definitely higher than that of the elder. Qin Chen felt a little creepy.

Qin Chen almost revealed his stuffing, but fortunately, he reacted in time, pretending to be nothing, his heartbeat was also very normal.

Because other people were also surprised to feel the restrictions around them, and never found this concealed force swept through.

This power swept across everyone, and finally, stayed on Qin Chen for a while, and then quickly withdrew, the great elder also glanced at Qin Chen thoughtfully.

This move was naturally seen by Qin Chen, but he pretended to be ignorant.

But in his heart, he was secretly frightened. Fortunately, he didn't choose to break in privately. Otherwise, after entering this restriction, he would inevitably be discovered by that force, and he would be exposed for the first time, and he would never see the moon at all.

Entering the castle, this is a large hall, everyone stopped.

"Great Elder."

A man in a cloak walked in, with a smile on his face, and glanced at these people on the field at the same time, "These people are the geniuses who ended the baptism this time?"

This person has a pair of triangular eyes and a very eagle bird. He glanced at everyone on the field. Everyone suddenly seemed to be stared at by a poisonous snake. The whole body was cold, but then this person looked away, and this feeling was also instantaneous. Disappeared.

"What a terrible strong man."

Xu Dongsheng and others were secretly shocked and shocked.

After breaking through the Nine Heavens Emperor Wu, they were actually very proud inside, thinking that they were already the top powerhouses in this world.

But now after they arrived at the Ji family ancestral land, they realized how small they really are. Almost everyone here is not weaker than them, and the pressure on them is too great.

But at the same time there is excitement.

Because they knew that they were also about to be baptized, once they were baptized, their cultivation base would also be astonishingly improved, and they would step into the upper ranks of the Ji family.

Isn't this the dream they are pursuing?
