

Valkyrie 1771

[Chapter 1771: Destined](#)

"Ru Yue, go, let's go ahead and have a look." Qin Chen said to Ji Ruyue.

Ji Ruyue nodded, and the two immediately flew to the stone house together. Because of the previous scene, Ji Ruyue was still a little shy now, with red cheeks, and she did not dare to look at Qin Chen.

Then, the two stopped in front of the stone house on the other side of the lake.

"This stone house looks like it's not too old."

Qin Chen was surprised. Originally, he thought that this stone house should have been left over from ancient times in the Ji family forbidden area, but now he discovered that the stone bench and stone table top here are only a few hundred years old, as if they had just been built. .

Hundreds of years of history are a very long period of time for ordinary people, but for top powerhouses, it is nothing.

Walking into the stone house, the whole stone house is very simple and simple, as if it is piled up randomly, but there is a jade slip on the stone table in the middle of the stone house.

Qin Chen's eyes flashed, and he even came to the jade slip, but suddenly a restriction appeared and stopped him outside. This restriction is very terrifying. If it hadn't been broken, it would be difficult for Qin Chen to figure out the clues, but at this moment, he had broken through the Nine Heavens Martial Emperor realm, and his soul power had also been surprisingly improved. Life and death

Wheel prohibition and Daoshan's prohibition arrangement are very similar.

"It's Ji Wuxue's handwriting." Qin Chen said solemnly.

The entire stone house has a short history. Could it be that Ji Wuxue lived here for a while?

"Grandpa." Ji Ruyue was also slightly surprised.

"This is a bloodline restriction, Kisaragi, come on."

Qin Chen stepped aside. Although he had sufficient strength to try to break the restriction, Qin Chen would naturally not break the restriction of his old friend by force. This was a kind of disrespect to the old friend.

Ruyue stepped forward, gently pressing his right hand against the restriction, the restriction flashed slightly, and then disappeared.

This is a bloodline restriction. The bloodline of the person touching it is tested to verify whether it is a Ji family disciple.

Then, Ji Ruyue touched the jade slip on the table.

Hum!

I saw the jade slip light up suddenly, and then a light and shadow appeared in the stone house.

This is an extraordinary man, dressed in white, slender, noble and elegant.

"Brother Wuxue." Qin Chen couldn't help but blurt out, this white man is really Ji Wuxue.

"Brother Wuxue?" Ji Ruyue glanced at Qin Chen suspiciously. Qin Chen's name for the grandfather was too weird, and how could Young Master Chen know what the grandfather looked like?

This doubt only flashed slightly, and the light and shadow had already spoken.

"People, since you can break the old man's ban, it means that you are the direct descendant of my Ji Wuxue, and you have never been taken away by anyone, and you have also broken through the nine-day martial emperor."

A strong and full of magnetism sounded slowly in the stone house.

"And if you touched the old man's jade slip, it also means that the old man should be dead. If I guessed right, now the Ji family is headed by Ji can't?"

The voice was gentle, but with a straightforward power, and sneered at the same time.

"This place is a treasure that has been passed down for thousands of years by my ancestors of the Ji family, and it is reserved for the descendants of the Ji family. The old man cannot let it fall into the hands of some wicked people..." Ji Wuxue's tone was full of richness. Killing intent. "Perhaps, in your family, you have heard some things about the old man. Perhaps the family has turned me into a villain who destroys the family and betrays the family. But what I want to say is that I, Ji Wuxue, are loyal to the family and Tianwu. Mainland, and really

Naji can't betray the family..."

"All of this is a long story. Just listen to me slowly. In fact, all of this must start from my friend, Qin Chen..."

"Qin Chen?"

Ji Ruyue was startled and turned to look over. Qin Chen's pupils also shrank, this matter has something to do with him? He touched his nose, and explained to Ji Ruyue: "The Qin Chen your grandfather said should be the Pochen Martial Emperor Qin Chen from the Martial Region three hundred years ago... It is said that your grandpa and Pochen back then

Emperor Wu has a good relationship. "

"Really?" Ji Ruyue was puzzled. She suddenly remembered that when Qin Chen and Feng Shaoyu, the emperor of the Xuanyuan Empire, fought against each other in the Guyu Realm Spatial Pool, she had said aloud what kind of Wuchen Martial Emperor Qin Chen was.

Is there any connection here?

Ji Ruyue glanced at Qin Chen and saw that Qin Chen did not continue to explain, so she didn't ask.

She unconditionally believed in Qin Chen, if Qin Chen really had something to do with the Pochen Martial Emperor, since Chen Shao didn't want to say, then Ji Ruyue didn't want to ask for his own reasons.

Qin Chen breathed a sigh of relief when he saw this. If Ji Ruyue asked him, he really didn't know how to explain it. He didn't tell Ji Ruyue his true identity. He didn't deliberately deceived him. It's safe.

Qin Chen did not want Ru Yue to participate in the grievances of her previous life.

Because it is not the time yet, when the time is right, Qin Chen will naturally tell the closest person around him.

At this moment, Ji Wuxue was already talking about all this slowly, and Qin Chen also released Ji Hongchen. Ji Wuxue was the elder of Ji Hongchen, and Ji Hongchen was not taken away by the alien demons. The power to know everything.

"Grandpa Wuxue." Ji Hongchen looked at everything in front of him in horror and covered his mouth.

In the jade slip, all the reasons for Ji Wuxue's actions were recorded.

It turned out that Ji Wuxue entered dangerously to search for Rongdao Grass. After he came out, he learned the news of his friend Qin Chen's disappearance. He was shocked and rushed to Misty Palace to track down Qin Chen's whereabouts.

From Shangguan Xi'er, he learned that Qin Chen was trapped in Death Canyon because he went to Death Canyon to rescue Feng Shaoyu, and he did not know his life or death.

And because of this, Shangguan Xi'er and Feng Shaoyu fell out directly. The two were extremely hostile and did not communicate with each other.

After questioning Shangguan Xi'er, Ji Wuxue wanted to go to Death Canyon to rescue Qin Chen, so she went to ask Feng Shaoyu what happened.

Feng Shaoyu naturally told him what happened.

And just when Ji Wuxue was about to leave, she unexpectedly felt a trace of Shangguan Xier's breath from Feng Shaoyu's body.

This made him extremely puzzled.

It was already half a month after he got the news. After Feng Shaoyu and Shangguan Xi'er fell out, the two did not talk to each other. How could there be the breath of Shangguan Xi'er in Feng Shaoyu?

And this kind of breath can only be left when we meet recently and are very close.

This gave Ji Wuxue the first doubt in her heart. But he didn't think deeply. He rushed to Death Canyon for the first time. Using his unique technique, he did find traces of Qin Chen's presence here, and he could conclude that Qin Chen was indeed an accident in Death Canyon.

[Chapter 1772: Heavenly Powerhouse](#)

He wanted to save Qin Chen at the time. However, Death Canyon was extremely dangerous. With his cultivation base at that time, let alone rescue Qin Chen, as long as he entered Death Canyon, there would be only one possibility of falling.

So, he returned to the Ji family ancestral land, trying every means to improve his strength.

He knew that if Qin Chen hadn't died, he must still be in Death Canyon.

But if you want to rescue Qin Chen, it is impossible without the cultivation base of Emperor Wu of the pinnacle, because Death Canyon is too terrifying, it is the top forbidden place in the martial arts, and Emperor Martial of the pinnacle has entered it, and it is impossible to escape.

And Ji Wuxue was originally the capital of Tianzong. Under the frenzied practice, his strength improved by leaps and bounds. Later, he entered the forbidden land of the Ji family and discovered a big secret.

"The Ji family forbidden land is left by our ancestors of the Ji family, but my ancestor of the Ji family is a strong man from the heavens." Ji Wuxue solemnly said.

Heavenly powerhouse?

Qin Chen, Ji Ruyue and Ji Hongchen took a breath at the same time.

Heaven has always been a legend in the Tianwu Continent. Only those who have reached the Holy Realm can enter when Wu breaks through the void. Does this place really exist?

And what made Qin Chen even more shocked was that a strong man in the heavens could actually come down from the heavens?

With horror in his heart, Qin Chen continued to listen, but Ji Wuxue did not say much after just mentioning it briefly, but continued to tell his story.

In the Ji family's ancestral land, Ji Wuxue's cultivation base has advanced by leaps and bounds. In just a few decades, he has become the late Emperor Wudi, and has become the most powerful man in the Ji family.

Therefore, he also became the most advantageous candidate for the head of the Ji family.

But when he was in seclusion for decades and left the forbidden area, he discovered that the Ji family had been completely controlled by Ji, and the head of the Ji family had already become Ji Cannot.

Originally, Ji Wuxue didn't care much about the position of Patriarch. He only wanted to practice, study the restraint, and be a freely strong man, but he unexpectedly discovered that Ji could not collude with Misty Palace.

Moreover, Ji couldn't as the head of the Ji family, ask him to surrender everything and tell the secrets of the Ji family forbidden land.

Because in history, no one had cultivated in the forbidden land for decades and reached this level of cultivation, Ji could not be sure what opportunity he had obtained.

At that time, Ji was unable to win over all the powerful elders of the Ji family during his retreat, and to get rid of some elders who opposed him.

If it was before, Ji Wuxue might still tell the secrets of the forbidden land, but now, it is naturally impossible to tell all of this.

Although he discovered that Ji was unable to collude with Misty Palace, he suffered from no evidence and did not want to expose the forbidden area to Ji, so he could only put a ban on the forbidden area.

What Ji Wuxue did naturally aroused the anger of the senior members of the Ji family. If he wanted to punish Ji Wuxue, Ji Wuxue naturally refused to follow him. Instead, he chose to explore the Misty Palace at night. He believed that Qin Chen's accident was absolutely nothing. Not as simple as Shangguan Xier said

.

Originally, with Ji Wuxue's strength, there would be no surprises in the night of the Misty Palace, but he did not expect that there would be some foreign powers lurking in the Misty Palace.

These aliens are extremely terrifying. After he was discovered, the two sides immediately fought a battle in the Misty Palace. He was besieged and seriously injured, and then escaped from the Misty Palace.

Ji Wuxue returned to Ji's house for the first time and wanted to tell this astounding secret, but he did not expect that, as soon as he returned to Ji's house, he faced Ji's inability to attack in advance. My friend's wife has a bad wife.

Ji Wuxue has difficulty in arguing, and he also wakes up, Ji Cannot have been completely in collusion with Misty Palace, and there are also strong people in the family who have been taken away by foreign races and attack him.

The whole family had long been completely under the control of Ji unable to join hands with Shangguan Xier. In desperation, he had to break into the forbidden area, leaving behind this jade slip, and resolutely chose to go to Death Canyon to find Qin Chen, because he felt that only by finding Qin Chen could he break all these conspiracies, and he I also firmly believe in Qin Chen

It must not be dead.

"My descendants, if you can see this paragraph, it means that after I went to Death Canyon, I never came back. It is very likely that I am already dead."

Ji Wuxue smiled, "However, I don't regret it, and I firmly believe that Qin Chen must not die, he is definitely not the kind of person who falls easily, even if he falls into Death Canyon, he must just be trapped in the depths of the Canyon. , Can't come out."

"Since you can come here, it means that you have passed the test of Zihu, although I don't know why Ji couldn't let you in, whether it was to break my ban or what purpose, it doesn't matter." "Here it is. After the stone house, there are the remains of the ancestors, which contain the secrets of my Ji family. You can stay here and practice until the late Martial Emperor before breaking out. Moreover, in the jade slips I left behind, there are all the bans that control the ancestral land. Method of formation,

With this, you can escape the ancestral land for the first time. "After leaving, I don't expect you to avenge me, nor do I avenge me. Shangguan Xi'er, this person, dormant very deeply. This is a woman who even feels terrified of me. You must not be an enemy. Stay incognito, spend this life, except

No, it can reach the realm that the ancestors said. "

"If this is true, please also my descendants, one day you can go to Death Canyon to explore and search for the traces of my friend. I believe him, he will not fall so easily. This is my only request of you. Right."

"Remember!"

After saying all this, Ji Wuxue's figure disappeared, and Yu Jian also recovered her calm.

Everyone stood for a long time, no one spoke, and they were all in a deep shock. Especially Qin Chen, he thought that Ji Wuxue didn't know the cause of his death, so he died of Shangguan Xier and Feng Shaoyu's undermining, but he didn't expect that he had already seen through all this and still decided to go to Death Canyon. Purpose only

Rescued myself.

Even in the arrangements for his descendants, he also asked the other party to rescue himself, and even didn't care about his own safety at all.

"No snow."

Qin Chen groaned silently in his heart, who said there is no brotherhood in this world? Although there are sinister people like Feng Shaoyu, but likewise, there are also people like Ji Wuxue who are most in love.

The corners of Qin Chen's eyes were slightly wet.

"Little dust, take this jade slip."

At this moment, Ji Ruyue turned her head and said, in an instant, the tears from the corners of Qin Chen's eyes dried up, and Ji Ruyue did not find any abnormality.

"Let's take it. Senior Wuxue left this to his descendants. I want to come to him to do this, and hope that his descendants can complete his last aspirations and regain control of the Ji family ancestor land." Qin Chen whispered. It's hard to say that Ji Wuxue had no such thoughts.

[Chapter 1773: Ancestor of the Ji family](#)

In the end, Ji Ruyue picked up the jade slip by herself, and all of the prohibitions of this ancestral land were clearly presented in her mind and became something she controlled.

"Ok?"

Outside, Ji couldn't jump his eyebrows inexplicably and couldn't help but raise his head.

In the sky, thunder roared, and the suppressed breath even felt suffocated by such a strong man.

"Ancestor, what's the matter?" The Great Elder asked in doubt.

"It's nothing." Ji couldn't shake his head. Just a moment ago, he felt as if some kind of change had taken place in the ancestral land, but when he observed it carefully, he found that there was nothing unusual, which made him suspicious.

"Ancestor, don't worry, the strong man of our clan has already begun to completely seal off this forbidden area. No matter what happens inside, as long as the kid dares to come out, he will be caught."

The mortal monarch was gloomy and gloomy on the side. Outside the forbidden ground, black silhouettes swept around. What was arranged, the black restraints were like nets of heaven and earth, covering the entire ancestral land.

These people in black, each cultivation base is extremely terrifying, and they are all at the same level as the mortal monarch, and they exude a palpable aura. In the forbidden area, Qin Chen and the three people naturally did not know everything about the outside world. At this time, Qin Chen and the three people had already arrived behind the stone house and found a statue. This statue was originally very secret, and it should have been discovered by Ji Wuxue later. Just exposed to the forbidden

In the earth.

At this time, Qin Chen and the three people also understood that this so-called statue was not a real statue, but a corpse. After it fell, it was petrified here, making people feel like a statue.

"This is the ancestor of the Ji family, the legendary strong man in the heavens?"

The eyes of the three Qin Chen fell on the statue, this statue has no momentum, and it is impossible to tell how strong it is.

And what is the secret of the Ji family that Wuxue said?

Qin Chen and the three of them stared at the portrait of the ancestor of the Ji family. At first they didn't think of anything, but when they looked at it, all their eyes fell into the statue.

Hum!

In the next moment, Qin Chen and the three people all appeared in a void. Above the sky, a majestic figure with an invisible face rose in the sky, standing proudly in the sky, really like a god.

Above the nine heavens, there was a purple thunder light surging, with an aura of destruction, the sky was dyed purple, and the towering figure was staring at the three people below.

The three Qin Chen felt that they couldn't breathe anymore.

That peerless figure, like a god, is extremely majestic.

Qin Chen's heart trembled, he actually had a meaning of insignificance, but it should be known that he had just broken through the Nine Heavens Martial Emperor, and in terms of strength, he was already a great martial arts giant, but in front of this strong man, he felt insignificant.

Holy Land, is this person the legendary Holy Land powerhouse?

At this moment, the strong man soaring into the sky turned his eyes, and Qin Chen's heart trembled. At this moment, he only felt that these eyes were staring at him.

"Finally, someone else came to my world."

The ethereal voice came out from the opponent's final, causing the bodies of the three Qin Chen to tremble violently, and finally someone...he was still conscious and not dead. "Don't be surprised. Actually, I'm already dead. What's left is just a trace of the old man's thoughts, and this thought will finally disappear. Over the past countless years, the old man has only waited for one person. This idea disappeared

When you lose, you can still wait for the three of you. "

"idea?"

Ji Ruyue and Ji Hongchen couldn't say a word that was shocked a long time ago, only Qin Chen was whispering.

A single thought can remain to this day, at least tens of thousands of years, what kind of cultivation level this is. "Yes, this is just a thought after the old man's death. It can also be called a remnant soul. However, this remnant soul has gone through endless years and has been almost wiped out. After this time, even this remnant soul, Will also be shattered, this world

, There will be no more me. "

"But I really didn't expect that this time an outsider would enter my mind space. It can be seen that your soul should not be weak. Moreover, you have my purple liquid aura on your body. The body of an outsider will not die by my purple liquid. Interesting, interesting!"

The figure's gaze focused on Qin Chen, as if he was quite curious about Qin Chen.

Qin Chen's face was suffocated, but this was a bit embarrassing. Indeed, he was not a disciple of the Ji family, but came here, thinking about it, it was indeed a bit weird.

"This guy won't stop talking, right?" Qin Chen sweated a little.

"Haha, little guy, don't worry, if you can come here, you are connected to me, the cycle of heaven, there should be this cause and effect between you and me." The figure laughed.

Then, his gaze fell on Ji Ruyue, and the corner of his mouth was filled with joy.

"Unexpectedly this time, there are still descendants who have accepted my Amethyst inheritance, haha, it's not wasted that I waited so long." He stared at the purple pattern on Ji Ruyue's eyebrows, his expression was quite agitated: "What's your name? "

"Back to ancestors, junior Ji Ruyue."

Ji Ruyue hurriedly saluted. "It doesn't have to be." The figure chuckled, "Ji Ruyue, a good name, I should have cultivated my divine body, no wonder I can get the amethyst approval. This thing is the treasure I have obtained in the heavens. Worry, there is my life in it

Inheritance, you may not be able to open it temporarily, but in the future, it will slowly transform your life, and perhaps in the future, your achievements will be even higher than mine. "

"However, you still have some shortcomings at the moment, so let me give you some tips first."

The figure opened his mouth, obviously speaking to Ji Ruyue, and then, as soon as he pointed it out, an invisible force suddenly entered Ji Ruyue's body. Ji Ruyue's body shook, as if he had received some information and was lost in the mist.

"However, it's you."

The figure looked at Ji Hongchen, and Ji Hongchen's body trembled suddenly. "Hey, you haven't been baptized with purple liquid?" The figure was startled, but didn't care too much. "I don't have much time

left. Your talent is not as good as those two. I will also give you some inheritance, but you I'm not good at which step I can get in the end

Said, because compared to my blood, you are a lot worse than that of Ji Ruyue. "

"Xie Ancestor!"

Ji Hongchen hurriedly saluted, and the figure suddenly pointed out, hum, invisible power poured into Ji Hongchen's body, at the same time Qin Chen felt his body shake, because he found that the connection between himself and Ji Hongchen himself had broken.

"Not good." Qin Chen's forehead suddenly burst into cold sweat.

This means that the other party has broken the soul-killing seal that he left in Ji Hongchen's body. Thinking about it, with the cultivation base of the ancestors of the Ji family, would he not see the soul-killing seal in Ji Hongchen's mind? Get rid of it, but just wave your hand.

I saw Ji Hongchen's body blooming with light, and she was also caught in sentiment.

Then, the figure looked at Qin Chen again.

Qin Chen's body stiffened, and he smiled bitterly. He was too unlucky to encounter this kind of thing. When the other party saw that he dared to enslave his descendants, would he not slap himself to death? This is too wrong.

[Chapter 1774: There is a misunderstanding here](#)

Sure enough, after that figure looked at Qin Chen again, there was a trace of unkindness in his eyes.

"Boy, you dare to enslave even my descendants, you are not brave enough." The figure said coldly.

"This, senior... there is a misunderstanding in this." Qin Chen hurriedly laughed awkwardly, but his back was already wet with cold sweat.

"Misunderstanding? Oh, what's the misunderstanding?" The figure seemed to smile.

"This..." Qin Chen said: "Senior, it's like this, the Ji family today is very restless..."

Qin Chen immediately told the Ji family's situation, "So the younger generation enslaved him, it was for her good."

"Really? Is it for her good to enslave my younger generation?" The figure laughed. It was the first time he heard this theory.

However, seeing Qin Chen's nervousness, the figure suddenly laughed: "Haha, I was just joking with you, don't worry, although the Ji family is my bloodline, how exactly is it? The old man doesn't care."

There is such a statement?

Qin Chen doubted, would anyone care about his blood? "Maybe you can't believe it, but that's the truth. Hundreds of years ago, my descendants of the Ji family who came in last time also told me about the current situation of the Ji family, but the old man didn't care about it either, because, I don't have much power left. This will be the last time I appear. After this time, my remnant soul will disappear. For me, I

hope that there will be a talented person who can inherit everything from me. As for the so-called Ji family, I don't pay attention anymore.

The Tao cycle is prosperous or extinguished, and everything can only be done by itself, and outsiders can never do everything as they wish. "

The ancestor of the Ji family sighed and said, seemingly full of emotion.

Qin Chen was stunned, and then he was a little stunned, and his worries disappeared.

Indeed, according to Ji Wuxue's statement, if he later entered the forbidden land again, he would naturally meet the ancestors of the Ji family, how could he not tell him about the situation of the Ji family outside.

For this person with only the remnant soul left, it may be more important to find a suitable inheritor than the Ji family in the unexpected world.

"This time, Kisaragi made me very satisfied, but you kid also surprised me. Although your cultivation level is not too high, your soul power is much stronger than people of the same realm, and can be inherited. A little mantle of the old man."

Qin Chen was in his twenties, and the nine-day Emperor Wudi's initial cultivation base, but in the eyes of the opponent, his cultivation base was not high. What he valued was Qin Chen's soul power.

"Soul power!"

Qin Chen whispered in his heart, as far as he is concerned, what he needs to improve most now is his soul power. If he can achieve the separation of the soul, he can completely get rid of the shackles of parasitic seeds. "Hehe, as a person in the lower realm, perhaps you don't care about the power of the soul. In fact, when you have reached a certain level of cultivation, you will understand that although the body is dependent, the soul is the root. In the heaven, Only the soul is powerful

Those who are the real powerhouses, unfortunately, the old man's soul power is not strong enough, otherwise, he would not fall in the lower realm. "

The ancestors of the Ji family sighed.

When Qin Chen heard this, he was a violent spirit. He suddenly thought of a question. Since the ancestors of the Ji family were from the heavens, his cultivation must be far superior to the Tianwu Continent. In ancient times, who killed him and who Can you kill him?

"Senior, since you are from the Celestial Realm, why did you fall on this Tianwu Continent?"

Qin Chen couldn't help blurting out. The ancestors of the Ji family were slightly stunned, as if lost in contemplation. After a long time, they sighed: "The reason why I fell was because of avoiding powerful enemies. Unfortunately, the other party swore to the death and followed me, so that I even passed the news. Back to the family

There is no chance. If you can reach the heaven in the future, you must not easily expose your relationship with me, otherwise, there will be catastrophe. "

"A powerful enemy in the heavens?" Qin Chen's eyes narrowed slightly, and asked in doubt, "Is it easy to get from the heavens to the Tianwu Continent?"

Why has he never heard of a strong man from the heavens coming down, and even the heaven itself, in the eyes of the martial artists of the Tianwu Continent, is just a legend, not knowing whether it is true or not. The ancestors of the Ji family laughed: "Naturally, it is not easy to enter the heaven from the lower realm. It is very simple. You only need to reach the holy realm. For example, in the Tianwu continent, the rules are weak, and the strong in the holy realm can break through the void with force and reach the holy realm. For later, it must be

If you leave within time, you can't stay for a long time, because the rules of this continent are too small to withstand the terrifying power of the strong in the holy realm, and will be rejected by the heavens. "

"Some continents, although they are also low-level planes, are stronger than the Tianwu continent. Therefore, among those continents, there are certain holy realm powerhouses, but the number will not be too much."

"And the heavens belong to a higher-level plane, which can accommodate enough powerhouses, so after countless low-level planes of holy realm powerhouses break through the void, they are like entering the so-called heavenly realm."

"Because the rules in the heavens are stronger and can accommodate enough strong people."

"However, it is not so easy to return from the heavens to the lower planes. Therefore, it is very difficult, almost impossible, to come to the Tianwu Continent from the heavens."

Seeing Qin Chen's puzzled gaze, the ancestor of the Ji family smiled and said, "But although it is difficult, it is not impossible to do it. There are many factors to consider..."

At this moment, this illusory world suddenly flickered, and it became blurred in an instant, but then it returned to normal.

"It seems that I am running out of time." The ancestors of the Ji family had a sense of sorrow, and then said to Qin Chen again: "I won't say much about this. When you really reach this level, you will naturally understand, in short, you have to remember that having a strong soul can make

You can improve your realm faster and use your abilities more perfectly. In addition, the powerful soul power can make you great benefits for prohibition, alchemy, formation, even military training, and beast control. "

"I have a set of inheritances that I have acquired here. Although it is not my major, for example, the monthly income is a little worse, but for the martial artists of the Tianwu Continent, it should be considered top level. I will teach it to you today..."

The Ji family ancestor's voice fell, and a stream of light suddenly fell into Qin Chen's eyebrows, entered his mind, and wanted to imprint his soul. "Huh... there is a parasitic seed in your mind? This is... the remnants of the origin of life on a certain plane..." Ji family ancestor said in surprise, "If you are so, you will be taken away by this parasitic seed in the future. Let me try to get rid of it for you

.....wrong! "Suddenly, the ancestors of the Ji family seemed to feel something, and his expression changed drastically.

[Chapter 1775: Heavenly Soul Forbidden](#)

"Why is the true essence in your body like this...and the power of this bloodline...why are you?"

The stream of light that the ancestors of the Ji family retreated suddenly, staring at Qin Chen in shock, as if he had seen something unbelievable.

"Senior, what's wrong with my body?" Qin Chen raised his head in confusion, why suddenly the other party showed such an expression.

"It's nothing, nothing..." The ancestor of the Ji family shook his head, but his expression was like a ghost, staring at Qin Chen and looking again, like a creepy hair.

A celestial powerhouse is actually scared.

"Senior, the parasitic seeds in my mind..." Qin Chen said hurriedly. The other party said that he would get rid of the parasitic seeds for him. Why did he withdraw before he started?

"This... this young man, the old man can do nothing." The Ji family ancestor smiled bitterly and shook his head again and again.

"Can't even you get rid of it?"

Qin Chen's heart sank, this ancestor of the Ji family was a mortal person in the heavens, so he couldn't get rid of the parasitic seeds?

"It's not that I can't get rid of it, but your destiny. It's too bizarre. The old man can't move or dared to move. Otherwise, the old man is afraid that he will fall into reincarnation and eternal life will not be able to awaken the true spirit again." Shook his head.

"What do you mean?" Qin Chen was confused.

The ancestors of the Ji family smiled bitterly: "The fate of young heroes is determined by nature, and all disasters are hardened, leap into the dragon gate, defeated, fall into the world, I dare not change, you and I today's cause and effect, old man I don't dare to connect, I'm afraid I can't bear it.

What a mess!

Qin Chen was speechless and couldn't help but said, "Senior, you are all dead, are you afraid of this and that?"

The ancestors of the Ji family smiled bitterly, and said: "Death is not terrible. In this world, there are more terrifying things than death."

It's over.

Qin Chen's face was black, making it even more incomprehensible.

The ancestors of the Ji family pondered for a while, and finally gritted their teeth: "However, although I cannot forge such cause and effect with your Excellency, it is okay to only teach you a soul secret

technique. This soul secret technique is obtained by my clan in the heavens. There is an unpredictable and mysterious power, it can be regarded as a good bond between our family and your lord."

"My secret method, called the Heavenly Soul Forbidden Technique, can cultivate the soul and achieve the supreme way. It is because of this Heavenly Soul Forbidden Technique that I can keep a trace of the remnant soul in the Dao now, and, this secret technique, I have not taught it to anyone, and no one of my clan has truly succeeded in cultivation."

The voice of the ancestors of the Ji family became lower and lower. In the end, the world shattered directly, and a ray of light pierced into Qin Chen's foreheads, carved into his mind, and into his soul.

"boom!"

Qin Chen only felt a violent tremor in his mind, and a tearing pain came, causing him to instantly produce a cold sweat, and a series of complex and mysterious formulas were printed in his mind, which was more than the Wanshen formula he had ever obtained. And Tianyan forbidden technique is much more terrifying.

This is a secret technique, even in the heavens, it is extremely terrifying and extremely difficult to practice. Now it is just a message, and Qin Chen's mind almost can't bear it.

Because the Dao cannot be passed lightly, the more terrifying the exercises, the more difficult it is to teach them, and even the Dao of Heaven cannot carry its power.

With a bang in his mind, Qin Chen finally passed out, lying on the ground quietly, unable to know the passage of time.

I don't know how long it took before Qin Chen finally digested the secret technique and woke up.

"Qin Chen, are you awake?"

Ji Ruyue's caring voice came in her ears.

Qin Chen realized that he was in this forbidden area, and Ji Ruyue and Ji Hongchen beside him had already awakened, and the aura of the two had changed drastically at this moment.

Among them, Ji Hongchen had already stepped into the realm of the mid-term martial emperor, which shocked Qin Chen, and could break through with just one insight. This Ji Hongchen's talent seemed to be indeed extraordinary.

Of course, Qin Chen was even more embarrassed that Ji Hongchen should have been sober now, knowing that he had been enslaved by him.

"Little Chen, have you unlocked Aunt Hongchen's soul imprint? Aunt Hongchen has already told me." Ji Ruyue said.

Qin Chen touched his nose, did he want to untie it? Is there no way at all.

However, the matter was over, and Qin Chen knew that he had no intention of saying anything else.

"Ji Hongchen, I was helpless before enslaving you. You should already know everything that happened, and you should understand the right and wrong."

Qin Chen didn't believe that after experiencing this, Ji Hongchen would still stand on the opposite side of herself. At least, what Ji Wuxue said was enough to make Ji Hongchen change her mind. The only thing that responded to this was probably she was enslaved. Mentality.

Anyone who knows that he has been enslaved by others will probably not be very happy.

Ji Hongchen stared at Qin Chen for a long time. Just when the atmosphere was extremely tense, Ji Hongchen suddenly bowed to Qin Chen respectfully and said, "Qin Shaoxia, Hongchen also thanks you for enslaving Hongchen and letting Hongchen know everything. Otherwise, Hongchen still doesn't know that he has lost his true self."

She smiled bitterly: "In fact, when the family and Misty Palace cooperated, I knew it a long time ago. As for the alien, I also heard about it, but I was accustomed to it. I felt that this was a family choice and required unconditional obedience."

"But now I know I was wrong. It was Ruyue who showed me what a real Ji family should do, and it was Grandpa Wuxue who made me understand why the Ji family has fallen so far."

"The so-called cooperation is actually just a dog in the Misty Palace, making the Ji family enslaved by aliens. It is ridiculous and sad."

Ji Hongchen felt bitter in his heart when thinking of everything he had done.

"It's best for you to think so, but to be conservative, I need to erase a memory from your mind, don't you mind." Qin Chen said again.

"Are you talking about the memory of that space?" Ji Hongchen gave a wry smile.

She had made this preparation a long time ago. Qin Chen actually has a mysterious space in which the martial artist can survive, and there is also an extremely terrifying alien beast in it, which seems to have a certain relationship with the alien demons.

Ji Hongchen knew that he could never keep such a secret.

"Please do it again." Ji Hongchen said respectfully.

"it is good!"

Qin Chen raised his hand, and suddenly a terrifying soul power penetrated into Ji Hongchen's mind, erasing the memory of this period.

Fortunately, Qin Chen just broke through the Nine Heavens Martial Emperor Realm not long ago, otherwise he might not be able to achieve this.

After a while, Ji Hongchen woke up. She could remember that she had been erased for a while, but what was erased, but she couldn't remember, but respectfully said: "Qin Shaoxia, from now on, Hongchen and Ruyue Stand with you together and obey Qin Shaoxia's instructions. This is also the order given to Hong Chen when the ancestors left at the end."

[Chapter 1776: Pantheon dies](#)

Qin Chen was stunned for a moment, but he did not expect that the ancestors of the Ji family would have such an order at the end. Obviously, he didn't want to be contaminated with the cause and effect of lifting Ji Hongchen's soul-killing seal for himself.

But is he so scary?

Qin Chen muttered, somewhat speechless.

But since Ji Hongchen had shown kindness, Qin Chen would naturally not be stingy. He immediately raised his hand, and a piece of purple spirit liquid flew out, floating in front of Ji Hongchen.

"This is your Ji family's forbidden earth spiritual liquid, which has a lot of benefits for cultivation. You can take it for baptism."

This purple spiritual liquid has the effect of consolidating the cultivation base and changing the physical body. It is an extraordinary treasure obtained from the heavens by the ancestors of the Ji family. Ji Hongchen has just broken through the mid-term martial emperor. After this purple night baptism, the cultivation base can be completely consolidated. There will be the consequences of the foundational futility.

Ji Hongchen's eyes lit up and he connected, and suddenly, sneered, and the purple spiritual liquid began to enter her body.

"Auntie, I'll protect the law for you." Ji Ruyue was very happy that Qin Chen and Ji Hongchen could put aside the past and said with a smile.

And Qin Chen didn't waste time, digesting the information in his mind.

After sitting there for a long time, Qin Chen digested the memory of the soul forbidden technique that day, opened his eyes, his eyes were very calm.

"Heaven Soul Forbidden Technique!"

Qin Chen muttered to himself, this Heavenly Soul Forbidden Technique is a special method for cultivating the soul, and the sword goes slant, it is actually to split the soul forcibly.

It should be understood that the soul is one body. Once it is split, it will cause huge damage to the soul, ranging from confusion and loss of soul to death, and to death on the spot.

But this day soul forbidden technique is different. It can split the soul and does not affect the soul instinct of the martial artist, but it will weaken the soul power, but the weakened soul can be directly practiced alone, making every soul no longer Fragile, restore original strength.

In this way, one soul is one, and after the two souls are separated, there is only half of one, but once they have cultivated to one, they will become two.

Once the separated souls come together again, they will exert terrible energy.

What's more, this is only the simplest benefit of soul splitting, and more importantly, once the soul is split, different souls can study different fields.

For example, after the soul is split into two realms, one soul can practice martial arts, and the other can study alchemy. They do not interfere with each other, but can improve their own strength at the same time.

These are just two souls, what if they split into more? How scary will it be? Once combined, the result is not as simple as one plus one equals two, but far beyond two.

It's just that this process of splitting the soul is very painful, and it is extremely difficult and extremely overbearing. If you are not careful, your soul will be scattered. It is not something ordinary people can cultivate.

Even if it's the Celestial Clan where the ancestors of the Ji family belonged, not many people dare to practice. Although based on the Celestial Clan's heritage, mistakes in cultivation will not necessarily lead to death. In most cases, the soul is damaged, but only the soul is damaged. They are willing to try.

Once a mistake is made, it is very likely that a top arrogant will fall into the mortal world. In this life, he can only become a mediocre person and cannot have a bright future.

This forbidden technique is a double-edged sword, if used well, it can hurt others, if used badly, it will hurt yourself.

"With my current cultivation level, it seems that those who are still unable to practice the Heavenly Soul Forbidden Technique, can only use the secret method in this Heavenly Soul Forbidden Technique to simply purify the soul power." Qin Chen studied for a long time and shook his head slightly.

This forbidden technique is too terrifying, and his soul power is still too weak, so he hastily practiced, just looking for death.

"However, this secret method complements the Wan Shen Jue, and can be perfectly connected."

But soon, Qin Chen laughed again.

The Wanshen Secret Art is the soul secret method Qin Chen majors in now.

There are five levels in total.

The first level, mental storm!

The second level, the magic cage!

The third level, the eye of breaking the ban!

The fourth level, the power of destroying souls!

The fifth level, the death of all gods!

But now Qin Chen has cultivated to the fourth level of soul-killing power.

The first three levels of the Wanshen Jue are all aimed at mental power attacks, and starting from the fourth level, they can even directly attack the martial artist's soul, which is extremely terrifying and terrifying.

And this fifth level of the extinguishment of the gods, once the cultivation is successful, can make the soul and soul become inexhaustible, even some top powerhouses with extremely terrifying soul power can hardly resist.

Of course, there are thousands of souls here, not really dividing the soul into thousands of Dao, each Dao is not an independent individual, and it is completely different from the Heavenly Soul Forbidden Technique.

However, if the fifth stage of the Ten Thousand Gods Technique can be successfully cultivated, it will naturally be of great benefit to the cultivation of the Heavenly Soul Forbidden Technique.

"Unfortunately, I haven't survived the thunder tribulation yet, and I have completely consolidated my cultivation base. Otherwise, I can now practice the fifth stage of this Ten Thousand Gods Art."

Qin Chen stood up.

And at this moment, Ji Hongchen finally consolidated his cultivation base, and his aura was approaching the mid-level ninth-tier peak, extremely restrained and terrifying.

"Senior, if I get your inheritance, it is considered to have inherited your mantle. Senior, be respected by me."

Qin Chen looked at the statue, and then respectfully bowed down to the statue. The other party taught him the secret technique of Heaven Soul Forbidden Technique, which was worth his worship.

And Ru Yue and Hong Chen also knelt down, after all, the ancestors of the Ji family were their ancestors.

"Senior, if I wait to enter the heaven in the future and have the opportunity to meet senior's deceased, I will definitely inform senior."

Qin Chen said again.

Click!

After the statue received a bow from everyone, it shattered instantly, turned into ashes, and disappeared.

"Qin Chen, when shall we go out?"

Ji Ruyue asked about this in a low voice. They couldn't always stay in this forbidden place, and they would die of suffocation.

Qin Chen's eyes showed a thoughtful look, and now the ancestors of the Ji family must be waiting for him outside. If he goes out rashly, the other party will directly attack him.

If you want to come, the other party has already been furious.

With his current strength, he seemed to be somewhat reluctant to fight the peak Emperor Wu.

"Naji can't, but the pinnacle martial emperor, and there is another demon power in his body, even if I broke through the ninth-order martial emperor realm, compared with his strength, it should be a little worse."

"However, even if there is a difference, it will not be too much difference. Moreover, if I want to break through the Nine Heavens Martial Emperor, I must leave this forbidden area, otherwise I will not be able to improve for a lifetime by staying here."

"What's more, once I break through, even if I lose, I may not be afraid that Ji can't. Coupled with Ruyue's control of the ancestral ban, we should leave without a problem."

Thinking of this, Qin Chen suddenly laughed: "We will go out now, and Ji will not be able to."

As soon as his voice fell, he heard the rumbling vibration of the entire forbidden area, and suddenly cracks appeared on the forbidden area, and countless stones were falling down, like they were about to collapse.

"It looks like we don't want to go out."

Qin Chen was taken aback, a smile was drawn at the corner of his mouth.

[Chapter 1777: Why not escape](#)

Ji family ancestral land, at this moment, countless strong men are unable to vent the water surrounded by the forbidden area, each with a gloomy look and murderous aura.

"Ancestor, waiting like this is not a solution. We still have to find an opportunity to break this restriction." The elder respectfully said from the side: "Otherwise, if the kid doesn't come out for a few years, would we just stay here for a few years? "

Ji couldn't look at the great elder coldly and said: "You said the old man would not know, but you can tell me how to break this prohibition? If this prohibition is really easy to break, how will the old man wait until now? ?"

"It's better, we notify the female emperor to come. With the strength of the female emperor, it may not be impossible to break this restriction." The elder said cautiously.

"You mean let me inform Shangguan Xi'er? By the way, tell her that there is a genius and strong man who can fight against the later Emperor Wudi with half a step of Wudi cultivation?" Ji couldn't look cold, and the big elder who looked at was all hairy, "If yes What's the secret in that kid, do you think Shangguan Xi'er will take it by himself, or will he give it to the old man?"

"This..." There was a cold sweat on the forehead of the great elder, and his body felt a little cold, shivering, and he was speechless for a while.

"What's more, if you let the person see the current appearance of the reincarnation altar, you will definitely be angry. Who do you think the old man should hand over as a scapegoat?" Ji couldn't continue to squint at the elder.

The cold sweat on the elder's forehead was more, but he didn't dare to wipe it. He just said in a casual way: "It's because the subordinates have not considered it well. Please ancestors to punish them."

"Punishment, huh, if the punishment is useful, you can still stand here? What is the origin of the kid, have you found out? And Ji Ruyue and Ji Hongchen? Did they both disappear out of thin air? An ancestral land, so many warriors, you can't even find two people. What do you all eat?"

"The ancestor calms down his anger, and the ancestor calms down his anger." The cold sweat on the forehead of the great elder almost smeared his eyes.

The mortal monarch sneered when he saw it on the sidelines, touched his brows, and found himself dead.

"Why are you laughing?" But who knows that its sneer just appeared, Ji Cannot look at it coldly, "Who is the corpse of the alien demon that replaced Ji Ruyue? Have you not investigated until now? ?"

The smile on the corners of the rotten monster's mouth instantly solidified, and he hurriedly said: "Ancestor, his subordinates have already investigated. That alien demon is not from my Ji family ancestral land. As for the specific origin, the subordinate has not yet Check it out."

"Is it all right if I haven't verified it? Don't investigate yet, a group of rice buckets." Ji couldn't become angry.

"Yes, ancestor!"

Just as the mortal monarch was about to retreat, suddenly, a rumbling voice sounded, and there seemed to be some abnormal changes in the forbidden ground. This movement immediately attracted everyone's attention.

Whoosh!

Above the forbidden ground, Ji couldn't figure suddenly appeared, staring below, unexpectedly there was an abnormal movement in the forbidden ground, what is the kid doing?

Before his thoughts fell, he heard the rumbling roar getting louder and louder, and the whole ancestral land shook with a last bang.

Within the Tianzhou Life and Death Runner Restriction, Qin Chen and the three were standing on the ruins, almost choked to death by the aroused smoke.

And as soon as he left the restriction, Qin Chen immediately felt the thunderous breath above his head, rumbling, thunder roaring in the sky, and the terrible breath oppressing it. This was the pressure of the heaven, furious and roaring.

"Tian Lei, little dust, I feel the sky thunder!" Ji Ruyue said in surprise.

"Yeah." Qin Chen nodded, "Ru Yue, turn on this restriction." If the restriction is not turned on, once the sky thunder arrives, Ji Wuxue's restriction on the wheel of life and death in the universe might be completely destroyed.

"Okay!" Ji Ruyue immediately input a force of strength into the jade slip, and the Tianzhou life and death wheel that originally covered the entire forbidden area suddenly opened and appeared in front of everyone.

And Qin Chen and the three were also exposed to everyone in an instant.

"how....."

Everyone was stunned for the first time, but they didn't realize what had happened.

But immediately the great elder saw Ji Ruyue and Ji Hongchen, and his face suddenly sank. It turned out that the two of them were hidden in the forbidden area. No wonder they couldn't find it before. But then, the great elder saw the ruins. Ji's forbidden land.

"No, why is there no forbidden land in my Ji family?"

The eyes of the great elder suddenly rounded, and the original forbidden area of the Ji family in the prohibition disappeared.

Not only the Great Elder, but the other Ji family disciples were also completely dull, like hell.

For so many years, they have worked so hard to break Ji Wuxue's prohibition. What is the purpose? It's not to restart Ji's forbidden land, but now? Looking around, there are some forbidden areas, and some are just broken ruins.

"Damn, you actually ruined the forbidden area." The elder screamed in anger, his eyes full of anger.

Forbidden land, which represents the foundation of the Ji family's prosperity, has been destroyed in this way, how can he suppress the anger in his heart.

At this moment, countless strong people are surrounded.

Ji could not stand proudly in the sky, below the cold voice, under him, the great elders, the rotten monsters, etc., all appeared one after another, and there were some powerful aliens with terrifying aura, not inferior to the rotten monsters. Strong and terrible.

In addition, some of the elders of the Ji family who lived in seclusion in the ancestral land also appeared, one by one in an old-fashioned manner, but in the rush, they were powerful and swallowed with power.

These are the top powerhouses in the Ji family, and they are also the backbone of the Ji family. They rarely appear in normal times, for fear of consuming lifespan, but under Ji's command, they all came out, and Qin Chen was not given a chance to escape.

Looking around, there are not a few Wudi strong in the later period.

It has to be said that this is an extremely large lineup, which can be shocked when placed outside. Even the top forces should be surprised and dare not underestimate it.

Because, this kind of background is too deep. If you are just a Ji family, it may not be a big deal, but there are many powerful people of the alien demon race. After more than two hundred years of development, they have reached an extremely terrifying Point.

But now, so many powerful people are staring at Qin Chen and three people below, like a group of tigers staring at three weak sheep, revealing hideous minions.

"Boy, you run away, why don't you run away?"

In the void, someone drank coldly, scolded with disdain and harshness.

"Fight against my Ji family, do not know whether to live or die."

Others sneered, with cold eyes.

Because, they felt that Qin Chen was dead. Compared with the previous time, more powerful men were dispatched this time, and a net of heaven and earth was laid. It can be said that all the strong men in the ancestral land were dispatched to deal with the three juniors.

The unconscious opponent still has hope of escape.

Chapter 1778: Thunder Tribulation

"Ji Hongchen, Ji Ruyue, you colluded with outsiders, betrayed the family, and didn't get out of me."

The great elder was shouting angrily, and directed at Ji Hongchen and Ji Ruyue, chills broke out all over his body, and murderous intent.

He was angry, because he believed Ji Hongchen, and he was also responsible for the result.

"Elder, who really betrayed the family, don't you know?" Ji Hongchen looked over and responded.

Looking around, half of the strong in the entire Ji family were seized and controlled by the alien demons. Can the Ji family be considered the Ji family?

"You...rebellious." The elder sipped coldly, his chest agitated with anger.

"What nonsense with them, take them down." Someone yelled, murderously.

Only the ancestor of the Ji family had not spoken, staring at Qin Chen, because he found that Qin Chen's cultivation level had improved a lot, breaking through the Nine Heavens Martial Emperor realm.

how can that be?

Before this kid was only a half-step Wudi, how could he get a breakthrough in such a short time?

Or is it that this child was originally the Emperor Wutian of the Nine Heavens before, but now he has lifted his disguise?

No, Ji couldn't raise his head, and felt the gloomy and suppressed sky. This is the sky thunder, that is to say, it is indeed the boy who got the breakthrough that attracted the sky thunder.

The chance for the breakthrough was probably the spiritual liquid in the Ji family forbidden land. After these guys got the spiritual liquid, they destroyed the entire Ji family forbidden land.

"The sin is unforgivable."

Ji couldn't get annoyed from the bottom of his heart, and must not let these guys survive the thunder, otherwise, a little bit of cultivation base to consolidate, it is really possible for them to escape by accident.

"Hands." Thinking that Ji could not directly speak, he said coldly, booming, and many powerful people behind him burst out with tyrannical auras, like the birth of a **** and demon, rushing towards Qin Chen.

At this moment, countless strong men floated in the sky, and the water surrounded by Qin Chen and the three of them could not be leaked out, densely packed.

Seeing this scene, Qin Chen laughed, and then, he completely released his breath.

Want to kill me? Then first experience the power of my Wudi Thunder Tribulation.

At the moment when Qin Chen completely released his breath, there was a thunderous roar in the sky, and the sky that was originally condensed with endless thunder light suddenly became pitch black.

Then, with a bang, a thunder light like a giant dragon suddenly poured down.

"Huh, the mere thunder robbery, why be afraid of it." Ji couldn't sneer, and raised his hand to blast the thunder thunder in the sky. With his cultivation, the thunder robbery was naturally not concerned.

In his opinion, with his cultivation base, he could easily crush the power of this Emperor Wu's thunder calamity, and then capture Qin Chen.

But when he came into contact with that Thunder Tribulation, his face suddenly changed.

boom!

In an instant, a gap appeared in his Zhenyuan's palm, and the first light of thunder dissipated as a result.

"What a terrifying thunder tribulation." Ji couldn't secretly change his color. This was only the first tribulation thunder, which gave Ji unable to feel, but it was not weaker than the last one he had crossed the tribulation.

"Hehe, are you going to resist Lei Jie for me?" Qin Chen smiled when he saw it. If so, that would be great.

"Smelly boy, don't want to be rampant." Ji couldn't be angry, but the palm of his hand had already caught Qin Chen, and he wanted to hold Qin Chen for a moment.

How could Qin Chen make it impossible for Ji to capture himself easily, the mysterious Rust Sword appeared in his hand the moment he shot, and then he slashed at Ji Cannot with a single sword.

boom!

The sword light collided with the giant hand of True Essence in an instant, and the bright sword light burst into pieces in an instant, and Qin Chen was blown out in an instant, and the blood in his body surged.

"Be careful." Ji Ruyue and Ji Hongchen suddenly exclaimed.

But at this moment, the great elder also moved. His target was not Qin Chen, but Ji Hongchen and Ji Ruyue. They came to the two in an instant and wanted to capture them.

At the critical moment, Ji Hongchen moved, and his slender palm stuck out, blocking the elder's shot.

boom!

When the two forces collided, Ji Hongchen snorted, blood overflowing from the corner of his mouth, and the great elder was also shaken back hundreds of meters, his breath was empty.

"Ji Hongchen, do you want to be obsessed with it?" The elder was slightly startled in his heart and shouted angrily: "If you take Ji Ruyue, the old man can forget the blame, otherwise, just stop blaming me for being rude."

"Jie Jie Jie, what do you do with so much nonsense with them?" A cold voice sounded, and the Divine Demon Lord did not know when he appeared next to Ji Ruyue, and immediately attacked Ji Ruyue.

"Humph!"

Ji Ruyue snorted coldly, as if she had eyes behind her back, the Sealing Sword appeared, and a sword stopped at the Divine Demon Lord.

"Jie Jie Jie, little skill of carving insects." The evil demon king grinned, did not put Ji Ruyue's hand in his eyes at all, ignoring the blow, but when the sword energy struck, the evil demon king's face changed. Regardless of shooting Ji Ruyue, hurriedly slapped the sword light with a palm.

Buzzing!

Endless sword qi lingers, dense sword qi appears in the body of the rotten demon instantly, shooting frantically at it, frightened and angry again and again, the endless demon qi turns into black tentacles, madly resists, and finally gives these sword qi to Resisted it.

It looked at Ji Ruyue in amazement, but didn't expect that Ji Ruyue was just a small half-step martial emperor not long ago. How long has it been since then, has her strength become so terrifying?

Even if it is a little careless, it shouldn't be like that. With its later Wudi cultivation base, shouldn't it easily succeed? !

Qin Chen couldn't help but breathe a sigh of relief when he saw Ji Ruyue blocking the attack of the evil demon, but his expression was still very solemn.

"It's still a lot worse. I haven't survived the thunder tribulation, and my strength is not too far behind Ji." Qin Chen frowned. Although his cultivation base has broken through, but his cultivation base has not been completely consolidated, it can't be regarded as real. breakthrough.

Only through the thunder calamity can he be regarded as the real nine-day martial emperor.

In this case, let Lei Jie come more violently.

Qin Chen's eyes condensed, and the breath on his body was released without scrupulousness, intertwined with the robbery cloud in the sky.

At the same time, he coldly shouted at all the strong in the ancestral land, "Everyone, if they still have a conscience and don't want to be killed, please sever the relationship with this so-called Ji family ancestor and leave the ancestral land, otherwise, life and death will follow. , Don't blame me for not reminding me in advance."

Qin Chen's long voice resounded throughout the ancestral land, reaching everyone's mind.

Everyone on the field looked at each other with a suspicious look. Did they hear it wrong? What did this kid say to let them sever the relationship with their ancestors and escape from the ancestral land?

Hahaha!

Many people laughed. This is the biggest joke they've heard these days. It's just a kid who dares to say such big things even if he has some ability. It's really whimsical.

"Boy, stop talking nonsense, alarmist talk, today is your death date, you can catch it before you can."
The elder snorted coldly and sternly.

"Ruyue, start crossing thunder tribulation." Qin Chen yelled at Ruyue at the same time. Ruyue had just broken through the Nine Heavens Martial Emperor realm, so naturally he also needed to overcome thunder tribulation to completely consolidate his cultivation.

"it is good!"

Ji Ruyue raised her head, her breath was also intertwined with the tribulation clouds in the sky. Suddenly, the sky was pitch black, and endless tribulation clouds rushed over, rumbling, and thunder roared loudly between the heaven and the earth, like a **** of anger.

Click!

The next moment, the endless thunder light poured down. This was not one, not a few, but dozens of them fell down in an instant. The sky was illuminated by the endless thunder light, like dozens of lightning dragons running wildly. Next, the entire ancestral land was shrouded in endless thunder.

[Chapter 1779: Ancestor's anger](#)

Moreover, a part of Lei Guang actually rushed to Ji and couldn't blast down, because he had previously stopped Lei Jie and tried to capture Qin Chen. From Lei Jie's point of view, it was someone who wanted to interfere with Tian Lei and caused Heaven's anger.

Thunder Tribulation, only oneself can survive, how can others avoid it?

Once anyone intervenes, they will naturally be targeted by the thunder robbery, and they will drop the thunder penalty together.

"No, let's start the big array."

Ji Neng's face changed. This Thunder Tribulation was too terrifying. In a trance, it seemed that there were stars falling and the Thunder Sea was overwhelming. This feeling, even he was terrified, and it was hard to believe that a junior Martial Emperor Lei Tribulation would be so terrifying.

This kind of thunder tribulation is enough to sink the earth and penetrate the sun and the moon.

Fortunately, this is a mysterious secret realm. The aura of the wild and wild is much stronger than the outer realm. It is enough to withstand the pouring of enough energy to change to the outside world. Once the thunder blasts down, the mountains and rivers collapse, and a mountain range will be sunk. Turned into an abyss.

Boom!

The thunder shook, Ji couldn't be shocked, and the great elder and others were also panicked, their entire body was erected. This was a warning sign when danger came, which made them panic.

At the critical moment, Om, the entire Ji family's ancestors was shrouded in an invisible halo. It was a great array of extinction of the five elements. In addition, there were many restrictions, densely packed, with Ji family and alien demons later arranged, all over the sky. It turned into a net of heaven and earth, to block everything, shimmering brightly, even thunder could deal with it.

Rumble, the endless thunder dragon tyrannically poured down, the sky was flooded with endless thunder, the entire prohibition rumbling, but this piece of thunder was intercepted.

The entire ancient city seemed to be revived by mysterious power, turning it into an indestructible city, even the terrifying thunder power could not penetrate it, and it would resist it.

"Boy, you are so cruel, you want to use Thunder Tribulation to deal with me? Ridiculous? When your grandfather and grandfather I used this trick, your mother was not born."

Ji couldn't laugh grinningly, his eyes were ferocious, just now it was just a little bit when the thunder light was about to drown the Ji family ancestor land, which was too dangerous.

He is naturally fearless. With his cultivation base, even if Thunder Tribulation is terrible, he will not be injured. But other people are different. This ancient city has gathered all the strength of Ji family for hundreds of years. Once Thunder Tribulation falls, except in the later stage of the Wudi level, everyone else would be seriously injured, or even fall, turning into ashes.

Therefore, he is extremely nervous, and now, the ancestral land prohibits a full recovery, he is sure there will be nothing, let go, and at the same time ignite endless anger.

"Haha." Qin Chen smiled, splitting a pair of snow-white teeth, and wanted to use restraint to stop the sky thunder, is it possible?

"Ru Yue, open the restriction, I want this Ji family ancestor land to accept the baptism of the sky thunder." Qin Chen drank and said to Ji Ruyue.

"it is good."

Ji Ruyue nodded, without Qin Chen speaking, she moved by herself, urging the jade slips left by Ji Wuxue, closing the entire ancient city's restrictions.

Hum!

Around the ancient city, the original imposing restrictions disappeared, and even the Five Elements Extinction Array disappeared in an instant, leaving only the restrictions laid down by the alien demons.

Boom!

When the **** thunder fell in the sky, I saw the alien demons banning crazily trembling, but these bans could not stop such a terrifying thunder robbery. With a click, it was forbidden to break through the cracks in an instant, and there were traces of thunder and lightning.

"Why the ancestral land prohibition disappeared, and the Five Elements Extinction Array, why is it closed?"

The ancestor of the Ji family was furious, and roared and said that he wanted to restart the large formation, but it was useless. The control of the formation was controlled by an inexplicable force, and he had completely lost the power of control.

The next moment, the endless thunder light fell, and the whole ancient city was wrapped in an instant, turning into a sea of thunder.

"what!"

Someone screamed and flew out in black. In just an instant, dozens of people vomited blood and scorched all over.

This thunder robbery is too terrifying, powerful and terrifying, it is definitely not something ordinary Martial Emperors like them can resist.

"Boy, you are looking for death."

The ancestor of the Ji family was angry and boomed, his figure rushed out, turned into blood and rushed towards Qin Chen, for the present plan, only by killing Qin Chen, could it be possible to prevent the thunder from falling into the world.

Endless blood bloomed on him, and came to Qin Chen in an instant.

"Good coming." Qin Chen sneered, still not afraid, the mysterious rust sword appeared in his hand, and the rules of destruction he had comprehended in the forbidden area merged with the meaning of killing, and it pierced out in an instant.

With a chuckle, the sea of blood melted by the ancestors of the Ji family split in an instant, was torn open a hole, and a sword aura that reached the sky soared and appeared in front of Ji Cannot.

At the critical moment, Ji could not rush out with a punch, bang, sword light and fist bombardment, and suddenly burst into a monstrous roar. Ji could not only feel that a terrible force with endless death eroded, making him seem to see death. Coming, the body shook wildly.

Boom, the two forces collided and quickly disappeared.

Ji couldn't fly hundreds of meters upside down, his face was solemn, and Qin Chen groaned even more, with blood overflowing from the corners of his mouth.

However, he was unharmed, he was only injured a little, and was not defeated by Ji couldn't be defeated, his will was still through the sky.

"How is it possible? What is the rule?"

Ji couldn't be shocked, the power of this rule that Qin Chen used was too terrifying, and he had to go beyond the rules he had comprehended. The mood that penetrated through death made Ji unable to stand up all his cold hair.

If it wasn't for Qin Chen's cultivation base to be far inferior to him, the power of the terrifying rules just now would be enough to hurt him seriously.

"Aren't you trying to kill us? Come, today, I want this Ji family ancestral land to receive a baptism from Tianlei."

Qin Chen laughed, and the laughter roared and shook the world. At this moment, he was not afraid that Ji could not. Although his cultivation base was not as good as the opponent, his strength was not as good as the opponent, but with the baptism of the space sacrament and the purple liquid, his physical strength Not inferior to the top Wudi.

Ji couldn't want to kill him, it was not so easy, and as long as he didn't die, he could use this calamity to drop the world-destroying thunder and baptize everything.

Boom!

In the sky, boundless black clouds condensed, and the rays of thunder snaked between the clouds, like silver dragons. This is the roar of heaven, thinking that someone below is interfering with it to cast a thunder.

The next moment, dark purple sky thunders fell, like spheres, exploded in an instant, banging, and the entire ancient city was wrapped in endless lightning. The prohibition under the alien demon's cloth completely collapsed, and it could no longer be stopped. The entire Ji family ancestral land It turned into a sea of thunder in an instant.

"what!"

In the whole ancient city, endless screams rang out. In an instant, dozens of powerful people exploded. This wave of thunder robbery is stronger, and many of the early emperors cannot resist it, especially some closer to Qin Chen. In the early days, the guards of Emperor Wu directly exploded, and the ashes were wiped out, with no bones left.

Not only them, but even some mid-term martial emperors are also roaring, smoking and scorching all over, unbearable such thunder, and feel that their bodies are about to split.

[Chapter 1780: Tiandao Organization Collection](#)

"Aren't you trying to kill me? Why aren't you here?"

Qin Chen walked in the sky, like a **** in charge of punishment, holding a thunder and lightning spear, walking for the sky.

Wherever he went, there was the center of the sky thunder. The blazing thunder light flooded everything and almost cooked the people around him. Even the great elders and other late martial emperors almost couldn't bear it, and they would curse their mothers.

They have never seen a martial emperor's calamity so terrifying and terrifying. Is this person a demon who is intolerable to heaven? Heaven is going to drop the **** thunder to destroy it?

Boom!

The thunder light was flaming, this sky was flooded by endless thunder light, the thunder was surging, it was terrible, everyone was trembling, among them, the later Martial Emperor level powerhouse was considered good and could barely resist.

In the mid-term, Emperor Wu was more miserable. Lightning flooded into his body, wiping out their vitality. As for the early-level Emperor Wu, he was even more tragic, scorched all over, and many people exploded on the spot and fell directly.

If it weren't for this ancestral land to be truly extraordinary, I'm afraid these people will explode a large area together.

But even so, many people still can't bear it, and if they continue, they cannot escape death.

Among all the people, the only ancestor of the Ji family was unscathed. He was powerful and did not fear any thunder, but he did not dare to attack Qin Chen.

Because, once he shot Qin Chen, Tian Lei would lock him in and launch a fierce attack on him. The power of thunder's destruction would even palpitate him and couldn't bear it.

"No, if this goes on, the disciples of my Ji family will fall to death." The ancestors of the Ji family were furious. The martial emperors in the ancestral land were the backbone of his Ji family, cultivated for more than two hundred years. If everything fell here, it would be equivalent to cutting off his Ji family's arms, and the loss would be too great.

"Ji can't, don't hesitate to save my alien demon."

At the same time, the powerful alien of the Demon Race also roared in Ji Can't mind. The Demon Race was from another continent and practiced the magic way. Although it occupied the body of the warrior, it was more likely to be targeted by the sky thunder.

The destructive power in the Heavenly Dao Thunder of Tianwu Continent would be a huge disaster for their alien demons.

"what!"

There were screams of alien demons. These were all powerhouses whose souls had not yet been consolidated in the baptism. They were unable to withstand the destructive power in the thunder, and their souls were shattered and vanished in smoke.

"Damn it, blood sea bead."

Ji couldn't hold back anymore, the blood sea bead was displayed for the first time, hum, the entire ancient city was enveloped by a large amount of blood sea, these blood seas appeared on the heads of many guards and strong men, resisting this endless thunder for them The bombardment of Jie.

Puff puff!

The sky thunder blasted down, bombarding the blood sea, the whole blood sea suddenly raged, Ji couldn't look ashen, spurring the blood sea bead crazily, resisting the power of thunder catastrophe, and eliminating thunder catastrophe for the Ji family experts on the field. the power of.

"Haha, resist with a sea of blood beads, I think you can withstand dozens of them."

Qin Chen sneered, his figure fluttered, approaching Ji Cannot.

Boom!

As soon as he approached, the thunder was even more terrifying, and the blazing thunder light drowned everything, in order to fully improve.

"Go away!"

Ji could not be furious, the closer to Qin Chen, the greater the power of this thunder, and the stronger the thunder and lightning that his blood sea bead would endure.

But he couldn't do anything to Qin Chen, so he could only retreat madly, wishing to smash Qin Chen alive.

Of course, Qin Chen didn't overdo it, because the thunder was really strong this day, click, thunder light bombarded him, his body shook violently, and he was also hard to resist.

Fortunately, he himself has the blood of thunder and mastered the rules of destruction, which can greatly weaken the power of the sky thunder, but even so, his body was split apart, and his whole body was in severe pain, as if to shatter under the light of thunder.

Because he was too defying, and Heavenly Dao was also furious, and he could not tolerate the existence of evil evildoers in this world.

On the other side, Ji Ruyue was also suffering from terrible lightning. Compared to Qin Chen, the thunder calamity she faced was weaker, but it was also extremely terrifying. The endless thunderbolt would destroy it.

"Humph!"

Ji Wuxue is proud. At this moment, she is holding a shielding sword, white clothes like an immortal, standing proudly in the void, looking up at the sky, purple blossoms blooming on the center of her eyebrows, fighting against the sky.

The terrifying **** thunder blasted her body, setting off her more noble, like a peerless fairy, walking against the sky.

Looking around, endless lightning flooded the Ji family ancestor land, turning this land into a sea of lightning, to be completely destroyed.

At this time, in Jizhou.

On a mountain range, several figures suddenly appeared.

"Grandma's, the master asked us to meet in Jizhou, but he doesn't know where we ran. Did he take our subordinates in his eyes?"

"That's too much. Let us go to work, but we came here early without leaving a message."

"Okay, okay, don't talk nonsense, wait for Master Miaohuang to come, everyone will think about what to do next."

These are three powerful men with extraordinary momentum, one with a big back, dressed in black, with muscular knots, just like the rogue leader, very wild and domineering.

The other is a handsome man, with fair skin and demon and handsome, he can be described as a beautiful man.

There is also a simple and simple manner, sweeping one side, it seems to make people feel palpitation.

These three people are exactly the three of Mokara, Skeleton Rudder Lord, and Ancient Cangwu Emperor who rushed to Jizhou from Yizhongtian.

At the beginning, the three of them accepted the order to clean the major branches of the Yizhongtian Law Enforcement Hall, but Qin Chen was worried about Ji Ruyue, so he took the lead to go to Jizhou, while the three of them were hunted by the Law Enforcement Hall and hid in Tibet. This was not easy. Came to Jizhou.

What made them depressed was that after they came to Jizhou, Qin Chen didn't wait for them, making the three of them very depressed.

"Haha, Yong Ye, your harvest is not bad, did your cultivation actually break through the Martial Emperor of the late human?" Mokara looked at Yong Ye and said carelessly.

"Aren't you? The souls of those who are strong in Law Enforcement Hall are very happy to swallow, right? It's a huge improvement than before." Skeleton Rudder glanced at Demon Kara and laughed.

The original Mokara could only barely have the cultivation base of the late Emperor Wu, but now, with a strong aura, inadvertently exuding a palpitation power, it can be seen that the strength has improved a lot.

"Hehe, it's so normal." Mokara laughed, happily.

I have to say that attacking the Division of Law Enforcement Hall has restored his strength a lot, and he is much more efficient than working hard.

"And you Gu Cang, you should have gained a lot." Then, Yong Ye looked at Gu Cangwu Emperor and smiled.

At the beginning, the ancient Cangwu Emperor was only the peak Martial Emperor in the early stage, but now, he has stepped into the realm of the Martial Emperor in the mid-term, and even not far from the peak Martial Emperor in the mid-term, and there is a mighty and unpredictable aura permeating, mysterious and unpredictable.
