

Valkyrie 1791

[Chapter 1791: Will Thunder Tribulation](#)

"not good!"

Qin Chen's cold hair was standing up, and he felt that under this thunder light, he couldn't resist it at all, and it would be wiped out in an instant.

But at this moment, Qin Chen actually saw Ji Ruyue rushing towards him.

"Qin Chen, I'll block it for you!"

Ji Ruyue yelled, her face with determination, she wanted to resist the thunder for Qin Chen first, and exchanged her life for Qin Chen's life.

"Ru Yue, don't come over, you can't stop it..." Qin Chen turned pale with fright, and roared in anger.

"No, Qin Chen, I haven't been able to help you much for a long time. This time, I will definitely help you. Even if I die, as long as you live, that's enough."

Ji Ruyue rushed over while crying, "If you die and I live alone, what is the meaning of life?"

Ji Ruyue rushed forward frantically, apparently already giving up her life, just wanting to save Qin Chen.

"no, do not want!"

Qin Chen roared!

"Boom..."

But at this moment, the thunder light had already fallen, and this thunder light actually rushed towards Ji Ruyue, obviously because Ji Ruyue interfered with the thunder.

"No!"

Qin Chen's grief and anger, how dare he let this thunder robbery hit Ji Ruyue, this thunder robbery could not even be resisted by him, how could Ruyue resist it.

Almost without even thinking about it, Qin Chen rushed forward and slashed towards the sky full of thunder with a sword, but the speed of these thunder rays was too fast, puff, before him, struck Ji Ruyue's body.

The endless thunder light exploded, Ji Ruyue's body split on the spot, blood splashed, and his limbs flew randomly. This thunder light was too terrifying, Ji Ruyue could not resist it.

"Do not!"

Qin Chen roared, he didn't want to, don't leave him like Yue, he was unwilling.

However, he couldn't do anything. He could only watch Ji Ruyue shattered. She looked at Qin Chen with a smile, "Little dust, don't cry, I can help you, I'm satisfied, you must live a good life. Go down."

In the next moment, Ji Ruyue was drowned by the endless thunder light and turned into ashes, with no bones left.

"Do not!"

At the corner of Qin Chen's eyes, tears slipped down instantly, God, I'm fighting with you.

He roared, roaring at the thunder and lightning giant in the sky, holding a long sword, and rushing up.

"wrong!"

But at this moment, Qin Chen suddenly reacted, always feeling that something was weird just now, something was wrong.

Yes, it is Ruyue. Ruyue received the heavenly inheritance of the ancestors of the Ji family, how could it fall so easily?

Just now she wanted to help, and was hit by the Destructive Lightning Light. It was the Amethyst who blocked the attack for Ruyue, but just now, the Amethyst didn't even appear.

"The heart demon, it's the heart demon!"

There was a flash of light in Qin Chen's mind, as if he had peeped through for a moment.

"True and false, false and true!"

"It's always hard to tell!"

"This Thunder Tribulation is so cruel, there is even a Heart Demon Tribulation!"

Qin Chen opened his eyes abruptly to restore his clarity, his aura was infinitely elevated, and his fierce sword power shattered the whole world like a mirror.

"Broken! Broken! Broken!" Three broken words roared out, everything in front of him disappeared, Qin Chen suddenly woke up, he was still in the Ji family ancestral home, Ru Yue and the others were nervous in the distance, and above his head, the Thunder God Giant The palm of his hand is slowly being pressed down, the terrifying thunder

Light, just above my head.

A breath of death enveloped his body for an instant.

Qin Chen woke up all of a sudden. It was too cruel. If he didn't wake up now, and rushed forward stupidly in his dream now, he would really be dead.

At this moment, regardless of too much consideration, the thunder and lightning blood in the body was immediately displayed to the extreme. At the same time, the Tiankong Wanzhuan array and the Qiqiao Linglong ball appeared in an instant and were instantly activated. The next moment, the endless thunder light poured down, and the Tiankong Wanzhuan array and Qiqiao Linglong ball flew away at once, but at the same time, Qin Chen also got breathing time, using the sword technique, the sky thunder sword and the mysterious rust sword. At the same time, there was no

Exhausting the aura of destruction, he plunged into the thunder light at once.

puff!

Qin Chen was blown out again.

"What? He actually blocked it?"

Ji couldn't wait for people to watch this scene in horror. Qin Chen almost fell for the first strike before, but Qin Chen blocked the second strike of the Thunder Giant. What's the joke?

Is it the reason for the previous horror formation and the seven-color spiritual ball?

Thinking of the Seven-Colored Spirit Ball, Ji couldn't look at the Linglong Ball on the side for an instant, and then, his eyes suddenly became round.

"Seven Orifice Linglong Ball? Isn't this the treasure of Misty Palace?"

Before, Qin Chen shot too fast, so Ji could not see what Qin Chen threw out. But now, when he looked carefully, he discovered that Qin Chen sacrificed to the Seven Apertures of Misty Palace. Linglong ball.

When Ji couldn't tremble inwardly, the Thunder Giant shot again.

Hum!

This time, there was no astonishing thunder light, but a heart-pounding pressure of will, which directly came to Qin Chen's mind, and it turned out to be directly obliterating Qin Chen from his soul.

"It's the thunder of will, attacking the soul directly."

Ji couldn't lose her voice, and was ecstatic.

Attacking the soul, this is clearly Lei Jie's final attack.

Qin Chen's strength is so strong, it can't be said that his soul is also abnormal to that point. No matter how strong he is, he has just broken through the Nine Heavens Martial Emperor, and his soul power cannot be refined at all.

Moreover, even though Qin Chen had a parasitic seed in his mind that could prevent all souls from taking homes, it did not mean that he could ignore soul attacks.

As long as the willpower is sufficient, it can still be obliterated.

But now it is the will of the Heavenly Dao of the Tianwu Continent, and the thunder of the will, how can Qin Chen stop it?

"Good opportunity." In Ji couldn't mind, the strong alien from the demon race also exulted. There is a parasitic seed, it can't seize Qin Chen at all, but as long as the will thunder tribulation falls, the parasitic seed will be restricted and Qin Chen's His soul was seriously injured, and in that short moment, he

There is a chance to shoot.

There is a certain hope that Qin Chen can be taken away.

"If I can seize this son, as my alien demon, I can naturally refine the parasitic seeds. At any time, in the world, who can be my opponent."

The strong alien demon was ecstatic, staring at Qin Chen.

I saw the invisible impact of will, silently, falling from the sky.

Although it was silent, it was creepy, and the hair was erected.

puff!

Qin Chen's body shuddered, floating in the air.

"Dead...dead?"

The great elder and others murmured, but the next moment, everyone's eyes widened, because Qin Chen was unscathed, and he didn't even feel weak in his soul. "Hehe, my soul power even surpasses the average late-stage Martial Emperor, plus my invincible will, this attack of will can't hurt me seriously."

[Chapter 1792: Scary heart demon](#)

The next moment, the Thunder Giant stopped and disappeared suddenly, and then a crystal-like river of liquid and solid in the black hole poured into Qin Chen's body.

This is the true essence that has been condensed to the extreme. After entering the body, Qin Chen's cultivation has skyrocketed countless times.

"No, his soul is not weak at all, go."

Ji couldn't wait for someone to be furious, so he made a decisive decision, turned around and ran, trying to escape from here.

Qin Chen, who had not broken through, was enough to fight them. Once he broke through, it would be fine. Originally, he wanted to take advantage of Qin Chen's weak soul and state of tenness to kill him. Now it seems, That is their wishful thinking.

"Can you go away!"

Qin Chen only felt that his body was stronger than ever before, and saw that Ji couldn't wait for someone to escape, Qin Chen held two swords and used a killer sword technique.

Hum!

The boundless sea of blood was instantly broken, and Ji, who had already escaped into the void, was unable to wait for others. He was unexpectedly rolled out, rumbling, and the sword light flickered, turning this world into a sea of thunder and swords, and all Ji family powerhouses All stuck in it.

"what!"

In an instant, except for the old ancestor of the Ji family, Ji couldn't, everyone fell, and even the great elder and the evil demon lord and others showed a look of horror, and their bodies split inch by inch, turning into ashes.

But Ji couldn't and didn't feel good, his body was dripping with blood, one arm and one left leg were strangled into nothingness by countless lightning swords.

"escape!"

Ji couldn't be terrified. Qin Chen's combat power was stronger than he had imagined. He was shocked when he fled into the void, where he was an opponent.

The blood sea bead erupted, and Ji could not incarnate the blood light, and once again escaped into the void.

"wrong!"

"Something's wrong!"

"What's wrong?"

Killing all the strong of Ji family with a single sword, seriously wounding Ji could not, Qin Chen didn't feel at all in his heart, he felt that he had missed something, that matter was very important, more important than killing Ji could not, so Ji could not escape. He didn't go hunting down, but thinking hard.

"Ji can't, these guys are powerful alien demon races, how could it be so easy to kill, after I break through, the strength will surely increase by leaps and bounds, but even the later Martial Emperor can easily kill? And Wei, even the ancestors of the Ji family were killed by me. Seriously injured, too exaggerated."

"The ancestors of the Ji family have strong strangers in the body, don't you know that they resisted?"

"There are still some things wrong, where are they?"

Qin Chen's whole body was shining, and a series of rules emerged in his body. It was a natural Dao body, all methods were natural, making his thinking more agile than ever.

"This is not right. What am I doing before killing the Ji family powerhouse?"

"By the way, before that, I was crossing the calamity, and it was the will and soul calamity."

"But why after going through the soul catastrophe, all the details are so vague, so vague that they don't even feel real enough?"

"What's more, after the thunder tribulation, my body has been transformed, but why is there no perception like the sacred body of space, and even the power of the rules, there is no new perception? How is this possible, I am a born Dao body, breakthrough Jiutian Wudi, how can it be just an increase in strength?"

"Inner Demon!"

There was a flash of lightning in his mind, and Qin Chen opened his mouth and roared.

Rumble!

The Soul Sea was rough, and Qin Chen came to his senses.

pain!

The first feeling is pain, his soul sea is now setting off waves and waves, and a thunderstorm that is terrifying enough to destroy everything is coming down to destroy his soul.

Qin Chen was surprised to find that he had survived the thunder catastrophe at all, but was still at the critical moment of the soul thunder catastrophe. Outside, Ji could not wait for people to wait and see him coldly, just waiting for his will to pass thunder catastrophe. Launch the Thunder attack.

The terrible thunderous will that the Thunder Giant bloomed was crazily suppressing his soul. There were cracks in his soul, and he could not resist this terrifying pressure.

It was a golden parasitic seed, blooming golden light in Qin Chen's mind, with unprecedented power released, resisting the horrible impact of thunder and will, if it weren't for the parasitic seed, even Qin Chen's soul had risen a lot before, it would have already collapsed at this moment.

The parasitic seeds once again saved his life.

At the same time, there was also the Demon Fire of Qinglian, the flames blooming, guarding Qin Chen's soul, keeping a little aura.

"After the terrible soul shock, what a terrible heart demon."

Qin Chen couldn't help his scalp tingling.

Before Ji Ruyue's death was only the first layer of inner demon, after he broke open, he thought he had entered a normal triumph, but who knew that his inner demon actually had two layers, after breaking the first layer, Although he started the next step of crossing the robbery, but similarly, he has fallen into the second layer of thundering robbery.

When ordinary people come to this last layer of thunder tribulation, they will feel relaxed. It is this slight relaxation that allows the soul attack to take advantage of the emptiness, and almost sinks into the will attack with the fake.

Fortunately, Qin Chen was awake quickly, otherwise if he was a little later, the parasitic seed would almost be unable to hold on, and the soul sea would be annihilated by the thunder of will and fall on the spot.

Congratulations on this silent thunder tribulation is far more terrifying than the previous destructive power.

"terrible!"

Qin Chen inhaled air-conditioning. This time, thanks to his natural Dao Body, thanks to the Qinglian Demon Fire, he kept a glimmer of aura, otherwise, he would be dead.

"Wuxue, thank you!"

Qin Chen murmured, Wuxue rescued him again, if it hadn't been for the fruit of Rongdao grass on Daoshan, he realized that the natural Dao body had just died.

"Will this still be an illusion?"

Suddenly, Qin Chen had another thought.

"No, I can perceive the parasitic seed, the green lotus demon fire, the thunder bloodline, and the natural Dao body. This should be true."

Qin Chen smiled bitterly.

"It seems that my heart is upset. The second level of soul impact made me a frightened bird. As long as my will is firm and consistent, how can I be deceived by the illusion of the outside world? False is true and true is false, true is true Is fake, is it that important?"

Qin Chen settled down with a calm expression. He directly practiced the fifth stage of the Wan Shen Jue, the fifth stage of the Wan Shen Jue, under the coercion of this will and soul.

boom!

In the sea of Qin Chen's soul, his aura skyrocketed, and his soul burst into the sky, turning into a net of heaven and earth, inexhaustible.

"What a terrible willpower, he passed it!"

In Ji couldn't mind, the powerful alien of the demon race had been staring at Qin Chen's tribulation situation. Originally, he saw Qin Chen's body trembling and convulsing, and the breath of the soul sea was getting weaker and weaker. The most critical moment of Soul Thunder Tribulation.

It didn't dare to move rashly, because if it had seized Qin Chen just now, the will of Heaven and Earth would have transferred its target to it, and it was a powerful alien of the demon race. Once locked by the will of Heaven, it would definitely die.

[Chapter 1793: Eucharist eighth](#)

So it was waiting, waiting for Qin Chen's soul to be completely annihilated, Heaven and Earth Thunder Tribulation lost its target, and the moment it dissipated, it seized Qin Chen's body.

But who knows that the thunder tribulation of the will has failed, Qin Chen has survived the most critical thunder tribulation of the soul will, and it has also lost the best chance of seizing Qin Chen.

"You mean, this kid has survived the thunder of soul?"

Ji couldn't ask.

"I'm afraid it's over."

The strong alien of the Demon Race replied subconsciously, "You can't feel it, this kid's soul power is increasing crazily..."

Its voice was full of solemnity, even a little trembling.

boom!

Finally, in the sky, the Thunder Giant stopped. It looked down at Qin Chen. On its original flaming face, there were two eyes that looked at Qin Chen deeply, and then quietly returned to the sky. In the black hole, disappeared.

call!

The Thunder Giant disappeared, and an invisible force suddenly appeared in the black hole, covering Qin Chen's whole body.

An extremely pure power melted into Qin Chen's body, frantically improving his true essence cultivation.

At the same time, Qin Chen's soul power is also frantically improving.

In the soul sea, the waves became more and more profound. The green lotus demon fire and parasitic seeds suspended in the soul sea seemed to be greatly nourished and became stronger and stronger in an instant.

Huhuhu!

The green lotus demon fire bloomed, giving Qin Chen a feeling of being able to burn everything in the world, and the parasitic seeds also throbbed, emitting golden light, occupying Qin Chen's mind.

At the same time, the soul sea is rapidly expanding.

"Soul power is improving!"

Qin Chen could feel that the depth of the soul sea was even deeper. Under normal circumstances, after passing thunder tribulation and entering the Nine Heavens Martial Emperor, the martial artist's soul power was about three times higher.

But Qin Chen's soul power has increased five times, and it has been continuously purified, and it is still improving to a higher level. Looking at the speed, it is obvious that five times is just the beginning.

Six times!

Seven times!

Eight times!

Nine times!

...

The soul power has advanced all the way, and finally reached ten times the original.

hiss!

Qin Chen took a breath of air, knowing that his soul power had been improved in the baptism room and the purple liquid before, but now, it is once again raised ten times on this original basis. This is What concept?

Originally, Qin Chen's soul power was already equivalent to the later Emperor Wu, and even stronger, but now it is directly equivalent to a tenfold increase.

Ten times the spiritual power of the later Emperor Wu, spread out, I am afraid it can shock people's eyes.

More importantly, Qin Chen was only at the initial peak. The endless true essence condensed consolidated his cultivation to the initial peak, only one step away from the mid-term, but in the end, he

still failed to cross it, not like Ji Ruyue. He became the emperor of Wudi in the mid-term, even close to the mid-term peak.

But this was terrible enough, as long as Qin Chen could break through the mid-level realm in the future, his soul power could still be improved.

And the benefits of soul power enhancement are not just that the soul power is strong, and it is not easy to be taken away. It is far superior to other people in terms of perception alone. It is ten times the soul power of other strong people, which can be easily perceived by him. Other strong people come to avoid danger.

In addition, the soul power is strong, and it has a huge improvement in arranging formations, casting secret methods, controlling real treasures, refining pills, etc., and this benefit is comprehensive.

These are still not the most important ones. The most important thing is that if you want to practice the Ten Thousand Gods Art and the Heavenly Soul Forbidden Technique, the soul power must be strong, but now, Qin Chen finally has some confidence that he can practice the Heavenly Soul Forbidden Technique in the future.

At the same time, if you want to separate the soul, the soul power is also the core.

However, even if the soul power had increased so much, Qin Chen didn't have any joyful expression on his face, because in his mind, the golden parasitic seed became stronger and stronger, and it exuded terrible energy while beating. The roots have begun to spread to the sea and sky of his soul.

Qin Chen had a foreboding that this parasitic seed would start to control himself soon, but now, not only was he unable to separate his soul from the body, he had not even reached the immaculate state of his body.

Hum!

A large amount of pure power poured into his body, and Qin Chen ran the Indestructible Eucharist frantically, trying to break through the eighth stage of the Eucharist.

As early as in the Guyu Realm, Qin Chen's Saint Body was already the cultivation base of the Seventh Peak. He had been baptized with the purple liquid before and was only a little away from the Eighth Layer, but it was this point that he could not break through.

But now, having broken through to the peak realm of the initial stage of Ninth in one fell swoop, Qin Chen couldn't wait to raise his physical body to the eighth level.

"The realm of no leakage, I must reach the realm of no leakage."

A large amount of true essence condensed in Qin Chen's body, and Qin Chen ran the indestructible Eucharist crazily, and his body was rapidly transforming.

I don't know how long it took.

When that trace of power was completely swallowed by Qin Chen, Boom, Qin Chen felt as if some shackles had been opened in his body, a kind of transparent feeling spread all over his body in an instant.

"The eighth level of the Immortal Eucharist."

Qin Chen was extremely pleasantly surprised. He did not expect that he had really broken through the eighth level. His skin became crystal clear as jade, and the stream of light surged, reaching an unprecedented new state.

At this moment, he felt that even if he didn't use his true essence, he could still smash a high mountain with one punch.

His body was glowing, his body was metamorphosing, and his blood was flowing and heaviness, like lead and mercury, rumbling.

Among the five internal organs, the rays of light circulated, as if turning into a deity.

And when Qin Chen's body was metamorphosing, Ji couldn't wait for others to finally react.

"kill!"

Ji couldn't see that Qin Chen had survived the thunder tribulation, and the murderousness in his eyes was full, and he slapped Qin Chen with a palm in the air, revealing his peak cultivation in the later period.

Boom!

At the same time, the aura of the sea of blood skyrocketed, turning into an endless sea of blood, covering Qin Chen.

"Life and death glare cut!"

"Howl of Devil May Cry!"

"The ghost will never go away!"

"The scorching sun pierces through the sky!"

The great elders, the rotten monsters, and many Ji family and alien demon powerhouses on the field also shot at the same time, and they displayed their unique tricks and jointly attacked Qin Chen.

This time, they would never give Qin Chen a chance to come back, and they must kill Qin Chen and never let him escape from here, otherwise, they would definitely become their Ji family's nightmare.

"Humph!"

Qin Chen was glowing all over, and was in the critical period of the transformation of the Immortal Saint. The great road in his body was roaring, and the sound of Dalu Hongzhong was heard. The impurities in his body were quickly rejected, and his body was constantly strengthening.

Finally, at the moment of the attack, Qin Chen's transformation was completed.

call!

He exhaled heavily, opened his eyes, looking coldly at Ji Cannot wait for someone.

[Chapter 1794: Will oppression](#)

This look was very plain, with neither murderous intent nor other emotions.

But it was this look that made the hearts of the Great Elder and others twitch. At this moment, they even felt that they couldn't breathe, as if an invisible hand grabbed their heart, pinched it fiercely, not letting it beat.

What a terrible look in the eyes.

"The will oppression!"

Ji couldn't look gloomy, and slowly uttered a word.

He naturally wouldn't be as nervous as the Great Elder and others, but he was also shocked by this will. The powerful nine-day martial emperor has truly mastered the magical effects of the rules. When he raises his hand, he can control the rules and control the world. Therefore, the powerful nine-day martial emperor has the effect of the will of heaven and earth.

, It is impossible to do this.

And some top Wudi strong men, because their understanding of the rules has reached an unprecedented level, it can be said that at a certain moment, he is the rule, and the rule is him.

This will also produce a phenomenon in which every move of the other party will carry the will of the rules and produce a kind of will oppression.

And Qin Chen, at the previous glance, had such an effect, making even a late-stage martial emperor like the Great Elder feel shocked.

"What a terrible look, this child has just broken through the Nine Heavens Martial Emperor, and there is such a pressure of will, if it is not removed, it is difficult to sleep well."

Ji couldn't feel incredible. You must know that if you want to release the coercion of will in a glance, it must be those peak martial emperors who have reached the ultimate understanding of the rules, and even the great elders and other later martial emperors can't do it.

But Qin Chen, an early peak Martial Emperor did it, and at a glance, he seemed to be able to determine life and death.

This feeling made him feel terrible.

"kill!"

He roared, and the sky fell desperately.

"Ah!"

Qin Chen finally moved in the horrified gaze of Ji Ruyue and others. He chuckled, raising the mysterious rust sword in his hand, and then cut it lightly.

puff!

The black sword qi skyrocketed, and the sea of blood that Ji could not display instantly surged, and the violent power rolled the sea of blood into a terrifying sea. A sword blocked Ji's inability to attack, Qin

Chen opened his eyebrows, and directly displayed a soul attack at Ji's inability. It was the power of extinguishing souls. This power of extinguishing souls was dozens of times stronger than before Qin Chen broke through. , Once appeared, it was like a virtual

No sharp blade, Shengsheng inserted Ji couldn't think.

At the same time, the sky thunder sword in Qin Chen's left hand moved, and the thunderstorm turned into a sea of thunder, instantly blocking the attacks of the great elder and others. At the same time, there was sword energy rushing out of the thunder sea and shooting towards the great elder and others. people.

As for the attacks of other mid-term peak martial emperors, Qin Chen did not evade at all, but used his flesh to resist.

"what!"

boom! boom!

puff!

The first person who was hit hard was Ji Cannot. Facing Qin Chen's soul dying secret method, his soul sea was directly rolled up, and a gap was blasted. The pain from the depths of the soul made him scream.

The whole person looks like crazy.

However, the great elders and the evil demon monarchs and other later martial emperors only felt that they were caught in a terrible thunder light, and they flew out one by one.

As for the attacks of the mid-term martial emperors fell on Qin Chen, there was nothing except making a dull sound.

"Dust... are you okay?"

A white light flashed, and it was Ji Ruyue who appeared next to Qin Chen. She had also survived the thunder tribulation, her temperament became more and more detached, and her cultivation level was approaching the mid-term peak, giving people an extremely terrifying feeling.

Next to Ji Ruyue is Ji Hongchen, who has the same terrifying aura, and has directly reached the mid-term peak realm, extraordinary.

"Haha, what can you do?" Qin Chen smiled lightly, very calm.

In the previous blow, he was sure of his strength and became too much stronger. Under one blow, the late Emperor Wu could not bear it. Only Ji could not wait for the peak of the late peak Martial Emperor, and perhaps he would have the strength to fight him.

Recalling the battle not long ago, Qin Chen felt as if he was a world away.

It should be known that before entering Ji's forbidden area, he could only borrow the power of Lao Yuan and fled in embarrassment under Ji's inability to attack, but now, he has enough confidence that Ji can't fight.

"Lei Jie has passed, we are leaving now. With the strength of our ancestors, they may not be able to stop us." Ji Ruyue whispered while holding the sealing sword.

"Leave? Why do you want to leave?"

Qin Chen didn't want to leave now, he really wanted to know where his strength had reached.

"You two are sweeping here, I will meet them."

After the words fell, Qin Chen disappeared, and with a sneer, it turned into a light and disappeared into the world in an instant.

The next moment, there was a scream, it was an alien demon, who was torn apart in an instant, too fragile, and his body was broken to pieces in an instant.

Hum!

A magical figure soared into the sky from the shattered body, showing a look of horror, and fled outside.

The next moment, a flame appeared in the void, it was the Qinglian Demon Fire, and the Qinglian Demon Fire burned, trapping the soul of the alien demon in it, and wailing in pain. "Foreign demons, come to my Tianwu Continent to kill, do you have a sense of superiority?" Qin Chen sneered, waved his hand, and the Qinglian demon fire skyrocketed, and instantly burned the soul of the powerful alien to ashes, and the ashes flew away, only stern Screams, in this ancient city

swing.

"Smelly boy, you are looking for death!"

The rotten monarch roared, and many other aliens were also furious. They saw their bodies explode with magic energy, and the black magic energy gathered together, instantly forming a sky, surrounding Qin Chen.

However, Ji Cannot finally recovered. He was hit by Qin Chen's soul-killing power and injured the origin of his soul. It is very difficult for ordinary Wudi to completely heal these injuries, and his future combat power will be great. discount.

However, in his body, the strong man who was hosting the alien race was not seriously affected.

"Kill him, this kid is alone, too arrogant, think he is invincible?" Ji couldn't coldly drink, and was the first to kill.

"Ha ha!"

Qin Chen sneered, but he didn't accompany Ji to fight. Instead, he shook his figure and slammed into the crowd of Ji family ancestors.

boom!

The thunder light exploded and the screams sounded. In an instant, two more alien demons fell, screaming screams.

After breaking through the nine days of Emperor Wu, Qin Chen's strength improved too much. The ordinary mid-term peak Wu Emperor couldn't stop his move. Even the great elders of the later stage Wu Emperor did not dare to be light-hearted and could only chase wildly behind.

"Exterminate this group of alien demons first." Qin Chen's eyes were cold, and he swept across the audience.

At this moment, outside of the Ji family ancestral home, Mokara and others quit.

"Quickly, quickly, we're almost on the court." Mokara's anxious mouth was full of blisters. The master kills like this, what a waste.

"Let's go, let's enter the arena!" The **** cat also smiled, swaying into the ancient city.

[Chapter 1795: Revenge](#)

"Wow!"

"Wow!"

"Wow!"

The three Mokara swayed like lightning, and they entered Ji's family ancestors in an instant, making no secret of the aura emanating from them.

"Huh? Someone is here."

Feeling these three breaths, Ji couldn't face a change, and hurriedly looked back, but saw these three figures, they were all very strange, he had never seen them before.

"Where is the strong man?" Ji couldn't feel his heart sinking. This is the Ji family ancestral land, which is very secretive. When did any individual come in?

And the great elders and others are also extremely surprised, these are the strong people of his Ji family?

"Who are you?" The elder said coldly. The auras on these three people are extremely terrifying. The weakest one has the cultivation base of the mid-term peak, and the other two have stronger auras, making him too. Discoloration.

Facing the elder's inquiry, the Mokara and the others turned a blind eye and went directly to the sky above the ancient city. Then, under the eyes of all the people, they respectfully saluted Qin Chen: "Master."

What, that Iron Bull is the master of these guys, are these guys all from the Fallen Mountains?

wrong!

Even if they are from the Fallen Mountains, these guys should be from the same tribe of Iron Bull, how could they call each other their master?

Could it be that the kid didn't come from the Luoxue Mountain?

This idea can't be suppressed.

Since Qin Chen took out the Qiqiao Linglong Ball and the Sky Thunder Sword before, they had already doubted Qin Chen's identity, and at this moment, the appearance of the three Mokara made them doubt whether Qin Chen had any origin!

Qin Chen naturally ignored Ji's inability to wait for people's inner feelings, and laughed: "The three of you just came here now, where did you die before?"

As soon as the three of Mokara appeared, his heart was completely let go. Originally, Qin Chen was worried that facing so many powerful Ji family alone, he might not be able to deal with it, but now, the worry in his heart has long since disappeared.

With the three people of Mokara, especially the **** cat, he can let go of his shots without worrying about the others.

"Who are the three of you? How did you get into my Ji family ancestral land?" The elder saw that the Mokara three completely ignored him, and suddenly became angry and sternly rebuked. Mokara glanced at him, did not answer, and grinned at Qin Chen: "Master, you are ashamed to say that running so fast alone makes us easy to find. If it weren't for the old devil, I have a smart brain and a superior IQ. I may not be able to find where you are

in? "

"Okay, don't blow it." The void flashed, and the **** cat appeared, with cold eyes staring at Qin Chen, exuding a faint light.

"Boy, I didn't expect that you would be able to attract the Heavenly Dragon Thunder God Tribulation and successfully survive it. It really surprised me. The emperor will treat you with admiration from now on."

The **** cat said, his eyes were faint, and there was an indescribable meaning in his eyes.

"Tianlong Thunder God Tribulation?" Qin Chen muttered, the previous thunder disaster was called Tianlong Thunder God Tribulation? I have to say that the name is very appropriate. "Damn it!" Seeing Qin Chen ignoring himself, the elder's face was blue, and his whole body was chilly. As for the powerful strangers such as the rotten monarch and other demon races, the black demon aura lingered all over them. These black demon auras were all over them. Condensed, transformed into

The heads of the ghosts are roaring and wailing, just like demons walking out of hell.

"Old ancestor, what should we do?" The elder looked at Ji Neng, and his heart sank. The unexpected appearance of the three Mokara made him feel a little bad in his heart.

"Leave your ancestral land first and look at the outside world. How did these guys get in? How did Ji Delong and the others guard the family? Also, Ma sent the news to the Mo family and Misty Palace, so that the other party could send the strong over." He couldn't secretly transmit the voice, and his eyes were extremely solemn. Originally, he didn't want to tell the news of Qin Chen to Misty Palace. There are too many secrets hidden in this young man. Once he got it, he might have a chance to surpass Shangguan Xier

, Become the supreme of the entire continent.

But now, the strong intuition made him feel a little bit bad in his heart.

"it is good."

The Great Elder's eyes flashed, and the next moment, swish, his figure moved, like a bolt of lightning, directly rushing out of the ancient city.

However, his figure just moved, and a light flashed in the void, and a figure appeared in front of him.

It's Qin Chen!

"Elder, where are you going?" Qin Chen said with a sneer, and then said to Ji Ruyue: "Juyue, close the ancient city ban, and open the Five Elements Extinction Array. Today, all the Ji family disciples present are Don't try to escape."

"Less dust." Ji Ruyue's face changed slightly and hesitated.

"Boy, don't you think it's too arrogant?" Ji couldn't suppress his anger and said, his eyes cold.

He admits that Qin Chen is very strong, but now Qin Chen's actions clearly want to trap them all here, because of the six of them, they actually want to fight their Ji family's hundreds of strong, unconsciously. Is it ridiculous?

The ancestral land of the Ji family possesses the accumulation of the Ji family for nearly three hundred years. In the past three hundred years, the Ji family has searched for the strong from all over the Martial Domain, and is in charge of the law enforcement hall. The number of the strong here has already reached an extremely terrifying point.

In addition to the many early emperors who accidentally fell under the thunder tribulation, there are at least hundreds of strong men in the entire ancestral land, and a large part of them are mid-term martial emperors. This kid has a big appetite. Up.

"Ru Yue, Hong Chen, are you two disciples of my Ji family? If you are my Ji family disciples, don't come over to me, don't be obsessed with it." The elder shouted angrily, his face was green, and he looked at Ji Hongchen and Ji Ruyue coldly.

The other Ji family powerhouses also looked over, each with a cold look.

"Ji Hongchen, Ji Ruyue, you are too much. As disciples of the Ji family, you have colluded with outsiders and targeted the Ji family's ancestors. What crime should you do? What face do you have to see my Ji family ancestors?"

"Eating inside and out, colluding with outsiders, wolfish ambition."

"It's not too late to look back now, Ji Hongchen, Ji Ruyue, you are all my Ji family's direct descendants, and your relatives are also here. Don't be obsessed with it. Turn your head back to shore."

Many Ji family powerhouses shouted coldly, their sharp words, like a sharp knife, pierced into the bodies of Ji Ruyue and Ji Hongchen, morally driving them into the abyss of evil.

"Looking back at the shore?" Qin Chen stared at Ru Yue, "Ru Yue, what are you waiting for? These people even talk about the ancestors of the Ji family? Have everyone forgotten how Wuxue died? Today, I am I must avenge Wuxue."

Qin Chen's killing intent was awe-inspiring, and his momentum went straight into the sky, the sky was directly torn open, as if the end is coming. Today, his Qin Chen will take revenge on his friend Ji Wuxue!

[Chapter 1796: Still tender](#)

"it is good!"

Thinking of Grandpa Wuxuezu, thinking of the ancestors of the Ji family, Ji Ruyue gritted her teeth and directly moved the jade slip left by Grandpa Wuxuezu.

Hum!

Suddenly, the entire ancestral land's prohibition was activated again. Boom, the boundless restraint burst into light, and instantly shrouded the ancestral land, and at the same time the Five Elements Extinction Array formed again, and the bright glow turned into a sky curtain, completely sealing off the Jijiazu Land.

Ji Ruyue held the Sealing Sword tightly, and above her head, a sword air appeared, and a killing intent not weaker than Qin Chen permeated.

She hesitated earlier, not because she still cared about the friendship of her family, but because she didn't want Qin Chen to be in danger.

However, Ji Ruyue's heart finally cooled down after hearing Qin Chen's words.

Even for the grandfather Ji Wuxue, today, we must not make Ji unable to live well.

"Only with you?" A strong murderous intent appeared in Ji Can't eyes. What confidence do these guys have, dare to block the Ji family ancestral land?

"Great Elder, Demon Lord, you two will find a way to rush out and contact the outside world. As for the others, kill me and solve those guys first."

Ji couldn't keep his eyes on Ji Ruyue and the others, as long as Ji Ruyue was taken down, it would depend on what other storms the kid could make.

When the words fell, Ji couldn't move quickly, and boomed, like a **** light, the speed was too fast, he came to Ji Ruyue for the first time, and grabbed Ji Ruyue with a palm.

Boom! An ear-splitting roar resounded, and the void almost burst open. A black claw was like a ghost. It came to Ji Ruyue for the first time and took it down. At the same time, the boundless blood exploded, and a thick line of blood emerged from the sea of blood. Sea of blood, one

Swept toward Mokara and others instantly.

"Sealing Sword-Unblocking!" Faced with Ji's inability to attack, Ji Ruyue's face changed slightly, and she slammed the sealing sword. From the body of the sword, an astonishing pressure suddenly appeared. Some prehistoric monster has awakened from the sword body, its aura is simply

Can suppress the world. At the same time, a huge purple sword appeared above Ji Ruyue's head. The sword body exuded a terrifying aura. It was her heavenly sword bloodline. The purple sword body trembled, and the power that turned into terror was instantly integrated into Ji. Ji Yue's ban

Among the swords.

On the Sealing Sword, the aura was even stronger, a faintly terrifying shadowy figure appeared, and a sword severely slashed on the terrifying **** palm.

boom!

An astonishing roar resounded throughout the world, a big explosion occurred in the sky, **** energy swept through, Ji Ruyue snorted, the whole person flew upside down, opened his mouth and spit out a mouthful of blood, but the **** palm also collapsed quickly, bursting and shattering.

"What?" Ji couldn't lose his voice. In his opinion, even though Ji Ruyue broke through to the mid-tier ninth emperor martial emperor realm, it was still too far away from his peak martial emperor. He could easily capture Ji Ruyue with just one hand. But the current scene makes

He changed color completely.

Although Ji Ruyue's strength is not as terrifying as Qin Chen, she definitely reached the level of the Great Elder. How did this happen?

"Forbidden land, this Ji Ruyue must have got some kind of inheritance in the forbidden land, otherwise, it would not be so strong."

Ji couldn't be frightened, his gaze was even more intense, and he shot out two **** rainbow lights, sticking out his right hand, and once again caught Ji Ruyue.

This time, the heaven and the earth trembled, a sea of blood surging, a **** palm appeared, and its power was more than several times stronger than before. Longlong pushed down the cover of Ji Ruyue, only a mid-term Wudi junior, he didn't believe he would not be able to take it down. .

But at this moment--

call out!

A spatial fluctuation flashed across the void, and then, a terrifying aura that made him hairy and trembling in his heart appeared behind him. He turned his head in amazement and saw countless sword shadows appearing in the void. These sword shadows were densely packed, powerful and containing endless destructive power. You can see that in the sword light, stars are exploding, destroying, and The big moon sinks, draw

Breaking through the sky, with the breath of death and desolation, a sword seems to be able to destroy a world.

Such a sword is enough to threaten his safety.

"not good!"

Ji couldn't be shocked, and he didn't care about shooting Ji Ruyue again, the blood sea bead appeared in front of him, and the light was radiant for an instant, like a scorching sun exploding.

boom! The boundless sword shadow collided with the blood sea and blood sun, and the world was about to be torn apart, and there was a palpable whining sound from the void. If this is not the Ji family ancestor land, the ancient secret realm, the space is extremely strong, if it is outside, the sky is estimated Can be directly

A big hole was torn apart.

Boom boom boom...

The terrible sword aura and the blood light collided, Ji couldn't be shocked, Qin Chen was too strong, it was hard to imagine that this would be an attack from a young man who had just broken through the Nine Heavens Martial Emperor, and he was so strong that he pointed out.

In the end, with a bang, the sword shadow and the blood light shattered at the same time, and Qin Chen flew out hundreds of meters, but Ji couldn't figure also swayed, flew out more than ten meters, the blood surging in his body.

puff!

But at this moment, the blood qi that had escaped condensed again, forming a river of blood, instantly engulfing Qin Chen.

"Hmph, fight with me, I'm still a little tender." Ji couldn't sneer. The ridiculous sound hadn't completely subsided, but his face changed. With a puff, the blood that flooded Qin Chen burst into pieces and was bombarded. Broken apart, a figure came out from it, it was Qin Chen, and at this moment, there was no

What is the injury, the momentum is still strong.

"How is it possible?" Ji couldn't beat his heart wildly. Although his blood energy had been blasted away, the river of blood turned into was also powerful enough to blast an ordinary late-stage martial emperor, and Qin Chen had just broken through the nine-day martial emperor. Although his strength is strong, his body will not be as good as him

Generally terrible, it will inevitably be injured in this blow.

But the result was far beyond his expectations.

"Ji can't, your opponent is me." Stealing his figure, Qin Chen grinned and said with an extraordinary temperament.

Indestructible Eucharist broke through the eighth level, and his physical strength has already reached a heinous level. It should be noted that in Qin Chen's previous life, the strongest body-refining martial emperor in the entire continent only cultivated Indestructible Eucharist. It's only the seventh stage.

"Kiritsu, you go to deal with other people, Ji can't give it to me."

Qin Chen said to Ji Ruyue and Ji Hongchen, and then, his figure moved and turned into a thunder light, and instantly he couldn't fight with Ji.

Boom!

Suddenly, there was a big explosion in the sky, and the entire ancient city trembled and blew under the hands of the two. There were some ancient buildings that could not withstand the pressure of the two, so they burst into pieces and turned into dust.

On the other side, the Great Elder and the Divine Demon Sovereign soared into the sky for the first time, trying to break out of the blockade of this ancient city.

Whizzing!

Two silhouettes flashed by, it was Mokara and Skeleton Rudder Lord, who stopped in front of them, grinning and said: "Two, are you ignoring us?"

"Humph!" The mortal monarch sneered, hum, in his body, a terrifying soul fluctuation swept out in an instant, rushing into Mokara's body.

In its view, no matter how strong Mokara is, it is only a strong human race, and its soul power is definitely not strong. Under its soul attack, it will definitely be severely injured or even fall.

But when its soul power entered Mokara's mind, its sudden change.

"What?" He exclaimed, screaming out, like hell.

[Chapter 1797: Old Magical Song](#)

"Jie Jie Jie, what's the matter, why are you so surprised?"

Mokara grinned, his temperament suddenly changed in an instant, and with a bang, Dao Dao Demon Qi diffused out of it, and its body swelled in an instant, and the whole person's muscles became a knot of three or four. The meter tall giant.

Oh oh oh!

A large amount of devilish energy permeated and turned into an endless black sky curtain. In the sky curtain, there was howling ghosts, and the horror of that breath was like a demon who came to the world and walked out of hell.

"Alien demons!"

The powerhouses of the entire Ji family ancestral land were dumbfounded, each one was dumbfounded, looking at Mokara in disbelief, how could it be possible, how could the other party be a stranger?

"Jie Jie Jie, how is it, are you surprised?"

The Skeleton Rudder master also laughed, hum, its temperament suddenly changed, and the devilish energy rose, turning into black devilish tentacles, and swept towards the elder in an instant.

call!

The black tentacles turned into a cage, confining the void, and spreading boundless devil energy to swallow the great elder.

"He is also an alien race?"

Everyone was shocked and felt that their minds could not turn around. The Alien Demons had already cooperated with Misty Palace. Why would there be Alien Demons against them?

And the most shocking was the Evil Demon Lord. Puff, as soon as his soul attack entered Mokara's mind, he felt an abyss-like power permeating out, that power instantly shattered its soul power, and, more For an astonishing speed, feedback came back in an instant.

"puff!"

A mouthful of blood spurted out, and the evil monster turned pale and flew out.

"How come, who are you? Soul power is stronger than me?"

The unbelievable roar of the evil demon king, the soul power of the alien demon race is connected to their strength. It was originally a middle demon king in the alien demon race. Now although it has taken away the human body, it is the source of the soul power. constant.

But now, it uses its soul power to attack Mokara. Not only did it fail to seriously injure Mokara, but it was eaten back by Mokara. There is only one possibility, that is, the level of Mokara is above it.

"Jie Jie Jie, a small middle-ranked demon, even though he has recovered a little strength after seizing the house, he dare to be arrogant in front of this seat?" Mokara laughed slyly, and suddenly burst out an ancient breath in his mind, a terrifying ancient The power swept through, and was suppressed on the body of the mortal monarch in an instant.

This is a kind of coercion from the superior power of the alien demon race, so that the magic power in the body of the rotten alien demon can not be condensed, as if the neck was pinched.

"you you you....."

The rotten demon trembling, only felt that the whole body was cold, the other party's soul power was too strong, far above him, especially there was a feeling of ancient desolation, it was more terrifying than those upper demon lords.

"Puff!" Mokara shot, and the deadly devil flew out with a violent shock, blood spurting from the corners of his mouth, blood dripping all over his body.

On the other side, the Skeleton Rudder Master also fought with the Great Elder, booming, and the sky-shattering waves swept across, and the two fought into a ball. The burst of energy made some mid-term Martial Emperors around them unable to approach at all, and could only rush. Emperor Xianggu Cangwu.

boom!

The war broke out, and the entire ancient city was full of fighting sounds, and the earth-shattering roar resounded. There were too many strong people in the Ji family's ancestors, and the flames were overwhelming.

Swish swish swish, I saw many powerful Ji family gathered around, murderous, they also knew that now it has reached the most dangerous time of the Ji family, once they can't hold it, the Ji family's ancestral land will fall, and everyone is doing it. Exactly.

Among them are two alien demon monarchs, whose breath is second only to the evil demon monarch, and also reached the realm of the late martial emperor. Seeing the evil demon monarch fell under the wind, they rushed over.

"Dirty, who is this person, as a foreign demon, even colluding with outsiders is unforgivable."

The two men drank coldly, lingering in the deadly demonic energy. Suddenly, the black aura accompanied by the sound of the terrifying soul swept across and rushed towards Mokara.

"Hahaha, good time, the ancient magic tide is born!"

Mokara laughed, unafraid, woooo, it screamed, and suddenly, Dao Dao swept out with the coercion of the soul whining, and instantly enveloped the two big late-level powerful alien demons.

"what?"

Only after the two of them fought with Mokara, they knew it was terrible. Their faces turned white and blasted. They were two alien monsters with terrifying auras, but their faces turned pale at the moment, with surprise in their eyes. The color of fear.

Before fighting, the pressure of the breath made them pale, the demon energy in their bodies stagnated, and they felt threatened.

"Leave this person to me, you go to deal with another guy, first destroy the weak, then destroy the strong." The Eternal Demon Lord yelled, with a ferocious color on its face, booming, it also turned out of its body. There is a three-meter-high terrifying alien powerhouse. Above the body, the light of blood and black is permeating the debut, which is a certain taboo technique.

"Only you can stop this seat?" Mokara sneered, rushed up, and protruded with one claw. The two great demons collided crazily, and the demon king flew upside down in embarrassment, spitting out a mouthful of blood again. Stabilized the figure.

"Huh? It was blocked?"

Mokara looked surprised, and immediately suddenly said: "It turns out that the source of the different demon was burned, ha ha, I really have the courage, once the source of the different demon is damaged, it is fatal."

The evil demon looked savage, with a trace of madness, "As long as I stop you, I will succeed. You are very strong, but it does not mean that everyone is strong. As long as I hold you and destroy others first, it depends on you. One, what kind of waves can it roll up?"

"Really?" Mokara laughed, not worrying about the Skeleton Rudder Master. Boom, his figure shook, turned into a magic light and rushed towards the rotten demon lord, curling up the ripples of demonic energy: "I want to see. How long can you block."

boom!

In the battle between the two sides, the mortal monarch relied on burning the source of the different demon and insisted.

At this moment, the other two powerful late-stage martial emperors and alien demon races have already killed the Skeleton Rudder Master and joined forces with the Great Elder.

"dead!"

The three powerful late martial emperors joined forces, including the two great alien demon kings, and the skeleton rudder master who just recovered the late martial emperor's cultivation base. How can he block the three people's joint attack? A large wound was blasted on the Skeleton Rudder Master, and flesh and blood flew across.

"Successful!" The great elder was overjoyed, but the next moment, the three of them looked stagnant, and saw that the skeleton rudder was bloodied, but like an okay person, the breath on his body was not reduced.

how is this possible?

The two powerful alien demons were dumbfounded.

It should be noted that they can survive because they have taken away the human race Wudi and occupied the body of the human race Wudi, but in the same way, they also lost the powerful flesh of the demon king. Once the flesh is damaged, the strength is natural. It will also be damaged.

But the performance of Skeleton Rudder Lord made the two demon monarchs unable to believe their eyes.

[Chapter 1798: Give me your body](#)

"Jie Jie Jie, is it weird? It's just a physical body. It's too troublesome. My old bones will show my true body."

The Skeleton Rudder master laughed. The next moment, its blood was restrained, and under everyone's horrified eyes, it revealed a silvery white but golden skeleton skeleton.

Hum! The moment the skeleton appeared, a breath of horror to suffocation escaped in an instant. In an instant, the hearts of all the powerful alien demons sank, as if a giant mountain was pressing on them, breathing Become extremely sleepy

difficult.

"How is it possible...this coercion...is the demon master, the coercion of the demon master..."

All the alien demons on the field were terrified, raised their heads in amazement, and looked at the Skeleton Rudder Master in horror. There was boundless fear in their eyes.

The devil! The leader of the alien demon race is also the world leader of the alien demon continent. It can be said that in the world, all alien demons must obey the command of the demon lord, and now the skeleton helm master exudes the aura of the demon lord. Everyone changes color

.

How could this person have the aura of the devil? Is it the heir of the devil?

As soon as this kind of speculation came out, the breathing of all the alien demons stopped. This is a great secret. They dare to act on the descendants of the demon master. It is a great disrespect.

Even the ancestor of the Ji family, who had fought with Qin Chen, changed his face. He was attracted by the aura and stared at him for an instant. In his mind, a horrified voice screamed: "The devil?"

"wrong!"

But soon, it found the problem. Suddenly, Ji Neng's body became gloomy and cold, and the demon aura permeated. In an instant, an icy aura recovered from his body and roared: "This person is not the demon master, but has absorbed part of the demon master's power and possesses Devil's

Some breath, kill it, kill it for me! "

Hearing the command of this cold voice, the elder and the two powerful aliens gritted their teeth and shot again. Only a violent roar resounded. Under the cooperation of the three, the skeleton rudder retreated frequently, but always laughing again and again.

"Jie Jie Jie, you dare to fight with me just because of the three of you?" Although the skeleton rudder fell in the wind, he did not have any sense of fear, because the three elders were indeed very strong in teamwork, and it was not an opponent. But it possesses the power of the demon's corpse, and its defensive power far exceeds that of the opponent. It hits three people, all of whom will suffer

Injury, the combat effectiveness is greatly reduced.

But it was different. No matter how the three of them took action, they couldn't even break its defenses. They continued to fight, and the final result was only one, that is, the fall of the three elders, and it would consume some vitality at most.

As for the energy and blood consumed, as long as the people in front of them are killed and swallowed completely at that time, not only will they not lose, but the cultivation base will skyrocket. This is a no-profit business, only making no losses.

"It won't work like this."

The three elders sweated on their foreheads. Knowing that the matter was in trouble, they could only turn their eyes to the other side of the battlefield, hoping that there would be some surprises.

But the result disappointed them. At the other end of the battlefield, a late Martial Emperor veteran of the Ji family brought a group of Ji family powerhouses and ordinary alien martial emperors to frantically besiege Ji Ruyue and Ji Hongchen. What frightened them was that Ji Ruyue, a Tianjiao who had just broken through the mid-term Martial Emperor, was not as lowly as they had expected. She held a blocking sword, mobilized the blood of the Heavenly Sword, and soared to the sky. In the later period, Emperor Wu retired, actually

However, the wind did not fall in the slightest.

On the other hand, Ji Hongchen, whose cultivation level reached the mid-term peak, was also terrifying. Although it was not as against the sky as Ji Ruyue, it was still sweeping all the way. In the later period, the Emperor Wudi below the level of the giant Wudi could not cause her any trouble.

Looking around, there are too many strong Ji family in the entire ancestral land. There are hundreds of strong people who unite with the alien demon race, but this is the number one hundred people, facing the six strong people such as Qin Chen, there is no one at all. Method.

This result, had to make the Ji family hit an accident, extremely furious.

On the battlefield, Qin Chen breathed a sigh of relief.

He was originally worried that Mokara would not be able to hold them. After all, there are too many Ji family powerhouses here, but now, the stones in his heart have been put down, and Mokara's growth has far exceeded his expectations, enough to hold all the remaining strong. The siege of the attacker.

At this moment, Qin Chen put a heart on the Ji family ancestor.

Fan Tianyin!

Zhen Mo Ding!

Qinglian Demon Fire!

Numerous attacks were carried out one after another, and even the gas-eater ants and fire-refining worms were also released, all kinds of methods were used together, and they were madly fighting with the Ji family ancestors.

Rumble!

The sky trembled, and the entire ancestral land was roaring. This scene was too terrifying, like the end of the world.

puff!

Qin Chen urged the Heavenly Thunder Sword and the Mystic Rust Sword, engulfing the Thunder's bloodline and other attacks that contained the power of thunder, Ji couldn't immediately add several wounds to his body, and blood flew across.

"Where is the kid, how can he be so strong?"

Ji couldn't be furious. He thought he was not talking about fighting Qin Chen, but he never thought that Qin Chen's strength was far beyond his expectations, and it was only a little weaker than him.

It is reasonable to say that Qin Chen should have been taken down by his means a little bit weaker, but who would have thought that Qin Chen's defense was too terrifying, and his attack fell on Qin Chen, and he could not bring him. How much harm.

That was an attack that even Emperor Wu of the later period could seriously wound, but it was useless in front of Qin Chen, it could only add some wounds to his body, and there was no change at all.

What made Ji couldn't depress even more was that Qin Chen had too many methods, and various magic weapons emerged one after another, each of which was powerful and terrifying, more than him, the ancestor of the Ji family who had lived for more than three hundred years, so he didn't get upset.

"No, I can't go on like this."

The two fought hundreds of thousands of moves, Ji couldn't breathe out, looking around, the evil demon king was all embarrassed, and it was obvious that he could not hold on for long under the attack of Mokara.

On the side of the elder, the three giants joined forces, and it was too late to take the skeleton man. As for the other person, although weak, he was not afraid of the many strong people in the Ji family. This person's blood is very strange. Not afraid of the siege of the strong at all.

What is even more depressing is that although this person has the lowest cultivation level, the battle situation is not important. Even if he is killed, it will not have much impact on the entire battle situation.

As for Ji Ruyue's side, the same is true.

If this continues, the foundation of his Ji family will be completely destroyed.

"Yan Mo, don't you hurry to figure out a solution." Ji couldn't say anxiously to the strong alien demon in his mind. "The only way now is to hand over your body to me, let me and your strength merge together, kill that kid as soon as possible, otherwise I can't stop it." The alien demon soul said in a deep voice.

[Chapter 1799: Was taken away](#)

Ji Neng's heart was full of despair. How did he know that he would have come to this point? Qin Chen's strength is not too bad. For hundreds of years, he has experienced many winds and waves. It is reasonable to say that Qin Chen does not A piece of cake. As long as he is given enough time, he has a way to kill Qin Chen, but now, he knows that he can't wait that much. Once the other two battlefields can decide the victory or defeat, a few terrifying alien demons who obey the kid will be Open hand, then he

That's it.

Then the entire Ji family will be destroyed in his hands. Now there is only regret in his heart, hate that he didn't put Qin Chen too much in his eyes when he first shot. If he could do his best at the beginning and not covet the so-called secrets of Qin Chen, he wouldn't need to be reduced to what he is today.
Point

Up.

Thinking of her hard work and hard cultivation for so many years, she was suppressed by a warrior who had just broken through Wudi not long, so Ji couldn't feel depressed.

"boom!"

Ahead, Qin Chen moved, and the boundless green lotus demon fire filled the fire. This flame was extremely terrifying. It was still burning in his sea of blood, and his blood evaporated, making his body seem to be burning.

And behind that terrible flame, there was a large pitch black cauldron, spinning and suppressing it, and the void rippled with countless ripples, as if to be torn apart.

In the distance, anger and screams sounded.

Ji couldn't know that if he didn't make a decision, everything would be too late. Although he was unwilling to do so, he could only let his happy spirit go and let the terrifying powerhouse of the alien demon control his soul and body.

Although the other party was stored in his body, it did not completely occupy his physical body. Under the barrier of the Ji family inheritance treasure, although he could easily control his body before, it was limited.

And now once he let go, his initiative was completely gone, but now, apart from doing this, Ji can't and has no other way.

"Boom!" The indomitable Summoning Cauldron was suppressed and blasted above the sea of blood. There was a burst of sound, and the sea of blood suddenly surged into the sky, and at the same time, Ji couldn't breathe suddenly, a trace of it. The gloomy chill like a ghost

, Burst out from him in an instant.

Hum!

The blood sea bead became so powerful that it burst into a stronger blood energy in an instant, and with a swish, it entered Ji couldn't be physically.

Ji couldn't be blood-red all over, and in an instant he became a **** man. In the next moment, countless sword qi had already fallen, and he shot Ji Wu in a dense crowd.

The black sword aura went forward with the power of thunder and lightning, descending with the terrifying power that swept the entire void. There were waves of ripples in the void, which instantly enveloped the surrounding void in the countless sword energy.

"puff!"

There was a dull cloth sound, and a few sword marks appeared on Ji Neng's body in an instant, but the sword marks were only nearly an inch deep, and no blood flowed out, as if they had hit a piece of leather.

Moreover, the remaining sword energy power, as if losing its goal, overflowed into the void and turned into nothingness. The corner of Qin Chen's eyes jumped. The previous move was his full shot. He knew how powerful it was. It is absolutely impossible to overflow into the void without beheading a person. Anything surrounded by him will definitely be intercepted by the endless space. Kill, and Ji can't be just

There were several ordinary subtle sword marks, and the defense power was at least twice as strong as before.

This is absolutely abnormal.

"Yan Mo, you old thing..." Ji Cannot's angry voice sounded again, and Qin Chen was startled. The next moment he saw a shadow overflowing from the illusion to the extreme. This shadow was the soul of Ji Cannot. This soul is not complete, it seems to have suffered

What a heavy hit.

The lingering blood and black aura Ji couldn't but casually grab the illusory shadow and stuff it into his mouth.

Eat your own soul? Qin Chen was stunned for a moment, and then suddenly understood that Ji could not be taken away by others. The person who swallowed his shadow should be the alien demon that Ji could not have before, and now he directly occupied the body that Ji could not. Put his spirit

The soul was also swallowed.

But didn't the alien demons have been stored in Ji Wu's body before? Why can't it take Sheji until now?

"Ah! Yan Mo, you old man, I didn't expect to take the opportunity to seize old husband She's body. You must die!"

Ji Can't frightened voice sounded, the next moment, his voice was completely immersed, and the aura on the body of 'Ji Can't' also skyrocketed instantly, and a terrifying pressure spread out.

Its previous injury instantly recovered, and it quickly recovered to be exactly the same as before. The only difference is that its aura has become completely different from Ji Can't at the beginning, and it has become cold and biting.

At the same time, an aura that made Qin Chen faintly fearful filled Qin Chen, with a strong aura of danger, which made Qin Chen feel a bit of horror. "Your Excellency, Ji cannot be dead, the grievances between you are wiped out. Now we don't offend the river, and we will go our own way." A hoarse voice came from Ji Can's mouth, and Qin Chen knew that Ji Can's soul was still Really swallowed

Up.

Qin Chen sneered in his heart, believing that this alien demon who could not devour Ji was willing to write off him, Qin Chen might as well believe that Ji could not be a good person.

This person can stay in Ji Neng's body for so long, spend so long, and even use oneself to seize the opportunity to be unable to seize the house, knowing that the coldness of this person's scheming and methods is more terrifying than Ji can't.

Qin Chen didn't even say a word at all. At the same time that the Sword Demon Cauldron was sacrificed, it was already cut with a sword.

This alien demons gave him a sense of crisis that was stronger than Ji Neng's. Don't kill him at this time. Once he completely occupied Ji Neng's body, it would be too late to kill him.

Seeing that Qin Chen even attacked him, the alien demon named Yan Mo sneered and said at the same time. He raised his hand and slammed towards the Demon Cauldron. At the same time, he waved his hand, and a black blood condensed and transformed. Make a sharp spear.

The well water mentioned earlier does not offend the river water, but it is just delaying time.

The spear was swung, and it seemed to bring up a long river of blood in the void, with a strong smell of blood, almost disgusting.

If Ji can't be alive at this time, he can definitely see that Yan Mo is like a demon king, holding a blood river spear, rolling the **** murderous in the void. This is the real function of the blood sea bead. It simply turns into a blood sea, but it is just one of the most basic functions of the blood sea bead. When all the power of the blood sea bead is gathered together and turned into a weapon, the power released is even greater. Turn into blood

The sea is more than multiple. There was an endless roar in the void, and a stream of red blood rushed towards the black rust sword in Qin Chen's hand. These **** rivers were linked together in a blink of an eye, falling down like a sky.

[Chapter 1800: The Four Demon](#)

"Boom..."

There was a dull and muffled sound, and the river of blood swallowed Qin Chen in suddenly, and the blood in Qin Chen's body was immediately attracted, to rush out of his body, and blend into the endless blood. .

Qin Chen was suddenly shocked, this blood river was too terrifying, you must know that his body training has reached the eighth level of the Immortal Eucharist, able to withstand the previous attacks that Ji could not, but actually could not resist the trigger of the blood river .

It can be seen from the naked eye that the blood qi in Qin Chen's body was mobilized for an instant to fuse with the endless blood qi, and once the blood qi in his body was emptied, his life aura would instantly disappear, turning into a mummy.

"not good."

Qin Chen was incomparably horrified, and tried his best to urge the Nine Star God Emperor Jue to prevent the waste of blood energy, and at the same time he slashed it out with a frantic sword to tear the blood energy apart.

But these blood qi was broken by him layer by layer, but soon gathered together again, unable to completely break through.

"Boy, this is the bloodthirsty method of the alien demon race, and it is also the top bloodthirsty method, combined with the sea of blood, you can't stop it now."

At this moment, Lao Yuan's voice came from the jade disc of good fortune in the universe, with a trace of solemnity, "I'll help you!"

The voice fell.

A terrifying breath of Origin Beast was immediately transmitted from the Universe Good Fortune Jade Plate, and it was blessed on Qin Chen in an instant.

This time, Lao Yuan didn't even conceal his aura. The terrifying aura of the source beast rose into the sky for an instant, and with a bang, it collided with the **** sea, tearing it apart.

After this river of blood was torn apart by the essence of the source beast, there was no longer the aura that swept across the void. "The essence of the source beast? Is it the power of the blood crystal? No, this is the breath of the source beast. Is there a source beast in your body?" Yan Mo shouted in horror, revealing a look of horror, and then his eyes sank. Angrily said: "Could it be that Gu Yu's cage

The source beast? "

His eyes flashed, and he actually guessed the origin of Lao Yuan.

"Kid Qin Chen, kill him!" Lao Yuan shouted coldly, a terrifying force poured into Qin Chen's body, booming, and at the same time, the heavenly aura appeared in the sky again, and he wanted to punish Qin Chen. Because Tiandao perceives the aura of Lao Yuan, and Lao Yuan, as a source beast born from the creation of Heaven and Earth, once completely restored to its cultivation base, it can even destroy the balance of the entire Tianwu Continent. This is an instinctive response of the Heavenly Dao to be destroyed.

This kind of existence.

Lao Yuan had to condense his breath, but the power he exerted had already reached its extreme. Even the source beast essence in his body was burning. Even if he tried to consume a lot of essence, he must kill Yan Mo. Determination.

"Dead!" Qin Chen understood Lao Yuan's determination and sensed Yan Mo's threat. After breaking through the blood river, his aura became more vigorous, and the black rust sword frantically swept the killing force in the void, even trying to split the void directly. Draws to Yan Mo's forehead.

"Bang" was another muffled sound, Yan Mo's fist collided with Qin Chen's Demon Surgery Cauldron, but in an instant, Yan Mo's fist cracked with a bang, and the Demon Surgery Cauldron was blasted out. , Violent shocks.

"Hmph, Zhen Mo Ding, **** it, it was this kind of strange treasure that killed many disciples of my strange demon race." Yan Moyin said coldly, and the chills all over his body reached the extreme.

After the endless river of blood brought by the blood-colored spear was split by Qin Chen, the crazy killing power brought by Qin Chen's mysterious rust sword continued to be involved, and the aura of the source beast skyrocketed, and Yan Mo knew that he could no longer compete with Qin Chen. Hard to resist.

It wasn't that he couldn't beat Ye Mo, but because it didn't integrate with his physical body at all to restore full strength. Moreover, Qin Chen actually had an ancient source beast in his body, which made him shocked and ecstatic, because it knew that the source beast was born from the world of alien demon races, and could not appear in the Tianwu Continent. It can only exert some of its power. , And it only needs to recover

After regaining a certain strength and capturing Qin Chen, the Origin Beast in his body will continuously increase its strength in the future.

However, it is not the time yet.

It turned its head, its gaze flickered, and its gaze had fallen on the body of the Skeleton Rudder Master. "The breath of the demon lord, but it is not the demon lord, but only a trace of the demon lord's power. If I am not mistaken, this person's bones are integrated with the power of the corpse of the demon lord after the demon lord's fall in the heavenly demon secret realm. The person who came here should be that year

A certain demon on the battlefield of the demon"

"This is an opportunity."

There was a cold glow in its eyes, and under the spear in his hand, the river of blood crazily rushed towards Qin Chen's mysterious rust sword. The castration of the mysterious rust sword did not slow down, and the space rules in the void were drawn by the mysterious rust sword. If the **** river brought up by Yan Mo is like the sky rolled down, then Qin Chen's mysterious rust sword is like an endless mouth, and he swallowed it when he opened his mouth.

The blood-red rewinding river.

After the mysterious rust sword smashed into the river of blood, the river of blood instantly dissolved and disappeared. Only after the river of blood dissipated, that Yan Mo disappeared.

Qin Chen's soul power immediately stretched out. In an instant, Qin Chen caught a trace of demonic energy fluctuations in the void and appeared near the Skeleton Rudder Master. "No, this guy is going to seize the demon bones from Yong Ye." Lao Yuan immediately screamed. This Yan Mo was already extremely strong. Once he robbed Yong Ye from the demon bones that possessed the power of the demon master, Then it's dangerous, even it won't be controlled

The other side.

The Skeleton Rudder was fighting with the great elder enemy at a critical moment. Suddenly, he felt cold all over his body, and at the same time a terrible breath came, trying to swallow its power. "Jie Jie Jie, kid, give me all the power of the Demon Lord's corpse on you, this is not what your little middle-ranked demon should have." Yan Mo grinned and said, that terrible devouring power even the skeleton rudder The Lord can't resist, the Demon Lord Qi in the body

The interest will be taken away a little bit.

"This kind of bloodthirsty power, you are the Demon Commander Yan Mo!"

The Skeleton Rudder master suddenly exclaimed. At that time, the demon lord had four great demon commanders, and the demon commander Yan Mo was one of them. In terms of identity, he was stronger than the Quinn who was killed in the ancient Yu world. He was one of the true leaders of the alien demon race. One, but Quinn, is just a staff member, but

The four masters, each of their subordinates ruled many powerful men.

"Jie Jie Jie, kid, I didn't expect you to have some vision to recognize this demon commander, then you can be a part of the demon commander's body obediently, Jie Jie Jie, this is your honor."

The aura on Yan Mo's body is even worse, and the endless aura of the devil is about to enter its body.
Suddenly, the void flashed.

"I said, it's just a little demon commander, also worthy of acting in front of the emperor?"

puff!

A claw appeared in the void and instantly hit the top of Yan Mo's head.

"what!"

Yan Mo's body shook, and the original process of swallowing the Demon Lord's breath was instantly interrupted. He covered his head and roared, feeling dizzy, and his mind exploded.

"Who is it, who is disturbing the devouring of this demon commander?" Yan Mo roared, furious.
