

## Valkyrie 1831

### [Chapter 1831: Return to the Misty Palace](#)

The Misty Palace is vast and heavily guarded. The entire area is wrapped in countless restrictions. Let alone a person, even a fly can be spotted for the first time.

As soon as Ji Hongchen entered the territory of Misty Palace, he was naturally sensed by people patrolling nearby, and stopped immediately.

"It turned out to be Lord Hongchen!" Seeing Ji Hongchen, the patrolling guards stopped quickly, their killing intent was reduced, and the leader smiled with a touch of affection.

Although Ji Hongchen is not a member of the Misty Palace, he is a disciple of the Ji family. After breaking through Emperor Wu, he also served as a senior in the Law Enforcement Hall. Moreover, Ji Hongchen is very familiar with some high-level officials in the Misty Palace, and is considered a frequent visitor to the Misty Palace. .

After all, most of the disciples in Misty Palace are female disciples, and Ji Hongchen is often asked to report on Ji family matters.

"I don't know why Lord Hongchen came to Misty Palace on this trip?" the other party asked.

"Has the Lord Palace Master come back? The Emperor has something to see with the Lord Palace Master."

Ji Hongchen said lightly, the aura on his body exuded, making these patrolling guards a bit horrified, and they all looked at Ji Hongchen with envy.

I haven't seen it for some time, Master Ji Hongchen's cultivation has improved a lot! As expected to be the Ji family Tianjiao, when will they be able to break through like Master Ji Hongchen as simple as eating and drinking?

While envying in his heart, he replied: "Master Hongchen, Master Palace has not yet returned."

"I haven't come back yet?" Ji Hongchen frowned, but he was happy in his heart. As expected, Lord Palace Master was not there.

She secretly breathed a sigh of relief, but pretended to be disappointed: "The Deputy Palace Master Hualing is always there, right?"

The other party replied, "Hua Ling Deputy Palace Master is here."

"That line, the emperor has important things, please trouble you all to lead the way and inform the Vice-Palace Master Hualing." Ji Hongchen said, "Hongchen is grateful."

"Look at what you said, Lord Hongchen, please come with us."

The leading woman smiled slightly, and a group of people immediately led Ji Hongchen into the Misty Palace area. As soon as I entered, a strong breath rushed over my face. The Wuyu Triple Heaven was originally the place where the true energy of the mainland world was the strongest, but the aura in the

area where the Misty Palace was located was several times stronger than that of the Triple Heaven. No wonder there will be

The strong are emerging in endlessly.

Under the leadership of this group of people, Ji Hongchen quickly went to the Misty Palace. The Misty Palace occupies a huge area. What Ji Hongchen previously entered was only the outer area. It will take some time to enter the core area of the real Misty Palace from the outer area, especially after the previous joint entry by several major forces.

After the attack, the Misty Palace's defense was even tougher, with one post at three steps and one post at five steps.

Ji Hongchen was led by someone, so it was naturally unimpeded.

Hum!

The power of invisible searching swept across the entire area from time to time, and the package swept across Ji Hongchen. This power was very secretive, but it was extremely powerful, and even the giant Wudi would never want to escape silently in the later period.

"If it wasn't for Ji Hongchen to bring in, just entering the Misty Palace would not be an easy task."

There was a jade pendant on Ji Hongchen's waist, which was the jade disc of good fortune from the universe, and Qin Chen was staying in the space of good fortune at this moment, feeling the power of searching that the outside world constantly passed by, secretly surprised.

Compared with the defense of Ji Family Ancestral Land, the defense of this Misty Palace was obviously more terrifying, which shocked him.

Almost a stick of incense passed, and a towering mountain suddenly appeared in front of him, reflecting Qin Chen's perception.

This is an incomparably majestic mountain, high enough to look up, entwined with splendor, and exudes endless majesty, which makes people want to worship when they see it, as if a \*\*\*\* sitting cross-legged there.

This is called Miaomiao Mountain, and it is also the location of Miaomiao Palace, Shanguan Xier's dojo.

The layout of this misty mountain was set by Shanguan Xi'er of Qin Chen's previous life. When he came to Misty Palace again in this life, Qin Chen felt a thousand times in his heart and couldn't tell.

He didn't dare to release too strong perception, just released a trace of space power, mixed with the aura of Emperor Hongchen Wu, perceiving the surroundings.

The plants and trees here are so familiar.

This reminded him once again of the years three hundred years ago, and the despair that night, his eyes gradually became cold, and the slightest chill radiated from him.

At this moment, a gentle palm stretched out and took his hand, so that he was awake.

"Ji Yue?"

Turning her head, it was Ji Ruyue who held his hand and looked at him tenderly, with unspeakable love in her eyes.

This time Ji Ruyue also came to the Misty Palace with Ji Hongchen, but instead of following Ji Hongchen, she stayed in the jade disc of Universe Good Fortune. When she came to Misty Palace, naturally, the fewer people outside, the safer.

"Little Chen, are you okay?" Ji Ruyue looked at Qin Chen worriedly. The coldness that had emanated from Qin Chen's body made her feel inexplicably distressed. She was a little worried in her heart who didn't know what happened to Qin Chen.

"I'm okay." Qin Chen shook his head and gave a big smile.

Everything in the previous life has long since vanished. In this life, I have friends, relatives, and lovers, and there are so many people who care about myself, so why bother to be stuck in the past and unable to extricate myself?

The originally melancholy heart instantly became relaxed, and even secretly she was surprised that Shangguan Xi'er hadn't ruined some of her previous life's arrangements. The fewer changes he made in the Misty Palace, the better his chance of rescuing You Qianxue. Big.

At this moment, Ji Hongchen has already ascended the Miaomian Mountain.

As soon as he entered the Mt. Misty Mountain, Ji Hongchen lost his way. He only felt that there was white mist everywhere, and it was difficult to see his fingers when he reached out. Not only his eyes, but also his consciousness and hearing were blocked.

"Hehe, Shangguan Xi'er didn't even remove the Tiandu Wumen Formation I arranged in my previous life, but instead strengthened it a lot."

Qin Chen smiled coldly again when he saw this scene.

This day, the fog gate formation was arranged by him in his previous life and spent a lot of energy to arrange for Shangguan Xi'er. It took a lot of materials that year and it took him three full years to build this big formation for Shangguan Xi'er.

Once the Tiandu Wumen Array is fully urged, the Emperor Wu will lose its direction in the later period, unable to distinguish east, west, south and north, sinking deep into it.

Three hundred years have passed, and today, the Wumen Array has undergone some changes. It seems that it has undergone reinforcement and some changes, but the overall basis of the formation is still the one set by itself.

The leader took out a small token, which dispelled the fog as soon as it was taken out, and it was clearly visible within at least ten feet. This is a token from the Misty Palace. A patrol team can only be possessed by the captain, and only her own blood can be mobilized, even if it is taken away by others, it is invalid.

[Chapter 1832: bring it on](#)

The defense of Misty Palace has to be said to be too strict.

Everyone went all the way up, the fog dispersed, and a palace suddenly appeared in front of them.

"Master Hong Chen, please wait a moment. Let me wait to report to the Vice-Palace Master before taking the adults in." The leader saluted slightly, and then went directly to report.

Once here, it was the real Misty Palace. Without the command of the Deputy Palace Master, even people from Misty Palace could not bring people in at will, even Ji Hongchen.

Ji Hongchen had been here many times, naturally knowing the process, and sat down beside the stone bench outside the hall.

Ji Hongchen is very prestigious in the outside world and his status is noble, but when he gets here, he doesn't even care about it. Sitting here alone, naturally no one comes to pour tea.

"Little dust, what shall we do next?" Ji Hongchen saw that there was no one around, and secretly transmitted the sound to the jade disc of Universe Good Fortune, his voice was a little nervous. "No hurry, you go to see Emperor Hua Lingwu first, follow what you said beforehand, and then find a way to meet You Qianxue, but don't be too deliberate, so as not to be seen by others." Qin Chen replied, but a little Not nervous, even quite relaxed

.

"Okay." When Ji Hongchen heard Qin Chen's words, his heart was inexplicably settled.

"Someone is here, so don't contact me next time. I will take the initiative to contact you if something happens to prevent exposure." Suddenly, Qin Chen's voice sounded again, and then there was no sound.

At the same time, I heard that there was a movement from the rear, and I soon saw that the fog was pushed away and a group of people came out.

This is also a team of patrolling guards from the Misty Palace. In addition, a middle-aged woman followed behind several people, who looked about forty or fifty years old and was quite plump.

"Well, Mo Qiuman?" Ji Hongchen was taken aback for a moment.

The middle-aged woman is a core elder of the Mo family, a veteran powerhouse, who has entered the mid-term peak Wudi realm more than ten years ago, and is now working hard to hit the later Wudi giant realm, and can be called the Mo family The core elders.

Why did she come here?

"Huh!" Seeing Ji Hongchen, Mo Qiuman was also taken aback, and immediately showed coldness in his eyes.

The Mo family and the Ji family compete all the year round, and when they see each other, they are naturally not very friendly.

"Ji Hongchen, why are you here?" She said in a cold voice for the first time, high above her, and shouted.

Her scolding was natural, and it seemed normal to her, because she was much older than Ji Hongchen. When she broke through to become the mid-term peak martial emperor, Ji Hongchen was only the peak martial emperor. In her eyes, Ji Hongchen was just A junior.

Ji Hongchen looked cold and said lightly: "This is Misty Palace, you can come, Mo Qiuman, why, I can't come?"

"Do you dare to talk to me like this?" Mo Qiuman was taken aback. You know, she has been famous for a long time than Ji Hongchen, and even dared to confront her?

The whole body suddenly exudes a chill.

She naturally didn't know the record of Ji Hongchen and Mo Duanming in their fight, otherwise, it would not be this performance. Unfortunately, Mo Duanming died too early, and they failed to pass back what happened to the Ji family.

"Well, this is the Misty Palace, but not your Mo family and Ji family. Your Excellency is here for a while. I will report to Master Hua Ling and see if you want to see you."

The patrol captain who led Mo Qiuman up said something, and then went straight into the palace.

However, a few guards stayed behind, for fear of a conflict between the two, but did not say too much. After all, in the world, no one knows the grievances between the Mo family and the Ji family, that is the enemy of the world.

Looking at Ji Hongchen, Mo Qiuman suppressed the anger in his body, only to sit down in front of the stone bench on the other side.

However, her attention has been on Ji Hongchen, and her eyes contain anger.

She came to the Misty Palace on this trip to beg for help. If she changed to another Mo family powerhouse, she might endure the hatred towards the Ji family for the sake of family affairs, but Mo Qiuman couldn't bear it.

"Hmph, Ji Hongchen, your Ji family's work is too despicable. You killed my Mo Family Mo Wuji. Our Mo family didn't count it with you, but it doesn't mean that this matter has been exposed."

She drank coldly, murderously.

Because Mo Qianyuan was her junior, calling her aunt, and Mo Wuji was her own younger brother, but died in Ji's house, why not be angry?

Ji Hongchen sneered: "I think you should take care of yourself. The Mo family was almost wiped out by the Xuanyuan Empire. You are asking for help on behalf of the Mo family. You are still arrogant here. No wonder you will be wiped out."

"What are you talking about?" Mo Qiuman stood up suddenly, murderously: "Ji Hongchen, I think you have also broken through the mid-term martial emperor, right? You are also the Ji family's direct family at any rate, and you have such a bad mouth. Shut your stinky mouth if you don't plant it."

This is too shameless!

What is Mo Qiuman's cultivation?

He was the peak of Emperor Wu in the mid-term, and he had broken through for more than ten years, and has been thinking of ways to enter the realm of Emperor Wu in the later period.

But Ji Hongchen, not long ago, it was only the early peak of Emperor Wu. Although he has broken through to the mid-term peak, his realm is not consolidated, right? Mo Qiuman screamed so clearly that he wanted to deceive others.

The disciples in the surrounding Misty Palace were speechless, and they all heard that the Mo family and the Ji family were very hostile. Now it seems that it is true. Without saying a few words, they will fight each other, which is really terrible.

"This is Misty Palace, it's better for the two of you to have peace of mind." A Misty Palace disciple couldn't help but say something. Of course, given the identities of Ji Hongchen and Mo Qiuman, she could only remind her gently.

"You can rest assured, I just invited this Ji Hongchen to fight, you also heard what this person said just now, it's too much!" Mo Qiuman saluted them, and then looked at Ji Hongchen coldly: "If you dare not fight with me, just roll down the mountain!"

The disciples of the Misty Palace were speechless, and they tried to persuade them again. What's more, they had also heard about the Mo family. Now the Mo family members are like mad dogs, so they can do what they love.

Anyway, this is the Misty Palace, presumably they dare not go too far.

However, even with the temper of the Mo family, it is no wonder that the Mo family will attract such a big enemy.

"Am I afraid of you?" Ji Hongchen chuckled, but the expression on his face became stern: "Since you are looking for a beating, then I will fulfill you!"

"Hahahaha, I'm really not ashamed!" Mo Qiuman laughed angrily, a mere junior dared to say that he was going to beat himself, where was the courage?

Ji Hongchen stretched out his right hand, and then hooked his finger: "If you owe it, let me go!"

Anyway, it's okay to be idle, and it's a warm-up to teach the people of the Mo family.

"You are looking for death." Mo Qiuman roared, Ruo Ruo a wild monster was born, shocked hundreds of millions of miles.

She brazenly shot and blasted out with a punch, and suddenly there were hundreds of millions of meteors smashed down in the sky, and the shot was a killer move, which would teach Ji Hongchen a severe lesson. Anyway, the members of the Ji family are extremely shameless, what if they are abandoned?

[Chapter 1833: Vice Palace Master Pardons](#)

Ji Hongchen's eyes were cold, his legs flexed slightly, and then suddenly he bounced, bursting out with terrible speed in an instant.

Bang bang bang, a stream of light fell, but she was hit by her fists one by one.

The disciple of the Misty Palace on one side suddenly showed shock.

They knew that Ji Hongchen was very strong. He was the top genius of the second generation of the Ji family. His status was prominent, but no matter how strong he was, there was a limit. After all, it was not long before breaking through the martial emperor realm. Consolidate.

But Mo Qiuman is the veteran mid-term peak martial emperor, and his cultivation is absolutely top in the mid-term peak martial emperor, not to mention that he has practiced for so many years.

This is an unbridgeable gap.

Regardless of what they thought, Ji Hongchen waved his fists repeatedly, and the falling streamer was bombarded with one punch by her. She had already killed Mo Qiuman and hit the opponent's face with a punch.

Mo Qiuman was also shocked and puzzled, and even had an inexplicable chill. Such strength was incredible in the eyes of Emperor Wu, the mid-term peak of her veteran brand.

But naturally she couldn't be so stupid as to get Ji Hongchen's punch, quickly snorted, her right hand turned into a claw, and she pecked at Ji Hongchen.

boom!

The hands of the two ran into each other, causing a terrible energy storm, which swept into the sky, and turned into an angry dragon.

The eyes of the Misty Palace disciples and others couldn't help but stare wider, because Ji Hongchen really didn't lose the wind in this attack, and even... slightly gained the upper hand.

"How is this possible, I remember the last time Master Ji Hongchen came, was it just the early peak Martial Emperor?!"

"Yes, even if she breaks through to the mid-term martial emperor, even if it is the mid-term peak, in such a short time, she may not be able to consolidate her cultivation base, how can she become so strong!"

"It is said that Ji Hongchen is the most outstanding powerhouse among the female disciples of the Ji family. He has made friends with several adults in the palace. I finally understand the reason."

"This kind of strength and talent will become a giant in the future. It's just around the corner!"

Many disciples of the Misty Palace showed shocking colors. They patrolled the periphery of Misty Palace. They can only be regarded as the outer disciples of Misty Palace. Each cultivation base was only at the peak of the late peak Martial Emperor, and some were half-step martial emperors. Only their captain was Emperor Wu is a strong man, but it is only the early Emperor Wu.

With their talents, it would be amazing to break through Wudi in the future and become the true core of the Misty Palace. Now seeing Ji Hongchen's talents is naturally shocking and enviable.

Amidst their shock, Ji Hongchen was already fisted with rage, smashing at Mo Qiuman endlessly.

Isn't you Mo Qiuman crazy? Now show me crazy again.

It was not the first time that Ji Hongchen saw Mo Qiuman. Every time he saw him, he was stunned by the other party. Due to his strength, he couldn't challenge him, and he was already stunned.

Now Mo Qiuman comes to the door by herself, how can she let it go?

Just to vent all the previous anger.

Everyone in Misty Palace shook their bodies and rubbed their eyes, making them crazy.

Mo Qiuman was not only downwind, but also absolutely downwind, being hit by Ji Hongchen.

How did you do it?

This kind of combat power... is almost the mid-term peak limit, right?

They couldn't help swallowing their saliva. Just entering the mid-term peak realm, they had the power of the mid-term peak limit, so if Ji Hongchen was given some time to consolidate, how strong would it be?

Can Lord Hua Lingwu be able to suppress the opponent?

If they knew that Ji Hongchen didn't want to show too much, and was still deliberately suppressing the cultivation base, what would they think?

Bang! Bang! Bang!

Ji Hongchen broke out, she bullied Mo Qiuman's body, and every blow of her punch seemed like a blazing sun exploding, causing Mo Qiuman to vomit blood continuously.

Bang, she smashed Mo Qiuman's face with a fist, swelling half of her face, and her face that had been reluctantly charming was suddenly extremely embarrassed.

"what!"

Mo Qiuman roared, almost mad, bang, a terrible rainbow of true essence burst out of her body, fighting back desperately to survive the Jedi.

But it was useless. Ji Hongchen's combat experience was very sophisticated and blocked all the channels for her counterattack. She fell behind one step at a time and could not prevent an effective counterattack at all.

impossible!

How could this Ji Hongchen be so strong?

Suddenly, his spirit plummeted.

Mo Qiuman was furious, roaring like a shrew.

She had already broken through to the mid-term peak Martial Emperor, but now she was blown up by Ji Hongchen, causing her to be deeply shocked, and her heart furious.

When was she no longer an opponent of a junior of the Ji family, is it true that her Mo family is going to fall, to be destroyed?

"What is the name of the ghost, don't you have a hard mouth? Mo family grandma? Still claiming to be an elder?"

Ji Hongchen sneered, shot fiercely, punched directly, cheated directly, slapped, and gave Mo Qiuman another slap, the other half of his face suddenly swelled and was embarrassed.

"Ah! I want to fight with you!"

Mo Qiuman roared and boomed, her body was bursting with endless rainbow light, which turned out to be burning blood and essence. This is a taboo method. The side effects are extremely strong. If one is not good, it is very likely to cause irreparable harm to the realm. .

"Exit!" Ji Hongchen's eyes were cold. She could actually defeat or even kill Mo Qiuman without fear of the other party. However, her figure moved slightly, suddenly her eyes flashed, and her figure violently retreated and swept towards Misty Palace. door.

"Smelly bitch, where are you going, die for me, I'm going to kill you." Mo Qiuman roared and killed it forcefully, thinking that Ji Hongchen was deterred by her aura and shot frantically.

boom!

Ji Hongchen was shaken out and kept evading.

"Die to me!" Mo Qiuman roared, and shot again and again, suddenly the endless waves rushed towards the gate of Misty Palace.

at this time!

A figure suddenly appeared at the gate, and when he saw the scene outside the gate, he suddenly became angry.

Hum!

An invisible force lingered in front of her, instantly stopping Mo Qiuman's attack.

"Enough, this is Misty Palace, what do you two consider this place? Stop it for me."

The visitor was Emperor Hualing Wu, the deputy palace lord of Misty Palace, his eyes were cold and angry.

"Vice Palace Master Hualing, this Mo Qiuman is like a madman, save me!" Ji Hongchen shouted again, as if he had only seen Emperor Hualing Wu now and hurriedly hid behind Emperor Wuling Hualing.

"Vice Palace Master Hua Ling, you get out of the way, I want to kill this bitch!" Mo Qiuman screamed angrily.

"Mo Qiuman, you are bold!" Emperor Hua Ling Wu's eyes were cold, and a terrible force loomed out, instantly suppressing Mo Qiuman.

boom!

Mo Qiuman was hit by a huge force and suddenly flew out, spouting a mouthful of blood, and his breath instantly wilted.

"I said stop, didn't you hear it? Mo Qiuman, did you Mo family want to rebel?" Hua Ling Wudi said in a cold voice, mobilizing the power of the Misty Palace formation, and anger rose.

"Vice Palace Master, please forgive me." Mo Qiuman came to his senses, an excited spirit said hurriedly in fear.

She only realized that she was in the Misty Palace, not in the Law Enforcement Hall, nor in the Mo family.

[Chapter 1834: See you](#)

However, her gaze was still staring at Ji Hongchen, murderous and full of resentment.

At this moment, she looks like a shrew with disheveled hair and embarrassed appearance with blood on the corners of her mouth.

"Enough, start at the door of Misty Palace, if you let the Lord of the Palace know, you two will not want to live, no one can save you."

Emperor Hua Ling snorted coldly, his face eased, and the anger in his eyes dissipated a little.

She glanced at Ji Hongchen, then at Mo Qiuman, a trace of doubt flashed in her eyes.

Because Ji Hongchen was unscathed and couldn't see the slightest embarrassment, but Mo Qiuman was covered in blood, extremely embarrassed, as if he had been beaten madly.

But how is this possible?

Mo Qiuman is the peak martial emperor in the middle of the old Mo family. Compared with her, his cultivation level is only a little different. If it weren't in this Misty Palace, she could mobilize the power of the Misty Palace, and she wanted to subdue her with her strength. , It is not easy.

How could he be so embarrassed with Ji Hongchen?

She turned her head to look at Ji Hongchen, she seemed to have discovered something, her eyes condensed suddenly.

"Huh, Hong Chen, have you broken through the mid-term Martial Emperor? And, have you reached the peak of the mid-term Martial Emperor?"

She was surprised, Cherry's mouth opened, revealing disbelief.

The last time I saw Ji Hongchen, it was only at the initial peak. Why did he improve so much in less than a year?

"Back to the deputy palace lord, Hong Chen had a chance to break through not long ago and had some adventures, which made the deputy palace lord laugh." Ji Hongchen smiled.

She has a good relationship with Emperor Hua Lingwu, so naturally she doesn't need to be too respectful.

"A chance to break through?" Emperor Hua Lingwu was speechless. You got a chance to break through, and you broke directly to the mid-term peak. You beat Mo Qiuman like this, so how could other people survive?

"Vice Palace Master..." Mo Qiuman stepped forward and was about to speak, but was interrupted by Emperor Hua Ling Wu, "Okay, don't say anything, come in."

Under the leadership of Emperor Hua Lingwu, the group of people stepped into the Misty Palace.

"Humph." Mo Qiuman snorted as he walked by Ji Hongchen's side and gave her a vicious look, murderous and full of resentment.

Ji Hongchen sneered, too lazy to pay attention to the other party. She was not even afraid of the Mo family elder, but would she still fear Mo Qiuman? joke.

The two entered the Misty Palace and stopped in a hall.

"Well, what exactly did the two of you come to my Misty Palace this time?" Hua Ling Wudi said lightly.

Recently, Misty Palace was in an eventful period, and she was so busy.

"Hua Ling Deputy Palace Master, my Mo family was ambushed by the Xuanyuan Empire and suffered heavy losses. He also asked the Hua Ling Deputy Palace Master to take action and order the Law Enforcement Palace and Misty Palace to be the master of my Mo family." Mo Qiuman hurriedly knelt down. Longing for Tao.

"Is it for this matter?" Emperor Hua Ling frowned, "My Misty Palace already knows about this. Don't worry, my Misty Palace will definitely give you an explanation for this matter."

"Vice-Palace Master." Mo Qiuman's expression changed. Misty Palace only said to give an explanation. When did this have to wait? Her Mo family could not bear the second impact of the Xuanyuan Empire.

"Vice Palace Master, my Mo family is now..." Mo Qiuman was about to speak, and suddenly saw Ji Hongchen aside, and immediately changed to a voice transmission: "Vice Palace Master, my Mo family has suffered heavy losses. There are very few masters left, the foreign race adults have already taken action. If the Xuanyuan Empire attacks again, those foreign race adults may be exposed, and if Misty Palace does not take action, my Mo family may be at risk of extermination."

Emperor Hua Ling wrinkled his eyes and said coldly: "Don't worry, Lord Palace has already personally visited your Mo family. If the Xuanyuan Empire dared to come, your Mo family doesn't need to worry, but the Xuanyuan Empire has to worry about it. ."

"My Lord Palace personally went to my Mo's house?"

Mo Qiuman lost her voice, and immediately showed ecstasy on her face. She rushed to Misty Palace the first time after the Mo family was attacked, and naturally did not know the news.

"Thank you, Deputy Palace Master!"

Her heart was filled with ecstasy, her excited hands were clenched, and she hurriedly saluted respectfully.

At this moment, she even hoped that the Xuanyuan Empire would continue to take action. With the Lord of the Palace, even if the Xuanyuan Empire came out, what was there to be afraid of?

On the side, Ji Hongchen was taken aback. He couldn't help but glance at the jade card on his waist. He was shocked by Qin Chen's magical calculation. Even if the other party had agreed that Shangguan Xier would be involved in the affairs of the Mo family, then this trip to the Misty Palace might be a lot safer.

"Ji Hongchen, what are you doing here?" Hua Ling Wudi looked at Ji Hongchen again.

"Return to the Vice-Palace Master, Hong Chen came on this trip because the Mo family elders attacked and killed my Ji Family Ji Dao Ling." Ji Hongchen saluted, looked at Mo Qiuman hard, and said coldly:

"Not long ago, The great elder of the Mo family came to my Ji family to go wild. After being blocked by my Ji family, he secretly set up an ambush and killed many of my Mo family's powerhouses, including Ji Daoling, and many martial emperors fell. Since the Mo family and our Ji family are the same At the top of the Law Enforcement Hall, my Ji family begged Misty Palace to come forward and severely punish the Mo family."

"Ji Hongchen, you don't want to be arrogant, it's your Ji family who killed my Mo family and Mo Wu Ji first, and you dare to come here today, the vice palace master, the fact is that Ji family first killed my Mo family strong, And ask the Deputy Palace Master to call the shots." Mo Qiuman said angrily.

"What's the mess?" Hua Ling Wudi looked ugly.

She has also heard about the conflict between the Mo family and the Ji family. Normally, it's okay for everyone to make trouble, but when is it now? What kind of Heavenly Dao organization was rampant, and the Xuanyuan Empire almost wiped out the Mo Family, and it even led to the exposure of aliens.

Even the lord of the palace is in total exhaustion.

At this time, what the two big families are still fighting, it is too ignorant.

She said coldly: "Ji Hongchen, are you here for this?"

"Also ask the Vice-Palace Master to be the master." Ji Hongchen said hurriedly.

"The Vice-Palace Master, it is clearly my Mo family who needs to call the shots." Mo Qiu Manlian said.

"Enough." Hua Ling Wudi's face was livid, "The Misty Palace has its own decisions about the mess between your two big families."

She was short of breath and was speechless.

"I can warn you, this is the eventful season, and give me peace of mind. Next, I don't want to hear anything about the conflict between the Mo family and the Ji family. This is what I said, and it is also the

Lord Palace Master. You two conveyed it to me to your paternal and ancestors. If you let my Misty Palace see you making troubles because of this, you can stop blaming me for not thinking about the affection of the past."

"Humph!" Ji Hongchen and Mo Qiuman looked at each other, and snorted each other before they stopped talking.

They could also see that Emperor Hua Ling Wu was really angry, angering Misty Palace, which did no good to their two big families.

"Vice Palace Master, since Misty Palace has spoken, my Ji family naturally dare not violate the order." Ji Hongchen respectfully said, suddenly thinking of something, and said: "By the way, I don't know my disciple You Qianxue is in Misty Palace. How? Now that I'm here, I happen to see you again."

Rounding the corners, Ji Hongchen finally said his true purpose.

### [Chapter 1835: Living statue](#)

"You Qianxue?" Emperor Hua Ling Wu's eyes flashed subconsciously.

Seeing Emperor Hua Lingwu's gleaming eyes, Ji Hongchen's heart sank. Could it be that what happened to Qianxue?

"Vice Palace Master?" She couldn't help but say.

"Oh, nothing. Since you want to see You Qianxue, let's go. You Qianxue is now one of the most outstanding talents of the young generation in my Misty Palace. It's not much worse than the Young Palace Master. Hong Chen, you are Misty for us. The palace found a good genius." Emperor Hua Ling Wu laughed, as if there was nothing wrong with him.

Ji Hongchen felt relieved and smiled and said, "That's Hongchen's honor."

"Qingya, take Hongchen Wudi over, Mo Qiuman, if you are fine, the lord of the palace will not entertain you." Hualing Wudi said.

"I'll retire."

Ji Hongchen and Mo Qiuman immediately retired, and Ji Hongchen, led by a disciple of Misty Palace, walked directly towards the inside of Misty Palace.

Seeing Ji Hongchen's leaving figure, Emperor Hua Lingwu's eyes flashed slightly, "That You Qianxue seems to have something to do with the people of Chendi Pavilion, Lord Palace Master said, pay attention to those of Chendi Pavilion, and that You Qianxue There was also a parasitic seed of a foreign demon on her body. Ji Hongchen unexpectedly found such a genius in the North Tianyu. It is a pity that she was favored by the adult because of her parasitic seed. I hope that after Ji Hongchen knows about it, he will not do stupid things. Right."

Emperor Hua Ling sighed quietly, turned and left the hall.

Under Qingya's leadership, Ji Hongchen walked towards the depths of Misty Palace, and after a short while, he came to the depths of Misty Palace.

Here, the palace was magnificent and magnificent, and it was surrounded by restrictions. No one could easily enter and exit. Under the leadership of Qingya, Ji Hongchen quickly came to a quiet place.

Suddenly, a strong to the extreme aura of true vitality permeated, the richness of that true vitality, as if it had been transformed into a substantive spiritual liquid, which made people relax their pores.

"Master Hongchen, this is where my disciple of Misty Palace lives." Qingya introduced.

Looking around, there are towering pavilions and pavilions inside, and the environment is excellent, and there are invisible Daoguang lingering around. Cultivating here and feeling the avenue will at least double the outside world.

This is definitely a geomantic treasure.

Ji Hongchen was secretly shocked, and at the same time he was relieved. Since You Qianxue can live here, he has obviously become the core existence among the disciples of Misty Palace, otherwise it would be impossible to live here.

"Master Hongchen, in this core place, there are many restrictions. No one can break in easily without permission. Master Hongchen please wait a while. I will report it and inform Qianxue." Na Qingya bowed, and then Respectfully stepped away.

Ji Hongchen nodded, standing outside this precious place, looking around, obviously extremely curious.

Although she had been to Misty Palace several times, it was the first time that this core disciple lived.

There were restrictions everywhere in this place. Ji Hongchen walked for a while, only to see a stone statue in front of him. This was a strangely strong man with a height of more than three meters. I don't know how long it has been here, and his body was covered with dust.

She couldn't help but glanced twice, and there was a strange feeling in her heart, vaguely feeling that something was wrong, but she couldn't think of something wrong.

In the jade disc of good fortune in the universe, Qin Chen also sensed the stone statue, and suddenly his eyes condensed, because the stone statue actually looked like an alien demon.

What did Shangguan Xier put a stone statue of an alien race here?

"This is a powerful alien of the Demon Race, and the strength has been restored to the peak Martial Emperor level." Lao Yuan suddenly opened his eyes and said to Qin Chen.

"What?" Qin Chen was taken aback. This turned out to be a powerful alien from the demons.

He was afraid that Ji Hongchen would say something that shouldn't be said or make any action that shouldn't be done, and even secretly communicated to Ji Hongchen, saying: "Ji Hongchen, be careful, this is a strong alien from the demons, a living person. ."

Ordinary divine consciousness sound transmission may be intercepted by alien demons, but Qin Chen's sound transmission is absolutely impossible, because he knows the rules of alien magic best, but he uses a special secret sound transmission method.

Ji Hongchen finally knew what was wrong. It turned out that this statue was actually a living creature, and it was still a super existence with the peak martial power.

She was taken aback, but kept silent, stopped the steps she was about to move, bowed to the stone statue, and said, "See you, senior."

The statue trembled, and his eyes slowly opened. Suddenly, the terrifying aura flowed and the pressure was as heavy as a mountain, and it seemed that the emperor soldiers could not bear it.

"Girl, good eyesight!" The statue actually spoke, and the voice was full of metallic texture. Its figure trembled slightly, and the dust kept falling, revealing its true body. The whole body was pitch black, with metallic luster all over. Exudes a terrifying breath.

"It's only in the mid-term Wudi realm, I can see my true body, tusk!"

It seemed curious: "How did you see it?"

"The demeanor of the predecessors is too moving, and it can't be concealed. Moreover, in the ancestral land of the disciple family, there are many strong people of the same clan of the predecessors, who are quite familiar with the atmosphere of the predecessors." Ji Hongchen said with a smile, she said casually It is naturally impossible to reveal Qin Chen and Lao Yuan.

This strange demon clan powerhouse laughed, naturally knowing that Ji Hongchen was talking nonsense, but he didn't ask Ji Hongchen anymore. Everyone has their own secrets, so he naturally disdains to oppress a small mid-term martial emperor.

"Which family are you from? There are many powerful people from my strange demons in the ancestral land?" It smiled, and was quite curious about Ji Hongchen.

Because it has been here for a long time, even the many powerful people in the Misty Palace cannot see its true body, thinking it is just a statue.

"The junior comes from the Ji family."

"Oh, I understand, Ji's house of Law Enforcement Palace, the site of Yan Mo, how is Yan Mo?" the statue asked.

"The ancestor is pretty good now." Ji Hongchen said.

"Not bad, your Ji family ancestor is good, but that fellow Yan Mo might not be. It was resurrected back then, but there is no perfect body. You can only borrow the body of your Ji family ancestor. Two souls can borrow one body, can it be good? Hey, this guy was crazy back then, now the old man sees it again, and there is a chance to make fun of it." The statue sneered, and seemed to be very familiar with Yan Mo.

"I am Zhengkong, you are a member of the Ji family, what do you come to the palace of Misty Palace's core disciple?" It said curiously, looking at Ji Hongchen.

"Junior is an apprentice who came to meet the younger generation. After being accepted by the younger generation that year, he joined the Misty Palace and is now among the core disciples." Ji Hongchen said.

"Oh? What's your disciple's name? Maybe you still know this disciple. I have basically seen the disciples here. It's not bad that the disciples you received can join the ranks of the core disciples of Misty Palace."

It is even more curious to Ji Hongchen.

### [Chapter 1836: Adapt to the world](#)

"The younger disciple is named You Qianxue. He was a disciple who was collected elsewhere by the younger generation. The Misty Palace that he joined later is now a core disciple."

"What, You Qianxue?" Zhengkong showed a shocked look, and looked at Ji Hongchen carefully: "She is actually your disciple?"

This time it was Ji Hongchen's turn to be surprised: "Senior knows the junior's disciple?"

"Hehe, You Qianxue, how could this seat not know that she has the spiritual seed of my race in her body, hehe, it's rare!" Zheng Kong shook his head, his eyes flashed with a different color. Qin Chen in the jade disc of good fortune in the universe was suddenly taken aback. The people of the alien demons knew the parasitic seeds in You Qianxue? Although he had prepared and anticipated, after all, Qianxue is in Misty Palace, and there are so many powerful strange demons here, how can he not see her?

Parasitic seeds in the body.

But after I heard it at this moment, there was still a sense of worry.

"Spirit seed?" Ji Hongchen asked in doubt. "Haha, you don't understand, that is a treasure of my alien demon race, which can greatly increase the speed of your human warriors, and make it easier to perceive the rules of the world, and the speed of absorbing the true energy of the world will be far faster than ordinary people." Zheng Kong Feel free to explain that this person

It seems to be a chatter, and I love to chat.

"Is there such a baby?" Ji Hongchen was taken aback. She was really surprised, because it was the first time she heard of spiritual seeds.

"That's natural, but unfortunately, there is no such treasure in this seat, otherwise, this seat thinks you are good, and I will give you one." Zheng Kong said with a smile.

"Senior has a heart." Ji Hongchen didn't know what the spiritual seed was, but thought Zheng Kong was kind.

Qin Chen snorted coldly, what spiritual seed, originally called a parasitic seed, is not a treasure to the human race, but a curse.

"Hong Chen, do you ask what this guy is doing here?" Qin Chen's voice rang in Ji Hongchen's mind. A powerful alien from the demon race did not practice but stayed in front of the Misty Palace's core and pretended to be a stone statue. , There must be a reason.

"Senior, I don't know what is special about this place, so I can make Seniors stay here forever?" Ji Hongchen asked suspiciously.

"Hehe, of course there is a mystery here, but the biggest mystery now is the spiritual seed in your disciple."

"This seat has been resurrected for more than two hundred years, and I am ashamed that it is too slow to return to the cultivation base of the ordinary peak Martial Emperor." Zheng Kong shook his head, looking very disappointed. "Because this heaven and earth will suppress our breath and strength, our recovery speed is extremely slow. However, this place is one of the most energetic places in this continent. It is also easier to feel the avenues of Tianwu Continent. Fix here

Lian, borrowing the breath of the great avenue here, may be able to recover faster. "

Qin Chen was amazed, can the alien demons also comprehend the avenue of Tianwu Continent? Ji Hongchen was also surprised. Zheng Kong laughed: "Although the rules between different heavens and earths are different, in fact, the origins have some commonalities. The formation of heaven and earth all have processes and commonalities. We only need to understand the commonalities of the rules of the Tianwu continent and restore the cultivation base. Will naturally be more

fast. "

"But what does this have to do with my disciple You Qianxue?" Ji Hongchen was curious. "Hehe, the spiritual seed is an exotic treasure of our clan. People who possess it can perceive the rules of my alien demon clan, and even cultivate the power of the alien demon. The power in her body is naturally the key to our clan's reference. People are more adaptable to this world

Power, once it succeeds, our clan can control the rules of this world, and the recovery speed will naturally jump a thousand miles. "

Qin Chen was shocked. This alien demon really had amazing methods and terrifying goals, and he wanted to master the method to adapt to the rules of this world.

If this is to make them succeed, how terrible will the strength of the entire alien demon race be restored? Qin Chen has already learned that the failure of the alien demon invading the Tianwu Continent was due to the desperate resistance of the ancient human race, and another important reason is that the alien demon would be suppressed by the heavens after entering the Tianwu continent.

For there is a huge bondage.

But if they adapt to the power of this world, then the alien demons will lose a huge bondage, and the Tianwu Continent will be in danger.

Ji Hongchen was shocked, but respectfully said: "It turns out that this is the case, thank you senior for your confusion."

"Haha, you are welcome. Originally, my clan wanted to do this with extremely high difficulty. After all, I came from two different continents, but now, thanks to your disciple, my clan's progress has taken one step closer." Sora said with a smile. "Well, this seat will continue to retreat. You can walk around here at will. However, in the deepest part of the core, no one is allowed to approach, especially on that mountain peak. There is a quirky person of our clan who is in retreat. It's not that you are afraid You will disturb it,

But that person studies the power of heaven and earth to adapt to this place, and I still learn from it. However, this person has a bad temper and terrifying strength. If you enter, you will inevitably not be in danger. "

Ji Hongchen nodded, clasped his fist and said, "Thank you senior for reminding."

After Zheng Kong said this, he immediately re-fixed, and suddenly a click sounded, the whole figure seemed to be petrified, once again transformed into a statue, and the aura was restrained, there was not even the slightest aura spreading out.

Qin Chen took a breath of air. The alien demon race's control of power was so exquisite, and he obviously had a touch of the rules of Tianwu Continent.

Otherwise, how could he even hide it from him? If it hadn't been for Lao Yuan to speak, even he hadn't seen the clue for a while, thinking that the other party was just a stone sculpture.

A strong sense of crisis emerged in his heart, and he wanted to stop the alien demons from studying ways to adapt to the rules of Tianwu Continent.

Must be destroyed.

There are two ways. One is to kill the strong alien demon who studies the power of the Tianwu Continent, but even Zheng Kong said that the person is terrible, and he must be the top strongest of the alien demon.

And this place is the forbidden place of the Misty Palace, if you make a haste, you will inevitably fall into a heavy siege, and there is no way to survive.

Another way is to save You Qianxue. The other party is studying You Qianxue. As long as you take away You Qianxue and lose the research object, the research will naturally stagnate.

Didn't you listen to the other party? It took hundreds of years to recover such a little strength. If the power of the heavens and the earth of another continent were really so well studied, the invasion of alien demons in ancient times would not fail.

"Hey, Lord Hongchen, why did you come here?" Qingya came back and saw Ji Hongchen standing in front of the stone sculpture. She suddenly smiled and said, "I don't know if it is a statue in the Misty Palace at this time. Whoever put it here, it's so ugly, but also put it at the door of the core place, looking weirdly disgusting.

"Ji Hongchen was speechless and glanced at Qingya. If she knew that the top powerhouse of the alien demon in front of her, she would not be scared of heart disease.

### [Chapter 1837: Goodbye](#)

"Master Hong Chen, I have already notified the inside, please follow me."

Under Qingya's leadership, Ji Hongchen immediately walked into the core place.

After a while, the two stopped in front of a courtyard.

"Master Hongchen, please wait here. You Qianxue is cultivating, and I have already sent someone to notify her, and she will come over soon." After saying this, Qingya stepped back again.

And not long after she stepped back.

"Master?"

A clear voice sounded.

Ji Hongchen turned his head suddenly, and saw that in the distance, a white shadow flashed by like an immortal, and landed in front of the courtyard.

This is a woman in white clothes, graceful and slender, like a white lotus that spends silt but not stained, and like an orchid in the empty mountain after the rain, beautiful and refined!

It is You Qianxue.

"Master, why are you here?" You Qianxue looked at Ji Hongchen suspiciously. Back then, in Beitianyu, she was taken to the Law Enforcement Hall branch by Ji Ruyue and met Ji Hongchen. At that time, Ji Hongchen liked her talent. She became a disciple and took her to the Misty Palace, and then she started

A new life.

But after joining Misty Palace, Ji Hongchen rarely came to see her. One was too troublesome. Even if Ji Hongchen wanted to see You Qianxue, it was not a simple matter and needed various notifications.

The other is too busy. You Qianxue practices daily in the Misty Palace, and Ji Hongchen naturally has his own business to deal with.

But today, Ji Hongchen came here on purpose.

It surprised You Qianxue who received the news.

"Go, go in and talk." Ji Hongchen said lightly.

"Yes." With You Qianxue's current status, there is no longer any need to care too much about Ji Hongchen's thoughts, but with You Qianxue's personality, she would never do something that would turn her face and deny people.

After entering the courtyard, Ji Hongchen did not speak for the first time, but quickly took out some formation plates and placed them in the void.

Suddenly, an invisible burst of light enveloped, isolating prying eyes.

After finishing all this, Ji Hongchen used several restraining forces to cover the surroundings.

Outside the core. The stone sculpture suddenly showed a hint of confusion: "Hey, why is that courtyard isolated? The little guy from the Ji family has good restraint ability, but what is the so-called thing when she is in the core place is actually afraid To be peeped, isn't it?

Want to let me know? "

"Hey, you don't want this seat to know, this seat has to know, that Qianxue, but it is related to the future of my alien demon race."

Suddenly, an invisible force diffused in, turned into a wave of nothingness, and slowly penetrated into the prohibition.

In that courtyard at the moment.

"Master, what are you?" You Qianxue looked at this scene suspiciously.

Ji Hongchen did not speak, but just took out the Universe Good Fortune jade disc. As soon as the Universe Good Fortune jade disc was taken out, You Qianxue's eyes widened suddenly, her expression became shocked and excited, "This...this is..."

Hum!

I saw that from this jade pendant, a peculiar force of restraint suddenly permeated, reinforcing the surrounding restraints once again, and You Qianxue was already stunned.

"This jade disc, master, you..." she said in shock, her body trembling, her eyes filled with disbelief.

"Master came here this time and brought someone specially to see you." Ji Hongchen said with a smile.

"who is it....."

You Qianxue's body was trembling, her expression extremely nervous.

Yes, just nervous.

"Qianxue, it's me!"

The next moment, a sound full of magnetism sounded, and then a figure suddenly appeared in the courtyard.

Qianxue's face was extremely shocked. She looked at Qin Chen blankly, but did not speak. No, she couldn't even speak, but looked at Qin Chen blankly, seemingly stupid.

"Qianxue?" Ji Hongchen asked in confusion. What happened? Seeing Qin Chen, Qianxue didn't move at all?

Qin Chen didn't speak, he just looked at Qian Xue tenderly. He knew that she needed time at this time.

Qian Xue stared at Qin Chen in a daze. Suddenly, she closed her eyes, but in a blink of an eye she opened again, her eyes trembled, and she muttered, "Isn't this an illusion?" "Qianxue, it's me, I'm not dead, it's not an illusion." , This is true, I'm here for you." Qin Chen looked at You Qianxue's appearance, suddenly a little sad. He didn't know how much You Qianxue had suffered and how much heartbroken, but he could imagine it.

.

After the news that she had fallen in the ancient Yu world came out, how uncomfortable and how disintegrated Qianxue's heart would be.

Qin Chen felt more guilty. He knew that he was not doing well enough. Although he had come to Qianxue as soon as possible, he still didn't do well enough.

How can a real man make his beloved woman uncomfortable?

"Really not an illusion?" You Qianxue said again. Suddenly she woke up and rushed into Qin Chen's arms to hug Qin Chen, and burst into tears.

Qin Chen hugged You Qianxue quietly, without speaking, maybe she needs to let her vent at this time.

"Little dust, I knew you weren't dead, and I knew you wouldn't die." You Qianxue shouted happily, but tears could not stop falling, soaking Qin Chen's clothes.

"Qianxue, I'm back, I'm not dead, of course I'm not dead." Qin Chen gently touched You Qianxue's hair, his face full of love.

I don't know how long it took before You Qianxue suddenly woke up, looked at Ji Hongchen in surprise, then Qin Chen, and said nervously, "Little dust, why did you appear in Misty Palace?"

This is the Misty Palace, the base camp of the alien demons. If Young Chen is found here, wouldn't it be dangerous?

"I'm here to rescue you." Qin Chen said. "Help me?" You Qianxue was stunned, and anxiousness appeared in her eyes. She glanced at Ji Hongchen and hurriedly said through a voice transmission: "I am fine here, I will find a way to leave, and you will re-enter with less dust. In the space jade disc, let the master take you away

, Don't be discovered by the people of Misty Palace, moreover, the master is a member of the Ji family, and the Ji family and the alien demons also collude. "

You Qianxue didn't know why Qin Chen would be with Ji Hongchen, the sound transmission was full of anxiety.

"Don't worry, Ji's family is safe now, and your master Ji Hongchen is now my own," Qin Chen said.

"Own?" You Qianxue was stunned. "Yes." Qin Chen nodded and said, "Don't ask too much. We don't have much time. Later, I will enter the universe and make the jade disc. You wear the jade disc. As for the others, I will be with you. Say, you have to remember that there are eyes everywhere in this misty palace

Line, and now there are some powerful aliens trying to spy on us, remember that you must not show your feet. "After Qin Chen finished speaking, he even said to Ji Hongchen: "Hong Chen, I will remove some restrictions later. Then Zhengkong is spying on us. After you talk to Qianxue, leave the Misty Palace, don't stay, just When I return to Ji's house, I will find a way to take Qian Xue away. "

### [Chapter 1838: Master](#)

The words fell, and the jade disc of good fortune from heaven and earth flashed suddenly, and Qin Chen had re-entered it.

You Qianxue hurriedly took the jade slip and put it on her body.

"Hong Chen, Qianxue, now I will slowly withdraw the restriction. You pretend that you haven't been caught spying, so don't expose it."

After saying this, Qin Chen slowly withdrew the prohibition he had previously released.

Suddenly a vague wave filled in, and fell on Ji Hongchen and You Qianxue.

Originally, Ji Hongchen and You Qianxue could not perceive this fluctuation at all, but when Qin Chen reminded them, they also vaguely felt an invisible force enveloped them.

"Hey, the ban is good, but unfortunately it still can't stop the penetration of this seat, um, let this seat listen to what they are talking about?"

Zheng Kong listened carefully, but saw that Ji Hongchen and You Qianxue were talking about trivial things, and he was speechless.

Damn, is the trivial housework a secret? It is really troublesome for the women of this human race to have so many restrictions.

It was very depressed. He wanted to eavesdrop on something, but didn't hear anything.

Soon, after the conversation, Ji Hongchen left.

Outside the Misty Palace, Ji Hongchen bid farewell to Emperor Hua Lingwu.

"Hong Chen, not to stay for a few days?" Hua Lingwu Emperor said.

"No, since the Lord Palace Master has gone to the Mo family, maybe he has to come to the Ji family, I have to inform the elders of this news first, so that they can prepare." Ji Hongchen respectfully said.

Hearing Ji Hongchen's words, Emperor Hua Lingwu didn't keep him. Suddenly, under the guidance of the disciples of Misty Palace, Ji Hongchen left Misty Palace and hurried back to Ji's house.

Although she didn't know how Qin Chen planned to rescue You Qianxue, she also knew that even if she stayed with her own cultivation base, it would not be of much use, but would cause Qin Chen trouble.

"Little dust, what is your next plan?"

When he came to her own retreat, You Qianxue pretended to practice in retreat, and secretly asked Qin Chen.

"There is no plan. Naturally, I will take you away directly. Of course, you have to figure out a plan. Otherwise, once you disappear, you will immediately suspect Ji Hongchen, who has seen you before, and bring trouble to the Ji family." Qin Chen said.

"But in the Misty Palace, you can't leave without tokens." You Qianxue said, the Misty Palace is full of restrictions. In addition to preventing outsiders from entering, you also need tokens to leave, which is very troublesome.

"It's okay, don't worry about this."

"Besides, I have another worry. Master has left some special powers in my body. If I leave, I am afraid of being found by Master."

"Master?" Qin Chen was stunned. Isn't You Qianxue's master Ji Hongchen? Where is another master?

You Qianxue smiled bitterly: "It's a master in this misty palace. She has taken a fancy to my aptitude. She has been improving my cultivation level these days. Otherwise, I wouldn't be able to cultivate so fast."

"What kind of power, come and see if you show it." Qin Chen said.

You Qianxue immediately urged the power in her body, and suddenly, a terrifying breath spread out from her body, turning into an abyss, bursting out an astonishing breath.

"This is... Emperor Wu level power."

Qin Chen was taken aback and took a breath of air. You Qianxue was only half a step away from the peak of Emperor Wu, and he had never stepped into the realm of Emperor Wu. How could this be possible?

"It's the power of the alien demons."

Lao Yuan said suddenly.

"What?" Qin Chen condensed his eyes, carefully perceiving the power released by You Qianxue. Sure enough, this power actually contained the power of the alien demon clan, but it was very vague, which made him unable to feel it for a while.

But how is this possible!

Although the power of alien demon races had been cultivated during the inheritance of ancient Nandu, it was difficult to integrate into their own power without majoring.

What's more, even if You Qianxue majored in the power of alien demon races, she has not merged the blood soul crystals, and cannot master the rules of alien demon races. How can she cultivate the power of alien demon races at the Wudi level? This is completely unreasonable. what!

However, the fact is right in front of her. Qianxue's true essence has incorporated the power of the alien demons, causing her to use the half-step martial emperor's peak cultivation base, but she has displayed the martial emperor-level regular power, breaking the rules of the Tianwu continent.

Moreover, this alien demon power is very special, more weird than the alien demon power Qin Chen knows, and it lies between the true essence of the Tianwu Continent and the alien demon power.

This made Qin Chen horrified. He said, "Qianxue, are you sure that your master is the human race of this Misty Palace?"

You Qianxue hesitated, and said: "I don't know." Qin Chen's eyes sank. With Qianxue's cultivation base, he may not be able to see the other party's true identity, let alone Qianxue, even if he was facing Ji at the beginning. No, if it weren't for Yan Mo to take the initiative, he would not have thought that Ji could not return.

There is a master of alien demon.

This is difficult to do.

"No matter so much, I will leave here first. After I go out, I will think of other ways." Qin Chen thought for a while and finally made a decision.

He was just about to let You Qianxue leave, suddenly, a ray of terrifying soul spirit descended!

Hum!

Suddenly, You Qianxue felt a sense of anxiety in her heart, as if her soul was trembling.

Qin Chen also stopped the sound transmission, and even retracted his perception, because he also felt the soul power, which was very terrifying, and above that Yan Mo and Zheng Kong, he had a kind of almost exposed a feeling of.

So strong!

Qin Chen took a breath of air. The master of the soul's divine consciousness was absolutely terrifying. How could there be such a strong person in the Misty Palace?

"Master."

You Qianxue hurriedly said respectfully.

Qin Chen's eyes condensed, this person is You Qianxue's master in Misty Palace? This terrifying soul spirit is definitely a powerful alien of the Demon Race.

"Qianxue, come to my cave immediately, and find a way for the teacher to improve that cultivation method. This time, you can break through to the realm of Emperor Wu in one fell swoop."

This sound made people's soul tremble, unable to resist her power.

You Qianxue's face changed. If she went to Master, would she reveal less dust?

"What's the matter?" At this moment, the Soul Divine Sense glanced at Qin Chen coldly, with doubts in his eyes.

"Master, I'm fine, but the disciple is retreating at a critical moment..."

"At what critical moment is it more important to have a breakthrough to Emperor Wu?" the soul spirit said coldly.

Under this soul spirit, You Qianxue couldn't resist at all, and could only say: "Yes, Master, the disciple will come soon!"

She was extremely embarrassed in her heart, but she didn't dare to contact Qin Chen, so she could only stand up, and under the leadership of the soul's spirit, she swept towards the more core place of Misty Palace.

Along the way, those restrictions and formations have stepped aside, without any hindrance. You Qianxue's hands were full of sweat.

[Chapter 1839: Soul Master](#)

Qin Chen perceives the outside world slightly in the jade disc of good fortune in the universe, and finds that the direction Qianxue is going is actually the forbidden mountain peak that Zhengkong said before.

"Could it be that Qianxue's master is the strange monster that Zhengkong said?"

Qin Chen's mind flashed, and he understood for the first time.

It seems that this should be the case. The eccentric person mentioned by Zheng Kong is studying ways to adapt to this power of heaven and earth, but the true essence of Qianxue's cultivation contains two powers of alien demons and human races, which is very likely. It was researched out by that alien demon race.

"This person has ulterior motives in accepting Qianxue as a disciple." Qin Chen's face was ugly as his eyes flashed.

What worries Qin Chen even more is that this person can study these powers that adapt to the world, which is probably even more terrifying than that of Zhengkong and Yan Mo. Can his own universe hide the other side?

Once exposed, it will inevitably lead to a big battle.

Wait, isn't there an old source for this?

Qin Chenla looked at Lao Yuan and asked him.

"It shouldn't be a problem, that's a big deal, I will cover the breath of the jade disc for you, so that the other party will not find it." Lao Yuan said, very confident: "In the alien demon race, unless it is the character of the demon, otherwise it is impossible. Peek through this jade disc of good fortune."

Qin Chen breathed a sigh of relief.

You Qianxue was familiar with the road, led by the other party, and quickly entered the forbidden area.

Along the way, a master of Misty Palace saw this scene, but no one stopped it. Moreover, they all looked at it from a distance, showing envy, but did not dare to approach this piece of world.

This made Qin Chen wary, Qian Xue's master's status was probably higher than he thought.

If possible, Qin Chen wanted to take Qian Xue away now, and didn't want to see her master. However, Master Qianxue's soul and spirit had been locked here, leaving Qin Chen with no solution at all.

Walking into the depths of the mountain, this forbidden area is very deep, and there are restrictions everywhere, but there are no buildings. It is different from the magnificence and grandeur of other places, but it is like a wasteland, very desolate and cold.

Hey, there is no building at all in this place, how can people live?

Qin Chen was really puzzled, but saw that the mountain wall in front of him squirmed suddenly, and a cave appeared, the cave was dark, leading into the endless mountain.

"Come in." A cold voice sounded like a ghost calling, making people shudder, and the baby stopped crying.

Walking into the cave, it was unexpectedly not gloomy, but there was a special aura permeating, and the cave was full of restrictions.

After walking for a while, I finally reached the middle of the mountain, an extremely vast open space. The surrounding stone walls were engraved with countless weird runes.

In the center of the clearing, there was a gray pool of water. On the edge of the pool was an altar. On the altar, an old woman was sitting cross-legged.

She was very short, even a little rickety, wrinkled all over her body, and wearing a black cloak, she felt very evil. Her eyes were cold and mysterious, emitting a faint light.

This person is really ugly, and Qin Chen saw such an ugly old woman for the first time.

"Is this the powerhouse of the alien demon race?"

Just looking at the appearance, this old woman is really nothing outstanding. The martial emperor of others is still strong and majestic, but she is ordinary, so ordinary that people will forget it after a glance, the only feeling it is evil.

But when her gaze swept over, Qin Chen found that a sense of crisis suddenly appeared in her mind, as if to be seen through in an instant, that gaze seemed to be able to see through the endless void, seeing the mystery through the jade disc Self in space.

In an instant, Qin Chen's thinking was about to freeze, but when he was sober, he didn't know how long had passed.

Maybe it's just a moment, maybe it's billions of years.

Qin Chen even felt that Lao Yuan stood up, exuding a strong sense of fear.

Lao Yuan is actually in fear!

"I made a mistake. In addition to the demon master, the alien spirit master in the alien demon race can also discover the special features of the jade discs. This person is the alien spirit master of the alien demon race. Fortunately, her cultivation level has everything. Recovery, I just felt abnormal just now, and I haven't seen this mysterious space." Lao Yuan's voice sounded.

by!

Qin Chen almost wanted to choke this guy to death, but if you make a mistake, he will kill him.

Once the opponent discovers the abnormality of the Universe Jade Plate, he will make a move immediately. It takes time to make a move by himself. Qianxue is in danger. With Qianxue's current strength, that little time is enough for the opponent to control Qianxue dozens of times.

Lao Yuan is too unreliable!

Wait, what the \*\*\*\* is the Soul Master?

Qin Chen asked, "What is a Soul Master?"

"Altered soul master is a special profession among alien demon races. How can I put it to say, your human race has pharmacists, bloodline masters, and alien demon races naturally also have different soul masters. These alien spirit masters cultivate special power of different souls. It can enhance the soul power of the alien demon race, and transform the physical attributes of the alien demon race, etc., which is equivalent to the special characters in the alien demon race. Moreover, their soul power is extremely strong, far above ordinary alien demon race people. It's terrifying, and the perception of anything in the outside world must surpass ordinary alien demons."

Qin Chen was a little shocked. The strongest of the alien demon race is the soul, and the soul power of ordinary alien demon people is terrifying, so how terrible is the soul power of this alien spirit master? No wonder the souls and spirits formed are like real people descending.

"If I'm not mistaken, the reincarnation altar in the Ji family's ancestral land should be set by this person, because only the alien spirit master can use special methods to attract the sleeping and sealed souls of alien demons."

"Of course, it is precisely because the soul power of the different soul master is very special, and the perception is strong, the possibility of discovering the jade disc of good fortune from the universe will increase a lot."

Sure enough, its voice only fell, and he saw that the old woman's gaze turned to You Qianxue again, and turned around her, making Lao Yuan feel like an enemy again.

The old woman watched for a while, but in the end she couldn't find the jade disc of good fortune in the universe, and slowly said: "Let me see your recent progress as a teacher."

"Yes!" You Qianxue's heart was pounding, even urging the true essence, and suddenly, a terrible breath filled the cave, stirring.

"Well, it's not bad. It seems that you are extremely talented in cultivation. In such a short period of time, you can actually cultivate to this level. It is very good." The old woman nodded: "Since your realm is enough, I will help you as a teacher today. You break through the realm of Emperor Wu, you, now enter that pool of water."

The old woman pointed to the gray water in the center of the open space.

The pool of water was very strange, filled with mists, dreamlike and amazing.

"Thanks for the cultivation!" You Qianxue respectfully said. Although she was very resistant in her heart, she still stepped into the pool.

#### [Chapter 1840: Taixu Magic Liquid](#)

Hum!

As soon as he entered the water, a special force began to transform You Qianxue's body.

"This power..."

Qin Chen was a little surprised, because he felt this power, very special, slowly transforming You Qianxue's body, causing her body to change.

You Qianxue itself was an ice and snow divine body, which belonged to a natural physique. The improvement of the divine body was extremely difficult, and it was by no means easy to improve.

But this gray substance is very special, it can slowly improve You Qianxue's physique, making her ice and snow divine body go further, and its efficacy is not even worse than the purple spirit liquid of Ji Family Zudi.

"What kind of liquid is this?" Qin Chen was a little shocked.

"This is the Supreme Void Demon Liquid of the Alien Demon Race!" At this time, Lao Yuan was suddenly shocked: "No, it's not just a simple Supreme Void Demon Liquid, it should also be mixed with other liquids, what exactly does this alien master want to do??"

Lao Yuan's face was shocked again.

Qin Chen even looked over, too virtual magic liquid?

"Taixu Demon Liquid is a kind of peculiar liquid that was born from the Holy Land Ten Thousand Demon Ancestor Land of Alien Demons. It can evolve the flesh of Alien Demons. Do you know that the Soul Power of Alien Demons is so powerful? Their physical bodies are very special, capable of holding more powerful souls, and this Void Demon Liquid has this effect. Once enough Void Demon Liquid is absorbed, it will make the body of the alien demon even more terrifying. Hold a stronger soul."

Lao Yuan said in shock: "This class of magic liquid, even in the foreign demons continent, is a treasure. Ordinary foreign demons are not even qualified to enjoy it, and this magic liquid has the effect of rebuilding the flesh. As far as the alien demons of the Tianwu Continent are physically destroyed, they are rare and duplicated treasures. They will be used on your little girlfriend. This is really..."

Lao Yuan shook his head, feeling unbelievable.

Qin Chen frowned. Taixu Demon Liquid has the effect of rebuilding the flesh. For many alien demons who only have souls, it is the supreme sacred product, but the other party is willing to use this sacred product to give What purpose did Qian Xue use?

Qin Chen didn't believe that the other party was doing this, he was really thinking about Qian Xue and improving Qian Xue's strength.

At this moment, Qin Chen held his breath, carefully observed the scene, and was always prepared. If he found any unruly behavior by the Soul Master, he would take action immediately.

Rumble!

The terrifying gray liquid surged, and the aura on You Qianxue's body was increasing at an astonishing speed. At the same time, a horrible aura appeared, and traces of thunderclouds began to appear in the sky, which was a sign that the sky was coming.

"You can't break through for the time being. These are some of the recent research for the teacher, and I now give it to you!" The old woman raised her head, feeling the thundercloud slowly condensing in the sky, her eyes condensed, and her hands quickly squeezed and turned into A black sphere appeared, and a terrifying force suddenly poured into You Qianxue from the sphere.

boom!

The soul power of You Qianxue unexpectedly increased slowly under the influence of this round ball, and a wave of invisible power enveloped You Qianxue, the black ball lightly touched it, and suddenly there were thousands of rules circulating, as if The heaven and the earth are embodied.

The old woman slowly said: "There are many rules of heaven and earth that you can understand as a teacher, which is different from the normal rules of heaven and earth you understand. But as long as you understand this, you will get twice the result with half the effort when you practice. Remember, you are breaking through. At that time, feel the power of these rules first."

Sure enough, countless soul origin rules flowed, and the magnificence of that breath contained the power of the top rules of the alien demon race. Even Qin Chen, who was in the jade plate of heaven and earth, could feel the power of this terrible rule.

Although the power of this rule is a bit worse than the original Blood Soul Crystal Soul, after all, the Blood Soul Soul Crystal Soul is born in the heavens and the earth. The original world rules of the Alien Demon Continent felt when the source beast was born cannot be combined. s.

"Lao Yuan, what the \*\*\*\* is this ball?" Qin Chen said solemnly.

At this moment, Lao Yuan's eyes were full of dignity, and he was extremely shocked: "This is... the power of the soul of this different soul master!"

The power of the soul? Qin Chen looked over in confusion.

Old Yuan nodded, and said in shock: "The power of the soul origin is a stranger's perception of the Great Dao of Heaven and Earth. Among them, it contains the most primitive power of their souls, ordinary strangers, even high-ranking demon kings. , Nor can it extract the origin of the soul, unless it is a powerful demon master."

"Of course, this person is a different soul master, and his knowledge of soul is naturally far superior to that of the upper demon monarch, in order to extract the soul of this soul. This can be said to be the greatest achievement of a different soul master in his life. If it is your little girlfriend If you can really understand and absorb this soul source, then her improvement will be limitless!"

Damn, the greatest achievement of a different soul master?

Is this alien race so good?

Qin Chen was a little shocked. This different soul master not only used Taixu Demon Liquid to transform You Qianxue's physical body, but also used his soul origin to enhance You Qianxue's soul power. No matter what he thought, he felt strange.

It might not be possible to do this for his own son, let alone an apprentice who has been confiscated for a long time.

"Lao Yuan, will the power of this origin have any effect on Qian Xue?" Qin Chen was a little worried. He basically understands the human race, but he can only ask Lao Yuan about the alien demon race.

"Impact? Haha, the power of the soul's origin is a treasure. Not only does it contain all this person's perception of the Great Dao of Heaven and Earth, but also the power of the alien demon race cultivated by this person."

"Let's put it this way." For fear that Qin Chen would not understand, Lao Yuan continued to explain: "Altered soul masters belong to a special existence among alien demon races, and even surpass higher demon kings. The reason why they can change alien demon race people The soul of it is because they have transcended a part of the rules of the alien demon continent. Like a demon master, they have touched the essence of heaven and earth, and can even directly use the power of heaven and earth."

"Therefore, the power of the soul can not only enhance your little girlfriend's soul, but also enable her to perceive the nature of heaven and earth. Of course, this heaven and earth are the heaven and earth of the foreign demon continent, but even so, it is scary enough. The rules of heaven and earth are different. , But the essence is the same in different ways, the road to the source, can let your little girlfriend, the future is unlimited."

"Moreover, it also contains the way of this alien race. If you don't believe it, you can feel it yourself."

The way of the alien race?

If they were replaced by other Tianwu Continent powerhouses, they would not be able to perceive the Dao of the Alien Demon Race, even the Peak Martial Emperor, because the Dao of the Alien Demon Race is completely different from the Dao of the Tianwu Continent.

Coincidentally, Qin Chen had once merged with the blood soul crystal soul, and had an extremely in-depth understanding of the ways of the alien demon race. Even if the cultivation level was not enough, he could easily perceive the power of the rule of the alien demon race control.
