

Valkyrie 1841

[Chapter 1841: Can't get out](#)

He immediately diffused his perception, trying to distinguish the power for You Qianxue and see if there was any other harm.

Because he always felt that the other party had bad intentions and had ulterior motives.

"This is the cultivation way of that different soul master?"

Qin Chen muttered while sensing it.

Knowing yourself and the enemy can only survive a hundred battles. The current situation is so dangerous. If he can understand the way of this different soul master in advance, if the two fight against each other in the future, he will naturally take the lead.

Suddenly, the aura of various alien demons poured into Qin Chen's mind.

"what!"

Suddenly, Qin Chen showed a look of surprise, even shocked to the extreme.

In this Great Soul Master's avenue, he found a few regular breaths belonging to the Tianwu Continent.

how can that be? !

The Soul Master is a powerhouse in the Continent, how could it be possible to extract the regular power of the Tianwu Continent?

Unless this person is not a different soul master, but a warrior from the Tianwu Continent.

But if the opponent is a warrior from the Tianwu Continent, the rules of the Alien Demon Continent dominate in his power, and it is absolutely dominant.

Hey, could it be said that this person is studying how to adapt to the power of the Tianwu Continent, and he is about to succeed, and he has even adapted to the methods of this world?

No, no, adapting to this world, not being suppressed by this world, and owning the power of this world are another matter.

Qin Chen not only possessed the blood soul crystal soul, but also cultivated the power of the alien demon race, and could not use the rules of the alien demon race to break through the martial emperor realm, not to mention the alien demon race. The rules of this world? It is impossible to think about it.

But the opponent's original strength clearly has the rules of Tianwu Continent.

Qin Chen was very curious, how did the other party cultivate?

If he can find a way, doesn't it mean that he can also directly cultivate the rules and power of the alien demon continent here?

"Wait, why is the power of the rules cultivated by this different soul master so familiar? Where do you seem to have seen this kind of Dao rules before?"

Qin Chen suddenly felt the power of the avenue in this, a little familiar, as if he had seen it before.

But he couldn't figure out where he saw it.

"Boom!"

But at this moment, suddenly thunder came from the sky, banging, and endless thunder light appeared, and began to drop the World Extinguishing Sky Thunder, and You Qianxue was about to break through the Nine Heavens Martial Emperor.

"Is Thunder Tribulation finally coming?" The Soul Master raised his head, and a strange color flashed in his eyes. It pointed at You Qianxue, and the black ball instantly entered You Qianxue's body.

"This is the original power of being a teacher. It can help you survive thunder tribulation. Remember, when you cross the tribulation, try to release the original power of the teacher to overcome it. In this way, after experiencing the baptism of thunder, you will be a teacher. The power of the origin can improve your strength more perfectly, so that once you break through the emperor, you will have power that is not inferior to the top emperor."

The old woman waved her hand while admonishing, and suddenly, the runes flickered and creeping was prohibited. The top of the cave was opened, revealing a piece of sky.

Above the sky, endless clouds condensed, and after feeling the quiet thousands of snow below, quickly condensed power, a large number of thunderclouds condensed, and thunder light flickered, exuding terrifying power.

Whoosh whoosh!

In the Misty Palace, many powerful men appeared one after another, staring at the thundercloud in the sky in amazement. This thundercloud was so terrible, even some of the martial emperors felt a trace of heart palpitations.

"Who is breaking through the realm of Emperor Wu, this thunder robbery is too terrifying, right?"

"That's...forbidden place, who is it?"

With surprise on their faces, these people guessed the owner of Lei Jie.

At this moment, the stone sculpture came to life in the core place. Zheng Kong looked at the thundercloud above the forbidden area in the distance, and muttered: "Is that one's experiment finally starting? If it succeeds, it will be my strange demon. The great blessing of the clan, by then, my alien demons will be able to run rampant on this Tianwu Continent, and no longer need to be suppressed by this world."

It murmured, eyes full of expectation and tension.

A demon commander-level figure is actually nervous, which shows the importance of this matter.

Boom!

Under everyone's gaze, that Thunder Tribulation finally arrived, and a terrifying black thunder light fell directly into the forbidden ground of the Misty Palace.

puff!

The thunder light directly struck You Qianxue's body, and directly smashed You Qianxue out, but it did not hurt You Qianxue and was blocked by her for the first time.

"Very good." The old woman's eyes were mixed, and said: "Don't worry, the spirit pool liquid prepared for you by the teacher has transformed your physical body. Now your physical body is very powerful. Not only can this thunder catastrophe not hurt you. On the contrary, it is a kind of tempering and a kind of cultivation for you. Don't resist, and feel the power of being a teacher."

The old woman ordered.

You Qianxue suddenly felt the original power transmitted by the old woman, but as soon as she felt it, the power of special rules suddenly appeared, and those rules seemed to not exist in this world.

After the thunderclouds in the sky felt this power, they suddenly seemed to be furious, the heavens were angry, the thunder light surged, and a thunder light ten times more terrifying than before poured down suddenly.

Crackling!

The terrifying light of thunder swallowed You Qianxue in an instant, and it fell like thighs of thunder, and You Qianxue was directly blasted out, spouting blood from her mouth.

This is no longer a test in the thunder tribulation, but a murder. Heaven and Earth will completely kill You Qianxue and turn it into ashes.

Because, after a wave of thunder tribulation, the next wave of thunder tribulation has struck again, which is several times more terrifying than the previous wave.

"Don't stop, continue to feel the power of the rules of being a teacher." The old woman shouted harshly, and ordered You Qianxue.

The next moment, the endless thunder light fell, and You Qianxue was suddenly enveloped by the thunder light, and the black world-killing power swallowed everything like an ocean, You Qianxue's body split, and the bones also heard a clicking sound.

No amount of Taixu Demon Liquid can improve her physical body. You Qianxue seems to be a taboo, and Heaven will completely obliterate her.

And the source of the obliteration was the power of the original rules of that Soul Master.

"Qian Xue, quickly expel the black ball." Qin Chen found the clue and said in anger. If it weren't for this black ball, Qian Xue would not have endured such a strong thunder disaster.

You Qianxue hurriedly wanted to reject this power, but this power seemed to have taken root. It was merging into her body and was completely integrated with her body, and it was impossible to reject it.

In the sky, a terrifying world-destroying thunder robbery that could cover the Misty Palace appeared, condensing crazily.

"not good!"

Seeing this thunder tribulation, Qin Chen took a breath. The power of this thunder tribulation was almost the same as his original thunder tribulation. Can Qian Xue stop it?

"Qianxue, quickly expel this force." Qin Chen said in fright.

"Less dust, I can't get out!"

Qianxue was also anxious, and at this moment, the endless thunder light completely fell.

Boom!

This forbidden area was completely enveloped by the dark destructive lightning, and You Qianxue flew out and was swallowed by the lightning, his body almost shattered and his bones shattered.

[Chapter 1842: Soul Art](#)

Zi Zi Zi!

This thunder light is too flaming, this cave is filled with endless thunder light, and the place where the Taixu Demon Liquid Pool is located has become the center of the thunderstorm.

At the edge of the thunder light, the old woman of the alien demon race was shrouded in some thunder light, and the extinct thunder light made him emit black smoke, but she did not realize it, staring at the center of the thunderstorm.

"This is the Thunder Tribulation of the Tianwu Continent? This kind of destructive power is really different from my Alien Demon Continent. Good, very good. The Thunder Tribulation is a manifestation of the will of the Heavenly Dao of the mainland. Once the Thunder Tribulation is over, the Heavenly Dao will recognize it. The existence of the other party is also the only way to integrate the power of my rules into this world."

The old woman of the alien demons was extremely excited, looking expectantly at the center of the thunderstorm, where You Qianxue was there.

The old woman clasped her hands tightly and was actually praying, praying that You Qianxue would survive the baptism of the thunder catastrophe, because under this thunder catastrophe, she could do nothing, once she dared to intervene in the thunder catastrophe, she would inevitably be confronted by the Heavenly Dao of Tianwu Continent For.

Boom!

In the thunderstorm, Qianxue flew out completely, dripping with blood, and even his bones were about to be blasted into dregs, extremely miserable.

However, the endless thunder light is still pouring, falling down, strands, very terrifying and tyrannical, and destroying everything with an aura of destruction.

Moreover, in the endless thunder light, some lightning giants appeared, and they fell down one after another, launching a bombardment on You Qianxue.

"No, Qianxue will be dead if it goes on like this." Qin Chen finally couldn't help but urged Qiankun's good fortune jade disc, and instantly appeared on top of You Qianxue's head. The Qiankun good fortune jade

disc released a swallowing force and swallowed it crazily. The power of Thunder Tribulation here resisted You Qianxue.

Rumble!

The thunder light in the sky became more flaming, and Tian Gong was furious, and a more terrible thunder tribulation formed and swept down. This is because Tian Dao discovered that someone interfered with the thunder tribulation and punished the disturber.

"puff!"

The universe of good fortune jade disc was swallowed by endless thunder light, and a large amount of thunder light crazily entered the mysterious space through the power of space and blasted towards Qin Chen.

Qin Chen was full of thunder light, but he was not afraid, facing this terrible thunder tribulation, he took it all, resisting for You Qianxue.

Outside the thunder robbery.

The old woman of the alien demon clan showed doubts, because she found that the thunder light in this world was even more flaming, and the power of thunder robbery once again rose sharply and fell like destruction.

How can the Heavenly Dao of the Tianwu Continent not wait to see the rules of their alien demons?

At this moment, she was also nervous in her heart, worried that if You Qianxue could not survive the thunder, all her preparations would be ruined. If she wanted to find such a good test product in the future, the difficulty was as high as heaven.

"I knew that I should proceed step by step, and shouldn't be so anxious, to integrate all the power of the original rules into her body, causing the heaven to descend such a terrible thunder."

The old woman was upset because she knew very well that the reason why You Qianxue suffered such a terrifying thunder disaster was precisely because of the power of the alien origin that she poured into You Qianxue's body. That power came from the Continent of Alien Demon, and it was for the Heavenly Dao of the Tianwu Continent. In terms of heresy.

Therefore, Heaven will bring down the most terrifying thunder calamity, to destroy it.

Once You Qianxue can survive the thunder tribulation, the restraint of Heavenly Dao on her original power will be greatly reduced. In other words, her original power will be greatly weakened by the suppression of the Heavenly Dao of Tianwu Continent, so that she can recover as quickly as possible. Own strength.

Moreover, she can also use this to understand the rules of Tianwu Continent.

However, once You Qianxue couldn't bear the thunder tribulation and disappeared under the thunder tribulation, all her efforts would be useless.

Therefore, she is also the person who most hopes You Qianxue can survive the thunder, otherwise she will not baptize You Qianxue with Taixue Demon Liquid.

Now, her heart is full of chagrin.

But she also knew that it would be useless to regret it, and now she can only expect You Qianxue to survive the thunder.

"Must get through."

She clenched her hands, her eyes faint, like a ghost.

Because the thunderstorm blocked the secret, she could not see the changes in the thunderstorm. With the help of Qin Chen, the endless thunder light was finally blocked.

Buzzing!

In the sky, a series of colorful auras fell, disturbing one after another, all of them entered You Qianxue's body in an instant.

The alien rules and auras on her body that were originally abandoned by the heavens are no longer suppressed by the heavens. At the same time, under the nourishment of a large amount of colorful spiritual energy, You Qianxue's body is rapidly recovering.

The wound has healed, the bones are being repaired, and the breath of the whole person is soaring.

"What, got over it!"

The old woman felt all this, and her excited body was shaking.

"Finally spent it." Qin Chen also breathed a sigh of relief, instantly condensing the aura of the jade disc, before the old woman of the alien demon race found it, fell on You Qianxue again.

In the sky, Thunder Tribulation slowly disappeared, and You Qianxue's breath rose wildly.

Her body is undergoing transformation, and she has survived such a terrifying world-destroying thunder calamity, and the benefits are naturally unimaginable.

"Jie Jie Jie, great."

The old woman of the alien demon race was ecstatic in her heart as she felt You Qianxue's madly elevated cultivation base and the aura recognized by heaven in her body.

She waved, rumbling, and the mountain peak that had been opened suddenly closed again, disappearing from the sky, and at the same time the endless prohibition swept over and sealed the cave.

"Have you survived thunder robbery during the previous prohibition?"

In the Misty Palace, many powerful men looked at the forbidden area in shock, and muttered, even the deputy palace masters such as Hua Lingwu Emperor were shocked. Looking at the forbidden area, their eyes flickered.

"It should have been over, I seemed to have seen colorful spirit clouds before!"

"Hey, you are sure, if such a terrifying thunder calamity is over, how much will you achieve in the future?"

"Such a thunder, is it because Young Palace Master Murong Bingyun is breaking through?"

Everyone talked a lot and was shocked, but they couldn't see the truth of the matter and could only speculate randomly.

"Such a terrifying Thunder Tribulation, that Human Race's little guy actually survived?"

Outside the core place, Zheng Kong was shocked, a little surprised, but also excited.

"So, the last step of that person's experiment is about to begin?" Zheng Kong looked forward to it.

In the cave.

There was a trace of determination on the face of the old woman of the alien demon race, she grinned, sitting on the altar, her hands suddenly turned into countless dark soul lights.

Hum!

In the entire cave, countless bans flashed suddenly, and a weird array of sacrifices was formed, and black devilish energy rose to the sky, turning into purgatory.

The old woman stared at You Qianxue, who was still breaking through and improving, with her eyes strangely, her skinny palm patted her brow fiercely.

"The Art of Different Souls!"

A sorrowful voice resounded like a purgatory in the cave.

The next moment, in her body, a dark magical shadow was slowly pulled out and appeared in front of the body.

[Chapter 1843: Thousand Silk Control Soul Dafa](#)

call!

As soon as this magic shadow appeared, he suddenly became an ugly alien, and a female, exuding endless cold air.

Although it was only a magical shadow, the appearance of this alien was extremely clear, his eyes stared at You Qianxue coldly, shooting out a greedy green light, and behind him, the original old woman was silent and turned gray. It was as if he had been dead for a long time.

"Lao Yuan, what is this?" Qin Chen asked in a little shock.

This person actually pulled out a soul body from his body?

The soul body of the alien demon race, he has never seen it, it is all a stream of light, although the face can be seen, but it is only the face, but this demon has turned into an alien demon race, like a vivid one. The black shadow is extremely clear.

Lao Yuan said solemnly: "This should be the soul of this alien demon race."

"Soul body?" Qin Chen frowned, "How is this possible? The soul body is extremely weak, usually a stream of light, how can it become human?"

The reason why the soul divine mind can transform into a human being is because the soul divine mind possesses the power of the true essence. It is the true essence that forms the human being, not the soul. The soul is just a mind attached to the true essence.

The black shadow of the alien demon in front of him, whose entire body was composed of souls, did not have a trace of true vitality, which was beyond Qin Chen's understanding.

"It's not impossible. When the soul is strong to a certain extent, it can naturally transform into a soul, and even move directly to arouse the power of heaven and earth." Lao Yuan said with certainty.

Qin Chen's heart moved, and he was a little shocked: "Could it be that the spirit of the **** cat is separated?"

Divine Soul separation is the realm he has always wanted to achieve, because only after Divine Soul separation can he fight against parasitic seeds.

"God and soul out of the body? It's almost the same. The soul of the alien demon race is very powerful, but there are only a few who can release such a soul. However, this person directly pulled out his soul and cut it off. What is the purpose of my original physical connection?"

Lao Yuan suspiciously, glanced at You Qianxue who was breaking through, and suddenly his eyes narrowed: "This guy is not like your little girlfriend, right?"

"Seize You Qianxue?" Qin Chen was startled and lost his voice: "Old Yuan, is this possible? There are silver parasitic seeds in Qianxue."

As far as he knows, the parasitic seed can isolate all the strong from seizing the house. This has been verified countless times on him. Even the original demon commander Yan Mo was easily blocked by the parasitic seed and could not seize him.

Lao Yuan said solemnly: "It's not impossible. Although the parasitic seed is terrible, it is not completely impossible to seize, and it depends on the level. If it is the golden parasitic seed on your body, I'm sure that this different soul master will never seize it. She, but, your little girlfriend's body is only silver parasitic seeds, it's hard to say, after all, silver parasitic seeds are far worse than golden parasitic seeds."

"Furthermore, there are so many different soul masters. It may not be necessary to completely seize your little girlfriend. For example, the former Yan Mo, it is stored in the body of the ancestor of the Ji family. Although he has not seized his soul, he can share a body with him. , And wait for the opportunity to seize the house."

Qin Chen's heart sank. At this moment, he vaguely believed what Lao Yuan had said.

Otherwise, why did that Soul Master enhance You Qianxue's strength in this way, and pass his original power to You Qianxue.

If it is to seize You Qianxue, then everything will make sense.

But how does it do it? Qin Chen still doesn't understand.

"Lao Yuan, do you have a way?" Qin Chen said anxiously. If Qian Xue was taken away by this old pervert, then Qian Xue would be finished.

"Hey, don't worry, if this different soul master just pulls the soul out, then I have to be more careful, but if this guy really wants to take away your little girlfriend, it's an opportunity for us..." Lao Yuan suddenly showed a mean smile in his eyes.

"opportunity?"

"Hey, listen to me..."

Lao Yuan spoke slowly and said something in Qin Chen's ear.

"Are you...sure?" Qin Chen looked at Lao Yuan suspiciously.

"Believe it or not, this is an opportunity, and it's the only opportunity. What's more, do you have other options besides this?" Lao Yuan asked.

"But..." Qin Chen still had hesitation on his face, because Lao Yuan's plan was too risky. If he made a mistake, Qian Xue would be in danger.

But beyond that, Qin Chen really had no other way.

"it is good!"

In the end, he gritted his teeth and decided.

Hum!

At this moment, in the cave, You Qianxue's breakthrough had also come to an end.

After You Qianxue stepped into the initial stage of the ninth stage, he did not stop, but after reaching the initial peak, finally stopped.

Moreover, it is only one step away from the middle stage of the ninth stage.

All kinds of Huaguang are restrained, and You Qianxue is about to open her eyes.

"Jie Jie Jie, now is the best opportunity."

The cold and violent voice sounded, and the demon shadow finally moved, and he rushed towards You Qianxue like a stream of light.

"Moved!" Qin Chen held his breath among the jade disc of good fortune in the universe.

"Master, you..." At this moment, You Qianxue also just opened her eyes, and saw a black shadow rushing quickly, but it was a hideous alien face, suddenly showing horror.

"Jie Jie Jie, good apprentice, let your body be your teacher."

Amidst the gloomy weird laughter, the black shadow was like electricity, and it entered You Qianxue's body in an instant.

Hum!

In the sky above You Qianxue's mind, an evil alien race appeared, staring at the vast soul below.

"Thousands of Silk Control Soul Dafa!"

The black magic shadow did not directly rush into You Qianxue's soul sea, but quickly waved his hand. Suddenly, a series of dark ghastr threads appeared, turned into inexhaustible threads, and crazily swept towards You Qianxue's soul sea.

At this moment, You Qianxue didn't know that her master was going to seize her, and in shock, she even urged the soul sea to defend.

boom!

On the endless sea of souls, a misty soul light suddenly appeared, to block the endless thread of souls.

However, how powerful is the soul of this alien demon race and soul master? The silk threads easily penetrated You Qianxue's defenses and poured into her soul sea.

"Om!"

At this critical moment, a silver seed suddenly appeared above You Qianxue's mind. Bang Bang, the silver seed beating, like a silver heart, filled with debut tentacles, already rooted in You Qianxue's mind. During this moment, I felt the invasion of foreign objects and resisted immediately.

A terrible swallowing force swept out.

[Chapter 1844: Lao Yuan shot](#)

boom!

The silver parasitic seeds show off their power to resist external erosion.

You Qianxue's mind was already its territory, and she couldn't let others be taken away.

"Jie Jie, parasitic seeds, waiting for you long ago!"

"Thousands of Silk Control Soul Dafa, close!"

Buzzing!

The countless ghastr silk threads that were originally integrated into the sea of souls of You Qianxue suddenly shrank crazily, covering the parasitic seeds in an instant. These ghastr silk threads flickered and turned into a cage of heaven and earth, enclosing the parasitic seeds. .

"Om!" The parasitic seed shook, and all the ghastr threads were swallowed frantically.

"Hmph, the parasitic seed is really terrible, but I am not here to occupy this person's soul, the power of the origin, fusion!"

Taking advantage of the moment when the parasitic seed was wrapped in the ghastr silk thread, the black magic shadow instantly mobilized that trace of the original power. This original power was originally the power of its own soul and contained the endless rules it mastered. Motivated by its soul, it naturally mobilized instantly.

boom!

Endless rules agitated in You Qianxue's body. The original power was punished by the thunder tribulation, and the shackles of the Tianwu Continent's Heavenly Dao had long been relieved. The two quickly merged together, turning into a rule and The shadow of the soul.

Click!

At this time, countless ghost silk threads have been swallowed by the parasitic seeds, and the parasitic seeds are free from traps, beating frantically, exuding terrible devouring power, to swallow the soul of the alien master.

"Jie Jie Jie!" The magic shadow laughed, not afraid of the swallowing power of the parasitic seeds, exuding the power of horrible rules, and forcibly resisted the swallowing of the parasitic seeds.

"What?" Qin Chen always paid attention to the battle situation in You Qianxue's mind, and was surprised when he saw this scene.

This magic shadow actually blocked the engulfing of parasitic seeds. How could this be possible?

"In fact, this is normal. The parasitic seed is terrible. It suppresses the power of the soul. If it is a pure soul body, it will naturally not be able to resist the swallowing of the parasitic seed. But the soul master, the soul and the power of his own original rules merge, and Once you have reached the state of detachment of the soul, you can live independently of your little girlfriend's body, and will naturally be able to resist the swallowing of parasitic seeds." Lao Yuan said condensedly.

Yes, Qin Chen finally remembered that Big Black Cat once said that the reason why the soul can fight against parasitic seeds after being separated is precisely because the parasitic seeds must be attached to the body to survive, and the soul can be independent in the body. In addition, nature can compete with parasitic seeds.

However, the soul of this different soul master is independent, but this can't rob You Qianxue. What's the point of doing this?

However, while using the power of the source to resist the engulfing of the parasitic seeds, the demon shadow suddenly exuded strange powers. These powers spread to You Qianxue's body in an instant, and they were actually going to blend into her body.

At the same time, this force turned into a terrible prohibition, shrouded in parasitic seeds, it was actually blocking the parasitic seeds.

"What?" Qin Chen was shocked. This guy is actually banning parasitic seeds, is this okay?

Buzzing!

Two terrifying forces were facing each other, and they were evenly matched for a while.

"Naturally, the power of a simple soul cannot be aimed at the parasitic seed, but this guy now combines the power of the original source that has survived the catastrophe, and then uses the rules of the alien demon to suppress the parasitic seed, and it is the alien spirit master of the alien demon. You should

have a good understanding of parasitic seeds, so you can do this." Lao Yuan said in a deep voice, with surprise in his tone.

At the same time it also wondered: "But besides the power of rules, what are the other weird powers?"

"It's the power of our human blood." Qin Chen said at this moment, his eyes cold.

He sensed that this different soul master was actually using the power of blood to erode You Qianxue's body, obviously trying to use this power to avoid parasitic seeds to control You Qianxue.

"What a powerful method, what a meticulous mind!" Qin Chen exclaimed.

I have to say that this different soul master is very powerful, and everything is accurate.

The only thing that puzzled Qin Chen was how the opponent possessed the power of bloodline. The power of bloodline was only possessed by the human race, and the alien demon race did not have the power of bloodline. Could it be that this alien spirit master not only cultivated Tianwu The power of the mainland's rules has also cultivated the power of the human blood?

At this moment, this different soul master is making a frantic move, You Qianxue has been completely suppressed, and the soul power is imprisoned below, it is impossible to resist the erosion of this different soul master.

"Lao Yuan, when shall we do it?" Qin Chen looked at Lao Yuan anxiously.

"Hehe, now is the time, do it, make that guy startled, hehehe!" Old Yuan blame laughed: "Don't forget what I said earlier."

The words fell, and the next moment, Lao Yuan moved suddenly, a terrifying source beast power, directly diffused from the jade disc of Universe Good Fortune, and instantly entered You Qianxue's body.

boom!

The terrifying power came to You Qianxue's mind like the ocean in an instant, bombarding the source of that Soul Master.

"What?" The Soul Master was taken aback. He didn't expect a new force to break in at this time. Under the shock, he hurriedly wanted to resist.

But how could Lao Yuan give it this opportunity, with a puff, the terrifying power of the source beast instantly enveloped the power of the source, and at the same time a terrible swallowing power was born, and the old source displayed the power of devouring it, quickly devouring the power of that source The power of the soul of the middle spirit master.

"Ah!" The different soul master suddenly screamed, and found that his soul power had been swallowed a little bit.

How is this possible, it is a different soul master, who can swallow its soul power? Unless it is a strong demon master, even a strong demon commander can't do it at all.

But when it really felt this power, its face changed, and it suddenly said in shock: "The power of the source beast turned out to be the power of the source beast. Where did the source beast come from?"

It was frightened, and even the power of stimulating the bloodlines, booming, the power of these bloodlines was too terrible, each of them contained the peak aura, and when it was difficult to resist the swallowing of Lao Yuan, it actually swallowed Lao Yuan's Resisted it.

"Hey, why is the power of this bloodline so weird? It can withstand my swallowing?" Lao Yuan frowned. The power of bloodline belongs to the power of Tianwu Continent. Although it is strong, it is the power of the Alien Demon Continent. This kind of thing will naturally not have much restraint.

"It's this jade card, this jade card can actually release the power of the source beast, no, there is a mysterious space in this jade card..." The soul master was frightened and quickly recovered. For a moment, he felt the power transmitted to the source beast, and in an instant he saw through the disguise of the jade disc.

Among the jade cards on You Qianxue's body, there was a source beast lurking all the time, and it was suddenly surprised, angry and happy!

[Chapter 1845: Nine types of sealing pulse](#)

What was shocking was that it was the Origin Beast, it was one of the most terrifying existences in the Alien Demon Continent, and even the Demon Lord was a little jealous. At its peak, it was definitely at the same level as the Demon Lord.

The anger is that this Origin Beast suddenly took action at this time, and it had obviously been stored in You Qianxue for a long time. At this time, the action was definitely intended to destroy its plan and to kill it.

As for the joy, let alone, although the source beast is strong, it is a big supplement for the alien demons. It is worried that it will not be able to recover its strength in a short time, but as long as the source beast is suppressed, it can definitely be counted in a short period of time. Return to peak state in ten years.

At that time, who else is its opponent in the world? "Hmph, this **** Origin Beast is hidden in that mysterious jade card. At this moment, I suddenly shot it to make me fall instantly. It's a pity that Origin Beast is strong, but it is suppressed in this continent. Bigger, even appeared in this piece

The world dare not, Jie Jie Jie, also want to swallow me, dream. "

The different soul master roared, and the power of the terrifying rules burst out all over his body. At the same time, the astonishing blood aura skyrocketed, turning into a galaxy, colliding with the power of Lao Yuan.

boom!

The two forces collided, and You Qianxue's mind suddenly rolled up the stormy sea. If it weren't for You Qianxue's body to hold a parasitic seed, she would have broken the soul sea with her own soul power, and died.

Huhuhu!

I saw the power of terrifying blood swept across, the power of these bloodlines was too terrifying, each of them was at the peak level, and I don't know how this alien spirit master was cultivated, and it actually blocked the attack of Lao Yuan for an instant.

"What?" Lao Yuan changed color, and the fear of this Soul Master was beyond its expectations. "Jie Jie Jie, the mantis is catching the cicada, the oriole is behind, you old thing, how dare you attack this seat, hehe, wait until this seat has enslaved this human disciple, then come to deal with you, then use your power to restore my cultivation. , Will let the glory of my alien race be here

The mainland shines again. "

This different soul master Jiejie smiled strangely, extremely hideously.

After blocking Lao Yuan, it once again urged the power of blood to enslave You Qianxue.

It has already seen that, although the source beast in the mysterious space is powerful, its strength has not been fully recovered. If it wants to swallow it, it can't be done at all. After it has enslaved You Qianxue, it will have enough time to deal with the opponent. .

But before the thought in its mind fell, it saw two figures flying out of that mysterious space.

"What? There are still people in this mysterious space?"

This different soul master was immediately stunned, what kind of jade medal is that?

It's not surprising that the mysterious space can host the source beast, because the source beast is very special. It was born when the world of the alien demon continent was first formed. Although powerful, it can evolve its aura and store it in the alien treasure. Can understand. But the human race is different. On this Tianwu Continent, the rules of heaven and earth are perfect. Although there are many space treasures that can store various items, there are also pet bags and blood beast spaces that can store blood beasts, but I have never heard of any space. were able

Let the human warriors survive.

Only the legendary small world can survive.

It lowered its head, as if endless reincarnation surging in its eyes, looked at the mysterious jade medallion, and the look suddenly surprised.

"Is this... the legendary sacred object, the universe..." It lost its voice in amazement, its expression shook, and thought of a possibility, but when this thought came out, it immediately shook its head. How could this be possible? The sacred object was in ancient times. Even Master Demon Lord dare not refining easily, how could it appear in You Qianxue's body

.

It was shocked in its heart, and hurriedly looked again, as if it wanted to see the true face of the mysterious jade plate, but before it looked carefully, it saw that the two flying figures had already acted.

Whizzing!

The two are a male and a female. The female is not very old. She is in her early twenties. She is in the shape of electricity, her breath is ethereal, and she is extremely profound. When she appears, she shoots directly at the altar not far away, and she appears in her hands. Long sword.

Hum!

The long sword trembles, suddenly burst out a dazzling purple light, directly piercing its flesh on the altar.

It was actually going to destroy its physical body.

"No, these guys are going to cut off my retreat." The alien soul master was furious. Once its body is destroyed, it will lose its retreat. Apart from enslaving You Qianxue, there will be no second. A possibility.

Because once it loses its physical body and it fails to seize You Qianxue, its strength will be greatly weakened, and it cannot be the opponent of Origin Beast, it can only be swallowed.

"What a gangster's heart, die to me!" It roared, a horrifying force of rules surged, and it blasted towards You Qianxue in an instant. At the same time, the power of blood was condensed, turning into a few terrible breaths, surged. Out.

"Huh, give it to me!" Qin Chen yelled coldly, how could he give the other party a chance to interfere with Ji Ruyue, squeezed his hands and quickly touched You Qianxue's body.

Crackling!

Thunder bloodline suddenly appeared on Qin Chen's body, and the terrifying bloodline power rushed into You Qianxue's body in an instant, to block the bloodline power of the other soul master.

"Huh, I want to stop me, little human kid, die for me!"

The other soul master roared with a look of disdain, the bloodline power burst, it was about to defeat Qin Chen's bloodline power, and, through the transmission of bloodline power, Qin Chen was killed.

But when its bloodline power touched Qin Chen's bloodline power, its face changed, because after its powerful bloodline power contacted the opponent's bloodline power, it was suddenly imprisoned. I can't move at all.

"How is this possible?" It was shocked and furious.

The few bloodline powers it mastered were the top bloodline power in the Tianwu Continent. How could it be stopped by a little human race kid? This is simply impossible.

But now that the facts are there, it is completely stunned.

"Hmph, the power of these bloodlines is indeed terrifying, but unfortunately, you, a member of the alien demon race, know what bloodline? Under this young master's pulse control technique, no matter how strong your bloodline is, you will never want to make any waves. "

Qin Chen sneered!

It has to be said that the bloodline power controlled by this alien demons is very terrifying, all belong to the top bloodline, with a strong aura, like a deep prison, even some of the later martial emperors are here, it may not be comparable.

But who is Qin Chen? The most outstanding bloodline master of the continent in the past, using the power of the bloodline to attack in front of him is no different from the squad door making an axe, not to mention the alien demons who urged this bloodline, and it is even more generous.

"Nine types of pulse sealing!" Qin Chen shouted, his hands swiping quickly, and countless phantoms were quickly transformed into You Qianxue's body. Suddenly, terrifying forces entered You Qianxue's body, continuously sealing the power of those bloodlines.

[Chapter 1846: Nine Heavens Goddess Picture](#)

"Ah, **** it!" The other soul master roared, his face frightened, because it found that it was increasingly unable to control the power of these bloodlines.

And as soon as the bloodline power it controlled weakened, the suppression of the silver parasitic seeds became weaker and weaker, immediately forming a chain reaction.

Bang bang bang! I saw the silver parasitic seed beating, tearing open a gap in the original blood seal, and suddenly a terrible swallowing power rose again. Combined with the swallowing power of Lao Yuan, the two forces one after the other, The soul of the soul master

The force slowly sucked into his body.

"what!"

This different soul master roared frantically, angrily and desperately wishing to smash Qin Chen and his corpses.

On the other side, Ji Ruyue had also arrived before the altar, and a sword pierced the body of the Soul Master.

Hum!

Seeing that the ancient sword of exclusion was about to penetrate this person's body, but suddenly, on the body of this old woman, a series of terrible restrictions were released, which in an instant prevented You Qianxue's shot.

"Hahaha, it is so easy to destroy the flesh of this seat." The Soul Master roared, at this time, it was still reluctant to withdraw from You Qianxue's mind, and wanted to seize it.

Because only by seizing You Qianxue, its previous efforts were not in vain, otherwise, even if it returned to the body, it would lose the opportunity to seize the house, and its hard work would be wasted.

"Hmph, it's just a body without a soul, the bloodline of the Heavenly Sword, the power of amethyst, die!!!"

Ji Ruyue's eyes were cold and stern, and her body quickly filled with the terrible light of the moonlight divine body. At the same time, above her head, a terrible sky sword phantom appeared, and the amethyst at the center of her eyebrows quickly brightened. stand up.

She was mobilizing the power of the purple liquid in her body, and the next moment, an unprecedented terrifying force burst out of the ancient sword of sealing, like an ancient beast awakened, a sword once again struck the old woman's Above the body.

With a click, the restriction on the old woman was completely broken, and under the erosion of purple light, it quickly collapsed.

puff!

The sword light passed by, and the body of the Soul Master instantly disappeared and turned into ashes.

"Damn it!" This different soul master roared, watching his body shattered, what an anger that was, although it had abandoned that body long ago, but that didn't mean it was willing to let people destroy it. But at this time, it can no longer control so much. As the power of blood is getting weaker and weaker, its power to resist the parasitic seed and the swallowing of the old source is getting weaker and weaker, and it only sees emptiness of soul power from it. Escape and be

The parasitic seed and the source beast in the mysterious jade card were devouring wildly.

"No, I will die if this continues. Before I can seize You Qianxue, my soul has collapsed and was completely swallowed."

This different soul master was extremely frightened, roaring, it roared, its breath was corrupted, and it could not wait to smash Qin Chen and the others into thousands of pieces, but it also knew that if it insisted on taking You Qianxue, it would have only one ending, that is Ashes are gone.

"The soul possessed!"

It was furious, and its soul power was permeated, and it was actually accompanied by the power of rules to blend into every part of You Qianxue's body, every soul, and every trace of blood.

This is a soul possession technique, which is different from the soul seizing house, but it can exist in You Qianxue's body, coexist and coexist with her.

It is blending into the rules controlled by You Qianxue.

If the source beast wants to swallow it, it must also swallow You Qianxue's soul, otherwise it will not be able to kill it at all, because it is everywhere and exists everywhere.

"No, I can't make it succeed."

Qin Chen's face changed. Although he didn't know what the different soul master was doing, he felt that if the different soul master succeeded, it would be difficult to kill it again.

"The gods are dead!"

Without any hesitation, the fifth stage of the Wan Shen Jue's nirvana was displayed in an instant, and a series of terrifying soul storms were formed, and they invaded You Qianxue's body strongly, launching a fierce attack on the soul of the other soul master.

At the same time, Qin Chen used the bloodline technique to quickly block the bloodline power in You Qianxue's body, otherwise the opponent would have the opportunity to integrate the bloodline power.

But it wasn't enough. The secret technique of the different soul master was too powerful. Even if the soul was attacked and the bloodline was blocked, it was still blending into You Qianxue's body and was pervasive.

Moreover, because it did not seize You Qianxue's soul, the parasitic seeds did not swallow it so strongly.

Qin Chen's face changed.

Seeing that this different soul master was about to enter You Qianxue's body, suddenly--

Hum!

A mysterious pattern appeared in You Qianxue's body.

This pattern, the void and misty palace, emerged in You Qianxue's body, with a nine-day goddess on it, emitting a mighty and terrifying aura, as if above the sky, a nine-day goddess fell, suppressing everything.

puff! This pattern surged, and a mysterious power emerged, which immediately repelled the power of the soul master's soul. Moreover, this terrifying pattern was still eroding its original soul power and letting its origin. The power turned into You Qianxue

Own things.

"No... the picture of the Nine Heavens Goddess, isn't this the Heaven-defying Technique of the Ancient Human Race Moon God Palace? Why do you have the picture of the Nine Heavens Goddess on your body, ah!" The strange soul master screamed frantically.

At the same time it is annoying and regretting!

It took You Qianxue as a disciple for a while, and it wasn't until this moment when it seized the house to discover that there were so many things in You Qianxue that it hadn't seen through.

Under the picture of the Nine Heavens Goddess, its soul power will inevitably be wiped out.

At this time, Qin Chen's Ten Thousand Gods Art was also urged to the extreme, and the terrifying soul storm constantly bombarded the soul power that was rejected by the different soul master, shattering it, and turning it into nothingness.

"Smelly boy, I'm mad at me, it's you, it's your plan to ruin this seat, I want you to die." The different soul master roared, murderous, and roared: "Okay, you won't let me take away You Qianxue. , Let this seat take you first."

boom!

Its figure resembles electricity, recondensing and forming, a terrifying soul power instantly gushes out of You Qianxue's mind, transforming into a gloomy alien demon shadow, and rushes into Qin Chen's mind for an instant. .

"Smelly boy, I will take you first and die for me!"

It was furious and murderous. After entering Qin Chen's mind, it rushed to Qin Chen's soul sea for the first time, trying to rob him powerfully.

"Hehe, good time, I have been waiting for you for a long time."

It thought it would see Qin Chen panicked and panicked. But what it didn't expect was that at the moment it rushed into Qin Chen's mind, Qin Chen's face had a sneerful smile, which was full of disdain and sarcasm.

[Chapter 1847: A blessing in disguise](#)

how.....

Is this kid an idiot? He's going to take him away, is he still laughing?

This different soul master was a little stunned, but he kept moving, rushing into Qin Chen's soul sea frantically, trying to take it away.

But at this moment--

Hum!

A golden seed suddenly appeared over the sea of Qin Chen's soul, bang bang, the golden seed beating violently, like a golden heart, bursting out with a devouring force that was at least ten times stronger than the previous silver parasitic seed.

"Damn, golden parasitic seed, **** me..."

A scream of stern, anger and horror sounded, and the soul master was so scared that he was about to vomit blood.

Damn, my own idea is too memorable, and the golden parasitic seed has it encountered? !

It was so scared that the soul body was about to burst into cold sweat, like a frightened cat, fleeing at a speed several times faster than when it came.

Because it knows the horror of golden parasitic seeds, which are countless times more terrifying than silver parasitic seeds.

It was terrified and rushed out of Qin Chen's mind for the first time, but it was still pulled by the swallowing power of the golden parasitic seed, and a large chunk was swallowed in an instant, and the original solid magic shadow instantly became weak.

"what!"

It screamed, and the power of the soul was shattered by a third in an instant. This feeling was too painful, the soul was torn apart, and the fire of the soul was shaking and was about to extinguish.

"I would actually be planted here, no, I have to find a physical body, it's you!"

At this moment, there was no anger in the soul master's heart, and some were just panic, fear and shock.

It was terrified. Without a physical body, it would never be able to withstand the swallowing of the source beast, and since You Qianxue and that kid couldn't seize the house, it could only target Ji Ruyue.

"I don't believe it, you also have parasitic seeds."

"Demon Eye!"

It was furious, and an invisible magic light burst out from its pupils, which instantly swept over Ji Ruyue, and was immediately overjoyed, because Ji Ruyue did not have the breath of parasitic seeds.

"You are the one!"

It was ecstatic, rushing into Ji Ruyue's body in an instant, trying to seize She Ji Ruyue's soul. But at the moment it entered Ji Ruyue's body, Om, a purple spar suddenly appeared on the center of Ji Ruyue's eyebrows. This spar exuded a terrifying aura and was quickly wiping out its soul. It was visible to the naked eye. The soul of the soul master is

Weakened at an alarming rate.

"Ah, what kind of power is this, how can it wipe out the power of the soul of this seat, ah!"

This different soul master screamed in an instant, and his soul power was wiped out in an instant. The soul phantom that could have been transformed into a human form suddenly left only a void of soul light, and he was terrified and escaped.

This is because it escaped in time, otherwise it would be wiped out by the purple light for the first time, and even a trace of soul power would not be left.

After suffering so many attacks, its soul power completely collapsed, leaving only a little, extremely weak.

It is probably the poorest soul master in the history of the alien demon race, and it has failed several times to seize the house, and it has also suffered heavy losses.

"Escape!" At this moment, it no longer had any thoughts of seizing You Qianxue. In panic, it rushed towards a wall behind the altar. Qin Chen sneered when he saw it. Now that he had made a move, how could he let this guy escape, the Tiankong Wanzhuan formation plate was already ready to go, the first time it was cast out, only to hear countless arrays of light appearing, he immediately moved the cave
Wrapped up

Made a side cage.

However, this different soul master is indeed very terrifying, even if it has only a trace of soul power, it also bursts with terrible penetrating power, and actually took advantage of the moment when this formation was just formed, forcibly rushed out of the circle of light.

However, this day's control of the Ten Thousand Revolving Array was only Qin Chen's first attack. Before the spirit master was relaxed, a group of hot flames appeared in front of the spirit master, bursting out dazzling flames. .

"This flame...this is..." The face of the Soul Master suddenly showed a terrified expression, as if he had seen something unbelievable.

It's just that now it doesn't have any thoughts about other things, because above its head, a **** cauldron has fallen.

Zhen Mo Ding!

boom!

The magic cauldron erupted with a black halo, instantly covering the remaining soul power of the different soul master.

The Tiankong Wanzhuan Array, Qinglian Demon Fire, and the Suppression Demon Cauldron were almost immediately activated by Qin Chen. They were interlocked with each other. Under the combination of the three major attacks, this Soul Master finally could not evade, and issued Screamed bitterly.

"Damn, kid Qin Chen, save some for me!"

At this time, Lao Yuan uttered an anxious voice, and a powerful swallowing force was immediately released from the jade disc of Universe Good Fortune, which instantly enveloped the soul light under the Calming Cauldron.

After this different soul master experienced so many weakenings, there was only a little soul power left, and it was swallowed up by Lao Yuan in an instant and turned into nothingness.

"So cool!"

Lao Yuan burped with satisfaction, and the power of the source beast on his body fluctuated, as if he had eaten some big tonic, and his aura increased significantly in an instant, a bit higher than before.

"Hahaha, Xiao Hei was right. Following you kid, it really benefits a lot." Lao Yuan laughed and hurriedly digested it.

The soul of this different soul master is too pure. With Lao Yuan's current strength, he also needs to be refined to completely transform it into his own power and increase his strength again.

Once the soul master died, the cave quickly returned to peace.

After seeing Ruyue's okay, Qin Chen's figure flickered, and instantly came to You Qianxue's body, and said nervously, "Qianxue, are you okay?"

You Qianxue closed her eyes and didn't speak, but a terrible aura undulated on her body. Qin Chen was startled, and even released the soul power to check You Qianxue's mind.

In You Qianxue's mind, the soul sea was undulating, and the pure soul power of Dao Dao was fed back into her body through parasitic seeds, which made her soul power increase at an astonishing speed.

Double!

double!

Five times!

Soul power is undergoing transformation.

Moreover, the power of the original rules and countless bloodlines that originally belonged to the alien spirit master, after losing their control, were slowly absorbed by You Qianxue under the suppression of the Nine Heavens Goddess, and truly became her power.

The aura on You Qianxue's body was slowly changing.

"Little dust, is Qianxue okay?" Ruyue walked over nervously.

"It's okay." Qin Chen breathed a sigh of relief. This time Qian Xue was a blessing in disguise. Moreover, all this is thanks to Lao Yuan's plan. If it were not for the alien soul master to enter You Qianxue's body, and then destroy its physical body for the first time, so that it has no attachments, and only engages in soul-level battles, it will end. Hard to say

.

Suddenly, Qin Chen frowned and looked in a direction of the cave, which was the direction where the Soul Master had fled before.

Qin Chen's brows frowned for the first time: "Why did the Soul Master fled in that direction just now?"

A trace of suspicion appeared in his heart. If he wants to escape in a critical moment, shouldn't he rush out of this cave? How could he rush to the corner of the cave? This is totally unreasonable.

"No, it's weird." Qin Chen looked at the edge of the stone wall carefully. After a while, his face suddenly changed and he found a little weird.

[Chapter 1848: Anger](#)

Whoosh!

When Qin Chen came to the stone wall, he found some restrictions on the stone wall.

"There is something in this stone wall." Qin Chen showed a mysterious rust sword in his hand, snorted, and pierced a hole in the stone wall, and then a more secret cave appeared in front of Qin Chen's eyes.

After seeing the things in the cave, Qin Chen's eyes froze for an instant.

Dry bones, there are many dry bones in this cave.

An aura of death and ashes pervades. These dead bones are obviously strong humans, and their cultivation bases are extremely terrifying. The weakest ones are at least the martial emperor level cultivation bases, and the dry bones exude a faint strong. breath.

Even if the Emperor Wu is dead, there will still be their remaining coercion in the corpse.

"Little dust, why are there so many corpses here? Who are these people?" Ji Ruyue came to the cave entrance, her face changed, and said in shock.

Qin Chen frowned, squinted his eyes and said, "These should be strong humans, and the cultivation base in front of him is definitely not weak."

Before Qin Chen came to one of the dead bones, even if it had been dead for a long time, the aura from the dead bones was still heart palpating.

"It seems that these people are not low in cultivation. They were at least the mid-term peak martial emperor, and even the giant-level late martial emperor." Qin Chen took a deep breath and said slowly.

"Giant Emperor Wu?" Ji Ruyue took a deep breath. Although the cave in front of her is not big, there are at least dozens of dead bones. If these people are all giant Emperor Wu, would this be too scary? "Little dust, how is this possible? You can't read it wrong, right?" Ji Ruyue said in amazement, "If these people are all giant Wudi, which force can have so many giant Wudi? And why did they die here? , Even if it is misty

It's impossible for the palace to kill all the people here, right? "

"Their state of death is very strange, but some of them are definitely the giant Emperor Wu. It's right." Qin Chen squatted down, not at all afraid of these dry bones, and even looked at some of them, slowly said: "These People don't die at the same time. The time spans two to three hundred years. Look at this withered bone, at least it's already dead.

It has been more than two hundred years, and this one may have died decades ago. "

Ji Ruyue's eyes flashed, thoughtfully, if it spans two or three hundred years, then it makes sense that many of these people are giant Wudi.

In two to three hundred years, how many strong people have emerged on the mainland? It can be said that there are countless, according to normal logic, a top family, a batch of brand new top powerhouses can appear in a hundred years.

"Huh!" Suddenly, Qin Chen let out a startled suspicion, his face changed, staring at these dry bones with a look of surprise.

"What's wrong with Shao Chen?" Ji Ruyue looked over.

"The essence and blood in these dry bones has completely disappeared." Qin Chen muttered. "Isn't this normal?" Ji Ruyue wondered: "In two to three hundred years, even the blood in the emperor Wudi's body should have dissipated, and this is the retreat of the strong stranger. Forbidden land, if these people are different from the previous

Killed by the strong demon race, the strong alien demon race can swallow the human essence and blood to restore their strength, and will inevitably swallow the essence and blood of these people, and the essence and blood will disappear, which is also normal. ""Do not!" Qin Chen shook his head and explained: "Alien demons can indeed swallow blood, but under normal circumstances, the blood that is swallowed is the blood in the flesh and blood. It is the essence of a warrior's body, and the bones The essence and blood in it is difficult

Completely swallowed. "

"Because the blood of a warrior is born from the depths of the bone marrow, and in the bones, there is also an understanding of the rules of the emperor's life. Even if the blood can be dispersed, the power of the rules cannot be dispersed. so fast."

"The coercive body of a giant Wudi can at least condense for thousands of years without dispersing."

Speaking of this, Qin Chen seemed to have thought of something, and he was taken aback.

"I understand." He said solemnly.

Ji Ruyue looked at Qin Chen suspiciously, what did Shao Chen understand?

Qin Chen turned his head and looked at You Qianxue, who was still closing his eyes. He was in the final moment of transformation, and muttered: "I understand why the alien demon race had the power of bloodlines and the power of rules to cultivate the human race."

Qin Chen's eyes became gloomy, and he said coldly: "If I'm not mistaken, this place should be the training ground of the different soul master, and these dead human experts are the different soul masters. kill."

"These people are all its research objects, and the power of bloodline and the power of rules that the Soul Master masters are all extracted from the bodies of these powerful human races."

Speaking of this, Qin Chen stood up suddenly, his whole body blooming with endless killing intent.

Ji Ruyue also sucked in air, with anger in her eyes.

In other words, the alien demons captured many human experts in the Tianwu Continent here, but instead of beheading them, they regarded them as research objects, conducting live research, and even refined their bloodlines and rules.

"What a vicious heart."

This kind of behavior is infuriated between humans and gods, and it is almost ten times more cruel than just killing people.

"These alien demons deserve to die!" Ji Ruyue gritted his teeth.

Qin Chen nodded, his eyes flashing coldly: "The most hateful thing is that there are still some human races on the Tianwu Continent, who are willing to cooperate with the alien demons and abandon their souls for their own selfish desires, and they are sinful."

Although Qin Chen did not name who he was talking about, Ji Ruyue knew that what Qin Chen was talking about was the Misty Palace and the Law Enforcement Hall. Thinking that his family had done things for the Misty Palace and was in charge of the Law Enforcement Hall, there was shame in her heart. And spiteful.

"Little dust, don't worry, now as the head of the Ji family, I will surely let the Ji family benefit the human race and expose the despicable behavior of Misty Palace." Ji Ruyue gritted his teeth.

Qin Chen nodded. At this point, he naturally believed in Ji Ruyue. Just about to say something, suddenly, his brow furrowed and said, "No!"

"What's the matter?" "This cave is full of dry bones, why did the Soul Master flee here? Even if it sees these dry bones, it is impossible to obtain a physical body and cannot fight us." Qin Chen frowned again, his eyes scanned. To the depths of the cave, this look, and

It was a stunned.

In the depths of this cryptic cave, there is even a restriction.

Whoosh!

Before he came to the restriction, he squeezed the tactics with both hands, and suddenly, the light in front of him flickered, and as expected, a dark restriction appeared.

And this prohibition is very cryptic. This is also Qin Chen, whose soul power is far superior to the human emperor Wu. He is replaced by another prohibition master, even a ninth-level prohibition master may not be able to discover this place.

Rumble! The restriction was broken, and a hole suddenly appeared in front of him, and an old dilapidated figure slowly appeared in front of Qin Chen.

[Chapter 1849: Old friend](#)

This person is sloppy, embarrassed, with extremely long hair, unkempt, unkempt face, and miserable, and he hasn't been sorted for how long.

There was a black hole in his eyes, and the eyeballs were actually dug away, and the blood scabs still remained in the corners of his eyes, which made people feel chilling and terrified.

But his figure is straight, standing proudly in this cave, never kneeling down, there is a kind of rigidity, diffuse and haunting.

His body was pierced by a few black iron chains. On the iron chains, countless complicated and obscure runes were engraved, which was gloomy and exuding a palpitation.

These runes flashed brightly and darkly, like flames burning, even if the cold breath is perceived from a distance, it makes people shudder and fear.

"Nail Soul Lock!"

Qin Chen's expression changed, and he said in silence.

"Nail Soul Lock, what is that?" Ji Ruyue looked over. "The nail soul lock is very cruel. These iron chains have penetrated this person's physical body on the surface, but in fact, they are burning this person's soul every moment, leaving his soul in pain forever, unable to exceed life. He annihilated is a kind of utterly conscience

Technique. "

Ji Ruyue's face changed slightly and her complexion was miserable. This method was too terrifying. The soul was being burned all the time. What a painful thing.

Whoosh!

At this moment, You Qianxue also just finished her cultivation, exuding a terrifying aura, and came into the cave. Seeing this scene, her face suddenly showed a look of horror, and she was shocked: "Little dust, who is this person?" Clear, but it should be a strong man who was caught by Misty Palace. It seems

that the previous spirit master wanted to break in here to seize this person." Qin Chen frowned, for some reason, this person actually gave He has a very familiar feeling, imitating

The Buddha himself has seen the average.

Qin Chen stepped forward, carefully examined the dark iron chain, looking for a way to crack it, and at the same time asked the old man in doubt: "Your Excellency, who are you, why are you being held here?"

"Hahaha!"

The old man couldn't see people in his eyes, and his soul was pinned by the nail soul chain, unable to perceive, but his ears heard the movement here, he suddenly sneered, and the laughter was full of sarcasm. "The despicable villain of the Misty Palace, the alien demon race, killed me if there is a kind, but I want to learn from the old man the secret method of the bloodline holy land inheritance. Terran, betrayed blood

From the Holy Land, I'm still here pretending not to know the old man in a pretense, pooh! "

The old man laughed, his voice hoarse and bleak, extremely faint, obviously his body was almost exhausted.

But his voice was not loud, but he was full of breath, and he had an unshakable thought, which radiated oily.

Holy Land of Blood?

Qin Chen was taken aback, lost his voice: "Are you from the Holy Land of Blood?"

For some reason, he felt that this person became more and more familiar.

"I'm pooh, still pretending, Shangguan Xi'er, you have to collude with other races, you can't die." The old man scolded.

"Your Excellency, you are wrong, we are not Shangguan Xi'er, we are here to save you." Ji Ruyuelian said. "Save me? It's ridiculous, this place is the main place of the Misty Palace, and there are strong foreign demons guarding it, who can come here to save me? Your Misty Palace's methods are really getting worse and worse. Are you really an idiot? I bah, kill me if there is a kind!" Old

The person didn't believe it at all and sneered again and again.

Ji Ruyue couldn't help being anxious, this guy didn't believe in saving him.

At this moment, Qin Chen's body was shocked, as if he had seen something unbelievable, he looked at the old man in amazement.

"Are you Fu Qiankun?" He was shocked and saw the clue that this old man turned out to be Fu Qiankun, the president of the Holy Land of Blood.

"What? He is Fu Qiankun, the president of the Holy Land of Blood? Shaochen, you read that right?" Ji Ruyue was shocked and lost her voice.

For more than two hundred years, the mysterious disappearance of Fu Qiankun, the president of the Bloodline Holy Land, led to the decline of the Bloodline Holy Land and the rise of the Misty Palace. At that time, Fu Qiankun was the number one master of the Bloodline Holy Land, and his bloodline masters were extremely talented.

The world thought that Fu Qiankun was going to a certain secret realm, and he fell. But now listening to Qin Chen's words, the old man in front of him turned out to be Fu Qiankun. How could this be possible?

"Hahaha, you said earlier to save me, but don't you even know who the old man is? It's ridiculous." The old man sneered. "Brother Fu, it's really you!" Qin Chen was shocked, and the mysterious rust sword in his right hand appeared, chopped on the nail soul chain with a clanging sound, and the fire was splashing, and a gap appeared in the nail soul chain, but it soon broke. The circulation of the text healed again, unexpectedly

But unscathed.

Qin Chen frowned, this nail soul chain was very special, and his mysterious rust sword couldn't even split it.

"Who are you?" The old man frowned, feeling a little puzzled after Qin Chen split the iron chain.

"A thousand years of faint, by the Baiyun Lake, downstairs Wangjiang, Unparalleled!" Qin Chen said four words suddenly.

The old man's face changed suddenly, "Who are you and why do you know that you are here."

"Brother Fu, I can't say more now. I will untie the nail soul chain for you, otherwise it will be troublesome when Misty Palace reacts. The most urgent thing is to leave here first."

While talking, Qin Chen cast the Qinglian Demon Fire, and immediately flames began to burn the iron chain. At the same time, Qin Chen raised the mysterious rust sword and cut it down.

With a bang, this time, a gap appeared in the nail soul chain instantly, and under the burning of the green lotus demon fire, the runes on the nail soul chain continued to flicker, but it could not be healed and could not be cut away. The nail soul chain is repaired.

"It really works." Qin Chen was delighted, and while stimulating the Qinglian Demon Fire, he began to cleave the nail soul chain, clanging sounds, a little bit of the strength on the nail soul chain.

And when Qin Chen cracked the nail soul chain.

Outside the core area, Zheng Kong suddenly opened his eyes.

"Strange, Lei Jie has passed so long, why is that guy not moving at all?"

It flickered, and suddenly came outside the forbidden area.

"In!"

A halo shrouded it, and with a slight movement, it entered the forbidden ground.

"No, why is the breath of this forbidden land so weak?" Zheng Kong's expression changed, and he called out countless black devil qi suddenly appeared on his body. The devil qi swept out and began to slowly seep into the cave.

In the cave, Qin Chen was quickly killing the nail soul chain on Fu Qiankun's body, but at this moment--

"Kid Qin Chen, the alien demon was spying outside, and he will soon find here."

Lao Yuan's voice suddenly rang in Qin Chen's mind.

Qin Chen's expression changed, and he did not hesitate to say to You Qianxue and Ji Ruyue: "You two, come first in the jade dish."

He put You Qianxue and Ji Ruyue away in an instant, and then shot with all his strength, with a bang, finally split the last nail soul chain.

"You actually broke the nail soul chain?" Fu Qiankun said in shock.

[Chapter 1850: Space shift](#)

"Don't talk nonsense, don't resist, come in!" Qin Chen shouted in a low voice, and even urged Qiankun to make the jade disc, to pay Qiankun to the jade disc.

"Who on earth are you?" Fu Qiankun said solemnly, some of whom were skeptical and refused to go in.

"It's too late to explain. Are you still afraid that we can lie to you, huh, just like you are now, do I need to lie to you? You have been captured by the Misty Palace, without freedom, afraid of being taken away by me?" Qin Chen was speechless.

"That's true, huh, I want to see what the **** are you doing." Fu Qiankun also knew that Qin Chen was right. He was captured here and lost his freedom, as long as he didn't talk about the **** sacred place. Secretly, is it possible that the people in the Misty Palace will not kill him, so why are you afraid of death?

He no longer resisted and was instantly taken in by Qin Chen.

Then, Qin Chen changed his appearance, his temperament also changed, and put on a black robe to cover his figure.

And when he had just ended his transformation, Om, a terrifying cold breath had filled the cave, and passed its body in an instant.

"I was found." Qin Chen's heart sank, but fortunately, after putting away Fu Qiankun and the others, if the other party saw him putting away Fu Qiankun and the others, it would inevitably lead to a certain amount of speculation.

"It looks like he has only rushed out." Qin Chen's eyes flashed coldly. The most important thing now is to hurry up and get out of here when the other party is not paying attention.

At this moment, Zheng Kong's eyes from the outside world suddenly became round.

"Who is this man in black? Where is the Night Demon? And the quiet Qianxue who crossed the Thunder Tribulation and the old thing in the Bloodline Holy Land, why are they all gone?"

Zhengkong was shocked, and felt something was wrong for the first time. Its soul power was swept away, and when he saw the appearance of the battle in the cave, his heart suddenly sank.

No, something happened.

"Who is your excellency?" It roared, and the furious voice instantly resounded in the Misty Palace, and at the same time it was about to open the forbidden area.

However, before it took the shot, Qin Chen took the lead. With a boom, the entire cave trembles. Qin Chen's figure is like electricity, and he rushes out of the mountain. Boom, the sky is full of smoke and dust, and the power of space rules erupts. The half of the mountain where the Palace Forbidden Land was located was directly exploded, and countless turbulent rocks ran across the sky, and the prohibition flickered, just like the doomsday.

"Dare to stay." Zheng Kong was furious, and immediately shot, and suddenly a dark light loomed out, trying to stop Qin Chen.

"Humph!" Qin Chen snorted coldly, making a strong shot and blasting out with a punch.

At this moment, some misty palace warriors near the forbidden area had been alarmed long ago, and they all looked at the forbidden area in shock, and then saw Zheng Kong taking action.

what happened?

All of them were a little confused, and at the same time they saw the mountain peaks burst open, and a black shadow rushed out of the forbidden ground. Before these people could understand, they heard a muffled sound of "bang", the space above the forbidden ground Rioted directly.

The alien demons actually did it in the forbidden area?

The powerhouses of these Misty Palace were stunned, and they didn't react for a while. They really couldn't imagine that someone would dare to break into Misty Palace.

Zheng Kong was also sluggish, and Qin Chen was able to block its shot.

"Who on earth are you? Where did the You Qianxue and the Night Demon Shrine go?" Zhengkong was frightened and the Night Demon Shrine was the alien spirit master of its alien demon race. He controlled how to blend in. The key to Tianwu Continent, if something goes wrong with the Night Demon, it will be a huge blow to its alien demon race.

"Haha." Qin Chen sneered, but didn't answer, just violently looting outside the forbidden area.

"Die me..." Zheng Kong couldn't help the anger in his heart anymore, raising his hand was a black magic light spilled out, at the same time, the black magic energy stretched out frantically.

These black magic qi turned into circles of black ripples, which completely enveloped Qin Chen. These ripples were majestic and majestic under the rules of Zhengkong, and they blasted over like an inverted buckle in the sky, to block Qin Chen. inside.

Qin Chen's complexion changed. The most important thing for him now is to rush out, otherwise once he was stopped, other masters rushed to it, it would be dangerous, so he immediately used his own killing rules.

Qin Chen's killing rules have been controlled to the limit, and at the same time the space rules have been integrated. After he broke through the Martial Emperor, the power of these two rules has reached an astonishing level.

The surrounding space seemed to have stagnated at this moment, and the corroded spatial ripples spread out like a hurricane. The disciple of the Misty Palace staring in the distance, even if he was already a powerful emperor, felt a burst of chill.

The disciples in some core areas are constantly retreating. Many of these disciples' cultivation bases are only half-step martial emperors. At this moment, my heart is trembling, what are the rules? It aroused such a terrifying space killing intent?

The space around Zhengkong and Qin Chen seemed to be completely frozen, and the countless devilish energy seemed to be frozen, slowed down in an instant, and then stopped, and Zhengkong's devilish energy rules began to slowly Cracked.

"Kaka..." The space sealed off by the endless killing aura was like a frozen glacier, completely frozen at this moment, and then slowly cracked.

The countless devilish energy slowly fell like fallen leaves that lost their lives.

Zheng Kong's face changed drastically. He looked at the demonic energy that had fallen in shock, and said in shock, "What are the rules?"

But Qin Chen didn't answer it, just blasted out a punch.

"Boom..." Zhengkong's demon qi domain was torn apart every inch, and a slit was instantly torn apart, and Qin Chen did not continue to speak at the moment when he tore the demon qi cage, but rushed out. Rushed directly to the outside of Misty Palace.

Because Qin Chen knew very well that he was able to work quickly because Zheng Kong didn't know his methods at all. He knew the rules of the alien demons very clearly, but the aliens knew nothing about their rules. , So he could seize the opportunity to tear open the devilish realm in the first place.

The realm of tearing rules belongs to the realm of tearing rules. If he wants to kill Zhengkong, it will never be that simple. The opponent is a powerful demon commander of the alien demon race. The strength is extremely terrifying. Once he is entangled , The other powerhouses of Misty Palace arrived, then he was finished.

Taking advantage of the shocking moment of Zhengkong, Qin Chen broke through the field of demon energy, and immediately used the spatial movement, and his figure disappeared above the forbidden ground in an instant.

"This kid dared to move the space in the Misty Palace?" Zhengkong was shocked before reacting.

It actually made Qin Chen disappear under his eyelids.
