

## Valkyrie 1851

### [Chapter 1851: Kill out](#)

Whoosh whoosh!

There was a sound of breaking through the air, and I saw a famous strong man appeared in the sky. Among these people, the weakest were the mid-term martial emperors, and some of the strong ones exuded a terrifying aura. Among them, the Hualing Wudi was here. among them.

"Zhengkong, what happened here?" Emperor Hua Lingwu frowned and said for the first time.

"Someone broke in."

"What? People?" Everyone was shocked, how could this be possible, how could anyone break in in the misty palace.

This place is heavily guarded, even if it is a giant of the late Emperor Wu, it is impossible to enter quietly.

"Humph, just moved away." Zheng Kong's face was ugly.

Everyone was shocked again. Many disciples in Misty Palace didn't know Zhengkong, but they all knew Zhengkong's identity. They were the top powerhouse in the alien demons. Those who broke in came in. Breaking out of its hands, how terrible is this?

Moreover, the opponent dared to move in the Misty Palace. The Misty Palace has a vast array of voids. The space turbulence is so dangerous that it can't be moved out. Moreover, the void is full of void traps. Once moved, even the giant Wudi might be possible. Was directly crushed by the terrifying void turbulence.

"This forbidden place..."

After that, Emperor Hua Lingwu and others saw the scene in the forbidden area, and after seeing the shattered mountain peak, their faces were even more frightened.

"Wow!"

She rushed down for the first time, and then saw the empty cave chamber.

"No, what about Fu Qiankun? What about the Ye Mocha master and You Qianxue of the alien demon race?" Hua Ling Wudi's expression changed for the first time.

The disappearance of Ye Mocha and You Qianxue is nothing, after all, it is nothing, but Fu Qiankun is the veteran of the blood sacred place, a very key figure, the reason why they have not killed is because they still have usefulness.

But if you let Fu Qiankun escape, it would be finished. If you let Fu Qiankun escape back to the Holy Land of Bloodlines, the Misty Palace would be really troublesome.

"Zhengkong, who is that person just now?" Emperor Hua Lingwu said in anger for the first time. She is the Deputy Palace Master of Misty Palace and bears an inescapable responsibility.

"How do I know, I only know that when I came, Ye Mocha and them were gone, only that one guy."  
Zheng Kong's face was gloomy.

"Search me, that person will never be able to move out of Misty Palace, the vast array of Misty Palace, without anyone breaking through, this person must still be in Misty Palace." Hua Ling Wudi said anxiously: "Quick, go now. Everyone please."

Dangdang!

In the Misty Palace, a rapid bell sounded immediately, and this kind of bell would only sound when the Misty Palace encountered a crisis.

Suddenly, the entire Misty Palace became a sensation, because although there was a roar in the forbidden area, it was a forbidden area after all. Many disciples of Misty Palace did not have the chance to enter. Moreover, the thunder disaster happened before, and it did not attract enough attention. .

But now, when the bell rang, the entire Misty Palace immediately became a sensation, and at the same time a message came out. The entire Misty Palace was on guard. Once outsiders were found, they should be kept for the first time and wait for support.

At this moment, Qin Chen did not move out of Misty Palace.

Around the Misty Palace, there are countless vast arrays of void, and even Qin Chen is a little jealous of the terrifying spatial turbulence. Moving in this place is undoubtedly holding his head in his hands.

Qin Chen also relied on mastering the terrifying space rules before forcibly moving away, but even so, he was almost swallowed by the space cracks several times. If he hadn't had a premonition of the space rules, he would escape every time when he was wrapped. Come out, I'm afraid he has been swallowed by the space crack.

It was a barren area. Once swallowed into this kind of spatial turbulence, Emperor Martial Peak would be difficult to please, and would be trapped in this vast array of voids, and it would be difficult to escape.

Whoosh!

After Qin Chen flickered several times, he rushed out of the core area for the first time, and then appeared outside the Misty Palace.

"who!"

Two light blue figures stopped Qin Chen in an instant. These were two women who were cultivated by Emperor Wu, with shocked expressions on their faces, because they also received the order and the bell, and when they saw the appearance of outsiders, they shouted at the same time. The first time he raised his hand and blasted, the power of the two terrifying rules instantly turned into two brilliant rays of sunlight and shot down.

When the two of them made their move, they didn't keep their hands at all, their eyes were cruel, and they obviously had the purpose of beheading Qin Chen, because the order had already said that they would be beheaded with all their strength, without leaving behind.

Seeing the two men's fierce methods, Qin Chen didn't speak, and he banged out with two punches. He only heard two puffs. The two martial emperors didn't even have the strength to fight back. They were exploded on the spot and turned into the sky Blood mist.

But as soon as he took a shot here, he was already caught by the strong nearby.

"People are here." A furious shout sounded, and at the same time, when Qin Chen killed the previous two Martial Emperors, a blue light and shadow had already swept over.

This is an old woman with an eagle-eyed eye, a giant of the late Emperor Wu, a veteran of the Misty Palace. He used to serve in the Hall of Law Enforcement. Later, after retiring, he shut himself in the Misty Palace, trying to break through the late Emperor Wu's cultivation base and step into the giant. The realm of Emperor Wu.

When she was in the Hall of Law Enforcement, she was a kind of cruel method. I don't know where to kill the strong who did not obey the Hall of Law Enforcement. Now that Qin Chen directly killed two disciples of the Misty Palace, she was immediately angry. .

"Where is the dog, dare to stray in my Misty Palace, looking for death!" The old woman said angrily, and a blue long sword was sacrificed in her hand.

Qin Chen was too lazy to talk nonsense, and he blasted out with a punch. He didn't even keep any hands. He used his killing fist and the rules of the space lingered. He just wanted to rush out as soon as possible.

The surrounding space was instantly controlled by Qin Chen, and coupled with the terrifying murderous intent of the killing fist, this space instantly became a violent land, full of endless murderous intent.

Even the late Martial Emperor level powerhouse can only escape under Qin Chen's killing rules, not to mention the terrifying space rules. A late Martial Emperor powerhouse, under Qin Chen's killer moves, even half-parted back. With no strength, she can only stand to break free from the constraints of space.

Before she came back to her senses, endless killing fists had already enveloped her body.

boom!

Moreover, in the light of the killing fist, there were endless thunder and lightning. In order to solve the opponent, Qin Chen simply didn't keep a hand.

"puff!"

In the later period, the old woman of Emperor Wu was blasted out directly, half of her body was dripping with blood, and her body almost burst open. At the critical moment, a secret treasure shield appeared on her body, which blocked her for a while to avoid half of her body being blasted. Burst ending.

### [Chapter 1852: Dangerous](#)

But even so, she was extremely miserable, endless thunder light bloomed, her body was scorched, and a lot of blood was sprayed out of her mouth.

"it's here!"

But this late Emperor Wu's shot had already shocked a few terrifying auras. In the distance, streamers rushed in quickly, each of which was terrifying and murderous.

Moreover, even some ordinary martial emperors began to condense into a battle formation, turning into a terrible array of light to envelop Qin Chen.

"Condensation!"

After receiving the news, Emperor Hua Ling Wu even remotely controlled the formation between the heavens and the earth, and saw a terrifying aura rising in the entire misty palace, and the misty formation suddenly surged towards Qin Chen's place. .

Qin Chen's face changed. He originally appeared here because he wanted to escape for the first time, but he would never do it in a short time if he wanted to break the formation.

"Hmph, I see where you can escape." After the old woman was blasted out, she was shocked and scared, but then she sneered again and again, because she knew that Qin Chen would never be able to kill, floating in midair. Dew eagle bird of prey.

Qin Chen's heart was cold, and he knew that it was unrealistic that he wanted to rush out now. He was so anxious that when he heard that the old woman dared to ridicule and sarcasm, he immediately slammed out again.

"If you can't escape, I will kill you first."

boom!

I saw endless thunder light permeating, Qin Chen showed killing intent, and the endless thunder light immediately enveloped the old woman's body. The old woman did not expect that Qin Chen would dare to attack her if she did not run away at this time, and waited for her to recover. When I wanted to resist, it was too late.

"you....."

She let out a roar of anger, and the next moment, she was directly exploded by Qin Chen, and there was no debris left.

In fact, this old woman was also a giant of the late Martial Emperor, even if she was seriously injured, she would not be bombarded by Qin Chen's punch, but she never thought that Qin Chen would dare to attack her at this time. Just fell tragically.

After Qin Chen killed this person, he didn't even have the mood to put away the storage ring. He didn't retreat but instead rushed into the gate of Misty Palace again.

"This person is so courageous!" In the depths of Misty Palace, Emperor Hua Ling Wu suddenly screamed out of anger when he saw this scene. He didn't expect Qin Chen to dare to kill people here.

From seeing the old woman to killing the old woman, Qin Chen only had a few breaths. She couldn't even save her, or she could not save her opponent at all. Although Hua Ling Wudi was strong, it was only

the mid-term peak Wudi. Only by relying on the great formation of Misty Palace, could she see everything here. .

"Hurry up and take this person down." Emperor Hua Ling Wu didn't move, but used the formation to transmit the news to the other strong men in Misty Palace at the first time. She was in charge of central monitoring and used the formation to keep the sense of attention on Qin. Dust body.

Emperor Hua Ling Wu's spiritual sense swept Qin Chen, and Qin Chen had already noticed it. Although Emperor Hua Ling Wu's breath was weaker than that of the old woman he killed earlier, Qin Chen did not dare to underestimate him, because of the other party. Able to mobilize the power of the Misty Palace.

He didn't want to stay and try again, and flew directly into the depths of Misty Palace.

"Where to go!"

Behind Qin Chen, other Misty Palace experts who had reacted followed one after another, each with a murderous aura, killing intent to skyrocket.

"Hmph, want to go, where can I escape in my Misty Palace?"

Emperor Hua Ling's eyes were cold, and he even urged the power of the large array to stop Qin Chen, rumbling, and saw countless arrays of light rising, and the terrible killing intent permeated, and instantly blocked Qin Chen from all directions. Up.

"Just rely on this formation to stop me?" Qin Chen's eyes flashed. The formation of the Misty Palace was still laid by Shangguan Xi'er back then. Although it was later revised, many of the key formations are based on it. , Has not been modified, but reinforced on the original basis.

The reason why Qin Chen dared to break into the Misty Palace was based on this consideration.

"Eye of Shattering Void!"

In the center of his eyebrows, an invisible soul light opened. Qin Chen could see through some key points of the formation in an instant. He stretched out his hands, and with a tearing sound, he tore the light in front of him in an instant, rushing in an instant. past.

This scene immediately shocked Emperor Hua Lingwu.

The opponent tore open the formation of her Misty Palace in an instant, how could this be possible? The Misty Palace array has been strengthened for countless years, and even a 9th-level magic emperor cannot see the weakness in an instant and tear it apart, but Qin Chen's movements are so skillful that she can hardly accept it in her heart. .

"Be sure to stop this person!"

She roared, and at the same time directed these people to follow Qin Chen hurriedly.

Qin Chen felt the aura of many powerful men following from behind, and his heart was gloomy. His figure flickered, and in an instant he turned into several invisible shadows, sweeping away in all directions.

"what?"

The others were all stunned.

Each of these breaths is very real, and it is impossible to tell which one is true and which one is false.

"Void Splitting Shadow Technique?" Someone shouted out in shock.

In this world, there are countless avatars, and many powerful people can separate true avatars in battle to confuse and attack the enemy.

But it is rare that they can confuse the top powerhouses.

The most famous among them is the Xuanyuan Empire's Void Shadow Division Art.

Could it be that the man in black was a strong man in the Xuanyuan Empire?

Emperor Hua Ling Wu also froze, his eyes cold.

The Void Separation Shadow Art is the fame of Emperor Xuanyuan. It is rumored that this art has been inherited from his good brother Pochen Wuhuang Qin Chen. It is one of the top physical art in the mainland, and it can be faked.

In addition, the Xuanyuan Empire and Misty Palace are now in hostility. Is there any other possibility besides being a member of the Xuanyuan Empire?

"We must not let him escape." Emperor Hua Ling Wu roared while using the formation to monitor Qin Chen.

If it is someone else, he may not be able to escape the monitoring of Emperor Hualing Wu, but Qin Chen is too familiar with Misty Palace, and as a top-level Array Master, he does not know the distribution of Misty Palace beforehand. Be able to understand the first time.

At this time, Qin Chen's divine sense was not at all scrupulous, one by one divine sense raged in the sect of the Misty Palace, looking for a place to hide.

Qin Chen directly tore open the arrays that shielded the divine consciousness, but in the shortest time, Qin Chen had found the general direction.

Qin Chen was extremely anxious. He was in the Misty Palace, not because of how powerful he was, but because he suddenly shot now, and Misty Palace has not fully reacted to it. Although there are strong players, they are not all masters. .

Once the Misty Palace reacts, he must be at a disadvantage. Just now, several powerful gods have followed him, and they are quickly approaching, even the Void Split Shadow Art can't escape the opponent.

Suddenly a powerful soul swept over from a distance, and directly pierced Qin Chen's spirit shield outside his body.

Even if Qin Chen's soul power was terrifying, under the impact of this powerful soul, he couldn't help but fought a cold war.

Is a master of alien demons!

### [Chapter 1853: Gone](#)

And it was definitely the kind of top-notch alien demon master, because when the cold soul aura filled over, Qin Chen's soul felt a tingling pain.

"This breath is not the same as the previous Zhengkong. It is obviously a powerhouse other than Zhengkong."

Qin Chen's heart sank. He knew that both the Ji family and the Mo family had strong strangers, so there must be some good strangers in the Misty Palace, but he didn't expect the strong strangers to come out so soon. .

If there is no strong person from the alien demon race, even if there are more Wudi from Misty Palace, he will not be afraid, because he is too familiar with Misty Palace, as long as the other party fails to stop him for the first time, he can escape here. .

But the powerhouses of alien demon races are different. They possess terrifying soul power. Various methods are much stronger than Emperor Wu of Misty Palace. If they are targeted by them, they must be like a tarsal maggot.

Qin Chen knew that his idea of escaping the Misty Palace in the shortest time had been lost, and he had to avoid confrontation with the master of the alien demon race.

Otherwise, once he is entangled by Zhengkong and other strong people, with the help of the master of Misty Palace, he will be really dangerous. At that time, Lao Yuan and the others will all be exposed, and they may not be able to kill.

Three hundred years later, Qin Chen couldn't imagine how deep the foundation of Misty Palace was.

In this life, Qin Chen has already surpassed his previous life in terms of cultivation level, but he is only the Martial Emperor at the peak of the ninth stage. He can use this cultivation base to kill the giant Martial Emperor, which is already the limit. A pinnacle martial emperor powerhouse, that is absolutely bound to die.

Maybe Qin Chen accumulates more, and after he breaks through the mid-term martial emperor, or even a higher level of cultivation, and integrates the rules of the whole body, he can be able to not fear the peak martial emperor Zhengkong, but it is certainly not now.

However, the Nine Star God Emperor Jue is very terrifying. When the true essence converges, it returns to nothingness. Coupled with the space rules that Qin Chen possesses, the techniques of Void Shadow Separation Jue, and various soul secret methods, although it cannot defeat many alien demons. Peak powerhouses, but if you want to avoid their locks, you can still do it.

Hum!

I saw Qin Chen's figure getting more and more hazy. After separating countless figures, the whole person turned into a void of mustard seeds, and instantly changed direction while hiding his figure.

"What about people?"

"Where did you go?"

"Why is it missing?"

A group of people from Misty Palace followed one after another, and then they all stopped, and said with an iron expression, with incredible eyes in their eyes.

The person previously disappeared abruptly under their noses. How could this be possible?

"How is it possible that so many of us have not been able to watch this person?"

"How did he hide?"

"How do you do it with so many eyes?"

Many Misty Palace powerhouses were stunned and couldn't accept it in their hearts. With so many people chasing and blocking, they even let the other party run away. How incompetent are they to do this?

At this moment, Emperor Hualing Wu, who is in control of the central formation, changed his face. She urged the Misty Palace formation and frantically searched for Qin Chen's traces, but she couldn't find it. Qin Chen seemed to disappear suddenly and completely disappeared. In this world.

"Impossible, the Misty Palace is a big formation, monitoring everything, no one can escape without a token, this person must still be in my Misty Palace." Hua Ling Wudi's eyes were green, but she knew Qin Chen is still there, but she has no idea where she is.

"It was this area that this person disappeared just now, so it should definitely be nearby. You guys, go and seal this place. You can't let any one escape, even a fly." Hua Ling Wudi shouted. Murderous.

"Yes!"

Immediately, a group of strong men from Misty Palace flew over, enclosing a large area where Qin Chen had disappeared before, and blocked them all.

Hum!

Just after they blocked off, several terrifying auras struck, and a group of people in black robes fell down instantly and appeared in front of everyone.

"It's the group of mysterious people in the palace."

Seeing this group of people, many of the disciples of Misty Palace changed slightly, and a trace of fear filled their bodies.

Although the Misty Palace lives in seclusion, not everyone knows the deeds of the Misty Palace. Most of the Misty Palace disciples only know that there are such a group of people in black in their Misty Palace.

Especially the last time the Xuanyuan Empire, Qidian and other forces jointly attacked, many disciples also learned of the existence of this group of people in black, which seemed to be a group of masters secretly cultivated by Lord Palace Master.

Therefore, when Zhengkong waited for the arrival of a group of powerful aliens, some of the Misty Palace disciples who had been guarding here showed fear, but none of them gave way.

Who knows if there are any outsiders in this group of people in black?

The leader Zheng Kong immediately glanced at these misty palace disciples coldly. In an instant, these disciples seemed to be stared at by a beast. The cold hair on their bodies suddenly stood up, and countless goose bumps emerged on their bodies.

"Everyone gives way, these people are their own." Fortunately, Emperor Hualing Wu rushed over at this time and spoke for the first time. Many disciples of Misty Palace let out a sigh of relief and hurriedly backed away, but his face The color of shock is unabated.

"A few people have found anything?" Emperor Hua Ling Wu asked Zheng Kong and the others. She obviously knew the terrible things of these alien demons.

"The person was still under the prying eyes of my soul, but suddenly, he disappeared here. He couldn't even catch the soul power of this seat for a while, and he could escape from the prying eyes of my soul. There are indeed two moments." The man in black suddenly sneered, with a hint of surprise in his tone.

"What, you didn't even stare at that guy before?" Hua Ling Wudi's expression immediately changed. She knew exactly what the identity of the man in black was. If even this person couldn't find the other person, it could be seen before. That person's escape skill was so strong that it even exceeded her expectations.

No wonder the other party can sneak into her misty palace without knowing it.

"But don't worry, the Vice-Palace Master. This person has ruined the big plan we were waiting for. Although he has been hiding temporarily, he must still be in this area. As long as we look for it inch by inch, I won't believe it. Flying can't be done."

The leading black-clothed man burst into a gloomy chill. It already knew about the Ye Mocha, and the research on the Ye Mocha was related to the big plan of its alien demon race, how could Qin Chen escape easily.

In fact, as these people expected, Qin Chen is hiding not far from here.

#### [Chapter 1854: Gufengzong](#)

"Lord Vice Palace Master, just look at this seat." The man in black sneered at the head. It squeezed its hands, and suddenly an invisible black halo rose up in front of it, just like A black halo is average.

"What is this?" Many disciples of Misty Palace were taken aback. The moment the black halo appeared, a very uncomfortable feeling rose in their bodies, as if they were staring at something secretly.

"Soul-seeking Dafa!" Under the gaze of everyone, the black-clothed man suddenly let out a cold shout, and an invisible black halo instantly diffused out and penetrated into the area in front of him. "Kid Qin Chen is the soul-seeking method of the alien demons. This method can search for everything with souls. Be careful." Qin Chen was hiding in a corner of the Misty Palace, very safe, but at this moment, in his mind Suddenly Lao Yuan's

With a solemn voice, Qin Chen felt a black halo spread quickly. "Soul-searching method? Can you search for anything that has a soul?" Qin Chen cursed in his heart. The strange demons actually have such a perverted search technique. Without hesitation, Qin Chen can only urge the universe to make a jade disc. Quickly entered the universe

In the jade dish, then it turned into an empty mustard seed and fell on the ground.

In the next moment, the invisible soul light instantly filled the world, and this soul-searching Dafa was able to search for everything with a soul, but the Universe Jade Plate did not have any soul aura, and naturally passed by instantly, and it did not attract attention at all.

At this time, the jade disc of good fortune in the universe has turned into a dust, even if a martial emperor sees it with his own eyes, he will not care that there is a world in this dust. Of course, if there is a powerful emperor of Wudi, who will search every inch of the place and carefully distinguish every dust from the past, you may be able to find the existence of the jade disc, but now the emperor Hualing Wu clearly does not have this at all.

Capabilities.

The black soul light instantly scanned this area, not even an inch of space was missed, but after the powerful alien race scanned it, its face changed.

"What's the matter? Did you find that guy?" When Emperor Hua Ling saw the discolored face of the other party, his heart sank, and he couldn't help asking nervously.

"No, Soul Search Dafa didn't find the previous person!" There was an incredible expression on the face of the powerful alien demon, and he couldn't believe it.

"Yemoshi, your soul search Dafa couldn't find that person?" Zhengkong widened his eyes and said in shock.

The man in black who was called Yemosh frowned and said solemnly: "I will search again."

Then, the black soul light diffused out again.

But the result was the same, nothing was gained.

At this moment, Yemoshi's face completely changed, and the other party actually slipped under his eyelids, and he couldn't even find it by Soul Searching Dafa, which made him feel unbelievable.

"Impossible, the previous person was around here, even if the means is the sky, it is impossible to escape in such a short time, no, I have to go to the Ancient Wind School immediately." Hua Ling Wudi's scalp was numb, forbearance Can't stop.

Hearing this, the face of the strong man in the Misty Palace suddenly changed, and he continued: "Emperor Hualing Wu, do you really want to ask Gufengzong?"

Their voices trembled, and on the Gufengzong in the mouth of Emperor Hua Lingwu, just one name seemed to make them tremble.

Even the black-clothed men of the alien demons changed slightly after hearing the name. "Otherwise?" Hua Ling Wudi's face turned pale: "Before that guy has escaped here, let's inform Gufengzong that there may be a possibility to find the other party and make up for it, but if the other party is really allowed to run away, then we That's it, palace lord

After your lord comes back, let me wait to explain to the lord of the palace! "

As Wu Emperor Hua Ling spoke, a trace of determination flashed across his face, and he said sharply: "You guard here, I will ask the ancient wind school for instructions, and I will be back soon."

She shook her body and instantly disappeared in place. "Think about my dignified Misty Palace, the number one power in the mainland, and the master of the palace is away for a few days. You let people break into my Misty Palace, and you made such a big disturbance, and even shocked the old man. When will my Misty Palace change? Is it so weak? You guys

Are they all idiots? "

In a remote cave in the depths of the Misty Palace, an extremely dissatisfied voice came out, and at the same time, there was an extremely terrifying aura, and the void was trembling, unable to bear it under this breath.

"Gufengzong succumbed to anger, Hua Ling was incompetent and fearful, so please succumb to Zong Shang." Hua Ling Wudi, as the deputy master of the Misty Palace, stood respectfully in front of the cave mansion at this moment, and said with a look of horror. "In the Ancient Wind School, that person didn't know how to break into my Misty Palace. He was extremely powerful. Not only did he quietly break into the forbidden area where the Night Demon Temple of the Alien Demons was located, but he also quietly saved the Fu Qiankun Society of the Holy Land of Bloodlines. Long, I can't do anything

..." Emperor Hua Lingwu looked trembling.

Before Hua Lingwu had finished speaking, he was interrupted by this old voice, "You don't need to say so much, just tell the old man the process of discovering that person and what happened next."

"Yes, go to Gufengzong." Hua Lingwu Emperor Lian said: "That person was the first person discovered by Master Zhengkong of the alien demon race. At that time..."

Emperor Hualing Wu said the ins and outs of the matter. "You mean, that person was discovered by Zhengkong first? Then Zhengkong was the first to intercept, but instead of being able to stop the person, he was forcibly escaped by the other party? Later, he killed Yuehe in Misty Palace with several moves. Giant?" This old voice also revealed

There was a hint of shock. Yuehe is the giant Emperor Wu of the Misty Palace. Although it hasn't been long since the breakthrough, it's not easy to kill. As for Zhengkong, let alone a powerful demon commander of the alien demon race. Escaped from Zhengkong, just this

, Made this ancient style school feel a little surprised. "Yes, not only that, the subordinates used Misty Palace's guard mountain formation to intercept, but that person directly tore the guard mountain formation, and Lord Yemoshi of the alien demon race used the soul-searching method, Never found the other side's trace, the same

So lost the trace of that person. "Hua Ling Wudi said again.

"Even Yemoshi has missed, and Fu Qiankun in the Night Demon Temple and Bloodline Holy Land are also missing?" The voice of Gufengzong was shocked again. "Yes, not only that, that person also displayed the Xuanyuan Empire's Void Separation Art in the process of escaping. Therefore, the disciple suspected that this person should be a strong man in the Xuanyuan Empire. Let the people of the Xuanyuan Empire take Fu Qiankun away, then my Misty Palace will inevitably be hated by the Holy Land of Blood, causing great distress." Hua Lingwu Emperor said nervously.

### [Chapter 1855: Time rule](#)

She can't pay attention to You Qianxue's death.

She didn't have to worry about the disappearance of Ye Mocha.

But Fu Qiankun must not appear on the mainland. Once he returns to the Holy Land of Bloodline, it will be a disaster for Misty Palace.

"What, people from the Xuanyuan Empire? Impossible!" The Emperor Hua Lingwu had just finished speaking, with a bang, the cave opened instantly, and a rickety old woman appeared outside the cave.

"Gufengzong." Emperor Hua Lingwu quickly knelt down respectfully.

"No ceremony, the old man will go and take a look now. As for the Xuanyuan Empire you mentioned, this is absolutely impossible."

Li Mang shot out from the old woman's eyes, and the space next to her seemed to explode in layers, with booms and roars. The next moment, her figure had disappeared in place and swept towards the place surrounded by everyone.

Although Emperor Hua Ling Wu wondered why Gu Fengzong believed in the Xuanyuan Empire so much, he hurriedly followed.

"Huh!"

The figure flashed, the figure of the ancient wind sect was so fast that it was difficult to capture with the naked eye. In an instant, it appeared beside Yemoshi and others.

"Gufengzong!" Seeing the old woman, the strong men of other misty palaces around knelt to the ground instantly, trembling, not daring to lift their heads. In the Ancient Wind School, the Master Zong in the Misty Palace, whose full name is Shangguan Gufeng, is rumored to have something to do with the master of the palace, Shangguan Xi'er. This person has been a peak martial emperor for many years and has been retreating in Misty Palace. , Noble status, nothing

Lumby.

In the Misty Palace, in addition to the palace lord Shangguan Xi'er, Shangguan Gufeng is the top figure. In a word, the deputy palace lord like Hualing Wudi must listen to her opinions without any refutation.

"Gufengzong, you are here." Compared to these Misty Palace disciples, Zheng Kong and other alien demons did not kneel down, but there was a trace of fear in their tone.

"Ancient Shangguan?"

In the area ahead, Qin Chen felt the appearance of Shangguan Ancient Wind, but his eyes fell suddenly:  
"It turned out to be her."

"Little dust, do you know this person?"

You Qianxue and Ji Ruyue looked over for the first time.

"Shangguan Gufeng, Shangguan Xier's aunt, Shangguan's daughter." Qin Chen sneered.

"Shangguan Xi'er's aunt, Young Chen, are you right?" You Qianxue and Ji Ruyue's eyes widened suddenly, Shangguan Xi'er's aunt? Shangguan Xier, the lord of the Misty Palace, actually has an aunt.

In Tianwu Continent, no one has ever said that Shangguan Xier has an aunt.

"Shangguan Xi'er does have an aunt, and she's a real aunt." Qin Chen sneered. In the previous life, Shangguan Xi'er's aunt Shangguan Gufeng was not optimistic about Qin Chen. She tried to stop the affairs between Shangguan Xi'er and Qin Chen several times, but later, for some reason, she agreed. Now that I want to come, maybe Shangguan Gufeng knew something about it. Content also

Not necessarily.

Unexpectedly, three hundred years later, this Shangguan Gufeng was still alive and became the sect of Misty Palace.

However, Qin Chen could feel that the cultivation base of this Shangguan Gufeng was extremely terrifying. Back then, Shangguan Gufeng was the top powerhouse of Shangguan Clan. Now the aura on her body is even more terrifying than Ji Neng before.

"If she found us, I'm afraid it would be extremely dangerous." Qin Chen was worried.

Ji Ruyue and You Qianxue originally wanted to ask Qin Chen about Shangguan Gufeng, but seeing Qin Chen's solemn expression, the two of them stopped talking because they all knew how terrifying pressure Qin Chen was now.

"Yemoshi, Zhengkong, the previous guy disappeared here?" Shangguan Gufeng nodded to Yemoshi and Zhengkong, swept the area in front of him, and said coldly.

"Yes, did you help find that person?" Yemoshi looked at it intently. It was very curious. It couldn't even find the man in black in its soul-seeking method. What can Shangguan Gufeng who was not here before can do? Find that person.

After getting the affirmation of everyone, Shangguan Gufeng suddenly showed a sneer on her face. She did not speak, and her right hand was as thin as a sharp claw, and she grabbed it directly.

Hum!

I saw a piece of void in front of him, which was suddenly grabbed, and the power of the rules flickered, turning into a mirror-like void, and patterns slowly began to appear on it.

A man in a cloak appeared in the picture, and was fleeing quickly, and behind him, a group of misty palace experts were following him quickly, following closely.

"This is... the scene where we tracked the man in black earlier."

"How can it appear in this mirror?"

"Oh my god, all the previous pictures are shown, hiss, what is this?"

Deafening discussions sounded, and everyone was stunned for an instant.

I saw Shangguan Gufeng constantly urging the rules, and above the mirror surface, the original picture of the people tracking Qin Chen was displayed. Every angle was extremely clear, which made people shocked and shocked.

"The time rule, is this the legendary time rule?"

A disciple of the Misty Palace exclaimed, uttered in amazement, violently shaking in his heart.

Is this phenomenon of re-exposing the past scenes a legendary time rule?

As soon as this guess came out, it once again attracted countless air-conditioning and shocking sounds.

Time rules.

The emperor Wu is strong and cultivates the rules, so every emperor Wu is very familiar with the power of the rules.

The operation of heaven and earth can be divided into multiple rules.

Among them, the rules of time and space are the most fundamental rules. There can be no other rules in any world, but the rules of time and space must exist.

Among the rules of time and space, the rules of space are relatively easy. The martial artist can perceive the profound meaning of space and learn the use of space in the realm of Wuhuang. This is the most basic application of space rules.

In the nine-day Wudi realm, the Wudi strong can even travel through the void. It can be said that any Wudi strong will have some understanding of the rules of space.

Of course, this is not to say that the space rules are very simple. On the contrary, the cultivation of space rules is extremely difficult. If you want to truly master the space rules, at least a giant of the later Wudi level can do it.

It can be said that space rules are already extremely difficult among many rules, and they belong to the avenue.

But like the rules of time, the rules of space are as simple as children's play.

Time rules, that is a taboo domain. According to rumors, no one on the Tianwu Continent has truly mastered the time rules. Once someone controls the time rules, it is definitely an extremely heaven-defying existence.

Think about it, the same strong, one person can only affect space, while the other person can affect the flow of time. How terrible is this? Moreover, the other party can reverse time and surpass the past and the present. This is simply an existence against the sky, and can be invincible by nature, unmatched.

#### [Chapter 1856: Where's that guy](#)

Of course, it is not that no one has ever mastered the rules of time. In the long history of Tianwu Continent, someone has touched the subtlety of the rules of time. This is not even a comprehension of the rules, but only a comprehension.

Silk upright.

And such a strong man, no matter in that period of history in the mainland, eventually became a stunning existence.

This is also the reason for the terrible time rules. However, the profound meanings and rules of these powerhouses are not cultivated by themselves. The rules of time belong to the taboo domain and cannot be successfully practiced out of thin air. In history, those who can touch the rules of time have often passed the rules.

Only some treasures or blood can be understood.

For example, some people's blood is related to time, so there is such an extremely rare one-in-a-million chance to understand a trace of time's meaning or rules.

But there is only a trace, which can only be used as a secret method to perform, and it is difficult to treat it as a real ultimate move.

But even so, it is already terrifying.

But now, the Shangguan Gufengzong actually traced back the scenes that happened before, my God, did the Shangguan Gufengzong master the profound meaning and rules of time?

Even Yemoshi and Zhengkong were taken aback. Time rules, this is also a taboo existence in Alien Demon Continent, and even Lord Demon Lord cannot control it.

"No, it's not a time rule, it's just a retrospective method."

Suddenly, Yemoshi seemed to see something, his soul swept and swept, and he exhaled suddenly.

It was the first to see that this was not a retrospect of time, but that Shangguan Ancient Feng used a certain secret method to reproduce the scene by using the trace of the atmosphere remaining between the world and the earth.

"It's really not a time rule." Zheng Kong also saw the clues and heaved a sigh of relief.

Really, almost scared to death.

Everyone in Misty Palace heard this, but they were a little bit lost. It turned out that it was not the rule of time, which made them excited for nothing.

While depressed, the picture on the light mirror flashed suddenly, and Qin Chen's figure suddenly burst into countless phantoms and swept in all directions.

Each of these phantoms is very real and lifelike. Both the blood and the true essence are extremely terrifying, and it is impossible to tell which is true or false.

"Unexpectedly, the Real Void Splitting Shadow Technique!" Shangguan Gufeng's eyes suddenly rounded.

"Impossible, how could it be the Xuanyuan Empire? How could this be?" Shangguan Gu Feng muttered, his heart trembling wildly, as if he had seen something unbelievable.

She knew very well that the apparent split between Shangguan Xi'er and Emperor Xuanyuan, everything was false, and the two sides had never interrupted their cooperation in the past 300 years. "How could it not be the Xuanyuan Empire? You have seen it in the Gufeng Sect. The body technique that the person used before was indeed Emperor Xuanyuan's Void Separation Shadow Art. This body technique is the secret of Emperor Xuanyuan's unspoken and can be cultivated. Must be in the Xuanyuan Empire

The most important person, besides the Xuanyuan Empire, who else can practice such secret methods?  
"

Emperor Hua Ling Wu came to the front and once again saw the Void Diying Jue, her anger erupted even more, coldly said: "Moreover, the Xuanyuan Empire is now targeting my Misty Palace and Law Enforcement Palace. What are they doing? Not coming out?"

"What is going on in the Xuanyuan Empire against our Misty Palace and Law Enforcement Hall?" Shangguan Gu Feng's expression changed, and he asked.

"Gufengzong, you have been in retreat these days, so you don't know the situation..." Emperor Hualing Wu even said what happened these days.

Shangguan Gufeng was sluggish once again, and the Xuanyuan Empire actually killed the Mo family, almost completely annihilating the Mo family, one of the top executives in the Hall of Enforcement, and almost exposed the alien demons. How could this be possible?

"What the \*\*\*\* is the Xuanyuan Empire doing?"

Shangguan Gufeng was secretly angry. Back then, Emperor Xuanyuan and Shangguan Xier colluded, and she knew about the matter of getting rid of Qin Chen. She was even one of the first-hand planners. She was very optimistic and satisfied with Emperor Xuanyuan.

Back then, between Feng Shaoyu and Qin Chen, she saw Feng Shaoyu and was very dissatisfied with Qin Chen. Because, no matter how high Qin Chen's status on the mainland is, his demise is destined to be a pinnacle martial emperor in his life, not even the emperor of the martial arts master. Everyone would certainly offer it, but if he really gets angry, Directly imprisoned

It is not always necessary to do things yourself.

This is a world where the strong are respected, and only strength is the only eternal one.

"Huh, come here to see who this person is and where he is hiding." Shangguan Gu Feng hummed coldly, and continued to urge the secret method. Suddenly, the scene on the light mirror accelerated, and the figures were taken up by the light mirror. Among them, little by little analysis.

When Qin Chen disappeared, suddenly, buzzing, the mirror surface was pale, and all the pictures suddenly disappeared.

"what happened?"

"Why is there no picture?"

"Where is that guy?"

"Gufengzong!"

Everyone was seeing the climax, but the picture disappeared suddenly, and they were anxious and looked at the ancient customs of Shangguan.

Shangguan Gufeng's face changed slightly, she urged the secret method again, and the picture appeared again, but before it appeared for a while, the picture disappeared again. Shangguan Gufeng's face showed an ugly expression. She repeatedly activated the secret method, but no matter how many times she activated the secret method, the picture would disappear in an instant, and with the frequent stimulus of her secret method, the remaining aura from the outside world was consumed. Also more and more

The more blurred it is, it will not show up at all in the end.

Qin Chen was already nervous and sweating in the jade disc of Universe Good Fortune. He was relieved when he saw this scene, but he was a little confused. At this time, Lao Yuan's voice rang with sarcasm and coziness: "Hehe, it's just a small tracing secret method, and I want to trace the picture of the jade disc? This jade disc is the true treasure of the ancient human race. Unless this person can really control

The time rules in the taboo realm, it is naive to trace the secrets of this breath to the picture of the jade disc of good fortune in the universe. "

Lao Yuan looked disdainful.

Qin Chen also suddenly started, and couldn't help showing a wry smile. He was a fan of the authorities, otherwise he should have thought of this long ago. "Stay here with peace of mind, I don't believe that they have the patience to stay here." Qin Chen said with squinting eyes. At this time, she has no other way but to stay here. Once she goes out, she will definitely disturb the group. People can only slowly

Looking for opportunities.

After Shangguan Gufeng found that Qin Chen could not be traced back, her face was pale. She soon came to the cave of the Night Demon Temple again, trying to trace the scene in the cave.

But in that mirror, there was nothing left except the endless thunder light. Heaven and Earth Thunder Tribulation is the most supreme thing, how can you allow others to calculate and trace back at will? Suddenly he was so angry that Shangguan Gu storm jumped like thunder, and he was depressed.

### [Chapter 1857: Dig three feet](#)

Next, Shangguan Gufeng personally took the lead and searched this area, but the Misty Palace was really too big, and they never thought that Qin Chen would hide in such a heaven-defying space treasure, always trying to hide it. Find where the people live.

So no matter how many times they look for it, the result remains the same.

The action to find Qin Chen's trace naturally ended in failure.

Qin Chen stayed in the jade disc of good fortune in the universe, and was a little nervous at the beginning, for fear that the Emperor Wu would find him accidentally.

But later Qin Chen discovered that the process of these guys was wrong when they searched, and he didn't care about the fine dust and mustard seeds in this space.

Don't say it's looking for him once, twice, three times, looking for him like this, ten times, a hundred times, it is impossible to find him.

Taking advantage of the gap where so many people were searching back and forth, Qin Chen controlled the mustard seeds turned into the jade disc of good fortune in the universe, and fluttered as everyone moved, trying to float out of here.

Of course, Qin Chen only dared to float slowly while the disciple of Misty Palace Wu Huang was searching, because it was impossible for the Wu Huang disciple to find this mustard seed.

As for the powerful Emperor Wu, Qin Chen is not afraid, the only thing to worry about is the powerful above the giant Emperor Wu.

Because in the later stage of Wudi's cultivation level, he will inevitably master the rules of space, and will be aware of any movement in the space. Although it may not be able to see the true face of the jade disc, if a particle of dust floats irregularly, one is not careful. , Maybe it will attract attention, then it will be over.

Therefore, it took a long time for Qin Chen to drift out of this area slowly, and then quietly fell down in another area.

Originally Qin Chen wondered whether he was attached to a Misty Palace disciple and was taken out, but in the end he dispelled the idea.

The jade disc of good fortune of the universe is still attached to the person, it is still a little obvious, there is nothing in it, no one cares at all, but now it is the most severe moment, any strangeness will attract attention.

Qin Chen felt with his own eyes that any disciple who walked out of the search area would go through a rigorous search, and even Shangguan Gufeng personally inspected it, obviously for fear of the intruder pretending to leave here.

Outside this area, Shangguan Gufeng was murderous, and he personally sat in the town to supervise the search.

The entire search process lasted for a whole day, and all places were sealed off. It could be described as digging three feet of ground, even expanding the scope, but nothing was found.

Shangguan Gufeng was very angry. She took the shot herself, but she still came back empty-handed, her face suddenly a little uncontrollable.

"Are you sure that person disappeared here?" Shangguan Gufeng asked unwillingly.

She is obviously nonsense, because although her traceability method has never traced Qin Chen's location, she can also see that Qin Chen disappeared in this area.

She was just not reconciled.

Moreover, she also felt that she was asking a little nonsense, and she didn't force Emperor Hua Ling Wu and the others to answer, she just frowned and thought.

"Does that person have a mysterious space where they can be stored without being discovered?" Then, Shangguan Gufeng put forward an opinion.

She really couldn't think of other possibilities.

Some disciples in the Misty Palace around suddenly felt that Master Zongshang was a little crazy, and could hide the space for people. How could this be possible? It's really scary to have such a thing.

But Yemoshi and Zhengkong flashed their eyes and murmured, "This is possible!"

They come from the alien demons, and their vision is naturally different from that of the people in Tianwu Continent. Knowing the size of the world is nothing strange. Although this may be very low, it is not completely impossible.

"You guard the perimeter. No one can enter this area. The old man must search for it himself."

Then, Shangguan Gufeng moved, she unwillingly dig the ground three feet to find, and began to refine every inch of space in this area.

In this way, some buildings and flowers in this area are completely finished.

Because Shangguan Gufeng worried that the other side's space treasures were so small that they could be mixed with fish and eyes, she refining every brick and tile into nothingness, not even a flower or a grass.

Emperor Hualing Wu's face turned pale, and his heart was dripping with blood as he watched the buildings here being refined.

This place is an important sacrificial place in the Misty Palace, where there are many important objects of precious significance, and there are even some ancestors who have fallen in the Misty Palace.

Now, all have been refined.

The ancestors are on!

She didn't dare to stop, but she hated Qin Chen in her heart, vowing that if she had a chance, she would break that person into pieces.

Shangguan Gufeng not only refined everything on the ground, but even scraped the ground layer after layer, because she was afraid that the other party might be lurking underground.

Qin Chen cautiously perceives in another area, his face is pale, a little frightened.

Sure enough, the old woman is still vicious.

In order to find him, even the spiritual status of the strong in the Misty Palace has dared to refine, what else can't be done?

He was a little scared, but fortunately, the other party made a mistake at the beginning, which gave him the opportunity to follow the Misty Palace disciple who was searching for it to float out of this area, otherwise if the other party was refined like this in the first place, he would be 100% exposed.

Surrounded by so many masters, what will the end be? Qin Chen could guess it with his toes.

Life is hanging by a thread!

On the other side, Shangguan Gufeng was still refining frantically, she had no choice but to give up until she refined to the underground forbidden formation.

I really couldn't find that guy.

She stopped searching.

Shangguan Gufeng knew that if he continued to search, he would not be able to find it. The person might have already left this area. Otherwise, no matter how strong the opponent's cultivation base is, how could he escape the repeated searches of so many strong people? What's more, she has completely refined this area.

"What a cunning method, it seems that the person came here prepared, otherwise it is impossible to leave this area in such a short period of time and let us rush away."

Shangguan Gufeng's face was gloomy and ugly. She was examining her behavior. Could it be that her guess was wrong? Does the other party have no space secret treasure?

She was extremely disappointed.

But if it wasn't for hiding the space secret treasure, how did it escape?

Could it be some kind of space treasure, or space secret, just like the Void Separation Shadow Art, left this area in an instant.

hiss!

She immediately changed her face, thinking of this possibility, her heart shook wildly, and then she showed an extremely greedy expression.

The opponent can leave this area in such a short period of time, under the gaze of so many masters, and under the horror ninth-level peak formation of the Misty Palace, this space secret must have exceeded the level of the heaven-level practice.

[Chapter 1858: First level alert](#)

The cultivation techniques of the Tianwu Continent are divided into heaven, earth, profound, and Huang Si. Even some of the top forces in the martial arts domain, the strongest cultivation technique is only at the heaven level.

However, Shangguan Gufeng knew that the Heaven-level exercises were by no means the upper limit of the Tianwu mainland exercises. Above the Heaven-level exercises, there were even more powerful holy-level exercises.

It's just that she has never met.

But now Qin Chen's disappearance made her guess whether the other party had a holy-level space secret technique.

hiss!

This is the secret method of the Saint Level, if she obtains it, wouldn't her strength skyrocket? More vertical and invincible?

"You must not let that person leave here, you must find it." She was fierce and determined.

However, the Misty Palace is so big, where is she going to find each other?

Even if the Misty Palace is just a sect, but the place covered by the entire Great Array is extremely vast. This stretch of mountain range belongs to the territory and scope of Misty Palace. Above each peak, there are Misty Palace's Building for different purposes.

Some are places of cultivation, some are places of retreat, and some are forbidden places, etc...

It is also blamed for the development of Misty Palace, which caused the gate to be so large and vast. Finding someone here is a haystack.

"Gufengzong, what are we going to do next? The Lord Palace Master should be on the Mo family's site now. Do you want to inform the Lord Palace Lord and let the Lord Palace Master come back?" Hua Ling Wudi said cautiously. When it is closed, she can breathe a sigh of relief. At least the Lord Palace Master can blame her, and she can't be blamed. Didn't you see that even the Ancient Wind Sect had nothing to gain?

Emperor Hua Ling knew that the most important thing he needed to do now was to follow the orders of the Ancient Wind School. As for other things, he didn't care about anything.

"No." Shangguan Gufeng shook his head. If Shangguan Xi'er is called back directly from the Mo family now, it will be difficult to investigate the matter between the Mo family and the Xuanyuan Empire. She has a faint feeling about these two things. There should be some connection between.

"Let's investigate by ourselves. The guy before, probably hasn't escaped yet. I will personally inform the palace lord Shangguan of this matter so that she will come back as soon as possible after handling the Mo family's affairs. As for this, We just need to guard." Shangguan Gufeng sneered: "Hmph, entering my Misty Palace is like a turtle entering the urn. Even if you can hide for a while, can you hide for the rest of your life? The old man wants to see, he How to escape."

Shangguan Gufeng is full of confidence in herself, as long as the other party does not move, as long as she moves and shows her feet, she will have enough ways to catch the other party.

If the other party stays still, it's okay. As long as Shangguan Xi'er comes back, this person still can't escape.

It can be said that from the moment she leaves the customs, the ending has been set, that is, the other party will inevitably be captured, and there can never be a second possibility.

"But what if the other party has already run away?" Hua Lingwu Emperor said nervously.

"Impossible." Shangguan Gu Feng shook his head, very sure: "You know who laid the formation of my Misty Palace. The first heavenly arrogant of the formation back then, Pochen Wuhuang, has experienced countless times over the years. Reinforcement and upgrades, and even the prohibition of a foreign race, is impossible for the opponent to leave silently.

Hearing this, Emperor Hua Lingwu breathed a sigh of relief, "That's good, otherwise if Fu Qiankun was really rescued by that person and escaped, it would be troublesome."

"Things are not as troublesome as you think." Shangguan Gu Feng sneered, "Although Fu Qiankun is still alive, it's just that the Night Demon Temple needs to study him. In fact, Fu Qiankun has already become a useless person, all over the world. No one can save him, even the current pavilion owner of Dan Pavilion may not be able to do it."

"And such a person who is worthless, if he really escapes, he will wait for death slowly, but if he dares to go to the Holy Land of Bloodlines, the old man can guarantee that he can't even see the high-levels of the Misty Palace now, and he has been caught by God. It was solved without knowing it."

Shangguan Gu Feng smiled gloomily, his smile full of hideousness and terror.

When the Misty Palace was able to retreat in Fu Qiankun, the gods unknowingly captured the opponent to Misty Palace. There are many inside stories in this. Otherwise, how can we capture Fu Qiankun without disturbing anyone? I am afraid that Da Luo Shenxian can't do it either.

Emperor Hua Lingwu heaved a sigh of relief when he heard the words, and the worry in his eyes disappeared.

"By the way, apart from the Mo family matters, do these Lord of the Heavenly Palace have any orders?" Shangguan Gufeng asked.

"Nothing." Emperor Hua Ling Wu shook his head, but then suddenly seemed to think of something and said: "Oh, there is indeed one."

"What?" Shangguan Gufeng looked over.

"It's an order for a small organization called Chendi Pavilion. The Lord Palace Master asked me to mobilize the power in the major forces, capture all the members of the Chendi Pavilion, and bring them back to the Misty Palace, Palace Master. Adults want to ask."

"North Sky Territory Small Organization?" Shangguan Gufeng wondered, how could Shangguan Xi'er pay attention to such trivial matters.

As if seeing the doubts of Shangguan Gufeng, Emperor Hua Lingwu said: "Because the name of the founder of this organization is Qin Chen, who has the same name and surname as the Pochen Wuhuang Emperor you mentioned earlier, and that Qin Chen is in the ancient Yu world, The method is extraordinary, it may have aroused some curiosity of Lord Palace Master."

"Qin Chen?" Shangguan Gu Feng sneered. She had heard about Guyu Realm, so she didn't care about it.

Even though Qin Chen had fallen for three hundred years, every time she heard the name, she felt a little dissatisfied.

"The old man will sit in the palace. You send people to continue searching and perform first level alert." Shangguan Gufeng said, and left.

As a result, the entire Misty Palace fell into the most urgent state of alert, various large formations were activated, and guards were guarded everywhere, and there were a large number of strong patrols everywhere.

Shangguan Gufeng did not retreat, but instead sat in the center of the Misty Palace. Anyway, it was half a month or a month away from Shangguan Xier's return. As soon as Shangguan Xi'er came back, the other party was still in Misty Palace and was bound to be discovered.

She is very confident about this.

In the jade disc of Universe Good Fortune, Qin Chen's face is very ugly. Although he is temporarily safe, he is not safe if he can't escape.

What made him even more angered was what Emperor Hua Ling Wu said earlier.

"Unexpectedly, I pretended to be dead in the Guyu Realm, and I couldn't reduce Shangguan Xi'er's attention. I still focused on the Chendi Pavilion. Fortunately, the Skeleton Rudder Master has already gone to the North Sky Territory. I hope they can have time."

Qin Chen couldn't help being anxious.

This time he came to the Misty Palace, he came alone, the Skeleton Rudder Lord and Mokara did not bring them, but was sent out.

### [Chapter 1859: Framed](#)

In fact, Qin Chen had long wanted to return to the Northern Horizons, but there was no time. After coming out of the ancient Yu world, he first attacked and killed the Law Enforcement Hall, disturbing the attention of Misty Palace, and went to Ji's house and Misty Palace to rescue You. Qianxue, Bei Tianyu also temporarily put it down.

Therefore, before coming to Misty Palace, Qin Chen specially sent Mokara out to contact Chendi Pavilion to hide.

But who would have thought that Shangguan Xier also issued an order at this time.

"No, I have to go out immediately." Qin Chen's eyes were cold, flashing cold light.

He knew that with the power and methods of the Misty Palace, he wanted to target the Chendi Pavilion, and the skeleton rudder master alone could not hold it, let alone the black slaves, even if they had been sent to the Dan Pavilion and Jubao Tower. Wang Qiming and the others will also encounter danger.

He must go out and stop this.

In fact, just as Qin Chen had expected, the Anzi of Misty Palace under the Dange cloth had already begun a plan for Zi Xun and the others.

Pill Pavilion, Tibetan Pill Hall!

This is one of the treasure halls of the Dange collection of pill. Zixun and the others, as the genius disciples recommended by Ouyang Zhengqi, have now entered the realm of the late Emperor Wuhuang.

Therefore, every month, you can also receive a certain amount of pill in the Dan Pavilion, which belongs to the support of the Dan Pavilion and is specially used to cultivate genius.

And according to the different talents, the level of support these people can get is also different, and the five people of Zi Xun, Zhao Lingshan, Lin Tian, Zhang Ying, and Yu Wenfeng are naturally the most advanced.

When they joined the Pill Pavilion, they were all seventh-order martial kings, but now, each has reached the late martial emperor realm, and some are even the peak martial emperor. It has only been a few years.

Of course, because there is no opportunity in the ancient Yu world, Zi Xun and the others are still some distance away from the half-step martial emperor. From the peak of the martial emperor to the half-step martial emperor, it is a hurdle. Many people will be stuck here and it will be difficult to get out of this for life. step.

Zi Xun and the others have all been inherited from ancient powerhouses in the mysterious realm of the heavenly devil. Sooner or later, this hurdle can be crossed, but when will it be crossed, it is hard to say.

And today is the day Zixun and the others receive support.

Surprisingly, five people came to the Tibetan Pill Hall at the same time.

When the five people met, they were all a little surprised.

Because although they both joined the Dan Pavilion, they were not in each other's courtyard, and it was difficult to meet them at the same time.

Walking into the Tibetan Pill Hall and seeing the five people coming, the Dange steward who was in charge of distributing the support suddenly smiled.

"Five of you, I finally came here. I'm really embarrassed. The pill for this month is a bit scarce, so I delayed it so late and deliberately asked you to come here later, but now the pill is ready, some of you can go in and get it." The steward said with a smile.

The five were stunned, and said, "Isn't this pill usually distributed by the steward? It is the Tibetan Pill Hall, so I dare not enter it rashly."

The Tibetan Pill Hall is the forbidden area of the Pill Pavilion. Even the Wudi elders are not easy to enter. Unless they are the core elders, they are eligible to enter at will, but they must also register.

"Haha, it's okay." The steward laughed, "Today's pill, because I have just finished refining, I don't have time to get it. It's in the outer grid on the first floor of the hall. You can get it yourself. I allow it, what are you afraid of."

Guan Shi and Zi Kaoru are also very familiar with them, so they don't care.

"That's not okay." Zi Xun frowned. Even if it was a place like the Tibetan Pill Hall, they would not dare to go in even if it was allowed by the steward. If they were seen by outsiders, the problem would be serious.

"what happened?"

At this moment, a stern voice sounded, and then a figure walked in from outside the door.

This person wears a pharmacist robe, has a face with a national character, and has an extraordinary bearing. He is a core elder of the alchemy pavilion, and is also a nine-rank pharmacist. He is the mid-term peak martial emperor and is known as the Tianfeng Medicine Emperor.

"Master Tianfeng Medicine Emperor!" Zixun and the others saluted immediately, and the manager hurriedly saluted.

Tianfeng Medicine Emperor has a very good reputation in the Dan Pavilion and is highly praised.

"What happened?" Tianfeng Medicine Emperor frowned.

"This..." The guilty conscience glanced at Zixun and the others, gave a wry smile, and said nervously: "Tianfeng Medicine Emperor, today is the day to receive support, because the pill of support is not enough, just finished preparations, little man. There is still some work to do, so let Zixun and the others go to the first floor of the Tibetan Pill Hall to get it..."

"Hmph, Cang Pill Hall, can anyone enter?" Tianfeng Medicine Emperor snorted coldly, and scolded.

"Yao Emperor, forgive me." The steward knelt down with a rush, and said in fear: "The disciple is too busy, and the pill is on the periphery of the Tibetan Pill Hall. It is not a heavy place, so... Please also ask Master Tianfeng Medicine to forgive you."

The steward was so scared that his soul was gone. If this matter was spread out, he would be completely finished and would be severely punished. He could only beg for mercy.

Tianfeng Medicine Emperor's face was pale, seeing the sincere attitude of the other party, he calmed down a little after a while, and said coldly: "You get up, for the sake of things that haven't happened yet, this medicine emperor won't spread it out, but don't let it go. This medicine emperor sees that there will be a next time. If there is another time, don't be the manager and expel you directly from the Dan Pavilion."

"Thank you, Master Yao, thank you, Master Yao!" The manager breathed a sigh of relief and said in surprise.

"A few of you, do you take the pill for nourishment?" Tianfeng Medicine Emperor looked at the five Zixun again.

The five members of Zi Xun hurriedly said yes, saying that the Emperor Tianfeng Medicine is very good, and now that it is true.

"You five come in with me. I will take you to get it. It's not against the rules." Tianfeng Medicine Emperor said.

He is the core elder of the Pill Pavilion and naturally has the right to freely enter and leave the Pill Hall.

"This..." The five of Zi Xun glanced, and a trace of doubt emerged in their hearts. They just took a pill. Does it take the five of them to get in?

But these doubts only disappeared in a flash, not to mention that Tianfeng Medicine Emperor had already spoken, and they had no choice but to disobey, they could only nod their heads and say yes.

The five people quickly came to the Tibetan Pill Hall and found the shelf mentioned by the steward. Sure enough, there were a few bottles of elixirs on it with their names. The five picked them up, just about to open the bottles and take a look. Feng Yaodi's expression changed, and he said angrily: "You five courageous, who let you in, disciples of the martial artist, dare to break into the Tibetan Pill Hall, and explain to the old man."

This voice was extremely loud, and it contained a sense of anger, as if seeing the extremely shocked, it instantly spread through the entire Tibetan Pill Hall.

"Tianfeng Medicine Emperor, what...what did you say? Didn't you bring us in?" Yu Wenfeng was taken aback, apparently he still didn't understand what had happened, but Zhang Ying's face changed.

This is planted.

not good!

His face changed, and he even said to Zixun and the others: "We are framed, get out of here soon."

### [Chapter 1860: Alarm Dange](#)

Zhang Ying was the first to react, and after quickly transmitting the sound, she hurriedly left the place of the Tibetan Pill Hall.

"Hmph, the old man saw that you still want to go, where do you want to go." Tianfeng Medicine Emperor shot directly, full of murderous intent, and a palm fell towards Zhang Ying's five suppression, the terrible Wu Emperor's coercion bloomed. Although the five Zhang Ying are all peak martial emperors, and they are all Tianjiao figures, how can they stop Tianfeng Medicine

The suppression of such masters as the emperor.

In an instant, the five flew out, spurting blood from their mouths, and fell to the ground.

And at the moment when the five people were blasted out, hum, a terrible array of light suddenly lit up in the Tibetan Pill Hall, and the entire Tibetan Pill Hall was quickly sealed off, and a loud alarm sounded, which instantly sounded through the entire Dan Pavilion.

"Where is the Tibetan Pill Hall?"

"This is the important place of our Dan Pavilion, what happened, even the blockade formation was activated."

"Has the Tibetan Pill Palace been attacked?"

Suddenly a few attentions were shot from various places in the alchemy pavilion. Many alchemy masters were alarmed by the movement of the alchemy hall and cast their gazes over.

call!

In the next moment, many figures moved, and instantly appeared in the void, and after a step out, they disappeared again, and rushed directly to the Tibetan Pill Hall.

In the Tibetan Pill Hall.

The movement made by Tianfeng Medicine Emperor also immediately alerted the guards patrolling here.

Whoosh whoosh!

There was a sudden sound of breaking through the air, and in a moment, one by one guards with terrifying aura appeared for the first time. This is the warrior patrolling in the Tibetan Pill Hall. After seeing the Emperor Tianfeng Yao, he hurriedly bowed and said: "Heaven Wind Medicine Lord Emperor."

Then the group of people looked at Zhang Ying and five people in shock, and then nervously said to Tianfeng Medicine Emperor, "Tianfeng Medicine Emperor, what happened?" "What happened? You ask me, this Medicine Emperor wants I want to ask you, the Tibetan Pill Hall is the main place of my Pill Pavilion. How do you patrol and let outsiders break in? I don't know if the medicine emperor happened to come here.

I am afraid that people have already stolen the things in the Tibetan Pill Hall. "The Emperor Tianfeng Medicine glanced at the group of guards angrily, and immediately caused these people to be sweaty, and at the same time looked at the five Zhang Ying in anger.

Isn't this Zhang Ying and the others? Zhang Ying's five people are very famous in the Pill Pavilion, and these guards have naturally heard about it. Now they heard that Zhang Ying and the five people dared to break into the Tibetan Pill Hall and steal, and they were immediately frightened. If it weren't for the Tianfeng Medicine Emperor discovered , Once the medicine in the Tibetan Pill Palace is stolen

, Then these guards must be guilty of negligence.

It's just that Zhang Ying and the others will come to the Tibetan Pill Hall to steal things? They felt incredible for the first time.

Because Zhang Ying and their talents are too high. Although they are not alchemists, they are the top martial artist Tianjiao in the alchemy. They are also the people brought back by Master Ouyang Zhengqi. They belong to the Ouyang family, how can they do it? Out of this?

"Tianfeng Medicine Emperor, why are you planting us." Zhang Ying said in anger.

Zi Xun and the others were also a little unbelievable, staring at Tianfeng Medicine Emperor.

They have nothing to do with Tianfeng Medicine Emperor, and they have never been similar. Why did the other party frame them like this? "Plant you? The old man, the core elder of the pill pavilion, the nine-tier pill emperor, will pill you a few? Now that you have all the evidence and evidence, this medicine emperor wants to see how you are so bold and dare to be in the pill hall Stealing." Tianfeng Yaodi stared

A hint of coldness flashed, and he said murderously.

Tianfeng Yaodi's voice fell, suddenly raised his head and looked outside the Tibetan Pill Hall.

Boom!

In the Tibetan Pill Hall, several terrible powers descended in an instant, only to see a horrible aura descending, a group of strong men wearing pharmacist robes, all spirits, appeared in the Tibetan Pill Hall.

"Pump!" With a sound, the guards in the Tibetan Pill Hall saw this group of people, and they were so scared that they knelt down for the first time. Oh my God, all these masters actually came.

Among these people, each wore a ninth-rank pharmacist robes, and obviously the one with the lowest cultivation level was a ninth-rank pharmacist with an extraordinary status.

"Zi Xun, Zhao Lingshan, Zhang Ying...Why are you here?"

At this time, a figure appeared in the Tibetan Pill Hall, and when he saw the five people of Zi Xun, their faces suddenly appeared astonished, and they rushed in an instant to help them up. It was the same person who brought Zi Xun and them to the Dan Pavilion. Master Ouyang Zhengqi.

After so many years, Ouyang Zhengqi's cultivation has now entered the realm of the 9th-order martial emperor, and the pharmacist robe on his body is very noble, representing his identity as a ninth-rank alchemist.

"boom!"

It's just that he hasn't gotten close to Zi Xun and the others, but Tianfeng Medicine Emperor made a move, slamming in front of Ouyang Zhengqi, stopping him.

"Tianfeng Medicine Emperor, what are you doing?" Ouyang Zhengqi frowned and said in a cold voice.

"What? The medicine emperor wants to ask, Ouyang Zhengqi what do you want to do?" Tianfeng Medicine Emperor sneered, his tone full of sarcasm. Ouyang Zhengqi's eyes condensed, he took a deep breath, but did not act rashly, because he also saw that Zi Xun and the others were only slightly injured, and their injuries were not serious, but now the problem is, Why do they appear in

Cangdan Palace, and with Tianfeng Medicine Emperor.

It should be known that as Zixun and the others, they cannot enter the Tibetan Pill Hall at all.

"Elder Tianfeng, what happened?" At this time, the other Pill Emperors also spoke. "Everyone, this medicine emperor came to the Tibetan Pill Hall today to look for a blind pill, but he did not expect to

find these people, sneaking in the Tibetan Pill Hall, stealing in the Tibetan Pill Hall according to the rules of my Pill Pavilion, How will it be dealt with?" Tianfeng Medicine

The emperor looked at the five Zixun coldly, with a cold expression at the corners of his mouth.

"What? These guys actually broke into the Tibetan Pill Hall and stole?"

"I said why these guys appeared here, the top martial emperors dare to break into the Tibetan Pill Hall, too presumptuous." "Hey, these guys are not brought back from Beitianyu by Ouyang Zhengqi. How many Tianjiao? These are the top few of the martial arts disciples recruited by my Dan Pavilion over the years. In the future, I will break through the cultivation base of Emperor Wu. There will be no suspense, and it can even impact.

Even higher cultivation bases will come to steal things? "

"Can this happen?"

The crowd shook, and after hearing this, they were in an uproar.

The Tibetan Pill Hall is the key place of the Pill Pavilion. It contains the most important pill of the Pill Pavilion, which is definitely not accessible to ordinary disciples.

Not to mention ordinary disciples, even strong elders cannot enter and leave the Tibetan Pill Hall at will.

And now Zixun and the others have not only come in, but they are also stealing from the Tibetan Pill Hall. If this matter is true, they will definitely be the leader of the Pill Pavilion, and there can be no second treatment. "Zixun and the others came to the Tibetan Pill Hall to steal the pill, this is impossible!" Ouyang Zhengqi was shocked, and immediately retorted.
