[Chapter 1861: unambiguous evidence](#)

Ouyang Zhengqi knew Zixun and the others too well, they were definitely not the kind of people who would steal for the pill.

"You're bloody, we didn't steal it at all." Zhang Ying and the five others also roared, staring at Tianfeng Medicine Emperor with anger, "We were brought in by you."

"Hahaha, I brought you in? It's ridiculous, I didn't know you, why did I bring you in?" Tianfeng Medicine Emperor sneered.

Many Medicine Emperors stared at them, their eyes were also very cold.

This matter is related to the Tibetan Pill Hall, so it must be checked clearly. "I'm here to get the monthly support. It's Manager Luo. He said that our support is on the counter of the Tibetan Pill Hall. Let us come in. I will know that the Tibetan Pill Hall is definitely not a place that we can easily enter. So I refused, and at this moment you came to the Tibetan Pill Hall, and after you berated Luo Guan, you said that you would take me in and wait for support. I will see that you are the core elder of the Pill Pavilion and dare not disobey. Your Excellency also has this right. I will wait. Followed in, but who knew you, suddenly shot, framed me and waited,

This is what you did. "

Lin Tian said in angrily, with one word from you and one word from me, telling what happened.

"Hahaha, I framed you. I am Tianfeng Medicine Emperor. I am the core elder of the Dan Pavilion. I have been famous for many years. Why should I frame you? What's more, I have never known you before, and what purpose did I frame you? It's ridiculous." Tianfeng Medicine

The emperor sneered, "Furthermore, as this medicine emperor, do you need to frame your disciples against you?"

He is aloof, like a king overlooking his courtiers, easily deciding the fate of others.

Everyone nodded, thoughtful. Tianfeng Medicine Emperor has been famous in the Pill Pavilion for a long time, and his identity is extraordinary. How could it be okay to frame the Zixun people? What's more, although these disciples are super talented, they are only juniors after all. Tianfeng Medicine Emperor wants to deal with them, and some are Way, so what

Must be brought into the Tibetan Pill Hall to attract everyone's attention?

In that case, these disciples do have problems.

"Come here, call manager Luo." A cold voice suddenly sounded. In the Tibetan Pill Hall, an old man with gray beard and extraordinary temperament appeared in the Tibetan Pill Hall. He coldly ordered.

"I have seen the deputy pavilion master!"

Hearing this sound, everyone was shocked, and then hurriedly saluted.

The visitor was the deputy chief of the Dan Pavilion, the famous Emperor Yinyue Dan on the mainland!

Emperor Yinyue Pill had been famous for too long, and many people on the court were promoted by Emperor Yinyue Pill. Even core elders like Tianfeng Medicine Emperor would salute respectfully and dare not be disrespectful.

Guan Shi, as the steward of the Tibetan Pill Palace, had long been controlled. Now Yinyue Pill Emperor ordered him to be taken over immediately, and he knelt down with a bang.

"Subordinate Luo Tong, I have seen the deputy pavilion master, I have seen all the elders!" He knelt trembling, his body trembling like chaff.

"Luo Tong, let me ask you, have you seen these people before, how did they enter the Tibetan Pill Palace, and who put them in?" Yinyue Pill Emperor said coldly. Luo Tong carefully glanced at Zixun and the others, one shivered, and hurriedly said, "Going back to the deputy pavilion master, these people are known by the subordinates, but they are the disciples of the genius warriors of the Dan Pavilion. As for how to enter the Tibetan Pill Hall, the subordinates do not know. The subordinates have been on duty outside,

I have never seen these five people. "

"what?"

"Roton, what nonsense are you talking about?"

"Obviously you asked me to wait a little longer to receive this month's support. Just now you asked me to wait in. You were scolded by the Emperor Tianfeng Medicine. You were talking nonsense."

Lin Tian and the others were furious and roared, but their hearts sank and the secret path was not good.

They glanced at Luo Tong, glanced at Tianfeng Medicine Emperor, and their hearts sank completely. By this time they had already understood that this must be a game jointly set up by Luo Tong and Tianfeng Medicine Emperor.

Deliberately let them come late, deliberately meet Tianfeng Medicine Emperor, and deliberately let them follow Tianfeng Medicine Emperor into the Tibetan Pill Hall, everything has already been arranged, the sword is dangerous, and the purpose is to plant them.

But why is this? They, Luo Tong and Tianfeng Medicine Emperor have never had any grievances, why did the other party so painstakingly frame them?

Lin Tian and the others were completely confused.

There is definitely something weird in this.

What made a few people even more angered was that since the other party had already set up the trap, everything should have been prepared, and it would never be possible for them to get away.

Sure enough, when he heard Lin Tian's words, Luo Tong immediately called out his wrongdoing, saying that he had never notified Lin Tian and the others, and the other party only notified them verbally. Naturally, Lin Tian and the others could not show evidence that Luo Tong had made them come late. .

Moreover, as the center of the pill pavilion, the Tibetan Pill Hall is bound to be constantly monitored by the formation. What's strange is that these days, the monitoring formation happened to have a problem. Not only did we never see the scene of monitoring Lin Tian and the others, but even the monitoring formation inside the Tibetan Pill Hall lost its effect and did not record them. Any content entered

.

Lin Tian and the others only felt that a big net was coming, wrapping them up layer by layer, being constantly restrained and out of breath.

They can only argue, but there is no evidence.

At this time, Tianfeng Medicine Emperor sneered: "Huh, you keep saying that you are here to receive support. Masters can take a look at what kind of pill is in their pill bottle."

As soon as Tianfeng Medicine Emperor's words fell, Zi Xun and the others suddenly looked at the pill bottle in their hands, and their expressions changed suddenly.

The next moment, these pill bottles were instantly taken by Emperor Yinyue Dan, and opened on the spot.

Buzzing, buzzing...The horrible pill gas soared into the sky, and the dragon gas lingered in the entire Tibetan Pill Hall, and the phoenix sounded around the beam. All kinds of medicinal gas turned into various patterns, blood beasts rushing, and spirits. The tree blooms, beautifully, as if entering a magical pill

Tao world.

"This is... the dragon marrow **** pill!"

"And Fengqi Nirvana Pill!"

"Blood Fusion Yuan Pill!"

Suddenly, a series of exclamations rang out, and all the nine-tier pill emperors on the field looked at the pill bottle in the silver moon pill emperor's hand, showing shocked expressions.

Because the pills stored in these bottles are the extremely important nine-tier pill in the Tibetan Pill Hall, even they can't easily obtain these pill, and they need to go through the approval of a high-level assistant pavilion chief or above. "Haha, this is what you call the support?" Tianfeng Yaodi sneered, his eyes were cold, and then he folded his hands to Yinyue Dandi and said: "The deputy pavilion master, now the evidence is solid, the old man proposed to capture these people. Brought back to the case and handed over to subordinates for severe torture

, Ask their purpose and how to enter this Tibetan Pill Hall. "

"Wait, Lord Deputy Pavilion Master, the subordinates believe that Zi Xun is definitely not such a person. There must be something strange in this." Ouyang Zhengqi hurriedly said. He knew that things were tricky, so he must not let Zi Xun and the others hand it over to the Tianfeng Medicine Emperor. If that was the case, then Zi Xun and the others would have no escape.

[Chapter 1862: No one can frame you](#)

"Haha, now the evidence is solid, but Elder Ouyang said it was strange. I said why these people steal the pill. Isn't it possible that behind this, Elder Ouyang is instructing you?" Tianfeng Medicine Emperor sneered and said with a sullen mouth. Sneer, he and Ouyang

One series, the relationship is average, so you can speak freely.

"What nonsense are you talking about." Ouyang Zhengqi's face sank, the other party's words were really damning. "If it weren't for your Ouyang family, how dare these warrior disciples steal the pill? Do you think it's possible? I'm afraid they don't even know where the precious pill is stored in my hidden pill hall." Tianfeng Medicine Emperor sneered again and again. Said to everyone

, Directed at Ouyang Zhengqi.

This has attracted people's discussion and suspicion. Indeed, what Tianfeng Medicine Emperor said is somewhat reasonable. If it were not for Ouyang Zhengqi, the people of Zixun might not even know the location of the Tibetan Pill Palace Pill, how could they steal this Precious pill?

Ouyang Zhengqi changed color. Tianfeng Medicine Emperor not only targeted the five members of Zixun, but also pointed the finger at him Ouyang family, which was too much.

"Tianfeng Medicine Emperor, you are too presumptuous." At this moment, a cold snort sounded, and then a terrifying breath came. An old man wearing a Phnom Penh alchemist's robe descended in the Tibetan Pill Hall with extraordinary bearing. , His eyes are cold and sharp.

"Ouyang Hongguang Deputy Pavilion Master."

"Master Deputy Pavilion Master!"

"I have seen Deputy Pavilion Master Ouyang."

Seeing the visitors, everyone on the court saluted, and the visitor was the top martial emperor of the Ouyang family, Ouyang Hongguang, like the Yinyue Dandi, was in the position of the deputy chief of the Dange and was in charge of important affairs of the Dange.

As soon as he appeared, the faces of everyone on the court changed slightly, showing respect.

"Huh, who is saying that my Ouyang family will send disciples to steal the pill, it's ridiculous." Ouyang Hongguang drank coldly, his eyes cold, "I want the pill, but I need someone to steal it. The old man will lack these pill. ?"

Ouyang Hongguang is domineering and coercive, causing everyone to change color.

The words are not rough. With his Ouyang family's status, these pills are precious, but they may not allow him to send such a few disciples here to steal. This is not consistent with common sense.

Tianfeng Yaodi's face changed slightly, and everyone's feelings immediately changed when Ouyang Hongguang said this.

"Hehe, this is not necessarily true. Now that the evidence is solid, Ouyang Hongguang, if you say so, you are not afraid to flash your tongue."

Another sneer sounded. I don't know when a pharmacist reappeared in the Tibetan Pill Hall, with an extraordinary aura.

"Wenchang Deputy Pavilion Master!"

Damn, what's going on today, all the deputy pavilions have appeared?

Is this going to happen?

"Vice Pavilion Master Wenchang, you came just right." Tianfeng Medicine Emperor Lian said respectfully.

The deputy chief of Wenchang and the deputy chief of Ouyang have always been hostile. The relationship between the two parties was very tense.

Yinyue Dandi suddenly felt a headache. How could this be good? Such a matter directly pulled out two deputy patrons.

"Ouyang Hongguang, now the evidence is conclusive, but you are still arguing for your martial artist disciple. Isn't it ridiculous?" Wenchang deputy pavilion looked coldly, and a chill broke out all over his body, suppressed, and sneered again and again.

"The evidence is solid, why didn't I see it?" Ouyang Hongguang mocked.

"Why, there are all human evidence and physical evidence, isn't it considered conclusive evidence?"

"Human evidence? It's just that these two people have nothing to prove. Think about it, if these five people really come to steal, why are they all together? Action, and in full view? Moreover, the monitoring array here is all ineffective, you are not aware of it

Strange? "

When Ouyang Hongguang said so, everyone nodded, which is really strange.

Even if it is theft, one person is enough. Why are all five people here, one person is enough, and five people all appear here, it's weird.

"Hehe, unless someone deliberately does this and wants to frame them." An old voice sounded, and two figures appeared in the Tibetan Pill Hall.

"Master Situ Xingzhou!"

"Master Situ worship!"

"Master Situ." If Qin Chen was here, he would immediately see that one of the two people was Situ Zhen who was the leader of the Guyu Realm, and the other was similar to Situ Zhen. Elder Dan Ge, Situ Xing, the ruler of the Situ family

Continent. Although Situ Xingzhou is not the deputy chief of the Dan Pavilion, he is a veteran alchemist of the Dan Pavilion. His qualifications are deeper than those of Ouyang Hongguang, Yinyue Dandi, and the deputy chief of Wenchang. The most important thing is that he has a personal relationship with the Dan Pavilion chief. Secret, very high in Dange, one word

Jiuding.

It's just that Situ Xingzhou rarely shows up. How could he be here today?

Immediately attracted the attention of many alchemists.

This is interesting.

In the crowd, Situ Zhen nodded and smiled at Ouyang Zhengqi. Ouyang Zhengqi felt relieved. He knew that Situ Xingzhou must have been called by Situ Zhen.

"Master Situ enshrines, why are you here?" Emperor Yinyue Dan walked up and asked respectfully.

"Huh, why did I come? Why did you say I came? Today, the old man has already heard about this incident. On the surface, the evidence seems to be conclusive, but in fact, it has missed a hundred things, Yinyue Dandi, you As the deputy chief of Dange's affairs, but

Want to convict guilt, once you have wronged others, how can you be worthy of your position? Can you live up to the expectations of you? "

Situ Xingzhou coldly scolded, and immediately said that Emperor Yinyue Dan's forehead was covered with cold sweat, repeatedly saying yes, but the faces of the deputy pavilion master Wenchang and Emperor Tianfeng Yaochang changed. Situ Xingzhou came up like this to give this group of disciples. Give it to the platform?

How is this going? I have never heard of Situ Xingzhou's relationship with this group of people. Why did Situ Xingzhou suddenly intervene?

"Too much worship, then the matter should be..." Yinyue Dandi had a headache, something happened, he couldn't think that nothing happened. "Check, of course you need to check. These few people appear here. It is very strange. Someone must have lied. But whoever lied is still hard to tell. Let Situ Zhen investigate this matter. After Yujie's trip, he was promoted to become

As the core elder of my Dange, the old man believes that he will deal with it impartially and carefully handle the affairs here. "

Tianfeng Yaodi's face turned black suddenly, and he handed it to Situ Zhen to deal with it. Situ Zhen was clearly facing Ouyang Hongguang and the others.

He was just about to speak, but seeing that Emperor Yinyue had already agreed, he stopped talking immediately.

On the side, Deputy Pavilion Master Wenchang also looked ugly, but he knew that since Emperor Yinyue Dan had agreed, it would be useless for him to say anything, he just waved his hand and left with a cold hum.

With Yinyue Pill Emperor presiding, a group of people also dispersed.

When everyone had dispersed, Situ Xingzhou walked up and helped Zi Xun and the others.

"Senior..." Zixun and others were a little confused. "Are you from Chendi Pavilion?" Situ Xingzhou smiled: "Your pavilion Master Qin Chen sacrificed himself for Dan Pavilion. How can the old man let you be framed by others? Don't worry, I am here, no one I can frame you."

[Chapter 1863: Big problem](#)

Chendige, Qin Chen!

The corners of Zi Xun and Zhao Lingshan's eyes were instantly moist, their hearts warmed, but then there was another pain, tears streaming down unscrupulously.

Lin Tian and Zhang Ying were also silent, with painful expressions on their faces.

"Little dust, where are you?"

A few people were muttering in their hearts, full of pain.

Unexpectedly, after they were innocently wronged in the Pill Pavilion, it was because of Qin Chen that they were all right.

If it weren't for Qin Chen, they would probably still be in the Northern Heaven Territory, how could they come to this Martial Territory, to this Pill Pavilion, and reach their current status and realm.

It's a pity that Qin Chen himself...

The people's hearts suddenly couldn't bear the grief. They had heard the news of Qin Chen's fall in Guyu Realm a long time ago, but they are still unwilling to accept this fact. In countless nights, they have secretly cried. Grieved.

But they all know that all this is meaningless. No matter whether Qin Chen really fell into the Guyu Realm or not, they all know that with their current strength, they can't do anything at all. The only thing they can do is to cultivate hard for Qin Chen. revenge.

Therefore, these days, they never cause trouble, just practice desperately, but who knows, even so, they are still framed.

But it was because of the lack of dust that saved them, and while the hearts of several people were sad, they were also full of emotion. "Master Ouyang Zhengqi, why did the Emperor Feng Yao set up us that day?" Zhang Ying was the first to recover from his grief, frowning and saying, the other party was clearly prepared to do this, and he had colluded with Na Luotong early in the morning. , The purpose is to frame

Five of them.

But why is this? These few of them have been in the alchemy pavilion over the years, although the limelight is very high, but everything is because their talents are too defying. In fact, they have never conflicted with any alchemist, and even practiced with one heart. No ears out of the window thing.

Even if the deputy chief of Wenchang wants to attack Ouyang Zhengqi and Ouyang Hongguang because of Dange's interests, he shouldn't find them five. Because the five of them are just warriors, not

alchemists, no matter how talented they are, they will not reach the top core level in the pill pavilion in the future. Unless they can reach the level of giants, they are still inferior to the deputy pavilion master. Many, not

Is the most central figure.

In other words, the other party has absolutely no need to frame them.

But now, the five of them were indeed framed, and it was the core elder Tianfeng Medicine Emperor who did it himself. No matter how you look at it, there are problems and tricks.

"Why Tianfeng Medicine Emperor wants to frame you? I don't have a clue about this for the time being." Ouyang Zhengqi frowned, he also felt strange and found it illogical.

Is it meaningful for the dignified core elder to target a few martial artists?

"Hehe, I have some guesses." Situ Zhen suddenly sneered, his eyes showing cold light.

Attracted everyone's attention in an instant.

"Although the status of the five of you in the Dan Pavilion is not high, you have one thing in common." Situ Zhen glanced at the five Zixun and said thoughtfully.

"Common?"

The five Zixun looked at each other. What do the five of them have in common? Are they all from Ouyang Zhengqi? They might have thought about this many times, but it could not be because of this.

"The common point is that you are all from Chendi Pavilion."

"Chendi Pavilion?"

Everyone's eyes condensed, what does this have to do with Chendi Pavilion? "After Gu Yujie came out, I always paid attention to the movement of the Law Enforcement Hall. Recently, I received a piece of news that the people in the Law Enforcement Hall had been investigating Chendi Pavilion and Qin Chen secretly before." Situ Zhen said solemnly: "And now , The five of you were framed

, If it wasn't because of Ouyang Zhengqi and the others, then there was only one reason, and that was Chendi Pavilion. "This makes everyone even more confused. The people in the Hall of Law Enforcement are concerned about Chendi Pavilion, and there is a reason. After all, Qin Chen has ruined their plan, but what does this have to do with Tianfeng Medicine Emperor's hands on Zi Xun and the others? Tianfeng Medicine Emperor, they are all of Pill Pavilion

People, not the palace of law enforcement...

Thinking of this, everyone was startled.

Ouyang Hongguang's pupils shrank suddenly, and he said in a condensed voice, "Situ Zhen, you mean, that Emperor Feng Yao was from the Hall of Law Enforcement that day?"

hiss!

If this is the case, then the problem is serious.

Suddenly everyone's eyes looked over, revealing a solemn color, including Situ Xingzhou, too. Situ really hadn't told him about this matter.

"Situ Zhen, you have evidence for this, and you must not speak indiscriminately." Situ Xingzhou is very solemn, this is not a trivial matter.

Once Tianfeng Yaodi is a member of the Hall of Law Enforcement, then his superior Wenchang Deputy Pavilion Master is very likely to be related to the Hall of Law Enforcement. The deputy chief of the Dan Pavilion is also a member of the Hall of Law Enforcement. The problem will be serious. It is a big event for Dan Ge. "Ancestor, this disciple is just a guess. After coming out of Guyu Realm, the disciple always paid attention to the situation on the mainland and found that the last time the major forces conquered Misty Palace was very strange. Misty Palace's reaction was too calm, and, Means ten

Decisively, we eliminated all major forces in a flash. "

"In addition, the people of the foreign races in the ancient Yu realm wantonly grab homes and try to break into our major forces, and the disciples have doubts whether there will be people from the Misty Palace lurking among our major forces."

"And this time, the reactions of Emperor Tianfeng Medicine and Deputy Pavilion Master Wenchang were too strange. They seemed to cooperate with the purpose of the Hall of Law Enforcement, targeting the people of Chendi Pavilion."

"So the disciples guessed that Tianfeng Yaodi and Wenchang's deputy pavilion might be related to the Hall of Law Enforcement. Of course, this matter is just a guess, and the disciples don't know how it is."

Situ Zhen didn't dare to say too much about the matter, because this fact was too important.

Situ Xingzhou's face was extremely solemn, "Okay, I know about this, I have to find a way to figure it out."

"In fact, Zi Xun and the others are an opportunity. The Feng Yaodi and others didn't know that I had guessed their intentions. If they were really from the Hall of Law Enforcement, they would definitely take action next." Situ Zhendao.

Situ Xingzhou nodded, this was an idea.

"But if you know if they are from the Law Enforcement Hall?" Situ Xingzhou frowned immediately. This matter is not easy to investigate.

"It's actually very simple. The Hall of Law Enforcement is currently targeting Chendi Pavilion. As far as I know, some of Qin Chen's friends back then entered Wanbao Lou. If something goes wrong with the people in Wanbao Lou, then it is obvious that it must be The Hall of Law Enforcement is working."

"Wang Qiming and the others..." Zixun and the others' expressions suddenly changed when they heard this.

[Chapter 1864: Treasure Court](#)

"My lords, please take action to save Wang Qiming and the others." Zi Xun said hurriedly.

Situ Zhen smiled and said: "Don't worry, this matter, the old man has been prepared for this. Although they have entered the Wanbao Building, my Dan Pavilion can't reach it, but the people in the Chendi Pavilion have all worshipped under the Wanbao Building. , Ha ha, as long as the old man's news is timely, I think their master will not let them have trouble."

Just as Situ Zhen had guessed.

Wang Qiming and the others were in Wanbao Building, and something went wrong.

Tianbao Mountains, Wanbaolou headquarters!

This is the core of Wanbao Tower, stretching for tens of thousands of kilometers, like a giant dragon lying on the ground, with undulating mountains and clouds covering the mist, it is very majestic.

In this Tianbao Mountain Range, there is a Treasure Treasure Pavilion, which is the center of the Wanbao Tower, containing many treasures in the world.

And Wang Qiming and others, as the top talents cultivated by Wanbaolou, are naturally extraordinary and have the qualifications to enter the treasure chest to select treasures.

In front of the Treasure Pavilion, the guards were tightly guarded, and they were all powerful men in Wanbaolou, loyal and murderous.

At this moment, four figures walked out from the treasure chest.

These four people are extraordinary, three men and one woman, each of them is like a dragon and a phoenix in the human, and the breath that blooms on their bodies makes people look at them.

"Brother Wang."

"I have seen a few senior brothers and sisters."

Seeing these four people, the other Wanbaolou disciples who entered the Wanbaolou to select treasures were very respectful, and they hurriedly saluted and admired them.

Especially some of the disciples' eyes burst into light, and they were extremely envious.

Although these disciples' cultivation bases are not weak, the disciples who are qualified to enter the treasure chest to select treasures, who are not the top geniuses of Wanbaolou, are all above the Wuhuang.

But in front of these four people, these disciples felt a little insignificant for no reason.

These four people were Wang Qiming, Di Tianyi, Leng Wushuang and Qin Ying who had joined Wanbaolou.

Over the past few years, Wang Qiming and others have advanced by leaps and bounds. Among them, Wang Qiming, Di Tianyi and Leng Wushuang have all reached the half-step martial emperor realm, and even reached the half-step martial emperor peak. Only Qin Ying is slightly weaker, only the peak martial emperor. But it is also the best in Wanbaolou, only one step away from Emperor Wudi.

Such a cultivation base is actually not a big deal in a force like Wanbaolou.

As a mainland neutral and top power in charge of many treasures in the mainland, the strong in Wanbaolou is like a cloud, and it has absorbed countless powerhouses in the world, and masters above the Wudi level. The number is no less than any top power. .

But what Wang Qiming and the others are terrifying is not their cultivation level, but their talent and future.

It should be known that when the four of them joined Wanbaolou, they were only in the realm of King Wu. In just a few years, they have already stepped into the realm of Emperor Wu.

And when they were recommended to join Wanbaolou, Kang Sitong, who was already the pinnacle of Emperor Wu, also just entered the realm of Nine Heavens Wudi last year and became an elder of Wanbaolou.

It can be said that in a few years, Wang Qiming and the others will surpass Kang Sitong and take the lead.

What's even more frightening is that cultivation is not everything. The masters of Wang Qiming and others are all enshrined in Wanbao Lou. They are noble and the resources they obtain are naturally top-notch.

At the beginning, there were still people who were not convinced, but after countless challenges, those people were convinced. In the first battle of the same level, no one in the entire Wanbao Building could be the opponent of these four.

Even once there was a genius at the same level as Wang Qiming, when Wang Qiming just broke through the realm of Emperor Wu, he was already in the realm of Emperor Wu.

Later, I couldn't understand the rapid advancement of Wang Qiming's cultivation base. After Wang Qiming stepped into the half-step martial emperor, he provoked several times, but was defeated by Wang Qiming with a single blow and became a laughingstock.

The matter was not over yet. After the man was defeated, he devoted himself to cultivating and finally broke through to the Nine Heavens Wudi realm not long ago. With his ambition, he wanted to use his identity to suppress Wang Qiming. As a result, Wang Qiming didn't bother the opponent at all, and the man was furious. Take a lesson.

In the end, the two sides fought a big fight, and Wang Qiming actually defeated the opponent within dozens of strokes with half a step of Wudi's cultivation, which caused a complete sensation in Wanbaolou and caused an uproar.

Since then, the status of the four Wang Qiming in the Wanbao Building has become special. Many high-level leaders have asserted that the future of the four Wang Qiming is unlimited, and they hope to see the realm of giants and become the mainstay of the Wanbao Building.

This also caused Wang Qiming and the others to become a beautiful scenery in Wanbaolou wherever they went.

This day was the day when they chose treasures. After hard training, Wang Qiming and the others also made an appointment with the treasure house to choose treasures.

No, the four have just left and are about to find a place to gather together.

Abruptly--

"Stop!"

An angry shout sounded, whoosh whoosh, and a group of powerful men suddenly raided out of the Treasure Pavilion, instantly surrounding the four of Wang Qiming.

"Huh, what happened?"

"Isn't this the guard of the treasure house?"

"Why did they surround Senior Brother Wang and them? Could it be that something happened?"

Many strong people around were shocked, and immediately surrounded them.

Only for a moment, the surrounding area has been surrounded by people, and the water can't leak.

"A few people, are there any problems?" Wang Qiming frowned, staring at the few people in front of him. The leader, named Liu Feng, nicknamed Emperor Tiannan Wu, was at the peak of the early stage of Tier Nine, and was a captain of the Treasure Pavilion. Wang Qiming also have seen each other, but not familiar.

"Four people, take out all of your things and hand them over to us for inspection." Tiannan Wudi coldly shouted, murderously, and stared at the four of Wang Qiming.

"Why?" Wang Qiming frowned, his eyes indifferent, as if he had no emotion, holding a knife in his hand.

He has always been like this, only martial arts in his heart, only swords, and no other people.

"There is a treasure lost in the Treasure Pavilion and need to be investigated. The four have just left. Therefore, I suspect that this treasure may be on the four of you, so please cooperate." Tiannan Emperor Wu said sharply.

"Lost the treasure? I didn't take any treasure. The four of us still have something to do. Please get out of the way." Qin Ying said coldly.

Saying that you lost the treasure is like checking the four of them, what a joke.

"Presumptuous." Tiannan Wudi screamed, and drew out the weapon, "Now I have reason to suspect that the four of you stole the treasure. If you don't take it with your hands, you can stop blaming me for being impolite, and invite four more. Don't make mistakes."

This scene immediately caused an uproar.

What is missing, Emperor Wu of Tiannan is so powerful. Wang Qiming and the four are the top geniuses of Wanbaolou. They are distinguished, and their masters are noble in Wanbaolou, and they can't be moved if they want to move.

[Chapter 1865: Tianlong Jade](#)

Whispers sounded, everyone inquired.

Then, they found out a shocking news, because a piece of Tianlong Jade was actually lost in the treasure chest.

hiss!

This is a real treasure, Tianlong Jade, it is rumored that it was born from the remains of Tianlong, formed after hundreds of millions of years, and is a real real treasure.

Tianlong Jade can not only improve the martial artist's cultivation base, accelerate the martial artist's perception of the rules of the world, but also enhance the martial artist's soul strength and talent power. It is an absolute treasure.

It can be said that a piece of Tianlong Jade can make a Martial Emperor strong with a probability of over 90% to break through to the Nine Heavens Martial Emperor Realm. How precious is this?

This is a strategic treasure. It has been stored in the treasure chest, and will not be used normally.

Because, because of its particularity, such treasures can only be used under special circumstances and after consultation with the top of Wanbao Building. If one piece of such treasure is used, one piece will be lost.

But today, a piece of Heavenly Dragon Jade was lost in the Treasure Treasure Pavilion. This... a big deal!

Wang Qiming frowned, and the loss of Tianlong Jade was indeed a major event, but what did it have to do with him? The four of them picked out the treasure, but did not move the Tianlong Jade at all.

Moreover, the Tianlong Jade is located in the core area of the Treasure Pavilion, and it is impossible for them to choose treasures to enter it.

"Get out of the way." Therefore, he said coldly, his face a little unhappy.

The other party has interrupted him for a long time.

He has to practice for more than eight hours every day. Today is to gather with Qin Ying and the others. A lot of time has been wasted. If it is wasted any more, today's task will not be completed.

He is such a lunatic, and all he has in his mind every day is cultivation, cultivation, and cultivation.

"Hehe, as long as you hand over the storage ring, let me wait and see, if there is no Tianlongyu, I will naturally let you go, please don't make it difficult for us." But Nanwu Emperor refused to give up and looked at the eagle that day. Bird of prey.

"impossible!"

Wang Qiming shook his head.

How is this possible.

Any martial artist's storage ring is very private. Everyone has a secret. How can anyone casually check the storage ring.

"We didn't take the Heavenly Dragon Jade at all, please get away." Qin Ying also said coldly, a little displeased, it was impossible to check the storage ring.

"Hmph, well, it's okay if you don't check your storage ring, but I want to check the treasures you have selected before, but it's not too much." Tiannan Emperor Wu said coldly.

There was a trace of dissatisfaction on Qin Ying's face. She really didn't take Tianlong Jade. However, looking at the other side's posture, it was clear that she would not stop without checking. Moreover, there were more and more people around her. The impact is not good.

In the end, Qin Ying agreed, anyway, just checking the four selected treasures.

When handing it up, Emperor Wudi Tiannan showed a sneer at the corner of his mouth, and the four of Wang Qiming suddenly felt that something was wrong.

If the Tianlong Jade was really taken by the four of them, it would be meaningless to just check the selected treasure and not check the storage ring, but the other party was still aggressive at first, so why did he suddenly agree?

Just when this thought came to my mind, Emperor Wu of Tiannan had already opened the treasure selected by Qin Ying, which was a heavenly compass, which had the function of surveying the world's latitude and longitude and setting the veins of mountains and rivers.

But on this day, there was a mechanism in the compass that was inlaid with real stones to drive energy. Qin Ying checked it before, and it was empty.

But at this moment, after Emperor Wudi of Tiannan opened it, a piece of dragon jade appeared in it, exuding an astonishing breath.

"Tianlong Jade!"

The crowd boiled completely.

Damn, these four people really stole Tianlong Jade.

"Four people, what else do you have to say, come and take away." Emperor Tiannan Wu coldly shouted and ordered.

"I didn't get this." Qin Ying said in anger.

She checked it when she took it, and there was no Tianlong Jade inside, it was completely empty, but now, Tianlong Jade appeared inside.

The only possibility is that when she took the treasure, the person who inspected the treasure put it in her treasure.

"It's you, you framed us?"

However, Wang Qiming reacted more quickly, raising his head for the first time, and looking at Emperor Tiannan Wu coldly.

boom!

A terrifying sword intent burst out of his eyes, and suddenly, the terrifying sword intent rose to the sky, shocking the surrounding crowd to retreat frantically.

He had long felt that something was wrong with Emperor Wudi Tiannan. He had lost the Tianlong Jade, and instead of looking for it, he found them in the first place. He was murderous, as if certain treasures were on them.

Moreover, he even promised to inspect only four treasures. Wang Qiming understood in an instant that this matter was definitely related to Emperor Nanwu.

Di Tianyi, Leng Wushuang, and Qin Ying also reacted instantly and looked at Emperor Wu Tian Nan.

"Haha, it's ridiculous, this emperor framed you, it is clear that you stole the treasure, still quibble here, take it."

Emperor Wu of Tiannan gave the order, and the guards around immediately rushed up to capture the four.

"I see who dares to move!"

Wang Qiming let out a cold cry, a terrifying sword intent burst out of his body, and instantly, an invisible shadow of a sword appeared in the void, just like a heavenly sword, towering between heaven and earth.

The endless sword intent bloomed, forcing the guards to be unable to approach at all, and their expressions were shocked.

"If you steal the Heavenly Dragon Jade, if you dare to resist and look for death, this emperor will take you."

Emperor Wudi Tiannan sneered, and his big hand protruded directly. With a bang, a horrible palm phantom suddenly appeared in the void, which was directly captured and photographed above Wang Qiming's head.

"Only you?"

With a buzzing sound, the battle knife in Wang Qiming's hand was suddenly unsheathed, and the sword aura was horizontal and vertical, like a nine-day dragon chant, and an endless roar erupted. A terrible sword aura emerged between the world and the earth, slashing in the palm of that huge true essence. Instantly blasted the entire Zhenyuan palm.

This sword was too strong, and Emperor Wudi Tiannan was panicked and backed away frantically.

Others around were even more frightened and backed up one after another. Some people couldn't bear the knife intent, vomiting blood again and again, and then retreated ten miles before retreating.

"What are you doing in a daze, don't you do it for me." Tiannan Wudi was furious, and shouted sharply at his hands. He was forced to retreat by Wang Qiming, the peak Wudi of the early peak, and his face suddenly couldn't hold back.

With the order of Emperor Wu Tiannan, many powerful men in the Treasure Treasure Pavilion suddenly moved and rushed to Wang Qiming.

"Huh, get out!"

The four of Wang Qiming sneered coldly, Leng Wushuang and Di Tianyi also moved, and immediately fought back.

Boom!

The deafening roar rang through the world. Although the four of Wang Qiming were not the powerful emperor of Jiu Tian Wu, the aura that erupted was more terrifying than the powerful emperor of Jiu Tian Wu. Under the joint efforts of the four, they actually forced a group of powerful emperors such as Tian Nan Wu Di to fundamentally. Unable to approach.

"Presumptuous, stealing things, resisting the law enforcement team, looking for death!"

At this time, a furious body was affected, and a figure suddenly appeared in the void, with a terrifying aura erupting all over the body. It turned out to be a giant Wudi who directly aimed at Wang Qiming and slapped it down.

puff!

The giant Wudi was too strong. Although Wang Qiming and the four were struggling to resist, they were still shaken out, spouting blood, and fell to the ground.

Then, a group of guards surrounded them, trapping several people.

[Chapter 1866: Make another decision](#)

"Hmph, no matter how talented you are, you are also disciples of my Wanbaolou. Now, you are stealing things from the treasure pavilion, but you are still here, who gives you the courage?"

When the overbearing figure fell, he was a burly man. Just where he stood, a terrible aura came to his face, lingering with a terrifying murderous aura.

"All deputy posters!"

"Unexpectedly, it shocked the deputy posters."

"It looks like something is going wrong."

Everyone saluted respectfully, with a look of horror on their faces. The person who came was no one else, but Zhu Zishen, one of the vice-hosts of Wanbaolou.

"All deputy posters!"

As soon as the philosophers Shen came to the court, Emperor Tiannan Wu led everyone to salute with respect.

Whoosh whoosh!

At the same time, a series of terrible breaking through the air sounded, and it was the many powerful people in Wanbaolou. Seeing the scene here, they were shocked. At the same time, they offered salutes to the masters, and then looked at Wang Qiming in shock.

What happened? The deputy posters actually clashed with Wang Qiming and the others?

After inquiring about it, they realized that it was Wang Qiming and the others who stole the Tianlong Jade from the Treasure Pavilion.

But how is this possible? Although Wang Qiming's four people are surly and unsocial, their reputation in Wanbaolou is obvious to all. Over the years, they have been devoted to practicing hard in seclusion and never caused trouble. Today they will steal things in the treasure house. This is really shocking and unexpected.

However, the presence of human and physical evidence is now powerless to refute.

"You few, what else do you want to say?" Shen Leng looked at Wang Qiming and the four of them, and on the surface they were asking, but in fact they had already died of the crimes of the four. It was just a routine questioning.

None of the four of Wang Qiming spoke. They had already seen that they had been conspired this time. After the other party came up directly against them, they did not give them a chance to argue. Therefore, no matter how they argued, they probably couldn't change the facts.

You know, their four masters are all famously worshipped by Wanbaolou, the top powerhouse. Although Zhu Zishen is the deputy owner of Wanbaolou, under normal circumstances, even if they really stole the dragon jade, it is impossible to ignore it. If you don't ask, you will be directly convicted.

But in fact?

After Zhu Zishen came up, he directly started to help Emperor Tiannan Wu to suppress them. There was no investigation into the truth of the matter in the middle, and he did not even look like it. If there is no problem, there will be ghosts.

"Haha, if you don't argue, then the deputy host will assume that you have admitted, come here, take the four of them away, and take them down directly." Zhu Zi Shen said with a sneer, a little surprised in his heart, he thought Wang Qiming and the others still struggling, so I thought of many excuses, but I didn't expect that none of them would be useful.

"Hold on!" A panicked voice sounded, and then Kang Sitong hurried to the scene. After seeing the four injured Wang Qiming, his expression suddenly changed. He hurriedly stopped the staff in Wanbao Building, and then said anxiously: "Zhu Zi Shen, deputy poster, is there any misunderstanding in this?"

He had just received the news that Wang Qiming and the four had stolen the Heavenly Dragon Jade. He was so scared that his soul was gone. He rushed over immediately to defend Wang Qiming and the others.

After all, he brought the four Wang Qiming from Beitianyu, and because of the four Wang Qiming, he also had a good relationship with the Xuanbingwu Emperor and other major worships, so he became the core elder of Wanbaolou. Naturally, Wang Qiming and the others should not be involved. .

This was only on the official side and on the private side. He had promised Qin Chen that he would never let Wang Qiming and the others have an accident in Wanbaolou.

"Misunderstanding, what can be misunderstanding? Kong Sitong, although you are the core elder of Wanbaolou, you should know what the crime of stealing treasures in the treasure chest is, so quickly get out." Zhu Zishen directly said to Kong Sitong impatiently, Ignored his request at all.

A joke, he arranged this matter. Would he not know if Wang Qiming was wronged or not? I just want to frame them.

"Vice-hosts..." Kang Sitong wanted to say something, but Zhu Zishen interrupted him instantly and said coldly: "Kang Sitong, for your loyalty and loyalty in serving Wanbaolou for so many years, I'll be forgiving. You are a sin of disrespect, but if you dare to talk nonsense, the host is afraid that you will be arrested."

"Master Kang, don't ask this guy. This matter has nothing to do with me. It is the person who framed him. It's useless to ask him how you ask." Di Tian had a thorough look and said coldly.

"presumptuous!"

"To shut up!"

As soon as Di Tian's words fell, the guard next to him suddenly pushed him down, pressing him to the ground.

"Deputy posters, Wang Qiming and the others are after all disciples of worshiping adults. In this matter, shouldn't I inform several worshiping adults before making a decision?" Kang Sitong said with a grim expression when he saw this scene.

"Notice what? The prince broke the law and committed the same crime with the common people. Is it because they are a few disciples who worshipped, so they can open the net?" Zhu Zishen didn't care about Kang Sitong at all, and took Wang Qiming and the others to leave.

Kong Sitong immediately looked around anxiously, but the other elders around had no intention of intervening at all. This matter was clearly a conflict between Zhu Zishen and several worshippers.

And Zhu Zi Shen had reason first, if they spoke, Zhu Zi Shen would inevitably be evil. In addition, Emperor Xuan Bing Wu and the others, as enshrines, rarely communicate with the high level of Wanbao Lou, naturally no one would stand up for Wang Qiming and others.

Kang Sitong was extremely anxious. Although he had already informed Emperor Xuanbing Wu and the others about the matter here, Emperor Wu Xuanbing and the others were not in the Wanbaolou headquarters. When they arrived, Wang Qiming and the four had no idea what was going on.

"Vice-hosts, you can't take them away." In the end, Kang Sitong gritted his teeth and quickly came to Zhu Zishen and stopped him.

Zhu Zishen sneered, without talking nonsense, his eyes were cold, and he shot directly, blasting Kang Sitong away instantly.

Although Kang Sitong broke through the nine days of Emperor Wu, his talents are just like that, ordinary, I am afraid that even Wang Qiming may not be able to fight, how can he be a giant Wudi opponent like Zhu Zi Shen.

His body shook violently, he vomited blood and flew upside down. He had two bones broken and he was about to fall to the ground. Suddenly, the world suddenly became cold, and a white figure suddenly appeared behind him. , Supported him.

Then, snow began to float between the heavens and the earth, snowy, and the temperature between the heavens and the earth dropped by tens of degrees in an instant, as if it was a cold winter.

"Emperor Xuanbing Wu!"

Everyone lost their voices, looking at the handsome middle-aged man who supported Kang Sitong, they were all dull.

The visitor was Emperor Xuanbing Wu, the master of Leng Wushuang, enshrined in Wanbaolou.

"Master!" And Leng Wushuang even shouted when he saw Emperor Xuanbing Wu, his face showed excitement.

[Chapter 1867: Too awesome](#)

"Master Xuan Bing Wu, what are you..." Kang Si Tong himself was a little startled, looking at the Emperor Xuan Bing Wu who was supporting him in a daze, but he couldn't react.

He just notified Emperor Xuan Bing Wu the first time, but Emperor Xuan Bing Wu's palace was a hundred and eight thousand miles away. Even if Emperor Xuan Bing Wu arrived the first time with his strength, it would take several days.

This is why Kang Sitong was worried about Wang Qiming and the others at first, but wanted to stop him.

In a few days, who knows what will happen, after letting Zhu Zi Shen take it away, when Emperor Xuan Bing Wu arrives, I am afraid that no one will know where.

Unexpectedly, Emperor Xuanbing Wu came so soon.

After the shock, Kang Sitong couldn't help but be overjoyed, and even bowed and said: "Master Xuanbing Wu, you...you are really great, please save Leng Wushuang and the others..."

He saluted, and his injuries were immediately involved, hissing teeth and pain.

"You go to heal first." Emperor Xuanbing Wu said to Kang Sitong, with a glimmer of appreciation in his eyes, patted his shoulder, and Kang Sitong suddenly felt that the injury on his body was not so painful, and hurriedly retreated. Aside.

Leng Wushuang turned his head and looked at the people of Di Tianyi and Leng Wushuang who were pressed on the ground, a flash of chill suddenly burst into his eyes.

"Get off!" He was too lazy to talk nonsense, and he drank coldly, as if two ice storms broke out in his eyes, screaming, the storm passed by, and the Wanbaolou guards who held Leng Wushuang's four people only felt cold. , The blood seemed to be frozen stiff, and quickly let go

, Backed away. But at this time, one of the core elders under Zhuzi Shen moved, making a quick shot, hum, the terrible true essence skyrocketed, and instantly stopped the cold erosion of Emperor Xuanbing

Wu, and said coldly: "Master Xuanbing Wu, these four people Stealing Treasure Pavilion Tianlong Jade, now

They are important criminals in custody. After you come here, you will save them regardless of whether they are indiscriminate. Isn't it too much? As your worship for my Wanbaolou, you must put the interests of my Wanbaolou first. How can you be so disregarded of your personal feelings? "

"Get out of the way." Faced with the question of this person, Emperor Xuan Bingwu just coldly shouted, ignoring the person at all, just looked at Zhu Zi Shen coldly, and said coldly: "Zhu Zi Shen, let your people move away. If you don't let me, I'll just blame the emperor for being impolite." "Zhu Zishen, you are too presumptuous." The Emperor Wu was angry and trembling with anger. At any rate, he was also one of the core elders of Wanbaolou, the Emperor Wu at the mid-term peak. Emperor Bingwu completely ignored him, so he didn't get angry, he just felt the blood surge in his body

, To burst open.

On the side, Zhuzi Shen also had a pale face. This Emperor Xuanbing Wu was too presumptuous. After he came up, he directly acted and regarded him as nothing, which was too much.

At the same time, he was also depressed, and secretly said: "Why did Emperor Xuanbing Wu appear so soon? It seems that the previous plan should not be so smooth, and it is a bit troublesome." Under the eyes of everyone, Zhu Zishen would naturally not give in, and said coldly. : "Emperor Xuanbing Wu, your disciple, stealing my Wanbaolou treasures in the Treasure Pavilion, this seat is the deputy owner of Wanbaolou, naturally has the responsibility to safeguard the interests of Wanbaolou, this seat knows

You love the disciple eagerly, but also ask Emperor Xuanbing Wu to focus on the overall situation and quickly get out of the way. If you really investigate your disciple has nothing to do with this matter, this seat will naturally let him leave. "

Emperor Xuan Bingwu's eyes were cold, and he spoke. Zhu Zishen actually didn't let people go. He was too lazy to talk nonsense, but coldly said: "Zhu Zishen, I don't bother to listen to your nonsense, just ask you, can't let people go?"

"Presumptuous, Emperor Xuanbing Wu, you are only my Wanbaolou worship, how dare you talk to Master Shen like this, do you want to violate my Wanbaolou rules?" Some of Zhu Zishen's subordinates couldn't help but suddenly said coldly. , Murderous.

Zhu Zishen was aside but ignored him. His attitude was already obvious. It was impossible for him to let him go.

"Very good." Emperor Xuanbing Wu was too lazy to talk nonsense, and a chill suddenly appeared on his body. Then, he moved, and suddenly a stream of light rushed towards the blocking core elder.

He slapped a palm, and an endless aura of ice suddenly appeared between the heavens and the earth. Countless snowflakes condensed in his palm. The white palms were like ice that lasted forever. They slapped the core elders who hold Leng Wushuang. Fell over.

Hum!

Between the heaven and the earth, was flooded with endless snowflakes. Before the palm of Emperor Xuan Bing Wu fell, the astonishing chill filled everything. The rules of the ice avenue were permeated. The core elder only felt that his body was freezing and the blood stopped flowing.

How could Emperor Xuanbing Wu be so strong. This core elder was frightened. Although at first he was very arrogant and domineering, at this time, his heart was full of fear and he wanted to turn around and leave, but he knew that the more such a time, the less he could go. If he flees in front of the top powerhouse, Only

Die faster.

boom!

His hands were crossed across his chest, and an earth-yellow shield appeared, and the atmosphere of the earth was permeated, trying to block the aura of ice.

But it was useless. Emperor Xuanbing Wu's breath was too terrifying. Only for a moment, a layer of frost was condensed on the thick and rustic shield, and the core elder's head and eyebrows were also covered by frost. Covered and became an iceman.

boom!

This core elder was immediately blasted out, and when it landed on the ground, his whole body had been frozen into popsicles, and the blood and the power of rules in his body were frozen.

"hiss!"

Everyone was shocked, sucked in air-conditioning, and looked at Emperor Xuanbing Wu in amazement.

This is too good!

Everyone knew that the Emperor Xuanbing Wu who was enshrined was powerful, but everyone didn't know how strong he was, and today he finally saw his true strength.

Those who can become the core elders of Wanbaolou, except for those who have made great contributions like Kong Sitong, are exceptionally promoted. Under normal circumstances, they are basically mid-level martial emperors, and many of them are mid-term peak martial emperors.

But now, in the hands of Emperor Xuanbing Wu, it is not even a trick. This is too abnormal!

Everyone was surprised, but Emperor Xuanbing Wu looked at Zhuzishen in surprise. Originally, he thought Zhuzishen would take action to intercept him. Unexpectedly, he didn't take any action in the end. Was he afraid?

Emperor Xuanbing Wu was a little suspicious, but this is not right. If the scholars were jealous of themselves, they should have been let go. Where would they have to wait until they did it themselves, so that they would not get any benefits after tearing their skin.

There is something weird in this! Thoughts flashed, before Emperor Xuan Bing Wu made a follow-up move, Zhu Zi Shen suddenly furious and said: "Okay, Emperor Xuan Bing Wu, as my Wan Bao Lou worship, you not only encourage your disciples to steal the treasures of the treasure pavilion, but also It

was to exonerate my disciples, to wound my core elder in Wanbaolou, and to wound the punishment personnel in Wanbaolou. It was lawless, too lawless."

[Chapter 1868: Teng snake blood](#)

Hum!

A token appeared in his hand, and in an instant, bursts of light rose from the entire range of the treasure chest, sealing the entire area.

It is the guarding formation of the Treasure Pavilion.

After that, the philosophers screamed, furious, and said angrily as if they were heartbroken: "Everyone, let me take the action and capture this Emperor Xuanbing. I want to see today, how far this Emperor Xuanbing Wu is lawless. Now I have reason to suspect that the reason why these people dare to steal the treasures of the treasure chest is all instructed by Emperor Xuanbing Wu."

A big **** basin was directly buckled on Emperor Xuanbing Wu's head.

Too insidious, too cunning.

Zhu Zishen didn't stop him before, he just wanted Emperor Xuanbing Wu to do it, hurting the core elder in charge of punishment under his command, and then counterattacked, mobilizing the anger of all the people present at Wanbaolou.

This move is really vicious.

Sure enough, as soon as his voice fell, a group of Zhu Zishen's men already roared.

"Take down Emperor Xuanbing Wu."

"Lawless, according to Wanbaolou's rules and nothingness, can you really be arrogant when you are worshipping?"

A group of people moved, mobilizing the power of the guarding formation to capture Emperor Xuanbing Wu.

Moreover, Zhuzi Shen also took the lead in the first time, took the lead, and blasted out with a punch. The sky and the earth were torn apart, and the sky and the earth would be blasted. Combined with the power of the formation, the ice world of Emperor Xuanbing Wu instantly exploded .

It has to be said that the strength of this Zhuzi Shen is extremely terrifying, he is a giant and strong, and coupled with the blessing of the guarding tower, he immediately suppressed Emperor Xuanbing Wu.

What's more, beside Zhu Zishen, there are many core elders to help, this group of people seems to have had a preview, and they have joined forces to interfere with Emperor Xuanbing Wu, very fluent.

boom!

Someone punched Emperor Xuan Bing Wu's body protection real essence, and the real essence fluctuated. Although he had never blasted the shield off his body, it also made him retreat again and again, his eyes were cold.

Because this is not one person doing it, but a dozen or so people working together to target Emperor Xuanbing Wu.

"Master, don't fight, you stop." Leng Wushuang shouted in a hurry with worry and anxiety on his face. He didn't want to cause Master to be injured because of himself, so he was unwilling.

Kang Sitong also changed color. He thought that after Emperor Xuanbing Wu appeared, the matter should be over. After all, Emperor Xuanbing Wu was also enshrined in Wanbaolou. Even if there are some conflicts, it is reasonable to sit down and talk.

But who knew the result surprised him. Zhu Zishen would rather win Emperor Xuanbing Wu, but also to tear his face with each other.

Is it worth it?

Only for a moment, Kong Sitong knew that something was wrong, and there must be something wrong with it.

At this moment, Emperor Xuanbing Wu kept retreating under the attack of Zhu Zishen, surrounded by a group of people, and the situation was very serious.

This is not a matter of cultivation level, but that he is in the formation, his cultivation level is restricted, and coupled with being attacked by the group, he cannot display his true strength.

"Master, you go, leave us alone." Leng Wushuang shouted again, he couldn't bear to hurt Master, and if this continues, Master will be in danger.

"Wu Shuang, don't worry, just a few wastes, and want to hurt your master?" Emperor Xuan Bing Wu said disdainfully, although he was at a disadvantage, there was no slight worry on his face.

He laughed freely and freely, his hands condensed a scent of white ice, countless rules of ice turned into a field of ice in his body, and he was not defeated for a while.

"Huh, Emperor Xuanbing Wu, you are too arrogant. At this time, you are still so arrogant. I want to see what you have the confidence to violate the rules of Wanbao Building and run wild here."

Zhu Zi Shen was angry, this was too much, obviously he was under the wind and besieged by them, but he pretended to be completely okay, really when they couldn't take him down?

Zhu Zi Shen was immediately angry, rumbling, and terrible blood was permeated his body. This is a **** snake, hovering in the void, biting towards Emperor Xuanbing Wu.

"The blood of the snake!"

Everyone exclaimed.

The bloodline of the snake is one of the most terrifying bloodlines in the world. It is the bloodline power transformed by the ancient beasts. This is also one of the strengths of Shenneng becoming the deputy host of the Wanbaolou. The bloodline of the snake is of the same level. Warriors are almost extremely difficult to contend with.

This is really angry.

This kind of blood will not be released easily. Once released, blood will inevitably be seen.

"Snake blood, is this old man of Shen coming true?" Emperor Xuanbing Wu burst into two groups of cold light in his eyes, also showing solemnity.

Ordinary core elders are not afraid to attack him, but he must be careful with this snake bloodline, he must be very cautious, otherwise he will be seriously injured if he is attacked.

"It seems that I have to come up with a killer." Emperor Xuanbing Wu frowned, and immediately released his own blood, screaming, endless chill permeated, the entire vicinity of the treasure pavilion seems to have entered the twelfth lunar month of winter, the cold is very cold, the world is full To be frozen.

A piece of invisible ice essence condensed on the top of Emperor Xuanbing Wu's head, and quickly turned into an ice shield, blocking the giant snake.

With a bang, the ferocious snake hit the ice shield, and the ice scum was splashed in all directions. Emperor Xuanbing Wu's face was pale, his figure retreated hundreds of meters, and the true essence inside his body was agitated.

"Damn it, the formation restricts my cultivation level too much, otherwise, would I be so embarrassed?" He was angry, but helpless.

What made him even more depressed was that many elders came from all around and wanted to besiege him.

"Those guys, did they arrive?" Emperor Xuanbing Wu changed his color, and if this continues, he will really suffer a lot.

"Hahaha, Emperor Xuanbing Wu, you violate the rules of Wanbaolou, and today this seat will take you down." Zhu Zishen laughed, the blood of the snake was surging wildly, and the huge snake opened its mouth if it could Swallowing heaven and earth, once again swallowed toward Emperor Xuanbing Wu.

"Yo!"

But at this moment, a sharp humiliation sound suddenly came out from the sky, and then, a group of red flames fell from the sky and instantly landed on the large array of the treasure pavilion.

"boom!"

The Treasure Pavilion's formation was shaken, the flame dissipated, and it was actually a red flaming red luan that was more than ten feet away. It fell crazily, and the temperature rose sharply wherever it passed, and the world seemed to have come from the cold winter to the hot summer again. .

The Treasure Pavilion array flashed, trying to block the flaming Red Luan, but suddenly, another terrifying force was born. A huge black fist appeared, domineering and boundless, penetrating the ancient land, and crashing into this large array. on.

Boom!

The great horror formation suddenly broke through a gap. This breath was too domineering and powerful, and the huge flame red luan suddenly rushed into the formation at the moment the formation was torn apart, the flame claws He reached out and caught the head of the pitch-black snake.

"Roar!"

The snake roared and fought with the flame red luan. Suddenly, the black energy and the flame burst, and everyone around them retreated. With a look of shock, the void was blown up, endless ripples stirred, and space fragments exploded everywhere.

[Chapter 1869: Zhuge Qingyun](#)

At the same time, outside the formation, two figures appeared, majestic and boundless, from a distance, they were as high as the sky and the earth.

Two suffocating breaths came.

One of the two men was wearing a black martial arts robe, with muscular knots, short black hair soaring, with superb temperament and boundless dominance.

The other person was wearing a flame phoenix robe, with a graceful posture, a concave and convex shape, very hot and perfect.

But her face is exquisite, her phoenix eyebrows are raised, and her evil spirits are revealed.

As soon as these two people fell, the aura formed by Zhu Zi Shen and many elders was instantly torn apart, and everyone's eyes were attracted by these two people.

Then, there was an exclamation that instantly remembered.

"Ba Jue Wu Emperor!"

"Hongluan Wudi!"

"Hi, why are the two of them here? So fast!"

The crowd shook wildly, one by one sucked in air.

Like Emperor Hongluanwu and Emperor Xuanbingwu, Emperor Wu of the Tyrannical Tower was the strong worshipper of Wanbaolou. The dragon has always seen the head but not the end. Many powerful people in Wanbaolou often only hear their voices and do not see their people.

Today, the three top offerings appear together. This scene is truly shocking.

"Master!"

When Di Tianyi and Qin Ying saw the two of them, they burst into tears of joy, each of them excited.

"You two, are you here too late? You are a little embarrassed." Emperor Xuanbing Wu said with a smile, very hearty.

"Ha ha, Xuan Bing, you are as famous as us anyway, you can't even take such a waste, too lost, right? Don't say know us in the future." The Emperor Ba Jue Wu smiled, it is like a black tower, a piece of His

face was cut and sharp, and he was very stylish. At this moment, he laughed, and it was unspeakable and uncomfortable.

Emperor Xuanbing Wu suddenly became unhappy, how do you guys talk.

"Ba Jue, you said that it is easy. There is a kind of you to try it alone, so many people around you, just like a mad dog, plus the suppression of the formation, I see how capable you are." Emperor Xuanbing Wu Said with disdain.

This makes the surrounding core elders extremely upset.

Like a mad dog, shit, who is it?

Their dignified core elder was actually said to be a mad dog, and this was going to be spread out, and he would lose face.

Zhu Zi Shen was also trembling, shocked in his heart that the Ba Jue Wu Emperor and the others came so fast, but at the same time he jumped with anger.

Because, after the arrival of Emperor Tyrant Wudi, they laughed and talked with each other, and did not put him as the deputy host in their eyes at all, and he did not yet see him as the deputy host.

"Emperor Wu Jue, Emperor Wu Luan, you know what crimes you have committed, and you dare to bombard my Treasure Pavilion formation, and even help you to abuse. Do you want to rebel?"

He shouted angrily, murderous, urging the blood of the snake, to fight out of the siege.

However, although the blood of the snake was strong, it was naturally restrained by the blood of the red luan. The black snake was scratched and screamed repeatedly by the flame red luan.

However, although Zhu Zi Shen is at a disadvantage, his strength is after all, combined with the power of the formation, it will not be defeated for a while.

"Zhu Zi Shen, what are you worthy of condemning us?" Tyrant Wudi sneered. He had seen Zhu Zi Shen upset before, and now he is even more upset.

He turned his head, looked at the fighting Hongluan and the snake, and said to Emperor Wuluan: "Hongluan, you are too useless, you can't get a bug for so long, let the emperor help you."

When the voice fell, Emperor Wudi Tyrant shot directly, with a bang, he punched out, and suddenly a terrifying fist shadow flew out, which could rush into the thirty-third layer, extremely domineering, and punched on the giant snake. , Immediately screamed the snake scream again and again, backing frantically.

"Come!"

The philosophers Shen snorted and hurriedly collected the blood of the snake, but the blood was already scarred.

It's still his early harvest. If it is sooner or later, it is possible to be directly bombed. In this case, the injury will be serious.

"Emperor Wu Jue, Emperor Hong Luan, Emperor Xuan Bing Wu, the three of you have to deal with the deputy host, do you want to be shameless?" The core elder shouted, murderous and angry.

Emperor Xuanbing Wu looked cold, but wanted to laugh in his heart.

Is there anything more shameless in this world? Hurry up, a dozen of you have besieged this emperor before, so you are going to face it?

With a flick of his sleeves, a burst of icy air burst out, directly blasting the core elder out, spitting out a mouthful of blood on the spot.

Such shameless people still talk nonsense with them.

Then, Emperor Xuanbing Wu and the others moved, and their silhouettes passed by, and instantly appeared beside Leng Wushuang and the others, helping them up.

"Disciple, are you all right?"

Several people carefully looked at Leng Wushuang and the others, and only breathed a sigh of relief after seeing that they were all right.

It's hard to get old and become disciples and find a satisfied disciple who can inherit his mantle. If he gets hurt, it hurts so much.

"let's go!"

They spoke to Qin Ying and others, and then took Kang Sitong, who ignored Zhu Zishen at all, turned and left, treating the others here as nothing.

Zhu Zi Shen's face was green, which is too much.

"You stop." He roared tremblingly, and said in a cold voice, "Do you know what crimes the three of you have offended? If you dare to leave, you can blame me for being polite."

"Oh? I'd like to see, why are you not polite." Tyrant Wudi sneered, disdainfully.

"That's what you said." Zhu Zishen's eyes flashed hideously, and a token appeared in his hand instantly, and with a snap, it was directly crushed. Suddenly, a stream of light burst into the sky, bursting out a dazzling glow.

This Huaguang was so dazzling, it lit up directly in the Tianbao Mountains and clearly passed to the Wanbaolou headquarters.

"This is... a signal." Kong Sitong's face suddenly changed.

What Zhu Zishen crushed was the communication signal of Wanbaolou. This kind of signal can only be crushed when Wanbaolou's life and death is in crisis. It means that the Zongmen suffered a catastrophe. He is crushing it now. This will inevitably alarm the Wanbao building. The many elders and top elders in the country, this is to completely make things worse.

Sure enough, as soon as this signal appeared, the entire Tianbao Mountain Range seemed to have recovered. In the distance, the Wanbaolou headquarters suddenly heard a terrifying aura.

Then, several streamers rushed in frantically, with murderous aura, and appeared directly above the treasure chest.

Rumble!

A horrible breath came, everyone was an old man, with a thin body, but the body contained a sea of blood, surging, and it was shocking.

"Zhu Zishen, what happened? Why did you crush the signal of life and death."

A voice with endless majesty sounded. It was an old man with gray beard and hair, but his aura was extremely terrifying. When he appeared, whether it was the old man, Zhu Zi Shen, or even the three of the tyrant Wudi, he was suddenly crushed. .

As if the core between heaven and earth, suddenly became his one.

"I have met the elder Zhuge."

At this moment, many people below kneel down, even the elders are the same, and only the top worships such as Zhuzi Shen and Ba Juewu Emperor can ignore and treat them indifferently.

This old man is the Supreme Elder of Wanbaolou, Zhuge Qingyun!

[Chapter 1870: Take them away](#)

"Zhu Zi Shen, what happened?"

At the same time, there was also a cold sound. Beside Zhuge Qingyun, several powerful men with terrifying aura appeared. They were not weaker than Zhu Zishen. They were all top powerhouses in Wanbaolou. There were also masters of deputy host level. This signal was alarmed, and came the first time.

Then, everyone saw the Tyrant Wudi and others on the field, their eyes suddenly condensed.

As an enshrinement, Emperor Ba Jue Wu and others rarely appeared in Wanbao Lou. Why did they all come all at once today, and three more?

The gaze shifted to Wang Qiming and the others. These elders flashed their gazes, and vaguely had some speculations, it seemed...Zhu Zishen and the Ba Jue Wu Emperor had a conflict.

But how is this possible?

The two sides simply can't fight together!

Regardless of Emperor Ba Jue Wu and Zhu Zi Shen, both belonged to Wanbaolou powerhouses, but Wanbaolou was different from ordinary sects, in fact, the relationship between them was not so close.

In some sects, each other may have a relationship with brothers and uncles, but Wanbaolou is a commercial organization, and many elders and worshippers are actually strong men that Wanbaolou has found on the mainland.

The relationship between everyone is not so close, and the conflicts between them will naturally not be so obvious.

The Emperor Wudi and the others rarely came to Wanbaolou, so how could they conflict with Zhuzishen?

Thinking in his heart, after seeing many powerful people, Zhu Zishen immediately said: "Elder Zhuge Taishang, all deputy posters, and elders, since everyone is here, let's comment..."

Zhu Zishen was respectful, and even said what had happened before, and then said in a cold voice: "Everyone, let's talk about it, the three of you, the Emperor Wudi, who worshipped the Wanbaolou, but know the law to break the law and protect the prisoner. What crime should they be??"

"What? Wang Qiming and the others stole the treasures of the treasure chest?"

"How dare these guys steal Tianlong Jade?"

"This....."

The crowd shook, and there was an uproar.

Zhuge Qingyun's eyes flashed, showing a chill, and said to the three of Emperor Ba Jue Wu: "Emperor Ba Jue Wu, Emperor Hong Luan, Emperor Xuan Bing Wu, can this happen?"

As the Supreme Elder of Wanbaolou, he naturally has to maintain order in Wanbaolou as his own responsibility.

And the other deputy posters and strong people also looked at them, waiting for their answer.

The trio of Tyrant Wudi's expressions condensed, Zhuge Qingyun spoke, and they naturally couldn't neglect, so they glanced at Zixun and said: "Zixun, now the elder Zhuge is asking questions, please answer yourself!"

Zixun and the others trembled under the breath of Zhuge Qingyun, because the pressure was too amazing, like a huge mountain, pressing on them, let alone them, some ordinary early Wudi elders around, could not bear this breath. One after another backed up, not daring to approach.

But Zixun and the others, although their bodies were trembling, they all looked proud, raised their heads upright, and were not afraid, and said loudly: "Going back to the elder Zhuge, there is absolutely nothing to do. I did not steal anything in the treasure chest. "

The four people spoke loudly, full of vitality and full of righteousness.

"Hahaha, the joke, the evidence is conclusive, and you say there is absolutely nothing to do?" Zhu Zishen sneered and raised his hand. The compass and Tianlongyu appeared in his hands that day, and said coldly: "The evidence is here, I thought it was OK. Can you quibble?"

"Sophistry, do I still need sophistry when I wait? The warrior is alive, walking against the sky, and he is dead from the sky. I waited for four people, sitting upright, walking upright, doing it after doing it, and doing it without doing it. After that, let's talk about the sophistry." Wang Qiming said coldly, his eyes bursting with cold light.

boom!

There is a terrible aura rising from his body, and his body is full of iron and bones, like a war knife, straight into the sky, blooming with a terrible sword intent.

His face was cold, but his face was righteous, full of energy, and it was discolored.

From a distance, his whole person is like a peerless sword, with the blade out of its sheath, cutting the world and the earth, making people faintly feel that there is a sword that penetrates the sky and the earth, making people change color.

This naturally attracted everyone's amazement. Many people have heard that there were four peerless arrogances in Wanbao Building, but unfortunately they were all taken by Emperor Xuanbing Wu and others, but there are also some high-level people who have not really seen them before. Seeing it now, I can't help but wonder, it is indeed shocking.

"This son is so talented!" Even Zhuge Qingyun has changed color. In front of him, this son can still be unafraid, proud, without any sense of fear or weakness. The future of this son is bound to be extraordinary. .

"Elder Zhuge, you can be deceived by these guys." Zhu Zishen said quickly: "Now the evidence is solid. If we don't ask strict questions to find out the real culprit, the reputation of my Wanbaolou will be affected. It's not a small influence, let alone there are so many disciples on the field, all watching, how can I deal with things unfairly in Wanbaolou?"

Hearing this, Kang Sitong's expression on the side suddenly changed, and these Zhu Zishen were too embarrassed.

As a commercial organization, Wanbaolou has a foothold in Tianwu Continent, relying on its credibility. One says one, and the other says two.

Now Zhu Zishen said that if the elder Zhuge Qingyun easily let go of the four of Wang Qiming, he would definitely be detained as an unfair treatment. This is something that the elders of the Wanbao Building like Zhuge Taishang would never want to see. .

"Yes, Elder Zhuge, regardless of whether or not Wang Qiming or the others did this, the evidence is there now, so we should investigate."

"Tianlong Jade is a treasure of my Wanbao Tower. How can it appear in the compass of this day at will? Someone must have stolen it. This matter must be investigated."

"It's better to take them back and tortured them severely. If you don't believe you can't ask the truth."

"I see, these people are not like thieves."

"Hmph, how can the treacherous people easily see that there are few treacherous people who seem to be loyal in this world?"

"Be sure to find out."

Voices sounded one after another, and some top powerhouses next to them were speaking.

Zhuge Qingyun also frowned, and didn't take Wang Qiming and the others away. It was indeed a bit unruly. However, Zhu Zishen saw this expression in his eyes, and suddenly sneered in his heart: Dare to shake with me, tender.

"If this is the case, then take the four of them down and investigate the truth of the matter." Finally, the elder Zhuge spoke and ordered.

Zhu Zishen hurriedly stepped forward and said: "Also ask the elder Zhuge to take this matter to Zhumou, and he must handle it impartially, and return my Wanbao Building to be fair."

Kang Sitong's expression changed in the first place. This incident was caused by Zhu Zishen. Wang Qiming and the four were brought back by him. How could it be better?

But the others said it was slight. At this moment, Emperor Ba Jue Wu didn't speak, so what could he say? Can only be anxious.

"Come here, take the four of them away." Zhu Zishen felt proud, waved, and immediately a strong man came and prepared to take Wang Qiming away.

What puzzled the philosophers was that the trio of Ba Jue Wudi didn't have any expressions.

Seeing that the four of Wang Qiming were about to be taken away, suddenly, an indifferent voice sounded, clearly reaching everyone's ears, and coldly said: "The emperor wants to see, who dares to take away the emperor's disciple!"
