

Valkyrie 1881

[Chapter 1881: Bold fanatic](#)

Boom!

Qin Chen broke out and moved in an instant. The speed was too fast, as if passing through the space, and appeared behind Murong Bingyun for the first time.

He was too fast, driving the thunder and lightning, too abrupt and swift, his palms grasped Murong Bingyun's swan-like neck.

boom!

The true essence was splashing and deafening, the entire holy medicine garden was shaking, and the terrible energy spread, and the surrounding mountains and large areas of soil exploded under the energy ripples and turned into dust.

Qin Chen felt his arms numb, and there was a violent shock from his palm. I don't know when, Murong Bingyun was covered with a layer of colorful armor, blocking Qin Chen's violent blow.

This made Qin Chen horrified.

The other party actually blocked it?

How is this possible?

If he burst into action, even the giant Wudi in the later stage would not be able to detect it. If he was hit by himself for an instant, he couldn't react.

But Murong Bingyun defended in time, the glow of light on his body was very holy, and a bright armor appeared to block all attacks.

The most important thing is that this armor is colorful, and with Qin Chen's strength, it could not be broken with one blow.

This is definitely the top armor in the emperor class.

Moreover, Murong Bingyun's reaction speed was too fast. If she was able to resist after sensing herself, it would be too late to defend, but she blocked it. Obviously, she was on guard before she acted.

"So keen perception." Qin Chen was surprised, Murong Bingyun's reaction exceeded his expectations.

On the other side, even though Murong Bingyun blocked Qin Chen's capture in time, he was dizzy, his brain hurts, and tears almost came out.

She was shocked, and someone really raided her.

"Who are you, daring fanatic, you want to die in my Misty Palace?"

She roared, violently forward, about to leave Qin Chen's vicinity, and at the same time roared, her gaze flicked to see Qin Chen's appearance clearly.

She was fortunate that she felt something was wrong, and immediately urged the Supreme Treasure Armor that the Lord Palace Master handed over to her, otherwise she would definitely be stunned by such a violent blow, and there was no second choice.

Even so, the back of her neck was sore at this moment, she wanted to cry, and she felt a little embarrassed to suffer such a heavy blow.

Qin Chen naturally wouldn't give her a chance to break away from her own control. Boom, terrifying power burst out in her body, rubbing her body forward, and rushing straight towards Murong Bingyun.

"you wanna die!"

Murong Bingyun was annoyed, and there was a colorful glow on his body. The two broke out for the first time, and they fought directly.

However, Murong Bingyun was attacked first after all, and was a little dizzy and reacted slightly.

Qin Chen swung its tail with a dragon, and flew over, spreading his legs like a pair of scissors, cutting Murong Bingyun into the center, not giving Murong Bingyu a chance to get out.

One of his legs kicked at the door of Murong Bingyun's face, and the other leg hit Murong Bingyun's hind legs.

boom!

With the violent shock, Murong Bingyun was frightened, his armor glowed, and he fought hard. The two forces collided, and Qin Chen could not bring her down with one blow.

"What kind of armor is this? The defense is too strong!"

Under Qin Chen's blow, even the late Martial Emperor giant was seriously injured, but Murong Bingyun blocked it again and again. In addition to the terrifying armor, her own strength was also terrifying, at least only better than Ji Ruyue and You Qianxue. Not weak.

This person is indeed terrible.

Qin Chen couldn't put her down, and even took advantage of the situation to wrap her around her body, locking her with his legs.

Qin Chen's legs were quite sharp, but they didn't work. Finally, he entangled and fell on his back, his legs tightly wrapped around Murong Bingyun's waist and twisted hard.

The power he was imprisoning Murong Bingyun's body.

Murong Bingyun was frightened and furious, and only felt that his whole body was erected. From small to large, it was the first time someone was so close to her body. Those two powerful thighs were like two dragons, containing heart-palpitating power, and they were crazy. Destroy the armor power on her body.

"Ah, you are looking for death!"

She turned into anger, she broke out completely, bang, her body was brilliant, the colorful rays of light bloomed in an instant, and the true essence in her body swept in all directions madly.

Boom!

There was a big explosion between the two, and the horrible true essence was intertwined with each other, frantically obliterated.

Qin Chen was not shocked, his legs were tightly clamped to each other, it was impossible to give Murong Bingyun a chance to escape.

Because once Murong Bingyun escaped from the Holy Medicine Garden, he would inevitably alarm Shangguan Gufeng and others, and by then he would be over. Therefore, he abruptly held on to this force, the blood surged in his body, but he did not give in.

Don't look at Qin Chen's legs tightly entwining each other, his posture was very ambiguous, but in reality it was quite dangerous.

A terrifying force of rules struck, if it weren't for Qin Chen's Immortal Body to break through to the eighth stage, and to replace it with an ordinary late-stage martial emperor giant, this blow would also be severely injured, and the internal organs would be shattered.

After the hard resistance, Qin Chen's eyes burst with divine light, and his hands wrapped around him, trying to lock Murong Bingyun's neck.

"roll!"

This movement was completed at the very moment of the moment. Murong Bingyun noticed Qin Chen's movements, and her entire body was erected. If her neck was locked by the people behind her, she would be completely passive.

So, she exploded and slammed her head back.

"Goddess bloodline!"

Hum!

Above her head, a dim and graceful figure appeared, like a goddess above the nine heavens, blooming with rainbow light, rushing out of terrible energy light, and then tilting her head back and ramming it was quite terrifying, and it would knock Qin Chen away.

Qin Chen's pupils contracted and his hands stretched out, as if cast by thunder light, he leaned forward to catch the misty figure without hesitating to stimulate the blood.

Qin Chen shot vigorously, did not keep his hands at all, and did not feel pity for Xiangyu at all.

Murong Bingyun was furious, how could her head tolerate a man touching it with both hands?

Especially, the posture between them is very inelegant. Against this background, she is full of rainbow light, and the goddess' blood is surging out.

With a bang, Qin Chen could not hold her head because of a terrifying red glow.

With this blow, the power of both parties was once again annihilated, and neither had any upper hand. The colorful armor shining brightly, bursting with amazing energy.

Qin Chen was horrified, Murong Bingyun was a bit too strong.

In order to conceal his identity, Qin Chen did not use various treasures and big killer moves, but this did not mean that Qin Chen did not use all his strength.

Under this circumstance, even a late Martial Emperor giant should have been seriously injured by Qin Chen.

But where is Murong Bingyun?

Although she has the peak defensive armor on her body, her own strength is also terrifying, and the initial peak realm is only stronger than some late martial emperor giants.

Shangguan Xi'er could actually teach such a pervert!

When Qin Chen was shocked, Murong Bingyun felt the raging waves in his heart.

[Chapter 1882: Not good, exposed](#)

Murong Bingyun couldn't be more clear about his own strength. At the time of the outbreak, the giants of the late Emperor Wu were already shocked by her.

But now, the man was clamped tightly on top of him, his posture was ambiguous, which made her ashamed and shocked at the same time.

"It's no wonder that this person can mess up my Misty Palace, and even the Shangguan Gufengzong was alarmed. It is really terrifying."

Murong Bingyun was furious, and what made her even more puzzled was that for some reason, the person behind it vaguely gave her a sense of familiarity, as if she had seen it somewhere.

But how could this happen?

She retreats in the Misty Palace all the year round and rarely walks in the outside world. How could she have seen him?

She was frightened, and more eagerly wanted to get out of control, because her whole body was erected, and she felt like a crisis was coming.

boom!

Murong Bingyun madly released the true essence in her body, and the colorful rays of light bloomed on her body, and the power of various rules lingered. It was the natural spirit body that exploded with power, and between Qin Chen and Qin Chen burst out with majestic energy and brilliant rays.

In the bang, they collided violently.

Hum!

Murong Bingyun suddenly filled with a burst of colorful power, turning into two wings, and he wanted to wrap Qin Chen, seal it, and smelt it.

This is the secret technique she cultivated. In the colorful rays of light, the power of various rules lingers, it is the secret technique formed by the natural spirit body, unparalleled in the world.

Originally, she didn't want to use it, but at this moment, she had to expose it.

Once the opponent is wrapped, the power of the terrible rules will imprison the opponent and turn it into a pool of blood.

Qin Chen naturally fought fiercely, his fists blasted forward like lightning, and his legs were on the waist of the opponent's small man. With desperate force, his legs glowed like a dragon, and he wanted to cut off the slender waist.

Murong Bingyun was embarrassed, this fighting posture was too much, it made her want to kill, the fiery heat of the man's breath clung to her, and the skin of both sides was ending.

She was humiliated, with long hair and shiny, fair complexion, and her beautiful face was full of anger and killing intent.

This is a beauty, stunning beauty, I have to say, the face is flawless, like jade, without any flaws.

And between the eyebrows, there was a trace of Shangguan Xier's charm.

But Qin Chen ignored them. After a strong eruption, bangs, and several times, Qin Chen became angry, and his body was bursting with thunder. In an instant, the world turned into a sea of thunder, and the rays of thunder penetrated Murong Bingyun's defenses. Numb her body.

"what!"

Murong Bingyun hummed, this thunder light was too terrifying, and contained the power of heaven. Although her armor and bloodline power covered most of it, some of the thunder light had penetrated into her body and launched an attack on her.

Seeing the effect, Qin Chen immediately used the secret technique, his fists glowed, and the thunder was thundering, and the dense lightning blasted down continuously, all hitting Murong Bingyun.

In addition, his legs were also discharging, locking Murong Bingyun's waist, and the thunder light filled Murong Bingyun's lower body.

This feeling was too keen, and Murong Bingyun suddenly felt numbness in his lower body, and there was pain and anger.

At this moment, Qin Chen's attack worked, Murong Bingyun snorted and was finally wounded. Even the colorful armor could not withstand Qin Chen's erosion.

"Ah! I played with you!"

Murong Bingyun was furious, and the whole person was surging with vigorous energy. She was very angry and ashamed. The other party was stuck on her back like a dog skin plaster.

Outrageous, who is she? The Young Master of Misty Palace.

This entangled state is too ambiguous.

Moreover, the energy in her body was losing, and under the thunder light, she obviously felt powerless.

Therefore, she broke out because she knew that if she continued, she would definitely be captured.

boom!

Murong Bingyun's body suddenly burst out with a terrifying power. She glowed all over her body, and various runes flowed out of her body. In her body, it seemed as if some kind of wild beast had awakened, and she burst out with stunning power .

puff!

Qin Chen snorted, this force was too strong, he was almost broken free by Murong Bingyun, this was a special force that directly burned Qin Chen.

"Soul Storm!"

Qin Chen roared, he did not continue to entangle Murong Bingyun with his body. After the thunder and lightning bloodline broke through her defense, his brows glowed, directly using his soul power to suppress Murong Bingyun, and even to enslave Murong Bingyun.

Suddenly, a terrifying soul rushed towards Murong Bingyun for an instant.

Murong Bingyun's sense of consciousness is extremely keen, and her senses are extraordinary. At the critical moment, a divine rainbow burst out of her eyebrows, which turned into an endless rainbow.

This rainbow light, killing intent, seemed to contain the most extreme killing mood in the world, it actually pierced the power of thunder and lightning, and instantly collided with Qin Chen's soul storm.

puff!

The two soul forces collided, both vanished, and turned into nothingness in the void.

Qin Chen was taken aback. He had seen Murong Bingyun perform this trick in the Guyu Realm. He didn't expect to see Murong Bingyun for such a long time. Murong Bingyun's trick was so terrifying that it could even be used by him. Soul storm is on par.

Unfortunately, in terms of soul power, Murong Bingyun is still far behind Qin Chen.

"The gods are dead!"

After the soul storm, Qin Chen directly displayed the extinguishment of the gods, and the invisible soul power was inextricably covered, and instantly entered Murong Bingyun's mind and quickly approached her soul sea.

"Success!"

Qin Chen was ecstatic in his heart, and countless soul power came directly to Murong Bingyun's soul sea and wanted to enslave her.

But at this time!

Hum!

A special power emerged in Murong Bingyun's mind, an obscure and complicated rune appeared, exuding an aura that shocked Qin Chen, and with a thud, Qin Chen's gods were extinguished in an instant. , Instantly wiped out Qin Chen's soul power.

"What power is this?"

Qin Chen was taken aback.

This is definitely a special method used to protect Murong Bingyun's soul sea, so that others cannot take her away.

And Murong Bingyun woke up in shock at this moment, and his heart was even more shocked.

"I was almost enslaved before?"

She was in lingering fears, and she almost fell into the air.

It was the first time she faced this situation since she was a child, and she was almost taken away.

"Since I can't seize the house, then I will capture you, and the result is the same." Qin Chen was angry, and the killing rules bloomed, tearing through Murong Bingyun's defense with a boom.

Murong Bingyun finally couldn't hold it with the terrifying killing fist, and he spouted a mouthful of blood.

Boom boom boom!

Seeing this, Qin Chen shot frantically, blasting towards Murong Bingyun's head like a storm.

"what!"

At the moment of crisis, Murong Bingyun was furious, her whole body glowed, her head suddenly raised, and a rainbow light appeared between her eyebrows, making Qin Chen's heart tremble and feeling the crisis.

boom!

He hurriedly tilted his head to avoid this rainbow light, but to his surprise, this rainbow light did not rush towards him, or rushed straight into the sky, with a pop, it penetrated the formation shield of the Holy Medicine Garden. , Appeared directly in the Misty Palace.

boom!

The rainbow light burst out, and the dazzling glow instantly made the entire Misty Palace clearly visible.

"No, it's exposed!"

Qin Chen's heart sank in an instant, his eyes were gloomy, and his anger was full of fright!

[Chapter 1883: Entangled with each other](#)

The bright rays of sunlight exploded directly over the Holy Medicine Garden. The rays of sunlight were dazzling and brilliant, very dazzling and dazzling, and shocked everyone in the entire Misty Palace.

"Huh, what is that?"

"That place is the Holy Medicine Garden, right? How come there is such a terrifying power suddenly blooming."

"This kind of breath is a bit like the power of the Young Palace Master!"

Everyone in the Misty Palace was shocked, and raised their heads, showing a look of stunned expression, very surprised and curious.

At the same time, Shangguan Gufeng, Yemoshi and others also saw this rainbow light.

Several people were taken aback for a moment, and then they were shocked.

"No, what happened to Murong Bingyun in the Holy Medicine Garden?" Shangguan Gufeng's expression suddenly changed.

The Holy Medicine Garden is one of the core treasures of the Misty Palace. It contains the many anti-heaven elixir that Misty Palace has plundered from all parts of the mainland for hundreds of years. They are all planted here, which can be called the logistics of Misty Palace. Base camp.

If something goes wrong with the Holy Medicine Garden, it will definitely be a huge loss.

However, it was Murong Bingyun that Shangguan Gufeng cared more than Sheng Yaoyuan.

Others don't know the identity of Murong Bingyun. As the aunt of Shangguan Xier, would she not know the identity of Murong Bingyun?

"No, if something happens to Bingyun, how can I explain it to Xi'er."

At this moment, she really changed color, her figure shook, and she rushed towards the Holy Medicine Garden.

At this moment, the group of guards guarding quietly outside the Holy Medicine Garden naturally saw the colorful glow that exploded overhead.

After they froze for a while, they also reacted immediately that something went wrong in the Holy Medicine Garden.

The expressions of each one changed drastically.

"Captain, what should I do?"

"Young Palace Master hasn't something wrong with it, right?"

"Think of a way."

A group of people became anxious, but although they were patrolling in the Holy Medicine Garden, they did not have the qualifications to enter the Holy Medicine Garden, and they had no tokens. This was also to prevent accidents in the Holy Medicine Garden.

So their group of people can only be anxious outside the Holy Medicine Garden, but there is no solution.

"Damn it, it was exposed."

In the Holy Medicine Garden, Qin Chen was frightened and angry.

Although he knew he would be exposed sooner or later, he did not expect to be exposed so early.

"Hmph, I advise you, surrender early. You can't escape. Even if you kill me, it's useless. As long as you are surrounded by my Misty Palace master, you will definitely die. No one can save you, but if you Surrender obediently, state your purpose, kneel down and kowtow to admit your mistakes, there may be a silver lining."

After releasing this rainbow light, Murong Bingyun calmed down instead. Even if she was entangled by Qin Chen's legs and the corners of her mouth were bleeding, her posture was still lofty, and there was no trace of panic or tension in her eyes, but some were just arrogant.

Because she is very sure, once the Shangguan Gufengzong arrives, the guy behind her will not escape.

The only thing she was depressed right now was the gesture of the other party, which entangled her so much, making her ashamed and annoyed.

"Do you think you are determined to win? Since it is revealed in advance, it is not a big deal." Qin Chen sneered, did the other party think he was going to be taken? Although Murong Bingyun was alarmed in advance and disrupted his plan, for Qin Chen, the plan was just a little ahead of schedule.

Of course, the most important thing at the moment is to take down Murong Bingyun before Shangguan Gufeng and others arrive, because only in this way will he be more sure of his departure.

"There is still some time, now you are high above, after I will be captured, I see how noble you are."

Qin Chen became fierce and didn't keep his hands anymore. Before, he was afraid that the movement would be too loud and disturb the people outside the Holy Medicine Garden, but now he is unscrupulous.

boom!

He displayed supernatural powers, and the eighth level of Immortal Eucharist's cultivation base was urged to the extreme. He tried his best to fight close, and the killing fist broke out, the mighty rules rose to the sky, the fist marks like a rainbow, black light waves. , Constantly blasted towards Murong Bingyun.

Murong Bingyun had a very proud expression originally, because she and Qin Chen had fought for so long, and she boasted that she knew the strength of the other party very well, and could completely withstand the other party until the Shangguan Gufengzong arrived.

But now, she has changed color.

The strength of the other party suddenly increased in an instant. She felt tremendous pressure in an instant, and said the most common place. She could resist the previous pair of thighs sandwiched between her waist, but now, this pair of thighs suddenly exploded. , She almost pinched her waist.

boom!

Qin Chen exploded with True Essence all over his body and fought with Murong Bingyun close to the body. This time it was really close to the body. The skins of the two were close to each other. Even if it was blocked by colorful armor, it was useless. The strong masculine breath blew on her. The hairs on the back of the neck were erected, and they were full of shame.

"No, I will be captured immediately if this goes on, and I can't let him succeed."

Murong Bingyun was horrified. At this moment, he was completely relieved, no longer caring about his graceful posture, etc., his natural spiritual body bloomed with divine power, various rules lingered, and his whole body rose into the sky, constantly slamming suicide.

For example, her body was full of glowing glow, she immediately violent and then retreated, slamming into the Yaoshan rock wall behind.

With a bang, this is the Holy Medicine Garden, with formations lingering everywhere, the stone wall is extremely hard, Qin Chen snorted, his back slammed against the rocky mountain, and the whole mountain exploded with a bang. , That power is too terrifying.

But Qin Chen just snorted coldly, and was not affected. His fists kept blasting, Murong Bingyun's hairpin was exploded, and his hair was scattered and disheveled, and Qin Chen's legs twisted, and layers of Zhenyuan exploded. , Stretched in, even though it was blocked by the colorful armor, it still shattered Murong Bingyu's underwear.

boom!

The two of them rolled around like this, falling into the dust and mud, very ambiguous and embarrassed.

But Qin Chen was actually okay. His Immortal Eucharist still entered the eighth stage, and he had experienced many times of world extinction thunder tribulation. His physical strength was rare in the world. Such an impact could smash a general late-stage Martial Emperor. But as far as Qin Chen is concerned, it can only bring some pain and cannot affect his performance at all.

Boom boom boom!

At this moment, the two people continued to burst into rainbow light, and they slammed into each other fiercely.

The clothes on Murong Bingyun's body were instantly shattered, and Qin Chen's arms and thighs were also exposed. If it weren't for the colorful armor guarding Murong Bingyun's body, the two were almost running naked.

But even so, Murong Bingyun was very shameful and angry. She screamed and felt hot eyes. She was ashamed and angry. This **** * had no clothes on his arms and thighs, and was naked.

Moreover, still pestering her like this.

But she insisted, because she knew that Shangguan Gufengzong must have already set off, as long as she persisted until Shangguan Gufengzong arrived, it would be over.

Qin Chen naturally knew her thoughts, so he was racing against time.

Boom boom boom!

Qin Chen rounded his fists, hammering frantically, without pity for Xiangxiyu at all, and the soul of his brows continued to bloom, bombarding Murong Bingyun's soul sea.

[Chapter 1884: When i'm an idiot](#)

Qin Chen knew very well that although he couldn't enslave Murong Bingyun, such a soul attack was enough to make her perform abnormally and could not resist.

Finally, under Qin Chen's strong shot, Murong Bingyun changed color.

"what!"

Her mind was aching, and the terrifying soul attack continued to impact, she was dizzy suddenly, and Qin Chen's power was too strong, instantly crushing her infuriating defense.

puff!

Qin Chen's palm finally squeezed her neck, entangled her tightly.

The two sides are in physical contact, this posture is very ambiguous, but extremely dangerous.

At this moment, Qin Chen finally completely broke through Murong Bingyun's defense and restrained her.

Puff puff puff!

Qin Chen moved his hands frantically, Dao Dao Zhenyuan quickly poured into Murong Bingyun's body, trying to block her power, Murong Bingyun furiously resisted, but Qin Chen's aura broke out completely, suppressing and confining her.

boom!

At this moment, the formation above the Holy Medicine Garden was instantly opened, and a terrifying aura came. In the sound of breaking through the sky, countless towering figures appeared in the sky above the holy medicine garden, extremely tall, like a **** descending from the sky, and the leader was the ancient style of Shangguan, his body rickety, but his body contained amazing power, like a volcano before the eruption.

Introverted and deep.

Shangguan Gufeng and others arrived at the first time, but it was too late, because Qin Chen had already controlled Murong Bingyun in his hands, grabbed her swan-like white neck, and caught it alive.

However, his legs had not been released in time. After Shangguan Gufeng and others rushed into the Holy Medicine Garden, the first thing they saw was Qin Chen riding on Murong Bingyun. The clothes of the two were torn and they were very ambiguous. Post, too hot.

This kind of posture was shocking, thinking that she had gone to the wrong place, because Murong Bingyun was very embarrassed, her hair was scattered, and the fierce fighting made her pant again and again, and there was a red tide on her face, which made people have to think about it.

"Let go of Bingyun!"

Shangguan Gufeng roared for the first time, and when he saw the scene below, his eyes were almost bursting, his breath went into the sky with blood and energy, and he was about to explode the sky.

Boom!

The sky seemed to have arrived in the night in an instant, and the horrible aura was surging, erupting, to destroy the heavens and the earth. This was terrifying. The Shangguan Ancient Wind just surging with momentum made the heavens and the earth unbearable and would explode.

"Deng's disciple, let go of Bingyun, or I want you to die!"

Shangguan Gufeng couldn't hold back it, and moved for the first time. The anger in his body was about to burn her. Boom, she was killed far away, and a terrible force came, and he wanted to give Murong Bingyun from Qin Chen's hands. Rescued.

Qin Chen was surprised, this kind of performance by Shangguan Gufeng was very special, making him a little suspicious.

But Qin Chen didn't have any tension on his face. He pinched Murong Bingyun's neck with his right hand, and hugged him from behind with his left hand. He said coldly: "Stand back, otherwise I will kill her."

There was a rainbow light in Qin Chen's palm, and his murderous aura was awe-inspiring. Obviously, as long as Shangguan Gufeng started his hand, Murong Bingyun's neck would be squeezed off, and there would never be any hands left.

"You...Stop it!" Shangguan Gufeng was shocked, and went back faster than before, and said coldly: "You dare to touch this person's hair, and the old man swears to go to heaven and earth, and I will break you. Ten thousand corpses."

"Huh, is this old witch's attitude a little weird?"

Qin Chen was surprised and even more puzzled, because he knew the Shangguan ancient style too well. This kind of person has interests first and has no humanity. Although Murong Bingyun is the Young Palace Master of Misty Palace, he is only a disciple trained by Misty Palace. In the eyes of Shangguan Gufeng, the disciples of Misty Palace are probably all of them. One under his command

It's just a dog.

Although the Young Palace Master was more noble, he was just a dog with a higher status.

But now Shangguan Gufeng's look and posture were surprising. He was very concerned about Murong Bingyun, and was extremely afraid that Qin Chen would hurt Murong Bingyun. This surprised Qin Chen and made Qin Chen even more suspicious.

Shangguan Gufeng obviously felt his gaffe, his face became cold, he even recovered his composure, his eyes were cold, and he said coldly: "Do you think that by catching a disciple of my Misty Palace, you can threaten your old body?"

"Master Zongshang, you look at the Holy Medicine Garden."

At this time, Emperor Hua Ling Wu and others also arrived, seeing the scene in the Holy Medicine Garden, and their voices were full of panic.

What a sound of fear, it was more terrifying than hell, as if the soul was about to fly, trembling.

Accompanied by her voice, many strong men in Misty Palace were stunned and looked around. Because of the ambiguous postures of Qin Chen and Murong Bingyun, after they came in, the first thing they noticed was Qin Chen and Murong Bingyun, but they forgot that they were in the Holy Medicine Garden, so they didn't care much at first. But now I am back,

But all of them were dull.

"This....."

"This....."

The crowd was trembling, terrified, trembling, their eyes bursting, one by one dumbfounded.

This... is everyone really in the Holy Medicine Garden?

This is a wasteland at all, no, saying that the wasteland promotes it, it is a ruin at all.

Looking around, the ground was ploughed everywhere, without a single elixir left, it was a barren land.

Some of the Misty Palace disciples who have been to the Holy Medicine Garden in the future are fine, they don't have any particular feelings, but Shangguan Gufeng and others are shaking with fright.

The dignified emperor Wu, who couldn't control his body movements, was this anger?

"What did you do to the Holy Medicine Garden?" Shangguan Gufeng said with a trembling voice, but the Holy Medicine Garden was planted with various rare elixir that had been plundered over hundreds of years in the Misty Palace? But now these elixir? There is not even a piece of medicine root left.

"Hey, is this the holy medicine garden of your Misty Palace? I just came here and found that there are a lot of weeds here, so I picked it up for your Misty Palace, don't thank you!" Qin Chen said with a smile.

weed?

Weed your sister!

Emperor Hualing Wu directly vomited blood, and when it was over, even if there was Shangguan Gufengzong, when the palace lord came back to see the scene, she would be finished. "Your Excellency, do you know who you are offending? Quickly let go of the person in your hand, surrender obediently, and hand over the elixir here. The old man can call the shots and spare your life. Otherwise, the old man will set you down. Ashes, ten thousand pieces of broken corpses." Shangguan Gu Feng finished

Actually Lao La, calmed down for the first time, and said coldly.

She said so, but her heart surged with murderous intent to spare her life? How could it be possible that after Murong Bingyun was safe, she would definitely torture that person, pull the soul out to light the lamp, and sacrifice it into a resentful soul to relieve the hatred in her heart. "Haha, do you treat me as

an idiot?" Qin Chen sneered. He couldn't understand the virtues of this Shangguan ancient style, he couldn't let him go? Just kidding, hundreds of torture methods have emerged in the opponent's mind.

Chapter 1885: It's almost

"You let everyone get out of the way and let this seat leave. If this seat is in a good mood, maybe this person will be let go." Qin Chen said coldly while holding Murong Bingyun.

"Impossible!" Shangguan Gu Feng yelled coldly, his eyes faint, flashing cold light, and asked her to let Qin Chen go. How could it be possible? If Qin Chen is let go, how will they explain to the superior Xier.

"Then there is nothing to say. If you don't let go, this seat will kill her first." Qin Chen smiled gloomily, pinching Murong Bingyun's neck with his right hand in a pretty gesture. The high cold caused many people to be discolored. "Do you think that the old man will let you leave for a misty palace disciple? How can he be threatened by the old man Gu Feng?" Shangguan Gu Feng's eyes became cold and severe, although she was very nervous in her heart and Murong Bingyun, but her face was slightly Do not show up

Qin Chen sneered, how could he be deceived by Shangguan Gufeng's performance, and sneered: "She is not an ordinary disciple, but the Young Palace Master of your Misty Palace, the next Palace Master."

Does this Shangguan Gufeng think he doesn't know the identity of Murong Bingyun? The young palace owner, that is tantamount to the future palace owner's heir, how could it be easily abolished. Shangguan Gufeng's face was ugly. She didn't expect Qin Chen to know the identity of Murong Bingyun, but although she was angry, she didn't have any emotion on her face. She sneered and said, "What about the young palace lord, the so-called young palace lord is just me. Waiting to be elected

Nothing more than an heir, just like the Danzi and Shengzi among the forces in the Martial Domain, they are not the only ones. If one dies, naturally others will replace them. You think too much. "

is it?

I really think of myself as an idiot. If it were that simple, Shangguan Gufeng would have done it a long time ago. How could he tell him so much?

"If this is the case, it's the one who killed her. It's just that your Misty Palace can choose another Young Palace Master." Qin Chen was too lazy to talk nonsense, his eyes were cold, and his right hand was about to squeeze Murong Bingyun's neck directly.

"Stop it!" Shangguan Gufeng suddenly shouted, and finally lost his breath.

"Huh, why? Didn't you say that someone else would replace her after killing her?" Qin Chen gave a stubborn expression.

"What do you want?" Shangguan Gufeng took a deep breath and said coldly.

She would never have allowed Murong Bingyun to have an accident, otherwise, she would not be able to explain to her superior Xi'er, although she knew very well that Shang Guan Xi'er must have set some life-saving methods for Murong Bingyun, but she did not dare to take risks.

This is the kind of their Shangguan family, and now the only person in the entire Misty Palace who knows about this is she.

"Haha." Qin Chen finally smiled, and he has the ability to continue to pretend, but he is also puzzled, because Shangguan Gufeng's behavior is a bit weird, and his worry for Murong Bingyun exceeds Qin Chen's understanding.

The character of the above official style is not like a person who is willing to compromise for an heir.

"Girl, do you want to live?" Qin Chen held Murong Bingyun's chin with one hand, lifted it slightly, and said with a chuckle.

"I'm!" Murong Bingyun refused to accept it, his eyes showed disgust, and said angrily: "If there is a kind of you, kill me."

Snapped!

Without saying anything, Qin Chen slapped her face with a big slap in the face, without any pity for Xiangyu.

His eyes were cold and murderous, and he smiled and said, "Although you are a beautiful woman, it doesn't mean that I won't beat you."

"Stop it!" Shangguan Gufeng roared and couldn't sit still. This is her Shangguan family's blood, how could she be so insulted.

Qin Chen's eyes flashed. He did this deliberately, wanting to test Shangguan Gufeng's reaction, and now, Shangguan Gufeng's reaction puzzled him, Shangguan Gufeng's concern for Murong Bingyun had exceeded normal.

There must be weird in this.

"What do you want?" Shangguan Gufeng's chest rose and fell, exasperated into anger.

"Whatever you don't want, let me go out." Qin Chen said coldly.

The court suddenly became quiet and let the opponent leave the Misty Palace. No one dared to make this decision.

Shangguan Gufeng gritted his teeth: "Okay, I promise you."

"Zong!"

Emperor Hua Ling Wu and others suddenly showed surprise and said anxiously.

Master Zong, what's wrong? It was too cheap to let the man go like this.

"Doesn't anyone listen to what the old man said? Get out of it." Shangguan Gufeng shouted angrily.

The others dared not speak at once, and stepped aside.

"Wow!" Shangguan Gufeng waved, and an exit appeared at the Saint Medicine Garden formation above her head. She stared at Qin Chen coldly: "I can let you go, but I hope you abide by the rules. After leaving, let Murong Bing go. The cloud leaves, otherwise, the sky enters me

I will never let you go. "

"You don't have the right to negotiate terms with me now." Qin Chen ignored Shangguan Gufeng's warning at all. When he escaped, the sky was high and the birds were flying, where could the other party find him?

He took Murong Bingyun, very vigilant, looted from the exit of the Holy Medicine Garden, and came to the Misty Palace.

Shangguan Gufeng and others followed closely behind and also caught up.

"Master Zongshang, do you really want to let her go?" Hua Lingwu Emperor was not angry, reminded.

"Shut up and follow my orders." Shangguan Gufeng glanced viciously at Emperor Hua Ling Wu. What did Emperor Hua Ling Wu know? This is the blood of the Lord Palace Master, how can something go wrong?

"Haha, very obedient." Qin Chen glanced at the Shangguan Gufeng and others who followed behind him, sneered, and then ignored these people and went straight to the Misty Palace.

Along the way, all the disciples of Misty Palace stared at Qin Chen fiercely, wishing to smash his body into pieces, but they had no choice but to step aside. No one dared to do anything, but followed far away.

Soon, Qin Chen came to the guarding formation outside the Misty Palace, and said coldly to the hazy formation, "Open the formation and let me out."

"What if you kill Murong Bingyun after you go out?" Shangguan Gu Feng coldly snorted, "Unless you take the heavenly oath and don't kill her, I will let you out."

She stared at Qin Chen coldly, her eyes terrifying. "I said, you are not qualified to negotiate terms with me, don't you understand?" Qin Chen pressed Murong Bingyun's neck with his palm, and his body was close to Murong Bingyun, not to anyone else. The opportunity to shoot, the left hand slapped Murong

In Bingyun's belly, terrifying power exploded in an instant.

Murong Bingyun suddenly muffled, with a painful expression on his face, and a trace of blood overflowed from the corner of his mouth.

She is injured!

"Okay, I'll open it, I'll open it now." Shangguan Gufeng said nervously, but she couldn't suppress her inner anger. If she could kill people, she would have broken Qin Chen's body into pieces.

Hum!

She raised her hand, and the guardian formation of the Misty Palace suddenly withdrew, and the misty fog in front also appeared a channel, leading directly to the outside world. As long as you leave this area, although it is still within the scope of Misty Palace, it can no longer prevent Qin Chen from leaving. went.

"It's pretty much the same." Qin Chen took Murong Bingyun and was about to enter this passage. Suddenly, his whole body was erected, and a feeling of danger came instantly.

[Chapter 1886: Just robbery](#)

Whoosh!

He hurried back, stopped his figure, and retreated into the scope of the Misty Palace.

Emperor Hua Lingwu and the others were taken aback for a moment, and they didn't understand why Qin Chen didn't leave suddenly.

Shangguan Gufeng's eyes condensed, and he said coldly: "Aren't you going to leave? Why don't you go? Get out now, and then let go of the Young Palace Master of my Misty Palace." "Haha, Shangguan Gufeng, you old thing Very good at tricks." Qin Chen's eyes were gloomy, and he coldly said to the surrounding area of the diffused mist channel: "A few alien demon guys, don't hide, think I don't know, even if you hide

No matter how concealed it is, I can smell the stench on your body. "

"Humph!"

There was a cold snort, and several hazy figures walked out of the fog, wearing black robes, very illusory, making it difficult to make a difference.

These people are all masters of the alien demon race, their aura is very terrifying, hiding in the passage, as long as Qin Chen goes out, he will be suddenly attacked.

With so many people working together, Qin Chen, no matter how strong he is, will inevitably know how to say, once they are rescued by them, Murong Bingyun will be over. A look of loss flashed in Shangguan Gufeng's heart. When she let Qin Chen leave, she secretly informed the people of the alien demon to hide in the mist. The mist could have covered people's divine consciousness, plus the alien demon. It's terrible to hide Kungfu

It works wonders.

Unexpectedly, Qin Chen saw through.

This person is very difficult to deal with.

Qin Chen was also thrilled, but fortunately, he was very keen, and Lao Yuan also reminded him, otherwise it would be really dangerous.

An angry look appeared on his face, and he said coldly: "I am very upset now, let you stop playing tricks, you still want to ambush me? Do you really think I dare not do it?"

He slapped Murong Bingyun's **** with a slap, and the crisp voice was clearly heard by everyone.

"Ah!" Murong Bingyun exclaimed, his face flushed with shame and anger, and the fiery pain in the place Qin Chen shot was too cruel, it seemed ambiguous, but it was really terrifying, Murong Bingyun I just feel that half of my hip is already

After being numb.

She was ashamed and wanted to struggle, but was tightly restrained by Qin Chen, approached her ear and blew up and said, "Don't move, otherwise I don't guarantee that I won't make any more excessive actions."

"you....."

Murong Bingyun had goose bumps all over his body. He was startled and angry, but didn't dare to move at all.

This guy is simply shameless.

But at this moment, Murong Bingyun instinctively sensed that the voice of the person behind him was very old, but for some reason, it gave her the illusion of being very young, as if that person seemed to be a young man.

She rushed away from this idea again and again, how could this be possible, in this martial arts, the younger generation would never have more talented people than her.

"Be good now!" Qin Chen said with a gloomy smile, his laughter was very cold and chilling, he approached Murong Bingyun, his posture was very ambiguous, and he smiled strangely.

"Stop, what do you want to do?" Shangguan Gufeng angrily said, wishing to chop Qin Chen's paws touching Murong Bingyun.

"What do you want to do? I still want to ask, what on earth do you want to do?" Qin Chen snorted coldly, "If you set an ambush, don't blame this seat for being polite."

"Now that the person has been removed, you can go." Shangguan Gufeng suppressed her anger. She felt that if she said more, her brain blood vessels would burst.

"Now this seat doesn't want to leave anymore." Qin Chen sneered, "Want to let me go, yes, this seat is very poor, take out a top-quality true pulse to this seat, this seat can consider leaving now."

what?

Emperor Hua Lingwu and others were dumbfounded, some couldn't believe their ears.

What is this kid talking about? Give him a true pulse of the best quality before he is willing to leave. Does he think everyone wants to ask him to go?

"Why don't you grab it?!" Someone was angry. It was a super elder from Misty Palace. He couldn't help but jumped like thunder.

"I'm robbing, robbing, robbing your Misty Palace in public!"

After hearing Qin Chen's words, the people in the Misty Palace were immediately furious. It was really deceiving. This guy captured the Young Palace who had captured their Misty Palace and threatened them not to say anything, and threatened to rob them. It was really maddening!

As for Shangguan Gufeng, he was speechless. Is this guy crazy? Even if you don't leave such a good opportunity, you dare to rob?

This is the Misty Palace, in charge of the world, Emperor Wei Wushuang, when has been blackmailed like this.

For a while, everyone was stunned, gaping, and feeling extremely outrageous.

"It's impossible, Supreme Zhenmai, do you think it's Chinese cabbage? If you don't know it, just accept it, don't you be afraid that you will fall short, and you will die!" Finally, Shangguan Gufeng spoke, his face was green, and his lungs were about to explode. open.

"Snapped!"

As a result, Qin Chen directly slapped Murong Bingyun again. This time, he slapped Murong Bingyun on the other side of the ass. The other side of her **** was numb and snorted, and the lower body was almost not his own.

"You threaten me to try again?" Qin Chen shouted to Shangguan Gufeng, quite bluntly and not afraid at all.

"what!"

Shangguan Gu Feng was angry. There were stars circulating in her eyes and meteorites falling, like a big sun falling. This scene was too terrifying. She was so angry that her blood was about to explode.

She knew that the people in front of her were eager to leave here, but she didn't dare to gamble or take Murong Bingyun's life.

This guy is too evil!

"Your Excellency, you are too much. I don't have the highest quality true pulse. I don't have a Misty Palace. How can we give it to you." Shangguan Gufeng suppressed her anger. She felt that she had never had such a good temper before and bargained with Qin Chen.

"Are you stupid? There was one in the Holy Medicine Garden before, but you came too fast and I didn't have time to collect it. Now, there should be one under this film too, otherwise this big array can't be so scary."

Qin Chen pointed to a certain position below, "Just there, there is a true pulse of the highest quality, dig it out and give it to me, I will leave immediately."

"It's impossible." Shangguan Gu Feng was angry, and at the same time, his heart was chilled. The guy's eyes were too venomous. The place Qin Chen pointed to really had a true vein of the highest quality, which provided the source of strength for the Suotian Great Formation.

"Bang!" Qin Chen didn't say anything. He pumped Murong Bingyun's **** again. This was too cruel. Murong Bingyun snorted and the corner of her mouth was bleeding again. She felt that her **** was no longer hers.

"what!"

She was going crazy, with disheveled hair, so embarrassed, she just wanted to hit her head to death, it was too shameful, how to live in the future.

"Okay, I'll give it to you, don't fight anymore."

Finally, Shangguan Gufeng couldn't stand it anymore, she took action, and immediately, that piece of ground was plowed and blasted, and there was qi gushing out, and below it was a white dragon-like true vein of the best quality.

Boom! Shangguan Gufeng shot, grabbed the top-grade true vein, and put it into a storage ring.

[Chapter 1887: True pulse explosion](#)

"give!"

Shangguan Gu's heart hurts and threw the storage ring to Qin Chen.

Qin Chen took it, put it directly away, and said happily, "It's pretty much the same. Wouldn't it be so much trouble if you were so obedient?"

"Buckling!" Shangguan Gufeng wanted to scold his mother, and wanted to scold these three words, but finally resisted, his lips trembled and his face was blue, extremely ugly.

"Don't pit me in a while, otherwise, be careful and I won't leave." Qin Chen said again.

Everyone fainted, is this guy addicted to living here?

"There is a kind of you really don't leave. Wait for the last half a month, wait for the Lord Palace Lord to come back, and see if you are not arrogant..." Someone wanted to say this, but looking at the iron-blue face of Shangguan Gufengzong, suddenly Dare to speak more.

Of course, Qin Chen just said casually, turned around and jumped into the opened exit, and then he warned: "You don't follow me, otherwise, be careful that I kill your Young Palace Master."

He slid into the exit of the passage in an instant, and rushed toward the misty palace.

"Master Zong, did you really let her go like this?" You Su said anxiously to Shangguan Gufeng.

"Otherwise? Are you sure you can save Murong Bingyun?" "Although Murong Bingyun is the Young Palace Master of my Misty Palace, he is only the Young Palace Master, and that guy has not only upended my Misty Palace. He also ruined the Holy Medicine Garden and took away a top-grade true vein. If you let him run away, then..."

The old man gritted his teeth and said: "The Lord of the Palace will definitely be furious when he comes back. Is it worth the loss for a Young Palace Master?"

"You mean to sacrifice Murong Bingyun?" "Master Zongshang, I don't mean that, I just think that compared with the current losses of my Misty Palace, the young palace lord is not enough, and the palace lord may not decide that the losses The palace lord has the means left on him. Rather than let the person leave, it is better to be strong

Take action, save the young palace master, and take down the kid. If there is nothing wrong with the Young Palace Master, then it is naturally best. Even if something happens to the Young Palace Master, I believe that the Palace Master will understand us..."

"Snapped!"

Nasu said nothing, Shangguan Gufeng slapped her face with a slap, and immediately flew her out, spouting a few teeth.

Shangguan Gufeng looked at her with an eagle-eyed face, and said coldly: "Let the old man hear such words again, I will kill you!"

"Zong Shang calms down his anger, Zong Shang calms down his anger!"

The old man didn't know where he was wrong, he hurriedly begged for mercy in fear, his mouth was full of blood, and he dared not speak anymore.

Whoosh!

Outside the Misty Palace Mountain Gate, Qin Chen flew out instantly.

"Finally escaped." Looking at the misty formation behind him, Qin Chen couldn't help but breathe a sigh of relief, and a huge boulder in his heart dropped.

Although he hadn't been able to leave the ruling area of Misty Palace, as long as he left the scope of the guardian formation, Qin Chen was completely relaxed.

He glanced at the storage ring that Shangguan Gufeng had given him, and suddenly sneered. There was a faint mark on the storage ring, which he had already noticed.

"It's naive to want to follow me with this, but I left you a big gift, I hope Shangguan Gufeng, you old witch will like it." Qin Chen shook his hand and threw the storage ring into the universe. In the jade dish.

The Universe Jade Plate is a small world of its own, which can isolate any marking and tracking means.

At the same time, a disc appeared in Qin Chen's hand, gently urged, the disc flashed slightly, and then quickly dimmed.

"Shangguan Xier, Shangguan Gufeng, this is a big gift I give you first!" Qin Chen muttered, then quickly put away the formation, took Murong Bingyun to tear the void in an instant, and shuttled towards the misty palace. .

"It's useless, you can't escape. It's impossible for Master Zong to let you go. You can't skip Master Zong following you at all." Murong Bingyun said coldly in the space turbulence.

"You just talk a lot of nonsense." Qin Chen slashed Murong Bingyun's neck with a palm, knocked her out, and then quickly moved through the void with Murong Bingyun.

Murong Bingyun is still useful now, he can't kill it temporarily, it's the same when he escapes.

Misty Palace.

"Master Zong, Young Palace Master naturally can't sacrifice, but what should we do next?" Hua Lingwu Emperor looked anxious after Qin Chen disappeared and couldn't help asking. "Don't worry, does that guy think he can get out of my misty palace alive? It's okay if he doesn't want the best true veins, he wants the best true veins, it's a dead end, on the storage ring, old man Leave a mark, no matter if he runs away

Nowhere, it's hard to escape the tracking of the old man. "

Shangguan Gufeng was very calm, which made everyone breathe a sigh of relief.

Damn, it turns out that Lord Zong had already prepared, so it's no wonder that he would obediently hand over the best true pulse to the other party.

Really, I didn't tell them sooner with this arrangement, which made them nervous.

"Perhaps that guy thought he could really run away." Someone sneered, with mockery in his voice.

"Let the old man feel it, where did that guy go?" Shangguan Gufeng closed his eyes and felt the mark left by him, but suddenly, her face changed.

"Master Zong, what's the matter?" When everyone saw that Shangguan Gufeng's expression was a bit wrong, they asked with concern.

"The old body can't sense the signal on the storage ring." Shangguan Gufeng said with some trembling.

"What? Can't sense the mark?"

The expressions of other people suddenly changed. The reason why they were so determined was because Shangguan Gufeng left a mark, which could easily trace Qin Chen, but once the mark disappeared, wouldn't it really make Qin Chen escape?

As soon as this thought came out, everyone gasped. Shangguan Gu Feng was frightened and murmured: "Impossible, how is this possible? The mark left by the old man is so weak that most people can't detect it at all. Even if the kid can detect it, it is impossible to give up the best quality. Pulse, only

It can be transferred to another storage ring, but as long as the highest quality real pulse is transferred, the old body can also perceive it, but now why it can't perceive any signs? "

Shangguan Gufeng really changed color, which completely exceeded her expectations.

"No, everyone listens to the order, and immediately follow me to follow the kid. Never let the kid run away." Shangguan Gufeng's reaction was extremely fast, and after not sensing the mark, he quickly recovered.

She was certain that Qin Chen must have not gone far, they followed, and it was also impossible for Qin Chen to escape.

And just when many powerful people in Misty Palace were about to rush out to track Qin Chen--

Rumble! Behind everyone, there was a sudden violent roar in the core area of Misty Palace, and then everyone saw with amazement that at the location of the Holy Medicine Garden, there was a violent explosion suddenly, a breath of palpitation. Crazy

Ascend, sweeping away in all directions.

There, a mighty spiritual vein exploded in an instant, and the terrifying true Qi rose up into the sky like a pillar of heaven, and burst into the misty palace in an instant. It is the true vein of the best in the holy medicine garden.

[Chapter 1888: The end is coming](#)

"It's the Holy Medicine Garden, the best true vein in the Holy Medicine Garden!"

"what happened?"

"Oh my God, what is going on?"

"Why the Supreme Zhenmai suddenly exploded?"

"Look at Suotian Great Array?"

A sound of horror sounded, everyone raised their heads, and then they saw in horror that the lock sky array on the top of the Misty Palace shook violently, ka ka ka, while shaking, cracks began to appear on the formation, the entire lock The Great Array began to collapse.

"No, Suotian Great Array is about to collapse."

"How is it possible that the Suotian Great Formation is the top formation of our Misty Palace, the formation of the ninth level."

"Yeah, this is the formation of the ninth level peak, even if it is the peak Martial Emperor, it can't be broken, why is it suddenly collapsed?"

"what!"

Everyone in Misty Palace was yelling, because it was really scary. This was the ninth-level peak formation. Back then, masters such as Qidian and Xuanyuan Empire came to attack Misty Palace. After being trapped, they couldn't break through. Out of this big array.

Why is this big array going to collapse suddenly?

Even if it was an explosion of the best true vein, it wouldn't be so.

All of them had horror on their faces, and the scene before them was too frightening.

As the heavenly arrogances of the Misty Palace, they have always watched the sky every second, but now they are really scared, trembling, and greatly frustrated.

"boom!"

Under everyone's horrified gaze, a mountain top exploded, where it turned out to be a base of the Suotian Formation, but at this moment, it collapsed and exploded, and the impact directly blasted a mountain top, and countless rubbles splashed. This scene is terrifying.

Rumble!

Pieces of stones as big as human heads, small hill-like stones fell, and fell to the ground with a violent roar, and the entire mountain range was trembling.

Normally, those who can join the Misty Palace are top masters. The weakest people who survive in Misty Palace are the seventh-order Martial Kings, and even some maids, and some of the hand-in-hands are also Martial King level masters.

But more often it is Emperor Wu, a powerhouse of the Emperor Wu level.

The explosion of a mountain top is not enough to attract their attention, because it is too boring. Any seventh-order martial king can chop over a mountain with a single sword, and an eighth-order martial emperor can blast a mountain with one palm. Emperor Wu Tian could smash a mountain with one finger.

But the point is that it was Misty Palace that exploded.

This psychological impact is ten, a hundred, and a thousand times more terrifying than the impact on the line of sight!

"Boom!"

Next, some buildings in the Misty Palace also exploded. Underneath these buildings were the formations of the sky-locking formations. Now the formations exploded, and buildings suddenly burst into pieces and fell apart.

"what!"

Some people screamed and rushed out of the explosion. They were covered in blood and extremely embarrassed. Some women rushed out without wearing clothes, naked*, and some even wore their belly pockets. At this moment, they just fled and left the explosion. After the area, they hurriedly took out the clothes from the storage ring and put them on.

This is their home, but now it's all destroyed!

The **** guy, a thousand swords and a thousand swords are not enough to relieve his hatred.

Boom boom boom...

And this is just the beginning.

I saw a series of roars, and in an instant, explosions spread from all parts of the Misty Palace, and the earth split. The power of this explosion was so powerful that cracks appeared in the sky and the void was shattered.

This scene is too scary, just like the end of the world.

Is the end of the world coming?

"Master Zongshang." Emperor Hua Lingwu and others watched this scene in horror, building after building, one after another, violently roaring.

She shook completely. As the deputy master of the Misty Palace, she hadn't seen any big scenes, hadn't experienced anything?

But this kind of thing is really the first time.

Can you not panic?

"It's that guy, it's definitely that guy, who detonated the Supreme True Veins. I said that why didn't that person dig out the Supreme True Veins in the Holy Medicine Garden. He was not afraid to disturb us at all, but to completely destroy the foundation of my Misty Palace. Drop it."

Shangguan Gufeng also woke up at this time and roared.

She finally understood Qin Chen's plan and Qin Chen's plan, and her nails were pierced into the palm of her palm, and the expression on her face was extremely ferocious, like a ghost.

She looked around and saw that it was too tragic. Several buildings were exploded directly, and there were many rare objects stored in them, but now, they were exploded directly and disappeared.

This is the foundation of the Misty Palace for hundreds of years.

"Listen to the order, everyone listens to the order, give me the order, take action immediately, suppress these formations, must not let these formations explode, must not let the Suotian Great Formation collapse, otherwise our Misty Palace will really be over."

Shangguan Gufeng roared, his voice stern, anger and ferocious, like a madman, full of panic.

Can you not be crazy?

She knows too much about this great formation.

The Suotian Great Array itself is the ninth-level peak formation. Over the years, after numerous reinforcements, it has been thoroughly integrated with the Misty Palace.

Now under the Misty Palace, there are a total of thirteen true veins, and each of them is above the upper-grade true veins.

These true veins were all excavated from the bottom of the sky in the Misty Palace during these three hundred years. After two to three hundred years of fusion, they have been thoroughly integrated with the Suotian Great Array and become one.

This is also the reason why Shangguan Gufeng was so confident before, that Qin Chen couldn't escape from Misty Palace no matter how he escaped.

Because under the blockade of such a large formation, even she could not escape herself, how could others escape.

But in the same way, the Suotian Great Array must never collapse or explode.

Once it explodes, the Misty Palace will be completely finished.

The Suotian Great Array is the foundation of the Misty Palace, which is connected with 13 true veins. Once the Suotian Great Array collapses and explodes, then those 13 true veins will also explode. At that time, the foundation of Misty Palace for hundreds of years, Will be completely destroyed.

"Boom!"

Shangguan Gufeng moved, and her whole body exploded into the sky, and she burst into the sky, like a giant dragon, sweeping through the Misty Palace, blending into every part of the Suotian Great Array. The collapse was suppressed.

But how can she do it alone?

This is a large formation of Suotian, not some ordinary nine-level formation.

Click!

Under the suppression of Shangguan Ancient Wind, the Suotian Array immediately became much quieter, but soon it began to shake again, and the shaking became more and more intense.

"What are you waiting for? Are you still trying to suppress it? Where's the master of formation? Where are you all dead?" Shangguan Gu was trembling with anger, and she spit out a mouthful of blood. This is because her body was injured. How about her alone? Can you stop the power of Suotian?

[Chapter 1889: Head is big](#)

"Quickly, go and help Master Shangguan Gufeng."

"Suppress the big array."

"Quick, why are you so slow, didn't you **** eat?"

"Where is the master of formation? Where are the masters of formation in the Misty Palace?"

"Are all the **** dead?"

All kinds of anger are endless, Hua Lingwu Emperor is anxious, can you not be anxious? The Misty Palace is going to be ruined, it is really going to happen, and ten heads are not enough for her to cut!

At this time, it embodied the methods of Emperor Hua Ling Wu, who can become the deputy palace master at the peak of the mid-term peak of Wu Emperor. She does have her methods. Although not against the sky in strength, she is indeed a genius in command.

"You guys go to suppress the formation for Master Shangguan Gufeng, you guys, immediately go to the master of the formation, let them repair and suppress the key points of the formation, and you go to rescue the various members of our Misty Palace. Kind of treasure, make sure that the treasure cannot be destroyed..."

Orders were issued one by one, and suddenly many powerful men under the orders of Emperor Hua Ling Wu took their actions one after another to suppress the Suotian Great Array.

Hum!

The Suotian Great Formation, which was about to collapse, was quiet at this moment. How terrible is it that so many masters shot together? Suotian suddenly calmed down and stopped collapsing.

However, this is not to say that the Misty Palace is safe. Once the suppression is stopped, the Suotian formation will continue to collapse. The most important thing is to repair the formation. At least, prevent the formation of the formation from exploding. influences.

Otherwise, more than a dozen true veins will explode together, and the Misty Palace will really be over.

The Misty Palace is the top power in the mainland. Naturally, there are not a few Array Mage in the palace. Suddenly a famous Array Mage was mobilized and began to analyze the problems of the Suotian Array.

They first came to the Holy Medicine Garden to observe the place where the explosion started. At the beginning, there was a problem with the Supreme True Vein here, which led to the destruction of the Suotian Formation, indicating that this was the source.

Today's Holy Medicine Garden, not to mention the elixir, even the dirt is not visible, a mountain top was completely blown up, and the best true veins below were scattered, riddled with holes, and almost turned to ashes.

Qin Chen's previous arrangement had long since disappeared in the explosion, leaving only a mess.

Easy to damage and difficult to repair!

Seeing this scene, the faces of these mages turned green.

The Supreme True Vein of the Holy Medicine Garden is the core of the Suotian Great Array. This True Vein is completely destroyed, how can they repair it?

All of them are big.

But they didn't dare not repair them, they discussed with each other, sweating.

"Have you not discussed the countermeasures yet?" Emperor Hua Lingwu was anxious. This has been an hour or two. Small problems in the formation of other places have begun to be repaired, but the control core has not been activated at all.

Master Shangguan Gufeng and the others suppressed the Suotian Great Array, and consumed a lot of strength every moment. Waiting for a while is equivalent to a bit more risk.

"Vice Palace Master Hualing, it's not that we don't repair it, but the damage here is too serious. We don't know where to start?"

Several top formation masters sweated and said again and again.

Simple repair is no problem, but it needs to be completely repaired. This is not a matter of a short while.

"Let us help."

At this moment, a gloomy voice rang.

In the Holy Medicine Garden, a group of people in black suddenly appeared.

It is a member of the alien demons.

Yemoshi and Zhengkong were among them, their expressions solemn.

The Misty Palace is also their home, and if the Misty Palace is destroyed, they will not be pleased.

Moreover, over the past few hundred years, their alien demons have also used prohibitions to integrate into the Suotian Great Array, strengthening the power of the Suotian Great Array.

Therefore, the understanding of the Suotian Great Array even surpasses the Array Mage of this group of Misty Palace.

With the addition of this group of alien demons, the formation masters suddenly relaxed a lot, and the two sides quickly began to repair them.

Although the efficiency is very low, at least it is improving.

Ever since, a group of people from Shangguan Gufeng worked hard, suppressing the Suotian Formation and repairing the Suotian Formation.

Before the Suotian Great Formation can be completely repaired, they probably won't have time to track Qin Chen.

And this repair time, Shangguan Gufeng does not know how long it will take, one day, two days, three days? Still more!

"Damn bastard, when the old body is free, he must be broken into pieces." Shangguan Gu Feng became more and more angry, looking at the messy misty palace below, his heart was furious.

"Om!"

At this moment, a message jade slip on Emperor Hua Ling Wu suddenly shook.

When Emperor Hualing Wu saw the content on the jade slip, his face suddenly showed joy.

"Shangguan Gufengzong, the disciple received a summons from the Lord Palace Master. After receiving the news from me, the Lord Palace Master has already left Mo's house and will be back soon."

Hearing that, everyone on the court was like chicken blood, and all the faces of the tired people were all showing excitement.

As if this sentence gave them infinite confidence.

"Okay, hold on, everyone, the lord of the palace will come back soon, then my Misty Palace will be shameful." Shangguan Gu Fenghan said.

Naturally, Qin Chen didn't know all this. At this moment, he was fleeing with Murong Bingyun.

In order to prevent being tracked, Qin Chen first took off the armor from Murong Bingyun's body and checked it several times. After finding that Murong Bingyu did not have any marks on his body, he quickly fled with her.

Along the way, Qin Chen was building a space teleportation array and traveling through the void. After only half a day, he had already left the territory of Misty Palace.

"Finally escaped." Although Qin Chen left behind and promised that he would not be tracked, he still felt that he was not very safe. Now he finally escaped from the control of Misty Palace, he was relieved.

"Little Chen, now that we have left the territory of Misty Palace, shouldn't it be time to return to Ji's house, and this guy..." In the Universe Jade Plate, Ji Ruyue frowned as she looked at the unconscious Murong Bingyun.

"No!" Qin Chen shook his head, very decisive, "I can never go back to Ji's house now."

Although he escaped, but the Misty Palace suffered such humiliation, how could he give up and go crazy and follow him, now returning to the Ji family will cause trouble to the Ji family and put the Ji family in desperation.

Although Qin Chen escaped from the Misty Palace, playing Shangguan Gufeng and the others went round and round, but in fact they did not dare to underestimate the power of Misty Palace.

One must think of a way to draw the attention of Misty Palace, and it must lead to disasters, otherwise Misty Palace will find out on himself sooner or later, at least Ji Hongchen will be a flaw that cannot be considered a flaw.

What's more, Shangguan Xi'er is now in Mo's house, and will rush to Misty Palace after receiving the news, but he goes to Ji's house. Isn't this hitting Shangguan Xi'er on the head?

"Where should I go?" Ji Ruyue was puzzled.

"I can't go back to Ji's house anyway, let me think...I have!" Suddenly, Qin Chen's eyes lit up and he thought of a good idea.

"Go to the Xuanyuan Empire!"

His eyes flashed, and with Murong Bingyun, he immediately hurried towards the territory of the Xuanyuan Empire.

Doing what he thought of, Qin Chen hurried towards the territory of the Xuanyuan Empire. Now the Xuanyuan Empire and the Hall of Law Enforcement are in dire straits, and the Mo Family and the Xuanyuan Empire are also in conflict. If you enter the Xuanyuan Empire again, even if you are tracked by the Misty Palace, you will be attracted to Xuanyuan.

Go in the empire.

"Hey, Feng Shaoyu, Ben Shao asks you to reduce interest first, so that you can have a conflict with an adulterer."

Qin Chen didn't ride any official large teleportation formation, which was natural because it was too dangerous.

But the Xuanyuan Empire was too far away. It would take at least half a month to fly past even at Qin Chen's speed. During this period of time, once Shangguan Xier came back, he might be able to track him down.

For some reason, Qin Chen had always been jealous of Shangguan Xi'er, and she was not simple.

This is an intuition. Although there is no reason, it makes Qin Chen extremely vigilant.

Fortunately, Qin Chen was a master of formations and could construct a spatial teleportation formation. He was building a spatial channel while hurried to the road, and finally entered the Xuanyuan Empire three days later.

This is Yongzhou, a large state in the Xuanyuan Empire, towering tens of thousands of miles, with numerous sects and gathering of powerful people. The Xuanyuan Empire is a centralized empire, and the power of the entire empire is concentrated in the center of the empire. Although there are various sects in the empire, fighting against each other, once the empire has orders, all the sects will be soldiers and obey the empire. of

command.

Such a system has also created many terrifying sects.

This is the case in Yongzhou.

Within the territory of Yongzhou, the most powerful is not the imperial officials of the city of Yongzhou, but the Tianmenzong of Yongzhou.

Tianmen Sect is the overlord of Yongzhou, and he is in charge of Yongzhou. It is very powerful and domineering, enough to be called the top group of the second-line sects on the mainland.

This is because the territory of the Xuanyuan Empire is too vast. Over the past two to three centuries, many empires have been annexed, and the Tianmen Sect in Yongzhou was actually one of the top sects in an empire of Wuyu two hundred years ago. Come.

There are many such sects in the entire Xuanyuan Empire.

Perhaps a single sect is not comparable to a top power such as the ancient Fangjiao, but in fact, several sects joined together, but it is enough to compete with the ancient Fangjiao forces, and it can also be seen that the Xuanyuan Empire is terrible.

Qin Chen arrived in Yongzhou for the first time now.

"It's almost here. If you continue to go deeper, it is very likely that it will alarm the top masters of the Tianmen Sect in Yongzhou.

Qin Chen stopped in the vast primitive mountain range, looked at Murong Bingyun, a trace of killing intent flashed in his eyes.

Since Duo couldn't afford Murong Bingyun, he could only kill her.

Huh!

Qin Chen's eyes were cold, and a palm slammed down on Murong Bingyun's head, trying to wipe her out on the spot...

And when Qin Chen arrived in Yongzhou.

Misty Palace!

Shangguan Gufeng and others are still struggling.

Three days later, the Suotian Great Array still has not been completely repaired, but compared to the beginning, it has already saved a lot of effort, at least the tyrannical power is not so strong.

However, Shangguan Gufeng and the others still cannot evacuate. Once they evacuate, they will inevitably lead to the collapse of the Suotian Formation.

"How long will it take to complete the repair?" Shangguan Gu Feng vomited three liters of blood over the past three days, gritted his teeth and asked.

"Going back to the sect, it is too difficult to repair this lock sky formation, at least half a month..." Several formation masters said with trembling.

As soon as their voices fell, a terrifying aura appeared in the void ahead.

Hum!

The void cracked, and several horrible figures came out from it. The leader, wearing a phoenix crown and phoenix robe, had a superior temperament. A red robe stretched into the void, which was ten miles long, floating in the wind.

This woman is so beautiful and has a superb temperament, like a tall female emperor, gazing at the heavens.

The sun, moon and stars all flowed and surrendered in the palm of her hand, and the will of heaven and earth was under her control.

Behind her, there are a few powerful men with extraordinary aura, who are equally murderous, and are definitely masters of the peak martial emperor level, but in front of this woman, they are extremely humble, as if there is no sense of existence.

"Master Palace!"

"Subordinates have seen Lord Palace Master!"

"Master Palace, you finally came back."

"Master Palace!"

Seeing this superb woman, the faces of many powerful people in Misty Palace showed ecstasy, and they bowed and saluted, their faces were pious, as if they had seen the **** in their hearts, and at the same time they showed a panic.

The person here is Shangguan Xier, the heroine!

Shangguan Xi'er walked out of the void, her eyes fell in the misty palace for the first time, and she suddenly chilled when she saw a messy scene.

Although she knew about the Misty Palace a long time ago, she didn't expect to be so embarrassed.

boom!

The anger in my heart burned instantly.

Suddenly, the sky darkened, and in everyone's perception, between heaven and earth, there seemed to be stars falling, falling and destroying under Shangguan Xier's anger.

What a power this is!

"Emperor Hualing Wu, what happened? I asked you to sit in the Misty Palace for this palace. Did you sit like that?" Shangguan Xi'er said coldly, killing intent in his eyes, and the void would be sealed by ice. .

"The palace owner is forgiving, and his subordinates are incompetent, and the crime deserves death."

Emperor Hua Ling Wu knelt down with a thump, without any begging for mercy, full of fear and trembling.

"Palace Master, the villain is too cunning, and I will be counted." Shangguan Gufeng spoke, and in front of Shangguan Xi'er, she actually called the Palace Master.

Because, in Misty Palace, Shangguan Xier is the supreme authority, and no one dares to disobey.

"This sky-locking formation was also destroyed!" Shangguan Xi'er ignored them, her eyes that could see through everything suddenly swept across the entire Misty Palace, and then she shot.

The slender jade hand stretched out, and there was a buzzing sound, originally shaking, the suppressed Suo Tian suddenly quieted down, like a rabbit shivering in front of a tiger.

Wow!

Shangguan Xi'er raised his hand, and runes spread out quickly, and, with a black aura, instantly merged into the control core where the Holy Medicine Garden was located.

After half an hour, the entire Suotian formation calmed down, and the control core that had been severely damaged was simply repaired.

This kind of mighty force shocked everyone.

The Lord of the Palace is indeed invincible!

"Where is Murong Bingyun?" With a glance, Shangguan Xi'er noticed that Murong Bingyun was missing from the crowd.

Before Shangguan Gufeng had time to answer, Shangguan Xi'er frowned suddenly and turned her head abruptly, her eyes seemed to be able to penetrate the endless void, and she instantly looked towards the Xuanyuan Empire.

"The clone I left in Bingyun's body has awakened. Someone wants to kill Bingyun. They are so brave. This palace wants to see, who dares to kill my Misty Palace Master, die!"

boom!

The void exploded, and Shangguan Xi'er disappeared in an instant, coming fast and going fast, and disappeared between heaven and earth in the blink of an eye.

"You continue to repair the formation."

Shangguan Gufeng let out a cold cry, and the next moment, he also tore through the void and chased after him.

call! A black shadow also flashed in the void and disappeared, but almost no one noticed it.
