### [Chapter 1891: War Shangguan Xier](#)

In the Xuanyuan Empire, Qin Chen slapped Murong Bingyun with a palm, and wanted her to be here.

But when his palm just fell on top of Murong Bingyun's head, suddenly, a feeling of extreme danger rose from the bottom of Qin Chen's heart, and then Murong Bingyun's body suddenly filled with terrible power.

With a bang, this power was terrifying, soft with strength, and femininity with domineering, not only blocked Qin Chen's blow, it also shook Qin Chen away in an instant.

A ray of light appeared, rising from Murong Bingyun's body, floating in the air, showing a graceful posture.

This is a peerless beauty, high above, with the appearance of an alluring city, her eyes are like stars, and her eyes are shining, and when she appears, she exudes an aura like a king over the world, staring coldly at Qin Chen.

"Who is it, dare to move the Young Palace Master of my Misty Palace?"

The sound containing killing intent sounded, and the void was trembling, as if unable to bear the power of this sound, the beautiful palace-dressed woman stared at Qin Chen coldly, and the invisible power penetrated and fell on Qin Chen, feeling as if Thousands of needles \*\*\*\* the body, the pain is unbearable.

It's terrible. It's just a look in the eyes. It has such power. Is this still a human?

"Shangguan Xier?"

Qin Chen was wearing a mask, and his voice was old and coldly, but in his voice, there was trembling, anger, and endless hatred.

This is not fear, but excitement.

Three hundred years of vicissitudes and vicissitudes, Qin Chen saw Shangguan Xi'er once again. Although it was only a clone, it was Qin Chen's real truth. After rebirth, he saw Shangguan Xi'er for the first time.

This woman who has made him turn a thousand times, this woman who once directly pierced his body with a dagger, this woman who is high above, laughing coldly in Death Canyon.

Looking back at everything in the past, Qin Chen was shocked and angry, and all kinds of tastes were mixed, and he couldn't tell the taste.

Looking back on that year, Qin Chen felt so ridiculous now that he still couldn't understand that a woman could be such a scorpion.

"Hmph, your Excellency actually did something to my Misty Palace disciple, die!"

Shangguan Xier snorted coldly, and stretched out her slender jade hand. This is just a clone. The palm of her hand is illusory and not solid. But when it came out, the void broke open. Boom, a huge gap in space appeared. Between heaven and earth, like a sharp blade, directly slashed towards Qin Chen.

"Huh, it's just a clone, do you think it can stop me? No one can stop the person you want to kill!"

Qin Chen snorted coldly. He naturally saw that the phantom in front of him was not Shangguan Xi'er's real body, but just a clone. It had been lurking in Murong Bingyun's body before and had not been awakened.

This Shangguan Xi'er was indeed fierce. Murong Bingyu had never been able to activate the clone she left behind in the previous encounter with Murong Bingyu. Only when the real death came would this clone be activated and awakened.

Qin Chen waved his fists, and suddenly the endless and terrifying aura of killing rose to the sky, turning into a mighty storm of \*\*\*\* power, and blasted out like lightning.

In his opinion, no matter how strong Shangguan Xi'er is, it is only a clone. Even if Shangguan Xi'er's strength has reached the peak martial emperor realm, a clone should be fearless.

But when the two forces collided, Qin Chen's expression suddenly changed.

boom!

An astonishing roar resounded throughout the world, and the hundreds of li-long spatial cracks collided with the sky full of fists, and the mountains below were immediately shattered, and some low-level blood beasts burst directly, leaving no bones.

Amid the roar, Qin Chen snorted and flew out. The blood in his body surged, and there was a sweet and fishy smell in his throat, and he almost spewed a mouthful of blood.

How is this possible?

Qin Chen was shocked, just a clone, Shangguan Xier was so strong?

He was not angry, and continued to shoot.

Suddenly, the sky fell apart and the killing fist burst out. It was terrible. This kind of destruction made the world and the earth change color, as if the end was coming.

Boom!

In a fierce fight, a large hole appeared directly in the mountains below, which was a hundred miles long and a hundred meters deep, shocking.

Qin Chen was more frightened by the battle. Shangguan Xi'er's fear was far beyond his expectation. It was just a clone, and he was fighting with him.

How terrible is her body then?

"hateful!"

Hum!

There are endless rules lingering in Qin Chen's body, operating the power of spatial rules.

Suddenly, the space was misty, and a series of mighty space forces filled out, trying to consume Shangguan Xi'er's power.

"Space rules?!"

Shangguan Xi'er sneered, she raised her hand, and the void froze all at once, frozen there, motionless.

Qin Chen's power of spatial rules is actually invalid.

"impossible!"

Qin Chen was shocked, this Shangguan Xi'er's spatial power was too strong and completely exceeded his expectations.

How could there be such a strong space force in this world.

"I don't believe it, the way of destruction!"

Qin Chen yelled, if even Shangguan Xi'er's clone can't be solved, how can he still talk about revenge?

boom!

Under this blow, the world changed color, and the mighty power of destruction rushed in instantly, and Shangguan Xier's clone finally changed color for the first time.

now.

I don't know how many miles away from here.

Shangguan Xi'er was rushing frantically, her speed was too fast, her figure shuttled in the void, the turbulence of the space turned into a blurry scene, and one step was thousands of miles away.

This kind of speed is almost faster than the space teleportation large array.

Her body was enveloped by a faint halo. I didn't know what this halo was, but it suddenly left the endless space behind.

This is a kind of original power, burning, in order to save Murong Bingyun, Shangguan Xier directly urged this mysterious power, her face is solemn, it is obvious that this power is urged, and she has a huge pressure on herself.

This is natural, it must be known that she had never been so crazy after receiving the news that the Misty Palace was attacked in the Mo family.

At this moment, Shangguan Xi'er, who was on the way, raised her head suddenly.

"What a powerful destructive force, with a will to death, what is the rule? Is the rule of destruction? Or the rule of death?"

Although she couldn't snoop into the scene where the clone was, she could feel the power through the clone.

This is not in the Guyu Realm. When Qin Chen killed Emperor Feng Lei's son, Feng Shaoyu could not communicate with her clone in the Guyu Realm, but in the Martial Realm, Shangguan Xi'er could feel her clone. Facing some vague situations.

But now, her clone is in trouble.

"Damn it, who is that person? Daring, dare to kill Bingyun, the crime deserves to die, you can't let the other party consume it like this!"

Shangguan Xi'er was furious, and her pupils suddenly exploded two powers of nothingness. The void passage in front of her suddenly split, and a source of power penetrated the infinite void and passed it directly.

### [Chapter 1892: Beyond Wudi](#)

Xuanyuan Empire Yongzhou.

Shangguan Xi'er's clone was quickly disappearing under Qin Chen's destructive power.

But suddenly, she raised her head, and between her eyebrows, a bright glow suddenly burst out, and the void in front of her suddenly opened a passage of nothingness.

"Xunzi Channel!"

In this passage, an invisible power permeated, but it was not the power of space. It was very mysterious, which made Qin Chen feel shocked deep in his heart.

What power is this?

Qin Chen changed color, but the attacks in his hands kept on, and he continued to make violent shots.

However, from this void channel, a force suddenly descended, and Shangguan Xi'er's clone seemed to be connected to something in the void, and a terrifying force instantly descended upon Shangguan Xi'er's clone.

In an instant, the strength of Shangguan Xier's clone skyrocketed.

"boom!"

She poked out Qianqianyu's hand and shredded Qin Chen's Destruction Avenue in an instant. The next moment, her palm was directly on Qin Chen's chest.

"puff!"

Qin Chen was blasted out directly, spurting blood violently, and the Eighth Body of the Immortal Body could not resist this terrible force, and was injured on the spot.

If it weren't for the Space Eucharist that had escaped the most important attack at the moment of crisis, this blow would be enough to explode his body.

"No, Shangguan Xier's body is connected with the clone, transmitting power."

Qin Chen changed color. Although he didn't know what the XuZi channel was, he could still see that what had been instilled into Shangguan Xier's clone was Shangguan Xier's main power.

In other words, Shangguan Xier's body is coming quickly.

"No, you must kill Murong Bingyun before she arrives."

Even a clone that gains a trace of the body's strength can seriously hurt him, so how terrible is Shangguan Xi'er's true strength? Qin Chen couldn't imagine it at all.

What Ji can't and Shangguan Gufeng are not opponents, even far behind.

"Lao Yuan, help me!" Qin Chen asked Lao Yuan in the Universe Good Fortune Jade Plate for help.

Because, Qin Chen felt that he could not defeat Shangguan Xi'er's clone only by relying on his killing fist and space rules and destroying the Avenue of Death.

In fact, Qin Chen also had some assassins, such as the mysterious rust sword and the sky thunder sword, as well as treasures such as the Demon Cauldron, but Qin Chen did not dare to use it.

Because, once these treasures are displayed, his identity will be exposed immediately.

But Lao Yuan is different. As long as he hides it well, only Shangguan Xi'er is a clone, he shouldn't find it.

"it is good."

Lao Yuan agreed, and immediately, the power of a source beast poured into Qin Chen's body.

"kill!"

Qin Chen's aura skyrocketed, and he blasted out with another punch. At this moment, the sky exploded directly, and the void within a thousand miles turned into a turbulent flow of space, engulfing Shangguan Xier.

However, it was useless, Shangguan Xier was still alive.

how can that be possible?

Qin Chen shook wildly.

This is just a clone!

Even if the body transmits power, it is still limited, and it is impossible to use the clone to exert the power of the body.

Because, whether it is the power of the bloodline or some other special means, the clone cannot be used.

But now?

With only one clone, he can't even kill?

And still used some of the power of Lao Yuan.

With Qin Chen's current strength, combined with a trace of Lao Yuan's strength, although it may not be able to kill the peak martial emperor, it is not difficult to injure the opponent.

But he couldn't destroy a clone of Shangguan Xi'er.

It's amazing!

"Little Qin Chen, the strength of Shangguan Xi'er may have exceeded the realm of Emperor Wudi." At this time, Lao Yuan's voice came with solemnity.

"Beyond the realm of Emperor Wu, what do you mean?" Qin Chen was shocked.

"Let's put it this way, from this clone of Shangguan Xi'er, I felt a breath that surpassed Emperor Wu, but it was very vague... I didn't see the real body, I am not sure, but it is certain that this person has definitely touched it. A trace of the realm of Empress Wu."

hiss!

Qin Chen sucked in air. He had always highly estimated Shangguan Xi'er's strength, but he did not expect that he actually underestimated it.

No wonder he has always had an inexplicable jealousy.

"Speaking of which, can't I kill this clone?" Qin Chen said solemnly.

"That's not necessarily. It's not impossible that you want to destroy her clone now. As long as I instill the strength of my body into you to the maximum, plus your many treasures, it will be the same as when I dealt with Naji in the Ji family ancestral land. , There should be a 60% chance of killing this clone." Lao Yuan said again: "But in this way, if you can kill this clone, I may also be exposed."

"So troublesome?" Qin Chen's heart sank.

This is just a clone of Shangguan Xi'er. In order to kill a clone, is it cost-effective to expose the identity of Lao Yuan and himself?

"Ok?"

While Qin Chen was thinking, suddenly, his gaze condensed, and he turned his head. In the distant void, several terrifying forces were coming quickly.

"Is this the strong in the Xuanyuan Empire's Yongzhou area?" Qin Chen's heart sank.

The speed of this master in Yongzhou is too fast.

It was already troublesome right now, and the experts in Yongzhou, who sensed the fluctuations here, had already rushed for the first time, prompting Qin Chen to finally make a decision.

"go!"

He took a deep breath, without looking back, without even looking at Guan Xi'er, turned around and left here.

The result of exposing all of himself was to destroy a clone of Shangguan Xi'er and kill Murong Bingyun, although there would be a bit of hatred, but it had no practical meaning.

On the contrary, after Shangguan Xier knows his identity, Chendi Pavilion will face the disaster of extinction.

All my previous arrangements were wasted.

Whoosh!

Qin Chen flees into the void, the space fluctuates for a moment, and he is completely calm, leaving no breath.

After that, he did not leave the Xuanyuan Empire for the first time, but directly ransacked towards the resident of Yongzhou overlord Tianmenzong.

Now that it has come, why don't you give some eye drops to the Xuanyuan Empire and Misty Palace?

Shangguan Xi'er's clone did not chase it, because it was just a clone and had no autonomous consciousness. After not perceiving the danger, he swished and re-entered Murong Bingyun's body. Murong Bingyun was originally in a coma and suspended. The figure in the sky suddenly fell slowly.

And just now!

Hum!

The void in front suddenly split open, and several terrifying figures came out.

These people, wearing the costumes of the Tianmen Sect, are murderous, and they are the masters of the Tianmen Sect, the overlord of Yongzhou.

As soon as they appeared, they saw the scene below, and their eyes suddenly shrank.

This battle scene was too terrifying. The mountains below were almost flattened. This level of power was at least caused by the giant Emperor Wu.

"My lord, look there, there is a woman."

Suddenly, someone saw Murong Bingyun falling down and exclaimed.

### [Chapter 1893: Tianmenzong](#)

"Woman?" Everyone looked over, their eyes condensed suddenly, and they all showed amazing colors.

Beautiful, so beautiful!

They are also well-informed people, but they never imagined that there would be such a beautiful woman in this world.

Long hair flying, wearing colorful armor, skin like jade.

Murong Bingyun fell from the sky so weakly, that sacred temperament and beautiful face made everyone's heartbeat speed up and speed up.

This is the rhythm of love.

If they were all young people, I am afraid they would fall for Murong Bingyun in the first place and regard her as the lover of his dreams.

But these people are the top powerhouses of the Tianmen Sect, the Wudi giant, and soon healed his mind.

"How could such a woman appear here?"

"And I have clearly experienced an amazing battle just now."

"You look at the mountains below. You and me may not be able to create these scenes, right?"

"What is the identity of this person?"

After being surprised, everyone is confused and full of doubts.

Because of such a scene, it was too terrifying, and the breath remaining in the void made them feel a little shocked, which was beyond their understanding.

"The previous battles and scenes here were not made by this woman, right?" Someone couldn't help but say something.

This made everyone \*\*\*\* in air.

This is too exaggerated. The woman in front of him, who is at most twenty years old, can create a scene that is no weaker than the fighting of the late Martial Emperor giants. Is this too exaggerated?

"Impossible." The Sect Master of Tianmen also shook his head: "Although this woman's cultivation is very strong, it is only the first peak Martial Emperor. The previous fighting aura, even this sect's heart palpitations, could not have been created by this woman."

The Tianmen Sect Sect Master explained it for the first time, and everyone was immediately relieved.

Otherwise it would be too shocking.

But even so, such a young imperial Emperor Wu had already shocked them and felt inferior.

The Tianmen Sect was also one of the top sects of the Xuanyuan Empire anyway, but the top Tianjiao among them was also the nine-day martial emperor who broke through at about forty years old. Compared with the woman in front of him, he was far away.

"But no matter what, even if the previous movement here was not made by this woman, it should be related to this woman." Someone said at this time.

Everyone nodded, this is natural.

They were alarmed by the fluctuations here, and they rushed to see Murong Bingyun for the first time. It would be ridiculous if someone said that it had nothing to do with the woman in front of him.

"At a young age, with such a cultivation level, what is the origin of this woman?"

Next, everyone had doubts about Murong Bingyun's identity.

To be sure, there was absolutely no such woman in the Xuanyuan Empire, otherwise it would be impossible for them to not know.

But if this woman is not the heavenly arrogant of the Xuanyuan Empire, what forces in the world can cultivate such a powerful person?

As soon as this thought came out, everyone's expressions solidified, even revealing a hint of coldness.

"This woman, isn't it a member of Misty Palace?" There was a cold voice, and a strong man from the Tianmen Sect said coldly.

As soon as this statement was made, the atmosphere on the court suddenly became cold.

Now the Xuanyuan Empire is on guard, and the conflict with the Hall of Law Enforcement and the Mo Family has intensified. If they are from the Misty Palace, wouldn't they be their enemy?

To deal with the enemy, it is natural to kill them all.

"It's very possible, but it's not absolute." Tianmen Sect Master said in a deep voice, "Factors like the Magic Sect, it is also possible to cultivate such Tianjiao."

"Right!"

"The people of the Demon Sect, all of them cover their faces, and this woman may be the witch of the Demon Sect."

Everyone nodded.

It's like saying to others, it's like saying to myself.

Because Murong Bingyun is so beautiful and pitiful, if the opponent is from Misty Palace, then they will definitely kill him. This makes everyone unbearable.

On the contrary, the other party is from the Magic Sect, which is more acceptable.

In the end, the Tianmen Sect Master made a decision, "Take this woman back, and after she wakes up, she will ask about her identity."

A group of people held up Murong Bingyun, and immediately swept towards Tianmenzong.

Qin Chen rushed to Tianmenzong one step ahead of them.

Forces such as Tianmen Sect naturally also have a large array of guarding sects, and the formation outside the mountain gate is still very strong, and it is also a ninth level, but it is much worse than the misty palace.

For Qin Chen, such a formation is of course nothing. It can be easily broken, but he did not do so, because it would easily arouse the alarm of the Tianmen Sect.

Whoosh!

He entered the Universe Jade Plate, turned into a mustard seed, and floated directly onto a disciple of the Tianmen Sect, and entered the Tianmen Sect Mountain Gate through the other party.

This disciple's cultivation was only the pinnacle of King Wu, so naturally he couldn't notice all of this.

And Qin Chen didn't waste time in the jade disc of good fortune in the universe. He took out the storage ring of Shangguan Gufeng and directly extracted the highest quality vein inside.

"Boom!"

I saw a huge true vein like a white dragon appearing in the Universe Good Fortune Jade Plate, exuding an extremely rich heaven and earth true energy, and the entire Universe Good Fortune jade plate was filled with Bai Mengmeng true Qi, almost quickly turning into liquid. Up.

Qin Chen played a few tricks, and immediately fixed this top-grade true vein in the jade disc of good fortune in the universe, and then Qin Chen took the many top elixir and various peculiarities he obtained from the Misty Palace Holy Medicine Garden. The soil quality has been moved to the top of the real veins.

Although these top elixirs were moved to the Universe Jade Plate, although they did not die, they had become a little sick because they were not nourished by nutrients.

But now, the top-level elixir that had previously withered, suddenly came to life again.

"Finish!"

Qin Chen put the storage ring on his body, and when he sensed that there was no other person in the outside world, he gave a slight shock. First, he dropped the jade disc that had been turned into mustard seeds from the disciple on the ground, and then waited for no one around him. Familiarity appeared in the outside world.

Looking around, Qin Chen found the right direction and slid directly towards a place, "Go, where to go."

This is the most magnificent palace in the Tianmen Sect. Qin Chen's figure is like electricity, and soon sneaked into it.

The whole hall is very complicated, just like a maze.

"Does the master of the Tianmen Sect have a brain disease and made the entire palace like this?" Qin Chen was speechless.

He wanted to find someone who was alone to search for the soul and find the room of Sect Master Tianmen. He didn't expect that all he encountered would be in hordes. He could only run to those places with dense formations. When he was rushing around, instead it was the treasure hall of Tianmen Sect where rare materials were stored.

"Although this is the palace of the Tianmen Sect, the most advanced materials in it are only ordinary ninth-level materials." Qin Chen glanced, and his current taste was a bit tricky, and ordinary ninth-level materials were not enough for him.

[Chapter 1894: Been abused](#)

but!

There is always better than nothing.

Seeing that nature should not be missed, Qin Chen did not hesitate and kept making moves, collecting all the materials here. Passing some treasure halls along the way, Qin Chen didn't dislike it either. When he encountered elixir and materials, he would collect jade discs for good luck. The elixir and materials still have some effect on him, at least it can also increase the accumulation of true qi, although not much, but the mosquito's legs are small

It's also meat.

There is more than one palace here, but after scanning the three rooms, he just entered the fourth room, only to see a middle-aged man performing his techniques to check these materials.

Suddenly, the two of them stared with big eyes, and there was an indescribable weirdness in the scene.

Qin Chen slapped his eyes and hands quickly, slapped the man out.

Zheng Chou couldn't find anyone who placed the order, but he did not expect to meet one here.

This person's cultivation base is only the Peak Martial King, who should be the inspector in this treasure hall. Qin Chen clearly saw just now that he was using a certain technique to check the lack of materials in the treasure hall.

Hum!

Qin Chen used the technique of searching for souls, and from then on, people suddenly understood the internal structure of Tianmen Sect in their minds, and he was suddenly ecstatic.

Then, he erased the memory from this person's mind and secretly put it at the gate of the treasure hall, and then left quickly.

Not long after Qin Chen left, this person suddenly woke up faintly, and touched his head in confusion: "Why am I here? Is it because I was too tired to check the materials in the past two days and went straight to sleep?"

The dignified pinnacle King Wu went to sleep directly. It was so exhausting. He was so scared that he dared not check again. He hurried to rest. Anyway, this is the inner hall of the Tianmen Sect. Who can break in?

Qin Chen knew the scope of the Sect Master's room, slipped away quietly, put Shangguan Gufeng's storage ring in a corner of the Sect Master's room, and hurriedly left Tianmen Sect.

Shangguan Xier didn't know when he could come, so naturally the sooner he slipped, the better.

And just as Qin Chen left the Tianmenzong array, with a bang, the void broke open, and a few terrible auras passed, and the Tianmen Sect Master and his party returned with Murong Bingyun.

Qin Chen suddenly broke out in a cold sweat, "It's good, if you run into it, then it will be troublesome, but the Tianmen Sect actually brought Murong Bingyun back. This is really..."

Qin Chen was speechless, he didn't know what to say, and Tianmenzong was looking for death on his own, so he couldn't blame him.

Moreover, this sect was said to be in bad condition. It belonged to another empire in the past, but in order to take refuge in the Xuanyuan Empire, secretly betrayed and sold the empire it was in, causing the empire to be instantly destroyed.

Over the years, Tianmenzong fought the world on behalf of the Xuanyuan Empire, and didn't know how much dirty work he did. Naturally, Qin Chen didn't feel any guilt when framed by such a force.

"My lord, elders."

As soon as the Tianmen Sect Master came back, a disciple greeted him immediately. Seeing Murong Bingyun who was in a coma, the disciples stared at him with a strange look.

Damn, Lord Sovereign, this is too blessed, I don't know where to bring back this peerless beauty like a fairy, I really envy others.

"My lord, who is this?"

Seeing this, the elders who stayed behind in the sect hurriedly asked, but their eyes were attracted by Murong Bingyun's appearance and figure, and they all showed their coveting colors.

Such a beautiful woman, who can sleep for one night and lose her life for ten years is also willing to burn her heart.

Of course, in front of Lord Sect Master, they still maintained their composure. What if this woman is the Lord's woman? "The identity of this woman is unknown, and it is related to the previous fluctuations in my Yongzhou. You first took this person down, sealed the cultivation base, and was imprisoned. After this person was awakened, the old lady came to interrogate herself." Sect Master Tianmen gave the order, and He must meet

The Supreme Sect Master who was in retreat, such a major event occurred in Yongzhou, he felt it necessary to inform the Supreme Sect Master.

The faces of the elders suddenly showed ecstasy, this woman is not the woman of the lord? Haha, isn't this everybody has a chance?

Several elders all rushed up and said one after another: "My lord, hand it over to the subordinates, and absolutely put this woman under strict supervision and will not let her have any chance to run away."

While they were talking, these elders were scornful of each other, and the halazi at the corner of their mouth fell off.

Thinking back then, they fought the world for the Xuanyuan Empire, what did they do? When you meet a beautiful woman, you are directly stronger.

Especially when they betrayed the Fengling Empire back then, they were the first to fight back and directly entered the imperial palace, but even the concubines secretly strengthened several of them. That taste, tut. But the woman in front of me is even more stunning than the imperial concubines of the Wind Spirit Empire. Those imperial concubines felt noble and glamorous at first, but compared with the beauty in front of me, they are simply grass chicken and phoenix. Guhe Fairy, not the same day

And the language.

Therefore, they all came up and snatched wildly. In case the Sect Master left it to them, although she can't be really strong on this girl, it would be nice to be able to wipe her oil.

"roll!"

Sect Master Tianmen's face was gloomy, he kicked an elder directly, and the blood in his body was surging, and said coldly: "I warn you, don't pay attention to this woman, and give it to me until I know the identity of this person. Peace of mind."

He is too aware of the virtues under his hands, and all of them are the masters of bad water.

"You, take her down."

He appointed a female elder and said coldly: "Take care of it. If something goes wrong, I will ask it for you."

"Yes, Sect Master." The female elder said with an old look and gloomy, and took Murong Bingyun.

Seeing Murong Bingyun's white and tender face and body, the female elder was burning with jealousy, "How can there be such a beautiful person in this world? I really want to use a knife to cut through her flawless body, then it must be very refreshing."

However, she just thought about it, but she didn't dare to do it. Later, she couldn't help but pinched Murong Bingyun's thigh secretly, and immediately pinched a blood stain, hehe, so cool.

Although the blood stain would disappear within two days, the jealous heart of the female elder was immediately vented.

Therefore, she could not help pinching left and right along the way, Murong Bingyun's body was suddenly green and purple.

Haha, that's great.

When he arrived in the imprisonment room, Murong Bingyun was already bruised everywhere, as if he had suffered tragic abuse.

The female elder suddenly panicked, "It's over, if you are seen by the lord, you will inevitably be taught." Therefore, after she banned Murong Bingyun, she even took out a cloak to cover Murong Bingyun's body. Get up, never let her see the bruise on her body.

### [Chapter 1895: Prisoner](#)

At this time, the Sect Master of Tianmen Sect came to the back mountain of Tianmen Sect, and immediately saw the Supreme Sect Master who was in retreat.

"Lord Sect Master, don't wait. Sect Master Supreme is at a critical moment of retreat. At least tomorrow will be able to wake up." Sect Master Tianmen waited several hours in the back mountain before the serving boy came out and said lightly.

"Excuse me." Sect Master Tianmen took out a few elixirs and handed them to the boy, who then smiled with joy.

"Huh, it's just a prostitute, arrogant in front of the old man." After leaving, the face of Tianmen Sect Master was very ugly.

At this moment, Murong Bingyun in the Tianmenzong's imprisonment room finally woke up quietly.

"Where am I?" She looked around blankly? A little confused for a while.

Because she was knocked faint by Qin Chen all the way, she only felt the pain in her brain, and her eyebrows were about to split.

This is the sequelae of Shangguan Xier's clone.

"By the way, didn't I get robbed by someone?" Suddenly, she reacted. She was about to jump up suddenly, but she didn't stand up yet. There was a sound of chains around her, and she was tied to a piece of iron. Above the bed.

The black rune lingers on this iron chain, the breath is deep, and the true essence in her body is blocked.

"Ah!" Murong Bingyun felt pain everywhere in his body. This was caused by fighting Qin Chen in the Holy Medicine Garden before, but besides that, there was some faint pain everywhere in his body.

She looked down, and under the cloak, she suddenly saw her body covered with blue and purple, and above her white skin, there was a mixture of blue and purple, which was too shocking.

"what!"

For the first time, Murong Bingyun's always calm face showed an extremely horrified expression. Could it be that he was defiled when he was in a coma?

She is still a virgin, and she doesn't know how she really feels to be tarnished without going through personnel, so after seeing her body bruised, she can imagine the fear and panic in her heart.

"I was defiled, no..."

She screamed, tears streaming down her eyes, her nails pierced deeply into the palm of her hand, and she recalled Qin Chen's breath and appearance in her mind.

It is that man, that man has defiled himself!

She was trembling with anger, and her heart was filled with despair and fear. At this moment, she thought of death, the dignified and misty Young Palace Master, but she was defiled. After the Master Palace knew about it, she would definitely kill her.

Moreover, she could not forgive herself.

Murong Bingyun let out a desperate roar.

"What's your name! Shut me up!" And the movement here immediately alarmed the guards nearby. Immediately, a sect clerk walked over and screamed.

Then, he caught a glimpse of Murong Bingyun's perfect thighs and jade-white lotus root arms exposed under his cloak. His eyes were almost bursting, revealing an obscene color, and Harazi involuntarily dripped down.

This body is so perfect!

If he could sleep for one night, he would rather die! "Ah, I'm going to kill you!" Murong Bingyun was in panic and fear, but now seeing the little servant's expression, she suddenly became murderous, bang, she rushed over like crazy, and an unprecedented burst in her body Momentum, to that little servant Kill.

But before she rushed to the young man, she was imprisoned by countless real chains, and the chains took root, confining her to death here, unable to break free.

The young man was taken aback and cursed: "You are so arrogant even if you are tied up, believe it or not I raped you."

"You're looking for death!" Murong Bingyun calmed down at this moment and looked at the young man coldly and said: "You know who I am, let me out quickly, otherwise, I will destroy your whole family." Pooh!" Xiao Si looked disdainful, and spit, "Don't \*\*\*\* talk big, in my Tianmen Sect, it's the tiger who has to lie on my stomach, the dragon has to give it to me, hehe, don't care about your origins, Heavenly King Lao Tzu has to be obedient when he gets here

."

"Tianmen Sect? This is the Xuanyuan Empire?" Murong Bingyun's eyes condensed, her eyes were full of chill, she should have thought about it, under the sky, besides the Xuanyuan Empire, who else would dare to oppose her Misty Palace .

This Xuanyuan Empire first colluded with the Heavenly Dao organization to ambush the Law Enforcement Hall, and then secretly ambush the Mo Family, causing heavy casualties to the Mo Family. Now they even dared to break into her misty palace to commit crimes, and even dared to act against her.

Worthy of death! "Haha, do you know? Although you don't know where the lord master took you back from captivity, but with the character of the lord, sooner or later you will become the forbidden of my Tianmen sect master. Tsk, when the time comes, my Tianmen sect powerhouse will ride on Time on you

Wait, see if you will be so cold and arrogant, hehehe, quack! "

The little boy laughed fiercely.

He grinned grimly, and he became more excited as he spoke, imagining the posture of Lord Sovereign galloping on such a beautiful woman, he couldn't help Shigen.

This is not okay, his status is too low, Lord Sect Master eats meat, but he can't drink any soup!

Oops, how is this good! Murong Bingyun's heart burned with anger and murderous aura rose, but after all, she was the proud child of heaven. She recovered her composure for the first time. Seeing the depression in Xiao She's heart, she couldn't help but sneered and said, "I'm pooh, although this girl is imprisoned here, But you can

The coveted one, it depends on your appearance, but a small family, a toad-like existence, and does not look at yourself. When this girl gets out of trouble, the first thing to do is to gouge your eyes and let you do the best Humble job. "

The little boy was suddenly upset.

by!

What happened to the toad? The toad also has dignity.

You are only a prisoner, what right do you have to say about me!

Believe it or not, I am directly on you! "Haha, what you are thinking about now is definitely how to ravage me, you think too much, this girl is standing here, you don't even dare to touch it, because you are too inferior and useless. In the Tianmen Sect, The status is also the lowest, a lifetime

It's been trampled on by people, waste is waste, I'll never touch me, because I feel sick when I see you, let your master come, he is qualified to talk to me, you even and me No qualifications for dialogue. "

Murong Bingyun was high up, his eyes were too arrogant, just like the goddess looking down at Diaosi, his eyes were not focused, completely when Diaosi did not exist!

The little servant suddenly got angry from his heart.

Oh shit!

It was the first time he saw a prisoner who dared to be so arrogant and ignored him so much. Why?

The key is that Murong Bingyun was too right, too straight to the heart, and stuck in the heart of this young man.

Because he is trash, dick, and low self-esteem! In this Tianmen sect, he is the lowest rank, he is only worthy to look after the prison room here, it is the lowest level of the sect!

#### [Chapter 1896: Die for me](#)

But the geniuses of the sect in the ordinary geniuses show their power to themselves, just shouting and drinking.

You, as a prisoner, think of yourself the same way, which is a bit heartbreaking.

And she is also a peerless beauty like Murong Bingyun.

The inferiority and anger in my heart surged all at once.

Do I really dare not touch you?

You are a beauty and a goddess, but now you are imprisoned here, you can't move, if I touch you a few times, can you resist?

As soon as this thought came out, the young man couldn't hold back.

I just felt a fire of desire burning in my heart, and my belly was about to explode. He looked at Murong Bingyun. This face was too delicate and perfect. Although it was very embarrassed and disheveled, it had

a special flavor that made him completely unable to hold back. He thought: "Anyway, this woman is imprisoned here. Don't wipe oil secretly

No one would know that I am the most humble handyman. With this woman's arrogance, even if I was touched by myself, I dare not say anything to the outside world, right? How shameful this is! "

"Correct!"

Thinking of this, he started to feel sick from his heart, opened the prison cell, walked in, showing a lewd smile, threw on Murong Bingyun, and yelled in his mouth: "Bitch, let you be a bitch. Let you know how great the little master is."

Isn't she arrogant? Don't you look down on yourself?

What kind of psychology would she be like lying on her body now? Hahaha, he is almost climax thinking about it.

But at this moment, Murong Bingyun's eyebrows suddenly shot out an invisible light, hum, the light turned into a terrible soul light, and it instantly sank into the young man's eyebrows.

"Ah!" Xiao Si screamed, rolling in pain, but soon his expression became dull, and his soul had been controlled by Murong Bingyun.

"Open this chain for me." Murong Bingyun said coldly, but his forehead was full of sweat.

This forbidden real chain can not only restrain the true essence in her body, but also has a huge suppression on her soul. Controlling such a small servant has exhausted all her strength.

But this little servant is also very low in status, and he can't open Murong Bingyun's real forbidden chain. Think about it, if he has this ability, how could he come here to be a little servant?

However, even though he couldn't unlock Murong Bingyun's chains, he still could break it. After all, he was taking care of this prison cell, and he understood many things.

Therefore, he tried his best to break the Chain of Forbidden Reality so little.

And when it is destroyed, don't let others see it.

"What are you... why... and why this woman woke up, come here, come here!" The person yelled immediately.

"That's too late!"

Murong Bingyun saw that he had been discovered, and before the little servant broke more of the Forbidden Chain, he broke out.

"Boom!" She recovered a lot after recuperating for so long, and her body suddenly seemed to have awakened as if an ancient prehistoric beast was awakened. Crack, and then in the click

It exploded directly.

"No, suppress it!" At this time, the female elder of Tianmen Sect finally arrived. Seeing this scene, she was frightened and slammed, her palm suddenly came out, and a huge palm directed towards Murong

Bingyun to suppress the suppression. After coming down, the mid-term Wudi's strength completely exploded, and there was no

Have the slightest hold on.

It's not that women embarrassed women, but she saw Murong Bingyun directly smashed the chains of Forbidden Reality. God, what kind of cultivation level is needed to achieve this, she can't do it herself. .

But although she made the first move, it was still too late.

With a bang, the chain on Murong Bingyun's body was completely shattered, and then the colorful glow filled her body, turning into a piece of armor, directly blocking the full blow of the female elder. Even Qin Chen couldn't break through this armor in a short period of time without being serious. How could this female elder be a mid-term Martial Emperor, so how could he blast away? Therefore, the monstrous palm power was completely blocked out, and it did not bring any harm to Murong Bingyun.

.

But the little boy wasn't so lucky. With a scream, he fell apart, and was directly bombarded into blood mist, and then even the blood mist evaporated directly in the void.

Murong Bingyun looked at the young man coldly. In fact, she could save the other person, but she didn't do so. Based on what the young man said before, the female elder didn't kill him, she would give him It's broken into pieces.

After getting rid of the trap, Murong Bingyun did not entangle the female elder, but rose up into the sky, directly out of the place of imprisonment.

Just hearing a bang, the entire imprisoned place exploded directly, Murong Bingyun soared into the sky, she swiftly rushed towards the outside of Tianmen Sect without looking back.

Because she already knew that she was in the Xuanyuan Empire, and if she didn't escape immediately, once she was surrounded by many powerful people, she would definitely be taken down again.

"Where to go!"

But how could the female elder let Murong Bingyun escape, she was frightened and angry, and rushed up directly with a roar. She mobilized the blood, the blood lingering, and desperately blocked Murong Bingyu.

"dead!"

Murong Bingyun's eyes were cold, his natural spirit bloomed, and a mighty force of rules was blasted out by her, directly scouring the female elder's body.

"Ah!" the female elder screamed. Under the blow, her body was torn apart and burst open. Before she died, her eyes widened, and she couldn't believe that she would have been given by such an early peak Martial Emperor. One move spike.

This is so \*\*\*\* wrong.

Knowing that Murong Bingyun's strength was so terrifying, she would never intercept it so desperately.

But her sacrifice also slightly blocked Murong Bingyun's figure, hum, the big formation was filled, the Tianmen Sect's guardian formation was opened for the first time, turning into a barrier, and Murong Bingyun was blocked.

Whoosh whoosh...

Then a sharp burst of air sounded, and a terrifying aura came, and the Sect Master of Tianmen Sect led many powerful men, and immediately stopped Murong Bingyun. "Bold madman, dare to kill my Tianmenzong Ruyi elder, what should be the crime? The old man advises you to catch it quickly, maybe there is still a way to survive, otherwise I will not blame me for waiting." Tianmen Sect Master looked at Murong Bingyun, Han Han Said, his eyes blooming fiercely

Spicy light.

"Master Sect Master, talk nonsense with her, just take it directly."

"This kind of woman is owed, take her down!"

However, before Murong Bingyun could speak, the elders of the Tianmen Sect couldn't hold back, and the two of them stared at Murong Bingyun fiercely. They killed them immediately and stared at Murong Bingyun. The eyes are extremely wretched.

Murong Bingyun suddenly became angry from his heart, "Die all to me!"

Boom!

The sky shook loudly, and the two sides immediately fought together.

call!

But no one knew that at the border of Yongzhou, a terrifying aura was rushing in the void, with a murderous aura of rage.

It's Shangguan Xier! She directly broke into the territory of the Xuanyuan Empire, murderous!

### [Chapter 1897: Battle of Tianmenzong](#)

However, at this moment Shangguan Xier is still a certain distance away from Yongzhou Tianmen Sect, but she can already feel it, Murong Bingyun is somewhere in front, so her eyes are cold and she rushes over.

After entering the Xuanyuan Empire, Shangguan Xier was extremely angry.

The Xuanyuan Empire is also the Xuanyuan Empire, what exactly is the Xuanyuan Empire going to do?

In the first world of Wuyu, the Xuanyuan Empire and the Hall of Law Enforcement were facing each other. Feng Shaoyu said that it was deliberately framed by the Heavenly Dao organization, and she also admitted.

But in the third heaven of the Martial Domain, the Xuanyuan Empire and the Mo Family had targeted again. This time, it was indeed the Xuanyuan Empire's people who did it, but it made Shangguan Xi'er angry.

And now, someone broke into the Misty Palace directly, destroyed the Holy Medicine Garden, and even taken Murong Bingyun away.

How can this make Shangguan Xi'er tolerate?

boom!

She came with an unparalleled horror and murderous aura, and she was unparalleled in the world.

Tianmenzong.

Murong Bingyun fought with many powerful men in Tianmen Sect.

Boom boom boom!

In the battle between the two sides, the lights of various rules flickered wildly, creating a huge wave, and suddenly the entire sky above the Tianmen Sect was flashing with destructive power.

Rumble!

The terrifying power swept down, and the entire Tianmen Zongshan gate was trembling. If it weren't for the Tianmen Zong's formation guard, the power that broke out would be enough to completely destroy the mountain gate.

"Gosh, what happened?"

"Is this woman the one brought back by Lord Sovereign?"

"How can this woman be so strong, this woman can fight against the lord and so many sect elders alone, my god."

"What is the origin of this woman?"

Many Tianmenzong disciples were startled, and they rushed out one after another, all stunned when they saw the battle above their heads.

This is also incredible.

In the sky, silhouettes were clashing frantically. Several of them were too familiar. They were all the Wudi elders of the Tianmen Sect. They existed with such a prominent status. Normally, they stomped their feet, and the entire Yongzhou shook three times.

Not to mention that their lord is also there.

This is the real giant in Yongzhou, and it exists like a hegemon. In a word, the animal husbandry of Yongzhou does not dare to refute, and must be trembling.

But now, such a group of team members can't hold a young girl.

Are they blind?

Everyone sucked in air, rubbed their eyes, and looked at it again, only to find that all of this was true. In the sky, several figures were in a frantic confrontation, and the woman was besieged by many martial emperors. .

Murong Bingyun is very strong, indeed very strong.

As the Young Palace Master of the Misty Palace, she has enjoyed the best treatment since she was a child, and she has the best resources. All the secret realms in the world can be entered as long as she wants.

But if everyone thinks that Murong Bingyun is just a spoiled son of heaven, who has been spoiled since childhood, it would be a big mistake.

She is arrogant and extremely cold, but in fact, she is also extremely hard in her cultivation.

With her status and status, there is no need for this at all, but she is very proud and has never slackened.

This also created such terrible strength as her.

Especially after being hit by Qin Chen in the ancient Yu realm, she returned to the Misty Palace, and she was brave after knowing her shame, breaking through the Nine Heavens Martial Emperor realm, possessing the power of immortality.

Therefore, even though her cultivation is only the first peak Martial Emperor, it is actually terrifying, and it is enough to be comparable to the later Martial Emperor giants.

In fact, if Qin Chen hadn't been attacked by Qin Chen suddenly in the Holy Medicine Garden, she would not have been defeated so quickly.

In addition, there was a fire in his stomach, and now he was stopped again, and he broke out in anger.

boom!

She was full of colorful glow, just like a female \*\*\*\* of war, against the many powerhouses of the Tianmen Sect.

Rumble!

The sky broke and the earth broke, she blasted out with a palm, and the power of the rules she created changed the color of the Sect Master of Tianmen. She didn't dare to resist, so she had to be careful.

Not to mention the elders of the Tianmen Sect, facing Murong Bingyun's shot, each changed color and retreated madly.

Because this force is too terrifying, just touching it from a distance will make their bodies feel crisis, as if to tear their flesh.

How is this possible?

How could she be so strong for a woman in her twenties?

Everyone could hardly imagine what kind of force Murong Bingyun had cultivated. This strength was terrifying.

"Stop her and never let her go out alive."

The Tianmen Sect Master also changed color, and a purple-gold long stick appeared in his hand, swept out, violently slaying towards Murong Bingyun, not giving her a chance to escape.

He was frightened and frightened. He didn't know before, so he just brought the woman back, but now, before we figure out the situation, the two sides have already fought. If the woman in front of him escapes, it will definitely be the Tianmen Sect. A terrible disaster.

No matter what the origin and identity of this woman, just by banning her, she will never die.

And how terrible would it be to cultivate such a top-level talent? Whether it is Misty Palace or Illusory Demon Sect, the situation of the mainland has changed, and his Tianmen Sect must not cause trouble to the Xuanyuan Empire, otherwise the emperor will never spare his Tianmen Sect lightly.

At this moment, the Tianmen Sect Master is suffering, but he knows that if Murong Bingyun is not taken down, it will be his Tianmen Sect that will be the unlucky one.

and so.

He also broke out.

"Dead!" Tianmen Sect Master Dongfang City rushed first, and a purple golden long stick appeared in his hand. The long stick burst out with an astonishing aura. It was an emperor soldier and a top emperor soldier.

He was holding a purple gold long stick, with a stick in his head, and slashed directly at Murong Bingyun, crushing Murong Bingyun into slag.

This stick smashed down, as if the entire world had collapsed, the space shattered and turned into black vortexes.

This is the fighting power of the late Martial Emperor's giant level. At this time, the East City's blow is enough to cause a late Martial Emperor giant to be seriously injured. This purple gold long stick is his assassin, and it is also his ultimate skill. , Unstoppable.

Murong Bingyun also felt the pressure. Among so many people, the elders were like flies, which annoyed her a lot, but in fact it was impossible to cause her much harm.

Because her colorful armor is too strong, she is the top defensive emperor soldier, it can be said that she swept the existence among the later Wudi giants.

If it weren't for Qin Chen's violent beating, her body was severely injured, and her cultivation base was banned just now, and her soul was somewhat damaged, she could simply ignore the attacks of these people.

But Dongfang City is different. He is the supreme master of Tianmen Sect, and he himself is a giant of the late Emperor Wu.

What's more, he is still the overlord of Yongzhou, and now he has displayed the ultimate skill, and he has taken out the strongest imperial soldier purple gold long stick. This superposition of combat power is absolutely against the sky.

## [Chapter 1898: Top Imperial Soldier](#)

Therefore, Murong Bingyun looked very vigilant in the face of this purple golden long stick.

This is the only person who can threaten her.

As long as the Dongfang City is solved, she will have enough energy to escape here.

Thought of this--

Hum!

A pair of gloves suddenly appeared in Murong Bingyun's hand. This was a crystal glove with a dazzling glow. It was set on her palm, and under the refraction of the sun, it bloomed with a dazzling glow.

This is also an imperial soldier, and definitely not an ordinary imperial soldier.

As soon as this glove appeared, the situation changed color, and the world seemed to vibrate.

She urged the Zhenyuan in her body, covered the sky with her hands, and slammed away towards Dongfang City.

Bang!

The two imperial soldiers burst out with dazzling light, and the non-Emperor Wu didn't even have the qualification to open his eyes. What's more terrifying was the fierce power erupted by the two imperial soldiers, that is, even the early Emperor Wu had to sweat.

What is the Zijin Long Stick?

The imperial soldiers of the later period also existed extraordinary among the imperial soldiers. They were the treasures of the Eastern City that had been nurtured for hundreds of years, the true treasures of life.

But the gloves in Murong Bingyun's hands were obviously not ordinary things, because under the fierce might of the purple gold long stick, there was no wind at all.

How can this make Eastern City believe?

But in fact, this is nothing more than normal. Where is the Misty Palace, the mainland is supreme.

Although Tianmenzong is the overlord of Yongzhou, compared with Misty Palace, the distance between the village hegemon and the richest man in a country is so far apart.

And Murong Bingyun is not only the Young Palace Master of Misty Palace, but also the illegitimate daughter of Shangguan Xi'er, and the weapons he possesses are naturally extraordinary.

Before in the Holy Medicine Garden, Qin Chen's strength was too strong. The two men fought close to each other and it was too thrilling. As a result, Murong Bingyun didn't even have the opportunity to sacrifice weapons. Now, Murong Bingyun finally broke out his true strength.

Crystal gloves!

Colorful armor!

She was instantly like a fairy above the nine heavens, with the radiant glow of the sky, which made people afraid to look at her, and huge pressure emerged in her heart.

Of course, Murong Bingyun also appeared so relaxed.

Bang!

She was shaken back, only to feel that the bones of her arm had been shattered, and she was numb, and she could hardly lift it up.

In terms of power, it is true that Dongfang City is stronger. After all, they are the real Wudi giants, and they are very violent. It would be strange if they did not gain the upper hand in power.

Murong Bingyun was annoyed. If it weren't for her, she would have been seriously injured, and her soul would still be a little groggy. Even if Dongfang City was a giant of Emperor Wu, how could he be so embarrassed?

She urged the natural spirit body, and suddenly, the blood surged, making a sound like a phoenix yin, and instantly recovered.

The natural recovery ability of the spirit body is not vegetarian either!

"What are you doing in a daze? Don't let this guy go!" Dongfang City was anxious and shouted at the many elders on the side.

These elders are also powerful emperors at any rate. Some of them are the emperors of the mid-term and the peak of the mid-term. But now they are actually watching the show. What is the reason?

Being so reprimanded by Dongfang City, many elders are suffering.

You all have top-level imperial soldiers, which can naturally offset the terrifying aura emanating from the imperial soldiers, but what about them? The strength is not as good as the opponent, and the weapon is not as good as the opponent. How can they fight?

I thought that there was Lord Sovereign who could easily take down this woman, but they swept around and took the opportunity to take the opportunity to take advantage of it, but never expected that the strength of this woman was too strong, especially two pieces. The eruption of the power of the top emperor soldiers made them even the ordinary martial emperors not qualified to approach.

Once it gets there, it's a terrible attack.

They stepped back one after another, and then shot again, banging and banging, one by one, big hands appeared, and they patted Murong Bingyun.

Dongfang City almost died of anger, what good is it for you to fight so far? You must know that Murong Bingyun has colorful armor on his body, and his defense is amazing. Even he can't break it easily. He must continuously give heavy blows in close combat to hurt her.

You are so far apart, do you tickle her?

"Huh!" Murong Bingyun saw this, seized the opportunity, swept outwards, patted out with both hands, trying to tear open the guardian formation of the Tianmen Sect.

Rumble!

The entire array rumbling and roaring, light circulates, and violently shakes.

"kill!"

Dongfang City's expression changed in shock, and he even killed him again, while the other elders continued to make crazy shots behind them, transforming their true Yuan masters, crushing them, and launching a fierce attack on Murong Bingyu.

Murong Bingyun's face was gloomy, and he didn't even bother to these elders' attacks.

The colorful armor defense on her body is very terrifying. It is the defense of the top emperor. It is equivalent to a giant Wudi defending her at all times, and it is always the case. These are the long-range attacks of the early Wudi and the mid-term and most mid-term peak Wudi. For her, it's just scratching her boots, she can ignore it.

But she couldn't really ignore Dongfang City's attack, so she could only stop destroying the big formation and deal with Dongfang City with all her strength.

Because she saw it, she wanted to rush out here without slaying Dongfang City. It was impossible.

Therefore, she made up her mind to solve the Eastern City first, and then flee here for the first time.

Hum!

There is an amazing breath rising from her body, which is the power of her blood.

Then, she waved her hands and stormed towards Dongfang City.

On the other side, Dongfang City sneered in his heart, as long as Murong Bingyun played against him, he would be fearless. What he feared most was being escaped by Murong Bingyun.

As for fighting?

He has strong self-confidence, he has stabilized the late Emperor Wudi giant, even if the opponent is against the sky, can he still suppress an early peak Wudi?

boom! boom! boom!

The two moves are recklessly, the imperial soldiers collided with a loud noise that shook the world, and the murderous aura gushing out of the imperial soldiers, all turned into substance, the purple gold long stick is purple, and the crystal gloves are colorful, like two Pieces of ocean are facing each other.

The murderous aura that looked like a terrifying beast writhed out of it and rushed towards the opponent. This was not a physical attack, but a mental shock, which could shake the spirit of the warrior.

However, both of them are top-level powerhouses, and they also hold top-level imperial soldiers. They are naturally not afraid of such murderous impact, but many elders are different. They are all shaken by hearts and have to retreat further.

"A bunch of rubbish!" Dongfang City couldn't help cursing. Although many elders could also interfere with Murong Bingyun, it was really only an interference, and the effect was limited.

I can only rely on myself.

He danced his sticks and killed them strongly.

However, the remaining elders are not useless.

"You hold on to me, don't let this guy escape!" Dongfang City shouted coldly, and now many elders can send such a use.

Many elders have ugly faces, but they can't refute them. Who makes them really unable to withstand the murderous aura of the imperial soldiers?

### [Chapter 1899: Shangguan Xi'er arrived](#)

Dongfang City made an all-out effort, his eyes were dazzling, the rules seemed to be part of his body, and everything was terrifying between his gestures, and then he wielded the purple gold long stick, he was like a \*\*\*\* of war.

Murong Bingyun was anxious, because she knew she would definitely suffer if she continued to fight.

She has a low cultivation level, plus the injury to her body, not to mention that there are experts from the Tianmen Sect next to her from time to time, which can't last forever.

But she currently has no better way, she can only fight frantically. She moved the rules with both hands, and the rules were lingering. There were fire rules, earth rules, gold rules, and wind rules, etc. She is a born spirit body, and her understanding of rules far exceeds that of ordinary people. The rules of practice are far beyond ordinary

Emperor Tongwu.

And she is in the Misty Palace, with too many treasures, which can make her feel the power of various rules easily. This also leads to the astonishing number of rules in her body, hundreds of them.

If every rule brand grows, it corresponds to a rule road.

Having mastered so many rule imprints, Murong Bingyun's use of rules has almost reached its limit.

"by!"

The Dongfang City's scalp is numb. It's just a small early peak Wudi, and he has too many rules, right?

This is even more so that this guy cannot escape.

Otherwise, it would be a disaster for Tianmen Sect.

That's why he shot frantically, and usually wanted to take Murong Bingyun down.

"Can't go on like this!"

Murong Bingyun changed color. She found that she would only suffer more and more if she continued to fight. Suddenly, she saw the countless disciples of the Tianmen Sect below, and her eyes flashed fiercely.

"boom!"

She rushed out of the encirclement of Dongfang City in anger, and even directly killed many Tianmenzong disciples below.

"what!"

The screams sounded, and with just one blow, hundreds of Tianmenzong disciples fell.

The cultivation of these disciples is actually not too bad, there are Wuwang realm, and Wuhuang realm.

But in front of Murong Bingyun, she was too weak, no one was her enemy, and she was beheaded instantly.

Then, Murong Bingyun turned into a tiger, rushing into the Tianmen Zongshan gate below, and killing him.

"stop!"

Dongfang City was furious and killed him frantically. These were all the arrogances of his Tianmen Sect, the hope of the future, the pillar of the Sect, died here like this, so heartache.

He was trembling with anger, even trying to stop Murong Bingyun.

But Murong Bingyun didn't fight with him at all, killing frantically in this Tianmen Sect, anyway, wherever there are many people, he will kill him.

The disciples who had originally watched Murong Bingyun's eyeballs rounded up, but were terrified at the moment, fled one after another, and the slow ones were directly exploded, leaving no flesh and blood.

"Ah!" Dongfang City was mad with anger, but he was helpless.

And at this moment--

boom!

Tianmenzong's back mountain, a shocking roar sounded, followed by a black and old figure, bursting out from the back mountain, and instantly came to the sky above Tianmenzong.

This is an old man with eagle-eyed eyes, and his body is as thin as wood, but his pupils are shining brightly, and his body seems to be dormant with shocking power.

"Sovereign Supreme!"

Seeing this old man, Dongfang City suddenly shouted with excitement.

This person is the Supreme Sect Master of Tianmen Sect who retreats in Houshan.

"Sect Master, please help!"

"Sect Master, please save us!"

"Help!"

When other disciples of Tianmen Sect saw this, they also yelled in excitement, and they saw the last life-saving straw with the drowning man, their expressions were extremely crazy.

"A bunch of rubbish, the old man closes the deadlock, you will make the sect of the sect a miasma, annoyed the old man."

The Supreme Sect Master of Tianmen Sect was furious, and then stared at Murong Bingyun, his skinny palms sticking out directly.

Boom!

The world exploded in black and large cracks, and the terrifying spatial cracks stretched for thousands of meters, covering Murong Bingyun and ruthlessly suppressing them.

"Not good!" Murong Bingyun's heart was beating wildly, and he looked up at the sky, revealing a look of shock.

With such a terrifying power, she could tell at a glance that this old man had definitely exceeded the realm of the late Emperor Wudi giant, and most likely, had reached the realm of the late peak Martial Emperor.

This is a peak Wudi.

Although her strength is extremely strong, after all, her cultivation base is too low. The ability to rival the late martial emperor giant is already at the limit, and even another late martial emperor giant may not be defeated, but facing a peak martial emperor, she has nothing to do.

The opponent's strength is already strong enough to break through her defense, not to mention that she is still injured.

In panic, Murong Bingyun hurriedly blocked.

boom!

With overwhelming pressure swept over, Murong Bingyun was blown off immediately, his colorful armor flickered, and a mouthful of blood spurted out of his mouth.

She is injured!

The pinnacle of Emperor Wu was able to break through her defenses, she had no solution.

The supreme elder of the Tianmen Sect was shocked. With his attack, the Martial Emperor giants in the ordinary late stage would be seriously injured and even killed for half their lives, but the woman in front of him was only vomiting blood? What kind of treasure is the armor on her body?

He stared at the armor on Murong Bingyun's body, revealing a greedy color. If these treasures were given to him, even with his cultivation base, he could have an amazing improvement.

"Bold lunatic, let's go wild in my Tianmen Sect, and bring it for a dog!" So he didn't hesitate to give Murong Bingyun a chance to explain, and patted it down again.

Especially when he saw the messy sect below, various buildings collapsed on the ground, and blood was filled. I don't know how many sect disciples were killed here, and he became angry and wanted to kill Murong Bingyun on the spot.

"Block!"

Murong Bingyun roared, tried his best to resist, and was blasted out again. This time, she was injured more severely, and her body almost cracked. There was the sound of bone cracking and blood spurted from her mouth.

But Murong Bingyun's defense is strong. The Supreme Sect Master of Tianmen Sect is more coveted by the armor on her body. In his opinion, Murong Bingyun can block his attacks, and it is all because of the colorful armor.

"dead!"

Boom!

Therefore, he took another violent shot, and a dark handprint appeared, which was more terrifying than the previous two blows. The world was shrouded by this palm, and the sky was dark, and everything was going to be killed.

With this blow, Murong Bingyun will inevitably fall and fall apart.

Seeing this palm is about to fall.

"Who dares to move my Misty Palace disciple!"

A furious voice sounded, rumbling, uttering the law, after this voice came, the world was trembling, and the entire Tianmen Zongshan gate was rumbling, as if to burst.

"what!"

All the disciples under the Emperor Wu couldn't bear this sound at all, and they all broke apart, and many powerful Emperor Wu also screamed, bleeding from Qi orifices, and fell to the ground in pain. Even the elder of Emperor Wudi was panicked. .

Under this voice, they actually felt the will of heaven and earth, and heaven and earth would tear them to pieces. Then, in the distance between the heaven and the earth, a figure appeared. Her figure was misty, but high above, like a \*\*\*\* king, blooming with glowing light, filling everyone's eyes.

[Chapter 1900: Do not stay](#)

Shangguan Xier!

After rushing wildly, Shangguan Xier finally arrived.

She was shining all over, like a big day, seeing Murong Bingyun's miserable appearance of blood covered in blood, bleeding in her heart.

Anger, unprecedented anger!

At this moment, Shangguan Xier's blood was burning, and she was angry. This is her daughter, but she is being bullied and endangered.

Who can bear this?

"All of you are going to die, don't even want to live!"

boom!

The radiance was radiant, and Shangguan Xi'er shouted in rage, the world was shaking, and she was shaking with fear because of her anger.

"Who is this person?"

"too strong!"

Everyone was terrified, and they felt panic deep in their hearts. The person in the distance had not yet arrived, and the world was overshadowed. A coercion from the soul enveloped them, as if the ant faced the dragon, and the body was instinctively trembling.

How is this possible?

Everyone is human, and there are high and low levels of cultivation. The top of the sky is the strength of the coercion, and it is suppressed, but now, facing the woman who appeared in the distance, everyone feels humble from the depths of their hearts.

Just the difference between mortals and gods.

Even Sect Master Tianmen is no exception.

"Sect Master Supreme?" Dongfang City looked at the Supreme Sect Master of Tianmen Sect in horror, because even he felt this kind of despair, how terrifying it was.

"Huh!" The Sect Master of Tianmen Sect screamed coldly, but his heart was also violently shaken. He delivered the news for the first time, and then patted Murong Bingyun mercilessly with his palm.

Because, the person in the distance actually made him feel a little frightened and threatened, there was a feeling of being hairy all over, and ten thousand needles were present.

Therefore, he wanted to kill Murong Bingyun as soon as possible and seize the colorful armor from her body. This was definitely a top defensive imperial soldier. Once he got it, his defensive strength could definitely be increased by several percent again, and he was more sure.

Seeing his palm, he was about to pat Murong Bingyun completely.

call out!

Abruptly!

The figure speed in the distance skyrocketed, and the void was directly pulled out of a long void in the void. The figure was invincible and directly broke through the Tianmenzong's guarding mountain array, unexpectedly appeared in front of Murong Bingyun.

This is too fast!

A moment ago, the figure was still far away, and the next moment, he had come directly in front of Murong Bingyun.

Because of the speed, the void even pulled out a thousand-mile-long red phantom, as if thousands of human shadows were pouring in one upon another.

After Shangguan Xi'er came to Murong Bingyun, facing the dark handprint, her face was cold and stern, and her slender white jade hand pointed directly out, pointing to Kou Dan red, like blood, bursting into a rainbow.

"This speed..." The Supreme Sect Master of Tianmen Sect was shocked. This speed was too terrifying. He rushed to the battlefield in an instant, far beyond his expectation. But immediately his eyes condensed, showing joy, and shouted: "You are looking for death. , The old man will do you."

The blood in his body exploded, and the power on the black palm was even more powerful, and the burst of breath suppressed the nine heavens and ten earth.

He was ecstatic in his heart, because Shangguan Xi'er came too fast. Under this situation, there was no time to mobilize the strength in his body. To resist his shots so hastily was simply seeking his own death.

Therefore, he broke out desperately and wanted to kill Shangguan Xi'er with one blow.

But the next moment, his face changed. Shangguan Xi'er jade hand is slender, with five fingers glamorous, sticking out in the void, as if he did not come from the world, and easily blocked the shot of the Supreme Sect Master of Tianmen Sect. Always

Can't fall.

Then, Shangguan Xi'er reached out with both hands and tore it forcefully, banging, and the boundless aura of chaos permeated. The pitch-black palm that covered the sky and sun like a huge mountain was instantly torn apart, and instantly collapsed.

This is too strong!

Everyone shook wildly, unbelievable what they saw.

The attack performed by the Supreme Sect Master was so easily destroyed by the opponent, which is terrifying.

Then, everyone saw Shangguan Xi'er's face again.

Suddenly each sucked in air-conditioning.

Beautiful, so beautiful!

There is such a beautiful woman in this world, this is not like a mortal at all, but a gift from heaven.

Originally Murong Bingyun was already extremely beautiful, but compared with Shangguan Xi'er, it looked a lot greener. Murong Bingyun is the kind of fairy who is in the world, and Shangguan Xier is the

fairy lord who is above the world. He exudes a mature charm, especially the kind of high above, looking at everything, which makes everyone feel deep inside. Feel at home humble.

This is a goddess who can only be seen from a distance but not profanity!

"Shangguan Xi'er!" The Supreme Sect Master of Tianmen Sect said in horror, with a tremor in his voice. He had recognized the identity of the person who came, and it was Shangguan Xi'er, the lord of the Misty Palace.

"How could it be her?"

Unbelievable in his heart, the Supreme Sect Master of the dignified overlord-level force unexpectedly appeared in his heart.

Not only him, but the other disciples of the Tianmen Sect were all dumbfounded, staring blankly at the unparalleled figure above the head.

Shangguan Xier is the emperor of Shangguan Xier.

Today's Shangguan Xi'er, Megatron Tianwu Continent, even though many people have not seen her in person, her portrait has long been circulated throughout the continent, and no one knows it.

"Bingyun, are you okay?" Shangguan Xier rushed to the scene immediately, looking at Murong Bingyun nervously, and asked.

When her voice fell, she suddenly felt wrong, and her eyes became cold again.

"Palace Master!" Murong Bingyun was still alive. After seeing Shangguan Xi'er, he finally couldn't bear it anymore, tears burst into his eyes.

The grievance at this moment, the pain at this moment, broke out in an instant.

Seeing Murong Bingyun crying so sad, Shangguan Xier's heart was filled with self-blame and worry.

She felt a pain in her heart, but her face was still indifferent, maintaining her usual expression without much emotion.

But suddenly, she saw Murong Bingyun's bruises all over her body.

"Bingyun, what's the matter with all these injuries on your body?" Shangguan Xi'er's expression changed, and she grabbed Murong Bingyun's hand and said in a cold voice.

"Palace lord...I..." Murong Bingyun was trembling, unable to speak, because even she herself didn't know what happened, how to explain to Shangguan Xier.

When Shangguan Xi'er saw this scene, she suddenly thought that Murong Bingyun had encountered the most shameful thing, and the anger in her heart suddenly burned. "Death, I want all of you to die!" She was completely furious, and a terrible rage broke out all over her body. She turned around and stared at the Supreme Sect Master of Tianmen Sect, with a terrifying aura erupting from her body. It shook many people below in an instant

Flying out, Qiqiao bleeds and screams endlessly. "Today, I want you Tianmenzong, the chickens and dogs will not stay!" The cold voice came word by word from Shangguan Xi'er.
