

Valkyrie 191

Chapter 191

"How is it possible that you are only fifteen or six years old, how can you be so strong?" The warrior of the Great Wei State wiped the blood from the corner of his mouth and looked at Qin Chen in disbelief.

In his opinion, Qin Chen is too young. Although he has reached the late prefecture level, he can't compare with him.

After all, before he entered the blood spirit pool, he was already a warrior at the peak of the mid-earth level, and before the opponent entered the blood spirit pool, it seemed that he was only at the early stage of the earth-level.

What's more, Qin Chen is still so young that he can reach this level of cultivation. He must have taken a lot of pills and genius treasures. No matter how high the cultivation is, the true qi in his body must be very vain, and his combat experience is sure. Far inferior to myself.

Unexpectedly, under the fight, he turned out to be at a disadvantage.

"Unexpectedly, you didn't die!" Qin Chen couldn't help shaking his head when he saw that the other party was just injured.

With that sword just now, he only used less than 10% of the strength. According to calculations, this less than 10% of the strength was enough to break through the opponent's defense.

But in the end, it only hurt the other party, and Qin Chen couldn't help but disappoint.

"The timing of my attack on the sword just now was not very good. If I pause for another breath and make a move and wait until the opponent's offensive power turns from heavier to weaker, I'm afraid I can kill it with a single sword, or I'll use the sword. The angle, one inch up, can also kill the opponent."

Qin Chen also secretly analyzed his mistakes and learned lessons.

If it were changed, it would definitely not be the case, but after rebirth, the cultivation base changed, and it was a little uncertain for a while, which led to this situation.

"It's better to take the guy in front of you and practice your hands." Looking at the other party, Qin Chen's eyes beamed.

Qin Chen shook his head and muttered, feeling depressed, the warrior of the great Wei Kingdom almost exploded with anger.

Your sister, you had the upper hand in the previous fight, and you shook your head again and sighed.

"Do you think you can beat me? Ridiculous!"

With a roar, a navy blue aura suddenly appeared on the body of the great warrior of the Wei Kingdom, and his strength was increasing at an astonishing speed.

"This is... a power bloodline?" Qin Chen was surprised.

"Hahaha, that's right." The great Wei state warrior laughed arrogantly, full of confidence: "The bloodline I awakened is the legendary second-grade bluestone bloodline. Once activated, the power can be more than doubled. , Do you think you can win if you hurt me just now!"

He laughed, regained his confidence, his body was like a mad dragon, and he rushed towards Qin Chen.

This time, the aura on his body was even worse. The violent sonic boom was caused by the violent sonic boom, and the surrounding trees swayed in the strong wind.

This scene is too scary, enough to move mountains and fill the sea.

But Qin Chen's eyes were shining, extremely excited.

"Good come." He put away the rust sword and rushed up.

"Boom!"

The two bodies collided in the void, as if thunder rang out, and the ground rock burst into pieces, plowing a gully several meters in radius.

This is simply too strong. If an ordinary warrior sees this scene, he will definitely be shocked. The power of a prefecture-level warrior can be so strong that it is incredible.

Boom boom boom!

The sonic boom heard that Qin Chen was fighting fiercely with each other, and both of you came and went, both abandoning their weapons, and instead fought hard with iron fists.

The two of them traversed the mountains and forests, and wherever they passed, a large tree was blown up. The scene was really scary.

It's just that neither of them has the upper hand, as if they are evenly matched, no one can do anything about it.

"How is this possible, how can your strength be so strong."

The great Wei State martial artist yelled, his eyes widened in disbelief.

I have activated my bloodline, my strength has skyrocketed by at least twice, and I didn't have the absolute upper hand. What is going on?

According to normal circumstances, the opponent should have been blown up by himself.

The other party looks young, but how can the power in the body be so terrible?

"I don't believe it, your strength will be stronger than mine!"

The great Wei state martial artist roared, his body was full of innocence, radiant, and more surging.

Even his Qi pool was agitated and tried his best.

At this moment, his strength increased by about a fifth again.

"boom!"

At this time, Qin Chen was beaten into the air and retreated more than ten meters, plowing two gullies on the rocky ground with his legs, and then stopped.

But then, he was alive and well again, waved his fists, and fought.

The great Wei state martial artist almost vomited blood, is this guy beaten with iron? Why is there nothing wrong with a punch?

He couldn't help but feel timid.

"So strong, I can't hold on anymore."

At this moment, Qin Chen yelled, trying his best to make it hard to hold on.

Suddenly let the other party rekindle their confidence again, there is a feeling that only need to work harder, Qin Chen can be blown.

"dead!"

The warrior of the Wei State yelled, his eyes widened, his hair stood up, and he became even more violent.

Boom boom boom!

A series of iron fists rushed towards Qin Chen, and each fist was extremely terrifying, capable of exploding a warrior at the peak of the late stage.

Even the warriors in the early days of the general sky level may not be able to bear it, and they will be seriously injured.

"Well, the power of this punch is a bit heavier, this punch, and a bit lighter, hey, this punch is just right, what I want is this effect..."

During the fierce battle, Qin Chen stepped back, carefully figured out, and became familiar with his own power.

In the blood spirit pool, he broke through to the post-earth-level peak in one fell swoop, causing Qin Chen to not control his power to the extreme. Every time he gave his strength, there was a slight gap.

This kind of gap, ordinary warriors would not care at all, but in Qin Chen's view, he couldn't forgive it.

The martial artists he had encountered before were all too weak, but now he has finally found one who is barely okay, how can he simply let it go?

In order to prevent the opponent from being scared away, Qin Chen even deliberately put himself at a disadvantage, feeling that he could not resist it at first sight.

"not good."

"hateful!"

"Damn it!"

With eyes wide open, Qin Chen kept backing away in the battle, looking like he was about to be blown up.

This makes the other party more and more energetic, constantly burning the power in his body.

Even at the end, the great Wei Guo warrior's skin was bright red, the heat was steaming, and even his blood began to burn.

"Oh, I was almost blown up."

"Just a little bit."

"Shhh, it's dangerous. If the power of this punch is a little bit stronger, I guess it won't be able to hold it."

Qin Chen exclaimed in horror.

At the beginning, the great warrior of the Wei Kingdom was very excited, thinking that it really only needed a little more force to blow Qin Chen into an explosion.

But as the battle progressed, the great Wei state warrior was almost crazy.

Every time, Qin Chen said that he could not hold on anymore, but every time he increased his strength, Qin Chen was still alive and well, but on the contrary, it was himself, even the essence and blood began to burn, the body load reached the extreme, almost exploding.

Chapter 192

This great Wei state warrior could not hold on to it himself, but Qin Chen gradually became familiar with his power during the battle.

At the beginning, his output was slightly deviated, but later, every time he punched, he could achieve the effect he wanted, with almost no mistakes.

"hateful."

In the end, the warrior of the Great Wei Kingdom finally couldn't bear it. The long-term operation of the bloodline made his body seriously overloaded, and blood leaked out of his pores.

"No, if I continue, I'm almost out of luck. This kid is really evil, so I should go first."

With a turn of his mind, the great warrior of the Wei State blasted out a punch with all his strength, and then suddenly retreated and shot towards the distant mountains and forests.

"Boy, wait, don't kill you, I promise not to be human."

The great Wei state martial artist was mad with anger. If he spread out, he wouldn't even be able to hold a little kid like Qin Chen, and he might become the laughingstock of other great Wei state martial artists.

"This is going to go, too boring, right? Only a little bit, I really can't hold on anymore."

Seeing that the other party wanted to leave, Qin Chen couldn't help but hurriedly shouted.

The great Wei state warrior staggered, almost didn't fall, and couldn't help but curse in his heart.

Just a little bit, how many times have you said that just a little bit.

The speed of escape could not help but shot faster.

Seeing that the other party insisted on fleeing, Qin Chen looked disappointed.

"Forget it, it's almost familiar, it's time to end."

His expression narrowed, Qin Chen's eyes became cold, and his legs slammed on the ground.

boom!

The rock under his feet exploded, and Qin Chen's figure was like an arrow from the string, bursting out, and in the blink of an eye he caught up with the great Wei state martial artist.

"what?"

The great warrior of Wei State turned his head while running, and saw Qin Chen approaching quickly, his eyes suddenly rounded, revealing a look of horror.

If up to now, the great Wei state warrior still doesn't understand that he has been tricked by Qin Chen, that would be too idiotic.

"Open the world!"

The shadow of death was enveloped, and the great Wei state warrior roared, and the true energy and blood in his body were energized to the extreme, and he blasted out with a reflexive punch. At the same time, he held the jade card with his left hand, ready to crush it at any time.

"dead!"

Qin Chen let out a low cry and blasted out with a punch, colliding with the fist of the great Wei state martial artist.

"Puff!"

The big Wei Guo martial artist stared in horror, his body was torn apart, burst into pieces in an instant, and fell on the spot.

There was not even time to crush the jade tiles.

"I only wanted to destroy you, but you murdered innocently and your hands were bloodied, so I can only kill you."

Falling to the ground, Qin Chen shook his head.

If the other party hadn't killed that little genius casually before, Qin Chen would have only abolished him at best, but the other party had killed people wantonly before, Qin Chen knew in his heart that this person must be a vicious person. If he didn't kill him, he would only let him continue. Do misfortune to other people.

For this kind of genius warrior with huge power behind it, even if the cultivation base is abolished, he can still do evil.

With a sigh of relief, Qin Chen searched the opponent.

Actually found a storage ring.

"This person is definitely a genius of a major force in the Great Wei Kingdom."

Qin Chen secretly said that ordinary martial artists cannot possess treasures such as storage rings.

Spiritual power erased the other's mark, Qin Chen opened the storage ring, and his eyes suddenly condensed after seeing this.

I saw that there were more than a dozen blood crystals in this storage ring, which was nothing, there were still a lot of silver tickets and cheats inside.

What made Qin Chen angry was that the stamp on the banknote actually came from many different cities in the Great Qi Kingdom.

In the Tianwu Continent, all the silver bills are monopolized by the four major silver houses. These four major silver houses are the foremost powers in the Tianwu Continent. Even in the Martial Domain, they have extremely terrifying energy. This is normal.

But each silver ticket has its own stamp. For example, the silver ticket is also issued by Tianfa Yin Zhuang. Some are issued by Daqi State Sylphy City Branch, and some are issued by Daqi State Pyroxenite City. The stamps on it are different.

And now, Qin Chen has discovered from this great Wei state martial artist many silver tickets stamped from different cities in the Great Qi State. This can only mean that the opponent has killed at least a few Great Qi state martial artists, otherwise, one How could the genius of the Great Wei State possess so many silver banknotes in the Great Qi State.

"Great Wei Kingdom!"

Putting away the storage ring, Qin Chen's eyes were cold.

Although he does not have much special feelings for the Great Qi State, he is a member of the Great Qi State after all. Thinking that the warriors of the Great Wei State are slaughtering the warriors of the Great Qi State in this mountain forest, Qin Chen's heart still aroused. Quite a lot of waves.

"In that case, continue to take advantage of your genius from the Wei Kingdom and practice your hands more."

Right now, Qin Chen hid into the mountains and began to search for the traces of the warriors of the Great Wei Kingdom.

The warriors of the Great Wei Kingdom acted very arrogantly in this mountain and forest, and soon Qin Chen encountered a few.

These warriors of the Great Wei Kingdom had hunted and killed the disciples of the Great Qi Kingdom everywhere in the mountains and forests. After seeing Qin Chen, they were almost all excited, and took the lead with murderous aura.

So such a shout came from everywhere in the forest.

"Almost."

"Damn, how come you are so strong, so dangerous, I almost died."

"It's just a little bit short."

Every time he met a disciple of the Great Wei Kingdom, Qin Chen suppressed his own cultivation base, tempered his fighting skills, and became more and more familiar with his physical body.

In the end, Qin Chen even cut off one-third of the opponent's hair with precision, and would never cut it to two-thirds.

The hands and eyes are completely fused together.

One night, the number of Dawei disciples who died in Qin Chen's hands also reached eleven.

And for each of these eleven people, Qin Chen found other countries' silver bills and treasures, and it was obvious that they all had human lives in their hands.

"Only eleven were killed, and where did the top geniuses from the Great Wei State go?"

Qin Chen frowned.

So far, with the exception of the warrior of the Great Wei Kingdom at the beginning, Qin Chen has not yet encountered other geniuses who entered the Blood Spirit Pool from the Great Wei Kingdom.

This mountain forest is too big, it is not easy to find a few people.

Just when Qin Chen planned to continue hunting.

"Ok?"

Suddenly, his footsteps stopped, and his stature retreated suddenly.

"Danger!"

Puff!

A sword light shot from above a big tree not far away, so fast that it was too late to blink, instantly splitting a rock at Qin Chen's feet in half.

After the rock was split, it fell to the ground, turning into powder in an instant.

If it hadn't been for Qin Chen to hide in time, it would be no small matter if this sword hit him.

It is definitely not an ordinary genius who can practice extremely destructive swordsmanship to the point of moisturizing things silently.

"Why is it her again?"

However, Qin Chen smiled bitterly at the corner of his mouth and looked at the depths of the forest.

"The thief, finally let me find you, see where you are going this time."

With a low drink, a slim figure jumped down from the big tree, it was Ling Tianzong You Qianxue.

Chapter 193

She is holding a streamer sword, wearing a Ling Luo feather garment, and her figure is uneven, giving people a strong visual conflict in this desolate mountain forest.

With such a figure and such an appearance, no man would be indifferent, overwhelmed by it, and unable to remove his eyes.

But Qin Chen didn't have the slightest obsession in his eyes, only helpless and wry smiles.

Ling Tianzong is one of the top sects in the five northwestern countries. It is famous for kendo and can be called the strong sect of kendo.

You Qianxue is Ling Tianzong's top genius in a century. After being baptized by the blood spirit pool, he is only nineteen years old, has reached the middle of the heavenly rank, and has also realized the sword intent.

You know, this time, among all the top geniuses of the five northwestern countries, Qin Feng and Nian Wuji have also reached the middle of the heavenly ranks, but their age is still above You Qianxue.

"Qin Chen, you are taking advantage of me in the blood spirit pool. Today, I, You Qianxue, must let you as a disciple know what regret is."

You Qianxue held the sword, her eyes were angry, but she was very surprised in her heart.

Because of the sword just now, she didn't keep her hand, she had already displayed 70% of her strength, even a warrior in the early days of the heavenly rank would be severely injured by the sword. Unexpectedly, Qin Chen could escape.

She was very curious about how Qin Chen noticed her sword.

"I have said that what happened that day was just an accident. Why don't you understand?"

Qin Chen was speechless, this woman's brain was too tense.

"Unexpectedly, do you think I will believe it?"

"Believe it or not, it was an accident, and, to be honest, I didn't see anything at all. There is no need to make such a fuss."

"A fuss?"

You Qianxue was almost mad.

Two people were naked in one place. Although the blood spirit pool was covered by the water, many places had already been seen. If this was not enough, what else would he want to see?

"Hmph, stop talking nonsense, I won't kill you either, but you can avoid the death penalty, and the living sin cannot escape. From now on, you don't want to practice martial arts anymore, and it will save you, a prostitute, from harming others."

You Qianxue's eyes became fierce, mobilizing the true energy in the body, and constantly inputting the sword body far and wide.

Hum!

On the surface of the sword body, a dazzling glow was blooming, and an astonishing breath filled it.

"It's actually a Tier 3 soldier."

Qin Chen slapped his tongue and frowned.

It seems a little troublesome.

This You Qianxue's own cultivation is extremely high, reaching the middle of the heavenly ranks, and she also comprehend the sword intent, her strength is extraordinary, she did not expect that the weapon on her body is still a Tier 3 treasure soldier, the combination of these three makes her strength, instantly reached an unimaginable point.

"Chang!"

When Qin Chen frowned, You Qianxue suddenly moved. She looked like a frightened figure. She walked around and came to Qin Chen in an instant. The sword light circulated, transformed into a misty sword flower, and pierced Qin Chen's chest straight.

In just an instant, the cold tip of the sword came a few inches in front of Qin Chen.

That fierce sword aura even pierced into Qin Chen's body through the void.

"It was really boring to fight against the group of trash from the Great Wei Kingdom just now, just to take this You Qianxue to practice!"

With a flash of electricity and flint in his mind, Qin Chen pushed his feet on the ground and moved away from him.

"Huh!"

The sharp sword energy penetrated the void, and instantly slashed on a big tree not far away. With a chuckle, the sword body entered the wood, and the whole tree burst into pieces and turned into powder.

"Huh, escaped?"

You Qianxue was surprised and raised her brows.

If Qin Chen avoided the last time and could still be explained by an accident, this time he avoided it again, it would definitely not be an accident.

This kid is a bit evil.

You Qianxue didn't dare to despise Qin Chen.

Although his cultivation base is only the peak of the post-earth level, he can break through the ecstasy formation in the blood spirit pool, and now he has avoided his own attacks one after another, which is definitely not an ordinary person.

"However, no matter how special he is, I want to abolish him today, so I will never want to escape."

"Huh!"

One move failed, and You Qianxue changed his move. With a flick of his arm, the streamer sword swiveled in the void, and came back to Qin Chen with his backhand, almost unimaginable.

The streamer sword seems to have become a part of her body without any additional control at all.

But Qin Chen's figure shook, and he evaded again, and Jianguang passed by against his body, only an inch away from his skin.

"Humph."

With a low snort, You Qianxue continued to follow up, and the sword light flickered like stars, constantly approaching Qin Chen.

But Qin Chen's figure was like that dreamlike, his legs turned into afterimages, and he kept backing away. The sword light kept flowing around him. Every time, it was only a small difference, but he could not pierce his body.

"Damn it, the goddess scattered flowers!"

You Qianxue took a deep breath, her eyes condensed slightly, and she displayed a mysterious intermediate-level sword technique. In an instant, the sky filled Qin Chen with sword light, and countless sword flowers appeared between the sky and the earth, one after another. Duo exploded layer by layer in the void, beautifully sealed off the space around Qin Chen.

At the same time, an astonishing sword breath enveloped Qin Chen, and there seemed to be only this sword light left between the heavens and the earth. No matter how you dodge, you can't escape the sword light.

"Good swordsmanship..."

Qin Chen couldn't help but speak, his eyes gleaming.

In Qin Chen's eyes, the profound intermediate-level swordsmanship can only be regarded as **** and very ordinary, but when this quiet thousand snow is used, it expresses the sword intent of the goddess scattered flowers vividly and vividly in such remote areas as the five northwestern countries. It's not easy to do this.

"This stinky boy is still evaluating at this time!"

It's just that You Qianxue almost didn't spray a mouthful of blood after hearing Qin Chen's words.

He's almost dead, and he's still so comfortable. Doesn't this guy have a problem with his brain?

"It's a pity, although there are goddesses, but the flowers are not strong, it's a pity, a pity." Qin Chen sighed again.

"What do you know!"

With sharp eyes, You Qianxue let out a low voice and smiled.

This guy even dared to evaluate his own swordsmanship and didn't look at his own virtues.

Even his father was full of praise for his swordsmanship, and he couldn't find any flaws.

What else can he know about such a guy.

However, before the disdain in You Qianxue's heart fell, Qin Chen, who was wrapped in sword flower, suddenly stopped and backed away.

"about there."

Qin Chen shot two sharp lights in his eyes, raised his right hand, pinched the index finger and **** into a finger sword, and slammed out towards the center of the sword light.

"This guy, it's impossible to find death!"

You Qianxue was startled.

She knew how powerful her own goddess scattered flowers.

If Qin Chen resisted with all his might, perhaps it was just a serious injury, there would still be a ray of life.

But if it counterattacked, it would definitely trigger a rebound of sword intent. At that time, the power of swordsmanship would increase sharply, and he would be twisted into pieces in an instant, and he couldn't even control it.

"This guy....."

You Qianxue sighed, she could already imagine Qin Chen's end after this sword.

Can't help closing his eyes.

Chapter 194

Although You Qianxue repeatedly said that he would kill Qin Chen, it was only out of anger.

In fact, she just wanted to teach Qin Chen a bitter lesson, let him know the consequences of spying on himself.

Who knows, Qin Chen desperately wanted to counter her sword moves.

This is all looking for death.

Just when she was so entangled in her heart that she dared not open her eyes to look.

Suddenly an inexplicable breath passed from the front.

This kind of breath, like a peerless swordsman, crosses the rivers and lakes.

It is also like a wonderful sword, out of its sheath.

Ling You Qianxue couldn't help but open her eyes.

Then she saw Qin Chen rising from an unprecedented aura, an astonishing sword intent, shooting out from his fingers, and then pointing at the void of his sword.

Puff!

The sword moves that were completely flawless were instantly shattered, and the sky was full of sword light, like a domino that collapsed, all being broken in an instant.

That finger pointed the sword, breaking away all her sword light, like a flying fairy from the sky, like a broken bamboo.

You Qianxue stared blankly.

"How is it, how is it possible?"

She murmured to herself, there was an urge to cry. She had worked so hard for more than ten years to practice swordsmanship, but she was suddenly broken by a post-level peak, even two years younger than herself.

The psychological shock made You Qianxue pale, unable to react for a while.

She practiced swords at the age of three, mastered sword skills at the age of five, and was able to perform a complete set of sword skills at the age of seven.

In Ling Tianzong, he was hailed as a peerless talent.

For a long time, You Qianxue has never encountered an opponent in kendo, and she has always thought that she is the top genius in kendo in the entire five northwestern countries.

Even after she had made a decision, after taking the first place for Ling Tianzong in the Five Nations Grand Competition, she would leave the northwestern land and head to the vast continent to practice higher levels.

At this moment, Qin Chen's finger instantly broke her inner longing.

She carefully recalled that although Qin Chen's finger was very simple, the kendo principles contained in it were actually more advanced than the sword intent she had controlled more than a year ago, after more than ten years of hard work.

At this moment, You Qianxue was deeply absent.

Qin Chen did not expect that a casual finger of his hand would bring such a big impact to You Qianxue.

"good chance."

At the moment, he no longer hesitated, his figure flickered, and instantly turned into a stream of light, sinking into the forest.

What are you waiting for if you don't run with such a good opportunity?

"not good!"

As soon as Qin Chen moved, You Qianxue also suddenly recovered from the shock, raised her head, and saw Qin Chen disappearing in the mountains and forests.

He gritted his teeth and quickly followed up, but there was still Qin Chen's figure.

"This guy ran away?"

Beifang bit her red lips, You Qianxue couldn't tell what it was like in her heart, but she had bursts of fear.

I was lost in the battle just now, which is simply unforgivable.

In that state, any earth-level warrior can easily kill himself.

"That guy didn't even take the opportunity to do something to me!"

You Qianxue couldn't understand in her heart when she retracted the sword into its sheath.

If Qin Chen took the opportunity to attack her just now, she would have to hate it on the spot.

"Huh, does he think he can run away?"

Taking out a formation from his body, a trace of cunning flashed in You Qianxue's eyes.

Like the ecstasy formation of the Blood Spirit Pool, her father also participated in the formation of the formation that was first tried by the Five Kingdoms.

That's why she could find Qin Chen so easily before.

"what!"

It's just that when she urged the formation again, the trace of Qin Chen on it had actually disappeared.

"how can that be?"

You Qianxue fought around, only then discovered that Qin Chen's trace had indeed been completely lost in the formation.

"hateful."

Gritting her teeth, You Qianxue couldn't help being angry.

That guy was able to crack the ecstasy formation of the blood spirit pool before, and he must have done some research on the formation method. Maybe there was something on his body that blocked his tracking.

"Don't let me meet you again next time."

With a flicker, You Qianxue disappeared in the forest.

She had lost her interest in continuing to look for Qin Chen. At this moment, Qin Chen's finger was the only one in her mind, which was always lingering.

After rushing for hundreds of miles, Qin Chen stopped.

Taking out the teleportation jade card from his body, Qin Chen glanced at his mouth.

"I want to keep tracking me, there is no door."

He was also very curious about You Qianxue's ability to track him so quickly before. After thinking carefully, he discovered the problem with the transmission jade card, so in a few clicks, he blocked the aura on it.

"Huh? Someone!"

Suddenly, Qin Chen raised his head and looked deep into the jungle.

"who?"

Qin Chen seemed to be spotted on the other side. Someone gave a low voice, and immediately after the bushes separated, several warriors walked out from the front.

The leader turned out to be Princess Purple Kaoru, besides that, there were two men and a woman following her.

"It's you?"

Seeing that it was Qin Chen and Princess Zixun's brows, she couldn't help but frown.

"Princess Zixun, is a genius of our great Qi country, she seems to be called Qin Chen."

The woman said excitedly.

However, the two male warriors were not so excited, but there was a trace of hostility in their eyes.

"Why are you here?" Princess Zixun frowned.

"Why can't I be here?" Qin Chen touched his nose.

The question Zixun asked was really strange. This is a place of experience. Isn't it normal to appear here?

Princess Zixun seemed to know some of the questions she asked, and her expression was a bit awkward, but she quickly returned to normal, saying: "You haven't met the warriors of the Great Wei Kingdom, right?"

"Princess Zixun, he must have not encountered it, otherwise, how could he walk safely in this mountain forest, he must have been killed by the warriors of the Great Wei Kingdom."

The white-clothed young man among the two suddenly spoke, with a smile on his lips.

Princess Zi Xun hesitated for a moment, and said, "Qin Chen, you follow us. This will be safer."

Qin Chen smiled and said, "Thank you Princess Zixun, but I'm still used to acting alone."

"Qin Chen, come with us. We met a warrior from the Great Wei Kingdom before and almost died. Thanks to Princess Zi Xun's action, we survived. You probably don't know yet, a warrior from the Great Wei Kingdom. Now we are chasing and killing the warriors of our great Qi country, you will be safer if you follow us." The woman beside Princess Zi Xun said to Qin Chen.

"Bai Jing, Qin Chen is a genius who enters the blood spirit pool. Even if he is alone, there will be no problem at all. Qin Chen, do you think?" The white-clothed youth said again.

Qin Chen glanced at the white-clothed young man, he didn't seem to know him, how come he would run on himself again and again when he met, maybe something was wrong.

Chapter 195

"Who said that this mountain forest is so dangerous, not only there are powerful blood beasts, but also warriors from the Great Wei Kingdom. Since Princess Zi Xun has invited me so sincerely, I will reluctantly join Qin Chen, otherwise, isn't it too bad? Give face to Princess Zi Xun?" Qin Chen touched his nose and said.

"This guy....."

With a snort, the white-clothed youth vomited blood directly.

This Qin Chen is too shameless. Did you hesitate for so long when you didn't see Princess Zi Xun invited you?

And you just said that you are accustomed to acting alone, and you agree to join in the blink of an eye. The wind changes too quickly, right?

"Great, so that there are two geniuses in our team who have entered the blood spirit pool. Once we encounter an enemy, the four of us can contain and create a good fighting environment for Princess Zi Xun, even if we encounter a heavenly blood beast. , Or the powerhouse of the Great Wei Kingdom, don't worry anymore."

Seeing Qin Chen agree to Bai Jing, Bai Jing was immediately very happy, and her round face was filled with excitement.

The strongest among them is Princess Purple Xun, who is the strong in the early days of the heavenly rank. Among the remaining three, the strongest is the young man in white, who has reached the peak of the latter stage of the earthly rank, and is even only close to the heavenly rank. a step far.

And although she and another young man were also at the peak of the late prefecture level, they were much weaker than the white-clothed young man.

Now that Qin Chen has joined, even though Qin Chen's cultivation is only the pinnacle of the late stage, he is a genius who has entered the blood spirit pool after all, and is definitely a powerful force.

In this way, as long as they don't encounter top powerhouses like Guixian Sect Nian Wuji, they will not be in any danger.

"Bai Jing, you think too much. Even if this guy is baptized in the blood spirit pool, he can lose his way. What can he do, and when he enters the blood spirit pool, he didn't even reach the heavenly level. I am embarrassed to say that he is a genius. It is easy for me to enter the blood spirit pool and break through the early days of the heavenly rank."

The young man in white sneered.

He wasn't joking. With his post-earth-level peak, even half of his foot into the sky-level cultivation base, as long as he can accept the baptism and break through the sky-level, it is really not a problem.

"Lu Feng, you can't say that. Qin Chen is still young, and he is already very good to have such a cultivation base."

"Awesome, and only if you think he is amazing, I don't know how this guy can enter the blood spirit pool, maybe some back door has gone, hey, he is also a child of the Qin family. Qin Feng is the number one in my great Qi country. It was only a day before he compared with Qin Feng. It was a waste." The young man in white mocked repeatedly.

"I said you guy, your brain is sick."

Seeing the other party chattering endlessly, Qin Chen finally couldn't help it.

"what did you say?"

The young man in white was furious.

"Sure enough, my brain is sick, and I can't even hear what I said." Qin Chen shook his head, "It seems that the illness is not mild."

"You...you just have a brain disease."

The white-clothed youth jumped with anger, staring at Qin Chen with cold eyes, and said sharply: "You can tell me clearly. If you don't make it clear today, please blame me for being rude to you."

"Just relying on you, do you want to be rude to me?" Qin Chen glanced at the other party. With this kind of stuff, he could pinch a group of people with one finger.

Qin Chen's scornful eyes made the white-clothed youth almost crazy.

boom!

The real air inside his body turned, and a terrifying breath burst out from his body, and hit Qin Chen severely: "Trash, there is a kind of duel with me."

"enough."

At this time Princess Zixun finally spoke, frowning, her eyes indifferent: "You are all disciples of the Great Qi Kingdom. If you can meet, it is fate. Why are you so hostile? What's more, now everyone is experiencing, and foreign enemies are watching. You are still in the mood for fighting."

"Princess Zixun, it's not me who cares, it's Qin Chen who insults me." The white-clothed youth hurriedly explained.

"Okay, what you said earlier is too unpleasant, no wonder Qin Chen is unhappy."

"I....."

The white-clothed youth looked depressed. He didn't expect Princess Zi Xun to not help himself. He had clearly seen Princess Zi Xun see Qin Chen, frowning and disgusted, why suddenly the style of painting changed?

It must be Princess Zixun, as the princess of the Great Qi Kingdom, who must treat the warriors of the Great Qi country equally to avoid being gossiped.

"Huh, I don't care about a wasteful person." The young man in white was relieved to understand the reason.

Qin Chen glanced at Princess Zi Xun in surprise. He didn't expect that this little girl would actually speak for herself. Could she change her temper?

"Qin Chen, let me introduce you. This is Princess Zixun. You should know this. This is Huang Zhan, from Xuan Yicheng. This is Lu Feng, the lord of Baiyu City. Mind, in fact, Big Brother Lu Feng always speaks this way. It's fine if you are familiar with it. As for me, my name is Bai Jing, and I belong to the Bai family in Skydome City." The yellow girl introduced to Qin Chen, and Huang Zhan nodded slightly. As for Lu Feng, he gave a cold snort without even looking at Qin Chen.

"Let's go."

Princess Zixun gave a low voice, and the team immediately continued forward.

"Qin Chen, I'm very lucky. I didn't meet the warriors of the Great Wei Kingdom and the Guixian Sect. You don't know that the warriors of the Great Wei Kingdom and the Guixian Sect are very cruel. They hunt and kill the warriors of our Great Qi country everywhere. We don't have the time to concentrate on hunting blood beasts, and so far we haven't collected all the blood crystals.

On the way, Bai Jing enthusiastically chatted with Qin Chen and told him something.

Qin Chen nodded slightly, and along the way, he knew that although Bai Jing looked rather cute and soft, he was actually straight-hearted and warm-hearted.

However, Lu Feng frequently talked to Princess Zi Xun, and it could be seen that he had a feeling of wanting to pursue Princess Zi Xun.

In the periphery of this mountain forest, blood beasts were cleared relatively few, and everyone slowly moved forward. There are bushes and thorns everywhere, and the vegetation is very dense. It is a paradise for blood beasts.

Suddenly, there was a sound from the bushes, and a bull with red flames all over rushed out.

"Mid-level blood beast flame bull, don't let him run." Bai Jing whispered.

Before she finished her words, Lu Feng had already rushed out. He was in the shape of electricity, and his clothes were graceful. His long sword was suddenly unsheathed at his waist. A splendid afterimage was drawn across the void, and a sword pierced into the head of the flaming bull.

"Puff!"

With a soft sound, Lu Feng's long sword was like a broken bamboo, easily pierced into the head of the flame bull, and a sword ended the mid-earth bull.

"Big Brother Lu Feng's Tiange Thirteen Slashes have become more sophisticated. It is worthy of being the ancestral sword skill of the Lu Family in Baiyu City. A sword penetrates the head of a flaming bull. Ordinary sword skill cannot achieve this."

Huang Zhan, who rarely speaks, flattered, then went forward to dig out the bleeding crystal from the flame bull and handed it to Lu Feng.

"It's just a mid-level blood beast." Lu Feng smiled faintly, with disdain in his voice, as if he looked down on the mid-level blood beasts, and at the same time glanced at Princess Zi Xun secretly with a chic posture.

Chapter 196

Qin Chen couldn't help but want to laugh.

Killing a blood beast in the middle of the earth level, it feels as if he killed a blood beast king, is this pretending too much?

I couldn't help but shook his head. This child's character is not good. Although his cultivation base is not weak for the time being, his future achievements are bound to be limited.

"Qin Chen, what is your head shaking?" Lu Feng said angrily when he saw Qin Chen shaking his head.

"It's nothing."

"Humph." Lu Feng snorted coldly. Qin Chen's attitude and expression in his eyes clearly didn't look good at him.

Don't take a pee to see what your own virtues are.

It's just that he didn't say anything, and the group continued on.

After that, everyone encountered a few more blood beasts, all of which were in the middle of the prefecture level, and even the early ones, which were easily solved by a few people.

"Gathering at this speed, we should be able to collect enough blood crystals in two days." Bai Jing and the others were very excited.

If they are allowed to act alone and want to collect enough blood crystals, it will be as difficult as climbing to the sky, but if a few people work together, the efficiency will immediately be ten times a hundred times higher, especially if there is a master like Princess Zixun sitting in the town. What kind of blood beast, a few people did not panic in their hearts, they were very clear.

"But we have gone deep into a lot of places. The next blood beasts may become stronger and stronger. Everyone must be careful and don't get hurt. The most important thing is to pay attention to whether there are other warriors around." Princess Zixun reminded.

"Yes." Bai Jing and others all responded.

"Wow!"

As soon as the voices of a few people fell, they heard a roar, and from the forest in front, suddenly came out a gray wolf with a head full of people.

The gray wolf was covered in scales, with barbs on its back, and its tail was like a steel whip. It was vigorous and powerful, with cold eyes, staring at several people coldly.

"Be careful, everyone, it's the Ironback Dark Wolf, a blood beast in the late stage of the Earth."

Looking at the blood beast in front, Princess Zi Xun gave a low voice. Iron-backed ghost wolf is a very terrifying kind of blood beasts. They are cruel in nature and extremely fast. The key is that their defense is better than ordinary wolf blood. The beast is much stronger, very terrible.

"Leave this Ironback Wolf to me."

For fear of Bai Jing and the others being injured, Princess Zi Xun stepped forward.

"Princess Purple Kaoru wait a minute."

At this moment, Lu Feng suddenly chuckled, glanced at Qin Chen on the side, and sneered: "Princess Zixun, don't worry, there seems to be someone sitting here to enjoy. Actually, he has never done anything, just this iron back. The strength of the ghost wolf is not very strong, how about handing it to him? Otherwise, some people have been eating for nothing, and I don't know where the face is doing it."

Qin Chen touched his nose.

He has been eating free food?

When the middle and early blood beasts appeared before, Lu Feng Baijing and the others were very active in fighting. Before he had a chance to take action, the battle was over, especially this Lu Feng, in order to behave in front of Princess Zi Xun. , A sword and a mid-earth-level blood beast, now I have encountered a late-earth-level blood beast, and he said that he was eating for nothing, and asked himself to step forward. What a joke, is this clearly pitting himself?

"Lu Feng, Qin Chen just broke through the late stage of the earth level in the blood spirit pool. I am afraid that his cultivation may not be very strong. It is too dangerous for him to deal with the iron-backed wolf alone. It is better for us to take action together. It is enough to kill, and Princess Zixun is not needed to help." Bai Jing frowned when she heard Lu Feng's meaning.

"Bai Jing, you can't say that. Qin Chen is a genius who entered the blood spirit pool. Tsk tsk, the entire Great Qi country, only eight such geniuses have been found. What's more, his eldest brother is still famous in Da Qi country. Qin Feng was only on the first day. If Qin Feng is allowed to come over, let alone a Iron-backed Dark Wolf, even a group of Iron-backed Dark Wolf can be easily killed. As Qin Feng's younger brother, Qin Chen will kill this iron. It's easy to carry the ghost wolf on its back." Lu Feng said mockingly.

"What's more..." He glanced at Qin Chen and sneered: "Along the way, Qin Chen has never done anything. At that time, we will have to divide our blood crystals. How can there be such a cheap thing? He doesn't like him when he speaks, right?"

Bai Jing's face was reddened, and said angrily: "What are you talking nonsense?"

"Anyway, I don't know how to do it. If you want to do it, you do it yourself, Princess Zixun, I think you'd better not do it. In fact, my purpose is not only to make Qin Chen do a little bit, but also to know. To what extent is Qin Chen's strength? In this way, we all know how to encounter enemies in the future, and there will be no accidents."

From the perspective of the team, Lu Feng kept talking.

Princess Zixun's heart moved. To be honest, apart from Qin Chen defeating Jiang Zhong in the camp before, she really doesn't know how strong Qin Chen's current cultivation base is. This iron-backed wolf is indeed for her to understand. The opportunity of Qin Chen's strength.

"Qin Chen, why don't you deal with this iron-backed wolf, are you sure?" Looking at Qin Chen, Princess Zi Xun asked.

Lu Feng suddenly sneered, and Princess Zi Xun said so. As a man, Qin Chen would never say that he was unsure, would he? He will definitely come forward, but Ironback Dark Wolf, even if he is himself, may not be able to deal with it easily. Then Qin Chen is going to die? Even if Princess Zixuan made a move, it would be nice to let him suffer a little bit.

"I'm not sure, let's go, what if I get hurt?"

It's just that before the thought in Lu Feng's heart fell, he heard Qin Chen shook his head again and again, as if he was worried and afraid, he kept backing away.

puff!

Lu Feng almost spit out a mouthful of old blood.

Qin Chen is too spineless, right? In front of Princess Zixun, he didn't even have such a backbone, or was he not a man?

Princess Zixun was also almost dizzy.

With Qin Chen's cultivation base, even if he is not an Ironback Dark Wolf opponent, he is completely capable of fighting, and he does not have the ability to fight at all, so he is so timid.

How could Lingshan fall in love with such a timid guy.

"Qin Chen, you are still not a man." Lu Feng sneered, smug in his heart, now everyone can see the true face of this person.

"You are a man, you go, I won't go anyway." Qin Chen shook his head repeatedly.

"One waste. I heard that when Qin Feng was in the royal capital, he had made an appointment with you for a life and death battle, and promised to give you both hands. In the end, you didn't agree. I didn't believe it before, but now I finally believe it. Soft guy, I'm the only one, I'll let you know today, what is the gap between you, the genius who entered the blood spirit pool, and me, waste is waste, even if you enter the blood spirit pool. "

With a sneer, Lu Feng faced Ironback Dark Wolf and rushed out.

In his heart, he was very proud, ready to quickly kill the Ironback Wolf, so that everyone can see who is the real genius.

"Poor fellow." Looking at Lu Feng who flew out, Qin Chen's eyes flashed with pity, and then said to Bai Jing on the side: "You will be more careful later."

"what?"

Bai Jing was taken aback, what did Qin Chen mean?

Chapter 197

With the cultivation base of Big Brother Lu Feng, it would be a little troublesome to deal with a late-stage Iron-backed Wolf, but what accident could happen?

Bai Jing was a little puzzled.

Sure enough, under the attack of Lu Feng's general, the Iron-backed Wraith Wolf soon got wounded, and blood shot out from its fur.

"Wow!"

With a low growl, the Ironback Wolf turned and left.

"Naughty animal, where to run!"

Lu Feng was overjoyed. He thought he would consume some energy to deal with Ironback Wolf. He didn't expect this Ironback Wolf to be so weak. If he didn't seize this opportunity to behave in front of Princess Purple Xun, when would he wait?

For a while, Lu Feng was a little grateful to Qin Chen, if it weren't for Qin Chen's fear of death, how could he have such a good performance opportunity?

With a leap, Lu Feng chased into the forest.

But suddenly, he stagnated, as if he had seen something unbelievable, and hurried backwards.

But it was too late.

"Wow!"

A stern long howl came out, and several iron-backed ghost wolves rushed out of the mountains and forests. The leading one, covered in silver scales, like a silver moon, rushed towards Lu Feng.

"Damn it!"

When Princess Zixun saw this, her face changed drastically, and she rushed forward.

"Chang!"

Puff!

Lu Feng's chest was cut by the sharp claws of the silver iron-backed ghost wolf with a nearly foot-long wound, blood gushing out, and his face pale on the ground.

If it wasn't for Princess Zixun's rescue in time, the Ironback Hades had some scruples. The claw just now was enough to tear him in half.

"Wow!"

The wolves howled in bursts, iron-backed ghost wolves walked out of the forest, their eyes were cold, and they surrounded the crowd, with more than a dozen heads.

At this moment, everyone was sluggish, showing awe.

What's the matter, wasn't it just an Ironback Wolf, why so many heads suddenly appeared?

Moreover, the leading Iron-backed Dark Wolf was covered in scales of silvery white, like gold and iron, with surging vitality and blood.

It is clearly a blood beast of heaven level.

At this time, under the leadership of the leading Iron-backed Dark Wolf King, more than a dozen Iron-backed Dark Wolf surrounded Qin Chen, with mucus dripping from the corners of his hideous mouth, sharp teeth, cruel and vicious.

"No, I'm lying in ambush, these **** beasts, why did I forget this." Princess Zixun's pupils shrank suddenly.

Iron-backed wolves are very cunning, sinister, and cruel. They know how to use tactics to deal with human warriors, and countless human warriors die under their hands every year.

I saw only one Ironback Wolf before. Princess Zixun thought it was just an Ironback Wolf. This led Lu Feng to come forward. Who knows, this Ironback Wolf was deliberately lured and let people chase it. Thus falling into an ambush.

If it was herself who had attacked earlier, she might have been surrounded by this Ironback Wolf.

Fortunately, Lu Feng made the shot.

"Lu Feng, are you okay?"

"Brother Lu Feng, how are you?"

At this moment, Huang Zhan's faces turned pale and their backs felt cold.

Lu Feng is the strongest among them except Princess Zi Xun. Now he is surrounded by so many iron-backed ghost wolves. If Lu Feng can't fight anymore, then everyone is definitely more dangerous.

"Qin Chen, you dare to pit me!"

Turning his head, Lu Feng roared and looked at Qin Chen ferociously with a grim look in his eyes.

If Qin Chen hadn't retreated, how could he ambush?

"How do I know that there will be so many iron-backed wolf wolves, and you want to get ahead, how can you blame me." Qin Chen said innocently after touching his nose.

Seeing Qin Chen's expression, Lu Feng's lungs were about to explode without even beating.

"Okay, it's this time, everyone don't quarrel, Lu Feng, I will deal with this Iron-backed Dark Wolf King, and you will deal with the silver-spotted leader wolf, Qin Chen, you guys will control the rest The

Ironback Wolf, can you do it?" Princess Zixun's face was solemn, her knuckles holding the long sword turned pale.

"I'm fine." Turning his head, Lu Feng said solemnly.

"Princess Zixun, there are two chief wolves with silver spots on the body. The three of us may not be able to hold on."

Huang Zhan said nervously.

Among the dozen iron-backed wolves surrounding them, there is a silver-white wolf king, and two leader wolves with silver spots on their bodies. In addition, there are nearly ten ordinary iron-backed wolves. It's impossible to deal with so many Ironback Wolves even thinking about it.

"Delay as much as possible. I will solve the Ironback Hades as soon as possible, and then support you. Remember, if you can't hold on, we will all have to die."

Princess Zixun looked calm and gave orders very calmly.

Qin Chen glanced at Princess Zi Xun, and his heart moved. He didn't expect that Zi Xun, as a princess, would be so affectionate and righteous, and he would be in danger.

In fact, with Princess Zixun's cultivation base, if you abandon everyone and run away alone, the probability of survival is as high as 70%. On the contrary, if you stay and fight together like this, there is only a 30-40% chance of survival.

"Wow!"

When Princess Zixun ordered, the Iron-backed Dark Wolf King also made arrangements, and with a howl, more than a dozen Iron-backed Dark Wolf rushed toward everyone.

A great war broke out.

At this time, no one is desperate, everyone shows their own tricks, leaving no room.

Boom!

Various sword shadows, sword shadows, fist powers, palm winds scattered everywhere, and the entire mountain forest instantly filled with smoke and dust.

Among them, Princess Zixun fought alone against the Ironback Hades, and her long sword burst into an astonishing glow, trying to kill the opponent in the shortest time.

However, this iron-backed Hades is very cunning. Instead of head-on, it uses a flexible figure and powerful speed to deal with Princess Purple Kaoru, so that Princess Purple Kaoru's offense did not achieve much effect, but because Several hastily shots put himself in danger and almost got hurt.

On the other side, Lu Feng fought with the leader of the Ironback Wraith Wolf in the late stage of the Earth level. He had injuries on his body and he could only parry frequently, but he could still hold on, and he was not at a disadvantage.

On the contrary, Huang Zhan and Bai Jing were surrounded by nearly ten iron-backed ghost wolves, and they kept retreating, unable to support them.

Originally, with their two strengths, it was already the limit to be able to fight one or two ordinary Ironback Hades.

But now, there are not only nearly ten ordinary Ironback Spooky Wolf, but also a more powerful Ironback Spooky Wolf leader, making the two of them exhausted.

In the beginning, the two wanted to join forces to quickly kill a few ordinary Iron-backed Wraiths, but never thought that these Iron-backed Wraiths were very cunning, and they didn't fight it hard, plus the leader of the Iron-backed Wraiths was always there. Looking for a record, the two had to give up their initial idea.

Suddenly, everyone was in distress, and these iron-backed wraiths made it clear that they would be consumed.

"It won't work like this, we will all die here, so you guys will break through first, and I will break it later."

Seeing such a scene, Princess Zixun said anxiously.

These iron-backed wraiths are too cunning, if this continues, they will all die.

Chapter 198

"No, we must not go, princess, it is better for you to go first." Bai Jing said through gritted teeth.

If they break out first, although they can have a certain chance to escape, they will push Princess Zixun into a desperate situation. Once Princess Zixun is surrounded by a large number of iron-backed wolves, she will definitely fall.

"Damn it, the point is that the other Ironbacked Wraith Wolf leader is too insidious. If you can kill it, maybe the pressure can be reduced a lot." Huang Zhan also said.

"Qin Chen, you go and lead this Ironback Dark Wolf leader away."

At this moment, Lu Feng suddenly said in a grimace, with a commanding tone.

"No, in this case, Qin Chen is in danger." Bai Jinglian said.

"Hmph, he didn't make any contribution before, but now let him lead away the leader of the Ironback Dark Wolf, what is it? Do you want to watch us all die here?" Lu Feng said in an uncomfortable tone:

"What's more, just let him draw away the leader of the Ironback Dark Wolf. Qin Chen is a genius who has entered the blood spirit pool. Isn't it possible that this little thing can't be done well?"

"No matter what, it is absolutely impossible for Qin Chen to distract the leader of the Ironback Dark Wolf." Bai Jing said angrily.

"Hmph, then you can just die here obediently." Lu Feng snorted coldly, his eyes were cold, when is this time, Bai Jing is still so kind, this woman is really silly.

"I'll give it a try." Qin Chen took a step forward. If he didn't make a move, Bai Jing and the others would really be unable to hold on.

"No, you can't deal with the leader of the Ironback Wolf." Bai Jing is a little anxious: "And do you think you can attract the leader of the Ironback Wolf? The cunning of the wolf will surely swarm you, kill you first, and then come back and eat us a little bit."

"Bai Jing, Qin Chen agreed. What are you talking nonsense? Do you want to watch Princess Zi Xun die here?"

Lu Feng shouted angrily. This Bai Jing was too idiotic, and even said this to Qin Chen. In this way, would Qin Chen still be willing to lead away the Ironback Dark Wolf? What an idiot.

He glanced at Bai Jing fiercely, and a bleak color flashed in his eyes. If he and Bai Jing were a little bit interesting at the beginning, how could he take her to practice together? Now it's really hateful to destroy one's good things over and over again.

"Let me enlighten me. I am practicing the lower-level swan goose body technique, and maybe I can escape the iron-backed spirit wolf." As he gritted his teeth, a trace of determination flashed in Bai Jing's eyes, and he was going to die. determination.

"I'm really looking for death by myself." Not far away, Lu Feng sneered. Iron-backed Dark Wolf is best at speed. For an ordinary later stage blood beast, Bai Jing may be able to escape by using the Red Goose's body technique, but he faces Ironback The leader of the wolf wolf, that didn't have much to do with death.

Seeing Bai Jing's death-seeking Bai Jing, Qin Chen's heart was slightly hot, and a soft smile appeared in his eyes.

He took a step forward, and an invisible aura bloomed on his body. Clang, the mysterious iron sword appeared in his hand, and coldly looked at the Ironback Wolf chief in front of him, and said: "Bai Jing, you don't need to draw it away, this one Leave the Ironback Wolf Leader to me."

With that said, Qin Chen jumped over Bai Jing and Huang Zhan, and confronted the Ironback Dark Wolf leader.

"Qin Chen, don't be stupid." Bai Jing said anxiously. Before, Qin Chen didn't even dare to make a move with the ordinary Ironback Dark Wolf. Now he wants to single out the Ironback Dark Wolf leader, how could he be an opponent.

But when she said that, it was too late.

Seeing someone dare to provoke it, the Ironback Dark Wolf leader suddenly let out an angry cry, his sturdy limbs kicked on the ground, well, like a black lightning, appeared in front of Qin Chen instantly.

Whoops!

It has a huge mouth with a big blood basin and sharp teeth. Under its cold eyes, the forelimbs and claws are like blades, making a sharp whine in the void. The terrifying power that is transmitted can almost blast a mountain. burst.

A terrifying blood beast breath filled it.

"No, Qin Chen, you go back!" Bai Jing yelled anxiously, the leader of the iron-backed ghost wolf turned frenzied. In this state, even Lu Feng might not be able to resist it, let alone Qin Chen. .

"Qin Chen, don't try hard." Princess Zi Xun also saw this scene and even reminded her.

Unexpectedly, in the face of the anxious drink of the two, Qin Chen turned a deaf ear, his expressionless face, and instead of retreating, he stepped forward violently towards the leader of the Ironback Dark Wolf.

"It's over!"

Bai Jing felt miserable, she seemed to have seen the scene where Qin Chen was torn apart by the leader of the Ironback Dark Wolf, and she couldn't help closing her eyes.

"Puff!"

"Wow!"

I imagined that Qin Chen's screams did not come, but Bai Jing heard a stern roar from the leader of the Ironback Dark Wolf.

what happened?

Opening his eyes, Bai Jing saw a two-foot-long wound on the back of the Ironback Dark Wolf leader. The scales were as hard as steel, which was directly torn apart, and blood was sprayed from it, and it fell on the ground sadly. Howling, staring at Qin Chen insidiously.

On the other hand, Qin Chen stood calmly on the spot, with a drop of blood sliding on the iron sword in his hand.

"How is this possible?" Bai Jing opened her mouth wide, and she couldn't believe what she saw. What happened just now? How come Qin Chen was not injured, but the Ironback Dark Wolf leader was seriously injured?

Not far away, Huang Zhan and Lu Feng were also dumbfounded, their eyes were so round that they almost fell to the ground.

They saw Qin Chen sideways and escaped the attack of the Ironback Dark Wolf leader. With a light stroke of the rust sword in his hand, he cut a wound on the Ironback Dark Wolf leader's back, as if he was cutting a melon easily. Cut vegetables.

Lu Feng was shocked and went crazy.

This is the leader of the Ironback Dark Wolf, the speed is so fast that he is approaching the powerhouse in the early stage of the sky, even if he is doing his best to escape.

Moreover, the defense of the Ironback Dark Wolf leader was terrifying. With a full-strength sword, he could only cut a few inches of wounds. Unexpectedly, Qin Chen made a two-foot-long wound with a light stroke.

What exactly is going on?

Lu Feng looked dazed and didn't know what happened.

Ooh!

The ordinary Iron-backed Wolves who were besieging Huang Zhan and Bai Jing heard the howling of the leader, and moved their targets one by one. With a sharp howl, they immediately rushed towards Qin Chen.

In an instant, at least four or five iron-backed wolves rushed towards Qin Chen from all directions.

"Qin Chen be careful."

Bai Jing's heart raised it again, and quickly exclaimed.

"call out!"

It's just that before her voice had time to fall, a sword light flashed by.

Puff puff puff puff!

At the neck of the five iron-backed ghost wolves, blood was sprayed at the same time, and fear was revealed in the cold eyes, and they fell heavily to the ground, losing the breath of life.

One sword!

Five iron-backed ghost wolves were killed.

"This....."

Everyone was shocked and dumbfounded.

A piece that slayed five iron-backed ghost wolves, is this Qin Chen really human? Is he really just a warrior in the late stage?

Chapter 199

"Okay, after solving the five heads, the rest will be easy."

Qin Chen murmured in his heart as his gaze fell on the Ironback Dark Wolf leader. Now his cultivation base has reached the peak of the later stage of the earth. His strength is more than a star and a half stronger than before. Under one sword, how can he Will he be unable to kill even an Ironback Wolf at the peak of the late stage? !

The reason why the leader of the Ironback Wolf was seriously injured was to attract other ordinary Ironback Wolf to attack, so as to save his energy.

Now that one sword slayed five ordinary Iron-backed Wraith wolves, there were only 4 ordinary Iron-backed Wraiths left to deal with Bai Jing and the others, and it was immediately easier.

The previously badly injured Ironback Dark Wolf leader was also dumbfounded. Seeing Qin Chen staring intently, he was about to retreat with a low growl.

"Want to hide?" Qin Chen instantly appeared in front of the leader of the Ironback Dark Wolf, stabbing the iron sword out of his hand again.

The cold eyes of the leader of the Ironback Dark Wolf suddenly shrank, and his head tilted to the side, trying to avoid Qin Chen's attack.

But it is fast, Qin Chen's sword is faster.

Puff!

As if eyes were long, the iron sword in Qin Chen's hand suddenly pierced into the head of the Ironback Dark Wolf leader, the long sword was pulled out, and a stream of blood spattered out of it.

The Ironback Dark Wolf leader stared at Qin Chen with wide horrified eyes, his eyes full of fear, and finally the vitality disappeared.

Bai Jing stood there blankly, looking completely silly, even the leader of the Ironback Dark Wolf couldn't hide from Qin Chen's sword. How terrible is Qin Chen's cultivation?

It is ridiculous that they thought Qin Chen was weak before.

"Next will be you."

Turning his head, Qin Chen looked at the remaining four ordinary iron-backed ghost wolves, shook his body and swept into the battle group.

Puff puff puff!

There was a sound of four sword blades entering the body, and the four ordinary iron-backed ghost wolves wailed at the same time, and then fell to the ground and died.

"You two are safe. Take out the blood crystals and step back. Be careful not to get hurt by the angry Ironback Hades." Qin Chen turned his head and looked at Bai Jing and Huang Zhan.

This.....

The expressions of the two were dull, completely dumbfounded, their eyes rounded, and their hearts suffered a great shock.

In a short period of time, the two of them went from a life-and-death crisis to being safe and sound. The change in this state was so fast that the two of them could not even react for a while.

How long did it take, including the leader of the Ironback Dark Wolf, and all nine ordinary Ironback Darkwolves died in the hands of Qin Chen. Even a warrior at the early stage of the heavenly ranks could not do it?

Could it be that Qin Chen's strength is stronger than a warrior in the early days of the heavenly rank?

Both of them were startled, unable to calm down.

The two of them were shocked, and Lu Feng was shocked.

Before, he had been provoking Qin Chen, just claiming that Qin Chen's cultivation was inferior to him, and that he was not his opponent.

But now I can see how others are inferior to myself, but simply don't bother to pay attention to myself.

"Qin Chen, thank you for your help, before I..." Huang Zhan's face was ashamed, and he reacted at this moment and said nervously.

He had a bad attitude towards Qin Chen before, but now that Qin Chen rescued him, he was naturally ashamed.

"Don't care, everyone is a team." Qin Chen smiled, completely disregarded.

Rescuing Huang Zhan was just a matter of effort. It didn't take much effort. What's more, although the other party had a bad attitude towards him, at least he didn't keep talking coldly like Lu Feng.

"Qin Chen, go and save Lu Feng and Princess Zi Xun, they two can't hold on anymore." Bai Jing said hurriedly.

Sure enough, a violent roar came from the side.

Turning his head, he saw the Iron-backed Hades, who was fighting with Princess Zixun. He was completely mad at this time, and his silver-white scales were bright and brilliant, and an astonishing momentum rose into the sky.

Its speed and strength skyrocketed in an instant, and its pupils launched a fierce attack on Princess Purple Kaoru.

Seeing his subordinates die in the blink of an eye, this iron-backed wolf king has gone mad.

Not only the Ironback Darkwolf King, but the Ironback Darkwolf leader also turned frenzied at this time, as if there were layers of red light on his black scale armor, all of a sudden, he was fierce.

Originally, although Lu Feng was injured, he was still not at a disadvantage in the fight against the Ironback Dark Wolf leader, but at this time, he immediately retreated and was accidentally beaten by the Ironback Dark Wolf leader again, and he spouted blood with a snort. .

If it weren't for dodge in time, this claw would probably tear him in half instantly.

"Qin Chen, come and rescue me soon." Lu Feng's eyes were slightly flustered, and he shouted.

At the moment of life and death, he didn't care about being ashamed.

Qin Chen glanced at Lu Feng in surprise, save him? Is this Lu Feng too thick-skinned? I was chattering about myself before, and I didn't want to count myself all the time. Now I'm in danger, I still want to save him.

There is such a cheeky person in this world.

"Qin Chen, you and I are both geniuses of the Great Qi Kingdom. I had a bad attitude towards you before, so I just wanted to check your cultivation level. There is nothing malicious."

Seeing that Qin Chen was unmoved, Lu Feng's heart became more anxious. At this time, severe pain came from the wound on his body. He slipped on his feet, poofed, and was hit on the chest again by the leader of the Ironback Dark Wolf, splashing blood.

"Didn't you say that I'm just a trash? Do you want me to see where the gap is between you and me? Just so, I'll see it on the sidelines. You perform slowly, I'm not in a hurry." Qin Chen smiled He said slowly.

"You..." Lu Feng was so angry that his lungs were about to explode.

Damn you, let you be proud of it for a while, and then make you look good, Lu Feng thought of resentment in his heart, but said in his mouth, "Qin Chen, I was wrong before, I admit, but everyone is a genius of the great Qi country. , You can't die without saving, and Princess Purple Xun is here."

"Oh, if you don't tell me, I have forgotten." Qin Chen smiled lightly. How could he not see the resentment in Lu Feng's eyes? He didn't bother to pay attention to such a villain.

Then, he stopped talking nonsense with Lu Feng, swept lightly, came to Princess Zixun's side, and said, "Princess Zixun, do you need my help?"

"What do you mean?"

Princess Zi Xun was also taken aback by Qin Chen's strength before. At this time, she was in a rush by the berserk Ironback Dark Wolf King. Seeing Qin Chen still chatting with herself, she almost exploded with anger.

"Step aside."

Qin Chen only made fun of him, and then rushed up with the rust sword in his hand.

"Huh!"

The rusty iron sword, at this moment, turned into a bright streamer, slashing away with a sharp edge.

Seeing Qin Chen's move, the Ironback Dark Wolf King's eyes were dignified. Previously, it had also seen Qin Chen beheading five of his subordinates with a single sword. Under the rage, he did not retreat but instead moved forward, the steel-like silver-tail general Princess Zi Xun Shocked back, then roared and rushed towards Qin Chen.

boom!

It was full of silver light, with terrible power, pouring everywhere.

"Qin Chen be careful."

Princess Zixun's pupils shrank abruptly and hurriedly shouted. The Iron-backed Dark Wolf King was too cunning. The reason for his madness was to attract Qin Chen and then kill him.

Chapter 200

Now, Qin Chen was really attracted, and it wanted to kill Qin Chen in an unbelievable manner to avenge his own kind.

This Ironback Pluto Wolf is too cunning.

"Qin Chen, be careful, step back quickly, don't fight head-on with this Iron-backed Dark Wolf King, this Iron-backed Dark Wolf King is too strong, you are not an opponent." Princess Zixun shouted, trying to rush to rescue, and said at the same time: "Qin Chen, You just have to contain it, and I will deal with the rest."

"No need."

But Qin Chen didn't listen to Princess Zi Xun's words. Instead, he gave a soft drink, and then took a small step forward.

In this scene, Princess Zixun couldn't help but feel anxious, and everyone else had a heartbeat to their throats.

What does Qin Chen want to do? The Ironback Pluto Wolf was deliberately frenzied before, just to attract him, and then start a peerless beheading of him, can't he see it? This is the Ironback Hades after the madness, even Princess Zixun, who had previously resisted it was very difficult, a little unstoppable, he didn't even retreat.

However, at this moment, they couldn't get in at all. Even Princess Zixun didn't have time to arrive, so they could only watch Qin Chen and Ironback Hades Wolf King keep approaching, and then intertwined instantly.

Huh!

The splendid sword light and the claws of the Ironback Hades pierced the sky at the same time, and then the person and the beast intertwined and landed on the ground at the same time.

The air was silent for an instant, and everyone watched this scene blankly. What happened? Qin Chen hurt him? With their cultivation base, they couldn't see exactly what happened just now.

Only Princess Zixun, her eyes widened, her mouth wide open, her figure standing still, her eyes showing shock.

Puff!

A blood port nearly a foot long appeared on the Ironback Dark Wolf King's back, and blood spurted from it. The wound was about inches deep, and the flesh and blood inside could even be seen.

On the other hand, Qin Chen was unscathed.

It turned out that Qin Chen had the upper hand, and also hurt the Ironback Hades?

Bai Jing took a breath of air, and the horror on their faces couldn't restrain themselves.

Princess Zixun fought with Ironback Dark Wolf King for a long time, but failed to leave many wounds on it. Unexpectedly, as soon as Qin Chen took action, Ironback Dark Wolf King was injured. Doesn't this mean that Qin Chen repaired? To be better than Princess Purple Kaoru?

how can that be?

No one can believe it!

Princess Zixun is a veteran genius of the Great Qi Kingdom. She has been well-known in the Great Qi Kingdom a few years ago. This time, the Blood Spirit Pool baptism has broken through to the early stage of the Heavenly Rank in one fell swoop, and is the top ten of the five Northwestern countries. One of the geniuses.

But Qin Chen? Although he is famous, he has risen too late after all. It is only in the last few months that he has only begun to hear his name. In the baptism of the blood spirit pool, he only broke through to the late stage of the prefecture level, and compared with Princess Zixun. Idiots can see the gap between them.

But now...

Even Princess Zixun took a breath, and she couldn't believe her eyes.

"Wow!"

The Ironback Silver Wolf King was injured, and the tyrannical expression in its eyes was heavier. It stared at Qin Chen, with a deep resentment in its eyes. With a long roar, its aura became more surging.

boom!

A blast of blood beast gas rushed out of its body, shocking the entire mountain forest was clacking, and there were more silver-white brilliance, blooming on the surface of its body, like a monster.

Click!

A **** rainbow light shot from its eyes, staring at Qin Chen.

"This is... the second madness!"

Princess Zixun took a breath and couldn't help but tremble.

Madness is the ability possessed by some blood beasts. Generally, it is to stimulate the blood qi to a certain level, so that their strength can skyrocket. Although there are not many blood beasts, they are not many.

But above the madness, there are some blood beasts that can be mad again. This kind of blood beasts are generally talented and can grow up to become the king of a mountain.

And this Iron-backed Pluto Wolf King unexpectedly became mad again after being mad, and when this way down, its strength will reach an unprecedented level, which is more than several times stronger than the beginning.

"Qin Chen, hurry up, we must join hands until the end of the second madness of the Ironback Hades Wolf King. Generally, the second madness can only last for a while, and we only need to survive it and we will win."

Princess Zixun's face was solemn, and she shouted anxiously, and at the same time she gleamed slightly, which was the power of blood, and began to activate.

"No, just leave it to me."

Qin Chen grinned, and took another step towards the Iron-backed Dark Wolf King.

Bai Jing and others were completely dumbfounded, what did Qin Chen want to do? Do you want to single out the Ironback Hades? This is the second madness Ironback Hades!

Don't allow them to be shocked, Qin Chen has already told Bai Jing what he wants to do. His figure is vertical, like a bolt of lightning, rushing towards the Ironback Silver Wolf King.

Seeing this scene, Bai Jing and others were completely sluggish, and their hearts shook wildly.

"Wow!"

Seeing that Qin Chen even dared to attack it, the Ironback Dark Wolf King suddenly became even more violent. His blood-colored eyes were tyrannical and cold, like a demon from purgatory. With a roar, he rushed out like black lightning. Above, there was a terrifying Huaguang blooming, biting towards Qin Chen.

"Qin Chen, you..."

Princess Zixun is going crazy, her heart seems to have stopped beating, is it so difficult for this guy to join hands with herself? Why have to go up alone to die.

Who does he think he is?

Gritting her teeth, Princess Zixun's eyes flashed with determination, stomped her foot fiercely, and rushed up.

"Hehe, the defense and speed of the Ironback Hades was indeed better than I thought. The sword just left a wound on its body, but this sword is not so lucky. Up."

While flying by, Qin Chen sketched a chuckle at the corner of his mouth, and then at the moment when he was about to collide with the Ironback Hades, he suddenly shot out his sword!

Huh!

As if a silver light flashed by, and as if nothing had happened, Qin Chen and Ironback Hades once again staggered past and landed on the ground.

Quiet, deathly silence!

Bai Jing raised her hand to cover her mouth, her eyes revealed fear, Qin Chen, is he dead?

Princess Zi Xun also stopped and looked ahead blankly. Why is Qin Chen such an idiot and insists on taking action alone!

"Tick!"

A drop of water suddenly sounded, and everyone saw the rusty sword in Qin Chen's hand. I don't know when there was a drop of blood, falling on the rock.

Bai Jing's eyes suddenly released light, and the Iron-backed Dark Wolf King was injured. Did Qin Chen hurt it again?

This doubt has not had time to settle.

Everyone saw a gap in the eyebrows of Iron-backed Dark Wolf King, and blood flowed down from it. Immediately, Iron-backed Dark Wolf King's body fell heavily, and there was no more sound.

Became a corpse.

Ironback Hades, dead!
